Vets Named Air Raid Wardens in Holland Defense

Training Classes for Captains Are Being Held Each Thursday

The Veterans of Foreign Wars have voted to accept the responsibility of sponsoring a project for air raid wardens in connection with the local civilian defense program.

Mayor Henry Geerlings appointed Bert Andrus, commander of the local organization, as chief air raid warden. A class of 27 veterans and citizens was present at a recent meeting to start instructions as captains, each to be responsible for a section of the city and the surrounding district. Assistants to the captains will be appointed later.

The captains are to be drilled in first aid, fire and police protection and later the handling of incendiary bombs, bomb shelters and evacuation of citizens. The air raid chief is to have his headquarters on the second floor of the police station as a central point for air raid captains, each captain to have his headquarters in his own section to work out his problems with his assistants.

Training classes for these air raid wardens have started and are being held each Thursday, starting at 7 p.m. On the first and third Thursdays of each month, the classes will continue for three hours, but only for two hours on the second and fourth Thursdays. This was arranged so the classes would not conflict with the regular meeting of the veterans' organization which is held on the second and fourth Thursdays.

Richard Vander Yacht of the Northside has been appointed first aid instructor. He has been doing first aid work for the past 10 years in Beechwood and at the Armour Leather Co.

Upon their pleas of guilty to attempted larceny of gasoline from an automobile, Howard Bouman, 18, East Sixth St., and William De Vries, 18, 118 West 18th St., were placed on probation for one year by Municipal Judge Raymond L. Smith this forenoon.

Terms of the probation are that they must report at least once a month to the court. Each was assessed court costs of \$4.15. De Vries paid his total and Bouman arranged to pay his later.

A 16-year-old minor, also apprehended with Bouman and De Vries, is being turned over to Ottawa probate court. The charges resulted from their attempt to steal gasoline from an automobile the night of March 17 on the parking lot of the Holland Cooperative association on East Seventh St.

Former Holland Man Passes in Oklahoma

Word was received in Holland Wednesday of the recent death at Bardsdale, Okla., of Fred H. Kooyers, 65, former Holland resident. Funeral services and burial will be in Bardsdale.

Mr. Kooyers was the son of the late John A. Kooyers, first superintendent of parks in Holland. When a young man, Fred H. Kooyers served as a stone cutter and was engaged in the construction of the former Holland City State bank building at Eighth St. and River Ave.

Later he entered the electrical business and worked for Al Huntley. Mr. Kooyers then moved to Grand Rapids to accept employment with the Citizens Telephone Co. He lived in Cadillac before moving to Oklahoma.

Mr. Kooyers, who was retired, visited Holland last summer. Survivors are the widow, the former Ida Miller of Fennville; two daughters; one sister, Mrs. Leonard Carter of Fennville; and two brothers, Martin and Louis Kooyers, both of Kalamazoo.

Mr. and Mrs. Carter, accompanied by the latter's two brothers, Martin and Louis Kooyers of Kalamazoo, left Tuesday to attend the funeral services.

Rev. Vander Hill of New Brunswick Is in Charge of Church Protection

The Rev. Laverne J. Vander Hill, pastor of the Suydam Street Reformed church of New Brunswick, N.J., son of Mr. and Mrs. James Vander Hill of 234 West 10th St., is in charge of precautionary measures for New Brunswick churches in case of air raids.

Rev. Vander Hill was born in Holland and attended Holland high school and Hope college. He taught school at Cadillac two years before taking up his studies at New Brunswick seminary. His first charge was at West Nyack, N.Y., and from there he went to Suydam church. He usually spends his vacation here in August.

The church precautionary measure is a part of the New Brunswick-Highland Park defense council program for protecting public buildings. The council has prepared programs applicable to all churches in general to be altered by each church to fit its individual requirements. Each church has at least one special warden who attends weekly meetings with other special wardens and tries to correlate the program of his church with that of the defense council. This special warden will appoint and organize deputy and assistant wardens in his church.

There are three kinds of deputy wardens—fire, morale and first aid wardens. Each deputy will have several assistants depending on the size of the church. Morale wardens have the job of maintaining order during an emergency. They instruct people what to do and where to go and prepare leaders to assist in this work.

The entire program is based on the established fact that in an air raid people are safer inside than outside. The experiences of London have shown that nine-tenths of the injured were outside at the time of attacks.

There are three kinds of deputy wardens—fire, morale and first aid wardens. Each deputy will have several assistants depending on the size of the church. Morale wardens have the job of maintaining order during an emergency. They instruct people what to do and where to go and prepare leaders to assist in this work.

The state soil conservation committee consisting of Ernest Anthony, dean of agriculture, Michigan State college, Leo C. Card, commissioner of agriculture, and P. J. Hoffmaster, director of conservation, met with farmers of Chester, Wright, Allendale and Holland townships on Tuesday.

The committee held hearings at Reno and Allendale to determine whether petitions requesting the inclusion of these four townships into the west Ottawa soil conservation district should be approved.

Many prominent farmers have urged such action. Among them are Ed. Schaefer and Arnold Schaefer of Chester; Lester Martin, Robert Umor and Charles Klutzing of Wright; Eugene Ten Brink, Frank Quirk, William Vissers, Jr., and Jack Atkins of Allendale; Harold Kragt, Bert Riemersma, Peter Polle and Boyd Mulder of Holland.

At present the west Ottawa district is made up of seven townships near Lake Michigan. If this new territory is added over one-half of the county will be organized into the district. A soil conservation district is a cooperative controlled by farmers who elect farmer directors. These directors work out the program for the district. Such program includes stabilization of bare sand areas, planting of trees, establishment of nurseries for growing of seedlings at low cost, drainage, promotion of balanced farm programs. Many other matters are also included in the program.

De Vries Home Is Damaged in One of Two Blazes Here

Two Cottages Periled, Shed Is Destroyed by Grass Fire at Beach

Damage estimated at between \$1,200 and \$1,500 occurred at the home of Mr. and Mrs. John De Vries, 118 West 18th St., about 9:15 a.m. Wednesday when fire broke out there during the absence of the family.

The fire started in the basement near the furnace and spread upward between the partitions into the attic. Before breaking through the roof, the blaze spread to other parts of the attic and had gained considerable headway before being discovered by a passing milkman who turned in the alarm.

Firemen said the fire resulted after hot ashes from the furnace had been dumped into about six wooden bushel baskets causing them to ignite and spread to some nearby rubbish.

The upper part of the home was badly damaged and water also caused considerable damage to the interior of the home. It was reported that insurance was carried on the house.

Firemen remained on the scene until about 10:30 a.m. and used water from two large lines and two booster tanks to bring the fire under control.

Firemen Ed De Feyter returned to the home about 11:15 a.m. with a hand extinguisher to extinguish a smoking davenport.

A woodshed was destroyed and two cottages at Ottawa beach, west of the Windmill restaurant, were threatened by a grass and rubbish fire at about 12:15 p.m. Wednesday.

Name of the owner of the shed or the owners of the two cottages were not learned by firemen or Deputy Sheriff Edward Brown. Belief was expressed that the shed caught fire from sparks.

The point on the north side of one of the cottages was badly scorched when the fire reached there. The blaze also broke out on the front porch but residents of the vicinity quickly brought it under control.

Although the fire followed a line of dried leaves under the second cottage, there was no resulting damage. Holland firemen responded to an alarm and remained there until about 1 p.m.

Grand Haven Boy Given Long Term

Seven to Fifteen-Year Sentence Is Decreed As Climax to Thefts

Grand Haven, March 26 (Special)—Hartley Moore, 16, Grand Haven, who entered a plea of guilty upon arraignment in circuit court Monday morning to a charge of breaking into Van's Super Service station in Zeeland, March 17, was sentenced Monday afternoon to serve from seven to 15 years in Southern Michigan prison, with a recommendation that he be transferred to Ionia reformatory where he can finish high school and learn a trade.

Moore, in whose case probate court waived jurisdiction upon a petition by Sheriff William M. Boeve who was instrumental in apprehending and arresting Moore, was specifically charged with the service station robbery, but he was said to have admitted a number of other thefts. Last arrested in Zeeland, he had been a fugitive from the Boys' Vocational school in Lansing.

Moore, arrested March 17 in a Zeeland poolroom by Police Chief Fred Boema, not only admitted this break-in but confessed he robbed the Farm cooperative building in Zeeland and stole two automobiles, belonging to Dave Vander Koor and Dr. Russell Nykamp, both of Zeeland, Monday night and early Tuesday.

Miss Cora Vande Water, judge of the Ottawa probate court, who ordinarily would have jurisdiction, waived jurisdiction in the case Friday afternoon upon request of Prosecutor Howard Fant.

Moore was born Sept. 26, 1925. His parents are divorced and his mother is employed as a waitress in a local hotel.

Records compiled by Probation Officer Jack Spangler, revealed that Moore from Sept. 26, 1936, to April 4, 1941, in thefts from numerous places stole a rowboat, keys from fish tugs, wrist watch, hunting knife, a bicycle and cash on several occasions, one theft netting \$68.37.

He was said to have admitted shooting out the headlights of Martin Vander Noot's car with a rifle Feb. 22, 1941.

He was placed on probation and in 1938 spent a month at the Juvenile Detention home, Grand Rapids. He was at a Kellogg foundation camp at Battle Creek from September, 1938, to June, 1939, and on Dec. 16, 1940, was taken to the State Commonwealth school at Albion when he failed to report as required by his probation. He ran away from the school three times. Last April, after a second stay at the Grand Rapids detention home, he was placed in the Boys' Vocational school in Lansing. He escaped last May and was not heard from until his escape in Zeeland.

Deserter Is Held On Check Charge At Grand Haven

Said to Have Obtained Money From Cole Gas Station Near Holland

Grand Haven, March 26 (Special)—William Corbett, 20, an army deserter from Grand Rapids, demanded examination when arraigned today before Justice George V. Hoffer on a charge of obtaining money under false pretenses.

Date for the hearing was set for Wednesday, April 1, at 10 a.m. Bond of \$5,000 was not furnished and he was ordered held in jail.

Corbett is alleged to have gone into the Holland State bank where he obtained two blank checks, then issued one of them for \$20, payable to cash, and passed it at the gasoline filling station of William Cole, route 4, Holland. The check, dated March 14, 1942, was signed "William Corbett" in payment for \$3.65 merchandise, purchased from Cole who copied the license number.

He also is charged with issuing a second check for \$20 at a Standard Oil filling station in Muskegon. He was arrested by state police who had been on the lookout for the license number on his car which he had rented from station at Benton Harbor for two days to take a trip to Grand Rapids to see his parents. He is said to have failed to return the car after the two days.

Corbett bought the license plate from another party in Muskegon for \$3 and took the original plates off the car. He also is an army deserter from Lowry field, Col., having failed to return after obtaining a three-day pass Feb. 15, 1942, when he left for Grand Rapids.

He said he knew he could not make the trip there and back in three days but thought two extra days wouldn't make any difference. He also served six months at Ionia for violating his probation, decreed after he unlawfully drove away an automobile without intent to steal in Grand Rapids in 1940.

Corbett was released from the reformatory in June, 1941. State police wired the army field at Denver to see if they desired Corbett returned but were notified the army did not want him. He also is wanted in Grand Rapids and Muskegon for passing checks as well as St. Joseph and Benton Harbor for issuing fraudulent checks and stealing an automobile, police charged.

TEN PUPS, ALL MALES

Ten puppies in one litter is remarkable enough in itself, but when every one of the ten puppies is a male, that's something. At least, that was the opinion of John Owen, 11 North River Ave., whose brindled bull dog Saturday gave birth to ten male pups. The dog had two "normal" litters before.

The seminary trustees, at their annual meeting to be held May 12 in Holland, will appoint a successor to the president's office and a lecturer to the chair of New Testament language and literature which Dr. Van der Meulen holds at the present time. When the general synod of the Reformed Church in America holds its annual meeting in June at Albany, N.Y., it will make him a professor emeritus.

Five or six candidates are being mentioned as a successor to Dr. Van der Meulen but final selection rests with the board which is comprised of 30 members who hold their annual meeting at commencement time.

Dr. Van der Meulen was appointed seminary president by the board's executive committee Aug. 28, 1938, shortly after the death of the late Dr. S. C. Nettinga. His appointment was made permanent by the board of trustees at its annual meeting May 10, 1939.

He was born in Grand Rapids March 17, 1872, to Jacob and Jacoba (Van den Hoek) Van der Meulen. He lived in Grand Rapids only a short time until his father, a prominent minister, moved to Muskegon.

He was graduated from Western Theological seminary having received his A.B. degree at Hope college in 1897, his A.M. in 1900 and his D.D. in 1921.

His marriage to Miss Anna Brinkman took place June 7, 1900, in Holland.

He was ordained minister of the Reformed Church in America in 1900 and became pastor of Second Reformed church in Grand Haven the same year, remaining there until 1907. From 1907 until 1911, he served as pastor of the Fairview, Ill., Reformed church. He served as minister of Bethany Reformed church in Kalamazoo from 1911 until 1919.

For one year, 1919-1920, he served as professor of Greek at Hope college, then became professor of New Testament language and literature at the seminary. He also served as registrar of the seminary from 1928 until 1938.

As to his plans for the future, following his retirement, Dr. Van der Meulen, the author of several books, plans to continue his writings.

Present enrollment at the seminary totals 45 students, including 14 members of the 1942 graduating class. Six professors comprise the seminary's teaching staff.

Arnold Sounds Out Supervisors On Time Question

Agent Seeks to Learn Stand on Possibility Of Action Next Month

Grand Haven, March 26 (Special)—In an endeavor to obtain opinions on eastern war time, now in effect for more than a month, County Agricultural Agent L.R. Arnold has sent letters to all rural supervisors in anticipation that some action may be taken by the county board when it convenes here April 14.

Mr. Arnold, in his letter, also asked the supervisors whether they desired a circulation of petitions to obtain an actual picture of sentiment for presentation at the board's April session. Until answers are received from his letters, Mr. Arnold has no comment to make on the possibility that farm pressure may result in the board taking action to adopt central war time as the prevailing time for Ottawa county.

An Ottawa county delegation was present Monday in St. Joseph when the Berrien county board of supervisors voted restoration of the old time for that county. The delegation included Mayor Henry Geerlings of Holland and Gerrit Bottema of Spring Lake, members of the board of supervisors. Mr. Arnold; Sam Rymer of Spring Lake, A.A.A. committee member; Gerrit Eizinga of Hudsonville, secretary of the County Farm bureau; and Hiram Andre of Jenison, prominent farmer.

Mayor Geerlings, Mr. Arnold and Mr. Rymer expressed conviction to the Berrien county board that a majority of Ottawa county residents are opposed to the war time. (In Holland, Mayor Geerlings said he is uncertain as to what action the county board will take on the time question.)

Berrien county, by a supervisor's vote of 35 to 1, will turn back its clocks one hour, effective at 2 a.m. Sunday. Farmers there have been most emphatic in asking a change to central war time.

Dr. Wierenga Addresses Trinity Men's League

Britain hesitates to give India its independence partly because it has been a supply house for war materials and the English cannot afford to lose such supplies when Japan is threatening. Dr. Cornelius Wierenga, head of the Reformed church mission's theological seminary in Vellore, India, told the Trinity Men's league Friday night. Besides, India without Britain would have nothing to protect itself from the enemy, he stated.

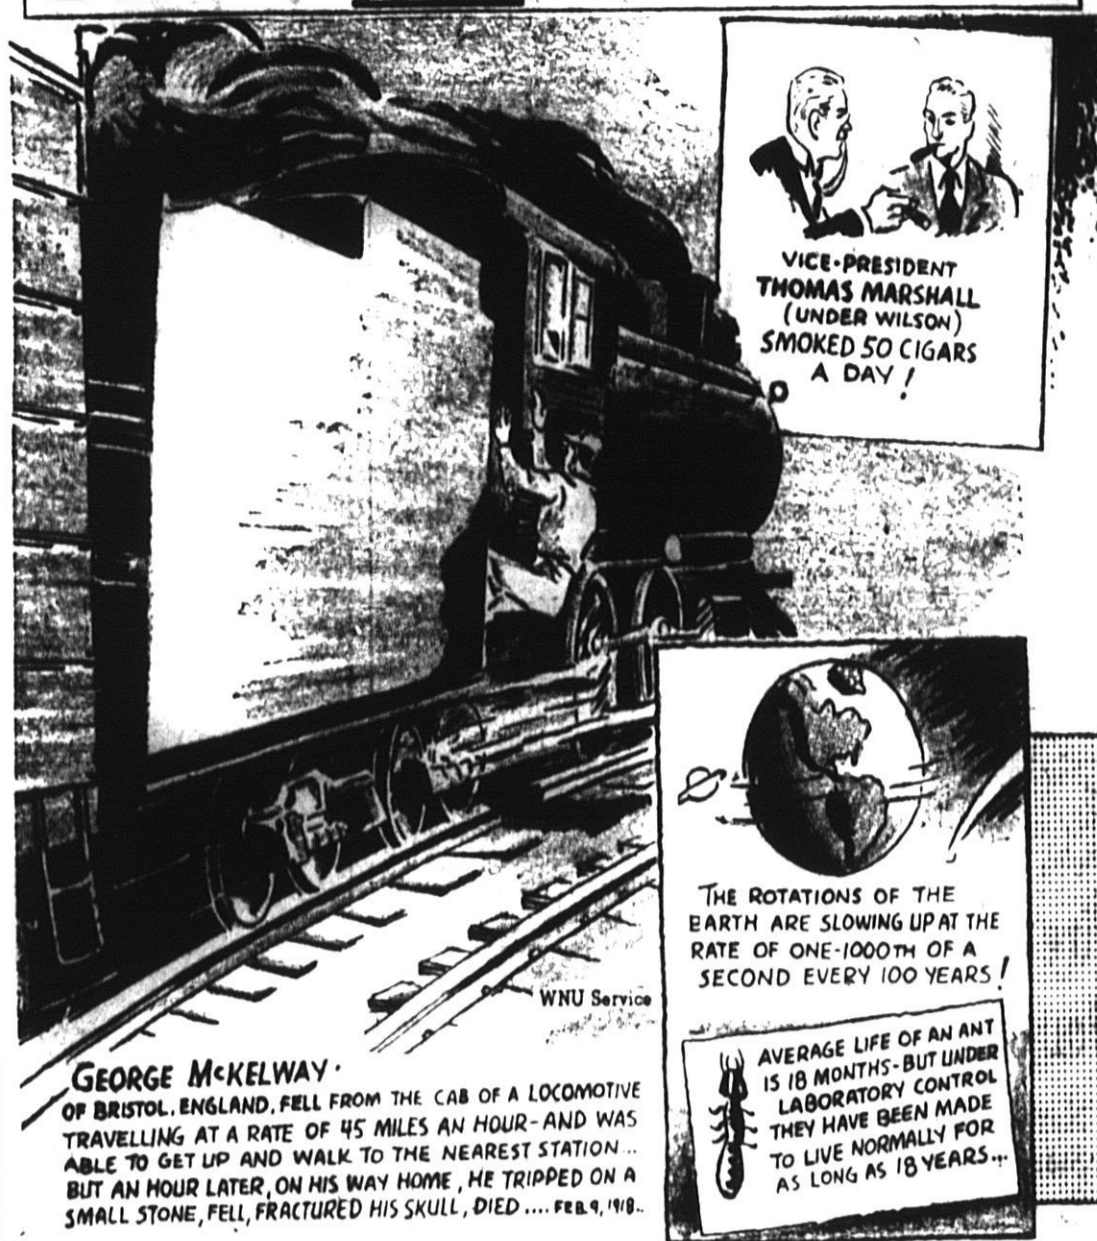

The old British empire, he stated, is a thing of the past and the situation will never be the same. "India is the best hope for the Allies and it is possible that the Japanese will not invade Australia and concentrate on India, he said.

He described the four outstanding men of India and discussed their respective beliefs and their programs for the country. These leaders are not Christians, he pointed out, and if any of them attained complete authority a civil war likely would break out which would place the country at the mercy of the Axis.

At the league's business session, James Klomprens was elected president, Niels Steketee, vice-president; Franklin Van Ry, secretary; and Maurice Schepers, treasurer. William H. Vande Water, William Jacobs, Ben Heetderks and La Verne Dalman were chosen as board members.

The program included two trumpet solos by John Perkosi, accompanied by Mrs. H. Beernink.

Eleven-Year-Old Girl Hopes Defense Bond Will Benefit Her Big Brother

Arlene Masselink, 11-year-old daughter of Mr. and Mrs. Harm Masselink of route 1, Hamilton, saved her pennies for a year and had exactly \$18.75 when she counted her savings a few days ago. Masselink, 25, was inducted Oct. 21, 1941, and for a time was stationed at Fort Sill, Okla. From there he went to Brooklyn, N.Y., and then went by boat to the Canal zone. Telephone Equipment Is Curtailed by War

War needs of the country have affected the manufacture of telephone equipment to such an extent that, for the duration at least, some persons who want telephones installed may not get them at all, according to George M. Welch, president of the Michigan Bell Telephone Co.

Some of the more important effects of the war production board order were cited as follows:

1. In many cases where service can be installed at all, party-line service, only, will be available.
2. Extension telephones cannot be installed in residences except where needed by persons responsible for public health, welfare or security.
3. Wall or upright desk telephones now in use cannot be changed for the hand-set or cradle type.
4. Manual telephone switchboards may be changed to dial service, excepting where the work is well advanced.

Decatur Removes Christians From Cage Meet, 40-34

Victors Hit Eighty-Five Per Cent of Shots in Close Quarter-Final

Decatur and Niles emerged victors over Holland Christian and Grand Rapids Christian in the class C and B quarter-finals of the state basketball tournament in Kalamazoo Thursday night.

The strong quintet of Coach John Tuls, after claiming the district and regional crowns in class C, went down before the attack of Decatur, 40-34, as Decatur marked up its 23rd straight victory.

Grand Rapids Christian lost to Niles, 39-38.

Decatur led Holland at the half by only 2 points, but its defense was tough to crack and the winners pulled away in the second half with Guard Newell leading the assault.

Four Christian players, Chuck Bazuin, Al Heitbrink, Mart Sjaarda and Wes Vryhof, each scored 7 points in the close contest.

The Maroons who have captured two state crowns in the past 10 years, won 11 and lost five games during the regular season. During the decade, the locals won seven district championships and six regionals.

Decatur, the best team produced in the south, was definitely on Thursday night as the lads hit the meshes for 85 per cent of its shots and snared buckets from all parts of the floor. Long shots were the specialty of the Decatur boys as they scored only one tip-in and a push shot.

Christian led only once, 17-16, in the second period, then suffered a bad third stanza when they garnered a pair of free tosses, while the winners chalked up 11 tallies. The Maroons played hard and well, but failed to cope with the hot streak of the opponents.

Decatur roared into an early 8-2 lead as Klinkers took four set shots and scored on every one. Vryhof broke the ice for Christian, followed by buckets by Sjaarda and Boersma. At the quarter, Christian trailed 12-8. In the second period, Holland started to whittle the lead as Vryhof, Hietbrink, Bazuin and Sjaarda scored. Sjaarda pushed through a one-hander from the foul line with a minute left to give the Maroons a 17-16 lead. With the score knotted at 18 all, Overley swished a long one to push his team into a 20-18 intermission lead.

In the third stanza, Christian ran into trouble in finding the basket and fell behind. Newell led a personal assault on the locals by dropping in three buckets and the same number of charity tosses to sweep his team into a comfortable, 30-21 lead as the final canto started. Holland's scoring was contributed by Kalmink and Sjaarda, who dropped in foul shots. In the final canto, Christian made a vain attempt to overtake the winners. Vryhof dropped in 5 points, while Hietbrink swished two hook shots, but Decatur had enough on the ball to keep the lead.

Large Crowds Attend 2 Leper Meetings in City

Dr. Eugene R. Kellersberger, general secretary of the American Mission to Lepers, and Mrs. Kellersberger, whom he calls his promotional secretary, gave inspiration for work among the more than 10,000,000 lepers in the world, to an audience of more than 750 women gathered in Ninth Street Christian Reformed church Friday afternoon and to more than that number of men, women and children packed into Third church for the evening meeting.

The occasion was the annual leper day sponsored by the federation of women's societies of Holland and vicinity, and the evening meeting was an innovation that proved a successful experiment in the showing of the film, "Song After Sorrow," scenes from the leper colony in Bibanga, Belgian Congo, where the Kellersbergers had been missionaries for many years.

The doctor, who is a minister of the gospel as well as a medical man, exults most in the honor of the name given to him by the lepers in Africa who call him "Dr. Not-Afraid-to-Touch-Us." In like manner the natives have caught the spirit of the doctor's wife, who is known by them as "the lady who is full of joy." The meeting was a celebration of their first anniversary as workers for the lepers of the world, since March 19, 1941, was the date Dr. Kellersberger had become secretary of the American Mission to Lepers.

Dr. Kellersberger said that the Christian church as a whole had forgotten the lepers, only 3 per cent of them ever having been touched by humanitarian efforts. That is, he believes, the most lamentable ignorance among Americans in regard to leprosy, though there are 2,000 lepers in this country and a leprosarium in Carville, La.

"We've got to touch the leper," insisted the doctor. "He is the most grateful patient any hospital can treat, and when he is touched by Jesus Christ, he becomes almost a 100 per cent Christian." This was a tribute to the 2,000 lepers who had been treated by the medical man in ten years of time. In the film in the evening, the story of these afflicted ones was made very vivid, and "the only plantation of its kind in the world," the grove of chaulmoogra trees which the doctor had planted, was the feature of the film.

Mrs. Kellersberger in the afternoon injected into her audience some of the joy the work among lepers had brought her. In the evening she told the children about her Sunday school of 200 black babies and how she taught them to have clean hands and a pure heart. She also told how a little white child opened the heart of a black chieftain.

Mrs. E. V. Hartman presided and gave the call to worship which was the keynote of the devotional service. Mrs. H. L. Dunwoody in her prayer hymn and in her closing solo increased the spirit of consecration. Miss Betty Wagenvelt was at the organ in the afternoon and Miss Jennie Karsten in the evening. Mrs. Paul E. Hinkamp and her committee had made arrangements for the evening meeting.

The evening devotions consisted of a story of the ten lepers, one of whom was grateful for healing, told to the children by Mrs. D. Vander Meer, secretary of the federation. A chorus of children trained by Miss Margaret Van Vyven sang three numbers. Miss Gertrude Holkeboer offered the consecration prayer and Mrs.

Merchants Push War Stamp Sale

Plans to increase the sale of defense stamps in local retail stores were discussed at a joint meeting Friday morning in the Warm Friend tavern of the retail store committee of the executive committee, appointed to promote the sale of stamps and bonds in Holland, and the special committee of the Holland Lions club which has undertaken the sale of bonds and stamps as its major project for 1942.

It was brought out that merchants have been requested by the defense bond commission of Michigan to offer defense stamps for sale in their stores. The Lions club committee plans to service the stores in order that they may have an adequate supply on hand at all times.

Henry Wilson, chairman of the retail store committee, said the plan is for the merchants and clerks to suggest that customers buy defense stamps. He said the public should not be offended or embarrassed as the merchant and clerk are doing only what has been requested by the government. He said merchants are unanimous in their efforts in making these stamps available for sale in their stores.

Mrs. Kellersberger Speaks in HHS

Mrs. Julia Kellersberger, missionary to the Belgian Congo in Africa, addressed the student body of Holland high school during an assembly program Friday morning. The offering of the year was announced by Mrs. Nelson Miles, the treasurer, as \$1,786.98, and the children's offering brought \$148. Mrs. T. E. Welmers was in charge of the literature table. Both speakers expressed enthusiasm for the large audiences and generous offerings.

Mrs. Hartman announced the addition of two new organizations and six new churches as members of the federation. The next meeting of the executive board will be held in First Methodist church Monday, March 30, at 2 p.m. when disposition will be made of the offerings which will be sent to Dr. C. J. Stauffacher, the missionary to the lepers in Inhambane, Portuguese East Africa, which the federation is supporting.

Ottawa Child Is Killed by Auto

Driver Says She Ran Into Road While Going Home From School

Grand Haven, March 26 (Special)—Edna May, 6-year-old daughter of Mr. and Mrs. John Veenema, of near Denison, was fatally injured on last Thursday when struck by a car driven by Eugene Donald Elzinga, 18, route 2, Coopersville, on the county road about a half mile east of Denison.

Eugene, accompanied by his father, Albert Elzinga, was driving west when he came upon the girl and a boy about 6 years old who were en route from school. The Elzingas were returning home from Coopersville where they had purchased chicken feed. A trailer was attached to the car.

In a statement to Prosecuting Attorney Howard W. Fant, Eugene said the boy was looking down the road for approaching cars when the girl darted across the road into the car's path. She was taken to the home of Glenn Taylor, near the scene of the accident, and a Coopersville doctor was called. She died of a fractured skull at 3:10 p.m. Eugene said he was driving about 35 miles an hour. He was not held by state police. Trooper Ellis Potter was called to investigate the accident.

War Order LIMITS Telephone Installations

For more than a year this company has met an unprecedented service demand and generally has installed telephones when and where they were wanted. Material shortages now make it impossible to meet some requests for telephone service.

The expansion to care for past service requests was accomplished, despite a greatly curtailed supply of vital materials, through emergency engineering methods and the use of alternate materials.

Now, the War Production Board has issued an order that expands those practices and places further restrictions.

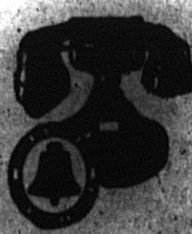

SOME EFFECTS OF ORDER ON TELEPHONE USERS

1. PARTY LINES, only, can be installed in many cases.
2. EXTENSION TELEPHONES cannot be installed in residences except where needed by those responsible for public health, welfare or security.
3. TELEPHONES of wall or desk (upright) types cannot be changed to hand sets.
4. MANUAL TELEPHONE SWITCHBOARDS may not be changed to dial except where the work is well advanced.

Michigan Bell will endeavor to administer the order equitably and regrets any inconvenience the public will experience.

INACTIVE MONEY

Legal notices are not usually
dramatic or exciting reading mat-
ter, except perhaps to persons
immediately involved. But for a
period of three weeks, once each
week, the Sentinel is printing a
legal notice considerably over a
column in length, in small print,
that is not without the potential-
ities of news interest, or at least
of curiosity interest. It is made
up of a list of the names of those
who have opened accounts in Hol-
land banks and then have appar-
ently forgotten about them. At
least those accounts—there are
scores of them—have not been
disturbed for seven years. Under
Michigan law the money will re-
vert to the state if the owners
do not claim it. Through the legal
notice the state is informing
them that the money is waiting
for them.

The reasons for forgetfulness on
the part of so many present or
former Holland citizens might
prove exciting, if it were possible
to go behind the cold legal phrase-
ology and learn the warm human
facts. Why were the deposits
made, and why were they then
forgotten? What part did death
play in putting these accounts to
sleep? What transactions were
broken off, represented by bank
accounts (doubtless most of them
small), because the whole outlook
changed for the owners of the de-
posits, turning what once repre-
sented a dream or a plan, into
ashes?

To what extent do these small
forgotten accounts represent the
odds and ends of once ambitious
business plans, the forgotten
wreckage of now dead business
projects? Often there are all
sorts of personal accounts main-
tained as accessories to business
deposits, and it is no wonder that
after a while the owners them-
selves forget which is which.

Money is supposed to be un-
romantic, a mere hard, cold, pros-
aic symbol. And so it is in it-
self, but it is a symbol of things
that are as human as life it-
self. If we could look behind the
figures of the accounts in any
average bank in any community,
the institution would turn out to
be far more romantic than any-
thing that is represented on the
most romantic stage or told of
between the covers of the most
romantic book. The same thing is
probably true of these accounts
that have been inactive for seven
years. The only trouble is that
most of us lack the imagination
to galvanize the dead facts into
life. The facts remain cold and
dull and dead, but the drama is
there behind the names and facts
and figures.

THE CHURCH INVITES YOU

The Purpose of Lent

Lent affords an opportunity for
all persons who regard the teach-
ings of Jesus as standards of liv-
ing to renew their spiritual
strength and to secure new un-
derstandings of that gospel which
alone is the hope of a redeemed
humanity. Without new visions
and new consecrations the world
will stumble like one suddenly
blind in vain attempt to find a
path to a righteous civilization.
A Christian world is possible
and a necessity. We are facing an
unequalled opportunity to win new
achievements through renewed
fellowship with Christ, new aspira-
tions through His religion. Why
not accept the invitation to go to
church next Sunday?

Driver Forgets to Set
Brakes on Automobile

John Van Rhee, route 3, Zeel-
and, forgot to set the brakes on
his automobile Friday afternoon
when he parked it on Eighth St.,
west of River Ave., with a re-
sult that he was given a traffic
ticket by local police for driving
so, thus causing an accident.

Shortly after Van Rhee left
the car, it started rolling down
the grade. It barely missed the
parking sign in front of local po-
lice headquarters, passed between
a boulevard light pole and the
hydrant in front of Engine
House No. 1, then crashed into
the side of a parked pickup truck,
belonging to the Citizens Trans-
fer and Storage Co.

The Transfigured Christ Meets
Human Need

—Luke 9, 28-43

By Henry Geerlings

One thing we often lose sight
of in the study of the transfigu-
ration is the fact that our Lord
went up into the mountain to
pray. It does not say He went
thither to be transfigured. We
are therefore reminded again that
He made much of prayer. That
is hardly necessary, for we have
known it before. The evangelists
seem not to have made a particu-
lar effort to chronicle His prayer
habits or of the occasions of His
prayers. The notes we have about
His praying have the appearance
of entering incidentally. That
makes the matter even more ef-
fective than if they had gone
about it formally with the inten-
tion of telling us when He prayed
and what He prayed about and
what resulted from His praying.
At any rate He went up into the
mountain to pray.

The result of prayer is a trans-
formed life. It is doubtful if any
argument but experience would
convince us of that truth. But it
must be noticed that Luke is
careful to associate Jesus' prayer
with the change that took place
in his countenance. We would
miss the whole point if we did
not pay particular attention to
that statement.

Christ gradually revealed Him-
self. It was His aim to make
Himself known to His disciples
as they were able to understand
Him. This had to be a gradual
process. Had He flashed His
divinity upon them all at once
they would have been overwhelm-
ed, and they would hardly have
grasped His humanity. He de-
sired them to grow into the
knowledge of His twofold nature.
He made this revelation of Him-
self through a period of three
years, and at the end of that
time He told them that there
were many things He would like
to tell them further, but they
were not able to bear them. On
the mount of transfiguration they
saw Him in the attitude of pray-
er, praying as a man prays, re-
vealing His dependence on God;
and they saw Him as God, flash-
ing forth the inner radiance of
His divine nature. In very much
the same way as the disciples
grew in their knowledge of Him
we too must grow. We cannot
take all of His nature and His
purpose in at once.

Christ had need for the trans-
figuration. There were three
times when the Father spoke His
approval of the Son—once at His
baptism, once here upon the
mountain, and then again as He
was entering upon His final suf-
fering. Jesus needed such en-
couragement. The opposition to
Him was strong. The way He had
to go was very hard. He encoun-
tered many discouragements.
Even his best friends at times
failed Him. The approval of His
Father cheered Him greatly. He
could go back to His work with
a sense of strength and final vic-
tory. We are not to suppose that
He was so unlike us that He
never needed such words of com-
mendation.

The disciples had need of the
transfiguration. They knew Jesus
better after the experience on the
mount. If there lurked in their
minds any doubt of His Messia-
ship, and who could doubt that
there did at times, it was at least
partially cleared up by what they
saw and heard. The voice of the
Father convinced them of the re-
lationship between Him and
Jesus; while the appearance of
Moses and Elijah proved to them
that there was a life beyond the
grave. And if they listened to
the conversation between Jesus
and the heavenly visitors on the
cross, they must have been bet-
ter able to understand His re-
jection by the Jewish nation when
it came to pass. The Transfigu-
ration marked a milestone in their
experience.

It would be very pleasing of
course to remain on the moun-
tain. It was just that of Peter.
The delight of the prayer room
may be unexcelled, but if we sup-
pose that the benefits of com-
munion with God are for our-
selves alone we shall have to
change our opinion. We are the
instruments for carrying the mes-
sage of the gospel in word and
life to others; and the purer our
lives, the more sure we are that
we know His will, and the greater
the strength for our tasks, the
better instruments we shall be.
The transfiguration does not
end on the mount. It flowed down
into the valley Jesus never ap-
peared more glorious than when
He drove the demon out of the
tormented lad. As Christians we
never fail so ingloriously as when
we fail to build our lives into
the need of the world.

SUNDAY DINNER
Suggestions

OVER the entire country, the
Head of the Family is relaxing
at the completion of compilation
of the Income Tax Report. But
Mother's year-round figure-juggling
continues—how to stretch the bud-
get without cutting out essentials.

Less expensive meat, more whole
grain cereals, sweet potatoes,
beans, peas and peanuts are specific
suggestions from your government
for making the budget stretch to
its farthest extreme.

Marketing for less expensive cuts
of meat this week offers no prob-
lems. The lengthy list of specials
includes beef ribs, steaks, pot
roasts, brisket; lamb legs, loin
chops and chucks.

Fresh shad, that Lenten special,
arrives in larger quantities. Many
fish, light in supply last week be-
cause of the weather are now avail-
able at fair prices.

With spring almost at hand, veg-
etable supplies increase. The South,
the West, and Florida are shipping
in increasing quantities. Vegetable
prices favor the housewife this
week—so here's her opportunity to
score a food front victory by select-
ing menus with all the necessary
vitamins for the family's good
health.

Based on the best buys of the
current week, here are three such
menus at different price levels pre-
pared by Marion House Budd, of
the Kitchen:

Low Cost Dinner
Braised Short Ribs of Beef
with Potatoes
Creamed Peas
Whole Wheat Bread and Butter
Fried Island Pudding

Medium Cost Dinner

Cut in Home Fire Insurance Rates Affects Holland

Local Residents Are Expected to Save One Thousand Per Year

The state rating commission has directed 315 fire insurance companies doing business in Michigan to cut their premium rates 7 per cent on all dwelling houses in the state's 49 largest cities—including Holland—to save premium-payers an estimated \$1,750,000 a year.

The action, according to a United Press report from Lansing, was the result of a petition filed by the city of Detroit in October, 1940, alleging that fire insurance rates were excessive. The rate reduction becomes effective April 1.

Holland home owners, it was generally estimated are expected to save in the neighborhood of \$1,000 a year on their fire insurance. This estimate was arrived at on a basis of the city's estimated 4,000 homes.

Applying to most of the homes here, the present normal base rate for frame residences with fireproof roofs is \$4 per thousand for three years. On this rate, the 7 per cent reduction means a saving of 28 cents per thousand for three years or 9 1/2 cents per year. Thus, assuming that the average home insurance is for \$3,000, the saving over each three-year period for the 4,000 homes would total an estimated \$3,360, or \$1,120 a year.

(The annual rate on the frame home with fireproof roof is \$160 per thousand or 2 1/2 times the three-year rate.)

Following Detroit's petition, the state rating commission—composed of Insurance Commissioner Eugene P. Berry, chairman, Attorney General Herbert J. Rush-ton and State Banking Commissioner Maurice T. Evelyn—ordered the investigation of rate charges extended to all Michigan cities in classifications one through six. Holland is in class six.

"After a careful review of all the testimony in this case and of the exhibits introduced in evidence, and of the records and documents on file in the department of insurance, this commission has come to the conclusion that the present rates on dwelling houses in cities of classifications one to six, inclusive, are discriminatory," the commission wrote.

It said that the investigation had been hampered by incomplete records on experience as kept by the insurance companies.

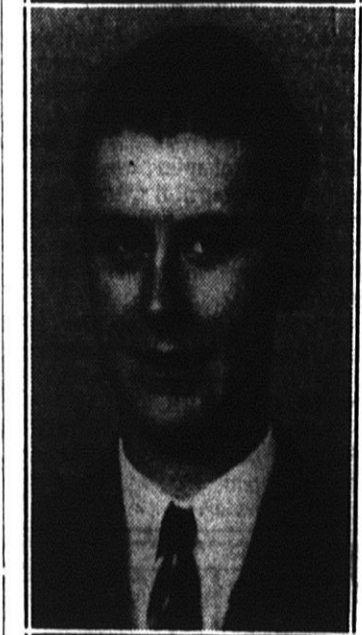

The rating commission began its investigation after Governor Van Wagoner had called for a 25 per cent cut in Detroit insurance premiums. It was found that his insurance commission could not order such a cut in rates until after hearings had been held by the rating commission.

It was pointed out here that the new rates will apply only on new insurance.

Concrete Firm Here Enlarged

The Holland Concrete Products Co., formerly called the Holland Tile and Gravel Co., was originally built by the W. E. Dunn Co., and was organized in 1922. The plant is located in the western addition to Waverly and comprises about 13 acres, three acres of which is gravel. It is one of the first plants built by the W. E. Dunn Co., and is equipped with its machinery.

Dick Oosting, who was manager of the plant, and H. Boone, who was a stock holder, bought out the interests of the W. E. Dunn Co., and other stockholders. The company ran as a partnership until January, 1936, when Mr. Oosting bought Mr. Boone's interest and became the sole owner. The plant has been enlarged and has two blockmaking machines and eight curing kilns. It has more than doubled its capacity in the past few years. Last year the output was over 150,000 blocks.

A burial vault business, which began in 1912 by Mr. Oosting's father, Henry Oosting, was taken over and moved to this plant. Cured burial vaults and part of the blocks are stored in a large shed 50 feet by 80 feet.

During the season six men and four trucks are used for the manufacture and delivery of the products.

TREASURY DEPARTMENT

This Axis War upon us is a matter of life or death for America, your free America! Now, as never before in all our glorious history, our Army, Navy and Marine Corps urgently need planes, tanks, ships and guns!

Literally billions of dollars are needed immediately to produce these and other weapons of defense . . . of offense . . . and of Victory! They must be produced now! The money must be secured now! Let's do it the voluntary way, the American Way, the Defense Bond way!

If we are to smash the enemy out of our seas and blast him from the air over our heads, every dollar you can spare,

every dime that is not absolutely required for the necessities of food, clothing, and shelter should be, yes, must be, loaned to your Government!

We must act fast. Start getting your share of United States Defense Bonds and Stamps today. Get them regularly, day after day, week after week. If you have already bought a Bond, now is the time to get more!

Remember, every Bond you buy is a blow at the military maniacs attacking us—that every dollar you invest will come back to you with interest on that brighter, happier day when Victory is ours, and there is peace again through-out the world.

FACTS ABOUT DEFENSE BONDS—(SERIES E)

HOW MUCH DO THEY COST? YOU LEND UNCLE SAM	UPON MATURITY YOU GET BACK
\$18.75	\$25.00
\$37.50	\$50.00
\$75.00	\$100.00
\$150.00	\$500.00
\$750.00	\$1,000.00

When is maturity? Ten years from the time you buy the Bond. If you need the money before then, you can cash the bonds at any time after 60 days from their issue date. A table of cash-in values is printed on each Bond. Naturally, the longer you hold the Bond, up to 10 years, the more money you'll get back. But you'll never get less than you put in.

What's the interest rate? When held to maturity, the Bonds yield 2.9% per year on your investment, compounded semiannually—you get \$4 for every \$3.

Where do I go to buy a Bond? To your local Bank, Post Office, Savings and Loan Association, or other Defense Bond Agency.

What about Defense Stamps? Buying Defense Stamps is a convenient way of saving money with which to buy a real Defense Bond. Stamps are sold for as little as 10¢.

When should I buy a Bond? Start now; buy regularly. If your company has a Defense Savings Pay-Roll Allotment Plan, take advantage of it NOW. INVEST IN SAFETY—WITH PERFECT SAFETY!

Remember—You can start buying Defense Bonds by buying Defense Stamps for as little as 10¢

- 10 cents in Defense Stamps buys 5 cartridges.
- 25 cents in Defense Stamps buys a soldier's mess kit.
- \$1.00 in Defense Stamps buys a first-aid kit.
- \$2.00 in Defense Stamps buys a good warm blanket.
- \$10.00 in Defense Stamps buys 2 steel helmets.
