The Official Paper Of The Trades and Labor Council For Diekema.

Mr. Diekema is receiving assurances of support from all parts of the district. The Union Sentinel, organ of the Union Labor interests in Grand Rapids, spoke most flatteringly of Mr. Diekema editorially in its issue of last Saturday. The article is headed as follows: "The Logical Candidate: Mr. Diekema of Holland Considered Such for Congress in the Fifth District."

The article follows:

"G. J. Diekema of Holland, who aspired to the office of congress to succeed William Alden Smith, is one of the progressive Holland-Americans who have done much to build up the metropolis of Ottawa Co., having several times been honored by his constituents as their representative."

"He has had the honor of being speaker of the legislature and mayor of Holland. At present Mr. Diekema is a member of the Spanish claim commission and chairman of the Republican state central committee."

"As a congressman he could be of value to his district in his first term because of the standing he has made for himself at Washington as a member of the Spanish claims commission."

"While not connected with any concern employing union labor, (as Holland has not yet been blessed with unions), yet has always advocated a liberal policy toward all workmen which come under his jurisdiction."

"In view of the fact that Kent county has had the congressman for years and now has a senator, Mr. Diekema is considered the logical candidate for the office of congressman, and has the substantial support of a number of influential people of Grand Rapids."

"In Mr. Diekema the laboring man has a staunch champion when it comes to the child labor law now under consideration. He is a product of Hope college and a member of its board of directors, always having taken an active part in educational matters."

"Although not a rich man, still no petition for benevolent or charitable purposes goes by his door without his signature."

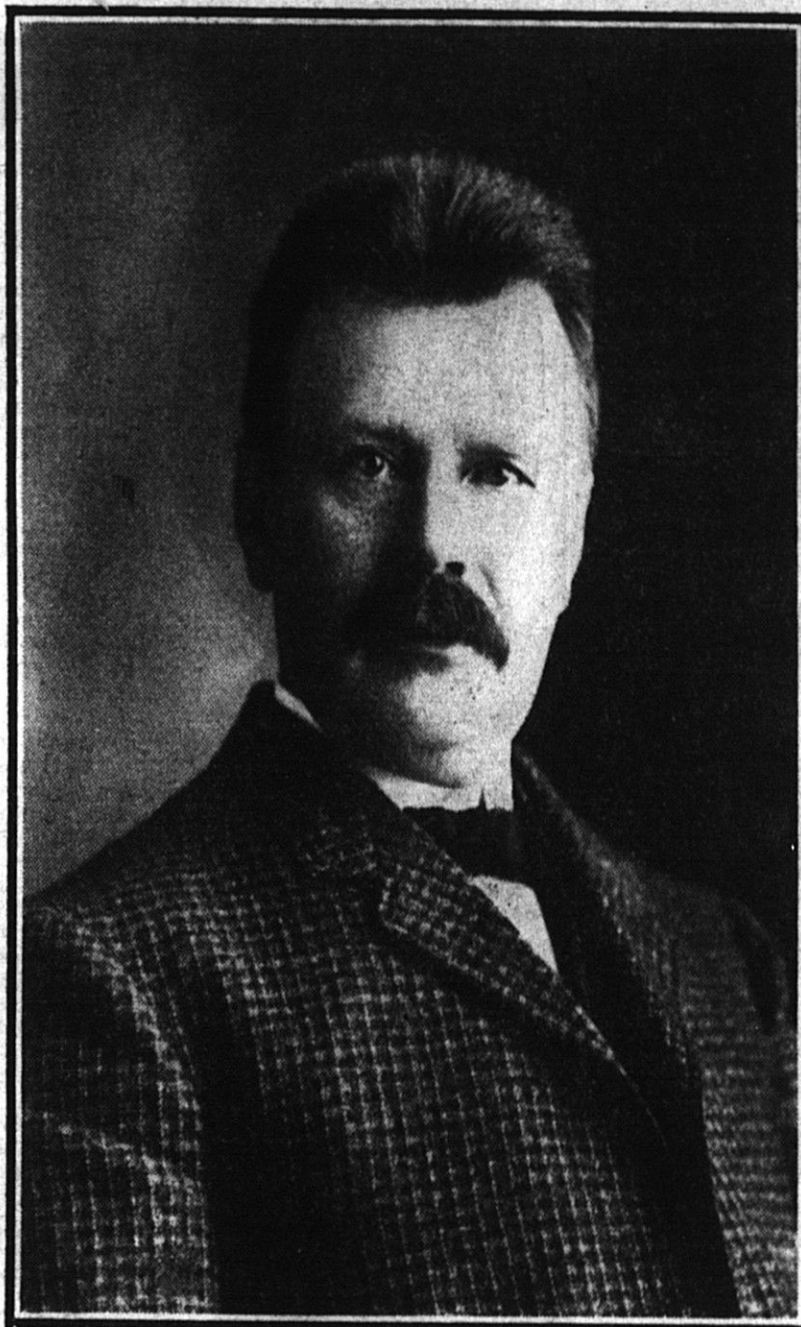

An Old Newspaper.

To Holland City News.

Seeing in last issue of the News of Mr. Bontekoe having a New York paper 42 years old, we have one that beats that it is the Grand Rapids Times published by Geo. W. Pattison in Grand Rapids, April 18, 1837. Which has President Van Buren's inaugural address, and we also have a large Bible printed in 1802 which we prize very highly.

G. J. Diekema Honored by the Citizens of Holland

HON. G. J. DIEKEMA

A Gala Day For Holland.

Monday was a gala day in Holland. Flags flaunted in the breeze, and the whole city wore its festive attire. "For Diekema goes to Congress just the same," Holland's distinguished son was given such an ovation as has seldom been accorded to a citizen of this city.

Special cars decked in holiday garb left for Grand Rapids in the afternoon to escort the future congressman in a worthy manner from the furniture city to his home town.

Arrived in Grand Rapids some two hundred strong, they left the Interurban cars and marched down Canal street. All the time the band was playing and producing music that stirred the hearts of the citizens of Grand Rapids. Up the steps of the Morton House they marched, playing without intermission, through the corridors down the steps again

lion of the hour was in their company marched back to the special cars that were at their disposal and with waving flags and stirring songs and swelling band music the return to Holland was begun.

The procession that met Mr. Diekema when he entered the city was an imposing one. The citizen's band, the best band in Western Michigan was all there with the goods. They played as they never played before, and the martial music that they turned out, the music that already gave a suggestion of the congressional battle that is soon to be waged, that music struck a responsive chord in every heart of every loyal son of Holland. Everybody joined in the enthusiastic welcome, for getting for once all party lines and party animosities. Everybody looks upon Diekema as the representative of Holland for the Fifth District and not as any party tool.

The procession formed on Eighth street and the honored citizen was escorted in one blaze of glory to Carnegie Hall on the College Campus. Fireworks that made the average Fourth of July celebration look tame lighted up street and grove, while the thousands of Holland's citizens followed with shout and cheer. Young and old, the decrepid and strong—all joined in to honor Diekema and to do justice to the occasion.

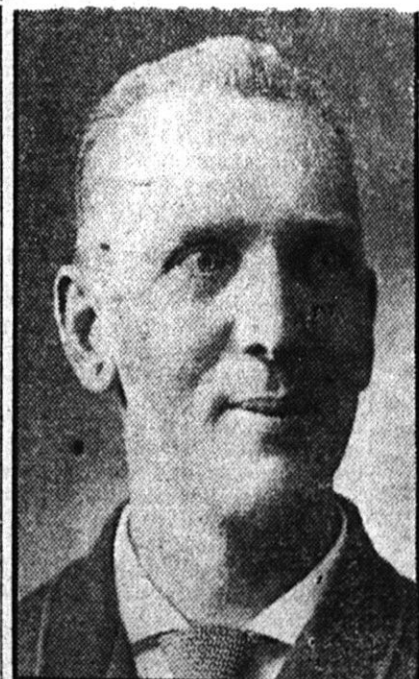

Carnegie Hall was taxed to its utmost seating capacity. Every available seat was occupied by the Diekema enthusiasts and many a one had to turn back or else stand in the back of the hall. The band kept things lively with their music and whenever they allowed a lull in the tide of music the aldermen, who for the time being were but boys of a larger growth, struck up the tune "For Diekema goes to Congress just the same." This refrain was a perennial source of delight to those who had gone wild over Holland's favorite's son—and all were more or less in that state of mind. In fact those grave citizens taught even the students a lesson in making noise. They "did it up to brown" that Carnegie Hall has never heard the like—nor perhaps will for a long while to come unless it be when Diekema shall come

forth a victor in the battle that he has just entered upon. And in the course of the evening the meeting often assumed to some extent the character of a responsive meeting, only instead of the time honored "Amen" the response was "For Diekema goes to Congress just the same." Whenever a speaker made a hit some enthusiastic citizen-father rung in this everlasting refrain. The effect was catching so that in the end even the little boys in knee breeches who could hardly understand the significance of it, sang it till they were red in the face.

And in it all "Diek" sat there on the stage with that broad smile on his face that bespeaks the kind heart and broad human sympathy, overwhelmed though he was with the exuberance of the good feeling shown in the demonstrations of his fellow citizens, he took all with a good grace and a beautiful simplicity. All the rhetorical plaudits and poses of fancy cast at his feet by his enlogists elicited only the kindly smile that was entirely free from personal pride. He showed by his bearing that he was proud of the city that is proud of him.

When the old people had finished their demonstration the students came in for their share of the entertainment. During the meeting they had built a high pyramid of grocery boxes and barrels on the campus. They timed the lighting of it in such a way that it was just in full blaze when Mr. Diekema left the building. Some two hundred strong they danced about it in true Indian fashion, and rent the air with yells that would have done credit to any savage encampment. Mr. Diekema had the grace to come to the fire; and was immediately siezed upon and compelled to make a speech. He gladly responded and all the boys say that the speech to the boys beat any speech to citizens and voters. After Diekema, Prof. Kleinheksel had to respond to the demands of Holland's young hopefuls and he did it very creditably. The fire slowly burned down, the enthusiasm subsided and all sought their homes after an evening of the greatest hilarity that Holland has witnessed for many a day.

and thence to the Pantlind. There the future Representative met them and was enthusiastically received. So great was the enthusiasm which the march through the city elicited that hardly a business man remained in his place of business. All came out to pay their respects to Mr. Diekema and for a few minutes the wheels of business were almost at a stand still.

From the Pantlind the crowd, now roved in the realization that the

Supervisor Stegeman and Clerk Johnson were engaged last Tuesday taking a trial balance of the several funds belonging to township. It was found that the amount of the several funds were considerable in excess of the amount of money in the treasurer's hands but this is only natural as this is the first trial balance of which we have any record since the organization of the township nearly 50 years ago. The ledger has been corrected and brought up to date so that the amount of the different funds agree with the sum of money in the township treasury, and the township officers who will be elected this spring will have the satisfaction of knowing that they will have clean sheets to start out with on their official career.

Factory Run Four Months.

Local stockholders in the St. Louis, Mich., sugar factory, will be interested in the following from the St. Louis Republican of Feb. 14: "After a campaign lasting 122 days, the St. Louis Sugar factory finished slicing beets on February 3, 1907, having started on October 3, 1906. This is the longest run in the history of the factory. During this time there were 55,000 tons unwashed and untared beets sliced, making an average cut per day, deducting time lost in stops for repairs, cleaning, etc., of 460 tons. The capacity of the factory is 500 tons per day and the fact that it did not run to its capacity this year is largely due to the poor condition of delivered beets. The season for delivering was bad and many farmers did not take proper precaution in protecting their beets, with the result that the many changes of weather, from cold to warm, rain, snow, sleet and sunshine, deteriorated from the already poor quality of beets, until many of them were worked at a loss to both manufacturers and farmers."

to get at the corn? Of course you would not. Then why should you take the greasy oil of the cod's liver to get the valuable medicinal elements contained therein?

The oil or grease has no medicinal virtue, but it is the medicinal elements enveloped in the oil which represent all the tonic and curative properties of cod liver oil.

In Vinol you get all of the medicinal curative elements of cod liver oil actually taken from fresh cod's livers, but no oil. The oil is thrown away for the same reason you throw away the corn husks.

Mr. De Free, of Con De Pree & Co., our local druggist, says: "Knowing the wonderful medicinal, curative and body-building properties of Vinol, I wish every person in Holland who is overworked, run-down, debilitated, every old person, every weak woman, every sufferer with chronic colds, bronchitis or incipient consumption would try Vinol on our offer to return money if it fails to benefit." NOTE.—While we are sole agents for Vinol in Holland, it is now for sale at the leading drug store in nearly every town and city in the country. Look for the Vinol agency in your town.

Confirmed Proof.

Residents of Holland Cannot Doubt What Has Been Twice Proved.

In gratitude for complete relief from aches and pains of bad backs from distressing kidney ills thousands have publicly recommended Doan's Kidney Pills. Residents of Holland, who so testified years ago, now say their cures were permanent. This testimony doubly proves the worth of Doan's Kidney Pills to Holland kidney sufferers.

Mrs. M. Shoemaker, of 275 West Thirteenth street, Holland, Mich., says: "I have used Doan's Kidney Pills and can say that they are an excellent remedy for kidney trouble. My kidneys were in bad condition, the secretions irregular and unnatural, causing great distress and if allowed to stand would contain a thick sediment. My back ached constantly and I suffered from terrible headaches and frequent dizzy spells. I was becoming alarmed about my condition when a friend advised me to try Doan's Kidney Pills and I procured a box. I used them carefully as directed and in a very short time was cured. I gave a statement to this effect on April 26, 1900 and I am very glad to confirm what I then said. I have appealed to their use on a few occasions since and they have always given the most satisfactory results."

CORONER WILL NOT FIX RESPONSIBILITY

CLAIMS LACK OF EVIDENCE IN SANDFORD, IND., TRAIN EXPLOSION CASE.

CAUSE OF DISASTER IS STILL UNKNOWN

Railroads Arraigned for Careless Handling of High Explosives—Officials of New York Central Held in Connection with Harlem Wreck.

Terre Haute, Ind., March 6.—Coroner Leavitt Tuesday returned a verdict on the Sandford (Ind.) train explosion which occurred near here on the night of January 19, in which 15 passengers were killed. He found that inasmuch as the majority of the evidence as to the cause of the explosion had been destroyed, he could not fix the responsibility.

The coroner said: "I do not hold the railroad responsible in this wreck, neither do I wish to say the road is not guilty, as the evidence in hand will neither convict nor acquit."

The report says: "There were 15 deaths, nine persons being killed outright, two dying in Sandford in the next 38 hours, three dying in or on the way to Paris, Ill., and one dying in the Union hospital, Terre Haute, some time afterward; two of these were blown into many pieces and one was burned, except the charred trunk. The number injured was more than 30. Some lost eyes, some were disfigured for life, and there were various other injuries. Most of these injuries were from flying glass and timbers. The cause of the explosion remains unknown."

Explosives Carelessly Shipped.

"I found that high explosives are shipped in a manner that is not safe. Loose powder and broken kegs of powder may be found in many shipments; bolt heads are not covered up in cars, and kegs of powder are stacked on these. A car shipped by the Big Four to Terre Haute loaded with powder was examined and it was found that kegs could shift six inches with every start and stop of the train. When it is considered that these kegs are metal and lying on top of exposed bolt-heads the danger is obvious."

"Trains which carry high explosives are handled with no more care than other trains, and cars containing explosives are handled in a manner highly dangerous while switching is done. Cars are not necessarily locked and cleared, or in any way fastened, except by a seal which would be easy for a tramp to open. Cars of high explosives are accepted on the word of the shippers, not knowing themselves if the car is billed correctly or that its contents are packed in a manner that is safe, and when it is known that the rate on some explosives is twice that of others and less trouble, as well as less expensive, to poorly pack them, it is plain that this is a breach of trust on the part of the railroads, whose duty it is to know the contents of the cars and that they are correctly packed."

Officials Held for Wreck.

New York, March 6.—Chauncey M. Depew, chairman of the board of directors of the New York Central railroad, and all of his colleagues on the board and President William H. Newman and all of his immediate aids in the operating department of the system, have been held accountable by a coroner's jury in connection with the wreck at Harlem February 16, when 23 lives were sacrificed at a point known as "Death curve." All of the defendants will be required to furnish a surety to the court. The verdict charges the directorate and the operating officials with "culpable negligence." This instance is the first in which so large a number has been held to account for a railway fatality.

Following were among those who have been held: Chauncey M. Depew, Frederick K. Vanderbilt, J. Pierpont Morgan, William H. Newman, George S. Bowdoin, D. O. Mills, George F. Baker, William K. Vanderbilt, Samuel F. Barger, H. M. K. Twombly, Charles S. Clarke, William Rockefeller, James Stillman, William C. Brown.

The foregoing, with the exception of Mr. Brown, constitute the board of directors. Mr. Newman, by virtue of his position as president of the company, also is of the board.

Among the officials held are included men in charge of the accounting and traffic departments. Mr. Brown, senior vice president, in charge of the operating department, is a former Chicagoan.

Verdict a Frowning Document.

The verdict is not a trifling document. It has strong language, and plenty of it, and its return caused a surprise. It holds that the derailment of the fast electric train was caused by a portion of the track, consisting of its easterly rails, being forced out of its proper position, this condition being due to the "Impact of the Brewster express."

1,000 Bales of Cotton Burned.

New Orleans, March 6.—About 1,000 bales of cotton and an entire section of the New Orleans cotton press shed was destroyed by fire early Tuesday. The loss is estimated at about \$50,000.

RIOT FOLLOWS DOUMA MEET

RUSSIAN POLICE BREAK UP SOCIALIST DEMONSTRATION.

Cossacks and Guards Are Ordered Out to Prevent Revolutionary Gatherings.

St. Petersburg, March 6.—After the adjournment of the duma, or lower house of the Russian parliament, which was formally opened at noon Tuesday in the Tauride palace in the presence of all the ministers and many high functionaries, a great demonstration was organized in honor of the Socialist deputies. Revolutionary speeches were made and red flags were displayed in the crowds, which had by that time swelled to about 40,000 persons, who packed all the streets for blocks around the Tauride palace. Some of the demonstrators began to pelt the police with snowballs, and the police charged and broke up the demonstration, mounted policemen riding down the crowds and using their whips right and left. Many persons were beaten but no one was seriously injured.

Among those beaten by the police in the demonstration was M. Kuzmina-Karavaleff, member of parliament from Tver province, who was caught in one of the crowds of Socialists.

Attempts were made to renew the demonstration and Cossacks and the Chevalier guards were ordered out, the Cossacks, contrary to custom, carrying their formidable lances.

At seven o'clock in the evening cavalry patrols occupied all the important thoroughfares, but no more demonstrations had been reported. Thousands of revolutionists at that hour were holding a meeting at the university, where fiery speeches were delivered.

The first ceremony of the duma was a religious service in which the metropolitan of St. Petersburg, Antonius, the higher clergy of the diocese and a full choir participated.

M. Goluboff, vice president of the council of the empire, accompanied by Baron Uexkull de Gyldenbandt, secretary of the empire, entered the hall after the service. The former immediately called the lower house to order and, in a colorless speech, invited the members to sign the oath of allegiance to Emperor Nicholas. The Conservatives cheered the mention of the name of the emperor, but the Opposition members remained silent. The Social-Democrats did not enter the hall until M. Goluboff had finished speaking, when they came in in a body, demonstratively. No member of the imperial family was present.

ARREST STUDENT "RAFFLES."

Son of Indiana Lawyer Admits Theft at Chicago.

Chicago, March 6.—Richard C. Hoops, 22 years old, a student at the Lake Forest university, son of Ira C. Hoops, a prominent lawyer of Kokomo, Ind., has been arrested by detectives of the central station and the police declared he had confessed to Capt. O'Brien of the detective bureau that he robbed the home of Hobart Chatfield-Taylor, millionaire and prominent resident of Lake Forest, three weeks ago, and obtained property worth \$5,000. Mr. Taylor is said to be traveling in Europe. The new "Raffles" was arrested at State and Van Buren streets Monday night, when, it is declared, he was trying to dispose of jewelry in a pawn shop.

Following the arrest of Hoops, detectives Mullen and Burns of the central station searched his room in a fraternity house at Lake Forest university, and found a trunk filled with property which he is said to have obtained in the burglary at the home of Mr. Chatfield-Taylor. The property recovered by the police consisted of diamond rings, silver plate, gold plate and valuable curios, a collection of years by Mr. Chatfield-Taylor.

Spurn City Ownership.

Council Bluffs, Ia., March 6.—The city council has turned down the municipal ownership proposition for the city water works plant and voted to grant a new franchise to the water company, whose franchise expired several months ago. The action was taken after a monster petition, signed by almost every business man in the city, had been presented to the council, asking that the municipal proposition be killed. The expense and mismanagement of municipal plants in general were given as reasons for turning down the municipal ownership idea.

Mrs. J. W. Bosman Passed Away.

Mrs. J. W. Bosman, one of the oldest and most respected residents of Holland, passed away at 9:30 last Friday evening at the family home, 38 East Ninth street, after a brief illness. Mrs. Bosman had reached the age of 78 years and four months. She had suffered the past six years from diabetes, and an attack of grip two weeks ago weakened her, her condition becoming very serious three days ago, from which attack she did not rally.

Born and married in the Netherlands, Mrs. Bosman and her husband came to America in 1856. They spent four months at Milwaukee, going from there to Grand Rapids, where they lived seven years. From that city they moved to Zeeland, and in 1868, twelve years after they left their native land, they located in Holland, where they have

since lived. Had Mrs. Bosman lived until the twentieth of next June the aged couple would have celebrated the fifty-fourth anniversary of their marriage.

Holland Girl Poisoned.

Potomine poisoning came near wiping out a whole family in Grand Haven last Saturday night, and had it not been for the prompt medical attention, wholesale death would probably have resulted. Peter Nedervelt, his sister-in-law, Mrs. Will Van Oort, her daughters, Mrs. Maggie Green and Lucy Van Oort of Holland were the victims. The latter three had come up to visit Mr. and Mrs. Nedervelt Saturday. At supper there was some cheese on the table of which the persons named partook.

In a few hours they were taken sick and rapidly became worse. Dr. De Kleine was called and when he arrived he found the patients very ill. It required hard work to save them but they were soon all out of danger, with the exception of Mrs. Van Oort who is, however, recovering rapidly now.

The cause of the poisoning was traced back to the cheese, as Mrs. Nedervelt and her son, who had not eaten any of the cheese, were not effected at all.

Won by Hillsdale Man.

The Inter Collegiate Oratorical Contest was held at Hillsdale College last Friday evening. The representative from Hope was Mr. John W. Van Zanten, who spoke on the subject "Marie Antoinette." The judges did not see fit to give Mr. Van Zanten a high place, the final ranking showing that he stood sixth. But all the boys from Hope who accompanied him, affirm most emphatically that he deserved second at least. They think he ought to have had first but they are willing to yield a point to allow for natural prejudice in their own man's favor. Mr. Van Zanten's delivery was almost perfect, and some of the men from other colleges said it was the most finished of any delivery of the evening. In spite of the defeat Hope is proud of its representative; and the boys are all proud of Prof. Dimment who made it possible by his untiring effort that Mr. Van Zanten could make such an extremely creditable effort. Next year the State Contest will be held at Hope College.

The Hillsdale man, Albert Walrath, who received the gold medal will now represent Michigan in the Inter State Oratorical Contest.

Hope College News.

The delegates that represented Hope College last June at the Nashville Students Convention will hold a reunion tonight at the home of Miss Nettie De Jong of Zeeland.

Prof. and Mrs. J. H. Kleinheksel entertained the "C" class Tuesday night in a very pleasant manner. A varied program had been prepared by the class after the rendering of which a general good social time was enjoyed. Refreshments were served.

The date of the Choral Union Concert has been changed from Tuesday, March 12, to Thursday the 21st of the same month.

Prof. and Mrs. Brush took mercy on the Seniors and invited them to their home last Tuesday evening for a social time. A very enjoyable "jolly good time" was reported by all. A number of games aroused the grave seniors who, after the refreshments, "made things ring" by their story telling.

A new organ will be placed in the seminary chapel. The necessary funds have been subscribed by the faculty and students of the theological institution.

Next Sunday the Seminary will be represented as follows: Dr. J. W. Beardslee, 2nd Grand Rapids; J. Van Zomeren, Milwaukee; M. J. Duven, Trinity, Chicago; W. G. Hoekje, Harlem; J. J. Hollebrand, Bethel, Grand Rapids; G. Bosch, Beaverdam; P. Meengs, South Bend, Ind.; G. J. Pennings, Hope, Grand Rapids.

The Adelpic Society met at the usual time at the home of Dr. and Mrs. J. W. Beardslee. The chief number on the program was a paper entitled "Principles of Socialism," by J. B. Steketee.

Rev. John Van Zomeren of Fremont, Mich., at present a student at the Reformed church Theological school at Hope college, was selected by the Second Reformed church of Muskegon from the trio of pastors recently appointed by the grand consistory of the church and a call will be extended to him. The other members of the trio were Rev. S. G. Nettinga of Spring Lake and Rev. Benjamin Hoffman of Grand Rapids. Mr. Van Zomeren received 53 votes to Mr. Nettinga's 39. A motion was made to make the vote unanimous, but it failed, there being one dissenting vote. The choice of the church now awaits the decision of the grand consistory which meets next Tuesday night. If the decision is satisfactory the call will be extended to Mr. Van Zomeren. He will be graduated from the seminary at the end of the present term.

At the annual meeting of the Woman's Literary club held Tuesday the present officers were re-elected for the year 1907-08. President, Mrs. G. E. Kollen; vice-president, Mrs. J. C. Post; recording-secretary, Mrs. W. J. Olive; corresponding-secretary, Mrs. L. M. Thuerber; Treasurer, Mrs. C. J. Dregman. The following were also elected board members, which with the above officers are all members of the board of directors: Mrs. G. J. Van Duren, Mrs. J. P. Oggel, Mrs. R. M. DeMerrell, Mrs. W. J. It was decided to continue the study of Germany for the coming year.

The proposed amendment to the constitution, the section of which provided that membership fees should be increased from \$1 to \$2 for active members and from \$2 to \$4 for associate members was decisively defeated and the plan of the board to raise funds by this means for the building of a club house has been temporarily retarded. The second section of the amendment depriving associate members of the privilege of voting on the course of study was carried by a vote of 38 to 14. It is believed that those who have none of the work of preparing the programs and of papers should not have a voice in regard to the subject of study.

Have Returned from Colorado.

Vriesland, Mich., March 5th, 1907.
Editor Holland City News.

Dear Sir.—We returned from our trip to Colorado last Saturday. We took advantage of the excursion given by The Fountain Valley Land & Irrigation Company, leaving Holland Feb. 19th. Our party was in charge of L. S. Sprietsma, State Agent and Edward Van Asums, Vice President of the company. Arriving at Colorado Springs Mr. G. B. Merrick sales agent for the company was in readiness to take us to the lands which lie 3 1/2 miles southeast of Colorado Springs in the beautiful productive Fountain Valley. We are informed that Mr. Sprietsma is planning another excursion for March 19th to Colorado, the land of sunshine, and will have personal charge of the party. To those that are interested in good productive lands, and a healthy climate, and farms that will make you money, we say make this trip examine the property, it will pay you. The soil is of the best, the climate perfect, and a market a few miles distant that will pay you a high cash price for all your produce.

We cheerfully recommend Mr. Sprietsma's proposition. You will find him a painstaking manager of the trip one who has constantly in mind the comforts of the party. We will be pleased to explain to any inquiring, just what these lands are.

Frank Mastenbroek of Grand Rapids has purchased of Frank Van Etta his barber shop on River street. Mr. Mastenbroek has been conducting a barber shop in Grand Rapids.

Announcement

The R. H. Post Real Estate Agency takes pleasure in announcing that it has acquired the block between Fifteenth, Sixteenth and Maple Streets and First Avenue. This block has been a for a long time out of the market, not a lot having ever been sold, though many requests were made for single lots.

The block will at once be placed on the market. Plats of the lots have been prepared and can now be seen in my office, where prices can be ascertained and reservations made.

The property will all be graded and the portion below the street level, on Sixteenth street, filled.

In order to preserve the high character of this property, and make it one of the select residence blocks in Holland, the following restrictions will be incorporated in every deed:

No. 1—All purchasers must erect residences only, and no apartment buildings or stores.

No. 2—New buildings must be built, no purchaser being allowed to move on any old buildings.

No. 3—A building line of 24 feet from the sidewalk will be established so that no houses can be built close to the sidewalk.

No. 4—Houses to be built that cost not less than twelve hundred (\$1200) dollars.

While these restrictions will undoubtedly keep some from purchasing, still the purchaser will be sure that the value of his property will not be depreciated by cheap, old buildings.

The streets around this block are all graded, the sewer is in on Sixteenth street, city water and gas can be obtained.

Terms can be arranged to suit purchasers, special reductions to be made, if buyers expect to be build this spring.

A delightful family reunion was held Friday evening at the home of Mr. and Mrs. D. B. K. Van Raalte, on the occasion of Mr. Van Raalte's birthday anniversary. There were but two or three of the near relatives absent, and thirty-two guests were seated at one long table extending through two rooms. The arch between the rooms was draped with the national flag, under which the host and his brother served, and the chandeliers were entwined with smaller flags. The table with its gleaming silver, glass and dainty china, was artistically decorated with pink carnations and smilax and a sumptuous seven course dinner was served. Family reminiscences brought to the minds of the older guests the days when Dr. A. C. Van Raalte, founder of Holland, was living with his family on the old homestead, which is kept in many ways in the same manner that characterized it when Dr. and Mrs. Van Raalte were pioneers in the wilderness which surrounded the colony of Hollanders. John Nies is seventy one years of age, yet he has celebrated his sixteenth birthday anniversaries in that time. Being born on February 29, he of necessity has no anniversary on the years when February has but 28 days. Sometimes he has not had a birthday anniversary in eight years. In order to keep pace with other people and celebrate each year, should Mr. Nies claim as his birthday February 28 or March 1? The instances are few where people claim February 29 as their natal day.

Friday evening many of the physicians and their wives of this city and vicinity gave Dr. B. B. Godfrey a surprise party in honor of his fifty-ninth birthday. The affair was a complete surprise and the doctor was taken completely off his guard. Dr. H. One feature of the evening's entertainment, aside from playing games, was a birthday contest in which Dr. and Mrs. J. J. Mersen won first prizes and Mrs. H. Kremers and Dr. J. A. Mabbs second prizes. Keep Good Teeth

The pleasure and benefit of a good set of teeth is seldom realized until they begin to ache. Then it's a hurry to get to the dentist.

There we are generally surprised at the number of cavities he finds and what it will cost to have them placed in good working order.

Be Warned in Time.

Give your teeth a little attention. They are the best friends you have.

They make or mar your appearance.

They are of the greatest necessity for clear speech.

They must properly grind the food we eat or the stomach cannot digest it.

If you will let us see your teeth we will tell you just what they need.

To carefully care for teeth is our specialty. We have built up a large business by doing careful work. We take no chances. If your teeth are not worth filling we will tell you. We are never satisfied unless we can give A-No. 1 work, and when we are satisfied you will also have reasons to be satisfied.

The prices we charge are low, perhaps much lower than others ask, that is no reason we do cheap work.

The reason we can give you good work at the prices we ask is because we have no bad debts. We buy all our stock in large quantities, pay cash and get discounts.

We work for cash, have no books to keep, no bad accounts, no collectors to pay.

Don't you think our way of running a dental business is right?

Notes of Sport.

The Hope college basketball team has booked a contest with the Hull House five of Chicago to be played in Carnegie gymnasium next Saturday evening. The game will furnish plenty of excitement to the basketball fans, as the visitors have the reputation of being one of the fastest teams in Chicago, and in their contest with the Evanston five were defeated by a narrow margin. The Hope quintet is preparing for the coming struggle and will put up a strong defense.

The Interurban Indoor base ball team played with the Star Clothing company team of Grand Rapids at Jenison Park Wednesday evening. The former was defeated by a score of 8 to 1.

Zeeland's fast basket ball team defeated the Grand Haven five at Grand Haven Friday evening in a fast game. The visitors' pass work was the feature. The locals did not play up to usual form. The score: Zeeland, 28; Grand Haven, 12.

At a meeting of base ball fans last Friday the following players were signed:

Catchers—Fik and Ossignac.
Pitchers—Dogger, Becker, Ossignac.

Third base—Ben Wagner.
Short stop—Van Putten.
Second base—Van Ry.
First base—Scherhorn.
Left field—Jappinga.
Right field—De Vries.
Center field—Lievensse.

Peterson, of Pentwater, and Materson, of Fremont, the latter a catcher, will be given a tryout.

Fik was elected field manager, Van Ry captain and King business manager.

A subscription list will be circulated among the business men to raise funds for uniforms and a liberal response is expected.

The grounds will be arranged as soon as conditions will permit and the season will open early.

In the second contest of the home-and-home series between the Holland Wooden Shoe bowling team and the Dick Brinks ended in a victory for the clothiers. The visitors started in with a rush and won the first game by 11 pins, but could not keep up the pace they had set and lost the last two. No remarkable bowling was registered by either team. The Dick Brinks are leading by 292 pins as the result of Thursday night's play. Tonight the Dick Brinks will play at the local allies.

SPooner RESIGNS FROM THE SENATE

WISCONSIN STATESMAN IS TO RETIRE TO PRIVATE PRACTICE MAY 1 NEXT.

Sends Letter to Governor—Cannot Afford Longer to Serve Public—Action Causes Surprise in His State and in Washington.

Washington, March 4.—Senator Spooner has written a letter to Gov. Davidson of Wisconsin tendering his resignation as a senator of the United States to take effect May 1 next.

The letter was dated Saturday, but the fact that such a letter had been written or that Mr. Spooner contemplated resigning did not become known in the senate until late Sunday, when it created great surprise and the Wisconsin senator at once found himself the subject of many anxious inquiries. To all he replied that his mind was fully made up. He had found, he said, that to continue in his present position would require a sacrifice on his part that he could not justify himself in making.

In reply to questions he said he would resume the practice of the law, but declined to say whether he would be located in Wisconsin. He did say, however, that he would continue to be a citizen of that state.

Many Seek His Seat.

Madison, Wis., March 5.—Wisconsin is in turmoil, politicians already fighting over the coming election of a United States senator to succeed John C. Spooner, who has announced his resignation, to take effect May 1. He had two years more to serve, and has been in the upper house 16 years. Mr. Spooner will practice law, to make a fortune for his old age. Here are a few of the candidates mentioned for the senatorship:

Isaac Stephenson of Marinette, millionaire lumberman and financial backer of Senator R. I. LaFollette; James O. Davidson of Madison, governor of Wisconsin; W. D. Connor of Madison, lieutenant governor of Wisconsin and Republican state chairman; John J. Esch of La Crosse, congressman from the Seventh district; Henry A. Cooper of Racine, congressman from the First district; John J. Jenkins of Superior, congressman from the Eleventh district; W. W. Webb of Waupaca, judge of the circuit court; Irving L. Lenroot of Superior, former speaker of the assembly and defeated candidate for governor; W. H. Hutton of New London, former state senator and wealthy manufacturer; Walter A. Houser of Mendota, former secretary of state.

Stephenson a Candidate.

Marinette, Wis., March 5.—Isaac Stephenson, multi-millionaire lumberman and former congressman, is a candidate for the unexpired term of United States Senator John C. Spooner. Mr. Stephenson Monday made the following statement:

"I will be a candidate for the position for the unexpired term of two years only and will esteem it an honor to be so recognized by the people of the state, but I would not take it any longer."

Mr. Stephenson is in excellent health and feels himself perfectly able to fulfill the duties of the position. Mr. Stephenson has been a staunch supporter of the LaFollette Republican faction for many years.

TWO BANDITS HOLD UP A TRAIN.

Kill Negro Miner and Rob Passengers of Small Amount.

Pittsburg, Kan., March 5.—A Missouri Pacific passenger train, which left here at 7:20 Monday evening, was held up by two men in disguise, and Lou Jeff, a colored miner employed at Camp 31 of the Central Coke & Coal company, was killed because he resisted and W. L. Westlake of Toledo, O., who with his wife and two children had been visiting relatives in Kansas, was shot through the hand by a stray shot that had been fired at the negro.

There were few passengers on the train, and the robbers secured only a little over \$100 in cash and a few watches and revolvers.

The robbers left the train at Cornell, seven miles from here. The country surrounding Pittsburg is thickly settled, and is dotted with scores of villages and mining camps. It is reported that the news that a miner was killed by the bandits has spread rapidly and that the miners are aroused and will make an attempt to capture and lynch the men.

EIGHT JURORS FOR DAVIS CASE.

Rapid Progress Made in Trial of Chicago Theater Manager.

Danville, Ill., March 5.—More rapid progress than was expected was made during the first day of the trial of Will J. Davis of Chicago, charged with manslaughter in connection with the burning of nearly 600 persons in the Iroquois theater of Chicago, of which he was manager.

Eight jurors had been accepted when court adjourned Monday evening. Not more than half the venire of 49 had been examined and it is now believed that a jury will be found Tuesday without a special venire. The jurors accepted this afternoon are: Enos Campbell, blacksmith; A. W. Carrington, farmer; George Miller, farmer; and Robert Jagers, farmer. Those accepted and those left of the venire are kept together in charge of a bailiff.

Before Treatment.

He was surprised at how the sores healed—I took your New Method Treatment for a serious blood disease with which I had been afflicted for twelve years. I had consulted a score of physicians, taken all kinds of blood medicine, visited Hot Springs and other mineral water resorts, but only got temporary relief. They would help me for a time, but after discontinuing the medicines the symptoms would break out again—running sores, blotches, rheumatic pains, looseness of the hair, swellings of the glands, palms of the hands scaling, itchiness of the skin, dyspeptic stomach, etc. I had given up in despair when a friend advised me to consult you, as you had cured him of a similar disease 8 years ago. I had no hope, but took his advice. In three weeks' time the sores commenced to heal and I became encouraged. I continued the New Method Treatment for four months and at the end of that time every symptom had disappeared. I was cured 7 years ago and no signs of any disease since. My boy, three years old, is sound and healthy. I certainly can recommend your treatment with all my heart. You can refer any person to me privately, but you can use this testimonial as you wish."

New Orleans, March 5.—The following dispatches covering recent fighting between Honduras and Nicaragua were received here Monday via steamship from Puerto Cortez, Honduras:

San Marcos, (Honduran frontier), Feb. 20.—Nicaraguan troops set an ambuscade on Honduras territory near the frontier, but were driven out by the Honduran forces. Nicaraguan loss, 14 killed, 40 wounded; Honduras, two wounded.

Tegucigalpa, Honduras, Feb. 24.—Gen. Lee Christmas (an American formerly living in Memphis, Tenn.), and Gen. Barahona with 2,000 men marched for the frontier of Nicaragua to-day. Thirty-five hundred soldiers have arrived at the capital from the western department of Gracias Intibuca and Copan and are being uniformed and equipped. These soldiers are the famous fighting Indians called "Gracianas," men of great valor and endurance, who remember the sacking of Cholotea by Nicaraguan troops in 1894 and are enthusiastic for war. When this force arrives Honduras will have on the border between 15,000 and 18,000 troops. A reserve of 15,000 will be rapidly organized, the entire fighting force of the country being called on.

Tegucigalpa, Feb. 26.—The column of Gens. Barahona and Christmas have arrived at Guinope, within four leagues of the Nicaraguan frontier. No engagement of importance has occurred within the past few days, only skirmishes being fought. On account of the close proximity of both armies encounters are looked for daily.

Puerto Cortez, Feb. 26.—A telegram from Tegucigalpa officially announces that ex-President Sierra, ex-Minister Rosales and the old cabinet of Sierra will fight against the Honduran government with the Nicaraguan forces. It is reported that this combination, instead of aiding former President Bonilla to regain power, may try to make Gen. Sierra president. The latter has been living in Nicaragua since his defeat for the presidency by Manuel Bonilla in 1903. A late report from the capital says that the following terms of peace have been presented to President Zelaya of Nicaragua by President Bonilla of Honduras, and refused: First, immediate surrender of the territory ceded to Honduras by the decision of the king of Spain; second, resignation of Zelaya as president of Nicaragua; third, expulsion from Honduras of hostile emigrados from Nicaragua; fourth, payment of Honduras' war expenses to date.

NEAR A LYNNING IN OHIO.

Marietta Crowd Menaces Men Arrested for Drugging Little Girls.

Marietta, O., March 4.—A lynching seemed imminent here early Sunday evening when a large crowd of people surrounded the city jail, where Walter W. Savage, of Syracuse, N. Y., and his accomplice, Andy Coruthers, were imprisoned.

Savage is an advertising sketch artist and has been here about a week occupying a window in the Dime Savings society building. He has made a specialty of getting young girls to allow him to make their pictures.

About one o'clock Sunday afternoon he had six young girls between the ages of 12 and 14 years of age in his room, gave them whisky, wine and beer and administered some kind of drug. At six o'clock Sunday evening the police discovered that something was wrong and, upon investigating, found all six of the girls unconscious, lying on the floor. The girls and the two men, Coruthers having been found in the room, were taken to the city jail. Physicians were summoned and made an examination of the girls and administered emetics, and about seven o'clock they had partly regained consciousness. The girls claim that the men forced them to drink.

Under guard of the entire police force the men were rushed to the county jail, which is on the fifth floor of the courthouse building.

The sheriff and his deputies, assisted by the police, are guarding the two prisoners, and it seems that a lynching will be averted, although the feeling of the populace is very intense.

He has assured the president and Mrs. Roosevelt that their son is not seriously ill and that there is no occasion for alarm. Archie was in school last week until the day he was taken ill.

OFF TO FIGHT MOSQUITOES!

By McCutcheon, in Chicago Daily Tribune.

(The president has turned the construction of the Panama canal over to the army.)

ADMITS THAW KNEW WHAT HE WAS DOING

DR. EVANS TESTIFIES DEFENDANT HAS INSANE KNOWLEDGE AT TIME OF CRIME.

Witness States Opinion That Brain Storm of White's Slayer Cleared Up Immediately After Shooting—Dr. Wagner on Stand.

New York, March 5.—District Attorney Jerome Monday concluded his long cross-examination of Dr. Britton D. Evans, the alienist for the defense in the Thaw trial, who has declared that Harry K. Thaw was suffering from a brain storm at the time he shot and killed Stanford White. Dr. Evans was succeeded on the stand by Dr. Charles G. Wagner of Binghamton, N. Y., also an alienist for the defense, and his cross-examination was begun.

Knew What He Was Doing.
Mr. Jerome drew important admissions from Dr. Evans Monday to the effect that Thaw had knowledge of what he was doing the night of the tragedy. The witness, however, characterized it as insane knowledge. Mr. Jerome plied question after question predicated upon Thaw's actions subsequent to the shooting, and asked if they did not indicate that the defendant knew what he was about. Dr. Evans explained that he believed that the brain storm had cleared up immediately after the shooting, and that Thaw's scattered senses had begun to readjust themselves even before he left the roof garden.

Mr. Wagner used the present tense in replying to a question by the district attorney as to the form of Thaw's insanity, saying he believed the defendant "is suffering" from symptoms allied to two forms of insanity—one tending to melancholia and the other to dementia. Thaw's attorneys made no move to correct the witness.

Defendant Consults with Lawyers.

Thaw again brought into court several big brown portfolio envelopes filled with letters. He receives several scores of missives daily, some of the letters coming from across seas, and his Monday morning mail always is heavy. Thaw engaged his lawyers in earnest consultation when he took his place facing the witness and the jury box. He directed his remarks especially at Mr. Peabody and Mr. McPike. The latter seemed desirous of avoiding the conversation, and drew back several times with tolerant nods of his head. The defendant, however, was earnest and would not be denied. He continued to talk for several minutes. Then he sat back and listened to the first question addressed by District Attorney Jerome to Dr. Evans. It was about the first time he had paid the slightest attention to the witness since he took the stand. Thaw did not listen long, however, but turned to Daniel O'Reilly and began to talk rapidly to him. Thaw's lips could be seen moving rapidly as he whispered into O'Reilly's ear.

CABINET CHANGES MADE

GEORGE VON L. MEYER BECOMES POSTMASTER GENERAL.

Cortelyou Moves to the Treasury Department—Garfield Succeeds Secretary of Interior Hitchcock.

Washington, March 5.—George Bruce Cortelyou, at a few minutes before three o'clock Monday afternoon relinquished the office of postmaster general to George Von Lengerke Meyer of Massachusetts, recently American ambassador at St. Petersburg.

At the conclusion of the administration of the oath, Mr. Cortelyou and Mr. Meyer received the chiefs of bureaus and divisions of the department, the introductions being made by Merritt O. Chance, chief clerk of the department. The reception afforded Mr. Cortelyou opportunity to take formal leave of the official force of the department and Mr. Meyer opportunity to meet those upon whom he in a measure must rely for a successful administration.

Mr. Cortelyou was sworn in as secretary of the treasury at half past three o'clock, the oath being administered by Mr. Fitzpatrick, of the appointment division.

After the close of the treasury department in the afternoon some 25 of the high officials of the department called on the retiring secretary, Mr. Shaw, at the Arlington hotel and presented to him a large mahogany case containing two dozen handsome silver service table plates.

James R. Garfield of Ohio, who relinquished Monday the office of commissioner of corporations, Tuesday succeeded Ethan Allen Hitchcock of Missouri as secretary of the interior. Mr. Garfield and the retiring secretary, Mr. Hitchcock, informally received the bureau and division chiefs of the interior department Monday afternoon in the secretary's office.

GOVERNOR IS ACCUSED.

Charges Against New Mexico Executive to Be Investigated.

Santa Fe, N. M., March 5.—The house Monday passed a resolution to investigate the conduct of Gov. Herbert H. Hagerman in regard to the alleged fraudulent acquisition of 7,000 acres of timber lands in the Manzano mountains by the Pennsylvania Development company, said to have been connected with the Enterprise bank failure at Pittsburg, Pa.

The charge is that the governor, without the knowledge and consent of the commissioner of public lands, delivered to the general manager of the Pennsylvania company the deed for the land; that he took the seal of the commissioner and unlawfully affixed it to the deed; that the land is worth from \$25 to \$100 an acre but was sold at only three dollars an acre, that the federal law at the time forbade the selling of more than 160 acres to any one purchaser, and that therefore the territorial institutions to whom these lands belonged were defrauded to that extent.

RAILWAY OFFICERS HELD.

President and Directors of New York Central Under Parole.

New York, March 5.—The jury in the coroner's inquest into the New York Central wreck in the Bronx on February 16, when 23 persons were killed, brought in a verdict Monday night holding the operating and construction departments of the railroad responsible.

The coroner endeavored to get a recommendation as to individuals, but did not succeed. He then declared he would hold the entire board of directors and the president of the Central, and parole them until ten o'clock Tuesday morning.

59TH CONGRESS GOES OUT OF EXISTENCE

LARGE CROWD WITNESSES SINE DIE ADJOURNMENT IN HOUSE AND SENATE.

Ship Subsidy Bill Withdrawn by Gallinger—President Signs Bills at Capitol—Resume of the Work Done During Session.

Washington, March 5.—The fifty-ninth congress was ended at 12 o'clock Monday, according to the declarations of the presiding officers of the senate and house, although the clocks in the former marked 12:13 p. m. and in the latter 12:15 p. m. The delay was occasioned by a slight error in the enrollment of the railway employees hours of service bill, and this was the last measure to reach the president. According to custom, when a congress is dying, the president, his cabinet, and the White House staff occupied the president's chamber in the senate wing in order to facilitate the handling of business incident to the close of the session.

Good Feeling in House.

No scenes out of the ordinary occurred in either branch of congress. In the house the members sang and told stories and boisterously filled in the last hours. General Grosvenor (Ohio), who retires from the house, was presented with a handsome silver service by his colleagues of the fifty-ninth congress. In the senate the proceedings were entirely decorous. Senator Gallinger withdrew the ship subsidy bill and therefore the filibuster against it was not continued to the end as had been anticipated. The conference report on the bill regulating the hours of service of railway employees was agreed to. Resolutions were adopted thanking Vice President Fairbanks and Speaker Cannon for their unvarying impartiality and responses were made by these presiding officers just prior to their letting fall the gavel which adjourned the congress sine die.

Galleries Are Crowded.

The galleries of both houses were crowded and by order of the sergeants-at-arms the visitors were permitted to occupy all of the space available as standing room. The floors of the chambers, in the rear of the seats of members, were filled with committee clerks and other employees at the capitol.

At the close of the proceedings the visitors unreservedly applauded with cheers and handclapping and then followed the exchange of farewells by the members.

The president left the White House at 10:50 for the capitol, arriving there about 11 o'clock. Before he left the executive offices the Aldrich currency bill was signed, and the first measure signed after his arrival at the capitol was one authorizing an immigrant station at Charleston, S. C.

President Holds Session Important.

Notwithstanding that the president was "turned down" on several of his pet measures, he is still of the opinion that it was the most important session of the national legislature ever held. He secured the passage of the railroad rate bill, the pure food bill, the railroad hours of service bill, the measure prohibiting campaign contributions by banks and corporations, the meat inspection bill, the law creating the new state of Oklahoma, and many other measures of value to the country at large.

Both house and senate lose many picturesque and valued members today. Of those who are best known to the public the house loses General Grosvenor of Ohio, Littauer of New York, Lacy of Iowa, and McCleary of Minnesota, the "stand-patter."

Scouts Idea of Deficit.

Representative Tawney of Minnesota, chairman of the committee on appropriations, announced that instead of facing a deficit in the treasury at the close of the fiscal year of 1908, as seemed imminent at one time, there would be a surplus of \$20,000,000 at that time. The total appropriations made at the present session of congress, he said, aggregate apparently \$919,948,679.63.

Senator Allison, chairman of the senate committee on appropriations, made a statement to the senate along the line of Mr. Tawney's presentation. His estimate of the aggregate appropriation agreed with that of Mr. Tawney.

Mr. Applegate and a railroad contractor were in Saugatuck last week looking up railroad matters. Mr. Applegate is wanting to get \$10,000 or \$15,000 subscribed to the stock by people in this vicinity when he claims he will build the road and a bridge across the river at the ferry or at Main street and run his line south from there using the line which is already built for a branch to Douglas. This plan will probably be opposed by Douglas people for they want a road that will be of more use to them as a passenger road and do not want to have to change cars before they get out of their village when going on a journey.

The Graham & Morton Transportation company will issue no more annual passes to the business men they have hitherto been accustomed to. All must now pay for their rides. This change is not due to the transportation company itself, but it is one of the results of the Interstate Commerce Act of June 29, 1906 as amended by the Hepburn bill. There is perhaps a possibility of various interpretations of this bill, and if it can so be interpreted, the company will be glad to renew its old custom.

E. B. Scott discovered a shepherd dog caught in a trap on the south shore of the river one day recently. He had heard a dog whining and howling several days previous, but thought little of it. Crossing the river he saw the dog, but before he could reach it, the animal managed to get away, its efforts for several days to release itself having finally been rewarded just as aid was in sight. The dog was caught in a trap set for muskrats. Mr. Scott has already been annoyed by hunters visiting his property, disregarding the many signs posted. He recently followed two trespassers who ran at top speed when they saw him. The north side residents are continually annoyed by hunters who have no regard for the close season or warnings against trespass.
