Republican caucus of Holland township on Monday. See call.

Train after train loaded with logs, is being hauled to the yards of C. L. King & Co.

The classis of Holland of the Reformed Church will hold its spring session in this city in the First Ref. church, Wednesday, April 3.

The mail route between Ventura, Port Sheldon and West Olive and return, twice a week, has been let to parties from Missouri, for \$69 per annum.

Coldwater claims two residents who pride themselves on having shaken hands with Gen. Lafayette during his visit to this country in 1825. One of these old timers is 89, the other 85 years old.

The store vacated by Ed. Vaupell, west of the City Mills, will be occupied at an early date by Messrs. J. Bourton & Son of Chicago, who will open a new and second-hand store of furniture and other articles, and also engage in repairing.

In anticipation of a material increase of business, and in order the better to accommodate the dimensions of the new steamer Soo City, it has been decided to enlarge the Central Wharf dock, by extending out into Black Lake 24 feet or more.

Wreckage from the steamer Chicora has begun coming ashore at St. Joseph, parts from around the engine room having been found. This is the first wreckage found there. The chair which engineer McClure used has also been found. Many are now advancing the theory that the steamer went down not far from this port. The ice is breaking up, allowing the wreckage which has been under it to rise.

A call has been issued and numerously signed for the organization of a non-partisan bi-metallic club in Grand Rapids. The object set forth is "to assist in molding public sentiment to favor an international agreement for free coinage of both metals, through an international congress, as recently proposed by Germany, and this failing, to favor legislation that will open the mints of the United States to free coinage of silver and gold at the ratio of 16 to 1, independent of any other country."

At St. Joseph, a short time ago, Peter Humphrey died, leaving a considerable estate. The will was admitted to probate, and the judge, thinking there was not as much property in sight as he thought there ought to be, ordered an investigation. Knowing Humphrey was suspicious of banks, they began to search for hidden treasures, and have been rewarded by finding, two feet under the floor of the woodshed, an old brass kettle containing \$2,000 in gold \$20 pieces and a few hundred dollars in other coin. The gold pieces had been carefully wrapped and had been buried so long that they were with difficulty separated.

The Bell Telephone Co. have made a reduction in their rental for phones, taking effect April 1, as follows: For residences \$24, business places \$36, with special rates for those using more than one phone.

Arbor Day is approaching, and it is for each lot owner in this city, especially along the newly graveled streets, to determine whether or not he will by a small expenditure now, add from fifty to one hundred dollars to the value of his property in a few years from now.

A. J. Pieters, well known in this city, has received a government appointment at Washington, at a salary of \$1,000 a year. He is connected with the seed laboratory of the botanical department, his work being to test the purity and vitality of the seeds sent out by the government.

A new political party, under the name "United American" has been organized at Pittsburgh. It is proposed to unify factions of the old parties and the various "third" parties that had come into existence in recent years under the banners of prohibition, woman's suffrage and bimetalism. Prohibition will be the principal plank of the platform.

The following nominations have been made in Grand Haven: Republican—Mayor, Jos. Koeltz; recorder and justice, Cha's E. Conger; marshal, Baltus Pellegrom; treasurer, Daniel Gale; supervisors, Harry Oakes and E. F. Buxton; aldermen: 1st ward, Albert Kiel; 2nd ward, —; 3rd ward, Jas. Verboeks; 4th ward, A. J. Nyland. Democratic—Mayor, Nathaniel Robbins, Jr.; recorder and justice, Wm. N. Angel; Treasurer, Jacob Van der Veen; marshal, Andrew Van Hoef; supervisors, Henry Pellegrom and Fred Groeneveld; aldermen: 1st ward, F. M. Sprague; 2nd ward, Paul Van den Berg; 3rd ward, Fred D. Vos; 4th ward, H. Roossien.

Chicago Tribune: "A bill has been introduced in the Michigan legislature to regulate the size of peach baskets and all other fruit packages. This will please Chicago purchasers of Michigan fruits, if the intention of the author of the bill is that the regulation shall be in the direction of larger baskets. There are cases where competition is a bad thing and should be abolished. Under the influence of uncontrolled and destructive competition the Michigan fruit package—and that of Illinois also—has grown smaller and smaller until it has nearly reached the vanishing point. Owing to competition the peck measure of the fathers has dwindled down to the capacity of a quart cup, and if not checked the time will come when one or two peaches or a dozen strawberries will constitute a package. The time has come for a reform, and Michigan should lead off in it. The good old measure should be restored, and the corrupt, deceitful baskets and boxes banished from the market. If state regulation will do this, then blessed be state regulation."

The treasury department has authorized repairs to the amount of \$5,000 to the revenue cutter. Andrew Johnson, now laid up at Milwaukee. The work will begin just as soon as the season opens. It is thought the repairs ordered will keep her in commission for several years, or at least until her successor has been built. It is fully thirty years since the Johnson went into commission on the great lakes in company with five other vessels of a similar character. Her companions were the W. P. Fessenden, now a steel vessel stationed at Detroit, the Salmon P. Chase, John A. Dix, Sherman, and Commodore Perry, the four last named being practically unfitted for service several years ago. When these vessels were first built and assigned to the Great Lake they were regarded as gunboats, and were sent not only to guard the customs service, but to repel a threatened invasion of the United States from Canada. It was stated at that time that if Great Britain had shown the least disposition to be ugly, these young cruisers, with their Dahlgren armaments, could have made short work of all the merchant shipping on the great lakes.

For the HOLLAND CITY NEWS
COUNTY COMMISSIONER OF SCHOOLS.

MR. EDITOR:—Having heard one side of the commissioner of schools controversy, I suppose you are willing to hear the other.

First you will notice that Mr. Lillie in your columns of a week before last, avers that he was defeated two years ago "because unprincipled persons in an underhanded way circulated malicious and false accusations" against him. Further, that he "stands ready to answer all charges" against him. Whether or not I am an unprincipled person is for you, Mr. Editor, and our Ottawa county public that know me, to judge. I have no personal attack to make on Mr. Lillie, nor epithets to bandy. That Mr. Lillie indulges in that style of warfare in your columns to some extent, but much more shamefully in the *G. H. News*, is his privilege, but every sensible man will understand that a free use of the lexicon of billingsgate is no answer to the charges I made, nor is personal vilification and abuse very effective argument.

I said and say, he did not attend to his duties while in that office. He does not show that he did. Indeed, in the *G. H. News* he himself shows that in two townships his work was done by others. He says, that a "record exists, giving date and date of his school visits." I deny it. He says "if Mr. Van Loo had had access to that record he would never have made the accusations." Exactly. Mr. Lillie took precious good care that I should not have access to such record, in order not to condemn him out of his own mouth and record.

I defy Mr. Lillie to prove from any public record, that he made and filed, that he ever visited a single school in the county. The law required him to file with the county clerk a list, under oath, of all schools visited, the time when and the length of each visit, every three months, together with a certificate of the state superintendent of public instruction that he had made all reports to him that the law required. Upon this the clerk should issue to him a certificate on which he could draw his pay. See session laws of 1891, page 188.

County clerk Turner told me that he has no recollection of such certificates being filed with him. Ex-clerk White writes me to the same effect, nor does he remember ever issuing to Mr. Lillie any certificate upon which he could draw his pay. If Mr. Lillie received any such, they would be filed with the county treasurer. Are they so filed? Mr. Lillie attempts to mislead on this matter by saying that Mr. Turner cannot find these statements of Mr. Lillie, by reason of the disorder of the files, consequent on removal from the old court house into the new. So Mr. Turner tells me also. But the question is not, can they be found, but were they ever filed? To the direct question, were any filed?—Mr. Turner says: not to my recollection. Mr. Lillie does not say directly that they were, though he evidently seeks to leave that impression.

To the charge that he did not make his reports to the superintendent of public instruction, for which we have Supt. Pattengill's letter, he makes no reply. It might be supposed that Mr. Lillie would keep a record in his own office and turn it over to his successor. But he did not. Yet he says a record exists. Where? It can only be a private record, which can be of no value, as it could be doctored to suit the occasion, and if it shows he had done his duty in respect to school visitation we could instantly disprove it. Miss Goodenow made the reports for 1892-3 to the state office that Mr. Lillie has made up, and we have Mr. Pattengill's letter to that effect.

That gentleman stated to Mr. Farr that if Mr. Lillie and Miss Goodenow were both renominated to vote for her business, as she had attended to her business and Mr. Lillie had not. At Holland's teachers' institute he stated that Miss Goodenow was worth twenty Lillies.

I charge on the authority of a member of the board of county school examiners that he granted license to teach to one Reus, who is unfit to teach any school. This certificate is of the first grade, while I defy him to pass an examination for that or even for a second grade. He was examined for the latter, and where he should have a standing of 85 per cent in order to pass, he actually got 45. The certificate on this he got from a former board, to which Mr. Lillie referred, and was procured by fraud. Mr. A. Lahuis, then on the board, will tell the public how it was procured. Mr. Lillie gave his certificate without examination.

There are other persons teaching in the county who are not qualified under the law, who hold his certificates. Mr. Lillie knows that such men as Cilley and Cooney ought not to be allowed to teach.

Mr. Lillie says that "Mr. Van Loo told a friend of mine that there were 17 schools in Zeeland township alone that I (Lillie) had not visited," while it is known that there are only 7 schools in it. Mr. Lillie, your friend misstates:

I stated that there are 17 schools with Zeeland as a center, on the south side of the river, that Mr. Lillie did not visit as the law required "at least, once in each year." These schools are in Jamestown, Georgetown, Blendon, Zeeland, Allendale, Holland and Olive. We may now add to that number several others making about 28 in all. How many there are north of the river we have never investigated. In Robinson Mr. Stearns made the visits and the township paid for it. In Grand Haven town the local inspector did the work, and the township paid for work Mr. Lillie should have done and for which the county paid him a generous salary.

The fact is that Mr. Lillie spent his time, according to his own article in the *G. H. News*, in constructing his famous "system" for grading schools and trying to force it upon the districts. He makes the false statement that when he "entered upon the duties of the office there was not a particle of system in any of the country schools." I showed him this was untrue, and I now resent the imputation such a statement makes upon his predecessors, Rev. Mr. Zwemer, Prof. Taylor, Mrs. Weatherwax, Mr. Lahuis, and Mr. Humphrey, who had labored for years for the best interest of our schools.

The state publishes a manual for grading schools, gotten up by a committee of five county commissioners appointed at the state convention Dec. 1889. This is to be had free of charge by any district that will adopt it. Yet Mr. Lillie in 1890 constructs one of his own, spends his time which should have been given to school work, cojoles the board of supervisors into an appropriation of \$150, unnecessary and unwarranted by law, when really it was not his business at all, but by law made the duty of the school boards themselves.

Mr. Lillie and his friends try to make it appear that this is a personal fight between him and me. That was the song that was sung when we opposed Mr. Gibbs for re-nomination and re-election. Yet we opposed the man only when his first term showed him unfit for the position; and his second turning out even worse, leaving the Grand Haven bank badly in the lurch, we were fully justified. It is just so now. We are not fighting Mr. Lillie, but his record and his candidacy. Were he up for any other office, and regularly nominated, we should support him; but having been tried and found wanting, and this being an office of such peculiar importance, non-political, and involving one of our dearest and tenderest interests, we cannot support Mr. Lillie for a second trial.

Again, Mr. Lillie is not a republican and has no claim to our support, as such. In last fall's republican legislative convention he himself threatened to bolt and do all he could to defeat the choice of the convention, if Zeeland's candidate were nominated. He misrepresented Ottawa republicans in the state convention of 1893, helped to foist James M. Turner on the ticket for governor, which resulted in republican defeat, a squaw-buck legislature, gerrimander of senatorial and congressional districts, etc.

I stated that he "violated the expressed sentiment of this county for Rich, and betrayed the direct instructions that it implied." In meeting this charge the *G. H. News* leaves out that last phrase and then tries to make out that I misrepresent, because no instructions were voted. Such dishonest journalism is beneath contempt. Mr. Lillie's cause being a bad one, it must be bolstered by vilification, dishonest quotation, direct misstatements and personal abuse. Go on with it, ye friends of Mr. Lillie. It loses him votes and makes our work easier.

Mr. Lillie wrote a long article under the flaming head-lines "Mr. Lillie exonerated." In what way? "False charges of Mr. Van Loo aired." Yes aired, but not proved false. Nor can they be. Vindication of Cilley, Cooney and Reus." But we find no vindication.

Mr. Lillie and his friends persistently represent this as a personal fight between me and himself. I deny that I have any personal feeling against him. We never fight any one for personal reasons. We never fought any candidate properly nominated except where a first term in office proved him incompetent or negligent. Mr. Lillie has proved himself negligent, not to call it by a stronger term. His main answer to all charges, especially in the *G. H. News*, is personal abuse of myself. In a single article he names me thirteen times. He connects my name with such choice epithets as "malicious falsehoods," "unscrupulous," "always fighting some one," "bolter," "ultra radical" (thanks), "no such thing as fairness in his make-up," "his manner is tyrannical," "his speech is always abusive," "he always antagonizes," "villainous and unprincipled attacks," "goes off half cocked," "offensive to every prominent man in the county," "a detriment to the party for ten years."

Now, Mr. Editor, is not this fine argument? Suppose I am worse than even Mr. Lillie pictures me, does that make his record any better? Mr. Lillie is running for school commissioner and is on trial, not I.

I am a friend, as you all know, to Hope College. Is Mr. Lillie? If so, then why does he entice teachers to go to the Alma Summer Normal, instead of to the Hope College Normal? Why does he propose to them certificates without examination, if they will go to Alma? Three of our Zeeland teachers did go on these conditions. And thus he tries to break down the Normal in his own county, in a city where he is now begging votes. Will he get them? I trust not.

The fact remains, Mr. Lillie did not attend to the duties of his office; he licensed persons who ought not to be permitted to teach; bamboozled the board of supervisors into unwarranted expenditure of public monies; misrepresented his county in State convention and betrayed its sentiments. He was defeated two years ago by 235, while the Republican state ticket received a majority of 589, and is now confronted by the same opponent who has since made a splendid record in that office and who, we hope, will be re-elected by an overwhelming majority.

Citizens of Holland, give us your best efforts and your votes in this good work.

C. VAN LOO.

Ottawa County Sunday School Convention.

A most enthusiastic S. S. convention was held at Spring Lake, on the 14th and 15th inst., in the Baptist church. Delegates came from all parts of the county and the convention opened on Thursday evening with addresses by the president, Hon. J. B. Perham, A. H. Cross of Lyons, and Judge J. M. Davis of Kalamazoo.

The real work of the convention began on Friday morning, when topics as "Methods and Conditions of Bible Study," "The Sunday School Library," "The Holy Spirit in our Work," and "What Constitutes Success in the Sunday School," were opened and discussed by Mr. E. K. Mohr, Rev. W. B. Allen, Rev. P. De Bruyn, Rev. W. Sidebotham and the delegates generally.

The work in Ottawa county was reported and of 12,000 children of school age but 7,000 in round numbers were in the sabbath schools. Township organization was strongly urged, and more thorough work.

The afternoon was devoted to the discussion of "The Sunday School and the Church," by Rev. R. Lewis of Grand Haven; "House to House Visitation," by Judge J. M. Davis; "Importance and Value of Sunday School Work in Relation to Christ's Kingdom," by Rev. H. G. Birchby; and "Rally Day," by E. K. Mohr of Grand Rapids. The discussion of this last topic was very spirited and general, resulting in an enthusiastic vote to hold such a rally this summer and a committee of arrangements was appointed, consisting of Rev. H. G. Birchby, Prof. J. B. Estabrook and Rev. R. N. Middleton. This committee organized at once and plans are being formulated to further the proposed rally.

The evening session was crowded to the doors and the speakers were followed with close attention as they discussed such topics as "The Duty of Parents to the Sunday School," "Normal Work, What? Why? How?" and the "True Mission of the Sunday School." Thanks were tendered our hosts and entertainers and resolutions in reference to township organization, house to house visitation, co-operation with rally day committee, and the value of state, county and township inter-denominational Sunday school work were offered and unanimously adopted. A very successful Sunday school convention was closed with the benediction of God upon its labors.

WHEN SPRING COMES.

"I RECOMMEND PER-UNA TO ALL SUFFERERS," SAYS EDITOR W. T. POWELL, OF CLARINGTON, OHIO.

W. T. Powell, editor of the Independent of Clarington, Ohio, writes that he was taken sick with bronchitis and catarrhal fever, head was in a terrible condition, lungs were badly affected, being so tight and sore he could hardly breathe, and coughed almost incessantly. For two months tried local physicians, took cough medicines and other medicines. Took three bottles of Per-una and was entirely cured.

It is needless to attempt to give only the vaguest outline of the wonderful success which Per-una has met with in the cure of catarrh. This success is entirely due to the fact that Per-una eradicates the disease from the system, instead of temporarily relieving some disagreeable symptom. Not only is catarrh in all stages and varieties cured promptly, but also colds, coughs, bronchitis, la grippe, catarrhal dyspepsia, all yield, surely and permanently, to the curative virtues of Per-una.

As a spring medicine Per-una is a never-failing remedy. It cleanses the blood through digestion, and gives tone to the whole system by increasing the nutritive value of the food. "Spring fever," as it is sometimes called, which produces a tired out, sleepy feeling, and inability to do much mental or physical work, is the result of a sluggish digestion, and no blood medicine will be of any use whatever unless it is able to rectify the impaired digestion. The great popularity that Per-una has is due to the fact that in all such cases it at once corrects digestive derangements and enriches the blood by purifying this very important source of that vital

A Happy Mother—\$72.50 in a Week.

MR. EDITOR:—I feel so happy that I must tell, through your valuable paper, what I did, so others can be happy and make money too. Things looked blue; these hard times had thrown my husband out of work; the interest on the mortgage was coming due and no money. I saw an advertisement of the Rapid Dish Washer and thought I could sell them. I sent \$5.00, got one, and my husband washed the dishes because he did not have to put his hand in the water, and did not have to rub them nor dry them; they came out all nice and clean and ready for the shelf. He also took care of the house and baby. I got the agency and sold ten the first day, and have cleared this week \$72.50, and will by next week have enough to pay the interest, and am sure we will have money all winter. Anyone out of work should send to W. P. Harrison & Co., Columbus, Ohio, and get a circular, have a happy home, and make money too. Times are going to be hard this winter, and much suffering can be saved if mothers and daughters would do as I have.

Hope for the Hairless.

PROFESSOR BIRKHOFF, OF CHICAGO, GIVES HOPE TO THOSE AFFLICTED WITH BALDNESS. "A NO CURE, NO PAY" TREATMENT.

Prof. G. Birkholz, of Chicago, the eminent German specialist, who for years has devoted his time and talent in the study of the hair follicles, and who has evolved the most successful treatment for baldness the world has ever known.

He will carefully examine each case and candidly inform the inquirer whether his baldness can be cured and the hair be restored. These examinations are made without charge.

In all cases where there are any hair follicles remaining undestroyed by age or disease the Professor will undertake a cure, and if he does not effect a restoration of the hair he will ask no pay.

The remedy is an imported one, and the treatment given by the Professor is his own, and cures where all others fail. If your case has been pronounced incurable do not take it as a final answer until you have seen Professor Birkholz and received his opinion.

Many persons have small bald spots through the hair. These increase in area and in time produce complete baldness. In such cases the hair follicles need nourishment. Prompt treatment will bring them into activity and restore the hair.

The success that has attended Professor Birkholz everywhere enables him to give a positive opinion in each case presented to him. Those who are bald or are threatened with baldness

should not delay treatment, but call upon the Professor at once, 1011 Masonic Temple, Chicago.

Hand this notice to any first-class druggist and he will get the remedy for you at once, if he has not got it in stock.

"A little farm well tilled,
A little cellar well filled,
A little wife well willed."

What could you wish a man better than that? The last is not the least by any means, but how can a wife be well willed if she be the victim of those distressing maladies that make her life a burden? Let her take Dr. Pierce's Favorite Prescription and cure all painful irregularities, uterine disorders, inflammation and ulceration, prolapsus and kindred weaknesses. It is a boon and a blessing to women. Thousands are in the bloom of health through using it, when otherwise they would be under the sod. Are you a sufferer? Use it, or some day we may read—

Board of Registration of the City of Holland.

Holland, Mich., March 6, A. D. 1895.

Election Notice.

CLERK'S OFFICE CITY OF HOLLAND, March 12th, A. D. 1895.

To the Electors of the City of Holland:

Notice is hereby given, that a general election will be held in this state, and also the annual charter election for the city of Holland, on the first Monday (the first day) of April, A. D. 1895, in the several wards of said city of Holland at the places designated by the common council, as follows:

In the First ward, in the front room, first story, of engine house No. 2, Eighth street, east.

In the Second ward, at engine house No. 1, Eighth street, west.

In the Third ward, at the office of Isaac Fairbanks, River street.

In the Fourth ward, at the residence of R. H. Habermann, corner of Maple and Ninth streets.

In the Fifth ward, at the residence of Irving Garvelink.

At said election the following officers are to be elected and the following propositions voted upon, viz:

A justice of the supreme court in place of John W. McGrath, whose term of office expires December 31, 1895; also two regents of the university of Michigan in place of Roger W. Butterfield and Charles Hebard, whose terms of office expire Dec. 31, 1895.

Also one county commissioner of schools for the county of Ottawa, Michigan, in place of Cora M. Goodenow, whose term of office expires on July 1st, 1895.

Also the following joint resolution, viz:

JOINT RESOLUTION proposing an amendment to section one of article nine of the constitution of this state, relative to salaries.

Resolved by the Senate and House of Representatives of the State of Michigan, That an amendment to section one of article nine of the constitution of this state be, and the same is hereby proposed, to read as follows:

SECTION 1. The governor shall receive an annual salary of four thousand dollars; the judges of the circuit court shall each receive an annual salary of two thousand five hundred dollars; the state treasurer shall receive an annual salary of one thousand dollars; the superintendent of public instruction shall receive an annual salary of one thousand dollars; the secretary of state shall receive an annual salary of eight hundred dollars; the commissioner of the land office shall receive an annual salary of eight hundred dollars; the attorney general shall receive an annual salary of three thousand five hundred dollars and he shall personally attend to the duties of his office. They shall receive no fees or perquisites whatever for the performance of any duties connected with their office. It shall not be competent for the legislature to increase the salaries here provided.

Be it further resolved, That said amendment shall be submitted to the people of this state at the next spring election, on the first Monday in April, in the year eighteen hundred and ninety-five; and the secretary of state is hereby required to give notice of the same to the sheriffs of the several counties of this state, at least twenty days prior to said election.

The ballot for and against this amendment shall be printed at the foot of the general ticket as provided by law, and designated as follows: Amendment to the constitution relative to the attorney general's salary—"Yes." Amendment to the constitution relative to the attorney general's salary—"No." Said ballots in all respects to be canvassed and returned made as in elections of justices of the supreme court.

This joint resolution is ordered to take immediate effect.

Filed March 1, 1895.

Also the following

JOINT RESOLUTION proposing an amendment to section six of article six of the constitution of this state, relative to circuit courts:

Resolved by the Senate and House of Representatives of the State of Michigan, That the following amendment to the constitution of the state be and the same is hereby proposed, that is to say that section six of article six of said constitution be amended so as to read as follows:

SEC. 6. The state shall be divided into judicial circuits, in each of which the electors thereof shall elect one circuit judge, who shall hold his office for the term of six years, and until his successor is elected and qualified. The legislature may provide for the election of more than one circuit judge in the judicial circuit in which the city of Detroit is or may be situated; and in the judicial circuit in which the county of Saginaw is or may be situated; and in the judicial circuit in which the county of Kent is or may be situated; and in the judicial circuit in which the county of Ingham is or may be situated. And the circuit judge or judges of said circuits, in addition to the salary provided by this constitution, shall receive from their respective counties such additional salary as may from time to time be fixed and determined by the boards of supervisors of said counties. And the board of supervisors of each county in the upper peninsula is hereby authorized and empowered to give and pay to the circuit judge of the judicial circuit in which such county is attached such

additional salary or compensation as may from time to time be fixed and determined by such board of supervisors. This section as amended shall take effect from the time of its adoption: Be it further

Resolved, That said amendment shall be submitted to the people of this state at the spring election to be held on the first Monday in April in the year one thousand eight hundred and ninety-five, and the secretary of state is hereby required to give notice of the same to the sheriffs of the several counties of this state, at least twenty days prior to the said election, and the said sheriffs are required to give general notices required by law in the same manner that they are now required to give in case of an election of justices of the supreme court, and the said amendment shall be indicated upon the official ballot for said election, in accordance with the provisions of act number one hundred ninety of the public acts of eighteen hundred ninety-one, entitled "An act to prescribe the manner of conducting and to prevent fraud and deceptions at elections in this state." Each person voting for said amendment shall designate his vote by a cross mark placed opposite the word "Yes," and each person voting against said amendment shall designate his vote by a cross mark opposite the word "No," as indicated upon said official ballot. The ballots shall in all respects be canvassed and returned made thereof as in general elections of state officers.

This joint resolution is ordered to take immediate effect.

Filed March 7, 1895.

Also the following city and ward officers:

CITY OFFICERS.

One mayor in place of Geo. P. Hummer, whose term of office expires.

One supervisor for the first supervisor district, composed of the First and Fifth wards of said city, in place of John Kerkhof, whose term of office expires.

For the Fifth ward—One alderman, in place of Arend Visscher, whose term of office expires; and one constable, in place of William Deur, whose term of office expires.

Also the following:

You will further take notice that at a meeting of the common council of said city, held at the council rooms on the 26th day of February, A. D. 1895, it was resolved by said common council that the following question be submitted to the electors of the city at said annual election, to be held on the first Monday in April, being the first day of April, A. D. 1895:

"Shall the city of Holland raise by loan the sum of Eighteen Thousand Dollars (\$18,000.00), Twelve Thousand Dollars (\$12,000.00) thereof to be used for the purpose of increasing the capacity of its electric light plant and Six Thousand Dollars (\$6,000.00) thereof to be used for the purpose of making improvements and additions to its system of waterworks; and shall bonds of the city, twelve in the sum of One Thousand Dollars (\$1,000.00) each, and to be termed Electric Light Bonds, and six in the sum of One Thousand Dollars (\$1,000) each, to be termed Waterworks Bonds, be issued therefor; all bonds payable on the first day of February A. D. 1895, together with interest at a rate not to exceed five per cent per annum, payable annually?"

Yes.....☐

No.....☐

Now therefore you are hereby further notified that in pursuance of the above resolution the above question of raising the sum of eighteen thousand dollars (\$18,000) by loan and of issuing bonds therefor, in the manner and for the purpose in said resolution set forth, will be submitted to a vote of the electors at said charter election, to be held on the first Monday (the first day) of April, A. D. 1895, and that at said election each elector voting on said question shall designate his vote on the ballot by a cross mark (X) placed opposite the word "yes" or the word "no" as he may elect.

In witness whereof, I have hereunto set my hand the day and year first above written.

The Republican caucus of Holland Township, for the nomination of township officers, will be held at the Townhouse, on Monday, March 25, 1895, at 2:00 o'clock p. m.

By order of the Committee,
W. DIEKEMA, Ch'n.
A. VAN DER HAAR, Sec'y.

This week is the city's "annual." As usual it makes a serious inroad upon the columns of the NEWS. The treasurer's report shows a disbursement during the fiscal year of \$54,793, as against \$61,021 last year, with a balance in the treasury of \$9,114.13 as against \$9,566 last year. This, of course, is outside of school finances. The general fund is low, the amount on hand being only \$1,251.98. This fund, however, is soon to be replenished by the annual liquor licenses, which fall due on the first of May and June. The dog tax, \$391.68, will go to the school fund. As a whole the financial statement must be favorably received. It further shows that the bonded debt of the city proper is \$55,450. Add to this the debt of the city as a school district, amounting to \$20,200, and you have the total of our municipal indebtedness—\$75,650.

Facts That Cannot Be Overlooked.

No alien can vote hereafter on his first papers unless he has taken them out on or before May 8, 1895, even if he has voted heretofore and his name appears on the register. He is not a voter now and will not be until after he has taken out his second papers. The question has been asked whether the boards of registration at their session next week should strike all such names off the list. In answer to this, and upon good authority, we would state that the law does not appear to warrant the boards to pursue this course. Besides, there are no means by which a board of registration could definitely ascertain the facts in each case. On the day of election however it will be the duty of the inspectors to exercise due caution in the premises.

Members of boards of registration and inspectors of election should not forget that since the adoption of the recent amendment the voter must have resided in the state six months and in the township or ward twenty days, prior to the day of election.

The anti-fusion bill so-called, just passed by the legislature, which makes it unlawful to print on more than one ticket on the same ballot the name of a candidate who shall have received the nomination from two or more political parties for the same office, seems to be limited to state, county, congressional, judicial and legislative offices, and does not apply to township, city or ward offices. The constitutionality of this law however is to be tested at once. A. M. Todd, the nominee in the Third congressional district of the Populists, Probi's and Silverites, has applied to the Supreme court and obtained an order directing the election commissioners in that district to show cause why Todd's name should not appear on each of the tickets of the three political parties named. The matter will be heard by the court this week Saturday.

In the Field.

The Democracy of this city, to the number of 73, met in convention Wednesday evening and with Mayor Geo. P. Hummer in the chair proceeded to nominate a ticket.

Secretary—Henry Kleyn.

Tellers—M. G. Manting, F. Jonkman, J. Toppen, A. Steketee, F. Johnson.

The first informal ballot for mayor gave Mayor Hummer 29, Dr. H. Kremers 18, and 24 scattered. Both declined and kept declining. Notwithstanding his protest Dr. Kremers was nominated by acclamation.

Clerk—Dirk De Vries.

Treasurer—Will Breyman.

Marshal—John C. Dyk.

Justice—W. O. Van Eyck.

Supervisors—1st dist., Wm. Benjamin; 2nd dist., Johannes Dykema.

1st Ward—alderman, Fritz Jonkman; constable, Lucas Brink; city committee, Fritz Jonkman, Rikus Steketee.

2nd Ward—alderman, James Kole; constable, Jacob De Feyter; city committee, James Kole, M. G. Manting.

3rd Ward—alderman, C. Blom, Jr.; constable, John C. Dyk; city committee, W. O. Van Eyck, C. Blom, Jr.

4th Ward—alderman, R. A. Habermann; constable, E. Van den Berg; city committee, Allie Toppen, Ben Van Putten.

5th Ward—alderman, Frank John-

son; constable Addison Johnson; city committee, Frank Johnson, P. Siersema.

While the vote on clerk was being canvassed the chairman entertained the convention with the reading of the Democratic platform, adopted at the recent convention at Saginaw. His honor thought it was well enough for the people to know the silvery sentiments embodied in that platform, especially since the local papers had forgotten to publish it.

Although the convention lacked enthusiasm, it must be admitted that it made good nominations.

The city committee has organized by electing W. O. Van Eyck chairman, and A. Toppen secretary.

LATER.—The nominee for mayor, Dr. H. Kremers, adheres to his declination. The following also refuse to accept: D. De Vries, clerk, and J. C. Dyk, marshal. These vacancies will be filled by the committee.

The People's party met in the K. of L. hall Thursday evening and made the following nominations:

Mayor—John B. Greenway.
Clerk—Arthur W. Reigel.

Treasurer—David Bertsch.
Marshal—Wm. Van Anrooy.

Justice—W. O. Van Eyck.
Supervisors—1st dist., ———; 2nd dist., Nicholas Schmid.

1st Ward—alderman, Wm. Baumgartel; constable, L. D. Baldus; city committee, F. Adams, Wm. Baumgartel.

2nd Ward—alderman, Wm. Hayes; constable, E. A. Reynolds; city committee, J. W. Flieman, D. Bertsch.

3rd Ward—alderman, Geert Dalman; constable, John A. Meerman; city committee, F. J. Robinson, J. B. Greenway.

4th Ward—alderman, R. H. Habermann; constable, W. Van Anrooy; city committee, Herman Damson, W. Van Anrooy.

5th Ward—alderman ———; constable, C. L. Kuite; city committee, Harry Parkes, H. Knutson.
F. Adams has been elected chairman, and H. Damson secretary of the city committee.

Thursday evening the Republicans caucused in Lyceum Opera House. It was the largest gathering of the kind ever held in Holland. The several ward caucuses for the nomination of aldermen and constables and the district caucuses for the nomination of supervisors were held first in the order named. With the exception of the Fourth ward, where it required several ballots to decide, the nominations were all made on the first ballot.

The city caucus was presided over by G. W. Mokma, with G. Van Schelven as secretary, and H. Kiekintveld, H. Geerlings, A. Verlee and A. Glerum as tellers. One ballot for the nomination of mayor decided the contest. In fact, there was no contest. Mr. I. Verwey made a few remarks indicating why this year he deemed it more advisable to nominate Mr. J. C. Post, but it soon became evident that the first choice of the convention ran in another channel. The ballot showed the following: Total vote 267, of which G. J. Diekema received 177, J. C. Post 65, G. J. Van Duren 5, G. W. Mokma 4, scattering 16.

Mr. Diekema appeared before the convention and was received with enthusiastic cheers. In accepting the nomination he expressed a due appreciation of the good will and confidence manifested by his fellow-citizens. It was known that he did not desire the nomination; it belonged this year to our honored citizen Mr. I. Cappon, but he positively declined. Nevertheless when my fellow citizens make the demand, it is well enough to heed the call, and I am here to accept the nomination. I fully appreciate the friendly remarks made by Mr. Verwey, but will state that I expect my services on the municipal commission in Lansing will be brought to a close in two weeks. I love Holland, the place where I was born, above every city in the state, and if elected will give her my best efforts, as my predecessor has done. As a city we are making an enviable record and our strides forward are being recognized. The nominee paid his compliments to his opponent on the Democratic ticket as a friend, a neighbor and a physician, only regretting that he belonged to a political party that had brought about so much distress.

The other nominations were all made by acclamation:
Clerk—Geo. H. Sipp.
Marshal—Frank Van Ry.
Treasurer—William Brusse.
Justice—G. Van Schelven.
The district caucuses for supervisor made the following nominations:
1st District—John Kerkhof.
2nd " —G. Van Schelven.

Ward nominees:
1st Ward—alderman, Jacob Lokker; constable, Gerardus Kok; city committee, H. R. Doesburg, G. J. Van Duren.

2nd Ward—alderman, Louis Schoon; constable, Frank Van Ry; city committee, J. Van den Berg, P. Schoon.

3rd Ward—alderman, G. Dalman; constable, Adrian Glerum; city committee, Simon Bos, Cornelius De Puite.

4th Ward—alderman, Jacob Kuite, Sr.; constable, Arend Verlee; city

committee, J. F. Van Anrooy, Frank Hadden.

5th Ward—alderman, Arend Vischer; constable, Wm. Deur; city committee, J. W. Vischer, Austin Harrington.

The city committee will meet for organization this (Friday) evening.

Union Gospel Services.

Arrangements are being made by the several churches of this city to hold a series of union services during the latter part of April. We shall then have with us the well-known evangelist, Maj. D. W. Whittle, to take charge of the meetings. The Major is a man of remarkable power and spirit, on the pulpit as well as on the field of battle. He is considered by many as equal to any evangelist in the field, and it is said that when Mr. Moody went to England on his last evangelistic campaign he invited Maj. Whittle to aid him in following up the work.

Rev. J. S. Ellsworth will take charge of the music. He is a fine singer and will give general satisfaction.

It is important that we all should arrange our affairs to give as much time and attention to these meetings as can possibly be spared. The well-being of this community and the best interests of our fellow-men demand it.

The local executive committee that has the matter in charge, consists of the following gentlemen: Rev. C. A. Jacques, Rev. H. G. Birchby, and C. M. Steffens. They will be assisted by Revs. J. Van Houte and C. Van Goor, Messrs. P. Gunst and C. A. Stevenson, President Kollen, Miss Josephine Cook, and Messrs. J. C. Post and S. Van den Berg.

Personal Mention.

Seth Coburn of Olive was in town Saturday.

Miss Kate Schaap of Zeeland visited friends in this city.

Mr. and Mrs. Fred Boonespent Sunday in Grand Rapids.

Mrs. G. J. Diekema took the train for Grand Rapids Monday.

Jan Knol, Sr., one of our aged citizens, is again seriously ill.

A. De Koning and Dick Van der Haar have gone to Milwaukee.

H. Van Tongeren made a business trip to Grand Rapids Monday.

E. Kuyper of Grand Rapids, registered at the City Hotel, Monday.

John De Jongh, one of Grand Haven's veterans, was in the city Saturday.

Nelson Pitton, with Spring & Co., Grand Rapids, called upon friends in this city Monday.

Mayor Hummer attended the meeting of the Democratic state central committee in Detroit this week.

E. Van der Veen has so far recovered from his attack of rheumatism that he is again able to attend to business.

Misses Joe and Nealie Benjamins have returned from Detroit with a full line of spring and summer millinery.

Rev. P. De Bruyn of Grand Haven, was in the city Friday, attending a meeting of the executive committee of the council of Hope College.

Port Sheldon.

Election is near and the candidates begin to crawl out of their holes.

On Tuesday a few friends dropped in unawares on our oldest inhabitant, Mr. Tho's Owens, it being his 81st birthday. He is still hearty and able to walk for miles. The only difficulty he has, is with his eyesight, which is very poor. All his friends wish him many returns of the day.

Mr. Bourton, wife and son, of Chicago, who have been staying with his brother-in-law C. J. Cook at the bridge all winter, has removed to Holland and is going to open a general house furnishing store there. He has been in the same line of business in Chicago for the last 25 years.

Monday Tunis Quick, son of Mrs. Anys, who with his family have been living here this winter on account of the dull times in Chicago, has returned to that city, leaving his wife and family here to follow during the summer.

Mr. A. C. Van Raalte of Holland, town, and Mr. L. A. Stratton of Kalamazoo, Mich., have bought the old skating rink, on 7th str., two doors east of De Grondwet printing house, and have fitted the same up in first-class style for a farmers implement headquarters, with a roomy general office in front. Mr. Stratton is an experienced mechanic, and has been with the McCormick Binder & Mower Co. for the last eight years and understands his business. Remember this is the headquarters for the McCormick Binder and Mower, of which they have just received an elegant lot. They also have a fine line of buggies, from the best Buggy Companies in the country, and can sell you a horse, buggy, harness and all, if you so desire. Remember the place, Seventh Str. A. C. VAN RAALTE & STRATTON.

Easter Opening.

Remember, on our Easter opening, on Thursday, March 29th, we invite all the ladies of Holland and vicinity, to call and examine our fine line of spring and summer millinery. At Detroit we have made some fine selections and are sure we can please our customers. Call early for Easter bonnets, and avoid the rush. Our spring and summer hats have arrived and we are ready for the occasion.

FOUL AIR AS A GERM GARDEN.

Good Sanitation a Prime Necessity as a Defense Against Disease Germs.

The development of the germs so fatal to humanity when taken into the system is an effort of nature to destroy and really eat up effete matter. The grub and maggot, disgusting as they are, are true scavengers, and if sufficient time be allowed them they will reduce to innocuous dust the most poisonous of animal and vegetable matter. We regard the creatures with abhorrence because of their occupation; but they are laboring, albeit unconsciously, in the interest of higher forms of life. When disease-generating matter has passed through the digestive canal of the pupa it is no longer infectious. In the undrained and filthy portions of a city the foul matter is constantly accumulating far beyond the corrective powers of unaided nature. Deadly gases are cast off from festering heaps, vapors charged with microscopic germs which hatch fearful ailments in that weak mechanism, man's body. But even where the system is not directly affected by germ diseases, the influence of the foul gases—why, we do not fully understand as yet—tends to lower vitality to such a degree that the subject is always in good condition to take a fever of the typhoid class, scarlatina, diphtheria, etc. Prof. Alessi's experiments, says an exchange, show that a person who has lived in foul air for a considerable time will get any one of the fatal germ diseases much more readily than one who has breathed pure air and only absorbs the germs by accident. Prof. Alessi has proved that the same is true with animals. He placed a number of dogs, pigs, etc., in such a situation that they were compelled to live, for some weeks, in an atmosphere saturated with the noxious vapors from garbage heaps. These he inoculated with the typhoid bacillus, at the same time inoculating a similar number of animals which had been brought direct from the pure air of the rural district. The first lot died, some of them in thirty-six hours, with unmistakable typhoid symptoms, while not one of the second lot was affected. It was observed, however, that when the rural animals began to breathe the infected air they began at once to show signs of weakness and lassitude. They lost their liveliness and grew glassy-eyed, and though they continued to eat, they became poor in flesh. There is a grim significance in these facts which should teach us a lesson that good sanitation is a prime necessity, not only as a defense against direct assaults of germ disease, but also against the lowering of the physical powers which opens the system not only to the bacillus but to all the other foes which lie in wait to destroy life.

TRAVEL IN OLD TIMES.

How Some Snowbound Coaches Beguiled the Time with Cock Fights.

Of course the railways have done away with much of the difficulties of travel in snow time. When a train is snowed up now there are no such inconveniences as happened in the case of the mail coaches. There is delay, but there is generally enough to eat and drink, plenty of companionship, and a much larger area to live and breathe in. A friend of mine, much my senior, however, once told me what occurred to him in a snowstorm between Edinburgh and London. He was a merchant of great position and quite above the temptation to exaggerate matters, like a mere story teller, and his narrative impressed me the more accordingly. Three times on their way south both outside and inside passengers had to get off the coach and push the wheels through the drifted snow, and when crossing Shap Fells (the bleakest spot on the road) they got stuck, James Payn writes in the London Illustrated. After fruitless endeavor to move the coach the guard rode off with the mailbags and the passengers were left to their fate. There was known to be an inn at Shap if they could only get there, and after many hours they contrived to do so. Fortunately there were no women passengers, or it is possible they would have succumbed. They were shut up at that inn for eight days, during which they had no communication, either north or south, with the outside world. "And I suppose," I said, "you had no books?" "Books! Think of books at Shap in those days! No, not even a pack of cards." "What did you do with yourselves?" "Well," said my respectable friend, "it seems queer to say so at this time of day, but the place was famous for its game cocks and we had cock fighting from morning to night." That is what they did for eight days instead of telling stories to one another, as would have been the case in a Christmas number.

THE POWDER PLAY.

A Picturesque Game of the Horsemen of Morocco.

A dozen or so horses are drawn up in line at one end of the plain, the riders, by means of bit and stirrup, working their animals into a ferment of excitement. Then, at a given signal, the long-barreled guns are waved in the air, and the troop sets forward at little more than a walk, which increases as they proceed, waving their guns and saluting the while, until it becomes a furious gallop.

Suddenly, says Blackwood's Magazine, the weapons are brought to the shoulder, held with both hands, the elbows raised to the level of their shoulders, and the next moment the little troop of horsemen is lost to sight, enveloped in the clouds of white smoke which the flint-lock guns and inferior native powder produce, only to issue again in their showy trappings, reining in their horses with all the strength of their iron wrists, until the poor beasts, often with bleeding mouths, are brought to a standstill.

The label-baron, as the natives call it, admits of but little variation when performed in numbers; but this is not always the case, and at times one man alone will go through the maneuver, introducing some new system of his own—lying back in the saddle and firing behind him, for instance, or under his horse's belly.

Good Health

The Secret

Of enjoying permanent good health is to learn how to live. A study and proper observance of the Laws of Health will readily convince you that

Grain and Fruit

are the proper food for man. Better, by far, to preserve health by sensible living than to attempt to restore it by the use of so-called Medical Discoveries and Drugs.

We make the FINEST FLOUR and many CEREAL SPECIALTIES from Wheat, Corn, Oats, Rye, Barley and Buckwheat, and our motto is "Quality first and always." Ask your Grocer or Flour Dealer for our products and do not be put off by inferior substitutes.

THE SALARY BILL.

Text of the Proposed Amendment to the Constitution.

LANSING, March 16.—The following is the proposed amendment to the constitution of Michigan relative to the salaries of state officers, to be voted on at the general election to be held on Monday, April 1 next:

“Resolved by the senate and house of representatives of the state of Michigan, That an amendment to section 1 of article 9 of the constitution of this state be and the same is hereby proposed, to read as follows: “Section 1. The governor shall receive an annual salary of \$4,000, the judges of the circuit court shall each receive an annual salary of \$3,500; the state treasurer shall receive an annual salary of \$2,500; the secretary of state shall receive an annual salary of \$2,500; the commissioner of the land office shall receive an annual salary of \$2,500; the attorney general shall receive an annual salary \$3,500; the superintendent of public instruction shall receive an annual salary of \$2,500; the auditor general shall receive an annual salary of \$3,000; they shall receive no fees or perquisites whatever for the performance of any duties connected with their office, and they shall personally attend to the duties of their office. It shall not be competent for the legislature to increase the salaries herein provided. Be it further

“Resolved, That said amendment shall be submitted to the people of this state at the next spring election, on the first Monday in April in the year one thousand eight hundred and ninety-five, and the secretary of state is hereby required to give notice of the same to the sheriffs of the several counties of this state, at least fifteen days prior to said election. The ballots for and against this amendment shall be printed at the foot of the general ticket as provided by law, and designated as follows: Amendment to the constitution relative to salaries of state officers—“Yes.” Amendment to the constitution relative to salaries of state officers—“No.” Said ballots in all respects to be canvassed and return made as in elections of justices of the supreme court.

“Resolved further, That the joint resolution entitled ‘Joint resolution proposing an amendment to section one of article nine of the constitution of this state, relative to salaries,’ which was passed at the present session of the legislature, be and the same is hereby repealed.

“This joint resolution is ordered to take immediate effect.”

MURDER ATTEMPTED.

Postmaster McBain, of Owosso, Found in an Abandoned Mill Race.

Owosso, March 18.—Sunday morning, between 2 and 3 o'clock, Postmaster N. McBain was discovered in an abandoned mill race near the works of the Owosso Brewing company. His face was bespattered with blood and his hair was matted. The blood gushed from a ghastly wound on the back of his head. The would-be assassin, believing his victim to be dead, it is believed, dragged the body to the secluded place where it was found for the purpose of hiding the crime until escape could be effected. The assailant attempted robbery, but he was evidently frightened away. Mr. McBain can give no account of the assault and the police are also mystified.

DOUBLE TRAGEDY IN OAKLEY.

DeForest Brothers Exchange Shots, and One Is Dead and the Other Dying.

OAKLEY, March 19.—George DeForest was shot dead Monday by his brother Calvin. Calvin was also shot and badly wounded by George. George DeForest had lately been considered insane. Today he went to the home of his sister, Mrs. Alfred Beers, and drove her

from the house. He then started for the home of his parents vowing to take vengeance upon them. Calvin DeForest started with his gun to intercept his brother. As they approached each other George pulled a revolver and began firing. Calvin replied with his gun. The result was that George had his whole right lung perforated. It is feared Calvin's wound may also prove fatal.

TRAGEDY IN DETROIT.

A Saloonkeeper Shoots Two Brothers—One of Them Dies.

DETROIT, March 18.—Allen Ashley, who, with his brother Frank, was shot by John Holtz during a quarrel in the latter's saloon Saturday night, died Sunday at Harper's hospital. He never regained consciousness after being shot. A postmortem examination developed the fact that the bullet passed through the dead man's eye and lodged in his brain. Frank Ashley, who was shot in the neck by Holtz, is in a precarious condition, the bullet having lodged in his right lung. The police are confirmed in the belief that Holtz was justified in shooting as he did in self-defense.

St. Patrick's Day in Detroit.

DETROIT, March 18.—All conditions were favorable for Detroit's celebration of St. Patrick's day, which proved to be one of the most successful ever held in the city. The parade included all the Irish Catholic military organizations of Detroit and Windsor, the benevolent associations and the various Catholic clubs. In the evening the Detroit opera house was crowded with Irish men and women. John Donovan, of Bay, acted as president of the meeting and John F. Finerty, of Chicago, was the speaker.

Saginaw Concern in Trouble.

SAGINAW, March 20.—Kerngood & Rosenthal, proprietors of the Excelsior Clothing & Shoe company, one of the largest concerns in northern Michigan, filed chattel mortgages Tuesday for over \$56,000. The first national bank and C. L. Judd, as trustees, are preferred creditors. The firm says poor collections was the cause and it has made arrangements to continue the business.

Insurance Statistics.

LANSING, March 19.—Advance sheets of the forthcoming report of the commissioner of insurance show that the old line life insurance companies last year issued Michigan policies aggregating \$31,741,769; received premiums of \$4,296,070.44; incurred losses of \$1,146,367.79, and had \$124,676,703 of insurance in force in Michigan at the close of the year.

A Negro Candidate.

BENTON HARBOR, March 20.—For the first time in the history of Benton Harbor a colored man has been nominated for alderman by the republicans.

Many Become Citizens.

HOLLAND, March 20.—At an adjourned session of the circuit court here Judge Padgham granted full citizenship to 154 Hollanders

An Ingenious Widower.

A practical man lately became a widower. He was devoted, in his own selfish way, to his wife, so that her friends were surprised when they heard that he had sold all her wedding gifts—principally silver—without delay. His ingenious excuse was this: “I needed a good watch, as she well knew. The presents were of no use to me, and I thought that, if I sold them and used the proceeds to get a watch, it would be like having it come from her.” Certainly a curious way of getting around the facts.

Bumps on the Earth.

The alarming theories propounded by scientists make one sit up at first glance. For example, M. de Lapparent read a paper before the scientific congress at Paris the other day in which he labored to prove that the mountains of the earth are decreasing in size, and that they will ultimately vanish altogether. The tremendous friction of the atmosphere is wearing them away. The Alps, he said, exemplified the youth, the Pyrenees the maturity, the mountains of Provence the declining years and the central plateau of France the death and dissolution of mountain ranges. But don't worry. Four or five hundred thousand years must slip by before the bumps on the earth's surface are razed.

Spring Poetry.

The days are getting longer now,
The sun is getting high;
There are some signs of coming warmth
In the cold, wintry sky.
The buds aren't bursting out as yet,
They know too much for that,
But Ethel has begun to think
About her Easter hat.

The hand-organs are coming 'round
To play the same old tune;
They play it in November, and
They murder it in June.
The air is growing softer; there's
A haze o'er everything.
Oh, we don't need the almanac
To prophesy the spring.

Yes, spring is coming, sure enough
The sarsaparilla men
"That tired feeling" advertise
In big black type again.
Yes, gentle spring is coming fast,
And that is not the worst—
Spring poems, too, are coming sure,
And this 'ere is the first.

T. R. Van Wert has decided to place in the market his "Montello Park" addition to the city of Holland. It is located in the western part of the city, between Macatawa boulevard and the south shore of the bay; and in due time will become one of the most desirable resident parts of the city. The prospectus gives a fine chart and description of the addition, and in it Mr. Van Wert pays Holland the following compliment:

"In 1890, Marshall, Niles, AuSable, Cadillac, Ionia, Monroe, Grand Haven, Big Rapids, Sault St. Marie, Negaunee and Ypsilanti were all much larger than Holland City—she has passed them all. The causes of this magnificent growth are many, the greatest of which is the indomitable energy of its intelligent and sturdy people; next, its beautiful location, its great natural advantages in the midst of a rich farm and fruit region, close communication with Chicago, by boat and rail, good harbor, railroads radiating in five directions, its manufacturing interests, which comprises one of the largest butter plate and basket factories in the country, four large furniture factories, three tanneries, one of which is the largest in the State, one tub and pail factory, two large flouring mills, three large planing mills and a mine of wealth, the "Waverly Stone Quarry." Fine public schools with 35 teachers; the seat of Hope College, with 225 students. Good streets well shaded, electric lights, water works, good substantial stone and brick business blocks and elegant residences with large well kept lawns. Near by are the famous Macatawa and Ottawa Beach resorts, where accommodations are complete and perfect, good boating, fishing and bathing."

You Are Thinking About It?

Will you simply think and let others make the money. In 1895 a gentleman bought two lots in Denver for two sacks of flour; in 1899 he sold them for \$200; in 1901 they sold for \$30,000, and to-day they are worth \$100,000. Holland's prices and conditions, (for Holland is certain to be a great manufacturing city,) are better than Denver's were in 1870 and its population twice what Denver's was then. TO COMMISSIONERS AND EXAMINERS:

Before the next regular public examination on March 28 and 29, I desire to say a word to you relative to the examination of applicants for first and second grade certificates.

The branches required of applicants are the same as heretofore, and the standings required to entitle applicants to certificates are left to the discretion of the examining board. The superintendent of public instruction has decided that the papers forwarded to this office for inspection shall rank as high as an average of 85 per cent, and that no paper which is considered acceptable shall fall below a standing of 75 per cent. Those who desire the indorsement of the superintendent must write on all the branches and have papers forwarded to this office. No standings from any college, normal school or examining board will be approved.

Applicants must pass fully one-half of all the first-grade branches at the first examination, and complete the work at the second trial. Failure to do this will necessitate the applicant to begin anew, so far as the approval of the superintendent is concerned. Boards of examiners should exercise the greatest care in conducting these examinations.

Papers of first grade applicants received at this office later than April 13 will positively not be examined or passed upon here, but returned at once to the commissioner. Neither will any papers be examined here which have not already been passed upon favorably by the county board of examiners. The name of each applicant should be written plainly on the back of each and every paper written.

The language of the law is plain with respect to the approval of the superintendent of public instruction and will be literally followed. See proviso in section 6, page 49, of the general school laws of 1893.

It is nearly two years since the amendment limiting the number of third grade certificates became a law, and it is presumed that many teachers who have heretofore held only third grade certificates will receive second grade certificates this year. Examiners must exercise much discretion in the examination of applicants for second grade certificates, so that the law will work no hardship to those who improve the very limited opportunities they have for preparation.

Beginning with this examination the applicant for a second grade certificate will be required to write upon only two branches, in addition to those required for third grade certificates. They are permitted to choose any two of the following branches, viz: Algebra, botany, general history, and natural philosophy.

In preparing the second grade lists in these four branches only elementary questions have been selected, and it is suggested that for the first few examinations the standard of examination in these higher branches be fixed somewhat lower than ordinary third grade branches.

By carefully observing the above suggestions, boards of examiners and applicants for teachers can pass easily from one law to the other without any injustice to officer, teacher or pupil.

Chas. E. Bassett, of the *Herald*, will commence at once to overhaul and refit the building which he has purchased on Main street, and the paper will soon be in its new quarters.

A wave of merriment was created at the village election Monday, when, as John Capen was about to deposit his ballot, Frank Raymond in a jesting way picked up an old army pistol and, leveling it at the voter, demanded to know whether he was a Populist or Democrat. But the joke was turned, when a moment later they learned that Ira Hutchins had happened along about that time with his kodak and had obtained a first-class snap-shot of the whole scene, cabinet size. Ira says he will send one to the *Police Gazette*.

Norman Swaney, the convicted horse thief, who was pardoned by Gov. Rich last October from the Jackson prison on account of sickness, died in Virginia Feb. 1. of Bright's disease. His death is a relief to the people of western Michigan, as he was one of the most noted horse thieves in this section. His capture created quite a little excitement here less than two years ago. Swaney was a "black sheep" in his family, the other members being highly respectable.—*Herald*.

Allegan County.

Peach buds in the vicinity of Wayland are said to be unharmed, and indications are favorable for a large crop of the fruit next season. If no injury befalls the buds during this month, it is thought several thousand trees will be set around the village this spring.

Dorr is to have a creamery.

Rufus Dunning, who for many years was a resident of Saugatuck, and was the founder of the town of Dunning in this county, it being named for him, died recently at White Cloud. He was 70 years old.

A full-grown deer was seen by several persons Tuesday in the vicinity of the Loomis school house in Ganges.

The Populists will soon have an organ in Allegan. The printing outfit used in publishing the *Battle Creek News*, now defunct, will be moved here for the purpose. J. D. Westfall, formerly of Delton, is to be editor.

A family of three in Pine Plains should be placed on exhibition in a dime museum. They have an eighty-acre farm with good buildings, a team of horses, one colt, two cows, and other farm stock, and the head of the house draws \$12 per month pension, yet they recently asked aid from the township.

The *Detroit Evening News* has the following concerning our circuit judge: "Judge Padgham the other day advised an attorney in his court not to have a trivial case put over to the June term, for fear it might spoil in warm weather."

There is great disappointment among the friends of the late Capt. E. B. Bassett, that the bill, which passed both houses of congress, correcting the military record of the deceased, failed to get the approval of President Cleveland, and this after many years of labor on the part of the late Judge Arnold in collecting evidence, and patient work by the late Senator Stockbridge in getting the bill through the senate, and of Hon. H. F. Thomas in having it pass the house.

Zeeland.

A. G. Van Hees and Dr. T. G. Huizinga attended the S. School convention at Spring Lake last week.

A reception given by President-elect Van Loo at his home Thursday evening to the newly elected village officers and a number of his Republican friends was one of the pleasant events of the week. Refreshments were served and the evening slipped away un-noticed. It was at a late hour when the company departed, all agreeing that they had spent a most enjoyable evening.

The Republican township caucus will be held on Monday, March 25.

The village of Zeeland now has over 1,400 population. It was incorporated in 1875 and at the first village election Dr. Daniel Baert was elected president, which position he held for eleven years. He was succeeded by Govt. Keppel for one year, Johannes P. De Pres for three years, B. J. Veneklasen for one year and Govt. Keppel for the past four years. About sixty votes were cast at the first election.—*Expositor*.

Saugatuck.

The steamer Bon Ami will come out next season with a full upper cabin. The work has been going on several weeks.

When old settlers here wish to recall a winter of unusual length and severity they refer to one of years ago when people crossed the river on the ice to go to town meeting. It is not unlikely that such unusual conditions may exist on next town meeting day.

Fred Wade, editor of the *Commercial*, has been re-elected president of the village, without opposition.

Grand Haven.

The steamer City of Milwaukee is to resume her trips between here and Milwaukee about May 1.

All the township and city treasurers have made their annual settlement with the county treasurer.

The Goodrich steamers to Chicago will be ready by April 15.

The "Crepe McNett" horse suit, tried in the circuit court last week, has been decided against its late owner, Dr. J. B. McNett. Katharine Connel of Port Sheldon, whose father died a few years ago, leaving her a nice property, in the shape of a well-stocked farm, decided that she would buy a fast horse to drive to town when occasion required. She paid Dr. McNett \$225 for his mare Crepe McNett. Miss Connel, after having the mare in her possession for several months claimed that unknown to her the horse was unsound when she purchased it, and when the case was tried in a justice court some few days ago, Miss Connel received a judgment for original purchase price and veterinary bills. The case was then appealed by the doctor

to the circuit court and the jury awarded Miss Connel \$234 damages and the horse. The horse was then sold in the court room for \$100 to S. H. Clink of Muskegon, one of the attorneys in the case.

Partisan Feeling.

The Lancaster (Penn.) *Intelligencer* last week issued its centennial number. It contained a review of the leading local events of the city during the past hundred years, and among these was a Fourth of July banquet in 1828, by the friends of Gen. Jackson. In order to show the intense partisan feeling of those days we give a few of the volunteer toasts that were given at the close of the regular addresses:

"The friends of Gen. A. Jackson here assembled testify their hatred to John Q. Adams and Henry Clay for the corrupt means of their own elevation, and abuse of public confidence. On the fourth of March next, the people will permit them to retire, whilst Jackson takes command."

"War, pestilence and famine: The daily prayer of Henry Clay. Verily, this man worships the devil."

"A long journey, a hard trotting horse, cobweb breeches, and a porcupine saddle, to the enemies of Gen. A. Jackson."

"The administration of Adams and Clay: The greatest 'pestilence' with which our country has yet been visited. Oil of Hickory, the best medicine to restore health."

"Henry Clay: Who would sooner see war, pestilence and famine desolate his country, than Gen. Jackson elected president. Beware of such a man, give him but a price and he would sell his country."

"The present administration: Begot in intrigue, and born in corruption, may it be beat out of office with a hickory club."

"The present administration: Concealed in iniquity, and brought forth by corruption, and intrigue—Gen. Andrew Jackson an infallible antidote."

In Honor of a Martyred Abolitionist.

A bill is pending in the Illinois legislature for an appropriation towards a monument to be placed over the grave of Elijah Parish Lovejoy, who was in November, 1837, shot to death by a mob at Alton, Ill. Lovejoy was an abolitionist, and his were the early prophetic utterances giving warning of the abolition of slavery.

The history of this remarkable man is but little understood and known by the present generation. He was born in Maine and came to St. Louis in 1827. He worked on newspapers in that city for several years, and believed in the freedom of the slave. He did not know how this result was to be accomplished, but was firm in the conviction that the slaves should be free. He was driven out of St. Louis and went to St. Charles, Mo.

Forced to leave St. Charles he came to Alton, Ill., where he attempted to establish a newspaper pledged to support the abolition of slavery. He was a persecuted, oppressed man. He was not permitted to give public utterance to his sentiments and three separate times his printing presses were thrown into the river and destroyed. The fourth press came and was stored in a warehouse. The building was attacked by a mob and set on fire. Lovejoy and a party of men were on the inside defending the press. Volunteers were called for to go to another part of the building and subdue an incendiary fire placed there by the mob. Lovejoy was the first to volunteer, and as he went on his dangerous mission he was shot down. It is supposed he was killed by a man named Jennings, who was afterward cut to pieces in a bowie knife fight in a barroom at Vicksburg, Miss.

Lovejoy's body lay upon a cot in the counting room of the warehouse until the next day after he was killed, which was the 35th anniversary of his birth. There was no inquest held on his body. The funeral was private, the Rev. Thomas Lippincott officiating. Few persons went to the house or the grave and the services over this martyr's body consisted of simple prayers. A public demonstration, or even a decent funeral, would have provoked a riot.

His body was buried in the city cemetery of Alton. When subsequently the grounds were laid out and improved the main avenue passed directly over Lovejoy's grave. A colored man, by name Johnston, who buried Lovejoy the first time, superintended the removal of his body to a grave which is now surmounted by a small pedestal of New England granite. William Johnston, the colored man, and the Rev. Thomas Dimmock were for years the only human beings who knew where Lovejoy's body was buried. On his monument is an inscription in Latin, which, being translated, reads: "Here lies Lovejoy. Spare him, now that he is buried."

None of the members of the mob that murdered Lovejoy were ever brought to justice. They were tried, it is true, but the proceedings were farcical. At this late day it is proposed to do justice to the memory of this most distinguished man. The citizens of Alton have long felt the stigma which is attached to the name of that town on account of the murder of Lovejoy. The inhabitants of Alton are ready to contribute \$25,000 toward the monument.

THE OUT-TO-DINNER MAN.

One Who Is Not Brilliant, But Makes
Himself Useful.

"No," said the slightly cynical bach-
elor to a New York Tribune man, "it's
not because I am tremendously popu-
lar that I get invitations, and I don't
consider it such an honor to be invited
to dine somewhere every night in the
week with half a dozen or more invita-
tions a week to spare. Why in the
world do you suppose they invite me?
Well, I am a good deal like the fellow
who is taken on a ship and made to
work his passage. He pays for his voy-
age with work. I work my passage at
the dinners. Oh, yes, I do. There's no
use in being vain about these things.
You see, I'm not married, and there's
always some young woman, or old
woman, for that matter, who has to be
taken care of. Now, a married man is
at a discount at a dinner. Of course,
he takes a woman out to dinner, but
some man has to be provided for his
wife.

"I'm just useful at a dinner and that's
why I get invited. I'm not good-looking
and I never said a bright thing in my
life, but I can talk a streak of stuff
and nonsense that is necessary to keep
a dinner going. I'm good natured and
amiable. I like everybody, and so I
get along comfortably with my neigh-
bors. In a mild sort of way, I sup-
pose, I am amusing. And then I am a
good talker. I laugh at all the
good things that are said, and at many
of them that are not so good. I get in
my own little jokes when the time
comes, and so we row along through
the dinner, I working my passage and
my hostess smiling approval on me.

"Oh, no, it's not a bit damaging to
my vanity. I simply know it's so, and
accept it cheerfully. I can't dance for
shucks, so I'm of no earthly use at a
dinner. If I were a good dancer I'd
probably come in for all that, too. My
strong point is a dinner, and so I'm
wanted there, and not at a dance. It
doesn't wound my vanity a bit. I en-
joy the dinner. Having a lot of pretty
women around the table, and listening
to them, and talking to them is lots
more fun than sitting alone in a club,
with only a lot of ghostlike waiters to
amuse you. It's a perfectly fair
bargain. I talk and I am sweet-
tempered for my ferrage, and I get on
the ferry a good dinner and enjoyable
surroundings. That's all there is to it,
and as for the honor of the thing and
all that, there's no more honor in my
being invited to dine out every even-
ing than there would be in going out
to fiddle for a party at the regular
price. I talk and get my dinner and
pleasant company. The other man
gets his five or ten dollars, or whatever
the price is, and fiddles."

HOW HE WAS ACCEPTED.

Here Indeed Is a New Way to Win a
Woman.

The New Orleans Playmate has this
interesting story of two literary celeb-
rities in a recent issue: The late Prof.
Aytoun was uncommonly diffident
when making proposals of marriage to
Miss Jane Emily Wilson, who after-
ward became his wife. The lady re-
minded him that before she should give
her absolute consent it would be neces-
sary to obtain her father's approval.
"You must speak for me," said the
sultan, "for I could not summon cou-
rage to speak to the professor on the
subject."

"Papa is in the library," said the
lady.
"Then you had better go to him,"
said the sultan, "and I will wait your
return."

The lady proceeded to the library, and
talking her father affectionately by the
hand mentioned that the professor had
asked her hand in marriage. She added:
"Shall I accept his offer, papa?
He is so diffident that he won't speak
to you about it himself."
"Then we must deal tenderly with
his feelings," said the hearty old
Christopher. "I'll write my reply on a
slip of paper and pin it to your back."
"Papa's answer is on the back of my
dress," said Miss Jane, as she entered
the drawing-room. Turning around
the delighted sultan read these words:
"With the author's compliments."

VERTICAL WRITING.

Telegraphers Are Mainly Responsible for
Its Introduction Here.

If the vertical handwriting which is
being taught in our public schools pre-
vails, and becomes the ordinary hand-
writing, the people who enjoy its ad-
vantages will have in large measure the
telegraphers to thank for it. They
have been the pioneers of vertical writ-
ing. For the last twenty years almost
every telegraph operator in the country
has written a round, vertical hand,
plainer than any other sort of hand-
writing known, with round, fat loops
for the letters which drop below the
line, and simple capitals. This tele-
grapher's handwriting has much in
common with the English "civil service
handwriting," which may have preceded
it, but the civil service hand is less
often vertical and has certain points of
difference. Men's handwriting tends
in a general way to conform to the
fashion of Roman print prevalent at
any time, and as the most ordinary
print letter nowadays is of a round or
Scottish face, it is not strange on the
whole that the tendency in handwriting
is toward a round letter. Women's
chirography is more capricious in its
fashion, though it has inclined pretty
steadily now for several years toward
angular Britishism.

He Was Incredulous.

A party of tourists was being shown
over the British museum, and in one of
the rooms the keeper pointed out a col-
lection of antique vases, which had
been recently dug up at Herculaneum.
"What's that?" said one of the party,
with a look of incredulity. "Dug up
out of the ground?" "Certainly, sir.
Perhaps some pains have been taken in
cleaning them, but otherwise they were
found just as you see them." The wise
man turned to his companions and said,
with a knowing shake of his head: "He
may say what he likes, but he shall
never persuade me that they dug up
ready-made pots out of the ground!"

ther constipate, as
is the case with
other pills. Hence, their great popularity
with sufferers from habitual constipation,
piles, and their attendant discomfort and
manifold derangements. The "Pellets"
are purely vegetable and perfectly harm-
less in any condition of the system. No care
is required while using them; they do not
interfere with the diet, habits or occupa-
tion, and produce no pain, griping or shock
to the system. They act in a mild, easy and
natural way and there is no reaction after-
ward. Their help lasts.

The Pellets cure biliousness, sick
and bilious headache, dizziness, costiveness,
constipation, sour stomach, loss of appetite,
coated tongue, indigestion, or dyspepsia,
windy belchings, "heartburn," pain and
distress after eating, and kindred derange-
ments of the liver, stomach and bowels.
In proof of their superior excellence, it can
be truthfully said, that they are always
adopted as a household remedy after the
first trial. Put up in sealed glass vials,
therefore always fresh and reliable. One
little "Pellet" is a laxative, two are mildly
cathartic. As a "dinner pill," to promote
digestion, or to relieve distress from over-
eating, take one after dinner. They are
tiny, sugar-coated granules; any child will
readily take them.

Accept no substitute that may be recom-
mended to be "just as good." It may be
better for the dealer, because of paying him
a better profit, but he is not the one who
needs help.

Electric Light and Water Loan.

CLERK'S OFFICE, CITY OF HOLLAND,
March 12, 1895.

To the Electors of the City of Holland:

You will please take notice that the
following resolution was duly adopted
by the common council of the city of
Holland, at a meeting held on the
26th day of February, A. D. 1895, as
follows:

Whereas, the electric light plant of
the city does not have a sufficient ca-
pacity to furnish the necessary light
to the city and to the inhabitants
thereof; and whereas it is desirable
that the capacity of said light plant
be increased by about fifteen hundred
(1500) lights, at a cost of not to exceed
Twelve Thousand Dollars (\$12,000); and
whereas it is necessary that improve-
ments, alterations and additions should
be made to our present system of water-
works in order to protect the city and
its inhabitants against loss by fire, at
an estimated cost of not to exceed Six
Thousand Dollars (\$6,000); and whereas
said sum, amounting in all to Eighteen
Thousand Dollars (\$18,000) cannot be
raised without first submitting the pro-
position to raise the same to a vote of
the electors of the city;

Therefore Resolved, that said amount
of Eighteen Thousand Dollars (\$18,000)
be raised for the purpose hereinbefore
mentioned, by loan, and that for the
purpose of said loan, bonds of the city
of Holland be issued, as follows:
Twelve bonds in the sum of One Thou-
sand Dollars (\$1,000) each, with interest
coupons attached thereto, said bonds
to be designated as "Series B, Electric
Light Bonds," and to be numbered 1,
2, 3, 4, 5, 6, 7, 8, 9, 10, 11 and 12 respec-
tively, and to be made payable on the
first day of February, A. D. 1905;
said bonds drawing interest at
a rate not to exceed five per cent
per annum, payable annually; both
principal and interest to be paid out
of the funds of the city, the interest to
be paid on said bonds out of the "in-
terest and sinking fund," the princi-
pal of the first named bonds to be paid
out of the "light fund" and the princi-
pal of the second named bonds to be
paid out of the "water fund;" said
bonds to be signed by the mayor and
the city clerk and to be negotiat-
ed by the common council at a price
not less than the par value thereof, as
the council may deem expedient and
may direct and determine; and that
upon the negotiating of said bonds the
money received for the light bonds be
placed to the credit of the "light
fund" and the money received for the
waterworks bonds to be placed to the
credit of the "water fund;"

And Further Resolved, that the pro-
position to raise said amount of Eight-
teen Thousand Dollars (\$18,000) by loan
and to issue the bonds therefor as here-
before determined and proposed for
the purposes hereinbefore determined
and set forth, be submitted to a vote
of the electors of the city, at the next
annual city election to be held on the
first Monday (the first day) in April, A.
D. 1895, and that the substance of the
question thus submitted be printed
upon a separate ballot and be set forth
substantially in form and words as
follows:

"SHALL the City of Holland raise by
loan the sum of eighteen thousand
dollars (\$18,000), twelve thousand dol-
lars (\$12,000) thereof to be used for the
purpose of increasing the capacity of
the electric light plant and six thou-
sand dollars (\$6,000) thereof to be used
for the purpose of making improvements
and additions to its system of water-
works; and shall bonds of the city,
twelve in the sum of one thousand dol-
lars (\$1,000) each and to be termed
"Electric Light Bonds" and six in the
sum of one thousand dollars (\$1,000)
each and to be termed "Waterworks
Bonds," be issued therefore, all bonds
payable on the first day of February,
A. D. 1905, together with interest at a
rate not to exceed five per cent per an-
num, payable annually?"

PETITIONS AND ACCOUNTS.

HOLLAND, March 19th, 1895.
To the Honorable the Mayor and Common Council of the City of Holland:

Gentlemen: Your petitioners Otto Breyman & Son respectfully represent to your honorable body that they are residents and tax payers of this city and engaged in the jewelry business and that said Otto Breyman has been engaged in the jewelry business in this city for the last twenty-five years. That said Otto Breyman intends to withdraw from said business and that in order to do this it becomes necessary for the firm to dispose of a large part of their stock, which they intend to do by having a public sale of their said goods, that this will be a bona-fide sale, and of none but their own stock which they now have on hand in their regular course of business.

Your petitioner would respectfully request your honorable body that they may be allowed to hold said public sale or auction of their own goods within the next thirty days and that a permit may be issued to them for this purpose, without charge.—Petition accepted and the prayer of the petitioners granted.

The following bills were presented for payment, and allowed, viz:—

REPORTS OF STANDING COMMITTEES.

To the Honorable the Mayor and Common Council of the City of Holland:

Gentlemen: Your committee on streets and bridges, to whom was referred a petition of Geo. S. Harrington, asking for the use of a part of Fifth street in the city of Holland for the purpose of erecting a coalshed thereon, beg leave to report that they have considered said petition and recommend that the prayer of the petitioner be granted, subject however to the following conditions, as follows:

That the common council of the city reserve the right to revoke such license for the use of said portion of said street at any time they may deem proper and that when such license is revoked by the council said George S. Harrington or his assigns will within thirty days from and after the time such license shall be revoked, and after written notice thereof, remove any and all buildings they may erect thereon, at their own expense; and that if they shall neglect or refuse so to do, the common council may cause such building or buildings to be removed at the ex-

pense of said petitioner or his assigns; and that in case of such removal said city shall not be liable to the payment of any costs or damages whatever on account thereof.

To the Honorable the Mayor and the Common Council of the City of Holland:

Gentlemen: The city attorney to whom was referred a petition of Jud R. Watson, dated Holland, February 25th, A. D. 1895, asking for the use of the streets of the city of Holland for the purpose of erecting necessary poles and stringing wires thereon for the construction of a telephone exchange in said city of Holland, begs leave to report that he has carefully considered said petition and recommends that the following resolution be passed by the common council in relation thereto, as follows:

Resolved, that the petition of Jud R. Watson, dated February 25th, A. D. 1895, asking for the privilege of erecting poles in the streets of the city of Holland and stringing wires thereon, said poles and wires to be used for the construction of a telephone exchange within said city, be granted upon the following conditions however, as follows:

I. That no such poles shall be erected and placed in any part of Eighth street, within said city of Holland;

II. That all poles erected in the streets of said city and all wires strung thereon shall be erected in such places in said streets and be so constructed as the common council or any

committee thereof, may direct and approve.

III. That the franchise and privileges herein granted shall not be considered to be exclusive but that similar rights and privileges are reserved to be granted to such other person, or persons, in said streets, at any time hereafter when the common council shall deem proper.

IV. That the franchise and privileges herein granted shall not be considered to be perpetual and shall be limited to a period of thirty years.

V. That all the privileges and rights herein granted shall be subject to and dependent upon the said petitioner's furnishing such telephone exchange and service at the rates and in the manner set forth in the said petition; and that whenever said rates shall be increased by said petitioner, or whenever said petitioner shall fail to comply with all the representations relating to the management of said telephone exchange, contained in his said petition, the common council may declare all privileges herein granted null and void from and after such date and may order all of said poles and wires to be removed from said streets; and in case said petitioner shall fail to comply with such order, may remove the same at the expense of said petitioner without incurring any liability therefore on the part of the city.

IV. That said petitioner furnish to the city free of charge the use of two telephones, the one to be placed in the office of the city clerk and the other at the waterworks plant; said telephones to be kept in repair and at all times ready for use, by petitioner, during the continuance of the franchise and the privileges herein granted; provided, that the city shall allow petitioner to use its poles to string said telephone wire on from the freight depot of the Chicago and West Michigan Railway company on Seventh street to the waterworks plant hereinbefore mentioned.

Dated Holland, March 18, '95.

All of which is respectfully submitted.
