\$125,000 Deficit Seen By June 30

Lakeview Annexation To Holland Approved; Special Meeting Slated

The possibility of calling an election for special operating millage for Holland public schools occupied the Board of Education at a special 2½-hour meeting Wednesday night.

Also discussed were the status of Lakeview and Maplewood School districts in annexation to the Holland district. A communication from the Lakeview district revealed that its school bonds for \$240,000 to finance a new addition had been sold and requested annexation to the Holland district.

The Holland board unanimously approved the request. Next steps are to have the annexation approved by the Superintendent of Public Instruction and to call an election in Lakewood district. This election is to be held within 90 days of approval by the state superintendent and it is hoped such an election could be held in May.

The greater share of the meeting was spent discussing school finances, and the finance committee was instructed to prepare a full report plus recommendations for another special meeting of the board Wednesday, March 28, at 8 p.m.

Present and projected deficits for school operations were reviewed. It is estimated the deficit at the end of the school year June 30 will be \$125,000, due mainly to increments on the teacher salary schedule and operations of seven new buildings for the senior high school.

It is expected these same conditions will prevail for the coming school year, and by the end of the 1962-63 year this deficit will be \$250,000. Continuing increments plus six new teachers add another \$30,000; supervisory salary increments, \$5,000; additional amount for operating new school, \$25,000; extra amount for instructional supplies (\$2.50 per pupil instead of \$2), \$2,000; total, \$332,000.

Assistant Supt. Robert Slocum, in charge of hiring teachers, has suggested a new salary schedule for next year which would cost approximately \$50,000 a year over a period of three years. However, deducting \$17,600 which would account for increments on the regular schedule, and also deducting \$13,000 which was paid out for supplemental salaries this year reduces this figure to \$19,400. With six additional teachers at an approximate cost of \$30,000, this actually totals \$49,400.

It was pointed out that Holland must remain in a competitive position on salaries. Many area districts already have adopted schedules higher than Holland's for the coming year.

Income for the school year has been slightly under the previous year. Increases in local tax revenue have not offset the loss of tuition. There are very few tuition students in the school system.

In considering a vote for extra millage, the board pointed out that Holland has consistently been a pay-as-you-go district, and every effort should be made to adhere to this reputation.

It was also pointed out that such expenditures listed at the previous board meeting for landscaping, parking, etc., come under the 1960 school bond issue and these funds may not be used for operational purposes. The largest month-to-month expenditures in the system are for instruction, and Holland's expenditures for operation compare very favorably with school not only in this area but comparable-sized districts throughout the state.

It also was pointed out that most school districts have voted special operating millage for years, and Holland is one of the very last districts to consider special operating millage.

Costs of operating the new high school have been estimated at \$60,000 a year, \$31,500 for seven custodians, \$17,500 for heat, and \$11,000 for light, water, sewer and custodian supplies. A figure of \$35,000 had been entered in the 1961-62 budget for a half-year operation.

A committee of four persons from Maplewood School District consisting of Dale Mossburg, John Weeber, Sid Teusink and Principal Harold Ortman, discussed Maplewood school matters with the board. They explained the recent action of the Allegan Board of Education in transferring areas of Maplewood district lying outside the city of Holland to the Hamilton district. The board also was informed that the decision is being appealed to the State Department of Public Education.

Meanwhile, the committee inquired into its status in determining future needs, and the Holland board promised cooperation in a study of building needs in the light of Maplewood as a part of the Holland school district. The Holland staff will work with Principal Ortman on possible reorganizations in which nearby city schools might absorb some Maplewood students. It is expected this study will be completed in a week or 10 days. Also to be considered are transportation and school lunch programs.

SURE SIGN OF SPRING — Although the first day of spring this year was not very warm, generally clear skies and somewhat milder temperatures brought out hordes of youngsters and thousands of marbles. Here Jerry Bird lines up a shot while his opposition,

Charlie Vander Broek, observes the action with more than casual interest. The match attracted the attention of other students, seen in the background, during class recess at Lincoln Elementary School.

Mrs. Nykerk Will Testify At Inquiry

Mrs. Gerald Nykerk, missionary to Arabia who with her husband Dr. Nykerk were the only American survivors of the British ship Dara which sank in the Persian Gulf last April, is in London, England, where she has been called to testify in the official inquiry by the English Government.

Mrs. Nykerk left by plane last Friday and will return immediately after the inquiry which is expected to last from a week to 10 days.

The British government charged that a bomb planted by rebel Omani tribesmen caused the loss of the Dara with 236 persons killed or presumed dead.

Sir John Hobson, the solicitor general, who opened an official inquiry in the loss of the ship, said the explosion was a "deliberate and wicked act by some person who placed an explosive on board the Dara."

Most of the persons killed were Indians, Pakistanis and Arabs.

The Dara was a passenger and cargo ship plying between India and the Persian Gulf.

Man Escapes Flaming Crash

MARNE — A Fruitport truck driver escaped serious injury when his loaded gasoline tank truck overturned and burned on I-196 east of Marne in Wright Township at 2:30 a.m. Tuesday.

Clyde R. Rosencrance, 31, driver of the double-bottom rig, was taken to Butterworth Hospital in Grand Rapids for treatment of injuries. Officials said Rosencrance suffered first and second degree burns of the hands and neck.

Traffic was rerouted around the accident scene for several hours. The highway was finally cleared at 10:20 a.m. Part of the traffic was rerouted down Four-Mile Rd. to M-11, and part down Three-Mile Rd. to Fruitridge Rd., according to Ottawa County deputies.

Officials said the two-trailer truck, owned by Wagner Oil Co. of Muskegon, was carrying 10,000 gallons of gasoline. The 1957 model rig was a complete loss. Damage was estimated at about \$50,000.

Rosencrance was driving from Muskegon to Ada with the load of gasoline. Deputies said the driver lost control of the huge truck when a wheel dropped off the pavement into soft mud on the shoulder of the road.

The truck tipped on its side as Rosencrance brought the rig back onto the road. It traveled about 100 yards on its side and burst into flames, deputies said.

Fire departments from Wyoming and Walker, Wright-Tallmadge and Georgetown townships were summoned to the scene. Ottawa County deputies and state police from the Grand Haven post directed traffic.

City Council Processes Many Items

Several routine matters were processed by City Council at its regular meeting Wednesday night.

Two public hearings produced no objections and Council accordingly passed the necessary resolutions. One was on vacating a portion of West 19th St. lying between Ottawa Ave. and Homestead Ave. and the other was to construct a water main in Lincoln Ave. south of 32nd St. for 360 feet.

The proposed Hospital Board budget for 1962-63 which includes several job classification changes as well as additional x-ray equipment was filed with the city manager for later study.

The Hospital Board also reported the following gifts: a postal scale from Dr. and Mrs. A. R. Dood valued at \$169.75; two cribs from the Christian Reformed Auxiliary unit valued at \$376.50; patients' stationery from St. Francis Hospital guild valued at \$34.60.

A claim against the city from Mrs. Catherine Klomp of 276 West 11th St. was referred to the city attorney and insurance company.

Also approved as a city manager recommendation on a joint use radio agreement with Holland and Park Townships in dispatching fire trucks. After Jan. 1, 1963, the police wage length cannot be used for fire dispatch. Holt said.

Hereafter the city manager is authorized to make adjustments within departmental accounts of the general fund budget without prior Council approval provided no adjustment exceeds \$100 nor exceeds \$500 within any one fiscal year. Outdoor Swim Pool Proposed

Council Considering Recommendation of Citizens Committee

City Council Wednesday night took under study a recommendation from a Citizens Swimming Pool Committee to build a \$125,000 outdoor swimming pool in an existing park in Holland to be operated either by the park or recreational departments.

Since the committee was appointed last July 19, it has held many meetings; investigated the need, location and costs of pools; visited communities which have facilities, and consulted pool designers and builders.

In general, the committee headed by Henry Vander Ploeg determined that there is need and desire for pool facilities, both from an instructional viewpoint and recreational activity. In the committee's judgment, the proximity of Lake Michigan beaches emphasizes rather than minimizes this need, particularly from an instructional angle.

The committee also determined that the needs and desires of the community cannot be met by a single indoor or a single outdoor pool. Ab Martin, a committee member, told Council the committee was unable to find a municipally-operated indoor pool, since all such existing pools were associated with some organization, usually schools or YMCA's, which maintain all-day schedules. He added most indoor pools are not used in summertime.

Aside from obvious differences in costs, the committee felt that a large outdoor pool would likely be used more during a three or four-month summer period than a smaller indoor pool would the remainder of the year.

In recommending an outdoor pool, it was the committee's judgment that a single pool will not meet the future needs and desires of the community, consequently the site selection for the first pool should bear in mind the probable location for a second one.

Martin explained that the \$250,000 swimming pool bond issue which was defeated in connection with the new high school probably did not include lockers, showers, etc., which were in facilities nearby. This indicated that a municipally-operated indoor pool would involve higher capital outlay.

The committee study determined that summer recreational swimming facilities are the responsibility of the civic community — not the schools — and should be provided independent of the school systems.

The committee suggested the pool be financed by a general bond issue to be liquidated over a period of 10 or 15 years, but emphasized this is only a suggestion and that any other system of financing would certainly be agreeable to the committee.

In general, the committee recommends an outdoor pool of the following general description: main pool, 45 by 82 feet minimum; diving pool, 30 by 30 minimum; wading pool, 20 by 30 minimum; adequate shower and locker facilities for 400 to 500 swimmers; appropriate fencing, filtering, lighting, heating and spectator seats.

Use fees at such a level as to cover all maintenance and operating costs were recommended. Suggested schedule: family for season, \$20; adult for season, \$10; child for season, \$5; adult single, \$5.50; child single, \$2.50.

The committee proposed the following steps: tentatively decide on a location, employ an engineer for preliminary drawings and estimates, vote on bond issue, finish design and get bids, construction.

Arthur Seddon, of 696 Ruth Ave., informed Council plans for a private pool have been made and the group would be glad to submit data on costs, operations, etc., even though the private pool would be a considerably smaller operation.

2 Overtimes Give Buchanan 59-57 Victory

KALAMAZOO — A sweeping underhand layup shot by Buchanan center Tom Pelkey with four seconds left in a second overtime period gave the Bucks a thrilling 59-57 win over Holland Christian's basketball team in regional tournament play here on the Western Michigan University fieldhouse court, Thursday night.

The winning basket came almost as an anti-climax to a cheering overflow crowd estimated at 6,000 fans. It was 53-53 at the end of regulation play and 55-55 at the end of the first overtime session. Forward Paul Steingenga put the Maroons ahead in the first overtime period and again in the second, but the Maroons couldn't keep the Bucks from getting a couple of baskets, both by Pelkey, in the last 43 seconds.

Up until the regulation game ended the Maroons had held the upper hand and led 53-49 with less than a minute to play but a long one hander by Leroy Bobbitt, Buck guard, and another rebound shot by guard Jim Knight with 30 seconds left sent the game into overtime.

Coach Art Tuls' team deserved a better fate than befell them against the Bucks. The Maroons played great basketball and had the best of the battle practically all the way. However their inability to hold four 10-point margins and one 12-point bulge scattered throughout the tilt proved costly.

Buchanan met the Maroon challenge, however, with great poise as theirs was an uphill battle all the way. They were aided in their comeback with some phenomenal 50 per cent shooting in the second half, mostly from out.

The Maroons had their chances repeatedly but could only capitalize on two of 14 in the two overtime sessions. The Bucks hit on 3-8 in the two extra sessions. Coach Ray Berry's Bucks led twice in the game, once at 47-45 with 5:27 left in the tilt and then the final winning basket with four seconds left. All told, the winners led less than 30 seconds in the game. The game was tied on nine occasions, all in the last half.

Tuls had high praise for his club and the winning team as well, saying, "Buchanan certainly has great shooting and fine poise." Both were well coached ball clubs, employing similar patterned attacks. Although it was strictly team effort on both sides, the work of Pelkey, two-time all stater and Bobbitt was outstanding. For Christian, Paul Steingenga was tremendous along with center Jim Langeland who did an excellent defensive job on Pelkey, despite his 21 points, four coming in overtime.

Paced by Langeland, Steingenga and Fredricks, the Maroons shot out to a 10-1 margin in the first four minutes of play. Pelkey then hit two from out and added another tip to narrow the bulge to 12-7 with a minute left. Both clubs added another to send the Maroons into a 14-9 first quarter margin.

With all five starters breaking into the scoring column the Maroons started to make a rout of it as they pushed to a 21-11 bulge midway in the stanza. Christian upped it to 27-15 with 2:16 left in the half before the Bucks went into a weave springing players loose for long shots at the top of the circle. The winners continued to whittle until it was 28-23 at halftime.

Christian behind guard Paul Tuls and Steingenga again started to move in the second half and again built up a 33-23 lead in the first couple of minutes. Then came the fantastic outcourt shooting by Bobbitt and reserve guard Dick McKel, which enabled the Bucks to tie the count at 39-39 with 30 seconds left. At the end of the period it was tied at 41-41.

Bobbitt gave the Bucks their first lead at 47-45 but Langeland came right back to knot the count. The Maroons continued to keep the lead basket until the Bucks knotted the count with the two quick ones just before the end of regulation time.

Notes: Athletic Director Raymond Holvard reported that Holland Christian sold 1,642 tickets in advance sale for the contest. It was the most the locals have ever sold for an away game. It was standing room only in the spacious fieldhouse for the Christian-Buchanan tilt, but no more than 2,000 were left at the finish of the East-Allegan nightcap.

Both Buchanan and Christian have maroon and white school colors. Fine sportsmanship was shown by both schools as the cheerleaders displayed a combined cheer.

Confusion reigned momentarily when an official took a basket away from Ron Lubbers with a few seconds remaining in the game for a violation and the second official not noticing it would have allowed the play.

Christian hit on 22 out of 67 tries from the field for 32 per cent while the Bucks hit on 27 for 74 for 36 per cent. The Maroons finished the season with an 18-3 mark, while the Buchanan club is now 18-1.

Steingenga shot eight of 12 from the floor on halves of 5-7 and 3-5 while Pelkey had 8-14 on halves of 5-7 and 3-7. Bobbitt made five of seven in the second half after hitting only one of seven in the first half.

Steingenga led Christian with six rebounds while Tuls and Clare Van Wieren had five each. Pelkey had eight for the winners, five in the first half while Jim Knight grabbed five in the second half.

AAUW Members Hear Talk About Orient at Meeting

The Holland Branch of the American Association of University Women held the spring banquet at the Woman's Literary Club Thursday evening, with lambs and lions decorating the tables and casting the mood for spring. The decorations were done by Mrs. Steven Van Grow.

The dinner was put on by the new members under the chairmanship of Mrs. Harry Brorby and her committee, Mrs. Earl Hall, Mrs. Richard Hofferbert, Mrs. Gene Scholten, Mrs. Frank Conley, Miss Marjorie Stuart and Mrs. Van Grow. Other new members contributing to the dinner were Mrs. John De Pree, Dr. Alice Elliot, Mrs. Martin De Wolfe, Miss Lorraine Hellenga, Mrs. John Hilbert, Mrs. John H. Jones, Mrs. Don Wiegant, Mrs. Herb Holt, Mrs. Fred Stanton, Mrs. Mayo Hadden, Mrs. George Jacobs, Miss Jean Protheroe and Miss Margaret Van Vyven.

Mrs. John Bender conducted the business meeting which followed the dinner. The nominating committee, consisting of Mrs. Orle Bishop, chairman, Mrs. Arthur Seddon and Miss Lavina Cappon, presented the following slate of officers to be elected at the next meeting: President, for one year to fill unexpired term of Mrs. R. Sessions, Mrs. Preston Luidens; vice president, for two years, Mrs. Zoe Murray; and treasurer, for two years, Mrs. William Porter.

Mrs. Robert Horner distributed information on the present facilities and needs in the field of mental health in this area.

Mrs. Bender announced the AAUW Regional Conference to be held in Detroit on April 27 and 28. Mrs. Jerome Counihan will be a representative as chairman of the state resolutions committee.

The speaker of the evening was Miss Eunice Brake, chairman of the state international relations committee of AAUW. Her topic was "The Orient." After stating that 32 per cent of the people of the world live in Asia, she went on to explain that in order to get along with these peoples, Americans must learn to understand them and accept their differences. The differences are in the customs of the various peoples, and we must realize that our customs seem just as different to them, she said.

Other differences are in religion; purpose of education, in the East knowledge for the sake of learning is the purpose, whereas in the West it is a preparation for life, particularly a materialistic life; ideals of leadership, methods of

reaching decisions; and political set-up. One way to create a better understanding abroad, said the speaker, would be to be more careful about the types of tv programs, movies, and people sent over.

Miss Brake said that Free Asia has many problems. "The people of Asia are ill-fed, ill-housed, illiterate, and ill." Poverty, the greatest problem, is caused by overpopulation, as well as the fact that the eastern people make many unproductive investments.

For example, many Japanese will invest in jewelry for their wives rather than in industry or real estate. There are many social problems as well, such as widespread disease caused by lack of sanitation and a great under-supply of doctors; illiteracy; political problems; and language problems, due to the many different languages and dialects spoken within the borders of one country. (India, with 15 major languages, has over 400 different dialects.)

In answer to the question "what can we do?", Miss Brake said that we must analyze our own feelings and try to judge people on the basis of reason rather than on the basis of emotion. Also, she said we must learn how to evaluate propaganda, travel more, get acquainted with foreign people living in America, and inform government officials on what we think as well as ask them questions about our foreign policy.

Following her talk, Miss Brake showed slides of people and places in the Far East, including Japan, China, Thailand, Cambodia and Hong Kong.

CON CON AND THE LEGISLATURE

The time is fast approaching when the people we send to Lansing, at taxpayers' expense, must conclude a new constitution which can be placed before the people of Michigan. The legislature must find ways to take care of the tax problems.

It is now too late to write new bills, so perhaps our legislators will settle down to pare the budget, reduce services or somehow find new sources of income. We cannot continue deficit financing.

If we are going to spend our dollars on services, the best way is to keep those dollars at home where we can watch the expenditures. This sounds easy but is hard to accomplish. Take time to run through some budgets being prepared for townships, villages, cities, counties and even states and the nation.

A study of services on broad national levels might bring you to the conclusion that many things could be handled better on the local level and could be accomplished on fewer tax dollars.

Do some hard thinking and try to understand how many departments the government operates and how many people are on the payrolls.

We could have all the many things we want at less expense if we would come up with some ideas on reducing government waste and duplication of effort.

The Greatest Commandment
Leviticus 19:18
Matthew 22:35-40; 19:16-20

By C. P. Dame

All the commandments of the Decalogue are important. The commandment in this lesson takes in all the commandments which we have studied for any one who obeys this commandment obeys all the others for he will not kill, commit adultery, steal, or bear false witness against his neighbor.

1. The Lord seeks the best for us. The first verse of our lesson text is taken from the Book of Leviticus. The message of this little known book is holiness. There are 27 chapters in this book and the word holy occurs in it 73 times. The purpose of the book was to teach Israel to become a holy nation. It summons modern Christians to live a holy life.

This book contains the basic principles of religion. It deals with sin and God's willingness to forgive. In the one verse from this book there is a negative and positive note. The negative part is, "Thou shalt not avenge, nor bear any grudge against the children of thy people." Some church members still hold grudges against fellow church members. The positive note is struck in the words, "but thou shalt love thy neighbor as thyself." God wants a positive obedience. Real love expresses itself in action, it shows concern for others. People who love well, live well. It is much better to love than to bear a grudge.

2. The great commandment is basic. One day a lawyer came to Jesus with the question, "Master which is the greatest commandment in the law?" Jesus replied, "Thou shalt love the Lord thy God with all thy heart, and with all thy soul, and with all thy mind" quoting from Deuteronomy 6:5. And then the Lord added a second, quoting from Leviticus 19:18, "Thou shalt love thy neighbor as thyself."

The Bible commands two duties—love to God and love to man. In the Parable of the Good Samaritan Jesus tells us who our neighbor is. We obey this commandment of our Lord when we seek our neighbor's good, respect him because he is made in the image of God, and help him to get the share of God's blessings which he needs for body mind and soul.

III. The demands of Jesus are high. Every Bible reader knows the familiar story of the rich young ruler who came to Jesus with a most important question. Although he had wealth, education, position and standing he did not have the peace of mind which he wanted and therefore he asked Jesus, "Good Master, what good thing shall I do, that I may have eternal life?"

The Lord first pointed out to him that only God is good and then told him to keep the commandments, quoting Exodus 20:12-16 and adding Leviticus 19:18. The young man replied that he had kept all the commandments from his youth up and then asked, "What lack I yet?" Jesus then told him, "If thou wilt be perfect, go and sell that thou hast and give to the poor, and thou shalt have treasure in heaven: and come and follow Me."

"These words indicate that discipleship is costly. The young man walked away—he was not willing to pay the price Jesus cited. Money kept him out of heaven—unless he changed his mind. Money is keeping many people out of heaven today. Jesus spoke much about money because of its power over people. Some refuse to follow Jesus because they will not give up a sin, an ambition, friends, power, business connections. The demands of Jesus remain the same—He insists that those who want to be His disciples surrender things which they prefer before Him.

Buys Named Best Player in MIAA

Hope Senior To Receive Bosch Award

Ek Buys, Hope College senior and basketball team co-captain, today was named the MIAA's most valuable player and will receive the Randall C. Bosch of Holland award.

It marks the fourth time in five years that a Hope player has received the diamond-studded gold basketball and the seventh time a Hope basketball player has won the honor since Bosch began presenting basketball awards in 1947.

Buys' selection climaxed a fine season for the 6'4" ex-Grand Rapids Ottawa Hills athlete. Buys was an all-MIAA first team selection and Hope's most valuable player.

He competed in the balloting with the most valuable players from the six other league schools. All of the MIAA players voted for the most valuable player, listing each of the nominees other than their own schools' pick.

Coach Russ De Vette, winner of the MIAA's first most valuable player basketball award in 1947, lauded his top rebounder and second leading scorer.

"Ek's play was a big surprise to us and an even bigger surprise to the fans. His overall play was tremendous and he worked especially hard on defense," De Vette said.

"Because of his tremendous desire on defense he was a great rebounder and he was able to take care of many opposing individual ballplayers," several who were bigger," De Vette praised.

Buys missed most of last season because of an ankle injury and "he did a real good job of coming back," De Vette said. "He got his movement back, which was a real effort. When he started the season he could still feel the injury but he overcame it," De Vette continued.

"His humbleness was sincere," the Hope coach felt, "and all the clubs were impressed with his hard playing and he won the respect of his opponents."

"He conquered his temper this year and his attitude toward basketball changed," De Vette said. "He regarded it as a personal challenge and felt it would be a great year if he made it so. This made him able to play better," De Vette thought.

"As I said before as co-captain he had a real concern for the other individuals on the team and we've never had a finer captain," De Vette concluded.

Buys scored 209 points and picked off more than 100 rebounds in leading Hope to the MIAA co-championship. He scored 429 points and had 158 rebounds as the Flying Dutchmen won 13 of 21 games.

A political science major, Buys plans to attend graduate school next fall and pursue a course in international relations. Buys is a second generation Hope athlete. His father, Ek Buys, Sr., was captain of the Hope 1936 football team.

Following De Vette's selection in 1947, Dr. Don Mulder of Hope and Lew Moon of Albion tied for the MVP award in 1948. Dr. Ron Bos of Hope and Manny Glasser of Kalamazoo tied for the honor in 1953.

TIME OUT — Cartoonist James Unwin, creator of the comic strip Little Sandy Sleightfoot, takes a break at his drawing board to pose with his wife, June, and their son George. Unwin's new comic strip is slated to appear daily in the Sentinel starting this week. One of the partially completed daily strips is lying on the drawing board. The Unwins live at 3981 65th St., southwest of Holland, in Allegan County. (Sentinel photo)

Holland Cartoonist Creates Comic Strip for Youngsters

"In spite of physical handicaps, God has a place for everyone."

Artist James Unwin of rural Holland proves his belief through a brand new comic strip character, Little Sandy Sleightfoot, a small boy with big feet, who spends his time helping people in trouble.

Unwin's comic strip made its appearance in the Sentinel starting Monday. It is a fast-moving, action-packed adventure comic, aimed directly at youngsters from four to 12 years old, but it should appeal to all children from "two to toothless."

Sandy was born about five years ago in Unwin's mind. He made his first public appearance in a Christmas story book, written by Unwin's wife, June, and illustrated by Unwin, in 1957.

Since 1957, Sandy Sleightfoot has appeared in several newspapers across the United States each year as a special Christmas comic strip, beginning in November and running through the Christmas season.

During Sandy's first year, a best-seller record about Sandy appeared. The song, with lyrics by Philip M. Crane and music by Joseph E. Savarino, two friends of Unwin, was sung by Jimmy Dean. It was an immediate hit.

About a year ago, Unwin conceived the idea of making Little Sandy Sleightfoot a daily comic strip. Sandy started appearing daily in newspapers on Jan. 8, 1962, and now appears in some 30 daily newspapers throughout the country.

Sandy is a comic strip with a definite moral for children, started in Unwin's belief that despite handicaps, everyone has his place. No characters ever die or get killed in the strip.

Unwin said Little Sandy Sleightfoot took shape in his mind during 1956 as he sought for a character with a handicap, which was not repulsive or critical, to be used in a comic strip.

Since the comic was originally a Christmas story, the idea of big feet which could be used during the winter season as skis, occurred, Unwin said.

In the original story of Sandy Sleightfoot, Sandy's feet enabled him to ski over the snow to save Santa Claus' reindeer from a burn-

ing barn. The idea of the handicap was basic to show youngsters that such a handicap could be overcome, Unwin said.

Unwin does one daily strip each day and is now working about nine weeks ahead of publication. The strips he is working on now will appear in newspapers during the latter part of May. Unwin spends from three to six hours a day drawing the comic strip.

The strip is being drawn in different episodes, each episode running about four months. The first episode brings Sandy face to face with the Mixies, who live in the cold north, and the Bomable Snowman.

Unwin said each episode takes shape vaguely in his mind. He follows no rigid outline and makes many changes in the story as he proceeds.

Sometimes the artist himself doesn't know what will happen from one day to the next. Unwin said that it helps to keep himself in suspense.

In drawing the comic strip, Unwin thinks in terms of weekly blocks, trying to end each week or a high note of suspense to keep his reader's interest.

A friend of Unwin's, Lt. George Crane, helped to promote the Sandy Sleightfoot story in 1956 and get the strip going. Crane's father was a syndicated columnist, and Crane was instrumental in getting the newspaper syndicate interested in Sandy Sleightfoot. Crane was killed in a plane crash before Sandy really got going.

Little Sandy Sleightfoot is an attempt to give comics back to the youngsters. Unwin said he felt too many comics now are not funny and are aimed at adults rather than children.

The cartoonist was born in Chicago. He attended the Chicago Academy of Art, American Academy of Art and the Chicago Art Institute. He is a graduate of Chicago's South Shore High School.

Unwin is teaching pro at the West Shore Golf Club in Douglas. Until this year he had spent his winters as a golf pro in Florida each year for 12 years. He was formerly employed on the art staff of the Chicago American.

Unwin, his wife, and their five-year-old son, George, live at 3981 65th St., in Allegan County.

Holland Audience Thrilled By St. Louis Symphony

A large audience was treated to an excellent concert Saturday night in Civic Center by the St. Louis Symphony Orchestra, Edouard Van Remoortel, conductor and musical director.

By scheduling several familiar selections the St. Louis Symphony scored a high degree of enthusiastic acceptance by the Holland audience. It was evident from the crowd present that virtually every membership in the Holland Community Concert series had been put to good use. Saturday's showpiece was the Beethoven Fifth Symphony. Other selections, equally effective, were the overture to "The Marriage of Figaro," Mozart, one of the liveliest of all overtures; "Siegfried's Rhine Journey" from "Götterdämmerung," Richard Wagner, and the symphonic

tone poem, "Don Juan," Richard Strauss.

Enthusiastically received were two encores, "Ritual Fire Dance," da Folla, and the familiar and beloved "Jesu, Joy of Man's Desiring," Bach.

The orchestra was prepared to give two more encores, selections by Tchaikovsky and Rossini, but concert goers in the balcony started to leave, and Conductor Van Remoortel took his last bow without further playing.

The orchestra personnel spent Saturday night in Hotel Warm Friend and left Sunday for appearances in Chicago.

The fifth and last concert of the 1961-62 series will be presented Saturday, April 14, in Civic Center by Lee Luvisi, pianist. The date is incorrectly listed on membership tickets as April 4.

The Woman's Study Club met on Monday evening at the home of Mrs. Dwight Van Order. A program on poetry was in charge of Mrs. Harvey Koop and Mrs. Henry Strabbing. Roll Call response was made with an original verse. Mrs. Harold Brink heads the group as president. Plans were discussed for the coming program, "Bridal Revue," in April.

The "smoke" that rises from an erupting volcano is not smoke, but steam. The black color of the vapor is caused by volcanic ash. This ash sometimes falls with the condensed steam to make "mud rain."

Mr. and Mrs. Bob Knipper of Coopersville were visitors at the home of the latter's parents, Mr. and Mrs. Carl Frey the past Sunday.

Roman Banquet Climaxes Latin Week at Junior High

Latin Week festivities at E. E. Fell Junior High School were climaxed with a Roman banquet Friday night in the gymnasium of Longfellow School where 72 Latin students clad in togas reclined on gym mats in old tables set up in a large "U." A pool with water lilies was in the inner square.

A mural across the front of the stage drawn by Patty Lemson depicted the colosseum, Roman scenes and Latin Symbols. As a gesture to the school principals, Earl Borlace and Ted Boeve, a cartoon golfer was included as a Roman athlete.

Paul Winter, the oracle, called to see if the omens were favorable and after assured they were he called for the 12 slaves (eighth graders) and commissioned them to work well, all in Latin, of course.

The three-course feast featured deviled eggs, carrots, onions, olives, crackers and cheese, city chicken or fish, green beans, rolls and honey. The Junior high version of Roman wine was grape juice and 7-Up, served in paper cups instead of goblets. Between courses, the slaves offered finger bowls and towels.

Between-course entertainment consisted of a play put on by Vicki Sparks, Pam Kimple, Bill Helder and Frank Ponzio; a gladiator combat between Mark Nieuwsa and Tom Turner with Jack DeZwaan officiating (guests decreed

that loser Tom should live by putting thumbs up), and a flute duet by Sandy Vande Water and Miriam Lucas. Background music for dinner was provided on tape arranged by Dan Vander Schaaf.

After the tables were cleared for the last time, the slaves were granted their freedom.

After-dinner entertainment was an interpretive dance cleverly done as a takeoff on a Roman banquet by Judy Bort, Judy Johns and Kathy Stamm.

Guests were Mrs. Frank Brieve, Gertrude Ede, Vida Harper, Dorothy Bradish, Adelaide Dykhuizen, Earl Borlace and Ted Boeve. Mrs. Edward Damson is Latin teacher.

It was the first year that ninth graders have been affiliated with the Junior Classical League and the first year that the young Latin students participated in Latin Week festivities on the Junior high level.

Dutch Reserve Team Notched 9 Victories

Holland High's reserve basketball team won nine of 15 games this season and Coach Don Piersma said that six or seven of the players will help the varsity next season.

Piersma felt the key to his club this season was that the boys "were well-disciplined" and "played as a team." Most of the Holland's victories were close and the team didn't whip any foes and they were only defeated soundly (Benton Harbor) in one game, Piersma reported.

Three of the players were promoted to the varsity and played in enough quarters to earn varsity letters. This is the first time in Holland High history that three sophomores have received varsity letters in the same year Piersma reported.

Darrell Schuurman, 6'3" center; Jim De Neff and Vern Plagenhoef composed the varsity sophomore trio. De Neff started the last few games for the Dutch.

De Neff was picked as most valuable player on the reserve team and Plagenhoef was named honorary captain. Jim Thomas was picked as the best sportsman.

Paul Wassenaar was named the most improved and most aggressive. The honors were awarded at a team banquet. Piersma said this reserve team compiled the best record of the three teams he has coached.

The Holland reserves finished in a tie with Muskegon Heights for third place in the LMAC. Benton Harbor and Muskegon were first and second and Piersma said "everybody in the league lost at least three games." Holland's LMAC mark was 4-5. Holland won its first seven games.

Holland scored 812 points and the opponents, 808. The Dutch averaged 54 points a game. Holland hit a fine 41 per cent of its field goals and 71 per cent of its free shots.

Schuurman led in the scoring with 158 points and a 13.2 average while De Neff had 122 and a 11.2 average. Other scorers were Ken Thompson, 155; Jim Thomas, 137; Plagenhoef, 77; Ken Harbin, 71; John Dunn, 31; Craig Leach, 18; Wassenaar, 16; Bob Schrotenboer, 13; Jeff Hollenbach, 12; Dave Ruddick, 6; John Beukema, 3 and Carl Van Vuren, 2.

All 4-H club district winners will take part in the County Achievement scheduled for April 12 and 13 at the Civic Center. Style revue winners will be judged on April 12 at 7:30 p.m. and will perform on stage at 8 p.m. on April 13 in connection with the Share-the-Fun acts by winners of the district event.

The district 4-H Club event is being arranged by Willis S. Boss, 4-H club agent for Ottawa County, Mrs. Grace Vander Kolk, Home Extension agent for the county, assisted by all 4-H leaders and members of the Holland district. The committee on arrangements included leaders from East Holland, Apple Avenue and Waverly clubs.

The theme was woven the town gambler, the town drunk, the ideals and lack of ideals in contemporary living, the irregularities which seemed to be a way of life, and above all the feeling that although original fortunes may have come from questionable sources, certainly the families with money today are held in high regard and not looked down upon for some robber baron deed of years ago.

Throughout the theme ran a fine thread of "status" and its impact in living today, plus the temptation to compromise one's ideals to get status. The final picture of "one light still burning" left the audience in a contemplative mood.

Mrs. William G. Winter, club president, announced the club will hold its final meeting of the year April 3 with Prof. Guy Palazzola of the University of Michigan Art Department as speaker. She announced the Civic Health Committee will have a potluck at 1 p.m. March 27 and that the Financial Study Group will join the AAUW April 19 for a lecture at 8 p.m. in the clubhouse.

He married Annette Wargacki in 1920. He was a member of St. Patrick's Catholic Church.

Besides the wife he is survived by four daughters, Mrs. Robert Doyle and Mrs. Bert Kempker, both of Grand Rapids, Mrs. John Niemiec of Muskegon and Mrs. Raymond Dorais of Alpena; two sons, John of Muskegon and Joseph of Ann Arbor; one brother, Michael of Detroit and 22 grandchildren.

STRUTS HIS STUFF — Reddy or Geronimo Red, owned by Mr. and Mrs. Walter Burns of 429 Riley St., is near to becoming a champion show dog. He needs just two more points. The dog has been showing since last May. Burns (kneeling) will pick up Reddy, who has been on tour, Sunday in Indianapolis, Ind. A victory in the Indianapolis show would give the basset hound champion status.

Basset Hound 'Reddy' Needs Two Points to Be Champion

A little basset hound will be strutting his stuff this Sunday at a dog show in Indianapolis, Ind., in hopes of coping two points to become a champion dog.

Called Reddy and owned by Mr. and Mrs. Walter Burns of 429 Riley St., the basset has copied two majors and 13 points towards being a champion.

To be a champion and enter special shows as a champion, a dog must have two majors and 15 points. Mrs. Burns reported. He will be competing against 35 dogs in the Indianapolis show.

Handled by E. E. Thorn of Fort Wayne, Ind., Reddy or Geronimo Red (his registered name) achieved two victories last weekend in Harrisburg, Pa., and Washington, D.C.

At Harrisburg, the basset was first in winner's dog and open dog and best of winners. He received two points for the win. He repeated the feat in the same categories at the Washington show and received three points.

The Burns' got Reddy in April, 1961 when he was seven months old and started showing him in May. He was shown in sanctioned matches to gain ring experience in licensed shows.

His Indianapolis show marks the 17th and final show for Reddy. Burns will return the basset home and they will begin training for the field trials.

Also good on rabbits, last year Reddy made 4½ points in his first licensed field trial. He was the fourth male out of 35 from a five-state area.

His first show was in Stevensville where he was first in puppies (6-9 months) and best of opposite sex. This was followed with the first in puppies, best of breed and second in group in a Muskegon show.

In his first licensed show in Lansing, Reddy took first in puppies and repeated this honor along with best of opposite sex in a Battle Creek show.

First in puppies honors were also awarded in shows at Kalamazoo, Grand Rapids and St. Joseph.

In the Battle Creek open class (for all ages), Reddy was fourth and followed with a third in the open class at Jackson.

On Dec. 10 last year, Reddy received his first points towards a champion. In a Lansing show, he was third in the open class, first in males, winner's dog and best of winners. He received his first major and three points.

Then on to Marion, Ind., where Reddy copied first in males, winner's dog and best of winners. He received two points. The dog next started tour with Thorn and copied a second in males and re-

serve winner in a Louisville, Ky., show.

This was followed in Chattanooga, Tenn., by Reddy's second major and three points as he copied a first in males, winner's dog and best of winners. The next show was in Nashville, Tenn., where he was second in males.

Besides being a fine show dog, Reddy is a "wonderful pet for the children and is always welcome in the house," Mrs. Burns said, and the three Burns children are eagerly awaiting his return.

In the meantime, the youngsters are busy shining Reddy's many trophies.
