## WEST OLIVE DOES NOT WANT STATION ABANDONED

REPRESENTATIVE KOOVERS MEETS WITH COMMISSION AT LANSING ON THE MATTER

The Pere Marquette railroad is endeavoring to abandon the railroad station at West Olive, giving as their reasons that this station does not pay the road to keep an agent there, and that the district is well served otherwise. When those in the vicinity of West Olive heard of this, a petition was circulated and 165 farmers and West Olive citizens, sent in a protest, and Representative Koovers of Holland and Bert Gebben of West Olive went to Lansing and met with the Michigan Public Utilities commission, asking that the railroad be not allowed to discontinue the station, for it would be a great inconvenience, not alone to the farmers and to the citizens of West Olive, but also to the rapidly growing resort interest, that have bought heavily within a few miles of the little village on M-11.

The Pere Marquette also had representation there, and endeavored to show that the station was absolutely a dead letter and a burden of expense to the road. The commission has taken the matter under advisement and will report later.

## TEMPORARY BRIDGE DESTROYED BY ICE JAM

ONE HUNDRED AND FIFTY FEET TORN OUT IN TUESDAY'S FLOOD

Chairman of the county road commissioners, Austin Harrington, states that the temporary bridge across Grand river at Bridge street went out with the high tide and ice jam, and 150 feet of structure is destroyed and in the river.

The contractors are under contract to keep this temporary bridge built and open until they have the large concrete bridge completed.

The destroying of this bridge by high water, will put this much traveled road to Grand Rapids out of commission, and other avenues of travel will have to be taken to that city.

The bridge is partly in Ottawa county and partly in Kent, however the Ottawa county road commission has the job in charge.

It is stated that the water in Grand River is 14 feet high, and unless rain comes no damage will be done in the city proper, although the high water mark has been reached.

Just what the contractors will do to replace the bridge, Mr. Harrington was unable to say.

## RADER SAYS WE ARE LOSING HOME LIFE

SOME SCHOOLS AND SOME PULPITS TEACH INFIDELITY RATHER THAN CHRISTIANITY

Exchanges Also Find Out The Progress Made on Sewer Disposal Plant

The Exchange club luncheon at Warm Front Tavern was attended by more than fifty members and many guests were also present.

George Pelgrim, the president, called Dick Boter to the chair, and Mr. Boter in his able way presided over the deliberations. He first called upon Kenneth Hill, one of the engineers supervising the building of Holland's \$200,000 sewerage disposal plant.

Mr. Hill who is the engineer of the Pierce, Greely & Hasen Co., stated that the foundation of the plant would be completed today, but that there was some delay in getting the pumping station ready because equipment was not arriving as fast as might be desired.

Mr. Hill went into details relative to the construction of the plant, and stated that while now sewage was being disposed of through outlets into Black lake and river, these tributaries would all be gathered together in a main outlet connecting up with the plant.

Mr. Hill then gave a chemical analysis as to how a great deal of this work was done, and said that in the final there would remain a by-product that could be used as fertilizer, but it was not of high value, but it was saleable.

Mr. Boter then introduced Luke Rader, the great evangelist of Chicago. Since he happened to sit between the speakers, he stated that he felt like a small man since cleanliness on one side was next to Godliness on the other, and he was sandwiched between such potent uplifting factors.

He thereupon proceeded to introduce Mr. Rader, who started to tell of the big tabernacle that his brother Paul and he kept as headquarters for their work in the city of Chicago.

He stated Chicago needed a place of that kind, surely more so than the city of Holland, altho the real old fashioned religion had a place in the smallest hamlet as well as in the largest city.

Mr. Rader spoke in part as follows: "You may not know it, but a tide of infidelity is sweeping this country, and this infidelity has its source from some pulpits and some schools and colleges of this nation today."

"It is not the infidelity of Bob Ingersoll that hurts religion, for his preachings were easy to defeat. He attacked the church, he attacked God-fearing men, and the rank and file of the people resented this, but the germ of unbelief works insidiously through these avenues that are harder to combat."

"This is a peculiar period, in the life of mankind. It is a most marvelous period. I would sooner have lived this period in life than any other period in the history of yesterday. So many marvellous things have taken place, so many wonderful accomplishments have been attained, and all within the span of life."

"I saw the creation of the telephone, the automobile, the airplane, the radio, and no end of other wonderful and nearly unbelievable accomplishments. Even on our farms, the farmer has his electric light, the pump has been discarded for a miniature water-works of his own."

"But what does this all mean? What has the tendency been? With this new condition of things, we have lost their great individuality. We are running in crowds, our pace is too fast, we lose contact one with another. We don't rub shoulders the way we used to. We do not make lasting friendships, that brotherly love is lacking, and this is especially true in the big cities, and therefore I want to say right here that it does my heart good to see that old time spirit in the city of Holland."

"I noticed when I came to this luncheon room, that there was close contact between men, there seemed to be a feeling one for another. It seemed that you had been brothers for years, and known each other since childhood. I find that in many instances this is true. You religiously live the community spirit, I rarely find that elsewhere. In many other clubs in which I have spoken, there is plenty of slapping on the back, but they are all so 'holding out' against their fellows. 'They don't come clean.' There is nothing whole-hearted, as I find it here, but rather a stereotype association."

"I want to tell you men, that the 'I don't care' spirit is prevalent in this country today. 'I don't care' where we come from, whether we come from a monkey or some other place. 'I don't care' where we are going to. The trouble with us is we lack in close association. Our contact is not well grounded. We forget that there is more in life than money, and the things which we can feel and see."

"Character building seems to be at a standstill. We have not got time, we're going the pace, we're losing sight of mother and home. We've got to come back to the 'Rock-Ribbed' doctrine of Jesus Christ."

"We must come back to the old-fashioned religion of our fathers. We must teach our youth the ideals of religion. We must help build character for them, for that after all is the only thing that will carry us through."

"According to the present pace all that youth cares for is the

## DE WITT IS ACQUITTED IN CIRCUIT COURT

SECOND TRIAL FREES MAN FROM CHARGES INVOLVING HIM IN DEATH OF GIRL

Herman De Witt of Holland was acquitted by a jury in circuit court at Grand Haven late yesterday of negligent homicide in connection with the death, July 15, 1924, of Miss Struk, of Marne, whose parents live in Zeeland. This was De Witt's second trial. He was found guilty in the previous trial and his case was appealed to the supreme court, which ordered a new trial.

The charge against De Witt had its inception in a crash between De Witt's automobile, in which Miss Struk was riding, and the Pullman coach of a Pere Marquette passenger train that stretched across Eighth st. in Holland. (The train was not moving.)

Miss Struk's throat was cut by flying glass from the broken windshield and she died. The state introduced testimony at this and the preceding trial purporting to show that De Witt had been drinking.

The counsel for defense were Attorneys Lokker and Den Herder of Holland. Attorney Miles appeared for the people.

## ICE JAM IS BROKEN, M-11 BRIDGE IS SAVED

Danger to the bridge on M-11 over Cedar Creek has been removed, employees of the county highway department having broken up the ice jam which threatened the structure Wednesday.

The creek, the largest outlet of the Muegeon river, is high and much ice came down Tuesday. Some of it still remains caught around the bridge, but all danger has been removed.

The river is the highest now that it has been since 1924, when it appeared that the bridge would be washed out.

## HAMILTON CORRESPONDENT IS INTERESTING WITH COMICALLY DESCRIBES COLLISIONS AND NEAR COLLISIONS ON IGY HIGHWAY

The Allegan Gazette has a correspondent at Hamilton who is rather a wit and sends in news items that have a funny twist. For instance auto collisions are written as follows:

"icy conditions of the roads make automobile driving more dangerous and add daily to the number of accidents. Sunday while Lewis Pol and his family were on their way to church, his new sedan became unmanageable and drove itself through the fence at the side of the road. Fortunately none of the occupants of the car were injured but the car itself was considerably damaged. The afternoon before, while Dr. Rieger was returning to town, he overtook George Hinnen of Grand Rapids whose mind was more intent perhaps on recent greetings awaiting him at the end of his journey than on the slippery spots on the Beeline road. Mr. Hinnen suddenly found his car reversing the direction of its motion. Quick to see the impending danger, the doctor checked a speed of his car and averted collision by heading into a snow bank. A hit abashed, Hinnen protested that that was the first time he had been guilty of turning 'his back on the object of his heart's most ardent desire. Anchored at last in the haven of sweet repose Mr. Hinnen made all the necessary explanations, received the fullest satisfaction, followed by a feast with a most sympathetic reception Tuesday morning another accident of a different character occurred on the North Side. A car leisurely passing a drove of condemned cattle being driven along the street suddenly started the game of 'snay the whip' the rear end of the car striking a cow midriffs. No harm was done to either car or cow. The driver smiled, kicked up her heels and waved a farewell to the drives of the car with her bushy tail."

Dr. Dimment's English Content class was turned into a court room scene recently at Hope College. The entire class was tried for "unpreparedness" on Thursday. The extempore speeches revealed rare talent.—Anchor

## VANDER HILL SHOWS SLIGHT GAIN YESTERDAY

Gerrit Vander Hill, age 57, seriously injured driver of the death car in which Mr. and Mrs. G. H. Assink of Holland township were fatally injured last Sunday near Agnew, was reported a trifle better by hospital authorities at the Elizabeth Hatton Memorial Hospital at Grand Haven this morning. Vander Hill had rallied a trifle following a period when he was considered very low. He is suffering from concussion of the brain and other serious injuries.

The coroner's jury impaneled by Coroner Gilbert Vandewater to sit in the case, having viewed the bodies of Mr. and Mrs. Assink and seen the spot where the accident occurred, has been adjourned for two weeks.

The two Assink boys in the Grand Haven hospital, seriously injured and rendered orphans by the fatal crash, were reported about the same in the hospital. Hopes are held out for their recovery. The boys are Fred aged 12, and Elmer aged 8. Another boy, Arthur, aged 5, is in Holland. A story of the accident will be found on page two of this issue.

## LOCAL DANCERS COULDN'T SPELL OWN NAME

Allegan Gazette—Henry and Maurice Van Klink of Holland attended a dance in Douglas, Saturday, and according to their story got in with a party that had some liquor that indeed "moveth itself apace". Sheriff Lugten brought them to Allegan, and when they appeared before Justice Cook Monday, Maurice wasn't sure whether he spelled his name with an M or a W. Fine and costs reached \$15.00 each—an expensive dance, even with two days' free lodging.

## TELLS WHY HE ASKED JONES' DISMISSAL

IDENTITY WOULD FOOL ANY POLICE DEPARTMENT IT APPEARS

Prosecutor Miles States Alleged Forger Had Lamp and Tattoo Marks; Same As Man Wanted

Dewey L. Jones who has a dozen aliases, and who was discharged by Judge Cross at the request of Prosecutor Fred T. Miles presents one of the strangest cases, and supposedly of mistaken identity, that has ever come to the notice of the local police.

Shortly after Jones, Hacken, Waterson, etc., was discharged he took the boat for Milwaukee and got out of Michigan.

Relative to the case Prosecutor Miles advances the following reasons for asking the discharge of the man.

"In the case of People vs. Dewey L. Jones, or M. C. Waterson, or whatever his name is, at the close of the people's testimony, the prosecutor moved to dismiss the case, and without some explanation may be considered a retraction upon someone, but it is not. Mr. Jones has been identified in several different places by many different witnesses as being the person who forged these checks. His photograph was sent from Rock County, Wisconsin, where he had been in jail for some time for committing a forgery, and when he was brought back he admitted that forgery and his confinement in the jail."

"However, in order to prove the forgery we had to bring from the bank at Galesburg, Illinois, its cashier, Mr. Anderson, and Mr. Anderson identified the endorsement of Waterson on the back of the check given to the Hotel Kraker as being identical with many other checks that are drawn on this insurance company of Galesburg and forwarded to their bank to be cashed. He says that these checks are coming in right along and as late as February 27th of this year, while Jones was in jail here, and couldn't possibly have done it, he produced one of these checks showing the endorsement to be identical with the one given to the Kraker Hotel."

"Under the circumstances there can be no question but that in spite of the fact that the identification is almost positive and perfect and Mr. Jones has been involved in other forgeries, still in this case he is not the right man. After the testimony of Mr. Anderson had been offered and he had given a full explanation I felt it my duty to the respondent to ask that the case be dismissed against him. The purpose of trying a case is not to convict the man but to secure justice, and if a mistake has been made and discovered I feel it is our duty to correct it just as soon as possible."

"The police department of Holland are entitled to credit for their work in this case. They have labored incessantly with me to secure all the evidence possible that no mistake or error should result and they have been just as anxious as I have to secure justice and not necessarily convict."

"Under the statements made by Mr. Jones to the officers anyone would be bound to think that he was guilty. However, this must have arisen from his age and infirmity."

FRED T. MILES, Prosecuting Attorney.

## C. VAN LOPIK WINS THE LORA SMITH PRIZE

GRAND HAVEN HAS A BIG ORATORICAL EVENT, WINNER GETS SHAKESPEARE SET

The name of Clarence Van Lopik, member of the Junior class will be added to the list of winners of the Lora A. Smith declamatory prize, one of the distinctive honor awards of Grand Haven high school, in the annual contest held at the high school auditorium, the scoring of the judges gave the prize to Clarence Van Lopik, after one of the closest contests held since the award was first made by Lora A. Smith during the school year of 1912-13.

The scoring was exceedingly close, and the judges found great difficulty in determining between the contestants. The decision was made on the score sheets submitted by the three judges at the close of the contest. The judges were placed in different sections of the auditorium, each scoring according to prescribed forms furnished. The sheets were collected and scores compared by school authorities for final decision. Markings in case of each judge were exceedingly close and decision was made on an exceedingly narrow margin.

Every contestant appeared to excellent advantage. The standard of each effort was uniformly high and any one of these entered might have won the award. A survey of the judge's score cards gave second place to Walter Swier, Junior, and third place to Albert Bloomquist, a Senior class representative.

The winner has had some experience in public speaking and had an advantage of a subject which offered excellent opportunity for declamatory effort, "Haywood Trial, Plea for Defense" by Clarence Darrow. Albert Bloomquist's subject was "The Martyr President" by Beecher, and Walter Swier had "Truth and Victory" by Scallie.

The Lora A. Smith prize, a beautiful set of Shakespeare is presented to the school each year by Mrs. Lora A. Smith Stuart, of Denver, a former principal of Grand Haven high school. Originally the contest was open only to the boys of each class, but entry has more recently been opened to the high school girls, as well. Two representatives of each class must compete, and these are chosen in elimination contests in the classes.

Glenn H. Olsen, principal of the high school presided, and the auditorium was well filled by an interested audience.

## ARMORY IS READY FOR "MADE-IN-HOLLAND WEEK"

PUBLICITY COMMITTEE INVITES THE SCHOOL STUDENTS OF OTTAWA AND ALLEGAN COUNTIES

The committee having in charge the "Made-in-Holland" exhibition to be given all next week at the armory, state that everything is ready to receive exhibits from the different manufacturing firms, and some exhibitors are preparing their booths and placing their manufactured goods.

The committee in charge urges all manufacturers to get their display ready not later than Monday noon, in time for the "Made-in-Holland" exhibition Monday afternoon at 2 o'clock.

The hours for the exhibition during the entire week, will be from 2 P. M. until 10 P. M. It must be understood that the committee will stretch this night hour some if there are visitors present, however, from 2 to 10 are the official hours.

The publicity committee is hereby sending an invitation, not only to the pupils of the rural schools and the instructors of Ottawa and Allegan counties, but to the schools of Holland and the neighboring cities as well.

The exhibition is especially interesting to school pupils from an educational standpoint, and since Spring vacation falls due on the same week as "Made-in-Holland" week, the students will have ample time to spend a profitable hour at this exhibition.

Remember that there is nothing to sell at the Armory, the city of Holland simply invites the public in order to show them what is made in this city. They want to show Holland and vicinity what the artisans in these busy factories are creating. You can't even buy a ticket, at the door, for the show is free. There will be plenty of music for college class clubs, school musical organizations, bands and orchestras are going to help to make this exhibition a success.

You are welcome at the new armory, any day next week, and you will be thoroughly surprised to see what is made in at least fifty of our manufacturing establishments.

The date of the chamber of commerce banquet was first set on Friday, April 9, but the executive committee in session held yesterday made it one day earlier, setting the date for Thursday, April 8. The banquet will be held at the Masonic Temple hall and will start at 6:30 sharp.

Mr. and Mrs. Arnold Mulder were among the guests of honor when a luncheon was given by the Scribner's club of Grand Rapids. This event was held at the Women's Literary club room. The Grand Rapids Herald says as follows in part:

"Mrs. Myrtle Koon Cherryman provided the 'statue', and tables were given by Mrs. Mabel Winslow, Mrs. W. H. Allen and Miss Elizabeth Brady."

"Arnold Mulder, well-known fiction writer who lives in Holland, and Mrs. Mulder were honor guests at the luncheon and Mr. Mulder gave a short talk. Judge Harry L. Cresswell was also an honor guest, and talked for a few minutes."

"Later in the evening Mr. Mulder, Mr. A. P. Johnson and Mr. Alta Lawson Little were judged selected in a short story contest."

"The luncheon tables were placed to form a T, and were decked with baskets of spring flowers."

## BIG EXHIBIT TO OPEN HERE NEXT MONDAY

Beginning next week Monday, Holland is to have an unusual exhibition. Sometime in the chamber of commerce of this city that it would be an excellent thing to show Holland and vicinity what our manufacturing plants are doing, and what the men in shops and factories are making.

The best way to go about this thing, they felt, was to have an exhibition and to set aside a week and find a place, when and where this should be held.

A committee was appointed and named the week Made-in-Holland Week, and the armory was selected as the most suitable and available place where the manufactured products of our shops could be placed on display.

Nearly all the space has been taken up, according to the chart in possession of Henle Geerts at the Holland City State bank. This is going to be a real worth while show, and furthermore, it is going to be free to everyone. It is Holland's show and Holland invites its neighbors from the rural districts, from Zeeland, Grand Haven, Saugatuck, Douglas, Ganges in fact from anywhere, to come and see what we make in Holland.

The carpenters are already busy building booths, the decorators are making elaborate decorations and even the citizens of Holland will be surprised to see what is being made under their very noses that they do not know about. It surely will be an eye opener and the time spent in the exposition hall will not be lost time.

The manufacturers who have already taken space are: The Home Furnace company, The Holland Furnace company, The Holland Furniture Co., The Holland Magnete Products Co., The Holland Stuck Co., The Holland Ladder Co., The Holland Mould Co., The Holland Shoe Co., J. X. L. Machine company, Komforter Kotton Company, Charles P. Limbert Furniture Co., Ottawa Furniture Co., West Michigan Furniture Co., Holland Monuments Works, B. J. Osborne Novelty Co., Arctic Ice Cream Co., American Cabinet Works, Bolhaus Lumber & Manufacturing Co., Burk Engineering Co., Bush & Lane Piano Co., Bush Machine Works, De Pree Co., De Pree Laboratories Incorporated, Donnelly-Kelly Glass Co., Federal Manufacturing Co., H. J. Helms Co., Hoekstra Ice Cream Co., Holland Canning Co., Holland Chain Co., Van's Chemical company, Lakeview Vault Co., A. E. Raynsland Auning Co., Bay View Furniture Co., Mool Roofing Co., Onalting & Mool Vault Co., Brive's The Cookie King, Board of Public Work of Holland and Holland Chimney company.

The committee appointed by the chamber of commerce to handle this proposition is composed of: Peter Prins, secretary of the chamber of commerce, Frank Lieve, chairman of committee, Henle Geerts, building and boiler maker, Drew, exhibitor and their associates; B. A. Mulder, publisher.

## RESIGNS AS SECY OF REPUB. CO. COMMITTEE

MR. HATTON APPOINTS WILLIAM WILDS IN MR. ORRIS SLUITER'S PLACE

Orrie Sluiter is no longer secretary of the Republican County committee, since he will soon leave Ottawa county to take what is considered a life job, as clerk of the Federal court at Grand Rapids.

Besides being court clerk, Mr. Sluiter was also secretary of the Republican county committee, and Mr. William Hatton, the chairman, has written the following letter to members of the Ottawa County Republican committee, six of whom are living in Holland.

"Gentlemen:—Mr. Orrie Sluiter, our very efficient secretary of the county committee, has tendered his resignation, as he is leaving Grand Haven to take up his residence in Grand Rapids. As I am leaving for Europe to be gone two months, it has been impossible for me to get the executive committee together to elect a new secretary, so I have taken it upon myself to ask Mr. William Wilds, who succeeds Mr. Sluiter as clerk of the circuit court, to act as secretary until we can get together for a meeting."

Hoping this action of mine will meet with your approval, I beg to remain,

Yours faithfully,  
WILLIAM Wm. Hatton, Chairman.

## LOCAL WOMAN KILLED IN AUTO CRASH; HURLED UPON RADIATOR OF OTHER CAR

Late Sunday afternoon a terrible accident happened on M-11 between West Olive and Agnew, when a car driven by Gerrit Vander Hill, switchman of the Pere Marquette railroad, living at 117 Fairbanks avenue, ran into the car driven by William Donley, which contained his father and mother, Miss Thalen and Abe Tinnagen of Holland. The Donleys were driving toward Grand Haven while Vander Hill was driving in the direction of Holland.

### THE CAR BACK OF THE CHEVROLET

Sheriff Fred Kamferbeek today sent an S. O. S. call to the Sentinel and to all those who may know something about the accident on M-11 to get in touch with him immediately. The sheriff especially wants to get in touch with the car that was immediately following the Chevrolet which figured in the accident. There was a car just back of the Chevy going south but the number was not secured and it is not known who was in it. The sheriff is anxious to get in touch with the owners of that car to secure definite information as to exactly what took place. Anyone else who witnessed the accident is asked to get in touch with the sheriff.

### DEATH CLAIMS SECOND VICTIM IN AUTO CRASH

Henry Assink of Holland died at 2 o'clock Tuesday morning at Hatton hospital, Grand Haven, as a result of the injuries that he received in the auto wreck Sunday afternoon near West Olive. The bodies of both Mrs. Assink and Mr. Assink were taken to Holland and are now at the Dykstra funeral home. Arrangements for the funeral have been made for Thursday when brief services will be held at 1:30 at the Dykstra funeral home. The services will be private.

At 2 o'clock there will be a double funeral service at the Ninth Street Christian Reformed church, with Rev. J. De Haze, the pastor, officiating. This funeral is public and friends are invited.

Mr. Assink is survived by Mrs. Gerrit Ver Hoef, a sister, and Bert Assink, a brother, of Holland; also Mrs. Joe Klingner and Mrs. Wm. Freeman, sisters, living at Muskegon, and Hendrick and John, brothers, living at West Olive.

Mrs. Assink is survived by a sister, Mrs. G. Van Dongen, of Grand Rapids.

Gerrit Vander Hill, the driver of the car, is in a very critical condition at Hatton hospital and is expected to die.

Coroner Gilbert Vander Water has selected a coroner's jury and these men will meet at a later date awaiting further developments in the case and also the further recovery of some of the patients now in the hospital, who will be important witnesses.

The jury members are all from Grand Haven. They are A. Koolman, G. Swartz Jr., John Justema, Dick Boltous, Abram Bulthuis, and Henry Ringelberg.

The sheriff's department and the Grand Haven police are trying to locate a man giving the name of George Oort, who came to Grand Haven last week, rented a store of the Elks lodge, engaged Orrie N. Adnot to make it, and left Saturday, taking \$200 from Adnot as a bond.

While at Grand Haven he secured lumber and wall board from Peter Van Zyl and hired him and Arie Warnaar, painter and electrician, to work on the store, but did not pay either man.

The jury members are all from Grand Haven. They are A. Koolman, G. Swartz Jr., John Justema, Dick Boltous, Abram Bulthuis, and Henry Ringelberg.

The cars wrecked were a Dodge touring driven by Gerrit Vander Hill and the car driven by young Donley was a light sedan.

The Assink family live at 240 East 5th street and Mrs. Assink's maiden name was Miss Janet Hoak. She is survived by one sister, Mrs. G. Van Dongen, of Grand Rapids. Funeral arrangements will be made known later.

When seen Monday by a Sentinel reporter, Mr. Donley described the accident vividly. Going north, the Donley car was hugging its own side of the road. The Chevrolet was completely off the cement pavement and headed straight for the Donley car but did not strike it head-on. The back of the Chevrolet, according to Donley, hit the Donley car so that the Chevy was completely switched around and was upside down on the pavement.

Mrs. Henry Assink was jerked out of the Vander Hill car, hurled through the air and landed on the top of the radiator of the Donley car. She was still living when taken off her position there but death came soon after. According to Donley, she was jerked out of her shoes and overcoat, which were found later some distance from the body. One of the injured boys was found under the Donley car with only his feet sticking out from under the machine.

Joseph Doyen, Civil war veteran, 150 State street, is Holland's oldest citizen. He was 86 years old Feb. 25.

Doyen's father passed the century mark and judging from his present health the son may do the same.

Doyen was born in Belgium and came to this country when 19. He was a fisherman in the employ of a Milwaukee company for several years and worked for the C. N. & W. railroad at Escanaba for more than 25 years.

He served nearly three years in the Civil war, enlisting in Milwaukee.

Doyen is the only survivor of four children, the others having died comparatively young. Mrs. Doyen died five years ago at the age of 77, and he since has had his home with his daughter, Mrs. Doyen Rittner.

Mrs. Doyen was active until about two years ago, his eyesight began to fail.

## OTTAWA COUNTY BOY DISAPPEARS FROM HOME LEAVING SUICIDE NOTE

Howard Cryderman, Jr., 18 years old, disappeared from his home Sunday while his parents were away, leaving a note explaining his intention to commit suicide by drowning in Mud lake, about a mile south of Conkling, and about a half mile south of the Cryderman farm.

Neighbors were enlisted in a search for the youth and although the frozen lake was examined very closely, no trace was found of him, his clothing was missing.

The parents said a small satchel and some clothing was missing from their son's room and added he was probably dressed in a greyish blue mackinaw coat, a dark cap and a red and black check shirt. They could offer no explanation of his disappearance, saying he had not appeared to be despondent.

## SMASHED CAR A TOTAL WRECK

About the most flattened out wreck of an automobile ever seen in this vicinity is on exhibition in Zeeland where a Holland Interurban car ran down an automobile driven by Max Bowen of Grand Rapids at the crossing where the new metal factory is being built.

How anyone could have escaped death from such a mess is a miracle. The car driven by Conductor Cripe was also put out of commission and did not come through.

Bowen had with him another passenger, but the driver was the only one injured and he was taken to Holland hospital but was discharged within an hour.

The crossing at this point on the new highway to Grand Rapids is a dangerous one, since the new factory was erected at that corner.

And those coming from Grand Rapids will find the interurban track obscured from the east.

Bowen explained he became excited and pressed the accelerator with his foot instead of the brake pedal. He saw his mistake when it was too late.

Prosecuted by Wallace Vischer, assistant U. S. district attorney, a case before Judge Arthur J. Tuttle of Detroit, required exactly one-half hour for the empanelling of the jury, calling of witnesses, the taking of testimony, the charge to the jury, the instruction from the court, the jury's deliberation and the return of the verdict.

Also the verdict in the case is said to be for the smallest amount ever handed down in federal court.

The suit was the United States against Paul Guenther, 305 Merck avenue, Guenther's car, on May 26, 1920, struck a mail truck parked at Delaware and Hamilton avenues, Detroit. The jury rendered a verdict of \$20.27 for the government, plus interest charges of \$8.

Wallace Vischer is a former Holland man, son of Mr. and Mrs. J. W. Vischer, State street.

The Grand Rapids Herald of Sunday contained a large article on the case of the Zeeland road. Under the cut appeared the following:

"Miss Clara Yntema, Holland, will be Miss Maria Danhof's only attendant Saturday evening at her marriage to Jay Langsette Evans, Detroit. Glenn Benjamin, Detroit, will assist as best man. The wedding will take place Saturday morning at 10 o'clock in Grace Episcopal church."

Saturday afternoon Peter Prins, secretary of the chamber of commerce, mailed more than 500 ballots to 500 members of the chamber of commerce, and on these ballots the name of every member of the organization appears.

It is the largest ballot ever sent out by the chamber of commerce for the reason that last year the membership was increased from 175 to more than 500.

But on March 25 an election is held, when four new directors must be elected in the place of those officers whose terms of office expire.

All voting is done by mail, the ballots are sent by mail and are returned to the secretary in a self-addressed envelope.

The members will have their ballots Monday, and these must be voted and returned not later than 12 o'clock noon Thursday, March 25. Ballots received after that time cannot be counted according to the by-laws.

In accordance with the by-laws, the eight men chosen from the list of members, receiving the highest number of votes will be considered the nominees and their names placed on the formal election ballot.

The present board of directors consists of the following men: Fred Beuwkes, Roy B. Champion, Con De Pree, G. J. Diekema, Austin Harrington, A. H. Landwehr, E. J. Stephan, Wm. C. Vandenberg, and Henry Winter.

The term of office of the following expires: Fred Beuwkes, Austin Harrington, Evert P. Stephan and Henry Winter.

A delightful supper and program was held at the M. E. church under the auspices of the Sunshine committee. Two beautiful quilts were donated. One was presented to Mrs. Markham for the Bronson hospital of Kalamazoo, and one was presented to the chairman of the Sunshine committee, Mrs. Lawrence.

This is to be sold and the proceeds are to be used for the Sunshine fund. This committee today extended thanks to all who helped to make the event a success, to those who donated candy and baked goods, to those who provided the supper and furnished the entertainment, and to the donors of the quilts.

A miscellaneous shower was given by Mrs. Bert Mouw at her home in Muskegon for the pleasure of her sister, Miss Irene Vander Ploeg, daughter of Rev. and Mrs. Vander Ploeg whose marriage to Ralph H. Meyerling will take place in April.

## TO DEDICATE NEW STATION ON SATURDAY

Holland's new passenger depot is to be dedicated formally Saturday afternoon to the service of the traveling public. The ceremonies are scheduled for Saturday afternoon at two o'clock. Mayor N. Kammeraad and local agent E. B. Rich made the necessary arrangements and on Saturday the people of Holland will be asked to take part in the celebration.

The feature of the afternoon will be a parade. Headed by the American Legion band, it will form at the city hall and it is expected that the procession will increase in size as it goes along. In the first place the city council, the members of the various city boards and of the chamber of commerce, are requested to join the procession when it is formed at the city hall. Then as it marches along River avenue and Eighth street the merchants are asked to join it as it passes their places of business. And since the factories will not be working all the factory men are invited to join the procession. In fact every citizen of Holland is asked to march in the parade.

At the depot a short program will be held. Mayor Kammeraad has been selected by the Pere Marquette railway to be the president of the afternoon and he will introduce the speaker. The Pere Marquette will be represented by a member of the road's officers from Detroit. It has not yet been decided who will come here for that purpose. The city of Holland will be represented by G. J. Diekema and the board of directors of the chamber of commerce by H. Landwehr, that organization having been chiefly instrumental in securing the new depot for Holland.

An important fact about the celebration is that it will be written up in detail for the Pere Marquette Magazine which has a subscription list of 15,000. The story of Holland's new depot will go to all places where the Pere Marquette railway touches.

## ZEELAND SCENE OF P. M. WRECK

Late Friday afternoon fourteen freight cars piled up near the Colonial Furniture company at Zeeland and some of the cars jumped the rails into the baseball park nearby.

The wreck looked serious but was not very damaging, according to Mr. Rich. No one was hurt and a wrecking crew has already cleaned things up and trains are not being delayed.

The train was going from Grand Rapids to Chicago and when it reached Zeeland one of the drawbars on a freight car was let down and cars began to pile up at the roadside.

While seated at the dinner table at his home on a farm near Overisel, Edward Ruscher, aged 59 years, suddenly sagged over in his chair and died before members of the family could reach him. He had apparently been perfectly well all day. During the forenoon he attended church service in Overisel and he was in his usual good spirits. Heart failure is supposed to have been the cause of his sudden death.

Mr. Ruscher is survived by his wife, two daughters and one son. The son is Edward Ruscher, insurance agent in Holland. He is also survived by two brothers and one sister. Ruscher's home used to be in Fillmore, but some years ago he went to live on a farm near Overisel.

Grand Rapids Herald—Three youths will face charges of larceny of an automobile as a result of their arrest early Sunday morning, in possession of a machine reported stolen from Frederick C. Oltman, 457 Paris avenue S. E. They gave their names as Sam Gotham, 17, of Saugatuck; Lloyd C. Seabright, 18, of Holland; and Claude Seabright, 20, of 1245 Phillips ave. S. W.

The trio was arrested by Officer Edward Lermone at Broadway avenue, and Third st., N. W., who observed the license number of the machine which was reported stolen Saturday night from Campau and Pearl st., where it was parked.

Mrs. Lizzie Massa, aged 82 years, died Sunday evening at the home of her son, John Frego, 18 West 12th street. She is survived by four sons, one daughter, ten grandchildren, and 12 great-grandchildren.

The funeral was held Wednesday afternoon at two o'clock at the Dykstra chapel, Rev. Wm. Schumacher, pastor of the Lutheran Evangelical church, officiating.

Members of the Grand Haven Izak Walton chapter celebrated St. Patrick's day by planting trout fry in nearby creeks and streams. A consignment of 28 cans of trout were received by the Grand Haven chapter for planting, and were immediately planted in the streams by Grand Haven enthusiasts.

Those in the party were: Dr. Edward Hofma, Dr. W. J. Presley, Rev. James J. DeKraaker, Frank B. Salsbury, deputy state conservation warden, and two men from the Michigan state hatcheries. Creeks in which the baby trout were planted are Little Bear, Bliz, Knight's Little Pigeon and Maierhauser's.

The Saugatuck Fruit Exchange will limit its 1926 apple pack to fifty varieties, as a result of action taken at the meeting of stockholders. This eliminates some fifty varieties which are grown in less quantities in that section. The Fennville exchange recently took similar action. Limiting the number of varieties handled is expected to add to the standing of the Saugatuck exchange with the fruit trade. Under the management of J. W. Prentice the exchange has established a good reputation for its apple pack in leading markets.

## AL DE WEERD TAKES 60 FARMERS TO DETROIT

A special car left Holland on Tuesday morning in charge of Al De Weerd, manager of the Ford Auto Co., and had on board sixty tillers of the soil, who went to River Rouge to the large Ford plant where Fordson tractors are made. The farmers are to be the guests of Henry Ford and all their expenses are paid for the entire trip.

There is a program of going through the factory to see how the tractors are made, a demonstration of these tractors, a moving picture study of farming, and a banquet.

While sixty farmers went from here 500 more went from Muskegon, Ottawa and Kent counties who joined the Holland aggregation at Grand Rapids.

## JESUS LIVED ON SCHEDULE, SAYS SPEAKER

That the life of Jesus Christ was the only life in all the world's history that was lived completely on a conscious schedule was the central thought of the address of Rev. Luke Rader at the second of the evening meetings of the evangelistic series in Carnegie hall on Tuesday evening.

Mr. Rader declared that Jesus had been from eternity and that he had known when he was going to be born, where he was going to be born and under what circumstances—all things that no other living being has ever known about himself.

Similarly, said the speaker, Jesus was conscious from the beginning of the entire schedule of his life. He knew beforehand when each event in his life would happen, and how it would happen. He knew at what moment he was to die and when the resurrection would occur. He was conscious of everything that was to happen to him and in this he differed from any other human being who has ever lived. The sermon was the second in a series on the divinity of Jesus Christ. This evening Mr. Rader will speak on the theme, "The Relation of Our Personal Body to the Kingdom of God."

Carnegie hall was crowded downstairs, every seat being occupied. There was also a considerable representation in the gallery. Rev. and Mrs. Simmons of Allendale were present and Rev. Mr. Simmons offered prayer. Rev. and Mrs. Simmons, who are said to be fine singers, will sing at the Thursday evening meeting. Special music was furnished on Tuesday night by Mrs. Luke Rader and Mr. Johnson.

The band did not play Tuesday night but it will be on hand again this evening and will play on the street. There will be other special music features this evening.

Tuesday afternoon at 3 o'clock the first afternoon meeting was held. Mr. Rader held a series of addresses on the book of Romans. This series will be continued Thursday out at the afternoon meetings.

Noon programs sent out on week days from radio station WKAR, the Michigan State college, East Lansing, have recently been expanded greatly.

Weather forecasts have been broadcast from this station at 12 noon, Eastern Time, for the past year, but in recent weeks bulletins on state highway snow conditions and a 15 minute program of farm questions and answers has been added. Livestock market reports from Detroit and Buffalo markets are also to be added to the WKAR noon programs.

Mrs. Bernice De Vries, aged 33 years, died at her home about three miles east of Holland on the Drenthe road Saturday after an illness with pneumonia. The funeral was held Tuesday afternoon at 12:30 at the home and at 1:30 at the First Reformed church at Zeeland, Rev. J. Van Peursem officiating.

The members of the Hope college orchestra have the opportunity at their last meeting to win inspiration from a noted teacher and composer who has an international reputation. Louis Victor Saar, teacher in composition in Chicago and an authority on American folk songs, gave a program at the St. Cecilia in Grand Rapids. At night he was entertained at the home of John Lloyd Kollen, whose teacher he is, and later he accompanied Mr. Kollen to the regular rehearsal of the Hope college orchestra.

The first of the series of four concerts was given last Thursday night in Winants chapel by the Boys' glee club. While the concert was well attended by students, a great many town people who love music missed a real treat by not attending. It was a very delightful program and showed that the club has real calibre.

The other three concerts will be given during the next few weeks, the plan being to hold them all before the end of April. It is expected that each of these entertainments will be as good as the first. The four are: The Boys' glee club, the Senior Girls' glee club, the Junior Girls' glee club, and the Hope college orchestra.

"22 YEARS OF LEADERSHIP AND STILL LEADING IN PRICE-DESIGN-QUALITY"

Mrs. Charles Stevens, one of the oldest and best known residents of Zeeland, who has for many years been a resident of Zeeland, passed away Tuesday evening in this city at 24 West 2nd street. She is survived by four sons. The arrangements for the funeral have not been made but will be announced later.

Mrs. Florence Prat has resumed her position at Bell's Beauty shop.

## GOSPEL MEET OPENS WITH GREAT VIGOR

The evangelistic gatherings to be held during the next two weeks under the auspices of the city mission and churches of Holland started with a great deal of vigor Monday night when the first meeting was held in Carnegie hall, an audience of about 800 being present.

Before the meeting the mission band, under the leadership of John Van Vyven, played on the streets down town and the ringing of church bells announced the meeting to the people.

The theme of Luke Rader, the speaker of the evening, was the deity of Jesus Christ and he delivered a most eloquent address on this subject. Mr. Rader will continue this theme this evening at the second meeting and also on Wednesday evening. He has never been in Holland before and he completely won his audience at his first appearance.

Holland however won him also. He declared himself as highly pleased with this city, its general spirit of respect for religion. He said he felt very much at home here and declared that he felt Holland was not merely a town, that it was a collection of people, that it was a community with genuine community spirit. He is accompanied by a noted pianist, Mr. Lathan, and an extremely effective chorister also who led the congregational singing last night.

One of the features of the meeting is the singing of Mrs. Luke Rader. She is an extremely fine soloist and she appeared several times during the program Monday night.

Holland figured prominently in the radio announcements on Sunday when announcements were made from the gospel tabernacle in Chicago that Luke and Paul Rader will come to Holland for two weeks of services. Many local radio fans were tuning in on the tabernacle station when the name "Holland" became very prominent over the air.

The announcer said that he was broadcasting the information for the many radio fans in Holland, Michigan, that Holland would be the scene of operations of the Raders for the next two weeks. He announced that Luke Rader would open the meetings on Monday evening in Carnegie Hall under the auspices of the city mission and the churches.

Luke Rader is from Atlanta, Ga., but he has been in Chicago the past winter to take the place of Paul Rader who has been on the Pacific coast holding meetings there. Paul Rader will return to the middle west on April first and he is planning to come to Holland next week.

The Calvin College Glee club will give a program in the Fourteenth Street Christian Reformed church on Thursday evening of this week. A silver collection will be taken. The proceeds are to be for the benefit of Calvin college. This glee club is very popular and a very fine concert is promised.

When You Trade Your Car—

Ford owners are continually being approached by automobile salesmen who wish to "accept" Fords as part payment on more expensive cars.

But, bear these facts in mind: The amount of the trade-in allowance you can get is not the most important thing for you to consider. The big thing is the difference you have to pay. And remember, that the higher priced car will not be so easy to dispose of when you come to trade it in.

It is logical that automobile dealers should be eager to trade with Ford owners. No other used car is so easy to sell as a used Ford—because everyone has confidence in Ford quality. And it is not expensive to recondition, since Ford replacement parts are lowest in price.

Most automobiles carry greater discounts to dealers than the Ford—another reason why other dealers may offer the Ford owner a larger trade-in allowance.

Ottawa county road commission officials stated that the state highway department had been acquainted with the condition of the surface of Savage street in Spring Lake and that it was expected that some action toward improving this street would be taken soon. The surface of Savage street being of asphalt, has broken up during the winter so that it is very rough to drive upon.

The pavement has given service for about 7 or 8 years and engineers state that this is the usual life of a pavement such as this. The old surface will have to be chipped off and new asphalt laid. This is not a very lengthy or comparatively expensive job.

The request for improvement was filed last summer and as the matter has been taken up and the road commission does this work for the state, it is expected that some action will be taken soon. The work will be paid for by both state and village.

Prosecutor Fred T. Miles Tuesday moved to dismiss the charges against Dewey L. Jones, 75 years old Wilmar, Minnesota, man who was charged with a forgery at Holland last September. Holland police arrested the man in Wilmar and brought him to Grand Haven for trial.

The trial was the first on the criminal docket of the circuit court for Ottawa county and opened Tuesday. Employees of the Hotel Kraker, where the forgery was alleged to have been committed, identified Jones and Holland officers testified. The defense produced the clerk of the Commercial Hotel at Wilmar, Harold Nicholson, who produced the hotel register to prove that Jones had been a night clerk there all during September and had been on duty every night.

Mr. O. Osterhouse, attorney for Jones, also produced L. F. Anderson, cashier of a Galesburg, Illinois, bank upon which institution the forged check was said to be drawn in the name of a fictitious insurance company located in Galesburg. The checks were signed by M. C. Waterson.

Mr. Anderson stated that the checks he continued coming in, showing that the check passer or passers were still at work. Jones was in jail at this time. The officers now believe an organized gang is at work on the forgeries, the check blanks having been cleverly printed.

The trial of Herman De Witt of Holland, charged with negligent homicide, started Tuesday following the motion to dismiss the Jones case.

The Allendale-Ottawa Cow Testing association will hold its reorganization meeting at Olive Center at 1:30 p. m. Wednesday. The boxing card put on by the William C. Leenwaut Post, American Legion, and the National Guards, at the armory Thursday night proved a winner as far as the events are concerned, but was a disappointment when it comes to a crowd.

Every event during the past two years has been well attended. In fact, at the first exhibition this year the army was crowded and there was a great demand for good seats. Thursday night not over 200 paid admission and even the ring-side seats were not all filled.

The promoters are good sports, however, and no doubt will lose because of lack of attendance. One of the main reasons for this condition was the large number of other events that took place within the last ten days. There have been basketball games nearly every night, three St. Patrick dances the night before, an automobile show and several home talent shows and a banquet or two have been keeping folks busy practically every night. The show was pulled off and those who did attend got their money's worth if they are boxing fans.

Moreover, Meyers Music House will place one of its orthophonic Victorolas in the church parlors and those who attend the style show were given an opportunity to hear the Chicago Symphony orchestra the first time it has ever consented to be reproduced on the phonograph. They also had an opportunity to hear Marion Talley, neat opera star. The trio of the Hope College orchestra, John Lloyd Kollen, Norman Vander Hart and Raymond Fieldhouse, also played. The decorations were furnished by Henry Ebelling and Lakewood Farm. Refreshments were served.

That most apparently normal persons are mentally somewhat abnormal, that is, in a slight degree insane, was the startling but interesting idea expressed by Dr. J. E. Kulzenaga Monday evening at the meeting of the Century club when he gave an interesting address on "Stunts of the Psychic." The meeting was held at the home of Dr. E. D. Dimment. Dr. Kulzenaga said that only the very stupid and stolid person might be regarded as not in some slight degree insane, so a person who wants to be known as sane must accept with it the reputation for stupidity. It is often said that genius is akin to madness.

Dr. Kulzenaga gave a large number of fascinating illustrations to show the fool things apparently normal persons will do and say. And in each case he later showed how the embarrassing "breaks" can be explained by reference to the subconscious mind. The science of the subconscious is beginning to be better understood although there are still many mysteries connected with it. Dr. Kulzenaga admitted that the much discussed and much reviled Freud has added much to our knowledge of the psychic and he made many things clear. The speaker however declared he could not agree with the emphasis that Freud places on sex in his theories in psychoanalysis.

The entire lecture was an interesting excursion into psychic phenomena and the theories that have been evolved about them. Dr. Kulzenaga gave his audience the latest theories and discoveries in this difficult field and he made the subject clear by the use of many illustrations. But at the close he pointed out that a sane and moral life and a recognition of the fact that "the old commandments stand" make for the best type of life as they have always done.

After a few games were played the meeting adjourned until Friday, March 25th.

Twenty men enrolled in the Grand Haven section of the scout leaders training course which held its first session in the Grand Haven high school building last Friday evening. Sixteen of the men were from Grand Haven and four from Coopersville.

The first session was devoted largely to organization and getting acquainted, nevertheless a great deal of scout work was covered. Three patrols were organized with Jay Dykhuys, Abe Fischer and Richard Van Hoeven as patrol leaders. E. P. Lillie acted as patrol leader of Dykhuys' patrol in his absence. O. T. Schubert served as scout patrol leader.

The second session to be held Friday evening in Grand Haven and Monday in Holland will cover the following subjects: exhibition of scout badges; "The Opportunities which Challenge us in Ottawa County," Pres. Rev. J. J. De Kraker, "A Bird's Eye View of Scouting," "Drill and Its Place in Scouting," "The Tenderfoot Requirements and How to Teach Them."

Forty men, converted for the time being into a gang of hilarious boys, attended the first session of the scout leaders training course in Holland Monday evening. It did not take the men long to catch the scouting spirit and soon they were as enthused as any gang of boys might be under similar circumstances. District scout commissioner, Frank Lieveens, serving as senior patrol leader, explained that the men would be organized into a typical scout troop and divided into patrols of eight, and that so far as possible the leadership training work would be conducted through the same methods as in a regular scout troop. Five patrols were then organized under the leadership of C. L. Beach, R. A. Howlett, V. R. Hungerford, Sears McLean and Tom Robinson. The patrols were named the Eagle, Fox, Coo-Coo, Wolf and Crow and soon the calls of these animals and birds made the meeting place sound like a game sanctuary. Each patrol was assigned a den or a nest where a large part of the session was spent in group discussion and scout practice. In an inter-patrol "cock fighting" contest George Damsen won for the Crow patrol, which made them "Kaw" louder than ever.

Instructions in patrol record keeping, patrol and troop formations and the use of games followed. Reading assignments were given out and will be read by the men between sessions. The next session will be based on these assignments.

This session was held in one of the rooms in the high school but due to the large numbers it will probably be necessary to seek larger quarters. It is expected that at least fifteen more will join before the next session.

Mr. and Mrs. James De Young and Miss Ruth Mulder motored to Grand Rapids Tuesday.

## LOCAL

The election in April will probably be the lightest ever held in Holland since the present non-partisan system has been in effect. Although no examination has been made of the records, those who have a good memory for election facts do not recall a lighter election than this year's will be.

It often happens that some special question is up for consideration at the spring election, adding to the interest and to the number of ballots. But this year there is no special issue. Since there will not be another council meeting before the coming spring election it will not be possible to put any special question up to a vote of the people unless at a special council meeting held for that purpose, which is not likely. To make it legal moreover, a special election issue, to be placed on the ballot, has to be advertised for two weeks before the election.

So the only thing to vote on will be the office of city treasurer, with Nick Spritsma and John Kärreman as the opposing candidates. The voter going into the booth can vote himself of his election duties by making a single cross, about as easy an election as local voters have ever had the chance to take part in.

Those who wish to be unusually conscientious will have an opportunity to do one thing more, however. No nomination was made at the primary for a justice of the peace and it seems to be the prevailing opinion that three justices can fully take care of the work and that a fourth is not needed. However, a blank space will be left on the ballot on which the voter can write a name if he so desires. The chances are, however, that few will avail themselves of this opportunity, and it is likely that most voters will merely decide between Mr. Spritsma and Mr. Kärreman and let it go at that.

Jacob Dykstra was taken to the hospital Thursday and his car was taken to the repair shop when a car driven by Jacob Van Beek ran into it at the corner of 12th street and River avenue. Van Beek was going west on Twelfth street and he did not stop as required by the through-street regulations. Mr. Dykstra was driving on River avenue and was depending on the through-street regulations, expecting Van Beek to stop at the crossing. Dykstra was seriously injured about the head and is still in the hospital. His car was demolished.

Van Beek was placed under arrest by an officer on the charge of not stopping at a through-street crossing. He was arraigned before Justice Van Schelven and paid a fine of \$8.70.

Dr. S. C. Nettinga, professor of church history at the Western Theological Seminary, will deliver a series of lectures, the coming summer at the University of Dubuque, Ia. The series will cover six weeks. Dr. Nettinga has been doing special postgraduate work at the School of Divinity at the University of Chicago in the field of church history, and that subject will be the general theme in his addresses at Dubuque.

Rev. Jacob T. Huizenga, who recently resigned as pastor of the First Orthodox Baptist church of Holland because he says the organization does not function according to the established rules of the Baptist church, will preach his farewell sermon next Sunday evening at 7:30 o'clock at the Woman's Literary club rooms located on corner of 10th and Central Ave.

Mr. Huizenga has under consideration several cases for pastoral services, one of which he will accept at an early date.

During their residence in this city the pastor and family have made many intimate friends who regret to have them remove from Holland.

Bids were taken Thursday morning at a meeting of the Ottawa county road commission, on proposals of work involving the construction of about four and a half miles of county road this coming season. While nothing has been definitely done regarding the acceptance of any of the bids, it was stated that the lowest bid in each instance would probably be accepted.

Six bids were presented for the construction of about three and a half miles of concrete highway on what is known as the Bridge street road. About half of this will be on one side of Grand River and half on the other. The other bids were taken on the construction of one mile of pavement near Zeeland on what is known as the Byron road.

The five bids presented on the Byron project were as follows: Wm H. Fredericks \$21,780.21; Charlesvolx Abstract & Engineering Co., \$23,225.42; H. C. Nelson, \$25,212.99; John R. Edelman, \$25,402.93 and Cline & Boelen, \$26,187.98.

For the three and one half miles of Bridge street pavement, the bids were as follows: P. W. O'Connor & Son, \$119,238.54; Charlesvolx Abstract & Engineering Co., \$123,205.38; Lyons Construction Co., \$124,637.13; John R. Edelman, \$129,262.16; H. C. Nelson, \$134,959.97 and Marsman & Tabor, \$140,654.55.

Anthony Meengs, member of the senior class of the Western Theological Seminary, has received a call from the Reformed church at Martin, Mich., in addition to the call that he recently received from the Presbyterian church at Spring Lake. The announcement was made from Spring Lake, recently that Mr. Meengs was contemplating entering the Presbyterian denomination. Dr. J. E. Kulzena, president of the assembly, denied this today, declaring that Mr. Meengs is merely considering the call from the Spring-Lake Presbyterian church in the same way as he would a call from a Reformed church. In other words, his happening to receive a call from a Presbyterian church is no indication that his preference is for that denomination.

Grand Haven Tribune.—The fishing tugs H. J. Dombos under command of Capt. Peter Faso and the C. J. Bosa, under command of Capt. Caleb Ver Duin were able to leave port Thursday morning to visit their nets out in the lake and were expected to return with a cargo of fish. Two of the small tugs were unable to batter their way through the ice at the harbor mouth and were stuck, these two being the Johanna and the Hilda.

The outlook for weather is much better with a temperature running well up toward 40 above and as high as 38. The mercury was down to 30 at one time, during Thursday morning and was 31 at the observation.

Warmer weather was also having its effect in brightening up the city and removing the annoying ruts from the city streets. The sidewalks were rapidly being cleared and city drains were in need of constant clearing to take care of the drainage.

The men's Bible class of Hope church will hold a get-together social meeting on Friday evening, March 26, at 7:45 in the church parlors. W. J. Olive, the president, announces that there will be a good program "not too long, followed by 'male refreshments' as that term is understood by the committee, Messrs. Con De Pree, John Bosman, Edward J. Westveer, N. Hofstee, and A. J. Johnson, and then a good-fellowship, informal social hour."

Grand Rapids Herald.—Macatawa Park seems to be favored by this younger set as the place for their parties. Among the first to leave will be the K. E. E. club alumnae, who will occupy Bellamy's cottage, and will leave a week from tomorrow to stay until the latter part of that week.

Members of the club who are going include: Miss Louise DeVaney, a student in Sullivan college; the Misses Laura Hewer, Verna Hewer, Frances Mohrhardt, Harriet Dean, Dorothy Chinnick, Madeline Dulso, Barbara Buys, Esther Hansen, Dorothy Ellis, Nancy Frohne, Elma Billings, Marie Vandenberg, Maxine Nye, Betty Billings, and Caroline Buys. The girls will be chaperoned by Mrs. Verne L. Hewer and Mrs. Ellsworth S. Ellis.

Lloyell Lane, son of Lucius Lane, living south of Jenison, is taking the Pasteur treatment. He was bitten by a neighbor's dog March 6. The head of the dog was sent to the University of Michigan for analysis, which showed the animal was rabid.

The Colonial Mfg. Co. of Zeeland, has just entered into a contract with G. Moeke and Sons, also of that city, for the erection of a new two-story brick addition to the west end of its plant.

Work will begin as soon as the weather permits. Unless there is considerable delay, they hope to be able to occupy the additional space in about sixty days. The new structure means a 25% increase in the size of their plant and will enable them to add about 50 more men to their force, which now numbers one hundred and fifty.

No additional lines are contemplated, but they will continue to manufacture a very high grade of living room furniture as well as their famous colonial clocks, both of which are made in solid mahogany. Every piece is so stamped and no mahogany veneer enters into their construction.

While a brand new Oakland sedan belonging to Bernie Rosendahl was parked on Central Ave. near the W. L. C. hall on Wednesday night while the owner was attending a meeting, some one took the opportunity to hit the car a whack that made it necessary to take it to the garage for repairs. The car was so new that it had not been wrecked yet and the damage was all the more noticeable for that reason. The rear left fender was smashed so that it will have to be replaced by a new one, and some other damage was done.

While the bill will be only about \$15, Mr. Rosendahl told the police that he felt the person who did the damage ought to have his insurance company pay it. Most car owners carry insurance and it is no money out of their pockets to find out whose car they have damaged. Cases of that kind are constantly coming to the attention of the police and they feel that car owners ought to assume responsibility for the damage they do, especially to cars that are parked at the curb.

Sunday morning Rev. F. J. Van Dyk, pastor of the Reformed church at Central Park, will complete a series of sermons on "The Church on the Field of History," speaking on the subject, "Neither Hot Nor Cold," a male quartet will sing "There is Hope," by H. von Berg. In the evening Mr. Van Dyk will continue the popular series, "Everyday Questions and Their Spiritual Import," the subject being "Where Do You Live?" There will be special music.

The girls employed in the office of the W. E. Dunn Mfg. Co. enjoyed a St. Patrick's party Wednesday evening at the home of Miss Anna Van Houw. The main feature of the evening was a game which let the cat out of the bag. Miss Margaret Gossweiler of Saugatuck, who has been quietly married since last October, was very much surprised to find this game one of hearty congratulations and kitchen shower that told the now Mrs. Fred Lindsay she was not the only one who could keep a secret.

Mrs. Ebert Miedema, aged 58, died Friday night at her home at 123 West 15th street. She is survived by her husband and the following children: Mrs. Peter Havenga, Mrs. Susie Leenheer, Mrs. Fred Zylman, Mrs. J. Houting, Grand Haven, Mrs. H. Windemuller, Sema Miedema, Mrs. C. Veldeer, George, Eva, Nellie and Gerrit Miedema. The funeral was held Tuesday at 1:30 at the home and at 2:00 o'clock at the Seventh Reformed church, Rev. Mr. Van Eerden officiating. Interment was at the Holland cemetery.

The illustrated pictures presented at the S. D. A. church Sunday evening by Elder Hyatt proved very interesting and it has been decided to continue the pictures Monday night and Tuesday night. Mr. Hyatt is a returned missionary from South Africa where he has been working for 27 years. His pictures have great appeal and he accompanies them with an interesting lecture. The general public is cordially invited to attend.

Commencement week at Hope college in June will be featured with many reunions of classes which have graduated in recent years. The number of Hope alumni to visit their alma mater, it is expected, will be the largest on record, owing to the celebration of Hope's sixtieth anniversary and the meeting here of the general synod of the Reformed Church in America.

The various reunions will culminate in the annual convocation dinner of Hope alumni on the eve of the close of school. Hope's living graduates are nearly 1,000 strong, nearly 400 have entered the ministry.

The Allendale-Ottawa Cow Testing association will hold its reorganization meeting at Olive Center at 1:30 Wednesday afternoon. This is the second year of the organization which is made up of dairymen in Zeeland, Olive, Holland, Blendon and Allendale townships. One of the new graduates of the dairy course at Michigan State college will be the tester for the coming year. Agricultural Agent C. P. Jilham is planning on having five active testing associations in Ottawa county this year.

Alfred Rosendahl, aged 18, died Sunday evening at his home at 107 West 14th St. He is survived by his father and two sisters, Louise and Goldie. The funeral will be held Thursday afternoon at 2 o'clock at the home, Rev. P. Van Eerden and Rev. James Wayer officiating. Interment will be in Pilgrim Home cemetery.

Mrs. Dick Van Oort, whose maiden name was Elberta Heider and who formerly was a resident of Holland, has purchased Ye Beauty Shop, operated for a number of years by Gertrude R. Deagon, and located at 17 East 8th street, second floor, over the Yonker Plumbing and Heating Shop. Mrs. Van Oort and her assistants will be ready to do all kinds of work usually done in a beauty parlor and she is asking for the continued patronage of the concern's regular customers as well as of others.

Mrs. Van Oort lived in Holland for a number of years, leaving about ten years ago. She has been located in Whitehall and Moskegon and now has come back to Holland to make her home here. She is prepared to make telephone appointments, the number being 2422.

A prominent member of the Holland Game and Fish Protective association took a trip along Black and discovered that a considerable number of fish shanties are still on the ice. He found about ten or fifteen in Pine Creek bay, about a dozen near the Macatawa end of the lake, and about eight or nine in the big bay.

"Those shanties should be taken off without delay," he declared Monday. "And this should be done for the protection of the general public. Even if the owners do not care for their shanties and are willing to let them go down, they are under obligation to remove them anyway or burn them so that the public next summer will not be inconvenienced."

Abandoned fish shanties very often drift into shallow water and become a menace to people who go casting in the summer time. At night a rowboat will often run up to a submerged shanty and the occupants are in danger of being thrown into the water. There have been some very close calls from this cause and the abandoned shanty is a real menace.

"So it is up to the fisherman who owns a shanty to take it off the ice or burn it. The ice is still perfectly safe, being over a foot thick, but the season is getting very late, and it is high time to have the shanties taken off. The best time to do this is in the morning when the ice is the most firm. But whatever time of day it is done, it should be done without any delay. Now that the sewage is no longer to go into Lake Michigan we ought not to fill that beautiful body of water with all sorts of wreckage of abandoned shanties."

Exp. March 14—No. 10719

## HOLLAND NEWSBOYS DELIVER PAPERS WITH DOG AND CART

Raymond Van Hemmert and Albert Kalkman, 12-year-old Holland newsboys, have pressed their pet dogs into service.

Raymond owns a beautiful brown Collie and Albert an Alredale. The dogs are so well trained that they will deliver the papers and return home without the need of a leash.

The dogs are hitched to sleds or carts and trot at a speed that keeps the boys running. The animals know at which houses to stop. After the route is covered the dogs wait for the boys to jump aboard and then they scamper home.

## GIRL IN 'BATHTUB OF WINE' TELLS JURY HER STORY

DOUBT STILL EXISTS, HOWEVER, AS TO JUST WHAT SHE WORE, OR DIDN'T WEAR

Joyce Hawley, the "girl-in-the-bathtub," at the recent Earl Carroll party, went before the federal grand jury in New York City to tell all about it and answer the question, was it true, as reported, that she appeared nude in the bathtub of wine—or ginger ale, as Carroll said it was.

Miss Hawley was a reticent, tremulous, pretty and unsatisfactory witness, it is understood. Just what she wore, or neglected to wear, she didn't quite remember.

The jury, according to gossip Wednesday, got a very hazy idea as to whether she bathed nude. She is reported to have told of finding tight in which she was clothed "dripping wet" when she started to put on more conventional garments later in the fateful morning.

An unusual dance will be pulled off at the Masonic temple on Friday evening, given by the same committee that has had the old fashioned dances in charge during the winter.

Henry Kraker calls it the "Spot Dance." The arrangement of the dance is rather unique. Large numbers are hung in different parts of the hall and these figure largely in the cash prizes that will be given out.

Dancing will proceed, but in the middle of the dance the music will stop and a spot light will be thrown upon one of the numbers in the hall. The couple dancing under that number flooded by the spot light will be the couple to whom the prize will be awarded.

There will be several spot dances during the evening, and the committee also wishes to announce that there will be some old fashioned dances mixed with the others during the evening.

The Holland Furnaces closed a most successful season in basketball by clinching the city championship over Hope college. In a schedule of 16 games the Furnaces won 11 and lost 5, averaging about 45 points a game. Hinga, coach at Holland high school, and J. J. Ingma, former Hope star, were the chief point getters, with Miller and Spurgeon as runners-up.

Coach Drew's men got off to a poor start by losing three games to the Chicago Boosters, Kalamazoo college and Grand Rapids Holland Furnaces within a week, but the team took a brace and scored victories over many teams of high caliber, including the Whiting Owls, Cuyler's All Stars of Flint, Chicago Boosters, Freddie Lindstrom's All Stars of Chicago, New York Nationals and the Kalamazoo Allied Paper five.

Review has been ordered in the libel suit instituted last year by ex-sheriff Delbert Fortney against E. P. Stephan. The order was from the supreme court of Michigan and the case will probably come up for review some time in June.

Attorney C. E. Misner of Grand Haven stated Monday that the review was ordered for his client in the face of errors, said to have occurred in the case, a statement of which he presented to the supreme court.

The errors consisted among other things of allowing copies of the Sentinel containing the basis of the suit and other matter, alleged to have been prejudicial but extraneous in the suit, into the jury room as the jury was deliberating. The suit, started by the ex-sheriff for libel, alleged by Mr. Stephan, was for \$50,000 damages. A verdict of no cause for action was brought in circuit court at Grand Haven last August. Mr. Fortney is at present taking up work at the Ferris institute at Big Rapids.

ADVERTISE—IT PAYS.

## HOPE GIVES CALVIN TEAM FIRST DEFEAT

In a red-hot debate, the most interesting in the whole series from a forensic point of view, Hope College administered the first defeat of the season to Calvin College when the Hope negative team met the Calvin affirmative team in a contest in Winata chapel Friday night. The debate was attended by a deeply interested audience and the debate was full of excitement.

The question was "Resolved, that the United States should recognize the present government of Russia." Prof. P. E. Hinkamp presided. The Calvin team was composed of T. Peters, H. Koelofs, and G. Monmsa. The Hope team was composed of T. Essenberg, J. Wabke, and C. Veldhuis. The judges were Prof. Simpson of Kalamazoo, Supt. Robertson of Dowiac, and Principal Harton of Albion.

The Calvin team, defeated by Hope Friday night has won four times. The teams defeated were those of Kalamazoo college, Olivet College, Ypsilanti State Normal School, and Western State Normal. The Hope team that defeated the Calvin aggregation Friday night had lost one out of four debates had engaged in before last night's contest.

But while one Hope team was defeating one Calvin team here Friday night, and another Hope team was being defeated by another Calvin team at Grand Rapids, the Hope affirmative team came home with a defeat, and thus the score between the two schools stands even for the season. Last year Hope defeated Calvin.

The tie for the season will remain even. It is expected, however that the debating contest between Hope and Calvin will become an annual event. During the two years that the two schools have met in debate a great deal of interest has been aroused.
