Will Provides For Fine Monument In Centennial Park

HOPE COLLEGE AND HOPE
CHURCH ALSO REMEM-
BERED BY THE LATE
JOHN J. CAPPON

Requests That \$25,000 Pioneer
Monument Be Placed at 11th
St. Entrance to Centennial
Park

As the Holland City News goes to
press, information has reached this
office that a will has been filed at
Grand Haven purporting to be the
last will and testament of the late
John J. Cappon, which sets forth
that \$25,000 be expended toward
the erection of a monument in Cen-
tennial Park in honor of Dr. Al-
bertus Van Raalte, the founder of
Holland, who before his death, do-
nated the land then called "Public
Square" to the city of Holland.

It is stated that bequests have
also been made of \$5,000 for Hope
College and \$5,000 for Hope Church.
The late Mr. Cappon was a great
admirer of Dr. Van Raalte, and con-
stantly spoke of perpetuating Hol-
land's glorious history. He also has
been closely identified with Hope
College, his father, the late Isaac
Capon, being one of the trustees
and treasurer for many years. Both

DR. A. C. VAN RAALTE,
Founder of Holland

An Old Wood Cut in the possession of the Holland City News for 50
years.

Mr. and Mrs. Cappon were mem-
bers of Hope Church and diligent
workers for the church.

The News immediately called the
Judge of Probate's office at Grand
Haven, where it was stated that
such a will had been filed and then
referred the editor to the Michigan
Trust Company of Grand Rapids,
who are administrators of the es-
tate as well as the trustees.

In speaking to Mr. Seth Keasey
of the Michigan Trust Company, he
stated that such a will had been
filed and those provisions had been
made and that one request of Mr.
Capon was that the monument in
Centennial Park be placed at the
West Eleventh street entrance
across from the city hall. Mr. Cap-
pon made no provisions as to just
what form this monument should
take but this would have to be de-
cided by the trustees which in this
case is the Michigan Trust Com-
pany.

On the basis of the monument, Mr.
Capon requests that not only the
name of the founder, but also the
names of the first pioneers be in-
scribed on a bronze plate or in the
stone according to the form that the
monument takes. A bronze plate
will also be attached stating that it
is a gift to the city from John J.
Capon.

It is understood that the estate
will remain intact with the widow
as sole beneficiary and that the car-
rying out of these bequests will not
be done until these stipulations in
the will have been carried out dur-
ing her life time.

The placing of a monument hon-
oring Dr. Van Raalte and the early
pioneers has been neglected al-
together too long and it is certainly
satisfying that some one was
thoughtful enough to make this
provision and that very amply.

Would it not be fitting at this
time to change the name of Centen-
nial Park to Van Raalte Park? Cen-
tennial has no significance any fur-
ther than that the park was named
during the time the National Cen-
tennial exhibition was held at Phil-
adelphia in 1876.

HOLLAND CANNING CO.
MAY AGAIN BE PUT
INTO COMMISSION

Latest developments point to the
reopening of the plant of the Hol-
land Canning Co., on which a 60-
day option has been taken by an
outside concern. Holland's location
in the center of a poultry, fruit and
vegetable raising area with super-
ior shipping facilities, by water and
rail is considered as a drawing fac-
tor. If the canning plant is reop-
ened a new department for can-
ning rabbit meat may be added.

A committee composed of Charles
Gross, secretary of the Chamber of
Commerce, E. P. Stephan, Nick
Hoffman and Henry Ludens made
a trip to Benton Harbor, endeavor-
ing to close the deal which seems
near becoming a fact.

PAUL HINKAMP HAS BAD LUCK PREACHING IN HAMILTON

Prof. Paul Hinkamp, who has
charge of the American Reformed
church every Sunday, since the
church has no pastor at this time,
has been having considerable ill
luck.

Two weeks ago the congregation
failed to hear the Holland man as
he was stuck in a snow-bank, the
result of the last Saturday-Sunday
storm.

Last Sunday the parishioners
heard him all right but the faith-
ful professor and pastor was un-
able to go home since some thief
had stolen the gasoline during the
church hours and had also taken
the bulbs from the head and tail
lights. Since gasoline stations are
closed at Hamilton on the Sabbath,
Hamilton friends willingly shared
from their extra supply.

FENVILLE'S DREAMLAND IS A THROUGH DREAMING

Like the bear, Fennville's only
theatre, Dreamland, went into hi-
bernation this winter because of
lack of patronage, but an awaken-
ing has taken place and Dreamland
will be reopened Saturday evening.
J. E. Nickerson has leased the
property and will hold two shows a
week. The Commercial club of
Fennville is backing Nickerson.

Holland Express Car Burglars go to Prison

WERE CAUGHT BY HOLLAND
POLICE—ARE NOW IN
LEAVENWORTH

The two men caught at the Hol-
land depot and convicted of break-
ing open an express car and steal-
ing mail from a pouch have been
sentenced by Judge Raymond to a
term in Leavenworth Federal
Prison in the state of Kansas.

It will be remembered that about
two months ago Ralph Martin and
Stephen J. Holland, alias Collins,
were caught by officer Neal Plag-
genhoef. When the Pere Mar-
quette pulled in from Chicago in
the early morning of Monday, Feb-
ruary 9, the men in question had
been drinking and appeared dazed
when they emerged from the car
and began wandering about in the
direction of Waverly. One of the
men was wearing a pair of trousers
which officers found had been taken
from a rified package. Other
packages had been broken open and
a mail pouch had been slit.

When the train arrived in Hol-
land, train men noticed that the
seal of the express car door had
been broken.

Authorities at Sawyers, south of
Holland, stated that some old
clothing had been thrown from the
passing train and wired Holland
and the local police to watch the
train when it arrived. The result
was the arrest of the men who not
only were drunk but had bottles of
"booze" with them.

Local postmaster, Ed. Westveer,
immediately called the postal in-
spector's office at Grand Rapids
and an inspection of the mail and
parcel post sacks and a check on
the goods taken was made. The
guilt of the men was apparent.

The men, who admitted their
crime, were at that time placed
under \$3,000 bail by U. S. Com-
missioner Arthur Van Duren, but
they could not furnish it and for
the past two months they were
prisoners at Grand Rapids until
they appeared before Judge Ray-
mond for sentence and received 3
years each after pleading guilty.

GRAND HAVEN GIRLS ENTER TAIN HOLLAND HI-Y

The Grand Haven Hi-Y enter-
tained 30 members of the Holland
Hi-Y Tuesday evening at the high
school. A basketball game was
played between teams from the
two organizations, Grand Haven
winning 15 to 13. After the games
in the gymnasium, the group held a
"feed" in the cafeteria which was
followed by a speaking program.

Rev. William J. Van Kersen of
Holland, secretary of the Reformed
Board of Missions, gave a motion
picture talk on India in the church
Tuesday evening at Grand Haven.
Rev. Van Kersen recently returned
from a 33,000-mile trip to distant
parts of the world and during the
evening he told a mass of his ex-
periences and observations during
the trip. An excellent attendance
was reported at the lecture.

TROOPERS WILL SHOW SAFETY WORK AT NEW GRONINGEN

The State Police in their safety
campaign will show a series of
pictures at the New Groningen
public schools on Friday night,
March 20, at 7:30 o'clock. Several
lantern slides will be shown at
that time to the patrons of the
school and their friends are in-
vited to attend.

SHAKESPEAREAN PLAY GOING BIG, CAL FOR TICKETS FROM OUTSIDE

There is a tremendous sale, Dr.
Nykerk states, for the extra lec-
ture course number to be given on
Wednesday, March 25th, at Car-
negie Hall when the Shakespeare
players will give "Julius Caesar."
Calls come especially from out-of-
town. Saugatuck, Douglas, Hamil-
ton, Fennville and Zeeland telephon-
ing in for many tickets. A dele-
gation from Grand Haven called up
for 52 tickets yesterday.

The national press is giving
Shakespeare Players great and
many fine comments.

HOLLAND MEN PROMINENT IN BOWLING WORLD

A quartet of Holland's best bow-
lers have just returned from Buff-
alo, N. Y. where a tremendous tourna-
ment is being held comprising
teams from all over the United
States, Mexico and Canada. Thus
far 1700 teams have bowled and 500
are still to do "their stuff."
"The tourney" will close April 7
and it appears that some of the Hol-
land men are still in on the money.
The scores made by the Holland
men are as follows: Art VanKollen,
600; John Mills, 540; Mills is said
to be in 6th place. In the doubles
Archie Vander Wall and Al Bengt
scored 1168 points.

Dr. and Mrs. R. Ten Have and
children of Grand Haven spent
Sunday here at the home of their
father, Martin J. De Haan, at Zeel-
and. Mr. Ten Have was recently
appointed Ottawa county physician
in the new unit established.

News Items Taken From the Files of Holland City News Fifty, Twenty-five and Fifteen Years Ago Today

FIFTY YEARS AGO TODAY

Among the many fresh arrivals
of emigrants from the Netherlands
who arrived in Holland and settled
in this vicinity are W. J. Bakker,
B. A. Bouwma and Y. Trenck.
This group and their families are
now at Fillmore station and seem
to be possessed of a little more
means than the average settler
who arrives here. Bakker, it was
found, was a veterinary surgeon
and will practice from now on.
Some of the group still clanked
along in wooden shoes and the
women had white caps and golden
head ornaments.

Prof. Charles Scott, of Hope
College, arrived home at last from
a trip through Wisconsin where he
had been snowed in and trains
made slow progress.

On Wednesday, last, the Repub-
lican Judicial Convention of Ot-
tawa and Allegan counties was
held at the City Hotel at Holland.
Mayor E. J. Harrington called the
meeting to order and Dr. H. F.
Thomas of Allegan was elected
chairman. Aloys Bilz of Spring
Lake and Don C. Henderson, the
newspaper man of Allegan, were
made the two secretaries of the
convention. Judge Dan J. Arnold
was renominated Circuit Judge by
acclamation.

Wm. F. Cody was a poor and
an unknown scout on the plains a
few years ago. The popular novel
glorified him as Buffalo Bill, he
went on the stage as a personator
of himself in border plays and part
of his financial results are visible
in a new block of fine buildings,
including a public hall, at North
Platte, Neb. "Buffalo Bill" is a
liberal spender and no one asking
for aid goes away empty handed.

TWENTY-FIVE YEARS AGO TODAY

Poundmaster Peter Verwey was
married to Mrs. Lavina Robinson
in Justice Van Duren's court.

Weed & Co., of Douglas, are
building six flat bottom boats to
use this season in raising logs
from the river bed of the Kalam-
azoo river between Allegan and
Saugatuck. They estimate that
they can pull to the surface this
season at least 100,000 feet of logs,
many logs are also boomed in
Rabbit river near Hamilton.

Ben Lugers has been employed
by the Board of Public Works in
the electric light department.
Superintendent of Parks, John

Kooyers, states 300 gold fish have
arrived to be placed in the basin
at Centennial Park. Large Black
Lake fish were placed in this con-
crete aquarium other years, but a
change is made this year because
gold fish can be more easily seen
disporting in the water.

Fred K. Colby of Macatawa Park
has purchased some real estate in
Los Angeles, Calif. and is building
a winter home there.

FIFTEEN YEARS AGO TODAY

The Buss Machine Co. of Hol-
land is the world's largest
shaper in the world for the Pack-
ard Motor Co. It is a ball bearing
double spindle shaping machine
and Wendel Buss looked upon the
production with pride when it left
the factory for Detroit. The
weight of a large shaper generally
is 3,000 pounds, but this one weighs
a ton more.

The death of Peter H. Wilms,
River Ave., a Civil War veteran,
took place, Wilms, during the war,
spent 14 days in Libby Prison, the
most horrible "pen" in the south.
He was fortunate to be exchanged.
His regiment also made the famous
"Sherman's march to the sea."

Born to Mr. and Mrs. Dick Oost-
ing, a son.

John Vandersluis, Dick Boter,
Frank White and Frank Wall have
returned from Detroit, where they
went to look after a new industry
for Holland. Vander Sluis says
prospects look good "but we won't
count our chickens before they are
hatched."

Some matters from this
and must be assumed and complied
with first to bring negotiations to
a favorable close. The industry is
an iron working shop employing
100 men and requires a building of
70x200 feet. A provision that will
bring this factory is the sale of
\$40,000 in common stock. Note:
It's not here so it did not material-
ize and Van and his "chick" was
right don't count them too soon.

Born to Mr. and Mrs. D. B. K.
Van Raalte—a son.

Tony Kuite shipped a carload of
cattle and a carload of hogs to
the Chicago Market.

Rev. J. Smither, of Zeeland, de-
livered his farewell sermon to the
Third Christian Reformed church.
He also left a farewell message to
the combined congregations of Zeel-
and.

GOODS ARE STOLEN FROM AGNEW STORE ON U.S.-31

A store belonging to John Ott at
Agnew, three miles north of West
Olive, was entered Tuesday night
and about \$15,000 worth of cigars
and cigarettes was taken. State po-
lice are investigating the circum-
stances. Entrance was made by
tearing out a screen at one window
and the exit was made through a
door. It was expected that arrests
would be made today, as the police
have clues leading to the persons
involved in the case.

VETERAN OF LIFE SAVING SERVICE DIES AT 92

Word was received at the dis-
trict commander's office of the
United States Coast Guard of the
death in Frankfort on Saturday
of Harrison Miller. Mr. Miller was
92 years old and a veteran of the
life saving service, having been
keeper at the Point Betsy station
just outside of Frankfort for many
years. He was retired in 1914 be-
fore the retirement law was passed
but had been receiving a pension.
Many of the older marine men here
recall the lake veteran who had
figured in some thrilling rescues.

pacity, life expectancy and depen-
dency of the victims.

tlement. It is expected by the at-
torneys that satisfactory waivers
will be given.

DEFEAT HOLLAND RUSKS, 44 TO 22; BUICKS FALL BEFORE FURNACES

Grand Haven Tribune—The Grand
Haven Oilers, now considered a
strong contender for the class A
independent crown in the West
Michigan A. A. basketball meet-
ing at Grand Rapids, won their game
of tournament Saturday night by
defeating the Holland Rusk, 44
to 22. Wilbur Scholtz, Oil forward
was high-point man with 17 points.
While Jim Dirks set 13 counters
from the floor. Brown, of the
Oilers, made eight.

The Holland Furnace outfit took
down Harold Westerhof's Grand
Haven Buicks in another game in
the class A independent division
45 to 26. At the half the Furnace
players were ahead 30 to 11. Ber-
nheimer, former star forward of
Holland Christian High's team, led
the scoring with 16 counters while
Westerhof got 10 for the local team.

At Grand Haven the dredge Gen
Mande is to begin work soon on
clearing the channel in the harbor
and the Grand river channel to the
mouth of Bass river for the trans-
portation of gravel.

Local Merchant of '71 Passes Away at 96 Years

BEFORE "BIG FIRE" CONDUCT-
ED GENERAL STORE ON
SIDE OF NIES HARDWARE

Word has been received in Hol-
land telling of the passing of
Christian L. Streng at the ripe old
age of 96 years. Death took place
at Kalamazoo Friday at the home
of his son Henry P. Streng.

Mr. Streng was born in the
Hague, Netherlands, in 1834 and
came to Michigan in 1842. He re-
sided in Saugatuck, Holland, Grand
Haven, Montague and Kalamazoo.

The Streng family has played
rather an important part in the
mercantile business of Holland in
the early days.

The old gentleman Streng con-
ducted a general store in a wooden
building on the site of the present
Nies Hardware.

It was then known as the Van
Koeveering store. Later Mr. Streng
conducted a bank at Montague and
it was then that he set his son,
Henry P. Streng up in the dry
goods business in Holland under the
name of C. L. Streng and Son.

For some time this firm was lo-
cated in the Alberti building, now
the DeFouw Electric Store, also in
the Vander Veen building in the
store now occupied by the Buehler
Store.

The first C. L. Streng general
store was also destroyed in the
"big fire" of '71 that swept away
most of Eighth street.

The story of the death of the
old gentleman Streng is followed
by another tragic event relating to
a second son who for a time was
also connected with the Streng re-
tail business in Holland as sales-
man.

A dispatch from Portland, Ore-
gon is self explanatory and fol-
lows:

John C. Streng, of Portland,
Ore., son of C. L. Streng, former
business man of Montague, lived
only a few hours after he learned
of the death of his parent, friends
were informed today.

"The elder Mr. Streng died in
Kalamazoo and a telegram was
sent to his son in Portland, but a
reply received Saturday declared
that he would be unable to make
the transcontinental trip in time
to attend the funeral. A few hours
later another telegram told of the
son's death in an automobile ac-
cident.

"The body of the son will be cre-
mated and the ashes taken to Mon-
tagne, where they will be buried
beside the body of his father for
whom funeral services were held
Tuesday."

SEEMS TO HAVE DATES MIXED ON ZEELAND POST OFFICE

Although state papers have pub-
lished the news that Zeeland is to
receive a new \$30,000 postoffice, no
one in Zeeland, not even Postmas-
ter Willard Claver, is officially
aware of it. Congressman C. E.
Mapes and Senator A. H. Vandenberg
have been consulted in regard
to the truth in the matter, but they
were unable to enlighten Zeeland
folk.

Much comment has been cir-
culated about the city in regard to
the matter, but all are sitting back
to await the action taken by Uncle
Sam and Postmaster Claver and his
aids will continue to work in the
present stand for some time to
come. Undoubtedly newspapers
have Zeeland and Allegan mixed.
Congressman Ketchum has secured
a \$30,000 post office for this city.

PROF. HINKAMP GIVES BIBLE STORIES AND PICTURES

The members of the Exchange
Club were given an entertainment
Wednesday that was off the beaten
path of lectures.

Prof. Paul Hinkamp of Hope
College, president of the Exchange
Club, pictured on the screen how
the Bible originated and where the
data came from. It was indeed a
lecture of merit and listeners have
a different conception of Biblical
history than they ever had before.

Mr. Hinkamp pictured a stone
found near the Dead Sea, 850 years
B. C. In the next picture, what was
inscribed upon the stone was re-
produced upon paper. While this
stone was not a part of the Bible,
it dove-tails with Biblical lore. This
stone is possibly the most valuable
relic of that type in existence to-
day.

Another stone pictured was
found by a boy in a reservoir. This
stone indicates that it dates back
700 years B. C., and was placed
there by ancient tunnel workers
who built waterways for the an-
cient kings and when this job was
completed the stone entered into
the dedication.

Mr. Hinkamp pictured scrolls
from the good Samaritans that the
Bible speaks about and their hatred
for the Jews. He showed how the
Hebrew Bibles were read from
right to left, instead of the way we
read.

The screen also pictured the first
printed Hebrew Bible of 1477 and
scrolls secured from a monastery on
Mount Sinai. He stated that the
Vatican at Rome was in possession
of very early Bible history and that
for many years the reproduction of
these rare volumes or even look-
ing at them was prohibited. But in
1889 consent was given to photo-
graph the pages and now the li-
braries of large nations have these
reproductions, bulky books of 383
pages.

It is difficult to give a reader a
real conception of this lecture by
Prof. Hinkamp. The picture must
be seen and combined with the lec-
ture that a layman can understand
makes it an educational treat of
real merit.

Prof. Albert Lampen presided
over the lantern slides and Vice-
President Dr. W. Weststrate was in
charge of the deliberations.

SPRINGTIME AND DAY- LIGHT SAVINGS TIME

On Saturday of this week at 8:07
a. m., winter makes its exit and
spring enter officially. With the
coming of spring a thought is given
to Daylight Savings time. Last
year the time change April 10 and
the clock remained set ahead one
hour until October last.

This year without doubt, the
change will be made at midnight on
Saturday, April 11, for that is the
time the neighboring cities con-
template making the change.

GRAND HAVEN PRINTS RESORT BOOK

An attractive resort album, con-
taining many Grand Haven views
and cottages for rent, has been
compiled at the Grand Haven
chamber of commerce and will be
placed in Chicago at the Michigan
Tourist and Resort office as a stimu-
lus to resort inquiries. The epu-
logue tells about this section of
Ottawa county as a desirable resort
location.

G. A. R. CHARTER WILL BE PLACED IN MUSEUM

The original copy of the first
charter given to No. 1 post of the
Grand Army of the Republic, which
is in possession of George C. Borek,
Ottawa County Drain Commis-
sioner, will be sent to Lansing, to
be placed in the pioneer historical
museum. Mr. Borek secured the
document from the effects of the
late C. N. Dickinson, and offered
to turn it over to the state society.

THIS IS CLASSIS SEASON FOR THE REFORMED CHURCH

Stated clerks of the 40 classes in
the Reformed Church of America
have issued calls for annual spring
sessions, at which reports of ac-
tivities, covering foreign and home
missions, education, state of reli-
gion, statistics, election of delegates
to synods, and other matters will
be discussed.

Michigan is represented by four
classes, embracing 75 churches,
which will hold their sessions with-
in a month. Grand Rapids classes
will meet April 7 in Fourth Church,
Grand Rapids; Holland classis,
April 7, in Sixth church, Holland;
Kalamazoo classis, April 14, in
Third church, Kalamazoo, and Mus-
kegon classis, April 14, in First
church, Grand Haven. Special pro-
grams will feature the evening
sessions.

FENVILLE'S FRUIT EXCHANGE SHOWS SUCCESSFUL YEAR

New Packing House Nearly Clear
of Debt; \$7 a Share is Paid
on Outstanding Stock

An encouraging condition was
disclosed at the annual meeting of
Fennville Fruit exchange. Reports
showing the last year as one of the
most successful in its history.
Shipments totalled 450 cars, in-
cluding 100 of Elberta peaches and
70 of Bartlett pears. The fruit and
supply business aggregated a half
million dollars.

The financial statement disclosed
that the new packing house and
storage building is nearly paid for,
with a balance of less than \$2,000
due. Several dollars a share have
been paid on the common and pre-
ferred stock and substantial patron-
age refunds made. The matter of
hiring a production expert to help
members with growing problems
was discussed, but no decision was
made. The need for better knowl-
edge regarding production costs
was seen in the fact that one block
of 250 old Baldwin trees showed a
production average of 1 1/4 bushels
of apples per tree per year for
five years and with a revenue of
\$1.35 per tree.

The exchange program for the
coming year is to raise the general
average of quality from the present
less than 50 per cent. of No. 1
grade to at least 65 per cent.
The annual election resulted in
the choice of George B. Mechem,
president; Frank Luplow, vice pre-
sident; J. A. Barron, secretary-
treasurer-manager; Dwight Wad-
sworth, George DuVal, Thomas
Goodings, Vern Kenter, U. S. Crane,
Travor Nichols and Leon Shepard,
directors.

WHEN AUTO UPSSETS, DIES OF BROKEN BACK

Mrs. Nan Wilson, age 32, of
Allegan, died in Butterworth hos-
pital Grand Rapids of injuries re-
ceived late Sunday night when the
automobile driven by her husband,
William, got out of control and
turned over in a ditch on Division
rd., a short distance south of the
city.

OTTAWA COUNTY CHICKEN THIEF HANGS HIMSELF

John Tiesenga, aged 26, sentenced
from Ottawa county March 5, 1926,
to serve 2 to 15 years for breaking
and entering, ended his life by
hanging himself in the new Michi-
gan prison Wednesday afternoon.
Tiesenga who was paroled from
Rapids on Nov. 15, 1929, was ar-
rested there about 15 days ago as
a violator and was returned to pri-
son at Jackson, March 10. Tiesenga's
body was found suspended from a
belt in a cell.

Former Prosecutor Clarence Lok-
er states that the man was sent up
from this county for chicken steal-
ing near Jamestown about 5 years
ago.

James Van Dorpel and Mr. and
Mrs. Jay Van Dorpel and daughter
Fay, returned to Zeeland Thursday
from Laurel, Mississippi, where the
Van Dorpels spent about a month.
The senior Van Dorpel spent about
three months there to supervise the
installation of machinery in a fac-
tory.

A Shift in Michigan Farming

Michigan farmers in large areas
are making a noteworthy shift to
the truck gardening business; they
find it pays.

The Department of Agriculture
of the United States and of Mich-
igan recently issued an "Annual
Crop Summary for 1930," in which
is found this interesting statement:
"Compared with other states, Mich-
igan leads all states in acreage and
total production of cucumbers for
pickles; is second only to New York
State in acreage planted to celery;
has become third most important
late-crop onion state, jumping from
seventh place to its present leader-
ship during the past seven years;
is second only to Oregon in pro-
duction of late-crop strawberries,
and leads that state in value of
strawberry crops raised in 1930.
The value of the 1930 commercial
truck crop to Michigan farmers was
40 per cent greater than the
crop produced in 1929. The increase
in the farm value of truck crops
in Michigan during the year of gen-
eral business depression is one of
the outstanding features of agri-
cultural accomplishment in 1930."

Such a summary shows the fine
ability of Michigan farmers to ad-
just themselves to conditions. Dur-
ing the past year, the good old
rule that a short crop meant high
prices, didn't work in Michigan. In
case of most of the staple crops,
the farmers of Michigan increased
their acreage, but suffered greatly
decreased production because of the
drouth. Then, in turn, they suf-
fered the disappointment of low
prices for their decreased crops.

It is not surprising that they
turn wherever possible to such
specializations as truck gardening,
dairying and poultry raising.

Poppink and Zandstra Obtain Scholarships

Everett Poppink and Thomas
Zandstra have recently been
awarded scholarships from two
very prominent universities. Ever-
ett Poppink has accepted a schol-
arship from Purdue University. He
will be an assistant graduate in
chemistry, and will receive \$800,
besides having no tuition or labo-
ratory fees to pay. Tommy Zand-
stra has received his scholarship
from New York University. As
assistant graduate in physics, he
will receive his tuition, and \$1,050.
These two enviable scholarships
speak well of Hope's science de-
partment.

All That Glitters
Pullman Bonus Plan
Cancer in Hens
Mexico's Wise Welcome

"All that glitters is not gold."
That is how Shakespeare has it.
Not "all is not gold that glitters."
Which ever you put it, the late
Nixon-Nierlinger would now agree
with you. An amusement promoter,
he was violently interested in a
lovely little lady whose admirable
exterior won the title of "Miss St.
Louis" in a beauty contest. He
married her, promising to make
her famous all over the world.
The little lady has just shot and
killed him at Nice, in France, tell-
ing the police he accused her of
"having an Italian lover" and
showing cruel finger marks on her
throat.

French justice will attend to all
that. We remind young gentlemen,
"all the beauty of the world, is
but skin deep," and you never can
tell what you will find a little
deeper. A plain, ill-favored
girl, with a white dress, a blue
sash and a ribbon or a hair comb
in her hair, is perhaps the safest
prospect, even though she may not
be "Miss Anybody."

The president of the Pullman
company, D. A. Crawford, has ar-
ranged for pullman car conductors
to earn "extra money." They will
get commissions on sales of upper
berths, sales of a whole section to
one traveler on favorable terms
also an allowance for convincing
passengers that they want better
accommodations than those re-
served.

This will start salesmanship
among pullman conductors, in-
crease the incomes of many, and
perhaps promote similar profit
sharing elsewhere. It pays to give
men a cash interest in their work.

Encouraging news for those
studying the world problem of can-
cer. Investigators at the Rocke-
feller Institute of Medical Re-
search discover that a certain type
of cancer in hens contains its own
healing agent. Scientists hope for
a similar discovery in the human
form of the disease.

When this writer visited the
Rockefeller institute with John D.
Rockefeller, Jr., some time ago to
see the famous Doctor Carrel per-
form an operation for removal of
tubercular tissue in the lung, sci-
entists had transplanted cancer in a
hen to make it grow. At that time
transplanting and growth had been
successful only once. On the other
hand, scores of white mice and
rats had transplanted cancer that
had grown bigger than the rest of
the animals' bodies.

The fight against cancer is slow,
but sure, and will be victorious in
time.

A young Mexican genius, Au-
gusto Novaro, musician and mathe-
matician, has discovered a new
harmony, based on mathematics.
His method is complicated, but
simpler than Einstein.

More important, to the world
and to Mexico, the Mexican gov-
ernment's welcome to a large col-
ony of Slavs, presumably Russians,
dissatisfied with the Soviet sys-
tem of government. Lands will be
provided and Mexico will make
them prosperous, while they con-
tribute to Mexican prosperity.

Washington officials say the sol-
diers' "bonus money will soon be
spent for new goods, little of it
spent to pay old debts."

We believe that buying new goods
to the extent of a billion dollars or
thereabouts will do more than any
thing else could to stimulate pros-
perity.

Paying off old debts would also
help.

However, the money belongs to
the soldiers, and is theirs to do
with as they please. What they do
is their business.

Good news from Europe tells of
an increasing demand for automo-
biles, which will mean more em-
ployment for workers in the United
States.

Makers and buyers of automo-
biles are interested in other news
only rumor as yet, which says that
one of the big manufacturers will
deliver cars hereafter with no
charge for freight anywhere.

This will make a difference to
owners and to manufacturers. The
latter make a considerable profit on
freight charges, running into mil-
lions a year, because automobiles
are shipped knocked down, and
freight charges are approximately
what it would cost to ship a car sit-
ting up on all four wheels.

The War department announced
the allotment of \$75,000,000 for river
and harbor work. The Missouri
river gets the largest allotment,
more than \$10,000,000. This will put
a good many men to work.

In the last ten years, India's popu-
lation has increased thirty mil-
lions, another serious responsibility
at the door of Great Britain. Since
the British took control of India,
its population has more than
trebled.

This increase is due to the Brit-
ish, preventing famine, checking
plagues with sanitary measures, in
spite of protests by natives, who
thought the gods could be appeased
by cutting the throats of goats, and
spilling the blood on the ground.

Britain has also increased Hindu
population by preventing marriage
of little girls to full-grown men,
which does not lead to healthy fam-
ilies, and by improving the water
supply.

LARGE CAKE FIGURES IN 50TH WEDDING ANNIVERSARY

A happy event was the celebrat-
ing of the golden wedding anni-
versary of Mr. and Mrs. William J.
Emery of Robinson Township. The
event was celebrated at the home of
a daughter, Mrs. John Hill, living
on East Twenty-Seventh street,
Holland.

Bountiful tables were spread and
appropriately decorated. The cen-
terpiece of the festive board con-
sisted of a large attractive wedding
cake, adorned with fifty lighted
tapers. When all were seated the
groom of fifty years ago sat at the
head of the table and to his left sat
the charming bride of fifty years
ago and to the right, the bride's
mother held a place of honor. It
was a beautiful picture in which
this trio figured, leaving a lasting
impression.

Before the luncheon was served,
a prayer was offered to Almighty
God for the many blessings that
had been received and the many
years that had been spared to Mr.
and Mrs. Emery and the beloved
mother.

Rather an appropriate song,
"Silver Threads Among the Gold"
was rendered by Mrs. Ten Hagen
and Mrs. Cline.

After dinner had been served,
there was a program of songs,
readings and dialogue and short
toasts were said in honor of the
principals in this occasion. In these
activities, the groom of 76 and
the bride of 71 participated.

Mr. and Mrs. Emery were blessed
with seven children, six of which
are still living. There are also 23
grandchildren and two great grand-
children.

last.

Co-operation of seventy-six sportsmen's organizations throughout the state is being solicited in urging the adoption of the bill.

The industrial horizon in Grand Haven, is brightening with reports today that at least four of the largest factories are increasing their payrolls, and in some instances are working overtime. Judge Miles Says Street Drunks no More

CRIME LIST IS LARGER BECAUSE TRAFFIC, GAME AND JUVENILE CASES ARE INCLUDED

"The Problems of Courts and Administration of Criminal Law" was the subject discussed by Judge Fred T. Miles at the Grand Haven Rotary luncheon Tuesday.

"It is said that crime is on the increase," the speaker declared. This, however, is a difficult statement to prove because figures available may mean much or little. It is true, the judge said, that the records of the prosecutors' reports so far as Ottawa county is concerned, show an increase in the number of criminal cases. However, it has only been a few years since all juvenile cases were reported and now they are not considered in the category of crime.

Since the prohibition law, the judge remarked, drunks on the streets are practically done away with. A few years ago there were many arrests for drunkenness. In addition to this the enforcement of motor vehicle and game laws has added a large number of minor cases to the criminal reports. When the speed limit in Michigan was removed, it made a noticeable difference in the number of criminal cases the judge said.

The speaker said that in this community there is manifested a higher respect for the law than found in some other communities. This is evidenced by the small number of crimes. During the past year in the Ottawa-Allegan district, there has been no crime of violence tried.

One of the reasons that crime is harder to control now than formerly, in the judge's opinion, was that punishment and example have been practically abolished in our attempt to be humane in our prisons. This has had a marked effect on the attitude of the criminal. This is one of the important problems that face officials today in their administration of law.

Another problem that confronts the officials is the matter of consistency. It would be a miscarriage of justice to give the same sentence to everyone for the same crime and still the public cannot understand why this should not be done. The judge, to be fair, must take into consideration the individual and all the circumstances surrounding a case.

Another phase that causes misunderstanding of the public is that different judges look at the importance of different crimes from different viewpoints. Therefore their sentences are not the same.

One of the present day problems in dealing with crime is the fact that a man with a family, if he has lost his self-respect, does not care if he does go to jail so long as the county is caring for his family. In other words, the wholesome fear of imprisonment that formerly existed has to a certain extent passed away.

The judge touched briefly on the subject of capital punishment and expressed his opinion that it would not result in lessening crime. He said he feared that jurors would not convict if their conviction would send a man to his death.

ZEELAND COMMUNITY CHEST GOING OVER

Grand Haven School Board to Slash Taxes

AIMS TO LOP ABOUT \$10,000 FROM BUDGET; NO SALARY RAISES GRANTED

Grand Haven Tribune:—The board of education of this city aims to reduce the voted school tax another year by approximately \$10,000 or eight per cent. This will reduce the tax rate about \$1.00 per thousand providing the assessed valuation remains at or near its present amount.

At its meeting last night teachers' contracts were renewed at the same salary as last year. No increases were given. This policy is in line with a similar action taken by the Boards at Muskegon and Holland. Muskegon Heights and Grand Rapids are granting the regular salary increases as scheduled.

It is expected that there will be few, if any, vacancies in the teaching staff as practically every teacher has expressed a desire to return for another year.

Mr. Edward W. F. Moll, president of the board of education, stated that the school budget will be trimmed wherever possible without effecting the efficiency of the schools. The excellent work which is being done and the reputation which the local school system has acquired must not be impaired, he said. The children will not suffer since the above reduction will be accomplished by savings in maintenance and operating expense.

Holland Men Foster Rabbit Show and School

PROMISES TO BE A RUNNING MATE OF POULTRY RAISING HERE

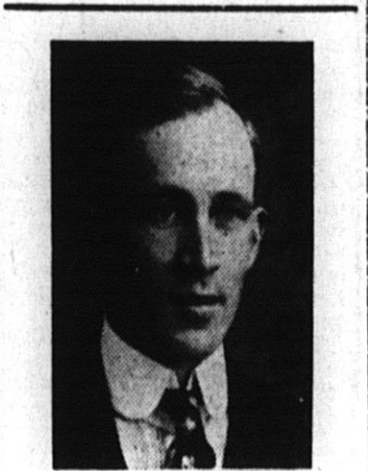

Ed Brouwer is Secretary of the Michigan Rabbit Breeders' Association

When the Holland City News some thirty years ago, began a campaign of publicity in southern Ottawa County that the hen was one of the most valuable assets as an auxiliary crop on every farm and that some day the country-side would be dotted with hatcheries, there were a great many skeptical people. The files of the News will show that there has been continuous publicity along these lines and the prophecy of yesterday has become a fact, considering that fifteen million chicks are hatched and shipped every season.

Another industry that is assuming unusual proportions, especially around Holland, is rabbit breeding and will receive its full share of publicity from this paper.

During the war the Secretary of Agriculture at Washington, when meat was scarce, pointed out the advisability of rabbit breeding for meat production—an added avenue of food supply.

Ed Brouwer, who for seventeen years has been connected with the Holland Poultry Association and the poultry industry, was the first to install a rabbitry and to interest local folks in rabbit breeding. It was a pioneering job fraught with a great many set-backs, loss of stock, all because of lack of education. The

EDWARD BROUWER, Mgr., Secretary Michigan Rabbit Breeders Ass'n

Lesson was well learned and now rabbit breeding, after fifteen years of raising and education along scientific lines, has become a safe and profitable industry, placed on a sound basis, the same as poultry and other kindred industries.

Mr. Brouwer states that today Holland and vicinity has at least 100 rabbit raisers. They are well organized, have applied themselves and have thoroughly studied all phases of rabbit raising.

Holland is looked upon today as a rabbit center in Michigan and most of the rabbitry proprietors are members of the Michigan Rabbit Breeders' Association. S. H. Sixma of Muskegon, the president, is also a member of the Holland Association and Edward Brouwer of Holland is secretary of the state association.

Rabbit as a meat animal is becoming more popular each year and as a fur-bearing animal, its pelts are selling in the Chicago and eastern markets at flattering prices. Considerable revenue is also found in the sale of breeding stock.

Anyway, rabbit raising in lower Ottawa has come to stay and the industry has become so important that Michigan State College has long since recognized its value to the state of Michigan. For that reason through the college authorities the state rabbit association with considerable help from the Holland organization, a large show will be staged in the big armory at East Lansing, where more than a thousand head of rabbit stock will be placed on exhibition, seventy-five head coming from Holland.

Even more important than the show is the school in connection. This school will be held at the same time of the show, on March 23 to 27 and rabbit fanciers are privileged to take in all these lectures and studies expounded by men who have made thorough investigation and have had wide experience in rabbit raising and breeding. Such topics as nutrition diseases, housing, profitable marketing and kindred subjects will be topics under discussion included in the course of study.

Mr. Ed Brouwer of Holland has been prominent in all these activities and is not only found on the show committee in charge of the exhibition at East Lansing, but is also included in the list of instructors who are to give information on the development on this so-called infant industry.

The information, as this relates to the rabbit exhibition, follows: The Michigan Rabbit Breeders' Association announces the dates of the Second Annual State Rabbit Show. This show will be held in the new Armory, Michigan State College, on the same dates as the Rabbit Short Course. Last year's show with 100 or more rabbits demonstrated the interest in a State Show and 700 or more rabbits are expected for the 1931 show.

Entry Fee—Single \$5.00; Doe and Litter \$10.00. Judges—Judge Kark Sauters, Canton, O. Second Judge not definitely decided. Judging Starts—Tuesday noon, March 24. Entries—Open to the world. For information relative to show and for show catalog, write:

Mr. Ed Brouwer, Holland, Michigan.

Information relative to the short course of study at M. S. C., together with the dates and subjects in hand, as well as the faculty members, follow:

Spring Broiler Supply is Low for Easter

The supply of broilers for the Easter trade is going to be limited in Western Michigan this year, in the opinion of Western Michigan produce dealers, according to reports. Farmers purchased few chickens in January and February, and hatchings, under hens were not large, although somewhat heavier than normal on account of the low price of eggs.

Reports from the country indicate farmers are just beginning to buy baby chicks to raise for the broiler trade. These purchases are 30 to 60 days late. In the past, chicks have been purchased in December by farmers who engage in the production of winter broilers.

Low prices of all kinds of poultry at Christmas and New Year's tended to discourage farmers from investing in broiler stock. Quotations showed little or no improvement in January and hatcheries booked light chick orders in that month. Prices still failed to develop their usual seasonal upswing in February and farmers were unable to find the necessary encouragement to buy early hatched chicks. Ten weeks are required to raise chickens to broiler weights. With Easter less than a month away, chicks now being purchased will not be ready for market when the consumptive demand will be calling for tender birds.

While the supply is likely to be short, prices are not expected to shoot skyward. Produce dealers say it is improbable that values will even approach the levels touched four or five years ago when farmers were paid 60 cents a pound for their first broilers of the season. With all other kinds of poultry selling at 10 to 15 cents a pound, lower, chicks now being purchased believe broilers will sell at least that much lower. Poultrymen were told this week they could not expect more than 40 cents a pound at the opening, while some buyers said they would not pay more than 35.

It was admitted that the broiler supply is light, but the dealers declared the consumptive outlet at retail prices above 50 cents a pound is just as limited as production.

With prospects of a broiler shortage, retail dealers already are beginning to advise customers, who normally buy broilers at Easter, to consider substituting spring lamb or rabbit this year. The mild winter has been favorable for the production of winter lambs and a plentiful supply of this meat is said to be in prospect. As all meats are lower, spring lamb is expected to be cheaper than at any time in the last decade.

Tame rabbit meat now is selling at chicken prices and quotations are the lowest on record. This is giving retailers new talking points to bear opening prices on the 1931 broiler crop.

Poultrymen were told this week they could not expect more than 40 cents a pound at the opening, while some buyers said they would not pay more than 35.

It was admitted that the broiler supply is light, but the dealers declared the consumptive outlet at retail prices above 50 cents a pound is just as limited as production.

With prospects of a broiler shortage, retail dealers already are beginning to advise customers, who normally buy broilers at Easter, to consider substituting spring lamb or rabbit this year. The mild winter has been favorable for the production of winter lambs and a plentiful supply of this meat is said to be in prospect. As all meats are lower, spring lamb is expected to be cheaper than at any time in the last decade.

Tame rabbit meat now is selling at chicken prices and quotations are the lowest on record. This is giving retailers new talking points to bear opening prices on the 1931 broiler crop.

The Everett Piano Co., of South Haven, responding to increasing grand piano demand, has augmented its production and increased its staff of employees by 90 per cent since Jan. 1. James L. Barron, vice president and production manager, said a 60-hour weekly schedule was in force and would be maintained indefinitely. Orders received during March have been 50 per cent greater than any previous month's shipments. This is encouraging for if there is demand for luxuries there will be for necessities.

Again Robbers Loot Holland Apparel Shop

THIS TIME JEAN SHOPPE IS ENTERED; THEFT SIMILAR TO OTHERS IN COUNTY

Another daring robbery was pulled off in Holland Thursday night at 10:00 p. m. at the Jean Shoppe, a ladies' ready-to-wear shop, similar in every detail to the ones perpetrated in the Style Shop at Grand Haven and the Rose Cloak Shop at Holland, a few weeks ago.

The loot, amounting to \$1,400 was recovered at St. Joseph and Chief Van Ry's men together with Sheriff Steketee have been investigating all clues. The merchandise was found in an automobile bearing an Ohio license plate, abandoned in a field just off US-31 near Watervliet. As the car was equipped with radio the officers believe the robbers heard the messages being sent in all directions by the Holland police, and were afraid to make the run to Chicago, where it is believed they are a part of a well organized gang.

The boldness of the robbery is apparent when two witnesses stated two men entered the shop, located at 208 College ave., just off the main street—lighted up the store and within a few minutes disappeared.

There were two cars, one piloted by a man garbed in a taxicab driver's uniform, police were told. The lock was jammed in the identical manner that the lock on the Rose Shop at Holland and the Style Shop at Grand Haven were jammed. It must have taken the men about two minutes to get in, said Chief Frank Van Ry. It would appear that the lock was already broken and the door opened when the large auto drove up.

The loot was confined to new spring merchandise and ladies' dresses only. The owner, Miss Jean Zyl, who lives just 300 feet away, was unaware of any disturbances until called by the police.

The story of the robbery bears out the actions of three men who were noticed at the local Style Shop about 9:30 p. m. on the night the local shop was rifled. Authorities are confident they are the same gang.

One of the witnesses, Mrs. C. Dykhuizen, who was passing the store, saw the burglars at their work and notified police. Officers were on the scene within five minutes but the thieves evidently had become frightened and departed.

One witness reported having seen two cars drive away, one operated by a man in a taxi driver's uniform.

Approximately 125 garments stolen Thursday from the Jean Shoppe were found in an abandoned automobile a mile north of Watervliet on US-31.

The discovery was made by Albert Shroesore, constable at Watervliet, who with other officers in this vicinity were watching for the car following a report of the theft from the women's dress shop the wire being sent by the Holland police.

The car, a large sedan, was found in a clearing in a patch of woods off the highway. Footprints in the snow led from the car to the highway. The machine was taken to a courthouse building at St. Joseph.

As soon as the car was reported found, Chief Van Ry detailed officer "Jim" Spruit to go with Sheriff Steketee to St. Joe together with Miss Jean Van Zyl, owner of the stock of dresses.

Miss Van Zyl immediately identified the goods as those taken from her store on College Ave. The dresses were taken back to Holland and are now in stock again. There were 125 in all.

It was quick work on the part of the local authorities that brought interception from the police at South Haven who guarded the only bridge on U.S.-31 at that point, but the desperadoes ran the gauntlet followed by a fusillade of bullets from the police. The police of South Haven were without a car and could not follow the speeding bandit car.

It appears that simple provisions might have brought the "yeggmen" up with a round turn first to bar-ricade the bridge, second there was plenty of time to round up an auto in the neighborhood.

HOLLAND FIVE DOWNS JACKS

Grand Haven Tribune—The Van Zylens Lumberjacks who ended the city league season in second place, were eliminated from Class A Independent play in the Western Michigan A. A. U. basketball tournament at the Grand Haven Furnace tappers, 36 to 24. The Holland boys, victors over the Grand Haven Buicks on Saturday night, got away to an early lead and the local boys were unable to overcome the advantage.

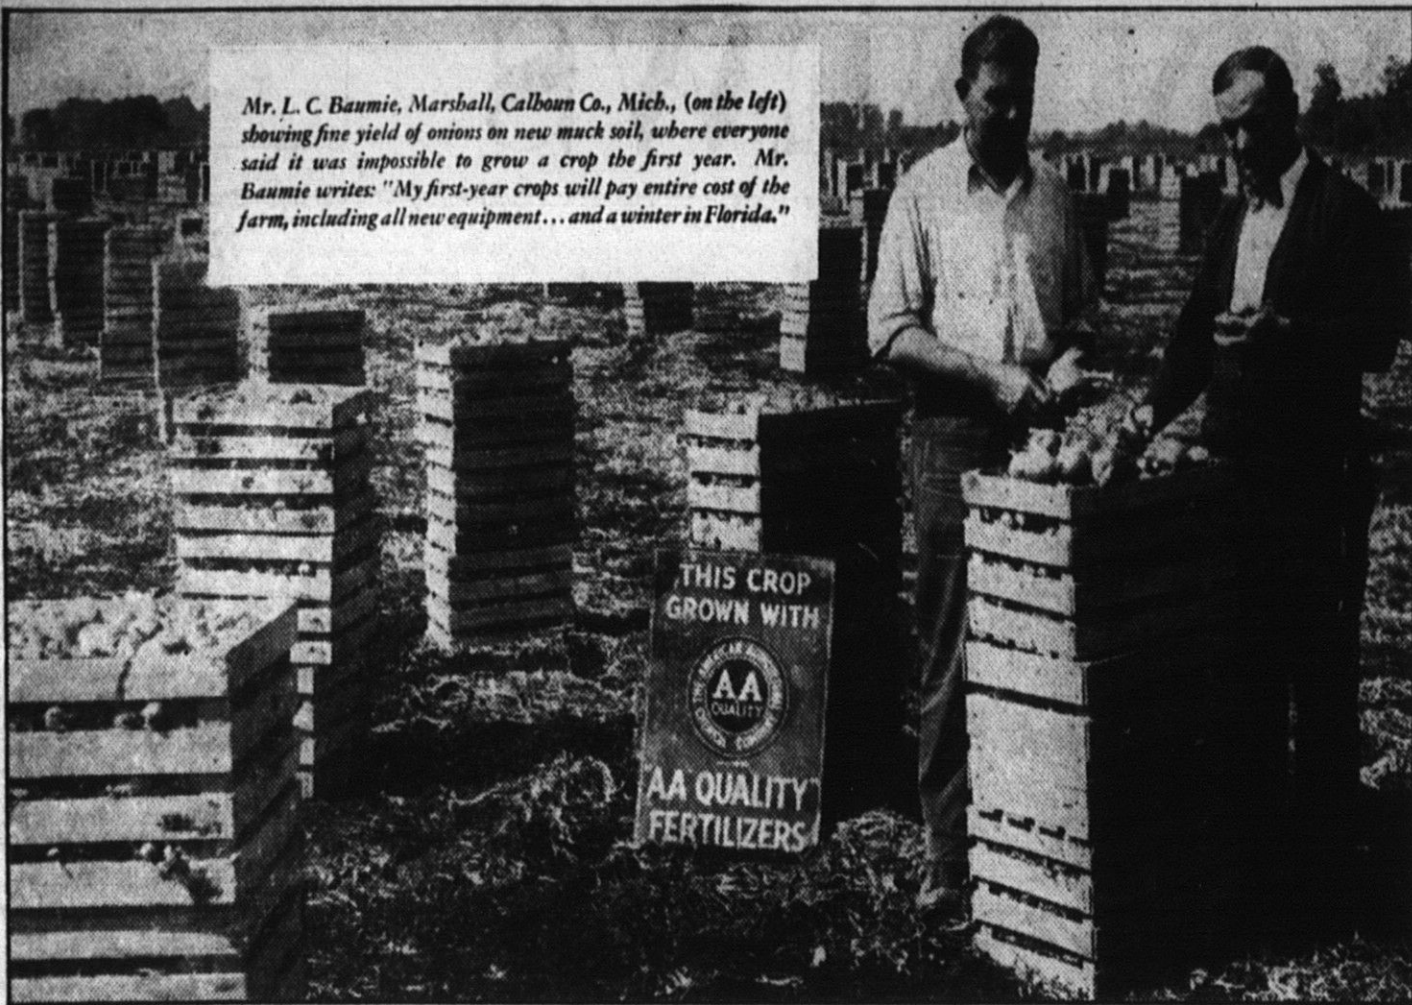

The Furnaces led at half time, 18 to 9. Smith led the Hollanders with 15 points while Bob Krause got eight for the Jacks.

The next team the Holland Furnaces encounter is the strong Grand Haven outfit on Thursday night. The Odds rolled up three impressive victories last week in the tournament and are thought to be a strong contender for the class A Independent title.

Mr. L. C. Baumie, Marshall, Calhoun Co., Mich., (on the left) showing fine yield of onions on new muck soil, where everyone said it was impossible to grow a crop the first year. Mr. Baumie writes: "My first-year crops will pay entire cost of the farm, including all new equipment... and a winter in Florida."

First Year's Crop Paid for Farm, New Equipment and a Trip to Florida

HERE are certified facts from nearby Michigan farmers telling how they make their farms pay. The following letter comes from Mr. L. C. Baumie, of Marshall, Calhoun Co., Mich. (Read also the other letters at the right.)

"A year ago I purchased a so-called worthless muckland swamp of 300 acres, most of it covered with small trees, brush, etc. Many people said it would be impossible to grow celery and onions on new muck.

"I cleared this wild land and got it ready for a crop. By thorough cultivation and a liberal application of 'AA QUALITY' Fertilizer, and in spite of about the worst drought ever experienced, I have 105 acres of onions, yielding 500 to 600 bushels per acre, and a fine field of late celery.

"These first-year crops will pay the entire cost of the farm, including all new equipment such as two tractors, plows, barrows, four trucks, large onion storage, etc., and I will still have sufficient cash left to spend the winter in Florida. Courage, hard work, and 'AA QUALITY' Fertilizer are my formula for successful farming." L. C. Baumie, (Sept. 29, 1930.)

Don't be content with ordinary yields and average profits when other farmers are getting results like this merely by investing a few dollars an acre in AGRICO and the other "AA QUALITY" Fertilizers.

Fertilizer is too important to buy so-called "cheap" goods. The better the fertilizer the bigger the yield—and the less the fertilizer costs you for each bushel of crop. It isn't the price of the fertilizer—it's the profit it produces that counts.

AGRICO, the premier "AA QUALITY" Fertilizer, is formulated from plant-food materials selected with scientific care and accuracy. In addition, AGRICO contains EXTRA plant-food elements which farmers themselves have found, in demonstrations on their own farms, play a vital part in producing more vigorous plant-growth and more profitable yields. The extra care with which AGRICO is made and the extra plant-food it contains are the factors that explain the extra profits made with AGRICO.

Try some AGRICO on at least a part of your crops this season without fail.

There is a brand of AGRICO for each crop. See your nearest "AA QUALITY" Fertilizer Dealer and place your order now, so as to have your Fertilizer when you need it. THE AMERICAN AGRICULTURAL CHEMICAL CO., P. O. Box 814, Detroit, Mich.

What Other Farmers Say

91 BU. OATS PER ACRE! Mr. John R. Strathairn, Charlevoix, Charlevoix Co., Mich., writes: "I used commercial fertilizer for the first time last year to keep my grain from lodging. The results were remarkable, because year 'AA QUALITY' goods produced 91 bu. of oats per acre, or a half more than I ever produced. I expect to use your fertilizers as long as I farm, though I have about 400 loads of manure every year to apply on my land." (Sept. 27, 1930.)

\$300 PER ACRE EXTRA CASH! Mr. Alex Badauer & Son, of Escanaba, Bay Co., Mich., writes: "AGRICO on tomatoes last season and this year only yielded 500 bu. per acre, 100 bu. above the local average, but it matured one week earlier and paid him \$50 a bu. premium. He sold his crop for \$1 per bu. AGRICO increased his income \$300 per acre above the local average. Mr. Badauer writes: 'We have used 'AA QUALITY' Fertilizer for the last 3 years and each year they give us profitable crops. We have used other makes of fertilizer, but did not get yields like we get with 'AA QUALITY' goods. Our tomatoes grown this year with AGRICO brought us \$500 an acre.'" (Sept. 27, 1930.)

\$400,000 A Year For State Fish

Stocking Michigan's 3580 inland lakes and more than 5000 miles of trout stream costs almost \$400,000 a year. But it is money well spent, for its returns are reflected in an increased tourist traffic and fishing satisfaction to 500,000 resident fishermen.

According to W. H. Loutit of Grand Haven, conservation commission chairman and leader in the "more fish" movement for Michigan, this year will be one of peak production of fingerling fishes. "I think that we have demonstrated that it is far better to plant fingerling fishes by the tens of thousands than to dump millions of immature fry into our waters," said Mr. Loutit. "And for this reason we plan a rather elaborate chain of rearing ponds all over the state so that the small fry can be held and fed until they reach a reasonable size before being liberated in wild waters."

HOW AND WHEN TO SPRAY FRUIT TREES COMING SPRING

The New 1931 Spraying Calendar Given By County Farm Agent Morley

Dormant Spray—Spring appears to be just around one of the corners and many are thinking of the dormant spray. The new 1931 Spraying Calendar issued last month, deserves a great deal of study. The chapter on oil sprays is especially unique, with tables for making stock mixtures, as well as quantities according to strength; also gives quantity to use according to size of supply tank.

Peach Dormant—For peach scale and curl leaf, use 12½ gallons of lime-sulphur or equivalent in other substitutes to make 100 gallon units. For curl leaf only, please note that the new calendar recommends lime-sulphur at 7 gallons in 100.

If lime-sulphur must be combined with home made oil emulsion for red mite and curl leaf, only 5 gallons of lime-sulphur should be used with 4½ gallons of stock emulsion to make 100 gallons of a 3% actual oil rating. Those who prefer to use Bordeaux with an oil should remember that 8-12-100 Bordeaux is necessary for curl leaf control and that the small amount of Bordeaux to make a Bordeaux emulsion is not sufficient to control peach leaf curl. The Bordeaux emulsion given in basic formula on page 10 of new Spray Calendar must be added to the 8-12-100 Bordeaux. Most manufactured brands are compatible with lime-sulphur or Bordeaux.

Follow the manufacturers recommendation, when not using a home mixed oil emulsion.

Control Lesser Peach Borer—The peach borer that works on trunk, crotch and limb area can be killed while trees are dormant. Paint on a mixture of 1 pound of paraffin-chloroform (borer crystals) dissolved in 2 quarts of raw cottonseed oil. Use only while trees are dormant. Use when air temperature out-of-doors is above 50 degrees F. See directions in 1931 Spray Calendar, page 32.

Apple Dormant—For leaf roller, red mite and scale control, oil must be used. If leaf roller is serious, use 8% actual oil, which means 12 gallons of home made stock emulsion to make up 100 gallons in the tank. Red mites require only 3% of actual oil, which is 4½ gallons of the stock emulsion. For commercial spray oil, follow manufacturers directions. If leaf roller or red mites are not serious, either scale strength, or scab strength lime-sulphur can be used as a delayed dormant.

Pear Dormant—Pear Psylla egg lay prevention and scale control must be done while trees are dormant and before psylla eggs are laid. Use a heavy spray oil of the Enarco or Atlantic Red Engine oil type, if making a home made emulsion. Follow directions of manufacturer if using a factory made spray oil.

Black Raspberry and Dewberry—As soon as the buds show green, spray for anthracnose, using 10 gallons lime-sulphur to make 100 gallons of solution.

SUNDAY SCHOOL LESSON

(By REV. F. B. FITZWATER, D.D., Member of Faculty, Moody Bible Institute of Chicago.)

Lesson for March 22

THE USE AND ABUSE OF GOD'S GIFTS. (Temperance Lesson)

GOLDEN TEXT—And be not drunk with wine, wherein is excess; but be filled with the Spirit. **LESSON TEXT**—Luke 12:13-48. **PRIMER TOPIC**—Jesus Tells Us How to Use God's Good Gifts. **JUNIOR TOPIC**—Jesus Tells Us How to Use God's Good Gifts. **INTERMEDIATE AND SENIOR TOPIC**—The Sin of Drunkenness and Gluttony. **YOUNG PEOPLE AND ADULT TOPIC**—The Enslaving Power of Strong Drink.

I. Warning Against Covetousness (vv. 13-15).

1. The occasion (v. 13). The occasion of this warning was the request of one of the company that Jesus be the umpire regarding a disputed estate. Two brothers were in trouble over an inheritance.

2. Jesus' reply (v. 14). He said, "Man, who made me a judge or a divider over you?" He refused to enter the sphere of the civil law. Christ's mission was pre-eminently spiritual.

3. The warning (v. 15). The clear implication is that if due attention is given to inculcating right principles in the hearts of the people, civic and economic problems will largely adjust themselves.

II. The Parable of a Rich Fool (vv. 16-21).

The parable of this rich planter shows clearly that to be concerned with earthly riches while neglecting God is the height of folly. Observe:

1. The increase of his goods (v. 16). This clearly implies that his riches were rightfully obtained, for the ground brought forth plentifully. This shows that a man may be rich because of the Lord's blessing upon him.

2. His perplexity (v. 17). His land was producing more than his barns would hold. He was at a loss to know what to do. No thrifty man wants to see his legitimate fruits of his toil perish. If he had possessed right views of life and a sense of stewardship before God, he would have seen that his barns had enough for his personal needs and then have distributed the surplus to the needy.

3. His fatal choice (vv. 18, 19). He chose to enlarge his barns and give up his life to ease and luxury. He made his plans without consulting God.

4. His awful indictment (vv. 20, 21). God called him a fool. His plans were cut short by an immediate death sentence.

III. The Certain Cure for Anxiety (vv. 22-34).

Having shown the folly of rich men who gained gold and lost God, Jesus now urged the disciples to trust God and dismiss all anxious care.

1. The argument (vv. 22, 23). It is summed up in one brief sentence: "The life is more than meat and body is more than raiment."

2. The illustrations (vv. 24-28). (a) God's care for the fowls (v. 24-26). The ravens do not sow nor reap. They have not storehouse nor barn yet they live, for God feeds them. If God does not forget the fowls, certainly he will do more for his children. (b) God's care for the flowers of the field (v. 27, 28). If God is so careful of the flowers which appear but for a day, how much more will he clothe his children?

3. The exhortations (vv. 29-34). (a) The getting of food and clothes should not be man's chief concern. (b) Seek the kingdom of God (v. 31). Those who make God's kingdom first shall have all their needs supplied (Phil. 4:19). (c) Be not afraid (v. 32). God's good pleasure is upon his own, and all good things he will give. (d) Practice self-denial in order to be able to give gifts to those in need (v. 33, 34).

IV. Be Ready for the Coming of the Lord (vv. 35-48).

Having warned the disciples against the acquisition of worldly goods while forgetting God, and shown them the needlessness of anxiety for food and clothing, he showed them the blessedness of being in a state of readiness when the Lord shall come. This attitude of heart he made clear by two parables:

1. That of the returning lord (vv. 35-37). The Lord will be so pleased with those who are waiting for him that he will take delight in sitting at the banquet with them and even serving them.

2. The thief in the night (vv. 38-40). This parable shows that the time of the Lord's coming is not known. The proper thing is to be ready at all times.

3. Reward will be given to the faithful (vv. 41-48). The faithful servant will be promoted at the coming of the Lord. A faithful servant will be met out upon the faithful servant.

Grand Rapids Press.—For the third consecutive year the girls of Zeeland High school have captured the valedictory honors in the senior class selections, with Miss Alice Katte awarded the place this year. The boys gave the girls a close race with James Johnson selected as salutatorian. Both have exceptional records in scholastic and extra-curricular work during their four years in school.

Miss Katte's scholastic average for the four years was 97.33, 44 lower than the record established by Miss H. Clark, last year's valedictorian.

In her high school life Miss Katte has set an exceptional example. While a freshman she was a member of the debating team that competed against Royal Oak in the state final at Ann Arbor. She has been a member of the debating team all four years in school and each year she has aided her team in winning the coveted wall plaque given by the state after placing in the elimination debates. She also has been a member of the girls' glee club four years. The club won the state class C title at the music contest in Ann Arbor last June. She served this organization as librarian when she was a sophomore and as president in her senior year. In her freshman year she was a member of the Frosh Pep club. She also has been the star forward on the girls basketball team, on which she played four years, and she received the school's major letter in athletics.

With the organization of the G. W. Reserves she became a member as a sophomore and now is serving the organization, the largest in school, in the capacity of vice-president. She became a member of the student council as a sophomore, was elected editor for the council and received the presidency when a junior. This is the highest office a student can hold in the local school.

In her second year in school Miss Katte was elected to the highest honor her class could give her, that of president. This position she held again in her junior year. While a sophomore she won first place in

both the subdistrict and district declamation contests. As a junior she entered the Ottawa county Bible oratory contests and won first place in both the local and the district meets. She was a member of the junior class play cast and an associate editor of the high school annual. In her junior year Miss Katte was awarded a membership in the National Honor society. She did not cease her extra-curricular work as a senior as she accepted the presidency of the Girls' Glee Club, vice-presidency of the Girls' Reserves, literary editorship of the school news published weekly in the local newspaper. She took the lead in the senior play, besides taking part in debating, athletics and many other school activities. She also is a member of the Varsity Letter club and is considered an all-around girl by her many friends. Johnson, the salutatorian, also engaged in athletics, having received the minor Z in his last two years in school as a member of the basketball team. He was treasurer of his class when a junior, is a member of the French and Science clubs, took part in the senior play and was business manager of the junior play. As a junior he received a membership in the National Honor society.

Miss Katte is the daughter of Mr. and Mrs. John Katte and Johnson is the son of Mr. and Mrs. Albert Johnson, sr., both of Zeeland. Girls placed third and fourth in the class, with Miss Myrtle Meyer having an average of 94.53 and Miss Marie Kroeze with 93.96. There are 37 members in the 1931 class and the class average is unusually high, 87.89.

La Verne Dale, nine-months-old son of John Kraai, died Monday afternoon at the home of his grandparents, Mr. and Mrs. Thos Kraai, 47 Cherry street, Zeeland. The child is survived by his father, three sisters, Winifred, Crystal and Noraine, also his grandparents, Mr. and Mrs. Thomas Kaai and A. Noorthuis. Funeral services were held Wednesday afternoon at two o'clock at the home of Mr. and Mrs. T. Kraai. Rev. William Hendriksen, pastor of the Third Christian Reformed church, officiated. THE HOBBO and the HAND-OUT

SOME thoughtless people entertain the idea that when a bank is approached for accommodation it should be prepared to extend the same irrespective of the merits of the case—just as a thoughtless hand-out is given to the casual hobo.

BUT before extending accommodation conservative banks desire a thorough acquaintance with the borrower. Such an acquaintance is best made through an account with the bank, whereby it becomes familiar with the business and financial habits of the future borrower.
