### Very Important Amendment To Be Voted On

NEWS PRINTS CAPITAL PUNISHMENT ACT IN FULL

Proposed Law Shows What Manner of Crime Is Punishable By Death

Monday, April 6th, is going to be an important election even though but few candidates are to be voted for. As far as Holland is concerned there are only a few city officers whose candidates must again come before the people for final vote.

Two supervisors will be named from the four that survived the first round, March 2. The candidates are Peter Damstra, incumbent; August Kasten, Henry Luidens and John DeKoeper.

Abel Postma, alderman of the 5th ward, seeks return to office over Peter Huyser, who was in on the running after the primaries.

Besides the state ticket the man in which Holland is especially interested is Commissioner of Schools Gerrit Groenewoud, but it so happens that the Holland man has no opposition on the Democratic, Socialist or Prohibition ticket and is therefore already elected.

However the great question that is agitating the minds of every voter just now is the "Capital Punishment Act." Judges of the Supreme Court as well as judges of the Circuit Courts differ widely on this problem. Chiefs of Police, Sheriffs of Michigan and officers of the law generally cannot fully agree whether "capital punishment" or "life imprisonment" are the best to subdue crime, and all sorts of reasons are advanced why or why not the law should pass or be defeated. Men who deal in crime, it seems, should have first hand information as to what is best, but when there is a vast difference of opinion here the layman will have some difficulty in making a decision.

Life imprisonment now prevails in Michigan that is, it is supposed to, but in a recent speech in Holland, Judge Collingwood, who ought to know, gives the average for a "lifer" only 14 years.

Be that as it may, the Holland City News feels that it is of interest to the reader to know what the law contains. This constitutional amendment will be found on page three of this section. There are two other small amendments at the top, however, the "Capital Punishment Act," is the third amendment. Read it carefully for it not only makes very interesting reading but is a measure of vital importance just now.

### THIEVES BREAK INTO MANY PLACES IN HOLLAND

Chief Van Rys states today that burglars have entered several Holland homes during the night—supposedly the same gang did all the work of breaking in. The home of James H. VanderVen, West 20th street, was entered early in the evening as was the home of Bert Siebelink, 425 College Ave. Although rooms were gone over thoroughly by the thieves, nothing of value was taken.

John Westbroek, living on East 15th street was not so fortunate where \$50 in silverware was stolen. Most of the entries were made through the rear by way of the kitchen. In every case the families were away, some going to high school play while others were visiting friends. Officers Peter Bontekoe and Neil Plaggenhoef are working over some finger prints taken from the window sills where the thieves had entered.

### BAND TO SPLIT 50-50 WITH WELFARE LEAGUE

Late Thursday afternoon final arrangements were made to stage the annual American Legion band concert with Eugene Heeter directing. The local band of forty pieces has decided to go 50-50 with the Holland Welfare Legion in dividing the proceeds. The concert is to be given at Carnegie hall on the evening of April 10, at 8 o'clock. There are to be many special features but just watch for the program—you'll be surprised.

### GORDON VAN EENENAAM MUST GIVE SENATE PARTY

Forgetting that the last Senate bill introduced had been No. 99, Senator Gordon F. Van Eenenaam, of Ottawa and Muskegon counties, Tuesday put in bill No. 100 and thus, by legislative tradition, became obligated to give a party for his fellow members. Inasmuch as Mr. Van Eenenaam is a person of no vast wealth, the other senators will help meet the expense. Bill No. 100 would make it necessary for companies about to drill for oil to post a surety bond of \$1,000 to guarantee that the statutory provisions regarding casing, sealing and plugging would be followed. A company might post a blanket bond of not less than \$2,500 to cover its operations.

### HOLLAND MULSKEGON ROAD WIDENED AT MUSKEGON

The highway committee of the state administrative board today approved a \$46,000 contract for the widening of US-31 for 1.5 miles out of the city of Muskegon. Part of the project will be 20-foot widening and part of it 40 feet.

### Prize Fighter Knocks Teacher Unconscious

JOHN PURCHASE SPENDING 60 DAYS IN JAIL, BEING KNOCKED OUT BY LAW

Rather an unusual case of bravado came to light in the Federal grade school on Eighth street, just east of the East Limits. John H. Maat is teacher there and it seems that a young daughter of Bert Franks, Route two, had been absent and tardy repeatedly and was as often admonished for missing classes.

Mr. Maat, as is the rule, kept the girl of 15 after school to make up some of her work. This is not unusual in any school. However other pupils of the family going to the same school came home and reported that the elder sister was detained by the teacher.

It appeared that John Purchase, a roomer in the home of the family, was at the Frank home and seemed to object to having the girl detained. He and a brother of the girl in question "hot-footed it" to the school, entered and without warning, officers say, Purchase struck John H. Maat one blow and the teacher sank unconscious.

The head instructor, Mr. Tony Mulder, who happened to be present, interfered and set to work to revive the teacher in which he succeeded after much work. Mr. Maat was unable to take care of his classes the next day because of the severe handling he had received. Young brother Frank took no part in giving the teacher a beating, he simply going along with the prize fighter.

After Maat had been knocked out, Purchase threatened also to attack Tony Mulder, but for some reason changed his mind and shortly after made his exit from the school.

Officer Rufus Cramer was called, placed young Purchase under arrest and was taken before Justice Cornelius DeKeyser, where he was charged with assault and battery. The justice gave him a much deserved penalty of 60 days in the county jail with an added fine of \$25.00 together with \$5.15 costs. In default of the payment, 30 more days will be added, if he fails to pay after 60 days have been served.

It is stated that Miss Frank, who is already 15 years old, has only reached the 5th grade and the school moderators are estimating the number of times she has been absent, which is said to be considerable.

Purchase has made some reputation as a prize fighter in local exhibitions, but for the next 60 days at least he can rest his "dukes" in the Ottawa County bastille, the guest of Sheriff Steketee.

Mrs. C. Steketee, wife of the Sheriff, left for Detroit where she took Mrs. Belle Tolleson to the House of Correction, where she has been sentenced for nine months.

Duck Inn station on U.S. 31, north of Grand Haven, was robbed of \$15.00 by highway men. Although the owner of the station, who lived nearby, rushed out of the house and fired at them with a shotgun, the robber escaped. The owner told state police one bullet struck the back window of the bandit car, but was not certain whether either of the highwaymen was hit.

The American Legion meeting of Monday, March 16th, was well attended when Dr. A. Leenhouts of Holland showed pictures of his trip to France and The Netherlands. An added feature of the evening's program was a speech by Mr. Shaw of Grand Rapids who gave a good picture of "What the Legion Stands For."—Zeeland Record.

Stated Clerk, Rev. Gerrit Tyse of this city, announces that the Classis of Holland of the Reformed church will meet in regular Spring session Tuesday, April 7 at 9 o'clock in the morning in the Sixth Church of Holland, Mich. At the evening meeting a special prayer meeting will be held for the great needs of the church.

### Death Takes Lady While Calling At Pastor's House

Former North Holland Woman, Well Known In This City, Served on Fair Board

News came to Holland Sunday that Mrs. Della Van den Berg, wife of the late Dr. J. W. Van den Berg, had passed away suddenly and very unexpectedly. After attending services at the Second Reformed Church at Zeeland Sunday morning she was visiting at the home of Rev. and Mrs. Richard J. Vanden Berg when she suddenly became ill and passed away within a very short time. She had been in poor health for several weeks, but the attack was not expected.

Mrs. Van den Berg was well known in Holland, for she served for more than 20 years as a judge in the art hall at the Holland Fair and was in charge of several of the displays especially where flowers and fruit entered in. Her husband was a director of the fair for more than a score of years serving almost to the time of his death.

Mrs. Van den Berg was born in Holland, Mich., in 1853 and she spent her childhood and youthful days on the farm of her parents, one mile northeast of Zeeland. She was the only daughter of the late pioneers, Mr. and Mrs. Hendrik De Kruij, Sr., and a granddaughter of the founder of Zeeland, Janne Van de Luyster.

After her marriage to Dr. J. W. Van den Berg, Jr., she made her home in North Holland, where the Van den Berg family lived for many years until the death of Mr. Van den Berg several years ago. During the past few years she had been living in her home on South Centennial street, Zeeland.

She was widely and respectfully known throughout Zeeland, Holland and vicinities, having participated in many of the community activities, and she was a faithful member of the Second Reformed Church of Zeeland.

She is survived by one son, Dr. Henry J. Van den Berg, a very prominent physician of Grand Rapids, also five grandchildren. She also leaves three brothers, John De Kruij of Grand Rapids, William De Kruij of Leveing, Mich., and Peter De Kruij of Los Angeles, Calif. The funeral services were held on Tuesday afternoon at two o'clock at the Second Reformed Church of Zeeland, Rev. Richard Van den Berg officiating. Interment was made in the family plot in Zeeland Cemetery.

### Warm Frienders Hold Gala Week at Holland

THE ORDER OF GOAT FIND MANY NEW BUCKS IN THE CORRAL

Vaudeville Troop From Chicago Gives Evening Entertainment. Week Ends With Banquet

This week has been a gala week for the big Warm Friend family of the Holland Furnace Company. For the past few months, large delegations of Holland Furnace men from branch offices dotting the entire continent have been migrating to Holland to attend a school of instruction.

The banner period in all this is when the Exalted Order of Goats get together and believe us, there is plenty of goat riding in that particular order. A man is not eligible to be goat unless he sells a certain number of furnaces during the year. That quota, we understand, is 50. Anyway the initiation of 70 candidates took place in the presence of 300 other goats who had received their butting on previous occasions.

Headquarters of the "goats" has been at Warm Friend Tavern and the emblem that made "Rock beer famous" is in evidence in the lobby of the Tavern.

No Order has anything on this "goats" when it comes to initiation. The poor little goat candidates allowed their beards to drop when they were blind-folded before being escorted into the Chamber of Horrors. They say nothing when they go in; they look a trifle emaciated when they come out, but still they say nothing. There are whisperings of a scaffold emblem of the possible capital punishment for crime that Michigan is trying to put over, but since all candidates came out alive, the trap possibly isn't working.

Anyway the old experienced goat grins from ear to ear while the initiated one looks rather sheepish so surely an actual hanging fest was not a reality.

The session Monday afternoon was featured by the presentation of the annual trophy to the division having the largest number of sales for the year. The Empire division, composed of New York state and a portion of Pennsylvania, was given the award.

R. D. Cummins is divisional manager. The trophy was presented Monday afternoon by Charles H. Landwehr, of the Holland Furnace company.

Monday night the goat organization rented the Holland Theatre out-right from Mr. Carley, brought their own vaudeville troop, and it was a large one, and an evening of astatic dancing was the feature.

Besides a large chorus there was a quartet called the "Black Hawks," who gave an excellent musical program. There also was a troop of tap dancers and monologists without end. The program lasted some three hours and besides the 300 goats, who hailed from coast to coast, there were also a few invited guests present from Grand Rapids, Grand Haven, Saugatuck, Zeeland, Holland and other neighboring cities.

The program of the week also contained an address by Charles

Several local fishermen cherish the title of being a follower of Isaac Walton, but a new and decided claim has been laid to it by Gus Dehn, a west 12th street resident.

Gus, who is past 72, armed himself with fishing tackle and walked out on the ice to get a line on some perch. Not protected by a fish shanty, but in the full sweep of the wind, this hardy Swedish gentleman soon caught the limit of 25. However, to cap the climax, his last catch was an eel weighing four pounds, four ounces.

### OTAWA BEACH IS TO AGAIN BE REVIVED

Plans are on foot to revive Ottawa Beach, one of the oldest resorts in Western Michigan. A score or more of Holland's men have signified their intention of backing up a well planned project and have options on the entire Black Lake front, the golf course, the old hotel property extending a considerable ways back, nearly to the large hill.

It is expected that nearly \$100,000 will be invested in this contemplated project which is to include a large pavilion, overlooking beautiful Macatawa Bay, which gives a picturesque view of the wooded hills of Macatawa just across the water.

The plans have not taken definite form but will within the next week or ten days.

The pavilion considered will be unique in architecture with plenty of veranda room for restful lounging and a dance floor of glass is being considered. A dock in front of the pavilion is also being planned, sort of Venetian style, where boats may land with ease.

The option includes about 4,000 feet of Black Lake frontage. It is said that the store buildings and refreshment stands and other structures that make up this resort are included in the option.

### Zeeland Farmer Narrowly Saves Life From Fire

Early Thursday morning, Johannes Kats, who lived alone on his farm one mile north of Zeeland, narrowly escaped with his life when his home caught fire while he was sound asleep. The origin of the fire destroying another old landmark is laid to mice nibbling on matches, but the exact cause remains a mystery. This old structure was built by Hubrecht Van Noorden more than seventy years ago.

The fire was discovered by some passers-by who saw the flames from a distance as they were traveling on M-21 east of this city. When they arrived at the Kats home they found the rear of the dwelling a mass of flames, but no one was about. Being unacquainted with the locality, they at first thought the house deserted. After pounding the door and receiving no response, they attacked the windows and finally succeeded in rousing Mr. Kats. There was little time for the saving of furniture and but little was saved of either furniture or clothing. Mr. Kats escaped, it is believed only because he was roused in the nick of time.

The Zeeland fire whistle sounded at shortly before three o'clock and the department made a run to the blaze, but it had gained such headway that it was impossible to aid much with the chemical apparatus, and the lack of facilities for pumping water precluded any effort in that direction. The fire continued unabated until it had burned itself out. Attention was directed to saving the barn and its contents of livestock and hay, and the other buildings and these were saved.

Mr. Kats has been owner of and has lived on this farm for many years. His parents moved there while he was yet a baby, more than fifty years ago, and after the death of his parents he lived there for several years with two sisters, one of whom is now living in Holland. Of late years he has been living alone on the place and he will probably continue to make his home there. His loss, which is estimated at \$2,500.00, was partially covered by insurance.

Work was started on Priest hill, Allegan, where sewer and water mains are to be laid. The hill is said to be full of springs and must be connected with drain tile.

### ZEELAND LADY GETS DINNER SET AND GOLD COIN

The Ladies' Aid Society of the Third Christian Reformed Church of Zeeland sprang a happy surprise on their president, Mrs. Wm. Hendriksen, at the church parlors a few days ago. All business affairs were suspended and the time was given over to a happy sociable hour in her honor.

The feature of the afternoon was when the spokeswoman of the ladies presented their leader with a beautiful 100-piece dinner set and a gold coin, indicative of their esteem and appreciation of her efforts in behalf of the Ladies' Aid. The recipient of these gifts was rather overcome, but with feeling she thanked the ladies most sincerely.

Ottawa county police promise a vigorous war on similar vendors who operate to the confusion of traffic. Some trouble was had from similar sources last year and the police took immediate steps to curb the activity.

## Vacation Motoring

Although vacation motoring fell off 15 per cent from the 1929 peak, American and foreign motorists are estimated by the American Automobile association to have spent \$3,200,000,000 in this country last season, while vacation travel by rail netted the country another \$750,000,000 and travel by air and water \$25,000,000. Americans motored into Canada in larger force last year than ever before and left \$325,000,000 above the line. The department of labor in Washington figures that 27,000 more Americans went abroad in 1930 than in 1929. Approximately 5,000 of them had their cars shipped to Europe for motor touring.

The way in which this form of recreation stood up in a year of business recession and contracted incomes shows that it has come to be regarded as more than a luxury. Savings bank deposits may have increased, as people hoarded their money; but they had to loosen up when vacation time arrived, with the opportunity provided by automobiles to obtain a change of scenery, a surcease of the wear and tear of routine, a chance to see a continent of marvelous diversity.

Automotive touring provides more than recreation. The distribution of \$3,200,000,000 over this country last year was an incident in its economy for which the fried-cream vendors of the Maine coast and the operators of oyster bars in the Crescent City were equally grateful.

ZEELAND AND COUNTY  
SIDE WOMEN MET  
IN HOLLAND CHURCH

About fifty Zeeland women and girls made up of members of the League for Service and Mubesharat societies of Second Reformed Church and Tryphosa Society of First Reformed Church, Zeeland, dined at the church on Monday evening to attend a rally meeting of many missionary organizations of this community. The meetings were held at the First Reformed Church, Holland, with Miss Jeannette Westervelt in charge. Miss Angelina Vanden Brink of Trinity Reformed led devotions.

James Dooley, student at Hope College, gave an interesting discussion of the work and conditions in the mission at Brewton, Alabama. Miss Eleanor Hietje of the Sixth Reformed Church, favored with a selection "The Holy City," accompanied by Mrs. S. Plaggenhoef. Miss Mary Geegh, formerly of Holland and Hope College gave the main address. She has just returned from a five year period of service in India and discussed conditions in that country. She is a forceful speaker and is deeply interested in the work. She stressed consecration and love for spiritual blessings, as the great essential factor, in this work.

About two hundred members of League for Service groups from Holland, Zeeland, Overisel and Hamilton were present. Following the program the group adjourned to the church parlors where refreshments were served and a social hour was enjoyed.

The Grand Haven fire department was called across the street from the fire engine house Monday to fight a roof fire at the home of Jacob Vander Veen, Washington and Fifth streets. Sparks from the chimney ignited the roof above the bedroom where Mr. Vander Veen who is 87 years old, was confined with illness. He was moved to another room and the blaze speedily brought under control with small damage to the roof. Mr. Vander Veen is well known in Holland and has many friends and relatives here.

Miss Jennie and Anna Bottje, Miss Etta Roossien and Frank Bottje drove to Holland on Sunday where they attended a musical program given by the large chorus which sang "From Olivet to Calvary." Grand Haven Tribune

by ARTHUR BRISBANE

1,650,000 Miles a Minute  
John D's \$10,000,000  
If He Returned  
Too Many Killings

Maude S. trotted a mile in a little over two minutes, and William H. Vanderbilt, who drove, was proud. An Englishman recently drove his automobile at the rate of 245 miles an hour, and flying machines have gone above 300 miles an hour.

All that is amazing, but think of Mount Wilson astronomers "timing" stars that go 1,650,000 miles in a minute, stars distant from us 120,000,000 light years, which means the distance that light could travel in 120,000,000 years going 186,000 miles a second.

Those swiftly moving stars and nebulae are far bigger than our sun, which is a million times bigger than our earth.

Whoever believes that a universe that size and speed has been managed by chance, without direction, for thousands of millions of years, could believe anything.

John D. Rockefeller, Jr., is building in the heart of Manhattan Island, which is the heart of Greater New York, a group of magnificent buildings to house a great radio theater, broadcasting station offices, shops, perhaps a new Metropolitan Grand Opera house.

Mr. Rockefeller's agents have just ordered \$100,000,000 worth of steel for his building, 125,000 tons of it. "Big Steel" will supply it.

The Rockefeller enterprise, to be finished in three years, will employ 8,000 to 10,000 men at good wages.

It's a good thing to have many dollars, even a billion or more, assembled in one collection. That makes big things possible, just as a collection of many drops of water at Niagara creates power.

Miss Christabel Pankhurst, daughter of courageous British suffragette, Emmeline Pankhurst, says she will live to see the second coming of Christ. It will not mean the world's end, but there will be no doubt about it. He will not come "in poverty, weakness and humility, but in all his majesty, with demonstrations of divine power more miraculous than any of the miracles of modern science."

First, it occurs to you that anything more miraculous than modern science would be very miraculous.

Second, you feel quite sure that if Christ came to earth now, preaching as he preached 1,900 years ago, immigration authorities of the United States would keep him out and advise him to go to Russia. He would the rich man to divide his wealth among those that had nothing.

There is too much crime in this nation. Consider the case of New York city, for instance. In 1930, police records show 498 murders, including 37 killed by police in charging their duty.

Sixteen husbands killed their wives; 6 wives killed their husbands—great self-control comparatively on the part of the women. Of those killed, 316 were shot, 73 were stabbed, 58 were blacked out or otherwise hammered to death, 8 strangled, 2 burned to death, 3 thrown from windows, 13 killed by gas, 2 drowned, 1 killed by acid throwing, 16 cases of infanticide.

"Criticism is easy, the art is difficult," as the French say. Russia working on a five-year plan begins to realize it.

Bolshevism thought all the evil was with the employers, all high virtue with the workers.

But the present Russia, an employer on a gigantic scale, faces employers' difficulties, and realizes that the general proletariat is not always 100 per cent perfect or devoted.

Russia has been obliged to pay higher wages for better work, giving up the theory that all men are equal, which they are not.

By the end of the five-year program, which may be a success, although Wall Street has been "holding its thumbs" hoping it wouldn't, Russia's rulers will know many employers' problems.

If the government succeeds in making an industrial nation of collection of 200,000 Russian villages and 100,000,000 Russian farmers, Russia will grow giganticly rich. Then the leaders will change their views, as they do every where else, where money flows in and radicalism ebbs.

Pay rolls are up throughout the United States 47 per cent, with employment increasing. That should cheer you. Reports come from 13,383 industrial and other establishments.

The misfortune of the individual, thanks to human nature, which is fundamentally good, often brings a blessing to others.

Edgar C. Fuller of Connecticut endured the agony of seeing his wife die of cancer. He is dead now, and in the Anna Fuller fund, in his memory, leaves \$1,500,000 to fight the world's most dangerous disease.

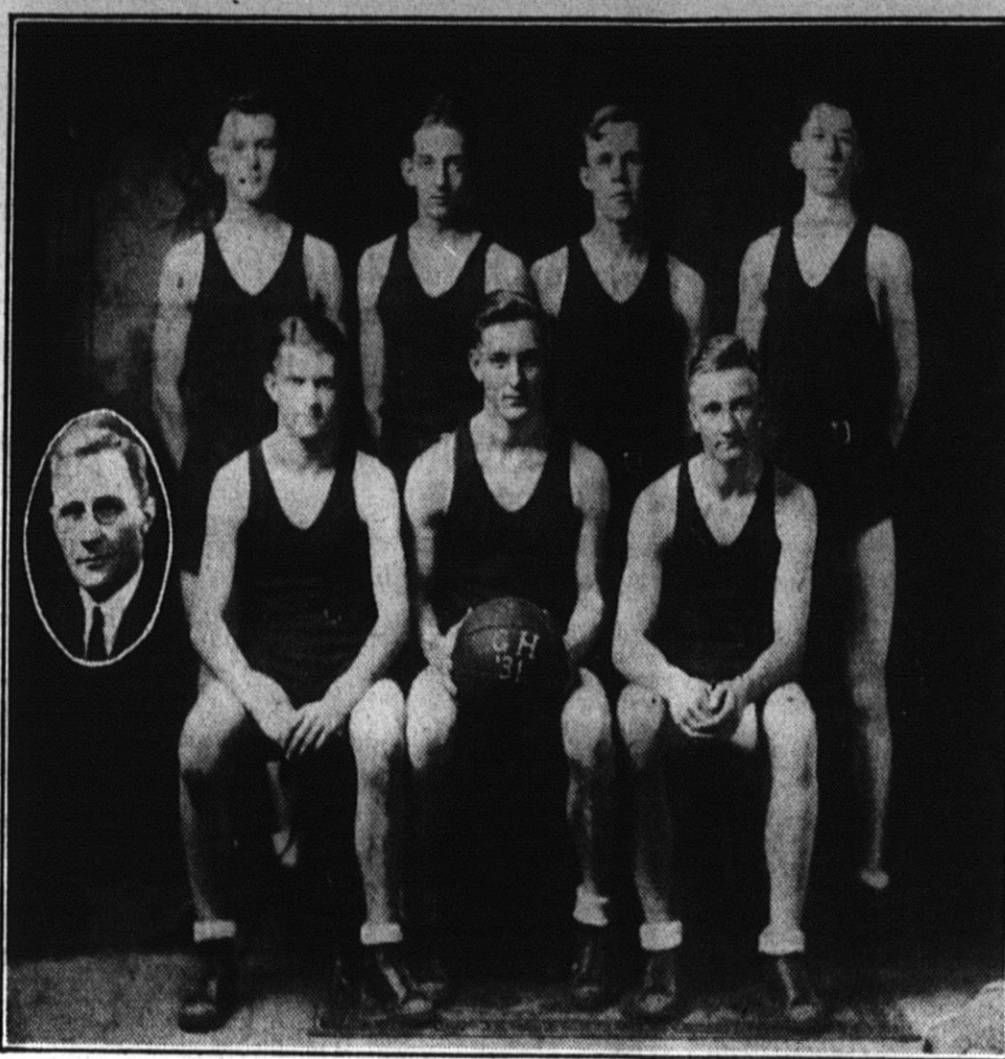

The money will be spent to alleviate cancer suffering, to study its cause and treatment and, wise provision, to educate the public as to prevention and treatment of cancer.

New York reports a new kind of killing. "It was desired by criminals to 'shut the mouth' of a young woman named Georgia Gray. She is dead of double pneumonia, and the Anti-Cancer society believes that the pneumonia germs were administered to her as a method of silencing her. It was successful.

Louis Cech of Grand Haven paid a fine and costs of \$55.30 after arraigned in Justice C. E. Burr's court Monday for driving while drunk charge. His license was revoked for 90 days.

## IN MEMORY

Through all pain at times she'd smile  
A smile of heavenly birth  
And when the angels called her home,  
She smiled farewell to earth.  
Heaven retaineth now our treasure,  
Earth the lonely casket keeps;  
And the sunbeams love to linger  
Where our sainted mother sleeps.  
In loving remembrance of our wife and mother, Mrs. John Lohman, who died one year ago, March 24.

GRAND HAVEN'S  
BIG WINNING TEAM

Grand Haven is all agog because their splendid High School Basketball team won the state championship in Class A. Their invincible five returned from East Lansing where the final tournament was held. Every man, woman and child in Grand Haven is worked up over the victory and everybody seems to be celebrating the fourth State Championship Coach Gus Cohrs has brought to the county-seat.

The final wind-up of the season is to come in the form of a banquet next Monday when there will be a parade in which all citizens will participate. The banquet is sponsored by the Rotary Club and the star speaker is to be Benny Osterbaan, former Muskegon High school star, and later all-American, who will be at the University of Michigan. The spread will be held at the Hotel Wm. M. Ferry, Monday evening. It was announced today by Laurence Dornbos, president of the Rotary Club. Either Franklin Cappon or Jack Blott coaches at the university, will accompany Benny to Grand Haven.

The Grand Rapids Press, in winding up an editorial on this victory, makes the following timely comment:

"Everybody loveth a winner, but among winners the most popular is the David who takes on Goliath. That's what Grand Haven did, not once, but time after time, until all the Philistines were laid by the heels. Coach Gus Cohrs and his dauntless team are due for the warm congratulations of all Michigan. They're not only 'class A' but A-1."

County-Wide  
Appeal Made for  
Home GardensESTHER C. LOTT, OTTAWA  
COUNTY HOME DEMON-  
STRATION AGENT BACK-  
ING CAMPAIGN

A county-wide appeal for home gardens to provide food while money for work is scarce, is being made by Esther C. Lott, County Home Demonstration Agent who is sponsoring a "Garden Campaign" in Ottawa county during the spring and summer months. Demonstration gardens, supervised by Michigan State College, which will be scattered throughout the county, will teach the improved methods of planting, spacing and cultivating to secure the best results. These model gardens will also show kinds and varieties and amounts of vegetables which will be adequate for the family for twelve months of the year.

In order to assist the unemployed in raising vegetable gardens, the Extension Service suggested that civic organizations make every effort to help in utilizing the work. The department distributes a bulletin "The City Home Garden" which goes into the problems of the small vegetable garden in much detail and should be of great help to those who are attempting one for the first time.

As a part of the campaign, rural boys and girls and those living in small towns are being urged to make suitable posters which will induce men and women, boys and girls to help grow a bigger and better garden from the standpoint of savings and health. Generous prizes are being offered by the State and County Farm Bureau Organizations for the first, second, and third best posters made by the 7th and 8th grade groups and those by the 5th and 6th grades. These posters will be judged at the 4-H Club Achievement Day on May 22nd.

The planting of farm and city gardens is being actively pushed by these campaigns throughout the county sponsored by the agricultural colleges and home demonstration agents. Follow-up work will be done later in the season on the canning and storing of vegetables.

HOPE GRADUATE DIES IN  
THE EAST

The Perry Record of Perry, N. Y., reports the death of Rev. W. V. Te Winkel, well known in this city. Death took place at his home in Canastota, N. Y., where he was pastor of the Presbyterian church.

Mr. Te Winkel was born in Oostberg, Wis., on December 20, 1870, son of Rev. John W. and Jane Van Den Berge Te Winkel, his father being a pioneer minister in Nebraska. His early education was at Kalamazoo, Mich., being graduated from Hope College in Holland, Mich. Afterward he studied theology at Princeton Seminary, from which he received his degree in 1896. His first pastorate was at White Pigeon, Mich., in 1897, and two years later he went to Belleaire, O. In 1902 he was united in marriage to Miss Lucy A. MacGregor of that place, and three years later was called to Springfield, O.

Friday, March 13th, was a lucky day for the students of Zeeland High. They were all given the privilege of signing for their annuals. A down payment was not necessary, but the class that wishes to win the contest must have the greatest percentage of down payments. The program was in charge of Miriam Baehr. Harry Keller led in some yells and Pat Van Koeveling led in group singing. Kenneth De Jonge was in charge of the business end of the program. Supt. Rogers and Mr. Roberts each gave a speech on the value of an annual, both taking a different point of view. The contest which is being waged now is very interesting. The winning class must have the most "down payments" in. The prize awarded to the winning class will be the receipt of annuals for \$1.50 instead of \$1.60. Those who do not pay their first installment by April 10 will be obliged to pay \$1.75 for their annual. The thermometers in front of the assembly show the sonhomores in the lead, closely followed by the freshmen. The seniors come next and finally the Juniors, Zeeland Record.

Born to Mr. and Mrs. Burr L. E. Morris, 57 West Second street, a son, Robert William, on March 13.

## Crowded Houses Greet Holland High School Play

FARCE COMEDY BRINGS A GALE OF LAUGHTER DURING THE ENTIRE PERFORMANCE

During the past week it has been town talk that the Senior High School Play, "The Whole Town's Talking," has been one of the most interesting and at the same time one of the most amusing productions given for some time in the auditorium of the school.

For four nights the large hall was crowded to capacity and doors had to be opened to accommodate the overflow. From the rise of the curtains until the grand finale there was one continuous gale of laughter. The comedy went from the sublime to the ridiculous and the play seemed to be filled with

Miss Ruth Verhey  
Leading Lady

awkward situations from which the principals endeavored to extricate themselves. Talk about "jumping from the frying pan into the fire" is putting it mild.

Edgar Landwehr, who plays the leading role as Chester Binney, was a surprise to his many friends, showing an easy grace and excellent stage presence. From a slovenly dressed drudge in a store, he turns out to be a polished, well-dressed and affable suitor, who is seeking the hand of Ethel Simmons, Miss Ruth Verhey, who charmingly plays opposite him, who has become a partner in his would-be father-in-law's business.

The difficulties come when Father Simmons, most ably played by Peter Bote, attempts to fake up an affair which Binney has had with a famous screen actress, Letty Lythe, so as to interest his daughter in Binney.

The villain of the piece is Roger Shields taken by Sherwood Price, a young blood from Chicago and Paris who has helped materially to mold Ethel's opinions on men, and has developed her preference for men with a past—like himself. Shields discovers the artifice with which Simmons and Binney have duped Simmons' wife, Hattie, enacted by Virginia Kooker, and the gullible inhabitants of the town when he meets Letty Lythe, the movie star, played by Elizabeth Szekely.

Shields attempts to play on the emotions of the belligerent Donald Swift, impersonated by John Good, Letty Lythe's fiancé, by arousing his jealousy against Binney; but working out according to Shields' specifications, the tables are turned—both literally and figuratively—and Binney's suit goes uncontested.

Miss Virginia Kooker, the mother figure in the part of Harriet Simmons to a nicely, she placed her husband in a most ridiculous position when she called up for a traveling man friend of her husband, stopping at the leading hotel, Peter Bote, who acted the

Edgar Landwehr  
Leading Man

role of the father, has surely inherited the speaking ability of his real father, Dick, and sister, Miss Alice, of oratorical fame, for words would come fast and furious, and believe us, words were necessary to crawl out of some tight places.

Miss Elizabeth Szekely proved to be a charming vamp as a movie star and for a time got the two stars in the play into hot water often.

John Good, the movie director, interested in the movie stars, often worked himself into a frenzy of jealousy that looked real rather than fake.

Miss Crystal Van Anrooy as Anne, the maid, tried to help untangle matters but only made them more serious. Theodore VanZanden, as the taxi-driver, tried to reveal the unfaithfulness of the husband. Miss Helen Raffenaud as the dancing teacher of Peter Bote showed him some very unusual dance steps which he exhibited to the enjoyment of the audience and in which his wife joined him at the close of the play. Miss Ruth Van Oss, a lipping flapper, and Miss Estelle Tinsolt, as friends of the heroine, show an unusual interest in the love affair. Misses Marian Klaasen, Lucile Ver Schure, Isabelle Van Ark, Lillian Mulder, Helen Boone and Charlotte Elton help to spread the scandal

and add to its thrilliness. The program in three acts follows:

### REFERENDUM ON ACT NUMBER 2 (SENATE ENROLLED ACT NUMBER 2) OF THE PUBLIC ACTS OF 1931, DEFINING THE CRIME OF MURDER IN THE FIRST DEGREE, AND PROVIDING THAT THE PENALTY THEREOF SHALL BE DEATH BY ELECTROCUTION

An act to define the crime of murder in the first degree; to prescribe the penalty therefor; to provide for an appeal and procedure thereon; to prescribe the necessary regulations to be observed in executing the penalty imposed; to provide for a referendum thereof; and to repeal section one of Chapter one hundred fifty-three of the Revised Statutes of eighteen hundred forty-six, being section sixteen thousand seven hundred eight of the Compiled Laws of nineteen hundred twenty-nine.

The People of the State of Michigan enact:

Section 1. All murder which shall be perpetrated by means of poison, lying in wait, or any other kind of wilful, deliberate and premeditated killing, or which shall be committed in the perpetration, or attempt to perpetrate any arson, rape, robbery, burglary, or kidnapping for ransom, or which shall be committed in escaping or attempting to escape from any penal institution of this state, or while being transported to or from such institutions, shall be deemed murder in the first degree, and shall be punished by death: Provided, That no person under the age of seventeen years, at the time of the commission of crime, shall be sentenced to death, but in case of conviction of such person of murder in the first degree, he shall be imprisoned in the State's prison at hard labor for the remainder of his life.

Section 2. If the accused shall plead guilty to an information charging murder in the first degree, the court shall proceed to take sufficient evidence and determine therefrom the degree of the crime which the accused has committed and shall pass sentence accordingly. The court shall also at the same time take evidence of the manner of arrest and as to whether the accused has been placed under duress or fear.

Section 3. Punishment by death shall be inflicted by electrocution. The electrocution shall take place within the walls of the Michigan State Prison at Jackson. Such electrocution shall be by the warden of the Michigan State Prison or by some person deputized by him. It shall be the duty of the warden and the prison commission of the State of Michigan to provide the necessary room and appliances to carry out the execution of sentences to death by electrocution as provided in this act.

Section 4. Whenever any person shall have been brought before the court on a charge of murder in the first degree and shall be found to be financially unable to procure counsel, the court shall, before requiring the accused to plead to the information, appoint a competent attorney to represent said accused person at the arraignment, hearing, trial and in the appeal. The attorney so appointed shall be entitled to receive from the county treasurer on the certificate of the judge that such services have been duly rendered, such an amount as the judge shall, in his discretion, deem reasonable compensation for the services performed. All necessary costs and expenses of the hearing, trial and appeal in such cases shall be paid by the county upon the certificate of the judge.

Section 5. In all cases, where judgment of conviction of murder in the first degree, either upon a plea of guilty or after trial, has been entered, the complete record of all proceedings, evidence and charge of the court in such case shall be submitted to the supreme court for review upon the law and the facts, under such procedure as the supreme court shall designate. The supreme court shall, upon the record so submitted, affirm the conviction or reverse the conviction and grant a new trial.

Section 5-a. Whenever any person shall be convicted of murder in the first degree and sentenced to death, the judge of the court in which such conviction was had and such sentence was pronounced, shall forthwith issue his warrant under the seal of the court, reciting the conviction and sentence and that said conviction is pending in the supreme court under the provisions of section five of this act, directed to the Sheriff of said county, commanding him to transport the person therein named to the Michigan State Prison at Jackson and there deliver such convicted person and the aforesaid warrant into the custody of the warden of said prison and shall take from the said warden his receipt for such convicted person, which receipt the said Sheriff shall return to the office of the clerk of the court where the conviction was had and such sentence was pronounced, together with their return thereon, which receipt and return shall be filed in the office of said clerk and become a part of the records thereof.

Section 6. Whenever any person shall be convicted of murder in the first degree and sentenced to death and his conviction has been affirmed, a judge of the court in which such conviction was had and such sentence was pronounced, shall, after the expiration of two weeks from the date of said affirmation, issue his warrant under the seal of the court, reciting the conviction and sentence and affirmation thereof of the person therein named, and directed to the warden of the Michigan State Prison, commanding him to proceed at the time and place named in said sentence, which time shall not be less than sixty or more than ninety days from the date thereof to execute the sentence of death by electrocution, as provided in this act.

Section 7. Immediately upon the issuance of such warrant, the clerk of the court shall, by registered mail, forward the aforesaid warrant to the warden of said prison, who shall upon receipt of said warrant, make return to the clerk of the county where the judgment of the court was rendered, showing receipt of said warrant by said warden, which return shall be filed in the office of said clerk and become a part of the records thereof.

Section 8. Upon the receipt of such condemned person by the warden of the Michigan State Prison, said condemned person shall be confined therein until the time for his execution arrives or until reversal of the conviction by the supreme court, and while so confined all persons except the necessary prison officials and attendants shall be denied access to him, except his physicians who may be admitted to see him when in the judgment of the warden, medical attendance may be necessary for the physical well-being of the said condemned person, and with the further exception that lawyers, relatives, friends and spiritual advisers of the condemned person may be admitted to see and converse with him at all proper times and under such reasonable regulations as may be prescribed by the board of control and warden of the prison.

Section 9. The following persons may be present at the execution of said condemned person and none other: The warden and such persons as may be necessary to assist him in conducting the execution; members of the board of control of said prison; two physicians including the prison physician; the spiritual adviser of the condemned; the chaplain of the prison; not to exceed ten members of the press to be selected by the warden; and such of the relatives and friends of the condemned person, not exceeding ten in number, as he may request to be admitted, in the discretion of the warden.

Section 10. If the condemned person shall escape after sentence and before his delivery to the warden as herein provided, and be not re-arrested and returned before the time fixed in section five-a for his transportation to the State Prison, then any person may arrest him and return him to the jail of the county in which he was convicted and sentenced and thereupon a judge of the court of such county having jurisdiction, on notice of said arrest and return being given by the sheriff, shall again fix a time for the execution of said sentence as provided in section six hereof and shall forthwith issue a warrant of commitment and direct the transportation of the said condemned person to the Michigan State Prison at Jackson as hereinbefore provided.

Section 11. If the condemned person shall escape after his delivery to the custody of the warden of the Michigan State Prison and be not retaken and returned before the time appointed for his execution, any person may arrest and return him to the Michigan State Prison, whereupon the warden shall certify the fact of his escape and recapture to the court in which he was convicted and sentenced, and a judge of said court shall again fix a time for the execution of said condemned person as provided in section six hereof and thereupon the clerk of said court shall forthwith certify the fixing of said time for such execution to the warden as hereinbefore provided, who shall proceed at the time so fixed to execute the condemned person as herein before provided.

Section 12. When the execution of sentence as herein provided is suspended, stayed or respited to a subsequent time, the fact of said suspension, stay or respite shall be noted on the warrant and on the arrival of the time to which execution of said sentence was suspended, stayed or respited the warden shall proceed with the execution of such sentence as herein provided. In the event of the pardon of the condemned person or the commutation of his sentence by the Governor, no execution shall be had. In all cases when the sentence to death has been executed, the warden shall return the warrant of commitment herein required to the clerk of the county in which said conviction was had and sentence was pronounced with a full statement of all his acts and doings thereunder endorsed thereon, which said warrant and return shall be filed by said clerk and become a part of the records of said court and cause. In the event that any condemned person shall die, be pardoned, or his sentence commuted before the time fixed for his execution, the warden shall make report of that fact on the warrant of commitment as herein provided. Such report of death shall be accompanied by a death certificate signed by two physicians including the prison physician.

Section 13. If a woman who has been sentenced to death as herein provided appears to be pregnant, and the physician of the prison shall certify in writing to the warden that in his opinion such woman is pregnant, the warden shall forthwith give notice of such fact to the judge of the court in which conviction and sentence was had and made and also shall deliver a copy of such certificate of such physician to the said judge. Such judge shall thereupon appoint a time at which an inquiry into the fact of such alleged pregnancy shall be made at said prison, and shall forthwith summon three disinterested legally qualified physicians of the State of Michigan to make examination and inquiry concerning the fact of said alleged pregnancy. Notice thereof shall be given to the prosecuting attorney of the county in which the judgment or conviction was rendered stating the time and place of such inquiry. The report of said physicians shall be in writing and under oath, and shall be filed in the office of the clerk of the court in which said judgment of conviction was rendered, and a duly certified copy thereof, under the seal of the court, shall be forthwith transmitted to the warden of the Michigan State Prison, and the fees and expenses of said physicians and expenses of the prosecuting attorney shall, when approved by the circuit court judge pronouncing such sentence, be paid from the general fund of the county in which the condemned person was convicted.

Section 14. If it appears by the report of said physicians that such woman is pregnant, a judge of the court in which such conviction was had and such sentence pronounced shall suspend the execution of the said sentence and shall transmit a copy of the report of said physicians and his order of suspension duly certified by the clerk, under the seal of the court, to the Governor and the warden of the Michigan State Prison. After said woman is delivered of child, or after the Governor from a report of three disinterested legally qualified physicians of the State of Michigan becomes satisfied that she is no longer pregnant, he shall forthwith issue a warrant appointing a time for her execution, and such execution shall take place at the time and in the manner provided by this act.

Section 15. Immediately after the execution, the body of the convict shall be examined by two physicians to be designated by the warden, one of whom shall be the prison physician, and said physicians shall make and execute a death certificate under their hand, which shall be attached to the return of the execution by the warden as provided in section twelve of this act.

Section 16. Section one of Chapter one hundred fifty-three of the Revised Statutes of eighteen hundred forty-six, being section sixteen thousand seven hundred eight of the Compiled Laws of nineteen hundred twenty-nine, is hereby repealed: Provided, however, That all proceedings pending and all rights and liabilities existing, acquired or incurred, at the time this act takes effect, are hereby saved, and such proceedings may be consummated under and according to the law in force at the time such proceedings are or were commenced. It is the legislative intent that this act shall not be construed to alter, affect or abate any pending prosecution, or prevent prosecution hereafter instituted under said section sixteen thousand seven hundred eight, Compiled Laws of nineteen hundred twenty-nine, for offenses committed prior to the effective date of this act; and all prosecutions pending at the effective date of this act, and all prosecutions instituted after the effective date of this act for offenses committed prior to the effective date of this act may be continued or instituted under and in accordance with the provisions of section sixteen thousand seven hundred eight of the Compiled Laws of nineteen hundred twenty-nine.

that say "hot" and run cold, are a bad example for children. They're bad for the grown-ups, too. They interfere with cleanliness, health, beauty, comfort and convenience. They are "little white liars" that tell your friends "this home isn't quite modern."

An automatic gas water heater makes honest producers of your faucets. It makes them mean what they say—makes them deliver a full stream of clean, hot water, anywhere in the house, at any time of day or night, winter or summer—with no more effort than the turning of the faucet.

Let those "little white liars" live up to their promises. Let them be a reminder to have an automatic gas water heater installed today.

## Holland Game Club Fight For Just Game Laws

OFFICERS SEND COMMUNICATIONS TO EVERY STATE SENATOR AND REPRESENTATIVE

The officials of the Holland Fish and Game Club are sending messages on conservation to all senators and representatives of Michigan giving their views on proper and improper game legislation which just now is of vital moment to all true sportsmen.

The letter being sent covers two typewritten pages and Holland City News readers may get some idea of the work being done by the local club through the message printed below:

Dear Sir:

You now have before you, and are doubtless giving your careful consideration to a number of bills which, if passed, will affect the cause of Conservation in Michigan. Some of these, we believe, are distinctly inimical to progress. Some appear to be introduced in a deliberate attempt to tear down, rather than build up the good work of the Conservation Commission, which in a few years has placed Michigan in the front rank in conservation matters right alongside Pennsylvania, which has held an outstanding position for many years.

This club has an average membership of from 700 to 1000; owns property worth \$14,000.00 and is actively engaged in protecting and replenishing our woods, waters and wild life. During the last four years we have placed many propositions before the members of the Conservation Commission, and they have not always agreed with us. Nevertheless we are firmly convinced that their service to the State is not only sincere, of a high order, and wholly in the interest of further conservation in Michigan, but that the entire state should be proud of the excellent results secured and aid them in continuing their program which in four years has accomplished what many believed would require ten.

We earnestly hope that it will not be necessary to reduce the budget of this department of the State's activities by the tremendous sum reported in the press. Such a crippling of the work would set Michigan back many years in her conservation program. But if budgets must be cut, do not further hamper the work of this department by an additional penalty of approximately \$80,000.00 in the form of a tax of ten cents per acre on state owned lands; this money to come out of hunting and fishing license fees, which in all justice should be used to extend the scope of conservation activities. We refer to H. B. No. 146.

H. B. No. 124, if it becomes law will throw commercial fishing right back into the dog-eat-dog condition in which it was prior to the advent of the present law. Such a retrograde step will make it impossible for Michigan to continue as the leader, which she unquestionably now is, in securing uniform Commercial Fishing laws in Canada and the Lake States. Indeed, it may prevent our state from complying with agreements already entered into.

State forests, refuges and parks are now being blocked off rapidly under the present law. H. B. No. 98, extending the period for reversion of tax delinquent lands from five to eight years will seriously handicap the development of means for the recreation of our people.

We know that you have the interest of Michigan at heart, and that you are wholeheartedly serving Michigan. We, therefore, beg of you before these and other bills bearing on conservation receive final action that you consider them very carefully from the viewpoint of the Conservation Commission. A deep and scientific study has been made of Michigan's conservation problems, and this department is successfully developing a conservation plan which in the opinions of leading conservationists throughout the state should not be hampered, but aided in every way possible.

This letter is written with the single purpose of emphasizing the fact that Michigan now stands as one of the foremost states in conservation work, and urging you to do all in your power as a member of the law making branch of our government to aid in maintaining this most enviable position.

Respectfully submitted,  
THE HOLLAND FISH AND GAME CLUB  
Andrew Klomparsen, Pres.  
Joseph C. Rhea, Vice-Pres.  
Jacob N. Lievense, Secy.

ONE of the characters in Stevenson's "Treasure Island" makes the sage remark that it "Taint earning now, it's saving does it, you may lay to that."

AND there's a world of truth and wisdom in that quaint expression. No matter how much you may earn unless you SAVE you will get nowhere at all — accomplish no more than a squirrel running around in the wheel of his cage. "It's SAVING does it!" That is true. It always has been true — and always will be.

The officers of Saugatuck Chapter O. E. S. were invited by Holland Chapter to put on the floral work Tuesday evening, March 17. It was also guest night, there being present officers from South Haven, Fennville, Douglas, Saugatuck and Star of Bethlehem of Holland. The initiatory work was done by the Holland Chapter officers, after which the Saugatuck officers did their floral work. After the meeting closed the worthy matron announced they would have a short program which was of such a character as to delight the assembled guests. Very delicious refreshments were served.—Saugatuck Commercial-Record.

The Manlius township caucus last Friday renominated the present officers: James Smeed, supervisor; Ed Schrotenbour, treasurer; Owen Lamoreaux, clerk; John Nyhof, highway commissioner; Roy Knowles, member board of review; John Keag and John Martin, constables; Fred Martin, justice of the peace.

The American Legion Auxiliary of Saugatuck is sponsoring a poppy poster contest. A prize of two dollars is being offered by the local Auxiliary for the best poster submitted by the pupils of the eighth grade and high school. The posters are to be 12 by 18 inches, and are to be judged for their originality, thought and artistry. The winning poster is to be sent to compete in the district and state contest; the state prize being ten and five dollars. The poster winning the state prize will be used in the 1932 Poppy Campaign. The Auxiliary expect many to enter this interesting contest and ask that all posters be handed to Supt. Waugh by April 3.

The dance given by the Bruner-Frehse Post, The American Legion, at the Douglas Village Hall, March 17, was probably the most outstanding party that the public has had the privilege to attend this winter. The decorations were planned by Russell Force, and to say that they were beautiful, is hardly necessary, as the people of our community know that what he does is done as only Russell can do it. Under each wall fixture a large green shamrock was hung by white streamers, and on each were two crossed clay pipes. The overhead decorations were green twisted crepe paper streamers. About half of the crowd came from neighboring cities, Holland and South Haven each being well represented. Four people drove from Chicago especially to attend this dance.

Miss Gertrude Flaits of Holland spent the week end with Mr. and Mrs. Erie Hill at Saugatuck. On Sunday they drove to Plainwell to call on friends.

The second test water well for the village of Fennville, ended in failure after going down 112 feet, there being about 65 feet of clay. A third test well will be made to try to strike a vein of coarser sand or gravel, in the southeastern part of town.

Mrs. S. L. Newnam of Saugatuck, visited her sister, Mrs. A. D. Goodrich in Holland a couple of days this week.

Beulah Welder has been given the honor of making the valedictory address at the Fennville high school class day exercises on June 2, she having the highest scholarship average of the Class of 1931. The salutatorian for this occasion will be Allan Barron, who ranks second in this class of 26 students.

Commencement will be on Thursday evening, June 4, when the address to the graduates will be given by Gerald F. Bush, assistant superintendent of public instruction. The 26 members of the class of '31 are: Allan Barron, Dorothy Beagle, Burr Billings, Amelia Brown, John Case, Lena Fisher, Ray Fleming, Wilna Gooding, Frieda Goodwin, Walter Hanson, Lynn Hull, Lillian Johnson, Knox, Eugene Little, Sydney McCann, Mabel McCarty, Beatrice Miller, Nelson Mosier, Mary Orken, Dale Padbury, Russell Skinner, John Turner, Dorothy Watts, Bernice Waring, Beulah Welder, Edith Wells.

About a year ago Mr. and Mrs. F. Swett, whose summer home is the Blue Spruce on US31, near Saugatuck, with their daughter and husband Mr. and Mrs. D. C. Rogers, met with a serious automobile accident north of Palm Beach, Fla., the Swetts' winter home, and both were seriously injured. Word has just been received that damages of \$27,000 against the National Convey & Trucking Co. of Jacksonville have been awarded the Swetts and Rogers.

"I Grew 323 Bu. per Acre"

ON official test, part of the crop of certified seed potatoes grown last season by Mr. H. A. Reiley, of Bellaire, Antrim Co., Mich., yielded 323 bu. per acre. The entire crop averaged 276 bu., or 130 bu. more than the local average. Mr. Reiley gives the facts in this letter:

"For the last 7 years we have been growing an average of 15 acres of certified seed potatoes each year. During that time there was only one year we did not qualify in Michigan's Three Hundred Bushel Potato Club.

"This year we used 500 lbs. of 'AA QUALITY' Fertilizer per acre and produced one of the largest crops of potatoes in this section. We had almost no rain during the growing season. My entire field went 276 bu. per acre, or an official test of 323 bu. per acre on two consecutive acres, again retaining my membership in Michigan's Three Hundred Bushel Club.

"We farm around 300 acres, growing potatoes as our principal cash crop, but find that it pays to use fertilizers on grain as well. Our oats this year yielded 60 bu. per acre. Even though it was very dry, we got an excellent stand of alfalfa by using 250 lbs. of 'AA QUALITY' Fertilizer per acre. Our barley yielded better than 40 bu. per acre.

"We attribute our profitable yields to adequate applications of 'AA QUALITY' Fertilizer. We have always found 'AA QUALITY' goods in excellent mechanical condition and certainly appreciate the

excellent service given by your company in this section." H. A. Reiley (Oct. 17, 1930.)

Bigger Yields—Lower Costs

These results are not exceptional. Read the two other letters on this page, at the right. Increased yields due to superior crop-producing power of AGRICO and the other "AA QUALITY" Fertilizers conclusively prove this important fact: The better the fertilizer, the less it costs you in the long run.

There are more than fifty different plant-food sources from which the nitrogen, phosphorus and potash used in fertilizers may be derived. These materials can be selected "on price" to make a so-called "cheap" fertilizer. They can be combined solely to meet a given chemical analysis. But the farmer cannot obtain maximum crop-producing power that way.

AGRICO is made from carefully-selected plant-food materials—materials selected on the basis of how good, not how cheap. AGRICO contains extra plant-food elements which farmers themselves have found, in tests on their own farms, play a vital part in producing more vigorous plant growth and more profitable yields.

Use AGRICO this season on at least a part of your crop. Your "AA QUALITY" dealer has a brand for each crop. See him now and place your order for AGRICO. THE AMERICAN AGRICULTURAL CHEMICAL CO., P. O. Box 814, Detroit, Mich.

What Other Michigan Farmers Say:

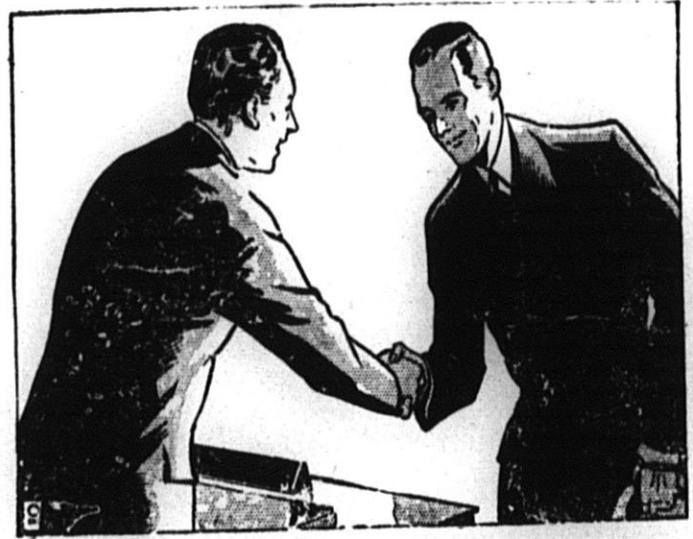

AGRICO BEATS THEM ALL. Mr. John Meyer, Vassar, Tuscola Co., Mich., got 12 tons of sugar beets per acre last year when the average in his section was only 8 tons. He used only 150 lbs. of AGRICO per acre, although the usual fertilizer application in that section is 200 lbs. per acre. Mr. Meyer writes: "I have used your 'AA QUALITY' Fertilizer for 16 years. For the past 4 or 5 years I have used AGRICO. I find that AGRICO is a superior brand of fertilizer to have decided to use nothing else in the future. This year my crop of sugar beets averaged 12 tons per acre in spite of the very dry season. With more rain, my yield would have been from 16 to 18 tons per acre." (Oct. 10, 1930.)

20 BU. MORE PEAS PER ACRE. Mr. Martin Demko, of Heron, Alpena Co., Mich., writes: "I never used fertilizer before, but this year I decided to try AGRICO and sure got a bumper crop even if the weather was dry. I applied 500 lbs. per acre on 6 acres and threshed 33 bu. per acre. On 6 more acres I applied 166 lbs. of AGRICO per acre and got 135 bu., or 22 bu. an acre. A nearby field without fertilizer yielded only 13 bu. per acre. My peas sold for seed at \$1.50 per bu., or 25¢ extra premium, and I got a big pile of straw that makes excellent food." Martin Demko (Sept. 26, 1930.)

## REVIEW: JESUS THE WORLD'S SAVIOR

GOLDEN TEXT—How God anointed Jesus of Nazareth with the Holy Ghost and with power: whereunto he went about doing good, and healing all that were oppressed of the devil: for he was with him.

PRIMARY TOPIC—Jesus Busy Doing Good.

JUNIOR TOPIC—Jesus Busy Doing Good.

INTERMEDIATE AND SENIOR TOPIC—Jesus the World's Savior: Preparation and Popularity.

YOUNG PEOPLE AND ADULT TOPIC—Jesus the World's Savior: Preparation and Popularity.

Since the lessons of the quarter center in one person and have one theme; namely, the world's Savior, the best method of review for senior and adult classes will be to refresh the mind with the principal facts and leading teachings of each lesson. Assignments should be made a week ahead. The following suggestions are offered:

Lesson for January 4. John the Baptist was a great preacher. He had great heritage in his godly parents. Much can be expected from a son of such parents.

Lesson for January 11. Jesus, as to personality, was divine and yet his human nature developed in the normal way. He waxed strong in body, was filled with wisdom, and God's grace was upon him. Though conscious of his deity, he lived a life of filial obedience.

Lesson for January 18. John the Baptist came in fulfillment of prophecy, calling upon men to prepare for the coming of the Messiah by repenting of their sins. Baptism was the appointed sign of their repentance. With fine humility, John turned the attention of the people from himself to Christ.

Lesson for January 25. Jesus was led into the wilderness by the Holy Spirit to be tempted of the Devil. His temptation was Messianic. The purpose was to demonstrate the reality of the incarnation. Jesus went from the place of anointing and heavenly recognition as the Son of God to meet and to spoli the enemy of God and man (Eph. 2:14).

Lesson for February 1. Jesus demonstrated his power over various diseases and over demons, thus displaying his Lordship. Even while demonstrating his mighty power, he operated through benevolent channels.

Lesson for February 8. Jesus made clear to the disciples that they would be hated and opposed as they went out into the world with his message. Those who follow Christ must expect opposition and suffering.

Lesson for February 15. Jesus is the friend of sinners. There is no one so steeped in sin as to be shut out from him. Christ came into the world "to seek and to save that which was lost."

Lesson for February 22. Jesus' supreme mission was to make known the good news of salvation to a lost world. In spite of the good seed sown by him, only a small portion brought forth full fruitage owing to the unfavorable condition of the soil.

Lesson for March 1. The greatness of the harvest—man's lost condition moved Jesus to ask the disciples to pray the Lord to thrust out laborers. The real force back of missionary endeavor is prayer. When the church begins to pray about missions, there will be missionaries and money to sustain them.

Lesson for March 8. The parable of the Good Samaritan shows who is my neighbor and what being a neighbor means. My neighbor is the man needing my help, whether next door or across the world. Being a neighbor is the most important thing for me. To be a neighbor means to be on the lookout for those in need and to give sympathetically the needed help.

Lesson for March 15. The Bethany home was always open to the Lord. Jesus will come into such homes as will give him welcome. The inspiration of the Bethany home must have greatly helped Jesus as he went out to meet his foes. It is the inspiration of the home which gives men courage to go out and fight the battles of life.

Lesson for March 22. The parable of the rich fool shows the peril of allowing the heart to be set upon even the fruits of legitimate toil. To seek gold and thus forget God is to play the fool.

The next quarter continues the lessons from the gospel by Luke.

### Hope College News

Friday evening, March 20, the Hope negative debating team met that of Carroll College in the library reading room, and won a conclusive victory over the visitors in an audience decision. A small group of about sixty people were present to witness the debate. Mr. Schmidt and Mr. Gierum, the Carroll representatives, were highly polished, and smooth speaking debaters, professing as much as seven years experience. In delivery, they surpassed the Hope men, but failed to present convincing arguments. Arthur Ter Keurst and Clark Poling were the Hope speakers. Mr. Ter Keurst did especially well in every division of the debate, while Poling came through with a strong rebuttal. Both are to be highly commended for their work against so experienced a team as that of Carroll which has just finished a successful tour of the State.

Louis Cotts, business manager of the Anchor since the beginning of the present semester, has resigned his position because of the pressure of other duties. His able assistant, Mr. Melvin Dale, also of the freshman class, will assume the office immediately. Mr. Cotts has done splendid work during his short term, and it is with sincere regret that the Anchor accepts his resignation. He will, however, continue to assist his successor as much as possible. Other changes in the Anchor Staff are pending, and will be announced in the next issue, following vacation.

Friday evening at 6 o'clock the Sibs held their annual "stag" at the home of Dorothy Haan. All the members came in costume to represent various advertisements. The characters were accustomed to see in magazines and on grocery boxes and packages were suddenly transformed into living beings. It certainly seemed strange to see the colored man on the Cream of Wheat box talking to a Japanese girl, or the Sunshine Bakers to the Gold Dust Twins. Several nationalities were represented—the Indian, Japanese, Negro, and Dutch. Ruth Van Dyke, in a beautiful colonial dress advertising Maxwell Coffee won the prize for the best costume.

A very delicious dinner was then served by the committee, which was ably supervised by Mary Harper. After a short business meeting the Freshmen read their poems which proved very enlightening and instructive and also revealed some hidden poetic talent.

The program which carried out the theme of St. Patrick's Day consisted of: 1. Several selections by Tipperary Pat and his Golden Harp Orchestra; 2. A literary paper, Music of Ireland, by Ruth Van Dyke; 3. "An Irish Romance" presented by Ruth Winstrom, Dorothy Haan, and Nella De Haan; 4. "A Bit of Blarney," a humor paper by Estelle Karsten. The wearing of the Green, a style show of the latest fashions in green apparel, completed the program.

As it was still rather early we decided to serenade the Cosmos, and surprised them in their meeting with a few impromptu selections.

After the singing of the Sibylline song, Lois Ketel, and Mickey Esenbarg sang "My Wild Irish Rose." A cheer for the Cosmos which was answered by a return cheer and the singing of the new Sibylline song completed the evening's activities and as we hurried away we sang joyfully "Good Night, Cosmos."

### Judge Miles Not "So Hot" About Death Penalty

SAYS "YOU CAN'T HANG A  
MILLION DOLLARS"  
IT SEEMS

The Muskegon Chronicle through a staff reporter has secured an interview from Judge Fred T. Miles of Holland and also prints a brand new picture of Fred. It appears that the Ottawa-Allegan circuit judge is not very keen on the new capital punishment measure to be voted on as an amendment to the state constitution Monday, April 6.

Anyway the Chronicle has the following interview: "You cannot hang a million dollars," said Judge T. Miles, circuit judge of Ottawa county, discussing his opposition to the proposed capital punishment law, "Wealthy men, Harry K. Thaw, Loeb or Leopold, did not pay the supreme penalty. There have been few records of men of means going to the chair or gallows. On the other hand, the poverty stricken murderer who is unable to command the services of high priced attorneys, alienists and all the other impediments to the speedy despatch of justice, will be quickly hauled in, convicted and sentenced."

Judge Miles believes there would be little need to invoke the use of the law in this circuit. "We have not had a first degree murder in Ottawa county for some years, one that would be punishable by the sentence of death. It is not communities of this sort that the capital punishment act would affect, but rather large cities with their gunmen and cold blooded, premeditated killings."

"I have no compassion for the cold blooded murderer of his fellow men, so there would be no compunction on my part to sentencing such a killer to the electric chair, gallows or gas chamber. Our greatest difficulty would be to secure convictions for I do not believe that the average jury would be inclined to convict a man to the death penalty except under the most extraordinary circumstances." Judge Miles went on to say, "Taking up another angle of capital punishment, we come upon the possibility that it might be made a 'class punishment.'"

A mass meeting was held at the Community hall Monday evening in the interests of the new hall. A large number of men were at hand. The various committees reported and several resolutions pertaining to the control of the building were discussed and adopted. The plans of the new building were shown. If favorable action is taken by the school and township the new building is assured.

The sixth and seventh grades of the local school gave a surprise for the eighth grades last week Tuesday. The high school on that day enjoyed a St. Patrick's party.
