Council Has Long Session On Hearings

More than 100 persons crowded into Council chambers in City Hall Tuesday night for public hearings on six paving projects and 10 water main projects. The special session lasted almost three hours.

Most of the persons present were there to protest the use of 32nd St. as a truck route, rather than to object to plans for paving the street.

The paving was ordered after Councilman Morris Peerbolt proposed a compromise which would eliminate that part of 32nd St., between Lincoln and Washington Ave., as a truck route by means of routing all truck traffic south on Lincoln Ave., to the US-31 bypass and west on the by-pass to US-31 business route (Washington Ave.) and north to 32nd St. After Council approved Peerbolt's resolution, there was but little objection to improving the street.

The 32nd St. residents were well organized, having met the previous night in Calvary Christian Reformed Church to decide on a line of action. Ralph Richman served as spokesman for the group, pointing up the difficulties of truck traffic and safety factors in a predominantly residential area. He suggested further study with another hearing March 26. Mrs. I. A. Antles suggested diverting truck traffic down Michigan Ave. and Gerrit Dykman spoke on behalf of children using crossings at Central Ave. to attend church and go to school.

thetic with residents but said they must go somewhere and pointed to a previous move from 17th St. to 32nd St. He said 32nd St. was a natural crossroad route leading from Lake Michigan across Holland. He pointed to a previous suggestion to have residents meet with truckers but said routes must be planned somewhere with utilitarian value.

City Engineer Laverne Seerne outlined plans for an ultimate perimeter truck route which ideally would leave South Washington Ave. at some point between 40th and 48th Sts., and go northwesterly to Ottawa Ave. and on Ottawa to 17th St., then courting through to Mill St. and onto Sixth or Seventh St. and east to Fairbanks Ave. Plans call for extending Fairbanks Ave. south to 24th St. and to connect with Lincoln Ave., proceeding south to the bypass.

He said all state trunklines allow trucks.

City Manager Herb Holt said 32nd St. has been designated a major street for several years and because of its geographic location, it will continue to be an important thoroughfare regardless of use as a truck route. He explained property owners would be assessed on the same basis as a normal 30-foot city street, and that the extra width and thickness would be charged to the Motor Vehicle Fund. Property owners previously assessed for improvements would receive some credit.

Councilman Henry Steffens pointed out that 32nd St. would be carrying heavy traffic this summer since Washington Ave. from 32nd St. to the bypass would be widened and much of the traffic would be diverted over 32nd St. The 32nd St. paving would be done after the Washington Ave. project is completed.

There was some discussion for "relief" for that section of 32nd St. west of Washington which would continue to be a truck route, and Holt pointed to plans to extend Ottawa Ave. to connect with Washington Ave. He said funds to purchase the right of way and working into the complicated development for Interstate-96 at the southern approach to Holland were factors to be considered. Peerbolt pumped for an early start for the perimeter route.

The vote on Peerbolt's resolution to reroute the traffic was 7-1. Councilman Richard Smith dissenting. Smith said later he voted against it because he felt further study was indicated with a view to the requested hearing March 26.

In answer to other questions, it was pointed out that most trees on 32nd St. are outside the curb and gutter line, and plans allow 8½ feet of grass between walk and curb.

The vote to pave 32nd St., according to original plans passed unanimously. Richman thanked Council on behalf of the 32nd St. residents and the audience gave a round of applause.

All other projects were disposed of in considerably less time.

One paving project on Cleveland Ave. and Lake St., 12th to 16th Sts. was tabled for study until the next regular meeting after Atty. Peter Boter, representing Sligh Co. protested the manner of assessments.

The project to pave Seventh St. from Pine Ave. west to the end was abandoned. All other projects were passed.

Of the 10 water main hearings, one in 40th St. from Washington Ave. to Central Ave. and in Central Ave. from 29th St. to Central Ave. was tabled. The project in 112th Ave. from Harvard Dr. to a point 397 feet south of Legion Park Dr. was partly deleted, and the project for 32nd St. from Plasman

Indiana Band Slates Show At Festival

Top feature of Tulip Time Varieties, the big Saturday night attraction for Tulip Time in Civic Center May 18, will be a spectacular and colorful presentation by Avon High School Band of Indianapolis, Ind., Tulip Time Director Harold J. Karsten said today.

David Lee Van Haisma, 17, Zeeland, charged with breaking and entering in connection with a safe job at Haan Motor Sales in Holland, was remanded back to Holland for examination.

Jerry W. Clendening, 17, Holland, who pleaded guilty Feb. 15 to larceny from a car, and Hollis W. Allen, 19, Lafayette, Ind., who pleaded guilty the same day to aiding and abetting in a larceny, were both sentenced to serve 90 days in the county jail. They will receive no credit for time already served.

Charles Channes, Rensselaer, Ind., charged with cashing three insufficient fund checks in a period of 10 days, was sentenced to serve 18 months to two years in Southern Michigan Prison at Jackson, with no recommendation.

John C. Wilkins Jr., 22, Grand Haven, who walked into county jail here Friday and gave himself up because he was tired of dodging police officers, pleaded guilty to car theft and will return April 8 for sentence. Wilkins had been sought since Dec. 5. He had hitchhiked to Los Angeles and was working when he decided to return and give himself up.

1,850 Persons Attend Sports Show in Civic

A total of 800 persons attended the Holland Sports Show Wednesday night in the Civic Center and boosted the total attendance to 1,850 for two nights.

This figure is 500 less than attended the Sports Show the first two nights last year. The show will be open tonight from 6 to 10 p.m. with stage shows at 7:30 and 9 p.m.

Tonight is Children's Night at the show and Fireman Freddie, a Grand Rapids television performer, will be the special guest.

Ave. to Graafschap Rd. was tabled for study and report back. Also altered was the project in Elm Dr. from South Shore Dr. and other short streets in Central Park.

There was considerable discussion on dead ends in water projects — something the state health department frowns upon. The city pointed to the dilemma facing Council which generally wants to extend water service to the people who want it. Aiming for a better circulatory system usually leads to opposition from those parties not requesting it.

Mayor Nelson Bosman presided at the long session. All Councilmen were present except Harold Volkema. Councilman John Beltman gave the invocation.

George Lievens, local attorney representing Gra-Bell Truck Lines, said trucking firms are sympathetic to the city's position.

Dutch Lose To Jackson In Regionals

KALAMAZOO — Holland High's basketball team was eliminated from the Class A regional tournament here Wednesday night as Jackson scored a 66-51 win before 3,400 fans in the Western Michigan University fieldhouse.

The Vikings, now 12-7 for the season, will play Lansing Sexton Saturday at 7:30 p.m. in the Western fieldhouse for the Class A regional crown. Holland closed with a 9-9 mark.

Featuring strong outcourt shooting and overall poise, Jackson took command for good with four minutes left in the first period. Prior to that the game had been tied twice and Holland had taken a one-point, 5-4 lead.

John Barber, who was to sink seven baskets in the game, hit his first, a long one-hander, with 4:16 left and the Vikings were on the way. Jackson led at the quarter 13-0.

Jackson built its lead in the second quarter to 10 points, leading 30-20 at half. The Vikings made 14 of 35 in the first half, mostly from outcourt, for 40 per cent while Holland hit eight of 22 of 36 per cent.

Barber got four baskets in the first half while his running mate at guard, Dennis Chesely and forward Walt Norris each had three. All of these baskets were hit from the sides and beyond the foul circle.

Jackson opened fast in the third quarter and at the midway mark had a 40-24 lead. Jim De Neff scored Holland's first basket of the quarter with 2:38 remaining.

But Jackson retaliated with and held a 20-point, 46-26 lead with 1:46 left in the third period. This was the biggest bulge in the game.

Holland, in a game defense, switched to a pressing game and picked up seven straight points in the last minute to make the score 46-33 at the third period's close. Holland made only four shots in 22 tries in the third quarter.

Midway in the fourth quarter and trailing, 54-41, Darrel Schuurman hit a basket and a free shot and Carl Walters added two free throws to pull the Dutch within eight, 54-46, with 3:18 left.

But that was the closest Holland came. Jackson capitalized on Holland's fouls resulting from the press and hit eight straight free shots to push the score to 62-46 with 1:15 remaining. Holland got five points and the winners four the rest of the game.

In the fourth quarter, Jackson made 14 of its 20 points in free shots as the winners tallied 14 of 16 including six straight by sub Ed Waits. Holland made eight of 11 free throws in the fourth quarter.

Schuurman made four baskets and two free shots to lead Holland's fourth quarter drive while Walters, who fouled out with 1:50 left, scored seven points. Holland also lost Mike De Vries on fouls with 1:18 remaining.

The Dutch hit only 30 per cent in the game on 17 of 57 while the winners hit 24 of 60 for 40 per cent. Holland had quarters of 3-10; 5-12; 4-22 and 5-13 while Jackson had 7-18; 7-17; 7-14 and 3-11. At the free throw line, Holland made 17 of 22 and Jackson, 18 of 23.

Coach Don Piersma felt Holland's "poor shooting" combined with Jackson's "good shooting and poise" made the difference in the game.

He pointed to a foul on Darrel Dykstra late in the game and Schuurman's blocked shot after that as the two key turning points. The "elbows" foul upset the Dutch, Piersma felt, and gave Jackson a free shot while a Schuurman basket would have put the Dutch within six.

Holland lost the ball 13 times in the game, seven in the first half while Jackson had nine turnovers.

Jackson out-rebounded Holland, 42-38. Holland had four offensive and 15 defensive in the first half while the Vikings had six and 11. In the second half, Holland had eight offensive and 17 defensive and Jackson eight and 17.

Ade Slikkers of South Haven, one of the officials, is a former Holland resident. A Holland Christian and Hope College graduate, Slikkers played on Holland Christian's 1935 state championship team.

The Zeeland Board of Education adopted a change in the teacher salary schedule at its meeting Tuesday night, granting an increase of \$100 per year in the minimum and maximum of the pay scale.

Starting salaries for teachers with a Bachelor degree will be raised from \$4,400 to \$4,500; and for teachers with a Masters degree from \$4,700 to \$4,800.

Steps in the pay increase for years of service remain the same, except for an additional step raising the maximum pay for Bachelors to \$6,500, and for Masters to \$6,800. The increase rate for all teachers is \$200 per year with each year of employment in the Zeeland system. Coaching athletic teams pays extra.

The board also placed a limitation on school bus driving for teachers. Teachers will be allowed to drive only 1 trip per day, and next year the board will eliminate teacher bus driving entirely.

Supt. J. F. Schipper was authorized to take bids on the purchase of a new small school bus to replace the Tempo-Combi bus now used for special education students. The little bus is also used to take some kindergarten students home at noon, and to haul debate and small athletic groups to events.

The board received a request signed by about 100 school district residents asking that a Parent Teacher Association be formed on the junior and senior high school level.

The Board approved the organization of such a PTA, to be left in the hands of those who wish to have it. The PTA, Mr. Schipper pointed out, is not a school board function or responsibility. The Board will be happy to cooperate with the formation of such a PTA, he indicated, but will have no official part in its organization or administration.

Board member Dr. A. J. Vande Waa was appointed to be the Board's representative to the City Council in matters pertaining to the summer recreation program.

The current fund raising campaign to build a Christian High School in Zeeland has exceeded its \$80,000 goal by more than \$12,000, drive chairman Howard Johnson and Ed Lamse reported.

A total of \$92,600 has been counted in contributions and pledges. The pledges are set up to be paid during the next two years.

The total is expected to reach a bit more, Johnson said, because all reports and returns are not yet in. A similar drive two years ago netted \$100,000 toward the project.

All funds received are being set aside toward the building of the new four-year high school. Present plans call for construction to start in 1964, and the opening of the school in September, 1965.

Christian school officials have purchased an 18-acre site for the building on North State St.

Discuss Writers At Seminar Here

The third and last of a series of literature seminars was held in the library of the Woman's Literary Club Tuesday afternoon with Mrs. W. G. Winter, club president, discussing American women novelists. This series was initiated this year as added activity for the club. The first seminar dealt with poetry and music and the last two on writers, with emphasis on women writers.

Mrs. Winter presented the names of some 223 women writers compiled from a somewhat outdated list published in the 1940's and the group of some 15 women added many favorites of more recent works. New York leads the nation in recognized women writers with California and Missouri following.

Only six names were initially listed for Michigan, but local book lovers took comfort in claiming Edna Ferber for Michigan. Miss Ferber's home was listed as Kalamazoo, and the interesting story was told how her mother rescued a manuscript from a wastebasket, sent it to a publisher and it was published forthwith under the title, "Dawn Aurora."

A good writer, Mrs. Winter said, must write sincerely and must adhere to a certain literary criticism which is geared to life and often to its problems.

Among some of the favorites listed by Mrs. Winter and her audience were Ellen Glasgow, Faith Baldwin, Kathleen Norris, Mary Roberts Rinehart, Anne Morrow Lindbergh, Anya Seton, Catherine Ann Porter and Isabel Ross.

The seminar served as an excellent introduction to next week's program featuring Robert Haugh, associate professor of English at the University of Michigan, speaking on "Trends in Modern Literature."

Coffee was served. Plans for the seminar were in charge of Mrs. Winter and Mrs. Kenneth Kooiker.

J. Bruzelius Speaks to Club

He was introduced by vice president, Jim Brown.

Bruzelius is here under the auspices of the Youth for Understanding movement which is sponsored by the Council of Churches.

The greatest thrill of his trip to the United States came as he was flying from Gander, Newfoundland, to Detroit, when the plane lost its landing gear, Bruzelius said. The plane made a successful land after which the more than 100 teenagers from western Europe left for the homes of their new parents.

Jan made special mention of the large number of automobiles, the improved highways, speed limits, wooden houses and the use of lights and the American football game in this country. In commenting on the school system of Sweden he said that the children start at the age of seven unless they have a chance to attend private kindergarten. After four years there is a separation into two groups, the more intelligent and the average. After another four years there is another separation in which the gifted are recommended for the most advanced institutions of learning, he said.

When questioned about the nearness of Russia to Sweden, he said that it seems to him that the people in countries bordering Russia fear Russia less than Americans do.

The next meeting on March 25 will feature Ladies' Night and a dinner at 7 p.m. in Phelps Hall on the Hope College Campus.

Walton-De Vries Vows Exchanged

Mr. and Mrs. Wayne Michael Walton

(Penna-Sas photo)

Marriage vows were exchanged by Miss Sharon Kay De Vries and Wayne Michael Walton in a double ring ceremony performed March 1 at 8 p.m. in Trinity Reformed Church.

The Rev. Gordon Van Oostenburg officiated at the rites for the daughter of Mr. and Mrs. Clarence De Vries, 377 Lincoln Ave., and the son of Mr. and Mrs. Ernest Walton, 311 West 14th St. following appropriate wedding music played by Mrs. William Zonnebelt, Soloist, Joe Dalman, sang "At Dawning" and "I Love You Truly" and "The Lord's Prayer."

Palms, bouquets of white gladioli, chrysanthemums and stock, flanked by candelabra were included in the altar decorations.

For her attendants the bride chose as her maid of honor Miss Barbara Hudson; Miss Rose Walton, sister of the groom, as bridesmaid and Miss Lois De Vries, sister of the bride, as junior bridesmaid, while the groom selected as his attendants Ernest Walton Jr., brother of the groom, as best man and Duane De Vries, brother of the bride, and Ken Mortenson as ushers.

The bride, approaching the altar with her father, wore a gown of chantilly-type lace over satin with wrist-point sleeves and a fitted bodice with a scalloped neckline featuring lace medallions trimmed in seed pearls and sequins. The bouffant skirt with bustle-back fullness was accented by two rows of bows and ended in a chapel train. The fingertip veil of nylon illusion was held in place by a lace crown embroidered with seed pearls and sequins. She carried a white Bible covered with a white

orchid and lavender lilies of the valley.

The bride's attendants were dressed in gowns of lavender taffeta with basque bodices and bateau necks. Their wrapped bell skirts were accented by bows at the waist. They wore matching pillboxes and each carried a long-stemmed white rose.

For the occasion Mrs. De Vries selected a pink brocade sheath dress with matching jacket and Mrs. Walton, the groom's mother, wore a navy blue dress. Their accessories were white and they each had a corsage of white carnations and pink sweetheart roses.

Approximately 100 guests, who gathered in the Ter Keurst Auditorium for the reception, were served punch by Mr. and Mrs. Chuck Phillips. Assisting in the gift room were Mr. and Mrs. Terry Brower Jr., and serving as master and mistress of ceremonies were Mr. and Mrs. Earl Rotman. In charge of the guest book was the bride's brother, Bob De Vries.

The newlyweds chose a wedding trip through the southern states, down the Gulf of Mexico and around to the Atlantic Ocean. For traveling the bride wore a beige coat and dress ensemble with red accessories and the orchid corsage from her bridal bouquet.

The bride is a graduate of Holland High School and the Tracy Beauty Academy. The groom, a Holland High School graduate, served in the U. S. Army for two years as communications chief and presently is attending Electronics School in Grand Rapids. He is employed with the L. W. Lamb Construction Co.

Excellent Concert Heard By Responsive Audience

After the Toronto Symphony Orchestra began its concert Monday evening, the audience forgot it was in a gym and settled back to enjoy the exceptionally fine music of the 98-piece orchestra under the baton of the dynamic Walter Susskind. The concert was held in the West Ottawa gym, which provided ample seating facilities.

The fifth in the series of concerts on the Holland Community Concert Association had originally been scheduled for March 18. Because of the Sports Show at the Civic Center, the concert was moved to the West Ottawa gym.

A happy choice of Beethoven's "Leonore No. 3 Overture" opened the program and set the pace for the balance of the concert. Susskind's control of his fine musicians was evident in the tonal qualities of the Overture.

Although very modern and consequently more difficult to understand, "Triptych" by Pierre Mercure provided an interesting variation in tonal qualities by the various sections of the orchestra. The score of the 1959 musical selection was expertly interpreted by the orchestra under Susskind's direction. It is assumed that

audiences must be exposed to new music to keep a balanced program.

It seemed as though the orchestra played Tschickowsky's Overture to "Romeo and Juliet" every day to make it sound as lovely and fluid as it did.

A favorite of most music lovers, the Romeo and Juliet music so delighted Monday night's audience that it gave the orchestra a fine ovation.

A brief intermission was followed by the performance of Anton Dvorak's little known "Symphony No. 4 in G Major, Opus 88." Although his "New World" symphony is like a trademark for Dvorak, the pastoral and lyric qualities of the fourth seemed to please the audience.

Three "curtain calls" brought Susskind back to the podium and the orchestra played an encore, Dvorak's "Slavonic Dance No. 1."

The conductor complimented the audience and said that he didn't always give encores, but because Monday night's audience was so responsive they made an exception. He said the orchestra sensed it had a compatible audience and hoped they could return another year.

ANNEXATION?

The problems facing those people who live in suburban areas and who are asked to vote for or against annexation are often very perplexing.

This is because they are viewed by some people as purely economic, by others as political, and by still others as a combination of many sub-problems such as transportation, education, religion, and self determination.

For those who wish to make a choice on the basis of economics, the following questions should furnish a checklist when using plain "dollars and cents" logic.

1. What changes will occur in the services which I will get?
 2. What is the value of these services to me?
 3. How will changes in services affect the value of my property?
 4. What changes will occur in my property tax?
 5. Have I taken into consideration variations which may occur in assessing and valuation policies?
 6. Can I furnish water and sewer services to my family at less cost than a central utility?
 7. Will the advantages or disadvantages be short run or long run?
 8. What effect will my decision have on (a) insurance costs? (b) Library, hospital, schools and recreation costs?
 9. Will the spending of my tax money be in accordance with my needs and wishes?
 10. What is my share of the debt burden under each of my choices?
 11. What is my share of the net assets of each of the alternative choices? (Structures, equipment, utilities).
 12. Are there important sources of revenue available to either of my choices which are not available to all?
- This checklist is not intended to put undue emphasis on the economic side of the problem but only to serve as a guide for those who are trying to make an evaluation based on money costs.

Arcadian Group Plans 'Harmony' To Aid Orphan

A Greek orphan, Andy Papapavlov, has been supported for the past three years by the Arcadian Fraternity at Hope College. This year the fraternity is raising money to support Andy by providing a program of good music and real entertainment on Friday at 8:30 p.m. in the Woman's Literary Club.

They are calling their program "Highlights of Harmony" which will include three of the best barbershop groups in this area, the Extension Chords, the Spartanares and the Chord Counts, plus the Holland Windmill Chorus.

The Extension Chords, who began singing together in high school, have been Michigan District Champs and three times International finalists. The Chord Counts have also been district champs and twice International finalists. This group also sang for President Eisenhower and performed in "The Music Man."

The Spartanares are the comedy champs of Grand Rapids. They will provide the light-hearted side of the program. The Windmill Chorus, always popular, is considered one of the finest chapters in barbershop.

The Arcadians are taking reservations at their fraternity house at EX 2-2272 and will personally deliver the tickets.

Jesus Demonstrates His Authority (Temperance)
Mark 11:15-18, 27-33
By C. P. Dame

There is much emphasis upon freedom in our land but not enough upon authority. The truth that freedom comes when we accept the authority of Christ needs to be learned again today. Perhaps this lesson may impress this truth upon some people.

1. Worship is important. Anything that interferes with worship ought to be stopped. Jesus felt this way as this lesson shows.

This lesson tells us how Jesus cleansed the temple of a traffic that hindered worshippers. Twice Jesus drove the merchants out of the temple, once in the beginning of His ministry, recorded in John 2, and once at the close of His ministry as told in our lesson text.

On Palm Sunday, Jesus went in the temple and looked around. On Monday, the Day of Authority, Jesus returned to the temple and "cast out them that sold and bought in the temple, and overthrew the tables of the money-changers, and the seats of them that sold doves." This buying and selling was carried on in the court of the Gentiles, where any one could worship.

Pilgrims came from afar to offer sacrifices. For this they needed animals which they could buy conveniently in the temple area. The merchants got concessions from the priests who got a rake-off. The dealers charged more than they should.

In addition, the pilgrims paid their temple tax which they had to do in Jewish money. To do this they were compelled to change their foreign money for Jewish money and for this they paid. No wonder Jesus chased the dealers out of the temple area and called them robbers. The spirit of worship was absent.

We can readily understand that there was much noise as the bargaining was on—both dealers and buyers and besides the animals contributed their share. No wonder Jesus was indignant at the desecration of His Father's House, which was meant to be a house of prayer for all people—not a market.

II. Jesus has and used His authority. The religious leaders objected to the bold deed of Jesus and asked Him, "By what authority doest Thou these things? And who gave Thee this authority to do these things?" They referred to the cleansing of the temple.

In reply to the religious leaders Jesus asked them a question about the baptism of John, whether it was from heaven or from men. They did not answer because they faced trouble no matter how they would answer. If they would say it was from heaven they would condemn themselves for they did not support him, if they would say of men, they would get in trouble with the people who honored John as a prophet. By their silence these men revealed a cowardly spirit and spiritual blindness.

Some people question the authority of Jesus today. It extends over all creation, even though many do not acknowledge this. Every one of us is under the authority of Jesus.

Many people are engaged in types of business which are contrary to the interests of God's kingdom. The liquor business is of that type. It is considered legal but it keeps on doing much damage to the nation. Accidents on the highways, loss of work hours, poverty, broken homes, divorces, continue as alcoholism claims more victims.

The map study of the United States depicting several of the mission stations was given by Mrs. Allen Beckman. The program for the evening was an informative talk and slides by John Kleinheksel who told of his summer assignment work at the five different mission stations in Jackson county, Kentucky.

He told of the different phases of work there, the church, the school and medical center. Mrs. Cornelius Beltman gave the closing thought.

City Council Approves Personnel Specialist

City Council at a special meeting Tuesday night unanimously approved City Manager Herb Holt's recommendation to reorganize the office of city treasurer by adding a position of personnel specialist to that of the treasurer.

This personnel specialist would advise on problems of wage and salary administration, job evaluation and benefit programs for some 390 full time and 230 part time city employees as an integral part of the city's fiscal policy.

The recommendation passed over protests of both the Hospital Board and the Board of Public Works, both bodies feeling that creation of a new office in City Hall would not solve basic differences in employment patterns.

A letter signed by Clarence Becker, president of the Hospital Board, said the plan to hire a personnel specialist is almost identical with a previous plan voted down by Council, and pointed to possible encroachment of authority on hospital functions which the board maintained is clearly delegated to the Hospital Board under the charter.

The Board of Public Works let-

ter, signed by President Randall C. Bosch, stated it was in favor of periodic review of personnel practices but felt the new recommendation was not the best answer.

On question of Councilman Morris Peerbolt, City Attorney Gordon Cunningham said the new program is not an encroachment on hospital board authority following a review on validity and legality of the measure. Peerbolt quipped, "The boards have been informed of this before. Perhaps if we put it in writing to them, they will understand it."

Since functions of the city treasurer's office have been under the direction of an acting treasurer, the measure calls for a comprehensive recruitment procedure to find a person to fill the position encompassing both personnel and treasurer functions.

The city manager's recommendation lists the following:

1. A continuing process of job evaluation to maintain an up-to-date and complete job classification plan for all classified employees in the city service, and a pay and benefit plan as approved by the City Council in connection therewith.

2. A continuing surveillance of locality wage, salary and benefit trends.
3. The establishment and maintenance of an over-all employee roster file showing history of employment, attendance, leaves of absence, separations, promotions, transfers and personal date.
4. To make recommendations from time to time for council consideration concerning the above procedures with a goal of perfecting a written code that will constitute an official declaration in detail of the city's wage and salary policy.
5. To make available to the boards and city officers such other personnel services as training programs, service rating plans, preparation of new job descriptions, titles and pay ranges, recruitment, screening and placement aids, factual data and reports on current personnel problems and practices, employee utilization advice and other services related to the field of public personnel management.

The report also said it would appear that the desirable training and experience specifications for a job of this kind should include considerable experiences of a progressively responsible nature in public personnel administration with some skill in municipal accounting and bookkeeping and graduation from a recognized college or university with specialization in public or business administration or related fields.

In other business Council set April 8 as date of public hearing for the proposed ordinance to establish an industrial park in the southern part of the city. This area lies in Allegan County lying west of 120th Ave., running between 32nd and 48th St. The west border would be about midway between 120th Ave. and Lincoln Ave. It encompasses some 260 acres.

The amendment to rezone this agricultural area was accepted for first reading Tuesday night. The amendment also abandons plans for an industrial park in the East 24th St. area.

In the only other bit of scheduled business, Council awarded the contract on bonds, money and security policy to the Marsile agency at a cost of \$2,089.11. It was the only bid submitted and a notation explained that the increase in premium was due to increased limits on bonds.

Heinz Co. President to Address Chamber Meeting

The Holland Chamber of Commerce will hold its 54th annual membership meeting in Holland Civic Center Wednesday, April 3, at 6:30 p.m. with Frank Armour Jr., president of the H. J. Heinz Co., as speaker.

His subject will be "Your Other Chamber of Commerce" and will deal with present economic facts and factors as he sees them through international business problems.

Four outstanding citizens of Holland area will be honored. The Chamber will receive a plaque designating the local organization as a state winner in "Careers in Retailing" in connection with a program in West Ottawa and Holland high schools. An official of the Michigan Retailers Association will make the presentation.

Special guests from West Michigan Chambers as well as local, state and national officials will be present. Wilbur Cobb is banquet chairman, assisted by Howard Reinking, James Brower, William Hamlin, Harry Smith and

Arthur Schwartz.

The speaker, Frank Armour Jr., 54, is president of the H. J. Heinz Co. which has factories in the United States, Canada, Great Britain, Australia, the Netherlands, Venezuela and Japan. A native of Pittsburgh, Pa., he began with the Heinz company as a plant guide in February, 1928, and was made president in 1959.

When he graduated from Westinghouse High School in Pittsburgh in February, 1928, Armour had won a small scholarship for the University of West Virginia. Since most of his friends would be entering the university in the fall, he got a "temporary" job as factory guide at Heinz. Soon the Heinz company gave him stints in other departments, letting him work two months in each. The temporary period came to an end, but Armour, entranced by the processed-food business, stayed on.

Soon after Pearl Harbor, he was made general manager of the aircraft division of the H. J. Heinz Co., which was to build 64,000 major component aircraft parts,

chiefly for gliders. After the war he was elected to be assistant to the executive vice president of the company during a period of company reorganization.

Later he was elected to the board of directors and became general manager of the company in charge of manufacturing in the United States. In February, 1949, he was made a vice president and was put in charge of sales and distribution. In 1954 he assumed charges of all United States operations and in 1957 he became the company's then sole executive vice president in charge of all operations at home and abroad. His election to the presidency came Jan. 9, 1959.

Armour is chairman of the Brand Names Foundation. He was a member of the planning committee of the Fifth International Food Congress in 1962. He is a trustee and a member of the executive committee of the Food Law Institute. He also is a member of the sponsoring committee of the Allegheny Conference on Community Development.

He and his wife live in the suburb of West View north of Pittsburgh. They have two sons, Frank L. Armour and David M. Armour.

The show was open Wednesday from 6 to 10 p.m. with Bill Reigel and Ed Burton of Cook's Oilers basketball team as special guests and stage shows slated at 7:30 and 9 p.m. (Sentinel photo)

'Ugly-Man-on-Campus' Contest Opens at Hope

"Don't ask what your looks can do for you; ask what you can do for your looks."

With this proclamation the Nu Beta chapter of Alpha Pi Omega national service fraternity has officially opened the second annual "Ugly-Man-on-Campus" contest at Hope College.

Purpose of the contest is to raise funds for Prestatie Huis, a school for mentally retarded children. Contributions last year totaled nearly \$450.

Competing are representatives from each of the five local fraternities on Hope campus — Arcadian, Cosmopolitan, Emersonian, Fraternal and Knickerbocker.

Each contestant is made up to look as revoltingly unrecognizable as possible with fake scars, fake whiskers, and whatever other means the imagination can supply. He then runs under an assumed name such as "Wild Man" or "Nature Boy."

Many students recall that last year's winner was a certain member of Hope's basketball team who ran under the name of "Spidernostril Vanderhillskivisher."

Pictures of each candidate are presently being exhibited on campaign posters in order to familiarize the students with the merits of each candidate.

Students will then cast their votes March 18, 19 and 20 by placing small change in jars, donated by Slater Food Service, in the lobby of Van Raalte Hall.

Each penny will be worth one vote. The contest drawing the most votes will be declared the winner and will receive a plaque for its fraternity. All soliciting this

year will be confined to Hope's campus.

Holland Upsets Benton Harbor to Win District

Benton Harbor Falls, 68-66 To Holland

ST. JOSEPH—Palling the upset of the season, Holland High's basketball team dumped No. 1 ranked Benton Harbor, 68-66 here Saturday night to win the Class A district title before 2,944 paid fans in the St. Joseph gym.

It was a game that will be classed as one of Holland's all-time thrillers as Darrel Schuurman scored a basket with one second remaining to give the Dutch the victory. Holland now has a 9-8 record.

The setback was Benton Harbor's first in 17 starts this season and the stunned atmosphere of the St. Joseph gym was one of almost complete bewilderment as the fans suddenly realized that "their team" was out.

While the surprised Benton Harbor fans filed out of the gym, a band of 400 Holland fans whooped it up when tourney manager Arnold Karsten presented the trophy to coach Don Piersma.

Even the Holland fans could hardly believe "their team" had won. The finish had put everyone in a dither. Tied 66-66 and seven seconds remaining, Jim De Neff fouled Al Andrews.

The All-LMAC guard missed the shot, Mike De Vries snatched the rebound, dribbled over the center line and called time out. The clock continued to run out and everyone assumed the game would be decided in an overtime.

But official Stan Sosnovski came bounding across the court to the timer to report that a time out had been called with four seconds left.

Piersma set up the play and Holland took the ball out of bounds at midcourt. The in-bounds pass went from De Neff to Carl Walters to De Vries but Alex McNutt tied up De Vries and a jump ball was called.

The 6'3" De Vries flicked the ball to Schuurman who immediately tipped it in for the victory. Walters, who was to have been the triggerman if the set up play would have been completed, sparked Holland's come-from-behind drive.

The 5'11" Dutch captain, with a brace on one leg and a bandage around ankle to hip on the other, scored 17 points in Holland's fourth quarter as he hit eight of 10 basket tries and a free shot.

Holland was trailing, 49-41 at the third period's close when Walters went to work. Two Benton Harbor baskets on stolen passes by McNutt and Ladell McBride in the last 14 seconds made it look like the Tigers were ready to start their patented fourth quarter drive.

But Holland never let it materialize. However, the Dutch rally didn't start until four-and-a-half minutes remained. With the Tigers leading, 58-50, Walters scored nine straight points.

He hit jump shots from the corner and from near the foul line and intercepted a pass to Andrews to tally a layup that put

Holland ahead, 59-58 with 3:32 left.

Mike Pollard made a free shot 16 seconds later to tie the score and Andrews sank a jump shot with three minutes left to put the Tigers in front. De Vries' baseline jump shot at 2:42 tied the score again and 20 seconds later Ken Thompson put Holland ahead, 62-61 on a free shot.

McNutt missed two free throws at 1:53 but was fouled at 1:44 and hit a pair to give the Tigers their last lead, 63-62. Walters sank another jumper on the return up floor. De Neff hit a driving jump shot with 58 seconds left and Holland led, 66-63. Mc Bride made a free shot and Neis Sievert rebounded a basket with 50 seconds left to tie the score, 66-66.

The game was tied nine times, three in the first three minutes before the Tigers raced to an 18-9 quarter lead. Holland then scored 12 straight points and took a 21-20 lead on De Neff's basket with five minutes left in the second period.

Two McNutt baskets put the losers back in front and the Tigers led, 31-28 at half. Holland went 12 straight points and scored in the third quarter before Walters hit. With 2:12 left, Thompson pulled Holland within one, 38-37 but the Tigers outscored Holland, 11-4 the rest of the quarter.

Holland hit 28 of 55 for 51 per cent, including 12 of 14 in the fourth quarter. The Dutch had periods of 4-12; 7-15 and 5-14. The Tigers made 28 of 72 for 39 per cent on quarters of 8-21; 6-21; 8-15 and 6-15. Holland made 12 of 23 free shots and the losers, 10 of 20.

Walters led Holland with 26 while De Neff had 12 and De Vries, 10. McNutt led Benton Harbor with 24, 15 in the first half. He made two points in the fourth quarter. Andrews had 13 and McBride had 12.

Purchase of Water Systems Under Study

The Park township board Thursday discussed possible purchase of privately owned water supply systems in Macatawa Park, Ottawa Beach and Eaglecrest Park, but delayed action on asking for such a survey until costs of such a study could be determined. The Ottawa County Road Commission is the designated county agency dealing with such matters.

The board also discussed final recommendations on proposed revision of the zoning map and ordinance and tabled the matter for further study.

Erwin De Vree, Clarence Maatman, John Mulder, Elmer Van Wieren and Kenneth Decker were appointed to study possibilities of establishing ice skating rinks in the township next winter. Van Wieren will represent the North Shore Community Club and Decker the Ottawa County Fair Association.

The board has set 4 p.m. March 19 as "Settlement Day," the day township books will be audited, the 1963 road program adopted and the proposed budget for 1963 set up. The annual township meeting will be held March 30 at 1:30 p.m. at the Virginia Park fire station.

The board approved "Hiawatha subdivision" as presented by Russell Klaasen.

Zoning Administrator John Van Wieren said building permits issued in February amounted to \$94,000, an increase over the same month in 1962 of \$65,000. Reports also were submitted by the treasurer, airport manager, zoning administrator and liquor inspector.

Fennville

The Men's Breakfast held at the Methodist Church Sunday morning was attended by twenty-two men. Lynn Chappell, Roy Schueneman, Harry Deters and Edwin Raak were the committee in charge of arrangements.

World Day of Prayer was observed in the Immanuel Reformed Church, Friday afternoon, which was sponsored by the Council of Church Women, with Mrs. Roy Schueneman as president. The Rev. E. H. Busekros, of South Bend, Ind., Mrs. Schueneman's father, was the speaker for this service.

The children of the Fennville school system observed World Day of Prayer, in the Anna Michen gymnasium in the morning. An appropriate program was presented.

Members and guests, of the Rubenstein Club, met at the Woman's Club Building, Thursday afternoon, with Mrs. Robert Hutchinson, club president, presiding. The program opened with instrumental music, played by contest winners, under the direction of Roy Schueneman, of the High School Music Department.

A clarinet duet, "Diane" was played by Louise Metz and Linda Foster, accompanied at the piano by Miss Lynne Friley. Miss Friley followed with a lively drum solo, "Pine Cone Forest."

Also on the program was a coronet trio, composed of Calvin Crane, Connie Keag, and Diane Mc Carly, who played "Three Trumpeters," accompanied at the piano by Miss Toni Gould.

The second half of the program was presented by two advanced piano pupils of Mrs. Dale Royer: Miss Mary Jo Tomayer and Miss Toni Gould. Miss Gould gave an interesting commentary on various types of modern American music in keeping with the traditional American Music, featured by State and National Federation of Music Clubs, each February.

To illustrate "Mood Music," Miss Gould played "Nocturnal Tangier," by Leopold Godowsky. Representing "Jazz" music, Miss Tomayer played George Gershwin's, "Third Piano Prelude." This was followed by "Excerpt from Cornish Rhapsody," by Hubert Bath, played by Miss Gould, and under popular music the lovely, "Deep Purple," by Peter De Rose, was played by Miss Tomayer.

Unity Stops West Ottawa

Hudsonville Unity Christian's basketball team defeated West Ottawa, 58-53, in a close well-played game in the Holland High fieldhouse Saturday night to win the Class B district crown before 2,700 fans.

The teams battled on even terms throughout the game and the outcome was still in doubt going into the last minute of play. West Ottawa, who was only ahead two times in the whole game, battled to within one point, 48-47, with 6:39 left in the game on a jump shot by Bruce Johns.

Unity then increased the margin to five points on baskets by Jerry Terpstra and Bill Peuler. After another basket by Johns and two free throws by Terpstra, West Ottawa pulled to within three points, 54-51, on a basket by George Donze with 2:20 remaining.

The Panthers pressed the Crusaders full court and stole the ball three times in the next minute, but missed four shots. In the last minute, the Panthers became desperate and had to foul to get the ball.

Lee Dykema of Unity made two free throws with 55 seconds remaining and after West Ottawa missed another shot, Dykema hit on two more charity tosses with 25 seconds remaining to make the score 58-51. Johns hit on another jump shot with 14 seconds remaining to complete the scoring in the game.

For West Ottawa, it was a frustrating evening as they were constantly behind, but always close. Poor shooting by West Ottawa gave Unity its biggest lead, ten points, in the first quarter. The Panthers made only four of 22 shots for 18 per cent while Unity made 7 of 17 for 41 per cent.

Both teams played fine fundam-

mental basketball. West Ottawa's zone was improved over last week and Unity had to work hard for any good shots. Likewise, Unity's switching man-to-man was effective and did the job for them.

Peuler of Unity found the range early in the second quarter and helped boost his team to a 26-16 lead by scoring three quick baskets. The Panthers retaliated later, however, as Rodger Borgman was inserted in the game and scored eight points in a row for West Ottawa to move them to within two points, 32-30, at halftime.

The teams played on even terms throughout the third quarter with West Ottawa holding a one-point lead two different times only to fall behind 46-43 at the end of three quarters.

Peuler and Terpstra led Unity in scoring as each scored 16 points. Peuler had 14 of his points in the first half. Closely following these boys were Doug Oostendorp with 12 and Dykema with 10 to complete the balanced scoring for the winners.

Johns was the only Panther to reach double figures as he made 12 points in a substitute role. The two centers were tops in the rebounding as both Vedder and Oostendorp pulled down 16 rebounds. Borgman contributed nine.

The big difference in the game was the shooting. West Ottawa had quarters of 4-22, 9-21, 5-15, and 5-16 for 23 of 74 and 31 per cent. West Ottawa made 7 of 13 free throws. Unity made 43 per cent of their shots on quarters of 7-17, 7-12, 5-14, and 3-8. Unity made 14 of 24 free throws. West Ottawa outscored Unity in field goals, 23 to 22.

West Ottawa ended their finest season with a 13-4 record and the Grand Valley conference title. Unity now has a 19-1 record and will move to Kalamazoo this week for regional action.

Sidelights — Norm Koop, 6' Panther forward for four years on the varsity, was walking around on crutches after an ankle injury sustained in the Holland Christian game and did not dress for the title game.

It was Unity's first Class B title after losing in the finals four straight years. Unity, the smallest of the five schools competing in the district, won the Class C district in 1958.

Joe Moran, Holland High athletic director, was commended by coaches and fans for his operation of the tournament. Moran had scouted three of the four nights and the Holland district was regarded as the toughest in the state.

Horticulturist Advises Spring-Anxious Gardeners

Ray A. Henstock, director of the Detroit Garden Center, spoke to members of the Holland Garden Club and guests on Thursday at the Woman's Literary Club. His topic "Management of the Perennial Border" was of particular interest to gardeners anxious to begin spring planting.

The speaker in suggesting proper ground preparation for good growth of plants told his audience to remove the top soil, add organic material such as peat moss with dried-canure, rotted leaves or sod to make loam and then replace the top soil. Mr. Henstock advised watering plants, trees and grass when the sun and wind are on the leaves. He said sprinkling should never be done at night or on cloudy days.

Bleeding heart, veronica, columbine and fall anemone, Canterbury bells, gailardia and day lilies were among the perennials he said were suitable for Michigan climate. Choice of plant will vary according to the height desired and the width of the border in question.

In answering questions from club members, the horticulturist suggested the use of liquid fertilizer for feeding purposes. He advised against touching the stems of roses with tools and also recommended several commercial products for different purposes.

Officers elected for the coming year were Mrs. Joseph W. Lang, president; Mrs. W. C. Kools, first vice president; Mrs. Edward Brolin, second vice president; Mrs. Louis J. Hohmann, treasurer; Mrs. Robert Wolbrink, recording secretary; Mrs. Clifton Candee, corresponding secretary.

Hit by Snowball; May Lose Eye

A Holland youngster faced possible loss of his right eye after being struck by a snowball last week.

Ciro Cadena Jr., 9, son of Mr. and Mrs. Ciro Cadena, 105 East Eighth St., was hit in the eye while walking home from school during the noon lunch hour.

The youngster is in Holland Hospital. The Cadenas said it was still too early to know if the eye can be saved.

Holland police warned parents they are responsible for the actions of their children. Recent warming and freezing conditions have left much of the snow filled with ice plus assorted stones and pieces of debris.

A snowball made from this mixture could be deadly if thrown at any individual or auto.

Interesting Data Found in Cornerstone

GRAND HAVEN — There was plenty of excitement at the Board of Education office here Monday when the old cornerstone of the Central Elementary school, destroyed by fire Jan. 28 in a \$500,000 blaze, was opened by Supt. R. M. Van Volkinburg.

The opening of the copper box stirred old timers' memories here and brought out the irony of the fire-place school.

Little did city officials realize when the cornerstone was laid Nov. 14, 1901, that this community would go through another fire in 1963. The old brick building that burned earlier in 1901 was replaced by the building that is now only a pile of junk at Franklin and Sixth Sts.

Central School first burned March 5, 1901. A letter from Mayor Joe O'Brien was in the box and other treasures in the box within the stone included several articles, not as well preserved.

A picture of the former school was barely recognizable and a booklet listing the school calendar was so rotten and soft it turned to powder on touch.

An oval photo of cardboard was totally disintegrated but a school letterhead signed by board members was fairly legible. E. P. Cummings was head of the schools in 1901 and Supt. A. G. Hardy had the post when the original school went up in 1870. There was also a list of city officials and several copies of Grand Haven and Grand Rapids newspapers.

Holland Christian High School's auditorium-gymnasium fund was \$2,410 richer today following a two-night lunch project held in the school Wednesday and Thursday nights following district tournament basketball games.

Two members of the alumni association, Henry Windemuller and Carl Edewaards, who spearheaded the drive, finished the final tabulations Friday afternoon. They reported that three local businessmen matched dollar for dollar the amount contributed for the lunches on the two nights.

Both were enthusiastic over the response given the project. "We had to turn down workers on both occasions," they said. They reported that the food was donated by three Holland grocery stores, and a Holland dairy. Mothers of both the varsity and reserve basketball teams donated cakes for the projects.

"We are thankful to all who contributed so generously, those from the other participating schools as well as Holland Christian," they said.

The physical fitness program is under the direction of Martin Hardenberg, Marion De Geus, Donald Van Oosterhout, John Nuismer and Bruce Eshenaur.

City Attorney Ouster Move Is Defeated

ALLEGAN — A motion to oust City Attorney E. L. Andrews for "failing to attend council meetings and lack of prosecution of municipal court cases" was defeated 3 to 2 in Monday night's council meeting.

The motion was offered by Mayor Richard Haskins and supported by William Whitcomb. There were the only "yes" votes.

Voting against the ouster were Marvin Hayes, Mortimer Buckley and Jerry Krupp.

In speaking on the motion Hayes pointed out that Andrews was not required to attend council meetings but had done so for some time of his own free will. Since then, he has attended sessions whenever requested, to do so by the city manager or council members, Hayes said.

Haskins said he felt the city might better have an attorney from outside the community because he wouldn't be "politically involved."

Councilman Buckley who spoke against Andrews' ouster and urged the council to "stop dwelling on personalities" later asked members to rescind their action of Jan. 14 in which the council voted 3 to 2 to oust C. J. Armstrong as city representative on the Board of Supervisors. Mayor Haskins, pointing out that parliamentary procedure required a motion to reconsider an action to be made by someone who voted with the majority, offered to make the motion. Council voted 4 to 1 to rescind the motion ousting Armstrong, Whitcomb voting against reinstatement.

Petitions for downtown development program were not presented. Mayor Haskins said he under stood plans were almost ready and asked council to be ready to act promptly when the program is ready.

A motion to ask Leo W. Hoffman to act as a special city attorney to assist in setting up legal machinery necessary to implement the redevelopment program was turned down by a 3 to 2 vote. Councilmen Hayes, Buckley and Krupp voted against the motion on the grounds that City Attorney Andrews already was retained. A later motion asking Andrews to work on the project was approved.

Council voted to proceed on a temporary basis until the next fiscal year begins to pay an associate municipal judge \$15 per hour with \$50 a day minimum.

2 Rescue Dog From Lake Ice

A brown and black collie dog was rescued Monday night about 6:30 p.m. from a buoy in Lake Macatawa, between Central Park and Virginia Park. He had climbed onto the buoy after falling into an open patch of water about 3 p.m.

David Masselink, 22, of 1361 South Shore Dr., and Michael Beards, 15, of 1548 South Shore Dr. went out to rescue the dog.

Mrs. C. Richard Gordon, who observed the incident from her home at 1541 South Shore Drive, said the two men took an aluminum boat which they pushed along the ice out to the water and then launched to reach the dog. They were successful in getting the animal off the buoy and into the boat, but as soon as they reached solid ice, the dog jumped out and ran in the direction of Chippewa.

Ottawa County Sheriff's deputies, who had answered local residents' calls, had earlier walked to within 30 or 40 feet of the dog, until they reached ice too thin to support them. Judging the dog uninjured, and the ice seemingly solid enough on one side of the buoy to allow the animal to leave the buoy at will, they decided not to attempt a rescue, according to Sgt. Gerald Witteveen of the Sheriff's Department.

But, according to Mrs. Gordon, the two men just couldn't eat their dinner, knowing the dog was in trouble.

Pay Boosts Out This Year For Teachers

All 1963-64 contracts for full-time teaching personnel in the public schools will be offered at the same contracted salaries as issued for the 1962-63 year, it was announced at a monthly meeting of the Board of Education Monday night.

The no-change contracts are in keeping with the austerity program initiated after the defeat of operating millage issue in May, 1962. A similar issue was defeated Feb. 18.

The statement came from the finance committee which also recommended that contracts for non-teaching professional personnel be considered at a later date.

The finance committee also is studying cases of those teachers who have received masters degrees and who are not presently on schedule because of the \$400 maximum increase ceiling imposed last year. This committee was given power to act in adjusting such salaries within the limitations of estimates of next year's budget.

In his superintendent's report, Walter W. Scott said a canvass of a typical precinct was made by a group of mothers following defeat of the second millage issue. He said the first precinct of the sixth ward was chosen. Out of some 1,100 registered voters, 589 cast votes, listing 253 yes and 336 no. Of 474 eligible voters in families of Longfellow students in the precinct, it was determined that 277 voted. Of the 197 who did not vote, 96 were registered and 101 were not registered, the canvass revealed.

Scott said these figures indicated that considerable more work should be done among parents of school children if millage issues are to pass.

Two communications from the board and parents of children attending Prestatie Huis asking the Board of Education to assume operations of the program for trainable children were referred to the schools committee to work out such possibilities with the Ottawa County Board of Education through its special education program. Both communications expressed the belief that having the program directed by the Board of Education would be in the best interests of the children.

A letter from Earl Weener, secretary of the Van Raalte school district which recently annexed to Holland district, suggested a joint meeting with the Holland board to make final arrangements in merging and accounting. This meeting was tentatively set March 25.

A communication from Maplewood district seeking further information on annexing to Holland revealed that Maplewood plans another millage election April 1 to wipe out accumulated debt but not to vote a bond issue for another school. The Holland board has said Maplewood can annex to Holland if it shares the Holland district's bonded indebtedness.

Since Maplewood has no bonded indebtedness of its own, it would appear that a vote on such annexing would be necessary only in Maplewood district, although such details would have to be checked by an attorney. Approval by the state superintendent of public instruction also would be necessary. Whether such annexation could be effective by September, 1963, is a policy question that can be determined by the Holland board after other matters are resolved.

Under minutes of a special meeting Feb. 22, the board passed a resolution permitting students of Federal district to be accepted for non-resident membership in grades 9 through 12 on tuition basis for a two-year period beginning in September, 1963. The resolution called for the policy to be reviewed from time to time during the period so that the Federal board and its citizens may work toward resolving problems in the district. It was pointed out that Holland has adequate classroom facilities in secondary schools to accommodate such pupils.

A request from the Junior Welfare League for a free children's concert in the high school auditorium at some future date was referred to the schools committee. The concert would be given by the Hope College Symphonette.

On recommendation of the building and grounds committee, the board approved demolition of the school-owned Bontekoe store at a cost of \$265 to be paid low bidder, Windemuller and Maatman. The board also approved another recommendation of purchase of a small safe for Lakeview School for approximately \$85.

On recommendation of the finance committee, the board authorized expenditures not to exceed \$5,650 by the Science department in the 1963-64 NDEA (National Defense Education Act). Previously \$8,290 had been approved, but the figure was reduced after reviewing restrictions of the budget.

Lasting only 50 minutes, it was one of the briefest board meetings in several months. President Bernard Arendshorst presided and Harvey J. Butler gave the invocation. Member Alvin J. Cook was absent.

The clothes line show is usually an outdoor show in a park or open area. Here the artists and craftsmen display their work on trees, poles, clothes lines, easels, and

tables, and the public is invited to wander about and make purchases if they like. Artist terms such as abstract, realism, contemporary, old masters, primitive, and the like, can be explained.

The local show April 20 will be unique in that it offers all the advantages of clothes line displays without trees and tents.

Joseph Moran, city recreational director, is serving as chairman of the show, the first of its kind to be staged in Civic Center and one which promotes hope will become an annual event.

Assisting Moran with plans are Don Rohick, space allotment, Mrs. Robert Visscher and Harry Brorby, admissions; James Loveless, registrations; Joe De Neve, industrial and commercial exhibits; Mrs. Stuart Padnos and Mrs. Paul McIlwain, publicity.

In one-man or group shows, the artist or artists assemble works in a gallery and the public engages in viewing, criticism and sales.

Space Allotments Studied For Big Fine Arts Show

Space allotments currently are being made for the big Fine and Applied Arts exhibition to be staged in Holland Civic Center Saturday, April 20, sponsored by the Holland Recreation Department.

Plans call for a maze design of plywood panels, poles and clothes lines, providing all the unique charm of an outdoor show but displaying to advantage all types of art without worrying about weather or bugs.

A scale model will serve as a graphic picture of specific locations and viewing space, answering any question as to locations.

Basically, art shows throughout the country fall into three categories, the juried show, the one-man or group shows, and the clothes line show. The juried show is the most familiar to the artist and it is in this type that the public usually views art works in galleries. Here cash prizes are offered, and sales are promoted.

In one-man or group shows, the artist or artists assemble works in a gallery and the public engages in viewing, criticism and sales.

The clothes line show is usually an outdoor show in a park or open area. Here the artists and craftsmen display their work on trees, poles, clothes lines, easels, and

tables, and the public is invited to wander about and make purchases if they like. Artist terms such as abstract, realism, contemporary, old masters, primitive, and the like, can be explained.

Joseph Moran, city recreational director, is serving as chairman of the show, the first of its kind to be staged in Civic Center and one which promotes hope will become an annual event.

Assisting Moran with plans are Don Rohick, space allotment, Mrs. Robert Visscher and Harry Brorby, admissions; James Loveless, registrations; Joe De Neve, industrial and commercial exhibits; Mrs. Stuart Padnos and Mrs. Paul McIlwain, publicity.
