Leper Condition In Dark Africa Is Appalling

SO DR. C. J. STAUFFACHER
STATES TO THE FEDERATION
OF WOMEN'S SOCIETIES IN HOLLAND

Founder of This Organization, Mrs.
Gilmore, Sends Greetings
Through Her Son

Wednesday, the day of Prayer for
crops, was an important day for the
Federation of Women's Societies.
The outstanding meeting of the year
was scheduled for the afternoon of
that day at the Methodist Episcopal
church and this edifice was filled
with members and friends who take
a deep interest in this work.

Mrs. C. J. Dregman, the president,
opened the meeting promptly at
the appointed hour, welcomed
those who were present and offered
the printed program. She fittingly
introduced all the participants
for the afternoon.

Mrs. Christine Van Raalte Gilmore,
the founder of this organization
twelve years ago, who could not
personally participate because of
delicate health and advanced age,
nevertheless sent a message which
was read by her son, Dr. Gilmore.

In this message she urged the ladies
to continue to carry on since
Christ had said "Cleanse the leper,"
freely ye have received, freely give.

After the reading of the message
the chairman, Mrs. Dregman, carried
forward a beautiful basket of
flowers to be presented to Mrs. Gilmore,
through which an expression
of love, esteem and appreciation
was extended to her. These garlands
were taken to the home of
Mrs. Gilmore shortly after the purpose
of honoring the founder had
been explained by the chairman.

Mrs. Gertrude Boer, Stuart of
Grand Rapids, who filled the office
of secretary for ten years and of
president two consecutive years,
was also present to give greetings.

Mrs. Stuart stated that Dr. Danner,
the general secretary of American
missions to the lepers had
spoken in Grand Rapids, and she
stated that it was gratifying to hear
this divine exponent of the noble work
done by this Holland Federation and
stated that these noble efforts
might well be emulated by other
similar societies. Since we are the
children of light, we should help
to lighten the burdens of those not
so fortunate as we are, and surely
those afflicted with the most terrible
disease, leprosy, come under
the head and deserve our earnest
consideration and help, Mrs. Stuart
said.

The treasurer's report indicates
that during the year, including
Wednesday, there was a plate
offering of \$547.37, a total of
about \$800 had been collected by the
Holland Federation, which will take
care the coming year of 21 lepers.

President Mrs. Dregman then
introduced Dr. C. J. Stauffacher,
who has spent a great deal of
time administering to the lepers.
He told of Lepers outside of the
camp. The leper, he said, is driven
from place to place; is cursed by
his own people and their suffering
in every way is unspeakable. It is a
germ disease somewhat like the
germ of tuberculosis and the first
symptoms are severe pain in leg
and back, then a little later the
victim has high fever and then the
tell tale white spots follow. It is
not inherited but is thought to be
caused by direct contact. "The
witch doctor in Africa," said Dr.
Stauffacher, "is much to blame for
conditions there. He advises the
leper to give the disease to someone
else, telling him that he can thus
rid himself of the disease, and
naturally the leper does all he can
to give the disease to another. The
witch doctor tells the person afflicted
that he need have no fear of
contracting the disease if he but
wears certain charms, and thus
they become careless of contact
with the unclean, even marrying
and intermarrying and as a result
five per cent of the people in this
part of Africa are victims of this
dreaded disease.

"Then, too, the witch doctor ad-

Secretary Charles Gross, of the
Chamber of Commerce, E. P. Stephan,

Benton Harbor looking up an industrial
prospect that may prove advantageous
to the citizens and the
farmers as well. They were very

DIGGING DEEP FOR WATER AT OVERISEL

The drought of last summer has
not yet been broken even now, according
to information from Overisel.

After driving down about 150
feet, Broekhuis Brothers were very
happy when they reached water on
their place in the village. The
water was not very clear at first,
but after attaching a motor to the
pump and pumping for three days,
it cleared up nicely.

George and Richard Brower are
also driving a well at the east end
of the village. Overisel has felt the
lack of water very keenly the past
year.

Man Who Built First Furniture Factory Dies

FUNERAL OF "RYN" WERKMAN
SATURDAY AFTERNOON
IN THIS CITY

Word was received in Holland
by relatives of R. H. Werkman,
stating that he had passed away
at Crookston, Minnesota, where he
had been living for some years.
Mr. Werkman can be considered
Holland's pioneer manufacturer.
One of his first ventures was the
old Phoenix mill, located for many
years on what is now the post office
site. Mr. Werkman was a believer
in Holland and in fine homes. It is
estimated that he erected not less
than forty new homes in this city
in the earlier days. It was considered
quite an undertaking when he
built eight on one street between
what is now Washington School
at Maple Avenue and Pine Avenue
on Eleventh Street. The writer
remembers that for some years
these houses were called "Werkman's
Paradise Row."

Mr. Werkman established and
built the first furniture factory in
Holland which is now the Ottawa.
He was identified with many other
enterprises in the city and later
built a furniture factory in Benton
Harbor.

When Holland's water works
system was built forty-five years
ago, Mr. Werkman, as an alderman
of the third ward, was closely
identified with this undertaking.
He also was alderman when Holland's
first city hall was built, now
Engine House No. 2, on the east
end. His name appears on the
corner stone in that building as a
member of the building committee.

Mr. Werkman went west several
years ago and established himself
in St. Paul, Minnesota, and later
moved to Crookston, where he was
prominent in political life and was
interested in the firm of Wheeler
Land and Loan company.

He was active in religious work
and served for a time as elder of a
Presbyterian church in St. Paul
and Crookston.

He is survived by one daughter,
Mrs. Leo Schaffer and two grand-
children in Crookston, and four
sisters in this city; Mrs. Anna
Daggers, Mrs. John M. Stephan and
the Misses Jennie and Hattie Werkman.
The body of Mr. Werkman arrived
this Friday and friends can view
the remains from 5 o'clock to
9 o'clock P. M. today, Friday, at
Nibbelink and Notie's mortuary.

Funeral services will be held Saturday
afternoon at 2:30 o'clock
from the home of Misses Jennie
and Hattie Werkman, 36 West
Eighteenth street. Rev. James M.
Martin will officiate.

Interment will take place in the
family plot in Pilgrim Home Cemetery.
The pallbearers will be
John Kooiker, Matt Van Dyke, E. P.
Stephan, Martin Oudemool,
Theodore Kuyper and Benjamin
Du Mez.

Prof. Paul E. Hinkamp, of Holland,
who usually conducts the services
in the American Reformed Church,
Hamilton, was unable to come
last Sunday, because of
blocked roads. After waiting for the
pastor for sometime, a devotional
service was held in charge of one
of the elders.

Zeeland Plans Changes in Its Board Members

WANTS ADDED STRENGTH ON
THE BOARD OF SUPERVISORS

It appears that according to a
proposed charter amendment Zeeland
plans to gain added strength
on the board of supervisors by
selecting better men. This change in
charter with several others is to be
voted on next April.

The Zeeland Record has the following
relative to this feature:
"The one outstanding change is
the appointment of a supervisor.
Under the present charter, one
supervisor is elected and the mayor,
who is elected, serves on the board
of supervisors, making two representatives
from this city on that board.
The reason for making one
supervisor appointive is to replace
the mayor, who is relieved of that
duty by amending Section 1 of
Chapter 6. It is claimed that the
men chosen as mayor or those
deputed to be chosen to that office
either are not in position or may
not be qualified to assume the extra
duties of attending the board of
supervisors for a matter of three
or four weeks of each year, and
the appointment by the city council
of a supervisor could be counted on
to result in the city being represented
by men who are as well qualified as
those chosen by the electorate. Ob-
jection to this idea has been raised
with the counter thought that any
man qualified to represent this city
on the board of supervisors would
also be qualified for the office of
mayor. That is true, except that
caucuses are not always inclined to
nominate the best qualified; it being
rather a matter of popularity or
self-assertion.

Shakespearean Players Are To Visit Holland

WILL BE AT CARNEGIE HALL
WEDNESDAY NIGHT,
MARCH 25

Dr. J. B. Nykerk, of Hope College
and head of the Lyceum Course, is
putting on an extra number for the
purpose of wiping out a \$250 deficit
sustained in the Lecture Course just
finished.

Dr. Nykerk has secured an extra-
ordinary number in the Shakespea-
rean Players. This company of
artists are receiving fine press com-
ments from newspapers in different
parts of the country and judging
from critics' comments these artists
are high class.

The play to be given in Holland
is "Julius Caesar" in which Claire
Bruce will be starred as "Portia."
It is unnecessary to review this
production to the lovers of Shakespea-
re, for any and all of the works
of this great artist are intensely in-
teresting.

Dr. Nykerk has on file columns
of press clippings, showing what
the newspapers think of the Shakespea-
rean Players and there is no
doubt but that the company to ap-
pear here on March 25th is the best
ever seen here and what is more,
Dr. Nykerk deserves the support of
every loyal citizen in order that
he may not be compelled to personally
shoulder a deficit of \$250. The
proceeds, if there were any, have
always been given to Hope Col-
lege in full, but when shortages oc-
curred, Mr. Nykerk personally
pocketed the loss.

A few of the press comments on
The Shakespeare Players are found
below:
Poughkeepsie Star: "Those who
did not see the presentation of Julius
Caesar in the Cameo Theatre
last evening missed the finest act-
ing that Highland has ever been
privileged to see."
Kalamazoo Gazette: "Delightful.
The Players know their traditional
Shakespeare. Readings most ad-
mirable."

Creditors Are To Divide Fire Insurance Money

INVOLVES DIVISION OF \$8,000
PAID IN COURT BY EMPIRE
STATE CO.

An interpleader case involving
the division of \$8,000 paid into cir-
cuit court by the Empire State Fire
Insurance Co., and the Fidelity In-
surance Co., of New York as insur-
ance held by Henry Maatman and
Fred Van Lente both of Holland,
was heard in circuit court Wednes-
day.

The case arose over the payment
of insurance covering the losses of
The B. & M. Shoe Co., on West 8th
street, to a large number of credi-
tors. Smith & Sears of Grand Rapids
represented the plaintiffs.

Among the creditors were the
City of Holland, Holland City State
Bank, Holland Shoe Co., Peoples
State Bank, Hood Rubber Co., and
a large number of small creditors.

The fire upon which the insur-
ance was paid occurred about two
years ago in the store now occupied
by the Jim Bory Shoe store. It is
estimated that the creditors will re-
ceive little better than 50 per cent
of their respective accounts, the
court allowing the division to be
made.

There were a battery of attor-
neys present. The attorneys repre-
senting the interest were Clare and
Carl Hoffman and Miss Lella
Boyce of Allegan and Holland; C.
H. McBride of Holland, Lokker &
DenHerder, Robinson & Parsons,
and Diekema, Cross & TenCate of
Holland.

has been informed that there were
at least two who would probably be
sentenced as they had failed to keep
the probation terms properly. A

**Narrow Roads Menace
the Motorist**

The model rural roadway will
have a paved surface at least
eighteen feet wide, will be water-
proof, and will be usable at all
times of the year and under all
weather conditions.

The National Conference on
Street and Highway Safety is au-
thority for the statement that
eighteen feet is the minimum safe
width. In many farming sections
there is a good deal of traffic, mov-
ing at fairly high speeds. Under
such circumstances, narrow roads
become a menace to the life and
property of all who use them. Go-
ing off the pavement of a country
road may mean an overturned car,
as road shoulders, particularly in
rainy seasons, are often untrust-
worthy.

Those communities which are
building narrow farm-to-market
roads in order to "save" money
have a mistaken idea of economy.
Full width, long-lived roads, of
modern asphaltic materials, can be
built cheaply and maintenance
costs are likewise low. Every im-
proved farm road should be de-
signed with a view to accommo-
dating not only the traffic of the
immediate present, but that of the
future. Any other course of pro-
cedure causes waste and needless
expense in the long run.

**John Doesn't Really
Mean it**

Representative John Dykstra
probably is just trying to relieve
his feelings in introducing at Lan-
sing a bill to provide a fine of \$100
and imprisonment for 30 days for
any married woman who is em-
ployed in a salaried position, or for
anybody who hires a married wom-
an, provided her husband is cap-
able of supporting her. Because,
surely Mr. Dykstra doesn't labor
under the impression that he can
get anywhere with such a measure
as long as women have the ballot
and are widely employed as wage
and salary earners, and generally
are functioning as independent hu-
man beings on an equality with
men. Or if such a measure should
get through the legislature, the
gentleman certainly is not so op-
timistic as to think it would have
smooth sailing before the supreme
court, or that if it ever slipped by
the court (a most improbable
event), there would be any way of
enforcing it. No, the legislator
from Muskegon is just adopting a
striking way of telling married
women with jobs that he thinks
they ought to stay at home.

**To Kill or Not to Kill
Paderewski Still Practices
Chicago Does Not Do This
Your Rich Relative**

Los Angeles.—While Governor
Bricker signs a bill to re-establish
capital punishment in Michigan,
California discusses, and will
adopt, it is hoped, a bill abolishing
capital punishment.

The state cannot discourage mur-
der by initiating murderers and
killing as they kill. Instead, the extreme
penalty should be life imprisonment,
with eight hours for work, eight
hours for sleep, eight hours for
regret and reflection.

Two criminals recently received
sentences aggregating more than
200 years, and it was announced
officially that they would actually
stay in jail about fourteen years.
That makes a joke of justice.

The one "secret of success" is
work.

Paderewski, in his private car
on a sidetrack in Los Angeles,
amazed railroad workers by prac-
ticing for hours on the piano that
he carries with him. One worker
remarked: "They say he's the best
piano player in the world, and
listen to him, still practicing." That
is one reason why he is the best
player in the world. The other
reason is his possession of genius.

But even genius, without work
as proved by the careers of many
brilliant men born rich, is genius
wasted.

New York newspapers continue
to advertise Chicago as the city of
crime, although Chicago, as proved
by statistics, stands far from the
top as a crime center. New York's
newspapers also relate the interest-
ing story of a New York woman
strangled to death after she threat-
ened to tell about police corrup-
tion. One policeman, one lawyer
are suspected. That has not yet
happened in Chicago, where kill-
ings are confined to night, and usu-
ally to thugs. To make the death
of the miserable New York woman
more tragic, there comes news of
her daughter's suicide. The un-
fortunate girl, sixteen years old,
could not stand the mockery of her
high school companions, and killed
herself.

It is a comfort to have rich rela-
tives even when you feel poor, and
the nation's Uncle Sam is rich. He
has in solid gold \$4,300,000,000.
Within \$100,000,000 of the greatest
amount he ever had.

With such a gold supply it is
hard to understand why such a fuss
should be made about the soldiers'
bonus.

Fashionable tailors in New York
admit what they call "host coats."
Brightly colored, blue with green
lapels, or wine colored with red
lapels, they allow the eaters and
drinkers at the party to pick out
the man who is paying the bills
and prevent mistaking him for the
butler.

The latter advantage is not im-
portant, because the butler may
usually be recognized by his ex-
pression of concentrated intelli-
gence, and is nearly always sober.

Congress has gone home for the
summer. No extra session, and
high finance feels happier. Con-
gress does little to frighten even
a mouse, but it might do some-
thing, and finance is nervous just
now—jumpy, in fact—looking back
over its stock-issuing jobs during
the boom.

Gandhi has agreed on a settle-
ment with England, one that will
save his face and not worry Eng-
land much. Having led his followers
to the seashore to make salt, in
defiance of Britain's salt mono-
poly, Gandhi had to get some con-
cession. English statesmen quite
seemingly say: "Those that dwell
at the edge of the sea may make
their own salt, since God has
placed them so near it. We shall
make the salt for all others." Soon
even those near the sea will buy
their salt, since making it is a
nuisance.

A powerful French radical com-
plains that French spends too
much keeping ready for war.
Briand, a real statesman, replies
for the French government that
the Russian army is today the most
formidable destructive power in
the world, and he does not intend
to have France taken by surprise.

Hopi Indians, of the Grand
Canyon, Arizona, have adopted Pro-
fessor Einstein, giving him for a
tribal name, "The Great Relative,"
a tribute to his "relativity" theory.
In spite of his pathetic struggles,
it seems impossible for Professor
Einstein to keep out of the lime-
light or avoid publicity.

Dr. C. G. Shaw, who specializes
in culture, art and such things,
says women soon will write all the
best books and paint the best pic-
tures. The statement pleases the
ladies, does no harm, is absolutely
inaccurate and will remain inac-
curate for centuries. Nature ar-
ranges our work. Men work exter-
nally. Women will continue to
produce the capable men and the
men will continue to produce the
greatest books and pictures. That
need not annoy women. Michael
Angelo, creating his Moses, or de-
corating the Sistine chapel, is no
greater than the mother that pro-
duced him. He is her work, as the
Moses is his work. It is, at the
same time, her mental grandchild.

against any plan to have Uncle
Sam engage in business.

**GRAND HAVEN SELECTED
AS TENNIS HEADQUARTERS**
Grand Haven is to be the tennis
center this year for this part of
Michigan, according to information
received from T. F. Otley, member
of the National Junior Lawn Ten-
nis Association committee, and will
entertain players from Muskegon,
Holland and Grand Haven areas in
a big tournament to be held here
in June.

Wilbur Scholtz, Grand Haven
tennis enthusiast, has been ap-
pointed chairman of the committee
in charge of the tourney. Char-
voix, Traverse City, Grand Rapids
and Kalamazoo are other places se-
lected.

**Health Plans
Are Made Plain
By Dr. Westrate**

**HEALTH PROGRAM OUTLINED
THROUGH A DOZEN
FUNDAMENTALS**

The health committee named by
Mayor Ernest Brooks about ten
days ago is now functioning and
met Tuesday evening with Dr. Wm.
Westrate, city physician in charge.
The proposals are fully backed by
the Holland Board of Health and
this community health commission,
the local board and Dr. Westrate,
are all in accord with the plans so
far made.

The idea is to raise the health
standard of Holland and not rest on
our laurels which has carried with
it an element of luck as far as Hol-
land is concerned.

In introducing his proposition to
the commission, Dr. Westrate ad-
vocated the following activities:

1. The extension of school work,
including medical and dental ex-
amination.
2. Employment of a part time
school physician.
3. The extension of health work
by the board of education to the ex-
tent of employment of a whole-time
public health nurse and one em-
ployed by the city.
4. The establishment of materni-
ty, prenatal and pre-school clinics.
5. The co-ordination of a city
and hospital laboratory.
6. Compulsory reports on venere-
al diseases.
7. The organization of a Rotar-
ian service staff at the hospital.
8. The appointment of the health
officer by the board of health.
9. The municipal collection of
garbage.
10. The organization of volun-
teer health units such as a welfare
league, Big Brothers' league and
the like.
11. The promotion of recrea-
tional activities at playgrounds and
swimming pool, with a municipal
golf course.
12. An increase in public health
education.

Dr. Westrate pointed out that it
was not the purpose to increase the
expenditures as much as it was to
concentrate the present costs on a
more efficient program.

It is the opinion of the public
health service and of the state
health authorities, as well as of
outstanding leaders in the field of
public health in the principal edu-
cational institutions, that the de-
velopment of an efficient, whole-
time local health organization, through
which all necessary public health
activities may be conducted in pro-
per sequence and in proper rela-
tion, is the program which will
yield a far greater return on the
dollar invested, in lives saved and
sickness prevented, among all age
groups, than in any program lim-
ited to special diseases or particu-
lar elements of the population
that has ever been tried out or sug-
gested," he said.

The present health organization
of Holland was explained at the
session Tuesday evening.

The board of health is composed
of the mayor as chairman with the
health officer, city clerk, one doctor,
one layman and the city attorney, it
was pointed out. The health officer
is appointed by the common coun-
cil.

Work in the control of commu-
nicable diseases is under the direction
of the health officer.

Infant welfare work consists of
a baby clinic sponsored by the Wom-
an's Literary club, with Mrs. J. Mc
Lean, Mrs. Neal Bergen and Mrs.
N. Robbins in charge.

The health program for the
school child includes work by the
city nurse, who is paid by the coun-
cil and board of education, and the
health officer. The nurse has charge
of medical inspections. Immuniza-
tion for smallpox and diphtheria is
under the direction of the health
officer. An open-window room and an
orthopedic room are on the school
program.

Milk and food inspections are in
charge of the inspector and the
health officer, it was revealed.
Dairy farms and plants, restaur-
ants, grocery stores, markets and
food handlers come under the eye of
this divisional activity.

In nursing activities, the city
nurse conducts school inspections,
cares for patients, fosters clinics
and is active in social service.

In the nursing division, Mrs. John
Van Dam, Metropolitan nurse, and
Dr. Francis M. Howell, in ortho-
pedic work, are also active.

Miss Carolyn Hawes and J. W.
Moran, of the schools here, and J.
Davis, Dr. Pool and Miss Hutzell,
of the state department of health
are in charge of the educational
program for Holland.

Chest and tuberculosis clinics are
conducted by Dr. William Vis, of
Grand Rapids. Baby clinics are
conducted by Dr. Howell, in the em-
ployment of the Woman's Literary
club. The Rotary club sponsors or-
thopedic clinics, it was explained.

Supervision at Kellen Park
makes up the recreational activi-
ties of the present health program.
The state does all laboratory work.
Vital statistics are handled by the
city clerk. In the division of sani-
tary engineering are water, sewage
and garbage. The handling of gar-
bage is conspicuous by its absence,
Dr. Westrate said.

On the commission are:
Mayor Brooks, general chairman;
Dr. Westrate, Charles H. McBride,
city attorney; Miss Alma Koertje,
city nurse; Dr. R. H. Nichols and
Otto P. Kramer, of the board of
health; C. M. McLean and Mrs. D.
Boter, of the hospital board; Alder-
men Andrew Hyma and Fritz Jonk-
of the common council; Dr. A.
Leenhouts and William Arends-
horst, of the Board of Education;
Mrs. C. Bergen and Mrs. J. C. Mc
Lean, of the Woman's Literary
Club; C. Dornbos, of the Merchants
association; Frank Lieveense of the
Chamber of Commerce; Dr. G. W.
Van Verst, of the Exchange club;
John Vander Broek of the Lion's
club; and E. E. Fell of the Rotary
club.

that Mrs. Fenton, conductor, has
recovered from her recent illness.

**Saugatuck, Douglas,
Fennville and
Vicinity**

Carl Hoerman, Saugatuck artist,
has an exhibit of his paintings in
Hackley gallery, Muskegon.

Office seekers are plentiful in this
vicinity, there being five aspirants
for township treasurer, in Sauga-
tuck township, G. W. Beck, R. G.
Olsen, J. H. Huff, Arthur Welch,
and Mrs. Grace Breckenridge.

The new test wells have been
sunk for the water department at Fenn-
ville. The supply is now derived
from four wells which were driven
in 1925. The state department of
health has approved the water
each year since the new wells have
been in use.

Mrs. Kenneth Hutchinson of
Fennville was taken Tuesday to
Holland hospital for an operation
and is reported as doing favorably.

Miss Opal Lighthart of Douglas
spent the week end with her par-
ents in Holland.

Mr. and Mrs. George Baker and
children of Douglas were Holland
visitors Saturday.

Andrew Stankey of Douglas and
his brother, John Stankey of Lan-
sing visited relatives and friends
in Allegan, Monterey, Hamilton,
Diamond Springs and Holland a
few days last week.

Mr. and Mrs. Herman Strabbing
and daughter Margaret, of Battle
Creek, and Mr. and Mrs. Henry
Strabbing, Jr., and Mr. and Mrs.
H. Strabbing, Sr., and daughter,
Gertrude, of Holland, were Sunday
guests in the C. E. Atwater home
at Fennville.

Harold Veldheer, 20, of Holland
and Cecil Schaeffer, 29, of Fenn-
ville were arrested by Sheriff Teed
at a dance at New Richmond Sat-
urday night. They appeared before
Justice Fish, Tuesday. Veldheer
was charged with transporting
liquor, waived examination and
was bound over to circuit court.

Schaeffer was charged with creat-
ing a disturbance and was fined
\$30.30 in jail, \$15 fine and
\$10.45 costs. In default of
payment 40 days will be added to
his sentence.

John Butler, 57, of South Haven,
was arrested Monday night by
Deputy E. S. Johnson of Ganges
when he attempted to persuade a
16-year-old girl to ride with him
on US-131. He was charged only
with drunkenness however. He will
spend five days in jail and will pay
costs of \$10.75. In default of pay-
ment he will remain in jail 15
additional days.

The Douglas House has a num-
ber of consumers Power Co. work-
men stopping there while employed
in this vicinity.

Fire of undetermined origin
Thursday night destroyed the large
barn of Gerrit Bonre at Laketown
while Bonge attended church and
Mrs. Bonge was visiting a neighbor.
The contents, including farm ma-
chinery, two horses and four cows,
were burned. The house and neigh-
borings were saved.

The Sanicide plant at Fennville
is busy cooking lime-sulphur for
the fruit sprays. Many large truck
loads go out every day as well as
car-load shipments for nearly all
points in Michigan and neighbor-
ing states.

Mr. and Mrs. Fred Rasmussen
have moved back from Saugatuck
and are occupying the house just
south of the Fennville hardware.

Mrs. Louise Huff, who had spent
some years at the home of her son,
John H. Huff, hardware merchant
at Saugatuck, died at the home of
another son in White Pigeon, Ind.
She was 86 years old. Funeral and
burial was held at White Pigeon.

Fire destroyed the tenant house
on the H. W. McIntosh farm on the
state road, 4 miles north of Sau-
gatuck. The Saugatuck fire de-
partment saved adjoining build-
ings. All loss is covered by insur-

ance. Prof. H. W. McIntosh was
superintendent of the Allegan
schools many years before he re-
tired to his farm and went into
dairying.

At the winter meeting of Ganges
Union school alumni covers were
laid for 60, guests coming from
South Haven, Allegan, Glenn, Kai-
amazoo, Fennville and Saugatuck.
Officers were elected.

The Saugatuck Woman's club

- IX. Value of it in the Troop Meet-
ing.
- X. Game Period—Troop Leaders
of No. 21, Zealand.
- XI. Closing Exercises—Troop
Leaders of No. 26, Holland.

We believe that these seven parts
are essential, and hope all Scouters
will be ready to discuss them and
to present their particular prob-
lems.

There will be time to discuss the
following items: Summer camp,
vacation time program, special days
(such as Memorial Day), leaders'
training, Court of Honor, etc.
Exhibits will help this meeting
very much. If you have something
that will be helpful to the other
fellow, bring it along. Let us know
how much room you will need.
Check the date, March 24th and
get set for a good time. Fats will
be served at the close of the meet-

Prof. John R. Mulder of Western Theological seminary, Holland, conducted the services at Bethany Reformed church, Grand Rapids, Sunday.

The Holland Knights of Pythias are having open house tonight in the form of a "smoker" when friends and prospective members of the order are guests of the regular members.

Laurits S. Swenson of Minneapolis has taken the oath of office Friday as minister from the United States to The Netherlands, where he succeeds the late Gerrit J. Diekema, of Holland.

Harry King of Fremont was arrested by Grand Haven officers on a charge of driving while intoxicated.

A companion, Minter Bruce, also was arrested. Corp. Shields of the state police made the arrest and upon questioning the man found him to have been an overseas buddy who had served in the World War in the same outfit. Nevertheless, the officer continued with the complaint.

Holland's grade schools have responded to the plea of Theodore Roosevelt, governor of Porto Rico, with a purse of \$137.50 for the undernourished children of that island.

Every five weeks, report cards are marked and distributed among the Allegan High school students. As usual there are more girls' names listed on the honor roll than boys'. Mathematical calculations show that out of a total of 85 names, 68 are found to be those of girls while the boys trail with 17.

Grand Rapids Reformed church groups continue to favor sacred activities among their midweek activities. Hope College Glee Club of 21 male voices will give a concert at 8 o'clock Thursday night at Bethany church. The club which recently returned from a successful tour of the eastern states has for its soloists Harry Friesma of Detroit and Lester VanderWerf of Holland. John Muilenberg is the trombone soloist and David Berger is an accompanist. The young women's Council of Friends Bible class is sponsoring the program.—Grand Rapids Herald.

Mrs. Albert Cook, a former resident of Allegan but now residing with her daughter, Mrs. John Slaghuys of Holland, celebrated her eighty-ninth birthday, last Saturday. Her children came with well-filled baskets and gifts to do honor to her. Mrs. Cook was very happy and enjoyed the gathering immensely. She received many fine gifts and greetings from her friends and in the afternoon and evening many of them called to extend congratulations.

MISS SPRATT SPEAKS ON CHINESE POETRY AT LITERARY CLUB MEETING

The Woman's Literary Club met Tuesday afternoon in the club room at which time Miss Mary Spratt, of Lansing, spoke on "My Impression of Chinese Poetry."

To illustrate her observations Miss Spratt read selections from the poems of Li Po, Tu Fu and Po Chui.

The fascination of this poetry is that it talks privately to one and it has an instant appeal. No form of poetry exposes the psychology of a race as does that of China.

To the Chinese the love motive is devoid of romance and forms only a minor note in their literature.

Recognition for public service is the next important subject. One-half of their poetry is about court service and exile for failure to give satisfaction.

Leper Condition In Dark Africa Is Appalling

(Continued from Page 1)

vises his leper patients to partake of human flesh to rid himself of the plague, the result is cannibalism, for the intense suffering drives these superstitious folks to do anything to find relief.

Dr. Stauffacher also told of coming in contact with many lepers as he goes about his work outside of the camp. Just before he came to America on through 5 lepers halted him on the roadside and pleaded for aid. They could, however, be given only temporary medical attention since the camp is crowded to overflowing and lack of time and funds prevents giving them anything more.

"I cannot tell you of the awful sights and you cannot imagine them," said Dr. Stauffacher. "These poor lepers live on a plane lower than the animals, wandering about the jungles, sometimes minus feet or hands or other parts of their bodies or face gone. It is too terrible even to describe. However, we feel that a missionary is indeed privileged, for oftentimes we can give them some medical attention, but better still we can tell them of the wonderful love of Jesus who has so had compassion on the lepers. However, we also experience the deepest sorrow when we see the awful need and cannot help because of lack of time and finances."

In telling of the many who come and cannot be helped, he told of how little children, who should be having the care of mother, are driven from their homes and must forage food for themselves. Said Dr. Stauffacher, "One little girl came to our camp and pleaded for shelter and medical aid and food. We could not keep her, our camp was filled. We gave her a blanket, food, money, anything to bribe her into going, but she would not. Finally we had to use physical force to send her out of the camp. Terrible? Yes, more than that, and these conditions cause us missionaries many a heartache."

Mrs. Dregman then ably read a beautiful poem written by Mrs. Ayers of Holland a year ago. The poem is truly a remarkable work in which the reader is asked what he would do if a leper should come his way.

After the offerings and consecration prayer by Mrs. Edith Walvoord, Mrs. C. J. Stauffacher in a very inspiring address told of the work inside of the Christian Van Raalte Gilmore camp. Mrs. Stauffacher said in part as follows: "There are 200 lepers in the camp and oh, how thankful they are for the care given them! Over and over they say, 'Why do the American people love us so much. Here no one, not even our families care for us, and yet these American people send you here to heal us, give us homes and food. Tell them how much we thank them.' I cannot describe the awful appearance of these lepers. Minus feet, hands, or nose or eyes, and sometimes several of these members gone, they are indeed terrible sights to behold. But oh, how happy they are for the home and medical attention and food they receive. We truly feel that the work is so much worth while, and so very fascinating. "Some time ago a boy of ten came to our camp from nowhere, so he said, who had been living with the animals in the jungles. After six months of treatment he was smiling, and on the way to recovery. Now he is well and is in our boarding school studying to become a teacher."

Mrs. Stauffacher told of several other similar cases, telling of the aid given and of the radiant faces which show the appreciation they feel in their hearts, "for not only are their hearts made happy because of physical aid but they also know of the wonderful love of a Savior to whom the soul of a leper is as precious as is the soul of anyone else," said Mrs. Stauffacher.

About 75 per cent of those to whom we give medical care in the camp, leave our camp clean and pure and with permanent treatment, and the other 25 per cent are much improved. Besides this they can associate with human beings and forget the awfulness of jungle life, and last but not least, they learn to know their Savior."

The missionaries to Africa are for the greater part supported by gifts and can go only because they feel assured that those who stay at home will do their parts financially and morally and thus by those who go and those who stay at home, the work is carried on.

During the afternoon the following officers were elected: President, Mrs. C. J. Dregman; vice-president, Mrs. Clarence DeGraaf and Mrs. Dick Boter; denominational vice presidents, Mrs. J. C. Willits, Mrs. Percy Ray, Mrs. J. Breen, Mrs. W. E. Van Dyke; secretary, Mrs. F. N. Jonkmans; assistant secretary, O. P. Kramer; assistant treasurer, Mrs. W. C. Vandenberg; auditor, Mrs. Henry Venhuizen.

The program for the day follows: Opening Voluntary, Mrs. Harold J. Karsten; Hymn No. 180, "All Hail the Power of Jesus' Name"; Devotions, Dr. J. C. Willits; Message from Mrs. C. V. R. Gilmore, by Dr. C. V. R. Gilmore; Greetings, Mrs. Wm. Stuart; Reports: Secretary, Treasurer and Nominating Committee; Address, Dr. J. C. Stauffacher; Offering; Psalm 68; 10; Consecration Prayer, Mrs. Edith Walvoord; Address, Mrs. C. J. Stauffacher; Hymn No. 556, "Blest Be the Tie that Binds"; Benediction, Dr. J. C. Willits.

Mrs. E. R. Jones, who lives 6 months of the year at Saugatuck and 6 months at Miami, Florida, raced her sinking craft to shore, which she gained just before the boat filled and sank. The other driver, Miss Maude Hughes of New York, was rescued.

The Jones are well known here, having a cottage in Saugatuck, and also one on Lake Michigan.

Tells of Trip From Holland to Dark Africa

MISS BREEN, MISSIONARY, SAW MANY THINGS OF INTEREST IN MAKING JOURNEY

Missionary in Africa

Later—Lupwe.

We're back home at Lupwe. We spent the week end at Takum where Miss Veenstra conducts services every Sunday to a large audience. This, as you no doubt know, is the place where Miss Veenstra established a church. We came back to Lupwe on Monday. We've unpacked and are moving into our new home.

Later—Kwanbai.

We were home at Lupwe about a week and a half. The once more we packed up and left for Kwanbai. We arrived after walking half the way, not being able to cycle since the roads were so bad. Since here we've had plenty of callers, and such excitement. The men caught a deer in the bush yesterday, and our cook's youngest brother was the hero.

This morning we had services outside. Kwanbai is the village where so many are interested in the gospel message. There is not a house in the village that has not given up spirit worship. They have burned their charms and destroyed their Baka (spirit) houses. They also built a chapel voluntarily and asked for a helper. They themselves pay the native preacher fifty cents a week.

This is quite a sum for the poor natives. Of course the preacher has to farm besides. Now the chapel is too small. They first have the women meet at 7:30 a. m. and at 8:45 the men meet, but even at that the chapel won't nearly hold all who come, so this morning we met outside in front of the chief's house. Services were called with a drum. We sat on chairs, the others on the ground. About two hundred were present, besides babies, dogs, goats, sheep and fowls.

The women met at 7:30 a. m. and at 8:45 the men meet, but even at that the chapel won't nearly hold all who come, so this morning we met outside in front of the chief's house. Services were called with a drum. We sat on chairs, the others on the ground. About two hundred were present, besides babies, dogs, goats, sheep and fowls.

It has been a real inspiration to come here. Some years ago the people lived up on a hill here. Miss Veenstra visited them and was the second missionary ever coming to them.

Then upon a government order they moved down to the valley. Four years ago Miss Veenstra visited them and they asked to be told more.

So a native Christian from Takum came to live here but Satan put forth a last supreme effort and for a while it seemed as tho they would reject the gospel. The native preacher died and the Lord used it to defeat Satan, as it wasn't long after this they destroyed all their spirit worship houses, their charms and all connected with the worship. The village has about 400 inhabitants. Today they started breaking ground for a new church to be built without help of the mission. Each morning about 100-150 gather for morning prayers. I wish you could see the gathering.

Most were stark naked or just wore a loin cloth. When Miss Veenstra first came, no one wore anything but leaves, but now the Christians all wear something. Women wear little bunches of grass so can have an inexpensive dress each day. The men wear loin cloths, altho a few have garments. As soon as they get a little money they purchase cloth for garments. It does one good to see how anxious these people are to hear the gospel. The Lord is working mightily here. It is just as quiet here on Sunday. In the afternoon we played the Victrola and it was amusing to watch them, as they had never heard one before. They crowded to see the "man," but some were afraid.

I must tell you about their pocketbooks. I saw one man with his money pinned with a safety pin to the little knot on his hat. They have no coins in their money. One woman had her money hid in her little puff of hair, and several of them had it tied on the ends of their braids or tied with grass and hung as a necklace.

I have been taking the women for an hour each morning trying to teach them to read. Also go to the men's school for an hour. They use a dialect we do not learn, so all must be done through interpretation, some of mine is by signs for I don't know Hausa very well either. Miss Veenstra conducts an open air clinic at the same time. One does see the most desperate cases of syphilis, ulcers, eye trouble. It's dinner time and this letter is getting quite long, so I'll close.

Pray for these people and us too. Sincerely, NELLE BREEN.

OILS DEFEAT LEATHERS AT HOLLAND

Grand Haven Tribune.—The Grand Haven Oils defeated the Mosser Leathers of Holland Friday night at Holland in an interesting game, 38 to 33. Carlson was high point man for the Havenites with 12 points while Beckman of the Leathers also sank six field goals.

A double-header bill was planned to be played by the Oils and the Van Zylens Saturday night but for some reason the teams are not able to come to this city. The Oils were to play the Grand Rapids American Seaters while the Lumbards had planned to meet the Fennville Merchants.

The Women's Christian Temperance union will hold its first annual institute in Zeeland March 16 in the parlors of First Reformed church. As this is an all-day affair there will be a potluck dinner. Mrs. Olla K. Marshall of Coopersville, district president of the W.C.T.U., and Mrs. Ruth Frey of Grand Rapids will lead the discussions.

Joseph Kraker spoke on "Cost Accounting" at a meeting of the Lion's Club held at Warm Friend Tavern Monday noon.

MISS RUTH VERHEY AND EDGAR LANDWEHR, ARE THE STARS IN THE FARCE COMEDY

Tickets for this year's senior play have already been given out to students of the local high school, who are canvassing Holland and vicinity in efforts to secure a capacity crowd to witness the production, "The Whole Town's Talking," to be staged in the high school auditorium March 23, 24, 25 and 26, under the direction of Miss Lucille Lindley.

Although it is a farce, perplexing situations and laughable incidents following each other in quick succession, the play is in reality, a remarkable lesson in human nature, showing how hearsay evidence can change the reputation of an unappealing individual into a glamorous story of jilted loves and "he-

tic" holidays, merely by manufacturing circumstantial evidence and leaving it exposed to the tongues of gossip.

Taking the leading role is Edgar Landwehr, who acts the part of Chester Binney, a slovenly drudge who hopes to marry Ethyl, the leading lady, a charming co-ed played by Ruth Verhey. Peter Borer, who takes the part of Simmons, the father of Ethyl, attempts to fake up an affair which Binney has had with a famous screen actress, Letty Lythe, so as to interest his daughter in Binney.

The villain of the piece is Roger Shields, taken by Sherwood Price, a young blood from Chicago and Paris who has helped materially to mold Ethyl's opinions on men, and has developed her preference for men with a past—like himself. Shields discovers the artifice with which Simmons and Binney have

February Was Warmest Month in 49 Years

LAKE MICHIGAN HAS BEEN PRACTICALLY FREE OF ICE AND BERGS

According to the Ottawa county weather bureau, an average temperature of 7.4 degrees above normal marked February, 1931, as the warmest month since 1882, a period covering 49 years. The average temperature was 31.6 degrees and the month was consistently warm. Only two days were below normal out of the 28. There were 11 days when temperatures were 10 or more degrees above normal.

The highest temperature was 47 degrees on the 27th and the lowest was 10 degrees on the 10th. The greatest daily range was 22 on the 13th and the least was 3 degrees on the 18th.

Only half the amount of snow fell, totaling 5.6 inches. The precipitation was less than half the total being only 0.86 inches compared to a normal of 2.19 inches. This rain and snowfall was well distributed, measurable amounts occurring on 10 days of the month. The greatest snowfall in 24 hours was 4.0 inches on the 6th and 7th.

Wind movement was much below normal. The total movement was 6405 miles or an average of 9.5 miles per hour. The normal is 12.1 miles per hour. The maximum velocity was 31 miles per hour from the north on the 3rd.

Sunshine averaged 44 per cent of the possible or about 10 per cent above normal. There were five clear days, six partly cloudy, and 17 cloudy. A solar halo was observed on the 27th and a lunar halo on the 4th.

The warm winter has had a telling effect on ice condition in Lake Michigan and lake shipping has been practically unimpaired.

The first report of the ice conditions in the five Great Lakes has been issued by the United States Weather Bureau and it testifies to the unusual mildness of the winter.

In Lake Michigan there is now at present hardly a trace of ice point above Charlevoix, a distance of 250 miles. It is reported that the lakes had less ice this season than in the last 50 years.

The shore line opposite the Oval at Grand Haven and the Ottawa Beach State Park, near Holland, is taking on all the aspects of spring and the little ice left there is honeycombed and melting rapidly.

In Duluth-Superior harbor the harbor ice is not exceeding 18 inches and is disappearing rapidly. This is unusual at this harbor as the ice is usually 24 to 36 inches thick at this time of the year.

Even at Port Arthur, Ont., on Lake Superior, the ice is but nine to 12 inches thick. In the open lake, the ice fields are so small as to be of no consequence.

At Grand Haven harbor and at most of the other ports where car ferries were plowing through solid blue ice 24 to 30 inches deep last year at this time, there is no ice and all during this winter no hardships were encountered by shippers out of these ports.

In the home of Mr. and Mrs. C. E. Hoffman last Sunday a pleasant family gathering was enjoyed with Mr. and Mrs. Leo Hoffman and Mr. and Mrs. Carl Hoffman and children of Holland present.—Allegan Gazette.

PROFIT ON ONE CROP PAYS FOR LAND. Mr. Alvin La Pointe, right, and his son, of Erie, Pa., made a profit of \$246 per acre on potatoes grown with "AA QUALITY" Fertilizer. This was more than the original cost of the land. Read the facts in his letter below.

\$246 per Acre CLEAR PROFIT

LAST year Mr. Alvin La Pointe, of Erie, Monroe Co., Mich., planted 19 acres of potatoes; he harvested and sold 3800 bushels so his yield averaged 200 bu. per acre. Mr. La Pointe gave us a detailed statement of every item of cost in growing his crop. Including 1000 lbs of "AA QUALITY" Fertilizer, his cost was \$104 per acre, or just 52 cents a bushel. He sold his crop for \$1.75 a bushel, or \$350 per acre, so his net profit was \$246 from each acre.

Compare Mr. La Pointe's profit with the profit from an average potato yield of 100 bushels per acre, grown at the average cost of 64 cents a bushel. At \$1.75 a bushel, the profit per acre would be only \$11.1, as compared to Mr. La Pointe's profit of \$246. In authorizing us to publish these facts, Mr. La Pointe wrote as follows:

"The land on which my potatoes were grown cost \$200 per acre in 1918, and my cost of production figures for last year show that my potato crop made a net profit of \$246 per acre, which is more than the original cost of the land. I am satisfied that farmers in this State do not use enough fertilizer. More fertilizer means bigger yields, lower production costs and more profit." (Sept. 30, 1930.)

Thousands of other farmers in this and adjacent states use AGRICO and the other "AA QUALITY" Fertilizers to give them larger yields, lower costs and bigger net profits. Read typical letters at the right.

How Profits are Increased

By increasing your yields from each acre, AGRICO reduces the cost of growing each bushel and this in turn increases the margin of profit. A farmer cannot increase the market price, but he can reduce his costs—and that amounts to the same thing. Know your costs, don't guess. We have made it easy by providing a new crop-cost method, so simple anybody can use it. Ask your dealer for a copy.

Don't skimp on fertilizer; for when all is said and done, it's the crop-producing power of the fertilizer you use that measures the size of your profit. Use the best fertilizer you can obtain and use enough of it. Don't expect so-called "cheap" goods to give you the profits your hard work entitles you to.

AGRICO contains extra plant foods. That's the big reason for its superior crop-producing power. There is a brand of AGRICO for every crop. Try AGRICO on at least a part of your crops. Any "AA QUALITY" Fertilizer Dealer can supply you. The AMERICAN AGRICULTURAL CHEMICAL CO., P. O. Box 814, Detroit, Mich.

"AA QUALITY" FERTILIZER DOUBLES BEAN YIELD. White Brothers, of Berville, St. Clair Co., Mich., used 125 lbs. per acre of "AA QUALITY" Fertilizer on their beans last year and got 20 bu. per acre, just double the average local yield. They write: "In the past fifteen years we have used several different kinds of fertilizers and have always come back to 'AA QUALITY' because they give us the best crops. Our beans this year averaged 20 bu. per acre in an unusually dry and hot season and only picked 1 lb. per cut. The average yield in this section was from 8 to 10 bu. per acre. We had an outstanding crop and know that 'AA QUALITY' Fertilizer helped make this possible." (Oct. 7, 1930.)

GETS 29 1/2 BU. MORE OATS PER ACRE. Mr. C.W. Benjamin, Fowlerville, Livingston Co., Mich., last year used "AA QUALITY" Fertilizer and produced a 79 1/2-bu.-per-acre crop which weighed 37 lbs. per bu. and matured 8 days earlier than other oats in his section. He writes "This year I used your 'AA QUALITY' Fertilizer on my oats at the rate of 150 lbs. per acre and got 79 1/2 bu. per acre. This was 29 1/2 bu. per acre above the average in this section. It is not profitable to try to farm without using good fertilizers. When 'AA QUALITY' Fertilizers are used you are always sure of having the best that your money can buy." (Aug. 18, 1930.)

The Newer Pioneers Blazing a Trail Through The Wilderness

THE pioneers of the fifties and sixties were romantic figures as they wended their way through rocky passes, across swift running streams, over burning deserts.

Q In 1931 we have other pioneers. The hardy spirits of today are undismayed in the face of a wilderness of "collapsed" business structures. They know it is only those of "little faith" who fail to pull through; that now, if ever, opportunity beckons to men of energy and ideas.

Q We believe in pioneers of 1931. If these pioneers have been thrifty and have laid a little by in the way of saving, we believe opportunity just now is right around the corner and coming their way. They will not be beset by inflated conditions, but will be able to deal in values and markets that are honest and sound.

Q The pioneer of yester-year first saved before a traveling start could be made. This rule is just as applicable to the pioneer of 1931.

SMALL FIRE QUICKLY EXTINGUISHED

A small fire in the form of a smudge started in the basement of E. H. Hall's warehouse on North Elm St., Zeeland at the Pere Marquette Railway Monday evening. It is probable that someone had dropped a burning cigarette stub into some waste left from sorted onions.

There was a great deal more smoke than fire, and its detection came soon. Officer Bosma reported that the fire was quickly put out and no damage resulted.

SEEKS 40-FOOT HIGHWAY THROUGH ZEELAND AND ALSO URGES CITY ANNEXATION

The Zeeland Exchange club has appointed a committee to confer with the state highway commission in regard to construction of a 40-foot highway through the city on the rerouting of M21, which is to be worked upon this spring, in place of the ordinary 20-foot road-bed.

The club also is sponsoring the annexation of the west end of Zeeland, which now lies in Holland township. Property owners are much perplexed with the present situation. A committee was appointed to confer with state officials in regard to the matter.

HOLLAND FURNACE NET PROFITS HIGH

The Holland Furnace Co. Tuesday reported that 1930 was the second best year in the company's history, both in the volume of business and net profits.

Although net for the year was below that of the peak year of 1929, it showed a substantial increase over figures for 1928. Net for 1930 was \$1,655,029, equal to \$3.60 a share on the common stock, against \$2,202,378, or \$4.85 a common share in 1929 and \$1,245,189, or \$2.65 a share in 1928.

The statement said that while the heating industry as a whole showed a very substantial decline in sales volume during the year as compared with previous years, it is significant that our sales decrease was only 7.2 per cent, which is due to the fact more than 75 per cent of our sales are for replacements so that we are not dependent upon new building.

Golden Wedding Celebrated by Zeeland Couple

A LARGE NUMBER OF RELATIVES GATHER AT PARENTAL HOME FOR A HAPPY TIME

Another respected old Zeeland couple, Mr. and Mrs. Dick Huyser, on last Tuesday evening, March 3, celebrated their golden wedding anniversary at their home on South Centennial St., Zeeland.

They were fortunate in the presence of all their children and nearly all their grandchildren and brothers and sisters who had gathered there for the happy occasion.

Those present were Mr. and Mrs. Peter D. Huyser and children of Beaverdam; Mr. and Mrs. Ralph Huyser and children of Beaverdam; Mr. and Mrs. Quirinus Huyser and son of Beaverdam; Mr. and Mrs. John Schut and children of Hudsonville; Mr. and Mrs. Tony Huyser and children of Caledonia; Mr. and Mrs. John Leeuw and children of Zeeland; Mr. and Mrs. S. Mathieson of Zeeland; Mr. Wm. Vermeulen of Holland; John P. Huyser of Holland; Mr. and Mrs. Peter Huyser of Holland; Mr. and Mrs. M. Dalmann of Holland; Mr. F. De Vries, Mr. and Mrs. G. Van Hoven, Mr. and Mrs. Peter Verecke, Mr. and Mrs. T. Dalmann, Mr. and Mrs. R. Schilleman, Hastings; Mr. and Mrs. H. Dalmann, Allen; Mr. and Mrs. Joe Dalmann, Hudsonville; Mr. and Mrs. Cornelius Huyser and Mr. and Mrs. Gerit Huyser, of Beaverdam.

Mr. and Mrs. Huyser were united in marriage at the home of Mrs. Huyser's parents, the late Mr. and Mrs. Ralph Dalmann, at Beaverdam, by the Rev. John Brock, and immediately located on a farm one-half mile east of the Beaverdam Creamery where they made their home for forty years. Ten years ago they retired from farming to make their home in this city. They have seven children and twenty-three grandchildren.

The evening was spent in a happy sociable way and besides many beautiful gifts as tokens of love and esteem, the happy couple were showered with congratulations and wishes for many returns of their wedding anniversary. — Zeeland Record.

ZEELAND SENIORS TO WEAR CAPS AND GOWNS FOR FIRST TIME

For a long time the big question before the senior class of Zeeland was "what to wear for commencement." Some were in favor of uniform dresses and suits, while others wanted caps and gowns. Mr. Dewey sent for a few samples of caps and gowns from various colleges. The idea of wearing them for commencement may seem strange because this will be the first year in the history of Zeeland High School that the usual custom will be changed.

Several of the class members were exceedingly pleased when they saw the caps and gowns. These seem to be more suitable because they are so inexpensive and neat, and the wearing of them does away with a great deal of work.

A decision could not be made in class meetings so Mr. Dewey sent letters to each parent, and the parents and students together voted for either caps and gowns or uniform dress and suits. After all the letters had been returned, the decision was announced and the majority were in favor of caps and gowns.

The next thing to do was to pick out the color, selection being made from black, grey and brown. Black was eliminated first, as it is very seldom used in high schools, but is preferable in colleges and universities. The class voted between the grey and brown, and the majority chose the grey. These gowns will be worn at both the baccalaureate and commencement exercises.

Simple
Flannigan and Humnig were in a dilemma—in fact, they were in a regular Irish stew. "Shure," exclaimed Flannigan, "these scales is no good at all, at all! They only weigh up to 250 pounds, and O'm near to 250." They put their heads together and considered the matter. "Av course," reflected Flannigan, we must cut some of the superfluous off ye, till ye balance." But Flannigan objected. Then Flannigan was struck by a sudden inspiration. "Shure," he exclaimed, "phwat to prevent ye zettin' on twice?" — Kansas City Star.

Fur Buying Is Off; Prices Way Down

There is so little activity in the Grand Rapids fur market that it might almost go as no activity at all. Grand Rapids is an important fur trading center, with half a dozen houses buying and selling furs, and many of the furs trapped in western Michigan are sold to these Grand Rapids houses.

It would seem that the low prices this year have discouraged many trappers. Local dealers report the prices ranging from 35 to 40 per cent under last year, and the demand from their customers is at a low ebb. Hence, there just isn't much of a fur market this year.

Some trappers, particularly muskrat trappers, were planning to hold their skins for a higher price, but most of these men have changed their minds, as there doesn't seem to be any higher prices in sight. Rat skins were not anything extra this year, say buyers.

Last year was a banner year for trappers. Prices were unusually high and many men made the biggest profit of their experience.

Lesson for March 15

JESUS AMONG FRIENDS AND FOES

GOLDEN TEXT—Ye are my friends, if ye do whatsoever I command you. **LESSON TEXT**—Luke 10:38-42; 11:14-15. **PRIMARY TOPIC**—Jesus Among His Friends. **JUNIOR TOPIC**—Jesus' Test of Friendship. **INTERMEDIATE AND SENIOR TOPIC**—Friendship With Jesus. **YOUNG PEOPLE AND ADULT TOPIC**—Dealing With Friend and Foe.

1. Jesus in the Home of Friends (Luke 10:38-42). There is no place where true character is so clearly revealed as at home.

1. His reception (v. 38). Jesus was received by Martha, as she was the head of the home. Jesus must have greatly appreciated the fact that there was one home in which he was welcome.

2. Mary sitting at Jesus' feet (v. 39). She with fine spiritual discernment, knew that sitting at the Lord's feet and hearing his word was that which would most please him. He was more concerned with opportunity to reveal himself to human hearts than with the eating of well prepared meals. Mary's way of entertaining Jesus was more acceptable than that of Martha.

3. Martha cumbered about much serving (v. 40). Both sisters loved the Lord. It would be impossible to say which loved the more, but Martha was bent on providing a fine meal for him. Because she was trying to do so many things, she was on the verge of distraction, and found fault with Jesus for permitting Mary to leave the kitchen to listen to his teaching.

4. Jesus' answer (v. 41, 42). (a) He rebuked Martha (v. 41). He did this most tenderly for he knew that she loved him sincerely. (b) He defends Mary (v. 42). He declared that but one thing was needful and that Mary had chosen that good part which could not be taken away from her. The one thing needful for every member of the race is a heart for the Lord which brings the individual to Jesus to hear his teaching.

II. Jesus Among Foes (11:14-15). 1. Charged with being in league with the devil (v. 14-15). Being unwilling to receive him as the Son of God and yet unable to account for his mighty works, they declared that he was casting out demons through Beelzebub, the chief of the demons. 2. Refusal to believe his miracles (v. 20-22). They asked for a sign to which he replied that they would have a sign from heaven in his death and resurrection. He reminded them, however, that their request showed unbelief surpassing that of the heathen queen of the South and the wicked people of Nineveh.

3. Wickedness denounced (v. 27-34). He pronounced six woes upon those who were opposing him and seeking his destruction: three upon the Pharisees and three upon the lawyers.

a. The Pharisees (v. 37-41). These he denounced for:

(1) Punctiliously observing minute rites while at the same time breaking the Ten Commandments. They carefully tithe the small herbs of the garden while practicing injustice with their fellow men and withholding love from God. He pointed out to them their attitude which was filled with wickedness. It was as absurd as merely washing the outside of an unclean cup.

(2) Desire for public recognition (v. 43). This is a common sin today. Love for titles of respect and positions of prominence is a very common sin.

(3) Feigning humility (v. 44). He compared their hypocrisy to graves which are on the ground and may be stepped upon unconsciously by some one who would thus be defiled.

b. The lawyers (v. 45-54). The strictures of Jesus on the hypocritical Pharisees aroused the lawyers, one of whom indignantly declared, "Thou reproachest us also." In reply to this Christ pronounced three woes upon them:

(1) For placing burdensome requirements upon the people to which they themselves would not submit (v. 46). Religious rites should not be made irksome. (2) For the murder of God's prophets (v. 47-51). He showed that their attitude toward him was the same as was shown to the prophets by their fathers. Jesus declared that their guilt was the same as that of their fathers and that their generation would be held responsible for all that the fathers had done. (3) For keeping back the knowledge of God by false interpretations of the Scripture (v. 52-54). There is perhaps no wickedness so great as that of supposed teachers of God's Word who keep the precious truths from the people by perverting its meaning.

The BEST Gray Hair Remedy is Home Made

To half pint of water add one ounce bay rum, small box of Barbo Compound and one-fourth ounce of glycerine. Any druggist can put this up or you can mix it at home at very little cost. Apply to the hair twice a week until the desired shade is obtained. It will gradually darken, streaked, faded or gray hair and make it soft and glossy. Barbo will not color the scalp, is not sticky or greasy and does not rub off.
