It is noiseless to the tread, restful to the feet, easy to clean, impervious to water or grease, does not readily stain, and on account of its great wearing quality is

Cheaper than Paint.

The variety of patterns and colorings we show this spring eclipses any previous effort.

It comes in 2 yards or 4 yards wide. We also show a large assortment of inlaid patterns.

We will give you credit.

The U. S. postal authorities have ruled that all souvenir cards, bearing tinsel letters are barred from the mail hereafter. Last Monday evening the last number in the Hope College lecture course was given, J. Adam Bede, "the Humorist of the House," gave a witty lecture and charmed the audience. He made a great hit with some of his remarks. This number was the windup of the course and was a fitting closing number. Mr. Paul E. Kleinheksel, who has managed the course this season, has given the public a series of entertainments that were really highly entertaining. Some of the best lecturers in the country, some of the sweetest singers that have gained national reputations, and some of the greatest humorists have appeared on the humorous rostrum. The course was a success in every way, since each entertainment was well attended. Now that the regular course is over there is still to follow a special number that will doubtless also receive the patronage of a public that is so well pleased with the regular course.

Saugatuck.

Geo. Goshorn is clearing the underbrush from the grove on Goshorn Lake to make a picnic ground of it.

Henry Volkers who purchased the John Zwemer farm last fall is commencing to make improvements on same.

The steamer Saugatuck is being fitted out and she is being put in first class shape. Her owners are planning to put her on her old run between here and Chicago as soon as practicable.

Saturday the steamer John A. Aliber was launched. For many weeks Capt. Wilson has been busy repairing her. Recalled, a new piston and cylinder bored, also repainted, she is better equipped than ever before for the convenience and comfort of passengers. About April first she will be ready to go into commission.

Tyler Bros. are expecting their new machinery here every day and hope to be making brick with it soon. They are now at work repairing their buildings.

This year the village election was more than simply a form for there were two tickets in the field which made considerable contest. The entire citizens ticket except the candidate for President was elected.

A State Teachers Institute has been appointed for Saugatuck to be conducted by Prof. John C. Ketcham, assisted by Miss Lois Wilson of Lansing and Commissioner Ira G. Thorpe to be held in the Saugatuck High School room April 5 and 6, 1907. Every teacher in this part of the county will be expected to attend this institute.

The Twentieth Century Club closed its seasons work with a social evening at the home of Rev. and Mrs. White Tuesday evening. Each member was allowed to invite a friend. A short program was given, followed by a lunch and toasts, closing with a social half hour. Every member was present and responded to a toast. Geo. Gilman acted as President and Miss Anna Haub as Toastmistress.

The Saugatuck Woman's Club royally entertained a number of their friends Thursday evening at the Engineer's hall. A lengthy and very good program was given and a few of the men were called on for remarks. Although the first part of the program was very interesting, the last part, the supper, showed very plainly that the ladies had not neglected their domestic science even if they did take a good deal of time for the study of literature.

Fennville.

The "Flying Rollers" are here and they have come to stay and establish a colony. Alfred Staddon, one of the seven trustees from Detroit, arrived here Tuesday and closed the deal for the purchase of the W. M. Rogers farm of 80 acres for a price of \$5,000. The place was bought on a contract, \$800 being paid down and the balance to be paid in fourteen annual installments of \$300 each. Wednesday about 15 adults and children arrived from Detroit and were taken out to the farm. The house on the farm is not large enough to accommodate so many and the neighbors kindly opened their houses and gave lodging to several. The colony will at once begin to erect more buildings and they have rented another house near by for present use. In many ways they hold a similar belief to that of the Benton Harbor colony, believing in the redemption of the body without death of the elect 144,000, but they are quite distinct from them.

Dyspepsia is America's curse. Burdock Blood Bitters conquers dyspepsia every time. It drives out impurities, tones the stomach, restores perfect digestion, normal weight, and good health.

Itching, bleeding, protruding or blind piles yield to Doan's Ointment. Chronic cases soon relieved, finally cured. Druggists all sell it.

Hamilton.

John Klokert of Hamilton has gone into company with Roelof Weurding and son George of Holland. They are now busy clearing away the debris of the old flour mill on east Main street of Holland and are making excavations for the new mill. The structure as planned will be about 40x60 and three stories high besides a large basement. The company hopes to have the new mill in operation sometime in December. While engaged in the work about a week ago, Mr. Klokert, who was loaded down with tools, slipped from a ladder and fell into a narrow twenty foot well. Fortunately he landed feet first and escaped with a severe shock and badly bruised leg. He expects to begin work again this week.

Borculo.

Willi m Welling, the trapper and hunter, has returned from Newyago where he spent the season trapping on the Muskegon River.

He has been unusually successful, bringing back with him a fine lot of furs, including mink, of which he has a large number, skunk, fox, muskrat and one badger, the claws of which he distributed among his friends here.

He was accompanied on his return by Rollo Tuttle and the two have left for the Borculo marshes where they will continue trapping and duck and geese shooting to the end of the season.

Mr. Welling expects to capture 300 or 400 muskrats in the draining ditches and creeks in Borculo country before the season closes.

A very pretty wedding took place last Thursday, March 14, at the home of Marinus Dalman at Beaverdam. Miss Henrietta Dalman was the bride and Martin A. Nienhuis, who graduated from the preparatory department of Hope College in 1904, the groom. The ceremony was performed at 1:30 o'clock; and in the evening a reception was given to the young friends of Mr. and Mrs. Nienhuis. Those present from Holland were Mr. and Mrs. A. Nienhuis, Mr. and Mrs. George Ohlman, Mr. and Mrs. Wilson S. Rief, Miss Ida Blaauw and Mr. John Ohlman.

How They Squirmed.

Great Times When Children Had to Take Old-fashioned Cod Liver Oil and Emulsions.

You had to bribe them, hold their noses, in fact go through a regular circus to get them to take it.

That was years ago, before the two eminent French chemists, Morgues and Gautier, discovered how to separate the medicinal elements of the cod's liver from the useless, nauseating oil, and produced Vinol. Vinol is not a patent medicine but a real cod liver preparation containing in a highly concentrated form all of the body-building, strength creating elements of cod liver oil actually taken from fresh cods' livers, with all the useless oil eliminated and tonic iron added. It tastes fine and children love it. Wherever old-fashioned cod liver oil or emulsions will do good, Vinol will do far more good.

Mr. De Pree of Con De Pree & Co., our local druggists, says: It is because we know so well of what Vinol is made that we ask every mother who has a weak, delicate or ailing child, and in fact every run-down, debilitated, aged or weak person in Holland, and every person suffering from stubborn colds, hanging-on coughs or bronchitis to try Vinol on our offer to return their money if it fails." Con De Pree & Co., Druggists.

NOTE.—While we are sole agents for Vinol in Holland, it is now for sale at the leading drug store in nearly every town and city in the country. Look for the Vinol agency in your town.

East Saugatuck.

About sixteen members of our singing school went to Holland last Friday evening to practice the Cantate for the Semi-Centennial meeting of the Christian Reformed church to be held in Grand Rapids, April 8.

Rev. L. Brinks who is well known in this vicinity, came pretty near losing his life in New Mexico. He was walking along the road when he saw a lamb fall into a well, he got a ladder and hung it in the well to rescue the lamb, he was going down when he slipped and fell to the bottom coming up again he cried Help! Help! another man heard him and rescued him by letting a rope down. The water was 20 feet deep in the well.

Mr. Scholten came from the Netherlands 3 years ago, worked one year in Holland then bought John Sprink's farm with horses, cattle and farm implements for \$5,200, farmed two years and last week sold the 62 acres to Mr. Klys from Fillmore station for \$6,100 without cattle and implements.

Searching for barn timber for Jake Van Huis, C. P. Zwemer found 36 trees marked by I. F. Geer for pile 22 to 36 feet long.

The dangerous rotten poplars along the state road by Henry Oetman's are cut in stove wood by Simon Ortman and Harry Ten Brink.

Mr. Oetman purchased the north 40 acres of what is known as the Artz farm for \$1500.

Mrs. Davis has been on the sick list.

Mr. Minaker has been afflicted with a bad cold the past week.

The whooping cough patients are improving though they have all had a tough time. Some will be able we hope to resume their places in school next week.

Mr. Paris is improving.

March has been a fine month so far and all that were able have taken advantage of these nice days, preparing for spring work.

Don't forget to vote for repairing the Goshorn bridge at the coming election for the sum of \$4,500. Everyone ought to vote for it whether it benefits them or not, there are many whom it will. The good motto says: Do unto others as you would like to have them do unto you.

Everyone has taken quite an interest in the Literary here. It is true that our people are not dead yet. A lively time was had at the last meeting during a debate; Resolved that city life is better for boys and girls than country life. It was decided in the affirmative side.

Persistent use seldom fails to relieve these afflictions.

"I was taken with epileptic fits; had eleven in less than 12 hours. My father sent for our family physician but he could do very little for me, and I grew worse every day, and at last they had three doctors with me, and I still got worse. My father heard of Dr. Miles' medicines and bought a bottle of Nerve and a box of Nerve and Liver Pills. I had taken only a few doses until I began to feel better. I took 12 bottles, and it cured me sound and well. It has been worth all the world to me. I recommend it wherever I go. You may use this as a life-long testimonial to the merits of your medicine, for I am enjoying the best of health, and feel that my life and health is due to this wonderful medicine."

People We Know.

They are Holland People, and What They Say is of Local Interest.

When an incident like the following occurs right here at home, it is bound to carry weight with our readers. So many stranger occurrences go the rounds of the press; are published as facts, people become skeptical. On one subject skepticism is rapidly disappearing. This is due to the actual experience of our citizens, and their public utterances regarding them. The doubter must doubt no more in the face of such evidence as this. The public statement of a reputable citizen living right at home, one whom you can see every day, leaves no ground for the skeptic to stand on.

J. W. Flieman, wagon maker and painter, 83 River street, Holland, Mich., says: "I have used Doan's Kidney Pills and can give them the highest praise. I suffered for a long time from severe backache. There were dull pains in the small of my back and at times, sharp, shooting twinges would dart through my joints and limbs and I could hardly bend, stoop or lift anything. If I sat down in a chair, it was only with great difficulty that I was able to arise. My muscles and joints were very stiff. I consulted physicians and they told me that I had lumbago, but after using their remedies and finding that they were not helping me, decided to give Doan's Kidney Pills a trial. I procured a box at H. R. Doesburg's drug store and after using them some time felt that they were giving me relief. I continued taking them carefully and all the troubles were soon eradicated and I was positively cured. This occurred over four years ago and I can conscientiously say that I have not suffered the slightest symptom of kidney trouble since that time. I have recommended Doan's Kidney Pills to a great many people and will continue to do so."

BRIBE EXPOSE IN FRISCO

INDICTMENTS AGAINST PROMINENT MEN EXPECTED.

Grand Jury Considering Graft Charges Involving Mayor Schmitz, Boss Ruef and Capitalists.

San Francisco, Cal., March 20.—It is expected that the grand jury which is considering the charges of graft against Mayor Schmitz, "Boss" Ruef, President Calhoun of the United Railroads and a number of well known capitalists. It is charged that millions of dollars in boodle were divided over trolley and telephone franchise ordinances. It is reported that more than 100 indictments will be presented.

The amount of the bribe fund said to have been given out by the United Railroads was \$450,000, of which Schmitz and Ruef are alleged to have got the lion's share. The two telephone companies are said to have contributed about half this sum.

Ruef, it is said, demanded \$450,000 from Calhoun to carry through the transaction, and this money was drawn by the United railroads in installments—calculated to be small enough to divert suspicion. Ruef said \$85,000 was to go to mysterious persons who, he insisted, had to be "squared"; \$85,000 more was set aside for the supervisors, and this sum was placed in the hands of James L. Gallagher by Ruef. Gallagher told the story to the jury.

Another transaction which was suspected but never proved until now was the prize fight boodle of \$20,000, James Coffroth, Willis Britt, Morris Levy and Eddie, known as the "fight trust," each subscribed \$5,000 to secure the exclusive privilege of prize fight permits for 1906. Ruef is said to have engineered the deal for a big commission, to be divided between himself and Mayor Schmitz.

The Schmitz cases were continued to April 8, in Judge Dunne's court Tuesday by consent of both sides. Schmitz was present in court during the proceedings, which were brief. He declined to make any statement regarding the confessions said to have been made to the grand jury by members of the board of supervisors.

FLOODS ON PACIFIC COAST

TWO CALIFORNIA TOWNS REPORTED UNDER WATER.

Heavy Rains in Northern Part of State the Cause—Elm Grove, W. Va., Again Inundated.

San Francisco, Cal., March 20.—Heavy rains which have prevailed since last Saturday have caused the rivers of northern California to overflow and great damage has resulted. A large part of the town of Oroville has been inundated and a portion of Marysville is under water. The Mormon Island bridge across the American river was washed away Monday night. At the Folsom state prison two guard houses were swept away.

At Sacramento no danger is apprehended, as the levees are in good condition. The situation at Stockton, however, appears to be more serious, as the local streams are higher than for years and a great volume of water is pouring into the San Joaquin.

The towns of Woodbridge and Lincoln are in danger of being flooded. The low lands are under water and the wheat and barley crops are ruined. The levees are being patrolled and every effort is being made to prevent a disastrous inundation.

Wheeling, W. Va., March 20.—A heavy rain that lasted all night, caused a second flood on Wheeling creek Tuesday. Elm Grove, a town that suffered thousands of dollars in damage by the recent high water, was again inundated and the people were compelled to move a second time. All the small streams are bank full.

Pittsburg, Pa., March 20.—A general rain over western Pennsylvania and northern West Virginia Monday night and Tuesday is expected to cause another rise in the rivers. Local Forecaster Henry Pennywitt, however, does not fear a dangerous flood.

Cincinnati, O., March 20.—The Ohio river at this point has reached a stage of 62.1 feet and has stood at that level since, apparently having reached the crest of the flood. It is expected that within three or four days the flood will have abated sufficiently to permit a resumption of railroad and traction traffic except in such places where washouts or other damages have compelled extensive repairs.

Lockout Ties Up Building.

Seattle, Wash., March 20.—Twenty-five members of the Master Builders' association have paid off and locked out their men, 2,000 in number. Construction work on 60 buildings is at a standstill. Constant annoyance of petty demands by union men is given as the cause of the lockout. The union will probably go half way in a compromise.

Assembly Congratulates Cleveland.

Trenton, N. J., March 20.—The New Jersey assembly has unanimously adopted a resolution congratulating Grover Cleveland, "the only living ex-president of the United States and the leading citizen of the republic," upon his seventieth birthday.

Missouri Bank Robbed.

Webb City, Mo., March 20.—Three men blew the safe of the bank at Diamond early Tuesday morning and escaped with \$600 after Cashier Brookshire had fired five times at them. The robbers stole three horses.

DYNAMITE SHAKES A CITY

VAST DAMAGE IN CINCINNATI BY TERRIFIC BLAST.

Hospital, Houses and Stores Shattered—Believed to Be the Work of Incendiaries.

Cincinnati, March 18.—By the explosion of 250 pounds of dynamite in a shack on the site of the new city hospital early Sunday enormous damage was done to residences and buildings all through the surrounding section, people all over the city and suburbs were awakened and excited, and it was feared for a time that patients in the Jewish hospital might suffer serious results from the shock.

The German Old Men's home and the Jewish hospital were the largest buildings near the explosion, which occurred in Avondale, one of the best known residence sections, and both suffered seriously. The cause of the explosion is unknown, but incendiaries is feared, a number of men recently discharged by the hospital contractors being said to have made threats. The dynamite was stored in a little shack near the Old Men's home and was in five 50-pound packages.

An immense cavity was torn in the ground and the shock blew out windows and store fronts for a mile along the Reading road, while chimneys were shaken down more than a mile distant. Sunday night special watchmen and the residents of the damaged section of the city guarded the wrecked houses, reports that gangs of thieves were planning to take advantage of the opened houses being received by the authorities and the people warned.

NABBED WITH RICH JEWELS.

Two Alleged Smugglers Are Wanted for Big Theft Abroad.

New York, March 18.—Arthur Preston Green and Charles Rohrer, passengers on the steamer Amerika, were arrested when the vessel arrived from Hamburg Sunday, charged with attempted smuggling. Diamonds and jewelry to the value of nearly \$25,000, which the custom officials alleged the prisoners had failed to declare, were taken from them. The valuables were confiscated and the men held for extradition.

Though only the charge of smuggling was preferred against the prisoners here, it is stated by the police that they are wanted abroad in connection with a theft of some \$35,000 worth of jewelry and precious stones, and the London authorities have been notified. On Wednesday the police received a cablegram from Scotland Yard asking that Green and Rohrer be detained upon their arrival on the Amerika.

Green described himself as a salesman, 31 years old, with a home in this city. The police allege that he has repeatedly been arrested for shoplifting and served three years' imprisonment in Wisconsin.

Rohrer gave the same age and occupation, but said that Philadelphia was his home. According to the police he has a record including arrests in Philadelphia and for robbing Miss Evelyn King at Atlantic City; and again on March 19, 1898, for robbing Miss Theresa Schwartz on a street in Philadelphia.

WAS NOT TO BOOM TAFT.

Loeb Denies Story About President's Conference with Deneen.

Washington, March 18.—Secretary Loeb Sunday night denied published statements that the White House conference Saturday, in which Gov. Charles S. Deneen and Attorney General Stead of Illinois participated, was for the purpose of promoting the candidacy of Secretary Taft for the presidency. The story originated, it is said, from the fact that Secretary Taft and his brother, Charles P. Taft of Cincinnati, called at the executive office while the president was in conference with the Illinois officials and were introduced to the president's visitors.

President Charles S. Mellen of the New York, New Haven & Hartford railroad will call on the president Tuesday afternoon, and it is still the belief in official circles that the other three railroad presidents, with whom J. Pierpont Morgan requested the president to discuss the railroad situation, will come to Washington this week.

Inspecting the Mississippi.

St. Louis, March 18.—The members of the Mississippi river commission departed Sunday for New Orleans on the steamer Mississippi to make their semi-annual inspection of the river en route. The party expects to reach New Orleans on March 25. The party is composed of Col. Clinton D. Sears, United States corps of engineers, president; J. A. Ockerson, Henry B. Richardson of New Orleans, Homer P. Ritter of Washington, Col. William T. Russell of Cincinnati, Maj. James G. Warren of Cincinnati and Capt. G. R. Lukesh, secretary, St. Louis. Judge Robert S. Taylor, the other commissioner, is abroad.

A Remarkable Operation.

Wichita, Kan., March 18.—A pair of five-inch surgeons' scissors were taken from the thigh of Mrs. W. R. White, of Braman, Okla., at the Wichita hospital Saturday. She was operated on for a tumor four years ago and the scissors were left in the abdominal cavity. The scissors worked through her body to her thigh, causing excruciating pain. They were discovered with the aid of the X-ray.

THAW VERDICT MAY BE REACHED FRIDAY

FAMOUS TRIAL OF STANFORD WHITE'S SLAYER IN ITS LAST STAGES.

Hummel Affidavit Read—In It Evelyn Accuses Thaw of Stripping and Lashing Her Repeatedly—More All-estists Heard.

New York, March 19.—When the Thaw trial was adjourned Monday afternoon there remained but four expert witnesses to be examined before the taking of evidence closes. Three experts were disposed of Monday in a little more than an hour, so it is generally believed that the last word of evidence may be uttered in the famous case Tuesday. In that event the summing up by Mr. Delmas for the defense will begin Wednesday morning. District Attorney Jerome will reply on Thursday. Justice Fitzgerald may proceed immediately with his charge to the jury, or he may defer it until Friday. Unless the unexpected happens, there should be a verdict by Friday night.

The case for the people was finally closed Monday by the introduction of the much discussed Hummel affidavit, which, with the consent of the defense, was read in full to the jury. The affidavit proved a surprise only in the alleged severity of the assaults Harry K. Thaw is said to have made upon Evelyn Nesbit during their trip through Europe in 1903, when, according to the testimony of Abraham Hummel, Miss Nesbit swore she would not sign statements which Thaw had prepared accusing Stanford White of having drugged and ruined her.

Said Thaw Often Beat Her.

In this affidavit Miss Nesbit charges Thaw with having attacked her with a cowhide whip while they were stopping at an old castle in the Austrian Tyrol and lashed her bare skin until she became faint from the pain and swooned. He repeated the attack the next day, according to the affidavit, and afterward in Paris he beat her at half hour intervals throughout one entire day, leaving off only when she would faint away and could no longer understand what was happening. Miss Nesbit is alleged to have sworn in the affidavit that she was in daily fear of her life and that Thaw acted as a demented person during some of the assaults.

The affidavit was in some ways a direct contradiction of Hummel's recent testimony upon the stand. In order that the defense might not prevent him from telling the story of the making of the affidavit he stated positively that he was not acting as Miss Nesbit's attorney when he drew up the document; that he was acting solely in the interest of Stanford White and that no legal action was contemplated in behalf of the young woman who is now Harry Thaw's wife.

Gives the Lie to Hummel.

There was considerable surprise consequently when Mr. Jerome read the opening words of the affidavit, which were:

"Supreme court, county of New York: Evelyn Nesbit, plaintiff, against Harry Kendall Thaw, defendant." It is said the action contemplated when the affidavit was made was the recovery of certain property which it was alleged Thaw had wrongfully taken from the girl. In dictating the affidavit Hummel referred to himself as Miss Nesbit's attorney, she being reported to have said:

"I have received certain letters and cablegrams from Thaw, which I have turned over to my attorney, Mr. Abraham H. Hummel."

The affidavit is also indorsed "Howe & Hummel, attorneys for plaintiff."

When Mr. Delmas began the introduction of testimony in rebuttal he introduced first of all the record in the trial and conviction of Hummel on the charge of conspiracy.

CITY OF TRUJILLO CAPTURED.

Nicaraguans Take Honduran Port—Salvador Openly Helping Bonilla.

Managua, Nicaragua, March 19.—The port of Trujillo, Honduras, has been captured by the Nicaraguan naval forces. The Hondurans left behind them a piece of artillery, a number of rifles and a quantity of ammunition.

Panama, March 19.—According to reliable information received here from Salvador, that country has allied itself openly with Honduras in the war with Nicaragua. On March 10 2,500 Salvadorean soldiers landed at Amapala and proceeded the next morning in the direction of Choluteca. This body of men came from San Miguel, in Honduras, and is under the command of Gen. Jose Dolores Presa.

DIEKEMA FOR CONGRESS

Some Reasons Why He Should be Nominated at Primary April 1st.

Gerrit J. Diekema appears to be pulling ahead in the congressional race in (the 5th) district. Says the Portland Observer. He has a large following, which is increasing every day, in Kent county. The strongest republicans of the district are for him. Mr. Diekema made no mistake in Ionia county in placing his campaign in the hands of county clerk Harry J. Hallbrook and his friends.

Mr. Diekema is a gentleman of considerable experience in political life both at home and at Washington, and if experience counts for anything in congress no man in the district is better fitted to represent the people.

In appearance and characteristics Mr. Diekema resembles Theodore Roosevelt. He has the same enthusiastic and hearty greeting and the same quick and decisive action. He is quick to discover the real situation of public affairs and has always had the reputation of standing by his friends. His success shows that he understands men and is quick to discover their merits.

Election Amendments.

The constitutional amendments to be voted on at the coming spring election are of sufficient importance to receive the attention of every voter. One of these involves the right of the state to give such employment to its convicts in state prisons as may best meet state interests. There are, perhaps, two points of view touching this amendment, and both views should be given thought before election day. The other amendments to be submitted are not of state-wide importance. One of these is intended to give to the counties of Jackson, Ingham and Isabella the power to increase the salaries of their circuit judges, at county expense, and the third provides for a board of auditors for Bay county.

Ionia for Diekema.

The withdrawal of William Aldrich Tatum leaves the field in Ionia practically solid for Diekema for congress, and, as a matter of fact Republicans generally have fallen in line for the Ottawa man. Harry Holbrook, who has the Diekema campaign work in hand, says:

"First, Mr. Diekema is a man of good character and strict integrity, and his experience superbly equips him to care for the interest of the district. He is not handicapped by promises or political debt to be paid out of the patronage of the office.

"Second, the city of Grand Rapids ought not to have both United States senator and congressman.

"Third, Mr. Diekema has been a lifelong worker in the Republican party and as chairman of the state central committee has demonstrated his ability to harmonize party strife, and those who have worked with him on the committee know that if he is congressman from the Fifth district of Michigan all classes will be represented and get a square deal."

The work in Mr. Diekema's behalf is being carried on systematically in nearly every township, and Mr. Diekema is expected to spend some time in Ionia during the next week.

VERY IMPORTANT.

In the interest of the candidacy of G. J. Diekema for the nomination of representative in Congress from the fifth district, it is eminently proper that the republican voters should be fully informed as to the legal requirements in connection with the new system of primary nominations and the enrollment connected therewith.

We say, "The Republican Voter," not because this is written from the standpoint of the partisan, but because the republican party is at present the only political organization which has voluntarily placed itself within the provisions of the new primary law. The democrats, prohibitionists and all other political organizations, not having availed themselves of the new system, retain the old caucus and convention plan.

The primary election, for the nomination of a republican candidate for congressman, which takes the place of the former congressional convention, will be held in every township, and ward and voting precinct in the fifth congressional district on Monday, April 1, on the same day and at the same place of the annual town meeting. At this primary election every republican voter who had his name enrolled in April last, is entitled to vote and in his case no new enrollment is required. But every republican who at that time neglected to have his name enrolled on the official register, cannot vote, and it stands him in hand to remember this and to see to it that before Monday, April 1, he has his name enrolled, for unless his name has been entered upon the official party register he cannot avail himself of the privilege of voting for Mr. Diekema and help to secure his nomination as the republican candidate for this Congressional district.

For the benefit of those who are not enrolled the following information is given out: On Saturday, March 30, the board of registration of each township or ward will be in session. This board will also act as a board of enrollment, and every republican voter not now enrolled should present himself in person on that day and at that place for enrollment. It cannot be done at any other time or place, or in any other manner.

It was thought at one time that this enrollment could be done by handing to the township clerk a slip of paper containing the name, age and place of residence, but the attorney general has given it as his opinion that this is not sufficient and does not meet the requirements of the primary law. The enrollment must be done in person, and cannot be done by slip, and it must be done on the Saturday before the annual election, and at no other time.

The voter should not confuse this party enrollment with registration. Registration applies to elections and to elections only. Enrollment is for the purpose of securing to each political organization an honest primary nomination. Registration alone does not entitle the voter to help make the nominations for his party; for this purpose he must also be enrolled on the official party register.

Meeting Of The Merchants' Association.

Legislative—J. S. Dykstra, W. H. Hardie, Al Hidding, Cecil Huntley, M. Notter.

Circuit Court.

The circuit court took up the trial of Josephine De Young, charged with cruelty to a child, the only criminal case on the calendar. It had not progressed far, however, when the defendant was dismissed because of a defect in the information. This knocked out the criminal calendar and the jury will be kept busy with the civil jury cases. From the start it does not appear as though the present term would be at all exciting.

Following the criminal case the first civil case to be tried will be that of Netieva Consineau vs Muskegon Traction Co.

The attorneys reported a settlement having been reached in the following cases: John Van Fassen vs Frank Charter, Gerrit Jan Klinkenberg vs Hendrik Van Dour.

The attorneys are ready for trial in the following cases: Harrison Granite Co. vs George A. Stephens, Henry Boer vs Board of supervisors of Ottawa county, the Muskegon Brewing Co. vs Joseph N. Ruch, George G. Steketee vs Fred K. Colby.

The slander suit brought by Adrian Van Patten against Tiemmen Slagh was again continued over the term and other cases that will go over the term are: Ellen J. Buswell vs James Franks, Claus Schivetscher vs David D. Erwin, Henry Kleyn vs Bos & Bolhuis, C. Ver Schure and C. H. McBride vs Ida H. Horning. The Old Colony Coal Co. vs The Holland City Gas Co., The case involving the contest of the will of Anna Beukema.

The following cases were continued to the June term of court. Edward Hinkley vs Emma Finn, et al; Reka Kuite vs Cornelius Kuite, Hannah Hanrahan vs James P. Hanrahan.

Sudden Death Of Mrs. J. Geo Van Hess.

Mrs. J. George Van Hess of Zeeland died suddenly Friday afternoon of heart failure at her home in that village at the age of 48 years, although having been indisposed with la grippe, for but a short time and on the improve her death came suddenly and severe blow to that family circle consisting of the husband, and two daughters Frances and Vera. Theirs was a family circle in the full meaning of the word and in which a break, leaves a vacancy not to be filled or forgotten.

Mrs. Van Hess has a host of relatives and friends far and near who mourn her loss.

Besides her husband and two children, she leaves two brothers and three sisters, one sister, Mrs. H. Torren, residing in Holland.

Deceased was a daughter of one of Holland's old pioneers Mr. G. Wakker, now dead, who six years ago lived on east Eighth street in one of the old land marks which has since disappeared through the advance of commercial interests.

Mr. Van Hess is well known in Holland where he is head bookkeeper of the Grand Rapids, Holland and Chicago railway and has many friends who sympathize with him in his bereavement.

The funeral was held Tuesday afternoon at 1:30 from the home in Zeeland, and at 2 o'clock from the Second Reformed church. Rev. Wm. Moerdyke officiating.

Rev. Luther is Around With a Petition.

A petition to the judge of Circuit Court is being circulated by Rev. A. T. Luther in behalf of Charles Woodruff and will be presented the court before sentence is pronounced on the prisoner.

Judge Padgham will be asked to show mercy in dealing with Mr. Woodruff, who has confessed to assaulting John Lankhorst.

The petition sets forth that Woodruff is not considered a vicious or dangerous person in the community, and that he was under the influence of another mind when he assaulted Lankhorst.

The petition, which is being signed by leading citizens, follows: "We the undersigned citizens of Ottawa county would respectfully plead for leniency in the case of Charles Woodruff, charged with assault with intent to commit murder, who will appear before your honor at the coming session of the circuit court.

"We are personally acquainted with Charles Woodruff and know him to be a person of weak mind, and at the time of the attack on John Lankhorst was unduly influenced to do the deed by an accomplice; that he has, to our knowledge, never been under arrest before, and that we do not consider him a dangerous person in the community.

"Therefore, in mercy to him and his aged parents, who are depending on him for support, we respectfully ask your honor for a lenient and merciful consideration of his case, and that if after such consideration your honor believes that the demands of justice can be satisfied by so doing, that you will grant him a parole or suspended sentence."

With any and all of these houses I give three years insurance free. Every house is now, or will be at the date specified to be, in first class condition, so that the buyer will have no expense whatever connected with it and only have the monthly payments to meet, which are no more than he would have to pay for rent.

Is this not a fair offer, why keep on paying rent?

Society Festivities at Hope.

Last Friday evening all the young mens literary societies of Hope college engaged in festivities. The Fraternal Society, the oldest literary organization in the college, entertained at Fraternal Hall the Cosmopolitan society. The two societies have been close rivals for literary honors during the last twenty years. This rivalry was often accompanied with much hard feeling. But that has all been taken away by the friendly relations that each society has assumed to the other this year. The entertaining society gave its guests a royal good time, feeling heartily as it did both the intellectual and the physical man, the intellectual with a program of rare literary merit and the physical with refreshments. Mr. Jas. T. Veneklassen, president of the Fraternal society, in his address of welcome made a distinctive hit with his slams at the peculiarities of the boys and with his earnest plea for co-operation between the two societies.

The other feast was a banquet given in Van Raalte Hall by the Telephone Society. It was in celebration of the fiftieth anniversary of the existence of the society. The young boys with their lady friends enjoyed themselves to their heart's content, never stopping in their festivities until the clock held both its hands together as though in horror at the lateness of the hour. A literary program was rendered and the remainder of the time spent in social enjoyment.

How to Prevent Wrinkles.

It is the thin, dry, poorly nourished skin that wrinkles, the skin that does not contain enough oil to keep it soft and elastic. Wrinkles are nothing but creases in the outer skin. The sub-cutaneous tissues do not get nourishment enough to keep them plump and firm, and the outer skin sags and wrinkles. Plump people rarely wrinkle because the tissues beneath the outer skin or cuticle, are plump and firm, and the outer skin is stretched smooth over the plump tissues—without a wrinkle or crease. If the tissues beneath the outer skin are firm and healthy, it is practically impossible for the skin to crease and form wrinkles.

Kosmeo Feeds The Skin Tissues

It softens the skin, making it smooth and elastic, so that it expands and contracts naturally—it cleanses the thousands of pores of all dirt and hardened sebaceous secretions—it feeds the starved sub-cutaneous tissues, and they soon become firm and plump, glowing with health—it supplies the oils necessary for keeping the skin soft.

Kosmeo is a delightful skin stimulant which beautifies the skin by giving it perfect health.

The effect of many preparations is to make the skin greasy and coarse pored. Kosmeo does not do this. Its effect is to cleanse, refine and give perfect health to the skin tissues, and as it does not contain animal or mineral oils, it never causes hair to grow on the face.

You should not expect to remove wrinkles that are the result of years of unnatural care. The application of Kosmeo, but if your skin is wrinkled, Kosmeo will supply the nourishment to the starved skin tissues, and make your skin soft, clear, elastic, plump and youthful.

Kosmeo only requires ten minutes' time a day to use. Is it not worth that much of your time to have a soft, velvety skin?

FOUR RIFLES OF COMPANY B USED

RESULT OF EXAMINING SHELLS
FOUND AT BROWNVILLE.
AFTER RAID.

Confession Story False—No "D. W. Gray" Was a Member of Disgraced Battalion—Branded as a Fake at San Antonio.

Washington, March 19.—Four rifles from Company B, Twenty-fifth infantry, were used in the Brownsville affair, if the ordnance department of the army can substantiate reports sent to the senate committee on military affairs Monday concerning the microscopic examinations of the 33 shells picked up in the streets of the town on the morning following the shooting.

All of the rifles in the possession of the battalion at Fort Brown on the night of August 13 were sent to the Springfield arsenal and two shots were fired from each. The shells used were then compared with those picked up at Brownville, and the officers making the tests reported that it has been demonstrated beyond dispute that four guns of Company B were used in discharging all of the 33 shells.

Galveston Story Denied.

The alleged confession of "D. W. Gray," supposed to be a member of Company B, which was printed at Galveston, Tex., was formally denied Monday in a telegram from Maj. Blocksom at San Antonio, to the war department. Maj. Blocksom said in his dispatch that he had received a telegram from the chief of police at Galveston saying that the publication was a fake.

Senator Foraker had the alleged confession put in the record with the denial which had been furnished to Chairman Warren by the war department. The Ohio senator also had recorded the fact that there was not a man named "D. W. Gray" in the discharged battalion, but that there were two men named Gray, one G. W. and the other J. H. Gray, in Company C. Both of these men were heard from denying that they had made confessions. One is in West Virginia and the other in Pennsylvania.

No members of the Twenty-fifth infantry were examined Monday, and no testimony was given which had any direct bearing on the shooting, except that of Henry Watson, a private of Company M, Twenty-sixth infantry.

Branded as a Fake.

San Antonio, Tex., March 19.—Very little new testimony was taken Monday in the Penrose court-martial. The story of Gray's alleged confession is considered here as a fake. A telegram to the department headquarters here from Lieut. Fred Van S. Chamberlain, recruiting officer at Houston and Galveston, says: "Gray story a fake. Gray has worked in Galveston seven years and has never been in the army."

YOUNG MARVIN MAY BE FOUND.
Authorities of Erie, Pa., Think They Have Kidnaped Child.

Dover, Del., March 19.—The authorities of Erie, Pa., sent for Dr. Horace Marvin Monday night and notified him by telephone that they believed they had little Horace, the missing child.

There were two exhaustive interviews over the telephone between the Erie authorities and Dr. Harvey Marvin, who was in Dover awaiting messages and telephone calls for his father. Neither the Marvins nor the detectives would divulge any of the conversations. The boy, it has been learned, has been shadowed from Canada down through Port Huron and finally to Erie.

The state legislature passed a resolution Monday asking that "President Roosevelt be requested to issue an order instructing postmasters in various parts of the country, who may receive notices intended to aid in the recovery of Horace Marvin, to hang such notices in their respective post offices and to see that such notices are not torn or destroyed."

Confesses to Columbus Murder.
Columbus, O., March 18.—Herbert Davison, aged 19, Sunday confessed to the murder of Effie Mason, who was strangled to death in her room last February. Davison was arrested when he went into a pawnshop to redeem a watch that had been identified as belonging to the murdered woman. In his confession he said he had quarreled with the woman because she refused to return some money he had given her.

Count Lamsdorf Nearly Dead.
Genoa, March 18.—Reports received from San Remo are to the effect that the condition of Count Lamsdorf, former Russian minister of foreign affairs, is worse and that he is being kept alive by stimulants. His family has been telegraphed for and will leave immediately for San Remo.

Turkish Pasha Murdered.
Constantinople, March 18.—A telegram received here from Trebizond, Asiatic Turkey, says that Hamdi Pasha, commanding the local troops, while leaving the mosque Sunday was assassinated by a non-commissioned officer who had been punished shortly before.

Aged 84, Man Hange Himself.
Chippewa Falls, Wis., March 18.—John Hunt, aged 84, committed suicide by hanging himself with a strap in a clump of trees.

VARICOCELE CURED

NO NAMES USED WITHOUT WRITTEN CONSENT.
Confined to His Home for Weeks.

"Heavy work, severe straining and evil habits in youth brought on a double varicocele. When I worked hard the aching would become severe and I was often laid up for a week at a time. My family physician told me an operation was my only hope—but I dreaded it. I tried several specialists, but soon found out all they wanted was my money. I commenced to look upon all doctors as little better than rogues. One day my boss asked me why I was off work so much and I told him my condition. He advised me to consult Drs. Kennedy and Kergan, as he had taken treatment from them himself and knew they were square and skillful. He wrote them and got the New Method Treatment for me. My progress was somewhat slow and during the first month's treatment I was somewhat discouraged. However, I continued treatment for three months longer and was rewarded with a complete cure. I could only earn \$12 a week in a machine shop before treatment, now I am earning \$31 and never lose a day. I wish all sufferers knew of your valuable treatment."

GRIP MADE DOCTORS RICH.

British Physicians Had Harvest in the Epidemic of Influenza.

The British Medical Journal is authority for the statement that the incomes of English physicians have fallen off one-fourth since 1900, and among the causes mentioned is the abatement of the influenza epidemic, which appeared some years ago, and the mildness of recent English winters.

We are hearing much less of the influenza or grip in this country, says the Springfield Republican, and there may be those by and by who will assert that it never existed as a distinct disease except in the imagination, but those who have had it will never forget it or be persuaded to the contrary.

British medical statistics ascribe 19,000 deaths to this trouble in the one year of 1900, when the epidemic seems to have culminated. It is now pretty well established that the influenza is a periodical disease, which is supposed to originate in the filth of life in the Far East, and which moves from there around the world in increasing violence until the epidemic culminates and gradually dies out.

Triumphing Over Difficulty.

There passed away some time ago an actress who had been so unfortunate in her marital experiences as to divorce several husbands, and who retained her maiden name for professional purposes. The day of her demise a sister actress waited on an undertaker, to make arrangements for the funeral.

"Well," said he, "as to the casket, I should advise one lined with white satin if the lady was unmarried. If she was married heliotrope would make a pretty lining."

The actress mused. Then she said: "I will consult her other friends," and went away. Later in the day she came again.

"Sir," she said with dignity, "we have reached a decision. We should like our dear friend's casket lined with the heaviest grade of white satin, with dashes here and there of heliotrope."

Pins in Letters.

"If people must stick pins in their letters, I wish they would cover up the points so they wouldn't push through," said a mail clerk whose hands were disfigured by tiny scratches. "I'll bet I get a hundred digs a day from pins that systematic folk use to hold their correspondence together. I never could take out, anyway, why so many letters need to be finished off with a pin."

"Of course, I understand that about half of those written by women have a postscript in the shape of samples of dress goods or newspaper clippings, which perhaps require a pin or two to hold them in place, but even that habit cannot account for the large number of letters that come through the post-office with a pin sticking out of one corner."

His Bridal Layout.

There lived a man near Franklin, N. H., who was known as the "stingy" man. He was one of those unfortunate lards of creation who had, in not a very long life, put on mourning for three departed wives. But time assuages heart wounds as well as those of the flesh, and in due time a fourth mistress was inaugurated.

As has been said, he suffered nothing to be wasted—and as the new mistress was putting things to rights while cleaning up an attic she came across a long piece of board. She was about launching it out of the window, when little Sadie interposed and cried, "Oh, don't mamma! That is the board papa lays his wives out on, and he wants to save it."

ABOUT THAT CRAPE BAND.

Mourning Symbol Out of Place on the Arms of Gentlemen.

It is astonishing how many persons, both men and women, who give every other indication of culture and refinement, are seen on the streets nowadays wearing crape bands on their coat sleeves, says the New York Herald. This form of mourning was originally a military one, the British officer's cap, with its ridiculously low crown, not admitting of a band. When he boasted a decoration the medal also was covered with crape.

From the military the sleeve band descended to the coachman and footman, and has long been the recognized servant's mourning when there was a death in the master's family. Then the costermongers adopted it because it was cheap. When one of Arry's friends dies the purchase of a black coat is out of the question, so he puts the band of crape around the sleeve of his old coat and lets it go at that.

The well-to-do New Yorker who unwittingly adopts this custom is first cousin to the parvenu who invests in a coat of arms and picks out one with a bar sinister because he thinks it looks just the thing.

Dying for a Wife.

In many of the Greek islands diving for sponges forms a considerable part of the occupation of the inhabitants. The natives make it a trade to gather these, and their income from this source is far from contemptible. In one of the islands a girl is not permitted to marry until she has brought up a certain number of sponges, and given proof of her skill by taking them from a certain depth. But in some of the islands this custom is reversed. The father of a marriageable daughter bestows her on the best diver among her suitors. He who can stay longest in the water and bring up the biggest cargo of sponges marries the maid.

MORE DEATHS IN FLOOD

SEVERAL ITALIANS SAID TO HAVE PERISHED.

Heavy Damage Has Been Sustained By the Industrial Plants at Marietta, O.

Cincinnati, March 19.—Several people are reported killed and injured by the collapse of a building in the flooded district in Front street. All are said to be Italians.

The Ohio river at nine o'clock Monday night was stationary at 62 feet. According to river men it will begin to recede Tuesday.

Marietta, O., March 19.—The receding water has revealed serious condition and yet the loss is not so great as at first indicated. The Sterling oil refinery is a complete loss, the stills, tanks and building having floated off, while the manufactured product was destroyed, causing a loss of \$50,000. The National refinery suffered heavily. It will be several days before railroads are able to run trains regularly. One hundred houses and innumerable barns have been swept from their foundations. The greatest trouble now is the shortage of fuel gas in the flooded districts. The loss in Washington county may reach \$1,000,000 according to careful estimates here.

The National Table works suffered a heavy loss. The doors of the plant were left open and finished product and cut stock floated off. The Stevens Organ & Piano company lost 50 pianos and much material. Fairweather hall of Marietta college, opened by Mrs. Alice Roosevelt-Longworth last October, was flooded.

MORE GRAFT IN FRISCO.

Grand Jury Believed to Have Uncovered Vast Corruption.

San Francisco, March 19.—The action of the grand jury in bringing before it Monday the members of the board of supervisors aroused the greatest interest. The Bulletin published an "extra" declaring that further exposures of municipal corruption had been made and that many indictments would soon be made.

The Bulletin says that a plot involving the granting of valuable street railway privileges were laid bare. It is charged that the sum of \$450,000 was paid to high officials to permit of the conversion of street railway systems into electric lines and that the bulk of this money was retained by "a mysterious man," and that small sums of money were parceled out to minor officials. Another story is that rival telephone companies each paid large sums of money. Another charge is that a corporation fund of \$26,000 was raised by prize fight promoters to secure a monopoly of fight permits.

FLAG FOR NELSON BUST.

Mrs. Roosevelt Will Provide Draping for King's Gift.

Washington, March 19.—Responsive to a request made by Rev. Edward W. Matthews of London, formerly a chaplain in the British navy, Mrs. Roosevelt has promised to give a silk American flag, with which to drape a bust of Admiral Lord Nelson, presented to the naval academy by direction of King Edward.

When he came to the White House Mr. Matthews brought with him a Victory medal and testament to present to one of the president's children. The souvenirs were given to Archie. The president gave Mr. Matthews a personal message of greeting and friendship for the king.

PROTECTORATE SOON FOR CUBA IS DECREE

REPORTED THAT TEMPORARY MILITARY OCCUPATION WILL BE MADE PERMANENT.

IS ONLY SOLUTION OF THE DIFFICULTY

Move Practically Forced on United States — Predictions Based on Statement of Conditions by American Officers on Island.

Washington, March 20.—Cuba is practically doomed to lose her independence. The United States will be compelled by circumstances to declare a protectorate, probably within a year, over the island.

The American flag now, at least figuratively speaking, in the ascendancy there, will never come down.

The American military occupation undertaken simply as a temporary move to prevent revolution and secure order and stability, will be made permanent.

Such is the tenor of dispatches received here from official sources in the Pearl of the Antilles.

These remarkable predictions are based on the most intimate knowledge of conditions gained by the chief of American officers now in control of the island.

Reasons for Prophecy.

The following reasons are given for their prophecy:

That the regime of the United States in Cuba will continue for many months.

That at the municipal elections to be held probably in June the property holders will refuse to vote, and that the ignorant and vicious elements of the population will thus secure the offices.

That diplomatic representations will then be made to the United States by England, France, Germany and Spain, which countries will look to America for damages in case of destruction of their property in the island.

This situation will compel the United States to announce a protectorate over Cuba.

Conservatives in Minority.

In Cuba the conservative property-holding class is in a helpless minority.

Citizens of Great Britain have at least \$100,000,000 invested in Cuba. German citizens have about \$40,000,000 invested in sugar and tobacco, and Frenchmen have about \$10,000,000 in the same industries. Spain owns practically two-thirds of the landed interests of the island. American citizens have investments running to \$125,000,000.

It is regarded as certain, therefore, that the foreign governments named, in behalf of their citizens, will appeal to the United States to prevent the threatened calamity, accompanying that appeal with the suggestion that they will look to the United States to recoup them for such losses as they may suffer.

The United States has already too much at stake in Cuba to willingly assume such liabilities, and the establishment of a strict protectorate by the United States over the island is regarded by Cuban commercial and financial interests as the only possible solution of the difficulty.

RIPLEY BLAMES ROOSEVELT.

Says He is Responsible for Unsettled Financial Conditions.

Los Angeles, March 20.—In an interview in an afternoon paper President E. P. Ripley of the Santa Fe, who is now at Santa Barbara, is quoted as saying that President Roosevelt is responsible for the present uncertain conditions in Wall street and attributes the recent semi-panic to "brush fire which the president started."

Mr. Ripley said that because of the general anti-railroad sentiment in the country the Santa Fe was prepared to inaugurate a policy of strict conservatism in the matter of the expenditures and that many contemplated improvements in the company's property would have to await more favorable conditions. Mr. Ripley is also quoted as saying that he believes it is likely that President Harriman of the Union Pacific will retire from active railroad life within a year.

FINE AND JAIL FOR FOUR PROMINENT MEN

INFLUENTIAL NEBRASKA RANCHERS SENTENCED IN LAND FRAUD CASES.

President's Campaign for Enforcement of Public Land Laws Directed Against These Men—Trial Most Important in State's History.

Omaha, Neb., March 19.—The most important land case in Nebraska culminated Monday in the sentence of the most prominent and influential cattlemen by Judge W. H. Munger, of the United States court. Bartlett Richards and William G. Comstock were sentenced to pay a fine each of \$1,500 and serve a year in the Douglas county jail; Charles C. Jameson and Acquilla Triplett were sentenced to pay a fine of \$500 and serve eight months in the same jail.

History of the Case.

These men were indicted by the federal grand jury in May, 1906, for conspiracy to defraud the United States out of use, possession and title to public land, consisting of upward of 200,000 acres in northwestern Nebraska. The indictment was the longest on record, comprising 500 typewritten pages. The trial began in November, 1906, ended December 20 with a verdict of guilty. Motion for a new trial was made and it was heard March 15 when Judge Munger overruled it and set Monday for pronouncing the sentence. One hundred and eight witnesses were examined in the trial of these men. It was the most sensational land trial ever conducted in Nebraska, owing to the prominence and financial standing of the two principals, Richards and Comstock. It was against them primarily that the president's campaign of enforcing land laws was directed. They have been conspicuous in the politics and business of Nebraska for many years. Acquilla Triplett soon after charges were lodged against him, left for Mexico, but was finally brought to bay. All the defendants made motions for appeals which will be argued later.

Six Indicted at Albuquerque.

M., March 19.—The United States grand jury in session at Santa Fe Monday returned six indictments against persons charged with fraudulent land transactions in the coal lands of San Juan county, New Mexico. The indictments charge conspiracy to defraud the government, subornation of perjury and perjury in connection with filings on government coal-bearing lands in this territory.

Three of the big tanks are located south of the hotel, and one on Baldhead bluff north of the hotel. They will be rebuilt with concrete foundations and trestle work, and the tank on the bluff will furnish the hotel water supply, while the other three will provide for family use and fire protection. Two of the tanks have already been torn down. The supply heretofore has been obtained from drive wells in the vicinity of the light plant. This spring a big well will be sunk at a distance from the station, and it will go to a depth that will insure a supply of water uncontaminated by surface drains.

Owners of resort property and fishermen contend that if this restriction is allowed to stand that the popularity of Macatawa will lose its charms as a fishing resort. The petition is being freely signed and should be.

Political Notes.

John Y. Huizenga and John Van Zanten; both Republicans; are having "it out" who will be supervisor in Holland township. This will be decided at the caucus held in the town hall Saturday afternoon.

Five aldermen are contesting for honors in the Fifth ward. Benj. F. Dalman, one of the Republican hard workers, is making a hard run for it. Other good timber is Joe Visscher, Benj. Huismann, A. Pieters and Peter Van Kolken. A. Postma says he is not a candidate.

E. P. Stephan will be nominated unanimously for alderman in the Third ward, as will Arie Zanting for constable.

Dick Hansen expects to be the unanimous nominee for alderman in the fourth ward this evening. He will no doubt be opposed by John Koning on the Democratic ticket.

Arthur Van Duren for Justice, G. W. Kooyers for Clerk, Richard Overweg for Treasurer, G. J. Van Duren for Supervisor of the First district will be without opposition at the primaries tomorrow.

A strong sentiment prevails among the Republicans in the city to leave the head of the ticket blank this year.

Gerrit Van Zanten will not run again for alderman in the Second ward, but Arthur Drinkwater and Peter De Speider are mentioned as candidates.

Gerard Cook and C. J. Lekker are both mentioned for alderman in the First ward on the Republican ticket. Either one would make the best kind of an alderman.

The talk goes that Wm. Van Eyck has practically decided to run for clerk again on the Democratic ticket, notwithstanding statements made to the contrary.

Common Council.

The shortest session of the council this year was held last evening, lasting but one-half hour. At this session the election inspectors and the board of election commissioners were appointed as follows:

Board of election commissioners—R. H. Habermann, Geo. E. Kollen, G. J. Van Duren.

The annual settlement with the city treasurer shows a balance on hand of \$13,548.54. Although the amount is a trifle less than that of a year ago, it is considered an excellent showing, taking into consideration that during the past year nearly \$25,000 have been expended for water water and sewer districts will be laid out this year, although the water extension will be comparatively small.

Compliments for "Diek."

The Morley Journal gave this among other items in its write-up of the Austin Blair club banquet at Big Rapids last Thursday evening: "Hon. Gerrit J. Diekema of Holland, State central-chairman of the party, and the gifted gentleman who is soon to be called to the high office of representative in Congress to the Fifth district to succeed Wm. Alden Smith, was the star attraction of the evening and never did "Diek" rise to the occasion with more grace. His topic was "Patriotism and Republicanism" and most noble sentiments were those expressed so eloquently by him. He is one of the cleanest, strongest members of the dominant party in Michigan today and his influence always has wholesome effect."

Should Have the Interest Of the Party at Heart.

That the congress which recently adjourned gave to the country more legislation of value than any similar body of the past forty years, is a matter of democratic observation and democratic testimony. The accomplishments of the republicans of the fifty-ninth congress gives added reason for party pride and national confidence. Its record will assist in the election of a republican president next year to succeed President Roosevelt whether or not our present splendid executive shall be the republican nominee. The republican party will desire to win next year, and to be deserving of victory is an assurance that will inspire every member of the great organization to enthusiastic effort. And as preliminary to the election of 1908 comes the state election of 1907. This latter election comes on Monday, April first, one week from next Monday. No republican who has the interest of party and country in mind will fail to vote at the coming election.

A FABLE FROM NATURE.

A nightingale wooed, in a garden green, The loveliest rose that ever was seen, And he sang for her, with his wilding art The tremulous plaint of a wistful heart

"Dearest nightingale," said the little rose, "Such a wonderful gift you songs disclose, That I long for this world to share with me The magical charm of your melody."

The nightingale thrilled with a joyous pride, As he flew to the tree-tops far and wide— And plaintive and tender and sweet he sang, Till the whole green earth with his praises rang.

But the rose no echo nor tidings knew, And paler and frailer each day she grew; Yet, bravely she answered the jeering rain— "Nay, hush! for my love will come back again."

When the first wild joy of his song was spent, The nightingale back to the garden went. "Dear rose, I have brought you my fame," he said, "But no answer came—for the rose was dead. —Charlotte Becker, in Puck.

Open to Grave Doubt.

Richard Harding Davis was talking in New York about the life of a reporter.

"A hard life it is," said he. "It is a life that taxes all the energies. I don't care how great a genius a man might be, how resourceful, how persevering, how alert, all these qualities would be brought in play if the man turned reporter and on many a good story he would still fall down at that.

"Reporters are often snubbed. There is a stupid type of man that likes to snub them. Such a man, a bank president, once tried to snub my friend Jimmy Patterson.

"The bank had gone up through a defalcation, and Jimmy went to interview its head. But its head was crusty. He refused to be interviewed. He took Jimmy by the arm and led him toward the door.

"Young man," he said, 'I always make it a rule to mind my own business.'

"Were you doing that," said Jimmy, "when the cashier made his haul?"

Couldn't Understand It.

"When my husband was in Spain last year," said Mrs. Swellman, "he succeeded in buying in quite a lot of the king's wine."

"Well, well!" exclaimed Mrs. Nutch. "The idea of buying second-hand wine!"
