One Million Dollars Given To Holland

CITY IS TO BE CONGRATULATED
BECAUSE OF ACTION
OF BOARD OF PUBLIC
WORKS

Figures Compiled Over Twelve-
Year Period, Show City Re-
ceived \$1,120,464.24.

The Holland board of public works, supervising our light and water plant, has been in favorable limelight all over the nation. Visits have been made by municipal officials from different cities in Michigan and from far beyond the state. Eastern representatives have visited the plant and all have consulted with the officials repeatedly, first to gain information applicable to their own situation and then to find how the plant does so much for the city. Holland's financial status is solid, and its credit stands as high as that of the best city in the state.

Although Holland's plant is municipal, the curse of politics has never entered in. Had this been the case undoubtedly this story could not have been written. The board of public works is comprised of a board of our most substantial citizens, who work diligently, earnestly and without a penny pay. There is a system of bookkeeping second to none. The city pays for what it gets, and the board of public works pays the city for what they receive. The city pays the board for its fire hydrant service, its street lighting service and light it uses in its public buildings. The board of public works pays rent for the offices it uses in the city hall and other city buildings. No "slip shod" methods of bookkeeping; no borrowing from Peter to pay Paul; but as a matter of bookkeeping and sound business methods each department pays its way.

After this is all done, and the board of public works has paid in debtedness, running expenses and other expenses incurred, including overhead and upkeep, it pays dividends, and there is where the city benefits.

The electric light bills have not been burdensome. In the consumer, in fact are among the lowest in the state, and the power bills to a vast majority have been unusually reasonable compared to other cities. On the whole, Holland is blessed with a very reasonable rate for both light and water—light service that is unsurpassed, and such water—well, there is nothing finer on earth than Holland water. We are only hopeful that there may be a supply enough for some years to come. We might add to this the fact that the service rendered has been given continuously, the plant never having been shut down for any length of time during all these years of service.

It is estimated that the board of public works has given to the city of Holland more than a million dollars during the last twelve years as will be noticed in the compilation of figures in this article. But what is not generally known is the fact that the board of public works pays into the city treasury taxes such as any private plant would pay. This is also found in the compilation.

Besides this, the board has given to Holland a wonderful hospital fully equipped. What a blessing this has been, has been apparent for many years. This hospital has been a great help to the rank and file who are not able to go abroad for treatment, and it is surely a boon to folks in all walks of life, for Holland hospital, while not as large as some, is as serviceable as the finest and latest.

Mayor Nicodemus Bosch, in behalf of the Holland common council, asked the board of public works recently for \$60,000, the payment to be made at intervals between February, 1935, and February, 1936. This request was made at the board of public works meeting held at the city hall last evening. The highest terms of this wonderful civic organization, and their readiness and willingness to help the city in bringing about a tax reduction because of this timely financial assistance. The common council have a right to vote of thanks to the board of public works.

Over and above all this it must not be forgotten that the board of public works employs a large force of men and women who find continuous employment there the year 'round at good pay. The Holland City News feels that the executive staff, headed by Abe Nauta, superintendent, and Charles Vos, assistant superintendent, and Gerrit Anpleoord, clerk, have shown great aptness and given untiring effort and thus emulate the work as thoroughly set up by their late assistant, Roy B. Chambliss. These men have the confidence of the board and the road will and loyalty of the staff under them, and we feel that success cannot help but crown such co-operation.

A compilation of figures from the reports of the board of public works, dwelling on how this municipal organization has aided Holland as a city, is shown in the following columns and is self-explanatory.

The board's forty-first annual report, which is now being compiled and which will no doubt be submitted to the council within the near future shows that the total contributions made to the city of

ZEELAND LADY AWARDED RECOGNITION

Mrs. William D. De Pree, 55 Main street, Zeeland, Michigan, has been awarded a certificate of appreciation and commendation from the Holland City News for her contribution to the city of Holland. Mrs. De Pree has been a resident of Holland for many years and has been a member of the Holland City News for many years. Her contribution to the city of Holland has been a most valuable one and has been a great help to the city in many ways. The Holland City News is proud to have her as a member and to have her contribution to the city of Holland.

NAT ROBINSON AN ANGLER

Nathaniel Robbins, father of "Nat" J. Jr., of Holland, who is spending several weeks at Hot Springs, Ark., is making a reputation as a fisherman in that locality. He is reported by Arthur Colten, who was fishing with him, to have landed 15 small-mouth bass, the limit, in a short time, while Mr. Colten looked on hoping to get a bite. They live in Grand Haven.

ZEELAND PARK AND TREES IMPROVED

Zeeland city is having its trees and park property repaired under the FERA project which will improve the property and beautify it. Under the project the trees which line the walks of the city will be trimmed and branches will be cleared out. Any property owner having obnoxious trees, as box elder, cottonwood poplar, or sassafras trees, and wish to have them removed are asked to communicate with City Superintendent G. P. Rooks.

HOPE COLLEGE Y.M.C.A. HOLDS ITS ELECTION

At a meeting of the Hope college Y.M.C.A., John Piet of Grand Rapids was elected president. Piet has been active in Y.M.C.A. work serving on several committees and as a member of the cabinet. Other officers elected were Richard Smith of Delmar, New York, vice president; Raymond Boot of Holland, secretary; and Thomas Laman of Oosburg, Wisconsin, treasurer. They will be installed at the first meeting in April.

SHERIFF IS CALLED TO HUDSONVILLE ON CASE

A breaking and entering job occurred at Hudsonville, Mich., when Ben Bosma and his associates were called there yesterday to investigate. The B. T. Hughes Hardware store was entered and three watches, a shot gun, 10 cartons of cigarettes and 10 boxes of cigars were stolen; the total loss was about \$100. No clues as to who the bandits might be have been secured.

HOPE SCHOLARSHIP TO COOPERSVILLE MAN

David De Witt of Coopersville, a senior at Hope college, was awarded the Regents' scholarship of \$350 to the University of Michigan, according to announcement made today by President Wynand Wichers. Sherwood Price of Holland was named alternate.

The scholarship provides for a year's work in the graduate school in whatever subject the applicant chooses. This year it will be in English, since both De Witt and Price majored in that subject.

OFFICERS FOR ENSUING YEAR NAMED BY WOMAN'S LITERARY CLUB

Hozanna Mannen Koor of 40 voices from Holland will give a Holland program at the Eastern Avenue Christian Reformed church Wednesday evening at 7:45. The program will consist of Holland psalms and readings and will be open to the public.—Grand Rapids Press.

The Woman's Literary club held their annual business meeting on Tuesday afternoon at which time election of officers for the ensuing year took place with Mrs. George Vandrie in charge.

Mrs. J. D. French was re-elected president of the club as was Mrs. Charles Van Duren, first vice president; Mrs. J. J. Good, recording secretary; Mrs. Randall C. Bosch, corresponding secretary, and Mrs. C. M. Selky, treasurer.

Mrs. John Vander Veen was elected second vice president, and the following were named directors for a term of two years: Mrs. W. J. Olive, Mrs. H. D. Ter Keurst and Mrs. Otto Vander Velde. Members of the board who are serving their second year are Mrs. C. M. McLean, Mrs. Thomas Marsilje and Mrs. John Oert.

The program for the afternoon featured a one-act play, "The Kleptomaniac," by Margaret Cameron, under the direction of Mrs. Eugene Heeter. The cast included Mrs. Earnest Brooks, Mrs. Adrian Van Putten, Mrs. Kenneth De Pree, Mrs. W. J. Olive, Mrs. Lloyd Heasley, Mrs. Carl Harrington and Mrs. Harold Henshaw.

The Rev. Richard A. Elve, pastor of the Open Bible church, was in Kent City Tuesday where he spoke at a quarterly Bible conference of the Grand Rapids association of regular Baptist churches. The meeting was held in the First Baptist church in Kent City.

The hospital committee of the Woman's Literary club honored Mrs. G. W. Browning, a former chairman of the committee when they gave a luncheon in observance of her anniversary. The luncheon, which followed the regular sewing bee, was arranged by Mrs. N. McLean, Mrs. Abel Smeenge and Mrs. W. H. Wing. The committee has met twice a month during the present club year to sew for the local hospital. Mrs. Jacob Lokker is chairman, with Mrs. George Schuiling and Mrs. V. L. Dibble as her assistants.

Zeeland Record Speaks Highly Of Dr. Wichers

HONOR COMES AS A SURPRISE
TO FRIENDS; WICHERS
DID NOT SEEK THE
POSITION

Zeeland folks are highly pleased with the nomination of Dr. Wynand Wichers on the Republican state ticket to the office of member of the state board of education. This came as a pleasant surprise to most of us, and it is all the better for the fact that in this case the office sought the man, instead of the man seeking the office. It is certainly an honor for Dr. Wichers as well as for his old "home town."

Dr. Wichers, who is a Zeeland product, is at the present time president of Hope college, with which institution he has been identified to some extent since the day he graduated from it; and besides that he has held many positions of trust and honor. He was born at the old Wichers homestead, now occupied by his sister, Miss Mary Wichers, on South Maple street, the son of the late Mr. and Mrs. William Wichers, Sr., and he received his elementary education in the Zeeland public schools, following which he attended Hope college. Since growing to manhood he has made his home in Holland city, being an honored citizen of that community.

The choice of Mr. Wichers for the nomination at the state Republican convention held at Detroit last Friday, came as a surprise to Mr. Wichers as well as to his host of friends. It was less than a week before the convention that he was apprized of the work his friends were doing to promote his nomination, and so well was it accomplished that at the time of his nomination the roll call was unanimous. If elected on April 1 his addition to the state board of education will be of inestimable value to the education of the state.

FIRE VICTIM'S SHOWER

At a meeting of the Daughters of Union Veterans to be held in the Griestold auditorium lounge at 2:15 Tuesday, Mrs. Madge Bloss of Dunningville will be given a kitchen shower. Mrs. Bloss, while ill last week, lost her home when a defective chimney caused it to burn to the ground.

COUNCIL NOTES

All aldermen were present and Dean of the Council Art Drinkwater led the aldermen in the Lord's Prayer.

The Gas company brought in one of its satisfactory reports which was referred to the board of public works.

Keefers cafe was given the privilege to transfer their beer license to the new place next door to the old stand.

Andrew Leenhouts, who has taken over the Owl restaurant on River avenue has asked for a transfer of the beer license as well as the restaurant license. The matter was given to the license committee with power to act.

On motion of Alderman Kleis, Herman Prins was assigned to make delinquent tax collections of 1934. Mr. Prins' bond was as required by the city.

Alderman Henry Prins announced that a meeting of the board of public works and the common council had been planned for Monday of next week to jointly go over budget matters.

Alderman Drinkwater was in a hurry to have the sewer gas incinerator and the large stack installed at the sewage disposal plant, but Mayor Bosch stated that he had to be a little more patient until money was available and that was part of the work of the budget committee.

Alderman Thomson, to whom was referred, with Alderman Van Lente, the application for a building permit for a garage house by Don Bruchsat on West Twenty-ninth street, reported that the request be denied, since there is no lateral sewer in that street and the city's water supply would therefore be jeopardized since outside toilets would be necessary at the present time in that vicinity.

MAYOR BOSCH RECEIVES THANKS FROM COUNCIL

Mayor Bosch delivered an unexpected message in which it appears that he has done some very satisfactory work on a most vexing problem. The aldermen felt that it was so good that on a motion of Alderman Albert Kleis the "city fathers" as well as the audience arose and gave the mayor a vote of thanks. The message below is self-explanatory:

MAYOR'S MESSAGE

March 4, 1935

To the Honorable, Common Council of the City of Holland, Gentlemen:

For a considerable length of time your Honorable Body, as well as myself, have been confronted with the serious problem of obnoxious odors caused by the manufacture of certain milk products at the Holland Crystal Creamery. I am very happy to report that a positive agreement has now been reached between the management of the Holland Crystal Creamery and the City of Holland at a very amicable and satisfactory conference with Mr. Fleisher, manager of the Holland Crystal Creamery, and myself on last Saturday morning, March 3.

News Items Taken From the Files of Holland City News Fifty, Twenty-five and Fifteen Years Ago Today

FIFTY YEARS AGO TODAY

The following instructors spoke at a meeting of the Southern Ottawa County Teachers Association held in Holland on Saturday: Miss Anna Hayes, Miss Jennie Osborne, Hattie M. Hodge, Kate E. Vanpelt, Addie Cunningham and Prof. Geo. P. Borst of Zeeland schools, Milen Coburn, North Holland, Charles Knooihuizen, New Groningen, Prof. E. B. Fairfield, Grand Haven schools, F. A. Parker, Hudsonville schools.

City Clerk Sipp does not improve in health since his mishap. His limb is a sore trouble to George. Note—And we might say a sore trouble to a whippersnapper who each year started a whippersnapper, spreading the story that Sipp's leg "always got worse just before election." When they finally found out they could not beat him they adopted him also. This brings to mind another man no one could beat but for different reasons. That was "old gentleman" Isaac Fairbanks who was a Democrat by the way and also a strong prohibitionist. He was also a justice of the peace and as long as your editor kept that office a blank on the ballot out of respect for the "grand old man" who lived in Fillmore township even before Dr. Van Raalte came to settle here. He was also appointed Uncle Sam's interpreter between Indians and whites and settled many disputes between "doc" Van Raalte and the "Red Men." It is said that the Fairbanks trading post building is still partly intact in Fillmore. Mr. Fairbanks had his justice office on Fifth Ave. just across from the post office. He also sold farm implements. His store in cold weather was not an overstatement, a large heavy snow. The Fairbanks home is now the Knapp Tire Shop and buildings north at 11th and River Ave. The Fairbanks "family tree" is well known in Holland. All who live in this vicinity are descendants of the pioneer trader, Isaac Fairbanks. Strange to say by far the largest number of them are today Republicans and a grand son-in-law, Wm. C. Vandenberg, has just been named a member of the Republican State Central Committee.

All those interested in the welfare of Grand Haven are invited to meet at the home of Mr. and Mrs. Patrick H. McBride on 11th street. A Lenten season program is being arranged. The ladies are requested to bring some useful work for the evening. Their gentlemen friends can also accompany the ladies and altogether a profitable evening can be spent.

Rumor has it that a prominent bachelor of our city is to lead to the altar one of our fairest Holland daughters—this was March 7, 1885. A little later the mystery was cleared away when on March 28 the following item appears: Flags floated from Pluggers Mills, the Butter Tub Factory and the Public School building on last Thursday, the occasion of the marriage of Prof. Geo. P. Hummer and Miss Maggie Plugger. The boys at the mill and factory were kindly remembered. Note—The news in other stories has connected up this history. The Pluggers mill being on the site of the West Michigan Furniture Co. a flour and lumber mill combined and owned by Mr. Plugger, a pioneer storekeeper and miller. Prof. Hummer later founded the Furniture Co. now conducted by his son-in-law, Charles Kitchen. The Van Puttens, Mrs. Pavels and Mr. Plugger conducted these mills and butter tub factory when tubs were still in vogue.

WHAT YOU SAW IN THIS PAPER TWENTY-FIVE YEARS AGO TODAY

S. W. Robinson of Chicago bought 5 acres on the north side from C. J. De Roo a former manufacturer and miller here, now in Flint. A beautiful summer home will be erected there. Geo. Lage, druggist, has purchased a house on 11th street from Henry Winter—Isaac Kow and Co. made the deal.

Willis Diekema sang three songs Friday afternoon on the program of Modern Musicians given before St. Cecilia Club at Grand Rapids. Willis is a youth of but 17 years—with a baritone voice of unusual promise. He took the large audience quite by storm and was recalled repeatedly. The young singer

with certain concerns for the purpose in order to reduce the tax burdens chasing of equipment which will eliminate these obnoxious odors. However, Mr. Fleisher further stated that he has no positive guarantee from these concerns that their equipment will satisfactorily eliminate this odor. There is also the question of whether the cost of such equipment will be prohibitive.

"Mr. Fleisher assured me that unless this odor is completely eliminated by purchase of equipment, your company will discontinue the manufacture of this product which is the direct cause of these obnoxious odors."

"I am very happy that I am able to report to our Common Council at our regular meeting on Wednesday evening, March 6, the facts of this amicable and satisfactory agreement with your manager, Mr. F. W. Fleisher, as herein contained."

Respectfully yours,
NICODEMUS BOSCH, Mayor.

I am sure that your Honorable Body will be gratified to know that this controversial problem has been solved.

Respectfully yours,
NICODEMUS BOSCH, Mayor.

SOME OLD-TIME ALDERMEN FALL BY THE WAYSIDE

Miles and Greenwood Elected for
Judge and School
Commissioner.

Holland had a real primary Monday, the total vote cast being 3,570, which is about 55 per cent of the total vote in the city. There were, however, more votes cast than in the 1933 primary, undoubtedly because of the charter amendment, the election of a circuit judge and of county school commissioner bringing out a heavier vote. The entire tabulation of votes in city and county are found elsewhere in this issue. However, the total vote for Fred T. Miles in the city was 2,602 and for Clark of Zeeland 866.

For school commissioner, Gerrit Greenwood, a Holland man, was given a handsome plurality in the six wards, Greenwood receiving 1,561, Yntema 1,071 and Vande Bunte 742.

The charter amendment electing the city attorney and the city health officer by the people received a large majority. For the change, 2,042; against, 1,341.

Our able city clerk, Oscar Peterson, who had no opposition, received all the votes, as did Alderman Neil De Cook of the Third ward.

Treasurer John Steggerda, who had just served his first term, delivered a second term, and the people showed this by their overwhelming vote in his favor, which was 2,338 to 378 for Kane.

The big surprise to Henry J. Beckford's friends was the fact that Peter H. Van Aken ran like wildfire. Mr. Beckford had considerable hopes that he "held the pole in the race," but when the votes were counted, Van Aken beat him 2 to 1, the vote standing, De Pree 3,255, Beckford 1,011, Van Aken 2,094.

WHAT YOU SAW IN THIS PAPER FIFTEEN YEARS AGO

"Please doctor come! hurry! I feel as though I'm going to have a stroke!" Scarcely had the spoken these words over the telephone when Mrs. Henry Kamperman collapsed and the doctor found her on the floor paralyzed. Mrs. Kamperman died later. Her husband died two years ago at Grand Rapids.

Charles Jackson of Lakewood farm will soon be a full-fledged constable with a big star. Charles was named by the Republicans of Park township and since that ticket has no opposition Charles is already a constable elected. Note—Charles has been an unsuccessful contender recently for sheriff on back to the "Reps" Chas., there at least is some success in store.

"Bill" Baker, a cobbler in Holland for more than 40 years, died at 76 years of pneumonia. Bill was of the "wood pegging shoe" day.

The First Reformed Church has just been remodeled at a cost of \$19,000. A new vapor system of heating was also installed and the seating capacity has been increased 125.

Poor Commissioner Frank Brive reports \$77,000 poor relief and 3 weeks, a little less than \$26,000 a week.

P. H. Brouwer of Zeeland with his musical family of "bell ringers" are now way down in Dixie or rather Montgomery, Ga. These "Holland Royal Bell Ringers" plan a trip across the Atlantic into Europe. Note—These Hollandish folks were quite a hit they strayed away from Zeeland and have never returned. We are wondering where they are now.

Prof. Albert Lampen, teacher in mathematics of Hope college, who was offered a chair in Physics at Calvin College, has declined the offer and will stay with the local institution.

County Drain Commissioner Barnd Kammeraad is quite a walker. He hiked from Grand Haven to Holland last week. Note—Not a chance for "hitch hiking" for that obnoxious habit wasn't style then, and we hope it will soon be out of vogue.

Monday Primary Brings Holland Few Surprises

A total of 1,043 votes was cast in Holland township. That is some vote for a spring election.

While Zeeland city gave the candidate for judge, Clark, a handsome majority, Zeeland township, just across the line "swiped" him hard as tabulated figures will indicate.

Republicans are coming back fast in Michigan. The state senate has been elected by a comfortable majority and since election four more representatives were elected in the Lansing house, giving two Republican majorities. These elections were made necessary because of the charter amendment, the election of a circuit judge and of county school commissioner bringing out a heavier vote. The entire tabulation of votes in city and county are found elsewhere in this issue. However, the total vote for Fred T. Miles in the city was 2,602 and for Clark of Zeeland 866.

For supervisor there were three running, and it was a mighty close race. Two were to be elected, Peter G. Damstra was elected on the primary because he had more than 50 per cent of the total vote, or 1,844 votes. Abel Postma and Dick Steketee must try conclusions again at the April election and while they run neck and neck, they did not have the required number of votes to make the grade. Abel Postma had 1,702 votes, and Steketee 1,705 votes.

For the board of public works, Martinus Vande Water, the old member of the board, had a comfortable majority over Joe B. Hadden. Joe had an even 1,300, and Van had 1,954.

There was no choice for member of the board of police and fire commissioners. John P. Luideens, the present chairman, had 1,386 votes, and Bert Habing, former alderman, 1,027. Kaaten and Seidelman didn't have 25 per cent of the vote cast, so the race will be between Luideens and Habing at the April election.

An unusual surprise was the defeat of Albert P. Kleis, prominent alderman of the first ward, whose father before him had also been an alderman. Mr. Kleis received 264 votes and Jacob Vandellune received 288.

Art Drinkwater, dean of the council, had a "walk-away" in the Second ward over John Vandenberg, receiving 140 to 59 votes.

Ben Steffens, the alderman of the fourth, is broadcasting that he received 469 votes over Walter J. Allen, the radio man, who received 186 votes. Ben is an old-time campaigner and makes a good alderman.

Peter Huyser, the man with a school master's complex, and who has always had a good lot of horse sense in the council, ran away with the election in the Fifth ward, receiving 669 votes as against 246 for Peter Brive, "the cookie man."

Peter Brive is an old-time alderman. He is a recent arrival in the Fifth ward for the reason that he built a fine home there.

Another upset in the aldermanic family was the defeat of William Thomson, who has been a city father repeatedly, but this time the plunger was defeated by the hardware man, John Vogelzang, and it seems that Bill was "given the lily" by the nursery man, Jake Weller, who was the third in the race. But the "songbird" had a majority over his two opponents, receiving 361, Thomson 204, Weller 102.

The election of the constables will all be found in the tabulated statement. The surprise, however, was in the Fourth ward where Charles Dulyea received 531 votes and Henry J. Kuiper 111. For complete figures for present and future reference cut for the tabulations for your scrap book.

DON'T USE US-311!

Some of the state papers are advising motorists to avoid taking US-31 from Holland to Saugatuck since the road is nearly impassable. They advise using US-131 instead, diverting the travel away from Holland and Saugatuck. Motorists from Holland say they have gone over the road in question, and 10 miles an hour is the limit of speed to avoid accidents.

Wants Damages Because of Sewer Disposal Plant

HOUSE ROTTS AND PAINT
WON'T STICK; HOLLAND
TAXES WELL PAID

An interesting case came up at the common council last evening when Egbert Beekman, through attorneys, Lokker and Den Hartog, asked that the city reimburse him for the loss to his property because the city had built its sewer disposal plant so near his home that he was not only troubled with obnoxious odors, but rotting of the house timbers and paint had no effect and would not stay on the exterior. Mr. Beekman was not arbitrary about the matter, but asked for a fair consideration, feeling that his home was worth \$3,000 before the plant was placed there, and that his loss would be at least \$1,000. Alderman Drinkwater and Kalkman of the Second ward moved that the man be given the \$1,000, but Mayor Bosch injected at this moment that undoubtedly the man should be treated fairly, but that investigation should be made. Alderman Damstra at this point stated "If you give Beekman damages, the whole neighborhood might expect to be given the same," but he was informed that those who purchased in there were the W. W. O. O. plan and a Mr. Dekker, and that purchases were made after the plant was built. Those who were the only place of property that might be affected, and City attorney Parsons ruled that these late purchasers could not possibly present a claim

That Would Have Meant More

The Washington monument now 50 years old, counting from the date of dedication, was successfully washed and put in gleaming condition in time for the annual celebration of the birthday of the Father of His Country. And nobody is going to begrudge the \$100,000 it cost to do this, and make necessary repairs caused by the wear and tear of time.

But how much more the attention given the monument would have meant if the powers that be in the National Capital had at the same time shown a disposition to pay a little attention to the wise maxims and advice of the great man it was erected to honor, instead of emphasizing the importance of several of them by providing the Nation with a deplorable and costly demonstration of what happens when they are ignored.

AMERICAN LEGION NEWS

The American Legion auxiliary division of which Mrs. H. Vining and Mrs. L. Padnos are chairmen were entertained Tuesday at the home of Mrs. Vining. Plans for a silver tea to be held March 19 at the home of Mrs. Padnos were discussed.

George Manting and Fiep Mape-link are arranging the program for our next pot luck meeting on Wednesday, March 13. (At least we hope they are.)

The definite date for the Legion Auxiliary pot-luck party has been set for Thursday, March 14, at 6 p. m. The ladies are making every effort to get work to every member of each organization, but we are all prone to err, and should you not get word call Mrs. Ver Meulen or Mrs. Japings. They will tell you what to bring. Oh, yes, it is to be in the Woman's Literary club rooms.

Grandmother Van Duren is to be toastmistress, and we understand that she is to call on a few of the crowd to say something for the sake of pastime.

POPULAR YOUNG COUPLE MARRIED

A pretty wedding took place Saturday afternoon at 5 o'clock at the home of Mr. and Mrs. William Vander Schel, 248 West Twelfth street, when their daughter, Miss Dorothy, became the bride of Dick A. Japings, son of Mr. and Mrs. Henry Japings, of West Sixteenth street, Holland.

The marriage vows were spoken before a beautiful arch made up of smilax, pink roses and palms, the whole made even more attractive by numerous lights, which shed a soft glow about the room. Rev. W. J. van Kersen performed the single ring ceremony.

The bride looked charming in a gown of deep powder blue chiffon, fashioned with a slight train. Pink and silver sandals completed her costume which was enhanced by an arm bouquet of pink and white roses, swainsons and baby's breath.

Attending the bride was Miss Doris Brower, wearing a black velvet trimmed with pink and carrying an arm bouquet of sweet peas, blue larkspur and baby's breath.

Russell Japings, a brother of the groom, acted as best man.

Music preceding the ceremony consisted of a group of appropriate piano selections played by Mrs. Harold Japings, accomplished pianist.

A wedding dinner was served to the two immediate families and intimate friends following the ceremony.

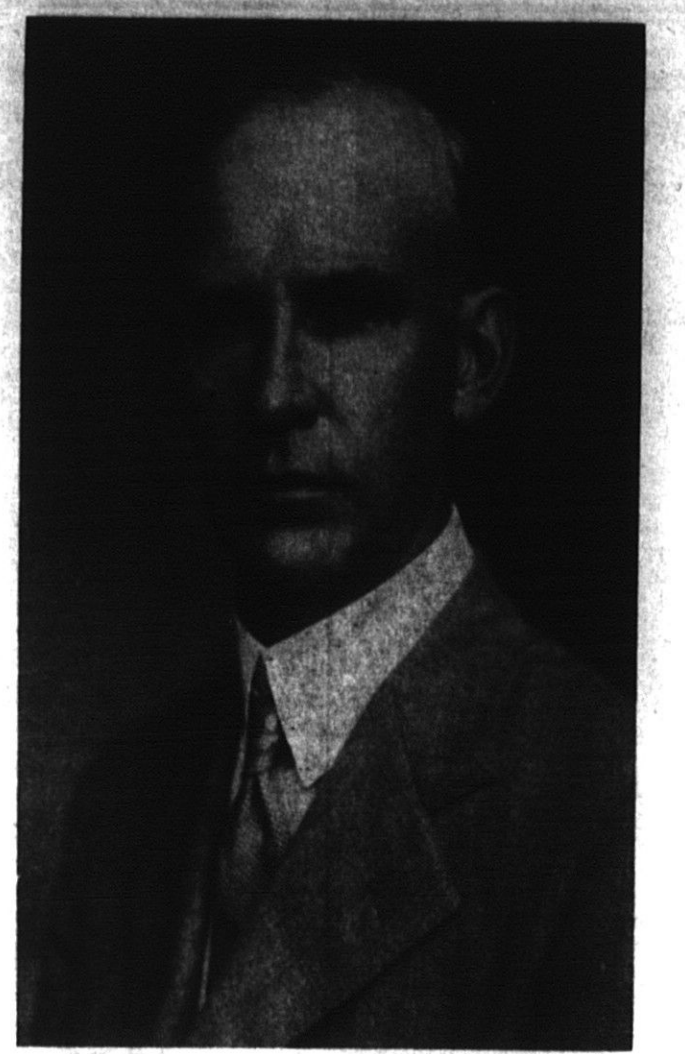

The young couple is well known, both being graduates of Holland High school and Hope college. Mr. Japings is specially well known as an athlete of exceptional ability having starred on local basketball and baseball teams.

Mr. Japings took graduate work in accounting at Northwestern university and at the University of Chicago. He is employed at the Mowse Leather Corporation.

After returning from Chicago, where they are spending several days, Mr. and Mrs. Japings will make their home at the Vander Schel residence on West Twelfth street until Mr. and Mrs. Vander Schel return from a vacation in Florida.

A Leading Holland Citizen Is Signally Honored

The Republican State Convention nominates Wynand Wichers, President of Hope College—as a member of the State Board of Education.

The Republican State convention at Lansing proved to be very important to Holland. It was more local than is generally the case, although it is a mighty important convention concerning the state of Michigan and the destiny of the Republican party. Your editor has attended the Republican state convention as a delegate covering a period of 35 years, and strange to say, there has never been a time where the largest hall in the city of Detroit was filled from top to bottom as in the convention held last Friday in this supposedly apathetic period, which would indicate that people are aroused.

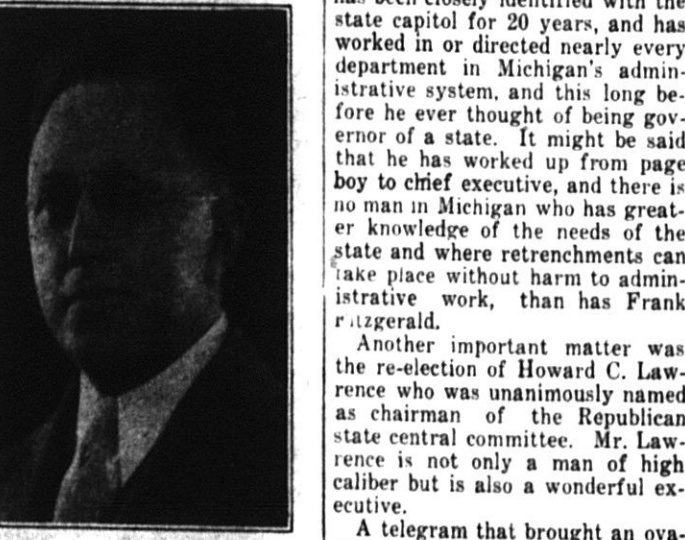

Furthermore, it was an enthusiastic gathering indicating that the Republicans are right on their toes to give battle to their opponents, the Democrats.

It was a real harmonious convention also and the keynote speech of Attorney R. Glen Dunn of Muskegon, a big, powerful man with a big voice with sledge-hammer arguments, simply took with the crowd. The occasions at conventions were few and far between when a permanent chairman was selected who fitted into the deliberations so timely. The way Dunn went after some of the Democrats of southeastern Michigan for attempting to "cop" an election last fall, surely went thundering throughout the hall, and brought delegates and audience to their feet. Dunn pictured the lost tally sheets and the mutilated ballots—and the puns about the little blue pencils brought a roar of laughter.

The chairman was most caustic in his denunciation of the Democratic party and evoked laughter with his castigations of the enemy.

Holland and Ottawa county was very much in evidence, practically every delegate, regular or alternate, being present and naturally every "Tom Jack" of them had their "coats off" for Dr. Wynand Wichers, president of Hope college, who was drafted as a candidate for this district as a member of the state board of education.

There was some opposition early in the meet with candidates from Detroit and Grand Rapids, which the Holland delegation, together with some of the Muskegon

WILLIAM C. VANDENBERG
Elected member of the Republican state Central Committee from the Fifth district.

delegation, including Gordon Van Eenennaam, senator, together with the Fitzgerald administration heads ironed out before this office came to a vote in the convention. The president of Hope college was unanimously named for that position.

There is no danger that the nomination of Mr. Wichers will interfere with his duties as head of the college. In fact the time he must put in as member of the state board of education will not only be helpful to the college, but will be a benefit to the city of Holland and Ottawa county, since Mr. Wichers is an able speaker who will be heard about the state often. It will also give Mr. Wichers a better insight on state and national educational problems which will add to his qualifications governing his regular vocation as an educator.

After Mr. Wichers' nomination, he, in a short talk, created a fine impression. However, the minute allotted him by the chairman did not give him much leeway to show his ability as an extemporaneous platform orator. He was given a fine hand, nevertheless.

The convention gave further local color when Atty. Arthur Van Duren, delegate from the Third ward, was unanimously named as chairman of the Ottawa-Allegheny caucus. Art always makes a good chairman and handled this position with tact, and there were many intricate problems avoided that breed

dissent, for in caucuses of this kind every locality wants to be represented on some committee or other. The caucus was a veritable "love feast" and this trend held good in nearly every caucus and permeated the big convention that followed later.

Holland was further recognized when the Kent and Ottawa county delegations selected William C. Vandenberg of this city as a member of the Republican state central committee. It is well known that Bill is a good organizer, is an untiring worker, and the rank and file of Republicans in this vicinity will support him in his future efforts. Results are what counts in a position of that kind, and Mr. Vandenberg is the type who will put his energy and endeavor foremost to gain these results in behalf of the party.

Ivan E. Hull of Grand Rapids, well known in this city, was another member named from the Fifth district, as was Mrs. Frank Burt from Comstock Park, and Mrs. Ray Wilkins from Grand Rapids.

Governor Frank Fitzgerald, who was escorted to the platform, receiving an ovation as he arrived, gave one of his informative discourses to 5,000 folks who had gathered in this large auditorium.

While the governor looked a little tired, having spent two months of almost night and day work unloading the snails at the state capital, he stated he was happy to tell the audience that his efforts had been crowned with some measure of success and that he would show even greater results with the aid of Republicans before 30 days had elapsed. The delegates and the audience, through their demonstration, showed that they felt he was giving his all to bring order out of chaos and to place the state finance on a pay-as-you-go basis through a strictest economy. Governor Fitzgerald stated he wished the economies will not impair the least the efficiency and the needs of our state institutions and leastwise our public school system and those institutions where the unfortunate are harbored.

No one knows Michigan better than does Governor Fitzgerald. He has been closely identified with the state capital for 20 years, and has worked in or directed nearly every department in Michigan's administrative system, and this long before he ever thought of being governor of a state. It might be said that he has worked up from page boy to chief executive, and there is no man in Michigan who has greater knowledge of the needs of the state and where retrenchments can take place without harm to administrative work, than has Frank Fitzgerald.

Another important matter was the re-election of Howard C. Lawrence who was unanimously named as chairman of the Republican state central committee. Mr. Lawrence is not only a man of high caliber but is also a wonderful executive.

A telegram that brought an ovation was the one from Senator Arthur Vandenberg of western Michigan. It was a wonderful expression of courage and Art was not forgotten in the resolutions that followed.

Strange to say, a telegram from James Couzens, senior senator, was conspicuous for its absence, we are sorry to say, and it was commented on by the officials of the convention, possibly an oversight on the part of the senior senator, with business at fever heat at the national capital.

When not in convention hall, the center of attraction at Detroit was the Book-Cadillac hotel. Nearly the entire Ottawa and Kent delegations had headquarters there, and it surely wasn't lonesome at this big hotel for there were friends and acquaintances everywhere.

Prominent at the convention from southern Ottawa were Mrs. Sears McLean, Attorney Arthur Van Duren, Attorney Charles H. McBride, Attorney Jay Den Herder, Attorney Charles K. Van Duren, Prosecutor John R. Dethmers, Attorney Nelson Miles, Justice John Galien, William C. Vandenberg, Republican State Central Committee, Andrew Klomprens, John Arendshorst, "Vaudie" Vandenberg, Ben Mulder, State Representative Ed Brouwer, Russell Burton, Peter De Kraker, William Winstrom of Park township, Wynand Wichers and Archie Van Dyke. Len Roberts, Albert A. Johnson, Ed Van Koevring.

Grand Haven had a representative delegation composed of Mr. and Mrs. Hugh Lillie, Mr. and Mrs. Fred Ehlman, Probate Judge Cora Vandewater, Peter Kammeraad,

Game Law On Rabbit's Side

In Michigan when a cottontail holes up, whether it is in an old woodchuck burrow, a stone pile or under a corncrib, the law is all on its side.

When that deadly tame weasel, the ferret, is used by a rabbit hunter, the rabbit is doomed. Running before a dog bunny makes a circle or two and then if he has escaped the shotgun, goes to earth.

Down goes the ferret, out comes the rabbit to be caught alive at the entrance of the burrow, or shot at close range as it scampers away.

Now only orchard owners, protecting their trees, can obtain permits to use ferrets. Efforts to get around the law by using flexible tubing, or "mechanical ferrets" or smoking devices have landed several Michigan hunters in jail this season.

SOLID IVORY

A mountain man who rarely, if ever, visited a town of any size drove into a western city with his son, traveling in a decrepit car. Climbing out of the car on one of the main streets, the old man appeared fascinated by the pavement.

He scraped his feet on the hard surface, and, turning to his son, remarked: "Well, I don't blame 'em for building a town here. The ground is too darn hard to plough, anyhow."

OLD TESTAMENT PORTRAYAL

Chicago, March 6.—Selected as the next of the series of "Immortal Dramas," the story of Gideon will be presented by Montgomery Ward over a coast-to-coast NBC-WEAF network Sunday, March 10 at 2 P.M. EST. This story from the Old Testament will portray the characters of Gideon who, while the other Israelites prayed to the false god, Baal, to deliver them from the Midianites and Amalekites, continued to worship Jehovah. How Gideon destroyed the altar of Baal, restored confidence in his people and led them from their captivity of seven years duration, will be dramatically told in several scenes. Since the story offers frequent opportunities for the use of choral music, the A Cappella Choir will be featured more than in any of the previous programs of the series. Much of the music to be played by the symphonic orchestra will be original compositions.

other local candidate, received a good vote without putting on very much of a personal campaign. These two polled all but 8 votes. There was no Democratic candidates and now the Republicans are boasting that happy days have come again.

Mrs. Walter Monroe, Jr., returned to her home in Chicago on Sunday after a week's visit with relatives and family in this vicinity.

Mr. and Mrs. Herman Kuite left Tuesday for Boyton, New Jersey, to visit their children, Rev. and Mrs. Nicholas Burggraaf.

Spring is around the corner hobnobbing with prosperity. Some folks are still doubtful about the coming of prosperity, but no one can have a shadow of doubt regarding the nearness of spring. He gave us some very definite and sudden evidences of his coming. The snow has fled, the roads are all cut up, the river is roaring and the water is running wild.

An army of Hamilton hunters and fishermen, 50 strong, motored to Holland last week, Thursday evening to attend the banquet of the Holland Fish and Game club. The men were resolved to show their appreciation to the Holland organization for the help given to the local men in their effort to improve hunting and fishing in this neighborhood. Well, Holland has captured our army and has been assured a royal welcome during the hunting and fishing seasons.

A reciprocity banquet will be held by local men next week, Friday evening, at 7 o'clock in the Hamilton auditorium. A few weeks ago the women and the Community Players organization entertained at a father-and-son banquet, which was attended by 150. A few days

later the men gathered for the purpose of returning the compliment. They are planning to outdo the fairer sex. Committees have been appointed. The whole affair from cooking to sewing, is going to be by the fathers and sons. Secretly, we have very serious doubts, but nevertheless, we hope they will succeed.

Special Soup Suggestions

SOUP is a delightfully versatile dish that deserves a place on almost every menu. Clear consommé or a smooth rich cream soup are perfect preludes to a distinguished dinner. Thick, sticky chowders or Southern Gumbos make a hearty main dish for a simple luncheon. And in France, the morning cup of bouillon is even a breakfast tradition! Soup is undoubtedly a favorite! But it does not need to be served alone to be successful. Combined with meat dishes and left-overs, soup helps to create a number of thrifty dishes that are saving of time as well as money. For with ready-to-serve tins of soup on our pantry shelves, we have but to combine tempting bits of this and that from the refrigerator with a smooth sauce to create prompt new delicacies for the table. The following recipes use soup as a subtle background to bring out fine food flavors in a variety of unusual dishes:

Baked Pork Chops with Beef Broth—Dust 4 to 6 loin pork chops with salt and pepper, and flour lightly. Fry until brown. In a baking dish arrange in layers 3 large thinly sliced potatoes and 2 small thinly sliced onions, and season lightly with salt and pepper. Place chops on top and pour in 1-16 oz. can Beef Broth or Vegetable Soup and 1 cup water. Bake covered, if other than electric oven is used, in moderate oven (375° F.) for about 50 minutes, or until potatoes are tender. Uncover and brown.

Quick Chili Con Carne—Brown 1 lb. ground beef in skillet with 1 tablespoon butter and 1 chopped onion. Add 1-13½ oz. can Oven Baked Red Kidney Beans and stir for several minutes. Pour 1-10 oz. can Cream of Tomato Soup over this, then add 1 teaspoon salt and ¼ teaspoon chili powder. Simmer for 15 to 25 minutes. The chili powder may be omitted, if desired, and a dash of pepper substituted. Serve with boiled or baked potatoes or with boiled rice.

Liver in Pepper Pot—Let ¼ lb. of sliced liver stand in hot water for 5 minutes. Drain, roll in flour and fry in hot fat in skillet until brown on both sides. Sprinkle with salt to taste. Pour 1-16 oz. can Pepper Pot Soup over liver, cover and bake in a hot oven (400° F.) for 30 to 40 minutes. May be simmered slowly on top of stove. Garnish with parsley.

Emergency Tuna Fish Sandwiches—Melt 2 tablespoons butter, add 2 tablespoons unsifted flour and blend well. Add 1-16 oz. can Cream of Celery or Cream of Mushroom Soup and cook, stirring constantly, until creamy and slightly thickened. Add ¼ teaspoon salt, ½ teaspoon pepper, 1 can tuna fish or salmon and 3 diced hard cooked eggs, and when heated through, serve between and on top of hot biscuit or on buttered toast cubes. Garnish with slices of hard cooked eggs and slices of Stuffed Spanish Olives or sprigs of parsley.

Individual Pork Pies—Melt 2 tablespoons butter in a saucepan,

add 2 tablespoons flour and blend well. Pour in 1-16 oz. can Vegetable Soup and stir until thickened. Add 2 cups diced cooked pork and pour into individual casseroles. Cover with pastry or biscuit dough and bake in a hot oven (450° F.) for 10 to 12 minutes, or until brown.

Chicken Noodle Platter—Prepare biscuit dough and roll to ¼ inch in thickness. Cut into 12 biscuits. Bake in a hot oven (475° F.) until golden brown. Place one-half of biscuits on platter, cover with Noodle filling and top with remaining biscuits. Garnish with sprigs of parsley and serve very hot. To make filling: Melt 2 tablespoons butter, add 2 tablespoons flour and blend well. Add 1-16 oz. can Chicken and Noodle Soup and cook until thick. Add 1½ cups left-over diced chicken or turkey.

Totals	\$502,567.88	\$183,970.46	\$686,538.34

The 1934 contribution, in the amount of \$80,000 of which \$30,000 was paid in 1935, relieved the taxpayer to the extent of \$7.20 per \$1,000 of assessed valuation.

The contributions to the city for the past five years resulted in an average reduction of \$65,531 per year in the tax burden which represents an average saving of \$4.988 per \$1,000 of assessed valuation to the taxpayer.

In addition to the contributions noted, loans were made to the City of Holland as follows:
Non-interest bearing note, electric dept., \$46,844.65
Non-interest bearing note, water dept., 78,765.45
Loan (street improvement bonds), electric dept., 38,365.00

Total loaned, \$163,975.10
A land contract, in the amount of \$20,000, bearing 5 1/2 per cent interest, was purchased from the City of Holland, payable semi-annually. A payment of \$2,500 on the principal is due August 1, 1935, and \$5,000 on August 1 of each year thereafter until the entire amount is paid.

This total figure of the amounts contributed to the city, namely \$686,538.34, which was contributed up to January 1, 1935, the \$30,000 paid February 4 of this year, plus the amount loaned on non-interest bearing notes as shown in above table and the \$60,000 the board has promised to pay this year will bring the total amount paid to the city from 1923 through 1935 to \$940,513.44. However, augmenting this vast amount are the city taxes

C. Wabke and E. De Weerd of Zeeland, two young men who were arrested and convicted of chicken stealing about four months ago, and while still on probation were apprehended this week while in the act of stealing gasoline at the garage of P. **Poverty Makes Law
Violators in Game**

The number of men out of work and funds who are turning to violations of the fish and game laws in order to live continues to be a serious problem which conservation officers in the vicinity of Hart have to face. But the case of R. F. Maynard, of Pentwater, who is serving a 90-day term in the Oceana County jail for netting steelheads in Pentwater Lake is unique in that Maynard told the law enforcing authorities beforehand that he was going to break the law and then went ahead and did so.

Maynard wrote a letter to the local conservation officer stating that he was without fuel and could not get aid, so he was going to net fish to earn a living. He kept his word and when arrested he had 10 pounds of steelheads in his possession. His fish and nets were confiscated and the justice sentenced him to 90 days in jail. Although most of the violators do not trouble to publish their intentions beforehand, a large portion of the persons violating the game laws in this section are men out of work who are seeking the fish or game for food for themselves or their families, conservation officers say. Some of these employ illegal methods or take fish from game out of season and otherwise.

get in trouble because they cannot afford to buy the licenses necessary for legal fishing or hunting. Enforcement of the law in cases of this kind, the officers contend, is a heart-breaking duty. The news might add—it is heartening to find that some game wardens that were felt deeply and were more lenient with these people. These are not the kind of folks who fish out our lakes. Leniency in such cases may not be "game law," but it is the law of benevolence and human conservation.

Life Savers Save Doe

Because the lookout at Ludington coast guard station was keen of eye, a doe deer has been saved from drowning in Lake Michigan. The deer, probably driven into the water by dogs, was floundering in the lake near the south breakwater when spied by the man in the tower. Due to the high ice barrier the deer was unable to reach shore. Coast guards went to the rescue. The deer was brought to the station and thawed out in the furnace room, while Ivan Roberts, conservation officer, was being notified and asked to take the doe into custody.

Mr. and Mrs. W. J. Olive have returned from a motor trip to Chicago and other places.

**City of Allegan
Is Taking Her
Flying Serious**

BUY HANGARS, TRAINING SHIP AVAILABLE FOR THE STUDENTS IN SPRING

Holland has been talking airport, buying airports and turning them into graveyards, has an airport north of town that is seldom used and has her eye on another northeast of the city. The fact is, with the exception of one, the others are not suitable if we are to go into the air business seriously, and the one not in our possession is ideal.

The state and nation want to help us in establishing an airport, at least it did some time ago, but it is evident that up to now our air service is not "so hot."

The following from the Allegan News would indicate that our neighbor has us outstripped by a long way. The News in a half column says:

"Four steel buildings, three of which are hangars and the fourth a supply building, have been purchased for Allegan's airport and will be brought here and erected within the next two weeks."

"Buildings were purchased with money obtained from the state aeronautical commission and by popular subscription in Allegan and will be erected and brought here at a total cost of approximately \$450."

"At least two planes will be housed at the field this spring and a probable third one may use the Allegan airport."

"Announcement also was made today by Mr. Smith that another ground school aviation class will be started and that any person in the county between the ages of sixteen and ninety is eligible to enroll in the class. The present class has 20 members, three of whom are women, and one man is fifty-two years of age."

"Classes are open to anyone in the county and it is reported that a group of eight will enroll in the new class from Saugatuck."

"As soon as ground conditions become such that actual instruction in flying can be given, it is proposed to open the city airport and to offer flying lessons to members of the ground school classes who have passed their examinations. A training ship will be brought to Allegan this spring by Mr. Smith for that purpose."

"The cost of the ground school course is slight and is made up entirely in the amount paid for text books. Classes are held each week at the south side school building and are instructed by Mr. Smith."

"High praise of the Allegan class was given this week when officials of the state aeronautical commission lauded the school and the work covered by it since it started."

"Girls and women are as welcome in the classes as men and the same course is offered them. The course is the standard ground schooling given to all pilots and text books used are the ones recommended by the state aeronautical commission."

"It is possible that if a large enough flying class is organized, army instructors may be available to students this spring when weather gives ideal flying conditions."

"Enrollment in the classes can be made by writing or interviewing Mr. Smith, Allegan."

**Holland Folks Shine at
Fennville Woman's Club**

(Fennville Herald)

Dr. Wynand Wichers, president of Hope College, was the guest speaker at the meeting of the Woman's club Wednesday afternoon and a large number of members and guests enjoyed the privilege of hearing him.

"Michigan's Who's Who" was briefly touched upon by Mr. Wichers, who paid a fine tribute to the presidents of the university, the colleges and teachers' colleges in Michigan, many of whom are his personal friends.

Dr. Wichers spent last summer in Europe and he gave his impressions of conditions abroad. All European countries are making preparations for defense in case of war, which is the speaker's opinion, is a long way off. Dr. Wichers is an able and interesting speaker and carried his audience with him through foreign scenes, dwelling especially on the gigantic war preparations now going on. The privilege of hearing him was greatly appreciated by the club.

Mrs. Duncan Weaver, a graduate of Hope college and a former student in Dr. Wichers' classes, very charmingly introduced the speaker. Don Kramer, accompanied by Gary DeKaan on the piano (both of Holland) delighted all with several numbers on the xylophone.

The program committee was Mrs. Geo. DuVall and Mrs. Duncan Weaver, formerly Miss Manning of Holland. Refreshments were served by Mrs. Decker, Mrs. Studley and Mrs. Sherman.

Several gentlemen and a group of high school seniors were present.

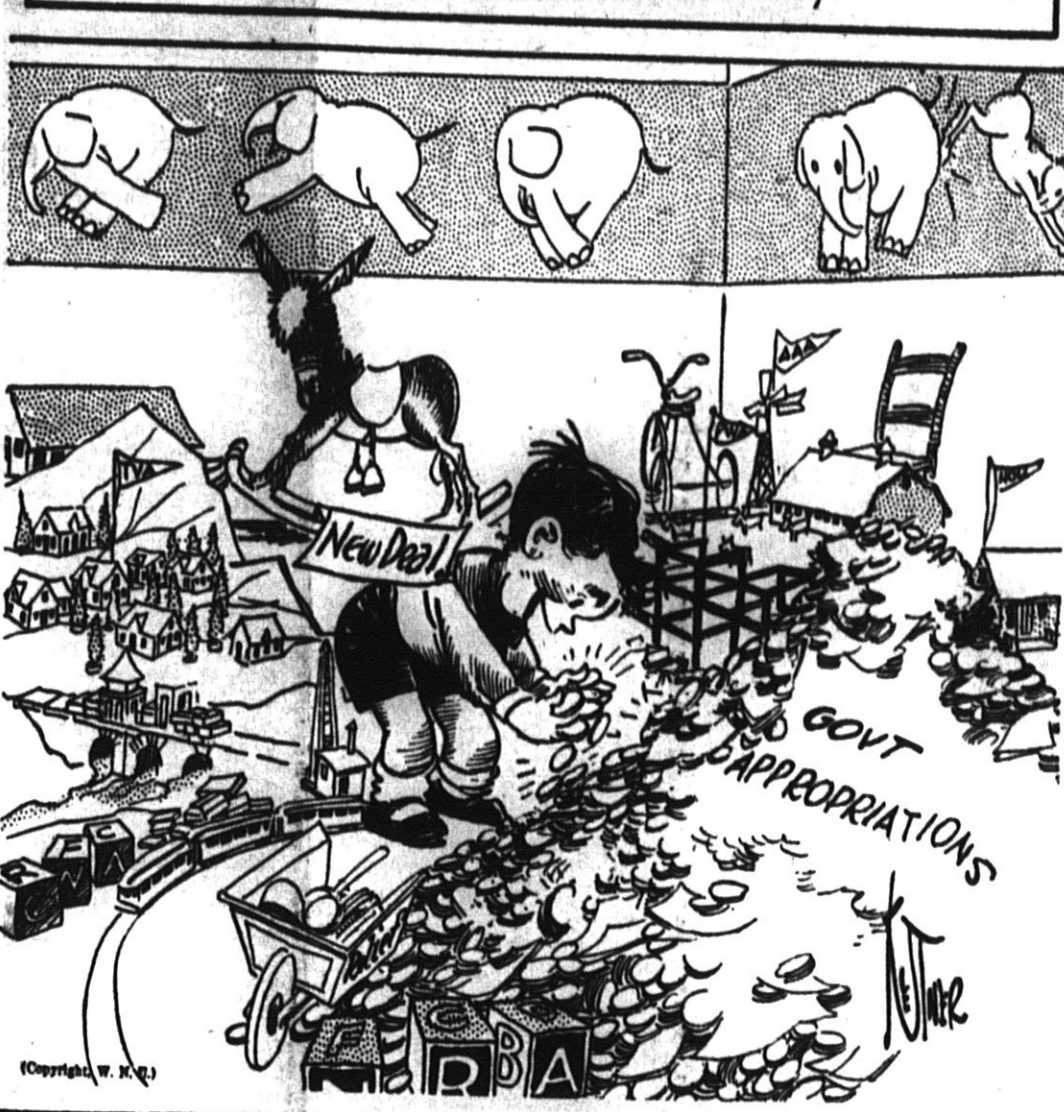

**FORMER HOLLAND GIRL
FATALLY INJURED IN
AUTO ACCIDENT**

Funeral services were held on Thursday at Mr. Clemens for Miss Erna Parrott, 27, of Detroit, the daughter of Mr. and Mrs. Richard Brown of Holland, who died early Tuesday morning in Flint hospital from injuries received in an automobile accident.

Miss Parrott was injured last Saturday at 8 a. m. when her car was hit by another as she and a friend were en route to Detroit. It is stated the impact threw Miss Parrott out of the window to the pavement, and although it at first seemed that injuries were not severe, internal hemorrhages caused her death Tuesday. Mr. and Mrs. Brown and a brother, Eugene, left for Flint upon hearing of the accident.

Miss Parrott, until a few years ago, lived in Holland; the family for many years living on East Nineteenth street.

His Second Anniversary

**Penney Management
Stage Banquet
For Employees**

Mr. and Mrs. Earl F. Price were the genial host and hostess in behalf of the J. C. Penney company company Holland store, with the employees and families as the guests of the evening.

The banquet was held in Warm Friend Tavern Friday evening and it was a fine get-together affair indicative of the close relationship that exists between the management and the sales staff.

The banquet was indeed a pleasing event such as the Tavern has always been able to boast of. The table ornamentation also was seasonal and unique.

Mr. Price the manager who was master of ceremonies gave a short talk on progressive salesmanship, co-operation and loyalty. There was not much shop talk, but a real recreational affair with a good time for everybody every minute.

Bill Connelly, director of the chamber of commerce was called upon to be the "Bill Nye" of the evening. Mr. Nye has long since passed away, but our Bill has emulated the great wit with a repertoire of puns of his own. Bill faked a telegram supposedly to come from the big boss "J. C.", in which he lauded the effort of the employees. The guests got wise however when Bill put it on too thick. Anyway the trumped up wire brought hearty applause. The telegram especially emphasized the fact that the store had been a great success even to the "Under Price," which naturally was a take off on the manager.

Harry Grond, Elizabeth Hyboer, Anne Straatma and Albert Annis especially came in for Connelly's satire in "draft suits," fan dances and Alaska diamonds played an important part. Anne especially starred as the Goddess of Liberty which climaxed the event according to William. Bill will have his fun for it was all in fun.

Other interesting features of the program was a humorous reading by Theodore Boot with games and a playlet by Miss Anna Straatma, Miss Elizabeth Heyboer and Miss Josephine Johnson, completed entertainment.

The sales staff present were Mr. and Mrs. Price and son, William, Mr. and Mrs. T. Boot, Mr. and Mrs. B. Mulder, Mr. and Mrs. A. Van den Brink, Mr. and Mrs. H. Grond, Miss Josephine Johnson, Miss Anna Straatma, Miss Elizabeth Heyboer, Miss Julia Polakker, Albert Annis and Leonard De Groot.

**THE DEER HERD INCREASING
AT FENNVILLE**

Many of the herd of deer have frequently been seen along Mam creek just east of Fennville and tracks are plentiful. Guy Teed, former sheriff, who was instrumental in establishing the Fennville herd, estimates that there must be about sixty head in this vicinity. It certainly is a fine sight to see these graceful animals in the woods and they are quite tame. Except when a dog comes near. Some of our hunters express regret almost impossible to do any hunting of rabbits, coon, etc., with most as soon as they are turned loose and owners are afraid that their dogs will be shot when found on the track of a deer.

**GRAND HAVEN HIGH WILL
HAVE 112 GRADUATES**

Glen Olsen, principal of the Grand Haven high school, announced today 112 young people will receive their diplomas in June. This is below last year's figure, when 130 graduated.

Baccalaureate services will be held June 9, class day on June 12 and commencement on June 13. Judge E. J. Millington of Cadillac is to be the commencement speaker.

Twenty tons of carp are now in the rearing ponds on the Zeeland road. Holland Game and Fish club are waiting for better prices before they are shipped in tank cars to New York and Chicago. Two more tons were caught a few days ago by Sivers Bros. of Saugatuck at Spring Lake, who are holding out.

**License Sales
Soared in 1934**

Fishing license sales in Michigan during 1934 reached a total of more than a half-million, returns received by the License Division of the Department of Conservation from the 1,800 license agents in the state reveal. The exact figure reported was 523,204. This includes 431,794 annual resident licenses, 23,973 annual non-resident licenses, 45,210 non-resident 10-day licenses and 22,227 non-resident winter licenses. The License Division has distributed about 650,000 fishing licenses for 1935 and expects sales this year to surpass those of 1934.

(Chicago American)

It's about time for the "first robin."

Almost any day now you may look out and see him flitting from leafless shrub to leafless tree. And you'll wonder, probably, "Where on earth did YOU come from this time of year?"

The Illinois Audubon Society gives you the answer. The "first robin" doesn't, as a rule, come from anywhere. He's been here all the time. Instead of going south with the sensible robins last fall, he had an attack of extreme individualism or something and stayed behind.

Members of the Audubon Society, conducting a recent census of winter bird life, found that individual birds representing sixty species of subspecies that migrate to the South had chosen not to go, but to spend the winter in cold Chicago.

So the "first robin" isn't really the first one back from the South. He isn't really a harbinger of spring.

But the fact that seeing him gets people excited enough to telephone each other about him is a harbinger of spring.

It shows that winter-weary Chicagoans are peering eagerly ahead through days of snow and bluster to the time when bloodroot and anemones will open delicately above the dark leaf-mold and bees will hum in the warm, quiet air.

**RUSSIAN BALLETS TO
BE HIT AT GRAND RAPIDS
CIVIC AUDITORIUM**

Appearing in western Michigan for the first time, the picturesque Russian ballets and dance dramas, Col. W. deBasil's Ballet Russe de Monte Carlo will give three numbers at the Grand Rapids Civic Auditorium on Monday evening, March 11 at 8:30 P.M., as the last number of the 1935 season of the East Church Concert Course.

Their North American season opened this year with a stop in Mexico City, from there to California and the far west. After appearing at all the large western cities, they gave a return appearance in Chicago, and after Grand Rapids, thence on to New York.

In consequence New York, which last year paid \$25 a seat for the Monte Carlo Ballet premier and re-allied the company for two additional engagements, will be compelled to await its season of ballet at the end of the tour.

For their local appearance the Monte Carlo ballet will dance "Les Sylphides," "Le Beau Danube" and "Union Pacific."

The delicate beauty of Chopin's music is interpreted in "Les Sylphides." This ballet was created by Michael Folkin, dancer of the Imperial Ballet at St. Petersburg, as his answer to the challenge of conservatives that he could not produce a ballet in the classic style.

"Le Beau Danube" is a romantic adventure in charming old Vienna, set to the music of, of course, Johann Strauss. The ballet is the conception of Leonide Massine. The setting is a public park, showing trees, a curving road and an elegant carriage. Here come a traveling carnival, children, a dashing hussar and his former sweetheart, the street dancer. Love, tragedy and comedy are blended in this brilliant ballet.

There are still good seats on sale at the Civic Auditorium for as little as \$1.00.

**HOLLAND CHRISTIAN HIGH
WINS DEBATE DECISION**

The Holland Christian High school debating team was again victorious Friday afternoon when they met the team from North Adams High school in the second eliminations contest, sponsored by the Michigan High School Forensic association. Speeches were of eight minutes construction with four-minute rebuttals.

The Holland team, composed of Louis Groeneveld, Gordon Butler and Donald Warner, upheld the negative side of the question: "Resolved, that the federal government should adopt the policy of equalizing Educational opportunity throughout the nation by means of annual grants to the several states for public elementary and secondary education."

Prof. Harold Shuman of Grand Rapids Junior college was judge of the debate. The debate was held in the local school before an audience of 300.

There now are 16 schools left in the state eliminations. Holland being the only one in this section.

**Celery Growers
Organize Group**

A group of prominent farmers from Beersdam, Vriesland and Hudsonville, formed an organization for the purpose of cooperative buying such as fertilizer, celery boxes, chemicals and other celery-grower needs; also for the purpose of cooperative trucking. The following were elected officers: Gerrit Schreier, president, Beersdam, John Posma, vice-president, Vriesland; and Dick Schreier, secretary, Hudsonville. New members will be welcome and an increased membership is anticipated.

**Holland Shines
at Zeeland "Lit"**

(Zeeland Record)

Zeeland Literary Club members enjoyed a well planned program at the city hall on Tuesday afternoon. Music contributed much to the enjoyment of the program. Miss Evelyn Beach, faculty member of Hope College School of Music and graduate of Oberlin Conservatory of Music favored with a piano and trumpet solo and graciously responded to encores. She is the daughter of Mr. and Mrs. Chester Holland.

The program was presented by the Book Group of the club under the direction of Mrs. Howard Miller who briefly told of the four planned programs of the group: the Prose Literature and Medicine Men of China, already presented, and the World Peace and Music programs to be presented in the near future.

Miss Helen Clark presented an intelligent paper on the "Aesthetics of Prose Literature" embracing the general principles of Aesthetics, various forms of prose and poetry, and the relation of literature to life.

Mrs. T. A. Dewey discussed a list of outstanding recent publications in fiction and non-fiction and Miss Catharine Mersen of Holland's "Book Nook" spoke briefly of the outstanding value of books and reading in stimulating thought and enriching the mind and heart.

She said that much has been accomplished when a desire to read and own books has been developed. She emphasized that entertainment should not be the underlying purpose in reading but rather to obtain the moral lesson that lies hidden, and urged that more time be spent with worth-while books.

Winifred Boone of Zeeland student council spoke on pictures. The next club meeting will be March 12 and will be the annual meeting in the form of a supper at 8:30 o'clock in charge of the social committee. A past presidents' program will be presented in charge of Mrs. M. B. Rogers.

Mrs. H. Windemuller, who submitted to an operation at Holland hospital, is recovering at her home, 314 Central avenue.

Postmaster and Mrs. Edmund M. Cook, Mr. and Mrs. Ray Haas and the latter's brother-in-law, Mr. George Vrieling of Holland, enjoyed fishing for smelt the latter part of last week. The five motored to Crystal Lake near Beulah for the outing, going Friday and returning home Sunday afternoon. — Allegan Gazette.

**ONE LAD SPELLS
DOWN THREE SCHOOLS**

The Gibson and McClair school teachers and pupils visited the Douglas school last Friday afternoon at which time a spelling match and ciphering contest between the schools was held. The Douglas school won in both contests and it is interesting to note that Jack Simmons of the Douglas school "spelled down" all three schools. The Douglas school pleasantly surprised the visiting schools by furnishing them with dainty refreshments consisting of ice cream and cake. Posters good, healthy Americanism, we say.

**Car Crashes Into Rear
of Scrapper at Zeeland**

H. Prins of Holland, who is employed at the Dutch Woodcraft factory at Zeeland, had the misfortune of colliding with the city's power scrapper near the intersection of Main and Centennial Streets. The sleek which costed the windshield of the car Prins was driving, made vision practically impossible, except by looking out of the car door. Poor visibility resulted in a crash shortly before seven o'clock.

Mr. Prins, who is an elderly man, was not driving fast, and this fortunately saved those in the car from serious consequences. All were able to proceed afoot to perform their work in time at the factory.

Supp. Gerrit P. Rooks was operating the large city power scrapper in removing the heavy fall of snow from the street on Monday morning and was traveling toward the east just east of the intersection. As the car approached toward the rear of the scrapper, Mr. Rooks attempted to signal the driver but the driver was so intent on keeping in the road by using the street-light as a beacon that he failed to observe the signals. When Mr. Rooks realized that there would be a collision he jumped from the scrapper and thus escaped the point of danger.

The scrapper was not damaged, the car striking the left rear tire and steel frame. The car was considerably damaged so that it could not proceed on its own power. The right front axle was bent, the tire torn, the fender bent and the light damaged. The sudden and unexpected contact threw the men in the front seat forward onto the windshield, breaking the glass. The car was left at the street curb where a wrecker later picked it up.

**MICE AND MATCHES CAUSE
FIRE**

The house on the John Biller farm near Fennville caught fire but the blaze was discovered when one of the occupants noticed a smell of smoke. On investigation the cellar was found to be a mass of flames, which were extinguished with water from a tank fortunately near at hand. As there is no furnace in the cellar it is believed that mice gnawing matches, of which were some in the pockets of coats hung in cellar stairway caused the fire.

**FIND SKULL UNDER
7 FEET OF MARE**

A skull, twelve inches long and about four and a half inches wide, was dug up Wednesday in Watson township, Allegan county, in a marl pit operated by the FERA, and it is believed that it is the remains of a large bear. The skull was buried under about seven feet of marl, where it was found by FERA workers engaged in the pit.

It was turned over to John Killmaster, of the Allegan high school, who declared the skull in almost perfect condition. Most of the teeth remain and the canine tusks are about an inch and a quarter in length. It will be sent in to Ann Arbor for identification.

**Lugers School Student
Is Signally Honored**

Rural school Seal salesman Benjamin Bowmaster, pirate first class, is an explorer of no mean ability. Word came to Benjamin at Lugers school, near Holland, this week that he had sold more tuberculosis Christmas Seals during the recent exploration of "Mystery Island" than any other salesman in Michigan.

The Michigan Tuberculosis Association, in informing Benjamin of this fact, also awarded him the indoor baseball autographed by "Schoolboy" Rowe, Detroit Tiger pitcher, expressly for that purpose. His teachers, who managed the exploits and exploring of their youthful enthusiasts as they followed "Mystery Island," the Michigan Tuberculosis Association Seal-selling game, were Miss Lucille Doane and Mrs. Beulah Hazzard.

Despite Benjamin's heavy selling, this school did not place first in the county for the number of seals sold per students enrolled. This honor went to Rosy Mound school at Grand Haven and with it went the "Award of Merit" plaque, highest school recognition made in the tuberculosis Christmas Seal Sale.

Second and third in the county in the matter of per capita sales were McDeermen school of Coopersville and Midway school of Spring Lake. They each received a copy of the book "Healthland."

The sale of Seals by rural school salesmen reached history in 1934 by again increasing the amount collected over the year previous. It also led all increases of all methods used in the Seal sale, again from Mail Sale to that handled by Community Managers.

Mrs. Nick Hofstee was guest of honor at a surprise party Thursday evening when a group of friends gathered in honor of her birthday.

Mr. and Mrs. Randall C. Bosch and G. J. Bosch have returned from Chicago where they spent a few days.

**Sale Of Zeeland
Store Brings
Back Memories**

**FATHER OF ANGUS DE KUIF
WAS GREAT RACE
HORSE MAN**

One of the oldest firms in Zeeland has changed hands, Angus De Kruif selling his interests in the De Kruif drug store to John Poest and John Haan both of Zeeland. The store was established by Anthony De Kruif, better known to his many friends as Tony. The drug store was then in a frame building across the street or nearly so from the present brick structure built in later years.

Mr. Haan and Mr. Poest will continue to operate the local store as the De Kruif drug store in connection with their other store known by the public as Haan Bros. Nelson Staal of Grand Rapids will operate the De Kruif establishment. Mr. Angus De Kruif it will be remembered has just accepted a position on the state sales tax commission and is already on the job.

This sale and the mentioning of Tony De Kruif brings to mind that Tony had other interest besides drugs. He was a great lover of horse flesh and conducted one of the finest stables in Western Michigan. He not only raced horses but bred them. He had many fine trotting horses as well as pacers.

The most spectacular horse was named Roy, the most beautiful equine your editor has ever seen. Its head was shaped like a chestnut, but that horse won nearly everything in sight, not only in the local, but also the big circuit. In those days Holland also had its racing stables. Dr. Bill Van Putten, who also conducted a drug store on River avenue, owned Turk and Montague Roy, and had his stables where the Holland Printing Company is now located.

The Boone stables, owned by Manes Boone, were the largest, filled not only with local horses, but the Boone boys trained speed animals for others. The outstanding horse, of course, was the celebrated McKinley. Neal Ball, Magalee B. Camella and several others were in the lineup. The Zeeland horses as well as those from Holland racing at the old fairgrounds extending from Sixteenth street north, including the present Kollen's park taking in the sites of the shoe factory, sugar factory and other properties along the lake. Later when the fairgrounds were moved to the present site all these horses were on the track there.

Never was there so much rivalry between Zeeland and Holland as when Tony De Kruif's string of horses were pitted against Holland's stables.

Tony De Kruif was a pleasant character to meet. He had a host of friends and he and Mrs. De Kruif were most affable people and both had a great love for horses.

**DR. DANHOFF SPEAKING ON
ANTICHRIST TONIGHT**

Arrangements were made by the North Street Christian Reformed church, Zeeland, whereby Dr. Ralph Danhoff, pastor of the Fourteenth Street Christian Reformed church of Holland, delivers two lectures at the North Street church on the subject, "The Antichrist." These lectures will be delivered in the church auditorium, the first this Thursday evening, and the second on Thursday evening, March 14. All lectures begin at 7:45 o'clock. All interested in this timely topic are invited to attend.

**FARM WORK SOUGHT FOR
UNEMPLOYED**

Farm work for single and married men with families is now being sought by the Allegan county relief administration, according to an announcement made today by Fred C. Gallagher, who desires to place workers on farms wherever it is possible to do so.

Mr. Gallagher declared: "If any farmers in Allegan county are desirous of securing a good hand, if he will write to this office and tell what accommodations he can give, the amount of money he will pay, etc., we will see that he is provided with a good worker."

A review of data obtained about unemployed of Allegan county shows that there are a number of experienced farm hands out of work and that many are well qualified to hold down jobs on farms. It is hoped that with the beginning of spring work on farms a number of unemployed can be given jobs.

MUCH FISHING THROUGH ICE
(Allegan Gazette)

It seems as though there has been more than the usual amount of fishing through the ice this season. Every lake swarms with anglers and spearmen and the quantity of fish taken has been unusually large. Ice fishing is good sport when the fish are inclined to bite as they have been of late. Did you ever think what a great food supply comes every year from our lakes and streams? The amount is excessive and the food first class. What Michigan spends each year for propagation and distribution of fish is money well spent in the public interest. There have been some mishaps, one of them serious. This winter ice is a foot thick or more on the lakes but always there are some thin places. On a lake near Wayland a car broke through and poked its nose into mud entangling much labor for extrication. On Thornapple lake, Barry county, a car went clear through. Three men were drowned, one only escaping.

Celebrating her birthday, Laugh-van Victor entertained a group of friends at her home recently. Games were played and refreshments served. Those present were Miss Pearl Balch, Miss Anna Botis, Miss Betty Leontine, Miss Adelaide Maxman, Miss Clara Collins, Miss Victor, Lloyd Driscoll, Jack Leontine, Harvey Hays, Harris De Wit and Carl De Kruif.

LOCAL NEWS

A roof fire at the Alverson home at 26 West Third street Sunday evening resulted in nominal damage. Holland's efficient fire department responded to the alarm.

NEW TYPE POPCORN, COTTAGE CHEESE SHOWN

Farm women in Michigan are considering using more cheese, especially cottage cheese, in the diet since it can be easily made from skim milk, a product available on nearly all farms. This type of cheese is a carrier of all of the valuable milk solids excepting butterfat. Cream added to the finished cheese adds the butterfat.

The proteins offered by this type of cheese, together with the milk sugar and minerals are easily digested. Cottage cheese is as valuable, pound for pound, as meat. There is 18.3 per cent protein and 1.7 per cent mineral ash in the cheese. Approximately one pound of cottage cheese can be made out of each gallon of skim milk.

At a meeting, held in Allegan, it was stated that only a few important steps need to be followed in making this new popcorn type cottage cheese, which is gaining popularity.

The important steps in making this type of cheese are: First, tempering at 72 to 75 degrees F. a quantity of clean, fresh sweet skim milk. Second, introducing into this skim milk the proper lactic acid starter in order to gain the correct curdling of the skim milk. Third, slowly heating and holding this curdled skim milk at 115 degrees temperature for about 10 minutes. Fourth, washing with cold water the cottage cheese particles.

Instruction sheets and a bulletin on cottage cheese making are available from the dairy department, Michigan State college, according to A. D. Morley, county agricultural agent.

Cottage cheese is recognized as a very wholesome, nutritious, easily digested food, liked by people everywhere. It is an economical food, offering much value for the food dollar, according to Roberta Hershey, nutrition specialist, M. S. C.

All the home economics groups in Allegan county are taking part in a reading contest. Each type of reading matter scores a certain number of points, and if each member in a club gets at least 100, an additional 1,000 points will be given to the club at the end of the contest. Interest in this contest is running high and it looks as if the contest will be close one. D. MORLEY, County Agricultural Agent.

Miss Mulder received many beautiful and useful gifts.

Miss Mary Kossen has resigned her position as teacher of the primary room in the New Groningen school which she has held for the past eight years. Mrs. Van Dyk of Holland is now filling the vacancy left by Miss Kossen. Miss Mary Kossen returned to her home Saturday after spending the past two weeks at the home of Mr. and Mrs. N. De Boer during which time she was ill.

Mrs. John Van Voort of New Groningen had the misfortune of falling down some steps injuring herself severely, although no bones are broken. She is suffering severe bruises.

A corn-hog payment was made on Saturday, Feb. 23, to farmers in this vicinity. This business was transacted in the Y. M. C. A. hall at Forest Grove.

Mrs. Henry Van Dam of Forest Grove submitted to an operation for appendicitis at the Zeeland hospital Friday morning. She is recovering at this time. Before her marriage she was Miss Angeline Elenbaas of North Fairview road, Zeeland.

All 1935 corn-hog signers may purchase all the feeder pigs they wish from anyone, whether he is a contract signer or a non-signer.

The Usefulness of Bank Loans

—goes further than merely helping the borrower who obtains the loans.

BANK loans provide business enterprises with immediate cash for payrolls. They make possible the purchase of raw materials to keep manufacturing activities going. They enable merchants to buy goods to serve the public and thereby earn desired profits. They help the farmer to finance his crops and livestock during the growing season and to make wise purchases of needed material and equipment.

Because these credit functions are necessary not only to profitable operation for business but also to the comfort, welfare and health of all the people, the banker deems it a part of his professional obligation to grant sound loans to qualified borrowers.

Your family burial plot may be in a small or large cemetery. It may be in a beautiful park or a roadside country burial ground. In either case the grave of the dear departed should be, sooner or later, appropriately designated by a monument or some other memorial. No doubt we can advise you as to the best thing to do. Let us show you the design we have and give an estimate of the cost.

List a SAVINGS ACCOUNT among your Best Investments

A savings account is not in the truest sense a competitor of any other safe form of investment; it is the bubbling spring which feeds all other investments.

Nevertheless, a savings account belongs well toward the top of any list of desirable investments today. It is safe—each account is fully insured up to \$5,000 by the Federal Deposit Insurance Corporation. It is quickly available in case of need—many investments cannot be quickly converted into cash. It earns a fair rate of interest that is consistent with the safety, availability and service provided.

When you have a savings account in this bank, you have a safe investment that stands near the head of the list.

TO GLORIFY YOUR DINNER

By Jean Allen

Today, the big question is, how to make a dessert that is new, interesting, and yet easy to prepare, always keeping in mind the fact that it should harmonize and blend with the rest of the meal. We have all realized these requirements more or less, and have tried to live up to them, but in cold print they may seem even more baffling than when knocking around in the back of our heads.

It need not be so distressing a problem as it appears. What it calls for is a little system. A lot of complications vanish if we consider that a heavy meal requires a light dessert such as fruit, custard, gelatin, or salad-dessert, and a light meal can be rounded out with a pie, pudding, or upside-down cake.

Just to prove to ourselves how much variety can be coaxing out of a single can of fruit, let us consider the pineapple. Not long ago it was a luxury; now it is one of the cheapest canned foods, yet its high nutritive value, its fresh, inviting flavor, and its year-round availability make it one of the most dependable kitchen standbys.

If your main course is heavy, and you wish a delicate, not too filling sweet, try some of these "testing kitchen" recipes:

PINEAPPLE TAPIoca CREAM

3 tablespoons quick cooking tapioca 1/2 cup sugar
2 cups scalded milk 1/2 teaspoon salt
2 eggs, separated 1/2 cup diced or crushed pineapple

Add the tapioca to the milk and cook in a double boiler for 10 minutes, or until the top is transparent. Add the sugar to the slightly beaten egg yolks and salt. Combine by pouring the hot mixture slowly on the egg yolks; return to the double boiler, stir and cook until it thickens. Add drained pineapple and stiffly beaten egg whites. Chill and serve plain or with cream.

PINEAPPLE RICE CHARLOTTE

1 package cherry flavored gelatin dessert 2 cups milk
1 cup boiling water 1/2 cup sugar
1 cup uncooked rice 1 cup whipped cream
1/2 teaspoon salt 1 cup finely diced or crushed pineapple, drained

Heat the milk in the double boiler. Add rice and salt and steam until the rice is very soft, or about 40 minutes. Add the sugar to the rice and set aside to cool. Dissolve the gelatin with the boiling water. Chill. When both mixtures are cold and slightly thickened, combine them and fold in the fruit and whipped cream. Chill for several hours until firm. Serve plain, or with custard sauce.

PINEAPPLE PASTRY CIRCLES

One No. 2 1/2 Can Sliced Pineapple

Pie Crust

Roll pie crust 1/4 inch thick, cut in circles same size as pineapple slices. Arrange on a cookie sheet; prick and bake. Put together in pairs with the following cream filling:

1/2 cup sugar 2 cups scalded milk
1/2 cup flour 1 teaspoon vanilla or
1/2 teaspoon salt 1/2 teaspoon lemon extract

Mix dry ingredients. Add scalded milk gradually. Cook 15 minutes in double boiler, stirring constantly until mixture thickens, and afterwards occasionally. Add eggs slightly beaten, and cook 2 or 3 minutes longer. Cool and flavor.

Place a slice of pineapple on each, and garnish centers with halves of candied cherries. Pineapple may be cooked in its own syrup until soft. Yield: 8 servings.

PINEAPPLE UPSIDE-DOWN CAKE

1 No. 2 1/2 can sliced pineapple 1 cup brown sugar
drained 1/2 cup pineapple syrup

Place the butter, sugar and pineapple syrup in a skillet. Simmer for about ten minutes. Arrange slices of pineapple in the mixture and heat for five minutes longer. A maraschino cherry placed in the center of each ring makes the cake even more attractive. Make a plain cake batter of the following ingredients and pour over the pineapple mixture in the skillet.

1/2 cup butter 2 cups sifted all-purpose flour
1/2 cup sugar 2 teaspoons baking powder
2 eggs, separated 1/2 teaspoon salt
1/2 cup milk 1 teaspoon vanilla

Mix for a plain butter cake. Bake in a moderate oven (350°F.) for about 30 minutes. Turn on to a serving dish, pineapple side up; serve with whipped cream, or plain.

If you will send me five cents in stamps or coin, I will gladly send you a booklet on "Matching the Dessert to the Mood of the Meal." Address me in care of this paper, or at my office, 125 Government Square, Cincinnati, Ohio. Faithfully yours,

JEAN ALLEN.

Allegan County News

John Anderson, aged 65, of R. R. 8, is slowly improving at Holland hospital. He sustained serious injuries including a fractured skull which he received in a traffic accident Thursday night. Anderson was struck by an automobile driven by Julius Drost of Holland while walking along the East Saugatuck road south of the city.

John Timholt, age 84, died Thursday evening at his home on rural route 1. He leaves a son, Louis, at home and three brothers, Gerrit of Holland, R. R. 1, and George and Fred of Graafschap. Funeral services took place Monday at 1:30 p. m. at the Nibelink-Notker funeral home, the Rev. H. Blystra officiating. Burial took place in Graafschap cemetery.

The Rev. H. Van Dyke of Fourth Reformed church, Holland, preached in Ebenezer two weeks ago Sunday evening. Rev. and Mrs. Van Dyke also rendered special music. Rev. Schortinghuis of Ebenezer preached in Sixth Reformed church, Holland, Sunday evening.

Ebenezer visitors recently were Mr. and Mrs. Wm. Vonk, Holland, the guests of Mr. and Mrs. Gerrit Van der Vliet, Holland. Mr. and Mrs. John Helder guests of Mr. and Mrs. H. H. Boeve.

The Rev. J. F. Schortinghuis, pastor of Ebenezer Reformed church, Allegan county, celebrated his 39th birthday Thursday. In the evening while the minister was in Holland where he conducted the prayer service in Sixth Reformed church, the Ebenezer congregation gathered in the church basement and surprised him upon his return. Children of the Primary department sang "Happy Birthday to You," after which there was a brief program. Mrs. J. C. Van Leeuwen was chairman. During the program Mrs. F. Naber presented the birthday cake adorned with fewer candles than the minister's age, evidently because the minister's birthday falls on Leap Year. Elder J. H. De Witt, in the name of the church, presented the pastor with an autograph and a hall tree. The formal program was closed by singing "Blessed Be the Tie That Binds," after which there was a social hour and refreshments. The surprise was sponsored by the Ladies' Missionary Society of the church. Rev. Schortinghuis and his estimable wife have the love and respect not only of folks in Fillmore, but many in Holland are intimately acquainted with and think a great deal of them. The news extends to Dominie their hearty felicitations and many returns of the day.

Mr. J. C. Kremer, specialist in apiculture, will meet with beekeepers of Allegan county on Tuesday, March 12, at 1:30 in the court house at Allegan. Mr. Kremer will discuss spring care of the bees and obtaining the honey crop.

Mr. E. C. Sackrider, soils specialist from Michigan State College, East Lansing, will be in Allegan county Wednesday, March 13, at 2 p. m., at the court house in Allegan, to meet with former leaders of soil schools. Soils conditions and fertilizers will be discussed and the soils extension program formulated for the coming year.

The garage on the Victor Egelkraut farm two miles northwest of Fennville, was burned to the ground Tuesday. The fire started about noon and an alarm turned in to the Fennville department which re-

sponded quickly, but did not reach the scene until too late to save the building. They devoted their attention to saving the barn which was threatened.

Mr. and Mrs. John H. Crane, highly esteemed Fennville residents, observed their 64th wedding anniversary at their home Saturday with a family dinner. Those present were Mrs. Ethel Cole of Chicago; Mr. and Mrs. U. S. Crane; Mr. and Mrs. Blakeslee Crane; Mr. and Mrs. Elmer Knowlton; Mrs. Rena Pearson of San Pedro, Cal., another daughter of Mr. and Mrs. Crane, visited her parents last summer.

A shower was given at the home of Mrs. Ben Bakker, of East Saugatuck, honoring Miss Ann Bakker. Games were played after which a two-course lunch was served. Those present were the Misses Lillian, Roselle and Isabel Brink, Misses Gertrude, Catherine and Edith Bosch, Miss Johanna Slenk, Miss Henrietta Kotman, Miss Jennie Kuipers, Miss Margaret Dykstra, Miss Elsie Oetman, Miss Hazel Kool, Miss Minnie Lenters, Miss Hilda Bakker, Mrs. Harvin Zoerhoff, Mrs. Henry Kalmink, Mrs. Bernard Pieper, Mrs. George Kotman, Mrs. John Oetman, Mrs. Herman Bakker and Mrs. John Bakker.

It is about time for the newspaper correspondents to begin to kill off the fruit crop and even some dead peach buds. There is plenty of time for below-zero weather to give us a scare, but we must have something to worry over. In the spring we fear that there will be no fruit and then in the fall we fear that there will be no much fruit that there will be no price. Verily, the life of a fruit-grower is full of trials, tribulations and pleasure. Just now prospects are good.

Republicans of Saugatuck township will also hold a caucus. Roscoe L. Funk wants to be treasurer, according to announcement.

Republicans of Douglas have called a caucus Saturday, R. W. Clapp asks for the supervisorship at this caucus.

A miscellaneous shower was given at the home of Mr. and Mrs. Bakker of East Saugatuck in honor of Miss Anna Bakker, who will be a March bride. The guest of honor received many lovely gifts from the group present. Refreshments were entertained. Prizes were awarded to Miss Minnie Lenters, Miss Gertrude Bosch, Mrs. George Slenk and Mrs. Henry Kalmink. Others attending the party were the Misses Hazel Kool, Jennie Kuiper, Alice Bronkhorst, Ruth Everhart, Florence Johnson, Lillian Bank, Rosella Brink, Isabel Bunk, Kathryn Bosch, Edith Bosch, Henrietta Bosch, Margaret Dykstra, Bernice Schrootenboer, Elsie Oetman, Henrietta Kotman, Hilda Bakker, Mrs. Rhea Oetman, Mrs. Ben Bakker, Mrs. John Bakker, Mrs. Herman Bakker, Mrs. Bernard Pieper, Mrs. John Oetman, Mrs. Harvin Zoerhoff and Harold Oetman.

The Democrats of Saugatuck township are to hold a caucus this Saturday at the village hall at 2 o'clock. Township officers are to be elected. There is to be a merry scrap it is said.

Mr. A. C. Balse, dairy extension specialist, will hold a special meeting with Allegan county Jersey breeders at 10 a. m., Thursday, March 14th, at the court house in Allegan. The afternoon session will

"Peter Preaching to the Gentiles"

(Acts 10:34-48)

HENRY GEERLINGS

We may assume that we have only a fragment of Peter's sermon, but that is sufficient. The very first thing he did was to confess that he had held wrong notions about God and his great plan for the world. He had grown up to believe that the Jews were God's favorites and that the way of salvation was through Judaism. Now he dawned upon him that God did not play favorites; that rank and wealth and learning and family and race and color were not the chief things with him. His attitude toward man is not based on his external condition. In every nation those through reverence and good works showed a disposition to seek God were acceptable to him. This, of course, does not mean that they were saved by works, but had the right attitude of mind for the reception of the gospel message. Jews and Gentiles were on the same level. In other words, if men obey the light they have they will find God coming to them with largeness of heart.

The word of the gospel was first sent to the children of Israel. The method of its dissemination was through preaching. It was entrusted to heralds who went about telling the story of the life and work of Jesus. As they carried out their commission, announcing the forgiveness of sin through repentance and faith, those who accepted the terms of salvation were blessed with peace of mind and heart. It was only through the name of Jesus Christ that these blessings came; and since he is Lord of all it follows that Gentiles as well as Jews were in his loving thought and were, therefore, to be offered the unlimited benefits of the gospel.

Peter reminds his hearers that they were not altogether ignorant of the good tidings of peace, which tidings were preached in both Judea and Galilee, beginning with John the Baptist. It was inevitable that residents of Caesarea, especially if they were religiously inclined, as Cornelius and his friends evidently were, should not have heard of Jesus, whose preaching shook that whole land from end to end.

It was not merely a revival of religion that these men had heard rumors of, but of Jesus Christ Himself, whose name and person could not be divorced from that marvelous religious reformation. At his baptism God had anointed him with the Holy Spirit and with power, equipping Him for his work on earth; and it was in the power of the Spirit that He preached and

wrought. He was known by the good He did, especially by His cures. He had come to overthrow the dominion of Satan, hence His frequent conflict with evil spirits. The great works He did were proofs of the presence of more than human power.

Peter, speaking for his fellow apostles, said that they had been witnesses of what he had been talking about. To have been a witness was a condition of apostleship. They had been with him in city and country, place, and had seen him under all circumstances, and, therefore, could be faithful witnesses. But possibly when he mentioned Jerusalem he had reference to the tragic end of our Lord's life. What Cornelius and his friends heard Peter and his associates saw. But he does not make it clear that they saw Jesus nailed to a tree and crucified. The fact, however, he states. The Jews and Romans crucified Christ but God raised Him from the dead. After He came forth from the grave He manifested Himself alive, which was proof that He came out of the tomb. But He did not show Himself promiscuously to everybody as He had done when He was in the flesh. He showed Himself to His disciples so that they might have ample evidence for authoritative witness. He did not show Himself to unbelievers for the reason that they would not have believed on Him even if they had seen Him alive. The familiar intercourse provided through eating and drinking with Him would leave no trace of doubt in the minds of the apostles of the reality of His resurrection.

Peter was conscious as he stood before Cornelius of the authority of his Lord. He was commissioned to testify of what he had seen and heard. He was to declare the office and nature of Christ. The one he preached is Lord of all, Savior of all, and Judge of all. But the particular thing emphasized is His power to forgive the sins of all who believe on Him. This fact is witnessed by the prophets who predicted the Savior's advent and described his work.

What had happened at Pentecost now was duplicated. The preaching of Peter seems to have been interrupted by the sudden descent of the Holy Spirit. Indeed, it is apparent that there was a heavenly here in the acceptance of His power to forgive the sins of all who believe on Him. This fact is witnessed by the prophets who predicted the Savior's advent and described his work.

SUNDAY DINNER SUGGESTIONS

By ANN PAGE

THE best news possible for the opening of Lent is that salt water fish is plentiful and moderately priced. Eggs, too, are popular substitutes for meat and their price has declined some a dollar in the past week. The third most popular Lenten food is chicken. The price is low in proportion to its excellent nourishing qualities.

Most prices continue to rise with no hope of lower prices for from six months to a year. Regardless of religious practices fast, eggs and chicken are good foods to choose because they are among the cheaper foods at present.

Oranges, grapefruit and strawberries offer the best fresh fruit values; and green peas, beans and cauliflower the best green vegetable values for the week.

Here are three menus made up of reasonable foods adapted to different budget levels:

Low Cost Dinner

Veal Stew with Vegetables

Coleslaw

Bread and Butter

Ketchup and Mustard

Tea or Coffee

Medium Cost Dinner
