**Enroll Saturday, March 30, and VOTE FOR DIEKEMA at the Primaries Monday.**

Up in Allendale township there was a good lively caucus and Diekema sentiment was practically unanimous, every man asserting that he would get to the polls on election day and nominate G. J. Diekema for Congress from the 5th district. Two tickets were placed in the field for township offices. David Robertson was nominated supervisor on ticket No. 1 and John Ossewaarde on ticket No. 2.

Captain Woltman is fitting out the little schooner Wonder, which has been laid up near Harrington's dock all winter. The little craft left Muskegon Nov. 21, the date of the big storm last fall, and it made this port before the storm, although for days the Muskegon marine men thought the little boat was lost.

Walter Phillips of Grand Haven, one of the most prominent horticulturists in the state, died Friday after a long illness, aged 73. He had held many leading offices in the State Horticultural society and was considered authority on all matters pertaining to fruit culture. He had for years contributed articles to agricultural papers. Mr. Phillips was one of the first to engage in fruit culture in this section of the state.

James E. Walker, the Socialist candidate for governor last fall, will be Jacob G. Van Putten's only opponent for mayor at the coming election Monday. Mr. Walker recently became a resident of Holland and is an ardent advocate of Socialist doctrines. The party has placed a full ticket in the field, the following have been nominated: Mayor, James E. Walker; clerk, John Blok; treasurer, Cornelius Poppel; justice, George Elferdink; aldermen, Joseph Van Vyven, John J. Arendsen, William G. Kidwell, George Winderknecht, John Buchanan; constables, John J. Hacklander, Ira Welch, Bert Dock, William Norlin, William Johnson; supervisors, first district, Richard Schilleman; second district, Sylvester Murphy.

The Union Sentinel, the official paper of the Trades and Labor council of Grand Rapids, have looked up Mr. Diekema's record in Lansing on the labor question, and in an article setting forth his record they rebuke those who wantonly lie about him for political purposes. His record speaks for itself and will be found on the second page of this issue.

Dr. G. W. Van Verst has purchased the house of W. H. Sutphen on West Twelfth street for a home. Mr. Sutphen will reside in New York in the future.

Mrs. Martin Nienhuis, aged 25 years, passed away Monday evening at her home, 212 West Fourteenth street, tuberculosis causing death. She is survived by her husband and parents, Mr. and Mrs. John Van den Bosch, Maple and Sixteenth streets, and the funeral will be held from the home of the latter at 12:30 this afternoon, and from the Fourth Reformed church at 1 o'clock, Rev. Wm. Wolvius officiating.

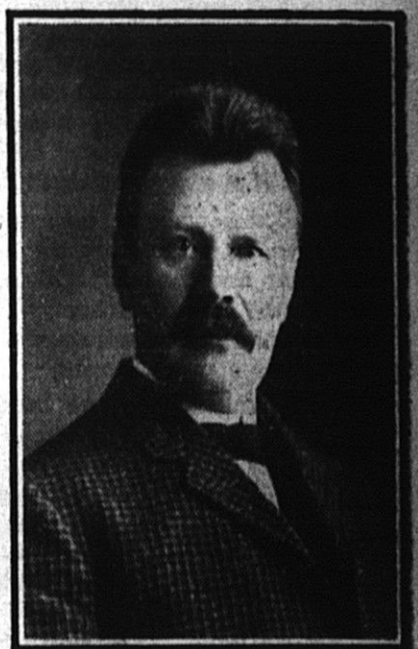

Attorney McBride appeared as solicitor for Mrs. Clara M. De Feyter of this city, against Ernest De Feyter for a bill of divorce in circuit court. She alleges in her bill that her husband left her last January and that he has not provided toward her support. It also alleges that he is addicted to the liquor habit and is cruel to her. Three children ranging from three to six years are dependent upon him for support.

Justice Van Duren fined Ira Dornring \$10 and costs or 30 days in the county jail for embezzlement Monday. Dornring, while employed by Wm. Deur, delivered several loads of dirt to Dick Van Lente and collected \$1.50 from him for it. He then turned in his bill for \$2.00 to Mr. Deur against Van Lente. Dornring seems to be crooked as he has had the same difficulty with C. L. King & Co., at which time he was also arrested and had to pay a fine. Officer Doornbos was detailed on the case and arrested his man Saturday.

What proved to be a lively caucus at Holland township Saturday, resulted in the following nominations on the Republican ticket: Supervisor, J. Y. Huizinga; clerk, A. Van der Haar; treasurer, Henry Klomparsen; highway commissioner, Johannes De Haan; justice of the peace, C. D. Schilleman; school inspector, Luke Lugers; constables, Philip Heyboer, John P. Kleis, Gerrit Riemersma. Luke Lugers was chairman of the caucus and J. Y. Huizinga secretary. John Myerink and John Witteveen were tellers. Over 200 voters were present, the fight being on supervisor, between John Y. Huizinga and John Van Zanten.

Samuel Kolk and Gerrit Klinkenberg were arrested by Game Warden Chris Hansen Tuesday, and arraigned before justice Van Duren for illegal fishing in Black River, near Zeeland. For some time these men have been doing fishing stunts in the river, near Veneklasen's brick yard, and Hansen went out to watch for them Monday night. He soon detected four men coming up the river. Just as they were in the act of hauling the net which was stretched across the stream, Hansen came upon the scene. He fired his revolver in order to frighten them, but they "skidded" to near-by dwelling houses. The deputy identified the two men under arrest and as confessions are the style in Ottawa county these days, no doubt the other two miscreants will also soon be brought to justice. The two men each gave bail for \$300, awaiting trial set for April 3.

Republicans should not forget to enroll on March 30, as to neglect this important point will mean that they will be prevented from participating in the primaries. If Ottawa county wants a representative in Congress, the Republicans of the county must not forget to attend to their party enrollment. There are a great many who did not enroll at the last party enrollment, and they should by no means neglect it now.

Mr. De Pree's connection with the De Pree Chemical company requires his entire time and for this reason he disposed of his interest in the store.

## What Diekema Has Done For Labor.

The following we quote from the Union Sentinel: The official organ of the Trades and Labor Council in Grand Rapids which goes to show what the laboring men of Grand Rapids think of Holland's candidate. This is in reply to a few agitators who are never satisfied, and will always exist, who up to the time Diekema's record was published, persisted in circulating malicious lies about him but now have nothing more to say. His record below speaks for itself:

If laboring men and labor unions persistently stab in the back those who consistently work and vote in their interests, what can, or ought to be expected from those in a position to aid laboring men?

Here is Mr. Diekema's record as a law-maker while he was a member of the Michigan legislature:

In 1885 he voted for—  
House Bill No. 2, to regulate the employment of children, young people and women in certain cases.

Bill No. 10, to abolish contract labor in prisons

Bill No. 11, to abolish the manufacture of cigars in the Ionia reformatory.

Bill No. 80, to regulate the trial of actions for negligence.

Bill No. 83, to prevent the appointment of Pinkerton men as Deputy Sheriffs.

Bill No. 148, providing for the incorporation of societies in the interest of trade and labor.

Bill No. 192, to prohibit the use of scrip or store orders in payment of wages.

Bill No. 194, to establish a board of building inspectors in Detroit.

Bill No. 502, giving a right of action to injured employees or their next of kin if killed by reason of insufficient fire escapes, and making the claim a lien on the land.

Bill No. 602, to amend the act creating the Bureau of Labor and Industrial Statistics, increasing the efficiency of this bureau.

In 1887 one of the bitterest fights of the session was over the Ogg bill to prohibit the importation of Pinkerton detectives into this state. This was following the terrible Homestead riots. Mr. Diekema not only voted for this bill, but worked incessantly for it. This was House Bill No. 73.

He also voted for—

Bill No. 255, to regulate and extend the liability of employers for the personal injuries of their employees.

Bill No. 358, to prohibit the use of scrip or store orders in payment of wages.

Bill No. 371, to regulate the trial of actions for damages arising from negligence, being a measure to protect working men from injuries received in mills and mines.

Bill No. 425, to abolish contract labor in the prisons of Michigan.

Bill No. 492, providing for a five dollar attorney fee in cases where laborers are compelled to sue for wages.

Bill No. 598, to provide for blowers in foundries and factories where emery wheels are used.

Bill No. 400, to prevent corporations holding land not used in their business.

Bill No. 178, providing for the Australian ballot.

Bill No. 762, to prohibit the employment of more than one hundred and fifty convicts in the prisons of this state at any one trade.

In 1899, as Speaker of the House, he appointed on the Labor Committee, Frank Gill, of Grand Rapids, a Democrat, and August Wettlaufer, of Detroit, both of them at that time very strong labor representatives.

And at this session he voted for—  
Bill No. 16, to preserve the purity of elections.

Bill No. 50, to establish, protect and enforce the rights of mechanics and other persons, furnishing labor or materials in the construction of buildings, and giving them a lien therefor.

Bill No. 82, to provide uniform and free text books in the public schools throughout the state.

Bill No. 93, to regulate the State Board of Mediation and Arbitration.

Bill No. 151, to regulate the employment of children, young persons and women.

Bill No. 235, to preserve the purity of elections in the city of Detroit.

Bill No. 459, to secure to women the right to vote in school, city, and other municipal elections.

In 1891 he voted for—

Bill No. 6, to tax railroads organized under special charter.

Bill No. 178, to provide for the uniform taxation of property.

Bill No. 259, to create the office of factory inspector and defining the duties and powers of the same.

Bill No. 332, relative to free school books in the city of Detroit.

Bill No. 356, to prevent the importation of Pinkerton men.

Bill No. 460, to strengthen the lien law in the interests of mechanics and other persons furnishing labor or material in the construction of buildings.

Bill No. 183, to increase the power of the Bureau of Labor and Industrial Statistics.

Bill No. 187, to protect associations and unions in the use of their trade marks and advertising, and to punish counterfeiting and the fraudulent use of the same, particularly the blue label of the Cigar Makers' International Union.

This is a summary of his record as a law-maker, which is easily verified by the House Journal for the years named.

What laboring man can conscientiously oppose Mr. Diekema in the face of such a record as this, and would not a laboring man who did oppose him be ungrateful to the man who had always been his friend?

Republicans should not forget to enroll on March 30, as to neglect this important point will mean that they will be prevented from participating in the primaries. If Ottawa county wants a representative in Congress, the Republicans of the county must not forget to attend to their party enrollment. There are a great many who did not enroll at the last party enrollment, and they should by no means neglect it now.

## Nervous Worn-Out

If you are in this condition, your nerve force is weak—the power is giving out, the organs of your body have "slowed up," and do their work imperfectly. This failure to do the work required, clogs the system and brings distress and disease. When the nerves are weak the heart is unable to force the life-giving blood through your veins; the stomach fails to digest food; the kidneys lack power to filter impurities from the blood, and the poisonous waste remains in the system to breed disease. Nerve energy must be restored. Dr. Miles' Nervine will do it, because it strengthens the nerves; it is a nerve medicine and tonic, that rebuilds the entire nervous system.

"Several years ago I was all broken down. I was nervous, worn-out, could not sleep, and was in constant pain. I doctored for months, and finally the doctor said he could do nothing for me. I began taking Dr. Miles' Nervine, and used altogether eight bottles, and I became strong and healthy, and now weigh 170 pounds."

H. C. CUNNINGHAM,

Dr. Miles' Nervine is sold by your druggist, who will guarantee that the first bottle will benefit. If it fails, he will refund your money.

### Doing Their Duty

Scores of Holland Readers Are Learning the Duty of the Kidneys.

To filter the blood is the kidneys' duty. When they fail to do this the kidneys are sick. Backache and many kidney ills follow. Urinary trouble, diabetes. Doan's Kidney Pills cure them all. Holland people endorse our claim.

Otto G. Van Dyk, retired farmer, 28 West Eighteenth street, Holland, Mich., says: "I unhesitatingly say that Doan's Kidney Pills are the reliable remedy on the market today. While splitting wood a short time ago, I was suddenly taken with sharp pain or crick in the small of my back, so severe that I was unable to finish what I was doing. I did not pay much attention to the pain at first, but it gradually grew worse and soon there were dull, constant pains across my back and loins. My condition soon became so bad that I was unable to exert myself in any way. I was hardly able to walk and gradually growing weaker, when my son who had used Doan's Kidney Pills with very good results advised me to try them. He procured a box for me at George E. Lage's drug store. I had only taken a few doses when the pains began to leave and as I continued using them, I gradually improved until I received a positive cure. I now feel as well and strong as ever. I feel that I owe my present good condition to the use of Doan's Kidney Pills.

For sale by all dealers. Price 50 cents. Foster Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name Doan's and take no other.

### How To Remain Young.

To continue young in health and strength, do as Mrs. N. F. Rowan, McDonough, Ga., did. She says: "Three bottles of Electric Bitters cured me of chronic liver and stomach trouble, complicated with such an unhealthy condition of the blood that my skin turned red as flannel. I am now practically 20 years younger than before I took Electric Bitters. I can now do all my work with ease and assist in my husband's store." Guaranteed at the Walsh Drug Co. Price 50c.

### Run-down People

### NEED VINOL

the modern strength creator and body builder

Many people right here in this vicinity are all run down and hardly able to drag about—don't know what ails them.

"Such people need Vinol, our cod liver preparation without oil, which contains in a highly concentrated form all of the medicinal and strength-creating elements of cod liver oil actually taken from fresh cods' livers, but from which the useless oil is eliminated and tonic iron added."

We ask every man, woman and child in this vicinity who is run down, tired and debilitated to try Vinol on our offer to return money if it fails.

Itching, torturing skin eruptions, disfigure, annoy, drive one wild. Doan's Ointment brings quick relief and lasting cures. Fifty cents at any drug store.

### BIG RAILROAD STRIKE NEAR

MEN AND MANAGERS CONFER OVER DIFFERENCES.

Vote of Employees Believed Overwhelmingly in Favor of Granting No Concessions to Employers.

Chicago, March 27.—The western railroad managers Tuesday resumed their conferences with representatives of nearly 50,000 employees who are threatening to strike to secure wage increases and betterment in working conditions. The strike vote was officially completed Monday night. It is practically certain that the men to whom was put the question of settling the dispute by agreeing with the terms of the road officials, have voted against the proposition and have delegated their representatives in Chicago to strike unless they can obtain further concessions.

The road managers have declared that it is impossible for them to make more allowances to the men. Many officials see a situation that may cause peril to the country. Unless there is a backdown one way or the other during the conferences the most gigantic strike in the history of transportation appears imminent.

Never in the history of railroading has a similar situation arisen. Forty railroad systems with a trackage of 95,000 miles and an annual pay roll of \$320,000,000, are standing together on the proposition. These systems extend throughout the west and represent one-third of the railroad transportation business of the country.

Opposed to this aggregation of capital stands the Brotherhood of Railway Trainmen, with a membership of 90,000 men, and the Order of Railway Conductors, with a membership of 45,000. The available defense fund in the two organizations amounts to \$750,000. They control 85 per cent. of the employees in their respective branches of work.

The general managers after a meeting, although admitting it is the most serious situation of its nature that has confronted them, expressed the belief that there would be no strike. They believe the employees will yield.

The employees, like the managers, take a hopeful view of the situation, but their optimism is based on the belief that the managers will yield when they are confronted with the expressed sentiments of the men as shown by the secret ballot.

### BANKS GET CUSTOMS RECEIPTS.

Cortelyou Orders Them Deposited in National Institutions.

Washington, D. C., March 27.—Under instructions recently issued by the secretary of the treasury, collectors of customs throughout the country were directed to deposit their customs receipts in the regular depositories. This, however, did not embrace the so-called sub-treasury cities. These instructions have been enlarged by the secretary so that the public deposits with national bank depositories in New York city will be at once increased about \$15,000,000 from customs receipts under the provisions of the act of March 4, 1907.

This action is taken with a view to facilitating the redemption of the four per cent. bonds of 1907 and also to render available additional funds for the usual disbursements occurring on April 1.

The secretary also has instructed the treasurer of the United States to mail at once to the owners the checks for interest due April 1, 1907, on registered bonds of the two per cent. consols of 1930 and the four per cent. funded loan of 1907. The subtreasury officers have been instructed to cash the checks on presentation and to cash on presentation any April coupons belonging to the bonds of the two loans.

### Two Blown to Pieces.

Cleveland, O., March 27.—Two men were instantly killed, several thousand dollars' worth of property was destroyed Tuesday when the glaze mill of the Austin Powder company at Fall Junction, 20 miles from here, exploded. Henry Cox and John Miller were working in the building. Their bodies were blown to pieces. The plant covers eight acres of ground. Windows were shattered for miles around, the explosion, according to reports, having been terrific. The buildings took fire.

### To Continue Sunday Excursions.

Indianapolis, Ind., March 27.—At a conference of the passenger departments of the railroads entering Indiana and Ohio it was decided not only to continue Sunday excursions this summer but to make the rates lower than last year's schedules. The proposition to discontinue all Sunday excursions on account of two-cent fare legislation was defeated.

### Follows Wife to Grave.

Appleton, Wis., March 27.—Judge Samuel Ryan, aged 83 years, the oldest editor in Wisconsin and one of the oldest members of the Odd Fellows, died Tuesday of pneumonia at the home of his brother, James Ryan, in this city, following his wife to the grave. Mrs. Ryan died eight days ago and Mr. Ryan was taken ill on the way to the cemetery on the day of his wife's funeral.

### Cuts Boy's Head Off; Insane.

Richmond, Va., March 27.—Matilda Wilson, an insane negroess of Pittsylvania county, took a tobacco knife and severed the head of a 14-year-old negro boy from his body. She claims she was commanded by neighbors to commit the deed.

## ROUMANIAN RIOTS NOT ANTI-SEMITIC

PREMIER CANTACUZENE BLAMES THE AGITATION PREVALENT IN RUSSIA.

Reforms Are Promised—Peasants Continue to Loot and Burn in Several Districts—Troops Concentrated to Defend Jassy.

London, March 26.—That the Roumanian government considers the recent trouble in Moldavia and Wallachia to be a result of similar disturbances in the adjacent provinces of Russia, and not of an anti-Jewish character, is evident from a communication made by Premier Cantacuzene and telegraphed by him from Bucharest to London. The premier says: "The grave troubles which have broken out in Roumania do not arise from any anti-semitic feeling. They are of a well defined agrarian character. The peasants are not only devastating the houses and farms of Jewish farmers, but also those of Roumanian landed proprietors. It is undeniable that these sad occurrences are in part a result of the agitation now prevalent in Russia, especially in Bessarabia, which borders on Roumania.

"The Roumanian government is taking energetic measures to restore order and it hopes that by active military intervention rioting quickly will be suppressed. Immediately thereafter the government will introduce a series of measures providing for the necessary agrarian reforms."

### Peasants Plunder and Burn.

Bucharest, Roumania, March 26.—The plundering continues on a large scale in the districts of Roman, Putna, Jassy and Botosani. The peasants are setting fire to everything within reach, but they flee on the appearance of the soldiery.

The foreign consuls at Jassy have asked the authorities to take measures to protect the resident foreigners, and the prefect of Jassy has given assurances that the necessary precautions will be taken.

The minister of war has ordered the mobilization of four additional regiments at Jassy, where 12,000 troops already have been concentrated. At Jassy the artillery is encamped on the principal street. All the shops in town are closed. It is reported that a very large number of peasants, estimated at from 40,000 to 50,000, are ready to advance and attack the place. Copies of a manifesto were distributed in Jassy Sunday accusing the government of responsibility for the recent disorders and advising the people to take the law into their own hands. The author of this manifesto, the proprietor of Vaslui, has been dismissed from office.

A condition of anarchy prevails at Nantolosa, and the reports from that village are alarming.

### Troops Kill 200 at Galatz.

A bloody encounter between peasants and military is reported from Galatz, where on Sunday the troops fired on a gathering of peasants killing 200.

From Vaslui it is reported that organized bands of robbers are marauding the district. The leaders of these bands have assumed the title of "general" and contributions are being levied from all villages and farms.

Reports from the naphtha districts show that this section of the country is still quiet.

Austrian gendarmes at Zensaty have arrested some Roumanian soldiers who were endeavoring to sell loot.

The situation arising from the agrarian revolt has become so serious that the Roumanian parliament is considering the advisability of investing the government with extraordinary powers.

It is declared that the health of King Carol has suffered as a result of these disorders.

### MORTON SALT BLOCK BURNS.

Great Structure in Hutchinson, Kan., Destroyed—Loss, \$500,000.

Hutchinson, Kan., March 26.—The Morton Salt block, the largest in the world, owned chiefly by Joy Morton and Paul Morton, former secretary of the navy, was destroyed by fire Monday night. The loss embraced a new \$250,000 addition to the plant and a vast quantity of refined salt, and may reach \$500,000.

The fire started from the explosion of a coal oil lamp. Crude oil was burned in the furnaces, and in some way the fire was quickly communicated from the boiler room to other parts of the building. A strong southwest wind fanned the flames and caused them to spread rapidly.

### Hash Victims Recover.

Leavenworth, Kan., March 26.—All but one of the 900 veterans at the National Soldiers' Home here, who were poisoned Saturday by eating tainted hash, had been discharged from the hospital Monday morning. It was expected that this man would be able to leave for his barracks in another day.

## Smith and Diekema are Strong Team.

The republicans of Ionia county in uniting in the selection of a candidate for congress with Ottawa county republicans and accepting the Hon. Gerrit J. Diekema they are not only placing their county in a position to secure recognition in the future but they could secure a congressman who can be depended upon to "do things" for his district, and the interest of every part of the district will be safe in his hands. With his experience and acquaintances and familiarity with the needs of the district he will be able to take the work up where Congressman Smith laid it down and carry it along without any break whatever. With Smith in the Senate and Diekema in the House the fifth district will be in clover.—Portland News.

## Large Number Attended Ward Caucuses.

It is very gratifying to see such well attended ward caucuses as has been the case this year. It goes to show that our citizens are taking more interest in the city's affairs and it is as it should be. It means that our citizens wish to place men in nomination who are capable to handle the city's business, and not men who need the fifty dollars, (salary of alderman), as has been the case in several instances. They either are there to protest against such nominations, or to place their stamp of approval upon good work by competent aldermen. As a whole the selections made are good, and if they are all elected next Monday as we expect and they deserve, Holland will have a strong common council.

## Don't be a Grumbler.

Don't be a grumbler. Some people contrive to get hold of the prickly side of everything; to run up against the sharp corners and find out all the disagreeable things. Half the strength spent in growling would often set things right. You may as well make up your mind, to begin with, that no one ever found the world as he would like it; but you are to take your share of the troubles, and bear them bravely. You will be very sure to have troubles laid upon you that belong to other people, unless you are a shirk yourself, but don't grumble. If the work needs doing, and you can do it, never mind about the other person who ought to have done it and didn't. Those workers who fill up the gaps, and smooth away the rough spots, and finish up the job others leave undone, they are the true peacemakers, and worth a whole lot of growlers.

## Trade Where You Know Them.

At a recent Grand Rapids meeting Gilman M. Dame of the State Dairy and Food Department discussed the pure food law. He said that he had personally examined samples of extracts and spices put up by Montgomery Ward & Co., Sears, Roebuck & Co., and the Larkins Soap Co., and had never yet found a sample that would comply with the Michigan pure food law. Questioned on this subject, the speaker was emphatic in

backing up this statement. He said that the reason Sears, Roebuck & Co., were going out of the grocery business was because they could not comply with the national pure food law and make any money on their goods.

This simply demonstrates again most forcibly that the only place to do your trading is with the merchant in your own community.

Some may imagine they are getting goods cheaper at a mail order house, bargains in fact, but it is just like their grocery business, if rigid comparisons were made between the goods bought in our local stores, with those of mail order houses, the difference would readily be apparent.

Therefore leave your cash at home where it does your town some good. Go to the merchants whom you know and who will make things right if they are wrong, no matter what you buy. A concerted effort to discontinue buying from such houses would soon put them out of business altogether.

It is true that President Roosevelt's course as an executive and the party and personal policies he represents are not issues which will be directly affected by next Monday's election in Michigan. But President Roosevelt is directly represented by one party and one ticket which are to be affected through next Monday's election. If a democratic victory were possible in Michigan at this time it would be heralded to the four corners of the globe as a rebuke to Roosevelt. Make it an assurance to Roosevelt that his course is approved, that Michigan republicans are with him and for him. And this assurance can only be given through an increased republican majority.

## He is the People's Candidate and Will Represent the Whole District. Vote For Him.

Says the Saranac Advertiser:—Gerrit J. Diekema, of Holland, who is a candidate to succeed Senator Smith as the Fifth District's representative in congress, was born in Holland, Michigan, March 27, 1859. He endured early hardships and struggled against heavy odds to obtain an education and a start in life. He graduated from Hope College in 1881, and from the Law Dept. of the U. of M. in 1883.

He has served his home city as city attorney and mayor and his district in the state legislature and while a member of that body was honored by being made the speaker. He is now serving his fourth term as chairman of the republican State Central committee and in this position, his ability as a leader has especially been proven. He is an organizer and leader that commands respect and wins the popular favor.

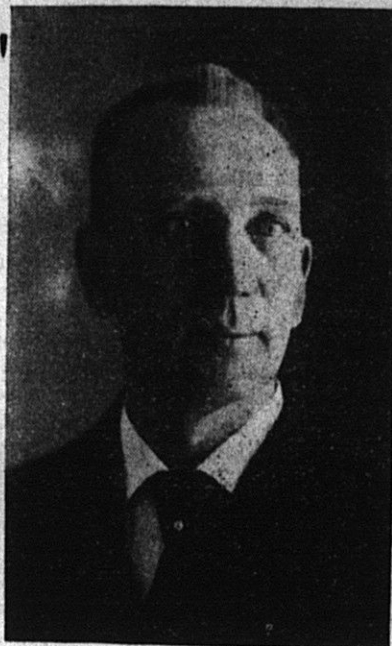

He is a clean and honest campaigner and as chairman he is never idle, for the smoke of one campaign is hardly cleared away before another is commenced. He has explicit confidence in the people and believe that all that is necessary is to take the people into your confidence and show them what the republican principles are and what the party stand for.

Mr. Diekema is a self made man and one who by his one exertion and push has ascended the ladder round by round until today he stands at the head of his profession in the state and has a reputation second to none. A clean honest energetic hustling lawyer, statesman and campaigner and he is no clique, ring or sectional candidate, but the people's candidate in the broadest sense of the word and if nominated and elected will be the people's congressman giving to every person, of what ever political faith and every section of the district its just measure of attention.

## Democrats in Olive.

The democrats have put up the following ticket in Olive:

Supervisor, Jacob Abels; Clerk, Abel J. Nienhuis; Treasurer, Peter Kraai; Highway Commissioner, Henry N. Eastman; School Inspector, Marquis L. Joscelyn; Justice of the Peace, Jacob Baker; Member of Board of Review, John Bruer; Constables, John Lindemar, Charles Bins and Henry K. Troost.

Mayor Jacob G. Van Patten endorsed by Republicans and Democrats.

Mayor J. G. Van Patten has declined the nomination of mayor on the republican ticket tendered him formally Tuesday by the republican city committee. The mayor's reasons are given in the following letter:

To the Republican Committee of the City of Holland, Gentlemen: I desire to express my heartfelt appreciation to the republicans of my home city for the confidence which they expressed in me by nominating me for mayor of the city in the recent primaries. It is an honor which I appreciate most highly and will be glad to reciprocate in any possible way. Under the state law, however, I am obliged to choose upon which ticket my name shall appear and must of course choose my own political party. This, however, does not lessen my sense of appreciation and obligation and if elected, I hope to be able to serve all the people without respect to party with absolute impartiality to the very best of my ability. Jacob G. Van Patten.

## Republican Primaries.

The republicans at their primary election Friday nominated Mayor Jacob G. Van Patten, democrat, for mayor, thus paying him the highest tribute a democrat has ever received at the hands of the republicans in Holland.

The closest contest at the primary election was witnessed in connection with the office of supervisor in the second district, Peter Brusse being defeated by John F. Van Anrooy by one vote. The ballots were recounted the third time without changing the result, Van Anrooy receiving 102 votes and Brusse 101.

The following is the result:

## Republican Ward Caucuses.

All the ward caucuses were well attended Thursday evening, which goes to show that the citizens of Holland have awakened to the fact that the city affairs must be placed in the hands of good men. Below is the results of such a caucus:

Alderman—Gerard Cook.  
Constable—Frank McFall.

Mr. Cook was nominated unanimously, which goes to show that he is the man for the office, and our republicans will find that he will not be found wanting.

## SECOND WARD.

Chairman, G. Van Zanten; secretary, James Schoon; tellers, J. J. Schoon and C. Dalman. Nominations were made as follows:

Alderman—D. Hensen.

Visscher withdrew before the second ballot, throwing his strength to Peters. Benj. Dalman and P. VanKolken were candidates for the nomination, but they were both below Mr. Visscher in the number of votes received.

## WHY PAY RENT?

When you can purchase a cosy, comfortable new house, with the choice of any part of the city, and practically your own terms, small payments down and balance monthly. Look over the following list and see if you can find fairer propositions:

With any and all of these houses I give three years insurance free. Every house is now, or will be at the date specified to be, in first class condition, so that the buyer will have no expense whatever connected with it and only have the monthly payments to meet, which are no more than he would have to pay for rent.

Is this not a fair offer, why keep on paying rent?

Hope College.

W. Hawthorne Cooper, a graduate of Hope college, and now instructor in Park college, Parkville, Mo., received the following notice in a recent issue of the Platte County Gazette: "On Saturday of last week, the noon chapel hour was of such a nature as will long be remembered. This was the first meeting of the student body after the contest of the evening before, and it was especially fitting that Prof. Cooper, of the literature department, should speak. Professor Cooper is a man who has worked hard in his profession, and his efforts have certainly not been without results. The first part of his address was given to explaining what the authorities of today consider oratory. The principles of oratory have been thoroughly studied and Prof. Cooper could speak with conviction upon the subject. The latter part of the address was given to illustrating what had been the William Jewell orator's interpretation of the Delserite style of speaking. As an impersonator, Park college has never seen Prof. Cooper surpassed. Through hard work and innate ability he has become thoroughly master of his art, and one must needs go far to find his power equaled."

This game closes the basketball season at Hope.

## CHINA DYNASTY IN PERIL

### SEDITIONARY SOCIETIES TAKE ADVANTAGE OF FAMINE.

General Uprising Is Feared and United States and Europe Are Greatly Concerned.

Washington, March 25. — From Shanghai advices received at the state department it appears that the ruling dynasty in China is seriously alarmed over the effect of the spread of famine through the country and the opportunity it offers to seditionaries to enlist converts to the cause directed against the government.

The suffering of the people is used as capital, it is said, in that judicious assuaging of want places the persons given assistance under obligations to the societies. The government's inability to relieve suffering, it is said, has been magnified and the hardships of the people attributed to lack of sympathy by the government for the poor classes.

The information received here indicates that a propaganda has been organized to further the circulation of stories of the character outlined and it is said that state department officials fear that a spread of hysteria may engender a general uprising. If such should be the result there is danger that the government might not be able to control the situation. American and other foreign interests then would be jeopardized. So great is the concern that diplomatic and consular officials in China have been instructed to keep Washington advised in regard to the situation and every turn taken.

That any movement which threatens the overthrow of the present dynasty in China gives alarm to the United States and every European nation which has interests and people in China is not denied. The life of every white person in China is believed by officials of the state department to depend upon the continuance of the Chinese government as it stands, the Boxer uprising being cited as an instance of what might result if the present government should be weakened.

### ARTHUR SANDERSON IS FREED.

Slayer of Dr. Meredith Is Acquitted at Carthage, Mo.

Carthage, Mo., March 25.—The jury in the case of Arthur Sanderson, charged with the murder of Dr. Solomon D. Meredith in Carthage on January 2 last, brought in a verdict Sunday evening of not guilty, after being out 85 hours.

Mrs. Sanderson, in defense of her husband, testified that Dr. Meredith, who had been their family physician, had made love to her when she went to his office to consult him. In the arguments of counsel for the defense a parallel with the Thaw case was drawn and the "unwritten law" was brought out.

In a dying statement Dr. Meredith denied that his relations with Mrs. Sanderson had been criminal. He was prominent in Ritchie, O., before coming here.

### PORTLAND TO HAVE PROBE.

Graft in the Oregon City Will Be Investigated.

Portland, Ore., March 25.—The Oregonian says \$50,000 is being raised as an investigation fund to bring Francis J. Heney and Special Agent Burns to Portland to probe into local municipal graft. Transactions for years back and up to the present will be examined under the searchlight of the investigators. The nature of the transactions which the investigators wish brought to light is not specified.

### Latest Marvin Clew Falls.

London, March 25.—As a result of careful investigation into the disappearance of Horace Marvin, Jr., the Delaware boy who is supposed to have been kidnapped, the police are now satisfied that the Portsmouth clew was an entire misconception. The boy seen by the admiralty chemist, Phillips, has been traced, and proves to be the son of English parents whose names the police decline to disclose.

### King and Queen Visit Shrines.

Madrid, March 25.—King Alfonso and Queen Victoria have commenced the traditional pilgrimage to the shrines of the Virgin to offer prayers for the queen in her approaching accouchement and for her speedy restoration to health. # FITZGERALD NAMES LUNACY COMMISSION

JUSTICE DECIDES TO SUBMIT QUESTION OF THAW'S MENTAL STATE TO BODY.

**FINDS AFFIDAVITS AT WIDE VARIANCE**

Trial Will Proceed If Defendant Is Found Capable of Conducting Own Trial—May Otherwise Be Committed to Asylum.

New York, March 27.—A commission, consisting of Morgan J. O'Brien, a former justice of the supreme court, Peter B. Olney, a lawyer, and Dr. Leopold Putzel, appointed by Justice Fitzgerald of the supreme court will decide the question as to whether Harry K. Thaw is now sane and his trial before a jury for the murder of Stanford White will be interrupted pending the report of this commission.

Justice Fitzgerald's decision to appoint a commission followed a conference with the attorneys in the case Tuesday. The justice told counsel that he had given the various affidavits careful consideration, but as they were widely at variance, he felt that he could not properly pass upon them. Therefore he had decided that it would be best to submit the entire matter to a commission in lunacy.

If the commission reports that he is sane and therefore capable of advising with counsel and of understanding the proceedings against him, the trial will be resumed, but if it should be found that he is not sane, nor capable, in a legal sense, application will be made for his commitment to an asylum, probably that at Matteawan, for the criminal insane.

As Thaw's counsel left the room after the announcement of Justice Fitzgerald's decision one of them said: "It could not be worse." Mrs. Evelyn Thaw was weeping as she left the room to go to the Tombs prison.

Thaw Told of Commission. Mrs. Evelyn Thaw broke the news of Justice Fitzgerald's decision to her husband in the Tombs prison in the afternoon. She was accompanied to the Tombs by Messrs. Hartridge and O'Reilly of Thaw's counsel, and they met Thaw in the hospital ward as the conference room was occupied. Mrs. Thaw had nerved herself for the ordeal but her announcement was greeted by her husband with condolences.

"Never mind, dearie," he said; "it will be all right. I am sane now, just as sane as the judge is, and any fair-minded commission will declare me so."

## LIABILITY ACT IS UPHELD

**JUDGE EMORY SPEER SUSTAINS THE EMPLOYERS' LAW.**

**Declares Congress Has Right to Protect Men Engaged in Handling Any Commerce.**

Macon, Ga., March 27.—United States Judge Emory Speer Monday in a decision in the case of Lucy Snead, administratrix, against the Central of Georgia Railway company, upheld the constitutionality of the employers' liability act, passed by the last congress.

This decision is opposed to those of United States Judge Evans at Louisville, and Judge McCall at Memphis, who declared the act repugnant to the constitution of the United States. Judge Speer declared that to command, to prohibit and to protect men engaged in the handling of commerce, whether interstate or foreign, is within the domain of national legislative regulation. Congress having the right to control commerce on the high seas, as established by the courts repeatedly, it follows that it has the right to control the transportation by land of the same commerce.

The creation of the interstate commerce commission, the enactments against arbitrary and discriminating rates, the adoption of the anti-trust law, forbidding combinations in restraint of trade, held directly applicable to railroads, even though chartered by states, the law denouncing rebates and forbidding passes in interstate traffic, are quoted as illustrations of the power of congress to control such matters. Judge Speer shows that many states and foreign nations have adopted the law which congress has enacted, although many states, forbidding an employee to recover for injuries sustained by the negligence of a co-employee, have maintained and enforced the law. Congress, determining that there should be uniformity for the protection of the million or more employees of railroads in the United States, enacted the law of which the constitutionality is called in question.

Seventeen Injured, Several Fatally—Santa Fe Limited Runs Into Special from Intercollegiate Meet.

Los Angeles, Cal., March 25.—A special train on the Atchison, Topeka & Santa Fe railway, carrying scores of students home from an intercollegiate field meet at Claremont, collided head-on with the out-bound limited, No. 2, on the same road while both trains were moving at a rapid rate, within the city limits here Saturday night. Six persons were killed and 17 injured, several of them fatally.

Both engines, one of the baggage cars on the Overland Limited and the smoker on the special were demolished. The crash was terrific and was heard many blocks away from the scene.

The known dead are: C. G. Franklin, student at University of Southern California; A. H. Edwards, Maj. C. Gall and Fred Hodgson, the three latter students at Occidental college.

Workers at the wreck stated Sunday they were convinced there were at least two additional bodies under the wreckage of the smoker.

## BLACK HAND MURDER IN OHIO.

**Wealthy Italian Shot Down on Street of Bellefontaine.**

Bellefontaine, O., March 25.—A street fight between three wealthy Italians and three members of the Black Hand Sunday resulted in the death of Joseph Demar. His body was pierced by nine bullets. His companions fired upon his assailants and from the fact that they left a trail of blood, the police believe at least one of the murderers was seriously wounded.

Salvador Cirra, a commission merchant, who was with Demar, believes the shots were intended for him, and the police are working on the theory that his wealth incited the "Black Hand" to demand money, which Cirra refused. Although Demar had \$200 in his possession, his body was not touched, showing the motive to be other than robbery. The assassination occurred on one of the principal streets.

# HARRY THAW GIVES OUT A STATEMENT

**DENIES THAT THERE IS ANY DISSENSION AMONG HIS COUNSEL.**

Explains the Affidavits—Mrs. Thaw Unexpectedly Visits Her Husband at the Tombs—Jerome Prepares Long Document for the Court.

New York, March 25.—Harry K. Thaw Sunday night made public another statement, this time denying a rumor which he believes is current to the effect that there is dissension among his counsel. He also refers to the affidavits filed with Justice Fitzgerald by his attorneys in opposition to the appointment of a lunacy commission to examine him.

A. Russell Peabody, who gave the matter to the press after he had had a conference with other members of Thaw's counsel, designated it as: "The third statement issued by Thaw since August 10, last."

**Text of the Statement.**  
It follows:  
"I wish to deny the rumor that there is dissension among my counsel.

"Owing to the limited time, affidavits were prepared simultaneously at the office of Mr. Delmas and of Messrs. Hartridge & Peabody. Four that were completed March 22 at the latter office were transmitted to the former and all of that date were printed together under Mr. Delmas' supervision.

"Those made March 23 were brought to me, as I was nearest the court.

"I examined the last four from Messrs. Hartridge and Peabody and one from Mr. Delmas' office and found them eminently satisfactory.

"This method was sanctioned by Mr. Delmas. Had I considered that anything in these last affidavits might be considered inappropriate for this occasion they would have been withdrawn for the time and corrected under Mr. Delmas' direction.

"My mother sent her exceedingly clear affidavit Friday morning to be copied at the office of Messrs. Hartridge & Peabody, and proceeded there later to affix her signature under oath.

"It was written by her at her hotel with no suggestions from anyone whomsoever, and is filed exactly as she prepared it."

**Visited by His Wife.**  
The monotony of Thaw's Sunday at the Tombs was broken by an unexpected visit from his wife. This was the first time since his detention that the prisoner was allowed to receive callers other than his counsel on Sunday. Mrs. Thaw had come to the Tombs with a message for her husband and was agreeably surprised when told that she might visit him. The two were together for a half hour, and when Mrs. Thaw left she said:

"Harry is in excellent health and is sure that everything will come out in his favor."

The prisoner's attorneys did not visit him Sunday. During the afternoon, which he devoted chiefly to his correspondence, Thaw received a note from Lawyer Daniel O'Reilly, explaining that none of the legal staff would call during the day, and stating that Mr. Hartridge and the writer were busily engaged in preparing briefs to be presented to Justice Fitzgerald Monday.

**Jerome Prepares Statement.**  
District Attorney Jerome and his chief assistant on the Thaw case were at their office Sunday and Mr. Jerome for about two hours dictated to stenographers a long statement which took them until late in the day to transcribe. Mr. Jerome said it was a statement to be submitted to Justice Fitzgerald and would not be given out in advance of its presentation to the court.

When asked if he intended to rebut the 12 affidavits filed by the defense, Mr. Jerome said:

"My opinion that Thaw is now crazy and should not be on trial for his life has undergone no change since reading these affidavits, and I certainly expect a commission to settle this point definitely."

**Adjourned Until Wednesday.**  
New York, March 26.—In anticipation of some action on the part of Justice Fitzgerald regarding the appointment of a lunacy commission for Harry K. Thaw, District Attorney Jerome and all of the counsel for the defense were present in the criminal branch of the supreme court Monday.

There was a long wait for Justice Fitzgerald, who did not arrive until after three o'clock in the afternoon. When the judge finally took his place on the bench he merely went through the formality of having the court session adjourned until Wednesday morning at 10:30 o'clock, the hour set last Friday for the jury to make its reappearance in the case.

**Schooner J. F. Whitcomb Lost.**  
Ellsworth, Me., March 26.—The loss of the schooner J. F. Whitcomb near the Virginia capes was announced in a brief dispatch received Monday afternoon by the owners, Whitcomb, Haynes & Co. The crew was saved. The vessel was bound to Philadelphia from the West Indies.

**Metcalf Touches at St. Thomas.**  
St. Thomas, D. W. I., March 26.—The United States dispatch boat Dolphin, with Secretary of the Navy Metcalf on board, arrived here Monday and left for Porto Rico at night.

Another matter in which he has made himself renowned is his fight on the system of sending hobo's to the county jail. By iradicating this system he has saved the tax payers several thousand dollars, and has made the atmosphere in police circles much healthier.

These are only a few things that has been accomplished by Mr. Stephan, and his record will show in details as well as in greater things he has been diligent, energetic and generally right in performing his duties in the council chambers of our city government, and for that reason citizens of the third ward regardless of party have again prevail upon him to take the helm, as alderman of that ward.

## Circuit Court Sentences.

In circuit court Monday afternoon the two brothers, Charles and Herman Reineke, who last summer robbed a gasoline launch of its engine in Macatawa Bay, were up for sentence. They were given a light punishment, Judge Padgham sentencing them to Ionia prison for terms of from nine months to four years. The Judge recommended that the minimum length of time be their sentence. It will be remembered that the brothers were arrested in Joliet and North Dakota respectively a few weeks ago.

The celebrated John Link case culminated in Link receiving a fine of \$10 and costs to the amount of \$92.46 or to be imprisoned in the county jail for sixty days.

Tuesday Judge Padgham had some more self confessed criminals brought before him for sentence.

Charles Woodruff, the mysterious letter writer of Holland, who for several years has been making the life of John Lankhorst of this city miserable by sending the latter threatening letters and by even attempting to take Lankhorst's life, because of his love for Lankhorst's wife, was sent to Jackson Prison for a term of from three to six years with the recommendation of four years. Woodruff is not altogether balanced mentally but that he is a dangerous man to be at large was evidenced by his effort to waylay and kill Lankhorst about a year ago.

John Streeter, who was Woodruff's accomplice in the threatening letter writings was sentenced to Jackson for a year. Streeter is a great big hulk of a fellow with a retreating forehead and a bad face and the judge in sentencing him intimated that he believed he had much to do with influencing Woodruff to do what he did.

Elke Terpstra, the Crockery township farmer, arrested one Sunday a few weeks ago, charged with a criminal assault upon his step daughter, was sentenced to Jackson for from one to fifteen years with the recommendation of two years. There were some extenuating circumstances and Judge Padgham took the same into consideration in sentencing the man.

Monday night the jury in the damage suit brought by Nativ Consineau against the Muskegon Street Railway Company rendered a verdict for the plaintiff in the sum of \$1000 and the costs amounting to about \$600 were also assessed to the defendant company. Miss Consineau was injured at Lake Michigan Park some time ago and the case was brought here from Muskegon county for trial.

Tuesday afternoon Judge Padgham completed his day of sentences. He had before him Leon Reeves and Dan Doyle, the two young men from this city who took a stranger behind the Hotel Holland one night not long ago, and holding the latter up at the point of a revolver, relieved him of his valuables. Reeves was sentenced to Ionia prison for from five to ten years and Doyle a like sentence, only he goes to Jackson.

Immediately after his sentence Doyle called up his mother in this city over the long distance phone and told her what his punishment was. His tone of voice never wavered and he spoke to her in the coolest possible manner of his stiff sentence. Doyle's family are respectable residents of this city. The mother is almost crazed with grief over her son's trouble.

While the prisoners were up for sentence Tuesday afternoon a young woman, Anna Powers of Douglas, Allegan county, was present, apparently the most interested spectator. She is said to be Reeves' sweetheart, and when the sentence was imposed upon her lover she broke down and wept bitterly.

The convicted prisoners at the county jail were all taken to their penitentiary homes Wednesday. Deputies Salisbury and Luikens took Doyle, Terpstra, Woodruff and Streeter to Jackson while Ed. Buxton escorted Leon Reeves to Ionia.

## Beets Five Dollars Per Ton.

Five dollars per ton, f. o. b. cars at South Haven, is the price offered for sugar beets by the Holland Sugar Co. C. M. McLean, secretary and treasurer of the company, made this offer at the meeting of the Pomological Society last week, and made four contracts before he left the hall. He promised to send another man here soon to look up more contracts and give further details. The company will furnish the seed at 10 cents per pound, the pay to be taken out of the first shipment of beets. It requires 10 to 15 pounds of seed to the acre. The yield varies from eight to fifteen tons to the acre, the average being ten to twelve tons. The beets will grow on any good grain soil, and those accustomed to the work find it hardly more exacting than any crop which requires intelligent and careful attention.

## Ottawa County Inspiration Institute.

A very interesting teachers' inspiration meeting was held last Friday and Saturday at the High School building. Nearly two hundred teachers from all parts of the county took advantage of the meeting to get an inspiration for their work in their respective schools. It was one of the largest inspiration meetings ever held in the county.

The two speakers who spoke alternately on subjects that were of general interest to teachers were Dr. W. D. Henderson and Prof. R. Clyde Ford, both of Ann Arbor. On Friday morning Dr. Henderson started a series of talks each about a half hour in length on the "Mechanics of English." He chose this subject in preference to the one on "Child Study," as was stated on the program, because he thought that child study was too broad a subject to deal in a series of talks.

The speaker held that much of the confusion and inaccuracies that are found in the literary productions of the average university student and even in the composition of men that pretend to specialize on English is due to a lack of knowledge of the mechanics of English. By mechanics of English the speaker meant the fundamentals, the elements on which the language is built. Throughout his talks Dr. Henderson made an earnest plea for accurate scholarship. He had a fine presence on the stage and impressed the teachers as being a man who knew the subject he had in hand.

At the evening session Dr. Henderson gave a formal lecture on "The Evolution of the Boy," which was a masterpiece of its kind. Kindly sympathy for the boy was the keynote of the lecture.

Prof. Ford's general theme during his series of talks was "The Teacher." On Friday morning he spoke on "The Teacher's Inspiration—What?" His talk was exceedingly practical and each individual could profit by it in their immediate work. According to Prof. Ford's idea the teacher should not be an isolated individual in the community. He ought to go into his work with all his might, and should consider himself as part of the social scheme for the betterment of the race through the influence of education. A teacher can do much to raise the educational status of the community in which he is working.

At the evening session Prof. Ford talked on "Some Demands of the New Century." Some of the other subjects of Prof. Ford were "The Teacher and the Community," "The Teacher and the School," "What a Class Exercise is For," "The Philosophy of School Government," "What One Teacher Did," and "The Teacher's Conquest of the World."

The musical numbers with which the program was liberally sprinkled was in charge of Miss Evelyn Roberts, musical director of the Holland City schools.

Gerrit Klungel, arraigned before Justice Van Duren Tuesday on the charge of petty larceny, pleaded guilty and besides paying a fine and costs amounting to \$5, he refunded the money stolen from a roommate. Klungel took \$3.50 from a fellow roomer, and was arrested by Officer Doornbos.

## Killed By Lightning.

During the electric storm Tuesday afternoon Mrs. Clyde Welton was struck by lightning and instantly killed, while standing in the doorway of her home in Ottawa station. The lightning after killing Mrs. Welton passed into another room and tore a large hole in the floor, set fire to the house and but for the timely arrival of the husband the house would no doubt have been burned and the children and body of the wife cremated. There were three children in the house. One child four months old was sleeping peacefully in a cradle while the other two children were discovered by the father cowering and kissing the mother who was so unexpectedly taken away from them.

Dr. De Pree of Olive Center was called, but pronounced the woman dead. Mrs. Welton was 28 years old.

He is a graduate from Ann Arbor and is a member of the firm of Messilje & Kooyers. He is a young man of ability and will make our city an efficient clerk.

## Hope College News.

The Ulfilas club of Hope college, a Dutch literary organization founded by the late Prof. C. Doeburg about 15 years ago for the purpose of fostering the study of the Holland language, is making elaborate preparations for its annual commencement and banquet to be held at the close of the school in June. These literary entertainments have always formed a leading innovation during commencement week and this year's exhibition will eclipse all previous efforts. The club was entertained Monday evening at the home of Prof. A. Raap, instructor in the Dutch language and literature. At present 20 active members are enrolled and the weekly meetings are conducted in typical Holland style. After a few introductory remarks by the President, Mr. Mollema, the following program was carried out: Recitation, M. A. Stegeman; Story, (original), Philip Jonker; Recitation, A. Kenkes; Budget, Wm. Walvoord. Prof. Raap read a very interesting and instructive paper entitled "The Relation of the Student to the Professor." A remarkable feature of the refreshments which in due time followed the program was that at each plate was placed a heart-shaped card on which was handsomely painted the flag of the Netherlands and in the center of which the name of a member of the club. The evening's entertainment was a success and one surprise seemed to follow another. Prof. Raap has done much for the society and members in particular and his work is highly appreciated. At the election of officers held Saturday, the following were chosen: President, Philip Jonker; vice president, Cornelius Muller; secretary and treasurer, A. Kenkes; Pedel, Henry B. Mollema.

A representation of the Y. M. C. A., composed of the following: J. Sizoo, J. Veneklasen, G. Van Peurse, P. Jonker and B. De Young, is to go to Otsego, this state, next week Thursday to take charge of a series of evangelistic meetings which will be held there from Thursday to Monday. The quintet will have charge of the musical as well as the evangelical part of the meetings. This kind of work has been undertaken by the religious association of the college at different times and has met with good success.

Prof. S. O. Mast left yesterday for Ann Arbor.

The Western Theological Seminary will next Sunday be represented by the following: P. Meengs, Lafayette; J. Van Zomer, Zeeland, (1st); A. A. Wubben, Beechwood, (evening); G. Bosch, Harlem; Dr. N. M. Steffens, Kalamazoo.

## Democratic Nominations.

The following are the democratic nominations made Monday evening: For Mayor—Jacob G. Van Putten. For Clerk—Wm. O. Van Eyck. For Supervisor (second district)—Johannes Dykema. Mr. Van Putten, after being nominated by the democrats, in a few well chosen words thanked the republicans for having tendered him the nomination in their primaries, but as he was a democrat and the law prevented him from running on both tickets he was compelled to decline the honor extended.

The ward nominations were as follows:

## FIRST WARD.

Chairman, Wm. Van Eyck; secretary, H. Vanderploeg; tellers, Bert Slagh and Peter Vanden Tak. The nominees: Alderman—H. Van Tongeren. Constable—Jacob N. Leveaux. Members of city committee—Bert Slagh and G. A. Wanrooy. The nominations were made by acclamation, there being no contest.

## SECOND WARD.

Chairman, D. A. Van Oort; secretary, Fred Kamferbeek; tellers, J. W. Fleeman and James Kelley. The nominees: Alderman—Dr. A. Curtis. Constable—Jacob De Feyter. Members of city committee—Dr. A. Curtis and D. A. Van Oort. Two ballots were necessary to nominate an alderman. On the first ballot James Kole and Dr. Curtis each received 14 votes, and F. W. Jackson 1. The second ballot gave Curtis 16, Kole 14 and Jackson 1.

## THIRD WARD.

Chairman, Andrew Stiekete, Jr.; secretary, M. G. Manting; tellers, C. Blom, Jr., and J. Groeneveld. The nominees: Alderman—John Oxner. Constable—Martin Van Doren. Members of city committee—M. G. Manting and Henry Kleyn.

## FOURTH WARD.

Chairman, R. H. Haberman; secretary, Henry Brusse; tellers, Cornelius Kuite and G. Anderson. The nominees: Alderman—John Koning. Constable—J. Shonker. Members of city committee—John Dyke and John Koning.

Chairman, L. D. Visser; secretary, Al Toppen; tellers, Peter Damstra and Anthony VanRy. The nominees: Alderman—David Damstra. Constable—A. Kraal. Members of city committee—D. Damstra and A. VanRy.

## DISTRICT CAUCUSES.

The first district organized by electing Al Toppen chairman and H. Van der Ploeg secretary. The district endorsed Supervisor VanDuren, the republican nominee, by omitting the nomination of a candidate.

R. H. Haberman was chairman, and M. G. Manting secretary of the second district caucus. Johannes Dykema was given the nomination of supervisor by acclamation. Mr. Dykema at present holds the office, having been appointed by the council to fill that vacancy caused by the resignation of A. J. Ward.

On the democratic city ticket the office of justice of the peace, treasurer and supervisor of the first district was left blank, which certainly is a compliment to the gentlemen nominated on the republican ticket.
