Hollanda, Mich.

Mrs. Cleveland is Popular.

Everybody who knows Mrs. Cleveland likes her. Those who saw her years ago, when she was a bride still speak of her "lovelysmile," which seemed ever on her face, yet never grew stereotyped, as is so often the case. Mrs. Cleveland has changed a great deal in the last three years, having grown much more matronly and stouter by half a hundred pounds, but her sweet smile is just as charming as it was then.

At an informal reception the other day, writes a correspondent of the New York Journal, I asked Mrs. Cleveland to let me see the babies, Ruth, Esther, and Marion. I could get glimpses of them up on the second landing, and hear their merry prattle in the East room.

"Oh, you reporters!" exclaimed Mrs. Cleveland, her eyes dancing with merriment. "Why is it that you will not let me have even my children to myself? You have the father and the mother to write up and write down, as you like; surely our babies might be left to us. The world can't care very much about them."

I assured her that there were women in the crowd who would give more to see her children than to see her, ten times over, and the idea pleased her immensely. "You will have to leave them to me for a few years longer," she said, with a parting squeeze of my hands and a gentle pat.

Mrs. Cleveland's idea of a woman's part in public life is purely womanly. She is devoted to her home and her children, and spends many anxious moments, just as any other mother does, pondering over what shall be done for them to make them wiser and better. She believes that is part of the duty entailed by motherhood, no matter what the condition or station in life. Her children are her first care always, though she does not, as has been absurdly stated, make their clothes herself.

"My duty as the wife of a public official is to perform the part he assigns me, that of greeting and entertaining his friends, courteously and cordially, regardless of political or other differences," she says, and any one who has ever been greeted by Mrs. Cleveland must know that she does greet all alike with a cordial handshake, and that wonderful smile which seems to say to each newcomer, "Why, I have been looking for you; why were you so late?" It takes the multitude by storm, and when she leans over a child to pat it on the head and to say some particular word, as she often does, she captures everybody in sight. While her heart is big enough to take in the whole world, she has cultivated the habit of expressing herself by such little acts of tenderness, for she knows that they popularize a woman wonderfully.

Mrs. Cleveland does not believe in ostentation, and never lends herself to anything of the kind. Indeed, it has been charged against her that she was not sufficiently particular in her position, but it must be admitted that it was erring on the right side. She has but one idea after her children, and that is devotion to her husband. Indeed, Mrs. Cleveland's domestic side ought to be a revelation to those mothers who, with far less wealth and fewer children, leave their homes and husbands, as well as their helpless little ones, to the mercy of hired attendants, to give themselves wholly over to the giddy round of society. Mrs. Cleveland is exacting in her demands on the servants to whom she intrusts her children, for she knows that eternal vigilance is the price she must pay for the proper influence and instruction of her little ones.

Mrs. Cleveland does not deem it necessary for a woman in official life to take any hand in shaping the political policy of the country. She believes that the men are quite competent to do that, and further than seconding her husband in what he does, and in entertaining his personal and political friends, she always declines to "mix" in politics. She asserts that a mother who rears her children properly, and makes good citizens of them, is accomplishing a great deal for the country, and she does not think that any social or official function should interfere with her duty to her children. She knows that the public would not censure her if she decided that the "mother" came before the wife. Being the wife of a high official does not make it imperative that she be always at his side at official functions; though she should at all times take an interest in things that pertain to him and to his office.

"I had a bad cold which developed into grip. Physicians gave me no relief, and I finally tried Dr. Wood's Norway Pine Syrup. One bottle cured me completely. It is a wonderful medicine." Jacob Hammies, Lyon Station, Pa.

The state meeting of the Michigan trap shooters league, which will be held at Zeeland, Tuesday and Wednesday April 21 and 22, under the auspices of our rod and gun club, will receive due attention from the club, and the citizens of Zeeland will see to it that the nimrods are nobly entertained.

Lake Shore.

John Cochran and Mrs. West of Grand Rapids were married on or about March 21, at Grand Rapids.

Rollin Nichols and Clyde Ogden took the train on the 30th for Idaho, where they intend to locate if suited with the country. Mr. Nichols' mother and brothers reside in Idaho.

John Cochran and his daughter Nellie went to Grand Rapids last week. Nellie remained there for a visit with her relatives.

Ed Whalie is liable to loose his cow with a disease peculiar to the Lake Shore.

The Ogdens came home from the saw mill and remained over Sunday.

Geo. Davis has bought a small vessel and will try his hand at the coasting trade this season. We hope he may have better luck than Capt. Jennings had with his boat last season.

Jay Jennings says he will sail again this season.

Mrs. Rhoda Ogden and her two daughters are working for the hands which are working at Ottawa Beach. John Witteveen returned from his trip to Texas last week. He speaks well of a part of the country.

Mrs. Richter of New Salem visited her daughter Mrs. Ogden, over Sunday. Joe Richter, her son, will work for John Auckier again this season.

Mrs. Merrill is with her daughters in Grand Rapids for a short time.

Mr. Merrill lost a cow the first of this week. Lake Shore disease was the cause.

Olive Center.

Ogden & Ream have got through sawing for the Names boys. They cut four hundred and sixty-three thousand feet of lumber, and have moved the mill to Rosy Mound, near Grand Haven, where they have a large job of sawing for Mr. Van Doorn and others.

Mr. Ingersoll has his job of sawing nearly ready, which Ogden & Ream have engaged to do for him.

Some of our Good Templars up north seem to be as giddy and noisy as ever occasionally, when coming home from town. They are a disgrace to the cause. Why not weed out a few members if they do not intend to keep the pledge.

John Weersing keeps the Homestead Fertilizer for sale. He used it on his potatoes last season with good satisfaction; his potatoes were larger, and two weeks earlier. He is trying to induce his neighbors to use it on their crops.

Guy Dike has bought the farm of Wiebe Nienhouse, near the school house west of his store. Guy is drawing lumber from the Names boys, for a house and barn.

Wednesday the patrons of the Olive Centre school did honor to themselves by turning out en masse for the erection of a fine flag-staff, in front of the school house. The people pride themselves that few schools are more handsomely decorated with that what pertains to patriotism than Olive Centre. Much credit is due our Director W. D. Pierce, for his persistent efforts in having a staff second to none. After the staff was firmly in its place Ed. Waterer quietly pulled Old Glory to the top and amid the cheers of the assembled multitude it floated grandly to the breeze. All that could then went into the school house to listen to the dedicatory exercises. W. D. Pierce was chosen chairman and the program opened by a patriotic song, after which Wm. Jacques was called upon for an oration on the flag. In his original way and imbued with that deep-rooted Republican sentiment of love of country he briefly reviewed the history of its emblem, under whose folds he also had fought and bled. His words were especially directed to young America, impressing upon their minds the true value of American citizenship and its golden opportunities for usefulness. He was followed by Henry Soerhide, who delivered a fine address on education and its application to a Republican form of government. It was instructive and well delivered, the speaker himself furnishing the example of what education can do for a young man. The meeting closed with patriotic songs.

Grand Haven.

The schooner Ellen Stevenson is hauled up at the old ship yard for repairs.

The stmr. City of Milwaukee is being fitted out for the season.

Mrs. Joseph Kibler went to Saginaw to attend the W. R. C. state convention.

It is said several democrats have joined the republican party in this city lately.—News.

The tug Miller with crew and full fishing apparatus has returned from Kenosha. The Miller has had a successful winter, fishing off Kenosha, but will fish here during the summer months.

The White Lake life saving crew was examined by Marine Surgeon Walkley this week.

County clerk Turner has resumed his duties after a six weeks' lay-up with the grip.

Will Van der Hart, John De Jong and John Laman are home from Hope College for vacation.

Saturday the 8:15 p. m. train from Holland, on the C. & W. M., jumped the track at Elliott street, and did not get away until after midnight. The Muskegon wrecker came to the rescue.

The Republican ward caucusses for the nomination of ward officers were held Friday evening and the following nominations made: Aldermen, Jos. Palmer, Maj. Mansfield, Sherman Dickinson, P. J. Klaver; supervisors, A. Justma, Dr. J. Mastenbroek, Johannes Vos.

The caucusses were largely attended by reason of the factional contest on mayor and the delegates to be elected to the city convention. The fight was between Vaupell and Koeltz. The former represented the Farr faction; the latter was a candidate for re-election. The Vaupell men carried the day, and at the city convention held on Monday evening the following nominations were made: Mayor, John Vaupell; clerk, R. M. Kedzie; treasurer, D. Gale; justices, R. M. Kedzie and C. Bos. On the ballot for mayor the anti-Vaupell men refused to vote; and also on a resolution pledging the convention to support every nomination made.

The Bimetallists or Free Silver men held a caucus on Tuesday evening in the city hall and nominated the following ticket: Mayor, R. F. Stallings (the democratic nominee); treas., I. O. Kirby; clerk, John De Catur; justices, C. W. Ingraham and F. M. Sprague; also a candidate for supervisor in each ward. The next day however the ticket was withdrawn by the committee in a card, in which they announced that "the object of the call for a Free Silver convention having been accomplished by securing a complete city organization of the party and placing them in good shape to enter the fall campaign, they decided to withdraw the ticket."

The report that E. G. Crosby had secured a five years' contract for the steamer Nyack on the route between Grand Haven and Milwaukee in connection with the Detroit, Grand Haven & Milwaukee railway has been confirmed, and involves a great deal more than the mere placing of the Nyack. It seems that the Grand Trunk and D. & M. railway managers have concluded to go out of the steamboat business altogether for the present, and to carry out this object they have given Mr. Crosby a contract to supply the route with passenger and freight steamers year-round service during a period of five years. Thus the work of fitting out the fine side-wheel steamer City of Milwaukee will be suspended, and with the Wisconsin the craft will be placed upon the market for a purchaser. The determination thus quietly reached will prove a general surprise to the traveling public, and to Milwaukeeans and Michigan people generally who have become familiarized with the two steamers. To the officers of the City of Milwaukee who had been preparing to bring the steamer out by the 15th of April, the news will be decidedly unpleasant as engagements in other directions cannot easily be secured so late in the season. As for the Grand Trunk railway people, whether they intend to make necessary dock and warehouse improvements and add facilities for handling grain at the Grand Haven terminal are matters left to conjecture. Through neglect of their D. & M. the heavy east and westbound business once enjoyed as feeder this route has frittered into insignificance, and it can only be recovered by patient effort and an expenditure of considerable money for improved facilities at Grand Haven.

Ottawa County.

Spring Lake is also to have a Pin-gree Club.

The friends of the two young men who were drowned in Spring Lake last December, are anxiously waiting for the ice to break up, as they are in strong hopes of finding the bodies.

H. D. C. Van Asmus of Grand Rapids, who is the promoter of the new company that will be organized for the building of a boat for the navigation of Grand river, has disposed of \$9,000 of the stock of the company, which is capitalized for \$15,000. He is anxious to get the company organized in a few weeks as the building of the flat bottom craft would take about three months.

Berlin: H. E. Shuster's name has been put forward as a possible candidate for Representative in the 2nd district. The citizens had the honor to shake hands with ex-mayor Hummer of Holland Thursday. Politics and free silver were freely discussed at Raymond's store, which seems to be headquarters for such work now.—Tribune.

Old hunters fear that the mallard duck, the finest and gamest bird of the duck species, will soon become extinct their explanation for it being on account of the destruction of the timber surrounding the small lakes.

Coopersville: At an opposition caucus held Saturday the following nominations were made: Supervisor, Harvey White; clerk, W. A. Thomas; treasurer, R. D. McNaughton; justices, E. H. Stiles, J. A. Wagner; highway commissioner, Henry Lake; board of review, George Lillie.

The Democrats of Wright have nominated: Supervisor, William H. Sivers; clerk, Fred Arinock; treasurer, W. R. Lawton.

Robinson nominations: Supervisor, C. E. Stearns, W. H. Clark; clerk, A. J. Knight, J. W. Nichols; treas., J. G. Tripp, W. Foster.

Olive Union ticket: Supervisor, Hubert Pelgrim; clerk, Jacob Van Dyk; treas., John Redder; com'r of highways, J. C. Robart; drain com'r, J. Weersing; school insp., A. J. Nienhuis; justice, A. R. Wabble; board of review, Gerrit Groenewoud; constables, C. Mills, H. Smeyers, R. Bacon, D. Van der Hoek.

Allegan County.

Messrs. Wanrooy & Van der Wege, two young men from Holland, will open a cigar factory at Hamilton.

Gen. B. D. Pritchard is able to get down town again after confinement to his home a week, the result of his fall. It is supposed one of his ribs was cracked.

Saugatuck township has returned \$304.37 delinquent taxes, Manlius \$419.05, Laketown \$193.81, and Heath \$804.23.

As the result of a political conference at New Richmond, last week, John Lubbers has announced his withdrawal as a candidate for county treasurer. This was done so as not to interfere with John Whitbeck's effort to secure the sheriff nomination.

The suit brought by M. D. Campbell of Martin against Prosecutor Fish to recover pay for services as a local-option detective was decided in the complainant's favor, in a Plainwell justice court, and Mr. Fish has taken an appeal to the circuit court.

Fennville Herald: David Stockdale, probate judge and "bell-sheep" of the Republican party in Allegan county, made this village a call Wednesday. He was here looking over the political situation and informs the Herald that the first county convention will be held at Allegan about April 23. David has just enough English blood in his veins to make him a good fighter and he doesn't propose to give up his "bell" this year without a mighty struggle. So if his opponents hope to elect A. F. Marsh in his place as county chairman and F. H. Williams as probate judge, they must expect to do some lively work.

The tug building at Saugatuck, in R. C. Brittain's yards for the Thayer Lumber Co. of Muskegon will be launched next week and taken to that place.

F. S. Raymond of Fennville has purchased from I. P. Griswold of Allegan the 70 acres, known as the Lyman Lamoreux farm, north of Fennville, for \$1,700. This gives him 170 acres there and he will make it an improved farm.

Editor Reid still has an occasional comment on his recent libel suit: Two more of those wonderfully made indictments in the United States courts have been quashed this week, and another will share the same fate presently. A more humiliating exhibition of incompetence on the part of Newham and Power could scarcely be made. In these, as in that of the editor of the Gazette, these fellows gravely inform the press that new indictments will be made, "so worded as to overcome all technicalities." That is what competent attorneys would have made in the first place. It is costing the country a pretty sum in taxes, this method of providing a legal education for the two dullards in the U. S. attorney's office; and it will fail, too, even at that, for it was long ago conceded to be impossible to make a whistle out of a pig's tail.

Gazette: The Standard Oil company has established a distributing station at Allegan. Four large tanks, holding 50 gallons each, and other fixtures have been put in just east of the Lake Shore depot. T. M. Cook is the representative of the company here. He has been furnished a very neat and convenient wagon. The company has expended about \$2,000 in getting ready.

Journal: A call was issued last week and in response a number of the sporting fraternity met last Monday afternoon to arrange and organize for a tournament to take place in Allegan June 18 and 19 next, to consist of bicycle racing, ball games, horse races, band contest and other sports. The organization was perfected by electing J. M. Killian president, W. S. Sherman secretary and F. E. Martin treasurer. Vice-presidents were elected as follows: Allegan, S. D. Pond; Oscego, G. E. Bardeen; Hopkins, Dr. Campbell; Martin, David Shepherd; Plainwell, E. J. Anderson; Dorr, J. E. Neumann; Fennville, C. E. Bassett; Holland, Geo. P. Hummer; Burnips Corners, Geo. Heck; Bradley, Arthur Deuel; Wauvland, J. A. Turner.

Manlius Republican nominations: Supervisor, John Lubbers; clerk, C. H. Hausaer; treas., H. Veedar.

A large skeleton was unearthed Tuesday from the bank of Hutchin's lake on the farm of Elisha Wells. It has the appearance of great age and is supposed to belong to the Indian race.

B. W. Ehle of Dorr has a pair of spectacles nearly 200 years old. They were worn by his wife's great great grandfather. The workmanship adds to their value as a curiosity, being very odd.

A Union caucus was held in Fillmore township last week, and the number of votes was 248, of which H. J. Klopman received 240 for supervisor; H. Henken, clerk; John Hecker, treasurer; G. Van den Belt, highway commissioner.

Martin T. Ryan, ex-editor of the Allegan Democrat, is dangerously ill.

A cannery factory, with a daily capacity of 5,000 cans of fruit, will soon be established at Casco.

The military company recently mustered into the state service as Company F, Fifth regiment, at Iron Mountain, has been named the Truesdell Rifles in honor of the mayor of the town.

On complaint of Deputy Game Warden Brewster three Howard City men were tried for killing fish with dynamite. They were caught picking up the dead fish, but the deputy could not prove that they killed them and they were acquitted.

### FIGHT OVER THE SPARROW CASE.

Michigan Insanity Commission Statute to Be Tested Thoroughly.

Lansing, March 28.—Miss Henrietta Sparrow, sister of E. W. Sparrow, the capitalist, was ordered removed to the Michigan asylum at Kalamazoo by Judge Cowles. A medical commission reported that she was suffering from paranoia and that the charges of cruelty made by the unfortunate woman against her brother and sisters were delusions. The case was appealed.

Lansing, March 30.—The sensational Sparrow insanity case has led to the raising of a question of the utmost importance and the supreme court will be asked for a decision in the matter. Miss Sparrow's attorneys claim the right to appeal to the circuit court and to a trial by jury, notwithstanding the fact that the medical commission provided by law has declared her insane. For this reason the probate judge has refused a demand for a commitment to an asylum and the supreme court will be petitioned for a mandamus to compel him to issue it. The claim is that these proceedings are held under a special act which provides for no appeal and that the general law providing that all decisions of the probate court may be appealed from is abrogated thereby.

### STAND BY THE REGULATORS.

Homeopaths Join the Boycott Against the Kalamazoo Hospital.

Kalamazoo, March 30.—The homeopathic physicians of this city have decided to stand by the staff of Borgess hospital, who resigned several days ago in a body. Saturday Dr. A. B. Cornell, homeopathist, was induced to take charge of a critical case for a day or two. After this, unless physicians can be imported, the institution will be boycotted completely. The doctors say they will either break the hospital or compel the removal of Rev. Frank O'Brien, of St. Augustine's Catholic church, who is blamed for the trouble. Bishop Foley is expected to reach the city in a few days to investigate the trouble.

### FATE OF A HERO.

Young Man Saves a Lady's Life, But Is Himself Drowned.

Olivet, Mich., March 30.—A party of students were skating on Pine lake when the ice broke through. A. M. Finney, of Chicago, was drowned. Miss Alberta Chapman, of Port Huron, was taken from the water after floating nearly an hour fastened to a rail. A board was secured and pushed through the ice, but not before Finney went under in a heroic attempt to save Miss Chapman. Finney's body was soon after recovered.

### Has Reached His Post.

Berlin, Germany, March 30.—Hon. Edwin F. Uhl, United States ambassador to Germany, with his family, arrived in Berlin Saturday afternoon, and was met at the Lehrte railway station by the entire staff of the embassy. The ambassador and his family were at once driven to the Hotel Kaiserhof. Mr. Uhl told a reporter that he and his wife had a splendid ocean passage, and that he was looking forward with keen interest to his sojourn in Berlin.

### Robbed of \$2,400.

Niles, March 28.—Masked thieves Thursday night entered the home of N. L. Sardam, aged 90 years, who lives near Paw Paw, and, after binding and gagging him and his son, ransacked the house, securing \$2,400. The thieves left their victims helpless, in which condition they were found Friday morning by neighbors. Sardam was robbed several years ago in a similar manner.

### Were Lovers Years Ago.

New Buffalo, March 26.—John L. Jones and Mrs. Melissa Brown were married near here. The groom is 90 and the bride 82. They were lovers 70 years ago, but circumstances intervened to prevent their marriage and they parted with vows to meet again in their old age. Both married, but death removed all barriers, and time at last brought them together in wedlock.

### Masonic Home Will Close.

Grand Rapids, April 1.—The Masonic home will close April 15 from lack of funds for its maintenance. The inmates now number 40, and their friends have been requested to make other provisions for them.

### VETERANS MEET.

State Encampment of the G. A. R. in Session at Saginaw.

Saginaw, April 1.—The grand army encampment department of Michigan convened here Tuesday morning. Department Commander Daboll's report showed that on January 1, 1896, the number of members in good standing was 16,766. Death removed 342 members from the rolls during the year 1895, and 4,253 were suspended for non-payment of dues. Six new posts were mustered in. Gen. Daboll recommended that the Sons of Veterans be admitted to membership in the posts as a means of perpetuating the order of the G. A. R. now obviously diminishing in number, owing to the inroads of old age.

The department is in good financial condition, having \$1,800 in the treasury. The Michigan department of the Woman's Relief corps met Tuesday afternoon. Department President Mrs. Emma E. Knapp's report showed that the membership of the department is 7,523, divided among 240 corps, 12 of which were admitted last year. The department is in good financial condition.

### MICHIGAN PEDAGOGUES.

Topics Discussed at Session of the Schoolmasters' Club.

Ann Arbor, March 30.—The meeting of the Michigan Schoolmasters' club closed here Saturday. In the morning "History" was the topic of discussion, and it was decided that American history ought to be a required part of every high school course. A committee was appointed to consult teachers of history all over the state and make up a list of books to constitute a uniform library of history for the schools of the state. The afternoon session of the club was devoted to "The Teaching of English Grammar and Its Place in the Curriculum." All existing text-books in grammar were warmly condemned by Prof. Hinsdale, of the University of Michigan, and others. The club voted to recommend to the state association of school superintendents that a uniform time for the spring vacation be adopted. Over 200 educators have been present at this semiannual meeting of the club.

### A JURIST GONE.

Death at Chicago of T. R. Sherwood, Ex-Chief Justice.

Kalamazoo, March 29.—Lyman M. Gates, guardian for Judge T. R. Sherwood, received a telegram from Chicago Saturday evening announcing Judge Sherwood's death, which took place in the afternoon. About four years ago Judge Sherwood went with his daughters to Chicago to reside. About five years ago the judge was stricken with apoplexy, which was the beginning of the illness which terminated as stated above. The stroke was immediately followed by paralysis of the brain. Judge Sherwood went with his daughter He had been a resident of Kalamazoo since 1852, with the exception of the last four years of his life. He was always prominent in political and judicial circles, and in 1883 upon a union ticket (democratic and national) was elected justice of the supreme court of the state. In 1888 and 1889 he served as chief justice, his term expiring December 31, 1889.

### Want Plowman to Remain.

White Pigeon, March 31.—The feminine portion of this village is in a state of mutiny over the removal of J. G. Plowman, who has been at the head of the Union school for 25 years. The matter has been carried into the churches and has reached a point where one-half the population of the village almost refuses to speak to the other half. The male portion of the citizens are almost unanimous for his removal, believing that a younger man should fill the place.

### Dr. North Found Guilty.

Jackson, Mich., April 1.—Dr. North, one of the most prominent physicians in this city, who has been on trial for the past week on the charge of having caused the death of Fannie Fox by performing an abortion, was Tuesday morning found guilty on the third count in the indictment, which charged him with having performed an abortion on the girl. The jury was out 15 hours. The case will be appealed.

### Has No Officers.

Niles, March 28.—The village of New Buffalo is without any town officers. When the elections were held two weeks ago the citizens of the village were unaware of the new election law recently passed by the Michigan legislature and forgot to nominate officers and hold an election. The citizens are in a dilemma, having no president, no justices; in fact, no rulers whatever.

### Fire at Coldwater.

Coldwater, March 31.—Pratt & Co.'s cutter factory caught fire from some unknown cause at 7:30 Monday evening. ### Children Will Get the Estate.

Lansing, April 1.—The supreme court has, in a unanimous opinion, sustained the judgment of the Wayne circuit court, declaring invalid the will of Ferdinand C. H. Rivard, of Grose Pointe, who died in 1892, leaving an estate valued at nearly \$50,000. He practically disinherited five of his children.

### Who Are Entitled to Vote.

Only those are electors who are citizens, either by birth or naturalization in full, and have resided in the state six months and in the township or ward twenty days next preceding the election. To this there is only one exception, to-wit:

The voting by aliens, on first papers so-called, has been done away with, unless such papers were taken out prior to May 8, 1892 and unless such alien was also a resident of the state at that time.

No alien, who came here as a minor, can vote, unless his father was a full citizen at the time such minor became of age.

An elector who has changed his residence from one township or ward to another since March 16, cannot vote on Monday.

The residence of an elector not being a householder, shall be deemed to be in the ward in which he boards or takes his regular meals.

The required qualifications of an elector have been embodied in the last legislature in the oath that is to be administered on election day to every man whose vote is challenged.

Unless an elector can truthfully take either of the following oaths, he is not entitled to vote:

You do solemnly swear that you are twenty-one years of age, that you are a citizen of the United States, that you have resided in this State six months, and in this township (ward, or voting precinct, as the case may be) twenty days next preceding this election, and that you have not voted at this election; or

You do solemnly swear that you are twenty-one years of age, that you resided in this State two years and six months prior to the eighth day of November in the year one thousand eight hundred and ninety-four (May 8, 1892), that you declared your intention to become a citizen of the United States, pursuant to the laws thereof, two years and six months prior to said eighth day of November (May 8, 1892), that you have resided in this township (ward, or voting precinct, as the case may be) twenty days next preceding this election, and that you have not voted at this election.

### The Week.

Relatively speaking the week has been a quiet one—considering it was the week before election. Matters and things resumed a normal attitude municipally, and all indignation, natural and inflated, seems to have worked off without additional hurt to any one, the last installment obtaining vent at the public meeting on Thursday evening. With our caucuses all held and nominations all made, and a clean calendar in justice's court, we are now passing through the last stages of the local canvass, with "the trunk of the animal in sight."

The Democratic caucus, for the nomination of city, district and ward officers, held on Friday evening, by the time it was held had lost pretty much all of its original flavor, and descended into what might be termed "the opposition," with whatever this implies. The evolution process by which this transformation was established was gradual and mutual.

The original call issued by the Democratic committee was evidently bona fide. It read as follows:

"We most earnestly request the presence of all Democrats, irrespective of the different views they may have on national questions."

Candor demands a similar admission as regards our friends the Populists. Their first appeal was straightforward and in behalf of "the cause."

"For the purpose of nominating a full ticket for the ensuing election. All friends of our cause are cordially invited to participate."

All this however was prior to the anti-Mascot demonstration and horse-whipping on Saturday evening. No sooner had it become evident that the excitement and indignation produced thereby might be turned to good account against our leading officials, Mayor Diekema and Marshal Van Ry, both of whom were known to be candidates for re-election, but what "views on national questions," and "the cause," and party integrity were forsaken and shelved, and from the head quarters of both organizations, Democrats as well as People's party, came the fusionist blast announcing an entire change of front.

First on the program was the appeal from the Populists, issued the day prior to the holding of their convention:

Be it known, To all Populists and all law-abiding citizens of Holland, that the People's Party city committee has

Resolved, To co-operate with the Democratic party of Holland in their canvass to be held Friday evening, March 27, at the Opera House, to nominate candidates for the various city offices, who, if elected, will serve the people of Holland to the best of their knowledge and ability and uphold the city charter.

The committee invites every voter to aid in said canvass to place men in nomination regardless of party politics, who dare to do right and look in disgust and indignation upon the late mob and lynching outrage which has disgraced the name of our fair city. THE COMMITTEE.

Dated Holland, Mich., March 25, 1896.

This offer at capitulation by the Populists was promptly met half-way by the Democratic committee, who on the next day, on the eve of the assembling of their caucus, placarded the streets with the following reciprocal appeal as notice that all would be welcome and no questions asked:

"All voters, regardless of party affiliations, who are in sympathy with law and order, are urgently requested to attend. Let us make these caucuses Democratic in name only."

THE COMMITTEE.

In name only!

Never mind "the cause." Here's an opportunity to defeat Diekema and Van Ry.

The entire transaction, in its inception and purpose, is so patent on the face of it that as will be noticed from the above appeals the men that are parties to it even neglected to affix their signatures to the calls, and shielded themselves behind the irresponsible term of "committee."

On the issue thus made we will abide the result of Monday's verdict.

"In name only!"

The convention having been called to order by Mr. F. Jonkman, Geo. P. Hummer was elected chairman and Herman Damson secretary. There was an attendance of fully 200, and on some offices it took several ballots to reach a choice. James De Young on the first ballot for mayor received a majority. He at first declined to accept, giving as his reason that inasmuch as there was a prospect of electing an opposition candidate this year the convention should select a candidate that has the confidence of the people. Later on however Mr. De Young signified his willingness to accept.

The other nominations are:

Marshal—John C. Dyk.  
Treasurer—Henry Van der Ploeg.  
Justice—William J. Scott.  
Supervisors—1st dist., Wm. Swift; 2nd dist., Johannes Dykema.  
Aldermen—1st ward, Fritz N. Jonkman; 2nd, Jacob W. Fleman, 3rd, I. H. Fairbanks; 4th, R. H. Habermann; 5th, Peter Siersema.  
Constables—1st ward, Gerrit Kamper; 2nd, Jacob De Feyter; 3rd, Antonie Sieteket; 4th, John C. Dyk; 5th, Cornelius L. Kuite.

The new city committee consists of the following: 1st ward, L. T. Kanters, J. P. Ogge; 2nd, Fred. H. Kamferbeek, I. Goldman; 3rd, Roy Stevenson, John Oxner; 4th, A. Toppen, Ben. Van Putten; 5th, P. Siersema, A. Johnson. I. Goldman was elected chairman and A. Toppen secretary.

The trial of the respondents in the Sooter assault and battery case had been adjourned until Thursday. Wednesday evening, all the parties being in court to select a jury for the morning, Prosecuting Attorney Visscher, in behalf of The People, announced that upon due inquiry he had failed to obtain evidence sufficient to hold one of the respondents, Mr. J. Hadden, and asked that he be discharged. It was so ordered. The other four thereupon plead guilty, and were each fined \$15 and costs \$2.50. Before sentence was passed the counsel for the defense, J. C. Post, produced in court the manuscript sent in to the Grand Rapids paper by the young man Frank A. Sooter, over his signature, containing items reflecting upon parties in this city, and which items had appeared in the paper. Frank admitted both the authorship and the sending in. Counsel for the defense advanced this as cause for provocation, asking that it be considered in determining sentence. The respondents were given until the following morning to pay their fine or take the alternative of thirty days imprisonment, when they declined to appeal their case to the circuit court, filing the required recognizance for their appearance in the sum of three hundred dollars each, with two sureties.

The closing act but one in the local drama was the public meeting Wednesday evening, held pursuant to call by the Mayor, at the instigation of those who desired to give tone and formality to their already well-known indignation. After a few opening remarks by the burgomaster Supervisor Kerkhof was called to the chair. He referred to the proud position our city was assuming among her sisters in the state, and that in the proceedings of the evening we should be actuated with malice towards none and charity to all, remembering that "in unity there is strength."

On motion of Mayor Diekema a committee of five was appointed to prepare and submit suitable resolutions for the consideration of the meeting. As such the chair appointed Wm. Brusse, A. Visscher, J. F. Van Anrooy, J. W. Bosman and Henry Hidding.

While the committee were out, the meeting was addressed by ex-mayor Cappon, Mayor Diekema, Prosecuting Attorney Visscher and others, at the close of which the committee reported the following resolutions, which were adopted without an opposing vote:

WHEREAS a reproach has been cast upon the fair name of the city of Holland and on its citizens, by the law-defying action of a few of our citizens in publicly seizing and tying to a post on one of the principal streets of the city one of our young men and then causing him to be whipped by two masked women; and

WHEREAS it has been published in the daily press that the citizens of Holland stood by and looked on; now therefore

RESOLVED, that we, the People of Holland, in public meeting assembled, while condemning the young man in corresponding for an obscene paper and vilifying some of our citizens, we hereby express our condemnation and disapproval of mob law, in whatever form it may appear, and our satisfaction that the parties have also been meted out by due process of law the punishment they so richly deserve.

RESOLVED, That these resolutions be printed in all of our city papers.

The meeting though largely attended was only in part a representative one, many of our citizens feeling that they had had just about enough of this affair. Nevertheless we are inclined to think that on the whole it has done some good. Several inquiries were made, part of them bona fide, bearing up in the relations some of our officials sustained towards the affair in question, and in most instances the replies were satisfactory and convincing.

Towards the close of the meeting, Prosecuting Attorney Visscher after having explained that the nature of the horsewhipping transaction admitted of no other complaint than that of assault and battery, gave the meeting an interesting chapter in the history of the recent arson cases, and the manly course of Marshal Van Ry in connection therewith. It appears that in recognition of the efficient services rendered in apprehending our fire bugs, the insurance companies were ready to tender to Mr. Van Ry a handsome reward of several hundred dollars. The latter however declined to accept the generous gift, not so much because he did not want his services in this matter discounted by a mercenary consideration, as for the tendency it had of weakening his testimony at the trial. For the success of the case in court Mr. Van Ry preferred to appear before the jury as a public officer in the discharge of his duties, rather than by implication as a paid detective of the insurance companies. This piece of information, which was new to our citizens, was received with a marked demonstration of appreciation.

Justice Van Schelven, being requested to explain his action with regard to the sentence imposed by him, some considering it as rather light, stated that the discretion to be exercised by a magistrate under such difficult circumstances as these, was not a matter to be reviewed before a mixed audience. The second sober thought of the community was relied upon in vindication of his action.

The disgusting feature of the meeting was the brazenness of Tiem Slagh, the convicted incendiary, in his attempted onslaught upon Marshal Van Ry.

### The Coopersville Accident.

The Observer gives the following details of the shocking railroad accident by which Bessie, the six-year old daughter of Mrs. Ira Swifink was killed on Monday of last week:

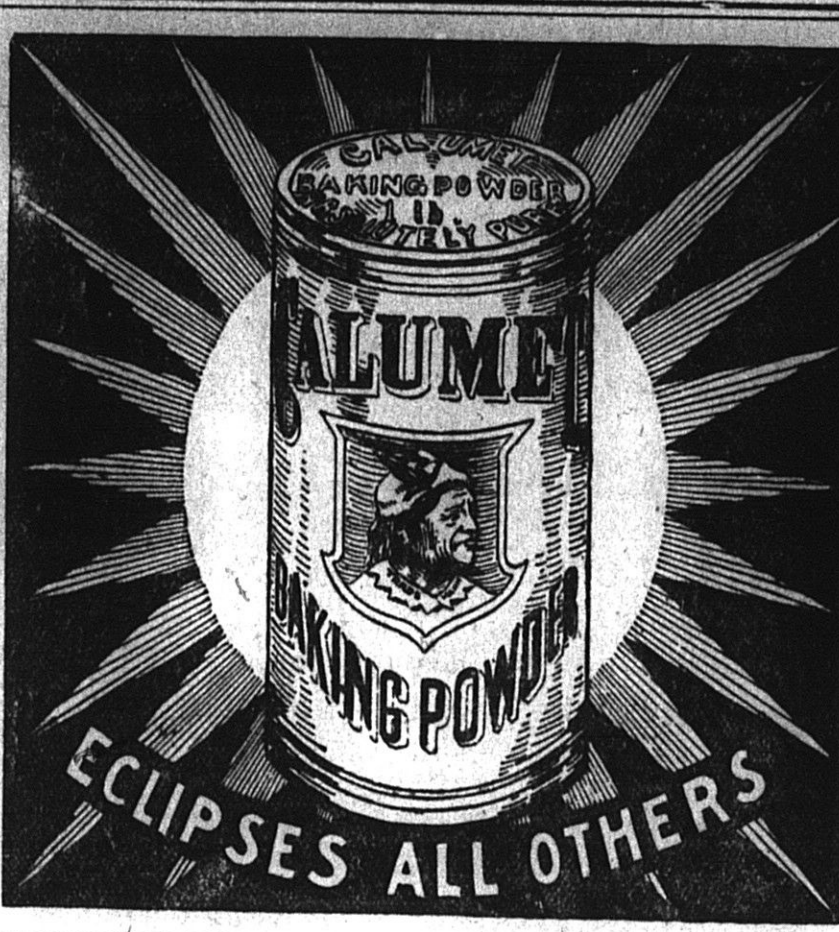

A special freight train was passing through the village at 3.30 p. m., as Bessie attempted to cross the track at the Eastmanville street crossing. She was struck by the engine, thrown about fifty feet, and sustained injuries which resulted in her death about three hours after. The child was picked up and taken to the Maxfield House, where Drs. Meengs and Walling examined her, and found that the left side of the skull was fractured, and that there were no hopes for her recovery.

The girl was on her way home from school, it being her first day there, and in crossing the track evidently did not realize the approach of the train until too late to get out of the way. Eyewitnesses of the affair state that she hesitated as though undecided what to do. The end of the plot, beam struck her with such force that she landed in front of Peck's mill.

The death of the child is a sad blow to the mother, who is a widow in destitute circumstances. She lost her husband about two months ago, and had moved to town since his death.

The last act of kindness shown the child was by her teacher, Miss Cassa Griffin, who pinned a piece of paper containing her first day's work upon her dress, which the child was anxious to show to her mother.

The funeral was held Wednesday afternoon in the Reformed church, Rev. Bruins officiating in the Holland and English languages, and was largely attended.

#### That Ribbon Sale.

J. Wise is so tired out measuring ribbons this past week, that he intends going to Chicago next week for recreation, and will at the same time look up some new spring goods. The crowd was so large at the sale that they could not all enter the store and the doors had to be locked. This goes to show the Bee Hive does what it advertizes.

### LIKE OLD FOLKS.

LITTLE TOTS WANT COFFEE FOR BREAKFAST.

"Please let me have a little cup of coffee to break my doughnuts in—you have and why can't I?" It is hard to refuse the cute little folks, even when we know that coffee and tea are injurious beyond a doubt, for hot coffee and sweet bread and butter or doughnuts taste so good for breakfast. A physician has discovered a method of preparing grains so as to produce a beautiful drink, an exact fac-simile of the finest Mocha coffee and fattening and nourishing. It fits a place with weak stomachs and for the little folks' coffee. The coffee habit can be dismissed instantly when the new food drink is used in its place, and health is assured because of the fact that it is made only of pure and wholesome grain. "It makes red blood" is the motto and Postum is the name. Grocers sell it and it is made by the Postum Cereal Co., Limited, Battle Creek, Mich.

A reliable grocer will never offer a cheap or weak imitation of a genuine original article because he happens to make a little extra profit. But it is well to observe that when genuine Postum Cereal coffee is ordered, that you get Postum and not a spurious imitation offered as "just as good."

"To the Honorable Board of Education of Chicago, Ill.—Ladies and Gentlemen:

"Whereas, The fundamental laws of Illinois require in the public schools instruction in that religion, morality, and knowledge which is necessary to good government and the happiness of mankind; and

"Whereas, These laws specify the Bible as the book containing the primary elements of that religion and morality; and

"Whereas, Portions of the Bible have been and are read as an opening exercise in public schools, with no tendency toward the disturbance of the constitutional relations of church and state, in New York, Brooklyn, Boston, Philadelphia, and throughout the country generally;

"Therefore we respectfully petition your honorable body to have a brief portion from the Bible or from a book of Bible selections, read without note or comment as an opening exercise in the schools under your jurisdiction.

"By thus respecting the book recognized as sacred by the laws of the United States and other enlightened nations you will faithfully discharge your duties as officers of the government, comply with the wishes of statesmen, educators and citizens, and provide for the public schools of Chicago the greatest improvement within your power to bestow."

## OUT OF HIS WAY.

BUT IS BEING LED BACK

Editor Stowe of the Michigan Tradesman climbs on the Food Commissioner for his comments on the price of Postum Cereal. Postum was shown by the Commissioner's report to be highly nutritious, but he claimed it was sold for too much money. In his public retraction he states that "no account was taken of the cost of manufacture or the skill and knowledge required in its preparation and many other items of expense necessary to advertise and put the same upon the market." The Chairman of the Postum Cereal Co. of Battle Creek offered to furnish the Commissioner and his state analyst with the Cereals that Postum is made of, and then offered them \$1000.00 if they could make it. He stated that a year had been consumed in systematic experiments to produce a choice and delicious beverage of the pure grains, and no fear was entertained that any one could copy the methods employed in treating the grains by various forms of cooking to give the result.

Epicurians, who are denied berry coffee because of the serious effects on their health, demand a palatable grain Coffee, and Postum seems to fill the need.

Editor Stowe says:

In the name of common fairness and ordinary decency, the Tradesman feels disposed to call a halt. The Food Commissioner was created for the purpose of detecting and punishing adulterations in food. Nothing in the law which created the office authorizes the Commissioner to go out of his way to take up the cause of the consumer against the manufacturer, or take up the cause of one manufacturer against another manufacturer, solely on the ground of economy. Unless the articles are adulterated or sophisticated in such a way as to cheapen them in point of food value, the Commissioner has no business to interfere discloses very plainly, the fact, which the Tradesman has maintained all along, that Mr. Storrs is not a proper person to hold the position of Food Commissioner and that his administration of the office will not only bring disrepute upon him but upon the State as a whole.

There is a principle at stake which Mr. Storrs ought not to, and must not, violate, and the Tradesman will be very much mistaken if his action in the premises is not universally condemned by people who love fair play and believe that the man who invests money in a trade mark and in printers' ink, in creating a demand for a meritorious article, has an investment which is just as sacred as though his property were in lands and chattels."

# why?

Why wear wool?  
To keep out cold? No.  
To keep in heat.

If the body is supplied with plenty of fresh air—oxygen—and proper food, it will generate sufficient warmth to protect you on the coldest day—**Scott's Emulsion of Cod-liver Oil**, with Hypophosphites, is the best warmth-food. Thin people, people with poor blood who are easily shaken by a cold wind take Scott's Emulsion and it makes good blood, improves the appetite, increases flesh, furnishes bodily warmth, and prevents the ill results from colds, coughs, and exposures.

SCOTT'S EMULSION has been endorsed by the medical profession for twenty years. (Ask your doctor.) This is because it is always palatable—always uniform—always contains the purest Norwegian Cod-liver Oil and Hypophosphites.

### Nervous Prostration

Cured by Dr. Miles' Nervine.

Prolonged derangement of the nervous system not only affects the brain and mental powers, but develops disease in some of the vital organs. The most dangerous of these indirect results is when the heart is affected. This was the case of the Rev. N. F. Surface, Fawn River, Mich., who writes under date of Feb. 14, 1895:

"Fourteen years ago I had a slight stroke of paralysis. Overwork brought on nervous prostration. I was exceedingly nervous and the exertion of public speaking caused heart palpitation that threatened my life. I used two bottles of Dr. Miles' New Heart Cure for my heart trouble, and two of Dr. Miles' Restorative Nervine for my nervousness and feel better than I ever expected to feel again. I can speak for hours without tiring or having my heart flutter as it formerly did, and I have you to thank that I am alive today."

## We Must Repeat

When Everybody Tells the Same Story.  
How Can It Be Otherwise?

It is hard to say new things about Doan's Kidney Pills. They cure the lame and aching back, the sufferer from kidney disorders, and troubles of him or her whose urinary organism is wrong in its action. That they do this is so easy to prove that not a vestige of doubt should remain in the mind of anyone. Surely one can believe one's neighbor more quickly than a stranger; therefore, one should believe a citizen of Holland before one in Chicago. At any rate, 'tis easy to find out the correctness of this statement. Listen to what a Holland man says. Our representative called on Mr. N. D. Askins and this is what he said:

"I had that form of kidney disorder which the doctors have said was lumbago. I have suffered very much from it for the past year. The pain was seated in the small of my back and would run down into my hips. During last year I was frequently so bad I had to discontinue my work and lay up for days at a time. The pain would be so intense I could hardly move, and did not seem to be able to get in any position that I was easy. I was in this condition when I heard about Doan's Kidney Pills; was unable to work at the time, and I thought they might possibly do me good, so I got a box at Doesburg's drug store and commenced to take them right away. It was not long before I was able to be at work again; the pain was all removed from my back and has not reappeared since. I feel that I cannot speak of Doan's Kidney Pills in terms any stronger than they deserve."

## TO LINK THREE TOWNS.

Kalamazoo, Battle Creek and Lansing to  
Be United by an Electric Road.

Chicago, Ill., March 28.—By a sale closed by Chicago officers of the General Electric company, the longest electric railway in the world is assured. The sale was to a syndicate of capitalists in Battle Creek and Kalamazoo, Mich., and consisted of the electric street car line of Kalamazoo. The buyers already own the plants at Battle Creek and Lansing, Mich., and will connect the three towns. This will make a straightaway line of 75 miles. An additional spur three miles long will be built to Gull Lake, the largest inland lake in Michigan and a popular summer resort. The company will equip the line in the most modern style known to the electric world and the General Electric company is already figuring on some of the appliances. The main points sought are to have it a high speed road and to this end a 65-pound "T" rail will be used. The line will be a strong competitor of the Michigan Central in the carrying of passengers, mails and light express.

The leading spirits in the enterprise are Maj. L. M. Downs, a capitalist of Battle Creek, and F. N. Rowley, cashier of the First national bank of Kalamazoo. Their associates are J. B. Wyckoff, L. M. Gates, J. W. Osborn, D. B. Merrill and E. E. Downs. Several of them are practical railroad men.

It is understood that all of the contracts for construction are to be placed in Chicago. The rails are to be furnished by the Illinois Steel company, the cars will probably be built by the Pullman or Wells-French company, and the General Electric company will submit figures on electrical supplies.

An electric line 20 miles long, running from Saginaw, Mich., to a suburb, has just been equipped by the General Electric company. A speed of 40 miles per hour is guaranteed.

## ENDS HIS LIFE.

Cleveland Commission Merchant Kills  
Himself in Detroit.

Detroit, March 30.—William E. Striebing, a commission merchant, whose place of business is at No. 29 Euclid avenue, Cleveland, committed suicide Saturday night. He was found dead in a room in the Randolph hotel Sunday afternoon. He left a note addressed to his wife, in which he bade his family good-by, after stating that he had spent all his money in speculation. He poisoned himself by swallowing some powders, the remains of which were found by his bedside. Three pawn tickets and 15 cents were all of value that were found in his pockets.

## Suits Against Michigan Roads.

Grand Rapids, March 27.—Foreclosure suits were begun in the United States court against the Detroit, Lansing & Northern, Lansing & Grand Rapids and Saginaw & Western railroads. The suit is begun by George W. Weld, et al., all Boston holders of the trust mortgages, and it is the first step in the radical reorganization of the Detroit, Lansing & Northern system, which has been contemplated for the last three years. The mortgage bonds against the Detroit, Lansing & Northern, on which the suits are based, aggregate \$1,150,000, and those on branch roads bring the total up to about \$2,225,000. The bill asks for the appointment of a receiver.

## Arrays Wife Against Husband.

Kalamazoo, April 1.—Marcellus, the little village in Cass county which is run almost entirely by women, is greatly excited over the action of the school board, which is also composed of women, in removing Principal Schoelz, of the Union school. The male portion of the population held an indignation meeting, at which the husbands of the offending trustees were present and took active part.

## Will Accept Payment in Checks.

Bay City, Mich., April 1.—The strike at Wheeler & Co.'s big shipyard, in which 1,600 men were involved, is practically ended. Enough of the men returned to work Tuesday morning to start the works running, and the big institution is working about as usual. The men will accept checks instead of cash for wages and the company gives this point.

## A Double Funeral.

Niles, March 27.—The funerals of "Aunt Betsy" Flynn and her nephew, J. L. Flynn, who died the same day, were held in St. Mary's Roman Catholic church Thursday. The priest's sermon was preached over the remains of both, and at Notre Dame cemetery the bodies were consigned side by side to their last resting place.

## Ferries Will Run Again.

Menominee, March 28.—Official notification has been received at the Ann Arbor railroad office in this city that the Frankfort, Menominee & Gladstone car ferry route will be opened in a few days. The ice in the bay is getting rotten and there will be little or no trouble for boats to reach this port.

## An Honest Man's Story.

GREENVILLE, PA., Jan. 23, '96.

DEAR SIR:—Thank God there is a medicine that will cure catarrh. Mr. Pretzinger I used your sample box of catarrh which you sent me. The first night I used it it helped me. May God bless you for your kindness. I used the little box you sent me and about half of a 50 cent jar. They kept it in Chambersburg. I have told a great many people about your medicine. Hon. Squire Britton, brother-in-law to me, is using it; he says it is helping him very much; he has catarrh very bad. Mrs. C. D. Ludwig, daughter of me is using your medicine. I use it in the evening before retiring to bed and am feeling better now than I have for the last five years. My head is clear and I have more energy for work and my business. Before I used your medicine I felt many a time that I did not care whether I was living or dead; I had no energy; I didn't care for anything. I had catarrh over sixty-seven years; mother had catarrh and it turned into consumption; she died in her sixty-fourth year. I have a farm up at Strasburg, seven miles from Greenville. On nice days I drive up the farm and work. Mr. Pretzinger I think it would pay you to have I put in all Franklin County papers as I am a reliable, honest man, so the people say, middling well acquainted over the County.

Yours truly,  
GEO. K. ZOLLINGER.

A small sample can be obtained by sending a 2c. stamp to Pretzinger Bros., Chemists, Dayton, O.

"For three years I suffered from salt Rheum it covered my hands to such an extent that I could not wash them. Two bottles of Burdock Blood Bitters cured me." Libbie Young, Popes Mills, St. Lawrence County, N. Y.

## Wine For Weakly Persons.

Weakly persons use Speer's Port Grape Wine and the Unfermented Grape Juice because it gives tone and strength to the system. It is superior to all other wines.

"I was run over by a lumber wagon. Did not expect to live. Was terribly bloated. My friends bathed me with Dr. Thomas' Electric Oil, and I was cured. We have a great faith in Thomas' Electric Oil." Mrs. Wm. F. Babcock, Norvell, Jackson Co., Mich.

## Climax Brandy of Grape.

This superior vintage of 1876 Brandy, introduced by the Speer N. J. Wine Co., is highly spoken of by physicians. The following testimony from the Baltimore Medical College is one among many:

"I am prepared to bear testimony to the value of your Climax Brandy predicated upon the ascertained value of your productions, and not from general reputation merely."

"H. L. BYRD, President."

Try M. Notier's 16 c. Coffee. It's a good one.

## CASTORIA

for Infants and Children.

## MOTHERS, Do You Know

that Paregoric, Bateman's Drops, Godfrey's Cordial, many so-called Soothing Syrups, and most remedies for children are composed of opium or morphine?

**Do You Know** that opium and morphine are stupefying narcotic poisons?

**Do You Know** that in most countries druggists are not permitted to sell narcotics without labeling them poisons?

**Do You Know** that you should not permit any medicine to be given your child unless you or your physician know of what it is composed?

**Do You Know** that Castoria is a purely vegetable preparation, and that a list of its ingredients is published with every bottle?

**Do You Know** that Castoria is the prescription of the famous Dr. Samuel Pitcher.

That it has been in use for nearly thirty years, and that more Castoria is now sold than all other remedies for children combined?

**Do You Know** that the Patent Office Department of the United States, and of other countries, have issued exclusive right to Dr. Pitcher and his assigns to use the word "Castoria" and its formula, and that to imitate them is a state prison offense?

**Do You Know** that one of the reasons for granting this government protection was because Castoria had been proven to be absolutely harmless?

**Do You Know** that 35 average doses of Castoria are furnished for 35 cents, or one cent a dose?

**Do You Know** that when possessed of this perfect preparation, your children may be kept well, and that you may have unbroken rest?

Well, these things are worth knowing. They are facts.

The fac-simile signature of *Sam. H. Pitcher* is on every wrapper.

Children Cry for Pitcher's Castoria.
