The Hope College Symphonette, under the direction of Dr. Morette Rider, has scheduled a Midwestern tour, giving concerts in the states of Illinois, Iowa, Nebraska, Kansas, Colorado, South Dakota, and Minnesota.

Dr. Rider said that the group of 28 musicians, selected each year from the regular 60-piece college orchestra, will leave Holland on March 25 and return on April 5. The first concert will be presented in Morrison, Ill. and will be followed by concerts in Wellsburg, Iowa; Holland, Neb.; Prairie View, Kans.; Denver, Colo.; Rapid City, S. D.; Edgerton, Minn. and Waterloo, Iowa.

Featured soloist with the Symphonette will be Miss Jantina Holleman, Assistant Professor in Hope College Music Department, who is a native of Springfield, S. D.

Last year, the Symphonette made a highly successful tour covering the states of Ohio, Pennsylvania, Delaware, New Jersey and New York. Organized by Dr. Rider in 1953, the group has played more than 50 concerts in 15 states and Canada and has been given wide recognition by newspapers and professional music journals. In 1957, on the invitation of Dr. Howard Hanson, the group appeared in concert at the Eastman School of Music.

## Houtman Will Leave Postal Job

### Assistant Postmaster Will Take Over As Tulip Time Director

Sipp H. Houtman, who has served as assistant postmaster at Holland post office for the last 2½ years, is retiring from his civil service post effective April 1, ending 42 years of service with the post office department.

Before becoming assistant postmaster under Postmaster Harry Kramer, he served as superintendent of mails for 13 years, and previously was on parcel post delivery.

Houtman's first assignment in the local post office was delivering parcels with a horse and wagon in 1916. Some weeks ago he had the privilege of flying in a helicopter that carried mail over New York City. This attests to the great changes in the 42-year span.

As a boy, Houtman often went to the post office for money orders — a common procedure when a good share of the paycheck went to the mail order houses. The post office at that time was just east of Woolworth's and he invariably stopped at the lumber mill on the present post office site for kite sticks. In 1913 the mill was torn down and the young fry bectme sidewalk superintendents for the big new post office on the site. That first year, postal receipts in the new building amounted to \$46,000. In 1957 receipts were \$462,000, yet in spite of the huge increases of business in the 42 years, there was no increase of work space until construction was begun a few months ago on an addition which is to be completed by Aug. 1.

In the horse and buggy days, Holland post office had 12 rural carriers covering an area now covered by five routes. Policies call for city delivery when a rural area has half of its potential homesites occupied. Consequently, the post office now has 23 city delivery routes, four of them served by auto. There are seven government-owned trucks delivering mail to outlying factories, parcel post and special delivery mail to residential areas, as well as relaying loads of mail to storage boxes for foot carriers.

Houtman feels that postal service has deteriorated in some phases the last few years, due mainly to discontinuing railway passenger runs. A changing world carries with it new and different problems not always easily solved, but while life in a democracy may not be the most efficient kind of government, Houtman says no better system has been found.

Houtman is taking over as Tulip Time manager this year. He is retiring at 61 instead of 65 since after 42 years he is entitled to 80 percent of his salary. In addition to Tulip Time, he will be able to do a lot of fishing for the rainbow trout in northern Michigan waters.

## Police Ticket Driver In 3-Truck Accident

George E. Farwell, 25, of 297 West 22nd St., was ticketed by Holland police for making an improper left turn as the result of an accident involving three trucks this morning at 7 a.m. at the intersection of 32nd St. and State St.

Police said Farwell, headed south on State St., made a left turn in front of a pickup truck driven by Henry M. Nyhof, 24, of route 3, Holland, going north on State St. After the collision, police said, Farwell's milk truck ran into the parking lot at the Ray Smith Oil Co. to collide with one of Smith's semi-trailers.

Officers estimated the damage to Farwell's 1957 truck at \$500, the damage to Nyhof's 1946 pickup at \$150, and the damage to the semi at \$50.

## Federal Not Committed, PTA Contends

Federal school district is not committed to the proposed north-side consolidation study, although parents of six of the nine eighth graders have petitioned the board to have their children attend Beechwood ninth grade next year, Elmer Atman, Federal PTA president, said today.

He explained that the Federal school board on request of the parents of the six pupils has notified Beechwood school of this plan. The communication of the Federal board to Beechwood related the information that Jack Nieboer and Herman Kragt will represent the Federal district in the northside study, but Atman said this does not represent a commitment since the school board also is studying annexation to Holland city and is willing to study plans affecting districts to the south and east.

The Federal PTA is spearheading the program for annexation to the city. The Federal school board several weeks ago informed parents of eighth graders they would pay tuition to any district which the parents designated for their ninth graders next year, and parents of six students favored the Beechwood plan which would provide ninth grade facilities for several districts, north of the river, for one year only.

Atman contends that the clarification as it affects the six students does not constitute a formal agreement.

The Federal PTA was the initiating force in the annexation program and petitions bearing the necessary number of signatures asking for an election have been turned in to the county clerk in Grand Haven. The Ottawa County Board of Supervisors is expected to take action March 24.

## Man Bound Over On Examination

GRAND HAVEN (Special) — Ralph M. Lindley, 18, Marne, was bound over to the Ottawa Circuit Court on a charge of breaking and entering in the night time, following examination before Justice Lawrence DeWitt Monday afternoon. He furnished \$1,000 bond.

Lindley, together with Daniel Wallace Harrison, 17, also of Marne, was arrested after allegedly entering a garage building on old US-16 in Wright township March 3. A quantity of automobile accessories was taken.

Harrison waived examination when arraigned in Justice Court and is also to appear April 1 in Circuit Court. He also furnished \$1,000 bond.

Harrison testified Monday as to the part Lindley played in the case. Richard Vander Veen, owner of the garage, listed the number of the items that were missing, which included a full set of hub caps, two mirrors, a spotlight, four quarts of oil and a gallon of anti-freeze.

## Council Acts To Condemn Local Garage

### Hobek Property Felt Badly Needed for Additional Parking Area

On recommendation of Mayor Robert Visscher, City Council Wednesday night authorized City Attorney James E. Townsend to draft resolutions condemning property occupied by Maycroft and MacEachron Motor Sales at 16 West Seventh St. for much needed parking area for business establishments on the north side of Eighth St. between River and Central Aves.

Mayor Visscher explained that negotiations with the Hobek estate, owner of the property, had failed to produce results over a period of several months, and he felt that condemnation proceedings would be in the best interests of Holland. He pointed out that one large store, a theater and a former restaurant currently are vacant in that block, and he felt that limited parking in the immediate area was a factor in not getting new tenants. He said he had been under considerable pressure by merchants and business leaders to improve the parking situation.

Motion to have the city attorney proceed with the necessary resolutions was made by Councilman Ernest Phillips, seconded by Councilman John Van Eerden. Council passed the motion unanimously.

In other business, the mayor was authorized to appoint Council representatives to a committee to investigate whether Little Netherlands, the miniature Dutch village at 13th and Central, should be refurbished and continued as a tourist attraction during the summer. The request came from the Tulip Time board, asking Council representatives to meet with representatives of other groups to study the matter.

City Attorney Townsend reported that all the annexation bills before legislature two weeks ago on which City Council passed resolutions recommending certain action, had either died in committee or had been voted down on the floor.

A recommendation from Councilman Robert Kouw to investigate possibilities of widening West 15th St. between Pine and Maple Aves. was referred to the city engineer for study. Kouw said this block is in constant use for parking for Holland High School and he felt a wider street would aid traffic movement.

A report by City Manager Herb Holt revealed a recent state ruling which would necessitate removal of the overhead mid-block crosswalk signs on Eighth St. in Holland. Council referred the State Highway communication to the city attorney for study and report.

Council denied a request for a 45-foot curb cut on the northeast corner of 17th St. and Columbia Ave., site of a new establishment. Attention was called to the city code which prohibits parking within 20 feet of an intersection and to the Automobile Club study recommending that all angle parking on major streets be eliminated.

Council adopted a resolution naming Peoples State Bank of Holland as paying agent on the Paving Special Assessment bonds, series 1957, in keeping with a recommendation by bonding attorneys.

Council approved an agreement with the Insurance Audit and Inspection Co. for insurance service for the year beginning March 9 at an annual fee of \$250.

Letters were read from House Speaker George Van Peursem and Sen. Clyde H. Geerlings, acknowledging receipt of Council's comments on pending legislation.

A claim from R. H. Koolstra for damage to his car by a BPW truck was referred to the city attorney and insurance Co.

City Clerk Clarence Greengood read a communication from Claude H. Stevens, who had been retained as a bonding attorney for certain projects, together with Mr. Thompson are being affiliated with the firm of Dickinson, Wright, Davis, McKean and Cudlip effective April 1, with Stevens in active charge of the municipal bond practice of the firm.

Consideration of bids on the Civic Center lighting project which had been tabled at the last meeting were tabled again until the next meeting.

There was no comment on informal meetings, a subject which had been tabled at the last meeting.

Some transfers were okayed within budget adjustments for the street department.

The Hospital Board announced the following gifts: Hospital Auxiliary from proceeds of the coffee shop, one oxygen tent, \$550, and one flower cart, \$80; from Christian Reformed Unit, one oxygen tent, \$550. The gifts were accepted with thanks.

Councilman William Heeringa introduced two subjects, one seeking consideration for future paving of River Ave. south of 26th St., and the other accommodations for a public rest room on Eighth St.

**SPRING IS HERE** — It's been a long, hard winter in Holland, but even the snow on the ground this morning couldn't hide the fact that today marks the first day of spring. Besides, there are such certain harbingers as children flying their kites on the gusty breezes. Above, six-year-old Becky Schwarz, watches in awe as brother Billy, 8, maneuvers his wheeling kite in the sky. They are the children of Mr. and Mrs. Frank Schwarz, 231 West 23rd St. In the background can be seen another sign of spring, as trackmen from Holland High and Hope College limber up at the 22nd St. athletic field.

## Maplewood Petitions Set Next Week

Petitions for annexing the greater part of Maplewood school district to Holland city will be circulated next week, the Maplewood Area Citizens Committee was informed at a meeting in Maplewood School Tuesday night. Progress reports were given by Co-Chairmen Arthur Schwartz and George Bishop.

Petitions are now being printed and will be available for distribution at a meeting for volunteers Monday at 7 p.m. in the school at which time final instructions will be given. Petitions will be circulated Tuesday and Wednesday, seeking signatures of at least 35 per cent of the property owners in the area to be annexed and at least 1 per cent of registered voters and freeholders in the remainder of Fillmore township and in Holland city.

All petitions will be turned in Thursday night, and on Friday, March 28, the committee will request an election date to coincide with elections to be held in Apple Avenue district, Federal district and Montello Park district, presumably early in June.

Lloyd Anderson, Al Brewster and Donald Reek head the committee lining up workers to circulate petitions.

Boundaries of the area proposed for annexation include 90 per cent of the assessed valuation of the Maplewood school district. The area does not include the village of Graafschap.

After petitions are filed in Lansing, the Maplewood Citizens committee plans an information campaign including block meetings and personal visitations in the hope of contacting every registered voter in the proposed area.

**FIRST BOAT DOCKS** — Signalling the opening of another busy season on Lake Macatawa, the gasoline tanker "Michigan" Wednesday picked her way carefully through the ice to become the first commercial vessel to dock at Holland this year. The boat followed the path cut through the ice just the day before by the Coast Guard Cutter "Woodbine."

but still had a little difficulty when it came to swinging into the dock. Expert maneuvering by Captain James Fitch of Holland, however, brought her in neatly at 12:30 p.m. It won't be long now before all that ice disappears from the lake under the warm spring sun. The tanker left early today.

# At Least 20 Floats for Tulip Time

Gov. Williams Again Invited to Opening Ceremonies May 14

There will be from 20 to 23 floats in the Tulip Time Saturday parade this year compared to 14 a year ago. Float Chairman Wilbur Cobb reported at the festival committee meeting in Civic Center Tuesday.

Cobb also paid tribute to the excellent manner in which last year's chairman, Dave Hansen, re-created interest in floats and efficient established procedures to make work this year far more effective.

Floats definitely promised so far include Realtors Association, Camp Fire Girls, Restaurants, Allegan County Fair, Chamber of Commerce, Downtown Merchants, Drug Stores, Dairy Industry, Beta Sigma Chi Sorority, St. Francis De Sales Church, AFL-CIO labor group of Michigan.

Gov. G. Mennen Williams again will be invited to participate in street scrubbing ceremonies on Wednesday, May 14, together with the lieutenant governor and the legislature. A hospitality committee will consist of Willard C. Wickers, chairman, Robert Kow and Nelson Bosman. The plan is to invite special guests to stop in Civic Center after the Wednesday parade for a friendly coffee kletz.

Paul Winchester of the Street Scrubber committee reported that new jokes are being made through the facilities of Chris Craft Co., the high school manual training department and the Globe Carving Works. Many new costumes are under contract and organizations are responding nicely to the request for scrubbers. Winchester requests all interested individuals or groups wanting to take part to contact him at once.

Miss Margaret Van Vyven reported for Childrens Parade Chairman Russel Welch that Conrad Eckstrom will be marshal for the Thursday parade. She said that 10 schools are pledged to participate and more would probably apply later. Each school will receive \$15 to be used for a class project. This plan replaces the entertainment after the parade which was provided last year. There will be prizes for the school having the highest participation and also for each room having 100 per cent of its pupils in the parade.

Harold J. Karsten stated that plans for the band review and Tulip Time Varieties are complete. He estimates that well over 40 bands will take part. P. T. Cheff, who just returned from a trip through the south, conveyed the information that the national champion high school band of Columbia, Tenn. desires to come here for the festival at their own expense. Karsten explained that he has had many similar requests but that there is not room for all the bands that want to participate.

The long range policy on Little Neherlands exhibit was discussed at length. The potential existing in a high grade attraction for summer tourists who could be induced to stop in Holland rather than by-passing the town was brought out. However, it was felt that this was a problem for the entire community, not for the Tulip Time Committee alone.

A committee consisting of Larry Wade, Robert Kow, Willard Wickers and Festival Manager S. H. Houtman will call together representatives of City Council, the Chamber of Commerce, the Merchants Association, the Netherlands Museum control board and other interested groups.

All other committee chairmen reported that plans were in order for an outstanding festival program. Present at the meeting were Mrs. F. W. Stanton, Miss Van Vyven, Bertal Slaght, Dick Smallegang, Paul Winchester, Clifford Marcus, Willard Wickers, Nelson Bosman, Wilbur Cobb, William Karsten, William H. Vande Water, Chairman Vern Rudolph and Manager Houtman.

Prosecutor James W. Bussard represented the attorney general's office at the hearings.

A request from Gordon Van Herwyn, 22, of 60 East 16th St., Holland, for restoration of his operator's license was denied. Van Herwyn's license had been revoked until Feb. 20, 1959, following two previous suspensions for being habitually negligent. He may apply for another hearing Aug. 1, 1958.

A request from Marjorie Eunice Tickner, Spring Lake, also was denied. She had signed a driving agreement last Dec. 9 which would automatically suspend her license for two months starting April 1. She also was on probation for 60 days and had been driving on a 20-day permit issued March 11.

## Inter-City Bus Service Possible

**ALLEGAN (Special)** — Restoration of bus service between Holland and Kalamazoo is a definite possibility, according to P. H. Beauvais, Allegan city manager who has been working on a committee made up of representatives of Holland, Otsego, Plainwell and Allegan.

Beauvais reported that the committee would meet Thursday to consider a tentative proposal from the Indiana Motor Bus Company to provide twice daily runs between the two points.

Under the terms of the tentative agreement, the cities served would guarantee the bus company 35 cents per mile and if revenue did not meet this figure, the cities would be asked to share in the cost on a pro-rata basis.

Holland has had no east-west bus service for several years and the Allegan to Kalamazoo run was halted last fall by the Peoples Rapid Transit bus company. Since then, the firm has run one bus a week, on Sundays, between Holland and Kalamazoo, to maintain its franchise.

The city has proposed construction of two generating plants on a city-owned island in the Grand River at a cost of \$4,800,000.

## Sailing Date To Be June 7

The sailing date for the Vienna Summer School of Hope College has been changed from June 14 to June 7. As a result, the group will arrive in Europe a full eight days ahead of the date originally scheduled.

Dr. Paul Fried, director of the European program, announced that the study tour would be extended by several days to include a visit to the Normandy Beaches where American troops landed in World War II, more time in rural France, and attendance at a typical folk festival in a small German village. The new dates will also make it possible for the group to arrive in Vienna in time for the annual Fourth of July celebration at the American Embassy and will give students a week end to settle in their new homes before classes begin.

The original schedule had to be changed because the Neptune, on which the Hope group held reservations, has been withdrawn from the Atlantic sailings for this summer. The Greek Line has replaced her with the much larger S.S. Arcadia. The Arcadia will sail from Montreal on June 7 and will arrive in Cherbourg on June 15.

For the return trip, students will have the choice of leaving Cherbourg, France on Aug. 26 on the Arcadia, arriving in Montreal Sept. 2, or departing from Liverpool, England on Aug. 25 on the Columbia, which is scheduled to arrive in Quebec on Sept. 3. As a result of the changes in ships and departure dates, it has also been possible to extend the deadline for registration. Since the final passenger lists have not been made up, students wishing to do so still have an opportunity to register for the European program by seeing Dr. Fried as soon as possible. With the new dates, the total length of the program will be just four days short of three months.

Holland's foreign language program is regarded as the most outstanding program in the state of Michigan and visitors from other schools come to Holland at an average of once a week. Holland's program is the oldest one in operation and the first to move in a continuous program from the elementary to the junior high and high school levels.

## Horizonettes Plan Progressive Dinner

## Please Watch Your Step on Tulip Lanes

Please don't step on the tulips. Park Supt. Dick Smallegang pointed out today that this is the critical time when tulips need kind treatment. Most bulbs are up an inch to three inches along tulip lane, and persons getting into and out of cars are asked to proceed with care.

So far, conditions have been exceptionally good. The huge piles of snow not only protected the tulips throughout a cold hard season, but has provided much needed moisture. Slow thawing conditions put water into the ground rather than running off entirely into the street drains.

## 10 Districts Approve 9th Grade Plan

By the March 17 deadline, 10 school districts had contacted the Beechwood school board, favoring the recommendations of the Suburban School Study Committee.

Each of the 10 school boards involved in the study, has presented a resolution favoring the education of ninth grade students as outlined by the Committee.

This plan provides for the housing of ninth grade students in the Beechwood schools, with the understanding that the districts involved shall, as soon as possible, move towards reorganization to provide a complete 12-grade program.

This plan has been endorsed by the Beechwood board of education and will be presented to its electors in early April. Many of the districts have also reported willingness on the part of local school groups to assist in raising funds to buy necessary equipment, such as home economics and shop accessories.

The West Olive board of education reports that it will send ninth grade pupils to Grand Haven High School as in the past, but that they wish to be included in future reorganization plans. Work is in progress for the legal aspects of reorganization. This information will be made public at meetings throughout the area.

The districts involved are Ventura, Lakewood, Federal, West Crisp, Waverly, Pine Creek, Waukazoo, Robart, North Holland, Harlem and Beechwood.

These results were revealed at a meeting Tuesday night of the publicity committee of the Suburban School Study Committee.

## Holland Man Aids Zuverink

George Zuverink received some help from a former Holland resident during the past week while working out at Scottsdale, Ariz., training camp of the Baltimore Orioles.

Zuverink was bothered by a vertebra that seemed "to be out of whack" and it bothered his neck and shoulder when he pitched. So Zuverink went to William G. Henderson, former Holland chiropractor, and was given some ultra-sonic heat treatments.

The right-hander reported the treatments helped and his neck and shoulders don't ache when he is throwing. Don Ferrarese, another Oriole, has had the same treatment and reported similar success.

The Orioles have released official statistics on team members and Zuverink's six-year major league record is 30 wins and 33 defeats. He has had the most success against the Chicago White Sox, winning eight and losing three. The Yanks have given him the most trouble and he has a 1-5 mark.

Against Detroit, Zuverink is 4-3; Baltimore, 2-2; Boston, 5-4; Cleveland, 2-4; Philadelphia, 1-2 and Kansas City, 3-5.

## Large Audience Acclaims Artistry of Tiny Pianist

## After Tulips, Please Plant Marigolds

Planting dwarf marigolds in tulip lanes after tulips have quit blooming will be promoted this year by the Holland Council for Civic Beauty, according to action taken at a meeting Thursday night in the band room of City Hall. President Arthur Schwartz presided.

Decision to promote marigolds came after a discussion on different types of flowers or ornamental plants. Previously the planting of petunias had been promoted, but the council turned to marigolds on advice of Park Supt. Dick Smallenburg who said marigolds are more uniform, easier to grow and require less care than the petunias which often end up in tangled masses or don't do well at all.

Marigolds can be planted either by seed or stock. If planted by seed, planting may be done before tulips are cut down, but if stock is used, the tulips should be completely dried and cut down. The bulbs are not removed.

Reports also were given on the free garden and landscape clinic which will be staged March 27 in Civic Center sponsored by a number of state, county and local organizations including the Council for Civic Beauty. Soil testing will be done throughout the day at Civic Center, and other program features are scheduled in the afternoon and evening.

Plans also are underway to have a tulip planting on the bypass, possibly near the M-21 and US-31 junction. Permission is being sought from the state, and arrangements for bulbs already have begun.

The council also is encouraging the planting of flowering shrubs on all school grounds, suggesting this as separate PTA projects, possibly on Arbor Day. Progress in screening the dump on the north side also was reported. In this project, the township board is cooperating with the new county park department.

## Two Slightly Hurt in Crash

Two persons were slightly injured in a two-car collision Friday at 7:35 p.m. at the corner of Seventh St. and River Ave.

Calvin G. Rozeboom, 22, of 1709 Washington Ave., driver of one of the cars, received a back injury. His wife, Beatrice, 22, was treated at Holland Hospital for shock and released.

Holland police said a car driven by Mrs. Audrey Fredricks, 43, of 77 East 29th St., was parked on Seventh St., waiting for the light and the car driven by Rozeboom was making a right turn onto Seventh St. from River Ave.

Then, Rozeboom told police, two children ran in front of his car, and when he swerved to avoid them, he collided with the Fredricks car.

Police estimated the damage to Rozeboom's 1956 model at \$250, and the damage to Mrs. Fredricks' 1955 model at \$200.

## VFW Auxiliary Has Regular Meeting

Routine business occupied members of the Veterans of Foreign Wars Auxiliary at their regular meeting Thursday evening in VFW hall.

Announcement was made of a school of instruction for new officers to be held in Holland May 15 and plans were completed for a card party to be held next Tuesday in the hall. Mrs. Peter Borchers was appointed chairman for the annual Poppy Day to be held the Saturday before Memorial Day.

Announcement was made of the flag which was presented to Van Raalte school from the Auxiliary. The presentation was made by Mrs. Clifford Dengler on March 5. Two new members were initiated.

Election of new officers will feature the next meeting March 27. Refreshments were served by Mrs. Ray Busch and Mrs. Jerome Purcell.

A deeply attentive audience was enthralled with the performance of Concert Pianist Ruth Slenczynska who appeared in Civic Center Friday night as the sixth attraction of the current Civic Music Association series.

The tiny Miss Slenczynska, who appeared more like a child than an adult, left no doubt in the mind of her Holland audience that she is a true virtuoso of the piano.

And while the artist demonstrated nearly every mood possible on the keyboard, it was evident that her spirited interpretations of the many old masters were most popular with her audience.

Particularly well received were the Liszt variations on a Paganini theme, and the audience was delighted when Miss Slenczynska included some further variations in one of her several encores. Works by Paganini have always challenged true artists, be they violinists or pianists, and through the years Paganini's 24th caprice has been a choice favorite for new interpretations by composers and performers.

Miss Slenczynska's simpler offerings by Chopin and Mendelssohn were also well received by the almost capacity audience, and her interpretations of a Bach fugue and a Beethoven sonata were particularly popular with the more experienced musicians. To round out her program she included several contemporary folk dances by Bela Bartok and a Tcherenepin polka which demonstrated some fine dissonances which sounded scrambled up to the less experienced ear.

Of equal interest was the artist's life story starting with a fabulous recognition as a child prodigy at the age of four, and international acclaim at the age of six. Her comeback a few years ago after 12 years of self imposed retirement to display again the genius of her talent has been the subject of innumerable magazine and newspaper articles as well as TV programs and a new book released in 1957.

Holland's seventh and last concert for the 1957-58 season will feature Blanche Thebom April 8 in Civic Center.

## Junior High School Has Prayer Day Assembly

Under the direction of Larrick Clark, the ninth grade Girls' Glee Club gave a choral reading of Psalm 66 on Wednesday. They also sang several hymns, accompanied by the eighth grade orchestra, led by Carleton Kelch.

After a prayer by Leon Decker, Miss Bernice Bishop talked on the meaning of the observance of Prayer Day. She described the founding of Holland in 1847, showing the conditions in the Netherlands which led the Dutch to immigrate.

She described the long journey by ship, canal boat, carts and sled, which ended here on the shore of the lake. She then told of some of the happenings and important milestones of the first few years.

After noting what the Dutch settlers and their descendants have accomplished in Holland, she pointed out that the future of this community and the answers to its problems were in the hands of those who were now students.

Steady improvement, a sign of potential, has Coach Tom Carey and Holland officials optimistic about future basketball success after hanging this sign on the Holland eighth grade basketball team.

The eighth graders, according to Carey, who completed his first season of basketball coaching, should develop into "good ball players."

They won two and lost three during the past season with wins being scored over Zeeland Christian and Wayland. Losses were administered by Grand Haven twice and Wayland.

Holland made 31 per cent of its field goals but didn't shoot much, Carey reported. Jim Bouwman was the team's high point man with a nine point game average while Chad Kolean was second high.

Jack Vander Broek, an outstanding floor player, was picked as the team's most valuable. Tom Bouwman was picked by his mates as captain and Don Scholten was selected as the most improved player.

## GOP Women Hear Michigan Vice President

Mrs. Ella Koeze of Grand Rapids, vice chairman of the Republican State Central Committee, strongly urged Republican women in this area to join in a statewide campaign to enroll more Republicans for the 1958 elections.

Mrs. Koeze promoted this plan at a morning coffee Wednesday in the home of Mrs. Wendell A. Miles, 272 West 14th St., for the South Ottawa Women's Republican Club. Assisting Mrs. Miles were Mrs. Bruce M. Raymond, Mrs. Riemer Van Til and Mrs. Gerald Van Wyke.

Mrs. Koeze suggested a survey of poll books to determine not only those not registered but those who did not vote in regular elections, even in Presidential elections. She urged strong effort in view of the fact that U.S. Sen. Charles E. Potter is the lone Republican major office holder in this state.

She pointed to the moral decay which organizations such as the South Ottawa club must combat and pointed to civic duties and the inherited responsibilities toward the government.

## Chest Board Told About Prestatie Huis

A review of activities at Prestatie Huis (achievement house for retarded children) was given at a monthly meeting of the Holland Community Chest board Thursday afternoon in Peoples State Bank.

The board has adopted a policy of having a report by one of the 12 agencies connected with the local chest at each of the monthly meetings.

Steven Van Grouw, temporary director of Prestatie Huis while Mary Rhoades is in Detroit for graduate study on social work, gave a brief history of the work which started some years ago when parents of a retarded child approached Edwin Raphael, then chairman of the Community Chest.

At present, 10 children are enrolled in the half-day sessions, and plans call for full day sessions soon. During the first semester, 33 Hope college students have been working on a volunteer basis. Of the 33, 14 are men and 19 girls, most of them in social work but not necessarily so.

It was reported that mothers of the children enrolled assist in cleaning Prestatie Huis. Recent gifts have included a 16 millimeter projector with sound, a hi-fi record player and various other equipment. Plans call for installing climbing bars on the small playground this summer. John Fonger, liaison member for Prestatie Huis, reported that fresh paint on the interior would improve the building. Consideration also is being given to the floors.

In other business, the board approved requests of the Salvation Army for \$900, which brings appropriations so far this year to \$3,700 out of a total apportionment of \$6,500; Red Cross, \$10,000 which is half of the \$20,000 apportionment; Muskegon Area Child Guidance Clinic, \$2,000, out of a total apportionment of \$3,737. The Salvation Army request dealt mainly with the need of a new furnace and possible discounts.

The board considers written requests for funds from the 12 agencies it serves at each monthly meeting.

## GOOD TASTE IN PUBLICITY

It is not hard to sympathize with  
Randolph Churchill, Sir Winston's  
son, when he objected to a question  
asked him by John Wingate, for a  
TV program. The interviewer  
quizzed the British visitor in New  
York about the recent arrest of his  
sister Sarah on public drunkenness  
charges.

When the question was put, the  
younger Churchill "blew his top."  
Said he: "I would not ask you  
questions about your father — I  
don't know if you have a father,  
Or if you know who he is."

The British visitor unquestion-  
ably had a point. There is, or  
should be, such a thing as good  
taste even in publicity. Reporters,  
under the tremendous pressures of  
public curiosity about people in the  
news, do not always observe the  
rules of the social amenities that  
have come to be regarded as hav-  
ing a social, if not a legal, status.

But something should be said for  
the reporter as well. If all the re-  
porters had ignored Randolph  
Churchill during his visit to New  
York, if they had not so much as  
mentioned his name, he would  
have been mortally offended. He  
would have felt in his heart, per-  
haps he would even have said so  
in words, that American publicity  
was boorishly provincial. As the  
son of Winston Churchill he has  
the right to assume that he is a  
V.I.P. who may not be ignored.

He is right, without question. But  
the advantages that he enjoys  
merely by reason of the fact that  
he is a member of a distinguished  
family carry with them the dis-  
abilities involved in such mem-  
bership. People in the news, par-  
ticularly politicians whose very po-  
litical life depends on the publicity  
that their mere family standing  
gives them, are usually eager to  
get every bit of notice they can.  
But at the same time they resent  
publicity, just as true, that re-  
flects on them unfavorably.

The general public in a democ-  
racy does not distinguish very  
sharply between the two types of  
publicity. If people are interested  
in Randolph Churchill because he  
is the son of Sir Winston, they are  
likewise interested in him because  
he happens to be the brother of  
Sarah Churchill, a woman who ap-  
peared only recently in a Califor-  
nia court in a drunkenness episode.

You can hardly blame people for  
mixing the two types of curiosity.  
And if you can't blame the people,  
the same tolerance applies to the  
reporter. Good taste in publicity  
is desirable, but the victim of bad  
taste should look at both sides of  
the publicity coin.

Sunday School  
Lesson

Sunday, March 23  
The Church and World Evangelism  
Matthew 28:18-20; Acts 13:1-2;  
Romans 1:14-18

By C. P. Dame

(Based on copyrighted outlines  
produced by the Division of Chris-  
tian Education, National Council of  
the Churches of Christ in the  
U.S.A. and used by permission.)

There are still members of  
churches who do not believe in  
foreign missions. This lesson plain-  
ly teaches that the Christian  
Church has the obligation to pre-  
sent the gospel to all mankind.  
The command of Jesus to evangel-  
ize the world has never been re-  
pealed.

I. Before leaving this earth Jesus  
gave the command to evangelize  
mankind. This command was given  
by Jesus on a mountain to a  
notable gathering of disciples. Je-  
sus told these disciples that all  
authority had been given him—note  
the word "all." This great claim  
we acknowledge. The disciples of  
Jesus take the command of Jesus  
seriously. It is their task to  
"teach all nations." The Jews were  
very nationalistic and clanish. These  
converted Jews were ordered to  
present the gospel to all in man-  
ner of races, cultures, peoples.

The gospel's meant to mould the  
ideals and standards of nations as  
well as those of individuals. The  
words "baptizing" and "teaching"  
suggest a more personal ministry.  
First the people must be won, then  
they must be baptized and then  
taught. And what must they be  
taught? They must be taught to  
"observe all things whatsoever I  
have commanded." Every disciple  
who heard those words was told to  
be an evangelist. The words,  
"and lo, I am with you always"  
were meant to give them assurance.

II. The Holy Spirit began the  
work of foreign missions. Antioch,  
the third largest city in the Ro-  
man Empire, became the center  
of the Christian movement after a  
church had been established there.  
In this church there were a num-  
ber of gifted workers. While these  
workers were busy in the Lord's  
work—they ministered and fasted—  
the Holy Spirit said to them,  
"Separate me Barnabas and Saul  
for the work whereunto I have  
called them." The church obeyed  
the summons and fasted and  
prayed and sent them away after  
they had been consecrated for this  
work. Although there were many  
pagans in Antioch these workers  
were sent elsewhere. And although  
the people to whom they went  
were religious they still preached  
to them and presented Jesus  
Christ. When Christians look  
around in the world and see how  
many people do not know Christ  
they ought to feel constrained to  
present him. The church that heeds  
the guidance of the Holy Spirit  
will show interest in missions.

III. Christians are under obliga-  
tions to all kinds of people. Paul  
felt that he was a debtor to Jews  
and Gentiles, to Greeks and bar-  
barians. The gospel which Paul  
preached was something of which  
he was proud even though it told  
about a crucified, risen, glorified  
Christ. Both Romans and Jews  
found it hard to believe in a Sav-  
iour who died on a cross but that  
did not stop Paul from preaching  
about him. This gospel is the power  
of God "unto salvation, to every  
one that believeth; to the Jew first,  
and also to the Greek."

The gospel tells about the right-  
eousness of God. There are two  
kinds of righteousness, one of man  
and one of God. The man who  
trusts in the righteousness Christ  
achieved for him by his dying has  
a solid foundation for his faith.  
When God is rejected righteous-  
ness is also rejected. The wrath  
of God, which is too rarely  
preached today, is still "revealed  
from heaven against all ungodli-  
ness and unrighteousness of men,  
who hold the truth in unrighteous-  
ness."

"Few men are gamblers, but many

his own needs and taking into  
consideration his own abilities  
and financial situation.

nounced that the next meeting

Spirituals and Library Talks  
Occupy Local Literary Club

"There's no music like Negro  
Spirituals on the face of the earth  
and Americans, white or colored  
may indeed be proud of this fine  
moving chapter in the development  
of music," Mrs. Herman Hoek of  
Grand Rapids told the Woman's  
Literary Club Tuesday afternoon.

Demonstrating these spirituals by  
singing them in a beautiful so-  
prano voice, Mrs. Hoek left a last-  
ing impression with her lenten  
presentation. Her subject was  
"Songs of the Spirit" and her com-  
mentary was based on the book,  
"Deep River," by Howard Thur-  
man, well known Negro educator  
and minister admired by whites  
and Negroes alike.

Mrs. Hoek, a Hope college alum-  
na, said Thurman's book sees the  
Negro as a person whom God has  
created equal with the whites. The  
book brought out that life before  
the Civil War was greatly glamor-  
ized with its mansion on the hill,  
the mint julep, and did not show  
the degradation of the slaves in  
the field, on the auction block, nor  
the abuse of this profitable slavery  
which went on for 2½ centuries  
before Abraham Lincoln.

Even with notable exceptions in  
treatment of slaves, Thurman's  
book said it was remarkable that  
the Negro accepted Christianity  
when their masters profaned Chris-  
tian principles every day.

Perhaps the Negro's greatest gift  
is his love and expression of  
music, his tonal quality and  
rhythm which cannot be duplicated  
by others. This music was born  
out of the spirit of yearning among  
the slaves, and stems from three  
sources—the Bible, nature and the  
religious experiences of the race.  
Consequently Old Testament favor-  
ites run to "Ezekiel and the  
Whees," "David and Goliath" and  
Moel's story of "Let My People  
Go."

Mrs. Hoek's selections included  
"Heaven, Heaven," "Let My Peo-  
ple Go," "There Is a Balm in  
Gilead," "Glorious is the Newborn  
King," "I'm Gonna Sing When the  
Spirit Says Sing," "I'm So Glad  
Trouble Don't Last All Way,"  
"Steal Away to Jesus" and "Were  
You There."

Mrs. Hoek was accompanied by  
Mrs. John Groeters of Grand  
Rapids, Mrs. Clarence J. Becker,  
club president, presided and Mrs.  
Donald F. Brown spoke on Nation-  
al Library Week. Mrs. Becker  
called attention to "Women's Day"  
for downtown shopping on Thurs-  
day.

about plans for a new library "be-  
cause Holland people don't want  
it badly enough." She cited case  
after case of fine libraries all  
over the country, many in com-

Representatives of seven school districts, south and east of the city and supervisors of the area, involved met Friday night in the township hall at Central Park to hear a report from the committee studying southside school consolidation.

Richard Streur, secretary of the committee, gave a comprehensive report covering general progress and a detailed study of tax structure as related to school needs. Both current and future enrollments were projected on the present state equalized valuation of \$19,000,000 listed for the area covering the following school districts: Harrington, Lakeview, Montello Park, Maplewood, Apple Avenue, Federal and Van Raalte.

The study points to plans for a combined senior high and junior high school, and the group voted unanimously to continue the study and to send a delegation to Lansing for further suggestions and to check procedures likely to enlist the maximum support of state agencies.

A public meeting will be held as soon as all necessary data is compiled.

John Teusink, president of the committee, presided and John Van Appledorn, Holland township supervisor gave the invocation. Serving on the committee besides Teusink and Richard Streur are John Vogelzang, Mrs. Oscar Hallquist, Arthur Streur, Mrs. Harris Scholten and George Koops. ## Maroons Win Regional Title Over Allegan

KALAMAZOO (Special) — Holland Christian's spirited cage squad continued its advance in state tourney play here Saturday night by taking a pressure-packed 49-45 win over Allegan in the regional finals.

Christian's win Saturday night was a happy and fitting climax to a rough week for the Dutch. The Maroons were the only club in the tourney which had to play three nights and they had to do it in their worst physical shape of the season. They were forced to play without the services of Jim Hulst, regular forward, and two others, starting guard Jim Meurer and reserve Jack Bouman, were also operating in a limited capacity at one time or another. Tremendous desire and poised performances were two of the keys to Christian's regional championship this year.

The Dutch played cool calculated ball against the Tigers who carried a 17-2 mark into the tourney and had split with the Dutch in regular season play. Christian's deliberate style paid off as they limited Coach George Van Wagoner's Allegan crew to just 41 shots, thanks to an excellent defense against the Tiger "screen and roll" type of offense. Allegan hit well, connecting on 17, mostly from outcourt for a good 41 per cent mark. In the process the Dutch only took 44 shots, against another good defense, and hit on 15 for a 34 per cent mark.

Difference in the game came at the foul line where the Dutch outscored the Tigers 19 to 11. In the fourth quarter with the Dutch holding slight margins, the Tigers fouled repeatedly in their efforts to steal the ball from the ball controlling Dutch. The player of the quarter was Jim Kool, stocky Dutch forward who replaced Hulst in the starting lineup. Doing a great job on the boards, Kool was sent to the foul line eight times in the last period, and he connected on six with the pressure really on.

Warren Otte and Cal Klaasen also were great on the boards with Otte doing perhaps the best individual defensive job of the night in holding Allegan's star center, Bill Pritchett to no points. A good deal of credit must also go to the Maroons' back line of Dan Bos and Jim Meurer and reserve Bob Klingenberg who played heady ball, particularly with the Tigers swarming all over them in the last eight minutes.

Both clubs showed the effects of a championship game in the opening minutes but soon got down to business. Otte opened the scoring but Loye Eddy, Allegan's fine forward soon knotted the count. Christian held a 5-2 lead at the 3:11 mark, but Jerry Nanna connected from outcourt for the Tigers to give the losers an 8-5 lead. The Dutch again regained the one point bulge, but Eddy's second basket of the quarter gave Allegan a 10-9 lead at the horn.

The second quarter was similar to the first inasmuch as both clubs traded baskets in the early stage. Allegan held an 18-14 lead at the midway point but the Dutch closed the gap to 19-18 with 2:47 left. A foul shot and a long one handed by Larry Grewe gave the Tigers a 22-18 lead at halftime.

Christian went into a new offensive pattern to start the second half and soon had themselves a 26-24 margin with the quarter half gone. From then on it was a shooting battle between Otte and Bos of the Dutch and John Stroud and Gary Hileski of the Tigers. Allegan held themselves a 32-29 margin before the Dutch took over 33-32 at the quarter. Dan Bos stole the ball and dribbled down for a lay-up with five seconds left to put the Maroons ahead.

Christian never trailed again although the Tigers hung on desperately for the first three minutes of the period. Christian then started to pull away, mostly at the foul line and had upped their margin to 45-37 with two minutes left. It was still 47-39 with 1:30 left before the Tigers made their last bid. A basket and four foul shots narrowed the gap to 48-45 with 11 seconds left, but the Dutch were not to be denied as they controlled the ball until the game's end.

At the foul line, Christian hit on 19 out of 27 tries while Allegan collected 11 out of 15. Both clubs had three players in double figures. Otte led all scorers with 21 points, followed by Kool with 11. Stroud was high for Allegan with 11.

# Christian Edged By East Lansing

## Maroons Fall After Leading Three Periods

GRAND RAPIDS (Special) — A great East Lansing basketball squad came from behind in the last quarter here Wednesday night to end Holland Christian's title hopes by downing the Maroons, 55-49.

An overflow crowd of over 5,500 fans jammed the Civic Auditorium to watch the Dutch nearly upset an undefeated Trojan outfit in the quarterfinals of the state cage tourney.

Coach Art Tuls' Christian cagers, fighting all the way, were beaten, but far from outclassed. In fact the Dutch led in a close battle for over three quarters before the poised East Lansing quietly gradually overtook the locals. Although Christian's championship bid has been stopped they can derive some consolation from the plaudits thrown their way by East Lansing athletic officials.

The coaching staff, including head mentor Gus Ganakas hailed the Dutch as the best club "by far" that they have met in compiling their 22 game winning streak. Ganakas said that he had figured the Maroons would be perhaps their toughest hurdle in their championship try.

The Trojans, paced by Art Brandstatter, one of the best prep players in the state, certainly must be stamped as the favorite to cop the B crown. If they win the crown, class B is going to be represented by one of the finest teams to hold the title in a long time. East Lansing has all of the ingredients necessary to cop the title — rebounding, speed, court savvy, shooting and a strong bench. Brandstatter is by no means a one man team, but is the one player who controls their pattern of play.

It would be an injustice to single out any one Maroon player for an outstanding performance — they were all tremendous. Christian's rebounding, paced by Warren Otte, Cal Klaasen, Jim Kool and Jim Hulst, during the time he played, was the best. Dan Bos, playing one of his best games, was all over the court, as was Jim Meurer. Hulst, making a comeback after his illness, played periodically and pumped in 11 big points for the Dutch. Defensive wise the Dutch were again superb as they limited the Trojans to just 50 shots, while getting 68 themselves. From the field the Maroons outscored the winners 19-18.

Free throw shooting made the difference in the tilt as the Trojans, paced by Carvel Tefft's 11 for 11, connected on a phenomenal 19 out of 24. Christian also did well at the lane with 11 for 17 tries, but missed three key "one and one" situations in the fourth period.

Two factors played an important part in the Maroon defeat. The first was the difficulty in containing Brandstatter because he played all three positions at intervals during the game. He started at forward, moved to the center for a while and then played most of the second half at guard. The second factor came in the latter stages of the third period when Christian led by six points and were looking sharp offensively. Then in almost a desperation move, East Lansing went into a zone defense. Christian had difficulty adjusting immediately and when they did, they had lost the tempo of the game.

Both clubs showed why they had advanced to quarterfinals play in the first quarter as they put on a spectacular cage display. Hitting well and flashing potent offenses, the two teams played on almost even terms, although the Dutch held the leads. Four boys scored for the Dutch as they pulled out to a 16-13 first period bulge.

After the locals had upped their margin to four points, Brandstatter started to connect for three one handers to give the Trojans a 22-21 bulge. Both clubs played equally well through the remainder of the quarter which ended 28-28.

Hulst and Bos sparked the Maroons in the third stanza to send the locals out to a 36-30 lead midway in the period. Christian missed a couple of key layups at this point, which could have turned the tide of the game. However East Lansing went into their zone and trailed only 38-35 going into the final period.

Aided by some spectacular foul shooting, the winners moved out to a 41-36 lead in the opening minutes. Christian closed the gap to 41-40 before Tefft and Brandstatter again gave the Trojans a 45-40 bulge. Then Klaasen came into his own for the Dutch by dumping in five straight points to narrow the gap to 49-47 with 1:56 left. The game could have ended at this point inasmuch as East Lansing went into its control game and would have stalled out the time, if the locals had not fouled to gain possession. The winners capitalized to make their biggest margin the winning one.

Brandstatter led all scorers with 19 points, while Klaasen and Hulst led the Dutch with 11.

The game closed out a highly successful season for Coach Tuls and his cagers who compiled an excellent 20-4 mark.

**WORK HARD TO IMPROVE** — Members of the seventh grade basketball team learned the fundamentals of the game this season under the guidance of Con Eckstrom. Eckstrom was pleased with the progress the group made. First row kneeling are left to right: Alan Vanden Berg, Tom Elenbaas, Del Mulder, Tom Essenburg, Bill Marlink, Richard Brondyke and Steve Penna, manager. Second row: Chuck De Witt, Dave Coburn, Jerry Bauman, Mike De Vries, Gordon Bosch, Carl Walters and Coach Eckstrom. Third row: Scott Wyman, Rolland Overway, Carter Beukema, Larry Dorgelo and Bob De Vries, Ricky Vander Kolk and manager Al Bosch were missing when the picture was taken. (Sentinel photo)

## 7th Graders Learn Basketball Fundamentals

Seventh grade basketball players spent the season learning the fundamentals and Coach Con Eckstrom is confident that most of them will be able to put what they have learned to practice on future Holland teams.

Eckstrom worked daily with the lads at Jefferson School and several inter-squad scrimmages and practices with suburban area school teams were held.

The seventh grade mentor felt that the team this year was better "overall" and has "more depth than last year."

Practices constituted learning of offensive and defensive patterns including man-for-man and zone defenses.

Carl Walters was picked by his teammates as the most valuable player. He is a strong rebounder, excellent shot and a good defensive player, according to Eckstrom.

Tom Essenburg was selected team captain and his assets included dribbling, outcourt shooting and aggressive defense.

Jerry Bauman has "nice size," Eckstrom said and showed a lot of improvement. Ricky Vander Kolk was chosen as the most improved player on the club and stood out defensively and on rebounding.

Del Mulder was Eckstrom's playmaker. He was a good feeder and practiced strong defense. Mike

De Vries displayed a lot of potential with his outcourt shooting from the corner and rebounding. Gordon Bosch was a "terrific competitor," Eckstrom said and was the best free thrower on the club. Rolland Overway was another good free tosser and had a good corner shot. He was used as a spot player.

A test in shooting and dribbling was given prior to the season and then Eckstrom gave another at the season's close and was pleased with the progress made by the club.

So Eckstrom figures that this group should make a good showing as eighth graders next year.

## Muskegon Heights Loses; Harborites, Chassell Win

By Jack Berry  
United Press Sports Writer

Muskegon Heights' dreams for a third straight Class A cage crown were trampled Wednesday night by an aggressive Flint Central quintet at Lansing's Civic Center, 72-61.

Heeding Coach Joe Dowdy's warning that to be a champion you have to beat one, the smaller Flint squad overcame the Heights' tournament experience. Keith Richardson, 6 feet, 2 inches, is the tallest player in the Flint lineup. The next is forward John Kirk at 6 feet—no other starter is over 6 feet.

The Tribe trailed, 33-30, at the half although outshooting the Heights, 25-6 at one stretch in the first half. Flint's run-run tactics so winded Muskegon Heights that the Tigers used up three of their five timeouts for the game in the first half.

The run and shoot strategy, which has paid off in an 18-1 record for Flint Central, brought in more dividends in the second half.

Lucas and Richardson each struck for three two-pointers in the third period and the Tribe took a 48-41 lead and never was headed.

Now Flint Central faces top-ranked Benton Harbor in Friday's semifinal game at Michigan State's Jensen Field House. Ben-

ton Harbor (18-1), which clipped Inkster, 62-52, halted Central's last state title aspiration in the 1955 semifinals.

Benton Harbor won with an 18 point output in the second quarter when Inkster coach Bob Harris pulled his regulars, after trailing 15-11 at the end of the first quarter, and the second stringers managed only six points in the period.

Chet Walker and Ron Lange each had 17 points for the Harborites.

Dave DeBusschere polished up the gleam in the college recruiters' eyes with another starring performance for Detroit Austin Catholic, last season's other Class A finalist. DeBusschere pumped in 32 points in leading the Friars (21-0) to a 65-48 victory over Highland Park (16-2).

Dearborn Fordson (14-5) rallied for a 56-51 triumph over Livonia Bentley (18-3) in the other Class A quarterfinal.

Flint Tech 23-1, took a 27-19 half-time lead over Birmingham Troy 20-1 and then outlasted Troy, 46-46, River Rouge, 18-3 B champion in 1954 and 1955, whipped Hamtramck St. Florian, 59-47, and Marquette, 15-6 wallowed Alpena Catholic, 70-49 in Class B games.

Bronson, which began its season with a defeat and then went through 20 straight victories, had its season ended the same way

Ken Van Dyke led Muskegon Christian with 17 points while Larry Weesies paced the third quarter Warrior drive and ended with 10 tallies. Leroy Kennell had nine for Holt and Livensparger, Holt's big gun, was held to four points. Muskegon Christian made 17 of 59 shots for 29 per cent and Holt hit 11 of 53 for 21 per cent.

The program calls for a full day of shopping in 12 stores for specialty items which will benefit Holland Hospital. Coffee was served at Brouwer Furniture Store from 9:30 to 11 a.m. and tea was served in the Warm Friend Tavern from 3 to 5 p.m. Baby sitting was provided by Horizon Girls at the hotel from 3:30 to 5 p.m. while mothers did their downtown shopping.

## Brides Parade For Mothers

A "Parade of Brides" walked down a wide, white aisle in the Beechwood School gym Wednesday afternoon dressed in the manner of today and some in gowns that have been cherished by their owners for a long time. The parade featured the program sponsored by the Mother's Club.

Highlight of the afternoon was the dress of Mrs. James Nykerk, nearly 50 years old and modeled by Mrs. Robert Eshelman. Other mothers, many wearing their own gowns, were Mrs. Robert Long, Mrs. Burdette Vander Kolk, Mrs. Kenneth Oosterbaan with miniature bride, Sally Botsis, Mrs. Howard Dyke, Mrs. William Kurth, Mrs. Darwin Van Oosterhout and Mrs. Gene Beukema.

The climax was the 1958 wedding featuring Mrs. Warren Van Kampen as the bride, Debbie Van Kampen as flower girl, Mrs. George Botsis and Mrs. Donna Kolean as bridesmaids. They wore fashions planned by Mrs. Oosterbaan. Arranging the program were Mrs. Kurth, Mrs. Ted Van Oosterhout, Mrs. Nelson Hoffman and Mrs. Ford Weeks.

Background music was provided by students Karen Karsten, Kathleen Schutte, Jane Overway, Rhonda Mills, Linda Maichele, Gayle Geerts, Judy Van Oosterhout and Sharon Moore. Narration was by the teacher, Mrs. Milton Johnston, assisted by Jackie Kolean. The Beechwood band played before the program. It is directed by Calvin Langejans, teacher.

During the social hour a "wedding reception" was held with a three layer wedding cake made by Mrs. Robert Long and served from an attractively appointed table. Assisting Mrs. Doreen Emerick with the refreshments were Mrs. Donald Faber, Mrs. Bill Maichele and Mrs. Chris Smith.

## Woman's Day Thursday Will Aid Hospital

Thursday will be an extraordinary day in downtown Holland.

The woman shopping downtown Thursday will be more than just a customer or bargain hunter. She will be a philanthropist . . . if she purchases any of the special items bearing the "Sign of the Nurse."

Twelve downtown merchants are cooperating with the Frances Browning Hospital Guild to give the women of Holland and vicinity some real bargains and Holland Hospital a substantial percentage of each sale.

These items cover such tempting articles as candy, steam irons, watch bands, perfume, hosiery, slips, coats, golf clubs, handbags, pillows, plastic dinnerware or even shoe repair. Each store cooperating will have the "Sign of the Nurse" in their windows and at their special displays.

Brouwer's Furniture store is serving coffee and doughnuts from 9:30 to 11 a.m. and the Warm Friend Tavern has scheduled a silver tea for hospital benefit for all women shoppers from 3 to 5 p.m.

Six Horizon girls have offered to baby-sit with children who appear at the hotel from 3:30 to 5 p.m.

## Ottawa County Farm News

By Richard Maichele, County Agr'l Agent

Allagan county and area farmers will hear about beef cattle feeding on a tour scheduled for Saturday, March 22 at 10:00 a.m. The tour starts at the Paul Slotman farm located east of Overisel about 2 1/2 miles on 42nd street south of 142nd Ave. It continues to the Jasper Poll farm 3/4 mile east of the Dog life factory south of Hamilton.

Noon lunch will be furnished at the Griswold Gym.

Final stops will be at Phil McVean's, one mile south of Martin and the Oliver farm north of Plainwell city limits.

Growth stimulants, antibiotics and food combinations for beef are a few of the many things those attending will hear. Michigan State University beef specialist, Bill Finley will also be on hand to explain various phases of feeding operations visited and will answer questions regarding feeding, management and marketing.

How can we get better seedings in wheat? This is a question that faces many a farmer when he is using 40 pounds or more of nitrogen per acre to get the highest yields of wheat. But they have often had trouble getting a good stand of alfalfa in this heavily fertilized wheat which is just too much for alfalfa seedlings.

What is to be done? Certainly we don't want to cut down on the nitrogen. It is necessary for that high wheat yield. A good solution is to wait until after harvest and then plow immediately after combining your wheat and prepare the soil for August seeding. With seedling alfalfa which is seeded up to Aug. 31 is usually better than spring seeding in wheat.

What about Red Clover? June or Red Clover, on the other hand, doesn't seem to mind the heavy shading from extra growth in wheat. Good stands can usually be obtained with red clover under the same conditions that would be too mucy for alfalfa or make it near failure.

To improve seedings of red clover which are more normally made by broadcasting in March we would like to suggest these two simple changes: First, drill the seed a little later in early April and set the disks to cut one inch deep with the seed falling into the disk furrow. Second, give the clover a "shot in the arm" with about 100 pounds per acre of 0-20-0 or a 0-20-10 in contact with the seed, that is, the seed and fertilizer falling down the same tube.

Over half of Ottawa County's winter grain acreage in wheat, rye and barley could use extra nitrogen this year. A little extra nitrogen in the late winter or spring can pay back from two to five dollars for every dollar invested.

Of course, not all of the acreage in winter grains needs nitrogen. On some fields you may have already taken care of the need by plowing under legumes such as clover or applying manure and plowing it under before fall planting. Or, some folks are even spreading manure or fields right now. If enough nitrogen hasn't been or won't be supplied, a little extra nitrogen before the end of March and certainly by late April can make a difference in profits. In many cases 20 to 40 pounds of actual nitrogen is usually enough; and it can increase yields by from four to 14 bushels per acre at the cost of only three to six dollars per acre for the fertilizer.

Here is just a few words of caution. Of course nitrogen isn't a substitute for phosphorus, so if you didn't get enough fertilizer on last fall, the extra nitrogen won't be too much help this spring. And too, keep in mind any lodging trouble you had in recent years and go easy on the nitrogen in those areas.

In general though where clover and manure won't be supplying enough nitrogen and where you put on enough fertilizer last fall, a little extra nitrogen on your winter grains can be mighty profitable this year.

## Electricity Stuns Fish In Florida

Phil Brooks, of Holland, vacationing in Florida, sent The Sentinel a clipping from the Miami Herald about legalized application of "monkey fishing."

The Broward County Game and Fresh Water Fish Commission has found the biggest portion of its work has been aimed at "monkey fishing." This is performed in many of Florida's lakes and streams, particularly in the St. John's River.

"Monkey fishing is the transmission of electric current in the water, thereby stunning fish and causing them to float to the surface for easy harvesting. Most common instrument for this dirty work is an old hand-crank telephone," Vic Dunaway, the writer points out.

He goes on to say that a few big operators even adapt their outdoor motors with hot wires, providing considerably more juice than the telephone.

The electricity system has proved to be the most effective form of rough-fish elimination short of total poisoning.

"Already tried and proved in North Florida, the electric treatment affects all fish in range of the current, but is not fatal. As the fish skitter to the surface, the undesirable kinds — mostly gars and mudfish — are netted. Gamefish are left alone and recovered quickly. Neither are reproductive capabilities hindered in any way," Dunaway wrote.

The fisheries bureau brings along a special boat containing a generator and a boom from which two chains are lowered into the water. The generator produces current between the chains.

Elimination of gars and mudfish should definitely make for improved breeding waters for bass, bream, perch and snook, according to fisheries bureau chief E. T. Heinen.

## Be Careful In Disposing Of Garbage

City Health Inspector James Hensley today reminded local citizens that dumping garbage and refuse in public places, alleys, streets or on private property is against the law and can result in prosecution.

He said all rubbish should be taken to the city dump and garbage must either be picked up by a licensed collector, disposed of in inside incinerators or garbage disposers, or buried. No garbage is to be deposited in the city dump. The only authorized dump at present is at the foot of College Ave. at Sixth St. where attendants are on duty day and night.

Hensley pointed out that garbage and rubbish deposited illegally on open ground is not only unsightly but provides harborage and food for rodents and a breeding place for flies. Containers with tight fitting lids should be used and all garbage and rubbish should be moved weekly.

If garbage is burned, it may be burned only inside in furnaces or incinerators. Rubbish may be burned under proper conditions outside, but only if it does not create a nuisance for anybody else.

Citizens who have any problems or who seek clarification of regulations may consult Hensley in his office in City Hall.
