Northland Completely Destroyed

John Teusink Struck Down by Falling Wall; Set Loss at \$400,000

A Holland man died Friday after he was injured while helping firemen extinguish a spectacular \$400,000 fire at the Northland Lanes bowling alley on North River Ave.

John Teusink, 29, of 13988 Ridgewood Dr., was buried under a pile of bricks when an explosion caused a portion of the front wall of the bowling alley to fall.

Teusink was rushed to Holland Hospital where he died of head injuries at 5:05 a.m.

Cause of the costly blaze, which was discovered shortly after 1 a.m., was not immediately determined. The front of the sprawling one-story concrete block and steel building was burning when the fire was discovered.

Holland township firemen said Teusink had stopped at the scene of the blaze and offered to aid firemen in putting out the fire. He was holding a hose when the front wall of the building collapsed on him.

Ottawa County deputy Robert Dykstra said he had been standing near Teusink and had walked away from the burning building only seconds before the wall fell.

A Holland Township fireman, standing in the main entrance of the bowling alley, was saved from injury when the wall collapsed, by a small roof over the entrance which caught the falling bricks.

Firemen said the water had been turned off from the hose Teusink was using and a second hose at the main entrance was being used when the explosion occurred. Teusink had been standing about 30 feet north of the entrance.

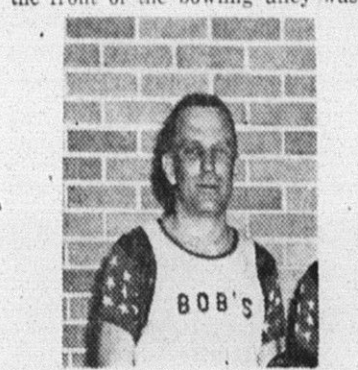

The blast which ripped out the portion of the front wall occurred at the front of the building near a gas heating unit. Firemen said the unit may have exploded or that intense heat may have caused the wall to buckle and fall.

The fire was burning with full fury when it was discovered. Holland Township Fire Marshal Andrew Westenbroek said an unidentified man coming home from work spotted the blaze and drove to a nearby telephone to summon firemen.

Ottawa County deputies reported that three women reported the fire at the Sheriff Department branch across the River Ave. from Northland Lanes, at practically the same time the passing motorist reported the blaze.

Deputies said they had driven past the bowling alley at 1 a.m. and saw no signs of fire. Dykstra said he looked into the front door at an illuminated clock at the inside rear of the building and saw nothing unusual.

Dykstra said he went to the branch office, and about 15 minutes later the women reported that the front of the bowling alley was ablaze.

ablaze. Dykstra radioed the Sheriff's Office to summon firemen.

No one was in the building when the fire was discovered. All bowlers had left the premises by 11:15 p.m., according to Jacob Essenburg Jr., who, along with a brother and three sisters, owned Northland Lanes.

Essenburg, who was the last to leave the bowling alley, said he left about 11:30 p.m. He said he drove past the building again between 12:15 and 12:30 a.m. and looked inside but saw nothing unusual. Essenburg did not go into the building then.

Essenburg estimated his loss at \$200,000. He said the loss was partially covered by insurance. He had no idea what could have caused the fire.

Although the building was constructed of concrete blocks and steel with brick facing on the front, there was a large amount of wood construction in the floor and sub-floor. The bowling lanes were covered with six coats of highly flammable lacquer which helped to feed the flames.

Essenburg said he did not know how many bowlers had personal belongings in the bowling alley's 160 lockers. Many kept bowling bags, shoes and bowling balls in the building. He estimated that there were 200 to 300 bowling balls in the building at the time of the fire.

The automatic pinsetters for the bowling alley's 24 lanes were not owned by the Essenburg Company, but were leased from the manufacturer, American Machine Foundry, Essenburg said.

Westenbroek said that by the time firemen arrived at the scene, the entire building was enveloped in flame. There was no saving it," he said.

Predict School Deficit Of \$332,000 in 1963

Whether to schedule an election for school operating millage or to wait and see what the Constitutional Convention recommends in the way of school finances is the question that faces the Board of Education of Holland.

At a regular monthly meeting Monday, Supt. Walter W. Scott in his administrative report said the state legislature has in committee two state aid bills which are substantially the same, either one of which might add some \$35,000 to the local system next year. This additional amount, he said, would be far from meeting the needs and unless additional revenue is sought, the board should consider deficit spending.

Board Member Wendell A. Miles immediately questioned the advisability of having a school system go into debt for an extended time without giving the people some choice. He said if the people should vote down additional operating millage, then deficit financing would be the only answer.

Scott earlier had said the Constitutional Convention may possibly make some major changes in the framework under which school boards operate, lessening some of the restrictions in the present constitution. He added, however, that there would be a question of whether the new constitution would be approved by the people, and if so just when some of the portions would go into effect.

He pointed to the possibility that a new constitution might provide some reasonable plans whereby a school district could work its way out of indebtedness without a special vote of the people.

The finance committee of which Bernard Arendshorst is chairman reported earlier in the evening that the 1961-62 school deficit is anticipated at \$125,000. An extra 2 mills would provide some \$130,000.

However, with additional items in the 1962-63 budget now under study, consideration is given to a \$50,000 item which will allow for teacher salary increments, \$25,000 additional for operating the new high school, and an additional \$2,000 for instructional supplies, the total estimated deficit for 1962-63 would be \$332,000. This includes the estimated \$125,000 deficit this year.

Scott added that nearly every school district in Michigan faces the same financial dilemma Holland faces this year. No decision was made Monday night on special millage, but it was clear a decision would have to be faced in another month or two.

Progress in the Adult Education Community School for the second semester was reported to the Board of Education Monday night.

Adult Education Director Vern J. Schipper said it has been necessary to increase the enrollment fee and the minimum limit so that revenue covers costs since state reimbursement no longer is received for each course.

Although this has placed handicaps on experimentation with various courses, it also has meant a tightening up so that the program is definitely geared to the educational needs of the community, Schipper said.

With the new shops building and other facilities available, additional technical courses are of a type that Holland has the start of a sound terminal education on the community college level, he said.

A total of 42 are enrolled in two classes of developmental reading, 33 in an American philosophy class, 17 in a shop course, 24 in drawing and blueprint reading, 14 in English for new Americans, and 99 in two sessions of golf classes. Several classes have maximum enrollment.

Maplewood Transfer Is Okayed 4-1

ALLEGAN—By a vote of 4 to 1, the Allegan County Board of Education Tuesday night approved the transfer of certain properties in Maplewood School district lying outside Holland city limits to the Hamilton School District.

The vote followed a public hearing before the board in Allegan's new court house. The board retired for 45 minutes of deliberation before the vote was announced.

Tuesday's vote was the culmination of more than three years of study and litigation on Maplewood school boundaries following Holland's annexation elections in 1958. The Maplewood School Board was represented by three members, Henry Vander Plow, Andy Naher and Dale Mossburg, together with the school attorney, Gordon Cunningham.

The opposition was represented by George Koops, John Schurman and Mrs. Henry Menken. The Hamilton board also was represented.

About 30 mothers and fathers of children attending Maplewood School were present at the hearing. Among those speaking in favor of the transfer were Dick Aardsma, Howard Kammeraad, Don Todd, Mrs. Buurma, Gary Beckman, Don Cochran and Mrs. Jack Van Deusen.

William Cram of the State Police Fire Marshal Division, this afternoon began a probe into the cause of the blaze.

Essenburg said they will rebuild the bowling alley at its present location.

Teusink was employed by Roamer Boat Co. and was a member of Beechwood Reformed Church. He also served with the Army during the Korean Conflict.

Surviving are the wife, the former Beverly Nyland; one son, John Gregory; one daughter, Pamela; his mother, Mrs. John H. Teusink of Holland; two brothers, Sidney and Leslie, both of Holland; four sisters, Mrs. Don Olthoff of Midland Mich., Mrs. Marvin Koeiman, Mrs. Robert Ash, Mrs. Rayne Don Livi, all of Holland.

TV Education Enthusiastic In Schools

Enthusiastic response to educational television in Holland public schools was reported at a meeting of the Board of Education Monday night.

William R. Hornbaker, visual education chairman, reviewed the high quality of the present programs in progress for high school students as well as a few for Junior High students and a limited in elementary school. He said 188 high school students are taking U. S. history courses four times a week.

Speaking of faculty interest, he said only one faculty member took tv educational training in 1960. In 1961 three teachers received instruction and just now 12 teachers have attended a tv workshop.

Supt. Walter W. Scott said in his opinion, tv education was just beginning, and announced plans for a third evening telecast to be held March 29 to discuss with parents, teachers and board members the plans for next year, as outlined by the Midwest Program on Airborne Television Instruction, Inc., which serves 7,000,000 students in six states.

Hornbaker said plans are afoot to take advantage of an offer to send a rather sizeable group from this area to visit the MPATI organization at Purdue University in Lafayette, Ind. This trip is tentatively scheduled April 11.

Hornbaker said the educational tv courses are not designed to replace the classroom teacher but as a supplemental or enrichment aid. He said the program allows teachers to spend more time with individual students and thereby make better use of teachers' time. He added that note taking and listening of students have improved considerably.

Scott also announced that without cost to the school district, a Grand Rapids company seeking a franchise from the FCC for channel 13 in Grand Rapids area has made available a television receiver, an UHF converter and an UHF antenna to enable Longfield School to receive programs from MPATI.

He said the company commits itself to install the equipment without transfer of ownership but free liability to the school district and to leave it in the school through the school year in June, 1963. If the company is the successful applicant for the new channel, it proposes leaving the equipment indefinitely for the purpose of soliciting comments on the quality of educational programs to be broadcast. If the company is unsuccessful in its application it would remove the equipment at no cost to the district or give the district the option to buy the equipment at substantially less than cost.

Scott said MPATI is now incorporated and is preparing to continue its operation on a charge basis for participating schools. The charge for the school year 1962-63 has been determined to be \$200 per school plus a per capita charge of \$1 for each student above 200 enrolled in the school, which assessment is reduced to 75 cents each student above 1,000 enrolled in the school.

He said if senior high school, junior high and Longfield school were to have memberships, the cost would be approximately \$2,500 assuming there were about 1,000 in senior high, 1,100 in junior high and 400 in Longfield.

The next meeting of the Guild will be a "Lenten White Breakfast" on April 10 at 9:30 a.m. Mrs. Gerald Nykerk will be guest speaker.

The regular meeting of the Beechwood Guild for Christian Service was held Tuesday evening. Greeters for the evening were Mrs. Charles Vander Schaaf and Mrs. Gerrit J. Van Kampen. Devotions were conducted by Mrs. Dale Boes.

The program "Notes of Praise" was presented by women of the North Holland Guild, featuring Miss Ruth Slotman as pianist and Mrs. Harry Schutt as narrator. "Our Hymn of Grateful Praise" was sung by the Ladies Chorus. A quartet consisting of Mrs. Claude Rouwhorst, Mrs. Carlton Brouwer and Mrs. Jay Rouwhorst sang "The Glory Song." A quartet consisting of Mrs. John Jager, Miss Hazel Bakker, Mrs. Fred Vennberg and Mrs. Gerrit M. Van Kampen sang "I Belong to the King." A solo "The Ninety and Nine" was sung by Mrs. Harold Slag. At the conclusion the Ladies Chorus sang a medley.

The closing prayer was given by Mrs. Vernon Webster. A social hour followed with members of the Boogard-Dykstra circle as hostesses.

NEW RADIO ARRIVES — Holland police Wednesday received their new remote radio control unit. The unit (right) replaces the larger and more complex unit being used here by Cpl. Richard Bonge. The new radio control fits available space while the old unit was

Son Says Hoffman's Days In Politics Are Ended

WASHINGTON — The son of Rep. Clare E. Hoffman, R-Mich., Congress' longtime budget watcher, has confirmed his father's political career is ended.

Attorney Leo Hoffman of Allegan, who fled to the capital last week after his father suffered a second stroke, said the 86-year-old Republican's ill health will prevent him from resuming an active political career.

The announcement late Wednesday confirmed United Press International's report Feb. 9 that Hoffman would definitely quit after 14 terms as representative of the state's 4th congressional district. Michigan's senior congressman, who first took his seat Jan. 3, 1935, is outranked in seniority by only two other Republicans, former House speaker Joseph W. Martin Jr. of Massachusetts and John Taber of New York.

Over the years Hoffman's vigilant attacks on spending he considered excessive earned him the title of fiscal watchdog. Hoffman came to Congress on an "anti-Roosevelt platform" and never swerved to the left in his original views.

Leo Hoffman, who has disclaimed any interest in succeeding his father, said the congressman suffered his latest attack a week ago Tuesday. "He was sitting in his wheelchair in his apartment when it happened," the younger Hoffman said.

The attorney said a private nurse quickly summoned a doctor. The son's disclosure that the congressman "has had a nurse with him constantly" since returning to Washington Feb. 9 indicated the veteran legislator's health has never approached recovery since the first stroke he suffered Nov. 9 last year while driving to a duck hunting blind in Allegan County.

Out-of-town visitors continue to tour Holland's new Senior High School building which held its public open house last week.

On Wednesday morning, 50 education students of Calvin College toured the facilities and heard a presentation by Principal Jay Formosa on the program of instruction and block scheduling. A question and answer session also was held.

In the afternoon, 12 graduate students of Andrews University at Berrien Springs visited the school. The 12 students represented 10 different countries. The one American in the group had heard about the high school at a principals' meeting elsewhere and arranged the visit.

Sister Mary Jiame of Mercy College in Detroit, accompanied by Sister Benedicte Mary of St. Francis School of Holland, visited the school Wednesday. She had heard of the school at a meeting in Lansing and was particularly interested in the instruction program and space utilization.

SAUGATUCK — The Camp Fire musical variety show will take place Friday at 7:30 p.m. in Saugatuck High School gym.

Included in the 16-act musical program will be a barbershop quartet, the Kingston-like Trio, specialty dancing, Camp Fire girls dancing and a surprise, the Camp Fire Sugar Daddies.

Proceeds will be for the Camp Fire program with tickets available at the door.

Rev. Sonnema to Speak In City on March 26

"What a Communist America Would Be Like" will be the subject of the Rev. Harold Sonnema who will speak at a meeting to be held Monday, March 26, in Fourteenth Street Christian Reformed Church. The meeting begins at 8 p.m.

Rev. Sonnema, a dynamic speaker, is pastor of the Franklin Street Christian Reformed Church of Grand Rapids and is well known in this area.

Gray Ladies Duties Vary At Veterans Hospital

Red Cross Gray Ladies who worked at Michigan Veterans Facility Wednesday were the Mesdames Clyde Sandy, James F. Crowe, Sadie Van Oort, and William F. Bowen.

Gray Ladies' duties are varied. Most important factor is an up-lift of morale especially where long term patients are involved. This is accomplished when a patient receives special attention from the Gray Lady as she writes letters for them, does shopping for them at the canteen for personal items, reads to the blind, feeds those unable to feed themselves or simply stops to chat and cheer a lonely seemingly forgotten patient.

Gray Ladies from Muskegon, Newaygo, Kent and Ottawa Counties serve the hospital on different days.

Seventeen members of the Gray Ladies from Ottawa County have given a total of 66 hours for the month of February, topped only by Kent County Gray Ladies.

Mrs. J. Franklin Van Alsburg is chairman of the educational exhibit, assisted by Mrs. George Smit and Mrs. Robert Cooper.

Coffee Shop \$2,500 Gift Transferred

Transfer of \$2,500 in hospitality shop proceeds to the board of the Holland Hospital Auxiliary was announced at a meeting of the board earlier this week in the hospital.

Mrs. W. A. Butler, chairman of the hospitality shop, gave an annual report of the shop and reviewed its functions since it was founded five years ago. In general, business is growing and gaining.

Mrs. W. C. Kools will serve as chairman of the Auxiliary spring luncheon. Mrs. Josephine Brent, representative for the South Shore Guild, reported on the tea the guild had given for practical nurses in the hospital Jan. 25. Mrs. William Jellema, board president, presided.

Announcement was made of a meeting of the central district of the Michigan Hospital Auxiliary to be held April 25 in Mayflower Church near Cascade. All auxiliaries in the district are invited.

Hospital Director Fredrick S. Burd spoke briefly of a survey on hospital needs currently carried on by James A. Hamilton Associates, mentioning particularly the need of nursing home facilities in the local area.

Kalamazoo Hands Dutch 65-46 Defeat

PORTAGE—Hitting 52 per cent of its shots, Kalamazoo Central's basketball team bumped Holland out of the Class A district basketball tournament here Thursday night, 65-46, before 700 fans in the Portage gym.

It was Holland's 15th defeat in 16 starts this season and ended one of Holland's most dismal seasons. The Dutch lost 13 straight games.

Kalamazoo fired 52 times and tallied 28 for an excellent 52 per cent while Holland also got 52 shots but hit only 17 for 32 per cent. Holland's brightest spot was its free throw shooting where the Dutch made 12 of 14, making seven straight during the first three quarters. Kalamazoo made nine of 13.

Terry Nyland, returning to the lineup after being sidelined for five games with a broken foot, scored Holland's first basket off the tipoff play. Holland led 5-2 two minutes gone before the winners started to move.

Junior Mike Thompson, 5'9" guard who gave Holland all kinds of trouble, intercepted his first of many passes to score Kalamazoo's sixth point and the go-ahead basket with 5:26 left and the winners never again trailed.

Kalamazoo led at the quarter, 17-9 and shot to a 22-12 margin before Holland perked up and notched three baskets, including two corner jump shots by 6'4" sophomore Darrell Schuurman to pull within four, 22-18 with 3:51 left in the first half.

But Kalamazoo scored nine points to Holland's four the rest of the half and led 31-22 at intermission.

Scoring 22 points in the third quarter and making nine of 12 shot attempts, the Maroon Giants sailed to a 53-35 third period lead. The winners made 12 points and Holland 11 in the last quarter.

Kalamazoo hit five of seven in the final eight minutes while Holland made three of 16. Holland had made nine of 23 in the first half on quarters of 4-12 and 5-11. They added five of 13 in the third period. The winners sank eight of 16 and six of 17 in the first half.

Kalamazoo controlled the rebounding and capitalized on Holland's mistakes as the speedy guards (Thompson and Kim Burke) would get the break on the Dutch.

Playing fundamental patterns, Kalamazoo worked for its baskets as was evidenced by only 52 shots but didn't take needless attempts. Kalamazoo's front line men, although not having a lot of natural ability, went through the mechanics of play and were in the right place most of the time.

Thompson, the most athletic of the quintet, led the scorers with 22 while Dave Kleis had 14 and Jon Deright added 12.

Mike De Vries scored 12 for Holland while Nyland had eight and Tom Essenburg scored seven.

Hospital Now Has High-Low Beds in Nearly All Units

Holland Hospital now has high-low beds in all medical and surgical units, thanks to gifts from several persons.

Fifty-five new beds arrived several days ago and the assembling and taking-down processes period a high degree of additional activity. The hospital already had 51 such beds and the new beds now bring to 106 the number of beds which can be manually operated from conventional height to hospital height. Some replace beds which have been in use since the original hospital was dedicated back in the late 20's.

Disposing of the old beds was a program in itself. Action of the Hospital Board made the beds available to churches and civic organizations to be available to members, etc., without charge.

The offer was made to churches and organizations as listed by the Holland Chamber of Commerce and the response was overwhelming. The hospital could have got rid of 100 beds.

The 41 beds available for such purposes were distributed one each to 29 churches and the others to six civic organizations. Some of the older type beds will be stored for emergencies.

Total cost of the new beds was approximately \$15,000 with more than half or \$8,400 financed through a bequest of the estate of the late Dr. C. J. Fischer. An accumulation of other cash gifts financed the remainder.

The medical and surgical units at the hospital are now equipped with all high-low beds. Only the obstetrical wing and the pediatrics

department do not have high-low beds. The obstetrical wing contains 22 beds of conventional hospital design and the pediatrics department has cribs.

The marriage of Miss Ruth Marie Dalman, daughter of Mr. and Mrs. Russel Dalman of route 3, Hudsonville, and Dick Zwyghuizen, son of Mr. and Mrs. John Zwyghuizen, 319 West Main St., Zeeland, was solemnized Feb. 23 in First Reformed Church of Zeeland.

Vows were exchanged at 7:30 p.m. as the wedding party gathered before an altar decorated with bouquets of white snapdragons and red carnations against a background of palms and candelabra.

The double ring rites were read by the Rev. John Hommerson. Wedding music was provided by Norman Vredevelde who sang "Whither Thou Goest" and "The Lord's Prayer."

The couple's attendants included Miss Ruth Zwagerman as maid of honor, Miss Donna Zwyghuizen as bridesmaid; Donald Carroll as best man and William Zwyghuizen as groomsmen. Guests were seated by Harve Belman and Richard Dalman.

For the occasion the bride selected a white taffeta gown, floor-length, fashioned with long sleeves, a scoop neckline with lace encircling the neck. A net veil covered a sparkling crown and she carried a bouquet of white carnations and red sweetheart roses on a white Bible. The bride was given in marriage by her father.

Miss Zwagerman and Miss Zwyghuizen were dressed in red

broadcated gowns complemented with elbow-length white gloves and a red hat band with net veiling. Each carried one red carnation.

Mrs. Dalman chose a medium blue lace over taffeta dress, blue hat and navy accessories and a corsage of white carnations and red sweetheart roses. The groom's mother wore a navy blue jersey dress with white hat and navy accessories. She also wore a corsage of white carnations and red sweetheart roses.

Assisting at a reception for 100 guests held in Fellowship hall were Mr. and Mrs. Robert Elenbaas in the gift room; Miss Nancy Zwyghuizen and Miss Rozanne Zwyghuizen, serving punch; Larry and Dean Dalman in charge of the guest book and Mr. and Mrs. John E. Zwyghuizen as master and mistress of ceremonies.

A sheath dress of moss green velvet complemented with a green hat and black accessories, was worn by the bride as the couple left on a southern wedding trip.

A graduate of Zeeland High school and the division of practical nursing at Grand Rapids Junior College, the bride is employed as practical nurse at Holland Hospital. The groom, a Zeeland High School graduate, is employed by Chris Craft.

Local Republican Women Hear Romney at Luncheon

An insight into government on a working level was given some 40 women of the South Ottawa Women's Republican club who visited the Constitutional Convention in Lansing Thursday.

The convention which is held in part of Lansing Civic Center has been attracting many visitors and the Holland-Zeeland group found some scattered seats at morning and afternoon sessions among groups of school and college delegations.

Thursday's session was a continuation of a two-week discussion on the judicial section of the new constitution. Robert J. Danhof of Muskegon, delegate of the 23rd district constituting Ottawa and Muskegon counties, as chairman of the judicial committee participated in much of the discussion in the committee-of-the-whole. Discussions centered mainly on judges salaries, etc. A amendment prohibiting judges of a court of record from practicing law was defeated.

George M. Romney, a convention vice president, is the most sought-after delegate on the floor. His seat (by alphabetical arrangement) is conveniently close to the visitors' gallery, and autographs for younger visitors seems to be the No. 1 souvenir.

Romney joined the local group at lunch in the YWCA and spoke briefly. He said already the convention had incorporated many needed improvements into the new constitution and he felt work accomplished to date had justified the cost of the convention.

With Romney were three other convention delegates, Henrik Stafseth of Ottawa County, Danhof of the 23rd district and Mrs. Ella Koetze of Grand Rapids. Mrs. Koetze spoke from the women's approach, expressing chagrin that more persons were concerned with charitable bingo than state apportionment. Stafseth spoke of the dedicated work of the 144 delegates in an attempt to draft a sound document which would be acceptable to the people, yet progressive in nature.

Danhof, one of 57 lawyers among the delegates, said the tendency of lawyers to be "experts" has complicated judicial procedures but that a lot of hard work was being accomplished.

George Van Pearsen, chairman of the Republican State Central Committee, said that while Republicans and Democrats are working hard on a new constitution, it is likely that the Democrats will oppose passage when people vote on a new constitution, and it will be up to the Republicans to sell it to the people.

Also joining the group were Mrs. John R. Bethmers, wife of the chief justice of the supreme court; Mrs. Dorothy Benton of Battle Creek, president of the Michigan Federation of Women's Republican Clubs; Mrs. Van Pears-

sem and Mrs. Rae Hooker, former national committeewomen.

Mrs. Marvin Verplank of Zeeland, club president, presided at the luncheon.

In the afternoon, a group of local women, headed by Mrs. Riemer Van Til, visited the state capitol where the legislature was in session.

WHAT THE WALL DOES

When the East German govern-
ment split the city of Berlin with
its infamous wall, many observ-
ers felt that the Communists had
scored a signal victory over the
West. In a sense, this was so. The
wall reduced the outward flow of
East Berlin refugees to a trickle;
it was a serious blow to the morale
of West Berliners.

There was another aspect of the
matter, however. By erecting the
wall, the Communists acknowl-
edged to all the world that they
had to fence people in to keep
them. The charms of the so-called
people's democracy were exposed
as a fraudulent mockery. The wall
hurt the West, but it hurt the East
German regime also.

Now there are indications that
the wall, through its impact on
those who remain behind it in East
Berlin, is hurting the East German
regime in additional ways. Walter
Ulbricht, the leader of the East
German Communists, is contend-
ing with food shortages and an
economic crisis. The economic
troubles are brought on in large
part by industrial absenteeism, a
workers' slowdown movement that
appears to have been stimulated
by construction of the wall.

East German farmers, too, are
engaged in a slowdown which is
their reply to forced collectivization.
The resultant food shortage is
so serious that "ersatz" menus,
similar to those of wartime, have
been issued by the government.

Not all of this is attributable to
construction of the hated wall
between East and West Berlin.
Agriculture reacts adversely to
collectivization; labor balks for a
variety of reasons. But the wall
has played a notable part in dis-
enchaining the East German work-
ers. It may yet bring about the
Ulbricht regime's downfall.

Rev. Hillegonds
Speaks at Day
Of Prayer Meet

The Rev. William Hillegonds
challenged Christian women meet-
ing for the observance of World
Day of Prayer Friday at Bethel
Reformed Church, to begin living
sacred lives in service and
love to the many areas of need
around them.

He called for a real understand-
ing of what is meant by the church
and a joyful dedication of life to
God. Also emphasized was the
necessity for a clearer idea of the
need and implication of prayer,
with a warning that when one
prays he risks becoming like
Jesus and traveling His way of
the Cross.

Mrs. Walter Scott, president of
the Holland Area Council of Church
Women gave the call to worship.
Mrs. Alfred Kane spoke the
words of confession and assurance
and the audience was led in pray-
ers of thanksgiving and interces-
sion by Mrs. George Damson.

The prayer service was based on
one written by two women in
Uruguay and climaxed by a vocal
solo by James Thomas of Alaska,
"Come Ye Blessed," accompanied
by Esther Harpham.

The offering at the service
amounted to \$393 and will be used
to promote interdenominational
work in Home Missions and For-
eign Missions of the National
Council of Churches.

Mrs. Stanley Boven was chair-
man of the World Day of Prayer
observance, assisted by Mrs. Fred
Winter, publicity, and Mrs. Gerald
Reimink, arrangements.

The Sin of Greed
Exodus 20:17; Luke 12:13-21
By C. P. Dame

Greed is the cause of much
wrongdoing and many evils. Very
many people want their wages
and profits to increase year by
year. The more some people get
the more they want and the great-
er their discontent. This lesson is
very good for our times.

1. The sin of covetousness is
common. The tenth command-
ment is found in Exodus 20:17
and in Deuteronomy 5:21. To cov-
et means to desire. Our desires
can be good or bad. Paul in 1
Corinthians 12:31 tells us to "covet
earnestly the best gifts." What
would happen if we would all do
that? The word covet as used in
the tenth commandment means to
desire unlawfully, to want some-
thing to which we have no right.
This commandment governs the in-
ner life. The other command-
ments deal with the outer actions.
Jesus gave them a deeper mean-
ing.

God is the Judge of both the
inner and outer life and His Word
deals with our thoughts and deeds.
Frequently greed leads to the
transgression of the other com-
mandments. The unlawful desires
of people cause them to steal,
commit adultery and kill. A per-
son who steals puts himself in a
criminal class but the person who
only covets and does not commit
an overt evil deed is looked upon
as respectable in man's sight but
in the eyes of God he is a trans-
gressor.

The Bible shows how coveting
often causes wrongdoing. Eve saw,
coveted the forbidden fruit and
took and Achan also saw and cov-
eted and took and David looked
and coveted and took another
man's wife and Ahab wanted a
neighbor's vineyard and got it.
These covetous people paid a high
price for their sin. Very few covet-
ous people are happy. They are
out of harmony with God and men.
Usually they bring unhappiness up-
on themselves and their families.
The truly godly person is content
with what God gives him. If he
longs for something he will ask
God for it and if he gets it he
will be pleased, if not he will
abide by God's will.

If Jesus warns against covet-
ousness. One day as Jesus was
teaching and preaching a man in-
terrupted Him and asked Jesus
to tell his brother to divide his
inheritance. Who was doing the
cheating is not told us. Some
brothers and sisters quarrel about
inheritances today. Jesus refused
to yield to the man's request but
he did tell a parable which is a
jewel.

A rich successful farmer had
such a big crop that he did not
have enough barns to store the
grain. He decided to tear down
his barns and build bigger ones
and then say, "Soul, thou hast
much goods laid up for many
years; take thine ease, eat, drink
and be merry." God upset his
plans and said, "Thou fool, this
night thy soul shall be required
of thee: then whose shall these
things be, which thou hast pro-
vided?"

Most people thought the man
was successful and smart. Why
did God call him a fool? Not be-
cause he had worked well, planned
and made provisions for the future.
God called him a fool because he
left God out of his plans. Look
at the pronouns he used—I, my,
mine and me. No word of thanks
to God came from his lips—no
recognition of God at all. This
man left his fellow men out.
There were needy people in his
community. Life for him meant to
eat, drink and be merry.

This man also presumed upon
the future. What assurance did he
have that he would live for many
years? This man was a fool and
poor. Note two passages worth
remembering—"for a man's life
consisteth not in the abundance of
the things which he possesseth"
and the other, "So is he that lay-
eth up treasure for himself and is
not rich toward God." The per-
son who has faith, love, hope,
gratitude is rich toward God. Are
you really rich?

Landscaping
Next for New
High School

Exterior lighting and landscap-
ing at the new senior high school
were authorized by the Board of
Education Monday night and
sealed bids will be received soon.

The buildings and grounds com-
mittee reviewed plans earlier in
the day with a representative of
Johnson and Ray, landscape archi-
tects of Ann Arbor.

Plans include a sprinkling sys-
tem which includes the wells; seed-
ing, plantings, a sculpture court,
some additional walks, additional
parking for 100 cars, and a play
area for physical education
classes.

The present parking lot cares
for about 150 cars, and it was
felt that an additional lot for 100
cars would relieve parking de-
mands at present. It was not de-
termined just where the new lot
would be located, possibly across
the street from the auditorium.

Estimated cost of all these im-
provements including the parking
lot and the sprinkling system and
wells was \$84,600. It was pointed
out that \$91,000 already has been
spent in site development.

The street lighting has been re-
ferred to the Board of Public
Works for study and recommen-
dation.

Supt. Walter Scott said he had
received a number of calls from
parents inquiring about a sidewalk
on the west side of Van Raalte
Ave. between 27th and 28th Sts.
and he was instructed to work out
details with the city manager.

It was pointed out that Van Raalte
Ave. between 23rd and 24th Sts.
also should have a sidewalk.

The board has scheduled a special
meeting March 21 at 7:30
p.m. to consider a communication
from the Lakeview School board
relative to annexing the Lakeview
district to the Holland district.

Plans for this annexation provide
that both districts will continue
to keep their respective bonds now
outstanding as separate accounts.
In time a merger of both issues
can be achieved in much the same
way that the Montello Park and
Apple Avenue bonds were refunded
when the 1960 high school
bond issue was voted.

The Teachers committee of the
board has been meeting with the
Salary and Welfare Committee of
the teachers and has discussed the
category salary schedule at some
length as to its desirability, its
cost, and method of applying it
to teachers. It was finally decided
that the committee of the teach-
ers club should rework the cate-
gory plan in order to lower the
cost to stay under \$50,000.

The board also approved the
teachers committee's recommen-
dation to increase substitute teach-
er's salaries from \$20 to \$25 a day
starting next September. Substitute
teachers will be paid \$5 per
hour for two hours or less. Over
two hours would be pro-rated.

Supt. Scott announced receipt of
a check to be used for science
books for the new high school li-
brary from Mrs. Maud Marsilje
Westervest of the high school class
of 1897. It was the second such
gift Mrs. Westervest has made to
the school. The first was ear-
marked for books on English lit-
erature.

Dr. J. A. Lubbers, speaking as
a private dentist and not for a
dental association, protested the
presence of candy and soft drink
machines in the new high school,
pointing to the effect of dental
caries in teenage children.

Board members received his
comments with interest and sup-
ported Wendell Miles' suggestion
that the schools committee ar-
range a meeting of board rep-
resentatives and student council
representatives to meet with Dr.
Lubbers for further study. In gen-
eral, the board approved a broad
approach to the subject of dental
education and believed a request
from the students to remove the
machines would be far more ef-
fective than action by the board.

Supt. Scott, strongly in favor of
protecting children's teeth, pointed
to the need for larger education
on the whole subject and said
fluoridation of city water supplies
was something the community
should be facing too. Dr. Lubbers
said he was not there to advocate
water fluorides but added that the
dental association strongly recom-
mended this program too.

With milk selling at 4 cents a
carton and soft drinks at 10 cents,
the choice of milk has been over-
whelming as a lunchtime bever-
age at the school. Dr. Lubbers
protest concerned mainly between
meal eating.

A request for funds for March
amounted to \$148,335.

All board members were present
at the meeting which lasted two
hours and 10 minutes. President
John D. Piewes presided and
Harvey Butler gave the invocation.

But Bos is confident Hamilton's team, with the vast experience learned this season, will show improvement next year. He was pleased with the progress made by the team this season. "We'll let people know we're around," Bos said.

Hamilton's only win was scored over the Fennville varsity reserves. But the Hawkeyes came close in several games. Hamilton lost its district tourney opener to Schoolcraft.

Maroons Hand Chix, 60-35 Tournery Loss

ZEELAND — Holland Christian's basketball squad Thursday night stopped Zeeland, 60-35 before 1,300 fans in its first tournery appearance.

The Maroons led all the way against the Chix, but the fighting Chix did manage to whittle the margin to nine points going into the last quarter. Christian kept its poise, however, to go out and ice the win by scoring 18 straight points in the early minutes of the last period to coast to victory.

Although pleased with the win and happy for another chance at Unity, Tuls was disappointed with the rebounding of his front line and said, "We will have to do much better on the boards against Unity if we are going to win." Big Dan Zuverink and center Gary Boeve did an outstanding job in the rebounding department for the Chix, while the Maroons were led on the boards by Jim Langeland, Paul Steigenga and Clare Van Wieren.

Christian had another fine shooting night particularly when it is considered that they hit a cold spell of about nine and a half minutes when they didn't score a basket. Overall the Maroons connected on 22 out of 51 tries for about 43 per cent. During the first half they hit a phenomenal 65 per cent with 15 out of 23 attempts from the field.

Coach Paul Van Dort's club had one more try with 52 attempts, but hit only 12 for about 23 per cent. Zeeland's best quarter was the third when they hit on five out of 12.

Christian used a fine man to man defense against Zeeland's ball control attack. The Chix, again playing with out the ineligible in Klingner, used a weave in the back court, attempting to shake one of the smaller players, Chuck Hansen or Terry Butler loose. Hansen played his usual fine game against the Maroons and led all scorers with 14 markers.

Paul Tuls and Jim Fredricks again handled the playmaking chores well and accounted for 25 points between them with some good outcourt shooting. The Maroons had all five of their starters in double figures.

With all five players breaking into the scoring column, the Maroons pulled out to a quick margin which they later upped to 11-3 midway in the stanza. The Maroons continued to shoot with great accuracy as they connected on seven out of their nine shots in the quarter to lead 20-10. Hansen paced the losers with six.

Paced by Paul Steigenga who connected on four out of four from the foul circle, the Maroons upped their bulge to 30-12 with 3:52 remaining in the half. The teams played on even terms throughout the remainder of the quarter with Christian leading at halftime, 36-18.

Christian turned as cold in the third period as they were hot in the first half as they went through out the whole quarter without scoring a basket and had to be content with just four free throws. Meanwhile the Chix took new life with the change of affairs to notch 13 markers of their own to trail just 40-31 going into the last period. Dan Bouma led the Chix with four markers.

Holland went almost another two minutes without scoring a basket before Fredricks broke the spell. Ten the Maroons were off and running as they ran up 18 straight points to lead 58-31 with 1:55 remaining in the contest. The Chix meanwhile went without a basket for over seven minutes before reserve Rich Miyamoto dumped in a rebound shot.

At the charity stripe, Christian hit 16 out of 25 while Zeeland hit 11 out of 20. Boeve left via the foul route with 4:36 left in the third period while Zuverink fouled out in the closing seconds.

Christian's balanced attack was led by Fredricks with 13 points, while Tuls and Steigenga each had 12. Hansen was high for the losers with 14.

Holland to Play Basketball Tilts In Fieldhouse

Holland's Board of Education Monday unanimously approved playing basketball games in the fieldhouse next season and the installations of additional bleachers.

Supt. Walter W. Scott, in the regular monthly meeting in the E. E. Fell Junior High School, gave the administrative recommendation to the board that the board authorize playing of basketball games in the fieldhouse next year.

Included in the recommendation was that during this spring and summer, lower bleachers on the east and west sides of the fieldhouse, will be installed. Ticket booths will also be built at the north entrance.

The motion to approve the administrative recommendation was made by Harvey J. Butler and passed unanimously. The subject was introduced at the meeting by James Hallan. Scott made the recommendation at 9:38 and it passed at 9:40 p.m.

The bleachers will be four-tier and will match the four step sections of bleachers already installed in the fieldhouse. The bleachers will be 90 feet long, the same length as the bleachers presently installed on the exercise areas.

The bleachers will pull forward and will cover about half of the grassy track. A protective covering for the track will be attached to the bottom of the bleachers.

With the new bleachers, the seating capacity in the fieldhouse will be about 2,000 school officials said. The cost of the bleachers will be an estimated \$3,500.

Portable steel bleachers may be purchased for the end zones of the fieldhouse at some later date, school officials indicated. Purchase of portable bleachers would depend on attendance at basketball games.

These portable bleachers could be used for outdoor events if Holland would build an athletic field near the high school.

Holland played two basketball games in the fieldhouse this season. The rest of the games were played in the Civic Center. Holland has been playing its games in the Civic Center since 1954. The rent on the building per game is \$100.

The Board's approval climaxed a campaign by Holland High students to play basketball games in the fieldhouse. Led by senior Tom Van Howe, petitions were circulated among students and townspeople and presented at the February meeting of the Board.
