Frer Helmers has been awarded the contract for the erection of H. J. Cookright's new residence on West Fifteenth street.

The public schools closed today for the spring vacation of one week. A number of the teachers intend to take advantage of the excursion to Washington, D. C.

The Dunkley-Williams Transportation company has closed an agreement with the Michigan Central railroad for a new lake line across Lake Michigan from South Haven to Milwaukee.

A. H. Meyers, of Holland, will open a first class music store in the building two doors east of the Allegan City bank, on or about April 1. A fine musical opening will be given.—Allegan Gazette.

Miss Lizzie Van den Berg and Henry Van der Ploeg have been selected by the First Reformed church Sunday school as delegates to the county Sunday school convention to be held at Coopersville.

The regular spring session of the classes of Holland of the Reformed church will be held in First Reformed church on Wednesday morning, April 2, at 10 o'clock. The classical discourse will be delivered in the evening by the retiring president, Rev. N. Boer of Jamestown.

Monday the Wolverine sugar factory of Benton Harbor, was sold to E. H. Dyer & Co., of Cleveland. The factory will be torn down and shipped to Berlin, Ont. The consideration is \$350,000. The plant when new cost \$825,000 and was built three years ago when material was cheap. Dyer held a mortgage on the plant for \$114,000.

Dr. T. A. Boot and family, of Grand Rapids, were in the city this week bidding farewell to relatives and friends preparatory to a trip to Corning, Cal., where they will reside in the future on a large fruit farm. They left yesterday for their new home accompanied by Miss Margaret Kramer, of this city, who will stay in the west for some time for the benefit of her health.

A Dalton township farmer decided while driving home from Muskegon that he would surprise his wife by appearing in a new suit of clothes just purchased in the city. Stopping at a bridge he peeled off his old suit and had thrown it into the creek before he discovered that the bundle containing his new clothes had jarred out of the wagon. When he reached home the surprise to his wife was even greater than arranged for.—G. R. Press.

The Holland life saving crew will go in commission April 1 at midnight. Capt. Jensen received orders to that effect Monday. The crew will be the same as last year: Frank E. Johnson, Andrew Ver Hoef, Atraham Van der Weiden, Earnest Wright, Phil Beauden, Harry Van Dyk and John Roberts. Captain and crew are all right. They stand ace high with the citizens of Holland and the hundreds of resorters; that come here every spring. Capt. Jensen has made a multitude of friends since he came here from Ludington. He is the right man in the right place and has met with deserved success.

The congregation of Grace Episcopal church was very fortunate when it secured Rev. William Johnson to assume the rectorship of the church. He is progressive and enterprising and has entered into his duties with an earnestness that has brought great success. Not only is he a hard worker but he is an able orator. This has been demonstrated during the Lenten period. He has given discourses on several important subjects and his practical application of established facts, added to his impressive and forcible delivery, has made so favorable an impression that his congregation has gradually increased until now the chapel is filled every Sunday evening.

The Hamilton Creamery opened Monday.

Rev. G. H. Dublink conducted services in the Reformed church at Ebenezer last Sunday forenoon.

Charles S. Dutton, the florist, has a fine display of plants and cut flowers at B. Steketee's store.

The senate has passed Senator McMulla's bill providing for the establishment of a life saving station near Eagle Harbor, Keewenaw Point.

Capt. Charles Coates, of Saugatuck, is superintending the fitting out of the steamer Frank Woods which was tied up in this port during the winter.

The West Michigan band has decided to give its next concert the middle of April at the Lyceum opera house. Prices of admission will be reduced to 25 and 35 cents.

C. DeJonge has resigned from the presidency of the village of Zeeland and Dr. T. G. Hulzenga, the republican candidate for president at the recent election, has been appointed president by the board of trustees.

Rev. S. Van der Werf, of Gibbsville, Wis., will preach his farewell sermon to his present congregation Sunday, April 20. He will come to Holland, accompanied by his family, the week following to begin his duties as pastor of the First Reformed church.

S. Sprietema will move his stock of boots and shoes to the store on River street now occupied by Anthony Rosbach and will transact business at that place from April 1 until his new brick block to be erected on Eighth street is completed.

Sheriff Bensley, of Allegan, came here Tuesday and with the aid of Marshal Kamferbeek gathered in a hobo named James Kergan, alias James Kelly, and brought him to Allegan where he is wanted for the larceny of some clothing.

An inspiration institute will be held in Coopersville April 3, 4, and 5 and Com. L. P. Ernst urges all teachers to attend. Addresses will be made by Henry B. Pattengill, of Lansing, W. J. McKone, of Albion, and Principals Kelly, Davis, Roup and Sellers.

Grand Haven life saving station will open at midnight April 1. Capt. Lysaght's crew this year will consist of Jacob Van Weelden, Charles Peterson, Charles Robinson, John Welsh, Herman Castle, Frank Vogel, Julius Solomonson and Wm. Swarthhouse. The latter two are new men. Mr. Solomonson comes from White Lake and Mr. Swarthhouse hails from this city.

Muskegon Chronicle: S. C. Nettinga a student in the Western Theological seminary at Holland, put in a full day of ministerial work here Sunday. He preached at the Immanuel Presbyterian church on Sanford street at 9 a. m., 2 p. m. and 7 p. m. in Dutch and at 10:30 a. m., preached in English at the Second Reformed church, Houston avenue, Rev. R. Blomendahl, the pastor being indisposed. Mr. Nettinga also instructed the Bible class at noon.

The death of Mrs. Trienje Schols occurred yesterday morning at her home 96 West Ninth street, after twenty-five days' illness. Death was caused by erysiples. Deceased is survived by four children, two living at home, and two married. The funeral services will be held Saturday afternoon at 2 o'clock at the Ninth Street Christian Reformed church, Rev. K. Van Goor officiating. Friends may view the remains Saturday morning from 9 to 11 o'clock as casket will not be opened in church.

The meanest man in Iowa lives in Orange City. His name is Smith, a very common name, and he was met by B. A. Mulder of the News this week. This man buys and sells hogs for a living and after receiving the sum of eleven hundred dollars for one of his shipments, he was careless enough to lose it. A young man found it and hearing of the hog seller's loss, promptly returned to him the wallet with its contents which he graciously accepted. To show his appreciation he handed the finder a "two-fer" but he did not smoke. This man certainly is the evolution of his business.

After boxing the ears of one of her pupils a Holland teacher received the next day the following polite note from the boy's mother: "Nature has provided a proper place for the punishment of a boy and it is not on his ears. I will thank you to use it hereafter."—Press

Prof. J. T. Bergen was called east today by the news of the death of his youngest brother. Dr. Egbert Winter of the Western Theological Seminary will preach the Easter sermon in Hope church Sunday morning and G. TeKolste, a student at the Seminary will preach in the evening.

The Good Friday services at Hope church will begin at eight o'clock this evening. The choir under direction of Dr. A. C. V. R. Gilmore will give the cantata entitled "The Seven Last Words of Christ, and a short address will be made by Rev. J. T. Bergen, who will conduct the services. The public is cordially invited to attend.

William Dennison is no longer a trusty at the penitentiary, having forfeited that right by escaping over the garden wall at midnight. He was a night fireman and utilized his privileges to the extent of tying two ladders together, and over he went to freedom. The officers are searching for him. He has about an hour's start of his pursuers. Dennison came from Allegan in November, 1901, on a five years sentence for bigamy. He is 41 years old.

The Grand Rapids Herald says Representative Hamilton is confident of being able to secure an amendment in the senate to the rivers and harbors bill, that will give Saugatuck \$250,000 to make the Singapore cut. Mr. Hamilton must certainly have a very poor opinion of the United States senate.

It is too bad the senate does not know what a needless sum they are throwing on the dump heap whenever an appropriation is given Grand River. Half of this amount would prove a God send to Saugatuck and the peach belt. We admire Hamilton's pluck and hope he will be successful in landing a substantial amount.

The movement for the building of a new church by the English speaking part of the congregations of the Ninth Street Christian Reformed and the Central avenue churches is meeting with great favor. The committee recently appointed to look after the matter petitioned the consistory of the Ninth Street church for aid, and the consistory recommended that the Ninth Street congregation donate \$3,000 for the new church. A meeting of the congregation of the Ninth street church will be held next Monday night to consider the recommendation of the consistory. Financial assistance will also be asked of the Central avenue church consistory.

FRIDAY, MARCH 28.

ON MISSION OF PEACE.

Transvaal Leaders Go from Pretoria Under a Flag of Truce to Visit Kitchener.

London, March 24.—A dispatch from Pretoria says that Acting President of the Transvaal Gen. Schalk-burger has arrived at Pretoria under a flag of truce at the head of a commission representing the peace party of the Boers. In the party are four leading burghers—F. W. Reitz, ex-secretary of state of the Transvaal, and Commandants Lucas Meyer and Krogh.

The commission arrived on a special train from Balmoral, about 50 miles east of Pretoria. After a short stay they drove to Lord Kitchener's headquarters, where they had an interview with the British commander. The object of the mission, it is said, is to obtain peace terms for the Boers, which are to be submitted to the leaders in the field and which, it is hoped, will be of a character to stop for a time at least all active warfare.

The members of the commission are instructed by their constituents to demand autonomy for the Transvaal and Orange River republics as the most important factor of the prospective peace negotiations.

London, March 25.—There is little disposition in London to regard the news of the Boer government's visit to Pretoria any too hopefully. Official circles express the doubts, held throughout, of the ability of Acting President Schalkburger and the other civilian leaders of the Boers to induce such men as Gen. De Wet and Delarey to surrender.

IMPORTANT COMMITTEE.

Senator Hanna Names the Civic Federation's Committee on Conciliation.

New York, March 21.—Senator Mark Hanna on Thursday named the members of the committee on conciliation of the Civic Federation, whose appointment was provided for at the last meeting of the executive committee. According to the by-laws the committee was to consist of the officers of the executive committee, M. A. Hanna, chairman; Samuel Gompers, first vice chairman; Oscar S. Strauss, second vice chairman; Charles A. Moore, treasurer; and Ralph M. Easley, secretary, and five men to be appointed by the chairman. His appointments are: Archbishop Ireland, Bishop Potter, Frank McVeagh, John Mitchell, Frank F. Sargent, James Duncan, J. Kruttschnitt, William E. Pfahler and Marcus M. Marks. This committee is to take up threatened trouble between capitalists and workmen, with a view to settling them.

Suicide's Horrible Death.

Fort Scott, Kan., March 25.—John Leshler held a stick of dynamite under his chin Monday and deliberately exploded it, the charge blowing off his head and arm. He had been drinking and telling his wife he proposed to kill himself, went to a vacant house near by and committed suicide.

Klump Released.

Grand Rapids, Mich., March 21.—William Klump, arrested and held in custody on suspicion of complicity in the murder of his wife, who died from poison taken in a headache powder at Lowell two weeks ago, was released Thursday, no case having been made against him.

First Statue of McKinley.

New York, March 25.—The first statue to the late President McKinley has just been delivered in the plaster to a foundry at Providence, R. I., where it will be cast in bronze at once, and be ready to be unveiled at Muskegon, Mich., on Memorial day.

Hanged.

Raymond, Miss., March 21.—George Gordon (colored) was hanged here Thursday for the murder of his wife.

DISCOVERS NEW PROCESS.

Oregonian Able to Extract Larger Proportion of Gold from Ore Than by Old Process.

William L. Long, who has spent the past six weeks at Salem, Ore., claims that he has discovered a new process of extracting gold from ores, cheaper than the old methods and producing three times the amount of gold that can be secured by a smelter. His claim is similar to that of Prof. Winn, who recently died in Denver, after making similar discoveries. Long has experimented with ore from various sections with great success. The last experiment was made with tailings from the Ashland smelter. Long extracted 45 cents from ten pounds of the tailings, or at the rate of \$90 to the ton, after the smelter had secured \$40 per ton from the same ore.

WEDDING HINGED ON NICKEL.

Sixteen-Year-Old Bride Is Satisfied with Husband Got by Flipping a Coin.

Mrs. Harry E. McCune, born Celeste McGann, arrived in Bradstock, Pa., from her home in Philadelphia the other day to investigate the status of her husband, whom she married suddenly a week before after a romantic courtship at Cincinnati. McCune is a dentist at Bradstock. He and Druggist W. A. Kulp, of the same town, met Miss McGann and her mother, Mrs. J. C. McGann Kimsey, and both men fell in love with the 16-year-old beauty. They matched nickels to decide who should wed the girl. Kulp won, but he gave up in favor of his friend, McCune. Miss McGann's stepfather was furious when the two women got home and told him of the escapade. He asked what the women knew of McCune, who had come home alone after the wedding. The young bride was satisfied with her investigation and took McCune to Philadelphia to introduce him to her relatives. Mrs. McCune is heiress to \$200,000 from her father's estate.

Strenuous Meeting.

"Did you meet the head of the house?" asked the man with the soap samples.

"No," sighed the book agent, who had been booted from the porch, "I think I must have met the foot."—Chicago Daily News.

PASS THE ANARCHY BILL

Senate Approves of the Plan to Protect the President and Other United States Officials.

DEATH FOR ASSASSIN IS THE PENALTY.

The War Tax Repeal Measure Also Finds Favor in the Senate—House Passes the River and Harbor Bill—Naval Committee Shelves Schley Bills—Other Business.

Washington, March 20.—During most of the session of the senate yesterday the bill providing for the protection of the president of the United States was under consideration. Senator Bacon introduced a bill for the deportation and exclusion of alien anarchists. In executive session the nomination of Capt. A. S. Crowninshield to be a rear admiral was confirmed.

Washington, March 21.—Throughout the session of the senate yesterday the bill providing for the protection of the president of the United States was under discussion. The report of the finance committee on the bill repealing the war revenue act was presented.

Washington, March 22.—The senate yesterday passed the war revenue bill, also the bill to protect the president, by a vote of 2 to 15. A summary of the measure is as follows:

The bill provides that any person within the United States who shall wilfully and maliciously kill the president or any officer on whom the duties of president may devolve, or any sovereign of a foreign country, or shall attempt to kill any of the

Washington, March 26.—The house yesterday unseated Mr. Rhea, of Kentucky, a democrat, and seated in his place J. McKenzie Moss, who is a democrat, but who is in accord with the republican party on the dominant issues. After the vote the house began consideration of the army appropriation bill. The committee on foreign affairs completed the consideration of the Chinese exclusion bill and by a practically unanimous vote ordered it favorably reported.

SUDDENLY STRICKEN.

Gen. Elisha B. Hamilton Drops Dead While Arguing Case in Court at Quincy, Ill.

Quincy, Ill., March 21.—Gen. Elisha B. Hamilton, a prominent attorney and politician and a leader in grand army circles, died suddenly Thursday, aged 64. While presenting an argument before the circuit court, Gen. Hamilton suddenly staggered and sank into his chair, dead. Paralysis of the heart is given as the cause. Gen. Hamilton served with conspicuous gallantry in the civil war. He was commissioned a general for bravery in connection with the railroad strikes at East St. Louis, and was inspector general of the state under Govs. Cullom, Hamilton and Oglesby. He was surveyor of the port of Quincy during Grant's two terms.

SAYS ORDER IS THE RULE

Acting Governor Wright Maintains That Americans Have Wrong Views of Philippines.

THE PRESS REPORTS ARE MISLEADING.

Not More Than Five Per Cent. of the Entire Group, He Asserts, Remains Unpacified—Progress in the Past Year Tremendous and Very Encouraging.

Washington, March 21.—Judge Wright, acting civil governor of the Philippines, has written a personal letter to Gen. Marcus J. Wright, of this city, which gives an interesting insight into the condition of affairs in the Philippines.

"We are so far removed from the United States," said Gov. Wright, "that I fear the people at home get rather an inadequate idea of the situation here. The press reports of the last month or more which have reached us here, together with the comments thereon, seem to indicate that the general opinion is that the whole islands are either blazing with insurrection or else that outbreaks are prevented only by the use of troops on an extensive scale. This is wholly misleading.

Insurrection the Exception.

"The real truth is that in 95 per cent. of the territory of the islands there is no insurrection, and Americans so about singly and unarmed with about as much safety as they would in a large majority of the states at home. There is a fast dying insurrection in two provinces of the great island of Luzon and in the remote southern island of Samar.

Here and there in more remote sections there are instances of cattle stealing and occasionally murder or robbery. We are dealing energetically with the lawless element, and the people as a rule are rebuilding their houses where they have been destroyed, tilling their fields, and pursuing their ordinary vocations.

"Of course, telegraphic dispatches generally deal alone in something sensational. I apprehend that if any one of us were in a foreign country and receiving only news of what was happening in the United States in police circles we would get about the same idea of our own country as many of the people of the United States seem to have of this.

Tremendous Progress.

"The fact is that the progress we have made in the last year is tremendous, and to me encouraging. While I do not look for the millennium, either here or elsewhere, speedily, I see no reason to doubt that American authority can be maintained without more trouble than indicated by Gov. Taft. Of course, we must utilize the native in policing his own country, just as has been done by England in all her colonies from the beginning."

News from Samar.

Manila, March 20.—Gen. Lukban's efforts in influencing Guevarra, who recently issued a proclamation declaring himself the successor of Gen. Lukban in the Island of Samar, to surrender have been successful. Both Gen. Smith, in command of the United States forces in the Island of Samar, and Guevarra have agreed to an armistice to facilitate the collection of Guevarra's men with their rifles, when the formal surrender will be made. The arms will be paid in at the fort.

Gen. Chaffee is greatly pleased with what he considers as closing the active insurrection. The resistance in Batangas and Laguna provinces practically is over. There are daily surrenders there of men and guns. The insurgents have been completely starved into submission by Gen. Bell's aggressive tactics in preventing any exterior assistance from reaching them.

Noted Jurist Dies.

New York, March 21.—Noah Davis, formerly a justice of the supreme court of this state, died at his home here, aged 84 years. Judge Davis was a member of congress in 1869. In 1873 he was elected to the supreme court and sat on the bench until 1887, most of the time as presiding justice. During that time he presided at some of the most noted trials ever held in New York. Among them were the two trials of Tweed and the trial of E. S. Stokes, charged with the murder of James Fiske.

Tells Sensational Story.

Baraboo, Wis., March 25.—Jacob Steinman, who was taken to Waupun Saturday for burglary, confessed to Sheriff Stackhouse that he was an anarchist, and was present at the lodge meeting when Czolgosz was selected to assassinate President McKinley, and that he was the person who tied the handkerchief over the hand of Czolgosz just before the shooting.

Little Boy Killed.

Clinton, Ia., March 26.—While practicing athletics in the park Tim Clark, captain of the high school football team last year, made a wild throw while putting the shot and the 12-pound ball struck Hugh Callahan, an eight-year-old boy, in the head, death resulting a few minutes later. The skull was fractured and the boy died without regaining consciousness.

May Be a Strike.

Shamokin, Pa., March 25.—The United Mine Workers' convention adjourned yesterday after issuing an ultimatum to the operators which, if not heeded, will cause a strike of all anthracite coal miners.

Receipts Are Less.

Washington, March 25.—During the last eight months the total internal revenue receipts of the government were \$183,041,744, a decrease of \$20,058,406 over the corresponding period of last year.

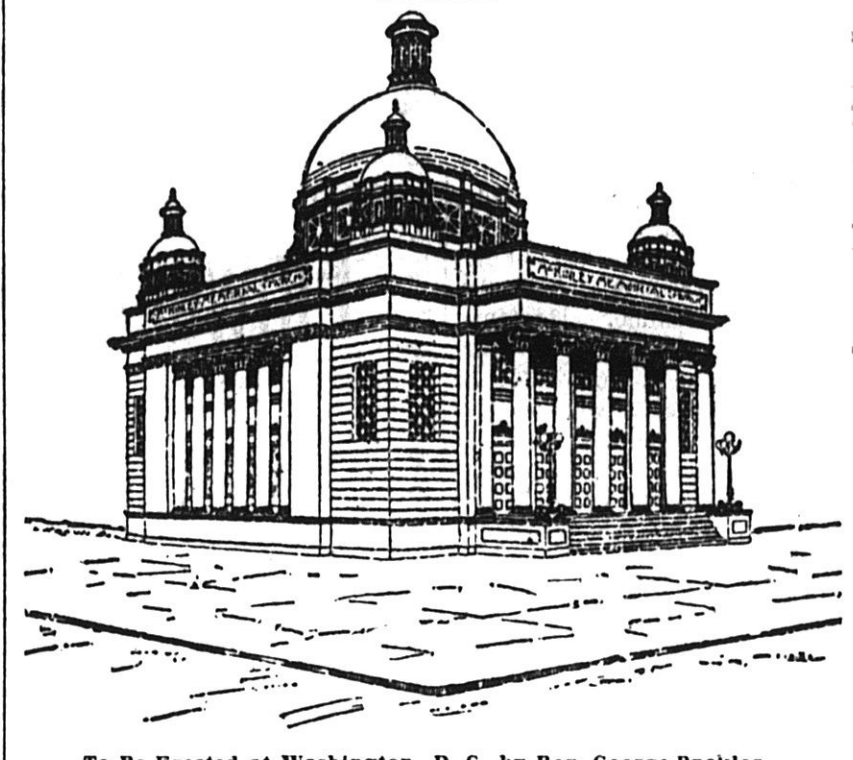

Fatal Explosion.

Dubois, Pa., March 26.—Three men were killed and several injured by an explosion at the Puxsuta way powder mill Tuesday afternoon. Four men were in the building at the time.

Called Him a Liar.

London, March 21.—John Dillon, Irish nationalist, was suspended in the house of commons Thursday for calling the colonial secretary, Joseph Chamberlain, a "damned liar."

persons named, shall suffer death; that any person who shall aid, abet, advise or counsel the killing of any of the persons named, or shall conspire to accomplish their death, shall be imprisoned not exceeding 20 years; that any person who shall threaten to kill or advise or counsel another to kill the president, or any official on whom the duties of president may devolve, shall be imprisoned not exceeding ten years; that any person who shall wilfully aid in the escape of any person guilty of any of the offenses mentioned shall be deemed an accomplice and shall be punished as a principal. The secretary of war is directed to detail from the regular army a guard of officers and men to protect the president, "without any unnecessary display," and the secretary is authorized to make regulations as to the dress, arms and equipment of such guard.

Washington, March 25.—Consideration of the oleomargarine bill was begun in the senate yesterday. The measure places a tax of ten cents a pound on oleomargarine colored in imitation of butter and reduces the present tax to one-quarter of a cent a pound in its uncolored form. A bill was passed to establish a life-saving station at Eagle Harbor, on Keweenaw Point, Mich.

Washington, March 26.—A sharp attack on the pending oleomargarine bill was made in the senate yesterday by Senator Money (Miss.). He denounced the measure as "unconstitutional, immoral, dishonest and unjust." Senator Hansbrough (N. D.) spoke in support of the measure.

House.

Washington, March 20.—In the house yesterday fair progress was made with the river and harbor bill, and after the close of the general debate 27 of the 116 pages of the bill were disposed of. A bill was introduced providing for a 20 per cent. reciprocity agreement with Cuba.

Washington, March 21.—In the house yesterday bills were introduced to provide a safer and easier method of sending money by mail and to increase the postal revenues, and to levy a tax of ten cents a pound on renovated butter. The military appropriation bill (\$90,905,940) was reported, and the river and harbor bill was further considered.

Washington, March 22.—The river and harbor bill was passed in the house yesterday and a bill was introduced authorizing the postmaster general to make contract for pneumatic tube mail service in cities. The naval committee adopted a resolution indefinitely postponing further consideration of the Schley bills and resolutions.

Washington, March 24.—The house devoted the entire time on Saturday to consideration of the contest of J. McKenzie Moss (rep.) for the seat now occupied by Mr. Rhea, of Kentucky, but no action was taken. The committee on elections has reported adversely to Rhea.

Washington, March 25.—Senate amendments to the bill to repeal the war revenue taxes were nonconcurrent in the house yesterday and the bill was sent to conference.

of a blow on her temple sufficient, in the verdict of the coroner's jury, to have caused death, was found guilty of murder in the first degree amid scenes of great confusion. The feeling against Wilcox has been very strong, and the news was received throughout the town with shouts of acclamation. When the verdict had been received Judge Jones sentenced Wilcox to be hanged April 25.

PRISON AND FINE.

Sentences of Neely, Reeves and Rathbone in the Cuban Postal Fraud Cases.

Havana, March 25.—The trials before the audiencia court of the cases arising from the embezzlement of Cuban postal funds have resulted in the following sentences: C. F. W. Neely, ten years' imprisonment and to pay a fine of \$56,701; W. H. Reeves, ten years' imprisonment and to pay a fine of \$35,516; Estes G. Rathbone, ten years' imprisonment and to pay a fine of \$35,324.

Lived Almost a Century.

New York, March 22.—Mrs. Ella Hawdon, who would have passed the century mark had she lived until next spring, is dead at her home in Brooklyn. Mrs. Hawdon served as an army nurse during the civil war, and was personally acquainted with Grant, Sherman, Sheridan and other leaders. She was at the battle of the Wilderness, at Shiloh and before Vicksburg during the siege.

Leaves Numerous Progeny.

Salt Lake City, March 26.—James Brown, who was with Joseph W. Marshall when the first discovery of gold was made in California in January, 1848, died at his home in this city Tuesday, aged 73 years. Mr. Brown was a member of the "Seventies" and a patriarch of the Mormon church. He left 21 children and 126 grandchildren.

Clearing House Exchanges.

New York, March 22.—The exchanges at the leading clearing houses in the United States during the seven days ended yesterday aggregated \$2,166,794,610, against \$2,121,197,014 the previous week. The decrease compared with the corresponding week of last year was 10.4.

Gen. Otis Retires.

Washington, March 26.—Maj. Gen. Elwell S. Otis closed his active career in the army yesterday by reason of age and will go into retirement. He will be succeeded in command of the department of the lakes at Chicago by Maj. Gen. Arthur MacArthur.

Lost Their Lives.

Kosciusko, Miss., March 24.—Five country convicts made an attempt Saturday night to burn their way out of prison, burning the stockade house in which they were confined down over their heads, cremating themselves. They were all negroes.

Opinion of well Informed Men On Question of Extension.

To the Citizens of Holland:

As the Board of Public Works has recommended to the Common Council that the sum of \$55,000.00 be expended in improving and enlarging the water and light plants, and as by order of the Common council the proposition to raise said amount of \$55,000 will be submitted to a vote of the electors at the charter election to be held April 7, 1902, we as members of the Board of Public Works, deem it our duty to call attention to the necessity of expending such a large amount for said purposes.

WATER WORKS.

The sum deemed necessary for the water works is \$30,000, itemized as follows: extension of water mains, \$20,000; new pump at Nineteenth street station, \$8,000; and large open well at Nineteenth street, \$4,000.

While this extension of the water mains will supply water for a large part of the city now unprovided for, its principal object is to improve the fire protection of the entire city by reinforcing the mains now in the streets but without duplicating them. If the excellent service of the past five years is to be maintained, it is absolutely necessary to increase the pumping capacity at Nineteenth street station. During the draught last summer, the pressure in the mains sometimes fell as low as 30 lbs., with the plant taxed to its full capacity. About one hundred new services were connected last summer, and judging from present indications the new services this year will be double that number. It is evident, therefore, that without increasing the capacity of the water works, it will be impossible to maintain the proper pressure in the mains even for lawn-sprinkling, and much less a suitable fire pressure, unless the use of water for lawn-sprinkling is restricted or forbidden. Realizing that well-kept lawns and parks contribute to the beauty of the city, the use of water for lawn sprinkling should be encouraged, and the Board would with great reluctance restrict its use for such purposes. In fact, would not do so except as a last resort. But with the pressure in the mains below 30 lbs., and the pumps and mains taxed to their utmost capacity, as was the case last summer, the city would be practically without fire protection and rather than have any portion of the city destroyed by fire, it would be necessary to stop lawn-sprinkling.

In order to prevent any such contingency, therefore, we have recommended the above extension of the water works, relying on the good judgement of the electors of the city to carry the recommendations into effect. The rapid growth of the city demands progress in the extension of both water and light departments,

and to show that the water works is not a heavy burden on the taxpayers, the following statement of profit and loss taken from our annual report for the fiscal year ending March 17, 1902, is subjoined:

From the above statement it is evident that the people of Holland can well afford to enlarge their water works so as to make the same adequate to meet the demands of the rapidly growing city.

LIGHT PLANT.

The municipal electric lighting plant of this city has been an unqualified success thus far. The light rates are lower than those of any other city in this State, except possibly where water power is available in place of steam. Low rates, not large profits, are the object of municipal ownership and judged by that standard our light plant is a credit to the city. And though this plant has been able from its own earnings to more than double its capacity during the past seven years, yet it has been impossible to take care of the extraordinary demand for electric current for lighting and power service in a city whose population and business importance have outgrown all prescribed limits, and unless the capacity of the plant is increased as recommended by the board, a large part of the business which could be acquired by the plant must be refused.

The sum of \$25,000 is asked for the extension of the light plant. The annual interest on said amount at four per cent would be \$1,000, and that the plant out of its earnings can easily pay this additional charge even if the business were no larger than last year, is proved by the following statement of profit and loss which shows a net profit of \$2,759.08:

Revenues.
Receipts.....\$13715.83

Difference in inventory..... 587.07

Taxes city would have received if plant were owned by private company..... 400.00
Depreciation of plant..... 2501.28
Total.....\$14857.02
Profit.....\$2759.08

The plant has made a substantial profit right along during its existence just like last year, and if the net profit of 1901-1902 is \$2759.08, it will more than twice over pay the annual interest of \$1,000 on the proposed bond issue of \$25,000. It is therefore evident that the extension of the plant will not and cannot raise the taxes of the city in any manner.

The water works and light plant have the same power station, and extensions in each are so closely related that to extend one and not the other would interfere greatly with the efficiency of both. On that account, and for the specific reason that under the proposed water and light extension an electrically driven pump will be placed at Nineteenth street

station, necessitating extension work in both plants, the propositions for water and light extensions have been combined, and will be submitted to the voters at the election, to be held April 7, 1902, as one proposition.

Fully convinced of the necessity of making the above extensions, and after mature consideration of the plans thereof, recognizing the equity of increasing our facilities to furnish water and light, so as to be able to supply those now of necessity deprived of them as well as those who have enjoyed their use for some time, we submit the foregoing facts to a candid and intelligent public, with the confidence that the verdict at the ballot box will justify our efforts to make the public utilities of our city commensurate with the demands of its growing population and business importance.

Respectfully submitted,

The Political Outlook. Very Quiet.

It is remarkably quiet in the field of politics this year and the agitation that prevailed last spring on the eve of election is conspicuous by its absence.

Excepting for the marshalship no races for the nominations on the republican ticket are on. It is difficult to tell who will head the ticket. Mayor Brusse will retire after two terms of service and will not accept the nomination for a third term. The friends of Attorney Arend Visscher would like to see his name at the head of the ticket and the same may be said of I. Marsilie, G. J. Van Duren and B. D. Keppel. Dick Van der Haar and Bert Van der Veen are in the field for the marshalship and the names of John Van Anrooy and Simon Roos are also mentioned. Attorney Leo DeVries is a candidate for the justiceship, and John J. Rutgers will be nominated as supervisor of the 1st district. It is likely that G. Wilterdink will be re-nominated for treasurer.

On the democratic side of the fence J. G. Van Putten and R. H. Habbermann are mentioned in connection with the mayorality nomination. Fred Kamferbeek will be nominated to try to succeed himself as marshal, Johannes Dykema will be nominated to make the trial to succeed himself as supervisor of the 2nd district, and Attorney J. C. Post can receive the nomination for justice of the peace if he wants it.

The republicans will nominate men for the offices of mayor, treasurer, marshal, justice and supervisor at the primary election to be held at the Lyceum opera house next Monday from 12 o'clock noon until 8:30 in the evening. The ward caucuses for the nomination of aldermen and constables will be held tonight.

WARD POLITICS.

In the first ward P. A. Kleis (R) finishes his term, and will very likely receive the nomination for the next term. It is not known who

the democrats will select to run against him.

In the second term of James Kole (D) expires and the democrats will give him a re-nomination. It is not known who the republicans will pit against him.

In the third term of Henry Luidens (R) expires. His friends would like to see him re-nominated but he will not accept and another man will have to be chosen. The friends of E. P. Stephan would like to see him on the ticket and may persuade him to accept the nomination. The democrats talk of running Seth Nibbelink.

In the fourth term of R. H. Haberman (D) expires and if he does not run for mayor he will be given the nomination. The republicans talk of Otto P. Kramer and J. Kuite, Sr.

In the fifth term of J. Westhoek (D) expires. He will be re-nominated but it is not known who the republican candidate will be.

In none of the wards is sleep lost over the constable nominations as no one is clamoring for honors in that line, although there are a number of receptive candidates.

Dead. Perry Wise Accidentally Shot Himself.

A deplorable accident cost Perry Wise, the 16-year-old son of Mr. and Mrs. C. D. Wise, 186 East Ninth street, his life yesterday. He was shot in the lung while hunting on Kruizenga's island in the marsh north of the city.

Perry had been hunting on the north side of the island. He placed his gun in the boat and was about to push the boat into the stream when the gun exploded and the charge of shot penetrated his right lung shattering the shoulder blade, backbone and ribs. He sank to the ground and strange to say the first thing he did was look at his watch to ascertain the time. He found that it was 9:15 o'clock. Fearing that the wound meant death, the plucky lad started to walk towards the bridge on the south part of the island, a distance of three quarters of a mile; but he fell before he had walked 5 rods and was unable to arise. He had a revolver which he shot repeatedly to attract attention, but two hours passed before he was found by Mr. Hiefje and another hunter.

One of the men stayed with the wounded lad and the other hastened to the telephone at the water station and telephoned to Mr. Wise who is yard master at Waverly, and Dr. J. A. Mabbs. The boy was placed in the boat and rowed to Columbia avenue and from there was taken home. There was no hope for his life as the wound would have been fatal even if assistance was at hand the moment of the accident. Death came at 12:45 o'clock while Drs. Mabbs, Cook and Mersen were dressing the wounds.

Perry was conscious until a short time before he passed away, and told how the accident occurred. He was plucky to the last and though he felt that the wound was fatal the moment it was inflicted he showed no signs of fear. Yesterday was the first time that Perry used the boat that figured in the accident. It was a small duck boat that he bought from one of the resorters at the Park last summer. He finished painting and repairing it yesterday and launched it for the first hunting trip.

Perry Wise had as bright a future as any boy in Holland. He was ambitious and energetic and

was always trying to get ahead. He worked at the Ottawa Beach hotel one year and at Macatawa hotel two years and gave the best of satisfaction to his employers. In school he was in the tenth grade and was beloved by his teachers and schoolmates.

The funeral services will be held at the house tomorrow afternoon at 2 o'clock, Rev. Adam Clarke officiating.

The pall bearers will be Archie Horning, Archie Wright, Roy Heath, Robert Moore, Ray Hadden and Sears McLean.

To Perry Wise, by a Classmate

Fare thee well dear classmate,
You must go thy endless way,
Your duty here is done;
Ours not finished, we must stay
And fulfill the best we can,
Duty here to God and man.

We part, not forever!
Though earth's tie is severed here
Though ne'er here we'll see you,
In our hearts there is no fear
But, we'll meet you with the blest
In the land of, Ever rest.

The world moves just as smoothly,
Men are striving just the same,
Some for sake of riches,
Some for sake of name and fame.
Useless 'tis, for naught's attained
God hath not before ordained!

We would have you with us
As our course in life we run;
But 'tis not our wishes,
'Tis the will of God that's done.
We must then contented be,
Till we're waited to Eternity.

Mrs. Post Killed by Fast Train.

Mrs. Charlotte Post, a former resident of this locality, met a violent death last Tuesday at South Bend, Ind. She was run down by a fast train and instantly killed.

Mrs. Post was the wife of Charles F. Post and they lived north of this city until about a year ago when they moved to South Bend. Relatives and friends in this city were shocked to hear of the sad death of Mrs. Post. The remains were brought here for burial and the funeral services were held yesterday afternoon at Hope church, Rev. J. T. Bergen, officiating.

Steamer to Chicago Monday.

The Graham & Morton transportation company will open navigation between Holland and Chicago next Monday night. Fred Zaleman, the local agent, has been advised that the steamer C. S. Moore will arrive here Sunday with passengers from Chicago, and will leave here Monday night on the first regular trip. Tri-weekly service will be maintained for

a short time, the boat leaving Holland on Monday, Wednesday and Friday nights.

Daily service will be started as soon as the harbor is dredged sufficiently to allow the Soo City or Puritan to enter. The Soo City will be ready for service Monday and will be put on the St. Joseph-Chicago route instead of the Moore.

Ended Life by Jumping in Well.

Mrs. Jacob Kraal, of Crisp, well known in this city, ended her life last Monday forenoon by jumping into a well on the farm of Albert Roo. She left her home about 5 o'clock in the morning and Mr. Kraal and his two daughters becoming worried on account of her absence, assisted by neighbors, began to search for the missing woman, and after several hours quest found her body in the well a short distance from her home.

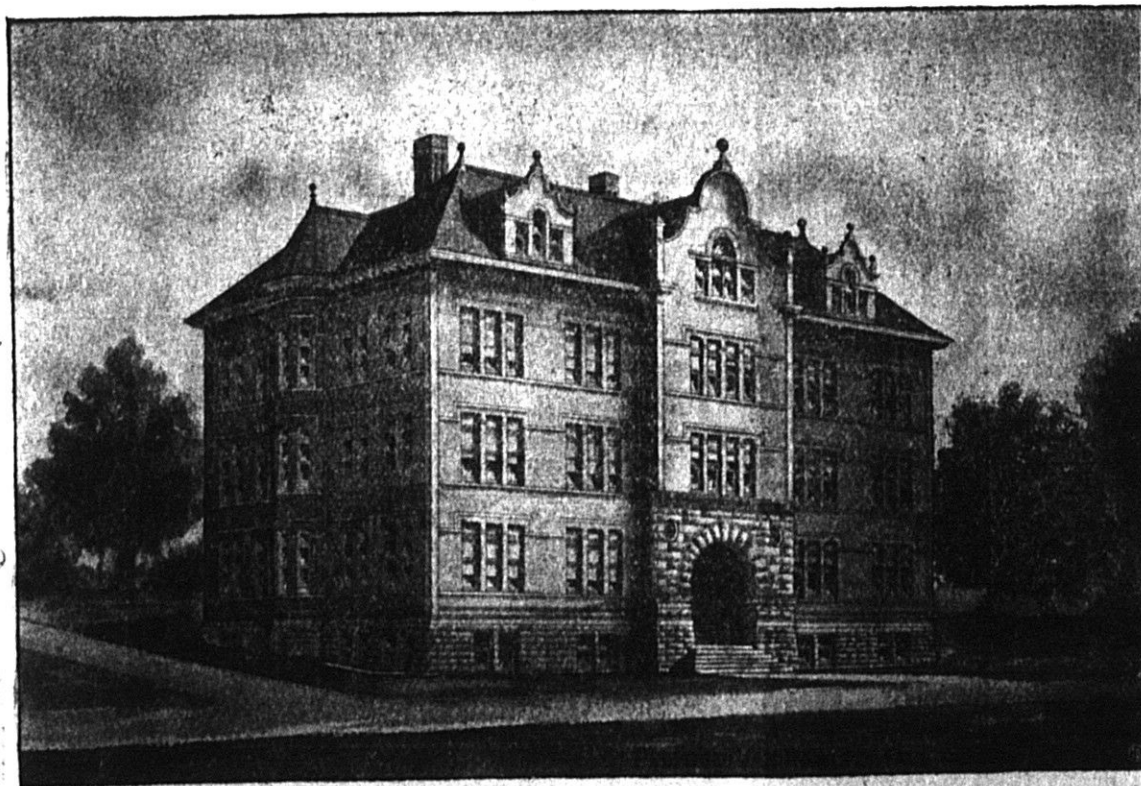

The well is 3½ feet square and four feet in depth, but there was but 3 feet of water in it, and in order to end her life it was necessary for Mrs. Kraal to lie down. It is supposed that the unfortunate woman was temporarily deranged when she committed the rash act, as at different periods the last few years she was mentally depressed.

Mrs. Kraal was 52 years of age. She leaves a husband and nine children, Grace, Albert and Henry being residents of this city. The funeral services were held Wednesday afternoon, Rev. Van Tienen, officiating.

Passed The House.

The rivers and harbors bill has passed the house carrying its full quota of appropriations for the Fifth congressional district. William Alden Smith has been asked by the commercial interests at Grand Rapids whether the appropriation of Grand river includes money for purchasing a dredge, and has replied by saying that \$125,000 is appropriated, out of which money may be used in securing a dredge. There is also an appropriation of \$73,000 for Holland harbor, \$10,000 for Grand Haven, \$5,000 for dredging inside the harbor at Holland, and \$5,000 for improvements from Spring Lake to the mouth of the river at Grand Haven.

There is great probability that the measure will be amended in the senate as several members who intended to fight gave up when they found that the committee had things in its own hands. Representative Hamilton wants an appropriation of \$250,000 to improve Saugatuck harbor by making what is known as the Singapore cut in the Kalamazoo river, and will try to have such an amendment made in the senate.

The above cut represents Van Raalte Memorial Hall which will be built on the Hope College campus. Messrs. Clarke & Blakeslee, contractors, of Grand Haven, have been awarded the contract for the erection of the building. Seven bids were received ranging from \$26,962.00 to \$31,995.00. The hall will be 130x72 feet, three stories and a basement. It will be built of Cloverdale brick, with Waverly stone trimmings. The contractors must complete their work by September 15, and it is expected that the building will be ready for occupancy at the beginning of the second term of college. Ground will be broken tomorrow morning at 7 o'clock with appropriate ceremonies and the public is cordially invited to attend. The building will be erected northeast of Winants Chapel and will face Twelfth street.

A Grand Concert.

The second annual concert of Hope College Choral union given at Winants chapel last Monday evening before a large audience was an unqualified success. From the moment that Breyman's orchestra played the overture until the "Good Night" song by the male chorus the sweet music held the wraps attention of all. The program was long, very long, but as there was not a dull number the time seemed unusually short and the audience was loth to see the entertainment come to an end.

The work of the chorus was grand. Prof. Nykerk, the director, led with a spirit of earnestness, proficiency and magnetism that brought out its best efforts; the members, their voices trained to blend harmoniously sang with rare power and expression, and thus a splendid effect was produced.

Owing to the number of people who took part it is impossible to give adequate praise to each number. Each, whether solo, or duet, was exceptionally good and elicited liberal applause.

Mrs. Geo. E. Kollen, the reader, gained instantaneous favor with the audience and was obliged to respond to a hearty encore. The accompaniments were played by Thomas Welmers in an able and creditable manner.

The Contest at Allegan.

Persons desiring to attend the district High school oratorical contest to be held at Allegan April 4th, will do well to buy their tickets early, for only two hundred seats will be reserved for the delegation from Holland.

That the representatives of Holland, Grand Haven, Allegan and other towns will make the evening a most enjoyable and interesting one is certain, if it is one half as successful as the local contest.

A special, decorated train will leave Holland at 5:40 P. M., and will return the same evening. Tickets providing for the round trip to Allegan and back, and for admission to the contest will be sold at the stores of Wilmet Bros., Wm. Brusse, C. DePres, G. H. Huizenga and Sloyter & Co., and by a number of High school pupils at 70 cents a piece.

The railroad tickets will be accepted on the train leaving Holland for Allegan at 8:10 giving those who wish to do so a chance to spend the day in Allegan and return on the special train for excursion rates.

Major Scranton Circle No. 18 Ladies of the G. A. R. will meet in K. of P. hall on Friday, April 4 at 2:30 sharp. All members are requested to be present especially the officers as there will be initiation service and application for membership to be considered.

The choir of the Third Reformed church will render special Easter music next Sunday at the morning and evening services.

The April meeting of Hope church Missionary society will occur on Wednesday afternoon, April 2nd, at three o'clock at the home of Mrs. C. C. Wheeler, Columbia avenue and Tenth street. Mrs. Otto who has recently returned from China will be present and give an address which will be of interest to all. A large attendance of the ladies is requested.

Several new candidates were initiated by the Royal Arch Masons last Monday night. After initiation a banquet was served at the lodge rooms. Among the Masons from out of town who attended were: C. E. Basset, of Fennville; Robert Finch, of Grand Rapids and W. H. Lautet, C. Christmas, A. Van Tall, H. F. Harbeck, D. Gale, W. H. Fallon, Wm. Walt, F. Pfaff of Grand Haven.

The Inspiration Institute held in this city the latter part of last week was the best and largest convention of teachers ever held in Ottawa county. Nearly 200 teachers were present and entered the work with enthusiasm. Henry R. Pattengill of Lansing and A. Hamlin Smith, of Lansing, under whose direction the institute was conducted kept interest to a high pitch the entire time. The most inspiring feature of the institute was the lecture given by Mr. Pattengill Friday evening. He told of the magnificent progress of the United States, and showed that the public school system was responsible for a great part of the prosperity and greatness of this country.

The Modern Woodmen will have another interesting celebration. They will meet in their new hall in the Rink block tomorrow night. This hall is fixed up in elaborate style. It is 80x30 feet, and besides the parlors and lodge rooms is fitted up with kitchen and dining room. The lodge rooms contain a handsome Ivers & Pond piano valued at \$400. Tomorrow night the local lodge will entertain Star Camp, M. W. A. of Grand Rapids. The visiting members will be accompanied by their crack degree team and after an exhibition drill on Eighth street will repair to the hall and perform initiation ceremonies for 25 candidates. After the initiation an elaborate banquet will be served.

The days of joy are here so far as the furniture dealer, James A. Brouwer, is concerned. People are beginning to buy articles of furniture particularly carpets, matting, linoleum, oil cloths, rugs, and lace curtains, and they find that the furniture store on River street is a good place to go. 300 patterns in carpets, 100 patterns in matting, 75 patterns in linoleum and oil cloths and 100 patterns in lace curtains and draperies are shown there. Call and see goods and when prices are quoted you'll buy.

A man with an uncontrollable jag careened to the starboard last night as he was entering Frank Charter's barber shop and broke one of the front windows. He says he will pay for it.

Richard H. Post, of this city, a student of the U. of M., has a bright little story in the April number of Frank Leslie's magazine. It is entitled "Not Even Memory" and is vivid in plot and interesting in theme.

The number of pupils belonging to the public schools at the end of this month is 1635, which is 91 more than last year at the same time. During the seven months of the present school year 1880 different children have been enrolled. During the past two years tardiness has been decreased to such an extent that the number of tardy marks is but one third of the number registered in the best of the previous years. A good record.

The students of the New Brunswick Theological seminary have agreed to send by their own subscription a member of this year's graduating class into the foreign missionary field after leaving the Seminary. To send out a missionary requires an outlay of \$700. On a recent evening twenty of the thirty students in the Seminary pledged \$500 of this amount, or an average of \$25 each. The destination of the student missionary class will be left to the Board of Foreign Missions of the Reformed church, but he will in all probability be sent to China. Who will be chosen for the position is not yet known. Henry Sloyter, of Grand Rapids, a graduate of Hope college, is a member of the graduating class.

Royal Arcanum Officers.

John R. Eckstein, of Jackson, state deputy of the Royal Arcanum, who is in the city in the interests of the lodge, called a meeting of Macatawa Council, No. 1880 last Friday evening. Plans were made for the advancement of the lodge and the following officers were elected:

CECIL RHODES IS DEAD.

The South African Magnate Passes Away Peacefully at Cape Town.

NEWS CREATES NO SURPRISE IN LONDON

Financially Mr. Rhodes' Death Is Not Likely to Have Any Very Far-reaching Results—Experiences of Past Two Years Had Broken Him Down.

Cape Town, March 26.—Cecil Rhodes is dead.

He died peacefully at 5:57 p. m. Cecil Rhodes slept quietly Wednesday forenoon, and his condition was unchanged.

He slept again during the afternoon, but his breathing became more difficult and his strength perceptibly diminished until he passed away.

Death Expected in London.

London, March 26.—The death of Cecil Rhodes came as no great surprise to those few who saw anything of him during his last visit to London during

CECIL RHODES.

the winter. Whether it was due to his experiences during the long siege of Kimberley, or accumulated anxieties regarding the war in South Africa, with an accompanying change of public feeling in England towards him, there is no doubt he was almost completely broken down within the last two years.

Even his appearance changed. His once finely chiseled face had become bloated and his always huge frame filled out until he became so stout as to make walking a matter of difficulty. He was frequently attacked with severe heart troubles, during which he exhibited the stoicism which marked his extraordinary career. Nor did he allow his bodily ailments to interfere with business. Among his associates in the city he never mentioned them, nor did he permit them to be mentioned to him. Up to the last Mr. Rhodes kept a firm grip on all those vast South African interests created and controlled by him. Except that he was more irritable and more dictatorial, there was no outward change in his method of handling men, millions and empires.

Soured Towards Society.

Towards the social side of life, however, he soured visibly. Once his day's work at the offices of the British Chartered South Africa company was over he shut himself up from the curious in an unfrequented London hotel, where he utterly denied himself to all except half a dozen favored intimates. Dr. Jameson was his constant companion. Indeed, none of Dr. Jameson's indiscretions ever affected the warm friendship existing between the two men. They could be seen in the park in the morning taking solitary rides on horses, never breaking out from a walk, the cynosure of all eyes, yet severely unobtrusive of the hundreds of London's political and social leaders who had the right to a bowing acquaintance.

Shunned Government Leaders.

More especially did Mr. Rhodes shun the present government leaders. He bitterly expressed his contempt of British army methods in South Africa, and probably never quite forgave Mr. Chamberlain and Lord Milner for not consulting him or endeavoring to utilize the powerful financial-political machine which Mr. Rhodes undoubtedly manipulated over the whole of South Africa. With increasing irascibility, which he did not hesitate to vent on duke or plebeian who crossed his path, he grew more and more restless as the end of his life drew near. He was never contented to stay long in one place. His closing days devolved into an unceasing, purposeless quest of change of scene. During his recent trip to Egypt this was particularly noticeable. He rushed from place to place, as if with the only object of upsetting his own plans. Then he suddenly returned to England.

Effect of Rhodes' Death.

Financially, Mr. Rhodes' death is not likely to have any very far-reaching results, as all his enterprises were systematized so thoroughly as not to need the master mind which was so necessary to their inception. Owing to the very great success of the De Beers mines, the British Chartered South Africa company and other great South African ventures, Rhodes' fortune had been steadily accumulating. He lost money over the war, but what inroads that made must have been trifling compared with the many millions he possessed.

An Incident.

He never lost his open-handed but somewhat reckless methods of handling money. Not long ago he walked into the office of one of his confidential subordinates and threw down a bundle of notes, bonds, etc., saying: "Invest these for me," and went out

without waiting to have them looked at. Inspection revealed the fact that they amounted to more than a £1,000,000. How they were invested Mr. Rhodes never knew or cared for months later, as that night he went off on one of his wandering tours and refused to allow himself to be bothered with the details of the investment of his million until he returned to England.

Brief Sketch of His Career.

Rt. Hon. Cecil John Rhodes was born in 1853. His father was Rev. Francis W. Rhodes, vicar of Bishopstortford. Young Rhodes entered Oriel college, Oxford, in 1872, but his health breaking down he went to South Africa, oscillating between the two countries until 1881, when he took his degree.

In South Africa Rhodes soon made his mark. It is said that he was the only man President Kruger really feared. Mr. Rhodes' greatness was of the supreme type. It has left its mark on the world. The British owe it to the diamond which the vast territory known as British Bechuanaland belongs to their empire and not to the Boers, whom Rhodes anticipated in obtaining possession of that state.

Mr. Rhodes was deputy commissioner of Bechuanaland; managing director of the British South Africa company; chairman of the De Beers mines; premier of Cape Colony and minister of native affairs. During the Matabele war Mr. Rhodes did good service and brought the campaign to a conclusion by riding alone and unarmed into the camp of the hostile tribe and persuading the chiefs to surrender.

The great failure in Rhodes' career and the greatest blot on his fame was in the Jameson raid. Rhodes assumed full responsibility for this wretched fiasco, which had the effect of making the Boers double their efforts to fill their country with arms and armaments, with the marvelous success the present war has demonstrated.

Mr. Rhodes had many individual tastes. He knew Gibbon's "Decline and Fall of the Roman Empire" almost by heart. He admired Froide and Carlyle as authors; collected old furniture, china and old Dutch carvings and paintings. He was devoted to gardening and did much for agriculture and viticulture in South Africa. He kept a menagerie on Table Mountain. The empire builder was a woman-hater and was in the habit of saying that his sister, who kept his house for him, was the only woman he loved.

FAILS TO GET DELAREY.

Kitchener Reports Capture of Guns and Boers Belonging to the Former's Command.

London, March 26.—Incomplete reports of the result of the combined movement of British columns against Gen. Delarey have enabled Lord Kitchener to announce the capture of about a hundred prisoners, three 15-pounders, two pom-poms and quantities of stock, wagons, etc. Gen. Delarey appears to have successfully evaded Lord Kitchener's cordon at the offest.

In a dispatch dated from Pretoria, at noon Tuesday, Lord Kitchener says: "At dusk, on the evening of March 23, the combined movement against Delarey was undertaken by columns of mounted men, without guns or impediments of any sort. The columns started from Commando Drift, on the Vaal river, and traveled rapidly all night and at dawn, March 24, occupied positions along the line, from Commando Drift to the Lichtenburg blockhouse line. The troops moved rapidly eastward, keeping a continuous line, with the object of driving the enemy against the blockhouses or forcing an action. The result has not yet been fully reported. Kekewich's column, after the commencement of the action, captured three 15-pounders, two pom-poms, nine prisoners, and 100 mules, carts and wagons. Gen. W. Kitchener's column captured 83 prisoners, 46 carts and wagons and 1,000 cattle. There are a few more prisoners on the blockhouse line. The troops covered 30 miles in 24 hours. Rochford's and Rawlinson's columns have not yet reported their results."

Lord Kitchener, in a later message, says: "All the reports are now in. The total number of prisoners is 135."

Gompers at Cincinnati.

Cincinnati, March 26.—President Samuel Gompers, of the American Federation of Labor, is hearing evidence here concerning the brewery lockout of Cincinnati, Covington and Newport. The United Brewery Workmen have charged the local brotherhoods of engineers and firemen with conspiracy to wreck their organization, because the latter refused to amalgamate with the other workmen about the breweries and persisted in making their own contracts with the proprietors without cooperating with other brewery workmen.

No Favors for Deserters.

Washington, March 26.—President Roosevelt declared Wednesday that so long as he is in office no deserter from army or navy would find favor with him. The statement was made to Capt. Frank Bruner and Ferd McDonough, of Lytle Post, G. A. R., of Cincinnati, who handed him a set of resolutions from the ex-union soldiers of Cincinnati condemning the restoration of deserters to the rolls and approving his course in vetoing certain bills recently passed by congress.

A One-Cent Restaurant.

New York, March 26.—In an attempt to show how cheaply the human body can be palatably nourished, a unique one cent restaurant was opened Wednesday in this city. The one-cent dishes are limited, however, to large bowls of soup, steamed hominy, oats and barley. The meats will cost from five to ten cents. All of the one-cent portions contain food elements which are said to be sufficient to supply the nourishment required in a full meal.

Shuts Out Outside Cattle.

Vinta, I. T., March 26.—Guy P. Cobb, United States revenue inspector for the Cherokee nation, has issued an order prohibiting the importation of Texas or Arkansas cattle into the Cherokee nation for grazing purposes. The order is to prevent the introduction of Texas fever. Herds now enroute have been stopped and the quarantine will be strictly enforced.

Omaha Plant Burned.

Omaha, Neb., March 26.—The building of the Omaha Match company, located in a suburb of the city, was destroyed by fire shortly after midnight. Loss is about \$50,000. The factory was located here about two months ago. Machinery costing \$30,000 was destroyed.

CUBA'S DAY IS COMING.

Control and Government of the Little Republic to Be Turned Over to the People May 20.

PALMA TO BE INAUGURATED PRESIDENT

Order Requires the New Government to Assume All Treaty Obligations—Gen. Wood to Continue a Small Artillery Force to Avoid Leaving the Island Entirely Defenseless.

Washington, March 26.—Secretary Root Tuesday afternoon made public his order to Gen. Wood directing him to turn over the control and government of Cuba to its people on May 20 next. The order requires the Cuban government to assume all treaty obligations and directs Gen. Wood to continue a small artillery force to avoid leaving the island entirely defenseless until the Cuban government shall have opportunity to organize its own force. Gen. Wood also is directed to convene the Cuban congress before May 20. He is also directed to consult with President-elect Palma and substitute such persons as he shall desire for those now holding official positions in Cuba.

Military Department Discontinued.

The order issued by Gen. Miles and Gen. Corbin to carry out the directions of Secretary Root, so far as relates to the return of the United States troops from Cuba, provides that the organizations shall take stations at various points. The order also directs the discontinuance of the entire military department of Cuba, and places the territory to be temporarily retained by the United States in the department of the east, commanded by Maj. Gen. Brooke. Gen. Wood and all the staff officers on duty in Cuba are ordered to report to the adjutant general at Washington for instructions as to their future assignment to duty. It was stated at the war department that nothing had been settled with regard to the future station of Gen. Wood, but that the matter would be settled before the termination of his duties in Cuba. Gen. Wood will leave here today for Havana in order to carry into execution the plans for the transfer of the government.

It is understood that President-elect Palma will not go to Havana until the early part of May. His plans are not fully matured and will depend on developments of the near future. Secretary Root has requested Secretary Hay to arrange for diplomatic representation of the United States in Cuba. Provision for consular service will also be made.

Troops in Cuba.

There are now about 4,000 soldiers in Cuba, including the Third battery of field artillery, the Seventeenth, Eighteenth, Nineteenth, Twentieth, Twenty-first, Twenty-second, Twenty-third and Twenty-fourth companies of coast artillery, Troops A, B, C, D, I, K, L and M Second and Seventh cavalry, Troops E, F, G and H Eighth cavalry and headquarters and Troops A, B, C, D, I, K, L and M Tenth cavalry. All of these troops, except 800 men of the coast artillery, are to be brought to the United States as rapidly as transportation facilities will permit between now and the 20th of May. The retention of these artillery men is for the purpose of caring for the three batteries of coast artillery. These troops will be in command of Col. William L. Haskin, of the artillery corps, now on duty at Fort Trumbull, Conn.

International Peace Congress.

Washington, March 26.—The state department has received from the governor general of the principality of Monaco notice of the eleventh international peace congress to be held in Monaco from April 2 to 7 next. An invitation is extended to the United States to participate in the congress and to send official delegates. The tenth congress was held in Paris in 1900. The questions considered will be measures tending to the development and maintenance of peace.

Bank Closed.

Macon, Ga., March 21.—The People's bank of Americus, Ga., closed its doors Thursday as a result of a quiet run for a week. The capital of the bank was \$50,000 and the amount due creditors is said to be \$30,000. President Simmons claims that the assets will offset the liabilities.

Sensational Discovery.

Richmond, Va., March 22.—After living half a century in the guise of a man, more than half of which was spent with a wife, George Greene, aged 75 years, a well-known citizen of Ettrick, Va., died and proved to be a woman.

Talkie Arrested.

London, March 26.—"It is reported from Salonica," says the correspondent of the Daily Telegraph, "that the Turkish authorities have arrested Pastor Tsilka on suspicion of complicity in the abduction of Miss Stone."

Renominated.

Clay Center, Kan., March 26.—Congressman William A. Calderhead was renominated by acclamation here by the republican convention of the Fifth district.

Given Long Sentence.

Des Moines, Ia., March 24.—Albert Smith was Saturday sentenced to 25 years' imprisonment for the murder of Bruce Martin, committed six weeks ago.

President Going to Charleston.

Washington, March 24.—President Roosevelt will visit the Charleston exposition on April 9 and present a sword to Maj. Jenkins.

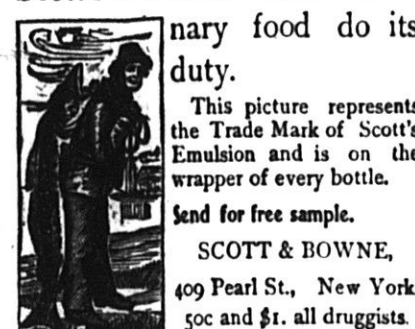

HOME AND CHILD

Does your horse "feel his oats"? What a difference between the grain-fed and the grass-fed horse! The first strong and full of ginger, the second flabby, weak and tired out before he begins. The feeding makes the difference.

Children are not alike either. One is rosy, bright-eyed, full of life and laughter, another is pale, weak and dull. The feeding again is responsible.

Sickly children need special feeding. They don't "feel their oats", Scott's Emulsion adds just the right richness to their diet. It is like grain to the horse. The child gets new appetite and strong digestion.

Scott's Emulsion is more than food. It is a strong medicine. It rouses up dull children, puts new flesh on thin ones and red blood into pale ones. It makes children grow. Scott's Emulsion makes ordinary food do its duty.

CLAY BANK CAVES IN.

Huge Pile of Earth Falls at Cleveland Upon Six Workmen and They Are Smothered.

Cleveland, O., March 26.—As the result of a cave-in of a huge bank of earth at the main street plant of the Cleveland Gas Light and Coke company Tuesday afternoon six men are dead. Their names are: Colegero Amati, aged 27 years; Giuseppe Bergozzo, aged 35 years; Vincenzo Lisuzzo, aged 28 years; Andrew Hahn, aged 25 years; Peter Preast, aged 28 years, and an Italian whose name has not yet been learned. Edward Lynch, another laborer, was injured, but it is believed not seriously so.

Negro Lynched.

La Junta, Col., March 26.—W. H. Wallace, a negro sleeping car porter, was lynched in a corner of the courthouse square, being hung to an electric pole by a howling mob of 4,000 people for criminal assault upon Mrs. Henrietta H. Miller, a gray-haired woman, aged 67, going from Los Angeles, Cal., to Denver to visit relatives.

A PECULIAR MONOPOLY.

New York Man Who Does Nothing But Make Signs for the Real Estate Dealers.

Within a stone's throw of Herald square there is a man who lays claim to being the only exclusive real estate sign painter in the world, says the New York Telegram.

"Strange as this boast may be," said he when questioned on the subject, "it is, nevertheless, true. I am the only man in the world who makes a living painting signs of a real estate nature exclusively, and I defy anyone to contradict what I say."

"I have had this announcement displayed prominently on the front of this building for some time, and no one has yet attempted to disprove it. How do I make out at it?"

"I make out so well that I find that it takes all of my time and that of several assistants, without attempting any other kind of work. You would not think there was enough business of this nature to warrant my confining myself to it exclusively, would you? Well, there is."

"You see, in this section of the city there are a great many flats, furnished houses, and others whose occupants are continually shifting about. The owners and real estate agents are constantly having signs painted, and I get the lion's share of the business."

"Why?"

"Well, because, in the first place, I satisfy my customers in the matter of price, and, secondly, in the matter of work. You would not think there was a knack in painting real estate signs, but there is. And I have found out how to make them most attractive."

"Wouldn't you undertake to paint any other kind of sign—for a consideration?"

"Nope," laconically. "It would knock my boast into a cocked hat if I did, and I could not afford to lose my reputation as the only exclusive real estate sign painter on the face of the globe."

FARM GARDEN

INDIVIDUALITY OF COWS.

A Study From Life With Its Implications
and Suggestions.

What a farmer keeps dairy cows for
is to make money. He wants to put
in feed and milk out profit. The
scientist can talk about gluten and cot-
tonseed, but if these do not make
milk the farmer does not want them.

and if he can make milk on anything
cheaper, like hay and corn fodder, he
is going to do it. Mr. Walter A. Co-
nant of the Rhode Island station has
been pursuing an untiring field
of investigation bearing on this point
in a study of the individuality of dairy
cows. It has seemed to him that cer-
tain feeds and certain amounts of feed
have made more milk in the case of
some cows and less milk in the case
of others.

The remarks in bulletin No. 80 on
the peculiarities of temperament and
habits of a dozen cows, separately re-
corded and with excellent illustrations
of each animal, have a lively interest
and are likely to set any farmer to
trying for better results in his own
practice. Two of the cows are here
pictured.

Lucrета is described as a registered
Guernsey cow, dropped Jan. 19, 1902.
Lucrета shows large intelligence even
for a thoroughbred. Lucrета's dispo-
sition at present is all that could be
desired in regard to man. Again, she
is neutral in the matter of affection
and in regard to brushing and petting,
though a trifle sensitive to carding.
She will quietly domineer over any
smaller cow, seemingly taking pleasure
in keeping her from getting any water
to drink. She is a slow drinker, but
dislikes cold water. She prefers to lap
her water unless very thirsty. She
rarely eats fine salt, nor does she lick
rock salt freely. Lucrета is so sensi-
tive as to shrink in milk if any one
talks to the man who is milking her.
Lucrета is a ready eater of hay and
takes to corn fodder, though not show-
ing eagerness for either. The effort to
keep Lucrета from fattening was a
failure.

Rotha is a registered Guernsey cow,
dropped March 21, 1904. Rotha shows
the dairy temperament. Though ex-
tremely nervous, she is not rendered
so by external circumstances, for they
do not seem to trouble her. She is
not affectionate with man and does not
care to be petted or brushed and is
quite sensitive when carded. She is
a keen trickster. She lies in wait, in
conjunction with Lucrета, in the yard
about the watering tub to punch the
weaker cows. She is more ugly with
the other cows than Lucrета and more
tricky with man, though she is
not intractable and never toward man
a kicker or hooker. She eats but little
salt. She is a good, deep and ready
drinker, not stopping to lap or mind-
ing the temperature of the water. She
takes to hay and corn fodder well.

Where it is practicable Mr. Conant
recommends as economical feeding,
except on farms where grain is grown
in large quantities and is cheap, to
give hay and fodder first, water
promptly and fully and afterward feed
the amount of grain (concentrates rich
in protein) that experience with each
individual cow proves will make the
largest yield of milk. The grain can

be varied until the exact amount and
kind are found that will make each cow
give the most milk. By feeding hay
and fodder first and taking pains to
see that each cow is fed all that she
will eat clean the necessary amounts
of digestible dry matter, carbohydrates
and fats are supplied from material
raised on the farm and the cow gets
the full benefit of the digestible pro-
tein in the grain that has to be bought
and paid for with ready money. The
feed of each of the twelve cows and
its result upon the milk are noted in
the bulletin.

SLOP FOR PIGS.

What, if Any, Gain Is There In Mix-
ing Grain Feed With Water?

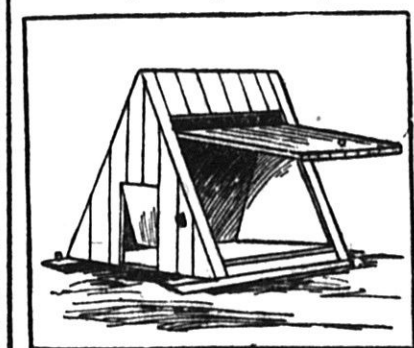

The Indiana station has reported
some data on a question which often
arises in pig feeding—namely, what is
the advantage of mixing the grain feed
with water and how thick or how thin
should slop be fed? Four lots of four
pigs each were used in a test which
covered about five months. For about
three months all the pigs were fed
cornmeal and shorts. During the re-
mainder of the time hominy feed re-
placed the corn. Lot 1 was given the
ration dry; lot 2 was fed the grain
mixed with an equal weight of water,
while in the case of lot 3 it was mixed
with twice and in the case of lot 4
three times its weight of water. In ad-
dition to the dry grain or slop the pigs
were supplied with all the drinking
water they desired, and the amount
consumed was recorded.

The daily average gains of the four
lots were in every case a little over
four pounds a day. The grain re-
quired per pound of gain by the four
lots was 3.59, 3.80, 3.74 and 3.75 pounds
respectively, while the cost of food per
pound of gain ranged from 2.87 cents
in the case of lot 1 to 3.04 cents in the
case of lot 2. In view of the fact that
the pigs fed dry grain made slightly
better gains than those fed grain mixed
with water in form of slops it would
appear that there is really no gain in
feeding the pigs a slop instead of a dry
grain, excepting as a feeder may re-
gard it a matter of convenience.

A Portable Hogpen.

The illustration from American Ag-
riculturist shows an improved A shaped
hogpen, the improvement consisting
in the shoes that allow it to be moved
from one place to another. In the
swinging door at the end and especially
in the hinging of the side, which per-
mits it to be raised and the interior
cleaned out whenever necessary. When
the side swings down again into place,
the upper end fits up under the short
boards at the top.

This house need not be more than
five feet high from ground to peak, and

with it the hogs can be moved about
from one feeding ground to another as
desired. Use single boarding, but have
the boards tongued and grooved and
well covered with paint. The building
will then be water tight and will last
for years. Make the floor space of a
size to accommodate the number of
hogs kept.

Popcorn.

Popcorn is a commodity too little ap-
preciated. The corn from an acre of
well grown popcorn will sell for more
than an acre of field corn, and the
stalks from the same acre are worth
more for fodder. The supply of pop-
corn is almost invariably short, while
the consumption of it subjects every-
body who uses it to a relish for it, re-
marks a Farm, Field and Fireside cor-
respondent.

Grass Seeding on Irrigated Lands.

I prefer drilling alfalfa seed with
small grain for the reason that it can
be put into the ground about two
inches deep and thus find sufficient
moisture to bring it up. So far I have
had much better results than from
broadcasting. For timothy, redtop
and brome grass I prefer broadcast-
ing, as I know of no drill that will han-
dle these seeds properly. I use a
wheelbarrow seeder, costing about \$8,
with which I can sow twenty acres a
day. I always sow these grasses in
early spring, writes a correspondent to
Orange Judd Farmer.

For alfalfa I plow the ground in sum-
mer or fall, grade it well and irrigate
before seeding. The seeding is delayed
until all danger from frost is past,
say from May 10 to June 1. I always
see that every inch of land has been
irrigated. Then when the ground has
dried just enough to work well I go
on the land with a hoe drill. I put the
alfalfa seed in the grainbox and let
it run down through the pipes. Set the
drill to cover about two inches. Use
sixteen to twenty pounds of seed per
acre. When the ground is dry enough
not to pack, go over the land with a
roller or a plank. Seeded in this man-
ner every alfalfa seed will come up.
I get better results from ten pounds by
this mode of drilling than those who
put in twenty pounds of seed broad-
cast.

I consider Broadcasting very waste-
ful in this country, whether it be grass
seed, grain or peas. This is an arid
section, and all seeds lying on or near
the surface of the ground either sprout
and then die for want of moisture or do
not sprout at all.

A Shelter From Frost.

An interesting illustration in Mee-
han's Monthly shows how individual
orange trees or a few trees only are
sometimes protected from frost in
Florida. The board removed from the

AMATEUR AUTOMOBILISM.

Record of a Week's Progress in the
Experience of an Ambitious
Young Chauffeur.

This tale is related by the Cleveland
Plain Dealer:

Monday—Had my new auto out to-
day. She's a beauty. Everybody
looked around as I passed. Took
Briggs along to watch things. I'll get
the requisite amount of nerve all right
after a day or two. Took it easy to-
day. Had a little difficulty with a
motorman, who persisted in running
his motor just where my auto want-
ed to go. Motorman swore. I grinned.
Then he swore a lot more.

Tuesday—Went out alone to-day.
Briggs was going with me, but I
slipped away without him—wanted to
test my nerve. Ran slowly and
hugged the curb. Gave one milkman
palpitation of the heart by crossing
his path suddenly. Guess he must
have been asleep. He wanted me to
come back and fight him, but I could-
n't have stopped just then if I had
wanted to. Got out to the park finally
and tried to enter. The entrance
must be all of 100 feet wide, but it
seemed a good deal too narrow. Got
in after awhile by running up on the
lawn. A sparrow cop saw me and
came over and asked me what I meant
by it. I said I meant to back off. I
backed off so suddenly that I nearly
knocked the cop galley west. This
disturbed me so that I threw the thing
over the wrong way, and at once
whirled about and started out of the
park full tilt. She ran half a mile be-
fore I could stop her. But I got home
all right.

Wednesday—Beginning to like it.
Can't see very well through my eye
protectors, but of course it's the prop-
er thing to wear 'em. A fire engine
was working in the avenue as I passed
up to-day. I didn't know how the
auto would behave. Don't think she
had ever seen a fire engine before.
We got by beautifully, however. Put
on a little more speed as we passed,
and almost ran over a nurse girl and
a baby carriage. She was a black
nurse girl, but she turned pale at the
danger. Nurse girls should be com-
pelled by ordinance to stay on the
sidewalks. Rode out as far as Maud's,
and then made a beautiful turn and
rode back. Hope Maud saw me.

Thursday—Am acquiring more
nerve. Cut loose several times to-
day. Caused a grocer's horse to run
away and juggernauted a dog. Got
into a ditch and had a deuce of a time
getting out. There is a good deal yet
to learn about this fractious steed.
Met Charlie Gage with his flyer. We
had a lively brush. It ended by my
crowding Charley into a hedge, where
he stuck fast. I had to tow his ma-
chine back into the highway. Am get-
ting more and more fascinated with
the sport.

Friday—Great day. Went further
and rode faster. Dodged two village
constables and butted over a police-
man. Ran down six chickens and
chased a strange cow two miles. Man
came out and shot at me for knock-
ing down his calf. Missed. Heard him
swearing dreadfully. Looked back
and saw that he was vigorously rub-
bing his shoulder. Guess the old gun
must have kicked. Nearly knocked
the tollgate house into kindling wood.
Went by Maud's home like a small
whirlwind. Machine was so anxious
to show off that it ran away. Maud
couldn't have known me from a gray
streak. Went around side streets so
as to escape the unwelcome attention
of any policeman who might be look-
ing for me, and finally reached home
in safety.

INTELLIGENT SQUIRRELS.

Pretty Incident Which Illustrates a
Friendly Understanding Among
the Animals.

A party of young people, who in last
summer's holiday journeyed through
the country gypsy-like in a caravan,
witnessed in a grove near a glen the
following incident, which seems to
show a friendly understanding among
squirrels, says the Family Herald.

An al fresco dinner had just been
finished and the party were still sit-
ting at the table, when a red squirrel,
with glistening, eager eyes, came
creeping down a tree which stood near
the table. He crept nearer and nearer,
and finally leaped upon the table.

The lady who was presiding said:
"Yes, help yourself to anything you
want!"

Upon this invitation the little fellow
made bold to creep up to a loaf of
bread from which only a slice or two
had been cut. He seized it and dragged
it to the side of the table, and some-
how managed to scramble down the
side with it to the ground. Then he
gave a sort of call, which seemed to
be understood, for soon squirrels were
seen coming from several directions.
They crowded round him, and after a
little conference all took hold, and
with a tug and strain they managed
to bring the loaf to the top of the hill.
Then they disappeared with it in the
woods beyond.

Capt. John Mitchell Goes To South Haven.

Capt. John Mitchell, of this city, left Wednesday for South Haven to take charge of one of the steamers of the Dunkley-Williams transportation company. This is a change in his plans for the season as he had arranged to take charge of the Macatawa Park association fleet of steamers this season. But the newly organized Dunkley-Williams company was so urgent in its requests for his services that he at last concluded to accept their liberal offer.

The Dunkley line has absorbed the Williams line and it is understood that Capt. Mitchell, owing to the fact that he was with the Dunkley line last season, will be the senior captain of the fleet.

A line will be established between South Haven and Milwaukee and Capt. Mitchell will be put in charge of the steamer Petoskey to open the new line.

Capt. Mitchell disliked to leave Holland as he was looking forward with great pleasure to a season in Holland, his home port, and he hesitated considerably before accepting the offer of the South Haven company. The citizens of Holland and the Park are sorry to see him go as he is one of the most popular captains in the business.

Capt. Jensen Talked To The Newsboys.

The Grand Rapids Press has the following regarding Capt. Peter Jensen of the Holland station who made an address at the Happy Hour meeting in Grand Rapids last Sunday afternoon:

"The address of the afternoon was given by Capt. Peter Jensen of the life saving station at Macatawa Park. In fulfillment of his promise made some weeks ago to tell the boys about the work of the government life savers the captain made the trip from his station at Macatawa yesterday and the journey was well worth while. He told how the 270 United States stations were distributed, and how they were equipped, and then, after an interesting talk as to the routine work of the service, he told several thrilling incidents illustrating the indomitable courage of the surfmen. Captain Jensen modestly chose for his illustrations stories which did not include his own experience, yet every boy who listened felt that the speaker was just as skillful, strong and courageous as the heroes of whom he was telling. He gave a very dramatic account of rescue of the steamer Calumet off Ft. Sheridan, Ill., when the gallant crew of the Evanston station—made up chiefly of students from the Northwestern university—saved the eighteen men of the Calumet, in the face of the most deadly peril. Another impressive incident was that of three men of the life saving service losing their lives in an attempt to reach a schooner which, it was afterward found, had not signaled for help, a mistake in the signal causing the misunderstanding. In closing, Captain Jensen spoke of the requirements mental, physical and moral, necessary for a successful candidate for the service, and he impressed upon the minds of his young hearers the fact that the sturdy qualities required of a good life saver are necessary to every successful man's life—to matter what work he may choose to do. The speech was applauded long and heartily, and in response to a request the captain kindly repeated the Swedish story which he had told on his previous visit."

Graham & Morton Line To Change Its Charter.

Holders of more than two-thirds of the capital stock of the Graham & Morton Transportation Co., have expressed a desire to abandon the corporate enterprise, surrender their Illinois charter, franchises and corporate name, and dissolve the corporation, and have submitted this desire in writing to the directors of the company. A stockholders' meeting has been called for March 29, in the offices at Chicago, at which time this decision will be ratified by vote.

President J. H. Graham, of the company, said: "The action simply means that our twenty-five year franchise in Illinois expires next December, and that we have decided to reorganize under the laws of Indiana. The reasons for this change I cannot make public until after our meeting next week. The capitalization in Indiana will be the same as in Illinois, or \$50,000. This is merely nominal, for 3 cents per ton on the tonnage of the boats employed by the company. There will be no change whatever in the officers, owners or management."

The present officers are J. H. Graham, president, and J. S. Morton, vice president and secretary. The directors are these two and Theodore O. Keller, who represents the heirs of Andrew Crawford, a former large owner of stock of the company.

Death of Mrs. Van Gelderen.

The death of Mrs. Neltje Van Gelderen occurred last Monday night at the home of her daughter, Mrs. William Westhoek, at the age of 81 years. Mrs. Van Gelderen was born in the Netherlands and came to this country in 1865. She settled in Zeeland and lived there until the death of her husband last October when she came to the home of her daughter in this city.

Deceased leaves six children, Mrs. William Westhoek and Mrs. C. M. Phernambucq of this city, Mrs. G. Berghorst, Mrs. A. Baert, John and Peter Van Gelderen of Zeeland.

The funeral services were held yesterday afternoon at 2 o'clock from the Second Christian Reformed church, at Zeeland, Rev. Jonkman officiating.

Base Ball Takes Center of Stage.

Basket ball, boxing, wrestling, running, jumping, in fact every athletic sport but one, has gone into eclipse. The eclipse is caused by base ball, the sport that now occupies the entire horizon of the athletic world. From every part of the country, on every breeze, are wafted echoes from the diamond. It is the period of preparation and training, and gossip concerning the make up of the different teams is rife. Holland is no exception to the rule and the board of directors of the Holland Base Ball club, acting in conjunction with the players, are preparing for the clash of contending forces on the diamond. The names of the players who will represent Holland cannot be announced at present as some changes may be made before the first game is played. Many of the old timers will be in the team and already they are "working out" preparatory to trials for position.

One thing is certain: Holland will have a pitcher that ranks with the top-notchers of the state. His name is Neal Ball and he hails from Battle Creek. He needs no introduction to the fans as they have all read of his magnificent work of last year when he pitched the Battle Creeks to victory in many a hard fought contest. The Battle Creek Moon speaks of him as follows:

"Neal Ball, well known in this city as a ball pitcher, has signed a contract as captain and pitcher for the Holland, Mich., independent base ball team. Ball had signed with the Wheeling, Va., team of the Western association, but obtained his release to take what proved to be a better offer from the Michigan city. Holland will have a very speedy little aggregation in the field this season, and Ball will have a number of other men of his standing on the bags and in the field. He pitched splendid ball for this city last season."

Saugatuck is in the field early. The fans of that village did not wait until the snow went away. They were ready for base ball two weeks ago and a game was played Saturday, March 15. Here is what the Douglas Record says of the chances of the Twin villages:

"That Douglas and Saugatuck will have a ball club this season is a certainty. An 'angel' will be chosen during the coming week and a team signed to begin the season June 1st. By the two towns working in harmony, and a game played on each side of the river once a week, the attendance would be large enough to make the game nearly pay for itself. At the best the undertaking is a risky one for small towns, and must receive the cordial support of the entire community. Last season demonstrated that it is a paying investment for our merchants, and it is expected that they will make good all shortages."

Episcopal Conference.

The fifty-sixth semi-annual missionary meeting and church conference of the Episcopal diocese of western Michigan will be held in Grace church in this city April 8, 9, and 10.

The first session of the convention will be held Tuesday evening and the time will be devoted to addresses by delegates on "Some Diocesan Interests." Wednesday afternoon Rev. W. G. Petrie of Benton Harbor will speak on "The Rise of Popacy," Rev. J. H. Parsons of St. Johns parish, Grand Rapids, will speak on "Parish Visiting," and Rev. R. H. F. Gairdner of Grand Rapids will deliver a sermon for children. In the evening Rev. C. O. S. Kearton, of Marshall, will lead in the discussion of "The Effective Reading of the service," Rev. William Johnson, of this city, will speak on "The Church in Florida," and Rev. J. McCormick will tell of the apportionment plan for missions. The convention will close Thursday morning with a business session and an address by Bishop Gillespie.

The nets were confiscated, Schilstra was allowed to go on payment of costs and Van Dyke paid a fine of \$5 and costs.

Blank Votes Are Against It.

The sentiment prevailing at present in regard to the question of raising money for the extension of the electric light system and the water works indicates that very few people are opposed to the idea. Still there is a chance that the proposition may be defeated at the polls on election day. If it is defeated it will be through carelessness on the part of those who may not take enough interest in the matter to vote either one way or the other, for every blank ballot cast will be taken in consideration and will stand in the way of the proposition. Every ballot cast, blank or otherwise, will be counted and if a large number of blanks are cast it will be difficult to get the required majority in favor of the question. These blanks, added to the few dissenting votes cast by those who refuse to take the broad view of the matter and care only for themselves, may be sufficient to outcount the votes cast in favor of it and thus the will of the majority of the people will not be carried out.

The only way to stave off this probable defeat of such a vital question is to attend the polls and cast your vote in favor of the proposed extension. It is the duty of every citizen to put aside ward politics and to take the broad view that the interests of the city as a whole will be benefited if the proposition is carried. When the matter of extending the water works and the electric light systems is settled then the attention of the people will be turned to the gas question, and it will be but a short time ere gas will be introduced.

But the questions must be settled one at a time. The one demanding attention now is the question of extension of the municipal plants. Settle that decisively in favor of the plan outlined by the board of public works and the common council and then square away for the next. When election day comes forget that you live in a certain ward, remember that you live in Holland, and instead of voting "no" or leaving your ballot blank, vote "yes" and give the city that you are proud of another boost towards the top round of the ladder.

Would Smash the Club.

If members of the "Hay Fever" Association would use Dr. King's New Discovery for consumption, the club would go to pieces, for it always cures this malady, and asthma, the kind that baffles the doctors—it wholly drives from the system. Thousands of once-hopeless sufferers from consumption, pneumonia, bronchitis owe their lives and health to it. It conquers grip and whooping cough and is positively guaranteed for all throat and lung troubles. 50c., \$1.00. Trial bottles 10 cents at Heber Walsh drug store.
