### LOCALS

Werkman Sisters will hold their big Easter opening Saturday March 27.

Mrs. Grisvold has presented the Allegan Y. M. C. A. with a fine new \$400 Pease piano.

Editor H. Uden Masman of De Grondwet "lit the fire with kerosene" last Thursday morning and in the resultant explosion was somewhat scorched about the face.

C. VerSchure, cashier of the Holland City State bank celebrate the anniversary of his thirtieth year in the banking business last Monday.

F. Lampen disposed of his muck farm at Hudsonville to Jacob Hop of Holland at a consideration of \$3,900. It seems as though the price of this rich soil has not reached the limit yet.

In excitement even sane persons do curious things. It is related that a bald headed man was accosted on the deck of the sinking Republic by a woman with streaming hair, who, in distress, wanted a comb. "I looked at her sadly," the man reports, "then I took off my hat."

The Graham & Morton liner Puritan will be equipped with the wireless telegraph apparatus this summer as will all of the principal steamers of the G. & M. line. Receiving stations will be erected at Holland, Benton Harbor and Chicago. When the equipment is complete all ships of the fleet will be in communication with the shore and with one another.

Martin J. Konold, the St. Joseph traveling man who was held up in this city by two men last summer has had his pocket book returned to him by chief of police Kamferbeek, but it is minus the money it contained. The pocketbook was found in the yards of the Klein Lumber Co. last week and had probably been thrown there by one of the men who escaped at the time. The other man, who gave his name as Riley, was captured by Mr. Konold after a hard struggle and compelled to pay a fine of \$60 for participating in the robbery.

In a letter to a member of the board of trade Congressman Dieckema states that he has succeeded in getting the Lighthouse board at Washington sufficiently in the petition of Holland citizens asking for channel bouys and lights in Black Lake to cause them to start an investigation. Such bouys and lights as are desired have been furnished at Muskegon and White Lake and it is probable that the board will see the necessity of establishing them here. The lights that have been in use here in past years have been furnished by the Graham & Morton Co. but when the ice carried away the Point Superior light this spring the boat company asked that others be provided.

### A Holland Election of "Ye Olden Days"

The township of Holland was organized and its first town meeting held on April 2nd 1849.

From the records we present the following interesting history of the event. It will be seen that the number of voters was not large enough to require as many tickets as at present. Of these "first voters" all are dead.

The first paper is a written notice to the qualified electors of the township of Holland requesting them to meet at the home of A. C. Van Raalte on the first Monday in April, at nine o'clock a. m. for the purpose of organizing said township according to law and electing township officers. This was signed by J. Manly Jr., H. G. Post and H. D. Post, legal voters of the township. At the foot of this notice is a call for a caucus "at the store of Post & Co., Sat. March 31 at one o'clock p. m."

The minutes of this first caucus are preserved. The whole number of voters in the town being ten the caucus held by nine of them made it safe for the candidates to bet on their own election. The ticket nominated at this caucus was as follows:

For supervisor, Henry D. Post.  
For township clerk, William Bronson.  
For treasurer, Hoyt G. Post.  
For school inspectors, Ira Manly, Hoyt G. Post.  
For directors of the poor, James Walker, Henry D. Post.  
For commissioners of highways, Alvin V. Benham, Henry D. Post and James Walker.  
For justice of the peace, Josiah Martin, James Walker, Asa Haynes.  
For constables, Alvin V. Benham; Benjamin Brist.  
For assessor, William Bronson.

The election was duly held at the residence of Rev. A. C. Van Raalte. The records state that the polls were opened between 9 and 10 a. m.; adjourned till 11 a. m. and opened again at eleven o'clock. Votes were deposited by H. D. Post, Asa Haynes, A. V. Benham, James Martin, Benjamin Brist, James Walker, William Z. Bronson, H. G. Post, C. D. Shenich, Ira Manly, making a total of ten votes. It is unnecessary to state that the caucus ticket was elected. The tickets were all written out, and they are still preserved in the clerk's office.

At the time of this election there were many Hollanders in the townships of Zeeland and Holland but they were not voters. Zeeland had not been organized as a township, so its people gathered together in the church and prepared a memorial to be presented to the voters at the election in Holland township. This is signed by Rev. C. Vander Meulen, and is a curiosity, as indicating the wants and condition of the people at the time. It was as follows:

"To the town meeting April 2, 1849, at the house of Mr. A. C. Van Raalte. The meeting of the people of the village of Zeeland have sent J. Rabbers and Albert Borgers with the following request:

1. We desire a magistrate at or by the village of Zeeland.
2. A poor master or director.
3. Road commissioners.
4. A road from the village of Zeeland to the settlement of Vriesland from section 19 through 20, 21 etc.
5. To finish the bridge over the Black River and bring the expense of that bridge upon the road tax.
6. That the assembly may take measures that the road from Grand Ville through the village of Zeeland to the city Holland may get finished, because there is not alone a slow process, but it seems as if there was not cared for it at all.

Confiding that these meeting shall promote all that can tend for welfare of the settlement, we bring in our request, that we can be persuaded that there will be given satisfaction to the message of the last year of the governor.

In name of the congregation.  
Zeeland, March 29, 1849.

C. V. D. Meulen

It will be noticed that Holland was then known as the "city." The eastern terminus of the great road was to be "Grand Ville,"—Grand Rapids not being nearly as important a place in those days. The "bridge question" it seems was a "chestnut" forty years old.

In addition to electing officers, the town meeting passed on the following, among other matters: "Voted—That there be the sum of 50 cents collected for each scholar. Voted—That all hogs over six months old be allowed to go at large, all horned cattle also. Voted—That the sum of two hundred dollars be raised to defray the town expenses. Voted—The sum of twenty-five dollars for the purpose of building a pound for cattle and hogs. Pound keeper, Josiah Martin. Voted—That the next town meeting will be held at the schoolhouse of Jan Rabbers."

Damage to the extent of \$300 was caused by a blaze at the home of Edwin Veneer on West 16th street Tuesday morning. But for the prompt action of both fire companies the damage would have been greater.

The woman taxpayers of Holland will be allowed to vote on the proposition of bonding the city for \$50,000 for the erection of a new city hall. This situation is brought about by a provision in the new constitution which allows women taxpayers to vote on all questions regarding the expenditure of money in which they are concerned. The women must register.

Two Muskegon lads, Charley Witham and Ben Morton, aged 16 and 19 years respectively, off on a hobo trip, stopped at Holland Friday night and were gathered into the fold by Officer Stokette. Saturday morning their parents were notified of their whereabouts Witham's father came here to get him next day but Morton's parents were loath to bother with their wandering boy and he was forced to ride the bumpers back to Muskegon.

In the High school declamation contest held in High school hall last Friday evening, Miss Frances Bosch daughter of Mr. and Mrs. Nicodemus Bosch, won first place with Robert Ingersoll's, "A Vision of War." Miss Geneva Van Patten, whose declamation was "The Minute Man," and Cecil Lowing with "A Call to Arms," tied for second place while Carl Van Raalte, who recited, "The New South" and Evelyn Keppel whose subject was "New England" tied for third. Etta Mae Atwood, the other contestant spoke on "Robes pierre." The High school Glee Club furnished the music.

Ladies attend the Easter Millinery opening of Werkman Sisters next Saturday.

Mrs. Gertrude Hunt delivered a strong address in the cause of woman suffrage Monday night in Socialist hall.

Miss Susie Bennet, for the past two years a teacher in the local schools, has announced to her fellow teachers her coming marriage to George B. Miller of Aberdeen, Washington. The wedding day has not yet been announced.

This evening the Royal Neighbors of America will initiate a large class into the mysteries of the order. After the initiation there will be a banquet in the Boston restaurant. Members of the four Grand Rapids lodges will come on a special car to assist with the work.

Miss Gladys Williams will open a dancing school here for the remainder of the spring season. Every Saturday evening an assembly will be held, the regular lesson hours will be from 2:30 to 5:30 o'clock p. m. The regular Saturday night dances given by members of the Odd Fellows will not be interfered with.

Overcome by escaping gas from a coal stove Mrs. A. B. Bosman had a narrow escape from death Saturday evening. She was sitting near a coal stove and feeling faint went to another room for a glass of water. Upon her return she collapsed, falling to the floor. Recovering consciousness she went to the outer hallway where she lost consciousness again. Upon returning home her son Bernie found his mother in this condition. A physician was called and Mrs. Bosman is still under his care although she is now out of danger.

Mrs. Susie McDuffy of Jamestown was arrested Monday on the charge of adultery with Leo Brown who was arraigned Monday on the same charge. Mrs. McDuffy appeared before Justice Hoyt, waived examination and was bound over to circuit court. Last evening she was arraigned before Judge Padgham and entered a plea of guilty. Sentence was suspended and Mrs. McDuffy was released to appear for sentence August 1. Her husband who made the complaint put up \$100 for her bail.

Roy Price and Fred Jones, two local boys who made the trip around the world with the Atlantic fleet, are home on a 20 day's furlough. At the end of their leaves of absence they will rejoin the battleship Vermont, of which crew they are members, at Boston. The two boys enlisted together, they still have a year and five months to serve Uncle Sam and both like the service first rate. They do not yet know whether they will reenlist at the expiration of their time or not.

The two local druggists Jacob Haan and James Westveld, or more properly, the druggist and his clerk, were given a little lecture before they were sentenced by Judge Padgham in circuit court at Grand Haven for violation of the liquor law. Haan was sentenced to pay a fine of \$150 or go to jail for 90 days. Westveld's dose was a fine of \$100 or 60 days in jail. Both paid their fines in preference to the jail sentence. In passing sentence upon them Judge Padgham stated plainly that he had no sympathy for their infraction of the liquor law.

### Republican Ward Caucuses

Ward caucuses were held in all the wards last evening with the following results:

First Ward—For alderman, Rokkus Cook; constable, K. Kolkman; committee men, J. B. Mulder, Jake Lokker.

Second Ward—For alderman, John Vanden Berg; constable, H. Vanden Brink; Committee men, Frank Brieve and John Schoon.

Third Ward—For alderman, Wm. Brusse; constable, Gerrit Van Haften; committee men, Henry Geertings and John Vander Sluis.

Fourth Ward—For alderman, Joe Hadden, constable, Samuel Leonard; city committee men, Dan Ten Cate and Charles Hansen.

Fifth Ward—For alderman, E. Holkeboer; constable, H. Bosch; committee men Ben Brouwer and Nick Jonker.

The Ward caucuses were well attended last evening the only real fight being put up in the fifth ward where Henry Vander Warf received 76 and E. Holkeboer received 77 votes. The building was so crowded that more than fifty voters were turned away being unable to get in. Henry Vander Warf will run on slips at the polls contending that he has not received fair treatment.

Until going to press the only candidate mentioned for the Republican ticket, and willing to accept if the nomination came unanimously is E. P. Stephan. There is no doubt of his fitness for this position and that he is entitled to this highest office within the gift of the citizens of Holland there is no doubt. As one ex alderman told the News the other day "He has made the best alderman Holland has had in twenty years." That he has been a most excellent city official every one concedes.

## New Holland

John Meeuwsen was in Grand Haven Saturday on business.

John Meeuwsen has opened a meat market at New Era and may move his family to that place in the near future. We hate to see John go as he has been a resident of this place for 28 years and has held many offices. Member of school board, highway commissioner, sidewalk and building inspector, chief of the fire department and has several times held the office of marshal of the day at our 4th of July celebrations.

Charley VanderZwaag is having his residence remodeled.

Married at the residence of the groom last week Thursday afternoon John DeVries to Miss Berdine W. O. Van Dyk. Rev. J. Wesselink performed the ceremony. The family of Gerrit Van Dyk is quarantined on account of scarlet fever.

Holland township has many candidates in this place for the different township offices. Select a good one and be done with it.

With the approach of spring Port Sheldon assumes a lively appearance. The farmers are busy repairing implements and fences.

Two enterprising farmers, the Anys Bros. and Gus Chelean have been in the south eastern part of the state where they purchased some fine registered cattle. It is a good example for other farmers to follow. Improvement of stock is certainly the right thing.

P. Zeerip is working the farm another year for H. Davis. Pete takes to farming as naturally as a duck to water. He has now on hand two broods of little pigs, that are doing finely.

T. VanWert of Holland was down Monday looking after his property here.

It looks now as though there would be considerable building at Port Sheldon Park this spring. Some of the park association have carpenters at work building cottages. It has kept teamsters quite busy the past few days drawing building material from West Olive. They have already drawn 39 loads. The material was shipped on cars from Grand Rapids to W. Olive.

A trolley line would seem to be appreciated by all concerned in this section of the country.

## In Five Minutes.

Take your Sour stomach—or may be you call it Indigestion, Dyspepsia, Gastritis or Catarrh of Stomach; it doesn't matter—take your stomach trouble right with you to your pharmacist and ask him to open a 50-cent case of Pape's Diapepsin and let you eat one 22 grain Triangle and see if within five minutes there is left any trace of your stomach misery.

The correct name for your trouble is Food Fermentation—food souring; the Digestive organs become weak, there is lack of gastric juice; your food is only half digested, and you become affected with loss of appetite, pressure and fullness after eating, vomiting, nausea, heartburn, griping in bowels, tenderness in the pit of stomach, bad taste in mouth, constipation, pain in limbs, sleeplessness, belching of gas, biliousness, sick headache, nervousness, dizziness and many other similar symptoms.

If your appetite is fickle and nothing tempts you, or you belch gas or if you feel bloated after eating or your food lies like a lump of lead on your stomach, you can make up your mind that at the bottom of all this there is but one cause—fermentation of undigested food.

Prove to yourself, after your next meal, that your stomach is as good as any; that there is nothing really wrong. Stop this fermentation and begin eating what you want without fear of discomfort or misery.

Almost instant relief is waiting you. It is merely a matter of how soon you take a little Diapepsin.

## NASAL CATARRH

Walsh Drug Co. Sells the Great Remedy that Cured Mrs. Karberg.

Here is a very simple yet wholly sincere statement of a Michigan woman who was cured by using Hyomei—the no cure no pay remedy for catarrh, asthma, hay fever, croup, coughs and colds.

"A bad case of catarrh was cured for me by the use of Hyomei. The trouble affected my head, nose and eyes, and was very annoying and disagreeable, and the cure, from the use of Hyomei was very gratifying. Hyomei has from me a strong recommend and endorsement."—Mrs. E. Karberg, 3213 Kingsley St. Ann Arbor, Mich., Nov. 16, 1908.

Thousands of just such letters are in existence, and thousands more would be but for the desire to avoid publicity.

If you have catarrh, besirr your self, and drive it out of your system. Kill the germs. You can do that easily if you use Hyomei (pronounced High-o me.)

It is a dry antiseptic and very pleasant air that, when inhaled, quickly relieves all forms of catarrhal inflammation, stops sniffling, hacking and blowing. The price for a complete outfit, including inhaler, is only \$1.00, at Walsh Drug Co.'s drug store.

## Crusty Old Gentleman.

"Some people are so queer," said the young mother with a pout. "Now, I think there is nothing that should be more appreciated than a generous child."

"What are you referring to, my dear?" asked her neighbor.

"Why, the baby. I had him in the car the other day and right in front sat a crusty old gentleman with side whiskers. Four times the baby offered him a stick of candy and each time he only frowned. When the soft candy got stuck in his side whiskers he became very fiery and told the conductor. Wasn't he rude?"

## A Remarkable Race.

The Lapps are very fond of stimulating drinks; they think nothing of drinking fifteen or twenty cups of coffee a day, while their consumption of punch is on a vast scale. It is no uncommon thing to see numbers of helplessly-drunk natives in the streets of Tromso, especially when the sale of reindeer flesh has been profitable. Yet robbery and, indeed, crime in general are practically unknown among them; the innate honesty of the people is quite extraordinary.—Wide Awake Magazine.

## Home Love Best Charity.

We have come to realize that a child needs something more than clothes and food to develop the best; it needs the love that can only be found in a home. The success of the whole depends entirely upon the success of the unit, and this can only be achieved by recognizing each unit, though it be merely a puny little child of want or crime, as an individual, with individual characteristics and an individual yearning for love.

East Saugatuck has got a post office, with W. C. Semple as postmaster and A. Frik for assistant.

It is claimed that Michigan possesses three times as much timber as any other State in the union.

#### WHAT YOU SAW 30 YEARS AGO

A new brass band was organized on Friday night last, containing nine members all of whom have played in some band before. Its name will be "Heald's Cornet Band." Mr. Frank G. Heald was elected as president and leader, and Mr. G. A. Konig, secretary and treasurer. As competition is the life of trade, so a second band in our city may create a healthy strife for excellence.

Our city marshal—Mr. John Vaupell—lost his wife on Monday last, by death. Mrs. Vaupell was a daughter of Mr. E. Kellogg, of Grand Rapids, and was a great favorite among her friends and acquaintances. The funeral ceremonies were held on Wednesday last at Hope church; Rev. J. Morgan Smith of Grand Rapids delivered the address.

From Saugatuck we learn that the work in the lumber woods is nearly completed for this season. H. B. Moor has put in about 3,000,000 feet of logs on the Rabbit river besides some on the Kalamazoo. H. Ebmeier has about 3,000,000 feet, and O. R. Johnson & Co., 4,000,000. The Brittain was expected to leave on her first trip of the season the forepart of this week. Mr. Turnbull, favorably known as captain of the Heath, will have command, with Charley Smith and Fred Minier, both formerly of the tug Minter, as engineers.

A bad accident happened to Capt. R. Schaddelee's vessel—Jones—on Monday morning. The crust of ice which had formed over Black Lake during the cold days and nights of last week, was broken up on Sunday night by a heavy blow and warmer temperature, and the ice floating against, chafing and passing the schooner, while riding to an anchor, it is presumed took the oakum out of her seams and caused her to leak so bad that she sank to the bottom. Her not lying far from the shore prevented her from sinking very deep. Her rails would be even under water if she was on an even keel but she lies on her port side and her starboard rail is out of water. It will be quite an expense for the captain to raise and repair her which

job was commenced on Thursday last.

Among the enterprising features in the village of Zeeland we notice the removal of the old church building of the True Dutch Reformed church to its new site, by Mr. J. Den Herder, in the business portion of the village, who is having it converted into a large store for general merchandise to be occupied by Mr. Moerdijk of Kalamazoo, and the other part of the building will be converted into a banking and business office for Mr. Den Herder.

#### WHAT YOU SAW 25 YEARS AGO

A distressing accident occurred in Noordeloos last Monday in which Albert the 17 year old son of Frederick Esink, lost his life. He was engaged in chopping wood with his father on the farm which they occupy and was in the act of felling a tree. The tree was nearly cut off when it fell a short way lodging on a limb of an adjoining tree splitting the bottom. He started to completely detach the tree when a sudden it fell, springing from the stump and striking the young man in the pit of the stomach. His father who was only a short distance from his son piling wood, heard a cry and immediately went to see what was the matter. He found his son face downward in the soft earth dead.

The trial of McPhillips at Grand Rapids, for the murder of Gerrit Timmer, of North Holland was concluded last Tuesday morning, the jury disagreeing. The defense was insanity, and the testimony of some of their witnesses went to show that Timmer was a disreputable character of the worst kind, and that his death, so to speak, was a blessing to the community in which he lived. The prosecution allowed all this sort of testimony to go to the jury without any rebuttal, and thereby tacitly admitting that he was all that had been said of him. It is a well known fact to all in this locality, that Gerrit Timmer was a quiet and respectable citizen, and that McPhillips should go unpunished for so foully shooting Timmer, is a matter of much regret to this entire community. It is hoped that the prosecution will open this case again and that a jury will be selected with enough intelligence to give McPhillips a term of years in state prison.

Last Wednesday and Thursday evenings the Republicans of this city held their caucuses. On Wednesday evening the electors of the

various wards met at the appointed places and nominated men for the respective ward offices. The following is the result: In the First Ward, for Alderman, E. J. Harrington; Constable, C. Odell. Second Ward, for Alderman, M. M. Clark; Constable, J. Van den Berg. Third Ward, for Alderman, John Kramer; Constable, Ed. Vaupell. Fourth Ward, for Alderman, D. L. Boyd; Constable, P. Braam. On the following evening the general caucus was called to order by Mr. I. Cappon and on motion Prof. G. J. Kollen was appointed chairman and W. H. Rogers, Secretary. The caucus then proceeded to make the nominations for the various city officers: Mayor Beach was renominated for the office of Mayor by acclamation. Mr. I. Verwey then moved that the usual order of business be suspended and that the caucus proceed to the nominations for School Inspectors which was carried. After considerable confusion and a large amount of balloting Messrs. E. J. Harrington and Rev. N. M. Steffens were declared the nominees. The balance of the ticket was made in the usual manner without any break in the proceedings except an occasional "I beg your pardon" from one of our attorneys who took up time and furnished considerable amusement for those present. The balance of the ticket as nominated is as follows: For Supervisors Geo. J. Van Duren; Clerk, Geo. H. Sipp; Treasurer, C. Steketee; Marshal, Ed. Vaupell; Justice of the Peace—full term, P. H. Mc Bride; for Justice, to fill vacancy, G. J. Van Duren. The members of the Republican City Committee were also appointed consisting of E. J. Harrington, G. J. Van Duren, M. M. Clark, F. J. Ort, J. Kramer Dr. R. B. Best, J. Cappon and L. Mulder. The delegates to the County Convention are: W. H. Beach, E. J. Harrington, J. Beukema, P. H. Mc Bride, John Pessink, W. H. Rogers and L. Mulder. The caucus then adjourned.

On Last Tuesday night the old orphan house one of the few remaining historical buildings in our city, was destroyed by fire.

During the early settlement of the colony Dominie Van Raalte appealed to his people from the pulpit to provide a home for the numerous orphans left by the death of their parents, caused by the hardships and privations of their pioneer life. His earnestness and eloquence awakened

so much enthusiasm, that many of the women took off their golden ornaments and jewelry, and gave them to aid in building the house. With the avails of these pious offerings, the orphan house was built in the woods which then surrounded it.

"Vat Blom is dat?" Our genial expressman by this name scorns the imputation that he has an eye on the city treasurership. He can't help it that his name is Blom.

The disappearance of David Cronin, late of the Independent, has given rise to all sorts of rumors and conjectures. Some of these are of an innocent nature, such as that since the advent of Dan Coughlin in this state another Cronin is mysteriously missing. Others have it that in view of his protracted spree and financial embarrassment he lacked the necessary nerve to return and face situation. Then there are those that fear he has committed suicide or has met with some fatal accident. Those in this city best acquainted with his circumstances are rather inclined to hold to the latter.

Married in this city, at the home of the groom's parents, Mr. and Mrs. Johannes Dykema, Central ave., on Thursday evening, March 23, by Rev. H. G. Birchby, Cornelius Oxner of this city and Miss Anna Cole of Zeeland. Miss Kate De Groot was bridesmaid and James Oxner, groomsmen. The home of the new couple will be at 83 E. 14th street. Cornelius Vander Veere departed this life on Sunday afternoon after a brief and apparent slight illness, in the 87th year of his life. He was one of the pioneers of '47, of the group of the Nabers, the Verks and others. The late Jacobus Schrader, whom he followed so soon in death, was also one of the party.

It is claimed that Mr. Van der Veere was the last survivor in this city of the settlers that came here in 1847, the year of the founding of Holland Colony. He was then in the prime of life and took an active part in the arduous task that devolved upon those first on the ground. In '48 we find him in charge of a receiving depot at the mouth of Black Lake.

A familiar burden in every home. The burden of a "bad back." A lame, a weak or an aching back.

Tells you of kidney ills. Doan's Kidney Pills will cure you.

Here is Holland testimony to prove it. Mrs. M. Van Houten, 287 W. Thirteenth St., Holland, Mich., says: "I was a sufferer from kidney trouble for a great many years. The pains through my back and loins and under my shoulder blades caused me untold agony and at times I could hardly bend or exert myself in any way. Whenever I caught cold it settled in my kidneys, greatly aggravating my suffering. As a further indication of kidney trouble, the kidney secretions became irregular in passage and very unnatural. I was very restless and at night was unable to obtain refreshing sleep. I finally procured a box of Doan's Kidney Pills at Doesburg's drug store and I had used them only a short time when I was cured. I gave a statement for publication telling the above facts in 1900 and am very glad to confirm it now. I have taken Doan's Kidney Pills on several occasions since and they have always brought great benefit."

## The VETO and the MAYOR

This is what the *veto* stated:  
 "City Clerk is deprecated,  
 City's honor gone to smash,  
 City's treasury perforated,  
 Council's action rash."

This is what the *mayor* stated:  
 "Books should be investigated,  
 City has a right to know;  
 But the council should have waited,  
 City's money must go slow."

This and that thing have been stated:  
 Reasons then can not be mated;  
 Something crooked must be there,  
 Veto must have been dictated,  
 Who's the man behind the chair?

Not until the truth is stated,  
 Not until the books are rated,  
 Should we let our ardor fade.  
 Our request should be abated.  
 When a thorough audits made.

## The Easter Stamps.

The stamps which are about to be issued to secure funds to assist in the battle against tuberculosis, should be used liberally by the people of Holland. There is perhaps no cause that is as deserving of public co-operation as the anti-tuberculosis fight, and the fact that a liberal donation of money and the co-operation of the people can stamp out the dread disease should serve as a spur to everyone to assist in the great work. The putting on sale of the Easter stamps affords an opportunity for every man, woman and child in Holland to contribute to the cause. Let everyone put his shoulder to the wheel and make it his personal business to see that no stamps are left over in the Holland allotment.

## License Should be Granted

The petition of local bicycle riders asking for permission to ride their wheels to and from work on the side walks when bad weather renders the roads impassable is one worthy of the attention of the license committee and deserves favorable action. The bicycle, which is relied upon by many of our citizens to take them to and from their places of business, is useless after a heavy rain has filled the streets with mud and mud puddles. The chief source of doubt concerning the advisability of allowing bicycle riders to travel on the sidewalks comes from the fact that the privilege is one liable to be abused to the menace of pedestrians, but a license tag, with a number such as is carried by automobiles giving a clue to the ownership, revocable upon proof of abuse by the owner, would do away with this danger.

The News suggests that a license be granted upon the payment of a reasonable annual fee; that rules regarding dismounting within a certain distance of pedestrians, unless the rider is permitted to come on with the pedestrian's permission, be made; that each holder of such a license be compelled to carry a light after dark and that his wheel be equipped with a bell. Any infraction of these rules should be punishable with revocation of license. Any person not holding a license found riding on walks should be turned over to the law to be severely dealt with.

The owners of bicycles who are willing to do the right thing will be willing to pay their fee and be guided by the restrictions under which the license is granted.

It seems that this local option fight had to be dragged into last night's republican caucuses, a thing uncalled for. If this is to continue the News would suggest that we change the name Republican to Prohibition. But more of that later.

Now let Congress show the president what it can do in the way of a first-class tariff law in the fewest possible words.

No matter whether he continues to be first in peace and first in war or not Washington will be first in the heart of every schoolboy as long as the anniversary of his birth is a legal holiday.

A mule is not very handsome, but neither are some men who kick all the time!

Cuba is demonstrating its capacity for self government. Pres. Gonzalez has been in office six weeks and already has an insurrection on his hands.

News has reached Holland that some local option speakers were thrown at with missiles by a bunch of West Olive hoodlums on their return from a local option meeting in that town. Although no one was hurt such cowardly work should be condemned by all decent citizens regardless of their position on the local option subject.

Staunch Republicans, holding opposite views on the liquor question, are incensed this morning that this question should have been dominant at some of the caucuses and advanced mostly by men who have seldom if ever, taken an active part in advancing the party's welfare.

Give the farmer good roads, good mail service, speedy communications with the outside world, and he will do the rest. The Government can help him, has already helped him in many ways, but the farmer has a large voice in the Government, too. He will take care of that part of the problem himself.

Does it pay to raise good apples? A local grocer offered Wm. Statler a bushel of fine oranges in exchange for a bushel of good winter apples and Will promptly declined, reminding the grocer that apples are worth more here where they are raised than are oranges which have been shipped here from California. Nice eating apples are just now retailing in the cities at from five to ten cents each, while the best of oranges can be bought at the rate of three for ten cents. Does not such well known facts suggest something to the man who has a neglected apple orchard?

## Will Try to Navigate Grand River Again

The Grand Haven boat company is building a big gasoline boat for Frank Williams and Cornelius Glosser, both of Grand Haven. The new boat will be designed especially for Grand River service and it is expected that she will be ready to go into commission about the first of May. She will be 36 feet long and ten feet beam and will draw twenty inches of water.

The craft will have a good sized cabin and will comfortably take care of about fifty passengers. It will be driven by two Hildreth gasoline engines, developing about 15 horse power and will have twin screws.

It is expected that the boat will operate on the river between Grand Haven and Lamont, making a round trip each day with ease. It will carry freight and passengers and such other river business that may come its way. The style of construction of the craft will be rather unique and the owners and builders have confidence in the success of the project.

## Proposed New Game Laws

A meeting of sportsmen from all sections of Michigan was held in Kalamazoo, Friday, Feb. 19, at which time a set of game and fish laws was drafted and since then have been sent to the legislature with the recommendation that they be adopted as laws.

These recommendations, being the desire of true-blooded sportsmen who are thoroughly conversant with Michigan's game, and know the changes that are necessary for its preservation, will no doubt be considered in no light manner by our law makers.

In brief, here are the principal recommendations made:

The open season for speckled, brown, California, rainbow and steelhead trout, grayling, landlocked salmon, shall be from May 1 to Sept. 1, instead of April 15 to Aug. 15, as now. A bill, embodying this change has passed the house and is now before the senate.

That it shall be unlawful to take or have in possession any of the above named fish, of less than seven inches in length, except from the Ausable river where the limit has been placed at eight inches.

It shall be unlawful to catch any fish, except minnows for bait, in any Michigan streams, by any means except with hook and line. This would even bar the spearing carp, suckers, mullet, etc.

Also, that the taking of more than 25 trout, grayling or landlocked salmon in one day, or having more than 50 in one's possession at one

time, shall be forbidden. At present the statute does not set a limit to the number that may be taken. It was also the desire of the convention to have the number of bass to be taken in one day reduced from 50, as now allowed, to 8, and the number one may have in possession at one time, from 150 to 25.

Further, change the closed season for black bass having them protected from Dec. 1 to June 16, inclusive, instead of from April 1 to May 20, as now. This change is deemed necessary to cover this fish's spawning period.

Next, that all non-resident fishermen, pay a license of \$2, the proceeds to go the game warden's department to be used in propagating game fish. The proposition to tax resident fishermen 50 cents for a rod license was defeated.

It was also proposed that the number of quail a hunter may have in his possession at one time be limited to 25 instead of 50. And the number of partridge or spruce hen to be taken in one day be changed from 50 to 15.

The dates of fall duck shooting were recommended to be changed to extend from Sept. 15 to Jan. 1, instead of commencing Sept. 1, as now. It was also discussed by the association, the proposition to abolish spring duck shooting, but the idea was defeated. The opponents to spring shooting will fight for its adoption, however, as they argue that it is the birds' mating season, and at that they are usually poor and unfit for food at that season.

That the law requiring deer hunters to have a license be extended to include all hunters of protected game, the fee for small game hunters to be \$1 for residents of Michigan.

Relating to deer, the association believed that they will put through a bill making it unlawful for any hunter to kill more than two deer, both of which must be bucks. This

plan has been tried in Maine and is well liked by the hunters there. The idea of this law is to not only better protect the deer from being exterminated, but also to prevent the shooting of human beings, as a hunter will not fire at every little noise in the bushes, but will know what he is shooting at before he fires.

## Seminary Notes.

The faculty has appointed B. Rottschaefer and A. Stegenga to speak at the Seminary commencement which will occur May 12. Mr. Rottschaefer will speak in the English and Mr. Stegenga in the Holland language.

Z. Roetman of the senior class has received his third promise of a call; the last comes from the Reformed church at North Blendon.

A. Muyskens leaves tomorrow for Pennsylvania Lane, Ill., and Sioux Falls, So. Dakota, at which places he will preach.

The Western Theological Seminary will next Sunday be represented as given: Z. Roetman, Austin, Ill.; G. Hankamp, North-western, Chicago; W. Rottschaefer, So. Blendon; H. Panokuk, Beechwood; M. Van der Meer, No. Blendon.

The Adelphi association spent a pleasant and profitable time Tuesday evening at the home of Rev. and Mrs. H. J. Veldman. The paper of the evening was read by M. A. Stegenga. The subject of his paper was, "The Function of the Congregational Prayermeeting."

## Hope College News.

For the first time during the entire term of forty years that Dr. Kollen has been president of the college he has been compelled to be absent at the closing of a college term. His trip East could not be put off until after the closing of the term tomorrow afternoon.

The retiring staff of the Hope College Anchor has just gotten out their last edition of the paper. The new editors will take up the work at the beginning of next term. Under the present management the debt which had been standing so long against the paper was wiped out. The staff has done exceptionally well along every line and is deserving of great credit for the excellence of their work. The new staff, unhampered by debt, should be able to continue the good work and in the new editor in chief Henry K. Pasma, the Anchor has a man who is thoroughly competent to fill the position that Peter H. Plenne has filled so well.

## A TEAM WITH A RECORD

De Pree, Guard H. Vruwink, Guard Veenker (Capt.) Forward  
 Kleinhekel, Sub. J. Vruwink, Center Laven, Forward Bronkhorst, Sub.

This year's basketball team of Hope College went through the season without losing a game. In only one contest was there the remotest possibility of defeat and that was the game against the Detroit Y's which was won by a single point. Captain Veenker showed judgment in selecting his men and succeeded in producing the best possible team from the material. Their season's record is as follows: Hope 53, Muskegon 20; Hope 57, De Paul University 14; Hope 57, Burroughs Adding Machine 22; Hope 106, Grand Rapids Y. M. C. A. 21; Hope 46, Jackson Y. M. C. A. 32; Hope 37, Detroit Y. M. C. A. 35; Hope 40, Armour Institute 24.

The senior class will present the temperance play "Under the Spell," at Coopersville tonight and at Grand Haven tomorrow night. They will stage it in Price's Auditorium next Monday evening.

Interest is increasing in the three cornered debate that is to take place on April 23, between Hope, Olivet and Alma colleges. The affirmative team which will meet Olivet college here is made up of A. Ver Hulst, V. Oggle, J. Warshuis and A. C. Va Raalte, alternate. A team composed of H. Rottschaefer, Geo. Roost, Andrew Huicamp and John Abbink, alternate, will go to Alma to uphold the negative. The debate this year will be on the question: "Resolved, that the United States Navy should be increased."

The Cosmopolitan society departed from the usual custom by having a "stag blow-out" at the last meeting this term. Two features of the program that provoked a great deal of laughter, were the faculty meeting and a mock wedding, in which Harry Amker posed as the blushing bride and John Abbink the groom. The music was furnished by the Cosmos orchestra.

The Meliphone society held their regular meeting Friday night and elected the following officers for the ensuing year: Pres., Clarence Dame; vice pres., Jacob J. Althuis; sec., H. Stegenga; serg. at arms, A. Visscher; keeper of archives, W. Scholten; marshal, A. Van Bronkhorst; inquiry committee, W. Stegenga, C. Muste, J. J. Althuis.

## Notes of Sport

Monday night the Interurbans went to Zeeland and bearded the Zeeland lions in their den. The score was 10 to 5, which together with last week's defeat should be a sufficient damper to the aspirations of the second rate Zeeland aggregation. Titus and Slabbekorn were in

the points for Zeeland and Peterson and Schouten worked together for the Interurbans. Peterson secured 16 strikeouts and allowed but half as many hits as Titus permitted. Titus secured only 11 strikeouts.

The Interurbans will meet the Ceresotas Friday evening in the Lyceum rink. This will probably be one of the best games of indoor ball of the season as the Ceresotas have been making a record since their defeat here by a narrow margin some time ago.

Despatches from Cleveland state that Neal Ball is desired for the short stop position by the Naps. Turner's arm is not getting into any kind of shape and Cleveland has offered to trade an outfielder and add a cash bonus to accomplish the transfer of Ball.

Local boxing enthusiasts had a chance to see some good boxing last night when five bouts were put on by the local athletic club. There was some fast going in all bouts, all of which went three rounds. In the windup Kid Brocton met Jim O'Connor. It was a toss-up between the two lads, neither one seemed to have a shade the better of the argument. Eddie Delosch of Grand Rapids went on with Terry Martin of Huntington, Ind. One wrestling match was also put on.

Dispatches from Macon, Ga., show that Neal Ball distinguished himself last week in a practice game with the Macon team by knocking the first ball pitched over the fence for a home run. The chances are that Neal Ball will be found holding down the short stop position when the spring practice is over.

The life saving station will open at midnight on April 1. Through the transfer of James D. Keltie to the Jackson Park crew, Hans Dykhuis will get a berth with the local crew.

### A TRAMP'S ONE CHANCE.

I am a tramp. I've always been a tramp, and I suppose I'll always be a tramp. I had a chance once to be something better, or supposed I had, but I didn't avail myself of it. The reason I didn't was because I could not. Anyway if I had succeeded in making a new start I doubt if I'd have kept up the effort. There are people fitted for statesmen, soldiers, business—professional men, sailors, roustabouts, servants and tramps. I was made for a tramp.

The chance I refer to was this: I was in my traveling carriage one day—I mean on the truck under a railway car—when I espied a paper that had been caught in a crevice. It looked like a bank bill, and its denomination appeared to be a dollar. I couldn't reach it till the train stopped, and I was afraid it would become detached before that. I was half an hour looking at it, wondering all the while how it got there. It had probably been dropped by some one, most likely at a station, had been sucked up when the train was in motion and got lodged in the crevice, the sides of which had been compressed from some cause or other to hold it.

As soon as the train came to a stop I reached for it. What was my astonishment to find that the "1" I had been looking at was followed by three naughts. I was the possessor of a thousand dollar bill. No sooner had I become conscious of my good fortune than I crumpled it in my fist and made for a field near the station at which the train had stopped. Seeing a barn, I went to it, climbed in to the mow and, reclining on the hay, thought what I should do with my find.

I spent a whole afternoon thinking. We tramps take a lot of pleasure in thinking, just as other people take pleasure in acting. The tramp to enjoy his profession should be a castle builder. The afternoon I spent conjuring up fortunes obtained with my thousand dollars was the happiest in my life. I would go to the city, buy out a little shop, be economical and industrious, enlarge my business, make money, invest it and in time become a multimillionaire.

It wouldn't do for one that all the world could see was a tramp to offer a thousand dollar bill for a railroad ticket. The agent couldn't change it if he would. So I tramped to the city. When I got there I thought the first thing for me to do would be to fix myself up. Going into a mammoth store where they sold clothing, I asked to see a suit about my size. The clerk went away and came back with a spick and span fellow—a sort of floor walker, I reckon—who hemmed and hawed and said that goods were only sold there for cash. I pulled out my bill and showed it to him, asking if he could change it. He looked at it, dumfounded and said he'd see.

What I was suffering from most about that time was a vacant stomach. I went to a restaurant and took a seat at a table. None of the waiters came near me, but presently the proprietor did and asked me if I had not got into the wrong place. What could I do—ask him if he'd give me a meal on a thousand dollar bill? Not much. I told him I had thought the place a restaurant, but was mistaken; sorry I'd intruded. And I went out.

Somehow I didn't see where I was going to begin. Besides I couldn't be an all-fired while finding out, for I had no place but the park to sleep in and not a crust to put in me. You see, I wasn't used to city life. If I tried to buy out a shop or rent one and buy a stock of goods to put in it the moment I showed my bill the gentlemanly owner would ask me to sit down while he got the change and would telephone the police. I went about trying to get someone to give me a meal, but city servants are not used to beggars, except those who beg for money, and they all shut the door in my face.

Finally when I was nearly starved I struck a little house where my ring was answered by a girl about 19 years old. That girl was either a fool or she was altogether out of place in this world. I never struck such a green hue even in the country. She took me in and gave me what she had to eat, then sat down and talked to me, looking all the while out of her sympathetic eyes at me to cheer me up. She must have known that misery loves company. She told me that she was in love with a young fellow who wasn't getting along very well and was going to lose his position. Her employer wanted \$1,000 in his business and was going to take in another clerk with that amount and make a partner of him.

"Is that all he wants?" I says, "Could you git married if your feller had \$1,000?"  
"Of course we could."  
"Well, \$1,000 isn't very much. I reckon I can spare you that in return for your meal and your kindness and confidence."  
I pulled out my bill and gave it to her, and before her eyes got down from their big focus so as to see me I'd gone out and away.  
In less than an hour I was in the country and at home, tramping, as I've always tramped, because that's the life that suits me. But I've had many a good time in a haymow thinking of the comfort my bill was to that grass-green girl—Alexander Bly.

## STRAIGHT TALK

To Practical Farmers or those who intend to become Farmers

DO YOU KNOW that the FARM must be GOOD to begin with? Do you know that the best land is the cheapest in the end? From my experience as a practical farmer, I can demonstrate the superiority of a good farm, over a poor one; the farm that will support you, and the one needing your support.

Knowing this, does it not stand to reason, that those having good farms for sale, list them with me?

This is the reason why I have so many good farms for sale, and this is why those desiring good farms should come to me. Come and be convinced.

Dear Editor:

It has been some time since I sent in my last item to the "Holland City News" from dear little West Olive and as I would like to talk with all of my good folk in Ottawa County once more I will here give them a sort of memorandum account of some of the places I have visited and events I have passed through since leaving West Olive.

We stopped in Pittsburg a few days, spent three days in Philadelphia with friends sightseeing, buying our foreign money certificates, and many little things for our trip. We had previously secured our passage tickets and embarked on the steamship "Noordland" of the American line at Philadelphia for Liverpool.

The fourth day out we had "A Storm at Sea," and hundreds of porpoises played in the waves as they rose mountains high, so also did the whales of which we saw three.

There was a nice crowd on board and plenty to eat. The salt air gives one a wonderful appetite especially if not sea sick and we were not.

At six in the morning coffee and ship biscuits were served; at eight, breakfast; at ten Bouillon and biscuit; at twelve, lunch, at four, tea and ginger snaps; at six, dinner; at nine, tea, biscuit and cheese. During a storm and when the ocean is rough, racks are strapped to the tables to keep the dishes from slipping off.

After leaving Queenstown a terrific storm came sweeping down the channel from the Irish sea and we came near meeting the fate of the late Republic for at two o'clock in the morning a steamer ran across our bow only a few feet in front of us. The fog and rain were so thick that the vessel could not be seen as it swept wildly past us. There was great excitement on our boat for some moments.

We struggled on through the storm until we came within sight of the lights of Liverpool and then the storm raged with such violence that a pilot would not venture out to pick us up and we had to turn around and put back to sea. We made the harbor next morning.

We went direct to London over the Northwestern railroad passing through the most beautiful country I have ever seen, the little farms surrounded by hedges looked like well kept gardens.

We saw the castle of Stafford, the castle of the Earl of Crewe, and many fine estates. We passed through

famous old Rugby and stopped off in London where we saw many places of historical interest, among them were the Parliament building, Buckingham palace where King Edward lives; St. Pauls Cathedral, where Queen Victoria worshiped; West Minister Abbey; the National Art Gallery; Piccadilly street and the river Thames.

From London we went to New Haven and crossed the English Channel to Dieppe, and from Dieppe we went by rail to Paris.

At Paris we had a world of experience hunting an apartment and we finally decided upon one in the Ambassadors quarters of the City. Now we feel at home, and have learned the city so well that we can go about at ease. When the weather permits we visit some of the many places of historical interest.

The weather has not been intensely cold, water not having frozen more than an inch, nor has there been more than five inches of snow at any one time. However it is almost continuously foggy, dark and wet, and the streets are covered with slush one or two inches deep. The dampness is so penetrating that one feels the cold here more than we do at home where the thermometer registers far colder. Pneumonia is very prevalent here.

We have seen the President of France and also the royalty of other countries. Among them were the King and Queen of Sweden, the King and Queen of Spain, King Edward of England, who is here now, many Princes, Princesses, Dukes, Duchesses and others. We attended the funeral of the Grand Duke Alexis of Russia who died in Paris.

On Washington's birthday we had an invitation from our American Ambassador to a reception at the Embassy. We had a delightful time there and met many noted men and women of our own country. The Embassy was beautifully decorated with the stars and stripes and with flowers; a band played our national airs. The music sounded good in a foreign country.

Mrs. E. D. Mac Neil.

One XTRAGOOD suit will survive more boy-handling than two average suits.

Dugan and Smith at the Amuse tonight.

Rokus Cook is a candidate for highway commissioner in Holland township on the Republican ticket.

Askins and O'Leary are fortunate in having Dugan and Smith on their bill for tonight. Last night they appeared before a crowded house.

Representative Diekema has learned that through changes brought about by the last election and otherwise he advances from tenth to fourth place on the important committee on judiciary of the house, which has to do among other things with anti-trust and injunction legislation. Mr. Diekema was asked whether he would seek any further preferment at the hands of Speaker Cannon in the present congress than the committee of assignments he now holds, which includes the committee on the election of president, vice president and representatives in congress.

"No," he replied, "I am satisfied. The work on the judiciary committee is ample for a member if he gives adequate attention to the measures that come before it and this I will endeavor to do."

Perhaps but a few of our skippers know the origin of the word "schooner," as applied to designate a certain sort of ship. We take the following from Webster's Dictionary: The first schooner ever constructed is said to have been built in Gloucester, Mass. about the year 1713, by a Captain, Andrew Robinson, and to have received its name from the following trivial circumstance: When the vessel went off the stocks into the water abystander cried out, "O, how she scoons!" Robinson instantly replied "A schooner let her be," and from that time vessels thus masted and rigged have gone by this name. The word schooner is popularly used in some parts of New England to denote the act of making stones skip along the surface of water.

#### Queen Esther a Success

The presentation of the dramatic cantata Queen Esther, by local talent in Carnegie hall last night met with a packed house and success that was well deserved. The stage was beautifully decorated and the characters attired in fitting costumes.

The character parts were rendered in excellent style, Miss Avis Yates making a distinct hit with the rendering of her "Zeresh" Haman's wife, James Dykema as "Haman, the king's councillor" and Martin Dykema as "Mordecai" rendered their parts well. "Queen Esther" as played by Miss Helene Keppel was especially well given, the touching scene where the queen decided to go to the king and plead for her people even at the peril of her life, touched the entire audience. The chorus work was excellent, the members showing the result of careful training and thorough preparation.

The big audience was well pleased with the excellence of the entertainment given them and there is no doubt but that the hall will be crowded again at tonight's entertainment.

#### Go Back But One Year

The ways and means committee of the council has decided to audit the books for but one year—the one just passed. This decision of the committee has met with disfavor from nearly every one who has followed the matter from Alderman Stephan's resolution asking for the audit through the steps of the mayor's veto and the passing of the resolution in a slightly modified form at the last meeting of the council, to the above decision of the committee.

The audit of the books is to be carried on by James Van Valkenburg the office manager of the Zeeland Brick Co.; it is to be begun tomorrow morning and carried on with all possible speed in order to have the work done in time to print the annual settlement five days previous to the spring election. Mr. Van Valkenburg's bid was selected from several others which were in the hands of the committee.

The ways and means committee which is composed of Aldermen Stephan, Prakken and Damstra was divided in its decision to audit for but one year. Alderman Stephan stood out strongly for a thorough and systematic audit to cover the entire period necessary to be covered. The one year audit is regarded by a number of taxpayers as only another way of saying that there shall be no audit at all and there is considerable indignation manifested on all sides that the city's money should be spent in such an apparently foolish manner. The general sentiment seems to be that some influential person or persons are trying to stave off the auditing of the city's books and the citizens feel that a thorough audit will remove the cause of such talk.

#### Not Black Hand but Brown Hand

Miss Jean Van Dam was pleasantly surprised by a group of third and fourth graders last Thursday evening in honor of her birthday anniversary. The evening was spent in games and music. Miss Van Dam furnished the music, while the children joined in with singing, different parts. When refreshments were served and the cake on the table with no one to watch it, the glimpse of a brown hand and face was seen, who snatched the plate, cake and all. Their conscience must have pricked them, for the cake was left at the gate's entrance, and both went home with a side ache. The flavor of the cake tasted delicious to them and they expect to be present at the next party that comes along. At ten o'clock the merry lads and lasses started for home, with the exception of Almond Brandt. He was afraid to go home in the dark. A most delightful time was spent. Those present were Mary Ver Hulst, Hattie K. Brower, Ada Ter Haar, Hattie E. Brower, Hattie Kuiper, Lucy Nvenhuis, Marian VanVessem, Henry Timmer, Almond Brandt and Nicholas Mast. Zeeland News.

## AFTER GRIPPE

Vinol Restored Mrs. Partridge's Health After All Other Means Had Failed. Read Her Statement

"The grippé left me in a very weakened had run-down condition—no appetite, thin, nervous and no vitality. Nothing seemed to help me until a friend brought me a bottle of Vinol, the cod liver and iron preparation. I commenced to take it and it gave me a hearty appetite, my health and strength returned until I felt like a new creature. I consider Vinol a wonderful medicine for any one who has had a severe sickness. It makes strength and vitality so fast." Mrs. G. I. Partridge, Franklin, Mass.

Vinol is a modern cod liver and iron preparation free from taste of oil and agreeable to the weakest stomach.

Vinol is recognised throughout the world as the greatest strength creator for old people, weak sickly women and children, and after a severe sickness and for chronic coughs and colds. Those who try Vinol and receive no benefit may have their money back. R. M. De Pree & Co. Druggists, Holland.

#### NO COMPROMISE WITH TRUTH.

Absolute Sincerity in All Things  
Marks Men of Standing.

Sincerity is made up of two words—sine and cere—sine, without, and cere, wax; without wax. And it means absolutely pure, transparent.

The human mind is constructed for truth telling. This is its normal condition, and under the exercise of true living and true thinking the character becomes strong and robust.

Wholeness, completeness, comes into the life from truth, from sincerity; but the moment we attempt to twist the mind into expressing deceit it becomes abnormal and works all sorts of harm to the character.

I have in mind a very brilliant writer who exchanges his talent for cash in political campaigns. He has written some of the best campaign documents for all political parties, but the lack of sincerity in his character so discounts his personality and ability that he has no standing as a man. He is recognized as a brilliant writer, but as a man totally without convictions.

There is something in the mind itself which thrives upon sincerity and which protests against all that is false, against all sham. Nothing ever quite satisfies this longing but absolute truth. The mind quickly becomes sickly and weak when forced to express what is false.—Orison Swett Marden, in Success Magazine.

#### EVIDENTLY WASN'T A LINGUIST.

Lawyer's Question Brought Truth from Puzzled Witness.

An Irish lawyer who used to have an extensive practice in the criminal courts of New York was once engaged to defend a Jew charged with setting fire to his store. He felt so confident of being able to have his client acquitted that he put him on the witness stand.

"Now, my good man," he began, "remember, you are on your oath. You stand here charged by the people of the state of New York with a terrible crime. I want you to look the jury-men in the face and tell them you are not guilty of this cowardly deed. Are you or are you not guilty of this charge of arson?"

The Jew, who had never heard the word arson used before, and thinking it was some new charge, tried to save himself. In a thoroughly frightened tone, he answered:

"No, chudge, your honor, I am not guilty of arson. All I done vos to make der fire."

#### Our Serious Young Men.

"One of the things that strikes me as so very curious about your young," remarked a visitor from Canada, "is the expression of extreme seriousness that they wear when entering or leaving a place like this," and he waved his hand, as if to take in the restaurant at one comprehensive sweep. "Since I have been sitting here probably twenty young men, nice, hearty looking lads, have passed us, and they all have worn the same expression—as if the responsibilities of running the whole world were on their shoulders. Not one of them has smiled, although they were in parties clearly out to enjoy themselves, and as for laughing, that seems unheard of. What on earth is the matter with them, do you think?"

#### Nietzsche and the Invalid.

An invalid lady who often met Nietzsche found him the gentlest, kindest and most sympathetic of men. He "implored her with tears in his eyes not to read his books." Such was his knowledge of women that he was thunderstruck to find shortly afterward that the lady at once proceeded to read them all. He was further stupefied by the discovery that, having read them, she was utterly unmoved by the philosopher's unanswerable demonstrations that feeble persons like herself had no right to live and that women were distinguished by this, that and the other objectionable attribute. It must have been a blow to him.

#### Rebellion.

"John Henry," sharply spoke Mrs. Vick-Seen, "there's a young man that comes here about five nights in the week to see Bridget, and I want you to tell him to quit coming, right off."

"Alvira," said her husband, "you've been running this house for 16 years, and I have never disputed your authority in all that time, but this is where I kick! I am going to assert my manhood! If you want to stop that big-strapping, two-fisted young man from coming here to see Bridget, by the great hornspoon, Alvira, you'll have to do it yourself!"

#### Football in Olden Times.

What would be thought to-day of a game of football in which 500 or 600 players were engaged on each side, and how would we like to be in the thick of it when teams of this number were rushing after the ball? When we remember also that few rules governed the play, and that, moreover, a proportion of the players were horsemen, the events that marked the progress of the game must have been of sufficiently stirring a character to satisfy the most greedy seeker after excitement.

#### His Opinion of It.

"Did I understand you to say," asked Miss Woodby, "that you don't go in for society—at all?"

"Quite so," replied Crabbe. "Society is simply a silly school in which every nobody is taught to try to be somebody."—Catholic Standard and Times.
