Holland Men Indicted by Grand Jury

Alleged Narcotic Violators are Seriously Charged, Vaupell Is in Jail at Home

Physician and Three Others Accused Under Harrison Act

There is no doubt but that the four Holland men charged with violation of the Federal "dope" law will be tried by the "traverse jury" since the Grand Jury now in session brought indictment of 12 serious counts against them charging conspiracy to violate the Harrison narcotic act. Those indicted are Dr. Daniel G. Cook of Holland and three Holland druggists, namely John and Delbert Vaupell, brothers, and Al Huizenga.

Second indictments embracing three counts of sale were returned against all four men.

The four Holland men were arrested February 2nd by Arnold E. Lachenauer, district narcotic agent and Police Chief Frank Van Ry, who secured the first evidence and then called in the government agents. Dr. Cook, 60 years old, was health officer of the city, Huizenga, 55, was manager of the Walsh Drug Co., now out of business, and John Vaupell, 38, and Delbert Vaupell, 25, are owners of the Vaupell Drug Co.

Dr. Daniel G. Cook is charged with violation of the Harrison act at Holland by the sale of 25 grains of morphine on January 14th. Al Huizenga is charged with the violation of the Harrison act in Holland by the sale of narcotics on three counts.

John and Delbert Vaupell are charged with violation of the Harrison act at Holland on January 31, and at other times by the sale of narcotics. They are indicted on three counts.

Dr. Cook, the Vaupells and Huizenga were all charged on 12 counts with conspiracy to violate the Harrison act.

Since "true bills" have been voted by the Grand Jury the Holland men will have to be tried before Judge Raymond and the "Traverse Jury."

NEW JUDGE THANKS SUPPORTERS AND OPPOSERS ALIKE

I am sincerely thankful to the people all over the Ottawa-Allegan Circuit for their expression of confidence as told by their votes last Monday.

Since the election everybody has been very kind to me and those who opposed me have generally expressed their hope and belief that I will live up to the expectations of my friends and make good in the position to which I have aspired.

I supported Judge Cross vigorously 18 years ago in this community, and promised that he would make a good Judge, and he has lived up to my expectation and the expectations of my friends and his, and naturally he will be a hard man to follow as he has set a high standard in the position. I hope that when I retire from the position, if elected at the April election, that my successor may say as much for me.

Again thanking my many friends who supported me, and everybody for their good wishes, I am,

Sincerely yours,

FRED T. MILES.

BAPTIST CHURCH CALLS PASTOR

At a congregational meeting held Tuesday evening of the First Orthodox Baptist church, a call was extended to Rev. John Lansing of Grand Rapids. Rev. Lansing was formally pastor of the local Baptist church and was forced to resign, some time ago after being advised by physicians to discontinue the public ministry for a time. Rev. Lansing is again preaching from time to time and has conducted the Sunday services in the local Baptist church a few times since.

Rev. Lansing will conduct the services Sunday and will preach on the following subjects: morning, "Christ As Seen in the First Psalm." Evening, "Predestination" (what does it mean).

ELECTION RETURNS SHOW ODD SIDE LIGHTS

The tabulated election returns on Circuit Court Judge show on this page show some interesting oddities. For instance Judge Cross and Oosterhouse were just 1000 votes apart in Ottawa county. Laketon gave Miles just a 100 votes, Cross 25, Oosterhouse 10. Zeeland gave Cross 222. Five times the total of 7 appears Oosterhouse polled, 7 in Jamestown, and 7 in Wright, and 7 in Leighton, Miles also polls 7 in Leighton, and 7 in Moline. A poll of 77 votes appears, twice of 22 votes twice, of 44 votes 4 times, 25 votes 4 times, and a dozen votes 5 times.

There is another feature noticeable in these figures namely that the returns seem so "spotty." Generally when there is a clean sweep in favor of a certain candidate sentiment is not limited to boundary lines. In this case, however, one township voted one way and a township next door turned right about face. For instance Grand Haven gave Oosterhouse a large majority while in Spring Lake right across the river Cross received a 2 to 1 vote. Zeeland city votes for Cross while Zeeland township goes to Miles big. Chester township goes strong for Cross, while Miles takes Blendon by storm. Cross gets an overwhelming vote in Wayland while next door in Hopkins, Miles wins off with a majority and in Watson township, not so far away, Oosterhouse gets nearly a 6 to 1 vote.

When the new highway between Holland and Zeeland is built, one that will be 40 ft. wide, following the old Holland Interurban right of way, a route through the city will also be established.

For a long time merchants were divided as to where this routing should be, a large majority of them wanted it to come over 8th street and River avenue. But this was

Holland Gives Judge Miles His Plurality

JUDGE CROSS NOT SUPPORTED BY HIS OWN COUNTY: ALLEGAN

Miles Wins by 1158 Plurality in the Two Counties, Holland gives Him 1151.

The political battle waged for the office of circuit court judge for Ottawa and Allegan counties was an unusual one. It was bitterly fought and the outcome means that Attorney Fred T. Miles, of Holland, many years prosecuting attorney, will be the circuit judge for two years to come since the democrats did not even take the trouble to nominate a candidate on their ticket in these two counties. Consequently Mr. Miles stands unopposed and is virtually elected.

The real surprise was not so much in the large vote that Mr. Miles received in Holland, he winning by a plurality of 1151, but the poor showing Judge Cross made in his own county of Allegan where the returns show that he is low man, both Ottawa county candidates winning over him easily. Miles and Oosterhouse ran neck and neck in Allegan county, the Holland man getting the best of the argument in that county by 240 over Oosterhouse, the second high man.

Judge Cross made a far better showing in Ottawa county than in his own county, running second in the race. Outside of Holland, Judge Cross garnered the largest number of votes of the three but this city with its tremendous landholdings for its Holland candidates put the others out of the running. Proportionately Oosterhouse ran better in Allegan county than in his own county, he being 1000 votes behind Cross in Ottawa and having 1-779 votes less than Miles in this county, the returns indicate.

Anyway the Holland man has a clean cut lead over his two opponents as the following complete tabulation of every precinct and ward in the two counties will show:

MICHIGAN SUGAR BEETS AND THE TARIFF

Holland at one time was the center of one of Michigan's finest sugar beet areas and the sugar beet industry meant a great deal to the prosperity of the farmers and business men of this community.

But this day seems to have past, at least for a period of time. If there was a tariff on sugar high enough to equalize the difference in cost of production between beet and foreign cane sugar, so that the farmers of Michigan would realize a fair price for their beet crop, there would be at least 225,000 acres of land devoted to the beet crop in Michigan each year, and the Holland district would be benefited proportionately. This would mean about 100,000 acres more land planted to beets each year than is devoted to beet culture at the present time. This would help to reduce over-production in other crops and go a long way towards adjusting agricultural conditions if each state that grows beets could double her beet acreage throughout the United States.

The perpetuity of the sugar beet industry in this country is absolutely essential as an important contributing factor toward the re-establishing of large agricultural interests on a profitable basis, and that condition can only become an actuality through the medium of proper tariff revision to which the American farmer and others closely allied are justly entitled.

GRAND HAVEN WON'T TAKE THE CHANCE ON GAS PROJECT

The voters of Grand Haven simply slaughtered the proposed new gas franchise by a vote of 1832 against to 316 for. Grand Haven is not taking a chance on an unknown quantity of gas from a new oil field that seems to be having its ups and downs about every 24 hours either in oil, gas or finance. The Grand Haven proposal has been fought by William Hatton, president of the Eagle Ottawa Leather company and a former mayor.

HOLLAND GAME CLUB KICKS ON CLOSING INLAND LAKE TO EARLY FISHING

Detroit News.—Considerable opposition to the proposed new general fish law is developing throughout the state. Several sportsmen's and conservationists' organizations have ranged in opposition to the plan because of the drastic shortening of inland lake fishing seasons which is proposed.

If the bill is adopted, it will be illegal to fish in lakes of southern Michigan until July 1, and in the northern counties of the lower Peninsula before July 8.

The Michigan Tourist and Resort association, with headquarters in Grand Rapids, is protesting that the plan will cut from two to three weeks off of the resort season just at a time when every effort is being made to expand the season.

The Holland Fish and Game Protective association, a large conservation group in the state, likewise is opposing the plan, as also is the Dwight Lydell chapter of the Isaak Walton league at Grand Rapids.

Directors of the state division of the Walton league voted some time ago against the program as recommended by the state.

MRS. G. J. VAN DUREN RESIGNS AS HOLLAND'S RED CROSS HEAD

It is with regret that Holland is advised that Mrs. Katherine Van Duren, wife of the late George Van Duren, has sent in her resignation as secretary of the home service section of the American Red Cross for southern Ottawa county, a position she has so ably and faithfully filled nearly 12 years.

During her connection with the service, the Holland branch received recognition for the best record in publicity of any chapter in the midwestern division, comprising 13 states. She has had charge of the annual Red Cross roll call and the quota always has been oversubscribed. She is the owner of a silver cup, given her by the Willard G. Leenhouts post, American Legion, in recognition of her valued services and considers it one of her most valued treasures. It was indeed fitting at the time that Dr. A. Leenhouts, who's son was the first from Holland to give his life overseas, was selected to present this cup to Mrs. Van Duren.

Mrs. Van Duren was born in Holland and has lived here all her life. She was represented by a son overseas in the World War and a grandson in the air service. Her husband, who died several years ago, had been one of Holland's leading business men.

William M. Baxter, Jr., manager of the midwestern branch of the American Red Cross, sent Mrs. G. J. Van Duren the following letter: "I wish to express my sincere appreciation for the splendid services you have rendered the Red Cross Organization during your long period of service. I always experience a feeling of regret when persons who have served the chapter so faithfully and well, retire from office."

I realize, however, that the duties in connection with your office are strenuous and I trust that a relief from them will give you opportunity to regain your strength. I am sure your influence has meant much in furthering the Red Cross work in Ottawa County and that it will continue to do so even though you will not be serving in an official capacity."

PASTOR 80 YEARS, GRADUATED FROM HOPE DURING "BIG FIRE" YEAR

Rev. J. H. Hoffman, 292 West 17th street, celebrated his eightieth birthday on the 28th day of February and gatherings in his honor came thick and fast. Among them were social events given by the Men's Bible Class of Bethel Church on Van Raalte avenue, when he was presented with a bridge lamp. The Ministerial Social Conference last Monday gave him a dinner at the First Reformed church parsonage. Later relatives and intimate friends surprise the dominie and his estimable wife at his home in the city. Mr. Hoffman can remember his graduation from Hope in '71 the year of Holland's big fire also as a graduate from the Western Theological Seminary three years later. Dr. Phelps was then the president of the local college and his home was in Van Vleck hall. After his graduation, Mr. Hoffman preached his first sermon in Overisel, the place of his birth and his first charge was at Oetburg, Wis. Later he went to the Presbyterian denomination for a short time, but afterwards served the Reformed church in Michigan, Wisconsin, Ohio, Kansas and York.

Mrs. Hoffman was formerly Miss Urena Harrington, also from a pioneer family living near Holland. The parents of Mr. Hoffman were among the early settlers who sailed with Dr. Van Raalte and established the Holland colony at the head of Black Lake. They were members of the old Van Raalte church now the Ninth Street Christian Reformed church, one of the most picturesque structures and land marks in Western Michigan.

Mr. Hoffman retired from the ministry nine years ago but even in his advanced age is often called upon to preach in different churches in this vicinity and can ably function in either the English or Dutch languages. The Hoffmans have a host of friends who are sending congratulations.

Former Holland Life Saver Opposes Wife

IS RUNNING FOR MAYOR OF NORTHERN VILLAGE—MRS. PETER JENSEN RUNS TOO

Not so many years ago, Holland had one of the most genial coast guard station keepers it has ever had, in the person of Peter Jensen. Mr. Jensen was here about 4 years; was well read, took an interest in Holland affairs, was indeed popular but all at once Uncle Sam saw fit to transfer him to Evanston, Chicago, Ill., on the edge of the campus of Northwestern University where he became very popular with the students and was in his element for he was a great reader and a student and there had access to all facilities of the University. Jensen, some years later, went to Pentwater and has long been retired after serving practically at every coast guard station on the shores of Lake Michigan including Holland, South Haven, Harbor Beach, Green Bay, Wis., and later at Ashbury Park, N.Y., and San Francisco, California.

It was while he was keeper at the Evanston station with Northwestern university students as the members of the coast guard that Mr. Jensen obtained the opportunity to take up special studies at the University. He was made a superintendent. When in San Francisco, he was in charge of the entire Pacific Coast district. Later, he went to Ashbury Park, N.Y., where four years ago he suffered a severe illness and was placed on the retired list.

But this is not telling the real story. Peter Jensen not so long ago, moved to Hesperia, Mich., near Muskegon, for the reason that it happened to be the childhood home of his wife and she longed to go back. It wasn't long before Peter Jensen became as popular in the small village as he had been elsewhere and they soon elected him president, a position he has occupied for some time. However, an unusual thing happened at the Spring caucus held a few days ago. Hesperia seems to be a great town for fun, even if it is small. Some of the men about town, from the Corner Grocery, the Garage, the Feed Mill and the lumber yard thought they would play a friendly trick on the candidates of the only ticket in the field, and there generally was only one ticket, so they met and named a citizen's ticket and from head to foot they nominated the wives of the different candidates on ticket number 1 to oppose them. And it so happened that our genial Peter Jensen, candidate for re-election for president is opposed by Mrs. Lucy N. Jensen his "better-half" with whom he has never had a quarrel in his life. We can't say as to the other candidates for we don't know them.

In an interview, Mr. Jensen said "I have never seen her to it and get all the votes she can. She's in politics now and must do her own campaigning. In fact, I may vote for her, if she's real good and not throw any mud during the campaign."

Aid at the Jensen home, the two candidates for president have much enjoyment over the situation. "I did not intend to stay on the ticket at first, but I guess that I will do so now," said Mrs. Jensen. "I have never sought any office, but as long as they have nominated me against my husband, I feel I will stay in the race. They might think I did not dare to run against him."

Maybe, before the day rolls around for the ballots to be cast, Hesperia will develop marked interest in the contest. Right at present around the stoves in the progressive stores of the village, the talk is not of politics, but of oil. Hesperia, with an oil well being drilled nearby is intensely interested in oil.

"Why, we are right on the line between Muskegon and Walhalla," said Mrs. Jensen.

Gas and oil have been discovered at Walhalla.

Anyway, the issue is to be decided March 11, when the battle of the men against the women will be decided at the polls.

"We had nothing to do with it," explained Mrs. Jensen. "The men put up both tickets as far as I can learn there was not a woman at either caucus."

The Hesperia Literary club composed of the prominent women of the village have had several things to say about the improvements which they believe are needed.

Down the street two blocks toward the river in a modest home, Mrs. Ethel Rumsey was busy finishing the family washing. A girl of four romped about the house, while a farmer came to pay his dog tax.

"Oh, probably Charlie will win, but I am just as competent as he is," said Mrs. Rumsey referring to the contest between herself and husband for treasurer of Hesperia. "My husband is treasurer of Newfield township and I look after part of the work."

Mrs. Rumsey is the mother of six children, five of whom are attending school in the village. They came from school for their noon meal and Mr. Rumsey also returned from the village. However, Mr. Rumsey did not seem to be enthusiastic about the chances of his wife.

"I'll win," he remarked. "But Hesperia folks feel that Mr. Rumsey may be surprised when the votes are counted. One thing is certain, however, and that is that the village treasurer is going to be a member of the Rumsey family and the next mayor is sure to be a Jensen in petticoats or in pantaloons."

Leprosy in 32 States in Union Women Are Told

FEDERATION RAISES MONEY. MRS. GILMORE NOW HONORARY TREASURER

Dr. L. S. Huisenga, medical missionary to China for the Christian Reformed Church in America, in the past two years on furlough in this country, delivered an address on "The Awakening for a Great Cause" at the tenth annual praise service of the Federation of Women's Societies of Holland and vicinity held Thursday afternoon in the Third Reformed church in Holland.

The offering for the support of leper work at Inhambane, South Africa, totaled \$461.46.

The federation was launched 10 years ago with Mrs. C. Van Raalte Gilmore as its first president. After a service of 10 years in that capacity she was elected honorary president and Mrs. Gertrude Boer, who served 10 years as secretary, was elected to succeed Mrs. Gilmore.

Mrs. Gilmore was presented with a basket of flowers and Mrs. Boer received a bouquet of roses.

Other officers elected are: Vice-presidents, Mrs. T. De Haan, Mrs. J. C. Willits, Mrs. Percy Ray, Mrs. W. E. Van Dyke; secretary, Mrs. C. J. Dregman; assistant, Mrs. A. Dogger; treasurer, Mrs. Otto P. Kramer; auditor, Mrs. F. Jonkman; honorary vice presidents, Mrs. Helen DeBruyn, Miss Nellie Churchford.

Current reports show that leprosy exists in 32 states in the Union and that the disease is found in 103 colonies in 18 countries. In the district in Inhambane in which the local federation has a special interest there are 20,000 lepers. In this district a home was built and christened the Christine VanRaalte Gilmore Home for Lepers.

The following letter was sent to the Federation of Women's Societies by Mrs. Christine V. R. Gilmore, who has been president of the organization for the past ten years of its existence. The communication was read at the conference held at Third Reformed church Thursday.

Dear Fellow Workers:

This tenth anniversary awakens deepest emotions of gratitude. It brings the realization of our hearts' earnest desires. The privileges of ten years of blessed service to carry out the Master's command "Cleanse the Lepers." First came the call, "Will you help build a church for the lepers in Carville, Louisiana?" Then came our beloved Dr. Stauffer with his God-given message on behalf of the leper sufferers in Inhambane, Portuguese East Africa. What marvelous help and blessing God has wrought through us to relieve suffering humanity. We look back with fond memory to the beginning of this organization at the Ninth Street church. So has each successive year been treasured in our hearts. We would love to meet with you this afternoon, but after the serious attack of "flu," we may not be unkindly of the warning of danger to leave the home. May the presence of the Beloved Master, whom we desire to glorify, make the afternoon session one of joy and blessing.

Faithfully yours,
Christine V. R. Gilmore.

To have your car roll over three times, to have every window broken, and to come out without a scratch seems almost unbelievable. OF INTEREST TO BEE KEEPERS AND FRUIT GROWERS

Package bee prices are the lowest in the history of beekeeping. Reliable shippers have cut their price down to the core to offset the low price of honey. If you plan to use packages this year, they should be ordered now to insure delivery on the desired dates. A leaflet of instructions on the care of package bees is available from this office on request. The low cost, improved shipping conditions, and increased reliability of shippers, combines to give the beekeeper real value in packages this spring; whether they are to be used for pollination, increase, or honey production.

Rev. De Haan Says He Will Refuse to Appear for Trial

REFORMED MINISTER TO GIVE CLASSIS PRIVILEGE OF "PAINTING HIM BLACK"

Declaring that peaceable and quiet overtures made by the consistory of his church to the Grand Rapids classis have been ignored and that the classis by its action in calling for a trial of himself on ecclesiastical charges, prefers publicity to air the whole situation, Rev. Martin R. de Haan, formerly of Holland, now pastor of Calvary Reformed church, Grand Rapids, issued a public statement covering what he believes to be the case of his church and himself.

He declares he will ignore the trial, and give the classis the privilege of "Painting me as horribly black as they wish. God is my judge."

Rev. de Haan's statement reads in part:

"I feel that I owe to the public a correct statement of conditions as they exist in the matter of the Calvary Reformed church consistory and the Reformed church in America.

"We realize full well that publicity of church differences is not desirable and it was with this in mind that the consistory of Calvary church asked for a committee of classis to meet with it in order that our differences might be settled peaceably as well as quietly.

"We feel that all is not well in the Reformed church, and we have taken issue with some of its doctrines as well as its practices.

"Calvary consistory made the following proposal to the committee: 'We realize that we are at variance with the Reformed church and wish to have the air cleared and this matter settled. It is our desire to settle this in peace and in a brotherly way.' This the committee favored.

"We then suggested in writing and signed by 17 consistory members that if the Reformed church could tolerate us with our divergent views we would be glad to go on with them and help in the battle against the common enemy.

"However, if they felt that we could not remain we were willing to assume the full debt of the church (over \$95,000), pay back all we owed the board and, in addition, a reasonable sum for the minority that would remain in the Reformed church. If, however, they were unwilling to accept this offer we were willing to step out peaceably and without trouble. We offered to withdraw if no other course was available.

"These, we felt, were the three ways that this matter could be peaceably settled, and we requested the committee to keep this quiet, give it no publicity. Our impression was that this would be done when the classis was called for Feb. 26.

"Imagine our surprise when instead, we came to a public and open meeting, the very thing we had hoped would be prevented. At this meeting the proposal and statement of the 17 consistory members was read and referred to the judicial committee consisting of two pastors (both of them antagonistic to Calvary's pastor) and one elder.

"Before they were allowed to report, however, another matter also was referred to them; namely a charge against me as the pastor.

"I know nothing of the contents of the charges nor who made them against me. Instead of settling this matter peaceably and as brethren it means a court trial with all its bad odor and evil effect upon the church and the world. For this reason I will refuse to appear for trial.

"We are willing to go out. We have offered to get out. I tried to resign repeatedly, but was refused. They evidently wanted the thrill and the odor of legality which we as Christians and members of the body of Christ, are trying to prevent.

"I have no personal grievances against any individual. I believe they are wrong, but will love them as brethren. It was in the hope that we might remain friends that I proposed a friendly settlement. Now, with their insistence on war, the result will undoubtedly be different. At the trial, at which I will not be present, I give them the privilege of painting me as horribly black as they wish. God is my judge."

Friday noon it appeared as if March had come in quietly enough to insure a rough spring later in the month. It was overcast with a light snow fall. It can easily be called "March coming in like a lamb." So we still have the February "ground hog" and the March "lion" to contend with.

Present or Not Present DeHaan Will Be Tried

ISSUE STATEMENT ANSWERING CONTENTIONS OF FORMER CALVARY MINISTER

Unable to engage in official controversy with Rev. Martin R. De Haan, graduate of the Western Theological Seminary, former pastor of Calvary Reformed church, Grand Rapids, and yet unwilling to allow his published statements to go unchallenged, a group of ministers of the Grand Rapids classis of the Reformed denomination, through Rev. H. D. Terkeurst, pastor of Bethany church, Tuesday issued a formal pronouncement intended as an answer to the position assumed by the former Calvary pastor.

Because of the announcement that charges are to be preferred against Mr. DeHaan by the committee on judicial business of the classis, and because there has been no hearing on these charges, the ministers declare they cannot make a forthright reply to his assertions. Acting as a court in the case, they intend, they say, to hold to the principle that the "erring pastor," as they term him, must not be prejudged. The pronouncement says:

"The classis of Grand Rapids for many months has been heavily laden and overwhelmed with deep concern for one of its ministers. Long was it felt by all that Rev. M. R. De Haan of Calvary Reformed church was involving himself in difficulties.

"All did fondly trust and fervently pray that in God's own time things would turn out well; that every snare would be removed, that the unity of spirit would be preserved, and that instead of rupture there would be closer ties to bind.

"This was not so. What appeared imminent, what hung overhead as a dark cloud broke and wrought disaster. The judgments of the Lord and true and righteous altogether.

"If God wills this, it is well. It is possible that for years of peace and brotherly feeling, both between the ministers and the churches in Grand Rapids, these rich outpourings of heaven's grace may not have been appreciated. Blessings are not prized until withheld.

"The doors out of the classis are not bolted. To all with hands that are clean they open at a touch. To all with hands unclean, confession and repentance open their wide.

"Mr. DeHaan will find this true when the charges against him are heard. And the public will find this true when the facts in the case have been disclosed.

"When the classis meets March 14, may heavenly wisdom be each one's portion from Him who giveth liberally and unrepenteth not. There are many roads to choose, but the will of God is the only one to travel. It is marked out by the constitution of a great and noble church.

The Bible Seen Through Oriental Eyes, With Special Reference to India

By Chris A. De Jonge

Christ frequently referred to Himself as the "bridegroom." We are told that the church is the "bride" of Christ. To us of the Occident, this application does not mean as much spiritually as it does to the Indian Christians in India. There the fact that the church is the bride is brought home in a very forceful way.

The non-Christians, referred to as "heathens," often have long, tongue-twisting names, such as Panchapakesa Aiyer, Subramanyam, Narayanaswami, Venkatramana Reddy and the like. On becoming converted to Christianity, many of these Indians change their names. Very frequently biblical nomenclature is used. A Krishnaswami may become a David or Daniel. The story is told that a missionary lady once gave orders to her servants as follows: "Moses, go tell Solomon to ask Jacob to get the washing."

Renaming a convert possibly has its psychological effect. When a convert is called by his new name, when he is still accustomed to his former one, he realizes there has been a change. A change in names is more than a mere difference in names; it is a complete metamorphosis in attitude, in outlook and in life.

This convert can appreciate fully the thought that Christ is the bridegroom and the church is the bride. As the convert joins the church, and becomes the church, he, like the bride, voluntarily forfeits his name. He therefore takes the name of the bridegroom, Christ. He wears a new name; a Christian one, often borrowed from the Bible. He writes letters and checks, not with his old signature, but in the name of the bridegroom. "And as the bridegroom rejoiceth over the bride, so shall thy God rejoice over thee."

An Indian bride and bridegroom, Mr. and Mrs. Daniel,

NEW "CALVARY UNDENOMINATIONAL" BODY LEASES ORPHEUM; FAREWELL PREACHED

Culminating several weeks controversy over the interpretation of the dogma of the Reformed Church of America, Rev. Martin R. DeHaan formerly of Holland announced that he had accepted a call to the newly-organized Calvary Undenominational church which will hold its meetings in the Orpheum theater, Grand Rapids, and yesterday preached his farewell sermon in Calvary Reformed church of that city.

The first service in the theater will be Wednesday night, when there will be a mid-week prayer meeting.

The Undenominational church was organized Thursday by 17 men who resigned from the Calvary Reformed church consistory Wednesday. The consistory had 24 members.

Of the 380 families of the church, Dr. DeHaan said, "the great majority will follow" him to the new organization.

Dr. DeHaan explained the differences which the church and he had had with the parent body were based on the local body's fundamentalist and evangelistic leanings, which, he said, were out of sympathy with the creed of the Reformed church in America. He said that the question of infant baptism, which was that on which the classis sought to try him, was not that at issue, but "only a smoke screen."

A lease has been taken on the Orpheum theater, Dr. DeHaan revealed, and his sermons will continue to be broadcast over radio station WASH.

It is not known yet what action the parent body will take on Dr. DeHaan's step. The Calvary Reformed church building, valued at \$100,000, "belongs to the Reformed Church of America, \$85,000 debt and all," the minister said.

The newly-formed church has not yet drawn up a creed, he said, but one is now being prepared. The creed will conform to our views, Dr. DeHaan predicted.

"During my three and a half years at Calvary Reformed church," he continued, "the membership has increased from 80 to 380 families. The church has been rebuilt and the seating capacity has been enlarged from 500 to 1,300. A new organ was installed."

A large crowd—so many people that some had to be seated in the aisles—heard the announcement yesterday at the morning service at the close of the evening service a large number gathered about him, congratulating him on the move, and assuring him that they would lend their sympathy and support to his cause.

AN ANIMAL MUSEUM OF MICHIGAN BIRDS AND WILD LIFE FOR U. OF M.

At its February session, the Michigan conservation commission acted favorably on a request from the University of Michigan museum that the department co-operate in providing wild life specimens for the university collections.

With a splendid new building now in use, the museum is in a position to attempt work previously impossible and collections of all Michigan's wild life forms now can be handled to the best advantage.

The commission's approval of the project resulted in a circular letter to all district conservation officers and state trappers, instructing them to forward directly to Ann Arbor the unneeded carcasses of wolves, coyotes, foxes, bear, deer and various other animals which are picked up along the highways or railroads, or which are taken within reasonable distance of an express office. The first of these shipments has been sent to the university. When the university collections have been built up it is planned that typical sets of birds and animals will be mounted and cased as to provide loan collections to be sent to various secondary schools of the state.

FURIOUS FINANCE

THEME OF PICTURE

"The Wolf of Wall Street" Is George Bancroft's Latest Effort for Paramount.

All of the feverish excitement and hysteria that accompanies a "bull drive" on the Wall street stock market has been captured in George Bancroft's new starring picture for Paramount, "The Wolf of Wall Street," coming to the Colonial Theater on Monday, Tuesday and Wednesday, March 11, 12, 13.

To accomplish this, Paramount went to unusual lengths in cast assembly and set construction. The interior of the New York Stock Exchange was duplicated in detail for one of the major sequences of the story and Hollywood and Los Angeles were scoured for men who were familiar with brokerage methods "on the floor." These men many of them recruited from downtown offices in the financial district were eager to see the interior of a motion picture studio and to play before the camera, and their enthusiasm, coupled with the directorial ability of Rowland V. Lee, brought out convincing performances from each of them.

The scenes on the floor of the stock market are declared to be highly dramatic and authentic portrayals of what actually happens daily in this "financial heart of the world."

Bancroft, Nancy Carroll, Paul Lukas, among others are included in the cast playing in Bancroft's support. The story of "The Wolf of Wall Street" was written for the screen by Doris Anderson.

Miss Jean Van Zyl, of the Jeanne's Shoppe, was in Chicago a few days on business.

A & P TRUCK BURNS AT COOPERSVILLE, TRAILER WRECKED

A big A & P grocery truck and trailer went into the ditch one mile east of Coopersville on US-16 burning up the cab and turning the big truck and trailer over, scattering the load of groceries and meat.

Two drivers were in the cab. They escaped uninjured and when motorists discovered the wreck were busily engaged in trying to salvage a part of it.

The fire was confined to the cab which was pretty well burned. No cause of the accident could be learned. The pavement appeared to be free from ice and snow. The accident occurred just about opposite the place where the Grand Trunk freight train piled up several months ago.

The Grand Haven and Coopersville A & P stores were short their regular supplies for that day.

CONSERVATION DIRECTOR LOUITT EXPLAINS OFFICIAL INTERPRETATION OF STATE

Perch fishermen are disturbed over the latest ruling the Conservation Department which allows a catch of 30 perch in Lake Michigan are privileged to take them out by the net full as was stated in last week's news.

William H. Loutitt, of Grand Haven, when asked this ruling, said it was in accordance with inland lake and river fish laws and as such would stand. He cited a decision of the Supreme Court some time in which Muskegon Lake was declared to be a part of Muskegon River and not as a part of Lake Michigan.

The law provides that an unlimited number of perch may be taken from the "connecting waters" of the Great Lakes and the present department construes connecting waters to mean only the waters between Lakes Superior and Huron and between Lakes Huron and Erie. None of the inland lakes along Lake Michigan shore fall in this classification and on all such lakes the inland fishing laws prevail, limiting the daily catch to 30 perch a day.

The perch fishing through the ice has not been as brisk as usual this year, due to the depth of the ice and the extreme weather. The little perch come in schools from Lake Michigan and are a sweet dainty when taken from the cold waters.

Hager Sees A
Dark Page Ahead
For The World

Hope College Professor Tells
Father and Sons War is Not
Over; Nations Only Resting

Prof. Harry Hager, professor of Bible at Hope College delivered an inspirational address at the annual fathers and sons banquet given by Bethany Christian Reformed church at Muskegon and attended by more than 200.

War-declimator of peoples, purveyor of human woes, weighed in the balances and found wanting in the discourse of Mr. Hager. Pointing to the younger boys at the banquet as prospective soldiers for the near war, the Rev. Mr. Hager first listed war's accomplishments, then its destructions and closed with a spirited plea for peace, challenging Christian peoples to do some serious constructive thinking toward the ultimate outlawry of war.

One by one those idealistic objectives which prompted the United States to enter the last world conflagration were paraded forth as ironical jesters.

"Did the last war make the World safe for democracy?" the speaker asked. "No, there are more autocracies, dictatorships and protectorates today than ever before. And the World war did not wipe out the war lords and militarism. All Europe today is a military camp, preparing for the next embroilment. The nations laid down their arms 10 years ago because of exhaustion. And was Germany beaten? Morally, yes, but economically no," the speaker said.

Many leaders in the world of thought see a black page ahead in the history of the world. The next war may be civilization's own suicide, the professor contended.

"I don't wish to be classed as a pacifist but because of the generations that lie behind refused to think, many of our youth and my friends lie in Flanders field and this makes me bold to speak for the boys of today and children yet unborn."

The speaker closed with a plea that Christian peoples the world over might treat the problem of war with the same forebearance that they have met and conquered the other great issues of the ages. "We must not sit back with our arms behind our back, but rather, in a spirit of co-operation and brotherhood, must spread and live the message of peace."

"Oh that the day might come when the plebiscite of the world, the people who carry the brunt of battle, might vote the declaration of war," the speaker said.

WATER SURVEY
IS OF ASSISTANCE
TO HATCHERY MEN

Streams in Michigan are being inventoried by the land economic survey division of the conservation department. Almost every characteristic of the various waterways from small brooks to large rivers is being indicated on maps that the survey is making.

The depth, width and temperature of both air and water are taken. They surveyors determine whether the water is clear, stained or muddy, whether the current is slow, moderate or rapid, what the bottom material is, its tendency to flood and the obstructions that may be in it.

The fish hatchery is one of the first divisions to benefit from these facts. It is practically possible to tell whether or not a stream is adapted to the support of fish by merely studying the various facts on the map. Any citizen in the state desiring to know about a stream in any of the 10 counties already surveyed, may easily do so by securing some of these maps.

HOPE'S ORATORS
SPEAK IN CHAPEL

"The Poet's Share" and "America Triumphant" were described by Alice Brunson, and Arthur Michmerhuizen, Hope orators, before an enthusiastic audience of students and faculty in the chapel Wednesday morning. The meeting was a joint chapel service and farewell send-off for the two student speakers, who represented Hope in the M.O.L. contest at Alma Friday.

Dr. Nykerk prefaced his introduction of the orators with a review of victories won in speaking contests by representatives of Hope in former years. Their achievements in later life were also mentioned and he stated that they had all been successes regardless of their rating in the oratorical competitions in which they participated. He concluded his remarks by presenting Hope's orators of this year, implying that Mr. Michmerhuizen probably inherited his splendid voice from his great-grandfather, who was the leading village-singer at Overisel.

HOPE FAILS TO
PLACE IN M. O. L.

At the Michigan Oratorical League contest held at Alma College last Friday, the medals in the Men's contest were given as follows: First, Alma; second, Albion; third, Hillsdale; and in the women's contest: first, Albion; second, Kalamazoo; third, Olivet. Hope failed to place for the medals.

A defeat such as was encountered at Alma is no disgrace to any school. We do not want to make any excuses. We don't need any. We were good, but some of the pay was not in our favor; our opponents were superior.

Our two orators acquitted themselves in a very fine manner, giving of their best for Hope. They are to be commended for this.

Hope's orators left Holland at 12:30 P. M. Thursday and arrived at Alma at 5:00. They traveled in

Miss A. Brunson

Miss Brunson is the daughter of Dr. A. Brunson of Ganges, Mich. She came to Hope College with the Class of 1930 and has since attained a position of much respect in her class and in the Dorian Society of which she is a member. Miss Brunson is also an Associate Editor of the Anchor.

An automobile driven by William Janssen. From Howard City to Alma, many poor roads were encountered. In as much as the league will convene at Calvin College in Grand Rapids next year, several Hopes will, of course, be able to attend them. Of all the participants, Hope traveled farthest this year, but in 1932 we are in turn for the visit of the M. O. L.

All the contestants were received and entertained royally by Alma. The rectors of oratory of the various schools, were honored by seats on the platform at the chapel services of the morning. Each professor was introduced and requested to speak to the student body by President Crooks. A reception and dinner were held in Wright Hall, the Women's Dormitory. The Alma College girls' sextette furnished pleasing music and did so very artistically.

According to the judges, Miss Brunson scored perfectly in stage behavior. Hope is proud of this fact. Dr. Nykerk states that Miss Margaret Sleigh, who took first place, was a most forceful speaker and very deserving of her honor, while Miss Ann Dunning, who took second, "did not lack honor," offering an effective oration.

A large Presbyterian Church was the scene of the gentlemen's contest in the evening. Homer M. Barlow, who was first place winner, had

a well adapted oratorical voice and a very forceful delivery. Harold Spiegel, who was rated second, represented very closely the Hope style, according to Dr. Nykerk. David Cannon, a young colored man, was very deserving of third place in his plea in behalf of the colored race of America. "Had his enunciation been better, he might have had first," the Doctor states. He also believes that Arthur Michmerhuizen deserves due credit and states that Hope's representatives did better at the contest than at any time when appearing locally.

While being interviewed, Dr. Nykerk showed all signs of being pleased with the ratings, however, glad he might have been had Hope placed. In his estimation, the placing was as deserved by the speakers.

Last Friday evening the Student Body, together with a few members of the Faculty, met in Carnegie Gymnasium where a pep meeting had been arranged, and where the results of the M.O.L. Contest were to be announced.

The mass meeting was fittingly opened with peppy group singing, and yells lead by Harold Hiffman. A comic trio, consisting of Marion Alday, Donald Hicks and Harry Ver Strate entertained with several musical selections, after which Professor Winter presented the following men with their well-earned football letters. Those to be honored were: Alvin Vanderbush, John Klay, Ray De Young, Dean Martin,

Walter De Velder, Henry Steffens, Stanley De Pree, John Winter, Carl Van Lente, Harold Japings, Alvin Cook, Clarence Becker and Allen Brunson. The Hope students are very proud of the team that has won for themselves the reputation of playing clean, and of being true sports. Klay, Martin, Steffens and Cook received honorable mention in the M.I.A.A. Jack Schouten, our coach, was then given three cheers in appreciation of his work with the football squad.

All of the track letters had not arrived but will be presented at the next Mass Meeting. Those who earned them are: Charles Rozema, Walter De Velder, Edward Swarthout, Lewis Scudder, Leonard Willett, Donald Martin and Marion Alday.

The Freshman Football team has made a splendid showing this year and a glorious future in athletics at Hope is predicted for them. Tom Beaver, Ronald Fox, Titus Van Halsema, Howard Dalman, Watson Spoelstra, Louis Damstra, Simon Wabeke Willard Meengs, Earl Steggerda and Frederick Ter Vree received letters.

Leon Bosch announced that one hundred and fifty seats have been offered for Hopes to the Calvin Game to be played at Grand Rapids March 8. Further announcement regarding their sale will be made at a later date.

Mouth organ selections were given by Marion Alday and Garrett Nonhof, two musical geniuses who are making their debut to their fellow students.

Further entertainment was offered by two of our songsters—Friesma and Nettinga, with accordion accompaniment.

Jack Pelon made a few preliminary remarks and then the results of the M.O.L. Contest held at Alma were announced.

Silence greeted the first announcement, but the students, in true Hope Spirit, rallied to give an enthusiastic yell and the meeting closed with the singing of the Hope Song.

Housewives Warned to Shun

Unlicensed Peddlers Who Sell

Poor Merchandise at Door

"BELL RINGERS" ARE COMPETITORS OF HOLLAND MERCHANTS WITHOUT PAYING TAXES

USE SMOOTH LANGUAGE TO SELL QUESTIONABLE MERCHANDISE TO THE HOUSEWIFE

"Beware of the peddler!" This is the warning which is being sounded everywhere, but too often falls on deaf ears.

At this season of the year, there are many men and women, strangers to the city, playing a house-to-house trade, selling novelties, hosiery, lingerie, and what not. Beware of them. You don't know them, they have no credentials, and as a rule you lose in the long run. They have no connection with the

local stores at all—they are no integral part of this community in any form—and officials should see that they are heavily licensed to operate here.

Those stranger "bell-ringers" or peddlers or whatever form they assume come to the doors, use smooth language, display their wares, get the money, often leave shoddy merchandise and then depart to parts unknown. In any case the chances are that they will never be seen again in the same neighborhood.

These "here today and tomorrow away" travelers take no part in the community's civic enterprise and contribute nothing to community welfare. They pay no taxes and take the money they collect directly out of the community. They are not interested at all in what is transpiring in the neighborhood,

nor do they choose for their temporary field of operations to make this a better community or to better its outlook: civic, educational or political. They leave all that to the local business men. Under these circumstances, why not buy this sort of merchandise from the local trades people?

The unfair competition offered by these peddlers hits every Holland merchant—the merchant who has cast his lot in with that of the community and is here every day in the year, and year in and year out, for the purpose of serving the needs of its people.

Furthermore, the home merchant will give credit, if this is necessary. He will exchange the goods he sells if they are found unsatisfactory. He will strive to please and by so doing will merit continued good will and patronage.

"Let the buyer beware," is a warning honored by time and experience. And the safest way to be-

BAPTISM AND THE LORD'S SUPPER

LESSON TEXT—Matt. 3:13-17; 28:19, 20; 1 Cor. 11:23-29.
GOLDEN TEXT—This do in remembrance of Me.

PRIMARY TOPIC—Two Things God Wants Us to Do.

JUNIOR TOPIC—Two Things God Wants Us to Do.

INTERMEDIATE AND SENIOR TOPIC—The Meaning of Baptism and the Lord's Supper.

YOUNG PEOPLE AND ADULT TOPIC—The Place of Baptism and the Lord's Supper in the Christian Life.

1. The Baptism of Jesus (Matt. 3:13-17).

1. His request (v. 13).

This was in fact, if not in word, He came from Galilee to Jordan to be baptized of John.

2. John's hesitancy (v. 14).

He perceived something in Jesus which impressed him with the uniqueness of such an act.

3. Jesus' explanation (v. 15).

He insisted upon John's compliance on the ground that it was a method of fulfilling all righteousness.

4. The heavenly acknowledgment (vv. 16, 17).

As Jesus emerged from the waters the heavens were opened, the Holy Spirit descended, and a voice declared, "This is my beloved Son, in whom I am well pleased."

II. The Apostolic Commission (Matt. 28:19, 20).

1. The authority of Jesus (v. 18).

God gave Him all authority in heaven and on earth.

2. The Commission of the Apostles (vv. 19, 20).

(1) It was to teach (make disciples of) all the nations (v. 19).

(2) Baptize believers (v. 19).

This baptism, the divinely appointed way of making public confession, is to be in the name of the Father, Son and Holy Ghost, indicating that the believer has been brought into definite relationship to each member of the Holy Trinity.

3. Teach obedience (v. 20).

Profession is not enough; it must issue in obedience.

3. The all-sufficient promise (v. 20).

The Lord told the disciples their difficulties would be great after He had gone away, but promised them the presence and fellowship of the all-powerful Savior and Lord.

III. The Lord's Supper (1 Cor. 11:23-29).

(1) Time.

It was on the night of the betrayal of Jesus, just after the betrayer had been announced.

(2) Circumstances of.

It was in connection with the eating of the Passover (Matt. 26:26).

(3) The elements used. Bread, doubtless common bread of the Passover feast. The cup, fruit of the vine.

2. The Significance of the Lord's Supper (vv. 24-26, cf. Matt. 26:26-28).

Jesus took material things and made them to be symbols of His own body and blood.

(1) A memorial of the Lord (Luke 22:19) to be observed in remembrance of Him.

(2) To show the Lord's sacrificial death (v. 20). He did not die as a hero, or as an example of unselfish devotion, but as a substitutionary ransom.

(3) It is a guarantee that our sins are forgiven (Rom. 4:25).

(4) It symbolizes the believer's reception of Christ (1 Cor. 10:16).

(5) A forward look to a completed redemption (1 Cor. 10:26).

3. Qualifications for participation in the Lord's supper (vv. 27-29).

(1) A proper apprehension of its meaning (v. 27). "Eating and drinking unworthily primarily refers not to the demerit of the communicant, but his failure to grasp its meaning and importance."

(2) Church membership (1 Cor. 11:18-22).

The Lord's body is the church, which is composed of regenerated men and women united to Jesus Christ as head and to each other as members of that body by the Holy Spirit.

3. Orderly walk.

Conduct which disqualifies for participation in the Lord's supper:

(a) Immoral conduct (1 Cor. 5:1-13). It is most perilous for one who is guilty of immorality to approach the Lord's table (1 Cor. 11:30). Sickness and death are often visited upon such.

(b) Heresy (Titus 3:10; 1 John 4:2, 3).

(c) The one who stirs up a schism strife (Rom. 16:17) in the church should be excluded from the Lord's table.

ware is to buy from only established merchants and business people whom you know by name and reputation. The local merchant has nothing to gain and everything to lose in selling an article that is not what it is represented to be and therefore it is the safest and cheapest to buy at home from him.

Furthermore, every dollar spent with the local merchant helps to pay his rent, his taxes, his store and other living expenses and the salaries of his employees. Every dollar so spent helps to build the community.

Tells of Local Opposition on Fishing Laws

SANDY POINTS OUT FEATURES IN NEW FISH AND GAME REGULATIONS

Max Sandy in the Grand Rapids Sunday Herald: "The conservation commission general fish and game bills have been introduced into the legislature, and probably will provide much forensic activity before the close of the session. The plan of covering all of the fish laws in one general law and all game regulations in another is a splendid improvement over the present jumbled mess of conflicting and muddled regulations covering both subjects."

"Also, there will be little disagreement with the season dates suggested in the game law. Postponing the opening of the duck season until Oct. 1 promises to be a worth while change, although it is an experiment which perhaps may not work out as well as expected. If it is found that our native ducks move south ahead of the first of October, then we'll be out of luck, and there'll be a great clamor for a return to the old mid-September opening. That, however, is improbable. Sportsmen generally are sold on the idea that the native ducks will stay until October if not shot at, and that they will decoy the early migrating black ducks and teal into staying with us for a while. Hope so."

"Nor will there be any disagreement with the new proposed rabbit season, so far as it applies to cottontails, which will open October 15 and close January 31, although everybody who ever hunted in January knows that normally you can't get a rabbit after the first of the year unless you use a ferret. This unanimity does not apply, however, to snowshoe rabbits or varying hares. The sportsmen in northern Michigan get their best rabbit shooting after the ground becomes covered with snow, for which condition the proposed law makes no provision."

"As to the fish law, our opposition to the proposed changes in the lake fishing season is well known. The lake fishing situation is not such as to require the drastic measures that are proposed, shortening the season in the southern countries by two weeks and north of the southern line of Mason county by three weeks. This conviction is borne out by the fact that the state division of the Isaack Walton league has adopted resolutions opposing the changes in the lake fishing season as also have the Dwight Lydell chapter of the Walton league and the Holland Fish and Game Protective association. If this measure is necessary in the interests of conservation, it is indeed strange that these foremost conservation organizations should oppose it."

FENNVILLE YOUTH'S CATNIP OIL TRADE HELPS HIS SAVINGS

Fennville bids fair to become the oil catnip center of the United States. Keith Landsburg, who is conducting a course at the Fennville high school in farm projects told the youngsters there is a limited demand for the oil. One of the youths dug catnip roots in his spare time and got enough to plant part of an acre.

From the crop he distilled about seven pounds of the oil, which he sold for \$75 a pound. The money he is saving for college expenses.

The oil is used as bait for the cat family, such as lions and wild cats. The U. S. government buys two pounds a year for its hunters and the Fennville supply is all that the market will take without causing a reduction in price.

LAKES' LEVEL NEAR HIGHEST STAGE IN AGES

Water levels in Lake Charlevoix and Round lake harbor will reach their highest stage this spring in many years, according to D. C. Gay, who has been appointed by the United States fish department to make soundings and reports.

The usual drop in lake levels during the months of July and August did not occur in 1928 and the rise is still continuing. With the seasonal spring rainy season and melting of the heavy winter snowfall, lake levels should reach their highest peak in May.

Two years ago many boathouse owners were forced to build additions to reach over to the channel bank, while others dredged deeper slips. New structures built to the low water level must now be torn down.

APPARATUS RESTORES SPEECH TO SPEECHLESS

The Artificial Larynx

Cooperating with a great surgeon, Dr. John Edmund Mackenty, scientists of the Bell Telephone Laboratories have produced an artificial larynx by means of which those unfortunate, rendered voiceless by operations on the throat, may speak intelligibly.

After years of study and experiment, the perfected device is being manufactured by the Western Electric Company, but with the idea of helping to restore to society those unfortunate who have been hopelessly cut off from all ordinary pursuits.

It is estimated that there are about 600 persons in the country who have survived the operation for throat cancer, and to all these the artificial larynx is available. The illustration shows the device in actual use. It has been described as resembling the inverted pipes smoked into popularity by Gen. Dawes. From the bottom of the silver pipe a rubber tube extends to a rubber pad clamped over the hole in the throat. A thin rubber diaphragm, the real artificial vocal cord, is stretched over a slit in the pipe chamber, almost closing the passage. When the user breathes as though to speak the diaphragm vibrates just as his vocal cords once did.

The "stem" of the pipe is held in the back of the mouth, thus permitting the resonating cavities of the throat, nose and mouth to modify the sound from the stretched rubber diaphragm so that the result is intelligible human speech.

Hatching of Eggs Of Pheasants Proves Failure

EGGS COST 25 CENTS EACH TO PRODUCE—HATCH FROM 33,000 EGGS, NOTHING

A few Holland sportsmen have endeavored to hatch pheasant eggs sent in from the state farm and thus help the propagation of this wonderful wood bird but it appears that this method has proved a failure according to Albert Sig in the Detroit News, Mr. Stoll from Michigan some 12 years ago pheasant means have been sent to the State in increase the number of birds in our game coverlet 1 than to depend upon wild reproduction. Among the plans station and one upon which great under were centered was the pheasant shipping to farmers and isolated sportsmen the surplus pheasant eggs produced a treas-

spring at the State game station. Some years this ran as high as 50,000 with an average around 40,000 a year for the past eight years. The recipients were supposed to furnish domestic hens for incubating the eggs, rear the young, liberate them when they were very small to take care of themselves, and then to time grave doubts as to the producing results and this year a son a careful survey was made to determine just what had happened. The findings resulted in an announcement by the Director of Conservation that the practice would be discontinued for the results were negative. Of the 33,000 eggs distributed last year, 21,000 were doubtful if 500 birds reached maturity and the eggs cost in the neighborhood of 25 cents each to produce. This makes the cost of game birds prohibitive.

This coming season the department has decided upon a new plan. All surplus eggs will be shipped to some State institution where trained inmates under the guidance of game wardens will care on game farming operations. It is expected that worthwhile results will be obtained for those who are placed in charge of the work will be held responsible to the superintendent of the various institutions. It is planned to use outprisons, the Boys' Vocational School at Lansing and the Training School at Lapeer in the work. The new plan is not only feasible but will furnish an interesting occupation to many unfortunate who no doubt will be given a new interest in life through pheasant culture.

Disbandment of townships where the population has decreased to such an extent that the expense of township government is too great a burden to the residents would be allowed by a measure introduced in the house at Lansing by Representative John E. Gillett, of Rapid City. The bill would permit abolition of a township where the number of resident freeholders had been reduced to six or less or where the number of voters has been reduced to 12.
