HOPE IS TO HAVE ANOTHER FUN NIGHT

THE GREAT EVENT TAKES PLACE FRIDAY EVENING AT CARNEGIE

The people of Holland and surrounding communities will again have opportunity to enjoy a Hope college fun night this week Friday evening at 8 P. M. in Carnegie hall. This is the second of these events to be put on by the college this school year. According to all reports, the public has a real treat in store for them. In addition to a number of musical numbers there is to be presented a short play. The students have enlisted foreign material to help make the evening more successful. The first enrollment is a seminary student who has established a reputation as an excellent accordion "squeeze". The mayor enrollment is the professor of Philosophy of the college. He too has earned his fame as a clever amuser. The "dope" on his number will be withheld until the evening of the performance.

This event is planned for public amusement and wholesome entertainment for all, and from reports the public is going to avail itself of this opportunity.

SONG RECITAL GIVEN AT THE DU MEZ HOME

PROF. J. JANS HELDER PRESENTS STUDENTS OF HOLLAND TO PUBLIC

A song recital was given Tuesday evening by J. Jans Helder, vocal instructor, at the home of Mr. and Mrs. Benjamin Du Mez, Graves Place.

Several students of Mr. Helder were presented with Mrs. J. Jans Helder and Marjorie Du Mez assisting as accompanists.

The participants displayed understanding of the essential principals of tone production as taught by Mr. Helder, and sang with splendid interpretation.

The program was as follows:

"The Swallows" (Cowan), "Mavourneen" (Beaumont)—Helene Vander Hill.

"Rose of My Heart" (Lohr), "Little Grey Home in the West" (Lohr)—Cornelius Krug.

"If Winter Comes" (Tennant), "The Spring Has Come" (Brahe)—Anna Straatsma.

"Bells of the Sea" (Solman), "The Palmers" (Fauré)—John Kole.

"The Rosary" (Nettel), "On the Shore" (Niedlinger), "Noon and Night" (Hawley)—Joseph Kramer.

"Gloria" (Buzzi-Peccia), "E'en As a Flower" (Logan)—Gertrude Wickes.

"Shadows" (Bönd), "When Song is Sweet" (San Souci)—Richard Deacon.

"Ave Marie" (Schubert)—Peter Tuinman.

"Lord, God of Abraham" (from "Elijah") (Mendelssohn), "Love Me or Not" (Secchi)—Rein Vlascher.

"Dawn" (Curran), "Trees" (Rasbach), "The Answer" (Terry)—Mrs. Katherine Kellogg.

CHURCH PUTS A BAN ON BOBBED HAIR

AMSTERDAM PASTOR TABOOS DRESSES AND TRETTSES

Short skirts and shingled hair are disapproved by the fundamentalists of the Dutch Reformed church of Amsterdam.

For some time various Amsterdam church authorities have been refusing to marry women who had yielded to extremes of modern fashions. Dr. G. H. Kersten, leading fundamentalist pastor and member of the Dutch parliament in Amsterdam was asked to give his judgment on the action of these church councils.

After a vigorous indictment of the general "immoral tendencies" in the present day Dr. Kersten says in the official organ of the Dutch Reformed churches that in his opinion church authorities are entirely justified in refusing to admit to confirmation or to any of the holy sacraments women who by their attire and appearance show they are not ready to forsake the world and the lusts of the flesh.

CAB MEN CHANGE THEIR COLORS

The Holland Cab company conducted by Rooks and Swiers no longer goes under that name. The new name adopted is the Red Top and Checkered Cab company and a new lot of cabs just installed have been painted that color.

The Holland Cab company buses were brown and white and these will no longer be seen on the streets of Holland.

John Rooks and John Swiers are the proprietors of the Red Top Checkered Cab company.

GYPSY FORTUNE TELLERS COME TO TOWN

The Holland police made short work of a load of gypsy fortune tellers yesterday. There were three women, one man and a child in the automobile load.

The women in colorful dress went to several business places to tell fortunes. In one instance endeavoring to short change a business man.

Officers quickly herded them together and gave them an hour to get out of town. They came from Detroit and left for Saugatuck.

FARMERS WILL ROAR AT THIS

"Raise more chickens to feed the owls."

This is the plea made by a Spring Lake man regarding the killing of white owls in this section of the State. The man contends that it is wrong to kill "the beautiful owls and that folks should raise more chickens to feed them."

"The snow white owl is one of God's beautiful," he writes.

Numerous snow white owls have been killed in this section this year.

Mr. and Mrs. Fred Bosma and Mr. and Mrs. John Olman of Zeeland motored to Ann Arbor Sunday to see the latter's sister, Mrs. Amanda Colson, who is at the University Hospital there.

MR THOMPSON OF KNITTING MILLS LEAVES HOLLAND

IS TRANSFERRED TO NEW STORE IN GRAND RAPIDS AND WILL LEAVE THIS WEEK

Word has just been received from the Bay City headquarters of the Associated Knitting Mills that Mr. R. Emerson Thompson, manager of the Holland retail branch of this company, has been elected manager of the new Knitting Mills store at 48 Monroe Avenue, Grand Rapids.

Mr. Thompson has been a resident of Holland since the Knitting Mills located here last year, and while he is naturally pleased with his promotion, both he and Mrs. Thompson regret leaving Holland, for their stay has been most pleasant.

R. E. THOMPSON

Succeeding Mr. Thompson as manager of the local branch is Mr. Clifford Storrs, who until March 1st was assistant manager of the company's Lansing branch.

Both Mr. and Mrs. Thompson have made many friends during their short stay in Holland and Holland folks regret to hear of their leaving the city.

Mr. and Mrs. Thompson state that they will visit the city often, since they live so near by and they will avail themselves of the pleasure the Holland resorts afford the coming summer. This feature especially appealed to them when they first came to this city.

FENVILLE MAN LOSES SUIT TO COLLECT \$500

A decision for the plaintiff was rendered by the jury Wednesday in the case of utility corporation against H. Blakeslee Crane of Fenville to collect payment on a \$500 promissory note given by Crane for a shipment of baby chicks received from the company in 1924.

Crane alleged the original note specified payment in pullets, and claimed an easure had been made. The case was appealed following a no cause for action verdict by the jury in the December term of court.

PLANS FOR CITY MISSION MADE IN GRAND RAPIDS

Grand Rapids Herald—Plans have been completed by Harvey H. Weemhoff for the one story and basement City mission building at Holland.

The general contract has been let to A. Smeregne, of Holland. The building will be 70x65 feet in size. The front is to be in brick and cut stone. There will be a large auditorium on the first floor, seating 350. Plans call for balconies. A basement will contain Sunday school rooms, and kitchen and other rooms for social activities.

SCHOOL ISSUE IS DEFEATED AT BEECHWOOD

E. H. Babcock and E. E. Fell school superintendents here and at Holland were among 38 Michigan educators at the N. E. A. meeting in Dallas, Tex., who telegraphed to the Grand Rapids convention Tuesday their endorsement of W. L. Coffey as superintendent of public instruction. He was decisively defeated despite his professional support.—Grand Haven Tribune.

Fifty Years Ago Today

"Just as we go to press the news reached us by telegraph that Congress at Washington has declared Hayes and Wheeler elected President and Vice President of the United States. We hope that this will close one of the most disgraceful political squabbles ever witnessed in this country," so speaks O. J. Doeburg the editor of the News at that time.

COUNCIL GIVES A WARM FAREWELL TO CITY CLERK

THEY GIVE HIM VOTE OF THANKS FOR 15 YEARS OF SERVICE

Extend Their Best Wishes and Bid Him Goodbye

Wednesday night's council session was a meeting of farewell for City Clerk Overway who had been attending council meetings for very nearly 18 years. In all those years Mr. Overway has perhaps not been absent from a council session more than a half a dozen times or so. He was attending council meetings before any one of the present aldermen were in the council and he served with seven mayors. Not a single other man in Holland had such a long and continuous connection with the city government.

The council Wednesday night recognized this fact by giving a rising vote of thanks to the clerk, after the business of the meeting had been concluded and the clerk had been put away by Mr. Overway. City Attorney McBride proposed to the aldermen that it would be a gracious thing to express the appreciation of the council to the clerk for his long and faithful service. This was done by arising and standing at attention for a moment.

A less formal but a no less warm farewell reception came a moment later when the aldermen gathered about the city clerk and one by one shook hands with him in farewell. They expressed to him their best wishes for the future.

Mr. Overway had intended to leave on Thursday noon but because he could make better connections by leaving on the midnight train, he left last night. The council meeting was called a half hour earlier than usual to give him a chance to board the train in Grand Rapids at midnight for Boston.

The retiring city clerk went over the council proceedings of last night with the acting city clerk, Miss Helen Klomprens, before he left for Grand Rapids and put everything in ship shape.

Miss Klomprens attended her first council session last night and she will be at the clerk's desk after this until the new clerk has been elected.

WOULD BUY VIADUCT FOR HOLLAND CITY

MAYOR SUGGESTS STEPS BE TAKEN TO THIS END

Mayor Kammeraad suggested to the common council Wednesday night that a committee be named to go into the matter of the possible purchase by the city of Holland of the inter-urban right of way from the corner of Lincoln avenue and Eighth street to the east city limits. He pointed out that this right of way may be of considerable value to the city because it gives the city a method of crossing the P. M. tracks. The right of way connecting the new viaduct and provides an outlet out of the city.

Some day, perhaps soon, there will be a considerable addition to the city on the east side and the mayor thinks it will be well to have a means of connecting the new addition with the present city property by an outlet of that kind. The matter was referred to the committee on streets and crosswalks and the mayor.

POLLS OPEN FROM 7 TO 5

THOSE WILL BE THE HOURS AT MONDAY'S PRIMARY

Next Monday is the primary election for county school commissioner. The polls in Holland will be open from seven in the morning to five in the afternoon. This was decided by the common council Wednesday evening.

The following election inspectors were appointed for the primaries of March 7th and March 15th: first ward, Simon Kleyn; second ward, John Wolman; third ward, John Van Zanten; fourth ward, Gerrit Wolman for the 7th and Wm. Lawrence for the 15th; fifth ward, Fred Yonkman; sixth ward, Herman Sterga.

NEW COMPANY IS ORGANIZED IN ZEELAND

A new contracting and building company was organized during the past week in Zeeland with A. Bult-huis and Andrew P. Lamer as the principal parties. They will be located in the old Building and Supply Co. factory on Colonial and Washington streets where they will manufacture all kinds of building material as well as being the location of their office.

At a recent receivers sale they purchased the buildings, grounds and equipment, so that they are ready for immediate operations.

Mr. Bult-huis has been a resident of Holland for several years and is a man of business experience, having conducted a general store business at Overisel for several years, while Mr. Lamer has followed the building and contracting business as a carpenter for several years in this city.

AUTO THIEVES BUSY AT ZEELAND

One automobile was abandoned and another one was stolen in Zeeland Sunday evening by supposed crooks traveling through the city. The abandoned car was left near the P. M. depot, where it evidently run out of gas. From there they went to the garage of Arie Diepenhorst on North State street where they borrowed a Ford coupe to proceed on their way without leaving information where the coupe might be found.

The loss of Mr. Diepenhorst's car was immediately reported to Chief of Police Wm. Hietje, and tracers were sent in every county and an eye is being held open for the car.

After suffering for many months with cancer, Herman Ensink, died at his home on the Beveland road, three miles east and one mile north of this city, Monday evening at 9:45 o'clock at the age of sixty-eight years and two months. He is survived by his wife and one son, John, at home; also by one brother, Albert Ensink, who has for many years made his home with him.

EAGLES PLAN BIG ANNIVERSARY CELEBRATION

NICK WHILAN WAS THE FIRST WORTHY PRESIDENT TWENTY YEARS AGO

Names of Charter Members of Twenty Years Ago Are Published

March marks the date of the 20th anniversary of the organization of Holland Aerie number 1594 of Eagles, and the event is to be celebrated with the installation of one of the largest classes that has ever entered the order since its inception.

The local order of Eagles was organized in 1907. The organization took place in Odd Fellows hall and then the order moved its lodge rooms to the Self building at that time located on River avenue, directly north of the Holland City State bank, in the building now occupied by the Holland Vulcanizing company.

The lodge rooms were moved later to the Harrington building and in 1917 they purchased their present home on East 8th street, and immediately proceeded to renovate and beautify it, and the Holland Eagles have occupied this building ever since.

Recently the order purchased a 67 foot frontage by 114 feet deep on East 8th street, across from the Holland theatre, and is proposed to erect a temple and permanent home, as soon as conditions permit.

The order of Eagles organized in this city with a membership of 80 and steadily it has grown until the membership is now 450. When the new class now being formed is initiated in the early days of the year, the Holland Eagles will have the largest membership of any Fraternal order in Holland, for it is stated, already more than 200 have signed applications to join.

The first Worthy President to be named 20 years ago, was Nicholas J. Whelan, at one time a representative of Ottawa county, and later speaker of the house at Lansing.

The wonderful success of the order in Holland was largely due to Mr. Whelan in the early days, his policies were largely followed by other past worthy presidents, who were all hard working men in behalf of the order.

The past worthy presidents of the order during their time of service are as follows: Fred Stratton, one year; George Kleyn, one year; Fred Seary, one year; Matt Rose, one year; William Witt, four years; William Peterson, one year; Phil L. Hamel, six years; E. J. Brown, two years; William Wilson, at present occupying the chair of Worthy President has ably served four terms.

Much credit for the success of Holland Eagles can be given to a man from the outside, namely the Past Grand Worthy, Pres. Robt. Graham of Grand Rapids, now deceased. He organized the Holland Aerie and took a live interest in the order up to the time of his death.

C. L. Kuite, of Holland, also has been a diligent worker, having held the office of secretary in the local aerie for 17 consecutive years.

The aerie has also been fortunate in securing able physicians to care for the sick which is part of the work of the order. The physicians in charge during these 20 years were Dr. Tuttle, Dr. Bruinsma, both deceased and the present Dr. Abbott who is now serving his fifth term.

The Holland order of Eagles in the past 20 years has paid benefits in the following: Funeral benefits \$1,850.00; sick benefits \$9,250.00; physician services, to families of Eagle members \$7,966.0.

The F. O. E. of Michigan was responsible for the mothers pension, for workmen's compensation act, and Mothers Day. They are also fostering a bill in the Michigan legislature which carries with it old age pension. This bill is now pending.

The Holland order of Eagles and the F. O. E. in the state and nation are ever ready to assist in community welfare work and their assistance during the World war was especially marked.

The members who have remained with the order for the past 20 years are the members who will be honored when the new class is installed, and this will take place at the Masonic temple on the evening of March 25.

The Ludington aerie of the F. O. E. have kindly consented to journey to Holland and will have charge of the ritualistic work for the class initiation. A large number of Eagles from Grand Rapids have decided to attend, together with representatives from Lansing, Jackson, Traverse City, Muskegon, Saginaw, Alpena and Detroit.

The Grand aerie of the F. O. E. will be represented in the person of Past Grand Worthy President, Brother O. P. De Luse, of Indianapolis. Ind. Mr. De Luse is noted as one of the most powerful orators connected with the F. O. E. All in all, this celebration promises to be a great event in the history of Eaglesdom in Holland.

The charter members during the night of the banquet will be presented with F. O. E. veteran buttons in recognition of their loyalty to the order.

The charter members who have been with the Holland Eagles continuously for 20 years numbers 14 and their names follow below:

A. J. Klekford, H. Bontekoe, P. Boven, W. Blom, J. W. Blom, Frank Char-ter, F. E. Dulyea, J. Hoekert, J. Kuite, J. A. Meersman, Thos. Price, J. H. Seckamp, M. Van Die, and M. C. Van Doorne.

EXPOSER OF STEWART NOW IN GRAND HAVEN

Grand Haven Tribune—Mrs. Gertrude Van Lopik Jones, of Detroit, was in the city recently calling on her relatives, Mr. and Mrs. Orrie Koolman and Mr. and Mrs. John Justema.

Mrs. Jones is the woman responsible for the arrest and apprehension of Donald Stewart, who was recently committed to Jackson Prison for a term of five years for forgery.

Mrs. Jones admitted having lost several hundred dollars through the persuasive manners of this gentleman, and felt sure there were many others in Michigan alone, who could tell the same tale.

Born to Mr. and Mrs. Henry Vanden Berg a 11 lb boy, Jay Howard.

GOVERNOR GREEN HAS PROMISED TO COME HERE

WILL BE AT FISH & GAME CLUB BANQUET THE LATTER PART OF MARCH

Governor Fred Green has given assurance to the Holland Fish & Game Protective association that he will come to Holland and speak before the members of the club at their annual banquet as soon as the date is set. The club has told Mr. Green that he was privileged to set the date and Holland would adapt itself to his plans.

The governor has promised to give the exact evening before another week, and then the banquet committee will get busy in earnest to make this a red-letter day in the history of the association.

G. J. Diekema is to be the toast-master on this occasion, if he can possibly make arrangements, for "Diekema" is a busy man and his dates are pretty well filled weeks ahead. However, he wants to be present at that time and welcome Michigan's chief executive.

DWELLER IN BOAT GOES TO HER DEATH THROUGH LAKE ICE

MUSKEGON WOMAN, CROSSING SLIP, IS DROWNED; MAN COMPANION IS SAVED

The first death of the year attributable to breaking ice occurred Wednesday afternoon when Miss Ruby Hudson, 34, was drowned in the slip at the Chase-Buckley Piano company dock at Muskegon.

With a man, identified only as "Happy" Herberts, Miss Hudson was crossing the slip which parallels the dock, when without warning the ice gave way submerging the woman. She was rescued first, within four minutes after going under.

It was 15 minutes later that Miss Hudson was drawn from the water. Efforts to revive her proved fruitless, as she died within a few minutes.

No inquest will be held. Coroner Clock, called on the case, said Wednesday night.

Miss Hudson lived in a house boat used as the piano company's dock. She is survived by three brothers and a sister, all living at Muskegon.

WOULD PROTECT SCHOOL PUPILS

ALD. MCLEAN MAKES A MOVE TO THIS END WEDNESDAY NIGHT

Ald. S. R. McLean made a move to ward safety for the pupils of the new Washington school, when it shall be finished, and for the pupils of the Catholic school. He pointed out to the common council Wednesday night that the Greyhound buses going along Maple avenue and he asked if a change could not be worked out. He said he did not want to be understood as asserting that the bus drivers were not careful but he feels that the large buses are just naturally a menace to the pupils of the two schools. The matter will be taken under consideration and will probably be satisfactorily worked out before the new school is finished.

These services will begin at 7:30 P. M. and a cordial welcome is extended to all who wish to attend.

Next Sunday morning Rev. F. J. Van Dyke will preach on the subject, "The Mirage and the Pool."

CITY CHARTER IS APPROACHING COMPLETED FORM

IS ALMOST READY AFTER TWO YEARS OF HARD WORK

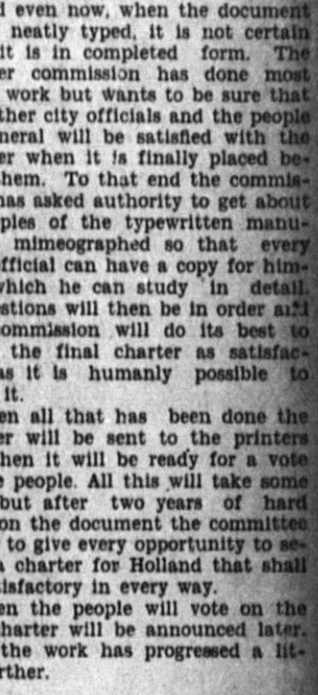

COMMISSION HAS ALMOST REACHED THE FINAL STAGE IN THE JOB

The new city charter, which is to be submitted to the people in the not distant future is almost completed, according to a report made to the common council by City Attorney McBride Wednesday night. The new charter contains 210 typewritten pages, about the size of an average sized book and it has been no small job because it is not possible to sit down and write it without interference. From time to time questions arise that result in warm debates and it is necessary to tinker and adjust many things before the various points of view can be accommodated.

And even now, when the document is all neatly typed it is not certain that it is in completed form. The charter commission has done most of its work but wants to be sure that the other city officials and the people in general will be satisfied with the charter when it is finally placed before them. To that end the commission has asked authority to get about 30 copies of the typewritten manuscript mimeographed so that every city official can have a copy for himself which he can study in detail. Suggestions will then be in order and the commission will do its best to make the final charter as satisfactory as it is humanly possible to make it.

When all that has been done the charter will be sent to the printers and then it will be ready for a vote of the people. All this will take some time but after two years of hard work on the document the commission wants to give every opportunity to secure a charter for Holland that shall be satisfactory in every way.

When the people will vote on the new charter will be announced later, after the work has progressed a little further.

MAJOR UNOPPOSED IN G. H. ELECTION; CONTEST ON TREASURER, JUSTICE

Grand Haven, March 3.—Mayor Herbert H. Burt was re-elected without opposition in Wednesday's non-partisan primary election here, as were Aldermen Olof Nelson and John Welsh, receiving 686 and 830 votes, respectively, against 394 for William A. Kase, the only other aldermanic aspirant.

For city treasurer there were three candidates, Charles E. Worsfold receiving 506 votes, Abram Bult-huis 315 and Jacob VanderVeen 270. Worsfold and Bult-huis will compete in the election the first Monday in April, as will I. N. Tubbs and Clarence E. Burr, candidates for justice of peace to fill vacancy, who received 113 and 83 votes, respectively. D. P. Hagelston was the third candidate for justice and none received a majority.

AGAIN ASKS BUS PERMIT BETWEEN GRAND HAVEN AND MUSKEGON

The Grand Rapids Trust company, receiver for the Grand Rapids, Grand Haven & Muskegon railway, will go before the Michigan public utilities commission in a few days to renew its request for a permit to operate buses between Grand Rapids and Muskegon. Petitions from the sections to be served will be submitted. The commission recently granted a permit to operate buses between Grand Rapids and Grand Haven, but refused the Muskegon permit on the ground that a bus company already was giving service. The trust company contends that bus line operation is necessary for the proper financial rehabilitation of the interurban line which had been unable to meet all its mortgage obligations.

MICHIGAN COWS TEST HIGH IT APPEARS

Dairy cows under test in Michigan's 104 cow testing associations excelled all previous state records in milk and butterfat production averages when they produced an average of 301.9 pounds butterfat and 7,634 pounds of milk for the year closing December 1, 1926.

More than 28,000 cows were under test, scattered over 82 Michigan counties. The average Michigan cow, according to the U. S. Census for 1926, produces only 3,700 pounds milk and 160 pounds butterfat.

The high averages among the test associations are said to show the value of proper selection and care.

\$50,000 CHARTER
LIMIT TOO SMALL
FOR PRESENT DAY

There has been more or less speculation in regard to the proposed change in the city charter on which the people of Holland will be asked to vote at the primary election on March 15th. The charter at present provides that not more than \$50,000 may be raised by loan in any one year to defray the cost of special improvements such as street paving.

This amount at one time was ample because the city was smaller and cost of construction was much lower. But at present the character limitation of the amount to \$50,000 practically paralyzes street improvement work. This sum is not sufficient to pave one street east and west in its full length. It can therefore readily be seen that the paving of our streets cannot progress at the usual rate unless an adequate means of financing the projects can be provided.

SPEARING FISH ENDS
ON MARCH FIRST
March 1, spearfishing through the ice

in sections of the State where the price is permitted, comes to a close and that includes Black Lake. The northern lakes report good catches of Great Northern Pike this year, much better than the previous season. Fishing activities will be abruptly brought to a close from this time until May 1.

ZEELAND YOUTH IS HURT ON CROSSING

Possible fractures of the skull and pelvis bone sent Henry Geerlings, 19, of Zeeland, to St. Mary's hospital at 1:15 Monday morning after an automobile accident. The car was involved in a collision with a street car at the Grandville-av. crossing. The young man was reported in fairly good condition despite the injuries, which were said to be subjected to X-Ray examination. He was unable to speak when Patrolman John Mackie of the Hall-st. station took him to the hospital. Attendants said he probably would recover.

LOCAL RADIO FAN LISTENS IN ON DISTANT TALK

Richard Bouman, of Holland, Route 5, has had some interesting experiences with his radio. He writes about it as follows: "On February 26th at about 7:30 p. m. I overheard a two-way telegraphic communication between two radio amateurs. One was in Connecticut, U. S., and the other was in Montevideo, Uruguay, South America. They were operating on the 20 meter wave-length and using the wireless telegraph code. They came in very clear and could easily be read and copied. They were over 5700 miles apart, as radio distance goes. "By means of a long-wave receiver, though using only one tube, I have been tuning in on the new Trans-Atlantic radio-telephone service which now operates between New York and London. This is on the long waves far above the regular broadcasting waves. There is no static or interference up there, and every word can be plainly heard and understood. This is on the air from early morning until about noon."

Mr. Albert Johnson and Mr. Dick Hamberg motored to Chicago Wednesday morning on business for the week-end.

The cast includes George Caswell, who is taking the title role, Josephine Kaper, Peggy Caswell, Marian Maxam, Josephine Tucker, Francis Ihrman, Irene Kolvoord and Ella Reggen.

A Hudson coach belonging to John Lehman, R. F. D. No. 1, Grand Haven, was burned badly on Saturday at about 11:30 p. m. caused it is thought by defective wiring. The accident took place a few miles south of Grand Haven on M-1.

The state police were called after the fire had been controlled but the owner was not there. The car evidently had not been moved from a collision, the inside being ruined. The gas tank was intact, there being no explosion. Several passing motorists saw the blaze but were not interested enough to stop.

The sheriff's office and state police were notified of the burned car by C. G. Stewart of Grand Haven.

A stolen car found about two miles north of Ferrysburg was the only other automobile incident of interest over the week-end. It was a Ford belonging to Richard Post of Nunica, Ind., and had been abandoned, evidently, when some part gave way. Residents living near claimed they saw a man leaving the car but could give no accurate description.

The owner was notified and will recover his property today. Gerrit Alderink and Herman Beukema, of the Ideal Cleaners, left Tuesday morning for Battle Creek where they will attend a state convention of dry cleaners.

There will be a regular meeting of O. E. S. No. 40 Thursday evening. A great deal of business is to be transacted and hence a large attendance is desired.

The Isaac Walton League chapter of Allegan has taken preliminary steps toward the formation of a gun club. A committee has been named to obtain a suitable site.

Grand Haven high school is to be represented in the state band tournament this year with a band of 33 members. The band will compete in class D as it has been organized less than a year.

Mr. D. Tanis, 114 West 17th street, has left for Vriesland to attend a P-T meeting there tonight. On Wednesday afternoon he will attend the prayer meeting in the Vriesland Reformed church.

Capt. William Wolf, district superintendent of the Coast Guard Service at Grand Haven, has taken up his duties in the office in that city. Mr. and Mrs. Wolf and daughter have already arrived and are establishing themselves there. Wolf succeeds Lieut. Lippincott.

Mr. and Mrs. E. Atman and Mrs. Burdette have returned to their home in Birmingham, N. Y., after a two-weeks' visit at the home of Mrs. Atman's mother, Mrs. J. Wolfert, during which time Mr. Atman attended the Holland Furnace Company sales school.

Ash Wednesday will be observed at Grace Episcopal church tomorrow with a celebration of the holy communion at eight o'clock in the forenoon. Last Sunday Father Douglas announced a meeting at 4:30 in the afternoon but this was a mistake. The meeting will be held at 7:30 at night.

The Heights hotel at Muskegon Heights was ordered placed under quarantine Monday night by Dr. Wm. Chapin, city health officer, after a case of smallpox was discovered there. It has not been determined whether working men living at the hotel will be allowed to continue at their work after being vaccinated or kept in the building.

Annual past chancellors night will be celebrated by Castle Lodge, Knights of Pythias, Thursday, March 3. Work in the 2nd rank put on by the past chancellors will be given. An evening set aside especially for all the old timers is the plan for holding this work for Thursday evening.

There will be a luncheon after the meeting.

Officers of the First National bank, Allegan, have been moved from the Sherman house to rooms 10 and 11 on the second floor of the Lawyers building, between Second and Third streets, at the Standard Oil filling station. Receiver George L. Clark stated Monday it would be several months before it can be known what percentage will be paid on claims against the bank.

The only criminal case on the calendar for the February term at Allegan was heard by Judge Oren S. Cross and a jury Monday when a verdict of guilty was returned against Paul Plummer of Saugatuck on a statutory charge. He will be sentenced later. The case of the Utility corporation of Zeeland against H. Blackie Crane of Fennville, set for trial Monday, was reported settled and the jury was ordered to report Wednesday morning.

The Y. M. C. A. of Hope college held its annual election Monday evening. Roy Nattress, the president, took charge of the meeting and after a few songs had been sung, he called on several members of the cabinet to make reports. All the reports showed that the "Y" has prospered during the year. The following men were then elected to lead the organization through the coming year: president, Robert R. Riddle; Clifford N. J., vice president, Peter De Ruiter; Horney, Ill., secretary, Paul Van Ess; Caskill, N. Y., treasurer, Dean Martin, Holland. The meeting was closed with prayer by the president-elect.

Mrs. J. Zuidema of Spring Lake suffered a broken arm following an automobile accident near Greenville. Three cars were in the party. The car in which she was riding, which contained three other people, slipped off the road on some ice. Those riding in it unloaded to make it easier to get the machine back on the road. While out of the car Mrs. Zuidema slipped on some ice and fell, suffering the fracture. No one was hurt when the car left the road and the machine was not damaged.

A number of articles were found by members of the American Legion in the Masonic temple Saturday night after the crowds had gone home from the carnival. All of them have been taken to the H. Van Tongeren store and the owners may call there for their lost property.

Grand Rapids Herald-Perch have been biting pretty well in White Lake the last few days and very good catches have been brought in. Same hatchery run by A. and B. and 16 inches. The lake Michigan shiners and fish eyes are being used for bait. The ice is still from 15 to 18 inches thick and strong enough to support automobiles, which may be seen at the lake every day. The Easter, formerly with Jesiek brothers at Black Lake, has 30 well equipped shanties on Indian bay, near the channel.

Capt. Edward Martin, commanding officer of the car ferry Grand Haven, is to be given command of the newest ship, the Madison, which will be added to the Grand Trunk fleet on Wednesday of this week.

Monday was Mrs. Albert Cook's 85th birthday anniversary and a very happy birthday party was given in her honor at the home of her daughter, Mrs. H. P. Bartlett, 153 E. 15th St. There were 22 guests, children and grandchildren, many from out of the city: Mrs. John Slaghuys, Chicago, Mr. and Mrs. Chas. Tripp and son, Elvin of Chicago, Samuel Cook and wife, Mrs. John Cook and Albert Cook of Battle Creek, and Mr. and Mrs. Myron Nelson of Three Rivers.

Mrs. Cook received many beautiful gifts and greetings, among them a telegraphic greeting from her daughter, Harriet, who teaches music in the Hibbing schools.

Mrs. Cook was the wife of Albert Cook, one of the Van Raalte party, who passed away seven years ago at Allegan.

Principal J. J. Reimersma of the high school has returned from the eleventh annual convention of the national association of secondary school principals, held at St. Louis, Missouri. Various interesting subjects vital to progress in educational methods were discussed. The opening meeting was noted by a speech by Walter Damrosch, of the New York Symphony orchestra, who spoke on his favorite theme, "Music, the Universal Language."

Last Saturday, during his weekly concert, Mr. Damrosch mentioned the crowd that gathered around him after his talk. All the delegates wanted to tell him how much they liked his concerts over the radio.

Eight meetings were held, at which such topics as "The Problem of the Six Year Senior High School," "The High School Publications," "Progress Toward World Peace" and "The High School Citizenship" were discussed. One feature of the program was a recital by a chorus of 600 boys and girls who occupied the two galleries in the convention auditorium and sang from this position.

At a meeting Monday of the trustees of the Ottawa County Cottage Owners' Protective association, a non-profit corporation formed under the laws of Michigan, Henry L. Adzitz was elected president, and consideration was given to the objects of the organization, the mutual protection of the resort property of the members from loss by burglary and vandalism.

Other officers named were: Vice president, William Hall; secretary, M. P. Adrian; treasurer, Dr. Alex. McPherson. The officers, together with Fred H. Locke and Fritz Mueller compose the board of trustees.

The corporation has 100 members with a prospect of enrolling about 100 more owners of property on Lake Michigan from Grand Haven to Holland. The association proposes to offer rewards for information leading to the arrest and conviction of burglars or vandals.

Mr. and Mrs. Harold Vander Hill are on their way to Holland from China and according to word received here Monday expect to reach this city on March 8.

Vander Hill left Holland about nine years ago and served four years in the United States Navy on both the Atlantic and Pacific. After his discharge from the navy he went to Shanghai, where he has held a position as assistant in the municipal health department.

While in China Vander Hill married a French girl, whom he will introduce to his parents, Mr. and Mrs. Gerrit Vander Hill, upon their arrival here. They are passengers on the S. S. Korea Maru, which is due at San Francisco March 4.

Vander Hill's parents had not heard from their son for several months until they received the letter announcing his homecoming.

John Powell, Shanghai correspondent of the Chicago Tribune, stated this morning that he had met R. De Jonge, daughter of Rev. and Mrs. J. P. De Jonge of this city, has arrived safely in Shanghai from the mission field where she was stationed.

Miss De Jonge is a graduate of Hope college of the class of 1905 and she has been engaged in mission work in China for a number of years.

When Arle Diepenhorst, truck driver for the Vanden Berg Bros. oil company at their station in Zeeland, arrived at the scene of his labors on Monday morning he noticed a Ford sedan standing across the railroad track from the company's garage. The Ford had an abandoned look and Diepenhorst went to investigate. He found that the car had actually been abandoned but the gas tank was full.

Diepenhorst made further investigations and discovered that the tank was full of kerosene. That was the reason the car would not go and had been left. Diepenhorst soon discovered that the kerosene had come from the company's tank, the auto thieves having tapped the wrong tank.

But the climax came when Diepenhorst opened the company's garage. The thieves had abandoned the Ford sedan, broken into the garage and taken the company's Ford coupe. Diepenhorst was satisfied with the trade, but unfortunately the owner of the sedan arrived from Grand Rapids later in the day and claimed his car, which had been stolen the night before. No trace of the Ford coupe has yet been discovered.

The Allegan county road commissioners received bids from 18 contractors to build three gravel roads and Monday it was stated Harry Plagmann of Holland was the lowest bidder on the jobs as follows: Two and one-half miles from Hamilton to Overisel, \$29,344.844; one and three-quarters miles from Hamilton toward East Saugatuck, \$14,750.70; two miles west of East Saugatuck, connecting with M-1, \$17,471.72.

The bids are being held up for further consideration.

The next play to be given by the Allegan Community Players will be "Enter Madame," to be presented at the Regent theater March 21 and 22. Mrs. Malcolm Smith will take the leading role. She has directed all the plays given this season. Mrs. William Schmitz will be director for the new play.

Dan Covey, 65 years old, of Casco, Allegan county, was sentenced to five days in the county jail and to pay costs of \$3.70 in justice court Monday when he pleaded guilty to a charge of using profanity and blasphemy in his home on Sunday.

Deputy Sheriff James Wood arrested him Monday on complaint of a neighbor.

General contract for the new Hekman Memorial library at Calvin college has been let to George Hoek, zema. Subcontracts are as follows: Heating, Kneel Heating Co.; plumbing, Pipe & Rapp; electrical, Grand Rapids Electric Co. It is expected the building, which was designed by Robinson & Campau, architects, will be completed by Oct. 1.

A fight is on about tuberculosis hospital locations. The proposition to close the one at Howell and erect a new one at Ann Arbor is being fought bitterly. Rep. Birkholm of Berrien in this bill asks for \$250,500 to rebuild and rehabilitate the Howell plant, and he has many supporters. Under present conditions Michigan could utilize both institutions to good advantage and that may be the outcome of the present agitation.

The junior championship of Holland will be decided Thursday evening in the armory when the local team representing Christian high and the Hartman five clashes. Each crowd has won one game with honors about even and a good exhibition is looked for as much rivalry exists. The Hartman team from the public school has been hanging up a fine string of victories with eight wins and one set-back, that administered by the high students gain admission for 15 cents. A special section will be reserved and a limited amount allowed as the luck youngsters can stay and watch the Holland Furnace team perform against the Swedish aggression from Coffeyville, Kans.

"Orations need not be considered as speeches that are on 'atlas,' Russell Damstra told the high school students at Tuesday's chapel in the introduction to his oration which is to be delivered in the Michigan Oratorical league contest at Olivet next Friday. Observing an annual custom of the high school and delivered his oration on the theme, "Still to Come." His topic is of great interest to all students because of the challenge he makes to young America. The speaker first pictured early America and the sturdy settlers who prepared the way through many hardships of primitive life to make the present day America possible. He described the rising of great cities upon the forested plains of the new nation and characterized this growth as a "conquest of physical nature, while today's problem is a conquest of human nature. Mr. Damstra developed his theme on certain vital items which are lacking in the make-up of the average American citizen. "Man himself is untamed. He seems powerless to help himself. Men have known of war for centuries, but that did not stop war. Man is a source

of power, not subject to it. Directed will power is the sign by which we conquer. It's America's need today. The motto of the moment seems to be, 'Follow the crowd,' but the crowd sets the lower standards. The crowd prefers the cheaper movies and the yellow journalism; it doesn't care. Do people prefer the lesser values? Is the will to be responsible really lacking?"

Mr. Damstra emphasized the point, man the source of directed will power; the will to be responsible; the will to prepare. He told the students that "America's station depends upon entire justice at home and abroad in regard to religion and all things. America's call for leaders is shown by the lack of honesty and responsibility so prevalent today." Mr. Damstra ended his fine spirited oration with the appeal to youth. "Are you holding the torch of her tradition high?"

Perhaps the last big court game to be staged in Holland this season will be pulled off Thursday evening when the Holland Furnace five books up with the famous Swedes from Coffeyville, Coach Muir of the Flint high school club which played here last week, paid high tribute to the Swedes and said they were the greatest crowd of pleasers that ever cavorted on the courts. Bulletlike passes, back-handed style and sensational tries at the loop keep the crowd on edge all the while and while they win easily over the average quintet their tactics are so different from other teams that they always leave a fine impression. Their last big victory was over the Washington and Baltimore five of the American league. Holland city will be the smallest to see these fellows perform but the class of basketball played here warrants them a fast game and the Hollanders are about due to run wild on a scoring barrage. Every place where the big Swedes play they get a rousing cheer. The Montgomery Ala. paper has a few nice things to say about the tossers: "Olsen's Terrible Swedes are well named, so far as the adjective terrible goes. Coming here with 43 victories and four defeats for the season, the Swedes last night conquered the flashy and hard scrapping Y. M. C. A. five 58 to 32 at the city auditorium. The two teams will hook up again tonight at 8:15."

"Fans who saw last night's game declare the Swedes one of the best if not the best basketball aggregation that ever scampered on a local court. Those fellows could do everything with the ball. Their plays were almost as deceptive as Pop Warner's football tactics. Their passing was marvelous and it was no trouble to find a field goal from any angle or distance."

Not only is Campbell, their big center, a scoring ace, but it is said he

also camps under his own loop on defense and wards off many attacks because of his stellar playing.

Two clever junior teams are waiting anxiously to look horns in the prelin. The Christian Junior high five has put in some practice sessions while Hartman's boys have indulged in light work after their hard game at Grand Rapids. This game will see Holland's Junior title decided.

Many of the younger fans are planning on taking in the two attractions.

First game starts at 7:15.

Lineups for Thursday games:

The Hopo reserves took the First Reformed church club of Detroit in a two Tuesday evening, the count being 42-27. The following were the players:

Hope dropped a peculiar game, Tuesday evening in the Carnegie gym. After taking a nice lead in the first half, score 13-9, and looking like a very possible winner, the Schouten clan halted, and before the final gun sounded they were far behind with a 29-20 verdict.

WARDENS DON'T WANT UNIFORMS

The proposal to place all conservation officers in uniform is not being received very cordially by many of the wardens throughout the state. George Wellhamer, conservation officer of Muskegon County, says: "An officer might just as well go through the woods with a cow-bell around his neck. An officer brings no fear to the man who does not violate the law, but the man who does is constantly watching for an officer. Further than this the average warden wears out a pair of trousers in a few weeks if he has any brush country to cover. This would make it impossible to keep uniforms neat unless the State furnished the clothes."

The passenger carrying capacity of the private automobiles of the country is about 30 times that of the railroads when expressed in passenger miles. This statement was made by Thomas H. MacDonald, chief of the United States bureau of public roads.

MERCHANTS HEAR TWELVE ADDRESS AT MONTHLY MEET

Professor Robert Winter of Hope college was the speaker at the monthly business meeting of the Holland Merchants association at the city hall and he gave those present some real pointers that were unusually convincing. He spoke on the subject, "The Psychology of Business."

Advertising and salesmanship constituted a great part of Mr. Winter's discourse. He stated that business is largely getting the purchaser in a receptive mood. He said that even a physician cannot do much with a patient until he knows the patient's mind, and a doctor will have a hard time perfecting the cure unless his patient co-operates with him and thinks of becoming better instead of becoming worse.

He said there is a lot of faith cure in everything. A lawyer at the bar, thru his mind picture, convinces a jury and confuses a witness, and the opposite tactics on the mind of the persons who are involved in the case.

Said Mr. Winter, "This same thing holds true in business. Businessmen must use more brains. A different condition prevails in business methods than even ten years ago. Businessmen should cut the corners of expense wisely, do their buying judiciously and co-operatively. They must use their brains in putting over their wares to the person they are selling to."

"The last five years business has been revolutionized in this country. Because of the war and its aftermath, the automobile, and the rush generally in business methods, those who follow the tactics of yesterday are going to fall by the wayside."

"It cuts no figure that a business firm has been established a half century, or that they have a long record. The largest business in town, the question is what kind of goods is he giving his customer. Is he giving the consumer honest products, justifiable prices? Does the customer go away satisfied?"

"Advertising is another feature that enters into business methods today. It is well to know how much is to be appropriated for advertising and what kind of advertising will serve the purpose best. His advertising matter must be honest, for no merchant can put over dishonest advertisements very long and survive; the buying public soon gets wise. The first fact that must be recognized in advertising is that the merchant must get the attention of his prospective customer. There must be something unusual in the ad to get the attention of that customer. The ad must convey a thought that will remain with the person who reads it. Then the ad must create an appeal as well as a need for the commodity advertised."

"Goods must also be advertised in season. Advertising overcasts in July would be ridiculous. It doesn't fit in the scheme of things. It is well to advertise straw hats after a hot May day, or screens when mosquitoes begin to buzz."

"One vital factor in all business, but in retail business especially, is salesmanship. A live merchant has to select a sales force different from a force of 100 years ago. It used to be thought that the boy who picked up a pin on the street was a person who was considered thrifty. One who could add a column of figures fast was a real asset. A real messenger was one who did not loiter on the way. But the adding machine, the telephone and many other office inventions have changed all this."

"A clerk or a salesman must now be alert to meet present conditions and be wide awake. Some clerks are sick on the job. A salesman or saleswoman cannot rush around wild on the streets at night and expect to be alive and on the job during the day-time."

"Many clerks today are time servers, waiting for the pay envelope. A bright-eyed young salesman at the door ready to greet a customer is much more valuable than a sleepy-eyed one who is generally found in the back of the store."

"The salesman is the link between the 'bad' of the business and the customer. It is very essential that the clerk knows his goods and can talk intelligently on what he is trying to sell. In other words, he must know his 'stuff'. He should not be satisfied to sell what is coming his way, but should reach out for more business."

"A slovenly salesman, a lazy salesman, an impolite salesman is a liability rather than an asset, and he should be cut from the payroll if he is the manager of the business is wise. Clerks must be able to display goods properly, and must use a salesman's head in presenting the goods."

"You can use all the advertising space you want, but it will do you no good if there are a number of clerks who are ready to spoil it all. This discourse is not a reflection on any particular sales force in Holland or any other place, but this holds true the world over, and managers who select the proper sales force, advertise judiciously, and sell honest goods are the merchants who are going to succeed, and the clerks who apply themselves and study salesmanship will be the clerks who will gain the confidence and the respect of the boss, and this cannot help but be reflected in the pay check in time."

The committee on day of prayer for crops has issued the following statement:

The committee appointed to make plans for the day of prayer has made preparations for the observance of the annual day of prayer in the various churches of Holland. The committee, composed of representatives from the various churches, has decided on Wednesday, March 9, as a suitable date.

Though prayer day is not a national institution, it is a day that has been observed in the Reformed churches of the various denominations. Every fall we have our great Thanksgiving day. It is equally fitting that during this season of the year we should set aside a day for supplication.

The merchants association decided that the place of business will be closed and manufacturing establishments are requested to close for the day.

The Committee.

Mrs. Sears R. McLean was elected president of the day of prayer club Tuesday afternoon, at the annual election held at the club house. The election was the only business of the afternoon and no program was given.

Other officers elected were: first vice president, Mrs. George A. Pelgrim; second vice president, Mrs. George E. Kollen; recording secretary, Mrs. Clarence A. Lokker; corresponding secretary, Miss Katherine Post; treasurer, Mrs. Wm. J. Westerv. Directors chosen for the term 1927-28 were Mrs. Joseph C. Rhea, Mrs. E. C. Brooks and Mrs. W. M. Tappan.

The Royal Neighbors will give a pedro party Friday afternoon at 2:30.

GLEE CLUB BACK HOME AFTER TOUR

Dr. J. B. Nykerk, head of the Hope college school of music, reports that the girls glee club is back after a triumphant tour of the east, where they entertained thousands of people in the largest cities in New York and New Jersey. The young ladies spent more than a week in New York city and Brooklyn and also sang in Albany and other cities along the Hudson.

Dr. Nykerk states that their greatest achievement, according to the young ladies, was in Washington, D. C., where they gave three entertainments, one in the New York Avenue Presbyterian church, where Dr. Joseph Sizoo, a graduate of the local college, is pastor. One of the most celebrated organists in Washington played the accompaniment for Hope's glee club, and while at the national capital, the young ladies were entertained royally.

They were taken to every place of interest, Congressman Carl Mays and Dr. Sizoo saw to that feature, and they also had a group picture taken with President Coolidge at the White House. They were also taken to the residence of the president's private physician, and taking it all in all, their visit to Washington was the crowning success of the tour.

The girls arrived in Holland at 10:30 Tuesday night, with Miss Melba Ross, the chaperon, as fit as could be, and today the college spirit on the campus at Hope runs high because of the wonderful success of the tour.

Dr. Nykerk states that besides scoring a great success in the east and doing much to advertise Hope college the glee club returns with all expenses paid, besides a snug sum in the treasury.

WOULD BRING UP THE WORD 'CHRISTIAN' IN CHURCH NAME

In this week's issue of "The Banner," Christian Reformed church weekly, Dr. Henry Boers, the editor, suggests dropping the word "Christian" from the name of the denomination, leaving the name, "Reformed Church in North America." In support of this idea, he quotes a letter written by a Christian Reformed church worker in Egypt:

"I was especially interested in your agitation concerning a change of name for the Christian Reformed denomination. Always when I tell people who inquire what church I came from, their first thought seems to be it is a branch of the 'Christian Church' or the 'Church of God' or something like that. So sometimes I just say I came from the Reformed church. I am sure it gives my inquirers a better impression and a truer one of what the Christian Reformed church stands for."

"Now, that's exactly it," Dr. Boers continues. "The same thing has been going on here in Holland. Our former church members who still love the old church home and still find it very difficult to acquaint outsiders with just what we are."

"The second argument for dropping of the name 'Christian' to avoid embarrassing mixups comes in a communication sent to the Banner office from an advertising concern in Clinton, S. C. It had offered an ad to THE BANNER about some land in Arkansas. Our advertising manager wisely turned it down. But the advertising company was not content and insisted there is a Christian church here (Progressive). They have a good church building on a beautiful, well-located lot in Waldron, and a number of people of that faith and order live around here, but have been pastorless for several years. In placing the order I was under the impression that this was the same as the Reformed Christian church and selected that paper on this account. If these are different denominations, of course, I would not care to place the ad."

"And a third instance of a similar character came to us from Professor Greydanus, who visited our Synod as well as our country last summer, and with whom we were in touch repeatedly. He told us how it was somewhat embarrassing to him and others in the Netherlands to be called on to explain repeatedly how it was, and why it was, that he had been sent to represent the Reformed churches to a denomination in America bearing exactly the same name as a church group in the old country with which, however, no correspondence has been established so far, in fact, between which and the Reformed churches there is a more or less strained relationship."

"But at any rate since such is embarrassing and, as we look at it, needless embarrassing, our best friends and fellow believers in the old country, why should we not try to relieve them by changing our name, as they themselves did? Perhaps our men now studying and preaching in the Netherlands might tell us if the above does not tally with their own experiences. Glad to hear from them. For one thing, we know that our workers in Canada at times feel embarrassed through the same cause."

"And so, for the sake of our standing today as well as because of the voice of history in the past, we should like to have our church bodies weigh this matter carefully and prayerfully."

Drenthe Claims Championship In Contributing Prominent Men To Various Professions

Drenthe, located about ten miles east of Holland, lays claim to the championship record in furnishing the world with prominent professional men. A citizen of Drenthe contributes to this week's issue of the Zealand Record a list of these born in Drenthe who have achieved prominence in the various professions and challenges any other community in Ottawa county of equal population to produce a longer or a better list. Here it is:

Ministers: Henry Boer, (deceased) Reformed; Nicholas K. Boer, Reformed; Grand Rapids, Mich.; Raymond Drukker, Presbyterian, Pennsylvania; Henry H. Kamps, Christian Reformed; Jacob R. CLERKS WILL BE ENTERTAINED BY MERCHANTS

It was unanimously decided at the Merchants association meeting Tuesday that at the next meeting in April, the evening would be devoted to the entertainment of the sales forces in the different stores. Each merchant is to extend an invitation to his own force and the entertainment committee has already made arrangements for at least part of the program. They have selected a speaker from Grand Rapids but are keeping the name quiet; they give assurance he is a whirlwind.

There will be only one short speech and the rest of the evening will be devoted to other entertainment. A quartet from Grand Rapids will be found on the program. There will be readings, take-offs and features that make for a good time, and it goes without saying that there are going to be eats. The affair in April will be held in the court room of the city hall.

Miss Le Verne Jarvis submitted to an operation for appendicitis at Holland hospital Tuesday.

A. H. Landwehr was the speaker at a convention of the sheet metal workers of Michigan Tuesday. The convention was held in Grand Rapids.

MAN BUILDING IS THE THEME OF A LANDWEHR PAPER

Speaking on the subject, "Man Building," before the Social Progress club when it met Tuesday night at the home of Mr. and Mrs. Arnold Mulder, A. H. Landwehr delivered what amounted to a lay sermon on the development of those elements in character that make for a well rounded and a fruitful life. In characteristic epigrammatic style he described the principles that spell genuine success in life.

He characterized three types of people. First, there are the enthusiastic, interested, earnest, wide-awake men and women, who are alive with every fibre of their being. Second, there are men and women who merely play along, but who are awake to the opportunities all around them. They mean well but they do not get very far. Third, the drones, the people who are merely putting in their time here. "The world would not miss them," said Mr. Landwehr, "and the world makes much use of them unless they wake up and become alive."

Man building begins with number one, said the speaker, and each person's first duty is to develop the potentialities he has. For education does not come from knowing but from doing. Knowledge, to be effective, must be translated into action.

The truly successful man has a definite aim in life and is willing to work to reach his goal; he builds up self-confidence by doing things that at first seem hard to him; he develops initiative by doing things he is not told to do; he appreciates that action is the only thing that pays for and that stored-away knowledge is worthless; he directs his will to definite ends and he makes his directed enthusiasm count; for what ever work he is called on to do, he develops self control and poise and does more work and better work than he is paid to perform; he is interested in the hobbies and interests of others and shows this interest in his face; he lives in such a way that at 70 he will have a sense of serenity and glowing peacefulness; he believes in accurate thought, does his best, rises again when defeated and makes defeat a stepping stone to greater success; he feels that work is man's greatest blessing and he develops a hopeful outlook on life.

The successful man understands the relative value of things and his aim is a well-balanced life. "The future holds greater opportunities than man has ever known—it is ours to possess and enjoy in the measure that we invest our all in the real service of the world and not the encumbrance of the space we occupy."

HOPE TO HONOR ALUMNI AT BANQUET IN MARCH

Plans are being formulated for a Y supper March 21 in honor of Hope alumni. Letters will be read from Rev. A. L. Warnshuis, Rev. James De Pree, Hope's oldest living alumnus; John N. Vandervrie, Rev. Henry Sluiter, Rev. S. M. Zwemer, Rev. N. Boer, Rev. Charles DeVries, Henry E. Schoon, Meinte Schuurmans, Rev. Joseph R. Sizoo, Rev. John R. Mulder, Fred Yonkman and John C. Hoekje. Plans also are being arranged for the Junior-Senior banquet March 10, the outstanding social event of the school year, to be held in Hope church parlors.

FORMER HOLLAND MAN HEADS CEDAR SPRINGS "IKES"

Because so many of its members come from other North Kent towns, the Cedar Springs Isaak Walton league voted Tuesday night at its March meeting to change its name to the Northern Kent chapter.

Officers were elected as follows: President, Thomas Van Schelven; secretary, Hannibal Wager, both of Cedar Springs; vice president, Bert Albright; treasurer, Bert McDonald, both of Sand Lake. The April meeting will be held in Sand Lake, the first Tuesday in the month.

Committees were appointed to look up sites for dams to form bass and trout ponds in nearby streams.

Fifty members attended the dinner meeting and heard a stirring outdoor talk from Judge Willis B. Perkins, of Grand Rapids circuit court.

Thomas Van Schelven is the son of Mr. and Mrs. G. Van Schelven of Holland.

At a meeting of the merchants association held Tuesday night, Milo De Vries and Ted Warner reported that they had studied the books of the treasurer, John J. Rutgers, Jr., and not only found them O. K. but in excellent shape.

GAVE DRENTH SCHOOL LAND

John J. Boer, well known furniture merchant of Grand Haven, called attention to the fact that the article about the prominent men coming from the district of Drenthe, near Zealand, appearing in this paper a few days ago brought to mind his early childhood and the fact that he was born in that section, in fact in the very heart of what is Drenthe today.

His father, John Boer, was a brother of the Rev. Henry Boer and lived there, many times, said Mr. Boer, supplying themes for his brother's sermons. He was greatly interested in education and rented a portion of his farm land in 1860 to the township board for \$100.00 per year for the erection of a school house and it is this same land that holds the present school and church. Mr. Boer's father, who had a growing family, was anxious to place the school within reach of his children and made this move to establish the school in that part.

John Boer moved to Grand Haven when he was 11 years old and in a few years his father died leaving his mother with a large number of children and very little means with which to support them. John started in at fourteen and has never ceased working, he says. His tales of the early days, the privations and hardships of the early sixties make good reading and his appreciation of the fun of the days convincing him that the youth of today have nothing on the older generation as far as enjoyment is concerned, but they have much more time to seek pleasure.

Boer's mother is still living at the home of her daughter, Mrs. Tony Baker, being 90 years of age and although very feeble still recollects the early days and pioneer times. Mr. Boer has been in business in Grand Haven for many years. His brother Col. John Boer, is very well known in military circles in the state and his other brother Rufus Boer is a well known business man of Grand Rapids. They were all born in Drenthe.

HOW TO BAKE CAKE A LA THE RADIO

A June bride asked her husband to take down a radio from the attic. The young husband did his best but got two stations at one time, one station broadcasting cooking recipes and the other gymnasium exercises.

This is what he got:

"Hands on hips, place one cup of flour on the shoulders, raise knees and wash thoroughly in one-half cup of milk. Repeat six times. Inhale one-half teaspoon baking powder and one cup of flour, breathing naturally, and exhale and sit. Attention! Jump to position and bend vanilla backward overhead. In four counts make a stiff dough that will stretch at the waist. Lie flat in the flour and roll into a marble the size of a walnut. Hop into deep fat tin and remove brown paper and dry with a towel. Breathe naturally, and dress in warm flannels, and serve with lemon juice."

Mrs. G. J. Diekema was in Grand Rapids Tuesday, attending the Holland delegates at the state convention, and saw her husband named head of the Republican state central committee by a unanimous vote.

This unseasonably warm weather has started the maple sap up the trees and many owners of "sugar bushes" have tapped the trees and have marketed syrup, of which the first run is considered always the best. The week has been quite as April like as last week was, but do not feel too sure that we will have an early spring. March will arrive next week and there is pretty sure to be plenty of bluster and coolness though the latter is not likely to last long. When spring is too early there is likely to be frosted potatoes in early June or late May—Allegan Gazette.

Cappie Cappon is in Holland visiting. He says that he has played against Bonnie Stewart of the Swedes and that the club is made up of great court stars. The Furnace-Swede tussle should be one fine exhibition and a large crowd is expected.

The Holland Y. M. C. A. won over the Chrysler in the city league game Wednesday night the score being 23-17. The Holland Furnace company won over the Paris Dry Cleaners score being 19-18. The Stoketee-Van Huls team won over the Ottawas, score 27-20.

A number of young people from Drenthe were entertained at the home of Miss Margaret Yntema at Holland on last Friday evening and they all enjoyed a very pleasant time. Those attending were the Misses Jean and Louise De Kline, Tena Beyer, Jemima Vredevelde, Angeline VanDam, Mabel Lanning, Jennie Mast, Winnie "Timmer" each with their respective friends. Refreshments were served before the guests returned home at a late hour—Zeeland Record.

Mrs. Neil McLachlin of Grand Haven yesterday gave a "luncheon" at the Warm Friend Tavern at Holland for the following guests: Mrs. Martin Boone, Miss Helena Van Zanten, Mrs. Richard Kieft, Miss Jean York and Mrs. B. G. Timmer of Holland.

Senator Martin of Ottawa and Muskegon counties has presented a petition from Mrs. L. L. DeWitt and 238 other Ottawa county citizens protesting against capital punishment. Rep. Fur Bearers For the Traps

The only animals that can be taken with traps in Michigan this season are skunk until March 31, muskrat from Feb. 1 until March 31, and mink over the same period. All other true furbearing animals are protected. These exceptions, of course the predatory fur-bearers, fox, weasel, coyote, wolf, wildcat, and lynx.

Mrs. J. W. Garrod of Holland assisted her brother B. P. Sherwood in entertaining the members of the building committee and the trustees and the elders of the Presbyterian church at his home at dinner on Tuesday evening. It proved a delightful social affair as well as a business meeting in which many things of interest to the church were discussed in an informal way. There were twenty guests present.

HOLLAND GIRL WEDS SON OF ZEELAND EDITOR

Zeeland Record—On last Thursday afternoon, of last week, George Van Koeveer, youngest son of Mr. and Mrs. Adrian Van Koeveer, of Zeeland, and Miss Dorothy Van Anrooy, daughter of Mr. and Mrs. Wm. F. Van Anrooy of Holland, were quietly married in the latter city, where Rev. James M. Martin performed the ceremony.

Although several friends had known of the approaching marriage, it nevertheless proved a surprise to others. They quietly returned from the county seat with the license and directly proceeded to the parsonage, the only witnesses being the groom's brother, Cornelius Van Koeveer, and the bride's sister, Miss Rose Van Anrooy. After the ceremony they came to Zeeland and enjoyed a quiet, private wedding dinner in their home which they had only the week furnished.

Both young people are well known and need no introduction. They are making their home in the second floor rooms of the residence adjoining and belonging to the Zeeland Record. Mr. Van Koeveer is employed at and holds a good position with the paper of which his father has been editor for many years. They are now receiving the congratulations and good wishes of many friends here and in Holland.

IMPORTANT PRIMARIES ARE TO BE HELD MONDAY

The Holland voters should know as well as the voters of Ottawa county that there is an important primary to be held Monday.

A Holland man, Mr. Gerrit Groenewoud, 219 15th street who has ably served his first term is asking to be renominated for a second term as Ottawa county school commissioner. Mr. Groenewoud has been an educator for a number of years. He made an enviable record during his first term as a commissioner of this county, however, sometime merit is lost sight of because voters fail to go to the polls and vote, even though they are satisfied with the man they are asked to vote for.

This is an important office which has to do with our schools, and is always important, and voters should not stay at home Monday.

Polls in Holland will be open from 7 o'clock a. m. until 6 o'clock p. m., and with the exception of the four wards, the polling places will not be changed in any of the wards, however, for the fourth ward, the polling place will be in Washington school, Maple ave., and 11th street.

Mr. Groenewoud is opposed by Mr. Van de Bunte of Jamestown, a worthy candidate.

Mr. and Mrs. Walter Bosch and children Willis and James attended a surprise party given in honor of Mrs. Bosch's father, Mr. Henry J. Dykhuys at Holland, when they helped him celebrate his 77th birthday anniversary. His other children and grandchildren were also present. Dainty refreshments were served and an enjoyable evening was had.

Mr. Henry Van Dornik, having disposed of his farm, has been looking at another farm in Hamilton, which he expects to rent. North Holland regrets in having the Van Dornik family leave.

Mrs. Dan Rieley well known in Holland has moved from Chicago to her old home in Grand Haven.

A district pastors' institute was held in the M. E. church at Allegan Friday with Rev. Dr. M. A. Dawber of Philadelphia, superintendent of home mission work, the principal speaker. Rev. E. A. Armstrong and Rev. F. L. Blewfield, state and district mission leaders, discussed the means of increasing the rural pastors' influence.

Members of the St. Cecilia club of Allegan have made arrangements to see "The Student Prince" in Kalamazoo in a body this evening. Miss Doris Haigh, president of the club, and other teachers of the Allegan schools will chaperone.

MR. VANDE BUNTE A CANDIDATE FOR COMMISSIONER OF SCHOOLS IN OTTAWA COUNTY

Mr. D. H. Vande Bunte of Jamestown is asking the support of the people of Ottawa county at the primaries for the position as school commissioner of Ottawa county.

He has the highest of qualifications and is very capable of filling this position.

He received his higher education at Hope college and Western State Normal School.

For twelve years he has taught in the schools of Ottawa county, eight years in the Jamestown public school, the past five years being superintendent of the junior high school in that place.

He is well acquainted, with the work of commissioner, having served for four years on the Board of Examiners, two under Mr. Stanton and two under Mr. Groenewoud.

He served overseas during the World war, and after the armistice was signed, undertook the position as instructor of English for the troops until their return to America.

Later, in the year 1922, wishing to see again the battlefields of Europe, and study conditions there, he took an extensive tour through western Europe, visiting the countries ravaged by the World War.

He is a man wise in experience, keen in the understanding of youth, capable and full of enthusiasm.

He has always had the hearty support and cooperation of the teachers and students working with him, and of the community in which he resides.

CONVICT SHIP WILL BE REPAIRED; IS NOW FILLING WITH WATER

The convict ship "Success," which was exhibited to thousands of people at Holland last fall, and which is wintering at Muskegon, will be taken for repairs as soon as ice breaks in Lake Michigan, according to Capt. D. H. Smith.

Water had begun to seep through the old hull before the ship was closed for the winter. She has not been in drydock since leaving Boston, Mass., five years ago.

JENISON-GRAND RAPIDS 'URBAN' STILL NOT A FACT

Hyman-Michaels Co. of Chicago has granted an extension of time in which the suburban communities southwest of Grand Rapids may purchase the Holland interurban line as far as Jenison, it was announced yesterday night at a mass meeting in Wyomissing Park.

The extension was granted in order that the backers of the United Suburban Railway Co. might continue their campaign for stock subscriptions. Pledges for \$1,000 of stock were written at the meeting.

Speakers included Dr. A. B. Campbell, Edward McClarrick, and Y. Groenewijk of Grandville and Newton Cairnes and Paul Gezon of Wyomissing Park.

The possibility of increased bus fares if operation of the railway is not resumed was discussed at the meeting. It was rumored the bus line might be sold to the Shore Line Transportation Co., which now is charging a 60-cent round trip fare from Jenison and a 50-cent round trip fare from Hudsonville. Dr. Campbell said the Grandville bus fare might be boosted to 50 cents if rail competition were removed.

HOLLAND WOMEN ARE HONORED IN LOS ANGELES, CALIF.

The following is from a recent issue of a Los Angeles paper:

"Mrs. F. J. Metz of Holland, Michigan, and her attractive daughter, Miss Ethelyn Metz, shared honors today at an elaborately appointed luncheon given by Mrs. Ralph J. Leavitt at Los Angeles Country Club. The Valentine motif prevailed in all of the appointments, with profusions of spring blossoms forming the centerpiece. Following luncheon an impromptu musical program was given, several artist guests taking part. Among the guests were Mrs. E. L. Knowles, A. L. Johnson, F. W. Enderly, Kenneth MacDonald, Jack Thomas, R. S. Odell, M. G. Smith, George Gilman, E. A. Dunagan, Harry Forbes, and Mrs. J. L. Lewis. Mrs. Puterbaugh, D. C. Webb, Frank McQuaid, Harry Vorhies, Louis Bedford, Ross Whitley, Roy Johnston, Tyler Bennett, C. E. Richardson, Howard Marr, Edith Marr, L. A. Lewis, James Lynch, Evelyn Owen, Gertrude Ross, Guy Van Buskirk and William Lee Woollett."

TALK RESORTS AT ALLEGAN

Development of Allegan's resort possibilities offers the greatest opportunity for increasing the growth and prosperity of the community. Frank Blakely, field worker for the West Michigan Tourist and Resort Bureau, told the Commercial club there.

"The city's location in the midst of several beautiful lakes and within a few hours of the city million city dwellers," he said, "are unrivaled advantages for a tourist center project. With the completion of the national highway system, connection with two trunk routes, U. S. 31 and U. S. 131, and the new state roads M-11 and M-13 will be provided. The ideal climate of this section is another favorable factor."

Illustrations of the financial benefits derived from development of tourist centers were given by the speaker with special reference to the Hastings project now under way. A statement of the Fruit Growers State bank of Saugatuck showing increased deposits during tourist season was also mentioned.

Further highway improvements planned were sketched and needed improvements suggested as an incentive to attracting vacationists. Active interest in the proposed Spring Blossom festival was advised as a means of advertising this section and of lengthening the resort season by bringing people here early in May instead of June.

Previous to hearing Mr. Blakely the club ordered a communication from H. R. Carpenter of Tulsa, Okla., relative to site for steel plant, turned over to the industrial committee for investigation, and discussed better street markings. These matters and the resort project as well as several other propositions for increasing Allegan's prosperity will be considered at a round-table meeting of the club March 8.

HAY IS RUSHED FOR 200 DEER NOW STARVING

Hay was being rushed to Hulbert, near Sault Ste. Marie, Sunday to save a herd of 200 deer reported starving in that vicinity. Game wardens declared that the herd, following lumbering operations, had been eating foliage from fallen trees. Lumbering has ceased and heavy snow has made wide range impossible. Vigorous protests for stopping state shipments of hay was sent the conservation commission today by the Chippewa County Sportsmen's association.

A meeting of the Coopersville chapter of Isaac Walton league will be held Friday evening, March 4, in Masonic hall, at which time officers will be elected for the ensuing year. Plans for work to be done by the Coopersville chapter also will be discussed.

TWO PRIMARIES ARE TO BE HELD ONLY WEEK APART

The usual confusion exists in the public mind in regard to the county and city primaries. Once in four years county school commissioner is chosen and for some mysterious reason things are so arranged that the county and the city primaries are not held on the same day, as they could very conveniently be done, but just a week apart.

Voters usually do not remember this ridiculous arrangement and so once in four years they get all mixed up. This year is no exception. Voters are asking all sorts of questions. It is hard for them to believe, in spite of the experience of four years ago and eight years ago, that they will have to go to two primaries within a week. They want to know the reason why and no one can give them a satisfactory reason.

But the fact is that the county school primary will be held on Monday, March 7, and the city primary on Monday, March 15. The primary for county school commissioner, there are two candidates on the Republican ticket. Gerrit Groenewoud of Holland asks re-election. He is opposed by H. D. Vande Bunte of Jamestown. He wants the primary will mean election as only a tie could break such a result.

On March 15th, the voters of the city of Holland will have to place in nomination members of the common council, city clerk, city treasurer, member of two city boards, city assessor, city constables, and so on. The general city, county and state election will be held on April fourth.

AGED ALLEGAN WOMAN SUFFERS IN A FALL

Mrs. Lucinda Wycoff, 83, a resident of Allegan county for many years, suffered a concussion of the brain and very bad bruises in falling through a trap door into the cellar of her home at Allegan, Saturday night. Physicians gave slight hope for her recovery. She is the widow of John Wycoff, a pioneer settler of Dutch township.

SOCIETIES QUICK IN RETURNING RED CROSS WORK

The women in the aid societies of the churches of Holland are rapid workers. Wednesday afternoon, a quota of Red Cross work assigned to south Ottawa was handed out to the various church societies in Holland and by evening two of the societies had returned the completed work, having done the job immediately. The societies were those of Third Reformed and Hope church. The former made seven baby night dresses and six dresses for 12-year-old girls. The Hope church society made 84 diapers for layettes.

Other work handed out Wednesday was: 14th street church, seven baby dresses; Methodist church, 14 baby shirts; Fourth Reformed church, seven baby shirts; Sixth Reformed church, seven baby shirts; Star of Bethlehem chapter, seven bonnets, seven jackets, and 14 pairs of baby bloomers; Trinity Reformed church, six bloomers and waists for girls of 12 years of age; Mrs. E. J. Bleckink is chairman of production and Mrs. B. Manting assistant chairman.

NEW CHURCH AT HUDSONVILLE IS NOW NEARLY COMPLETED

The new Protestant Reformed church at Hudsonville rapidly is approaching completion. The carpenters will finish their part of the work this week. Fourth Reformed church, painters and decorators and seats, and the new pipe organ will be placed. It is expected it will be ready for dedication early in April. In the interim services are being held in the parsonage.

CARL E. MAPES APPOINTS GRAND RAPIDS BOY TO WEST-POINT

Theodore Bouwkamp, 21, son of Mr. and Mrs. Harn Bouwkamp, 446 Prospect ave., NE, Grand Rapids, has received notice of his appointment to West Point Military academy by Cong. Carl E. Mapes. He has already passed his entrance examination and will take the physical examination in Chicago this week.

Bouwkamp was graduated from Central high school in 1922. He has attended Grand Rapids college and is an employee of the Standard Oil company. He expects to leave for West Point in July.

ONE MUSKEGON FISH TUG LEAVES HARBOR

While the temperature hovered near the freezing mark Sunday, fair weather is forecast with but little prospect of wind in evidence. A small quantity of snow fell late Sunday afternoon, making streets slippery, but melting almost immediately.

Only one of the commercial fishing tugs cleared the harbor Sunday; although weather conditions were not responsible for holding the others in port. Shush Lee, however, is making its appearance in the lake again, according to the coast guard service at Port Sherman.

Deputies Marvin Den Herder and Edward Ryenga returned to the county jail late Saturday night after taking five prisoners to Jonia, where they will spend one year for stealing some 20 chickens from a Nunica farmer. The prisoners were Harold Chappel, Harold Jones, Elmer Gould, Robert Gollinger and Charles Tucker.

SAUGATUCK PAINTER'S ART WINS CHICAGO ATTENTION

Three paintings, "Laguna, New Mexico," "Mount Shasta," and "Nauvajo Point, Grand Canyon," are causing favorable comment at the thirty-first annual exhibition by artists of Chicago and vicinity at the Art Institute of Chicago, now in session.

The pictures were painted by Carl Hoernsmae, who for good many years has spent much of his time at his home in Saugatuck.

ANOTHER CAR IS STOLEN

Dr. Edwards of Holland was minus a car for a few hours Saturday. He had taken on several gallons of gas at the Venhuizen Auto company, went into the garage to pay for it, being absent about five minutes and when he returned found that his car was stolen.

Holland police got in touch with Grand Rapids immediately and Sunday the Dodge car of Dr. Edwards was found parked in Grand Rapids and was taken back to Holland undamaged.

There is no clew. Apparently some man wanted to go to Grand Rapids, taking an easy way and appropriated the car.

ADDISON SOCIETY OF HOPE HAS SPREAD

The Addison society of Hope college gave one of its popular banquets and special entertainments at the Women's Literary club rooms Friday evening.

It took the form, in part at least, of a Washington's birthday celebration, the program setting forth saying of the "Father of Our Country."

The program followed: A. Nelson Doak; Accordion Squeezes; Aaron Ungersma; A Little of This, A Little of That, and Not Much of Anything; Edgar De Graf; Music trio; Woltman, Rynders, Beards; Silhouette, Hamburg, Oudemool.

NEW BACKGROUND CURTAIN BOUGHT FOR HIGH SCHOOL STAGE

New scenery has been purchased for the high school stage in preparation for the senior play of 27. To be presented on March 21 to 24. A new curtain for the background of the stage has been purchased which is steel gray in color, lined with blue. It is woven so that it takes the different lighting effects very beautifully. The stage managers, Nelson Doak and Willard Moenig, have received many compliments on the fine lighting and stage settings they constantly achieve.

Scenery is purchased from the proceeds of previous plays, as the plays are an annual event in the dramatic attractions of the season. A new feature in the play "Bab" with the music which is heard during several acts, serving as a musical background for the scenes, has been purchased. Everything possible is being done to make the play "Bab" give the audience a genuine thrill.

FAVORS SMOKES AT INFIRMARY

Ella D. Wood, of Rochester, N. Y., who spends her summers at Spring Lake, is a devoted smoker. She has a box of cigarettes at the county infirmary.

"In a recent edition of your paper I noticed an article by Miss Julia Soule on the subject of the infirmity. I was glad to see the position she took. I've given my sentiments as well as those of many others. I am sure the inmates will not be deprived of the few things they can enjoy in their deplorable condition. It will not be long, I think, before the county will be able to provide extra watchmen."

Rev. William Kok, pastor of the Christian Reformed church in Lebanon, Ia., has accepted a call to First Christian Reformed church of Zeeland. He will be the third pastor of the church's first charge. The Zeeland church has 285 families.

Old Buildings Near Coopersville Are Silent Reminders Of A Brutal Ottawa County Murder

A deserted store building and house just off trunk line M-16 at Denison between Grand Haven and Grand Rapids stand as constant reminders of one of the outstanding crimes in the history of Ottawa county. One man was convicted of the killing, but later freed by the trial judge, and so the crime is one of those many unsolved in Michigan.

Not only do the house and store stand as reminders of the crime, but in recent years there has grown up the feeling that the buildings are haunted. No children play about them, and they are slowly going to ruin.

The store was operated by Martin Golden, who was postmaster at Denison also. One night 18 years ago, Mrs. Golden, now a resident of Coopersville, heard her husband scream. Then she heard a shot. She found her husband lying where he fell between the store and the house. He had been shot and robbed and Ottawa county was stirred by the crime.

Edward Shimnel, of Muskegon, was arrested charged with the shooting. He had been seen near the scene, and he admitted that he was in that neighborhood on the night. Twice Shimnel was tried in Ottawa county. The first time he was acquitted. The second time he was convicted. But the trial judge promptly set the verdict aside, the only time this action has been taken in Michigan where a man has been found guilty of first degree murder.

There was much feeling in Ottawa county over the crime. Walter Little Sr., now dead, and then a leader at the bar in Western Michigan, was named as special prosecutor. During both trials the courtroom at Grand Haven was crowded. The prosecution depended entirely on circumstantial evidence.

The courtroom was crowded still when the jury returned its verdict of guilty in the second trial. Judge Phillip Padgham, of Allegan, was the trial judge. The judge turned in his chair as the verdict was announced. His eyes swept over the crowd in the courtroom and then toward the jury. The judge broke the silence.

"I cannot be a party to judicial murder," said the judge. "The evidence does not warrant your verdict, gentlemen of the jury. The verdict is set aside and a new trial granted. The defendant will be held in the sum of \$500."

Mr. Little raised an objection to the action.

"I will resign before I will become a party to judicial murder," replied the judge.

Later the defendant was freed, the prosecutor dropping the case. Judge Padgham was defeated at the next election and it is said that the Shimnel verdict entered the campaign.

Shimnel, now an aged man, resides in Coopersville. Recently, he appeared in circuit court as the star witness in a trial which sent one man to prison for attacking him.

William J. Turner, of Muskegon, aided in the defense of Shimnel at the second trial.

"I was engaged by friends of Shimnel," said Mr. Turner, "and the jury had been obtained when I entered the case. I did not know Shimnel."

THE WOODEN SHOE MAY BE NAME OF NEW STATE PARK

"The Wooden Shoe"—that will in all probability be the official name of the state park automobile parking place that is to be established at Ottawa Beach. A similar state parking space at Highland Park, Grand Haven, is officially known as "The Oval," and that term is known all over this state and in many other states. "The Wooden Shoe" will correspond to "The Oval," and those in charge of establishing the park believe that its name will also spread all over the country.

For some time the term, "The Triangle," has been under consideration by the Ottawa county road commissioners. It was decided from the first not to name the place "The Oval" because that would cause all kinds of confusion in the mind of the traveling public. It has from the start been deemed absolutely essential that some name be chosen that shall clearly distinguish the Ottawa Beach park from the Grand Haven park.

One day or two ago the Ottawa county engineer, C. T. Bowen, surveyed the space at Ottawa Beach for plans and specifications for the concrete parking drive that is to be built. Some of the county road commissioners are in the idea of building the drive in the shape of a wooden shoe instead of in the shape of an oval or a triangle. Mr. Bowen found, when he began work on the surveying job, that the shape of the site is in large measure that of a wooden shoe and that that form would be the most economical way of building the drive. Definite action has not yet been taken by the county road commission but it is understood that not only are the commissioners in favor of that shape and that name but it has also been the enthusiastic approval of several citizens to whom the idea has been presented. It is pointed out that the name "The Wooden Shoe" would be invaluable as an advertising asset to Holland. It would quite naturally link the park with the name "Holland," and it is understood that the name is a picture of a shoe, which would be of great benefit in attracting the attention of the tourists.

HOPE NAMES ORATORS FOR M. O. L. CONTESTS

Hope college will be represented in the Michigan Oratorical league contest at Olivet next Friday by Miss Sarane Anne Schult of Sioux Center, Ia., and Russell David Damstra of Holland. Both are members of the class of 1927 and winners in local contests. They will be accompanied by John H. Nykerk, coach in oratory, and a member of Hope's faculty for 41 years.

Hope contestants have been awarded 10 state honors in the past 15 years and for six successive years have won first honors in either men's or women's contests. Three interstate contests also have been won by Hope men.

DIES SUNDAY AT THE HOME OF HIS SON

Henry Brinkman died Sunday at the home of his son, George Brinkman. He is survived by seven children: Mrs. John Kleinhekel, Mrs. John Mokema, Jennie, Hattie, George, Albert, and John of Detroit. The funeral was held Thursday at one o'clock at the home of George Brinkman and at two o'clock at the Berean church in Holland. Rev. J. A. Van Dyke officiating.

WORK ON GRAND HAVEN POST OFFICE BEGINS

John H. Holmes and Al Lundberg, contractor and supervising engineer from the treasury department at Washington, D. C., are in Grand Haven to begin work on the new \$16,000 addition to the post office there.

The work will take about five months and will greatly increase the space and facilities of this growing office. It will correspond in stone to the old building and will be one story high, being placed on the north side of the present structure.

ALLEGAN YOUTHS WHO STOLE FROM HOTEL, SENTENCED

Pleading guilty to a larceny charge when arraigned before Justice E. Fish of Allegan Saturday morning, George Short was fined \$12.50 and costs of \$6.50 and Harold Rebel, \$12.50 and costs of \$3.85.

The youths were arrested by Sheriff Ben Lugten and Deputy John Van Arke for taking bedding from a room in the Lawrence House in Plainwell early Monday morning. They claimed they were intoxicated and had not premeditated theft.

SCHOOL PROPOSAL GOES TO A VOTE AGAIN TUESDAY

The building of a new Beechwood school on the north side has been a very live question among the taxpayers voters there. Nearly a month ago the proposal of building a \$127,000 school was voted on and was carried by a majority of one vote. Although the latest vote in the history of any school election was brought out, nearly every tax payer being present, the vote was too close for comfort.

The school board shortly after the election called a meeting in order to find out what kind of a school the voters would desire. All district schools are built outside. All district plans are sent out by the superintendent of public instruction at Lansing.

After the election opposition arose among those who wanted to economize and not build on such elaborate plans. Some brought out the fact that the election was not legal, although from the standpoint of representation this could not possibly have been said. I was then stated that one of the voters was not a tax payer, and rather than have any doubt about the matter the school board decided to resubmit the proposal.

There is one change however. The plans have been altered and instead of a \$127,000 school, the proposal is to be voted on tomorrow night will be for a \$112,000 school or \$15,000 less than the first proposed voted on a few weeks ago.

Nobody disputes the fact that a larger school is necessary, the four rooms are overcrowded even now and the north side is growing rapidly.

Those opposed to a new school suggest rebuilding the present one, adding other units. Those backing the school proposition hold that it is only a temporary makeshift and the whole matter will have to be done over again within a few years, and they feel that now is the time, when building generally is slack, to build for the future, feeling that at this time the price of erecting a building would be less than if things were rushing in the building line.

BOOM IS SEEN AT GRANDVILLE

Projects of major importance for Grandville and environs already assured bid fair to make this year one that the residents can point to with pride.

With the assured fact that a new addition to the present school will be erected during the spring and summer building period, and that the United Suburban Railway Co., offering better and adequate transportation, is being incorporated and that the Kent County Gas Co., has actually gone into the field, warrenting the assertion with the added possibility that the community will have these added facilities, better transportation and gas service installed before the torrid summer months come to an end.

Home construction will no doubt maintain the boom for the past two years, while a downtown park, the village limits will be provided. A new bridge crossing the Grand at Wilson street is a possibility, while M-51 will be completed over the new right of way.

The most important consideration would be more factories as the local Business Men's Association should give this their close attention. The Hubbell factory started here a year ago is doing splendidly and it is possible to get several more of them if they are wanted. The community has everything to gain by the new projects under way and with these added advantages Grandville will soon be one of Kent county's greatest incorporated communities.—Grandville Star.

HOLLAND MAN AND GREENVILLE WOMAN WED

J. P. Huyser, former meat dealer of Holland, was married to Mrs. Ruth Inge of Greenville. The marriage took place at the home of G. Rutgers, local rural mail carrier, in the presence of immediate friends and relatives.

Just J. Den Herder officiated. The couple took the Chicago train Thursday afternoon for a honeymoon trip of two weeks.

Religious and charitable institutions are made beneficiaries in the will of Catherine A. Peck, of Grand Rapids, whose estate is valued at more than one-half million dollars. Her will has been filed in probate court. Nieces and nephews and grand-nieces and grand-nephews are principal beneficiaries. Among the bequests are Westminster Presbyterian church, Grand Rapids, \$12,500; Y. W. C. A. Grand Rapids, \$12,500; Salvation Army Rescue Home, Grand Rapids, \$5,000; Salvation Army, for work in Grand Rapids, \$5,000; Presbyterian board of publication and Sabbath school work, \$5,000; board of foreign missions of the Presbyterian church, \$5,000; Presbyterian board of relief of disabled ministers and the widows and orphans of deceased ministers, \$5,000; home for the friendless, Newburgh, N. Y., of which city Miss Peck was a native, \$5,000; Morgan college, Baltimore, \$500.

STEWART WILL DO LABORATORY JOB IN STATE PRISON

Donald Stewart is safely behind prison bars at Jackson, where he will spend from five to ten years as a result of forging a check to the amount of \$650.

Sheriff Fred Kamferbeck in an interview recalled his last contact with this interesting prisoner, telling of their reception in the prison house and the stir of excitement that filled the prison as the noted inmate walked into the doors.

Supt. Hulbert and three officers of the prison immediately took Stewart in charge, taking him into a private office where for two hours they gave Stewart as thorough a grilling as he had ever had in his life. The sheriff answered to all their questions. Stewart answered in the same way as he did in court and in the Grand Haven jail and never faltered in the story of his whole diabolical life.

The prison authorities advised him to turn over a new leaf and bore the facts home once more that a man of his calibre and education need never have come to such an end. He will doubtless be used in the laboratory of the institution as his education qualifies him for such work.

NEW INDUSTRY IS PROBABLE FOR HOLLAND

After more than forty years of experience in the bed business, Mr. Francis Karr of this city has perfected a new type of mattress, which promises to be the basis of a great enterprise.

Mr. Karr and his son, Charlie, control the patents, and have released certain rights outside of their own business. They are now in the process of introducing the new product in various parts of the country and from great, established factories, without capitalizing for the production. Later, in perhaps a year or two, if another factory is found to be advantageous, it is more than likely that it will be located in Holland.

Answering the inquiry whether stock can be purchased in the new enterprise, Mr. Karr states that none is for sale at this time, but that if any is sold, for example, when a factory is built, Holland people will not be overlooked. Although the new product has been introduced to the public, the Karr mattress has been given several years of thorough test in all fundamental respects. It has been put in, as standard, throughout the Battle Creek Sanitarium, hospital department, and in the Michigan State Hospital in Chicago. It is making an outstanding record in several hotels and has been approved enthusiastically by its individual purchasers.

The "Spring-Air Mattress" for that is the registered trade name, has a number of special features any one of which would make a great appeal to the housewife. It is easy to handle, even for a child. When placed on a low priced light weight fabric spring, it makes a bed more comfortable than the best of the class. Its resiliency is maintained by the patented highly tempered all-steel construction which insures unpaired comfort and appearance for a lifetime. There is no mattress more sanitary than the Spring-Air or more durable. Last but not least, a recent development, which calls for another patent, has made the Spring-Air second to none in the world for beauty.

Mr. B. G. Timmer, until recently of Holland, and Purman company, has taken over western Michigan territory with the Karr company and will make Holland his headquarters. Anyone desiring to see the Spring-Air mattress can do so at Mr. Timmer's home, 116 East 32nd street.

It will be of interest to their friends to know that both Mr. Timmer and Mr. C. D. Karr have turned down several excellent positions, in other cities, to enter the bedding field with such extraordinary advantages awaiting them just at this time.

HOLLAND'S NEW SCHOOL HAS 697 PUPILS

That the building of the junior high school was timely is already evident from the crowded condition that prevails. Holland would have been in a bad shape without its junior high school, even the cafeteria is now being used by Miss Anna Dean for the teaching of penmanship.

Because of the crowded condition, two former restation rooms are now being used as home rooms under the direction of Miss Albers and Miss McClellan.

The enrollment in junior high is 497, a gain of 46 over last year and the largest number of pupils ever enrolled in junior high. The classes are: 7-1: 88; 7-2: 131; 8-1: 94; 8-2: 124; 9-1: 93; 9-2: 167.

Many Holland radio folks heard Mr. Samuel M. Zwermer deliver one of his impressive lectures Sunday night at the Chicago Sunday Evening club in Orchestra Hall. The lecture was broadcast over MWAQ, Chicago Daily News station.

Mr. and Mrs. R. J. Hawkins of Reed City, called on Mr. and Mrs. W. E. Zietlow, Mr. Hawkins left for Chicago and Mrs. Hawkins returned home.

ALLEGAN NORMAL IS REHEARSING 3 PLAYS

Miss Lydia M. Edwards of the Allegan Normal is directing the play "The Neighbors," to be given by the county normal students March 15 in connection with the three other plays, "Adversity Allegan," "Committee on Matrimony," and "The Real Thing."

Paul Ernest, 21, living in Grand Haven and working for George Weber, Grand Haven restaurant keeper, was arrested Saturday morning by Emil Klumpe and arraigned before Justice D. F. Pagelson on a charge of petty larceny. Ernest had stolen the key to the cash register and the justice fined him \$5 and costs of \$3.45. His parents are living in Texas.

PRIZES ARE GIVEN HOLLAND'S MOST POPULAR QUEENS

Here's the final vote on Saturday night in the queen popularity contest put on by the Willard G. Leenhouts Post American Legion Saturday night at 10 o'clock.

At last Mr. Brooks called out: "Hear Ye! Hear Ye! The polls are now closed," and 15 minutes afterwards a canvassing board of eight men selected from the Legion and headed by "Chuck" Van Lente, of the Holland City State bank, had tabulated all the votes and found that Miss

The second called was Miss Putnam, who was awarded a \$250. diamond ring. The third and last winning contestant was Miss Woldring, who was awarded a \$125 diamond bracelet.

The other contestants, six in all, were called to the stage, one by one, and each was given a beautiful token by Mr. Edwards in behalf of the Legion for their part in the queen contest.

The queens, as they appeared, were loudly applauded and there were many calls for speeches. Each young lady bowed gracefully to the audience present and withdrew.

The second big feature of the evening was the awarding of the beautiful Hudson brougham conspicuously placed in the center of the hall.

Nearly three quarters of a million votes were placed in a screen enclosed cradle and thoroughly stirred up. Little Marie Tillman, 8 years old, living in Holland, was blindfolded and the 13th vote selected from the

Among the men who have done much to make the affair a success are Commander Jack Knoll, former Commander Ben Lieveise, Charles Van Lente, Russell Rutgers, Geo. Manning, Ernest Brooks, Arthur Smith and a score of others who might be named.

There were all sorts of take-offs and freaks, including a five-legged calf with two heads, the wild man from Borneo and many other side show attractions. At intervals vaudeville artists did stunts on the stage as extra entertainment for the crowding mass of people.

Coffee and sandwiches and other refreshments were to be had and the carnival spirit was rampant the entire week.

FORMER OWNER OF GILDNER HOTEL DIES ON THURSDAY

Henry Gildner, 75 years old, owner of the Hotel Gildner, at Grand Haven, died Thursday evening at his residence, 630 Paris ave., SE., Grand Rapids, following an illness of several years. He had been confined to his bed for the past six weeks.

Mr. Gildner, who was 75 years old, was born in Hessen, Germany, and at the age of 18 he immigrated to Canada where he married Miss Eva Oswald in 1870. In 1895 he came to Grand Rapids with his wife and their three children and in December, 1901, purchased the old Kirby hotel at Grand Haven.

After extensive improvements, the hotel was named the Gildner, and for a quarter of a century has been the leading hotel in Grand Haven. It was sold by Mr. Gildner two years ago.

He was a member of B. P. O. E. lodge, No. 48 and the Canadian Order of Foresters and attended Trinity Lutheran church at Grand Rapids. He is survived by his widow, one son, George, of Grand Haven; one daughter, Mrs. Emmett Phillips, of Grand Rapids; nine grandchildren, three brothers, Andrew, of Windsor, Ont., Charles, of Toronto, Ont., and John who lives in Germany, and two sisters, Mrs. A. Schaefer of Kitchener, Ont., and Mrs. C. Hamel, of Germany.

Funeral services were held at the residence at 2:30 Saturday afternoon. Burial was in Oak Hill cemetery, Grand Rapids.

Mr. Gildner was well known in Holland, especially to those who attended conventions at Grand Haven.

PEACHES IN THE PEACH BELT FROZEN AGAIN

Despite the beautiful winter, with very little cold, it appears the peaches in the peach belt are frozen just the same as they have been each year as long as one can remember.

That there likely will be no over-production of peaches in Michigan this year, is the opinion of H. D. Hootman, extension pomologist, at Michigan State college and secretary of the Michigan State Horticultural society.

Hootman expressed this belief at a pruning demonstration in Edward Robinson's orchards on Wednesday afternoon in connection with a meeting of the Grand Rapids Farmers' club.

After and then a live peach bud was found in Robinson's orchard, indicating that perhaps 10 per cent had survived the cold waves, Hootman said. It remains to be seen how many of the remaining buds have not been injured, but if a majority of them live and escape spring frosts they will produce only a fair crop.

The condition of local orchards was said to be quite typical of the situation in many parts of western Michigan's fruit belt. Some damage resulted from the 40-degree drop in temperature in mid-December, Hootman said. The greatest injury occurred from the zero and subzero weather of Jan. 26.

The damage to peach buds was said to be quite general throughout western Michigan, although greater in some communities than in others. Some injury occurred in Van Buren and Berrien counties, but it was not as great in the South Haven-Benton Harbor district along Lake Michigan as in the inland orchards away from the tempering effect of the water.

It was impossible to determine whether apple, cherry, plum and pear buds had suffered any winter injury.

"BEST CITIZENS" LIST
NOT AVAILABLE TO THE
PASTORS' CONFERENCE

Efforts of the Muskegon Pastors' conference to have the names of Muskegon's "best citizens" published were unavailing, according to a letter received by L. S. Waterman, secretary of the conference, from Prosecuting Attorney R. Glen Dunn.

The "roll of honor" in question is the group of names contained in the Who's Who of C. P. King booklet, a group of names who were named several months ago and who, when brought before Judge Vanderwerf for sentence, declared he dealt only in good liquor and sold to some of the "best citizens" of the city.

The Pastors' conference attempted to have the list of alleged patrons published and sent a petition to this effect to Prosecutor Dunn. In reply, the prosecutor pointed out to Mr. Western that the list was not identified with Mr. King's business in any way other than the book was found on his person upon arrest and that the names were not made a matter of court record.

Publishing the names under these circumstances, he stated, would leave grounds for libel suits.

COW "ANGLE" IN THE
BIG CHICAGO FIRE

Michael Ahearn, veteran newspaperman, who helped invent the story that the great Chicago fire of 1871 was caused by Mrs. O'Leary's cow is dead here at the age of 77.

In a newspaper story several years ago, Ahearn said that he and two other reporters concocted the tale of the cow overturning a lighted lantern in hay to start the conflagration and later learned that spontaneous combustion in the O'Leary barn probably caused the fire. At the time Ahearn was a reporter for the Republican, but later he retired from the newspaper business.

The local junior high team added another victory Friday night at Grand Rapids when the Lee high reserves went down 20-16. The tussle was won in the last few minutes, when Coach Hartman substituted Mead and Van Zanden each annexed 3 field goals. McCoy, Lee center, was best for the home team with four field goals. This is junior's eighth win in nine games. A return game with the G. R. Five is scheduled for next Tuesday in Holland.

SPORTING JOBS

A fast moving Flint high school aggregation triumphed over Holland high Friday evening, the final score being 30-25. It was simply a case of too much Cook, this shift forward running wild with a total of 17 points. Tyase, whose absence last week over the flu, took to the field at Grand Haven, was extremely cautious against Flint and he was far from being himself, although he tallied 3 half court shots. Although being on the tail end of the score, Hinga's men played splendidly, the game being close all the way. For a time it appeared as if the Hollanders were going to enjoy a good evening on the iron. Breen tossed in three deuces but could not connect and the locals lost 7 chances to raise their score over this route. Numerous chances went for nothing while Flint had good success. Holland was on top at the quarter 6-5. De Weerd, Paulus, Tyase and Elenbas all helped to give Holland the margin at the half, score 16-15. Breen had started things and he was closely guarded. Cook, taking his time, simply was uncanny in his efforts and alone helped him to 9 points. Sack-rider, a sorrel topped lad was a great aid to Cook, as was Captain Lutz at guard.

Flint was a bit superior at passing but the teams were evenly matched outside of this. The Muskegon boys took on speed at the second half start. Tyase politely stepped aside for Cook and the natural result followed. Elenbas and Breen each with 1 point and Tyase with a long deuce made Holland's score 20 at the quarter. Flint was busy garnering adding 7 points, Moss, Cook and Popp scoring. This set the crowd on edge with the score Holland 20, Flint 22. Again Flint scored. Sack-rider turning the trick. Holland was slow and waited until the last 3 minutes to hurry in the points. Paulus got a foul. De Weerd electrified all present with his mad court deuce, his lightening up, but Tyase let fly and the count was 25-26 with 2 minutes left. Here Flint showed class. Holland was sucked up off defense and Cook sneaked in a deuce. Popp scored the point and the game closed, score 30-25.

A wee lad, scarcely five feet tall, was the shining light in Lee high's 29 to 11 defeat at the hands of Zealand high Friday night in the Lee st. gym, Grand Rapids.

The midget bore the name of Van Ark, and gave the group of Dutch supporters that attended the game a few thrills when he evaded the taller players in the Zealand team and dropped the ball through the loops for a majority of his team's points.

Hapt, Stillwell, of the Zealanders, and his teammates, Van Hartsem, were tied for scoring honors with 12 points each. Stillwell made six baskets from the field, while Van Hartsem made four from the field and an equal number from the foul line. Blood-good played a good defensive game for the local team.

In the preliminary, the Lee high reserves were defeated by the Holland Junior high school quintet in a fast game by the close count of 20 to 18. McCoy with 12 points to his credit; was high scorer of the game. Clarence Den Helder refereed in a highly capable manner.

The Detroit Times and also the Detroit News are publishing the wonderful record made by the Muskegon high quintet and blames all this steam to the first defeat Muskegon received when Holland high turned the trick.

The Detroit Times says that a one-point defeat at the hands of Holland in their first game of the season made basketball demons out of Muskegon's high court athletes.

Seven other teams have been made to pay dearly for what the Hollanders did to the Muskegon quintet. They trimmed Mt. Pleasant, 26 to 14; Benton Harbor, 33 to 15; Catholics Central, 38 to 17; South, 44 to 15; Central, 42 to 21; Muskegon Heights, 53 to 14, and Lansing, 31 to 17.

Pful Versey, all-state forward last year, who recently was graduated, finished his prep basketball career auspiciously with 10 field goals in the Muskegon Heights game. In seven games he scored 58 points from field goals and six foul tosses, an average of eight points a game. McCull, in the same number of contests, contributed 65 points.

The Haskell Indians showered 16 field goals on the Holland high school team, Thursday evening, adding 6 points from the foul line, they found they had enough margin to take a 38-27 victory. Big Jim Thorpe, world's famous all around athlete, started at a guard position for the team, but soon gave way to a speed demon by the name of Waap. While Thorpe was in the tussle, the game was going toward the locals, but soon the visitors found their range, and had a 21-16 lead at the half. The four Indians were very greatly aided by a pale-faced six-footer who answered to the name of Peters. This man Peters was the whole works during the first half, and with Miller trailing him closely in the second period he again tossed in 5 points. His score sheet for the evening would make any man smile, as he had a total of 20 points. The Furnace men were state. They missed numerous opportunities and only at times did they present their usual drive. This is only natural after their long string of games and the thing was bound to break in the next game when the Swedes came.

The scoring was equally divided for leading with 8. Hinga got 6 points and Miller 4. The Hollanders looked like very possible winners for the first quarter. Peters then started a drive and 15 points by this worthy turned the tide of battle. West, with pretty side court shots and Waap with a lot of startling foot-work, proved to be a little better than the locals could over-come in the last two periods and while Peters was kept busy from the loop, these fellows hurried in enough points to win at times it appeared as if the spurts by the Hollanders would make the game close, but each time one of the Indians would take the joy away by a close-in deuce. Playing on the average of 3 games a week, these fellows meet all kinds of opposition and they were worried for a while here Thursday evening. On their recent trip they have won 15 straight games. The home club was set to stop the usual clever passing attack of the Indians and had the luck of dropping in the ball when it is accustomed to be a better game would have been played, as the Hollanders were equally as good in the passing game. Holland is again due to win and the Terrible Swedes may feel the sting of defeat next Thursday, but play will have to be fast, the more so, as a wonderful reputation and pass the ball back handed.

CHRYSLERS WIN THE CITY CHAMPIONSHIP

The final games in the city league were played off Thursday night and the Chryslerers were pronounced the best, winning over the Printers five in the last set. Only once were the auto dealers halted in the city race and that was by the Heinz aggregation which went into a tie for third place with the National Guards. The Y. M. C. A. men landed in second place and they are easily the next best among the six teams. Their two defeats were administered by the Chryslerers and one game was an overtime affair. The National Guards after a poor start went great guns and under the direction of Dick Japaga they tied the Heinz in third place. Each team won 4 and lost six games. The team sisters in the race were the Holland Furnace five and the Steketee-Van Huls tossers. These two clubs were given good trouncings nearly all the time, the Printers coming to life in the last few games and showing better form. The Warm Friends ran true to form in the last game and were dumped by the Guards, the count being 20-14. This game was close nearly all the way, the going along at a rapid pace for the first two quarters and a tie game at the half way mark with the Y. M. C. A. tossers. The shooting of Slagh turned the tide of the game and this worthy shot six field goals and a foul. He was assisted by Wolters and Swierenga. Captain B. Hill, with his long-range shooting and Joe St. John with a first class dribbling attack were the means of keeping the Pickle workers in the race until the last period when the score went against them. For the most part the games in the league have been well played and the interest ran high until the last game. Two more games will be played next week, the Chryslerers and the Y. M. C. A. tossers meeting out-side of town clubs.

Below are the records of the last three games:

COMMON COUNCIL

Holland, Mich., Feb. 16, 1927

The common council met in regular session and was called to order by the Mayor.

In the absence of the Clerk Overway, on motion of Ald. Peterson, 2nd by Ald. Brieve,

City Attorney McBride was appointed acting clerk.

Present: Mayor Kammeraad, Alds. Kleis, Westing, Brieve, Drinkwater, Hyma, Laepple, Peterson, McLean, Dykstra, Van Zanten, Vander Hill and Visser, and Acting Clerk McBride.

Devotions were led by Ald. Peterson.

The minutes of the last meeting were read and approved.

J. W. Post petitioned for license to engage in the business of conducting a pool room and billiard parlor at 178 River Ave. and presented bond with the American Surety Co. of New York for transfer of pool room license from P. D. Lekas to himself.

Referred to the Committee on Licenses.

Holland Gas Co. submitted operating report for the month of Jan. 1927.

Holland Gas Co. applied for building permit to construct a Gas Storage Tank, with dia. of 95 ft. x 65 ft. high at an estimated cost of \$40,000 on their premises on East 13th St. near the Pere Marquette Ry.

Granted subject to Ordinance.

R. Brink and others petitioned for the paving of 20th street west of Michigan Ave.

Referred to the Committee on Streets and Crosswalks.

The Committee on Ways and Means to whom was referred the petition of the Christian school, Mr. Koester and others, relative to the assessment of the cost of laying a sidewalk over the culvert on Michigan Avenue reported that in their judgment these property owners should be assessed on the basis of a 15c a sq. ft. for the sidewalk.

Adopted.

Said committee to whom was referred the communication of the Board of Park & Cemetery Trustees relative to the purchase of the Fairgrounds for Cemetery purposes reported that after a conference with the said Board they recommended that the project be delayed for one year.

Adopted.

The Committee on Streets & Crosswalks to whom was referred with power to act the petition of H. P. Kleis to move a house from 178 E. 14th St. to 14th St. east of Lincoln Ave. reported having granted the petition.

Reports of Select Committees

The Sewage Disposal Commission

Adopted.

The City Attorney reported having taken up with Clyde J. Holmes, the attorney for the Consumers Power Co. the matter of transferring to the city of Holland title to the steel poles on 8th street and River avenue, and received the following reply:

"I have just taken up with Mr. Tipple the question of the iron poles in the street in Holland, and he has requested me to advise you that he is very glad to give them to the city without cost. These poles were purchased by the company and no one else has any interest in them, so that the city is now the owner. This letter will be your authority for same. I do not believe that a bill of sale is necessary, but if it is, let me know and I will be glad to send you one. We are very glad to do this for the city."

Accepted.

ELECTION NOTICE

CHARTER AMENDMENT

RESOLVED, that the Charter of the City of Holland be so amended as to repeal the provisions, restrictions and limitations contained in Section 19 of Title 28 of said Charter, which provides, in substance that the City of Holland cannot borrow money in anticipation of the receipts from special assessments for street improvements, in excess of in any one year, which said Section 19 now reads as follows:

"Section 19. For the purpose of meeting such costs of improvements, in anticipation of the collection of assessments and taxes to defray the expense and costs thereof, as above provided, the Common Council may, by resolution, authorize the borrowing of a sum of money equal to the amount of the cost of the whole improvement and not exceeding Fifty-Thousand Dollars in any one year; and to issue the bonds of the City therefor, bearing interest at a rate not exceeding six per cent per annum, with interest coupons attached. Said bonds shall be made payable in equal amounts each year, for a period not exceeding ten years from the time of issuing them. Said bonds shall be called "Street Improvement Bonds," and the same shall not be sold less than par. The proceeds of said bonds shall be paid to the City Treasurer and placed to the credit of the Street Improvement Bond Fund, which fund is hereby created and established. Such bonds when issued, as herein provided for, shall be the general obligation of the City of Holland, and the Common Council shall provide for a sinking fund to cover such bonds when matured; and provided, that bonds issued under the provisions hereof shall in no case be refunded."

RESOLVED further, that said amendment be in the following form:

The people of the City of Holland do ordain as follows:—

Sec. 19 of Title 28 of the Charter of the City of Holland is hereby repealed.

</

State of Michigan, County of Ottawa—ss.
The Circuit Court for the County of Ottawa, in Chancery.
In the matter of the petition of Oramel B. Fuller, Auditor General of the State of Michigan, for the sale of certain lands for taxes assessed thereon.
On reading and filing the petition of the Auditor General of the State of Michigan for the sale of certain lands for taxes assessed thereon, and in answer to the petition of the Auditor General of the State of Michigan, against each parcel of land therein described, for the amounts therein specified, claimed to be due for taxes, interest and charges on each parcel of land, and that such lands be sold for the amounts so claimed by the State of Michigan.
It is ordered that said petition be brought on for hearing and decree at the March term of this Court, to be held at Grand Haven, in the County of Ottawa, State of Michigan, on the 2nd day of March, A. D. 1927, at the opening of the Court on that day, and that all persons interested in such lands or any part thereof, desiring to contest the same, shall appear at said term of Court, and thereon, shall appear in said Court, and file with the clerk thereof their objections thereto on or before the first day of the term of this Court above mentioned, and that in default thereof the same will be taken as confessed and a decree will be taken and entered as prayed for in said petition. And it is further ordered that the amount of the taxes, interest and charges on each parcel of land described in said petition for the first Tuesday in May thereafter, beginning at 10 o'clock a. m. on said day, or on the day or days subsequent thereto as may be necessary to complete the sale of said lands, be paid to the Auditor General of the State of Michigan, or at such convenient place as shall be selected by him for the payment of the same, and that the Auditor General of the State of Michigan, and that the sale thereon made shall be a public sale, and each parcel described in the decree shall be separately exposed for sale, and the taxes, interest and charges, and the sale shall be made to the person paying the full amount charged against such parcel, and accepting a conveyance of the same, and if no person will pay the taxes and charges and take a conveyance of less than the entire thereof, then the whole parcel shall be offered and sold. If any parcel of land cannot be sold for taxes, interest and charges, such parcel shall be passed over for the time being, and shall, on the succeeding day, or before the close of the sale, be reoffered, and if, on such second offering, or during such sale, the same cannot be sold for the amount aforesaid, the County Treasurer shall bid off the same in the name of the State.
Witness the Hon. Orin S. Cross, Circuit Judge, and the seal of said Circuit Court of Ottawa County this 10th day of January, A. D. 1927.

At a house warming at the home of Mr. and Mrs. Cornelius Rozenberg, Virginia Park, a booster club was organized. There were a large number of neighbors present, living in what is known as Harrison's addition. The new members of the club reviewed the progress made there, the large number of homes built, and many other buildings now in process of construction. Virginia Park is prospering.

Grand Rapids police have been asked to aid in the search for a Mr. Aaler, who is thought to have come here from Holland about 25 years ago and who is said to have run a grocery store here at that time. The request has been made by a nephew, Andrew G. Heise, of 202 Geddes ave. Ann Arbor. He came to this country about four years ago and his mother, a sister of Aaler, desires the information. —Grand Rapids Herald.

Among the many favorable comments received in Holland on the Hope college girls' glee club concert tour thru the east is one from Rev. M. J. "Butch" Den Herder, pastor of the Reformed church at Mellville, N. Y., who in writing to friends here, after having heard a concert at the Marble Collegiate church, New York City, says the tremendous ovation accorded them everywhere is a remarkable tribute to Hope college.

Nearly 300 young people from the Bethany Reformed church at Grand Rapids motored to the Central Park church Thursday evening to be present at a reception held there for Mr. Jacob Prins, a senior at the seminary. A fine program of speeches and songs was well rendered and Mr. Prins responded in a few well chosen words, requesting the prayers of the friends gathered there that he might be led to make the right decision with reference to the promise of a call from Bethany church.

The sermon topic for the morning at Hope church is "Are Foreign Missions Worth While?" The choir will sing Greene's "The Lord is in His Holy Temple." The offertory offering is McDowell's "To the Sea," a trio by Mr. Mook (violin), Mr. La Mere, (cello) and Mr. Dok (organ). In the evening Dr. Davidson will discuss, "The Religion of Franklin." The choir will sing Barnes' "By the Rivers of Babylon," and Mr. John Ter Vree will sing Taylor's "There is a Beautiful Land on High." The organist will play an organ adaptation of a melody written for violin by Vice President Dawes.

CAR IS STOLEN, FOUND AND THEN STOLEN AGAIN

A week ago Henry Zwemer lost his large Cleveland car and it was found in Grand Rapids without gas. Friday night some joy riders stole it again and although the car had been disconnected and the key was taken out, apparently someone well acquainted with a Cleveland car got the machine going, and it was gone again Saturday morning when the owner went to look for it. Holland police have been notified.

CHICKEN CLINIC
DRAWS MANY
FRIDAY NIGHT

At least 100 poultry men gathered at the city hall Friday evening to see Dr. Lyman Peck of the Albert Dickinson company of Chicago, form an autopsy on several grown fowls and baby chicks. Fifteen grown birds and twelve chicks were brought and these were killed and operated on and as the doctor proceeded with his work of dissecting he showed step by step what he was doing. He gave the reasons why he could tell, and then he gave the rules for prevention and cure.

Several tuberculous birds were found; others had nutritional troubles and there were a few cases of colds. Improper feeding is one of the reasons given, which gives weak birds a start in the wrong direction.

The meeting started early and after Mr. Peck had lectured on poultry diseases he was bombarded with questions. Though he was supposed to get away at 11 o'clock, poultrymen remained so interested that it was long after midnight before the meeting adjourned.

Officials of the Holland Poultry association state that it was one of the most interesting poultry meetings and at the same time the most instructive ever held in Holland, and Secretary Brouwer stated that before many weeks a similar meeting will be held and the court room at the city hall will be packed with interested spectators.

A meeting took on more the form of a school of instruction than anything else and the lesson was so intensely interesting that time was no object to the 100 chicken men who took the trouble to come to the meeting.

HIGH SCHOOL
PLAY DATES
ARE GIVEN

"Bab" the senior play of '27, has been announced. All the high school students and alumni, besides most of the townpeople, will be interested to know that the time of the performance is March 21 to 24. This annual production never fails to draw crowded houses for four nights and on some occasions the play is carried to a fifth night. It is not unusual for the class to raise \$1100 by these plays. This money is always used to beautify the school or to purchase books, stage scenery, or similar useful and practical things.

The play is selected each year by Miss Mable Anthony, head of the public speaking department at the high school. Members of the cast are selected only from the senior class. This year's class establishes a record, for it consists of 140 graduates. All through its high school career the class has excelled. In athletics, debating and similar activities it has been paramount. Now all efforts are being made to put on a play that will be talked of for years to come.

New Books At
The City Library

The following new books have been placed in circulation at the Holland city library:

ADULT FICTION.—Labels, A. H. Gubb's, "My Mortal Enemy," "The Time of Man," Robert's, "Buried Alive," Arnold Bennett; Her Son's Wife, Dorothy Canfield Fisher; The Black Hunter, Curwood; The Wondering Moon, Weston; Bellarion, Sabatini.

ADULT NON-FICTION.—Prohibition at its Worst, Irving Fisher; Kate Douglas Wiggin as her Sister Knew Her, Smith; Robert Browning, Poet and Philosopher, Sim; School and Home, Patric; Introducing London, E. V. Lucas; Joan of Arc, 2 vols. Paine; S. C. Lial Among the Insects, Wheeler; Modern Hot Water Heating, Steam and Gas Fitting, Donaldson; China, Carpenter.

JUVENILE BOOKS.—Ship Model Making, McCann; Four and Forty Fairies, Banta; The Children of Mother Goose, Cowles; Umbao, the Elephant, Garis; Eskimo Land, Hawkes.

SPEED COP
TAKES BRIDE

Speed Cop James Spruit, it has just come to light, was quietly married a few days ago to Mrs. Henrietta Redalda. Justice Van, Schelven performed the marriage.

Mr. Spruit did some mighty quick work in proving a home for his bride. He purchased from the city of Holland the fourth ward voting booth, located on 1st avenue, moved it to 115 West 27th street, and with proper alterations within a short time had his home completed and has moved in with Mrs. Spruit. Surely Mr. Spruit can show more speed even in the providing of a home.

DAMSTRA ENTERS
POLICE RACE

Mr. David Damstra, a member of the firm of Damstra Bros., has consented to become a candidate for membership on the police board. Mr. Damstra is well known in the city. For a number of years he has been superintendent of the Sunday school of Trinity church and has always shown a deep interest in the youth. It was at the request of the W. C. T. U. that Mr. Damstra has consented to become a candidate.

Mr. Damstra is not unacquainted with city work. He served for two years as alderman and was a member of several important committees. In addition to his Sunday school work in Holland he has always taken a prominent part in the Ottawa County Sunday school association.

The Pere Marquette railroad has ordered a new passenger car, 900 built to operate between Detroit and Windsor. It is the largest, river boat in the world, being 400 feet long.

HOLLAND MAIL CO.
IS REORGANIZED;
NAME IS CHANGED

The Holland Mail company has been reorganized. It has been placed on a solid financial basis and even a change has been made in the name. In the future the firm will be called the Vac-A-Tap company of Holland.

A considerable amount of new capital has been secured for the new organization and the officers of the new company are the same as those who were connected with the Holland Mail, with the exception that Carl E. Gschwind, now Carl E. Swift, has severed his connection with the organization and Mr. Stuart R. McDonald, for many years connected with the Holland-St. Louis Sugar company, has been made the general manager of the Vac-A-Tap company.

With the change of name also came a change in business policy not alone, but in the product that is turned out in the factory on the northside. It is said that the new washing machine that is now being turned out is the best of its kind. Inventors who have watched the mechanism of this new washing machine are loud in their praises, claiming that it will revolutionize the washing industry and there is no doubt help but be a big demand for this washer, manufactured in this city.

Mr. Herman Landwehr, the sales manager, states that although the new washer has barely been put upon the market, the volume of sales has been large and the outlook is unusually encouraging.

The men interested in the plant financially have been very successful in getting great things from the new Vac-A-Tap. The name is derived from the workings of the machine, which combines the vacuum and the tapping system of cleaning, and this system of cleaning is not only thorough but in speed as well.

The machine is said to be not only economical to operate, but is also very durable. The fact that it is so economical and that this industry is again on a sound basis and has become one of its dependable manufacturing plants.

MERIT BADGES IN
LARGER NUMBER
WON DURING 1926

Boy scouts earned a total of 294,144 merit badges for achievements in 1926, according to a report for the twelve months just made public at the national offices of the boy scouts of America, in New York City. This is far the largest number earned in any one year by scouts since the organization of the movement seven years ago. It exceeds the number for 1925 by 100,084, as 1925 exceeded 1924 by 45,884.

Merit badges in general issued to boys scouts for proficiency in many activities. The number of subjects for which such badges are issued is seventy-six, having been recently increased from seventy-four by the addition of canoeing, journalism, weather and salesmanship. Some time ago the craftsmanhood badge issued to boys demonstrating ability in arts and crafts in leather, wood, metal, basketry, pottery and other mediums was divided so that a badge is now issued for each classification.

Large increases in numbers of badges issued were observed in several classifications. Most badges, 19 to 330, an increase of nearly 6,000, were issued for firemanhood. The several craftsmanhood occupations come next with 17,924, or only a few less than twice the total for 1925. Personal health, public health, swimming, first aid to animals, cooking, handicraft and life-saving were represented by large totals and important increases, testifying to the interest of boy scouts in the several subjects. In fact, some of the subjects, now, such as swimming, first aid, personal health and others are required for advancement into higher grades. An interesting fact is that the badge for reptile study issued for the first time in 1926 found 1,403 devotees.

BIBLE READING IN STATE
SCHOOLS IS PROPOSED

A bill for the reading of the Bible and repeating the Lord's Prayer in all public schools of Michigan daily was introduced Friday by Rep. Dwyer of Grand Rapids. No pupil would be required to attend these religious exercises if a written note of non conformity was filed with the school authorities by the parents. The bill opens with the words, "Religion and morality being necessary to good government and the happiness of mankind, a short portion of any widely accepted version of the Bible shall be read daily in the schools. During the prayer the bill provides the children shall stand.

GRAND RAPIDS
SOLDIERS HOME
INVESTIGATED

Col. Edgar E. Campbell, of Grand Rapids, has been named commandant temporarily. So much was the action of the governing board of the Soldiers' Home Friday after there had been laid before it affidavits which for some time have been in the possession of the state authorities. An investigation of the affairs of the home was begun Friday, when Kilt F. Clardy, assistant attorney general, Oscar Ohlender, head of the department of safety of the state, and Rep. Wilber Snow of Kalamazoo came to Grand Rapids and proceeded to the home to meet with the members of the home board of control.

Conditions at the home have been complained of some time, and all sorts of rumors have been circulating relative to its affairs. Disappearance of drugs, the use of narcotics and numerous other abuses have been set forth until the federal government has had some things to say about it. The home has not been kept up properly, it has been shown by the committee of both house and senate who have visited it.

Col. McGurkin is well known in Holland having visited here often and at one time he was guest of honor at a banquet held by local soldiers.

K. OF P. PARTY DREW
A LARGE CROWD

The Knights of Pythias had one of the largest parties of the season on Thursday night in K. of P. hall. There was an unusually large crowd, about 150 taking part in the affair. In the 500 playing Oscar Peterson won the money prize and Mrs. Carl Shaw the ladies. Lunch was served and this was followed by dancing. The hall was beautifully and appropriately decorated with American flags. The large company was a happy one and all seemed to enjoy themselves.

POLICE ROUND
UP CHILDREN

Chief Van Ry had a regular kindergarten at headquarters Thursday of this week, when his men rounded up a half dozen little chips from 10 to 12 years old.

They were laden with food but had no money. They were going to Chicago, they said, and asked motorists to give them a lift. They were taken as far as Holland.

Chief Carroll of Grand Rapids told the Holland chief to hold the youngsters until the mother came and at intervals during the day a worried mother or father rode up to claim their offspring. The kids were a happy lot and seemed to have no worries, leaving worrying for the parents.

FERRYSBURG SCHOOL TO
LET CONTRACT SOON

At a premium of \$800 the bonds for the new \$50,000 school house at Ferrysburg were sold to A. T. Bell and Co., of Cleveland, when the bids were opened by the Ferrysburg school board members this week.

The school is to be built as soon as the weather permits and bids for the construction of the same will soon be taken.

The bonds are written for 20 years, are paid serially, and bear interest at the per cent annually.

Eleven other outside bond houses bid for this issue.

G. H. BELIEVES
IN A UNIFORM
ROAD ORDINANCE

The uniform traffic ordinance, worked out as result of the Hoover conference and approved by the representatives of the League of Michigan Municipalities which met in Grand Rapids in October, was adopted at the recent meeting at Grand Haven traffic ordinance.

This new traffic law conflicts in no way with existing ones, but in fact gives a little more freedom in regard to the traffic laws. It is necessary to come to a full stop on the red light and wait for the green before turning to right or left. This is no longer necessary, after a full stop one can turn to the right against the red light, provided the car has been no getting out of line in right hand traffic.

These same laws have been adopted by over half of the municipalities of the state and is expected they soon will be formally adopted by the entire state, making traffic laws uniform in Michigan.

UNUSUAL HONOR PAID
TO SAUGATUCK WOMAN

Mrs. Florence D. Wade of Saugatuck who has been bill clerk of the Michigan House of Representatives for the past six years, and who has the distinction of being the only woman who has ever held that office, resigned her position last week to return to her home. On her resignation being read to the House Representatives of the Michigan House of Representatives, the members made the following motion, as taken from the House Journal of Feb. 15:

"Mr. Culver moved that the clerk of the House of Representatives be instructed to convey by letter to Mrs. Florence D. Wade, of Saugatuck, Michigan, the appreciation of the House for the valuable services she has rendered in the past and the best wishes of the members of the House for her future prosperity and happiness. The motion prevailed."

BIGAMIST MAKES
A STATEMENT
TO PROSECUTOR

The following statement was made by Don Stewart, the swindler and bigamist, who was sent to Jackson prison by Judge Cross. This statement was made to the prosecutor, General Kerk, in the presence of Judge Cross.

"I had not intended making any statement in any of the cases, your honor, but at this time I am permitted to say that life may not be perfect for me or anyone else, but of the kind; especially during the last several years. I am not forgetful of the fact that at one time I was permitted to stand, not once but often, before the court to plead the cases of men and women who had made mistakes, but I do not expect mercy yet I have not a defiant thought in my mind right now. When I started in, I knew the day would come when I would be compelled to pay, to pay for everything, and I expect to pay it well before I am done, but I would like to take this opportunity to thank this court and to thank a few good people in this town who have come up to my cell and in a very kind way, but not condoning any wrong that I have done, hoped that the time would come when I would be given another chance, another fighting chance, not only for my own sake, but for the sake of my boys. That is my only wish, your honor. I thank you."

LAKE RATHER ROUGH AND
CAR FERRY COMES BACK

Grand Haven Tribune.—The car ferry left her slip at 8:50 a. m. Leaving the river and heading straight north she evidently found the sea pretty stiff for her load and returned to port at 9:20 a. m. to tie up at the dock until she could get into the slip to take on a heavier cargo.

Carrying only two strings of cars, the sea was heavy enough to roll her in good shape. Although Capt. Bob McKay was not in sight and the officials at the Grand Trunk officials "knew nothing," the seamen were of the opinion that the sea was the reason for a change in her schedule.

LICENSE NUMBERS
ARE PASSED ALONG

Motorists in Chicago so covet the low automobile license numbers that when the owner of one dies he wills it to a friend or relative.

SENTENCED MEN
HAVE BEEN TAKEN
TO THE PRISONS

The Grand Haven chapter in the story of Donald D. Stewart was about Friday when Sheriff Fred Kamferbeck and Deputy William Van Etta of Holland at 7 a. m. climbed into the official car and bowed away for Jackson with their prisoner. No crowd assembled and the departure was far from exciting.

"It's as little as I could expect," said Stewart as he sat in his cell after his sentence and "I think Judge Cross is a man who can still feel," he said in gratefulness for the minimum sentence recommended Thursday in his case.

"Of the past I will not think; of the future I do not know, but of one thing I feel certain. I will do my part and the thought of three young men in Dundee, N. J., will keep my feet afloat," he added.

Stewart wrote two letters to Miss Van Lopik during his incarceration here and received one from a play-wright asking for some details as he expected to use Stewart's experiences as the basis of a play.

Although still in rather a shaky nervous condition, Stewart slept well, ate his meals and was an ideal prisoner, asking to be allowed to keep himself in a neat condition. He was always the gentleman.

Thursday afternoon when brought into the office of the judge in the court house, he was met by a small reception as several of the people at the court house who had known him while he was there 6 years ago waited to look upon the man who made such a fine impression when there and who so completely won them to their common cause.

Former Senator William M. Connelly laughing told how he really became intimately associated with the Border Cities Investment Co. and how just a little turn of fate prevented him from sending his money to Stewart to perfect the organization. In fact Mr. Connelly was to be the western representative of the corporation and everything looked rosy.

"Possibly if I had sent my money Orrie Stidter never would have lost his," Connelly remarked. Stewart smiled at all this banter but said nothing.

Letters of inquiry from all over the country have come from private individuals and officers asking if Stewart was the man for whom they were looking, wanted for desertion, forgery, alienating affections and almost every crime except murder.

From the number of inquiries from abandoned wives, this sort of thing is not uncommon and bleeding hearts line the trial of many wandering preachers, who seem to use the cloth as a base of respectability.

Henry Flake, colored man from Holland was taken to serve a four year sentence for rape.

Deputies Charles Salisbury and Loosmore of Spring Lake, Frank Franken and Max Grimes for Ionia where they will serve six month sentences for liquor violation. The other prisoners left Saturday in charge of the chief deputy, Marvin Den Herder. Two Holland prisoners remain for short terms at the county jail.

DIEKEMA'S PAST
TOLD BY WRITER
IN DETROIT NEWS

John Fitzgibbon in his "News and Gossip from State Capitol" printed in the Detroit News writes the following about G. J. Diekema.

"Gerrit J. Diekema, of Holland, appeared to be in line for election as chairman of the Republican State Central Committee at the State convention, Grand Rapids, March 1, to succeed Kennedy L. Potter. As the law directs, a chairman and an entire new committee must be elected by the political parties at their approaching conventions for two-year terms. Mr. Diekema's election would be the returning of a veteran to active service. Forty-two years ago, when he was 25 years old, he was elected a representative to the legislature for Ottawa county, and was three times re-elected. At the 1899 session he was elected speaker. Only one other speaker as young as 30 years has been elected in the history of the State. He was Daniel P. Mackey, elected in 1887, who for many years after he retired from office was president of the Michigan Republican organization. President Roosevelt appointed Mr. Diekema a member of the Spanish War Claims Commission, and in 1907 when William Alden Smith was elected United States senator, he was chosen to succeed him as the Fifth District member of the House, and was re-elected in 1908. For ten years, from 1896, he was State committee chairman. In his youthful years as a State lawmaker he was recognized as an exceedingly able public speaker and he still maintains his reputation. Being of Holland-Dutch stock, he was at the World's Fair, Chicago, 1893, chosen as orator for Netherlands day. He is a regular of regulars at political conventions. In 1896 he was a national delegate, and few are the public State conventions the past four decades in which he has not had a part. He is still as alert as in the old days."

GOVERNOR GREEN
PUTS HIS NAME TO
FIRST 1927 LAW

Gov. Fred W. Green Friday signed the first law of the 1927 legislature. It was a measure introduced by Sen. Arthur E. Wood of Detroit, providing for three members of political central committees, one of whom must be a woman, for each congressional district.

The act was given immediate effect, so it may apply to the Republican state convention in Grand Rapids next week, which will choose a new central committee.

Mr. Raymond Vischer received a cablegram from Honolulu advising him that Mrs. Vischer and his sister, Miss Ade Vischer, have arrived safely on the island. They will remain about three weeks, and then return to Los Angeles where they will remain a few weeks longer, returning to Holland about May 1st.

MUSKEGON RADIO FANS
FORM "TROUBLE" CLUB

A club of Greater Muskegon radio owners is now in the process of organization with intent to purchase equipment for "trouble hunting," and to hire a trouble finder to aid reception for the listeners-in. It is estimated there are at least 5,000 sets in operation in Greater Muskegon and the organizers believe 1,000 members are secured.

RECOVERY OF
STOLEN CARS
IS COMPLICATED

Chief Van Ry a few days ago offered a reward of \$25.00 to any person finding the Lokker Creamery Reo speedwagon and Joe Koolker's Oakland sedan, providing they were not stripped or damaged. Peter Lievens, local real estate man, and Wm. Deur, the hardware man, drove to Grand Rapids and took with them a passenger. They did not knock but who asked for a ride. When they arrived at Grand Rapids they spied a Reo speedwagon in the ditch. Mr. Lievens had made repairs on this truck before and inquiring from some boys in their neighborhood, he was told that this car had been standing there for a few days.

The stranger passenger then spoke up and said that he had just taken Koolker's car to Holland, that was standing parked without gasoline within 100 feet of the speedwagon.

What makes the thing more complicated was the fact that this same man lost his Hudson coach that was parked within a few feet of the Koolker car and he spied a Reo speedwagon is still at large but Grand Rapids police are looking for it.

The entire affair has earmarks of being the work of amateurs. Young boys went on a joyride, had no money, ran out of gas, then took the next car that had gas in it and drove off with that.

Now two Holland men think they have an edge on the \$25.00 reward which they have. First, as a Reo, Wm. Deur claim that he is studying criminology firsthand and is doing some thief chasing since he has announced himself as a candidate for the police board.

Has introduced a half a dozen senate measures.

Senator Vincent A. Martin of Fruitport, now representing the Ottawa-Muskegon district at Lansing, is chairman of the highways committee and a member of those on public utilities, labor, prohibition, counties and townships and state homes and school. He has also introduced half a dozen measures, some of which have proved of major interest.

Martin is the author of a capital punishment measure, Senate Bill No. 3, still in the judiciary committee where it will remain pending the outcome of the Armstrong-Palmer bill now before the Legislature.

Senate Bill No. 11 simply provides for a readjustment of the road repair taxes and the highway improvement taxes raised in townships, making them more flexible.

Senate Bill No. 28, Feb. 27, is drawn in the interest of the students and under its provisions it gives them an opportunity to work part time during their vacations. It also helps business men desiring to give necessary bond for part time delivery drivers.

Senate Joint Resolution No. 2, File 52, provides for submission in November, 1918, of a constitutional amendment providing for biennial election instead of annual choice of to stabilize local government and would save thousands of dollars a year. It is not for the involved necessity of also changing tax assessments the proposal to put these elections in the fall would have been included by Senator Martin.

Senate Bill No. 136, File 91, would reduce districts thereby making it possible for the sparsely settled districts to come under that act.

Senate Bill No. 141, File 96, is aimed to cover the highway finance legislation of the session. It proposes the present weight tax plus a three cent gas levy instead of the current two cents. It would provide for payment of all back awards due the counties in full. The Martin bill would add 2,000,000 to the maintenance fund which has the same amount from the weight tax. Beginning in 1928 it would return six-tenths of the gas tax to the counties on the same basis as is the \$8,000,000 out of the weight tax. The gas item would go up towards \$3,000,00
