HARDIE

The Jeweler

You know, when you start house cleaning you will find that in the general shake-up you will see here and there where a new article of furniture is needed. It may be a strip of carpet, a pair of lace curtains, a little linoleum, another bed room suit, a table, a chair or a couch. It may in fact be anything from a brass tack to a new parlor outfit. Then you must face the issue of buying. In a case of that kind it would be a good plan for you to go to Jas. A. Brouwer's big River street store and look over his extensive stock. You will find everything there that the heart of a home-lover desires and you will find bargains that will protect your pocket-book.

The election is over and the result is pleasing and satisfactory to many while others are not so well pleased and are very much disappointed, but no one who is suffering from defective vision will be dissatisfied or disappointed if they will go to W. R. Stevenson, the Optical Specialist for a FREE EXAMINATION of their eyes. Mr. Stevenson's scientific system of testing eyes and fitting glasses assures you of satisfactory sight.

Damage to the amount of about \$2 was done to the house and nothing serious resulted, except to the boys themselves. The prisoners all pleaded guilty in the forenoon before Justice Hoyt and were fined \$10 and costs amounting to \$15 each. The prisoners stated that they had no intention of damaging Mrs. Vander Veen's house or of hurting any one in it. The prank was played however, for the purpose of scaring a hired man who worked on the place, and driving him away from the vicinity. Jealousy is said to be the motive.

Nature's Warning

Holland People Must Recognize and Heed

Kidney trouble comes mysteriously. But nature always warns you through the urine. Notice the kidney secretions. If the color is unwhitely, if there are settlings and sediment, passages too frequent, scanty, painful. It's time then to use Doan's Kidney Pills. To ward off Bright's disease or diabetes. Doan's have done great work in Holland.

John Kloosterma, two miles from Zeeland, says: "For ten or twelve years I looked in vain for some medicine to free me from distressing kidney complaint. I suffered at intervals during that period with aching pains through the loins, twinges up and down the muscles of my back, irregular and unnatural condition of the kidney secretions and frequent attacks of dizziness. My son John Kloosterma, a tailor, 133 East Eighth St., Holland, noticed Doan's Kidney Pills advertised in the Holland papers and highly recommended by people who had used them. Thinking they might help me he procured a supply at J. O. Doesburg's drug store and sent them out to me. I noticed shortly after I commenced the treatment it was doing me good and as I continued my condition improved. In my estimation Doan's Kidney Pills are by far the best remedy on the market."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name Doan's and take no other.

VanPutten Elected Mayor.

Jacob G. VanPutten, the democratic candidate, was elected Mayor of Holland Monday by a plurality of 490; Richard Overweg (Rep.) who was not opposed by the democrats, was elected treasurer by a plurality of 1,154; Fred Kamferbeek (Dem.) was elected Marshal by a plurality of 60 over Hans Dykhuis (Rep.); Fred T. Miles (Rep.) was elected justice by 299 over Henry Vanderploeg; G. J. VanDuren was re-elected supervisor in the first district by 235 over M. Dykema, and A. J. Ward was re-elected in the second district by 377 over C. Blom, Jr.

Although Austin Harrington, the republican mayorality candidate, made a gritty contest he could not stem the VanPutten tide. There was a sentiment this year that in view of his long service in the coun-

Mayor-Elect JACOB G. VAN PUTTEN

cil and his previous candidacy for the office, Mr. VanPutten be given the plum, and this sentiment brought enough republican votes to his side to enable him to win handsomely.

For Alderman, John Nies (Rep.) was re-elected in the first ward; Nicholas Prakken (Rep.) in the third; and John Dyke (Dem.) in the fourth. In the second D. A. Van Oort (Dem.) won out over John Van den Berg, and in the fifth Len Visser won out over Peter VanKolken.

For the constableness, Frank Mc Fall (Rep.) was elected in the first, Fred Kamferbeek (Dem.) in the sec-

Marshal-Elect FRED KAMFERBEEK

ond, Arie Zanting (Rep.) in the third, John VanTubergen (Rep.) in the fourth, and Hans Dykhuis (Rep.) in the fifth.

A tabulated statement of the results will be found in another column.

Jacob G. VanPutten, the newly elected mayor, is well qualified for the position. He has served in the common council eight years, being first elected in 1897. During Cleveland's first term he was postmaster of this city and has served as a member of the park board since 1893. He was city treasurer in 1891-92, and is at present a member of the Holland Improvement committee, and of the Holland harbor board.

Some Other Election Results.

The election results in Grand Haven follow: Mayor, John F. Corl, R., plurality, 130; clerk, Lewis A. Gorham, D., plurality, 542; treasurer, Arie Van Toll, D., plurality, 119; justice of the peace, D. C. Wachs, R., plurality, 160. Council stands—Republican, 4; Democrat, 1; supervisors, Republican, 3; Democrat, 1. The total was over 1177, also voted to abolish board of public works.

Spring Lake went Republican with its usual big majority. Dave Cline was re-elected to the Board of Supervisors.

John C. Behm was re-elected supervisor of Grand Haven township by 34 majority and the entire Union ticket went in by about the same vote.

Leave Well Enough Alone.

The Republicans of Trego county, Kansas, adopted a platform which for brevity probably beats any present declaration ever before made in the United States.

'Resolved, That we leave well enough alone.'

That is the whole platform, and it means that President Roosevelt, Governor Hogg and Congressman Reader are good enough.

"Leave well enough alone" is a slogan good for any party. Particularly is it good for the Republican party in this state at present. From Governor Warner down the party has a record of promises fulfilled and of progressive measures enacted. Particularly is it good for the republican party in the nation. With Theodore Roosevelt, America's foremost citizen and statesman at it's head, all is well enough and "leave well enough alone." The republicans of Trego county set a good example.

Tax Victory Means \$27,000 For Holland

The Supreme court of the United States has decided the Michigan railroad tax cases involving the taxes of all of the railroads in the state since 1902, against the railroads. Under the decision, counting principal and interest, the railroads must pay the state a grand total of \$9,852,508.

It is estimated that the sum due this city is \$27,000, and speculation is already rife as to the disposition to be made of this money. Many are of the opinion that it should be expended for the erection of a new school house, while some favor the erection of a manual training school; but it is of course too early to make a decision as the railroads may demand a rehearing of the case, thereby occasioning more delay.

The decision also means an increase in the primary school money apportionment each year, making each apportionment fully \$4.25 per capita.

The new law went into effect in 1902 and it is estimated from that year to 1905, inclusive, there was between \$1,500,000 and \$2,000,000 per year due from the railroads and unpaid. A rough estimate of the amount of taxes paid by the railroads during that time is \$2,000,000 per year. The penalty in this case is very heavy, being one per cent per month, which will bring the total due the state up to the huge amount hitherto mentioned.

The outcome of the legal contest is a great victory for the state and is a credit to Justice Charles A. Blair and the Attorney General's department.

Royal Baking Powder

Absolutely Pure

Made from Pure Grape Cream of Tartar

In baking powder Royal is the standard, the powder of highest reputation; found by the United States Government tests of greatest strength and purity.

It renders the food more healthful and palatable and is most economical in practical use.

Housekeepers are sometimes importuned to buy alum powders because they are "cheap." Yet some of the cheapest made powders are sold to consumers at the highest price.

Housekeepers should stop and think. Is it not better to buy the Royal and take no chances—the powder whose goodness and honesty are never questioned?

Is it economy to spoil your digestion by an alum-phosphate or other adulterated powder to save a few pennies?

March 28 was Arbor Day in California and the day was celebrated with the planting of trees in San Pedro. In this celebration fitting tribute was paid to the memory of the late Judge Goodrich, who was an honored citizen of that city. "Nearer My God to Thee," the favorite song of the late Judge, was sung in the exercises and a fine pine tree was planted opposite the residence occupied by the judge when alive. In the speeches which were included in the exercises, the name of Judge Goodrich was feelingly spoken and great respect was shown.—Grand Haven Tribune.

Vinol THE COD LIVER PREPARATION WITHOUT OIL

Vinol is fast superseding old-fashioned cod liver oil emulsions, because, without a drop of oil or disagreeable feature, it contains all the medicinal elements of cod liver oil, actually taken from fresh cods' livers. By our process the oil, having no value either as a medicine or food, is separated from the medicinal elements and thrown away. Unlike old-fashioned cod liver oil and emulsions, Vinol is deliciously palatable, agreeable to the weakest stomach, and therefore unequaled as a body builder and strength creator for old people, puny children, weak, run-down men and women, after sickness, and for all pulmonary diseases. Everything Vinol contains is named on the label.

OUR GUARANTEE—We have such faith in VINOL that if you will take it we promise if it does not benefit or cure you we will return your money without question. We take all the risk.

AMICABLE ENDING OF LONG DISPUTE

CONFERENCE AT ALGECIRAS OVER MOROCCAN AFFAIRS COMES TO A CLOSE

Germany and France Reach an Agreement by Which the Latter Is Given Control of Four Seacoast Towns and the Government Bank.

Algiers, April 2.—The Morocco conference completed its labors Saturday. France and Germany, after bickering since January 16, are in accord on the bank and police questions. No other issues were important. The consummation of the work in the conference was announced in the following official communication:

"The conference has terminated its labors and accord is established upon all points. It has adopted a definite text of the remaining articles concerning the state bank and customs. The final article, regulating the distribution of police at ports, was adopted from the Russian draft. By it France will police four ports—Mogador, Saffi, Magagan and Rabat—and Spain two—Tetuan and Larache. France and Spain together will police Tangier and Casablanca, subject to an inspector of police. The Dutch delegate announced that his government declined to appoint an officer. The conference has appointed a special committee to revise the texts of the agreement. This committee will meet on Monday to consider the final formalities of the protocol."

Thus ends a controversy which ten months ago threatened to plunge Europe into war. The conference met on January 16. Germany insisted on a declaration of Moroccan independence, equal commercial privileges for all nations, international control of the Moroccan police and the Moroccan state bank. France was compelled at the outset to agree to respect Moroccan independence.

Germany was compelled to yield on the bank and police questions. The Kaiser was deserted by his allies in the dreadnought, Italy and Austria, and he was disappointed in his belief that Russia would not act with France. The final alignment of the powers was against Germany. England, Spain, Italy, Austria and Russia backed the French contentions. The United States, from her territorial position, held aloof.

ACCUSE PERKINS OF GRAND LARCENY

FORMER NEW YORK LIFE OFFICIAL ARRESTED—SECURES HABEAS CORPUS WRIT.

Proceeding Is Brought in Order to Test Legality of Campaign Contributions—To Be Decided by Highest Court in the State.

New York, March 29.—George W. Perkins, member of the firm of J. P. Morgan & Co., and formerly vice president of the New York Life Insurance company, was technically placed under arrest Wednesday on a warrant charging grand larceny in the first degree in the proceedings which District Attorney Jerome—as begun to test the legality of political contributions by insurance companies. The warrant was issued upon information presented to Police Magistrate Moss, and the allegation upon which it was based is the transfer of \$48,702 of the funds of the New York Life Insurance company to Cornelius N. Bliss, treasurer of the Republican national committee in 1904, in which it is charged that Mr. Perkins received the money from the insurance company and paid it over to Mr. Bliss. Immediately after his arrest Mr. Perkins, through his counsel, Lewis A. Deland, secured a writ of habeas corpus from Justice Greenbaum, of the supreme court, by which Mr. Perkins was released from custody and the case was taken direct to the supreme court. Argument on this writ was adjourned until Friday next. Charge Is Technical.

Mr. Perkins was taken into custody while in the office of his attorney by a detective from the office of District Attorney Jerome. He did not appear before Police Magistrate Moss who had issued the warrant, but went directly before Justice Greenbaum. There the district attorney recited the legal steps that had been taken, but did not go into the charges against Mr. Perkins. Mr. Deland, however, declared that the offense charged against Mr. Perkins was purely technical and asked for a postponement of the case. He described the payment of the \$48,702 by Mr. Perkins to Mr. Bliss in 1904 and said that the payment had been authorized by John A. McCall, the former president of the New York Life Insurance company. The arrest of Mr. Perkins and the subsequent issuance of the writ of habeas corpus will have the effect of having the highest courts of the state pass upon the legality of campaign contributions by insurance companies. Much attention was directed to this matter at the recent legislative insurance investigation, and it was shown that several of the larger companies on more than one occasion had contributed to such funds.

DOWIE IS OUT.

Revolt in Zion City Ends the Rule of the First Apostle—Serious Charges Against Him.

Chicago, April 2.—The thousands of Zion City chose between John Alexander Dowie, first apostle, and Wilbur Glenn Voliva Sunday afternoon and Voliva was elected unanimously as the leader of the people. Dowie virtually was read out of the church he had founded and the thousands deposed him as the head of the affairs of the city as far as they were capable. They charged him with mismanagement and with willfully squandering their money that had been intrusted to him. They were charitable as they condemned, however, for they refused to hold that he had erred knowingly and charged he was insane.

In an impressive meeting in the tabernacle, at which almost every one of the 5,000 residents of Zion City was present, this action was taken after more than five hours of the most severe arraignment of the first apostle. At its close the prophet was without a follower in the gathering, for even his wife, Overseer Jane Dowie, and her son Gladstone joined the ranks of those opposing the founder of the faith. Legal steps will be taken at once to oust Dowie from all control through the appointment of a conservator or receiver.

Denver, Col., April 2.—John Culver, aged 74 years, a retired business man of McPherson, Ia., dropped dead from heart failure while strolling along the platform at the Union depot Sunday. He was returning from California with his wife and daughter.

WHAT CONGRESS IS DOING

OUTLINE OF PRINCIPAL WORK IN BOTH BRANCHES.

Senate Still Engage in Discussing the Railroad Rate Measure—House Proceedings.

Washington, March 29.—Senator Knox made his first set speech in the senate Wednesday. He spoke on the railroad rate question and dealt almost exclusively with the legal features of the problem. He indicated several provisions of the house bill which he considers unconstitutional.

Washington, March 29.—The house, in order that the legislative, executive and judicial appropriation might be considered without being subjected to limitless points of order, passed a rule prohibiting that method of fighting the bill.

Washington, March 30.—In the house Thursday an increase of \$10,000 over the appropriation carried by the legislative, executive and judicial appropriation bill was voted for confidential agents of the interior department to aid in the ferreting of land frauds.

Washington, March 30.—The senate on Thursday listened to speeches on the railroad rate bill by Senators Clay, Carmack and Newlands, and then debated and passed a bill which provides for the reorganization of the medical department of the army by authorizing the appointment of officers to take the place of contract surgeons.

Washington, March 31.—The house on Friday passed the legislative, executive and judicial appropriating bill carrying \$30,000,000, after considering the measure two weeks.

Washington, April 3.—The amendment to the house railroad rate bill, agreed upon at the White House Saturday by friends of the bill, providing for a limited review of orders of the interstate commerce commission was offered in the senate Monday by Senator Long, but he was not able to get the floor to make his speech on the bill. The principal speech Monday was made by Senator Fulton (Ore.), who spoke for the bill.

Washington, April 3.—Chief among the measures passed by the house Monday was the so-called "personal liability bill" which has been favored by the army of railway employees throughout the country, and which had practically a unanimous report from the committee.

Acquitted.

Peoria, Ill., April 3.—"Jap" Smith, charged with manslaughter in connection with the wreck of the Santa Fe California limited at Chillicothe on January 29, was acquitted in the circuit court on instructions from the court. Smith admitted negligence, but the court ruled that the negligence of Conductor George Wetherwax, on No. 6, which was subsequent to that of Smith, was the direct cause of the collision, and that under the law this was a sufficient defense.

Schoolboy Electrocuted.

A Chicago dispatch says: "Trouble between the Graham & Morton line and the new Chicago & South Haven line is on the card as soon as the latter begins running to Saugatuck. Saugatuck is between Holland and South Haven, but its business, particularly in fruit shipments, has been done largely by the Graham & Morton line from Holland. The announcement that the South Haven line would run its boats into Saugatuck is taken as an invasion of the right territory of the Graham & Morton people. The government work in making practically a new harbor at Saugatuck will greatly add to the popularity of that place as a summer resort."

Upon the motion of Prosecuting Attorney Pagelsen, in circuit court, the court ordered the jury in the case against Gilbert Isenhoff to bring in a verdict of not guilty. Isenhoff was charged with mixing poison with food which Lubert and Dick Shut were about to eat. When analyzed by a chemist the food was found to contain morphine powder. Isenhoff was claimed to be the only visitor at the Shut home upon the day the poison was found in the food, and suspicion therefore fell upon him. ESCAPE FROM LIVING TOMB

SEQUEL TO RECENT MINE HORROR IN FRANCE

Thirteen Men Snatched from Death After Twenty Days of Suffering.

Lens, France, March 31.—The disaster at the Courrieres coal mines had a startling sequel Friday when 13 miners were taken out alive after having endured unspeakable horrors during 20 days of entombment. The story of the survivors so far as it has been told discloses that they lived for many days on hay, bark and putrid horse meat amid total darkness and in the stench from scores of decaying corpses. The presence of human flesh would speedily have forced the starving men to resort to the last desperate extremity if they had not been rescued. The survivors were sturdy young miners from 17 to 25 years of age except their leader, Henri Nemy, who is 38 years old. All show the terrible effects of their experiences, being emaciated, exhausted and blinded. Their rescue caused a temporary nervous luddity during which they greeted their relatives and graphically related their sufferings. The doctors then enforced quiet upon them, fearing the results of fever and poisoning from their having eaten decayed horse flesh.

The total number of men missing after the catastrophe was 1,212. The bodies recovered approximately numbered 500, and there are still unaccounted for approximately 700.

Circuit Court.

In circuit court this morning Judge Padgham devoted the greater part of the forenoon to his usual Friday task, that of sentencing those awaiting disposal. Nicholas DeVries and John Heyboer of Zeeland were the first to be given attention. They were charged with stealing whiskey and beer from the Van Bree drug store in Zeeland. Heyboer pleaded guilty to simple larceny. Judge Padgham gave them a good talking to, stating that he thought both of them might have been convicted of burglary had they stood trial. The court also commented upon the fact that the drug store contained a large amount of whiskey and beer, and stated that the prisoners had been helped into their crime by others, who were not within guilt. He concluded by sentencing both DeVries and Heyboer to the Detroit House of Correction for 90 days.

Vernia Tuttle of Holland, a lad of 10 years of age, who was charged with stealing property from the home of his sister at Holland, was sentenced to hard labor at Ionia for a minimum sentence of nine months and a maximum of five years. The court recommended the nine months as the sentence.

Roy Griffith, who was charged with placing an obstruction on the railroad track near Conklin, was to have come up for trial but he appeared and entered a plea of guilty instead. Judge Padgham placed him on probation, giving him an idea as to what would be expected of him during his probation. John Luikens was appointed to receive the boy's reports.

Mrs. Sjabe Zeerip

Dies Suddenly.

While making preparations at her home in East Holland to drive to this city and visit her children, Mrs. Sjabe Zeerip was stricken with paralysis of the heart and death ensued before the arrival of Dr. Masselink, who was summoned from Zeeland. She was on the porch when the attack came and she fell to the ground unconscious and was carried in the house.

Although, Mrs. Zeerip, whose age was 63 years, had been ailing for about six weeks, her death was a great shock to her friends and relatives.

Mrs. Zeerip was born in the Netherlands and came to this country at an early age. Her father, James Vinke was one of the first persons to run a boarding house near Macatawa Park. She was married to S. Zeerip in 1860 and they moved to the East Holland farm. Fifteen children were born to them, ten of whom are living, Remp, John, Peter and Chas. of this city; Ryn of Fennville; Cornelius and Nellie, who live at home; Mrs. Ben Lemmen of Allendale; Mrs. John D. VanderMeulen of Olive Center; and James Zeerip of Muskegon.

Death of Mrs. William Brouwer.

The death of Mrs. William Brouwer occurred last Sunday at the home of her son, James A. Brouwer of this city, at the age of 89 years. In spite of her advanced age her health had been fairly good until four days before she passed away.

Mrs. Brouwer, whose maiden name was Gertrude Johanna De Waal, was born in Delft, the Netherlands in 1817, and on May 20, 1846, she was married to William Brouwer at Arnhem and shortly thereafter they came to America, settling first at New Orleans where they lived a couple of years, and coming to this city in 1848.

At the time of the big fire of 1871 the family lived on the corner now occupied by Meeboer's tailorshop and they were not only among those who suffered considerable loss from this conflagration, but they underwent severe loss from fire in 1867.

Mrs. Brouwer lived with her son, Jas. A. Brouwer, and her other children since the death of her husband in 1872, and the last nine years were spent at the home of Mr. and Mrs. Brouwer. She was of fine Christian character and enjoyed the confidence and respect of all who knew her. Besides Mr. Brouwer, the children surviving are R. Brouwer of Grand Haven, Mrs. M. J. Dykstra and Mrs. Jessie Van Duine of Grand Rapids.

The funeral services were held yesterday afternoon at the home of James A. Brouwer, 78 East Ninth street, Revs. R. L. Haan of this city, E. Vander Vries of Fisher Station, and W. Council Awards Paving Contract and Adopted Ordinance Licensing Milk Peddlers.

At last night's meeting of the Common Council the contract for paving River street with Metropolitan brick and asphalt filler was awarded to H. H. Hatch & Sons. The Council took a recess of 15 minutes and examined Interurban railway tracks on corner of River and Eighth streets, with a view of taking action regarding an extra turnout. Action on the matter was deferred until next week.

An ordinance was passed to license and regulate the selling of milk and cream. It provides that persons selling milk or cream must apply to the city clerk for a license. For selling from wagon, from a dairy or creamery or milk company the fee is five dollars per year. For selling from cart propelled by hand, one dollar, or from a can carried by hand, or from a house, restaurant and all other places one dollar per year. It also provides for inspection by Health Officers for a tuberculosis test, prohibits the selling of impure or adulterated milk or cream, and prohibits the use of preservatives.
