Council Backs Legion In Their Job Finding Work

CLOSING OF PLACES OF AMUSEMENT ON SUNDAY IS MADE PART OF CITY REGULATION

Mayor pro tem William C. Vandenberg ably acted as the presiding officer at a regular meeting of the Common Council last night in the place of Mayor Brooks, who was out of the city on business, first attending a meeting of the Municipal League of which he is president, where tax matters have been discussed, after which he continued on to a business meeting in the East.

Help for the needy is climbing in amount, for during the past two weeks \$3,221.49 was paid out for temporary and regular aid.

Mayor pro tem Vandenberg pointed out that the American Legion of Holland was doing some real work in organizing the city, securing jobs for the unemployed. A resolution heartily in favor of the Willard G. Leenhouts post, American Legion, efforts was unanimously passed by the members of the council. Lewis Dalmann has assumed the chairmanship of this work.

Alderman Frank Bieve of the second ward, who has been seriously ill, was not present. It is hoped that the dean of the council will soon participate in meetings again.

Sam Miller was appointed election inspector of the first ward in place of Simon Klein, who cannot serve since he is a candidate.

Relative to the Sunday movie ordinance the council Wednesday evening made Sunday movies here impossible through the adoption of a resolution making it compulsory for operators seeking licenses to sign an agreement for Sunday closing in accordance with the provisions of the state law and that violation of the terms of the contract the license will be canceled without notice and no new license will be issued without the approval of the council.

The Board of Public Works, in a communication to the Common Council, agreed to assume the general bonded indebtedness to the city and interest falling due August 1, 1932, and February 1, 1933, in the amount of \$65,950. The aldermen surely were pleased and a letter of appreciation was sent immediately to the members of the board.

The official council proceedings will be found in our next issue.

DO NOT BECOME CONFUSED ON TOWNSHIP PRIMARIES

The primaries in Park Township are to be held Saturday of this week, and of Holland Township Monday of next week, according to a legal decision.

RANKS OF WOLVING BROTHERS, RACHOLERS, ARE FAST DEPLETING

Ottawa county no longer will be able to claim the title of having the three oldest brother brothers in the state—the title given to the three Wolving brothers—four miles north of this city—as death claimed Robert, the oldest of the trio, late Saturday night at the age of 81.

The three brothers were pioneer residents of that section of Ottawa county and were independent of each other although each held the highest regard for the others.

Leaving the well-traveled road to the crossroad in the north section of the township, where the brothers spent their lives, one is greeted by five houses, all of the same type. These were the five homes of the five brothers that once made up the family. A few years ago two brothers died. The homes were left to the three surviving brothers.

Following the family custom, Egbert's home will be left to him as he desired to have it when alive and the remaining brothers will continue to live as in the days of yore.

The door on Egbert's house will remain closed after Tuesday as the brothers will retire to their own homes and seclusion again. The one thing the three brothers had in common, but in which only two now will have an interest, is the horse that has been on the farms of the brothers many years.

The two surviving brothers are very active for their age. Egbert is 71 and Harm is 75. Egbert was very active until a month ago.

The three brothers had spent hours visiting with each other at their farms but each attended to his own business. If in need of supplies from town, each would make a trip for his own needs. A trip to town would require about six hours; the entire distance—about nine miles round trip—was walked by the aged men. They would not accept rides into town; always walking and carrying their provisions over their shoulders in sacks. The brothers never made the trips together.

Their farms together total 140 acres, the two surviving brothers now coming into ownership of Egbert's property. At present they do no farming. Egbert was ill a short time before his death but the two brothers left never had to call the services of a physician. They do not attend any church or social functions; their only recreation being the weekly walks to town.

The brothers came to this vicinity in 1874 from The Netherlands when there were eight in the family—six boys and the parents. Neither one has had a long ride in an automobile as most of their traveling has been done on foot or with a horse. Egbert says it is the walking that keeps him young. Egbert was unable to converse or write English and neither can Harm, but Egbert can speak English and is a student on constitutional affairs. Neither has had much schooling.

Funeral services for Egbert were held at 2 p. m. Tuesday at his home with burial in Noordeloos cemetery. Only the two brothers survive.

PLAYING TACK TACK TOE WITH HOUSES

Houses available seem to be few in Fennville, according to the following item from the Fennville Herald:

"When anyone moves in Fennville it develops into a 'puss-in-the-corner' scramble. When Ernest Brown moved into the Harrington house, Fred Rasmussen moved into the house he bought from Brown; Lawrence Decker then prepared to occupy the house vacated by the latter, so that W. E. Shiffert can again live in his own house, that Mr. Decker rented while the Shifferts were in California for the winter."

GRAND HAVEN TANNERY GO- ING FULL TIME

"Effective next Tuesday all departments must report for work at 7 a. m."

This notice on the bulletin board at the Eagle Ottawa Leather Company, Grand Haven, has attracted considerable notice in the last two days. It is hard to say who are more pleased, the men, who will have an extra hour of work every day, or the employers. The tannery has received several orders which allows the present full work force of 450 men to go on full-time production.

OF IMPORTANCE TO THOSE INTERESTED IN SUNDAY SCHOOL WORK

On Monday evening, March 7th, at 7:30 o'clock, Dr. S. C. Netting, president of the Western Theological Seminary, will give the first of a series of lectures on Inter-Testamentary History, the period from Malachi to Matthew. Since this 400-year history has an important bearing on the later history of the Christian church, the lectures will be of great interest to Sunday School and Week Day Bible School teachers and superintendents and all Bible students. These lectures will be given on Monday evenings in Hope Church, continuing for five consecutive weeks, always on Monday.

Those in Holland and vicinity, whether Sunday School teachers or not, are cordially invited to attend. There is to be no registration fees as previously in vogue with these class meetings; however, a free will offering will be taken up nightly.

Letters Arrive From Mission Field In China

CONDITION IN WAR-RIDDEN COUNTRY NOT VERY REASSURING

Interesting news from China and Japan has been received in Zealand and Holland from missionaries in the field of this war-ridden country. Mrs. H. P. De Pree of Amoy, China, writes that the opportunities as well as the difficulties have never been greater and that losing opportunities now is worse than disastrous in all mission work. Urgent appeals for aid are repeatedly received from the Chinese, who are very ready to be led and guided by missionaries. The Seminary recently graduated a class of five outstanding people, full of hope and courage as they take up new work in the line of education and evangelization. Rev. H. De Pree is in charge of this seminary.

The movement on foot of teaching people to read is quite popular and it is recognized by many that illiteracy is keeping back the progress of the country. Rev. and Mrs. Bovenkerk write interestingly about conditions in Japan. Mrs. Bovenkerk is the daughter of Rev. and Mrs. John Osewaarde of Zealand. The restlessness of the times is shown very strikingly in the recent attempt to bomb the Emperor there. In the thousands and more years of Japanese history, through all bloody and civil strife, the Emperor was considered the "Holy One" revered more king or civil ruler. Now, in so-called civilized times the "Sacred Person" is attacked. Foreigners there will live normally and unharmed as long as they keep their mouths shut, which sometimes is a hard thing to do when ill-fed poor people are urged to contribute money to well-fed soldiers.

These statements are especially of interest because they come from persons closely connected with war-torn nations. They would, no doubt, express a great deal more but fear that their letters will be censored and not reach this country at all.

ZEELAND FIRM MAKES CHANGES

Announcement has been made by the firm of G. Moeke & Sons, Zealand, that John H. Moeke has taken over the interests of his partner, dissolving the old co-partnership, and will continue to do as a personal business under the old firm name of G. Moeke & Sons.

A meeting of the Women's Christian Temperance Union was held Friday afternoon in the Woman's Literary club room. Mrs. Paul Hinkamp read excerpts from the Union Signal. Mrs. J. Boschla discussed changing Michigan law so that officers may obtain a search warrant against places selling liquor upon information and belief. Mrs. Fred T. Miles, chairman of citizenship, urged all members to vote in the primary election on March 7.

Mrs. A. H. Timmer reviewed the "Life of Anna Adams Gordon," by Julian Freeman Deane. In 1898 Miss Gordon was vice president of the national W. C. T. U. and in 1914 she became its president.

Miss Roberta Zibbell, accompanied by Bruce Mikula, played "Scarf Dance and Cradle Song." Tea was served by Mrs. K. Vene-klassen and her committee.

Miss Veenstra Main Speaker at Federation Meet

ONE OF THE GREATEST MEET- INGS OF ALL TIME TO BE CONDUCTED BY FEDER- ATION OF WOMEN'S SOCIETIES—MRS. DREGMAN PRESIDING

So great has been the interest of the Federation of Women's Societies of all churches of Holland that it was deemed advisable to this year secure Hope Memorial Chapel to house this gigantic meeting on Wednesday afternoon, March 9, at 2 o'clock.

It is to be the 18th annual meeting and will be called to order by Mrs. C. J. Dregman, president of the organization.

The program has not yet been completed, but it is a well known fact that Miss Johanna Veenstra of the United Dutch Mission of West Africa will be one of the main speakers. Her coming is looked forward to with great anticipation and Hope Memorial Chapel, it can be assured, will be well filled next week Wednesday.

The work of the society is largely in behalf of the leper colony in East Africa where Dr. C. J. Stauffer is the medical missionary.

In previous issues of the News a considerable history has been given of how Mrs. C. V. R. Gilmore on Dec. 18, 1911, allied together twenty-four women, representing nearly all the churches of Holland, for the purpose of considering the advisability of co-operative inter-church movement through the women's societies of these churches. This work has grown tremendously, increasing year by year until in early 1923 the organization manifested a special interest in the work for lepers.

Considerable money has been collected from time to time to help stem the tide of this scourge in Africa, and they have as their missionary leader Dr. C. J. Stauffer.

A home for lepers was built in East Africa and was named the Christine Van Raalte Gilmore home in honor of the founder of the Federation of Women's Societies of which she is still the honorary president. The picture of this home will be found elsewhere in this issue.

Anyway, these women are doing a noble work not only in darkest Africa, but their influence for good is felt right in our own community and beyond. It is well to hold next Wednesday afternoon open for this most interesting meeting fostered by women who are imbued with a spirit to help the distressed in a financial way associating helping hands with spiritual guidance.

A most cordial invitation is extended, not only to those who are members of the Federation, but also to others who may wish to come.

FINE OLD HOLLAND GENTLEMAN PASSES AWAY IN THE SOUTH

It was a shock to many relatives and intimate friends to hear of the death of Mr. J. H. Landwehr, father of the Landwehr boys of Holland Furnace Company fame. The editor of The News has known the kindly old gentleman for a number of years. He was an unassuming man with a sunny nature and a kind word for everybody. For the past few winters Mr. Landwehr stayed in the South because of his health, and death came Monday at Biloxi, Miss.

Funeral services will be held this Friday afternoon at 2 o'clock at Cappel, Missouri, where Mr. Landwehr had spent the greater part of his life. The place is not far from St. Louis.

While in Holland Mr. Landwehr spent the greater part of his time with his daughter, Mrs. Carl Swift, formerly Miss Zelma Landwehr.

Mr. Landwehr came to Holland in 1915 from St. Louis, Missouri. He was well known as the father of A. H. Landwehr, C. H. Landwehr and E. G. Landwehr, officers of the Holland Furnace company.

He was born in Hanover, Germany, February 17, 1849, and came to this country when 17 years of age. His first place of residence in America was in Cincinnati, Ohio. He later moved to St. Louis.

He was a member of the Evangelical Lutheran church in Cappel. His wife preceded him in death in 1907 and is buried in Cappel.

Surviving are his daughter, Mrs. Swift of Holland; six sons, A. H. Landwehr, C. H. Landwehr, and E. G. Landwehr of Holland, H. W. Landwehr of New York City, G. H. Landwehr of Akron, Ohio, and O. H. Landwehr of Milwaukee, Wis.; also seven grandchildren.

His sons and daughter here have gone to Cappel for the funeral services.

COMMISSION REJECTS ALL BIDS TO BUILD PINE CREEK BRIDGE

The Ottawa County Road commission held a special session on Saturday at which it was decided to reject all bids for the construction of a span over Pine Creek at this time. There were five bidders in the field. The commission decided to build the abutments at this time with county welfare labor from Park township under the recommendation of the Park township board. The estimated cost is \$1,200. The completed bridge is estimated to cost \$5,000.

There have been several invention patents applied for from Western Michigan. From this vicinity the following have been listed:

Thomas Olinger, Holland—Regulator appliance.

Edward J. De Pree and Gerrit John Van Zoeren, Holland—Art of filtration.

Have Opened Insurance Offices in Holland; St. Louis Folks Like Town

The Guarantee Mutual Life Insurance Co. of Omaha, Neb., have opened offices in Holland this week at 11-13 West Eighth Street with E. Grant Squires as state manager and Earl T. Jones as assistant state manager.

Mr. Squires has been considered a dean in life underwriting in St. Louis, Mo., this being his thirty-eighth year, practically all of which has been devoted to insurance in a managerial capacity.

Mr. Squires is not a new man to Holland. He lives in a beautiful summer home at Macatawa Park the year around and even while in St. Louis many years ago he was attracted to our beautiful summer resorts and has been a summer resident for at least a quarter of a century.

Mr. Squires stated today, "I have always had a great regard for Holland and its environs. It is well watered from every standpoint and its water and resort possibilities will be difficult to excel. I sometimes wonder if Holland fully realizes what they really have here. To a stranger it seems to stand out in nearly everything worth while."

Revival meetings now in progress in First Pilgrim tabernacle, Michigan-st. and Ionia-ave., are being well attended, the audience including many visitors from surrounding towns. The City Mission band of Holland will play from 7 to 8 o'clock Friday evening. A large delegation is expected to accompany the band. Rev. G. Flexen of Virginia is the evangelist. The special meetings will close Sunday; the tabernacle—Grand Rapids Press.

Theft of a team of horses from a neighbor, William Caswell of Heath township, Allegan county, which she needed to drive stolen chickens to town resulted in Miss Myrtle Clark, 21, being sentenced by Circuit Judge Fred T. Miles of Allegan to the Detroit house of correction for a term of 18 months to five years. Miss Clark, arrested two weeks ago when Caswell's horses disappeared, confessed to the court.

The Holland Musicians' club held a meeting last week, Wednesday afternoon, at the home of Mrs. Martha Robbins. The program was an all-Brahms one. Mrs. Harold Karsten, chairman of the program, read an interesting paper on the great German genius. In the musical works that followed compositions for voice, piano and violin were presented to show Brahms' characteristics.

Pianists who took part in the program were Miss Nella Meyer, Richard Niessink, Miss Zelma Skiller and Miss Kuyo Tase. Mrs. J. D. French presented several violin solos. Miss Hazel Paulman of Grand Rapids presented a vocal solo, and a double quartet sang one of Brahms' works for soprano. Mrs. W. C. Snow and Mrs. Harold Karsten were the accompanists for the day.

At the meeting the announcement was made that the club will not present an outside artist in concert here this year, but will give \$50 toward the financial aid and the future of the Holland Civic orchestra. Miss Ruth Keppel, president of the club, presided at the business meeting. The next meeting will be held at the home of Miss Nella Meyer March 16.

The Junior Tavern club gave a dance Friday evening in the ballroom of the Warm Friend Tavern.

TO VOTE ON TIME QUESTION MONDAY

One of the very important questions that will bring out a tremendous vote Monday is whether Holland will go back to daylight savings time in the summer and central standard time in the winter, as we have been privileged to do since the war or whether we are to have eastern standard time the year around as has been in vogue during the past year.

The News is not making a comment as to what the people's desires are in this matter. The citizens of Holland and vicinity have been having the experience and that, after all, is the best teacher. If the citizens of Holland do not know by this time the time they desire, the question will never be settled.

The time question has also been here in Grand Rapids even more so than here and the matter will be settled next Monday for good.

Should Holland and Grand Rapids go back to the old time in vogue before this year then an effort should be made to repeal the Central bill passed by the last session of the legislature which has brought all the confusion in time.

The following is the ballot to be voted upon:

PROPOSITION relative to adopting Central Standard Time (Slow Time) during the Winter Time. Shall the Common Council of the City of Holland adopt Central Standard Time during four Winter months?

☐ Yes.
☐ No.

ANNUAL DAY OF PRAYER TO BE OBSERVED

Wednesday, March 9, is the annual day of prayer for farmers' crops and commercial prosperity as it will be observed among the various Christian churches in this vicinity, and as a consequence all business places in Zealand will be closed on that day as well as the public and Christian schools.

Yesterday was Exchange Day at Warm Friend Tavern and not only that—there was a fine guest speaker, and he brought along not only a message, but a trophy.

The man was Ray Pellett of the Kalamazoo club, who was delegated to give the Holland Exchange Club a fine banner which it had won for having had the highest attendance, comparatively, over all other Exchange Clubs in the state. Mr. Pellett, after his "peppy" talk, warned Holland that Kalamazoo was out to win that trophy back next year so Holland must attend to "her knitting" if she is to retain it.

Chairman Dr. Weststrate, in a few words of appreciation, accepted the trophy in behalf of the Holland Club.

Prof. Ray Pellett is dean of men at Western State Teachers' college at Kalamazoo and in his official capacity is one of the district governors of Michigan, and he presented the Holland Exchange club Wednesday with the pennant for the largest average attendance of members in 1931 at the home meeting in group A.

The Holland club registered 73 per cent for a membership of about 90 members. The Holland club was organized in 1920. The officers are: President, Dr. William Weststrate; vice president, M. L. Hinga; secretary, A. E. Lampen; treasurer, A. Van Zanten.

WARD OFFICERS:
Alderman First Ward, Henry Prins, Peter Wiersum.
Alderman Second Ward—David Wiersma, John Wolman.

ZEELAND ALSO HAS LEAP YEAR BABY

Mr. and Mrs. Ed Cook of Zealand are the proud parents of a newly born daughter, Bernice, born Monday, February 29, at their home on West Main Street.

The infant will bear the distinction of having only one birthday every fourth year, which can be said of probably only a half dozen persons in Zealand, among whom are Mrs. John Schipper, Dirk Rommeyn and Harold Tjepkema.

HOLLAND HAS A \$100 A YEAR MAN

In connection with the 1931 Manufacturers' Census now being projected by the Department of Commerce, Bureau of Census, of Washington, D. C., Sec. Gross of the Holland Chamber of Commerce received the following appointment of special agent in connection with this census. The appointment reads as follows: "Mr. C. A. Gross of Michigan is hereby appointed a special agent in the Bureau of Census at a compensation of \$1.00 per annum." Signed by William Stewart, Director of the Bureau of Census.

These fish generally do not live past the stage when artificial feeding becomes necessary. Some of them do, however, live to the adult stage. This Was Galla
Week For Our
Warm Friends

BUSINESS AND PLEASURE HAS TAKEN UP THE TIME OF THE HOLLAND FURNACE COMPANY FAMILY.

First There Was a Salesman School And Interspersed Was a Program of Entertainment.

This is the time of the year when the Holland Furnace Company men are the harbingers of a new season. For the last fortnight members of the large Warm Friend family from the hundreds of branch houses of the Holland Furnace Company have been dropping into Holland first to attend the school of instruction, covering their particular line largely connected with salesmanship, etc.

The headquarters was Warm Friend Tavern and the management of the home concern left nothing undone to make pleasant the week during which at least 350 representatives of the Holland Furnace Company were in our city.

This annual conclave means much to Holland directly and indirectly. The boys are not niggardly in their spending and when they go back home they take with them another message of good will from the "beautiful town of Holland," where the central plant of their great enterprise is located.

The entire local force of the Holland Furnace Company have slept but little the last two weeks for they resolved themselves into an entertainment committee and there were many details to look after and nothing was left undone.

The meeting in Holland was one of special significance for the reason that to this wonderful Hol-

137 BULLET HOLES
IN HIDE OF BUCK

During hunting season certain hunters were fooled by a practical joker, who stuffed a fine big buck and placed him alongside a thicket near the highway, not far from Old City, Pennsylvania. Cars stopped suddenly, hunters bounded out and threw their shells into the guns as they hurriedly prepared to kill the big buck that stood so solid and straight, looking directly at them. They would fire and fire, but the bullets had no effect on the animal. On the evening of the third day the deer was found to have 137 bullet holes in its hide, sure proof that at least 50 hunters had tried their skill at the stuffed animal.

weather. Because of this fact the variation of temperature the year round is very little during any season. The dustless feature does away with dusting and sweeping in the house largely, and the cleaning of heavy rugs is seldom necessary.

But now we are getting away from our story, but in this short preamble we are setting forth one of the reasons why the meeting of the Warm Friends in Holland had special significance.

One of the jovial features of the annual event is the "goat-getters." The Warm Friends have an organization which they call the Order of Goats. There is regular initiation and believe us, if there ever was any goat riding to do, the Order of Goats certainly got plenty of it in their ritualistic work. After a member "rides the goat" in the Order of Goats, they have surely "got his goat." Anyway those goats in this vast crowd of Holland Furnace Company representatives bring a spirit of good cheer which seems to be effervescing, go-

land furnace, known the world over, a new device has been added which contributes better health and more comforts to the home. The automatically controlled air-conditioning unit, which can be applied on all furnaces, is a new development exclusively Holland Furnace, which when installed in a home, the dwellers can enjoy 98 per cent clean, pure, and wholesome air, and by the same token 98 per cent freedom of dust and dirt and soot.

The new invention not only conditions the air but regulates the humidity and the circulation of the air you breathe. It regulates the heat of the summer to a fresh zephyr and likewise regulates the heat during the coldest winter

ing beyond the furnace crowd, even permeating Holland folks on the side line. Some way or other their coming here brings a better feeling in the community, more optimism and more sunshine ahead.

The conclave closed last evening. We are indeed glad the boys came and wish they could make it a quarterly instead of a yearly event.

The official program for the closing week of the ninth annual Goat Conclave is found below:

Few Odds About Game

There is a legend that catfish are so called, not because they look like cats, but because they make a purring sound when taken from the water.

The U. S. Government will pay almost \$5,000 to move a giant magnolia tree in the course of the program for improving the Mall in Washington, D. C.

When alligators are fishing for turtles and such, the flapping of their tails on the water may be heard half a mile away.

When a bullfrog swims, it draws its bulging eyes back into their sockets for protection.

In the courting season the bluejay sings a strange, sweet love song very different from the harsh call commonly associated with this bird.

A diet of strychnine-poisoned meat apparently agrees with the rough-legged hawk. Members of a prairie dog poisoning crew at work in the Fly Creek Basin, Mont., for about two months, recently reported to the Bureau of Biological Survey that a flock of 16 of these birds followed in their wake during the entire time gorging themselves on poisoned prairie dog flesh with no apparent ill effects.

LAST GRAND HAVEN
CIVIL WAR VET. ILL

A few have called and the old soldier insists upon getting out of bed to stand at attention and then shaking hands with them.

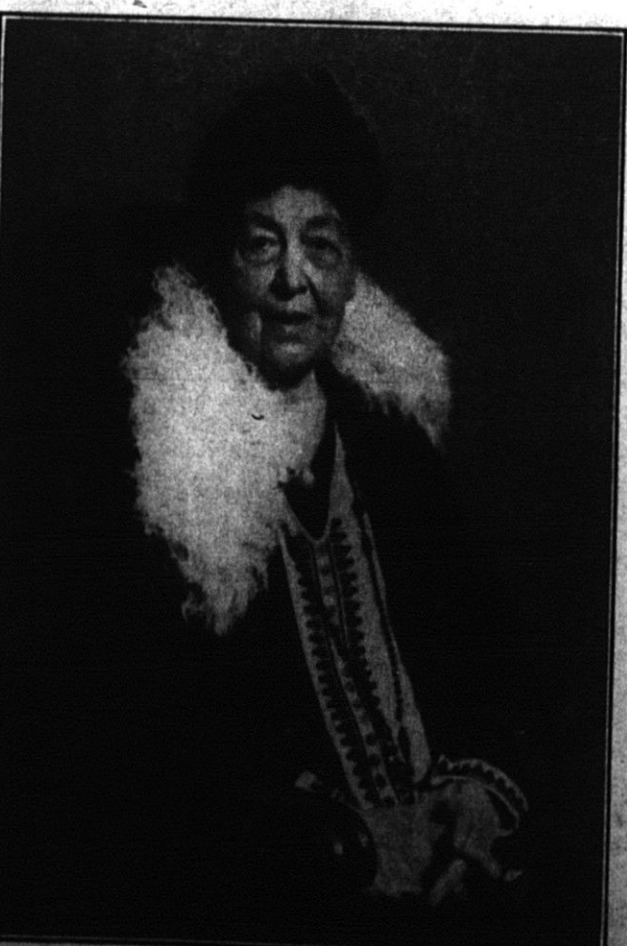

TREE 200 FEET UNDER
SURFACE

Michigan has some fossilized trees but out in Watsonville, California, a giant redwood was found 200 feet below the surface of the earth. The tree was seven feet in diameter and was located by Sam Marcus, well driller, who encountered the unexpected obstacle while drilling a well. The tree was encrusted with clay and was in a perfect state of preservation, still in wood form and not fossilized or hardened.

It is believed that ages ago the ocean covered that particular region and the tree fell. The water receded, leaving a residue behind. Centuries passed with top soils drifting over it until 200 feet of soil had covered the fallen giant. Because of its great depth it was impossible to bring up a large portion of the redwood and the machines used in drilling pulverized the section excavated. But from the core of the drill could be determined the exact facts of the matter.

FINAL MICHIGAN CONTEST WILL BE HELD AT HOPE MARCH 11

The Michigan Oratorical League, a member of the Interstate Oratorical Association, which comprises the colleges of fourteen states, and of which Hope rejoices to be a charter member, has voted to hold its final contest at Hope College to determine two of Michigan's finest orators. The date has been fixed as Friday, March 11th. On this day our Chapel will be filled with crowds of enthusiastic students, and others, supporting their favorite college orators.

MARIE VERDUIN

Hope's student body boasts among its members two of the most prominent orators in the League, notwithstanding the fact that the State of Michigan has the choicest representation of orators they have ever had.

As much spontaneous enthusiasm as has ever been displayed at a football game should and will be in evidence at the final contest on March 11th. From the represented colleges of Michigan, each supporting two orators, a man and woman will be chosen, the cream of them all, the two select orators in the state.

This Friday, March 4th, at Calvin College in Grand Rapids, the three highest of six leading colleges in our particular collegiate section will be awarded the opportunity of participating in the M.O.L. contest the following week. We may be sure there will never be more earnest competition nor concerted effort put forth than on this important evening. Harold De Windt, one of our college orators, and honored winner of the valuable Washington bust, together with Marie Verduin, winner of the 1931 Raven contest, will travel to Grand Rapids Friday evening to endeavor to place Hope among the three highest colleges in our section. The confidence of the students in the success of our orators will have much to do toward helping to win major honors. It is most desirable that many supporters accompany Marie Verduin and Harold De Windt this Friday to Calvin.

It may be interesting to know that Mr. De Windt will not appear

the same oration which won the bronze bust of Washington, but he has well in hand and has been preparing for many months a masterly oration entitled "Jekyll or Hyde." The appeal is timely, universal and vigorous, and like all good orations it has the ability to excite the emotions of even the most calloused listener. The clarity and the forcefulness which we sincerely feel the speaker will inject into his subject should carry to the doors of Hope the coveted honor of having produced Michigan's premier male orator. Of no less appeal is Marie Verduin's oration, "George Washington—Myth or Man?" Being a very charming speaker, the judges will be quick to appreciate her pleasing presence, as well as the merits of her colorful oration. We offer Miss Verduin our heartiest good wishes, and it remains for us to support her to the last full measure of our ability.

HAROLD DE WINDT

The older members of the alumni will recall with keen enjoyment the six successive years that Hope walked away with the highest honors in the national contests. The steady city of Holland was aroused from slumber by resounding church bells on the nights of success, apparently set in motion through the caprice of some local enthusiast. The following morning the sextons leagued together in lighting the bells which had been turned wrong side up, so the rumor goes. The bells have slumbered long, but it is believed that they will turn themselves over in responsive celebration if we should claim the state victory this year.

The time for the annual senior play at the Holland High school has again come and on March 21, 22, 23 and 24 the high school auditorium will be the scene of the play, "Martha-by-the-Day." This is a comedy of most optimistic philosophy and good clean humor.

Other cast members are Vera Damstra, Raymond Souter, Clara Wittvers, Helena Visser, Austin Krommeyer, George Good, Harriet De Neff, Baxter McLean and Jean Rotschafer.

This class of 1932 is very proud of its group of actors and they promise to uphold the usual high standards of annual senior plays. Do not fail to see this play. Miss Lindsley, Holland High school elocution teacher, is directing the play and she is very well pleased with the present condition of the play. She says: "Of all plays I know, I think 'Martha-by-the-Day' has the most homely, yet optimistic and elevating philosophy of life that I have ever encountered."

Be sure you come to see this performance at the High school auditorium on March 21, 22, 23 and 24.

HOPE COLLEGE NEWS

HAROLD DE WINDT WINS THE BRONZE BUST OF WASHINGTON

Friday evening the activities connected with the celebration of the bi-centennial anniversary of George Washington's birth were very fittingly climaxed with the Washington Bust contest. Professor Bruce Raymond was chairman of the program and announced that the bronze bust of Washington after Houdan, valued at \$250, would be presented to the winner of the contest at the commencement exercises in June. The orators who had survived the preliminary contest spoke in the following order, which had been determined by drawing: Sherwood Price, Harold De Windt, Theodore Schaap, Arthur Ter Keurst and Christian Walvoord. The judges of the contest were Prof. Roland Shackleton of Grand Rapids Junior College, Judge Orion Cross, and Mayor Ernest Brooks. They gave first place to Harold De Windt of the junior class, second place to Christian Walvoord and third place to Theodore Schaap.

The winning oration, "Washington, thou shouldst be living," was delivered in a very polished and forceful manner. Mr. De Windt began by saying that there is an unsettled, skeptical and unpatriotic spirit pervading our world today, and that the reason is not that Washington and other leaders like him are dead but that we are dead. In speaking of Washington he said that there had been greater orators, greater military leaders and greater political administrators but that it was Washington's moral grandeur that gave him immortal grandeur. He was as great as he was good and he was great because he was good. Citizens of today must free themselves from their skepticism and dread and catch the spark that inspired Washington's burning patriotism. He said that we can always have the sunset if we can't afford the movies. The outcome of this depression is not chance, it is choice; it must not be waited for, it must be achieved.

Christian Walvoord's oration, entitled, "Men or Mice," was delivered in a very pleasing way. He described an old castle on the St. Lawrence River, strong and beautiful, which had never been finished and which shelters now only mice. He likened the United States to such a castle whose cornerstone was laid by Washington and whose walls were built by various great men. And now this stalwart structure of beauty is the heritage of the American people to do with as they will. We may live small lives like mice but our country is already over-run by mice. Our government must have more than these mice; it must have men. We must give our best, we or our might be builders, not burrowers.

"I believe in America," by Theodore Schaap, was a thought-provoking and very well organized oration. Very effectively he described the horrors of Valley Forge in the midst of which Washington stood firm. Then he said that today there was another great crisis in which many things threaten. Unemployment, communism, and a godless philosophy, the sad results of which may be seen in Russia, are all threatening our rich American heritage. He proposed the remedy of faith. First we must believe in the vast resources, the fabulous wealth of our country, "I believe in the American continent." Then we must believe in our fellow men. Our age is splendidly equipped with fine men and women but nothing can endure in a nation of doubters. "I believe in the American people." But more is necessary. The United States was discovered, colonized, and founded "in the name of God." We must also say, "I believe in the God of America." We must get arms of faith strong enough and large enough to embrace a nation and then say, "I believe in America."

"Sherwood Price and Arthur Ter Keurst also gave commendable orations. In "Might Must Right," Sherwood Price gave an interesting comparison between Beauvoir and George Washington. He said that the United States stands pre-eminent in the world in its ability to give unprejudiced opinions in international problems. The United States in this position of leadership must be willing to make the attend-

ent sacrifices. Both Washington and Beauvoir made great sacrifices for the benefits they gave. "Days of Adversity" by Arthur Ter Keurst was another picture of the present depression. He said that its primary cause was imbedded deep in human nature and that there can be no relief until human nature is stabilized. In a measure this adversity must be welcomed because it is giving the U. S. a chance to get her bearing and every American citizen has a share in this adventure.

All the contestants are to be congratulated. It was a great honor for them to have been chosen to participate in this noted contest.

Many New Books Are Available Now In Library

Chief among the new books acquired by the library this year is a thirteen volume set of the Cambridge Modern History. The set fills in some of the more serious gaps in our modern history references. Thanks to the efforts of Congressman C. E. Mapes, the library now owns, with the exception of a few scattered volumes, a complete set of the Congressional Records from the beginning to date.

A valuable new reference tool is the United States Catalogue of all books in print in the United States at the present time. The books are listed under title, author and subject, and the publisher, date of publication, and price of each book is given. It is, among other things, a splendid bibliographical aid.

From the library of the late Prof. Shuckelt the library received a large number of French, German and English books.

The autobiography "Close-hauled" by Henry Pasma is an autobiography copy from the author.

Mr. C. E. Kuizenga of Muskegon sent several volumes again this year. Other donors were Mrs. Durfee, Miss Meyer, and Professors Raymond, Ritter and MacLean.

ONE YEAR'S WORK ON STAFF IS REQUIRED FOR OWNERSHIP

For a long time there has been considerable discussion concerning some means of recognition for those who have done faithful work on our college paper, The Anchor. At a recent Anchor Staff meeting the members were shown a very clever design which when made up could be worn on a chain as a pendant by the girls or on a watch chain by the men. It was in the shape of a tiny scroll on the top of which was an anchor and the words "Hope College." These, it was decided, were to be worn by those who had done at least a year's work as a staff member.

Orders for these pins have been sent in. Anyone who has worked on the staff for at least one year and who desires one may give his order to Ivan Johnson.

Debate Season Closes With Good Record for Teams

The debate season at Hope was very successful this year. Professor Ritter and Miss Payne can feel well repaid for their work as coaches. They both feel that there is excellent material for next year. Edith Cumigan is the only member of the Women's Debate squad graduating this year; the rest will be back for another try.

Professor Ritter says, "There are excellent prospects for men's debate next year. We worked in some freshmen this year very well and they all promise some good work for the future." The Men's Debate squad and their coach feel indebted to Mr. Dwight Yntema for his capable assistance.

Both of the squads gained three decisive victories out of four league debates. The men were successful in their debates with Michigan State College, Ypsilanti and Calvin College, but met defeat at Kalamazoo College. The women lost

their one match to Western State Teachers' College, winning over Kalamazoo, Battle Creek and Michigan State Colleges.

Hope has indeed established a name for herself in the field of debate during the past season.

The Y. M. C. A. held its regular weekly meeting on Tuesday evening, February 23. The meeting was opened with a snappy song service which was led by Mr. Henry N. Clark. The scripture lesson was read by Mr. Roger Vonkull, after which he called for sentence prayers. The special music was supplied by Mr. Paul Fugazotto, who played two trumpet solos, which were of a patriotic nature.

The president, Mr. Carl Walvoord, introduced the speaker of the evening, Mr. J. Riemersma, principal of the Holland High school. Mr. Riemersma gave a very interesting talk on the qualifications and duties of a high school principal. This talk was another of the series of vocational talks which are given once a month.

NEW '32 CATALOGS ARE DISTRIBUTED DURING PAST WEEK

The Hope College Bulletin for the year 1932 have been off the press for a week now and to the annoyance of some professors several of these have been diligently read in class. (Especially in the 4th hour history class while the egoistic Napoleon was marching his mighty legions over the snows to Moscow.)

Quite a few changes are apparent. The requirement of 130 semester hours for graduation has been reduced to 126 and the required number of hours in physical education, in all courses the language requirements have been lowered from 20 to 16 semester hours, and in the history course from 30 to 24. The minimum for the major in any group is to be 24 semester hours, thus raising the requirements for the mathematics course by 2 points, and lowering the English requirements for the English course by 12 points, while social science is no longer a requisite in that course.

The old confusing system of grading, so puzzling to those unacquainted with Hope College, has been replaced by the more universal system of A B C. On that basis 3 quality points are earned for an A grade, 2 quality points for a B grade, and 1 quality point for a C, while an F merits nothing except a -1. All quality points are based on one semester hour and lead to degrees with distinctions.

The Department of Chemistry has been enlarged to include the subjects of "Sanitary and Applied Chemistry," "Fuel and Gas Analysis," "History of Chemistry," "Principles of Electrochemistry," and "Electrochemistry Laboratory."

The English Department presents three new courses: "Advanced Exposition," "Advanced Argumentation," and "Recent Literature." In addition, other departments have been expanded through the introduction of the following courses: "National Government," "State and Local Government," "Logic," and "Problem Course" in physics.

The changes, of which only a few are mentioned here, should lead to a greater whole-hearted participation and interest in all class work as in most cases, the students will have a more expansive field from which to choose and less semester hours in which to pursue their major. This new plan makes it possible for us to secure a rounder education, broader and more cultural.

The Dutchmen Lose to The Baptists With A Score of 32-27

KAZOO CLINCHES SECOND PLACE IN M. I. A. A.

Kalamazoo, Hope's most bitter rival, defeated the Dutchmen last Wednesday evening by staging a brilliant rally in the last few minutes to win by score of 32-27. The game was close throughout, the score at the intermission being 18-17 in favor of the Baptists. The lead shifted several times during the second half and with but five minutes to play, the score was tied at 27 all.

The first half was a thrilling one with Spoelstra opening the scoring for Hope with a field goal and a couple of fouls. During the first five minutes "Howie" Dalman was accidentally struck a severe blow in the nose but continued play for the rest of the game.

During the second half Hope's offense functioned very advantageously but the Dutchmen lacked the final punch in the few closing minutes of play. With but three minutes left to play and the score tied at 27 all, E. Schan, the Baptist star center was forced to leave the game via the foul penalty. MacVicar, substitute center, entered the fray and seemed inspired for he provided the winning punch by scoring five points.

Nykerk led the scoring for Hope with five field goals while Spoelstra had one field goal and five fouls. For the Baptists the points were well divided with M. Schan and Warner each scoring seven points and E. Schan leading the attack with four two pointers.

Next Tuesday Hope will meet Alma. This game will no doubt decide Hope's final standing in the conference. The Dutchmen have all ready indicated a defeat on Alma on their own floor 30-27. It is the first time in ten years that Alma has not been up in the first division in the conference. They will be fighting hard to drop Hope into a tie for fourth place. If Hope lands in the first division it will be the first time since they entered the M.I.A.A.

HOLLAND WOMAN TO SPEAK AT GRAND HAVEN

Muskegon Chronicle—Mrs. Ralph G. Wilson compared capitalistic and communistic systems in a paper presented before the local woman's club, Grand Haven. Mrs. Wilson viewed both from an impartial angle, suggesting that while communism was being poorly carried out under the present Russian system, application of some of its principles in striking a happy medium, might eliminate undesirable features of the capitalistic system. Current

events were conducted by Mrs. E. J. McCall. Next week Mrs. George E. Kollen of Holland will conduct a travelogue and a social day will be observed at the regular meeting.

SPORT NOTES

Coach Gerald Breen's Holland High basketball team scored their first victory in the southwestern conference and the second of the season here tonight in beating Benton Harbor, 25-21. Staging a whirlwind rally in the second half, the Dutchmen closed their home schedule

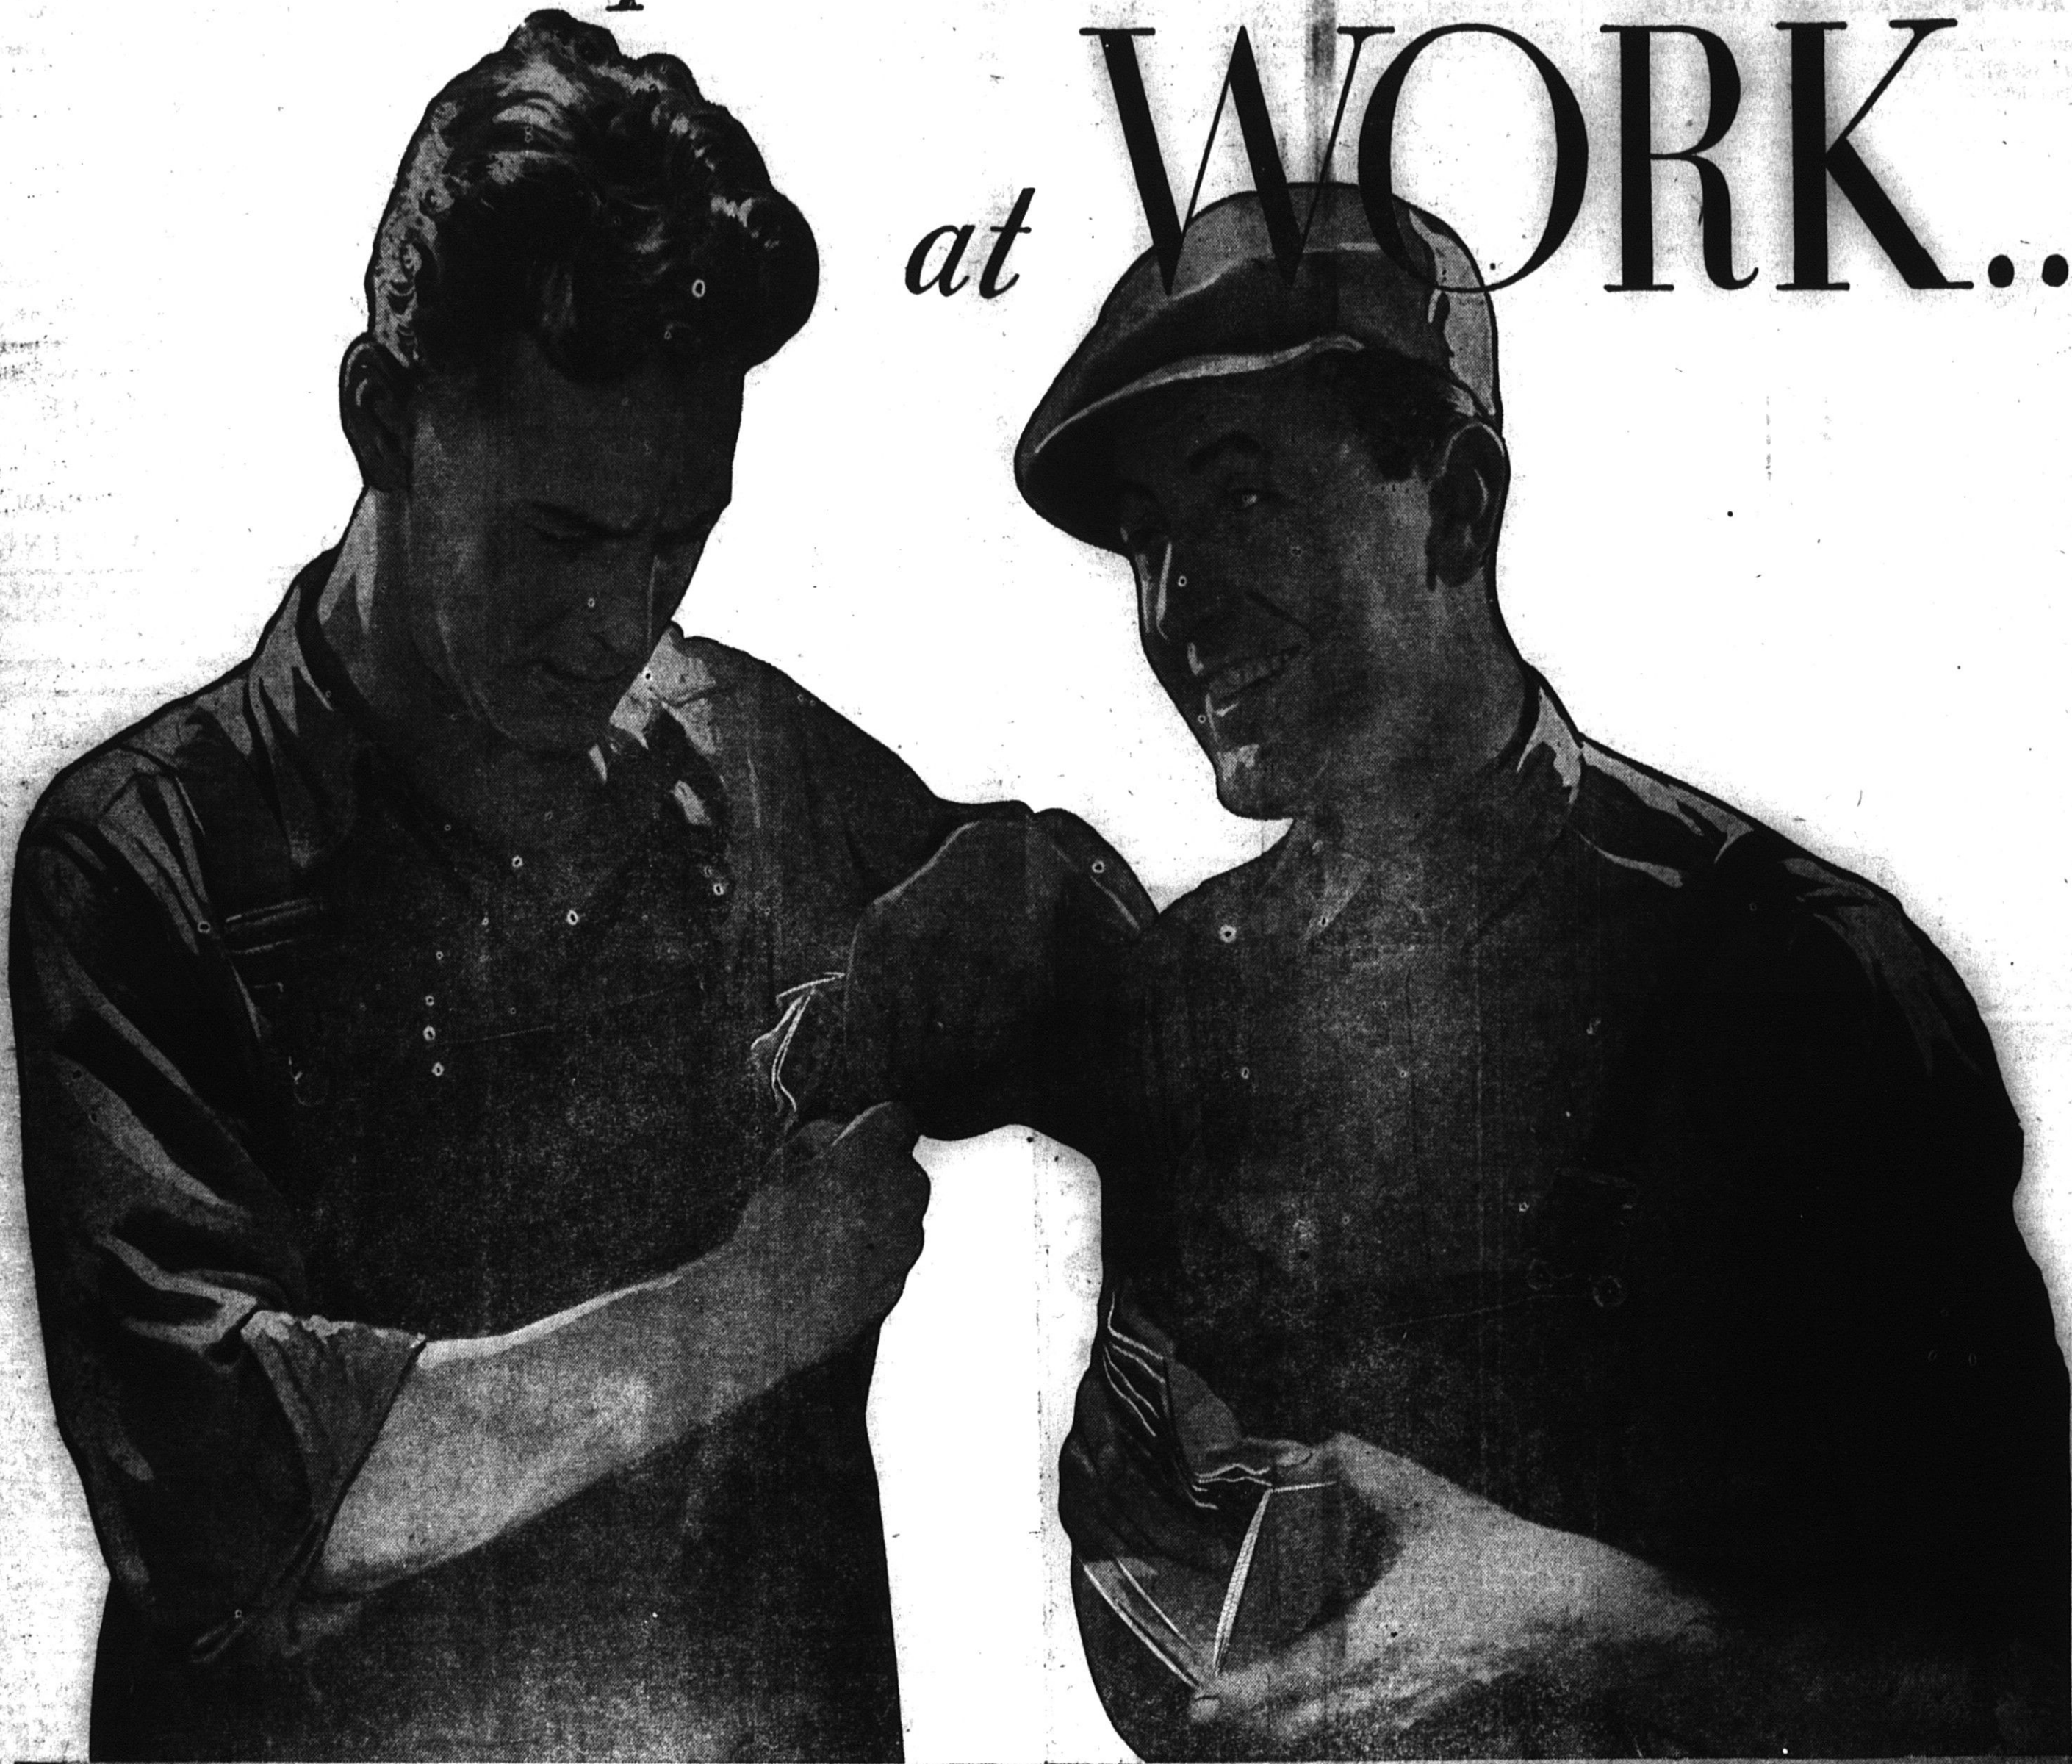

with a victory. Holland took the lead early in the game, holding a 6-3 margin at the quarter, but Benton Harbor went out in the second period to grab a 15-8 lead before the intermission. The visitors scored the first basket in the second half, and then Holland, headed by Don Slighter, rallied to go into the lead, 18-17, at the close of the third period. In the thrilling last quarter Holland stalled on a 1-point lead, and Zassenburg added a field goal and foul just before the final gun. Slighter, with nine points, and Es-

senburg with six, led the local offensive, with Bosworth and Cobb shining on defense. Schilla and Goldstein were outstanding for the Tigers.

"You'll keep MORE MEN at WORK.."

by keeping those Dollars of yours in circulation!"

Talk about wealth! This country of ours is the richest in the world. We've got plenty of resources. We've got plenty of money.

That's not the problem. It's the *idle* money that's holding us back. The dollars withdrawn from circulation that aren't working... that aren't earning interest.

We've got to keep our money *at work*... if we want to see America prosperous.

Money at work... means men at work. It keeps factories running... wheels turning... raw materials pouring in.

Perhaps you think your money doesn't count.

But it does count... however little it may be. The modest resources of millions of citizens add up to

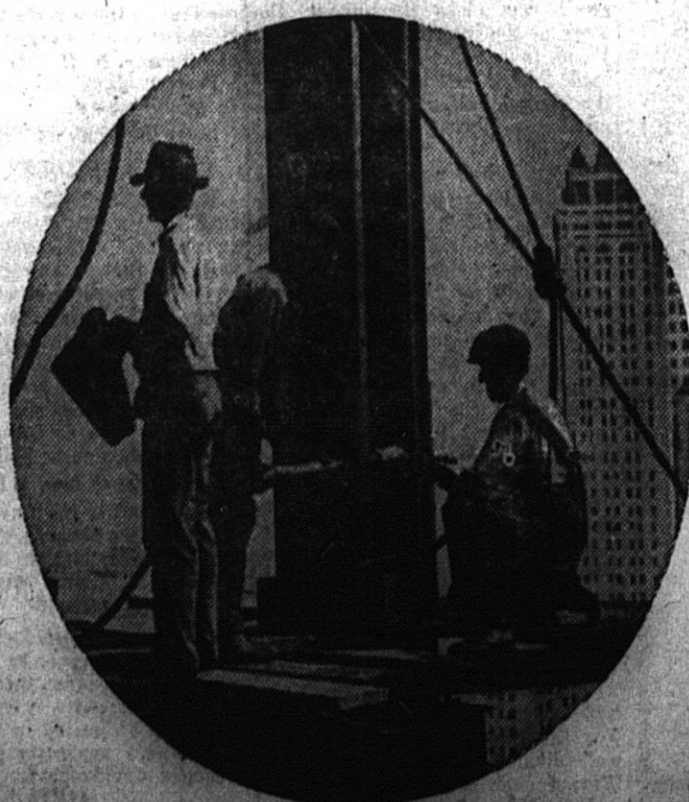

a tremendous sum... enough to give American Industry a great big helping hand.

Every dollar you keep in circulation... releases 5 to 10 for credit. Every dollar "withdrawn" is a slacker... working against your country in its time of need.

Talk to the ablest business men you know. Let them point out ways to keep your dollars safe... where they will earn interest for you and create jobs for others.

Buy what you need. Spend in relation to your income. But keep your money where it will do yourself and your country the most good... **AT WORK!**

That's the way to help America Turn the Tide.

Thanks!
