Neckers Named Sloan Fellow

Dr. Douglas C. Neckers, associate professor of chemistry at Hope College, has been named a Sloan Research Fellow by the Alfred P. Sloan Foundation.

Dr. Neckers was one of 77 young scientists selected from 500 nominees for their outstanding research potential on the basis of nominations by senior colleagues familiar with their work.

Dr. Neckers is the only winner from a Michigan college or university and is one of just two fellows from private liberal arts colleges in the United States.

Dr. Neckers and the other Sloan Fellows will receive an average of \$8,750 a year over a two year period beginning in September. Dr. Neckers said he will use a high proportion of his grant for stipends for student research assistants.

The Sloan Fellowship program is designed to allow research latitude to its recipients. The Fellowship may be used for the purchase of equipment and supplies, student stipends, support of technical and scientific assistance, professional travel, summer support and other purposes.

Dr. Neckers' field of research is photochemistry—or, the study of the effect of light on chemical reactions. He is particularly interested in trying to synthesize new materials by using light as a catalyst. Dr. Neckers plans to use some of the fellowship funds to try to relate his research to medicinal and biological research.

Dr. Neckers, 32 is a native of Clymer, N. Y., and graduated from Hope in 1960. He received his Ph. D. in 1963 from the University of Kansas, where Hope graduate Dr. Earl Huyser was his preceptor. Dr. Neckers' parents, Mr. and Mrs. Carlyle Neckers (Doris Van Lente) also are Hope graduates and his brother Craig is a Hope senior. His maternal grandfather, J. Henry Van Lente, lives at 29 East 14th St. in Holland. Dr. Neckers and his wife Sue have two children and live at 583 Lawndale Ct. in Holland.

Dr. Neckers has been awarded numerous grants and awards since joining the Hope faculty in 1964. He spent the 1968-69

Dr. Douglas C. Neckers

academic year on a faculty exchange program at the University of Groningen in The Netherlands; was a Corporation Fellow at Harvard University during 1963-64, was a visiting professor at Ohio State during the summer of 1965, and a visiting lecturer at Illinois in the summer of 1970.

Dr. Neckers has written one reference book and co-authored a laboratory manual. His reference book, "Mechanistic Organic Photochemistry," was an outgrowth of his doctoral thesis and is in wide use among industrial chemists and by chemistry students. He coauthored "Laboratory Experiments in Organic Chemistry" with Dr. J. R. Mohrig, who was a Hope faculty member at the time.

Some Sewer Changes Made On Occupancy

A few adjustments are being made in sewer service charges in occupancy cases, BPW Guy E. Bell said today, but he added these adjustments are no different from practices in the past.

These cases usually involve households vacant for the winter months while the family is in Florida, a situation verified by water and electric bills. There also have been cases in which apartment units have not been occupied, also easily verified by other utility bills.

The second consignment of sewer service bills under the new rates geared to a \$12 minimum for three months was mailed this week. The third and last group will be mailed in April.

Increased rates in sewer service charges were approved by City Council Aug. 19, 1970, and the schedule went into effect Nov. 1. Quarterly bills throughout the year for residential users will be based on winter quarter usage. Summer sprinkling will not be reflected in the sewer service charges.

COD Drive Reporting \$89,500

Cash and promises of \$89,500 were secured Monday night in the opening of the COD (Cash for Operating and Deficit) drive for support of the local Christian schools.

Co-chairmen Paul Baker and Russel Fredericks said about 75 per cent of the calls were made Monday and they expressed confidence the goal of \$100,000 would be reached. Additional calls will be made later.

The amount obtained Monday included \$65,000 in cash and \$24,500 in promises the next few months.

The campaign was launched at a meeting at the Holland Christian High School auditorium attended by more than 400 workers.

Baker said the school needs \$100,000 for operating cash and to pay off loans. He said the need accumulated over the past few years as some parents were unable to meet their obligations because of illness and unemployment.

Baker said it was the aim of the drive to collect \$20 this month and \$20 for each of the next two months from society members. The slogan for the campaign is "Let's Get Back in the Black."

Maplewood Reformed Church will hold a Lenten Breakfast for women in the community Tuesday, March 30, from 9:30 to 10:45 a.m. The speaker will be Dr. William Brownson Jr. A nursery will be provided.

New Bus Policy On 3-Mile Limit

The Holland Board of Education at a special meeting Wednesday night approved by unanimous vote a new policy on school bus transportation providing bus transportation for secondary students living three or more miles from the school they attend.

Such service affecting some 400 students in outlying areas could be financed at an annual cost of \$12,000 to the school district, the rest paid by state funds.

The statement reads: "In a further attempt to resolve the school bus transportation problem, the Holland Board of Education, working with the State Department of Education, has determined that it is possible to transport about 400 eligible secondary school students in grades 7-12 (public, private and parochial) who live beyond three miles from the secondary school they attend.

"The major cost for this service would be the responsibility of the state, with the local district assuming an annual cost of approximately \$12,000. With a favorable millage election vote April 5, transportation for all secondary students living beyond three miles will be provided beginning with the opening of school in September."

Supt. Donald L. Ihrman said Edward Prins, superintendent of buildings and grounds, has drafted four separate maps establishing such limits for Holland High School, E. E. Fell Junior High School, Holland Christian High School and Holland Christian Junior High School.

A special transportation millage calling for 1½ mills for five years to provide transportation for all school students in Holland district living a mile or more from home was defeated in a special election Feb. 15 by a vote of 2,546 to 1,556.

Fire Burns Out Home's Interior

Fire, believed started in the basement, ripped through a wood frame home at 140 East 16th St. Thursday at 7:26 p.m. and caused damage estimated in excess of \$10,000. Fire Chief Richard Brandt said.

Brandt said the house was occupied by two brothers, Lowell and Winston Wilder and their families. The brothers were said in the basement when the fire began near a workbench. They were not reported injured.

Brandt said the basement was well involved with flames when firemen arrived and flames shot through the partitions of the home and broke through the roof.

One fireman was overcome by smoke while battling flames on the roof, Floyd M. Durham, 22, 216 Lincoln Ave., was held overnight at Holland Hospital for observation.

Another fireman, Robert Stille, of 570 West 29th St., was to undergo x-rays for possible injuries suffered when he fell through weakened flooring on the second story.

Brandt said the brothers and their families managed to escape unharmed. The fire burned out the interior of the home owned by O. T. Davis. The home was insured.

The fire spread quickly, said Brandt who added that "when we opened a partition we found fire."

Firemen were called back to the scene later Thursday after flames broke out in a roof gable.

Footprints in Snow Lead to Intruders

The alertness of a Holland patrol officer who spotted fresh tracks in snow early Friday leading to an electrical conduit running up the side of a downtown building may have provided a break in helping clear up some breakins in the city.

Police apprehended two male youths, one a juvenile inside Reliable Cycle & Ski Haus, 254 River Ave.

One of the youths, Philip B. McDowell, 17, of 209 West 12th St., waived examination at his district court arraignment this morning to a charge of breaking and entering. He was bound to Ottawa circuit court and bond of \$2,500 was not furnished. He was remanded to the county jail.

The 16-year-old companion was being referred to probate court.

Officers said they were investigating possible links with recent breakins at schools, private homes and other business establishments.

Cpl. Ron Myrick, on routine patrol at 2:41 a.m., noticed footprints leading down an alley from 11th St. behind stores along River Ave. He followed the tracks to a conduit on the north side of a building but found no prints leading away from the building.

Wrecker Picks Wrong Auto To Tow from Crash

ZEELAND — A mixup in summoning wreckers to an accident Friday morning resulted in police chief Lawrence Veldheer's private car being towed away.

Veldheer had driven his 1968 model car to the accident scene and left it unattended while he drove off with other officers after the two damaged vehicles had been removed by wreckers.

Returning later he found his car missing but another officer recalled seeing a similar car being towed behind a wrecker toward Holland.

A check revealed that weather conditions had delayed a wrecker summoned from Holland to the accident. In the meantime a wrecker called from Zeeland had made two trips and removed the damaged vehicles.

When the Holland wrecker arrived to pick up a car, the only one around was Veldheer's undamaged car. The chief's car was returned to his home later.

A TERRIBLE INJUSTICE

The Census Bureau says that the poor, in fact the very poor, pay as high a percentage in taxes as people earning \$50,000 a year. The take by the several government agencies runs to about 30 per cent. This is true whether you earn \$2,000 a year or \$50,000 a year. The reason this is the case is that the property and sales tax fall heavily on the poor. This property tax deduction in Michigan is \$15.

The sales tax hits hard. These people spend a lot of their income for food, and on all this, in Michigan for example, they pay a four per cent tax, and that on top of the hidden taxes in these items. A family with four children is heavily taxed simply because the family must eat.

If one earns a hundred dollars a week the six member family may be spending forty dollars a week for food which means \$1.60 a week in sales tax on food alone. Add to this the sales tax for other necessities and the figure may well double. This is the kind of figure which could be static whether one earns \$2,000 a year or \$10,000 a year.

We don't believe a nation ought to let this kind of situation go unchecked, so write your congressman.

Faithful in All Things
Matthew 25:14-30
By C. P. Dame

The church always needs faithful people. Not all members in the churches are faithful and hence a lesson on the subject of faithfulness is always timely. Some think there is less faithfulness now than in the past and this can be discussed. We all ought to be faithful to God.

I. God honors people by giving them responsibilities. The Parable of the Talents is very good for our times. A wealthy man planned a trip and before going he called three of his slaves and gave money to each one according to his ability—to one he gave five talents, to another two and to the third only one.

A talent in the time of Jesus meant a sum of money but today we use the word differently. We call a special ability a talent such as a talent for music or machinery. The talents people have are gifts from God and all talents are not the same. Christians have the gospel, which is a trust—a fact some overlook. A look at what God has given us profits.

II. God calls to account. The wealthy man left and the slaves were on their own. In the days of the Roman empire many slaves were skilled people. These slaves had received a responsibility and two of them got busy right away.

When the master returned he called the slaves and the first one reported that with his five talents he had gained five. The master praised him and promoted him, saying, "Well done thou good and faithful servant," and told him to enter into the joy of the Lord. What was the Lord's joy? The man with the two talents gave a good report and the master praised and promoted him also and he too was told to enter into the joy of the Lord.

Two men were "good and faithful." The Bible highly commends faithfulness but today making excuses for unfaithfulness is common. Is it true that the sense of responsibility is declining? If any people ought to be faithful it is the people who claim to be Christian.

III. God punishes the unfaithful. The one with the one talent came and reported. The first thing he did was to criticize his master saying he was a hard man to deal with. The other two did not think so. Instead of using the talent he hid it in the ground. For this the master rebuked him and punished him by taking away the one talent and giving it to the man who had ten talents. He also ordered the lazy man to be cast "into outer darkness, where there shall be weeping and gnashing of teeth"—a punishment for faithlessness. The Lord praises and punishes.

Good Samaritan Center Evaluation Meet Held

The Board of Directors' and members of the Good Samaritan Center were invited to a special evaluation meeting last Monday at the Center. The Samaritan Center is going into its third year of operation.

This March meeting included a review of the present programs in the youth and adult education and public service areas. Evaluations of present programs were made with a view to improved future planning of programs.

Guests in an advisory capacity at this meeting were Dr. Ivan Holstege from the Sociology Department of Calvin College and Hershel Turner, director of the Baxter Community Center in Grand Rapids.

The Adult Education classes in sewing, knitting, home-making, and Bible study were reviewed by Mrs. Gerry Alderink, Mrs. Lucille Lokkers, and Mrs. John Tibbe, respectively, reporting on the progress and participation in these classes. Several participants from the classes gave personal statements as to the values and incentives they had gained in attending and studying in the classes at the Good Samaritan Center.

The Transportation Program was reported by J. Joldersma. This program was initiated in 1968 to assist people who needed transportation to medical clinics, doctor's offices, or hospitals. Many of these needs were referred by the West Ottawa Public Health Department. This program has been of service to about 300 people since August, 1968. A number of these transportation needs involved services to out-of-town destinations and this was accomplished by calling on a "volunteer-bank" of drivers.

The youth programs involving recreation, tutoring, and counseling were also reviewed, questioned, and evaluated. Ivan DeKam, a full-time volunteer at the Good Samaritan Center, explained the tutoring program. This involves the services of about 20 volunteer high school students who meet on Tuesdays and Thursdays after school to tutor students from E. E. Fell Junior High School. The tutoring areas include Mathematics, Geography, Science, and English.

Andrew Woudstra, director of the Center, explained the kinds of contacts and rapport established with young adolescents who visit "Beneath the Sun"—which is an afternoon and evening informal 'drop-in' center in the basement of the Good Samaritan Center at 20 West 15th St. in Holland. This program is assisted by Western Theological Seminary volunteer workers.

Gerald Vande Vusse, representing the membership committee, reported on the membership categories of the supporting members of the Center. These categories are: Voting member, \$5 a year; Associated member, \$3 a year; and Volunteer member. Vande Vusse also pointed out the purpose of the new newsletter "The Center Cord" which is sent regularly to each member reporting on the Center's news program, and activities.

Reporting on housing concerns, Milton Beelin and Ivan DeKam explained the publication of a recent booklet on housing-tenant rights. The purpose of this booklet is to elucidate and clarify the responsibilities and rights of both landlord and tenants.

Mrs. Herrian Gunnink reported on the proposed Good Samaritan Center constitutional amendments—pointing to the purpose which is "to build the Kingdom of God by interdenominational and interracial ministry in the sphere of social relationships. The Center is the outreach of Christ-confessors from every Christian fellowship in or near Holland. This Christian evangelical outreach is offered to any group or individual. The Christian witnessing of the Good Samaritan Center begins with those in need at the point of their needs."

In connection with the center's counseling service, Director Woudstra explained that the problems which the Center handles involves various types including economic, teenage, marital, drug, health, and housing problems. These cases are either dealt with directly or are referred to community agencies which specialize in the problem area.

The Public Relations Committee reported that the director and other representatives of the Center are available to speak to organizations about the needs and the outreach of the Center. The Committee also announced that individual memberships are being encouraged and expanded.

Any person interested in membership, volunteer work, or information regarding services available at the Center may call the Good Samaritan Center.

At present the summer program is being planned, and volunteers interested in assisting with the summer youth projects are urged to inquire at the Center.

Large Holland Contingent At Chicago Flower Show

Six busloads of local persons were in Chicago Monday attending the 13th annual Chicago World Flower and Garden Show in the new McCormick Place on Lake Michigan, a huge flat building under an 18-acre roof, replacing the old McCormick Place leveled by fire four years ago.

The local tour was sponsored by the Holland Garden Club which has arranged such tours for several years.

The garden show which runs through Sunday is staged in the Don Maxwell Hall, providing three times the space previously occupied by the show. Mayor Richard Daley and Gov. Richard B. Ogilvie were present at the grand opening Saturday. The flower show is produced in association with the Chicago Horticultural Society. Frank Dubinsky who has visited Holland's Tulip Time on several occasions is the director and his son, William H. Dubinsky, associate director.

Many gardens and special features appeared dwarfed under a 50-foot ceiling, compared with the 30-foot ceiling in the previous McCormick Place. The show followed a springtime theme with profusions of tulips, daffodils, crocuses, hyacinths, marigolds, zinnias, plus the more exotic roses and orchids, and such other seasonal favorites as dahlias, poinsettias, azaleas, asters, geraniums, begonias, petunias and many others.

One outstanding entry was a 30-foot high tree entitled "Forest of Floral Fantasy," arranged by Florists Transworld Delivery (FTD) with arrangements of roses, carnations, orchids and birds of paradise.

The Chicago Park District's entry was a Vest Pocket Park of the Future, a long free-form garden with a cool sun shelter and a display fountain, with flowers, trees and grass to create a quiet retreat.

Garden Club members gravitated to the Garden Club of Illinois whose theme this year is "Welcome to the Chicago Scene," depicting past, present and future of Chicago. Lots of originality was expressed in artistic arrangements, table settings and working exhibits. There was considerable emphasis throughout the show on pollution abatement and ecology, and working exhibits not only in plantings, but in crafts and hobbies.

There were flower gardens, vegetable minigardens, medicinal gardens, a Bible garden, stamp displays, exotic birds, marine shells, aquariums and Skipper, a performing porpoise. There were exhibits of strip mining and land reclamation, woody trails, ancient Bonsai trees and other novelties.

The new McCormick place is easily reached by car and has ample parking space, an indoor garage for 2,100 cars and a car lot for 6,000.

Business Women Give First \$100 Scholarship

Judy Murphy, head nurse at North Ottawa Community Hospital delighted members of the American Business Women's Association with her frank opinions of many current subjects at their dinner meeting Tuesday evening in the Warm Friend Hotel.

"I am strict with the 239 women working under me," Mrs. Murphy said. "I strongly stress attitude. The young nurses today surprise me with what they know," she continued. "We used to say jump and how far, and they would do it. But today we must explain why."

"We have got to stop the rising cost of medicine. We just can't keep up with it. Even the hospitals can't with the way things are going up. I had to spend hours projecting my budget for next year."

She said that people in the Holland area are lucky. The natural beautiful surroundings of the area attract people, including doctors coming here to live. In some areas, she said, with no surroundings like our lake, a hospital may have 70 beds and only one doctor.

Asked if her nurses wore pantsuits, she commented, "Yes, I have decided that the people who wear the pants rule the world." Commenting on the Women's Liberation movement, she said, "Women should have equal recognition in their working field — equal pay for an equal job. But in the home it is a personal decision."

"Change is needed, she said, and we are making progress. But I certainly can't go along with many of the Women's Liberation protestors because they aren't even feminine."

Fielding many questions about various drugs including penicillin and vitamins, Mrs. Murphy said, "All drugs must be treated with the greatest respect. There is no drug that doesn't have side effects."

The chief function of the ABWA is to help women in business advance through education, increased competence, and upgrading of professional skills and business attitudes.

One of the Association's worthy projects is the giving of scholarships to women students. At Tuesday's meeting Diane Wood, a Butterworth Hospital nursing student, received a check for \$100. Another \$150 will be awarded to her later in the year. Between October 1969 and September 1970, ABWA chapters awarded over \$280,000 in scholarship funds.

In other business, Hazel Kiekenveld, office supervisor at Lear Siegler Incorporated, told about her work in personnel and interviewing. Guard Drills On Anniversary; Lost Records Sought

Members of Holland's National Guard unit held a drill Monday on the 50th anniversary of the founding of the local unit. The unit, now known as Company B, 3rd Battalion, 126th Infantry, was recognized March 22, 1921 and today has 170 enlisted men and four officers.

First Sgt. Ray Naber has issued an appeal for photographs and other memorabilia concerning the local unit prior to World War II. Naber said records of the local guard were sent to Lansing at the start of the war and many have since been lost.

NEW SERIES SET — Officers of the new Holland Concert Association review plans for an enlarged 1971-72 concert series uniting the former Holland Community Concert Association and the Hope College Great Performances series. Left to right are Mrs.

J.A. Stryker, Mrs. Morrette Rider, Phil Rauwerdink, Albertha Bratt and Mrs. Arthur C. Yost. A membership campaign running through Saturday was launched at an appreciation dinner Monday night. (Sentinel photo)

Concert Group Launches Membership Campaign

A week-long membership campaign for the Holland Concert Association opened at an appreciation dinner for volunteer workers Monday night in the Woman's Literary Club.

The new association is a merger of the Holland Community Concert Association and the Hope College Great Performance Series. It will offer seven attractions during the 1971-72 year opening Oct. 7 with "La Boheme" in Holland Civic Center presented by the Boris Goldovsky Opera Theatre which appeared here twice around the late 1950's. It will be presented in English by a company of 50. Philip Rauwerdink, coordinator for the Hope College Great Performance Series, has lined up the National Players of Washington, D. C., in a performance of Moliere's "The Miser" for another attraction. Negotiations also are in progress for an orchestra and choral group.

Mrs. J. A. Stryker, president of the concert association, referred to a "cultural explosion" in America today, compared with a "knowledge explosion" some years ago. She said the merger was approved in December on a trial basis in an attempt to make more cultural programs available to the people, also serving as a unifying force for the community and college.

Rauwerdink said plans are being discussed for some visiting groups to give lecture demonstrations for college and high school students, similar to the Guarneri String Quartet here in February. He said the "cultural explosion" which Mrs. Stryker referred to is resulting in art centers popping up all over the country.

He spoke of attending annual workshops for concert managers every December in New York City, and many managers are amazed at what Holland offers in the cultural line.

"We can do more," he said, pointing out that seven events for \$10 amounts to less than \$1.45 per concert, and if reciprocal privileges with Benton Harbor and Muskegon are exercised, concerts can cost as little as 65 cents. Concert memberships are \$10 for adults, \$5 for students and \$25 for a family membership.

He said a membership card to either this year's series or the new series can result in a price reduction for concert members for the Netherlands Dance Theatre April 17 in Civic Center, providing adult tickets for \$2 instead of \$2.75. Students' tickets will be \$1 instead of \$1.75.

Mrs. Earl Siems, membership co-chairman with Mrs. B. P. Donnelly Jr., introduced division chairmen, Mrs. Morrette Rider, Mrs. Preston Luidens, Mrs. Donnelly, Mrs. Kelly Trapp of Grand Haven, Mrs. Harold Johnson of Fennville, Mrs. Harvey Knoper of Zeeland, Mrs. Dora Russcher who is the newcomer chairman, and Mrs. Orville Millar of Saugatuck.

Holland will share reciprocal privileges with Muskegon and Benton Harbor, and hopefully with Grand Rapids. Both Muskegon and Benton Harbor are planning four concerts each. Muskegon already has selected two attractions, on Jan. 9, 1972, the Canadian Opera Co. will present "Orpheus" in the Underworld" and on Feb. 23 a Russian pianist will be featured.

Benton Harbor already has booked three of the four concerts: Nov. 3, 1971, the Chamber Orchestra of the Saar; March 3, 1972, The Young Americans, and March 23, the Lee Evans Trio.

It was emphasized that persons exercising reciprocal privileges will not be seated until 8 p.m. Hope College students and faculty using ID cards for local concerts will not have reciprocal privileges.

Mrs. Harold Vande Bunte will be headquarters chairman in the Green Room of Civic Center. Hours will be 1:30 to 5:30 p.m. on Tuesday, Wednesday

and Thursday, 1:30 to 7 p.m. on Friday and 10 a.m. to 6 p.m. Saturday.

Assisting Mrs. Vande Bunte will be Mrs. Rudolph Mattson, Mrs. Lou Altena, Mrs. Morrette Rider, Mrs. Myron Van Ark, Mrs. Irwin Koop, Mrs. Lewis Vande Bunte, Mrs. Anthony Van Harn, Mrs. Warren Veurink, Mrs. Wilma Reed, Mrs. Frank Boonstra and Mrs. Casey De Venter.

Guild president, Mrs. Jay Schaap, opened with prayer, followed by a narrative, "The Christ and His Cross," which was presented by the Spiritual Life Committee and Nykerk Circle and was based on the seven last words of Christ from the cross.

Legislative Aims On Several Levels Told at AAUW

"Action" was the topic for the meeting of the Holland Branch of the American Association of University Women Thursday evening in Durfee Hall.

The program was introduced by Mrs. Henry Hekman, legislative program chairman. Other participating members were Mrs. G. S. MacKenzie, Mrs. James Bamborough, and Mrs. Charles Van Duren.

Mrs. Hekman explained AAUW's involvement in legislative programs on the federal level, touching upon issues such as federal defense spending, population explosion, congressional reforms, and equal rights for women. Everyone was asked to notify his legislator on the Revised Abortion Law now pending.

Mrs. G. S. MacKenzie, Secretary of the Board of Education of the Holland Public School System discussed some of Michigan's educational legislation, and the difficulties created by such laws within our own public school system. The annual hours of attendance, the balanced budget, payment of all school supplies, and the denial to strike were all part of legislation passed with the intent to provide a better education for Michigan's youth, but often cause problems for many school systems including Holland.

Mrs. James Bamborough, representing "Project Today," gave the group a better understanding of this Drug Abuse Center and its related activities.

Mrs. Charles Van Duren reported on Juvenile Detention facilities nationally as well as locally. "There are only approximately 15 juvenile Detention Centers in the United States, so we are very fortunate to have one of them located in our own county," she stated. Mrs. Van Duren emphasized the importance of "well-adjusted" youngsters' involvement with the less fortunate teenagers at the grassroot level.

In conclusion, Mrs. Hekman appealed for more individual involvement in the law making process, by writing to state legislators on issues pending, and "to vote locally where one's vote counts the most."

The following women were elected for office: Mrs. William Rocker, president; Mrs. Delbert Michel, program chairman; Mrs. Richard Zingle, treasurer; and Mrs. Albert Osman, assistant treasurer.

The new AAUW membership year starts May 1. Persons interested in becoming a member, may do so as of now, taking advantage of the opportunity to be able to attend the April and May membership meetings. Information may be held from Mrs. Paul Van Faasen, membership chairman. Refreshments were served by Mrs. Eugene Emerson, Mrs. Charlotte Horner, and Mrs. David Paulson.

Allegan Asking Two More Mills

ALLEGAN — Voters in the Allegan Public Schools district will be asked to approve an increase of two mills in extra voted taxes for school operations at a special election Monday, April 5.

The ballot actually will call for a 10-mill extra-voted levy. For the last three years the district has been operating with eight additional mills, but this levy will expire this year. In effect, the school board is asking voters to renew the eight mills and approve an additional two.

The district presently is operating with 17.09 mills. Only two of the county's nine K-12 districts (Otsego and Fennville) levy lower millage for school operations.

West Ottawa held its winter sports banquet Monday evening in the school cafeteria with senior center Jim Bagladi elected MVP of the 1970-71 basketball team. The fete was sponsored by the West Ottawa Boosters Club.

During that time, the seniors have set varsity and pool records in seven of the 11 events. Rick Zavadi and John Boes served as co-captain of the 1970-71 swimming team.

Holland to Lose Passenger Train Service in Plan

The National Rail Passenger System Corp.'s proposed route through Michigan, scheduled to become effective May 1, will leave Holland without passenger rail service.

Charles Foss, ticket agent at Holland, said the Chesapeake & Ohio Railway now operates a round trip passenger train daily between Grand Rapids and Chicago as well as a coordinating spur between Holland and Muskegon. These routes would be eliminated.

Foss said the passenger train bound for Chicago now leaves Holland at 9:02 a.m. and returns at 7:20 p.m. The hours will change April 25.

Foss said since a schedule change Feb. 17 which shortened time available in Chicago for day-trippers the passenger use of the run from Holland has dropped from about 85 or 90 a month to about one a day.

Foss said a labor protective agreement between the rail unions and Railpax is necessary before the proposed passenger systems can proceed. He said negotiations are underway.

The Railpax proposals do not affect freight traffic.
