Tulip Time Board Moving Ahead for May Festival

Program plans are coming along well for the 1962 Tulip Time festival May 16 through 19, the Tulip Time board was informed at a meeting Tuesday in Hotel Warm Friend.

Plans call for closing Eighth St. on Saturday of Tulip Time at 10 a.m., or earlier particularly for the convenience of photographers. The 10 and 11 a.m. sidewalk scrubbing will be moved into the street that day for all around convenience. The street will remain closed until after parade time in late afternoon. Lt. Ernest Bear will arrange for street closing.

Float Chairman Ed Schierbeek said 10 floats already have been lined up for Tulip Time parades and several more are expected to be added.

Plans also were discussed for teams of school children with adult supervisors to participate in street scrubbing ceremonies.

Robert Taft, antique show chairman, reported half of the spaces have been sold for the show in Holland Armory. With the flower show in the Woman's Literary Club, festival leaders are looking for another site for the popular Dutch Treat Show in the downtown area.

Mrs. Kenneth Kleis, chairman of the Costume Show, is planning a trip to the Netherlands and plans are under way to line up more workers.

Plans also are being made to send a bus load of Dutch Dancers to Indianapolis, Ind., to participate in the annual school festival of Ben Davis High School, a two-day event. The Ben Davis School Band appeared at a Saturday Night Varieties here two or three years ago.

Several thousand Tulip Time programs will be sent to the Flower and Garden Show at McCormack Place in Chicago in March.

After the meeting the board of directors held a special meeting to discuss financial matters and to process Tulip Time mail which pours into the Chamber of Commerce or Tulip Time offices at the rate of 300 to 500 a week, mostly from school children.

Mayor Nelson Bosman, Tulip Time President, presided at the meeting. Others present were Secretary William H. Vande Water, Manager Chester Walz, Mrs. Kenneth Kleis, Mrs. F. W. Stanton, George Lumsden, Ernest Bear, Willard C. Wichers, Donald Rohick, W. A. Butler, Wilbur Cobb, Mrs. Wilbur Kow and Ed Schierbeek.

Membership Drive Opens

More than 35 attended a kickoff luncheon in Hotel Warm Friend Wednesday for the annual membership drive of the Holland Chamber of Commerce running March 1 through 17. Don Rector is membership chairman.

As kickoff speaker, Earl Hall, head of the sociology department of Hope College, said the person who wants something done can accomplish more by working through an organization than by single effort.

By becoming associated with an organization like the Chamber of Commerce, a member becomes a voice which is heard in the membership and in the program, while an outsider often cannot be heard since he lacks the coordination of an established program, Hall said.

He likened membership in the Chamber of Commerce to membership in the regular course of life in society. If one wants something done in society, one must become a member so that his ideas through working with others become a reality, Hall said.

Chairman Rector introduced a surprise speaker in the person of William J. Olive, Holland's oldest active Chamber member both in age and in years with the Chamber. Olive, 86, was one of the founders of the Chamber more than 50 years ago and has been a strong booster for Holland. He told the committee a person has 208 bones in his body and the three most important are the wish bone, the funny bone and the back bone. He challenged younger members to put back bone into their work in lining up new members.

Executive Secretary William H. Vande Water explained the 1962 program of work with emphasis on the formation of the Economic Development Corp., airport plans, Lake Macatawa Port Authority and legislation on local, state and national levels, as well as tourist and resort programs, industrial, education, rural and public relations work.

Holland Man Hurt In Head-On Crash

GRAND HAVEN — William Brodie Halbert, 31, of 439 Plasman Ave., Holland, was listed in good condition today at Grand Haven Municipal Hospital with injuries suffered in a car-truck crash Wednesday noon on M-50 near 128th Ave. in Robinson Township.

Halbert suffered shoulder and chest injuries when his car and a semi truck driven by Willie E. Levy, 40, of Detroit, collided head-on. Levy was not hurt in the crash.

Ottawa County Sheriff's deputies said Halbert was attempting to pass another semi truck and apparently failed to see Levy's truck due to heavy drifting snow. Halbert was driving west on M-50, and Levy was headed east when the accident occurred.

Deputies said Halbert's car and the tractor of Levy's truck were demolished. Halbert was being cited for improper overtaking and passing, deputies said.

Allegan's FCC Helped Plot Mercury Flight

ALLEGAN — The Federal Communications Commission's monitoring station northwest of Allegan Tuesday revealed its part in the Mercury space project.

Colonel John Glenn's successful trip in Friendship 7 made it possible for the station to take the wraps off one of its most important projects in the past two years. Patrick Scanlon, station director, said all monitoring stations were a part of nation-wide network ready to go into action in case the capsule landed far from the planned area.

FCC directed finding equipment was linked by teletype circuit to locate, by triangulation, the exact spot where the capsule came to earth. Scanlon said a beacon transmitter was automatically turned on at the moment of impact. Although recovery ships were close to the landing point, the FCC did take a bearing on the capsule and the information was available in less than five minutes after the landing.

The FCC monitoring stations also provided another service to the Mercury project, working throughout the day to eliminate any radio interference between the space capsule and ground stations.

SNOW MISSILE—Fifth graders at Harrington School this week joined the nation in tribute to America's No. 1 space-man, Lt. Col. John Glenn Jr., by modeling a replica of the "Friendship 7" spaceship in snow. The class is shown here working on the spaceship, which won first place in upper grade snow sculpture competition at Harrington School. The 12-

foot rocket, complete with a miniature astronaut (right), was marked by a sign reading, "Friendship 7—In Honor of John Glenn Jr." The tribute was a timely one, as Glenn and his fellow astronauts were honored at a giant parade in New York today. Fifth grade teacher is Mrs. C. Weener.

Link Breakins, Auto Theft

SAUGATUCK—State police Tuesday were investigating a possible connection between a car theft in Holland and two tavern breakins in the Saugatuck area early Monday.

State police said burglars entered the Skyline Tavern on US-31 east of Saugatuck and Klaynik's Balaton Inn in Douglas sometime after 2 a.m. Monday.

A car owned by Norman Kamps of 417 East Eighth St., Holland, stolen sometime after midnight Monday, was recovered shortly before noon the same day on US-31 about three miles south of Holland. State police were investigating the possibility that the car may have been used by the burglars in the two tavern breakins.

Approximately \$145 was taken from vending and amusement machines at the Skyline Tavern, and some \$63 from vending machines at the Balaton Inn, state police said.

The burglars broke a glass panel out of the front door of the Skyline Tavern and unlocked the door to get inside the building. The Balaton Inn was entered through a window. Troopers said the two breakins were apparently the work of the same person or persons.

Kamps' auto was stolen from his home.

Temperature Drop Greet March Entry

March came in like a lamb today—with one notable exception. It rode in on a lion-sized cold wave that plunged temperatures in the Holland area to below the zero mark.

Clear, sunny skies greeted shivering Holland residents following a one-inch snowfall since 5 p.m. Wednesday. An additional inch of snow had fallen on the Holland area earlier Wednesday, leaving a total of 14 inches of snow on the ground.

Official low in Holland this morning was 1 degree below zero. The coldest March day on record since 1927 was 4 below, recorded in 1943. By noon today the temperature had risen to 5 degrees. Last year's March 1 low was 22 degrees.

Pellston, usually the coldest spot in the state, relinquished the unwanted honor to Traverse City which reported a bone-chilling 27 below zero. Pellston came up with 17 below zero. Alpena had minus 16, Houghton 14 below, Sault Ste. Marie 13 below, Marquette 12 below and Bay City-Saginaw 11 below. About the only exception to the below zero pattern was Detroit where the low was 1 above zero.

Two tavern breakins in Holland this year were cleared up Wednesday following the arrest of a 26-year-old Holland man.

Earl Cramer of 140 Coolidge Ave., picked up by police Tuesday, was arraigned in Municipal Court Wednesday on charges of breaking and entering in the nighttime. He waived examination and was bound over to Circuit Court to appear April 3. Bond of \$2,000 was not furnished.

Cramer was charged in connection with breakins at the East End Cafe, 200 East Eighth St., on Jan. 21, and at the Owl Sandwich Shop, 179 River Ave., on Feb. 11.

Cramer admitted the breakins when questioned Tuesday by Holland police detectives. He was also being questioned by Ottawa County Sheriff Department and state police detectives in connection with breakins in Ottawa County and in the Saugatuck area. He was to be taken to Rockford today for a lie detector test.

Coin-operated vending and amusement machines had been broken open at both the East End Cafe and Owl Sandwich Shop. An estimated \$200 had been taken from machines at the East End Cafe. Some \$38 was taken from a cigarette vending machine at the Owl Sandwich Shop, along with an undetermined amount of coins from other machines.

Cramer was being quizzed by county authorities in connection with a pair of breakins at the Admiral Oil Co. on Chicago Dr. near the US-31 bypass interchange, a breakin at Red's Standard Service at Chicago Dr. and 120th Ave., an attempted breakin at Holland Tractor Sales on 120th Ave., and unlawfully driving away an automobile.

State police were questioning Cramer in connection with breakins at the Skyline Tavern near Saugatuck and Klaynik's Balaton Inn in Douglas last weekend.

Red Cross Seeks More Blood Donors

The local Red Cross chapter has instituted a program to attract more donors for the Holland Community Blood Bank.

In addition to seeking new donors, Red Cross workers have been going through blood donor files in lining up persons who previously had donated blood.

In 1961, a total of 1,272 units of blood were drawn for use in hospitals in Holland, Zeeland and Douglas. These hospitals use an average of 45 units every 10 days. On occasion, emergency donors are summoned. Blood older than 21 days is reduced to plasma and blood fractions.

Donor clinics are held every other Monday in Holland. A total of 350 Red Cross volunteers work on the blood program in the course of a year. These volunteers include doctors, nurses, nurses aides, gray ladies, historians, canteen workers, junior aides and recruitment personnel.

Recruiting donors is one of the most important tasks of the blood program. Between clinics, three volunteers call some 200 people whose names are on file as donors reporting each six months. If 70 are scheduled for the next clinic, the recruitment volunteers are happy. However, at clinic time, if 45 have actually donated a unit of blood, the hospitals' needs have just been met with none to spare. The chances are that emergency donors will be called before the next clinic.

Blood is free in Ottawa county. Hospitals, however, charge a service fee which covers laboratory tests, cross matching, etc. In recent years more and more safeguards have been set up on blood tests. Cost of operating donor clinics is financed by contributions to the Red Cross.

Each unit of blood costs the Red Cross about \$4 covering bottles, drawing sets and many incidentals.

The Holland Community Blood Bank was started in February, 1948. At that time Holland was the first small city in the United States to give its people a complete blood service.

A blood bank is just like a money bank—unless blood is put into the bank it cannot be taken out. Patients having blood transfusions usually arrange with relatives or friends to replace the blood on the basis of two units

for the first one used, and one unit for each succeeding transfusion. Allegan County patients replace blood through the Lansing Red Cross Regional Blood Center when the Red Cross mobile unit comes to Allegan County.

Mother-Daughter Banquet Held At Third Church

"South of the Border" was the theme of the annual mother and daughter banquet of the Women's Guild for Christian Service of Third Reformed Church Monday evening in the Fellowship Hall. Mrs. A. A. Dykstra, president, gave a welcome in Spanish and was followed by Mrs. Edgar Lindgren who led in prayer.

The tables were decorated with small artificial palm trees and napkins with maps of South America on them while a colorful Mexican blanket and a sombrero served as a back-drop for the entertainment. Miss Virginia Leibert, a student at Hope College, sang several Spanish songs and accompanied herself on a guitar.

Miss Charlene Miller gave the toast to the mothers, and the response to the daughters was given by Mrs. Carl Miller.

The speaker for the evening was Mrs. J. Boonstra who, with her family, has recently returned from serving a church in southern Argentina. Mrs. Boonstra spoke on a typical day in the life of an Argentine woman and passed around a number of Argentine silver demitasse spoons whose patterns were indicative of some aspect of life in that country.

Mrs. R. W. Vande Bunte closed the meeting with prayer.

The Van Eck and Kempers Circles were in charge of arrangements.

Vows Spoken in Hamilton Church

Mr. and Mrs. Lloyd Allen Lohman

The Reformed Church at Hamilton was the scene of a pretty wedding on Feb. 15 when Miss Gloria Faye Top and Lloyd Allen Lohman exchanged nuptial vows.

The double ring ceremony was performed by the Rev. Ralph Ten Clay as the wedding party assembled before an altar decked with palms, Oregon ferns, three large bouquets of white chrysanthemums and red carnations, flanked by spiral candelabra and candle trees. White satin bows and greens marked the pews.

The bride is the daughter of Mr. and Mrs. Dennis Top of route 2 Hamilton, and the groom's parents are Mr. and Mrs. Lawrence Lohman of route 2, Hamilton.

Miss Yvonne Douma played appropriate wedding music as the bride with her father approached the altar. Soloist was the Rev. Ed Vining.

The bride's floor-length gown of chantilly lace was fashioned with a fitted basque embroidered Alencon lace forming a scalloped sabrina neckline. Long sleeves tapered to points at the wrists and the bouffant skirt was complemented with alternating tiers of lace and tulle. A crystal crown held her elbow-length veil of bouffant net and white roses and red feathered carnations atop a white Bible with red and white carnations on ribbon streamers.

The bride's niece, Mrs. Donna Wuertel, was attired in a red velvet dress with criss-cross red satin cummerbund. It featured three-quarter length sleeves, a scoop neckline and full skirt. She wore a red veil hat and carried a white muff with red carnations.

MARCH ONE

We do hope that with the coming of the first of the third month that we will see some change in the weather. The weather, while one of the top news stories of the day, would sound much better if we could use the word sun.

Millions of people have been bothered this year with a low grade of virus that effects people differently. There does not seem to be any good way to lick the bug. Therefore we are hoping with March coming in like a lamb that as the days move along we will find that more and more sun will appear and that we will eventually have real spring.

With all of the snow it has been a fine winter for people who are able to enjoy the winter weather and the many out of doors activities that snow and long winters make possible. Perhaps we should be thankful for the winter weather that we have been having.

We are of the impression that with all of the people moving into the warmer climates this time of the year that a little less snow would be appreciated by millions of people in this part of the country even though we do have wonderful winter resorts.

We have heard many people talk about the wonderful work that the people of the City of Holland do with the removal of the white stuff. One only has to travel around to find that this is the case. But there is a limit to the budget. If it is all right with everyone we are voting for less and less of the snow and more sun and warmer weather so that it will gradually disappear.

We have had enough. Do you agree?

Lesson

Sunday, March 4
No Stealing
Exodus 20:15; Joshua 7:19-26;
Matthew 22:15-22

By C. P. Dame

It is said that much stealing is going on in American life. People steal in all manner of ways. Some people steal little things, others huge amounts. One cheats the bus company out of a fare and another steals the whole company. This lesson affords a fine opportunity to discuss what it means to be strictly honest.

1. The Bible teaches respect for private and public property. The purpose of this lesson is to make us all more honest. People who steal violate the rights of others and lower the moral health of the nation. Note that only one of the Ten Commandments deals with what a man has or owns while nine deal with what a man is, does with himself, his brain, tongue and will.

There are three ways of getting things—by gift, work, or theft. Two ways are lawful, one lawless. The person who steals breaks the law of love and of work and he is anti-social and is a menace to society. We want our neighbors to respect our rights and property and they expect us to do likewise. Thieves try to enrich themselves at the expense of others.

There are three ways of stealing—by fraud, by seizure and by interference. All ways are practiced. Fraud is common. Not all advertisements tell the truth. Falsifying on income tax returns is said to be common. Buying luxuries and then stall on paying just debts is not honest. When second rate articles are offered in place of the first class goods advertised, dishonesty is practiced.

An employer should pay a fair wage but a worker should give an honest day's work. Feather-bedding, slow-down tactics, taking away seniority rights, making excessive claims after a fire, are ways of practicing fraud.

Taking goods by force is seizure. This is done variously—sometimes violently and at other times by unseemly force and powers which operate cleverly. Theft is sometimes by interference. Doing damage to another's property without making any restitution is stealing. There are possessions more valuable than material things. The person who undermines another's reputation, the man who steals a girl's virtue, the woman who robs another woman of her husband, the teacher who wrecks the faith of his pupil and the parents who rob their own children of life's inner supports, steal. Executives who fix prices, labor leaders who take bribes, and the public which excuses thieves by saying, "They all do it" are all guilty.

II. The innocent suffer with the guilty. That truth is told in the story of Achan, a soldier of Israel's army, which was under strict orders not to take any booty in its conquest of Canaan. While he was warring with the army against Jericho, he saw "a goodly Babylonish garment, and two hundred shekels of silver, and a wedge of gold of fifty shekels weight" and he coveted them, and took and hid them. His theft brought defeat to the army and death to himself and his whole family. Today the thief brings disgrace to himself and his family.

III. We can steal from the state and from God. One day Jesus was asked a question about whether or not to pay taxes to Rome. After asking for a coin He put the question to his critics: "Whose is this image and superscription?" They said, "Caesar's" and Jesus then replied, "Render therefore unto Caesar the things which are Caesar's; and unto God the things that are God's."

If all church members would give to the churches what they say they give on their tax returns no church would fail to meet its budget. Do many church members rob God? — read Malachi 3:8, 9. May the study of this lesson make us all more honest.

Mental Health Program Held

The Social and Economics Issues Committee of the American Association of University Women held an open meeting Monday night to follow up their interest in mental health needs in Holland.

Mrs. William Hillegonds, committee chairman, opened the meeting. Mrs. Robert Horner explained Holland's mental health needs and services as seen by the committee.

The principal speaker of the evening, Maynard Van Lente, administrator of the Muskegon Child Guidance Clinic, gave further impetus to the committee's hopes for an Adult Mental Health Clinic by stating that the possibility existed for a social worker, from the Hackley Adult Mental Health Clinic in Muskegon, to come to Holland one day a week to offer treatment to Ottawa County residents.

He suggested that one way to initiate this action would be for interested persons to write the boards of both the Muskegon Child Guidance Clinic and the Hackley Adult Mental Health Clinic of Muskegon.

Mr. Van Lente also informed the group of the state House Bill 99, which he felt was worthy of study and support for those persons interested in mental health.

Dr. Wendell H. Hooks of Muskegon, who had been scheduled to speak, was taken ill and could not be present.

CELEBRATE MIAA CHAMPIONSHIP — Hope College's basketball team was a happy group Saturday night in Alma after winning a share of the MIAA championship. Hope stopped the Scots, 93-70 for their 10th league win in 12 starts. This picture shows the Hope team earlier this season following its victory over Calvin in the Civic Center. Front row are (left to right) Coach Russ De Vette, Jerry Hesslink, Gary Nederveld and Jim Hesslink. Second row: Bob Reid, Glenn Van Wieren, Gailerd Korver, Dale Scheerhorn and Jim Vander Hill. Ek Buys, Ron Te Beest, Ron Venhuizen and Art Kramer are in the third row. (Sentinel photo)

PLAY FINAL GAME — Bob Reid (with ball), Jerry and Jim Hesslink (kneeling) and Ed Buys (standing) completed their Hope College basketball careers Saturday against Alma College in Alma at 8 p.m. Reid and Buys are co-captains while the Hesslinks are first-line replacements.

Four Hope Seniors End College Careers at Alma

Four Hope College seniors concluded their collegiate basketball careers Saturday in Alma when the Flying Dutchman won a slice of the MIAA championship.

Co-captains Ek Buys and Bob Reid will be bowing out of regular roles while twins Jerry and Jim Hesslink hope to see action in substitute spots.

Buys and Reid have been two of the big reasons for Hope's second half surge into the MIAA lead while the Hesslinks proved invaluable as "red shirts" in practice drills.

The 6'4" Buys was another of the Hope "surprises" this season. Coach Russ De Vette said today, "Ek was a surprise this year and came through. We knew what he was capable of and would do next season if he hadn't been hurt."

Buys received a severe ankle injury in Hope's fifth game (Olivet) last season and missed several games. He saw limited service at the season's close.

But this season Buys, without an injury, showed what he could do and surprised De Vette and the rest of the MIAA.

"He was probably as good as anyone in the league," De Vette said, "and because he was good we haven't seen as many zone and chasers this season."

Last season the Hope foes set up a four-man zone and chaser on Jim Vander Hill, Hope's leading scorer. But with Buys hitting consistently, the foes couldn't use "his defense effectively."

"Ek rebounded like a bigger man," De Vette said. "He was never the biggest man on the floor but he rebounded with the best of them." This was especially true when Gary (Nederveld, 6'3" center) was gone. Nederveld missed five games because of a hip injury.

Ek was a good captain," De Vette said. "He was concerned about everyone's welfare, not only the regulars, but the subs as well."

Buys is Hope's second leading scorer with 318 points, 198 in the league. He has a 15.9 average and an 18-point league mark. He is leading Hope with 149 rebounds. This is Buys' third season on the Hope varsity.

Ek Buys of Grand Rapids, Ek's father, was an outstanding Hope athlete in the middle 30's. He is now president of the Hope Board of Trustees.

Reid, fiery 5'10" Kenmore, N.Y., guard, regained his eligibility in February and sparked Hope's floor game in the final eight contests.

"It was difficult for Reid to get the feel of play in the first couple games (Lake Forest and Wheaton)," De Vette said, "but then he found himself."

Ten Hope began to roll with five straight MIAA wins and a victory over Aquinas Wednesday.

SNOW CANYON—Henry Terpstra, Holland street superintendent, points out the reason the city's snow removal crews have been working overtime this winter. Holland's 90-plus inches of snow has resulted in many scenes like this one on 59th St., just north of 64th Ave., where snow is piled 10 to 12 feet high along the road. Hit hard by drifting, some of these streets are open to only one

lane of traffic and require plowing twice a day to keep them open. With the narrow roadway winding through towering banks, the streets resemble miniature canyons. Snow removal crews have been working a normal day of 14 hours, from 2 a.m. to 4 p.m. In stormy weather work days are extended, and twice this winter crews were kept out around the clock. Council of Church Women Plans Future Activities

Hope Church was hostess to a dessert meeting of the Holland Area Council of Church Women Monday afternoon at which the president, Mrs. Walter Scott presided. Mrs. James Weyer led devotions.

Following the roll call of churches Mrs. Scott introduced the new officers for 1962: President, Mrs. Scott; first vice president, Mrs. James Ward; second vice president, Mrs. Simon Sysma; secretary, Mrs. Donald Huismans; treasurer, Mrs. Alfred Kane; assistant treasurer, Mrs. Bernard Vander Meulen. It was announced that Mrs. Dennis Roelofs would be chairman for May Fellowship Day, May 4; and Mrs. Dale Van Eck chairman for World Community Day, Nov. 2.

For the benefit of the new delegates from member churches, Mrs. Scott explained that the Council provides an opportunity for Christian worship, fellowship and service across denominational lines; it sponsors three general public meetings a year—World Day of Prayer, May Fellowship Day and World Community Day—besides planning projects to make local international students feel at home, and operating an extensive Migrant Ministry Program in the blueberry area north of Holland.

The Holland Council is affiliated with the Michigan Council of United Church Women and National Council, supporting their programs with contributors from time to time.

Following reports by officers and standing committee chairmen, the names of the new committee for revision of the constitution were presented: Mrs. Otto Schaap, Mrs. Paul Hinkamp, Mrs. George Pelgrim, Mrs. James Hoeksema, Mrs. George Schutmaat and Mrs. Ward.

In anticipation of a record audience for the World Day of Prayer services at Bethel Reformed Church on March 9, Mrs.

Stanley Boven, chairman, reported that last year more than 800,000 women attended this service around the world, which was double the attendance the previous year.

Churches in Holland and the entire nation are being asked to ring their bells at noon, calling women to prayer.

Mrs. Ward spoke of the wonderful support given the Migrant Ministry by the community at large, area churches and individual gifts in the erection of the Child Care Center. She revealed plans to care for babies in the Center this summer, necessitating the services of a registered nurse and additional equipment. Anyone wishing to donate used baby equipment, folding cots, a piano, rocking chairs etc., should call Mrs. Roger Knoll, Ex 2-9641.

Mrs. Knoll, as chairman of the Building and Grounds Committee, read a statement of the committee's policy on use of the Christian Friendship Center as follows: "All church-related groups in the area, such as guilds, ladies aids, men's brotherhoods, youth groups, etc., are most welcome to use the grounds toilet facilities, etc., in the summer season. Such equipment as stoves, sinks, lights may be used in the chapel only, by permission of the grounds chairman, and then when this does not interfere with the Migrant program. All must be under proper supervision. Garbage must be removed by the visiting group. There will be no charge or stipulated fee for its usage. However the sponsoring organization, Council of Church Women, would gratefully receive any contribution for its usage. Such gifts will be used in the migrant ministry."

Mrs. Pelgrim, as the Southern Michigan Representative to the State Migrant Committee, told of two bills before the United States House of Representatives to aid the migrant educational and health programs.

Train Hits Auto At 8th St. Crossing

A Zeeland motorist was forced to stand helplessly by and watch a train hit his car at the Eighth St. crossing in Holland at 1:35 p.m. Monday after the vehicle stalled on the tracks.

The driver, Harley Bos, 33, route 2, Zeeland, said the transmission of the car disengaged just as he started across the tracks. He jumped out and attempted to push the car free.

When that failed and with the train approaching there was nothing to do except step back and watch.

Bos said he was on the way to a garage to have the transmission on his 1960 model station wagon fixed when the car stalled. The impact tore off one fender.

County Boards Hear State School Official

"Curriculum and New Trends in Education" was the subject of discussion at a meeting of county school boards and school officials Monday night in the new West Ottawa High School. The meeting was one of a series this season on various aspects of school programming.

The address was delivered by Dr. Leonard Koosis of the Department of Public Instruction, who was high in his praise for the neighboring school district in Holland which he said has taken the greatest step forward in looking at and doing something new in curriculum planning. Most schools don't change, he said. He added he had high respect for this new program and for people who dared to experiment.

Jennie Kaufman, Ottawa County superintendent of schools, was chairman for the evening.

Volleys

Holland's mounting snow piles along city curbs are beginning to spawn new legends, although to date the new stories just can't compare with those of the winter of 1935-36, oldtimers say.

Lucky is the man who has a back yard big enough to dump excess snow. The men who operate Holland's huge fleet of jeep plows have more than their share of stories.

In general, those high piles at the approach to nearly every driveway tell a real story. The only way most of those piles can grow so high is simply a story of strong backs and blistered hands. No jeep can make piles like that.

But . . . count your blessings! Snowfall so far this season in Holland is around the 90-inch mark. Muskegon had had 134 inches.

We are indebted to Dr. Wyn- and Wichers of Kalamazoo for a historical footnote for Holland.

Dr. Wichers, former president of Hope College, pointed to an error in Holland's 115-year-old birthday story Feb. 9 which he felt should not become a legend. It is true, he wrote, that the building built for orphans on what is now Hope College campus was used for a printing house, but it is not true that this building still exists. It was destroyed by fire March 20, 1889.

He said a new printing house was erected in 1875 on the site of the present Graves Hall. When Graves Hall was erected, the printing house was moved to the east end of the campus. This building now serves as a dormitory.

We hear from Jim Dyas from New York that the 1932 theater season is taking the Red Barn troupe all over the country.

Bruce Hall has left the daytime serial, "Secret Storm," to go to the Pinehurst Playhouse in North Carolina for the winter season. Some stars he will appear with are Margaret Truman, Anita Louise and Ty Harden.

Jack LeGrand joins the "Sound of Music" company in Chicago this month.

Ross Easty is production manager and director of The Olio for "The Drunkard" being presented at The Gilded Cage in Temple, Ariz. Tony McClane is lighting designer and technical director for the production.

Bill Cain is director and choreographer for a show in St. John, Newfoundland.

Richard Segar, scene designer at the Red Barn last summer, is performing the same task for the Royal Poinciana Playhouse in Palm Beach. His wife, Barbara, gave birth to their first child, Christopher Richard, on Jan. 17.

Dale Engle and Margaret Sheehan who were with the Red Barn company in 1957 are on a nationwide tour of "The Best Man" starring Scott Brady. Their four-year-old son Todd is traveling with them and having the time of his young life.

Dyas, producer-director of the Red Barn near Saugatuck, is directing a musical review, "Mardi Gras," in Portsmouth, Va.

From Stratford, Ontario, we learn that the plays to be presented this year at the 10th season of the Shakespearean Festival will be Macbeth, The Tempest, and The Taming of the Shrew. Christopher Plummer will return as star. They celebrate the 10th season, the theater's pillared platform stage has been remodeled to enlarge acting areas and accentuating the close audience-actor relationship for which the stage is famous.

Other festival attractions will be Cyrano De Bergerac and for musical, Gilbert and Sullivan's The Gondoliers.

Laketown township has had its troubles with winter woes. In the course of a few days earlier this month, a loaded coal truck slid on the icy road and tipped over in a ditch. Four cars went into a valley and could not climb a hill in any direction to get out. Two tow trucks solved the dilemma by anchoring one truck at the top of the hill and letting the other truck down as far as the cable would go. Then the second truck unwound its cable and hitched onto a car. Then both trucks would up their cables and got the cars up hill one by one.

An intrepid mail carrier got stuck in a drifted road. Even with chains he could not get out. Several other cars also got stuck. About 6 p.m. that evening, the county snow plow came through and all vehicles returned home.

Benton Harbor Hands Dutch 88-58 Defeat

Benton Harbor's basketball team put together 29-point efforts in the first and fourth quarters to match Holland's total output and then added 30 points in the middle two periods to whip the Dutch, 88-58 before 1,100 fans in the Civic Center Friday night.

It was Holland's 13th loss in 14 games this season and 11th in a row. The Dutch are now 1-9 in the LMCA while the Tigers are 8-2 in the league and 11-2 overall.

The second-ranked Tigers and LMCA tri-leaders were off and running with the opening tip as Ladell Mc Bride scored the first basket. They continued to riddle the bucket in the first eight minutes, connecting on 14 of 22 and led 29-14 at the quarter.

Holland, although beaten in the first quarter, didn't fold as they did in their last home game against Grand Haven. The result was a couple of scoring spurts in the game, including eight straight points in the second quarter.

The rally, including two baskets by Jim De Neff, put Holland within 12, 36-24. That was the closest Holland came the rest of the game and it was shortlived as the Tigers moved quickly to a 43-28 halftime bulge. Holland hit seven of 14 in the second period.

Each team scored 14 points in the second quarter and Holland managed to match the winners in the third period, being outscored by only one point, 16-15.

But when the Dutch got within 13, 47-34 early in the third period, the Tigers scored nine straight points to lead, 56-34. The third period margin was 59-43.

Each team emptied the bench in the fourth quarter. But Coach Don Farnum kept Mc Bride in the fourth quarter and the lone regular notched four more baskets in the 29-point effort.

The Tigers used the same pressure tactics that they used in running up an LMCA record of 93 points against Holland in the first meeting. They intercepted many passes and controlled the boards. Mc Bride and Mc Nutt, both 6' but with plenty of spring, did most of the rebounding and the Tigers got plenty of shots. Benton Harbor fired 88 times, hitting on 38 for 42 per cent.

Holland took 69 shots and sank 22 for 32 per cent. Coach Fred Weiss again chose to give his three sophomores (De Neff, Darrell Schuurman and Vern Plagenhoef) plenty of work and frequently had mostly underclassmen in the lineup. John Hall, clever defensive guard, is the lone senior in the Benton Harbor starting lineup.

Holland had quarters from the floor of 5-18, 7-14, 6-20 and 4-12. Benton Harbor had 14-22; 5-19; 7-23 and 12-22. At the free throw line, Holland made 14 of 22 while the Tigers had 12 of 22.

Hudsonville Loses, 58-55

HUDSONVILLE — Coming on strong in the fourth quarter with 23 points after trailing for the first three periods, Kelloggsville's basketball team defeated Hudsonville, 58-55 here Friday night to win the OK League championship.

The Eagles were ahead 41-35 at the end of three quarters but scored only 14 points in the final eight minutes.

The loss gives Hudsonville a 7-3 OK League mark and 9-4 overall. Kelloggsville is 10-1 in league play. The Eagles have two league games next week. Hudsonville plays at Forest Hills Tuesday night and at Byron Center on Friday.

Hudsonville led 177 at the quarter and 29-17 at half. Jim Waima had 22 for the losers while Terry Gale made 10 and Phil Hoezee notched nine.

Don Edwards scored 17 for the winners and Rog Palmistien added 14. Rollie Walcott made 13.

The Hudsonville reserves copied their 13th straight victory with a 61-46 win over the Kelloggsville seconds. Roger Nienhuis had 23 points for the winners while Jim Nyhuis followed with 13.

Dutch Wrestlers Defeat Wyoming

Holland High's wrestling team whipped Wyoming, 32-18 Friday in the Holland High fieldhouse for its seventh victory in 12 starts this season and its second straight win.

Junior Ruiz, Al Bosch and Craig Kuite were Holland's most aggressive grapplers as the trio scored decisive victories in the 120, 127 and 133-pound brackets.

Ruiz pinned Bob Dally in the first period while Bosch pinned Bill Van Portfleet in the first period. Kuite also scored a first period pin as he downed Frank Vander Haar with 33 seconds remaining in the initial round.

Jim Brouwer of Holland decided Lee Bengry, 6-3 in the 103-pound class while Mike Mahon decided Dale Homrich, 5-0 in a 112-pound battle.

Tom Coleman returned to the lineup and gave Holland a victory in the 145-pound class as he decided Jim Bond, 9-0. Co-captain Jim Van Fleet of Holland decided Wayne Rhodes, 3-0 in the 154-pound bout.

Maroons Take 15th Victory In 70-45 Win

KALAMAZOO — Holland Christian's basketball team got back on the winning trail on the Treadway court here Friday night as the Maroons took a convincing 70-45 victory over the University High Cubs before 700 fans.

Coach Art Tuls' quintet is now 15-2 for the season and closes out the season next Friday by entertaining the class A Portage Mustangs. University High now has a 2-13 record.

The Maroons were never in trouble during the contest as they took an early lead and didn't trail in the ball game. Christian played better ball than they did in losing to St. Joseph this past Tuesday with fewer errors and not as many defensive lapses.

Holland continued to hit well from the field as they compiled an excellent 48 per cent shooting mark. Their shooting was consistent as they hit an even 50 per cent in the first and last quarters and missed hitting it by one basket in each of the second and third quarters. Overall the Maroons connected on 30 out of 63 tries from the field compared to 16 out of 55 for the losers for about 30 per cent.

Characteristic of their play all season, the Maroons played consistent ball throughout, with quarters of 16, 17, 19 and 18 points, despite the fact that Tuls used his entire 10 man squad. Four of the Maroons scored in double figures.

Christian, led by Jim Langeland, Paul Steigenga and Clare Van Wieren had control of the boards throughout, although not without a battle from the scrappy Cubs. Jim Hinz and Tom Cooper were the big men on the boards for the losers. The Christian guards, Paul Tuls and Jim Fredricks, again operated well in the backcourt under all kinds of defensive pressure put on by the U High outfit.

Tuls had a perfect night from the field, hitting on eight out of eight tries, both from outcourt and several of the layup variety. Ron Lubbers also came through well in a reserve capacity as did guard Cal Boer.

Coach Barney Chance of the losers used all kinds of defenses against the Maroons, opening with a man to man and all court press. He started the second half with a zone but it took the Maroons only four minutes to rip it to shreds with some great out court shooting by Van Wieren, Tuls and Fredricks.

Christian opened up a 3-0 lead and later lapped it to 8-2 with five minutes gone in the game. Then paced by Steigenga, Langeland and Fredricks, the Maroons boosted the count to 15-4. U High scored its first basket with 42 seconds left as they trailed 16-9 at the quarter.

Christian continued the bombardment in the second stanza to move out to a 22-11 lead in a hurry on some good shooting by Van Wieren and Tuls. Two fielders by Vince Hodge narrowed the Maroon bulge to 29-19 at one stage, before two more Christian baskets gave them a 33-19 halftime bulge.

The winners really shattered the U High zone to open the second half as they piled up a 44-25 lead at the 4:08 mark before the Cubs pulled out of the zone into a man to man. Scoring was even throughout the remainder of the period as the locals led 32-34 going into the last period. All but starter Paul Steigenga got at least two baskets in the stanza.

Upping their bulge to 60-39 at the five minute mark, the Maroons coasted in with a predominately all-junior lineup in the closing minutes. Ron Lubbers led the Maroons with six points in the period. Holland's biggest margin was 60-41 near the end of the contest.

At the charity stripe, Christian hit on 10 out of 19 while the Cubs connected on 13 out of 21. Tuls led all scorers with 18 points, followed by Van Wieren with 16. Hodge led Kazoo with 11 points.

Panthers Stop Chix For 1st Time

West Ottawa's basketball team defeated Zeeland for the first time Friday night in a thriller, 45-41, before 1,600 fans at West Ottawa's new gym.

Although the game was close most of the way, the real action was crammed into the last quarter. After leading 29-28 after three quarters, George Donze and Leroy Vedder sparked the offense of the Panthers and with 1:58 remaining the Panthers led by five points, 39-34.

The Chix put on a full court press and it was successful as Chuck Hansen tallied two points for Zeeland to make the score 39-36 with 1:54 remaining. Duane Overbeek broke through the press and scored with 1:03 remaining but Jerry Klinger pulled Zeeland to within three points again with 50 seconds showing on the clock.

Free throws paid off for the winners in the final few seconds as Zeeland was fouling as they were pressing. Overbeek sank two free shots with 2 seconds left and G. Donze two with 7 seconds left to put the game out of reach.

Neither team was sharp as the game was marked with poor passing and shooting and the play was dragged at times. West Ottawa hit on only 28 per cent of their shots in the game as they had quarters of 5-13, 2-14, 4-19 and 5-11 for 16-57. Zeeland was better with 32 per cent on quarters of 2-16, 6-12, 6-14, and 4-15 for 18-57.

The difference in the game was at the free throw line where West Ottawa hit 13-24 for 54 per cent and Zeeland made 5-8 for 63 per cent. West Ottawa only committed six fouls in the game and Zeeland never had an opportunity to collect on a one-and-one situation. Zeeland fouled 16 times.

Zeeland played give-away in the first quarter and the winners moved to a 12-6 quarter lead. Vedder was strong on the boards and added six points in this quarter. The second quarter was just the reverse of the first as the Panthers gave the ball away and Zeeland moved to within one point at halftime, 29-28. The third quarter was played on even terms as each team scored 10 points and the third quarter ended with the Panthers on top 29-28 setting the stage for the wild end.

Much credit must be given to Vedder for West Ottawa's victory. Vedder, who has had trouble playing against fellows his size, played a good game on both offense and defense. Being the center man in the zone defense, he helped hold Zeeland's big front line of Dan Zuverink, Jerry Klinger and Gary Boeve to a total of only 12 points. Zeeland usually had only one shot at the basket each time that they came down the floor. Vedder scored six points in the last quarter.

Vedder led the Panther balanced scoring with 14 points, while Overbeek and G. Donze each had 10. Hansen led Zeeland with 15 points, followed by Dan Bouma with 10.

The win gave West Ottawa a 9-5 Grand Valley conference record good for fourth place and the loss gave Zeeland a 4-4 Grand Valley mark good for third place. Zeeland defeated West Ottawa earlier this season, 60-38, but has now lost five in a row. The Panthers are 9-6 overall and Zeeland is 7-8.

West Ottawa faces Hudsonville University Christian next Friday at West Ottawa, in the last game of the regular season.

Area Guidance Meeting Held In Muskegon

Changing concepts in the treatment of disturbed children were outlined by Dr. Richard L. Cutler, associate professor in the department of psychology at the University of Michigan, at the annual meeting of the Muskegon Area Child Guidance Clinic Wednesday night at the YWCA in Muskegon.

Mental illness is now recognized as the nation's number 1 health problem, Dr. Cutler said, pointing out increasing needs of an exploding population, 10 per cent of whom are in some need of mental health services. He said the numbers of professionally trained persons working in clinics in the disciplines of psychiatry, psychology and psychiatric social work are not increasing in proportion to the need for service.

For this reason, alternate methods must be devised to solve problems for more people more rapidly and besides seeing patients in a one-to-one relationship, he said professionally trained staff members might become "teachers" and "trainers" as well as "treaters."

Dr. Cutler reviewed the program of the Michigan State Mental Health Department for 1962 in which first priority has been given to the establishment of a multi-purpose mental health facility in Western Michigan which could give both in-patient and out-patient care to the mentally ill, the emotionally ill and the mentally retarded of all ages.

The Holland Guidance Center at 363 Van Raalte Ave. is part of Muskegon Area Guidance Clinic of which Maynard Van Lente of Holland is director. During 1961, Holland serviced 325 cases or 28 per cent of services in the five-county area.

Bernard P. Donnelly of Holland was elected to the board of directors. Other Ottawa county members on the board are Dr. V. L. Boersma, Donald Crawford, John Noe Jr. of Holland, Ray Brummel of Zeeland, Wilbur Husted and Dr. Ralph Ten Have of Grand Haven. Husted is board chairman.

The program operated on a budget of just over \$100,000 for 1961. Included in receipts were \$47,303 from the Department of Mental Health, \$4,118 from Holland United Fund, \$332 from Zeeland Community Chest, \$4,000 from Grand Haven Community Chest and \$4,000 from the Ottawa County Board of Supervisors.

Fine Interpretation Given In 'Five Finger Exercise'

Falette and Masque of Hope College upheld its reputation for fine drama at the opening of "Five Finger Exercise" Thursday night in the Little Theatre on the fourth floor of the Science Building on Hope College Campus.

The five characters in this Peter Shaffer drama were exceptionally well cast and the "little things" which often make a play stood out like polished gems, attesting to a high degree of painstaking work by Director David P. Karsten and Technical Director James L. De Young. These bits were the more remarkable in view of the fact three characters were appearing on the Little Theatre stage for the first time.

Hope drama veterans B. J. Berghorst of Zeeland and Rodney Zegers of Sheldon, Ia., showed admirable stage presence in father and son roles. Zegers, making his ninth stage appearance, could in a single gesture or look convey feeling that might take paragraphs in a story. Berghorst, in his sixth

Palette and Masque stage role, displayed considerable versatility as the mixed-up son of the family quartet, lonely, moody and searching for understanding.

The three newcomers to the stage fitted into the complex family situation with ease. Margaret de Velder of Hong Kong appeared as the culture-loving mother who doted on her son and couldn't possibly understand her materialistic husband. Jane Woodby of Fennville provided considerable stage movement in her lively role of the 14-year-old daughter, and Gerald Hagans of Holland in the moving role of the young German tutor, somehow managed to provide answers and a ray of hope for others but not necessarily for himself.

Program notes said the lives of the family are played out like a Bach piano piece, seemingly simple, yet interwoven and enormously complicated.

An elaborate, yet simple set for the theatre's small stage managed to set action in living room and dining areas on the first floor, a stairs and study on second level and doors to bedrooms, front door vestibules, and even an entrance to a garden. The design allowed plenty of movement for the five-character cast, particularly for the young exuberant daughter.

Dutch Defeat Alma, 93-70 In Final Tilt

ALMA—Rolling over Alma College, 93-70, Hope College's basketball team notched an undisputed share of the MIAA championship here Saturday night in the season's finale for the Dutchmen before 200 fans in Alma gym.

Determined that they would be the MIAA kings for the fifth time in six years, the Flying Dutchmen were off and running from the opening tip and the outcome of the game was never a question.

Hope compiled a 10-2 conference mark, sweeping the league with six straight wins the second time around. Hope's two league losses were consecutive setbacks on Jan. 10 and 13 at Calvin (81-70) and Kalamazoo (61-60).

The Flying Dutchmen ended the season with a 13-8 record, including wins in their last seven games all in February.

Jim Vander Hill was at his best against the Scots as he scored 37 points, his second highest total against an MIAA foe this season.

The jumpshooting-junior connected on 15 shots in 26 tries Saturday and added seven straight free shots. His defensive rebounding was tops as he cleared the boards and frequently started Hope's offense. He was also tough on the offensive boards. Vander Hill was credited with eight rebounds.

Hope's rebounding was far superior in the contest and the Dutch pulled down 56 in the game. Glenn Van Wieren was given 15 rebounds while Gary Nederveld notched 10 and Ek Buys picked off nine.

Added to the rebounding was some excellent shooting. The Dutchmen found the basket 32 times in 75 tries for 43 per cent. They hit 16 of 32 in the first half and 16 of 37 in the final 20 minutes.

Hope countered on 29 of 36 free throws with co-captain Buys following Vander Hill with seven of eight. Alma made 16 of 28 at the charity line and 27 of 81 from the floor for 37 per cent.

Jumping to a 26-8 lead in the first 10 minutes, Hope completely monopolized the play. The score at half was 50-32 and Vander Hill had scored 23 points. Hope built the margin to 73-49 at the second half 10-minute mark.

Coach Russ De Vette gave his 13-man team plenty of service. It was the final collegiate game for co-captains Buys and Bob Reid and Jerry and Jim Hesslink.

Vander Hill's 37 points pushed his MIAA total to 292 and his all-time total to 327 points. Buys, who scored 11, ended with 209 points in the MIAA for a 17.5 average and 329 for the season for a 15.7 mark. Buys made two of nine basket attempts.

Nederveld followed Vander Hill with 16 points. He hit six of 12 while Van Wieren made two of 10. Bud Acton, Alma freshman and playing his first game against Hope, scored 29 points, including nine of 10 free shots.

Merit Tests Are Scheduled For March 10

A total of 120 Holland High School students plan to take the 1962 National Merit Scholarship Qualifying Tests. Principal Jay W. Forman said today.

The three-hour examination will be given in the former high school Saturday, March 10, at 9 a.m. Students are asked to report at 8:30 a.m.

The qualifying test is the first step in the eighth annual competition for four-year Merit Scholarships provided by the National Merit Scholarship Corp. and by sponsoring corporations, foundations, associations, unions and individuals.

Some 10,000 semifinalists listing the highest scorers in each state will be named early next fall. Names of these semifinalists will appear in a booklet distributed to all colleges and to other sources of financial aid for undergraduates.

Semifinalists will take a second examination and those who repeat their high performance will become finalists. Scholarship winners will be selected from the finalist group on the basis of school records, recommendations, test scores, leadership ability and other accomplishments.

Youngsters Learn Safety and Marksmanship

Proper safety and shooting perfection are two phases emphasized in the junior division of the Holland rifle and pistol club which meets every Tuesday night in the Holland Armory.

Louis Van Ingen and Howard Working, members of the Holland rifle and pistol club, have been directing the youngsters for the past ten years in the many steps in correct marksmanship.

The youngsters meet from 6 to 9:30 p.m. in the basement of the Armory and work at the eight firing points on the range. Eight youngsters can fire at one time and before each shooter fires he is reminded of the safety rules of firearms.

Set up by the National Rifle Association, the group follows a step-by-step course in acquiring marksmanship proficiency. The youngsters range in age from 10 to 17 years.

Although the Holland senior club is technically called the rifle and pistol club, the senior and junior clubs work just with rifles.

Pro marksman is the first award the juniors may receive. The requirements are 10 bullets each with five shots fired from any

position. Each bullet score 20 points or better.

Next is the marksman award with similar requirements except the youngsters score 25 points or better and have the pro-marksman award. Marksman first class is the next and the youngster must have the marksman award and each bullet score 30 points or better.

This is followed by the sharpshooter award open to persons with the marksman first class rating. Requirements are the same for the bullet scores but they score 35 points or better.

This followed by the sharpshooter bar stages where the shooter shoots in the prone, kneeling, sitting and standing position. He must have 30 points on 10 targets, followed by 35 points in the second set and the third set, 40 points.

Then it's on to expert and the shooter fires ten additional bullets, each with five shots in the standing position. Each bullet score must score 40 points or better.

The scores of the expert rifleman are sent to NRA headquarters in Washington, D.C. and the shooter receives a medal. Curt Van Ingen is a current candidate for the NRA award.

Patty Lemson is another expert shooter and Tim De Witt is working on his expert rank. After the youngsters become experts they are eligible to join the senior club.

The top step for the youngsters is the distinguished rifleman. The NRA says 40 qualifying targets must be submitted with two shots being fired at each bullet score, a total of 10 shots per target.

Ten of the 40 targets are fired from the prone position, 10 kneeling, sitting and standing. The ten shots must be fired consecutively.

On targets fired from the prone and sitting, each of the five bullets must score 18 points or better and 16 or better on each target in kneeling and standing. Scores are sent to Washington and the youngster receives a badge and NRA magazine.

The speed at which the youngsters advance from one step to the next is up to each shooter. A total of 36 youngsters are registered in the junior course and an invitation was extended to any boys and girls who want to attend.

Tonight the youngsters will be meeting in the Armory, trying to improve their shooting ability.

Hope Wins 13th Crown In MIAA

Hope College's basketball victory at Alma Saturday night gave the Flying Dutchmen their 13th MIAA crown since joining the league in 1922.

Under the late Bud Hinga, Hope won its first championship in 1933-34, sharing the crown with Alma. The Dutchmen won the title outright in 1936-37 and again in 1939-40.

Hope's "Blitz Kids" swept the league in 1942-43 with eight straight wins. The Dutchmen shared the title with Albion in 1945-46 and gained the crown outright in 1946-47. Hinga's teams won six titles.

John Visser brought Hope its next two championships as the 1951-52 team notched the crown and the Dutch repeated in 1952-53. Hope tied with Kalamazoo (each had 10-2 marks in 1952-53) and Hope won the playoff, 91-85 in Plainwell to be declared champion.

Coach Russ De Vette won his first crown in 1956-57 when the Dutch tied with Albion. This was the start of four straight crowns as the Dutch repeated in 1957-58, 1958-59 and 1959-60.

The 1959-60 team, nicknamed the "Outstate Five" swept the league with 14 straight wins. This year's team compiled a 10-2 mark and is De Vette's fifth championship.

Albion has captured nine championships while Alma has won eight titles. Hillsdale, which dropped out of the league in 1960, capped six titles and last year's winner Calvin, in the league only eight years, has won four crowns.

Adrian has taken two titles and Olivet, one. Eastern Michigan, a former league member, also capped one crown.

Mrs. Russell Barget, co-chairman of the polo coffees, thanked the Auxiliary for its assistance in this project. Mrs. Ver Hoef appointed Mrs. Barget as the unit's representative on the Holland Garden Club's project, "Lake Macatawa and Black River Drainage Basin."

Mrs. Jellema reported on the meeting of the Holland Women's Assembly. The Auxiliary's representatives for two years at the bi-annual meetings are Mrs. Ver Hoef, president, and Mrs. Brower, secretary.

Announcement was also made of Zeeland's unit endorsement of Mrs. H. C. Dickman for the office of second vice-president of the Fifth District Association. Community service chairman, Mrs. Jellema, reminded members that March is Community Service month and that the national community service chairman's project is "New Eyes for the Needy."

Mrs. Jellema appealed to all members and the general public to gather old eye glasses and odd pieces of jewelry such as one cuff link or a single earring. Anyone having contributions for this cause may contact Mrs. Jellema. She also reported 1,008 hours of community service by local auxiliary members in the months of January and February. Donations totaled \$141.

A resolution, presented by Mrs. Jellema and adopted by the unit is to be sent to the Department President. It asks that the American Legion Auxiliary, Department of Michigan, refrain from having Sunday business meetings at the conferences and conventions.

WINTER FUN—Towering snow banks and drift-covered roads are no problem for the children of Howard Baumann of route 2, Holland. Here the youngsters engage in their version of an old-fashioned sleigh ride. With Baumann's son Dick riding, his horse Sandy

and pulling a toboggan, the other Baumann children move along at a pretty good clip over 124th Ave. near their home. On the toboggan are Ron, Cindy, Barb and Judy Baumann and a neighbor girl, Joan Slag. (Sentinel photo)

Bids on Allegan Jail Rejected by Supervisors

ALLEGAN—With only two dissenting votes, Allegan supervisors Monday rejected all of the Feb. 21 bids on construction of a new 60-inmate county jail and set March 21 as the date for receiving new bids.

The board also voted to ask for separate bids from general, mechanical, electrical and special jail equipment contractors as well as for installation of an elevator.

Representatives of the Haydu Construction company, Detroit were on hand Monday to explain that an "honest error" had resulted in a \$30,000 mistake in their bid lowest of the eleven submitted at the first opening.

Adding the \$30,000 would have brought their bid to \$429,000, only \$5,670 under the next lowest bidder, Martin Dyke and Sons of Holland.

However, Prosecutor E. L. Andrews felt that the Haydu bid could not be considered "legitimate" anyway, since it did not include bids on the seventeen alternates.

Members of the special jail building committee were hopeful the asking separate bids from the various types of contractors might reduce the total cost of the

project. At the Feb. 21 letting, general contractors' bids included the elevator, mechanical and electrical work, with only the special jail equipment bid separately.

But the bids will have to be considerably lower if the board is going to be able to finance construction of both the jail and juvenile detention home from the \$462,000 which will be available in a sinking fund voted two years ago. Basing their estimates on the lowest bids obtained Feb. 21, building committee members furniture, equipment, architects fees and other extras would bring the total cost of the project to \$441,490 without providing for any contingencies, leaving only \$20,500 for the detention home. If new bids do not reduce costs substantially, some members feel it would be necessary to hold a special election and ask for additional funds.
