Slack Enters Separate Pleas On Two Counts

He Pleads Not Guilty To Robbery Armed, Guilty To Jail Break

GRAND HAVEN (Special) — Irwin Slack, 25-year-old Grand Haven man who was returned here Sunday from New York after breaking out of Ottawa County jail Feb. 7, pleaded guilty to jail breaking charges today in Circuit Court.

Slack, one of four to escape jail, had been held on a robbery charge. He had planned to plead guilty Feb. 8, but today changed his plea on that count and will stand trial during the April term. His sentence on the jail breaking count will be deferred until after his trial. Bond was set at \$5,000.

Slack told a reporter this morning he was sorry he had broken out of jail as soon as he was out of the building and wanted to go back up the rope. He was brought here from New York by Prosecutor James W. Bussard and Under Sheriff Harris Nieuwma. He had been picked up by FBI agents for driving a stolen car over the state line.

His original charge involved a case in which an ex-convict of Ferrysburg was assaulted and robbed. Three other young men and a 16-year-old girl also were involved. Slack had been in the county jail unable to provide \$1,000 when he broke out with three others.

Verne Smith, 18, of 485 Washington Ave., Holland, who pleaded guilty Feb. 25 to a charge of unlawfully driving away an automobile without intent to steal, was placed on probation three years. Conditions are that he remain in the state, keep employed and leave intoxicants alone. For the first year he will be restricted use of an auto to driving to and from work only.

Smith also was ordered to pay \$100 costs in 60 days, and make restitution to Municipal Court for probation violation of \$56 in 30 days. He also was ordered to leave \$10 with the probation officer toward making restitution of a typewriter which he sold in Grand Rapids which previously had been taken out of the Methodist Church in Holland. He further was ordered to pay \$5 a month oversight fees. The car in involved belonged to Ben Lubbers of Holland.

Frank Solis, 24, of 420 1/2 West 16th St., who pleaded guilty to the same charge although the amended information contained the words "assisted the unauthorized taking of same," was placed on probation two years, must remain in the state, keep employed, leave intoxicants alone, pay \$100 costs in 90 days and \$5 a month oversight fees. He also was required to leave \$10 for the purpose of the return of the typewriter.

Wesley Gordon Fiske, 29, of 414 Homestead, Holland, pleaded guilty to a charge of attempted larceny from a building and will return for sentence March 22. He is alleged to have attempted to rifle a cash drawer at the rear of a tavern owned by Edwin Lewendon at 22 West Sixth St. on March 5.

Howard Kahn of Grand Rapids, appearing on a bastardy case, was ordered to pay an \$88.50 hospital bill, a \$50 doctor bill and \$7 a week until the child is 17 years old.

Claude Baldrige Caught by Police At Columbus Home

Irvin Slack Returned To Ottawa County Jail By Officials Saturday

The arrest of 30-year-old Claude Baldrige late Friday night by police at his Columbus, Ohio, home completed the round-up of five prisoners who escaped from Ottawa County jail.

Edward Van Dusen, 30, California, was the first to saw his way out, alone, on Jan. 10. He

was also the first captured when Royal Canadian Mounted police placed him in custody on Feb. 14 in Regina, Saskatchewan, Canada. The next breakout occurred on Feb. 7 when Baldrige, Thomas Hills, 23, and his brother William, 25, Chicago and Irvin Slack, 25, Grand Haven, sawed their way out of the same second floor cell-block.

FBI agents picked up Slack in New York Feb. 19 when he went to pick up money at a telephone office which he had asked for in a telephone call to his father in Grand Haven.

Information furnished FBI agents by Slack led to arrest of the Hills brothers in Philadelphia the same day.

Slack was charged with driving a stolen car across a state line. The car was owned by Roy Dillinger, Grand Haven, who reported the vehicle missing the same night of the breakout.

U.S. District Attorney Wendell A. Miles arranged to drop the federal charge against Slack so he could be returned to face unfinished robbery charges in Grand Haven. He had been in jail on the charge.

Late Sunday Slack was brought back to Grand Haven by Prosecuting Attorney James W. Bussard and Under Sheriff Harris Nieuwma. Bussard and Nieuwma were to have taken Slack into custody Friday. Legal snafu delayed the transfer until late Saturday.

Slack first had to be released from federal custody to New York state authorities and then be turned over to Ottawa County officials.

Meanwhile, Miles Monday questioned Van Dusen who was again in federal custody in Grand Rapids. Van Dusen faces the original charge of transporting a stolen car across a state line and impersonating an Army sergeant. Miles said additional federal charges will be filed against the prisoner.

Similar legal problems that delayed the return of Slack may stall the removal of Baldrige. He faces federal charges involving a stolen car, investigation of burglary in Columbus, parole violation in Ohio, plus the initial charge he was held on involving the passing of a forged check in a downtown Holland store.

Miles indicated he would waive the federal charge, allowing Baldrige to be brought back to Grand Haven. It is also presumed Ohio authorities will also waive their charges.

Baldrige had already pleaded guilty to the forgery count and was awaiting sentence set for Feb. 8. He escaped Feb. 7. In Philadelphia a full federal docket forced at least a two-week delay in bringing the Hills brothers to Grand Rapids. One of the brothers had asked for a trial when arraigned on the federal count of taking a stolen car across a state line. Under the Dyer act they then must be returned for trial to the State where the theft took place.

The Hills had been waiting trial on burglary charges involving a break-in at Van's Supermarket Dec. 13, 1953 and the theft of an estimated \$1,200 worth of cigarettes.

Thomas was picked up by South Haven police Dec. 14 with the stolen cigarettes in his car. William was finally captured the following day in a South Shore Dr. home after he eluded dozens of police placed around his Sauganuck rooming house.

Stolen Car Recovered

A car owned by Glen Dalman, route 1, stolen from the Crampton Mfg. Co. parking lot sometime Tuesday night was recovered Wednesday in Argus, Ind. An 18-year-old AWOL soldier from Akron, Ohio, and stationed at Fort Knox, Ky., was arrested for the theft. It is believed the youth will be returned here by FBI agents to face federal charges of driving a stolen car across a state line.

Council Urges Lane Plantings All Summer Long

Service Stations and Motels Also Encouraged To Beautify Premises

Plans for encouraging local residents living on tulip lanes to keep lanes blooming all summer were outlined at a meeting of the Council for Civic Beauty Wednesday night at Holland High School. Miss Lida Rogers, who organized the council under supervision of the Holland Tulip Garden Club, presided.

In another area of planning, service stations have been approached with a view to beautifying the premises. Motels also are to be contacted, although it was pointed out that by the nature of the work, motels by and large do an excellent job of beautifying the premises since it is greatly to their advantage to do so.

John Benson and Mrs. Robert Kouw are co-chairman for tulip lane promotion in which residents are encouraged to make the lanes colorful the entire season. The city has been divided into four zones with divisions at River Ave. and 16th St.

Captains in zone 1 will be Mrs. Sandy Meek and Mrs. William Plum; zone 2, Mr. and Mrs. Fred Bulford; zone 3, Mr. and Mrs. Lester Phillips; zone 4, Mrs. Dorothy Deridder and Mrs. Nelson Bosman.

Suggested plantings for tulip lanes are petunias, dwarf marigold, salvia, sweet alyssum, ageratum and portulacas. Suggested plantings for gas stations, motels and yards are petunias, giant zinnias, African marigolds, tuberous rooted begonias and corner plantings of dogwood and flowering crabs.

It was pointed out that tulips should be thoroughly died down before the yellowed-brown foliage is removed even though the lanes might look unsightly for a time. Other plants should be made between the tulips or after the tulips have died. Other general plantings may be made as soon as danger from frost is past and planting stock is available.

Water Tank Work Starts Monday

ZEELAND (Special) — City Superintendent Leon W. Sears announced today that work on the new 500,000 gallon water tank will begin Monday.

The contractors, Paas and Paas Co. of Spring Lake, were delayed three weeks in starting because of the death of a crew foreman. The new date was set after a conference with Alfred Hanson, consulting engineer, and city officials.

The tank is an integral part of the new \$285,000 water expansion project which has been under construction more than a year. Water mains have been laid throughout the west end with the exception of Franklin and Washington Sts., yet to be completed.

Four wells were also sunk near Riley Rd., with a large pipeline to the city tank. The \$94,000 tank is a mushroom type elevated structure. Foundations are already down on the Vanden Bosch property near the east limits of town.

The Pittsburgh-Des Moines company has sub-let the job, with steel already arrived and on the site. About two months are needed for construction, according to Sears.

Pollution Suit Hearing Delayed

ALLEGAN (Special) — A hearing on a motion to dismiss the suit for injunction against alleged polluters of the Kalamazoo River has been adjourned until March 26, according to County Clerk Esther Hettinger.

Attorneys for 10 Kalamazoo river valley paper mills and the cities of Kalamazoo, Parchment, Plainwell and Otsego are seeking to dismiss the suit for an injunction in the grounds that the Water Resources Commission, not the Allegan Circuit Court, has jurisdiction in the matter.

Leo W. Hoffman, Allegan attorney who is representing more than 100 property owners in the suit, claims that Circuit Court has full jurisdiction and argues that attorney general's opinions and supreme court rulings support his stand.

Hoffman said: "There would be no question of jurisdiction in the matter if my clients had asked for damages as a result of river pollution. But we aren't interested in getting money for what has already happened, we are simply fighting to make sure that it will not continue to happen."

Two Divorces Granted

Escapees Face Return to State

The two Hills brothers, who escaped from Ottawa County jail Feb. 7, will be returned to Western Michigan to face charges, District Attorney Wendell A. Miles said Friday.

Miles said it will be at least two weeks before necessary legal action will be complete to bring the Hills brothers back from Philadelphia where they were captured by FBI agents Feb. 19.

Thomas, 22, and William Hills, 26, had originally been slated to be tried in the Quaker City on the federal charge of driving a stolen car across a state line.

One of the brothers demanded a trial when arraigned. Under federal law they then must be returned to a federal court holding jurisdiction in the area where the car theft occurred.

The two are charged in the theft of a car belonging to Roy Dillinger, Grand Haven. The car was later found abandoned in Wooster, Ohio.

The Hills brothers were in jail awaiting trial on burglary charges involving Van's Supermarket in Holland. The two along with Irwin Slack, 26, Grand Haven, and Claude Baldrige, 30, Columbus, Ohio, all escaped at the same time.

Slack was picked up in New York on Feb. 19. He furnished information that led to capture of the Hills. The tip that led to Slack's arrest was reported to have been furnished by his father when Slack called Grand Haven asking for money.

Baldrige was still being sought by FBI agents.

New Girls' Gym Teacher Hired At Holland High

Holland High School and Junior High School have a new girls' gym teacher in the person of Mrs. Barbara Ambellas, it was announced at the monthly meeting of the Board of Education Monday night.

Mrs. Ambellas, who arrived here a week ago, is a native of Paola, Kan., and she received a B. S. degree from Oklahoma A&M. She has had 10 years teaching experience, is married and has a five-year-old son.

In other business, the board voted to set aside \$50 per student of grades 9 through 12 based on average daily membership as of March 1, for the secondary school building and site fund. This amounts to approximately \$60,000 which will be turned over for investment, less \$7,000 which the board spent last month for purchase of additional property adjoining the high school site at 24th St. and Van Raalte Ave.

The board took official action in naming one of the elementary schools Van Raalte School instead of Van Raalte Ave. school. Supt. Walter W. Scott discussed building developments at the Van Raalte addition and discussed plans for the fifth elementary school, also the proposed two-room addition at Longfellow School. He also spoke of some of his experiences at the recent convention of school administrators which he and Trustee Vernon D. Ten Cate attended.

The next informal meeting of the board will be held March 22 to discuss work of school principals. The possibility of including horticultural therapy in the curriculum of the fifth elementary school was discussed briefly.

All trustees were present with the exception of Ten Cate and Lester Kuypers. Mrs. John K. Winter, president, presided. Trustee James Hallan gave the invocation. The meeting lasted two hours.

HOW NOW, BROWN COW — The barn on the Charles Brown farm east of Allegan on M-118 got crowded in a hurry when a five-year-old Guernsey gave birth to triplets. With 23 cows on hand, the unusual multiple birth brought the total number of calves to 13 and there were more due this week. The triplets' mother

previously gave birth to twins and a bull calf. The Browns had long-term plans to enlarge the barn, but they now agree the remodeling will have to come sooner than planned. Dr. S. B. Graves said it was the first case of triplet calves he's run across in more than 50 years as a veterinarian.

Russell DeVette Accepts Position As Coach at University of Maine

Russell B. De Vette, 31, director of athletics at Hope College since June 12, 1953, has been named head basketball coach at the University of Maine at Orono, Maine.

The university announced Tuesday that DeVette also will serve as assistant football coach when he assumes his new post in the fall. He will leave Holland some time in August.

DeVette succeeds Rome Rankin as head basketball coach. Rankin, director of athletics, has served as basketball coach on a temporary basis. DeVette was offered the job at the Maine school last summer but turned it down at that time.

DeVette has carved out an outstanding record as both basketball player and coach at Hope College. He came to Hope from Muskegon High School in 1941. At Muskegon he was captain of his team in his senior year and was named to the All-Southwestern Conference team. He earned two letters apiece in baseball and basketball at Muskegon.

Coming to Hope, DeVette started right out to make a name for himself as he won all MIAA conference honors as a center on the All-MIAA squad. He was one of Coach Milton Hinga's noted "Blitz Kids" in 1943 along with Don Mulder and Gabby Van Dis.

His college career was interrupted by a three-year stint in the Marine Corps from 1943-1946 when he served at various locations in the United States, including a year at Denison College, Ohio.

While at Denison he played basketball and was named to the All-Ohio team in that year. He also earned honorable mention on an All-American team. While serving in the Marines he also played basketball with the Pacific Fleet Marine Corps team.

He received his discharge in 1946 and re-entered Hope College where he paced his team as the highest scorer in the MIAA. His 328 points in 20 games—an average of 16.4 points a game—earned him the Randall C. Bosch "most valuable player" award.

He graduated from Hope in 1947 with a B.A. in history, and went on to the University of Michigan where he earned his master's degree in physical education.

He returned to Hope to teach physical education and coach basketball, track and assist Al Vanderbusch as backfield coach in football.

He was recalled by the Marine Corps as a second lieutenant in 1951 and served 18 months. He was discharged as a captain and still holds his commission in the Marine Corps Reserves.

He has been chairman of the athletic and physical education department at Hope, backfield coach in football, varsity baseball coach and athletic director.

DeVette is married to the former Doris Koskamp (Hope '50) and they have two children, Christie Rae, 3½ and Lynn Denise, 2.

Bussard Delays Examination

GRAND HAVEN (Special) —

Two fired State Highway Department officials originally scheduled for examination today on charges of conspiracy to defraud now will have to wait until March 31. James Bussard, Ottawa County prosecutor, said the delay was requested by himself and attorneys for G. Palmer Seeley and Ronald V. Kennedy, both of Grand Rapids, to give more time to preparation. Municipal Judge Louis Osterhouse set the new date Tuesday and continued bonds of \$2,000 for Seeley and \$1,000 for Kennedy.

The charges against the two resulted in the alleged acceptance of \$300 from each of two Ottawa County farmers in right-of-way purchases. Seeley, 53, is former head of the Grand Rapids district land buying division of the Highway Department and Kennedy, 43, was Seeley's assistant.

Postponement of the examination of Seeley and Kennedy means the first case in court resulting from a widespread investigation of right-of-way purchases of the Highway Department in Western Michigan will be one against Seeley and Mrs. Lois Porter Moon Ley, Muskegon real estate operator.

Seeley and Mrs. Ley are scheduled for preliminary hearing in Muskegon Municipal Court March 22 on a charge of conspiring to defraud the state and property owners of \$90,000.

Woman's Club Speaker Gives Decorating Advice

Willard A. Bergey of Battle Creek told his listeners to "leave friend Inez at home" when they go to consult an interior decorator about doing their home. The speaker addressed the Woman's Literary Club Tuesday afternoon.

Confusion seems to be the word usually suggested when a woman decides to redecorate, the speaker said. "Where shall I begin?" is the first question. His answer is generally, "What do you like?" "What colors do you like?"

A house should represent the owner. What the house is used for makes a difference in how it is to be decorated, he said. Color is the basis of decorating, with colors indicating personality of the person.

"Don't do what everybody else is doing," Bergey said. He cited the example of Venetian blinds and how, not long ago, everybody had to have blinds if they were suitable or not. He told his audience to dare to be different and express themselves.

Going into detail, the speaker described different shaped rooms and told how each could be decorated to the best advantage. He told about the French Provincial, Victorian, traditional and modern or contemporary furniture.

In his former capacity as a window decorator for a large department store, Bergey said people could only absorb one idea, see only one thing. "Be simple in your decoration," he said.

Bergey told several amusing incidents as owner and operator of a shop in Battle Creek. He recently was awarded a membership in the American Institute of Decorators, an honor bestowed only after a decorator has gained stature in his field.

Concluding his talk, Bergey showed samples of some of the newest materials, explaining the cost and emphasizing that interior decorating is not necessarily expensive.

Mrs. Bruce Van Leuwen, club president, introduced the speaker and made several announcements about club policy, membership and leaves of absence.

ADULT EDUCATION

Recently according to a press
release Western Michigan college
of Education and the Michigan
Action committee for Adult Edu-
cation held a meeting at Kellogg
center, East Lansing. Purpose of
the meeting was to help those in
attendance to arrange and con-
duct community meetings on adult
education.

The Michigan action committee
is trying to promote better under-
standing of adult education and
its purposes for helping individuals
and communities to help them-
selves through education. Some of
the background material and we
quote: "Adult education is a fun-
damental necessity in a democra-
tic society. The basis of a democ-
ratic order is an informed, well-
adjusted, productive citizenry. To
be informed, our people must be
concerned about the problems
which face the community, the
state, the nation, and the world.
As means of disseminating infor-
mation regarding these problems,
well adjusted citizens must be
provided opportunities to satisfy their
vocational, avocational and recre-
ational needs. They must be pro-
vided with opportunities to main-
tain and improve their relation-
ships with others in the family, on
the job, and in the social activities
of the community in which they live.

These opportunities must be pro-
vided for adults at all age levels,
including the later years of retire-
ment and old age. A productive
citizen must be provided with
opportunities for the development
and application of vocational and
professional skills in order that he
may provide for the security of his
family and develop a sense of
pride in his contribution to the
vocation or profession in which he
is engaged.

The basic educational objective
of a democratic society is to pre-
pare its citizens (both as individ-
uals and as members of organized
groups) to adjust to change by
peaceful and democratic processes
designed to maintain the principles
expressed in the Bill of Rights
and to protect the freedom of the
individual citizen."

We thought that you might be
interested in this part of the Adult
program that can be found in
many places such as public
schools, libraries, many colleges
and universities.

There are many state organiza-
tions to list a few such as coop-
erative extension with county and
home demonstration agents in
Michigan. Thus the Michigan
Action Committee composed of 33
persons is planning a statewide
adult education movement. All
of these educational programs
should help.

With all of our problems today
it seems that we adults can stand
more education just as well as our
younger people.

Jesus Faces the Cross
John 12:20-32
By Henry Geerlings

The Greeks who came express-
ing a desire to see Jesus were sin-
cere petitioners. They were of the
intellectual people who had pro-
duced great philosophers and
teachers in the past. Perhaps
these men, too, enjoyed things
that appealed to the intellect. It
is thought by some that they were
Jewish proselytes, people who had
been converted to the Jewish faith.
Be that as it may, it is evident
there was some reason why they
wished to see Jesus.

Perhaps their aspirations were
entirely earthly. It may be that
they wished to see Jesus to take
him to their country and make a
god of him as the heathen sense.
But if they were Jewish proselytes
this can hardly be the case. It
seems more likely that they had
found Mosaic Judaism as lived at
that time an empty form, and now
they were looking for something
that would satisfy. Having heard
of Jesus they came to see if per-
haps they could find it in him.

This visit of the Greeks occur-
ed during the last week of our
Lord's life. It was after His
triumphant entry into the city. It
was at the time of the Feast of
the Passover. At that time many
people came to the city to share
in the Passover services. Prose-
lytes and devout men of other na-
tions were accustomed to come to-
gether, to learn and to worship.

These Greeks belonged to that
class. They had heard of Christ
and His miraculous powers and
words of wisdom and love. Desir-
ing to meet Jesus they approached
Philip, who had a Greek name.

As we read this account we
are rather surprised that our
Lord did not give the Greeks a
direct interview. On other occa-
sions He was the most accessible
of persons. He was always ready
to listen attentively to any one
who came to Him, and give him a
ready answer. But here He asks
no questions about the Greeks. He
begins to talk about His imminent
death upon the cross. It is evident
that our Lord was showing no dis-
courtesy. He had justifiable rea-
sons for doing and speaking as He
did. He was giving them and all
others who would see Him an
adequate answer.

His answer is found in the dis-
pensational teaching of the Scrip-
tures. These Greeks were Gentiles
and our Lord was first of all a
minister of the truth of God to
confirm the promises made unto
the fathers. He is not saying there
is no salvation for the Gentiles.
Far from it. He is saying that
His first ministry is to the Jews
as their promised Messiah, and af-
ter His death on the cross He will
have a worldwide ministry to the
Gentiles. He will draw all men
unto Him.

It was the coming of the Greeks
that reminded our Lord of His
sacred death that was immin-
ent. He began to give to His dis-
ciples an exposition of its mean-
ing. The glorification of the Son
of Man was to come through His
death. That was going to make
possible a great harvest of souls.
His death was the focal point of
His ministry. We are not saved
by His bloodless life. That was a
witness to His deity and was an
example to be followed by all who
are saved by His blood.

Nor are we saved by His teach-
ing. His teachings are for those
who have been redeemed. A grain
of wheat may be beautiful, perfect
in form and content, but as long
as it is not buried in the soil and
alive it produces nothing. So our
Lord in His death bore the penalty
for the sin of the world. He died
under its judgment. But He arose
and set free a resurrection life
that is available to all who believe
in Him and will receive it.

Christ also knew that one of the
issues of His atoning sacrifice
would be the bringing in of other
sheep of another fold which He
must bring in. The visit of the
Greeks forcibly reminded Him of
this. They were Gentiles by birth
who had adopted the Jewish reli-
gion and had submitted to its
rites. Their quest brings home
very vividly the fact that the
great hour has come when by His
death the door of the kingdom
will be opened to all believers.

He would be glorified in this
statement of the kingdom, in the
vast number of Gentiles who would
be redeemed by His crucifixion.
Just as the grain of wheat must
die if it is to be multiplied so
Christ knew that only by His
death could the kingdom be multi-
plied by the ingathering of the
Gentiles.

Hawks upset the Spartans, 7-6.
Jack Steigenga was high for the

Maroons Versus
Fremont Friday:
Score Hits 51-22

KALAMAZOO (Special)—Hol-
land Christian moved into the
semi-final round of the regional
tournament at Kalamazoo Col-
lege Tuesday night by taking an
easy 51-22 victory over a badly
outclassed Portage quintet. The
Maroons will now meet potent
Fremont Friday for the right to
play in the Saturday finals.

In tonight's action at K-college,
Buchanan, one of the tourney
favorites, takes on East Grand
Rapids. The winner will meet
Plainwell on Thursday, with the
victor moving into the finals.

Coach Art Tula's Maroons
weren't even extended Tuesday
night as they posted their 15th
straight victory. From the open-
ing whistle, the Portage Mustangs
never posed a threat to the taller
Dutch. In fact Tula used 12 men
in the contest, with most of his
regulars playing little more than
a half the contest.

The Dutch were not unusually
sharp Tuesday night as it took
them some time to get accus-
tomed to the Treadway floor. The
locals couldn't be accused of being
"hot" on the basket as they hit
19 out of 70 shots from the field
for a 27 per cent average. Had
the Dutch connected on the easy
scoring opportunities which they
missed the score could have zoomed
to a whopping total. All but
one of the 19 baskets were scored
close in, as the locals did very
little outcourt shooting.

Rebounding and a sound team
defense were the answers to the
victory over the Mustangs. Paced
by Carl Edwards, Ken Scholten,
Rich Sharda and Sophomore Dave
Vander Hill, the Mustangs never
had a chance on the boards. In
addition many of the Maroon
baskets in the first half came on
rebound shots. Vander Hill who
played a half of the contest turn-
ed in a great performance, con-
sidering that it was only his
fourth game with the varsity. He
poured in seven markers on a fine
variety of shots.

Rich Sharda, for the Dutch,
turned in another sparkling per-
formance as he led his club with
15 markers. He drove hard and
was fouled when he didn't go all
the way. In his nine foul tries, he
sunk seven.

Once again the Dutch defense
was good, as they repeatedly
knocked down would-be Portage
shots. The Mustangs were able to
collect only seven baskets, three
in the first half. Portage never
did get an offensive rally going
at any time during the contest.

Christian scored on the opening
tipoff and never trailed after that.
Midway in the quarter they led
10-1, which they upped to 13-5 at
the end of the stanza.

The Dutch did some running in
the second period, but weren't
able to connect with any regular-
ity, despite the fact that they
were beating the Portage defense
on every occasion. The Maroons
steadily increased their margin
until they had a 27-9 bulge at
halftime. Substitutes were in the
game for the Dutch midway in
the period.

It was mainly a free throw bat-
tle in the third quarter, with
neither club doing much scoring
from the field. Christian had the
better of the argument, however,
as they outscored the Mustangs,
12-7 to lead 39-16 going into the
final eight minutes.

Reserves of both squads played
much of the final period which
saw a lot of floor violations and
foul shooting. The Dutch again
managed to outscore the Portage
crew 12-6 in the last period.

Following Sharda in the scoring
column, came Edwards with
nine, all scored in the first half.
Bob Fletcher led his Portage club
with six tallies. Christian hit an
even 500 in the foul shooting de-
partment, collecting 13 out of 26.
Portage hit eight out of 19.

Fremont, the club the locals
meet on Friday, has compiled an
excellent 16-4 record so far this
season, and won the Grand Haven
district tourney.

Padnos Highway Signs Attract Much Attention

The Louis Padnos Iron and Metal company has experienced an unusually strong response to the three billboards which they erected last November at the outskirts of town. What was conceived to be a local plug for safety on the highway has received wide notice in the press and from readers and drivers as well. The boards were designed to be in the theme of highway safety to the scrap business by the picture of a wrecked automobile, accompanied by the sentence, "This kind of scrap we can do without—Drive Carefully."

"As soon as the signs were erected, calls began to come in," said Seymour Padnos. "Many of our acquaintances called to congratulate us, and even a few strangers. Descriptions of the signs have appeared in about a half dozen of our trade publications, and the writeups have resulted in a number of letters commending the effort. I guess that it shows that even a small effort to pitch in on the safety fight is widely appreciated. Who would have guessed that we would receive a request from up in Canada for permission to use the same idea on billboards? Of course we gave them permission to use it in any way they could," Padnos commented.

He has received several requests for use of the idea by other scrap dealers at scattered points in the United States. And he reports that the Institute of Scrap Iron and Steel, a national body representing scrap dealers wrote a letter on the campaign calling it "a fine example of the good work that can be accomplished by the dealer in his locality." Comment was also made on this in a speech at the national convention held in Washington in January, and a picture of the billboard was displayed at the convention. "All in all," says Padnos, "we were indeed gratified to realize that if so many actual calls and letters were received, then the boards must have made considerable impression. In fact, one man from California whom we met at the convention, said, 'Oh, yes, you're the 'this kind of scrap we can do without' man'. We only hope that it may do even one thing to stop accidents."

The first submarine that actually sank another vessel was during the Civil war. It sank the Union frigate Housatonic in Charleston harbor.

Lake Michigan Level Now Low

Lake Michigan's February level of 580.46 is 70 feet under the February, 1953, reading of 581.16 feet and only .33 foot above the average compiled by the U. S. Lake Survey of the U. S. Army Engineers.

Extreme February low of 577.35 feet occurred in 1926 and extreme high of 582.86 occurred in 1860. The latest February report is 1.96 feet above low water datum, the plane to which depths in federal navigation improvements and on Lake Survey charts are referred.

Lake Michigan receded .06 foot from January to February, compared with a .02 recession for the entire period. The probable March level will be 580.6 feet considering the average rise of .08 foot for the entire period.

Predictions for March levels, based on current trends in precipitation and lake levels, show that Lakes Erie and Ontario have started their seasonal rises and that Lakes Michigan-Huron are at or near their winter low. Lake Superior is expected to decline further from February to March and Lake St. Clair, unless there is further jamming of ice in the St. Clair river, should begin the seasonal rise.

Prediction of month to month changes in the level of Lake St. Clair during the winter months is less reliable than the other lakes because of the effect of ice conditions in the inflow and outflow rivers. Lake St. Clair, being small, rises rapidly when ice jams in the Detroit River and, conversely, falls rapidly when supplies are reduced by ice in the St. Clair River.

Holland In 1917

(Following is the 586th in the series of articles taken from news of the Holland Daily Sentinel published more than 35 years ago.)

If there is any person in Holland who has not been personally seen by the committee in the bond campaign, it is not the fault of the committee, began a story in the Saturday, Oct. 27, issue of the Holland Daily Sentinel published in 1917. A big boost was given to the Holland total today when the De Pree Chemical company subscribed \$25,000 for the corporation. Also today the Holland Sugar Company increased its subscription for Holland from \$25,000 to \$50,000.

The Ottawa County Board of Supervisors through a special committee, has made advances to Allegan county and to Muskegon County looking to perfecting a plan whereby the three counties may join together for the purpose of building a joint Tuberculosis sanatorium.

Some 25 veterinary surgeons from the four counties of Ottawa, Allegan, Muskegon and Kent attended the regular quarterly meeting of the Western Michigan Veterinary Medical society at Zeeland City Hall Friday. Dr. Mix of the Grand Rapids Veterinary College and Dr. Hays of Bureau of Animal Industry, at Kalamazoo, gave interesting and helpful talks.

Wednesday evening, Oct. 31, the six Christian Reformed Churches in Holland will celebrate the 400th anniversary of the Reformation with a union meeting in the Central Avenue Church.

Miss Florence Landon of Allegan, daughter of Mrs. Philip Padgham, left New York City for France in August, a part of 65 nurses going then. Miss Landon is located with Base Hospital No. 9, American Expeditionary Forces.

Holland came across with a total Liberty Loan subscription of \$632,150, which is more than \$150,000 in excess of the maximum allotment for this city, began a story in the Monday, Oct. 29, issue.

The Rev. D. R. Drukker of Kalamazoo, to whom a call was extended by the Third Church of Zeeland, was here in person Thursday evening to acknowledge the call.

William H. Bertsch, a West Point graduate from Holland several years ago, now stationed in the Quartermaster department at Washington, D. C. has been promoted from lieutenant colonel to colonel.

Some of the merchants of Nunica donated material for a fine new flag for the village flag pole. Mrs. Ed Brown made the flag.

Ned Lacey of Holland has been ordered to Mineola, Tex., to the flying fields. Mr. Lacey was stationed at Princeton, N. J., but was given five hours to prepare for a departure to Mineola where active service in flying will begin, preparatory to going to France.

The merchants of Coopersville will unite and have a cooperative delivery service beginning Nov. 5. Neal Dornbos will deliver goods for all the stores who have entered into the agreement.

The celebration of the 70th anniversary of the First Reformed Church caused large and enthusiastic audiences to fill the spacious auditorium to its utmost capacity. The Rev. Jacob Van Houte, of Boyden, Iowa, who succeeded Dr. N. M. Steffens in 1892, and labored for eight years, and the Rev. S. Vander Werf, who followed the former, remaining with the church about four years, and the only ex-pastor still alive, were both present. Dr. Dosker, having supplied the church consecutively for over a year, between the ministries of Rev. Vander Werf and Rev. Veldman, also honored the church by his presence.

The Zeeland Boy Scouts Organization gained an enviable record in securing subscriptions for the Second Liberty Loan at Zeeland a last week. The troop, consisting of 25 Scouts, worked so diligently during the special Liberty Loan campaign conducted by the Boy Scouts of America Oct. 20-25 that they secured a total subscription of \$20,250. One Scout alone, Carl Cook, secured \$10,500 worth of bonds while Gordon Van Eenennaam and Kenneth De Pree were two of three Scouts who secured amounts in excess of \$1,000.

The Century Club enjoyed an interesting program Monday night at the home of Dr. and Mrs. A. Knoelhuizen. Mrs. George E. Kollen gave artistic interpretations of "Marrying for a Living."

That the cost of living in Holland is not higher than the other 43 cities in Michigan from which prices were listed by the State Dairy and Food department is shown by a detailed comparison of the lists.

Hope College Wins State Men's Oratorical Contest

In keeping with its tradition of producing good orators, Hope College placed first in the men's contest of the Michigan Intercollegiate Speech League which staged its annual competitions on Hope Campus Friday afternoon and evening.

Bruce Van Voorst, Holland senior, won top honors for his oration on "The Clock," speaking on the perennial peace-war problem especially in the light of his experiences as community ambassador to Austria last year.

Donna Raymer, Belding junior, Hope's representative in the women's contest, survived the elimination contests but did not place among the first three in the finals.

Colleges participating were Albion, Alma, Calvin, Central Michigan, University of Detroit, Detroit Institute of Technology, Kalamazoo, Michigan State, Michigan State Normal, Western Michigan, Hillsdale, Ferris Institute and Hope.

Dr. William Schrier, head of the speech department at Hope College, pointed out it was the third time in four years that Hope College took first in the men's division. Other winners were Guy Vander Jagt and Donald Lubbers.

As winner, Van Voorst will represent Hope College at the Interstate Oratorical Association contests in Evanston, Ill., April 22 and 23.

Other winners in the men's division were, second, Andrew Rienstra, Calvin College, "Make the Most of It," and third, Robert E. Lee, Wayne University, "A Dangerous Way of Life." Rienstra's father won the contest in 1928, also representing Calvin College.

Women's contest winners were, first, Kippy Voorhees, Kalamazoo College, "The Case of the Little

Lost Sheep;" second, Barbara Jo Parham, Western Michigan College, "No. 1 Menace;" third, Catherine Reagan, University of Detroit, "The Vanishing Freedom." Miss Voorhees and Miss Parham who attend different colleges in Kalamazoo come from the same home town and attended the same high school.

First place winners received gold medals, second winners, silver medals, and third place winners, bronze medals.

Contestants were judged on the coach-judge system in which the coaches judge all contestants but their own. Two additional judges are provided by the constitution. Coaches were Dr. Schrier, Hope; Grant Wessel, Michigan State Normal; Robert Baker, Wayne University; Dr. Al Becker, Western Michigan College; Mrs. Harold Mikle, Alma; Melvin Berghuis, Calvin; Dr. Herbert Curry, Central Michigan. Other judges were Hero Bratt of Holland Christian and Harold Wisner of Ferris Institute, league director of oratory. Ferris did not enter the contest this year.

Of eight judgments, Van Voorst received five firsts, two seconds and a third, plus the handicap of speaking first.

It was the 47th annual contest for the women and the 57th annual contest for the men. Contestants were guests at a dinner Thursday night at which Robert Dethmers, vice president of Pi Kappa Delta, served as master of ceremonies. Dethmers also presided at the afternoon contest and his father, State Supreme Court Justice John R. Dethmers, presided in the evening. There were large crowds both afternoon and evening and college hosts were more than pleased with the response.

Garden Club Discusses 'Beauty in the Unusual'

A discussion on "Beauty in the Unusual" featured the program at a regular meeting of the Holland Tulip Garden Club Thursday afternoon in Third Reformed Church. Mrs. J. J. Brower served as chairman and Mrs. Carl Cook, Miss Gertrude Stokette and Mrs. Jerena Rooks took part.

Mrs. Cook discussed forced pussy willows which she said will grow in anybody's yard but they should be trimmed back every year to produce large shoots. Mrs. Rooks displayed some forsythia which she had forced.

The discussion led to shrubs and flowers and suggested plantings. Magnolia which blooms in May should be planted in loose soil since the fleshy roots need air. Forsythia, an early blooming shrub, is nice with an underplanting of daffodils. Under the daffodils a planting of primroses is lovely in the spring.

Flowering dogwood is being promoted as one of the better native ornamental trees. The rosebud tree blooms at the same time and the highbush blueberry is being used increasingly in home garden planting. Rhododendrons and evergreen azalea bloom together in a great show and begonias bloom at the same time in a shady place.

Panel members pointed out that there are 800 varieties of flowering crab which range in color from white through pink to red. The Beauty bush with its pink blooms grows to about 10 feet and survives beautifully in poor sandy soil.

The discussion on flowers turned to iris and the new pink iris now being developed, and the many new varieties of roses, peonies, phlox and gladioli, the latter described as the poor man's orchid.

The particular message of the program was "Increase your outlook on new plants instead of sticking to the same old thing." Miss Lida Rogers reported on work to date by the Council for Civic Beauty naming beautification at gas stations and motels.

HERE IS AN ORPHANAGE near Pusan, Korea housing about 65 children from 4 to 17 years old who were aided immeasurably by a group of GI's after a disastrous fire swept Pusan late

last year. In the group of GI's was a local soldier, Pfc. Marlin Ensing of Burnips who received some funds and used clothing from friends in this area.

Burnips GI and Buddies Aid Orphans in Korea

One of those heart-warming stories that restores faith in mankind has come to light in Holland. It came here all the way from Korea where a local soldier joined forces with a few buddies to help provide food and clothing for Korean orphans following the disastrous fire late last year when a sixth of the city of Pusan was destroyed.

Pfc. Marlin Ensing, 21-year-old son of Mr. and Mrs. Paul Ensing of Burnips, has been stationed with an anti-aircraft artillery unit seven miles from Pusan for some time and just after the big fire he and a few buddies started caring for some of the hungry children.

They soon were helping a nearby Presbyterian orphanage and the need was so desperate it was more than the group of GI's could handle. Marlin wrote "home to mother" and when Mrs. Ensing spoke of his plight at Forest Grove Reformed Church, the church people immediately shifted into action to collect used clothing. The people also raised \$160 for postage. Mrs. Reynold Van Bronkhorst served as chairman of the drive and the pastor, the Rev. Jack Van Dyken, also aided. For one project Gilbert Van Wyden of Holland showed pictures of Korea.

Marlin wrote the clothing arrived in Korea Feb. 10, a little after the greatest need but still at a time when the warm clothing could be put to good use.

There are about 65 children in the orphanage ranging from 4 to 17 years old. Just before Christmas, soldiers in the nearby camp collected money for dried milk and arranged for every child to have an orange and a toy for Christmas. They also put on a Christmas program for the children.

Now every Sunday when weather permits, the children sing songs on a hillside for the soldiers.

The GI project in Korea also had its echo in Holland. Last Christmas, the women's Sunday School class in First Methodist Church which Mrs. Nina Daugherty has taught for several years was preparing to select a gift for the teacher, but Mrs. Daugherty declined, saying she would prefer to have it go to some charitable project.

A class member, a former neighbor of the Ensings in Burnips, had heard of Marlin's project and the class raised a sum to send to Korea. Acknowledgement came from the GI in a letter dated Jan. 13 in which he said the money had been used to furnish food at the orphanage. He said the group had collected enough to assure enough food and enough clothing to keep the orphans clothed.

Pfc. Ensing arrived in Korea April 25, 1953, and was assigned to the Pusan section. He expects to return home about next September.

Lakewood district formerly was a primary district, with a three-man board.

Disputed Case Ruled Out Again

ALLEGAN (Special) — It's beginning to look as if the Hiscock vs. Kleinheksel damage suit will have a permanent place on the Allegan county Circuit Court calendar.

For the third time a jury had returned a "no cause for action" verdict in the case of Robert M. Hiscock, Allegan, and the Citizens Mutual Auto Insurance company versus Gordon Kleinheksel, of Fillmore township.

Following the two prior "no cause" verdicts, attorneys for Hiscock have asked for and received new trials, an indication that Judge Raymond L. Smith did not agree with the jury's findings. Hiscock's lawyers have not as yet announced whether they would ask for a fourth trial in the case.

Litigation grew out of an accident at Hamilton, Dec. 7, 1950, when a truck-tractor owned by Hiscock and a pickup truck owned by Kleinheksel collided. Kleinheksel was towing a corn picker with his truck at the time of the accident.

Dutchmen Tackle Battle Creek at Western Michigan

Coach Fred Weiss takes his Holland High basketball team to Western Michigan College gym in Kalamazoo tonight for the local first appearance in the class A regional tournament.

Holland faces the Battle Creek Bears in a game beginning at 8 p.m.

Although the Dutch have a record of seven wins and eight defeats compared with Battle Creek's record of four wins and 11 defeats, the local mentor isn't selling the local City lads short.

According to all available reports, Weiss says the Bears are "an under-rated team" and will prove much better than their record.

They have a back court that consists of fast and clever guards and it left in the clear they can pop them in from almost anywhere.

The Bearcat defense alternates between a full-court press and some set-up. On offense all plays revolve around the pivot man.

Armstrong and Hale have been alternating at center and Armstrong also has done some work at guard. At forwards Bivens, Birkhead and Waterman share duties and Raderick and Eanes hold down guard positions.

Probable starters for Holland are Ron Isaacs and Dick Plagenhoef at forwards, Mark de Velder at center, and Bob Van Dyke, Paul Beukema, or Paul Mack at the guard slots.

Winner of tonight's game faces Kalamazoo Central Friday night at 8 p.m. Kalamazoo earned its way to the semi-finals by carving out a lopsided 74-45 win over Grand Rapids South Tuesday night.

In the other bracket, Benton Harbor will play Grand Rapids Catholic Central, the team that drew a first-round bye. Benton Harbor defeated Grand Rapids Union 66-52 Tuesday night.

The two finalists meet Saturday at 8 p.m. to determine the district champion.

Dutch Fall Down On Foul Shooting In Final Minutes

You can't miss 6 out of 11 free throws while the other team makes 7 out of 8 and expect to win a basketball game—especially in the last quarter.

Well, that's what happened to Holland High's team Friday night at the Armory as the Dutch bowed to the Grand Rapids Ottawa Hills Indians 55-51 in the last scheduled game of the season for both schools.

One of the better crowds of the season, including a good-sized delegation from the Grand Rapids school, jammed every nook of the Armory to see the thriller.

Thus the Dutch end their season on a losing note with seven victories and eight defeats.

Friday's battle was one of those affairs that could have gone either way. But it was a case of the locals missing those precious foul shots at the last of the game. For the evening Holland made 15 of 29 foul tries while Ottawa made 11 out of 18.

Holland started fast and stepped off to a 5-8 lead in the first three minutes and built it up to 11-6 at the five-minute mark. However, the Indians came back to make it 11-all at the minute and a half mark and at the whistle it was 13-11 in Holland's favor.

While Holland's scoring was fairly evenly divided, Center Pete Sabo was dumping in nine points for the visitors. Bob Van Dyke managed to make four out of four foul tries to lead Holland scorers.

During the quarter the locals made 4 out of 19 field goal tries. Ottawa bounced back in the second quarter and edged ahead 17-14 with two minutes gone. Holland watched the Indians extend it to 22-15 with three minutes gone and the halftime whistle blew with the score standing at 23-23 in favor of the visitors.

Again Sabo was the scoring punch as he made 8 out of his team's 17 points during the eight minutes. Ron Israels with two field goals was Holland's leading scorer. The Dutch made 4 out of 13 field goal tries.

During the first half Holland was constantly trying to work the ball in but couldn't do it because the Ottawa strategy was to jam the center.

And of course Sabo's deft hook shots made a big difference.

Holland started to climb back into the game early in the third quarter and with six minutes to go it was all tied up at 30-all. With four minutes to go it was deadlocked at 32-all and the quarter ended with the count tied at 33-all.

It was anybody's game going into the fourth quarter.

During the third canto, Israels again paced Holland scoring with six points and Paul Mack, hitting on long-toms, made four.

Craig Schopf accounted for six of Ottawa's points. Holland made 6 out of 16 field goal tries.

Ottawa edged ahead 44-42 with three minutes gone in the fourth quarter and built it up to 46-42 with four minutes left. At this point the play got pretty rough and it was all the referees could do to hold it down, including the crowd.

Mervyn Vander Lind went out on fouls with two minutes and 15 seconds left and the Indians lost Jack Lett with a minute and a half to go.

As mentioned previously, in those last hectic minutes, the Dutch simply missed too many free throw tries and that's the ball game.

Scoring honors for Holland went to Mack with 17 on seven field goals and three free throws. He was followed closely by Israels with 14.

Sabo had 11 field goals and one foul shot for 23 points and scoring honors for the visitors.

Mack also led Holland players in rebounding with 13. Others were Israels and Piaghenhoet with 10 each, Van Dyke with 6, Paul Beukema, 2, Mark de Velder, 3, and Dwayne Teusink, 2.

Holland made 14 bad passes during the game and made 28 per cent of the field goal tries.
