## SAUGATUCK LINE TIED UP BY SNOW IS OPEN

Holland.—Traffic on the Saugatuck branch of the Holland Interurban was restored after a blockade of days. No cars were operated since Sunday's storm and the first car reached Holland at 6 o'clock yesterday morning. Mails were transported by team. Later—its blocked again.

## MAY TAKE UP LIQUOR QUESTION TO NIGHT

No doubt this evening the liquor question will be brought before the Council. A petition of nearly a hundred names of prominent business men and citizens will be presented, asking that the question be re-submitted. People who know conditions as they really are and who are unbiased in their opinions, are not satisfied with the present status of the liquor question.

This petition in the face of the one presented last fall with one thousand names on it will without doubt make the majority of the aldermen feel that in this city where progress is supposed to be so overwhelming, they should believe in the initiative and the referendum or in other words, the will of the people.

If the liquor question does come to a vote it will no doubt be by ordinance containing the strictest restrictions for the selling of liquor, such as: the abolishing of screens, the elimination of games of chance, the doing away with "back door sneaks," and the making of the retail houses, places where one always drinks "loners," and where the words "Have one on me," are never heard.

No attempt is made to solve the liquor question by the petition to be presented. Many of the signers are at variance with one another in their individual opinions on the merits of the wet and dry controversy. The petition is offered simply to bring the matter to a vote of the people who have never had an opportunity to vote on the question as it is proposed to be brought up. However, it may be settled by a vote of the people at this time few are of the opinion that the question should be agitated or discussed for at least four years after the result of the April vote is announced.

What we need in this town and need it soon, is sanity in more things than the liquor question.

## Stores Close Wednesday

The Merchants' association have decided that next week Wednesday all stores will be closed. This day is a day of prayer for crops and should be observed in a proper manner, befitting the significance of the occasion.

## A. J. WARD LUCKY BIDDER

Bids were opened for three paving jobs at Grand Haven and A. J. Ward secured them all. The accepted bids on the three jobs are: Washington avenue, \$3,008.58; Fifth street \$5,555.36, Fourth and Howard, \$7,340.04. Five contractors entered bids for the work, and most of them were very close.

## GETTING MARRIED

Thomas Conway, 27, of Grand Rapids and Rehea Betke, 24, of Holland were married in Grand Haven by Justice Dickinson. Justice D. C. Wachs performed the same ceremony this morning for Charles Olsen, 27 of Zeeland, and Lillie Johans, 18, of West Olive. William Nickel, 23, Chalmers township, secured a license to marry Katie Cooper of the same age and place.

## GOOD CHAUTAUQUA PROGRAM

The best talent obtainable will entertain Holland residents and visitors at the Chautauqua meeting next summer in this city. The local committee has been hard at work to make the venture a success financially, and the Lincoln bureau has prepared the best class of entertainment for this circuit that money can buy.

Prof. J. E. Kuisenga of Holland occupied the pulpit at the Presbyterian church Sunday at both services.—Grand Haven Tribune.

## IS SERVING TIME

Ed Meyers, who has been sentenced to thirty days at the county jail for stealing chickens from T Ten Houten of Fourteenth Street is now serving his sentence. Several other thefts are laid at his door as that neighborhood has been harrassed for the past few months by night marauders who stole coal, milk and anything else they could lay their hands on.

Many sufferers from rheumatism have been surprised and delighted with the prompt relief afforded by applying Chamberlain's Liniment. Not one case of rheumatism in ten requires any internal treatment whatever. This liniment is for sale by All Dealers.—Adv.

### THE NEW SUFFRAGIST MARTYRS!

## "SPOTTERS" ABSENT-MINDED

Monday. Aaron Smith, Dave Blom and C. Blom Sr., charged with violation of the liquor law, were bound over in Justice Sooy's court. Dave Blom has for his attorneys, Cherry N. Masters of Grand Rapids, and Visscher & Robinson of this city. Prosecutor Osterhouse appeared for the people. Raymond Jordan and John Stadt, strangers in this city, were the "spotters" hired to spy upon the liquor men. Forgetfulness seemed to be habitual with them, as to all questions asked in the examination by the attorneys, they either gave evasive answers, or they could not recollect.

They remembered however that they got a dozen pints of beer and a quart of apricot brandy from "Dave's Place" through Frank Griffin, a third man whom they used as a blind. When the trial comes up, some sensational evidence which we would like to state at this time, but cannot in justice all parties involved, will be published in full when the trial comes off.

## WAS WELL KNOWN AT RESORTS

William Weber who it is alleged murdered his wife Grace, Sunday in Grand Rapids, by shooting her five times, was well known at the Holland resorts, as a German of very excitable nature. Two years ago he stopped at Jenison Park for two months and made several acquaintances in this city. The News editor became acquainted with him at the time through people from Grand Rapids who introduced him as a former colonel of the German army. To verify this statement, he went through the Manual of Arms, and did other stunts compulsory in the German army, to the great delight of the News force who were the spectators.

## STATE CONTEST AT ADRIAN

Miss Helen De Maagt, the representative of Hope College to the Women's Intercollegiate Oratorical Contest, delivered her oration, "The Present Crisis," during Chapel services yesterday morning. Mr. Muste Hope's representative to the Men's Contest delivered his oration, "The Democracy of Tomorrow," Tuesday morning. The two orators with the President of the Oratorical League, Mr. Richard Vanden Berg, together with Prof. Nykerk, Miss Moore and the student enthusiasts, Aleck Van Bronkhorst, Ruth Vanden Berg, and Leon Mulder have all left for the scene of the conflict, Adrian, Michigan. President Vennema announced this morning, that in case either of Hope's representatives wins first place, the students will be privileged to celebrate and no classes will be called Monday. Now all the students are praying that there will be no classes.

## WAS NOT QUALIFIED

At a congregational meeting of one of our local churches, one of its foremost workers was nominated as elder. Being highly complimented but nevertheless wishing to escape the arduous duties involved, because of other church work which takes up much of his time, he pointed out to the congregation that the first chapter of Titus, fifth verse, freely translated, states that an elder should be the husband of one wife and there fore he did not have the necessary qualifications for the office. The congregation straightway elected a married man, and made the "foremost worker" a deacon.

## HOPE BASEBALL SCHEDULE IS PRACTICALLY COMPLETE

Holland, Mich., Manager Vanderelde has practically completed the baseball schedule for Hope college and although the dates have not been definitely arranged the following teams have been booked: Kalamazoo two games; McLachlan's Business college, two games; and Holland High school three games.

Hope's pitching staff comprises Van dervelde, Poppen and Potgeter; catchers, Verhoeck and Hoeven; infield, Riemersma, De Ruyter, Moore, Vander Meer, Hospers, Stegeman, Stegenga, Koolker; outfield, Steininger, Hekhuis, Moerdijk, Van Putten, Hyink and De Jong.

## GOOD MARKSMANSHIP

The official explanation of the death of Madero and Suarez shows remarkable and discriminating marksmanhip on the part of the alleged attacking parties, of which there are said to have been two. Although they were endeavoring to rescue the prisoners—officially, of course—and made two separate attacks upon the escort, they were so accurate and selective in their marksmanship that they hit Madero two times in the head and Suarez eight times in the body without hitting a single member of the escort. If we could do that in our army we should have to issue a medal for greater skill than the one now given to a "distinguished marksman."

## EAGLE BALL MARCH 17

The Eagles will give a dance Monday evening March 17 at the old Eagle Hall in the Harrington Block. Heningways Orchestra will have charge of the music.

## A NEW ORATORICAL CONTEST AT HOPE THIS YEAR

The first local prohibition contest will be held on the 21st of March and on that date the representative will be chosen to represent Hope College at the State Prohibition League which is to be held April 4th or 5th. This will be the first time that Hope has entered in a contest of this kind.

## RESULTS OF ROAD COMMISSIONER PRIMARIES

The hardest place in the county to get the returns of an election is here in the city of Holland. All the returns were sealed in the boxes and the City Clerk having no authority to open them, the newspaper men were able to obtain only the gleanings (which we give below.)

Austin Harrington was elected unanimously on the Republican ticket owing to the fact that he had no opposition.

On the contesting nominees for Road Commissioner the vote in the city is as follows:

1st—Cook 35; Fellows 12; Taylor 0.  
2nd—Cook 20; Fellows 6; Taylor 2.  
3rd—Cook 31; Fellows 22; Taylor 8.  
4th—Harrington 51; Cook 32; Bosworth 26; Dykema 23.  
5th—Cook 28. Fellows 14; Taylor 5.

	Cook	Fellows	Taylor
Zeeland City	79	7	13
Jamestown	30	2	4
Zeeland Twp.	42	5	7
Grand Haven City	43	144	46
Blendon	52	12	
Olive, Big Twp.	47	17	4
Olive Fractional	6	6	6

Holland Township—Bosworth 38; Dykema 75; Harrington 104; Cook 79; Fellows 35; Taylor 3.

The results as far as can be obtained before going to press at noon. Show that the three road commissioners will be Austin Harrington of Holland; Rokus Cook, Holland township, sure; and either Dykema of Grand Haven or Bosworth of Georgetown, where the fight is close.

## HAS NOT DECIDED ON POWER SITE

Charles A. Floyd, general manager of the Holland Interurban, said today that negotiations have been in progress for some time past relative to changing the high tension line from the main street of Zeeland to a private right of way.

He said that removal of the car barns near Holland was not being considered now, but if it came eventually the new location might be in Zeeland.

Miss Elsie Plaggenmarm returned to her home near Holland, after spending a few days at the home of George Plaggenmarm.

Mrs. Henry Koolker fell and broke an arm last week Monday. Dr. C. Boone attended her.

Miss Jennie Geurink of Graafschap is working at the home of Mr. and Mrs. John Koolker.

The Misses Reka and Katie Rouwhorst of Grand Rapids, spent Sunday with their parents, Mr. and Ms. K. Rouwhorst.

Mrs. D. Veltman of Muskegon, visited with relatives here last week.

Miss Henrietta Bartels has returned, after spending a few days with relatives in Grand Haven.

Mrs. Wm. Kruthof, who has been seriously ill, is improving.

Some time ago the North Holland public school had to be closed because the temperature of the building could not be raised to a sufficient height to make it comfortable for the pupils. For some time, the school authorities were at a loss to know what was the trouble, but an expert from the Holland Furnace Co. factory made an examination and found that there was water in the cold air duct. When this was corrected there was no further trouble and the school is again running according to schedule.

HUDSONVILLE

Mr. and Mrs. Henry Eintingma, who recently escaped from Mexico, arrived at Hudsonville Friday to remain a few weeks with Mrs. Eintingma's parents.

For the last eight years, Mr. Eintingma has been employed with his brother, James, by the Mercer Mining Co., as mining engineer at the company's mines, 45 miles east of Sinaloa, and 30 miles from Chichorato, in the state of Sinaloa.

"My wife and I lived in the river valley near the largest of the Mercer mines and one-half miles from the little settlement of mine employees," said Mr. Eintingma. "My brother, James, lived with us, and though we heard of the war-like preparations going on around us, we did not fear interruption. About the first of this month a straggling company of soldiers came to our little mining camp and demanded \$50,000 of our superintendent under threat of burning the buildings and killing the inhabitants.

"One night my brother came to our home with the information that we would all suffer death if we did not escape at once. We loaded some of our clothing and keepsakes into a boat I had moored near the house and, under the cover of darkness and in a pouring rain, we drifted down the river, past the village, where we could see the rebels drunken with liquor from the company's storehouse. We were not seen, however, and about the next morning we passed out of the mouth of the Sinaloa river into

the ocean. Two days later we were taken aboard a coaster and carried to Guayamas where we took the cars for El Paso.

"My brother remained in St. Louis Mo., and will return to Mexico as soon as it is considered safe to do so. My wife and I will not return before April, I think, and not then, unless things become quieter."

LAKE SHORE

Mr. and Mrs. Dar Huff who left the first of November for an extended trip will return in about three weeks, so says Mr. Huff, who stopped off at Holland yesterday for a few days. In their tour they stopped at Middleville, Wayland, Grand Rapids Battle Creek, Durand, Detroit, Ann Arbor, Toledo and Indianapolis. At Middleville they visited Mr. Bill Chapman formerly living on the Lake Shore and at Toledo they stayed at the home of Mrs. Tom Connelly.

ZEELAND

Thursday night the Junior class of the Zeeland High school enjoyed themselves with a sleighride party to Holland.

E. J. MacDermid made a business trip to Grand Rapids Thursday.

D. M. Wyngaarden made a business trip to the Lakewood Farm at Alpena Beach Thursday.

Daniel Gunn of Allendale has been visiting in the city at the home of S. Gunn.

Mrs. John Brouwer of Holland was in the city Thursday visiting with relatives.

Miss Katie M. De Jonge, bookkeeper with the A. La Huis Co., has resigned and accepted a position as stenographer with the Zeeland Furniture Co.

The funeral of Leona, the seven months old daughter of Mr. and Mrs. G. Veneklasen took place Thursday Services were held at 1:30 from the home. The Rev. Hoffman and Rev. Cheff officiated. Interment was at the Zeeland cemetery.

H. Forsten was in Grand Rapids on business Thursday.

John Veneklasen made a business trip to Grand Haven Friday.

Mr. and Mrs. D. Sytama were in Grand Rapids Friday.

Miss Fanny Baarman, clerk in the Fris Bazaar store is enjoying a two weeks' vacation

Mr. and Mrs. C. Leenhouts have issued invitations to their silver wedding which will be celebrated at their home at Beaverdam on next Friday afternoon.

J. N. Clark made a business trip to Kalamazoo, Saugatuck and other points in the state the first of this week.

The household goods of the late Mrs. C. Kruthoff have been removed from the home on Centennial street and the place will be occupied by Henry Van Tongeren in a few days. The Zeeland High school basketball team last evening at South Haven defeated the South Haven team by a score of 23 to 19. Two weeks ago the South Haven team beat Zeeland in Zeeland by a score of 27 to 24.

John A. Harterink of Zeeland returned from his trip to Florida on Tuesday evening after an absence of three weeks being called home on account of the serious illness of his youngest child. Mr. Harterink had not planned to return for several days yet and reports a most enjoyable trip. Dick D. De Pree did not return with him but instead will return by way of Washington, D. C., where he expects to take in the presidential inauguration next Tuesday so that Zeeland will at least have one representative on the ground.

The coming charter election April 7, in Zeeland promises to be of more than ordinary interest. Not only will the proposition of taking the wires and tracks of the interurban road from the streets be submitted as a side issue to the election of city officials, but the council proposed to bring the proposition to establish a sewer system before the voters. Sentiment pro and con is already developing.

The committee which has the sewer question in hand is working hard to get the proposition in shape for submission at the coming election. Diagrams of the proposed system estimates of cost and other details are already in the hands of the committee.

The natural drainage from the city lies to the south in the swamp, and the committee is negotiating for options on the land where they propose to place the septic tank. The question is being strongly agitated and several public meetings will be held and a determined effort made to carry the matter. A like proposition was voted upon in Zeeland three years ago, but because it was not generally understood it was defeated.

Tomorrow evening, the members of the team will be entertained by Mr. and Mrs. D. Sytama at their home on Central avenue.

Tuesday night at the home of Miss Ada F. La Huis in Zeeland, the members of the basketball team of the Zeeland High school were entertained by an informal dinner given to them by Miss Ada LaHuis and John C. Hoekje. A very dainty dinner was served. Chester La Huis acted as toastmaster and toast were responded to by all. After the dinner a very delightful social time was spent. All left at a late hour reporting a very delightful time.

Chester La Huis has completed a course in stenography at the McLachlan business college of Grand Rapids and has taken a position in the A. La Huis Co. store.

D. Vereeke was in Jamestown on business Tuesday.

Peter Veneklasen left Tuesday on a business trip to Muncie, Ind.

Hans Fisher was in Hamilton on business Tuesday.

Paul Fabbiano, proprietor of a local fruit store, is recovering from the effects of an operation at St. Mary's hospital in Grand Rapids. He will not be able to leave the institution for several days. It is said.

OLIVE CENTER

Invitations have been sent out for the marriage of Henry Klinger and Miss Tena Groenhof, which will take place on Thursday afternoon, March 13, at the home of the bride's mother, Mrs. W. Groenhof at Olive. A reception will be tendered the young couple on the evening of the same day.

LOCAL SCHOOL TEAM HAS MADE A FINE RECORD.

Holland High and Grand Ledge High basketball teams clash on the local's floor here to morrow night. Holland High was recently defeated by Grand Ledge on the latter's floor by one point and the locals are confident of whipping their rivals in the return game.

Holland High has lost but two games this season. When taken into consideration that only one of the ten played was on its own floor its record is among the best in the state. In the games thus far played Holland scored a total of 407 points against its opponents' 298, which is 109 points to the good.

Besides the game with Grand Ledge the locals will find another hard competitor in Grand Rapids Central High quintet which is scheduled to play here on Friday, March 14, Holland defeated Grand Rapids early in the season, 17 to 11.

SUPERINTENDENT E. E. FELL WAS IN WASHINGTON TUESDAY

Holland had at least one representative in Washington Tuesday to attend the inaugural of President Woodrow Wilson. Superintendent E. E. Fell is the lucky one who can see the twenty-eight president of the United States inducted into office. He has been in Philadelphia to attend a national teachers' convention and took the opportunity to see the greatest show in the world. One or two local boys who are attending Princeton seminary marched in the parade of six hundred Princeton students who went to Washington to see the former Princeton president made president of the United States.

HER ONE DOUBT

A Chicago vegetarian engaged a German cook lady not long ago. His wife liked the appearance of the applicant; her references were good, and the wages she demanded not exorbitant.

"I'd like to have you come," said the lady of the house, "but perhaps you won't want to live with us. We are vegetarians and never have any meat in the house. Would you be satisfied with a vegetable diet?"

The fraulein scratched her head. "Well," she said dubiously, "I've been a vegetable."

UNITED STATES RECEIVING SHIP INDEPENDENCE LAUNCHED 1814

The name INDEPENDENCE appeared on our naval records first when borne by a sloop belonging to the Colonial Navy. This vessel was destroyed in the Delaware in 1777, to prevent her capture by the British. The present INDEPENDENCE was the first of the 74-gun line-of-battle ships built for service against the fleets of Great Britain in the second war with that country. She was laid down in Boston in 1812 and launched in 1814, and in January of the following year sailed on her maiden cruise for the Mediterranean Sea, bearing the flag of Commodore Bainbridge. The INDEPENDENCE sailed in company with the frigates UNITED STATES and CONGRESS, the brigs BOXER, CHIFFERNA, FIREFLY and SARANAC, and several smaller craft. At Gibraltar was found the squadron of Commodore Decatur, consisting of the frigates GUERRIERE, MACEDONAN and CONSTELLATION, and several ships of war, brigs and schooners. This was the most formidable fleet ever gathered in foreign water by our government and coming so soon after the close of hostilities with England, was a subject of considerable agrin to British officers. The latter had circulated the report that the Americans were not allowed to build ships-of-the line, and the lordly portions of the INDEPENDENCE were a sufficient contradiction. War has been declared against Algeria, and the INDEPENDENCE took part with the other vessels of our Navy in blockading the ports of that Barbary Power, and in bringing the war to a successful close. Of all our ships which so proudly flew the stars and stripes beneath the heights of Gibraltar during that October nearly ninety years ago, the only ones afloat today are the INDEPENDENCE and the CONSTELLATION, the latter being in use as a training ship at Newport, R. I. Upon her return to the United States, the INDEPENDENCE was used by Commodore Bainbridge as guard ship in Boston harbor, flying his flag until 1819.

In 1836 the INDEPENDENCE was razed, being cut down from three to two decks, 54 guns, and shortly sailed to Europe as the flagship of Commodore Nicholson. She was commanded by Lieutenant Alexander Slidell, and her log of that period bears this entry: "She sails well and is a good sea boat. She has logged ten knots on a wind and thirteen knots free." In 1837 she carried the Hon. George Dallas to Russia as Minister from the United States and established the record for speed during the passage from New York to Cronstadt.

In 1846 she was sent to the Pacific as flagship of Commodore Shubrick. After three years' service in these waters, during which time she participated in the capture of Guaymas and Mazatlan, she returned to the Atlantic, and later for several years was the flagship of the United States squadron in the Mediterranean. In 1854 the INDEPENDENCE was refitted at New York and sent to the Pacific for the last time, as Station Flagship. Shortly after she became guard ship at San Francisco, California, lying off Third Street, and in 1858 she was converted into a receiving ship for the Navy Yard at Mare Island.

The INDEPENDENCE is today the last of our line-of-battle ships, and the oldest ship in our Navy preserving her original timbers.

A. BISHOP, Yeoman 3rd Class. U. S. Navy, Recruiting Office.

Copied this 22nd day of February 1912, from the INDEPENDENCE records.

The Best Proof

Given By a Holland, Michigan Citizen Doan's Kidney Pills were used—they brought benefit.

The story was told to Holland residents.

Time has strengthened the evidence.

Has proven the result lasting.

The testimony is home testimony—The proof is convincing.

It can be investigated by Holland residents.

J. W. Fiehlman, 83 River street, Holland, Michigan, says: "Physicians told me I had lumbago. There were dull pains in the small of my back and limbs and my joints were stiff. I could hardly stoop or lift and after sitting, it required a great effort for me to arise. Physicians' medicine did not help me and I finally got a box of Doan's Kidney Pills at Doeburg's Drug store. They removed my aches and pains in a short time." (Statement given December 14, 1906.)

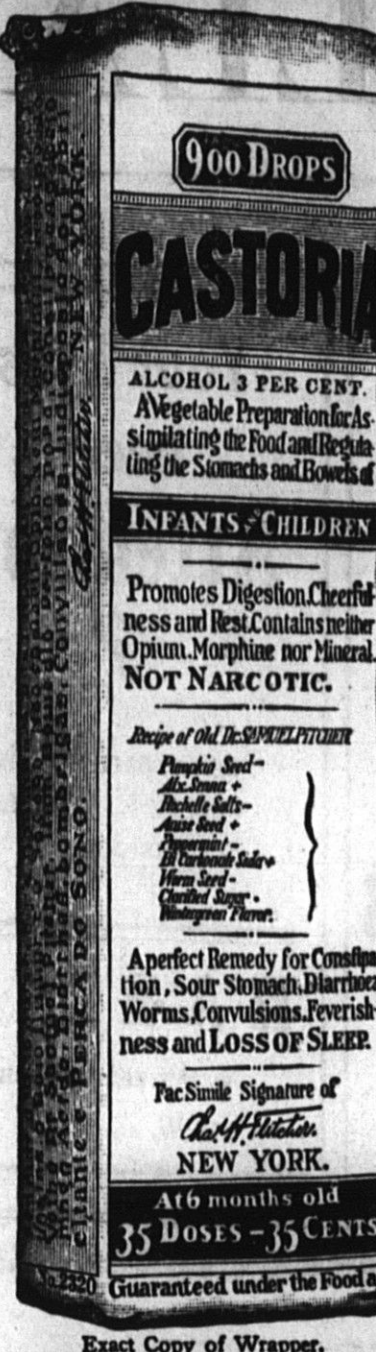

A Later Endorsement

When Mr. Fiehlman was interviewed at a later date he said: "My former words of praise for Doan's Kidney Pills still hold good for the cure they made has been lasting. I have unlimited confidence in this remedy."

# LOCATED IN GRAND RAPIDS AND BROUGHT TO THIS CITY TO ANSWER CHARGE.

Andrew Languis, who has been wanted by the Holland police for arson for some time and who escaped from the local officers a few days ago, was located in Grand Rapids and brought to Holland late Friday afternoon by Officer O'Conner. He was arraigned Saturday before Justice Sooy. He demanded an examination which was set for Monday afternoon in Justice Sooy's office where he was bound over to circuit court. In default of bonds, he will be taken to Grand Haven and lodged in the county jail to await his examination. He will be represented by Diekema, Kollen & Ten Cate.

Languis is charged with an attempt to set fire to the residence of Mannes Nyboer, 113 West 19th street. It is alleged that he forced his attentions upon Nyboer's daughter, but was forbidden the house.

After several futile attempts, it is alleged, he became revengeful and went to the barn, procured some straw placed it against the rear of the residence and set it afire.

Fortunately the blaze was discovered before much damage was done.

## SECRETARY DIXON OF STATE BOARD OF HEALTH CALLS ATTENTION TO THIS CITY

Holds It Up As An Example For the Smaller Cities of the State.

Health Officer B. B. Godfrey returned from Ann Arbor Thursday night where he attended a two days' session of the state association of health officers. Holland came in for a good deal of advertising at the meetings of the health officers. Secretary Dixon of the State Board of Health called attention to what Holland is trying to do in the way of safeguarding the health of its citizens, and he gave statistics of the death and birth rates to show that the health measures of this city show results. He told of how he had been called to a little town in another part of the state in connection with a bad epidemic, and how he had taken the statistics about Holland's health conditions to hold up to that community as an example. The fact that Holland each year sends one or more representatives was remarked on as evidence of the progressive spirit of this community along this line.

While in Ann Arbor Dr. Godfrey gave a talk on Eugenics before a gathering of Odd Fellows of that city.

## Holland Board of Trade Banquet

George E. Kollen  
Vice-President of Board of Trade

Austin Harrington  
President of Holland Board of Trade

Raymond Visser  
Secretary of the Board of Trade

"Don't think for a minute that all of Holland is represented here this evening," said Governor W. N. Ferris Friday night in a splendid address at the banquet of the Holland Board of Trade in the court room of the city hall. "I want you people who are fairly comfortably situated to remember, especially tonight while engaged in festivities, that there are others, and many of them, the masses who must live on a closer margin than you must perhaps. And I want you to make a renewed resolve to do all you can at all times to bring to those people, the men and women and children, all the beauty and the sunshine and the happiness possible. I want you to be brother and sister to them and bring into their lives inspiration and beauty, for in that way only can you bring beauty and inspiration into your own."

This was but one of the incisive points made by Michigan's great governor-idealist. During his thirty minutes of talk he lifted the banqueters out of themselves for a moment and gave them pictures of beauty that will stay with them.

About 175 men and women sat down at the rows of tables in the court room. The room was beautifully decorated with American flags and with red, white and blue bunting. The banquet was put on by Nick Hoffman of the Boston restaurant and he again made good on his established reputation for creditably putting on banquets for local organizations.

Att. George E. Kollen served as toastmaster. He called attention to the fact that the Board of Trade was now at the close of its fifth year the end of the first half decade. And the success of the board of trade so far, declared Mr. Kollen, was largely due to the untiring and unselfish work of Austin Harrington, who served as its secretary for the first four years, until he was elected president last year.

During the first five years of the club's history, declared Mr. Kollen, there has been much commercial prosperity in Holland and the work of the club has not been in vain. New factories have been brought to Holland, established factories have been enlarged and in many ways prosperity has come to this city. The per capita wealth has nearly doubled, and Holland has outstripped many other cities of its size.

But the material prosperity has not been the most important thing. Holland has during this half decade awakened to a realization of the sense of the beautiful, the clean, the healthful, the moral. Few cities there are that are as distinctive as Holland from an aesthetic point of view; few there are that can say there is not a single case of contagion in it. The school houses, churches, public buildings, are among the very best, and parks and other beauty spots are much in evidence.

During the second half of the first decade, Mr. Kollen prophesied, the emphasis will be laid in the awakening of the public conscience on moral issues. The hospital project will be revived, Holland will get a Y. M. C. A. building, the project of the Woman's Literary club for a home for girls, will see its fulfillment, and in every way the people will more and more become brothers.

Mr. Kollen introduced Mr. Ferris as a great governor of a great state, a great educator and a leader of the people.

Mr. Ferris began by disclaiming any originality in what he was going to say. He said he was not an original thinker but that his function is and always has been to awaken people, to make them see again things that they already know.

"Efficiency is the watchword of the age," said Mr. Ferris, "and efficiency is secured through organization. And today organization has become so complete and scientific, in the business world especially, that there may be harm in what in itself is good.

The cry is for specialization along all lines, and there is such a thing as over specialization. There is danger that too much specialization will destroy individuality. A man or girl in a factory whose work is nothing more than a reflex action that requires no mental effort of any kind is being killed mentally. There can't be mental growth. The same thing is true to some extent in the schools and colleges of the country. We must be aware of destroying the individual. The problem of the age is to conserve the individual. Mr. Roosevelt pleaded for a large family—a family large in quantity; I would plead rather for a family big in quality.

"In the greater Holland that you as a board of Trade are working for I want you to remember the other half. Whenever I have a chance I make an appeal for the masses. Society is an organism and the fortunes of all of us are bound up with the fortunes of each one of us. The poorest member of society is a brother to each of us and the sooner we recognize this the better it is for all of us. It pays in dollars and cents to put into the lives of the masses beauty and inspiration. I want you to put a large faith in this kind. All the manufacturing plants in Holland do not compare in importance with the public schools and college. For what is money worth if there is not the capacity to enjoy the beautiful and the ennobling? They are the only things in life worth while, but in our struggle for the dollar we often forget this. The big things are not the things that money can buy, but the little things of sentiment and beauty."

Mr. Ferris made a plea for using the public schools twelve months in the year and twelve hours in the day. He said that all possible avenues of knowledge should be kept open all the time, since the soul can be starved as well as the body. He made a plea for supervised playgrounds and declared that one of them will do as much for a city as any one church. Why should the board of trade not be interested in the boys and girls of the city? Why should the cities of today not consider it one of their functions to provide amusement for its people? The time will come when a city will be held responsible for the criminals that come out of it and it is not impossible that the city will be penalized for such criminals, because the whole city is responsible.

Mr. Ferris closed with a stirring plea for brotherhood and co-operation along all lines, physical, mental and spiritual. It was one of the most splendid addresses ever delivered on an occasion of this kind in Holland and the governor thrilled his listeners and when he was through they for got his position and thought only of the man.

Speaker Gilbert A. Currie gave a short but interesting and humorous talk after the governor had left. He told of the work of the Michigan legislature and said the legislators were conscientiously trying to give the state the laws it needs and to solve the various problems of government, regardless of party. He told many stories on Representative Charles H. McBride, who is Speaker Pro Tem, and he provided many a laugh for the audience.

Hon. G. J. Diekema was the last speaker on the program, after Paul King of Grand Rapids had given an informal talk on the Holland site for the Michigan encampment.

In his usual happy vein Mr. Diekema spoke of Governor Ferris as a man of ideas and of ideals that being used for the elevation of the kind. He complemented for his good judgment in as Speaker of the House the good work of Paul A. Floyd. Mr. Diekema said: "Up-to-datedness" is an age when we a mania and we tra

take hold of new things often without thinking of the essence of them, and the essence constituted up-to-datedness. That man is up-to-date who best is in sympathy with all the great movements that make for human advancement. Mr. Diekema went on to enumerate many of the things that should characterize an up-to-date city. An up-to-date Board of Trade is needed as a means of contact with the outside business and commercial world. An up-to-date department of health is needed for the physical welfare of a city; an up-to-date police system to protect the moral health of the city. A police system should not wait for others to point out what is wrong but should try to find it wrong with a view of correcting it. A city needs up-to-date physicians and in order to have those it needs up-to-date equipment such as hospitals, and that is what Holland needs. A city needs up-to-date lawyers and ministers and merchants and manufacturers. It needs schools and churches and parks and play grounds.

All if these points were made of cities in general, and in closing Mr. Diekema declared that in many of the respects mentioned Holland is up-to-date, and is a city that we can be proud of. But there is still much more to be done and we must go on conquering and still to conquer. We have built up fundamental principles and our city must continue to build in harmony with the ideals of the founders.

President Austin Harrington of the Holland Board of Trade has appointed a committee to take charge of the local end of the encampment site proposition. The committee is composed of the following: Mayor Bosca, Hon. G. J. Diekema, Hon. N. J. Whelan, Att. George E. Kollen, and Charles A. Floyd. This committee will co-operate with the committee appointed by the Grand Rapids Chamber of Commerce and they will try to place the advantages of the Holland site properly before the committee of the legislature that has this matter in charge.

Friday night at the Board of Trade Banquet, Paul King of Grand Rapids was on hand and he was given a few minutes in which to present the matter to the people there assembled. He told of the many advantages that the Holland site has and that are fairly familiar to most people here. Grand Rapids is about as much interested in the selection of this site as Holland is and that city is working with Holland with this end in view.

The two other sites under consideration, one at Grayling and one at Ludington, lack most of the advantages Holland possesses. Here we have unexcelled railroad connections. It is centrally located, the site is ideal for army maneuvers, there is a splendid harbor.

Grayling has the advantage that 15000 acres have been offered as a free site, while the land here is valuable and will have to be bought. But to offset this the transportation to Holland will be much less and it is much more accessible. The appropriation necessary for buying this site may be about \$250,000 to \$300,000, but Mr. King suggested that that cost might be spread over several years, by buying some land now and the rest later.

Mr. King said there is a strong possibility to get the site and he urged the people of Holland to take an active interest and work toward that end.

"Holland, the Gateway of Western Michigan for Chicago and the Great Lakes" is the title of the book published by the Board of Trade and a copy of it is being sent out to each of the cities of the Michigan Encampment Friday night.

### THE WAY TO RISE

The way for a young man to rise is to assure himself that nobody wishes to hinder him. Allow me to assure you that suspicion and jealousy never did help any man in any situation. There may sometimes be ungenerous attempts to keep a young man down; and they will succeed too, if he allows his mind to be diverted from its true channel to brood over the attempted injury. Cast about and see if this feeling has not injured every person you have ever known to fall into it. Abraham Lincoln.

**THIRTY FIVE YEARS AGO**  
The dauntless Cubans have at last succumbed to Spanish intrigue, and accepted their peace proposition. Perhaps we will have cheaper sugar and molasses after this.

As will be seen from our extract of the Common Council proceedings Eagle Fire Company No. 1, has disbanded, and now efforts are being made to organize a new company.

A sad accident occurred on Tuesday last about three miles east of the village of Overisel. J. Derks, while working in the woods was struck by a falling tree, and instantly killed. He leaves a wife and three children.

**THIRTY YEARS AGO**  
About two years ago this county, was infested by a gang of forgers, who obtained wealthy men's signatures and forged them to notes of such amounts as they thought they could float. They sold to J. Den Heider, of Zeeland, \$900 worth of this forged paper.

We ask the attention of our readers to the action taken by our Common Council at its last session, the minutes of which are published in this issue, in regard to submitting to the electors of this city, the question: "Shall a system of water works be put in this city? Yes or No." The issue will be presented to the people at the Annual Charter Election to be held on the first Monday of April next, and like all other questions, the city beholden for a greater or less sum of money, finds opposition in quarters where enterprising people of the city least expected to find it.

**TWENTY FIVE YEARS AGO**  
Captain Morton of the Life Saving Station, says he is unable to see the waters of Lake Michigan from the "lookout" of the Station with his best field glasses for the ice that is packed in on the east shore. He also says that the water between the piers has been but barely frozen over this winter. The ice has not been hard enough to warrant crossing on it, and he considers the action of the current at this port very peculiar, which is mainly the cause of no ice forming between the piers. Does not this fact tend to show that Holland would make an excellent winter harbor. We think it does.

**TWENTY YEARS AGO**  
The latest marriage in high life is that of Simon Pokagon, chief of Potawatomies and Victoria Quintina, a native of his tribe. The chief is sixty-two years of age and the blushing bride confesses to forty-two. They will make their home in the township of Lee, Allegan County, where the chief has a home. Squire Pokagon and his tribe are about to receive from the U. S. government, \$150,000.

**PRETTY WEDDING TAKES PLACE**  
Last evening a large number of relatives and friends gathered at the Schols home on West Ninth Street to witness the nuptial ceremony of Mr. Andrew Karsten and Miss Geziela Schols. As the bridal pair came into the parlor, Miss Tena Houseman of Grand Rapids played the wedding march. Ralph Schols, brother of the bride, acted as best man, and Miss Dena Beckford was bridesmaid. The bride was tastefully attired in Persian lawn trimmed with ribbons and carried bridal roses, while the groom was fittingly attired in black. After the ceremony, performed by Rev. Drukker, an elaborate supper was served. Ralph De Vries acted as master of ceremonies.

The out of town guests were: Mr. and Mrs. M. Houseman; Tena and Peter Houseman; Mr. and Mrs. M. J. Kulte of Grand Rapids, and Mrs. W. D. Zoethout of Chicago. The following singer—Sunday-School-teacher of the bride acted as waiters: The Misses Mannie and Gertrude Van den Beldt, Mary Daur, Marguerite Mulder and Maud Marsilje. A large number of beautiful presents were received by the happy pair. After April 15th, they will be at home at 84 West 16th St.

## SOCIAL PROGRESS CLUB MAKING EFFORTS TO AMEND HOME RULE BILL.

Committee Has interested Senator J. B. Haddon and He Will Present the Matter to the Senate.  
The Social Progress club through a committee has been making efforts to have the Home Rule bill that is now being considered by the state legislature include a provision for the establishment of a juvenile court in Holland. Senator Haddon has taken the matter up and has promised to go all he can to get such a provision adopted when the bill finally comes up for action.

The Social Progress Club committee, composed of Attorney Fred T. Ames, Att. Thomas N. Robinson and Supt. E. E. Fell, has drawn up a proposed amendment to the Home Rule bill and Senator Haddon has been provided with ample reasons why such a court should be established here. Though the largest city in the county Holland has practically no way of caring for its juvenile delinquents except by a round-about way through the juvenile judge in Grand Haven and the County Agent in Zeeland. This has so far often proved very unsatisfactory, and the history of the past few months especially has shown that an institution of this kind is highly needed by Holland.

Whether the senate and legislature can be persuaded to include a provision of this kind is of course a question, but the committee has hopes that it can be done.

## WILL PAY LIBERALLY FOR WATER SUPPLY IF THEY CAN BE SHOWN

The members of the Board of Public Works are willing to go to a great length to secure an adequate water supply for Holland, but on the other hand they "are from Missouri and want to be shown." They have been in communication with a firm of Lillie, Zalsman & Zuidewind for some time in regard to the claim of these gentlemen that they can furnish the water. Monday the board talked the question over informally and if the men can furnish the water they claim they can the board will pay them handsomely for it.

The question was referred to a committee composed of Mr. Champion Mr. Lane and Mr. Stephan. They ask the firm to show them that they can supply two million gallons of water daily and can keep this up. This water must stand the test of the state board of health for purity. If these conditions can be met the committee is ready to assure a liberal price for the water. The board is not leaving a stone unturned to find a good water supply and they are investigating the claims of Lillie, Zalsman & Zuidewind among others.

## STATE OF MICHIGAN

To the Circuit Court for the County of Ottawa in Chancery:

The petition of Oramel B. Fuller, Auditor General of the State of Michigan, for and in behalf of said State respectfully shows that the list of lands hereinafter set forth and marked "Schedule A," contains a description of all the lands in said County of Ottawa upon which taxes were assessed for the years mentioned therein and which were returned as delinquent for non-payment of taxes and which taxes have not been paid; together with the total amount of such taxes, with interest computed there on to the time fixed for sale, and collection fee and expenses, as provided by law, extended against each of said parcels of land.

Your petitioner further shows to the Court that said lands were returned to the Auditor General under the provisions of Act 206 of the Public Acts of 1893, as delinquent for non payment of said taxes for said years respectively, and that said taxes remain unpaid, except that lands included in said "Schedule A" for taxes of 1890 or prior years were returned to the Auditor General as delinquent for said taxes under the provisions of the general tax laws in force prior to the passage of Act 200 of the Public Acts of 1891, and which taxes remain unpaid.

Your petitioner further shows that in all cases, where lands are included in "Schedule A" as aforesaid for taxes of 1890 or of any prior year, said lands have not been sold for said taxes or have been heretofore sold for said delinquent taxes and the sale or sales so made have been set aside by a court of competent jurisdiction, or have been cancelled as provided by law.

Your petitioner further shows and avers that the taxes, interest, collection fee and expenses, as set forth in said "Schedule A," are a valid lien on the several parcels of lands described in said schedule.

Your petitioner further shows that the said taxes on said described lands have remained unpaid for more than one year after they were returned as delinquent; and the said taxes not having been paid, and the same being now due and remaining unpaid as above set forth, your petitioner prays a decree in favor of the State of Michigan against each parcel of said lands, for the payment of the several amounts of taxes, interest, collection fee and expenses, as computed and extended in said schedule against the several parcels of land contained therein, and in default of payment of the said several sums computed and extended against said lands, that each of said parcels of land may be sold for the amounts due thereon, as provided by law, to pay the lien aforesaid.

And your petitioner will ever pray, etc.  
Dated January 8th, 1913.

ORAMEL B. FULLER,  
Auditor General of the State of Michigan, for and in behalf of said State.

## KLEIS ON STAND

John Kleis on trial for the alleged murder of McCarthy in Allegan county testified this morning in his own behalf and made a good impression. Ben Van Raalte, sr., and John Buchanan veterans of the Civil War will go on the stand this afternoon and testify that a bullet striking the sand can glance off and go upward, which the prosecution claims is impossible. They will cite instances of that kind when they were in battle in '61.

The record of McCarthy was also gone over this morning and it is as long as the moral law, showing that he was a jail bird most of his life.

Kleis in his testimony stated that McCarthy knocked him down while he was making the arrest and he did not shoot until after he was knocked out.

## SAUGATUCK

Uncle Sam has calmly accepted land from Margaret Cook at Saugatuck and has in return gratefully washed more of her land away, forced her to remove a summer cottage and destroyed the highway which leads to her cottage and which serves the public generally. Uncle Sam's reason for this strange generosity is that it costs him less to dredge the sand out of the channel at Saugatuck than it does to build revetment and keep the sand where it belongs.

This strange perversity on the part of his uncle has riled Congressman Edward L. Hamilton some. The doctrine came straight from the engineer corps, and the house committee on rivers and harbors consequently refused to do a thing. Then Mr. Hamilton tackled the senate committee, showed Senator William Alden Smith that the Saugatuck job was an old improvement and urged a further appropriation under the former authorization. Senator Smith secured favorable action from the senate committee.

When Uncle Sam first went after a straight channel from Saugatuck harbor to Lake Michigan, Margaret Cook an Evanston woman who summered at Saugatuck, gave considerable right of way. Her cottage and lot bordered on the proposed channel. When the channel was put through, the water began to eat up her lot. Uncle Sam wouldn't put up revetment so she built 400 feet at a cost of about \$1,000.

She didn't have enough land to get sufficient revetment for her protection. The owners of the neighboring tract refused to sell as little as she wanted. She had to take it all; price another \$4,000. Meanwhile the sand had begun to disappear from under one of her buildings and she had to get it moved. A little further along the highway had caved into the stream.

## Public Spirit Cost Her \$8,000.

Margaret Cook's public spirit in giving half a mile of right of way for the canal has thus far cost her upwards of \$8,000, and she has to run the gauntlet of congress before she will know whether she must build still more revetment to save what property she has left. This is Mr. Hamilton's version of her story, and so far as is known this represents all there is to the case.

The attitude of the engineers is simply that it is cheaper to scoop the sand out of the channel than it is to build revetment and keep the sand where it belongs. The senate bill would provide for sufficient additional revetment to protect Mrs. Cook's property and the highway.

## GOING TO GRAND HAVEN

Grand Haven Tribune—The Woman's literary club of Holland has accepted the invitation of the Grand Haven Woman's Club to meet with them in this city March 14. The Holland and Grand Haven clubs have exchanged visits frequently during the last several years.

Jimmie McDermott the hobo who has been in the limelight considerably of late, appeared before Justice Dickinson Monday on the charge of drunkenness. The justice surveyed the case in his legal capacity and after consulting the prisoner, he considered the case from the standpoint of the poor superintendent and came to the conclusion that Jimmie's room was more valuable than his presence and he gave him a ticket to Grand Rapids and ordered him to leave town as soon as he could get aboard a car. Jimmie departed.

## NEED STREET EXTENSION

Matter Acted Upon By City Council At Zeeland

Action has been taken by the common council of Zeeland toward extending one of the main thoroughfares of the city. At the point where Church street intersects Main Street lies the center of the business section of the city. There the first named street ends much to the inconvenience of the city traffic.

The extension of Church street has faced the city council for years, but because of the tremendous expense involved the matter has been allowed to go by default, and the traveling public has been obliged to jog a few yards to the west and then avail itself of DeJong's factory alley.

The improvement is one of the most needed of its kind now before the city and fully warrants the cost.

## VAN ZOERENS HELD ON FEDERAL CHARGE

Father And Son Indicted For Fraudulent Use Of The Mails

Jacob J. Van Zoren and his son Albert, both well known in Holland and for 11 yrs., in the clothing and dry goods business at 1404 Painfield ave., N. E. Grand Rapids were arrested Saturday afternoon on a federal indictment charging them with using the government mails to defraud Detroit creditors. Each furnished bonds which were fixed at \$1,000 by Com missioner Potter.

The defendants are explicitly accused of sending a false statement of their financial condition through the local postoffice on September 24, 1912 for the purpose of extending their credit. Their assets, it is alleged, were, less, and their liabilities in excess, of the figures shown in the state ment.

The elder Van Zoeren said yesterday that he was driven to bankruptcy through the Detroit creditors, A. Krolick & Co., wholesalers, and that before the crash came he made overtures of settlement, which would have obviated his arrest, had they been accepted.

The defendants will be brought in to the United States district court Tuesday to plead to the charges. Six others who have been arrested and indicted at last week's sitting of the grand jury will also be arraigned at this time. All but the Van Zoerens are in jail.

J. J. Van Zoeren was a member of the state legislature for two terms, 1901 and 1903. His son ran for the legislature on the Bull Moose ticket last fall and was defeated.

## NEGATIVE CRITICISM

A certain justice of the peace in a Western town had reached a conclusion as to a question of law highly satisfactory to himself. He refused to entertain an argument by the opposing counsel.

"If your honor please," counsel pleaded, "I should like to cite a few authorities upon the point."

"The court knows the law and is thoroughly advised in the premises," snapped the justice.

"It was not," continued counsel, "with an idea of convincing your honor that you were wrong, but I did want so much to show you what a fool old Blackstone was."

## FARMERS IN DEMAND

The demand for American farmers is extremely heavy. One Canadian railroad is offering to sell farms in the Northwest on payments covering 20 years and also to lend the farmer \$2,000 on a mortgage as soon as he takes the land. The only condition is that he move to the spot and cultivate the soil. Officers of this kind have taken thousands of farmers from the western part of the United States, and now the government of New South Wales, Australia, has sent agents to the United States after farmers.

## NOT WELCOME

"You're a fine little fellow," said the new pastor to the six-year-old son of his parishioner, at whose house he had arrived for tea. "Won't you shake hands and let's get acquainted?"

"Nope," said the fine little fellow. "Won't either."

"Why?" asked the minister. "Have I done anything to displease you?"

"Yep," was the impolite response. "Had to have my face an' hands washed just because you was comin' in."

## Poppe Seeing Things

Ray Poppe, night operator of the linotype machine at the Sentinel is to enter the state of holy matrimony Saturday, Tuesday night he decided to try out the house where the young couple will live, the flat upstairs at the corner of Seventh and Central. At 3 o'clock in the morning when his work at the Sentinel was over the groom-to-be set out to his new home and bravely mounted the stairs to his room in the vacant flat.

No sooner had young Poppe struck a match, however, to light the gas than he suddenly turned white and his knees became so weak and shaky that he had difficulty to keep from falling. In a rocking chair with his back turned to the door, his feet hoisted on another chair sat a man, apparently calmly sleeping. Young Poppe gave one look and then bolted downstairs as fast as his legs would carry him.

Out of doors the cool air revived him and kept him from fainting. As fast as he could go he made a bee-line for the Boston restaurant to revive his flagging spirits with a cup of hot coffee. A farmer from West Olive happened to be in the place and he accepted young Poppe's invitation to go with him to investigate.

Armed with a club big enough to tell an ox, Poppe gingerly entered the room a second time. He tiptoed over the threshold, club poised to strike in case of necessity. Just when he was ready to land a knockout to the unwelcome guest, he accidentally shook the chair and the figure collapsed.

It consisted of one of Poppe's suits of clothes stuffed with straw.

## THAWS FROZEN WATER PIPE WITH ELECTRIC IRON

The electric flatiron has been put to many novel uses besides smoothing out the wrinkles of the family wash and restoring the creases in a baggy suit of clothes. An enterprising housewife awoke one morning to find the kitchen fire out and no time to build it if hubby was to have his breakfast in time to get to work. Not dismayed she inverted the electric flatiron and fried an egg thereon, besides making coffee and warming up the rolls.

But the very latest use of the electric flatiron was discovered by a young householder who used the modern electric device to thaw out a frozen water pipe. During the night a cellar window had been left open and when the temperature took a sudden drop, as it does now and then the cold air blew in the cellar directly on the water pipe, freezing it. As the pipe was run close to the floor joists it was in a most difficult place to thaw it out. It was quite out of the question to pour hot water on it, and it was dangerous to hold a lighted lamp so close to the inflammable floor boards. The electric flatiron was brought into play and the pipe thawed out in a few minutes. By attaching the flatiron cord to the cellar light socket the hot iron could easily be held up against the frozen pipe and gently moved to and fro until the ice was thawed.

## THE ALABAMIANS WILL SING IN M. E. CHURCH MONDAY NIGHT.

The Alabamians, the famous company of colored Jubilee singers (Students) of Southern Normal and Industrial College, Brewton, Ala., will give one of their concerts in the M. E. church Monday evening, March 10. Mr. James Dooley the president of the college, and also his wife who is matron, accompany them. The proceeds of these concerts will be used for the erection of a 2-story Dormitory for the college.

The company comprises eight cultured vocalists, double quartet. Male and Female. Directed by principal J. Dooley, assisted by Charles Booker, accompanied by Mrs. Lulu A. Dooley matron.

They will render many of the original plantation melodies characteristic of the Negro race. Other classic songs, which will be a great combination of laughable and pathetic songs. This is considered one of the finest troupes on the road.

Colored troupes of this kind have appeared in this city several time before and they have always made a good impression. This is one of the chief means of support for the school and hence people in the churches of the north patronize them liberally.

## REPORTS OF BACKSLIDING HOLLANDERS AMONG MORMONS MAKE WORK NECESSARY.

An attempt is being made by the Christian Reformed church of America to institute a mission among the Mormons of Utah, the Rev. J. Drost, of the Christian Reformed church of Leighton, Ia., has been called to begin the work there. If he accepts it is expected that plans will be made to secure several helpers to assist him.

It has been found that many Hollanders are located in Utah among the Mormons, and that the greater part of them have been influenced by the religion practiced there. It is the aim of those interested to bring those members back into the fold.

The Rev. I. Van Dellen, pastor of the Christian Reformed church of Denver, Col., has made a special study of the Mormons, and it was through his influence that the church has decided to organize a mission there. He has also published a book entitled "The Mormons."

## BOARD OF SUPERVISORS MAY CHANGE THE MAP OF OTTAWA.

One of the duties of the next elected board of supervisors will be the redistricting of the county's legislative districts, if considered necessary and there are many indeed who believe that it would be better for all concerned if the districts were so changed. As it is now the two principal cities of the county, Holland and Grand Haven, and one ward of the city of Zeeland, are in the First Representative district. The population of these two cities is over 16,000 as compared to about 6000 for the balance of the district. The second district of the county is strictly rural except that one ward of the city of Zeeland is included.

Spring Lake, Crockery, Robinson, and in fact all the north river townships of the county have interests in common with Grand Haven and should be organized into a district together. The interests of Holland city, Holland township and Zeeland are much alike and a southern district should be constituted with Holland at the head.

Here is a plan that would work splendidly in this representative redistricting proposition.

Have one district consist of Grand Haven city, Grand Haven township,

Robinson, Allendale, Chester, Crockery, Polkton, Spring Lake, Tallmadge Wright and Olive.

Make the other district up from the city of Holland, city of Zeeland, Holland township, Blendon, Georgetown, Jamestown and Zeeland township.

Using the census figures of 1910 as a basis these districts would have the following population:

District No. 1.—Grand Haven city, 5856; Grand Haven township 843; Robinson 899; Allendale 1489; Chester 1459; Spring Lake 1920; Tallmadge 1342; Wright 1659; Olive 2080. Total, 21,378.

District No. 2.—Holland City, 10,490 Holland township 3558; Blendon 1700; Georgetown 2330; Jamestown 1994; Zeeland city 1982 Zeeland township 1869. Total 23,923.

One district would have a larger population than the other, but the interests of the integral parts would be better provided for than at present.—G. H. Tribune.

## Was Picked Up Tuesday Night By The Police and Given Lodging in the City Jail

A man giving his name as Julius Volght was picked up by the police Tuesday thinly clad and half frozen. He was given a good meal, placed in the city jail and today the officers rigged him out in clean clothes, gave him an overcoat and as soon as he gets better they will send him on his way. He is not a very old man but the officer said he looked like a cannibal of the East Indies. His hair was long and disheveled and he wore a long beard. He said he had been walking all day, having walked from Grand Haven in the bitter cold with his clothes torn and ragged.
