All Attempts To Revive Boys Fail

GRAND HAVEN (Special) — Double funeral services were held Wednesday for two young brothers who were drowned shortly before noon Sunday in an excavation at the construction site of the new Grand Haven-Muskegon expressway about a mile north of Ferrysburg.

The victims were Edwin Eugene Hyde, 7, and Bobbie Russell Hyde, 5, sons of Edwin Hyde of Grand Haven and Mrs. Peter Murray, route 1, Spring Lake.

The children had been playing on the site with their eight-year-old sister, Susan, when home, two blocks away, for help when the two boys fell through the ice of the pit which measures 200 by 44 feet.

Mrs. Murray who did not have a phone at home went to the neighbors to summon the Grand Haven fire department. State Trooper William Hahn who lives about two doors away went to the scene and was soon joined by Police Sgt. Charles Rumsey and Fire Capt. Frank Vrablic who arrived with a boat trailer.

After launching the boat, Rumsey recovered the older boy within seconds, bringing the body to the surface with an oar. A very short time later Vrablic located the younger child with the aid of a pipe with a hook. Both boys were unconscious. A registered nurse at the scene immediately gave artificial respiration to the first boy and state police worked on the younger child.

An ambulance took the boys to Municipal Hospital where doctors worked frantically for 45 minutes before declaring the boys dead. It was estimated the boys had been in the water 20 minutes. They were wearing winter coats with fur collars, and boots.

Water in the excavation is 30 to 40 feet deep in the middle. The boys broke through the ice about four feet from shore. Site of the tragedy was on Roosevelt Road some distance northeast of the new Ferrysburg school, or about a mile north of the present viaduct on US-31.

Surviving are the father and mother; the eight-year-old sister, Susan; a half sister, Denise Murray, 9 months; the maternal grandparents, Mr. and Mrs. Russell Vickers, route 1, Spring Lake; the paternal grandfather, Ernest Hyde of Grand Haven; a great grandmother, Mrs. Etta Vickers of Muskegon, and the stepfather, Peter Murray, who arrived home Sunday night from Milwaukee. He is with the U.S. Coast Guard and is assigned to the Woodbine.

Funeral services were held at 1:30 p.m. Wednesday from Kammeraad Funeral Home with the Rev. Paul Moore of the Nazarene Church of Grand Haven officiating. Burial was in Grand Haven township cemetery.

Parking Ban To Be Lifted

Effective Friday, emergency parking restrictions in Holland city will be lifted. These restrictions were put into effect two weeks ago following continued heavy snowfalls.

City Manager Herb Holt and Police Chief Jacob Van Hoff praised Holland people for the high degree of cooperation on the emergency restrictions. This cooperation plus an effective snow removal program by the street department aided greatly in keeping traffic moving while snow deposits mounted to over 24 inches on the ground.

Restrictions had called for eliminating parking on the north side of the streets and the east side of the avenues except in those places where restrictions already were in force, or on boulevards.

Mild temperatures the last several days have reduced snow deposits to the point where parking restrictions no longer are necessary.

Holland Home Show Crowds Listed at 2,675

More than 2,675 Holland area residents have visited the ninth annual Holland Home Show in Civic Center during the first two days of the five-day show.

Attending besides Council members were Willard C. Wichers, chairman of the planning commission, Building Inspector William Layman, City Attorney James E. Townsend, City Manager Herb Holt and City Clerk Clarence Greengood.

Hope Defeats Eastern, 94-84

YPSILANTI (Special) — Hope College's basketball team stepped out of the MIAA here Tuesday night to chalk up its 16th victory in 18 starts with a 94-84 win over Eastern Michigan.

Trailing most of the first half, the Dutch caught the Hurons with five minutes remaining and moved ahead to lead at halftime, 52-37.

The Hurons were having one of their hottest nights of the season from the floor and took a 23-15 early game lead. The Dutch caught them and tied the score 27-all a few minutes later and soon had moved to a 35-27 lead.

With Paul Benes leading the way with 22 points, and Ray Ritsema hitting 16 and Warren Vander Hill 10 in the first half, the Dutch built up the halftime margin.

They continued to bomb the hoop in the second half and with four minutes gone had a 65-39 lead. This 26-point spread was the biggest bulge of the game and gave Coach Russ De Vette an opportunity to work his substitutes.

He took his regulars out one at a time and with the presence of the reserves the Hurons moved in to a zone press. This bothered

Hope and they became somewhat disorganized and the Hurons began to catch up.

With a minute and a half to go in the game, Eastern had sliced the 26-point spread to six points and were trailing, 86-80. De Vette then sent back in the regulars and a quick eight-point flurry put them 12 ahead. Vander Hill hit two baskets and Benes and Dwayne Teusink each hit one bucket. Eastern scored a basket at the buzzer to narrow the final score to ten points.

Benes and Ritsema had identical totals of 24 points, on ten baskets and four free shots. Wayne Vriesman, who sparked in a reserve role, hit 18. Vander Hill canned 16.

Chuck Crickmore paced the Hurons with 26 points. It was Eastern's 18th loss against one win. Hope hit 39 shots of 99 tries for 39 per cent. Benes hit on 10 of 19 while Ritsema had 10 of 22, Vander Hill, 7-17 and Vriesman, nine of 20.

The Dutch have already clinched the MIAA championship and will go after their 12th win in 13 league starts Saturday night at Albion.

1957 Receipts Of Reformed Church Higher

The total receipts for the denominational program of the Reformed Church in America for 1957, which amounted to \$2,602,502, were the highest in its history.

The budget set for the year was oversubscribed by \$57,502, according to a report by the Rev. Howard Teusink, secretary of the Stewardship Council of the denomination. An additional \$318,484 was received for non-budget items, making total receipts of \$3,010,986.

The budget receipts for 1957 were almost 10 per cent higher than the receipts for 1956, which amounted to \$2,451,177. Contributions to the denominational program in 1957 were more than 50 per cent higher than in 1952, five years ago.

The budgets for the foreign and domestic mission work of the denomination were considerably oversubscribed, while the Boards of Education and Pensions, and the Church Building Fund, received less than their askings. Over 39 per cent of the contributions were for work overseas. The Reformed Church carries on mission work in India, Japan, Arabia, Iraq, and among the Overseas Chinese in the Philippines and Formosa. The denomination, with a communicant membership of about 220,000, has been noted for its consistently high record of giving.

Restrictions this year are the same as previous years, 25 per cent reduction on concrete roads and 35 per cent on blacktop or gravel roads.

This reduces the normal 18,000 pounds per axle to 13,500 on concrete and 11,700 on blacktop or gravel.

Seek Person Who Lost Costly Ring

Holland police are seeking the owner of a valuable man's ring found in the snow at the American Legion Country Club a few weeks ago.

Detective said a student from Hudsonville High School found the ring while sliding in the snow. A jeweler advised the youth of its value, and an ad was run in The Sentinel asking the owner to claim it.

According to detectives, John Kuiper, the manager of the Country Club, said that a man did report the loss of a ring there, but he did not take down his name and he has forgotten who the man is.

The student wishes to return the ring to its proper owner. Anyone with information concerning the ring is asked to contact the Holland police, who will arrange for its return.

Children in Street

Holland Police Chief Jacob Van Hoff Friday warned parents that their children should not be allowed to slide down the large piles of snow at the curbs into the street. Chief Van Hoff also cautioned motorists to watch for children playing in this manner, since a child could easily slide into the path of an oncoming car.

A Ladies Breakfast will be held at the Youth for Christ Clubhouse at 6:30 a.m. Saturday. Guest speaker will be Mrs. Harry Newhouse, a missionary to Nigeria, Africa, for the past 15 years. All women are invited and no reservations are necessary.

Sentences Given in Circuit Court

GRAND HAVEN (Special) — Several persons appeared in Circuit Court Friday for disposition of their cases.

William Kutz, 48, Ferrysburg, who pleaded guilty Feb. 5 to drunk driving, was sentenced to pay \$100 fine, \$10 costs and spend weekends in jail for the next five weeks starting 7 p.m. Friday until 7 p.m. Sunday. Kutz had appealed a Justice Court conviction in which Justice Lawrence De Witt had sentenced him to pay \$100 fine, \$4.30 costs and serve 10 days in jail. At sentence Friday, Judge Raymond L. Smith said the report indicates the matter was in the nature of an aggravated offense.

Marvin Downs, 17, Fruitport, waived the reading of the information, stood mute, and a plea of not guilty was entered on a rape charge. At his initial arraignment Feb. 13 Downs asked for a court appointed attorney which was granted. Trial will be held during the April term. The alleged offense involves a 14-year-old Spring Lake township girl. Downs was with two companions who also were charged with the same offense.

Lewis H. Clafflin, 33, Spring Lake township, who was convicted of a charge of gross indecency Feb. 13, was put on probation for three years. He must pay \$15 costs but no oversight fees since his earnings do not warrant it. He must refrain from drinking, support his family, must seek the assistance of a psychiatrist if he feels it necessary and follow any program suggested by a psychiatrist or physician. The alleged offense in 1956 involved a 14-year-old youth. At his trial Feb. 13, he was represented by a court appointed attorney.

Patrick Harrison, Grand Haven, had his operator's license restored for business purposes only. He had pleaded guilty to drunk driving in Grand Haven Municipal Court last Jan. 23. He claimed he needed transportation as regional representative for the Allied Industrial Workers (AFL-CIO).

John Edward De Vries, Grand Haven, was ordered to pay \$40 a month to support his two daughters at a hearing under the Uniform Reciprocal Enforcement of Support Act. Payments will begin March 1. Complaint was signed by Freda T. McClanahan of Arlington, Calif., who claimed he is \$2,000 in arrears. Superior Court for Riverside county in California had ordered De Vries to pay \$80 a month to support the children in August, 1956. The couple was divorced in Shelby in July, 1951.

Larceny Suspect Arraigned Today

Tom Traynor, 24, formerly of 350 River Ave., waived examination when arraigned on a charge of larceny from a gas station this morning in Municipal Court before Judge Cornelius Vander Meulen.

Bond of \$500 was not furnished and he was removed to Ottawa County Jail. Traynor is scheduled to appear on April 1 in Circuit Court.

Traynor had been sought in connection with the theft of \$150 from a gas station at 221 West 17th St. last June 1.

17 U of M Educators Visit Christian High on Accreditation

A team of 17 educators from the University of Michigan, plus some observers, spent Tuesday at Holland Christian High School reviewing the school's curriculum and other functions to obtain objective data for an evaluation on accreditation by the executive committee of the Bureau of School Services of the university.

The work of the team is to report its findings to the executive committee which then makes recommendations. The visit here is in connection with a school controversy in which the local high school was dropped from the accreditation list of the North Central Association of School and Colleges. This action in turn puts the local school on the probation list of the university.

The university usually sends teams of two to four members on its periodic visit, to schools on accreditation matters. The visit of

such a large team that spent the day at Holland Christian Tuesday is considered extraordinary.

The team arrived in Holland Monday night and met with the faculty and the educational committee of the school board for a briefing session. Principal Raymond Holwerda and John Veltkamp, president of the board, briefed the committee on the philosophy of the school, enrollments and other phases of school activities.

Holland Christian High School was dropped from the accreditation list last year because of certain Michigan requirements on home economics and shop courses. A majority of the Holland Society for Christian Education voted not to add these subjects to the curriculum.

Tuesday's team from Ann Arbor was headed by Donald C. Weaver, consultant in the Michigan Bureau

Fonger Among Outstanding Young Men

John Fonger, Holland's city auditor, has been selected as one of Michigan's Five Outstanding Young Men by the Michigan Junior Chamber of Commerce. He received the award from Lt. Gov. Philip A. Hart at a banquet in Staller Hilton Hotel in Detroit Saturday night.

Others selected for honors were James W. Clark, 32, mining engineer and mayor of the city of Marquette; Dr. Milton J. Huber, Jr., 35, director of the Boy's Republic at Farmington; Stanley Jones, 33, salesman for Burroughs Corp. in Lansing, and Walter John McCarthy, Jr., 32, head of the Nuclear Engineering Section, Atomic Power Development Associates, Inc., now living in Birmingham.

Fonger, 33, is municipal finance administrator for the city of Holland, vice president of the Michigan Junior Chamber of Commerce and a leader in community welfare. He is a graduate of Muskegon public schools and Muskegon Community College.

As municipal finance administrator for Holland, Fonger has introduced modern methods in the city administration, helped establish a new city department and in general helped put Holland's fiscal policy on a sound basis. He is president of the Municipal Finance Officers Association and a member of the finance and taxation committee of the Michigan Municipal League.

Scarcely a civic or charitable project is carried out without his taking an active part. He is co-secretary-treasurer of the Holland chapter of the Community Chest fund raising campaign and secretary-treasurer of the Holland Community Chest. He holds the office of vice president of the Michigan Junior Chamber of Commerce and actively promotes the Jaycee program in his district. He is treasurer of the Holland Inter-Club Council, secretary of the Holland Police Reserves and publicity director for the Chippewa District Boy Scout Council.

Mr. and Mrs. Fonger, Mr. and Mrs. Mike Van Oort, Mr. and Mrs. Jack Ewart and Arthur Schwartz of Holland attended ceremonies in Detroit Saturday night.

Among last year's Five Outstanding Young Men were Guy Vander Jagt of Cadillac and Dr. John E. Tirrell, dean of Grand Rapids Junior College. Both were graduates of Hope College.

Public Meeting Held On Generating Plant

GRAND HAVEN (Special) — There was standing room only at a question and answer forum Wednesday night in Grand Haven High School on plans of the Board of Public Works to build a new steam power plant, costing about 4½ million dollars, on a city owned island.

The BPW defended its recent action to build the first unit of a new steam plant costing \$2,800,000. Chamber of Commerce Secretary Claude Ver Duin, former mayor, reviewed the history of the plant, plus the fact that it has netted \$283,000 in revenue to the city since its inception.

BPW Supt. J. B. Simms said officials are well aware of what Consumers Power has to offer and Mayor William Creason said the Consumers developments at Port Sheldon had never made a move to build the new plant on the city island.

Van Raalte District Lists Committees

Van Raalte school district, which operates schools on East 16th St. and East 12th St., Friday night appointed committees to carry on its program for annexation to Holland city in order to solve its school problems.

George Wedel and William Onk are the co-chairmen for the program known as the Community and School Study Committee.

Other committees follow: Boundaries — Jack Beal, Garrell Adler and Erwin Ter Haar.

Municipal advantages — J. C. Witty and Bud Evans.

Liaison committee — Chester Smith.

Public information — Joe Ponzio.

Publicity — Mrs. William Patterson.

Finance — Jack Barkel and Les Van Ry.

Alternate school proposal — Earl Weener and N. Bakker.

All committees will be greatly enlarged. Reports are expected to be completed in three weeks. A public meeting of residents in the district likely will be held at that time.

Attending Friday's meeting were Jack Barkel, Don Broene, Harvey Vredevelde, Marlin Bakker, Earl Weener, Bud Evans, J. C. Witty, C. A. Smith, Dwight Wintema, Benton Moore, Joe Ponzio, Jack Beal, Garrell Adler, George Wedel, Erwin Ter Haar, John Veenhoven, G. Heidema, John Walther, William Onk, Les Van Ry, Mrs. William Patterson.

All persons at the meeting had volunteered to work for the program at the recent PTA meeting when the district voted to proceed with plans working toward political annexation with Holland city.

Van Raalte district is one of four districts in Holland township which are working on annexation programs. Others are Apple Ave., Federal and Montello Park. An annexation program involving 12 school districts in the Holland area was defeated last November.

The Holland Board of Education has gone on record that it will admit ninth graders from any district which annexes politically to Holland. Annexation or consolidation with the Holland school district is not a prerequisite for admitting pupils to the Holland school.

Such details will be worked out later in case political annexation is effected.

First Hurdle In Hamilton Merger Over

HAMILTON (Special) — The committee working on consolidating 15 school districts in the Hamilton area has passed its first hurdle.

Board resolutions calling for the merger have been forwarded to County School Supt. G. Ray Sturgis in Allegan.

The next step in the complicated picture of getting a new high school is to circulate petitions for consolidation, which must bear over 50 per cent of the electors in each school district interested in consolidation.

Other steps follow: public vote requiring simple majority; appointment of a temporary board of education for the enlarged district; approval of architectural plans by state fire marshal, county sanitarian and the Department of Public Instruction; vote by the people on millage rate; approval of bonds by Municipal Finance Commission; letting of contract; approval of building by architectural inspectors.

Widow Gets Bonds

GRAND HAVEN (Special) — Circuit Judge Raymond L. Smith ruled Friday that the \$180,000 in bonds in the Paul A. Johnson estate belongs to Mrs. Johnson and he ordered the executors of the estate to turn the bonds over to her. His decision came after a hearing in which other heirs sought a determination of rights. The bonds were in an envelope in the safety box at a bank marked "belongs to Mrs. Paul A. Johnson."

Local Seniors Receive Merit Certificates

Bruce Van Leuwen, Holland High School senior, and three Holland Christian High seniors, Dan Bos, Betty Van Eyck and James Michmerhuizen, have been awarded Certificates of Merit, it was announced today by Jay W. Formisla and Raymond Holwerda, principals of the schools.

The certificates were awarded for their outstanding performance in the 1957-1958 National Merit Scholarship program.

These students are in the finals with 7,300 other students in the country now being judged. More than 1,000 of these will receive \$5 million in Merit Scholarships. Winners will be named about May 1.

High scores on the two college aptitude tests have led to the academic honors for these four Holland seniors. Names of the four will be sent to 1,500 colleges, universities and other scholarship-granting agencies for consideration for thousands of other scholarships.

John M. Stalnaker, president of the National Merit Scholarship Corporation which conducts the annual competition says "We believe that this year's Merit Scholarship finalists compose one of the most talented groups of high school students of this size that has ever been identified."

Visiting Hours At Hospital Are Extended

A more liberal visiting program will go into effect Saturday at Holland Hospital, Director Fred Burd announced today.

Under the new plan, visiting hours will start at 11 a.m. and continue until 8:30 p.m. These hours apply to all rooms in the hospital except the maternity department. Visitors are still restricted to two at one time in ward and semi-private rooms and three at one time in private rooms. Visitor cards will be required at all times. During the hours when no volunteer hostess is on duty, the visitors' file will be at the information desk in the lobby and cards will be handed out by the receptionist. The hostess program will continue its regular hours from 1:30 to 4 p.m. and 6:30 to 8:30 p.m., just as in the past.

Nursing unit personnel will help control the flow of visitors, practically during the hours when no hostess is on duty. When more than the allotted number of visitors are found in a room they will politely but firmly be asked to return to the lobby to wait their turn.

During doctors' rounds or when nursing care or other hospital functions are carried out and visitors are present, visitors will be asked to wait in the patients lounge.

Maternity department rules are unchanged. The patient may designate two visitors other than the husband for afternoon visits, and not more than two at any time. Husbands only are visitors in the evening.

This change in visiting hours is in line with programs in many other hospitals. It is an attempt to spread the load of visitors over a longer period and relieved the extremely congested conditions which exist during short visiting periods.

Director Burd said this program is in the nature of an experiment for up to 90 days. At some point the experiment will be reviewed and the decision made whether to adopt this as a permanent program or return to the old visiting schedule. It is almost totally dependent on the cooperation of the people in the next weeks or months, Burd said.

Dutch Record Second Win Of the Season

Holland High's basketball team put on its best shooting performance of the season here Friday night and chalked up its second win of the season with a 62-45 win over Grand Haven before 1,700 fans in Civic Center.

The Dutch, after missing their first ten straight shots, succeeded in finding the hoop and sank 27 in the game out of 69 tries for 39 per cent.

Among those 27, were nine in the third quarter which gave Holland one of its biggest single period outputs of the season. Three free shots in the period pushed the total for the eight minutes to 21 points.

This spread succeeded in pushing the game, which favored Holland 26-20 at halftime, completely out of reach. The Dutch bulge at the end of the third quarter was 48-25 as Grand Haven could collect on only five points in the stanza.

Holland's Hubby Harrington added two quick baskets to start the fourth period and the Dutch margin was 52-25, the biggest spread of the game and the widest enjoyed by the Dutch this season.

Grand Haven outscored Holland 20-14 in the final quarter to narrow the final spread to 17 points. The win avenged the 61-52 Holland loss at Grand Haven and gave the Dutch a 2-12 record. Grand Haven has a 4-10 mark.

It was the final home game for the Dutch and marked the first Civic Center victory (the other was made at Niles) and it was only the fourth home floor win for the Dutch in three years of playing in the local arena.

Jim Overbeek started Holland's offense going with four baskets in the first quarter. He hit his first two pointer at 3:49 and added three more baskets in the next minute and a half. His basket at 2:28 put Holland ahead 8-7 and the Dutch never again trailed.

Ted Walters sank two free shots at 5:13 to tie the score at 2-2 after Grand Haven's Don Stillson had scored the first basket at 7:02. Then came Overbeek's performance. Gary Gibbons added a basket at the buzzer to give Holland a 12-9 quarter lead.

The Dutch continued in command in the second quarter and midway in the quarter held a 10-point, 25-15 lead. The Bucs came back late in the period with Tom Story leading the way to narrow the count to 26-20 at halftime.

In the third quarter, Holland made nine of 17 shots for its best single quarter. Although outscored in the final eight minutes, Holland made seven of 14. Harrington made five of the seven buckets.

Holland had 5 for 22 in the first quarter and six for 12 in the second period. The Bucs had quarters of 4-12; 4-10; 2-15 and 6 for 15 to give them a total of 16 for 52. Holland made eight of 15 free shots and Grand Haven, 13-27.

Overbeek, the shortest Dutch starter, led Holland with 14 points as Coach Bob Connell got four boys in double figures. Walters and Gibbons, a senior playing his best game, each had 13 and Harrington had 10.

Story, a transfer from Cranbrook High School in Birmingham, led Grand Haven with 10 points and Stillson had nine. Dale Waldo, Grand Haven's top scorer, didn't dress because of a sprained ankle received in practice Wednesday.

Harpist Presents Highly Entertaining Program

Members of the Holland Civic Music Association enjoyed a most entertaining evening in Civic Center Saturday night when Robert Maxwell, harpist, presented a program ranging from conventional concert music to the snappy jazz of Tin Pan Alley.

The person well grounded in concert music was more likely to enjoy the harp transcriptions of Bach, Mozart, Debussy and Chopin, but from the applause of the audience, a goodly number was more than enthusiastic over the arrangements of George Gershwin and Jerome Kern . . . and even Fats Waller.

During the Tin Pan Alley half of the program, Maxwell chatted with the audience before each selection. "Most people think of the harp as a heavenly instrument playing melodious chords, but I like to bring it down to earth and show other ways it can be played," he said.

Then he proceeded with the jazz selections, aided by his Rhythm Players consisting of piano, bass and guitar. These highly competent musicians served as a rhythm section background for about half of Maxwell's numbers.

Besides performing such popular favorites as Gershwin's "I Got Rhythm" and Hoagy Carmichael's "Stardust," the harpist presented novelties such as banjo effect in Stephen Foster's "Oh Susanna" and a soft shoe number such as Ray Bolger would give in "Tea for Two." Maxwell made his harp sound like a nickelodeon.

For his one encore, Maxwell returned to the concert field and played a lively harp arrangement of Liszt's "Hungarian Rhapsody No. 2."

Maxwell's mastery of his instrument was evident from the first, and all his selections, conventional concert arrangements or the rhythm numbers, were enthusiastically received by the audience. The mixture of Carnegie Hall dignity with swish supper club entertainment provided a fast moving and highly entertaining evening. Moreover, he started promptly at 8 p.m. and concluded his program by 9:20 p.m.

Two more numbers remain on the current music series. Pianist Ruth Slenczynska appearing on March 14 and Blanche Thebom on April 8.

Doctor Gets Divorce in Circuit Court

GRAND HAVEN (Special) — A divorce decree was granted in Ottawa Circuit Court Wednesday afternoon by Dr. Eugene Carl Timmerman from Ann E. Timmerman, both of Coopersville. Judge Lucien Sweet of Kalamazoo presided at the contested case which had been scheduled to be heard Tuesday, Wednesday and Thursday.

Proofs were taken late Tuesday afternoon and a settlement between the parties was effected. Custody of a 16-year-old daughter and 12-year-old son was awarded to the father and a 13-year-old daughter to the mother.

The settlement provides that Mrs. Timmerman will receive the family home on five acres in Coopersville, a cottage in Spring Lake township, \$275 a month support for herself and daughter continuing until the girl is 18 years old or completes high school, whichever is later. After that the alimony will be reduced to \$175 a month for life or until she remarries.

Mrs. Timmerman also will have a 1955 car; household furniture with the exception of a dresser, tools, a mounted trout and a bird house; two \$10,000 life insurance policies on the doctor's life which she may cash or keep up premium payments; and \$3,600 from joint bank accounts.

The doctor will retain the farm house in Polkton township with the exception of the five acres on which his wife's home is located; his office building in Coopersville village together with furnishings and equipment; a 1957 car, all accounts receivable and the balance of the joint bank accounts. He will retain \$45,000 life insurance naming three children equally as beneficiaries and continue payments thereon.

After the settlement was effected, Judge Sweet made a lengthy statement in which he charged the couple that the children should receive their highest respect and should not be used as pawns to move from place to place.

The Rev. Anthony Luidens was guest speaker with the topic "I Walked Where Jesus Walked." He told of his trip to the Holy Land and showed slides. President Gordon De Waard presided during the business meeting. Devotions were led by Mr. and Mrs. James MacKeechie.

Hostesses for the evening were Mr. and Mrs. Robert Oosterbaan and Mr. and Mrs. MacKeechie.

AUTO PARTS BUILDING BURNS — Sparks from a worker's acetylene torch ignited gasoline spilled on the floor and caused a \$20,000 fire Thursday at the Veneklasen Auto Parts on M-21 east of Holland. Fire and explosions crumpled the roof and walls of the building as a car's gas tank and oil

barrels exploded inside in the heat and flame. The fire burned fiercely for hours, with clouds of black smoke rising from the burning oil and rubber. Heavy snows surrounding the building helped to keep the fire from spreading.

\$20,000 Fire, Explosions Destroy Auto Parts Building

A \$20,000 fire touched off by sparks from an acetylene torch Thursday afternoon completely destroyed a large cement block building occupied by the H. M. Veneklasen Auto Parts on M-21 east of Holland.

The damage to the building and contents was estimated by the owner, Howard Veneklasen, who said the loss was partially covered by insurance.

The fire broke out at 1:45 p.m., Veneklasen said, when sparks from an acetylene torch being used by a worker, Robert Cogbill, fell into gasoline which had been spilled on the floor.

The interior of the building immediately filled with smoke and flame, igniting a 1956 model car which was being repaired.

Veneklasen said he first used a fire extinguisher to fight the flames, but the fire raged out of control when the gasoline tank of the car exploded.

Firemen from the Holland Township No. 3 station were summoned, but the building was beyond saving when they arrived, Veneklasen said. A tanker from Holland Township No. 2 station also answered the call.

Great clouds of black smoke poured into the sky as more than 200 gallons of fuel oil and stacks of new and used tires caught fire. The heavy snow surrounding the building helped to keep the fire from spreading.

Besides the 60-by-45-foot building itself, the car, the fuel oil and the tires, Veneklasen reported that a welding machine, a cash register and a large supply of auto parts were destroyed.

Veneklasen reported that the cash register contained only change. Some \$600 in weight receipts were saved from the burning building, he said.

Hope's "Huckleberry Finn" Awarded Doctorate Degree

A few years ago he was the "Huckleberry Finn" of Michigan runners and today is a doctor of philosophy.

That's the story of Dr. Lawrence Fabunmi, who attracted statewide interest running barefoot on Hope College's track team, and was recently granted his doctorate from the University of London.

Dr. Fabunmi took up track at Hope only for exercise and was not particularly interested in winning. But he quickly developed into quite a distance runner and in 1952 he set a Hope record of 10:07.8 in the two mile which still stands.

A native of Nigeria, Dr. Fabunmi is well remembered around Holland for his colorful costumes and his perennial pipe. He was outspoken on his political beliefs and was a popular campus discussion figure. He also spoke frequently to Holland groups.

Since his graduation from Hope in 1952, Dr. Fabunmi has traveled extensively in Europe and Africa. The doctorate climaxed his graduate work at the University of London. He received the fellowship to London while attending Hope.

He has made an intensive study of racial problems in South Africa and has written widely for the European and African press.

Some of his recent articles include: The Sudan in Anglo-Egyptian Relations (a Case study in Power politics 1800-1956); Nigerians on the Nile; The African Renaissance; the myths and realities of Egypt's imperial interest in the rest of Africa.

Dr. Irwin J. Lubbers, Hope president, received the notification of Dr. Fabunmi's achievement this week.

Candlelight Service Held By Emblem Club Members

Sixty-two visitors, guests and members gathered for a candlelight ceremony and initiation for three new members at the Visitation meeting of Holland Emblem Club Thursday night at the Elks Lodge rooms.

New members are Mrs. Pat Lagers, Mrs. Joyce Lundberg and Mrs. Marge Pelletier. They were initiated by Supreme District Deputy Mrs. Marie Botsis who also gave a talk thanking all clubs for appointing her as Supreme District Deputy of Michigan.

Due to bad highway conditions St. Joseph and Benton Harbor sent only two representatives each. South Haven had nine members and the Grand Haven Lady Elks No. 1200, sent 17 members as representatives. A pair of wooden shoes was presented to each person representing the president of her respective club.

The nominating committee for the coming year consisting of Mrs. Dorothy Lowry, chairman, Mrs. Botsis, Mrs. June Botsis, Mrs. Lila Wheaton and Mrs. Roberta Bouman will meet March 6 at the home of Mrs. Lowry in Zeeland. Mrs. Abbie Beauregard will have the next social night on March 13. Mrs. Joan Long and Mrs. Bouman were named as co-chairmen for installation of new officers in April.

After the business all retired to the lounge where a buffet lunch was served and a program presented to the local club. The decorations carried out the George Washington theme and prizes were awarded to several members.

World Prayer Day Service Attracts 300

About 300 women gathered at First Methodist Church Friday afternoon to observe the 72nd annual World Day of Prayer.

The service had been prepared by a group of women who are members of the churches within the Australian Council for the World Council of Churches. Some of the prayers were written by the women of the Australian aborigines, the original residents of the continent.

The Rev. Edward Tanis of Zeeland gave an inspirational address, based on the theme for the day, "The Bread of Life." Rev. Tanis and his wife have recently returned from a trip around the world where they visited all the Reformed Church Missions with the exception of those in Africa. Drawing upon his first-hand observation he led the women from one mission to another pointing out that three-fourths of the world's population have not yet heard about Christ.

Mrs. Otto Schaap, president of the Holland Council, introduced Rev. Tanis who is minister of Faith Reformed Church in Zeeland. Mrs. J. A. Veldman of Third Church led devotions and Mrs. Edwin Koepe, a retired missionary, presented the mission projects which are aided by the offerings received on the World Day of Prayer. Mrs. Jack Daniels of Rose Park Church sang "O Bread of Life from Heaven" by Cesar Franck, accompanied by Miss Mildred Schuppert who also provided the organ prelude. Mrs. Walter de Velder, a missionary to the Philippines, gave the prayer before the offering. This inspiring service closed with the hymn, "O For a Thousand Tongues to Sing" which was followed by a benediction by the Rev. Tanis.

This was the third World Day of Prayer sponsored by the Holland Council of Church Women.

The unusual and interesting account included many vivid problems of his life not often brought out.

The dinner was arranged by Clifford Hopkins and the invocation was given by the Rev. William C. Warner, Presiding by Miles Baskett, regent. During the business session it was announced that the Holland Chapter is making plans to send a local boy to Boys' State at East Lansing next summer.

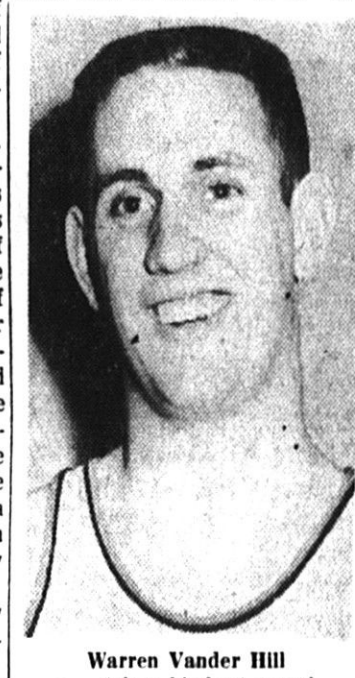

Dutch Trounce Dales, 94-54 In 'Best Game'

HILLSDALE (Special)—With the outright MIAA championship riding with the game, Hope College's basketball team played, "its best game of the season" and crushed Hillsdale College, 94-54 here Saturday night to take undisputed possession of the league title.

The victory gave Hope an MIAA mark of 11-1 and an overall record of 15-2. It marked the 10th league crown for the Dutch and the sixth outright title since joining the league in 1928.

"It was the best game we played this season," Coach Russ De Vette said following the game. The boys did an especially good job of ball handling, passing off, seeing the open man underneath the basket and getting down the floor fast," De Vette said.

Coupled with the offensive power which saw the Dutch hit a season's high for 49 per cent of their shots with 41 baskets in 87 at-

Warren Vander Hill ... 'plays his best game'

tempts, De Vette praised the "great defense" turned in by his club and said "it was the secret to the game."

Hope completely bottled up the Hillsdale players, especially Jim (Jellybean) Reynolds who came into the game with 209 points in 11 MIAA games.

Ray Ritsema's octopus-like arms covered the Jellybean and held him to only one basket and a free shot, for his lowest total of the season. Reynolds picked up two later baskets when Ritsema had moved to the bench. Ritsema also blocked several would-be Reynolds shots.

Jun Buursma also sparked on defense and held Jerry Shaffer who had led the Dales with 18 in their win over Alma, without a basket. Shaffer scored a single tally off the Hope subs.

Paul Benes maintained his lead in the MIAA scoring race with a 30-point contribution in the game. This gives him 255 points in 12 league games for a 21.3 average. He set a Hope individual scoring record of 39 points against Hillsdale in Holland.

Benes made most of his baskets on tips and layups along with jump shots from the outside. He was fed by Warren Vander Hill who exhibited some fine passing. Vander Hill would spot Benes and fire at the right instant and the big 6'11" center would turn and score.

"Vander Hill played the best game he's played in the two years he has been on the club," De Vette said. The outcourt sophomore shooter was knocked down on a foul early in the second half and received a bruised knee which sidelined him for the rest of the game. He made 15 points.

Hope shot off to a 5-0 lead and pushed ahead 13-6 and 29-13 at the ten-minute mark. Other first half spreads were 34-19, 41-21 and 54-32 at halftime.

The Dutch could practically have stopped at halftime because as it turned out the Dales' total of 54 was identical to Hope's intermission mark.

But, Hope recalling how Hillsdale had come back in the first game and cut the margin to three points midway in the second half, continued ahead at full speed.

De Vette inserted his reserves at the ten-minute mark with Hope leading 85-57. The Dutch ran the score to 91 points with six minutes to go and then hit a famine and went three minutes without a point. Daryl Siedentop broke the spell with a basket and free shot in the last three minutes for the final Hope points.

The 94-point total was the third highest scored by the Dutch in MIAA play this season. They made 96 against the Dales the first time

NO "SHOTGUN UNION"

"Shotgun marriages," it is well known, are not usually conducive to happy married life. They are sometimes necessary, but they are less than ideal.

The local community, both town and country, is learning that "shotgun annexation" is also less than ideal. In fact, there are some in both the city and in the rural areas who are beginning to feel that the very word "annexation," widely used in last November's special election campaign, is unfortunate. A basic connotation of the word is that there is an element of coercion in the idea of "annexation." Some people are beginning to feel that the term "union" would be better, that it would suggest a voluntary action on both sides.

Of course, there was no connotation of compulsion on either side last fall; the result showed that both sides were free agents. But at least some who were included in the proposed area of "annexation" had a feeling that an attempt at coercion was intended.

Now that several communities are beginning to make proposals for at least partial union with the city, it is becoming clear that some system of that kind may be the answer to a problem that is shared by city and country both. Instead of even the faintest suggestion of any compulsion, the two parties in the "voluntary union" are making overtures that may eventually lead to good results for both.

Communities outside the city limits that are physically but not politically a part of the city are organizing to find an answer to their school problems. The city's school government is doing its best to do what it can in the interest of community education, both in the city and in the outlying districts. That spirit at least has grown out of last November's activities and it is all good.

Holland's "union" with some of the urban areas outside the city limits will most likely become a reality. It will take time and there will have to be more mutual concessions on both sides than were deemed necessary or possible last year. But if the final result is attained on a basis of complete understanding and voluntary action, the end product is likely to be permanent.

There never was any thought of "shotgun annexation," but if both sides learn to desire "voluntary union," the community marriage of city and townships is certain to be a happy one.

Sunday School Lesson

Sunday, March 2
One in Christ
Ephesians 4:1-7; 4:11-16
By C. P. Dame
(Based on copyrighted outlines produced by the Division of Christian Education, National Council of the Churches of Christ in the U.S.A. and used by permission.)
Christian Churches are becoming more conscious of their unity in Christ. Protestants are realizing more and more the necessity of uniting their forces and of working together for God's kingdom. The more thoughtful Christians study the Bible the more they will believe in unity.

I. The Bible tells us that unity in the church is important. Paul wrote the Epistle to the Ephesians while he was a prisoner in his own hired room in Rome. His imprisonment spoke of his loyalty to Jesus Christ because it was his devotion to him that made him a prisoner. Although Paul was in prison he showed much concern for his fellow Christians. He besought them to "walk worthy of the vocation wherewith" they were called. We can be poor Christians or excellent followers of Jesus. The excellent Christian gets along with other believers.

He has learned the art of living "with all lowliness and meekness, with longsuffering," and of "bearing one another in love." There is a reason for Paul calling attention to these Christian virtues. In this chapter Paul discusses unity. Lowliness and meekness foster unity whereas pride leads to divisions. Usually the people who promote schisms and divisions in the church are not noted for their lovely spirit.

II. There is but one church. The Bible says the church is the Bride of Christ. Our Lord has but one bride. The church is also called the body of Christ and he has but one body. There is but one Spirit and all believers are indebted to him. All believers have one hope—the hope of salvation. We believe in one Lord, have one faith, and although there are various modes of baptism there really is but one baptism, the baptism that is founded on the truth that the Father the Son and the Holy Spirit are one God. All Christians acknowledge God their Father and all realize that God gives grace in varying manner.

The various denominations have much more in common than the members often realize. It is so easy to stress the differences and ignore the basic fundamentals on which they agree. All denominations have their strong points and their weaknesses.

III. God bestows varying kinds of gifts upon the church. Observe the kind of workers God gives to the church. "And he gave some, apostles; and some prophets, and some evangelists; and some pastors and teachers." These workers are gifts of God. God gave these workers for a purpose as stated in the words: "For the perfecting of the saints, for the work of the ministry, for the edifying of the body of Christ." Do not overlook the word "edifying." The spiritual edification of God's people is the main task of these workers. It is God who gives salvation and the workers who are called to perfect that salvation.

It is the task of these workers to promote the unity of faith—faith in Christ. And that means banishing the partisan spirit and the "holier than thou" attitude and fostering cooperation. Paul also calls for maturity. It is the duty of all believers to become spiritually strong and steadfast. God gave us his Word so that we might grow up and become well grounded in the faith. The stronger the individual Christian becomes the more dynamic the Christian Church will be.

It is very evident from the study of this lesson that the Bible stands for unity, not for separation and divisions, for cooperation and not for contentions. If this is true, and it is, then it is the task of all Christians to promote unity and to oppose the spirit of separatism and sectarianism.

Little Dutch Edge Ottawa

GRAND RAPIDS (Special) — Holland's reserve team finished a successful season here Tuesday night but it was kind of a hectic close as the Dutch were forced all the way by a pesky Ottawa Hills team before winning, 41-40.

It was the 12th win for the Dutch against three losses in Bill Noyd's first season as coach. It marked the second time Holland had beaten Ottawa and it was the Indians' second defeat.

Ottawa, coached by Bob Hendrickson, former Hope College star, opened the season with a loss to Holland then went through 13 games without a loss before bumping into the Dutch. They won the Grand Rapids reserve team title.

Little Burton Wiersma popped the first of two fourth quarter long shots to put Holland ahead 36-34 with five minutes to go in the game. Although the Indians pulled within a point, Holland never again gave up the lead.

The Little Dutch led 11-10 at the end of the first quarter and 27-21 at halftime. The third quarter favored Holland, 34-32.

Holland made 16 of 63 shots for 27 per cent and the Indians had 14 of 59 for 23 per cent.

Steve Groeters paced the Dutch with 12 and Wiersma followed with 10. Harley Hill and Ralph Lawson each had seven and Ed Loncki, five. The trio all worked well on the boards. Williams and Schott each had 11 for Ottawa.

'Kalamazoo College Story' Written by Ex-Holland Man

A book by a former Holland citizen has come off the press, making a bid for the attention of the Michigan reading public.

Under the title, "The Kalamazoo College Story," Dr. Arnold Mulder traces the history of the oldest institution of higher learning in the state, older than the University of Michigan itself. This year Kalamazoo College is observing the 125th anniversary, and it was in connection with that event that the former Holland man was drafted to write the book.

Richly illustrated with campus scenes and personalities, the volume tells the story of what al-

Dr. Arnold Mulder

most amounts to a revolution in education during the past 25 years. Carefully authenticated, the narrative places the stress on the "story" part of the word "history."

With public attention centered on science education, the book tells the story of how Kalamazoo College won recognition during the past 25 years as one of the top-ranking institutions in that field in America, while continuing to be of the high-level liberal arts colleges. In the interest of high scholastic standards, it has limited its enrollment to 630, not aspiring to grow bigger, only better.

"The Kalamazoo College Story" is Dr. Mulder's sixth published volume. The book preceding this one was "Americans from Holland," a history, for which he was decorated by the government of the Netherlands and named an

Officer in the Order of Orange-Nassau. Before that there were four novels, a tri-weekly syndicated column, "Library Adventures," and some 60 articles contributed to 24 national magazines.

Currently engaged in free-lance writing, Dr. Mulder makes his home in Kalamazoo, spending his summers at Maple Beach, Lake Michigan.

Mrs. Sobus, 76, who suffered a fracture of the left elbow, a broken finger and bruises in the assault, refused to be hospitalized and returned to her home, according to State Police.

Andrew Sobus told officers he was in the house when he heard a noise outside about 12:30 p.m. and went to investigate.

Finding Prangie beating his grandmother with the ball bat, Sobus said he grappled with his grandson and tried to take the bat away from him.

Sobus said he was struck once with the bat before Prangie suddenly stopped fighting and ran to the house. Sobus then called the State Police, who found the young man hiding in an outbuilding.

Officers said Prangie has lived with his grandparents since he was a small boy. He will be examined by a psychiatrist before he stands trial, State Police said.

INSTALL NEW SWITCHBOARD — Andrew G. Sall, Holland manager of the Michigan Bell Telephone Co., demonstrates the working of the new central switchboard installed at Holland Senior High School to the Principal Jay W. Formsa, (left), and Vern Schipper,

director of adult education. The switchboard is designed to increase efficiency by centralizing all the calls in the Holland public school system. It is scheduled to be put into action in the near future, as soon as a special operator has been trained to operate it. (Sentinel photo)

New Central Switchboard To Serve Holland Schools

A new telephone switchboard, with its own full-time operator, will soon serve the needs of Holland's ever-growing public school system.

For some years it has been realized that the present system of handling telephone communications among the schools has been inadequate.

Each office had a separate telephone. If that phone was busy or not covered, communication was at a standstill. In an emergency, such as a fire or a tornado, this could be a serious situation.

The telephone book now lists 20 different numbers under "Board of Education." Under the new system, this number will be reduced to six. Each of the elementary schools — Washington, Van Raalte, Jefferson, Longfellow and Lincoln — will have its own phone and its own lines. All the rest will be handled by the single central switchboard.

Service will be increased, since the switchboard will accommodate six incoming trunklines and will serve 30 telephones. With the extension system, an official can be located quickly even if his own phone is not covered.

The Holland manager of the Michigan Bell Telephone Co., Andrew G. Sall, emphasized that this is not simply a stop-gap arrangement.

When it was realized that Holland schools had outgrown their present system, a year-long study was made by Bell service engineers to find the most efficient way to handle the situation. The central switchboard is the answer, he said.

Whaling is Antarctica's only industry. The National Geographic Magazine says Whales and a few species of seals abound in the polar waters. The fur seal, however, is practically extinct due to man's relentless slaughter.

William J. Olive, long-time insurance salesman in Holland, was presented with a special honor award at a kickoff meeting to launch a campaign for new members to Holland's Chamber of Commerce Monday night in the Warm Friend Tavern.

President Jack Plewes presented the award for Olive's efforts through the years for "selling the Chamber of Commerce while selling insurance." Olive has served on many membership campaigns and has signed up many new members.

Plewes also explained why dues were boosted this year to \$36 from \$25. One factor is that City Council no longer makes an annual allocation of \$2,500. He said the Chamber has moved from Civic Center to the downtown location in the hotel so that it may better serve the passing public.

Former President Clarence Jalving said a person cannot get more out of life than what he puts in and joining the Chamber of Commerce is one of the best ways to share responsibilities and work to make this a better city. He said there always are some free riders, but he quoted the story of the elderly man who felt life's greatest burden is "nothing to carry." He pointed to Holland's nation-wide fame for her Tulip Time festival and opined that Holland is the best known small city in the United States and Canada — a feeling he often experiences while attending conventions far from home.

Executive Secretary William H. Vande Water explained the services of the Chamber of Commerce and its proposed program for 1958. These were outlined in literature distributed to the 40 persons present along with prospect cards. This year's aim is 75 to 100 new members.
