Joseph Pino has leased for five years the Bristol, a lodging house for men. He took possession Tuesday and will make a number of improvements.

At the annual parish meeting of Grace church held Monday evening the following were elected members of the vestry for the ensuing year: O. P. Kramer, W. R. Stevenson, S. C. Lapish and W. J. Olive.

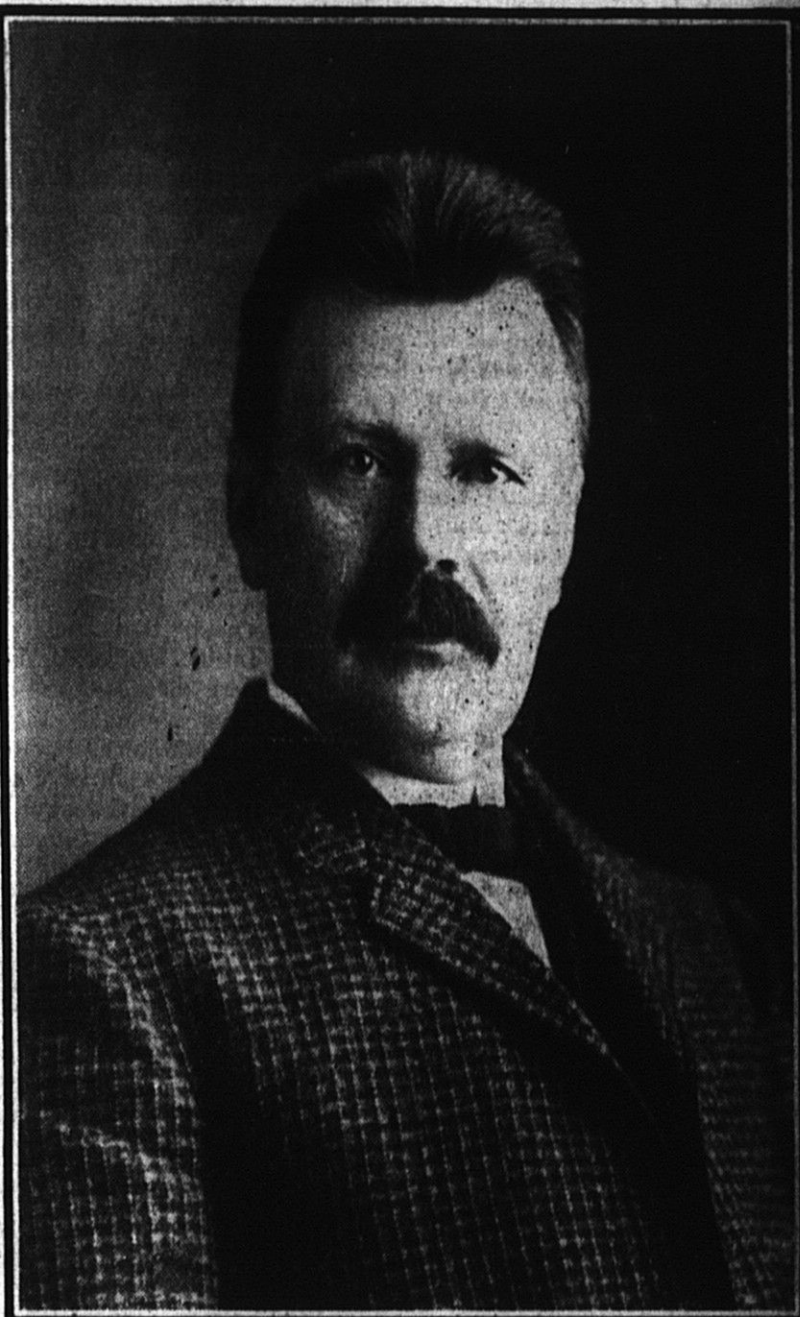

Peter Maas has sold his grocery store on Land street to Derk Waander. The former has sold a forty acre farm in Filmore to Jacob Rookus of this city, who will move there in a short time.

The funeral of Mrs. Clyde Welton, who was killed by lightning last Tuesday in Robinson, was held Friday from the late home and at 2 o'clock from the school in District No. 1, Olive.

Hunters are having good luck shooting geese, five having been shot by J. W. Visscher and his son Saturday. Wm. Thomas shot one Tuesday morning near Harlem, and there are reports from other quarters that many hunters are having fine sport on the marshes where the geese congregate.

F. A. Cady, a former member of the Life saving crew, states that his services were wanted at South Haven this year, and that he could have returned to the service did he so desire, but he has a more lucrative job working for F. O. Pratt in this city, and he prefers his present work to life saving service.

Henry Timmerman, aged 79 years, died at his home west of Overisel last Saturday. He is well known in the vicinity in which he lived, being one of the pioneers there. He has been a prosperous farmer. The funeral services were held Tuesday at 1 o'clock from the house and 2 o'clock from the Reformed church, Rev. G. J. Hekhuis officiating.

HON. G. J. DIEKEMA nominated by the Republicans of the Fifth District.

WHY WILL YOU

cling to your worn-out watch when good watches are cheap? If you have a good case and a worn-out movement, we can put in a new movement. If the movement is good and the case is wornout, we can supply you with a new case, and the price will be right. Whatever your watch needs we can take care of it and do it right. See our window.

CITY AND VICINITY.

Thirty-two marriage licenses were issued during March by the county clerk.

Harry Plumber of Ganges has been employed by the U. S. Express Co.

Cornelius Wabeke has excepted a position in a sugar factory in Riverdalu, Ill., and left for that place Monday.

Nick Dekker has accepted a position in the hardware store of M. Looyengood, now of New Era, but formerly of this city. Mr. Dekker and his family will reside there.

The Holland Veneering company has had its business increased so much that it had to move into larger quarters. The factory is in a very flourishing condition.

Dr. S. O. Mast, professor of biology at Hope College, is spending the week of Spring vacation at Ann Arbor. At a meeting of the Schoolmaster's Club, he was elected chairman of the biology conference. He gracefully presided over the conference at which some valuable scientific papers were read.

The township of Allegan has purchased two voting machines that were used at the polls last Monday. They worked most satisfactorily and seemed to do better service than the old system. Very little difficulty was experienced, the only noticeable result being that there were fewer split tickets than with the Australian system.

A roadmaster of the Pere Marquette railroad, William E. Pepper, aged 48 years, died Monday in a hospital in Chicago. Cancer of the stomach with which he has been troubled for several months was the immediate cause of his death. Deceased is survived by several children living in Ashmore, Ill. Mr. Pepper was roadmaster on the Holland-Chicago division and has been with the company about a year.

Crockery township and Nunica have been strictly in the limelight as regards criminal happenings and scandals the past few weeks and the township has been receiving considerable notoriety. It is funny how these waves of criminal happenings strike the rural townships. A few years ago it was Chester township that had the unwelcome notoriety. Then came Zeeland with a dozen or more cases and now it is Crockery's turn.

Dr. J. Mersen, health officer, spoke Monday afternoon at a meeting of the public school teachers shortly after 4 o'clock. His subject was "School Sanitation and Contagious Diseases." Dr. Mersen believes in the efficiency of education in bettering the public health and such talks as these prove especially valuable.

Jenison Park is being cleaned up for a busy amusement season. It will be some five or six weeks yet before the weather is liable to be warm enough for the opening of the park. In the meantime all the necessary repairs and improvements will be made, so that citizens of Holland will have a beauty spot to cool off in.

Miss Kathryn Pessink, a graduate of the preparatory department of Hope college, and at present attending the music department, has been offered a position as soprano soloist in one of the prominent churches in Cincinnati, Ohio. Miss Pessink has gained a wide local reputation as one of Holland's sweetest singers. She has appeared at almost all the public entertainments of the music department and is a member of Hope church choir.

The Holland life saving crew assumed their duties Monday. Everything is in fine shape at the station, all the improvements and repairs having been completed. The new captain of the crew, Jacob Van Weelden, started to drill his men energetically, and this drill will be kept up, so that the efficiency of the crew may be at the topnotch of excellence. The members of the crew are: Robert C. Smith, John VanRegenmorter, Wm. Swarthout, Lawrence Haas, Jas. D. Keltie, Rigo Kerschner and Charles Peterson.

The wholesale slaughter of pickeral in the drain ditches and ponds north of the city, which has made angling sportsmen anxious for this summer's sport, is due largely to the low water in the drains. In other years the fish were able to get back to safety before the water was low enough to make the knight of the spear dangerous. But this spring the water receded very early leaving the fish exposed in the low water. The fishermen have taken advantage of these conditions and have made some amazing catches. The spearing of fish is a sport especially appreciated in the rural districts, and goes far toward working off the spring fever. This spring's slaughter seems to show that the fever is especially severe.

Gibson News.

Mrs. Boeve and children and a friend arrived here last week from Wisconsin to join Rev. Mr. Boeve who has been living alone the past five weeks on C. Peterson's farm which they now have charge of.

Walter Easter and Henry and John Klompars brought home a fine pickerel and a duck from Gilligan Lake last Saturday.

Ray and Albert Hoadley went goose hunting early one morning along the beach and had the good luck of getting two.

A fine literary program was enjoyed last Friday evening by the lovers of wit and music. The G. L. S. gave the last program of the season and it was interesting from start to finish. The following selections were given: "Western Trip" by Miss Nelson; "Australia Trip," Mr. Bennett; "Life in the Lumber Camps," W. Hoadley; phonograph music, Chas. Hoadley's phonograph being used; "How Sandy Cheated His Little Brother," Miss Anna Sundberg; debate—"Resolved, That it is more profitable to purchase goods from wholesale house in Chicago than from our local merchants and agents." Affirmative, Mr. Nelson and Miss Tina Peterson; negative, Mr. Gillette and Dr. Methven. It was a long meeting but all went home well pleased.

Vinol's Reliability

Prominent Physicians Join With Mr. De Pree in Recommending Vinol.

Countless physicians and druggists are now prescribing and endorsing Vinol as the most valuable cod liver oil preparation known to medicine, and it is fast superseding all other forms of cod liver oil and emulsions.

A prominent physician writes: "I am satisfied that Vinol derives its wonderful life-giving and strength-creating power from the medicinal curative elements found in the cod's liver. It is the best strength creator and vitalizer for old people, weak women, children and the convalescent that I ever saw."

Another physician writes: "I could cite many cases where health has been restored in a surprisingly short time by Vinol. I should be very sorry to have to do without Vinol in my practice. It has no equal for hard colds, throat and bronchial troubles."

Now, when we tell you that we have never sold in our store a remedy of more remarkable curative and strength-creating power than Vinol, for the weak, the sick and the aged, and that, if it fails to accomplish what we say it will, we will refund your money without question, it shows you our faith in the preparation.

Try Vinol on our guarantee, Con De Pree & Co. Druggists.

NOTE.—While we are sole agents for Vinol in Holland, it is now for sale at the leading drug store in nearly every town and city in the country. Look for the Vinol agency in your town.

Doing Business Again.

"When my friends thought I was about to take leave of this world, on account of indigestion, nervousness and general debility," writes A. A. Chisholm, Treadwell, N. Y., "and when it looked as if there was no help left, I was persuaded to try Electric Bitters, and I rejoice to say that they are curing me. I am now doing business again as of old and am still gaining daily." Best of all tonic medicines. Guaranteed by the Walsh Drug Co. 50c.

Bitten by a Spider.

Through blood poisoning caused by a spider bite, John Washington of Bosqueville, Tex., would have lost his leg, which became a mass of running sores, had he not been persuaded to try Bucklen's Arnica Salve. He writes: "The first application relieved, and four boxes healed all the sores." 25c. Guaranteed at the Walsh Drug Co.

The Price of Health

"The of health in a malarious district is just 25 cents; the cost of a box of Dr. King's New Life Pills," writes Ella Slayton, of No. Ark. New Life Pills cleanse gently and impart new life and vigor to the system. 25c. Satisfaction guaranteed at the Walsh Drug Co.

Every woman appreciates a beautiful complexion, so much desired by men. Such complexions come to all who use Hollister's Rocky Mountain Tea. 35 cents, Tea or Tablets.—Haan Bros.

Time Is The Test.

The Testimony of Holland People Stands The Test.

The test of time is what tells the tale. "A new broom sweeps clean," but will it wear well is what interests most. The public soon finds out when misrepresentations are made, and merit alone will stand the test of time.

Holland people appreciate merit, and many months ago local citizens public endorsed Doan's Kidney Pills; they do so still. Would a citizen make the statement which follows unless convinced that the article was just as represented? A cure that lasts is the kind that every sufferer from kidney ills is looking for.

Mrs. F. Brieve, living at 60 West First street, Holland, Mich., says: "My husband suffered from kidney trouble, had backache and soreness and stiffness of the limbs so severe at times that he could hardly lift anything. The secretions from the kidneys were very much disordered and he was restless and unable to sleep at night and suffered from frequent headaches and dizzy spells. He saw Doan's Kidney Pills advertised, used them carefully as directed and was soon cured." (From statement given April 26, 1906.)

A Permanent Cure.

On December 12th, 1906, Mrs. Brieve confirmed the above statement saying: "Mr. Brieve thinks just as highly of Doan's Kidney Pills as he did in 1906, as the cure they then effected has proved permanent and he has not suffered from kidney trouble in any form since."

For sale by all dealers. Price 50 cents. Foster Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name Doan's and take no other.

had so seriously affected my right lung," writes Mrs. Fannie Connor, of Rural Route 1, Georgetown, Tenn., "that I coughed continuously night and day and the neighbors' prediction—consumption—seemed inevitable, until my husband brought home a bottle of Dr. King's New Discovery, which in my case proved to be the only REAL cough cure and restorer of weak, sore lungs." DECLARES HARRIMAN STATEMENT UNTRUE

PRESIDENT ASSERTS HE DID NOT
ASK NEW YORKER'S AID IN
CAMPAIGN OF 1904.

LETTERS TO SHERMAN
GIVEN TO THE PUBLIC

Alleged Request That Financier Help
to Raise Fund of \$250,000 Termed
as "A Deliberate and Wilful Un-
truth."

Washington, April 3.—President Roosevelt Tuesday emphatically denied the statement contained in a letter published in the morning purporting to have been written by E. H. Harriman to Sidney Webster, of New York, in December, 1905. In Mr. Harriman's letter the statement is made that at the request of President Roosevelt he, Harriman, assisted in raising a fund of \$250,000 to be used in carrying New York for the Republican party at the election which was then approaching. This statement the president characterizes as "a deliberate and wilful untruth—by right it should be characterized by an even shorter and more ugly word. I never requested Mr. Harriman to raise a dollar for the presidential campaign of 1904."

Sidney Webster is a lawyer and a writer on political subjects. His wife is a sister of Stuyvesant Fish, who lost the presidency of the Illinois Central railroad a few months ago after antagonizing Mr. Harriman.

The president's denial was contained in a brief statement and copies of letters written to Representative Sherman, of New York. The letters are dated October 8 and October 12, 1906, respectively.

Letters Are Made Public.

The president after furnishing the letters to the press, dictated the following statement:

"After writing these letters to Congressman Sherman the president was assured that Mr. Harriman had not made the statements which Mr. Sherman credited him with making. Inasmuch as the same statements appear in the major part in the letter of Mr. Harriman now published, the president deems it proper that the letters he sent to Congressman Sherman last October shall now themselves be made public."

In the first letter reference is made to a conversation between Mr. Harriman and Mr. Sherman which was repeated to the president in which Mr. Harriman is said to have given as a reason for his personal dislike of the president, partly the latter's determination to have the railroads supervised, and partly the alleged fact that after promising Mr. Harriman to appoint Senator Depew ambassador to France, he, the president, failed to do it. "And," continues the president, "I understood you to say, that he alleged that I made this promise, at a time when he had come down to see me in Washington, when I requested him to raise \$250,000 for the Republican presidential campaign which was then on." It appears from the conversation repeated to the president that Mr. Sherman had gone to Mr. Harriman to ask him for a contribution for the campaign.

Asked Ambassadorship for Depew.

The president says that Harriman also (more than once, he thinks,) urged him to promise to make Mr. Depew ambassador because this would help Gov. Odell by pleasing certain big financial interests. The president said he informed Mr. Harriman that he did not believe it would be possible to appoint Mr. Depew and furthermore expressed his surprise at his (Harriman's) saying that the men representing the big financial interests of New York wished the appointment made inasmuch as a number of them had written asking that the place be given to Mr. Hyde. Mr. Harriman, on learning Mr. Hyde was a candidate, hastily said that he did not wish to be understood as antagonizing him, and would be quite willing to support him. The president says that although he understood that he (Harriman) still preferred Mr. Depew he left a strong impression that he would be almost as well satisfied with Hyde.

Some correspondence is then given between the president and Mr. Harriman from which it appears that on October 10 the president said to Mr. Harriman that in view of the trouble over the state ticket in New York he would like to have a few words with him. Later, on October 14, is a letter to Mr. Harriman in which the president says that a suggestion has come to him in a roundabout way that Mr. Harriman did not think it wise to come in the closing weeks of the campaign. The president told Mr. Harriman if he thought there was any danger of his visit causing trouble to give it up. Here the president in his letter to Mr. Sherman says:

"You will see that this letter is absolutely incompatible with any theory that I was asking Mr. Harriman to come down to see me in my own interest."

The president incloses another letter from Mr. Harriman in his communication to Mr. Sherman which he says shows that Harriman did not have in his mind "any idea of my asking him to collect money."

Then follows some correspondence between Mr. Harriman and the president touching among other things on the question of railroad matters and

what the president might have to say to congress on the subject of the interstate commerce commission. The president said he was unable to agree with Mr. Harriman's views on the matter and left his message to congress unchanged as regards the interstate commerce law.

Hint at Corruption Denounced.

"So much for what Mr. Harriman said about me personally," says the president in concluding his first letter to Mr. Sherman. Far more important the president regards the additional remarks which Mr. Sherman said Mr. Harriman made to him when he asked him if he thought it was well to see "Hearstism and the like" triumphant over the Republican party. "You," says the president, "inform me that he told you that he did not care in the least because those people were crooks and he could buy them," and other similar remarks. This the president says was doubtless partly in boastful cynicism and partly in a burst of bad temper, but it showed in the president's opinion a cynicism and deep seated corruption which he denounces in strong words.

The second letter to Mr. Sherman simply contains an addenda to the first.

MRS. EDDY SUIT IS CALLED.

Bill of Son to Compel Accounting Returnable in Court.

Concord, N. H., April 3.—The bill in equity filed last February by George Washington Glover of Lead, S. D., and others, in behalf of Glover's mother, Mrs. Mary Baker G. Eddy, against a number of Christian Science officials, to compel an accounting of her property, and to bring about the appointment of a receiver, was returnable in the Merrimack county supreme court here Tuesday.

There was much interest in the proceedings, but according to the attorneys connected with the case a hearing by the court at this time was not anticipated. Under the laws the defendants are called upon to file a document in answer to the bill in equity or else ask for an extension of time. Former Senator William E. Chandler, chief counsel for the plaintiffs, is in Washington and will not come to this city until a hearing in court is held.

It was rumored, although no official confirmation could be obtained, that Lewis C. Strang, Mrs. Eddy's assistant secretary, was soon to retire from his post. Mr. Strang has been a member of the Pleasant View household for two or three years, coming here from Boston, where he was an active newspaper worker. According to the rumor Mr. Strang is to be succeeded by H. Cornell Wilson, who is at the head of the Christian Science publication committee in New York.

BAD FOOD PROSECUTIONS SOON.

Dr. Wiley's Experts Gathering Evidence to Present Before Courts.

Washington, April 3.—The department of agriculture is making preparations to begin prosecution under the pure-food law at an early date. Dr. Wiley, under whose directions as chief of the bureau of chemistry the work will be conducted, has given instructions to his inspectors to secure as soon as possible samples on which accusations may be based.

The offending establishments generally have been located. Nothing remains to prepare a basis for the proceedings except to obtain specimens of adulterated or impure articles. When these are procured charges will be formulated and supplied to the United States attorneys in whose districts the offenders may reside, whereupon they will be required to begin criminal proceedings.

There will soon be 40 or 50 inspectors in the field. Dr. Wiley expresses the opinion that a large number of prosecutions will result from their investigations.

Will Absolve Peasants.

Bucharest, April 3.—The metropolitan of Bucharest will issue a pastoral letter releasing the peasants from the oaths they took on enrollment in the insurgent forces. This is expected to assist in the work of pacification, many fanatical rustics having sent word that they could not cease plundering until absolved from the oaths. Quiet continues in Moldavia, but the troops will remain under arms until the peasants resume cultivation of the land.

Gov. Hughes Has Narrow Escape.

Utica, N. Y., April 3.—Gov. Hughes narrowly missed being struck by a bullet while approaching this city aboard the Empire State express on the New York Central. The bullet hit a window in the coach ahead of the parlor car in which the executive was riding, made a clean hole in the glass and plowed its way through the frame of a ventilator window. The missile passed close to a woman's head and splinters of glass were sprinkled over her gown.

Will Issue \$60,000,000 Stock.

New York, April 3.—The Great Northern railroad has issued a circular to stockholders saying that since the courts of Minnesota have awarded the case to the company in the suit to restrain the issue of its \$60,000,000 new stock it will be issued at once.

Expects Canal Finish in Eight Years.

Kansas City, Mo., April 3.—Representative Edgar C. Ellis of Kansas City, who has just returned home from the isthmus of Panama, said: "In eight years ships will be going through the Panama canal. It will cost \$500,000,000."

LOOK FOR LUNACY REPORT THURSDAY

JUSTICE FITZGERALD ADJOURNS
THAW TRIAL FOR THREE
MORE DAYS.

Evelyn Thaw is Subpoenaed to Appear
Before the Commission, Much to
Her Dismay—Alienists for Defense
May Be Heard.

New York, April 2.—It is probable that the Thaw lunacy commission will report Thursday morning. The case was adjourned last week until Monday morning, and when the jury was called before the court Justice Fitzgerald adjourned again the trial until Thursday morning at 10:30 o'clock. The lunacy commission will meet Tuesday and it is expected that they will be ready to report Thursday.

In case the commission finds that Thaw is to-day insane within the meaning of the law the trial will be stopped, but if they find that he is capable of going on the trial will be resumed at once. It is doubtful if the defense will call any other witnesses, although it has been said that Evelyn Nesbit Thaw would be recalled to repeat her story of the Hummel affidavit. As soon as the defense rests the summing up will begin and will, under the agreement made between the attorneys, last for two days.

Subpoena for Evelyn.

When Mrs. Evelyn Thaw made her daily visit to her husband in the Tombs Monday she was met by a process server who handed her a subpoena directing her to appear before the lunacy commission. Mrs. Thaw apparently had not anticipated this move, and she appeared very much disturbed when the nature of the paper was made known to her. "Do they expect me to testify against my husband?" she asked. She was told that her presence probably was desired merely as a matter of routine, but this did not seem to assure her. District Attorney Jerome declined to make known his purpose in calling Mrs. Thaw before the commission.

The members of the Thaw jury have drawn up a petition to Justice Fitzgerald asking him to allow them five dollars a day for jury services instead of the customary allowance of two dollars a day. Their action is based on an instance in which the court made a similar increase in the jury's allowance after the case had been extended to an unusual length.

Jerome May Call Thaw Alienist.

It was reported Monday that when the lunacy commission resumes its hearing Mr. Jerome will call as his witnesses Drs. Pilgrim and Gregory, of this city, two of the alienists engaged by the defense, and will endeavor to prove by them that Thaw is now insane. Dr. Pilgrim is head of the New York state lunacy commission and Dr. Gregory is in charge of the psychopathic ward of Bellevue hospital. Both of them are said to have had on several occasions conversations with the defendant during the trial.

CHAPLAIN IS BELLIGERENT.

Peculiar Prayer in the Texas House of Representatives.

Austin, Tex., April 2.—Chaplain Joyce of the house of representatives, Monday morning in his regular morning prayer at the opening of the session said:

"Hundreds of men in the state are to-day cursing the laws recently enacted. Why do they not come and curse the lawmakers? Perhaps they have a wholesome fear that their teeth will be knocked down their throats by the fists of the smart lawmakers. Hundreds of thousands are blessing those laws; why not bless the men that passed them?"

The recent enactment of certain reform legislation has caused the members of the legislature to be the subjects of considerable criticism.

FOUR KILLED BY A TRAIN.

Two Kansas City Men and Their Wives the Victims.

Kansas City, Mo., April 1.—Four persons in a buggy—two men and two women—were instantly killed late Sunday afternoon at the Fifteenth street crossing of the Chicago & Alton railroad, two miles east of this city, by the Alton's Red Flyer, west-bound, from St. Louis.

They were: George Henry, aged 33, and his wife, aged 30, and D. H. Monner, aged 30, and his wife, aged 40. The men were salesmen for local mercantile houses.

REVENGE ON A TORTURER.

Brutal Russian Killed in Jail by Peasant Prisoners.

Kursk, Russia, April 1.—Druzaninikoff, an ex-policeman who was sentenced February 21 to a year's imprisonment for torturing peasants during a punitive expedition, has been killed by peasant prisoners in the jail here. They captured Druzaninikoff and held a regular court and executed him by dashing out his brains against the floor.

No More Gambling in Montana.

Helena, Mont., April 1.—The Grifin anti-gambling law, which prohibits all games of chance, went into effect Monday and for the first time since the discovery of gold, in 1863, faro, roulette, poker, dice, card games of all kinds and even slot machines were tabooed in Montana.

Keep Your Nerve

It is nerve energy that runs the organs of your body. The storage battery is the nerve cells in the brain and spinal cord, and from this battery nerve force is sent out through the system of nerves. To keep the body healthy you must have plenty of nerve force; if you have not, the organs work imperfectly, the circulation is sluggish, digestion bad, appetite poor, kidneys inactive, and aches, pains and misery are the penalty.

You can keep the system strong with Dr. Miles' Nervine. It assists in generating nerve energy; it strengthens the nerves and makes the whole system strong and vigorous.

"I take pleasure in recommending Dr. Miles' Nervine to those suffering from nervous prostration, insomnia and melancholy. After several months suffering from above diseases I tried this medicine and found immediate relief. It soothes and strengthens the nerves, chases away the gloomy and depressing thoughts and gives the sufferer renewed strength and hope. It is a superb nerve restorer."

Friendship Plus Votes

No matter what the ups and downs in the fight for the congressional nomination may have been, the one thing that remains unalterable and that is full of encouragement for Mr. Diekema is the splendid support which Ottawa county gave him. And in Ottawa county no town or village or hamlet gave him more splendid support than his home city. And this large vote in the city was due to the indefatigable zeal of Mr. Diekema's friends.

There are always some citizens who think voting is a burden instead of a privilege for which the boys of '76 shed their blood. But even the most careless of this class of citizens was made aware of his duty and his privilege last Monday by the friends of the Holland candidate. And the feature about this work that should interest all true citizens who have at heart the advance of clean politics, is that the work done by the friends of Mr. Diekema was as spontaneous as the sunlight. It was not prompted by blind partisanship or the mere selfish desire to see a Holland man win the nomination. It was but a working out of the law, that honest, sincere work, no matter how humble, receives its reward.

Mr. Diekema's fellow citizens recognized in him a man who would do his best for the whole district. They paid him the highest compliment in their power by a large vote. It is especially gratifying for a candidate to be elected by his neighbors and friends. That support so spontaneously given is of more value and of greater encouragement than a five-figure majority in mere number of votes.

The Easter Hat

The advent of Easter each spring sets the professional wag talking on the so-called feminine weakness for the Easter bonnet. But there is a peculiar appropriateness in the Easter hat which the joker seems to be unable to understand. Every man, even the most hardened, feels in some degree the awakening touch of a resurrection in nature. And woman, with her sensibilities alive to the inner voice of the eternal fitness of things, tries to symbolize this resurrected nature in the Easter bonnet. The lightness and brightness of flowers and leaves proclaim that the pall of winter has been lifted, and voice that feeling of optimism and hope that wells up in the heart and permeates even the physical being with its mystic power. Vanity naturally gets in its work too, but are we to detract from the sum total of human goodness by agreeing with the professional wag that the Easter hat stands for nothing but feminine vanity? Rather say that the love of beauty is the cause of the Easter hat, and that personal vanity is but a natural adjunct.

Although no attempt is being made to herald its accomplishments in that direction it can be said with truth that through no session of the legislature of recent years has more legislation been introduced having for its purpose the care and safety of those whose best protection seems to exist in such enactments. The advances in pure food inspection, the child labor provisions, the act providing for the safety of members of building trades through better scaffolding requirements, and a recent bill making it necessary that factory managers shall report to the state labor bureau within forty-eight hours after any accident, are some instances in the direction referred to. There is no other state which seeks to be more responsive to reasonable and helpful requirements in such direction than is Michigan, and the record of the state to that end is being more than maintained through Governor Warner and his administration.

Hearst and the Democratic Party.

William Randolph Hearst has asked that it be distinctly understood that he has discontinued whatever relations have heretofore existed between himself and the democratic party. It may be that

the long run of hard luck which has been democracy's share through recent years is coming to an end. The departure of Hearst from its camp and councils would warrant hope and expectation in that direction.

Election Returns.

All campaign issues were overshadowed to some extent Monday by the Diekema-Russell fight for the nomination for Congress. Campaignally little was said about the other issues and candidates that were up before the people. But the result in the different townships, villages and cities show that each community had some little fight of its own on, which seemed to them of paramount importance. As a rule the Republicans received the favor and the vote of the people, although occasionally a favor to a Democrat was sandwiched in between the other names. Following are the results of the elections in some of the places surrounding this city:

The Republicans in Holland township had everything their own way in the election Monday, there being only one ticket in the field. The proposition to spend \$4,200 for road improvements, of which \$1,800 is to be used for gravel to repair the highways, was carried. The following are the newly elected officers: Supervisor, John Y. Huizinga; clerk, Albertus Van der Haar; highway commissioner, Johannes De Haan; treasurer, Henry Klomparsen; justice, John Meyer; member board of review, J. W. Witteveen; constables, Gerrit Kiemersma, Philip Heyboer, John P. Kleis and Thomas Van den Bosch.

The following ticket was elected at Grand Haven Monday: Mayor, John F. Corl, republican, re-elected, no opposition; clerk, Lewis Gorham, democrat, 208; treasurer, A. Van Toll, democrat, 283. Two democratic and two republican supervisors elected, three republican aldermen, one democratic.

Zeeland elected a straight republican ticket, the only contest being for clerk, M. C. Ver Hage, the nominee, receiving 163 votes, and Wm. Van Koeveering, who ran on slips, receiving 84 votes. The result: Supervisor, C. Roosenraad; clerk, M. C. Ver Hage; treasurer, Benj. Nykamp; highway commissioner, Jacob De Koster; school inspector, A. G. Van Zoeren; member board of review, Volkert De Vries; justice of the peace, Peter Huyser; overseers of highways, 1st district, D. C. Ver Hage; 2nd district, G. Lookerke; 3rd district, J. H. Schultz; 4th district, John Winter.

At Allegan the saloonists won out in their fight against local option by about 200 votes. Their systematic organization and the liberal use of money, it is said, won for them the victory. It is said that the anti-spend \$2,500 in the campaign, while it is also claimed that the local optionists spent \$1,500 carrying on the work in the county. For the first time voting machines were used and there were few split tickets, the total vote being over 1,100.

Olive township elected the following republican ticket Monday: Supervisor, Habert Pelgrim, clerk, Maurice Luidens; treasurer, John Redder; highway commissioner, Henry Siersma; school inspector, W. Taylor; justice of the peace, Peter Brandes; member board of review, Thos. Sheshon; constables John Kemme, Chas. Kole, Gus Schruer, Abe Fletcher.

The results of the city election will be found in the tabulated statement in another column of the News.

Olive Township Election

Olive Township's vote was practically unanimous for Diekema as Mr. Russell received but fourteen votes in the entire township. The entire republican township ticket was elected with majorities ranging from 160 to 200 votes. The following officers were elected: supervisor, Hubert Pilgrim; clerk, Maurice Luidens; treasurer, John Ridder; school inspector, M. A. Taylor; highway commissioner, Henry Siersma; justice, Peter Brandes; member board of review, Thomas Sheehan.

Lugers on Local Option.

Senator Luke Lugers of the Muskegon-Ottawa district has come strongly into the limelight during the past few days because of the agitation over the Lugers' local option bill. Petitions are flooding the legislature from all parts of Michigan asking for the passage of the measure. It gives the residents of townships and wards the right to vote on local option for their respective neighborhoods. The liquor interests are expected to make as hard a fight on the bill as they did on the Hudson bill at the last session.

Diekema Reception.

As a grand final wind-up of campaign enthusiasm, a sort of an informal reception for Mr. Diekema was held in Hotel Holland Monday night after the result of the day's voting had been received. The office of the hotel was crowded with the most prominent men from Holland and Grand Rapids, the latter having arrived on a special car at eleven o'clock. Those present from Russell's city were City Clerk John L. Boer, Wm. F. McLeod, Tena Daniels, Dr. Murray, Roy Lisle, W. F. Jenkins, Jacob G. Steketee, John Snitzler, John McEachron, Daniel Lynch, James Donovan, and others.

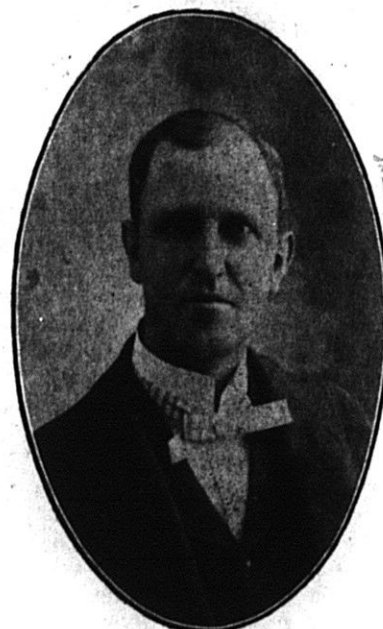

"Nick" Whelan, speaker of the State House was chairman of the meeting and introduced each one of the friends of Mr. Diekema who wished to express their feelings.

Mr. Jacob G. Steketee was the first speaker. He briefly referred to the loyalty of the Holland candidate's supporters, and said that now all would unite the efforts to land Mr. Diekema in Congress. Tena Daniels, who is said to have delivered 2,000 Polish votes for Diekema, and P. F. McCarty who worked hard for him in the fifth ward in Grand Rapids, made short speeches. Both expressed their joy over Mr. Diekema's success, and said that the work for him had been pleasant. John Snitzler, also a prominent business man of Grand Rapids, made a speech in which he declared that Mr. Diekema was the logical successor of Wm. Alden Smith.

Then Dr. Kollen expressed his views on the result of the election. He said the fight of the Diekema people had been honest and clean, which made it all the more gratifying that he was elected.

Last of all Mr. Diekema was called upon to reply. He did so briefly but effectively when he said: "The vote you gave me in Holland today is the dearest thing of civil affairs that I could hope to attain. I have the kindest feeling toward Grand Rapids, and should I be elected the interests of that city will be one with the district. I want to thank my democratic friends for the support they have given me, and I assure those of the democrats who enrolled to vote for me that I appreciate the sacrifice they made."

Huntley Russell and his campaign managers being dissatisfied with the results of election demanded that the ballot boxes be opened. But upon investigation it was found that there had not been the slightest irregularity about the election, and instead of reducing Diekema's majority, the investigation increased it. The last report shows that Diekema had a majority of 834 over Russell.

A New Proposition.

A proposition is now up before the board of public works and the common council, as to whether a deal shall be made with the Muskegon-Grand Rapids Power Co. for furnishing to this city light and power from the Muskegon river. The city would find it profitable to make this change, if the power company could be induced to buy the local light and power plant. But since only the distributing system and the switchboard at the main station could be of any use to the company it is doubtful whether any agreement will be reached on that score. If the deal could be made it would be to the best interests of Holland.

"A word to the wise is sufficient." So is a word to the ladies in house cleaning time. Vanderploeg's ad gives the word.

Railroad Building in Canada.

Railway construction was active in Canada last year, 3,314 miles of new road having been built, while no less than \$62,000,000 were spent in the construction and equipment of additional lines to thread the nine provinces of the dominion.

WHY PAY RENT?

When you can purchase a cosy, comfortable new house, with the choice of any part of the city, and practically your own terms, small payments down and balance monthly. Look over the following list and see if you can find fairer propositions:

- No 1—West Seventeenth Street, near Harrison, new house, lot 42x132, 7 roomed, good cellar, house all finished, painted and decorated..... **\$1500**
- No. 2—West Seventeenth Street, near Van Raalte, lot 45x132, 7 roomed house, all finished, painted and decorated, good cellar, price..... **1500**
- Both of these houses have good water, sink and cupboards in kitchen, will be in A-1 condition to move in within 30 days. Street assessments are all paid.
- No. 3—317 West Fourteenth Street, lot 50x132, 5 roomed house, good foundation and basement will be put in so as to make the house ready for occupancy within 30 days. Price..... **1200**
- No. 4—New house on the south side of 20th street, just east of Central, lot 46x132, 7 roomed house and bath room, city water, electric lights, good dry cellar, sewer connections, house all finished..... **1550**
- No. 5—East 19 street, south side, 5th lot west of Columbia, lot 46x132, 7 rooms and bath room, city water, electric lights, good dry cellar, sewer connections, house all finished. Price..... **1550**
- No. 6—182 East 18th street, lot 50x132, 6 roomed house, in good shape, good cellar. Price..... **950**
- No. 7—189 East 10th street, good 7 roomed house, this house will be painted and decorated, and kitchen added, and cement walk put in, and all will be good condition so as to be ready for occupancy within 30 days. Price.... **1300**
- Nos. 8 and 9—Twenty-second and Twenty-third streets, west of Central avenue, good new 7 roomed house, with good water, cupboards and sink in kitchen, good dry cellar, house all decorated and painted, ready for occupancy within 60 days. Price, each..... **1450**
- No. 10—No. 22 East 19th street, lot 41x132, good new 8 roomed house, all finished, bath room but no fixtures, house ready for occupancy May 1, 1907 **1550**
- No. 11—241 West Twenty-first St., near First avenue, lot 50x132, good new 5 roomed house, possession can be given within 30 days. Price..... **950**

With any and all of these houses I give three years insurance free. Every house is now, or will be at the date specified to be, in first class condition, so that the buyer will have no expense whatever connected with it and only have the monthly payments to meet, which are no more than he would have to pay for rent.

Is this not a fair offer. why keep on paying rent?

LOCAL.

Charles Mattisen, who has been in Montana for the past eleven years, has just returned home to Holland and expects to stay here during the summer.

A frame house owned by A. Veneklessen and occupied by a teamster named Bos, was totally destroyed by fire at noon yesterday. The fire was discovered before it gained any headway and the family was able to save all the contents. The house was located opposite the brick yards, and the fire is believed to have started by sparks from a passing Pere Marquette train. The loss is not known.

The railroad yards of the P. M. railway at Waverly will undergo a considerable number of changes this summer. It is contemplated to change the location of the station and to reduce the number of tracks. The sharp curve will be taken out of the track so that passenger flyers can pass through there without reducing their speed. The round house will also be changed considerably. The company has never done more business so early in the spring as it is doing now, and these changes have become imperative.

John J. Rutgers, ex-register of deeds, was over from Chicago today shaking hands with his numerous Grand Haven friends. Mr. Rutgers is manager of the Eureka Button and Plaiting Co. of 6445 South Halsted street, Chicago. He likes Chicago but says that after all old Grand Haven is the place to live. Leon Rutgers is with the Quaker Oats company, Charles is in the office of a cream separator company and Miss Hattie Rutgers has a fine position in the Park Davis Co Chicago office. There was not a large attendance at the meeting of the Woman's Literary club Tuesday, owing undoubtedly to the bazaar and supper conducted by the ladies of Grace church, but those present heard a very interesting program, and the papers were followed by animated discussions that added to the value of the meeting. Mrs. Kollen was not present, owing to illness in her family, and the vice president, Mrs. J. C. Post, presided. In response to roll call many very interesting current events were given. Mrs. C. C. Wheeler read a paper on the "Decline of the Hapsburg Monarchy," Mrs. E. J. Blekkink told of the "Pragmatic Sanction," and Mrs. F. C. Hall's subject was "The Great Elector." The musical number was a charming vocal solo by Mrs. Robert M. De Pree, who sang a song in the German language, Mrs. W. J. Garrod accompanying. Mrs. R. H. Post closed the program with an entertaining paper on "Peasant Life in Germany."

Common Council.

At the meeting of the Common council last evening an investigation was started about the telephone rates. Under the old franchise the company charged their subscribers \$15 for business phones and \$12 for residences. Now the company wishes to raise their rates. It is a question however whether the terms of their franchise will allow the change. If the franchise is still in existence, the city can demand of the company that the old terms be adhered to. Proceedings to this effect were begun last night, but nothing definite was decided upon.

GALUSHA A. GROW DEAD

PENNSYLVANIA STATESMAN SUCCESSORS TO OLD AGE.

Has Record-Breaking Service in Congress—Was the Father of the Homestead Act.

Binghamton, N. Y., April 1.—Former Congressman Galusha A. Grow died at his home in Glenwood, Pa., Sunday afternoon as a result of a general breakdown attributed to old age.

Mr. Grow was elected to congress from the Wilkes-Barre district of Pennsylvania as the youngest member of that body, in 1851, and after retirement from public life for nearly 40 years he reentered the house of representatives as congressman at large from Pennsylvania 14 years ago. When he retired four years ago, his public service in the house extended over the longest period, although not continuous service, of any man who ever sat in that body.

During the antebellum days he was one of the best known men in the United States and in 1864 he came within one vote of being nominated

Galusha A. Grow.

for vice president in place of Andrew Johnson, who became president on the death of Abraham Lincoln.

Mr. Grow was elected speaker of the house of representatives in 1861 and occupied that position during the first two years of the war, until his retirement from congress in 1863.

Mr. Grow's greatest public service was as the father of the homestead act, through which measure many millions of acres of western farm lands were opened up to settlement by homesteaders, an act which has been credited with doing more than any other one thing for the development of the great west. He was the last surviving member of a family of six children. He was never married.

KILLED IN AUTO ACCIDENT.

Niece of Collis P. Huntington Victim of Her New Motor Car.

Oneonta, N. Y., April 1.—Mrs. E. S. Loveland, a niece of the late Collis P. Huntington, and a beneficiary under his will, was killed Sunday while operating a new automobile which had been delivered to her Saturday.

In attempting to turn around on Chestnut street Mrs. Loveland unintentionally turned on full power and the car shot across the sidewalk and plunged over a stone wall that crowns a 20-foot embankment. Mrs. Loveland was thrown from the car as it dropped to the ground and her neck was broken.

BLAZE IN GRISCOM'S HOUSE.

American Ambassador to Rome Is Scorched By Flames.

Rome, April 1.—While Lloyd C. Griscom, the American ambassador, and Mrs. Griscom were returning from the Easter services at the American church Sunday, they saw smoke rising from the roof of their home, the Palazzo del Drago. Mr. Griscom hurriedly entered the building and found the servants were unaware that the palace was on fire.

The ambassador led the way to the attic. Flame burst forth as he opened the door and burned his hand and singed his eyebrows. When the firemen arrived the beams, which were put in place centuries ago, were burning briskly. The roof over the attic collapsed, causing the center portion of the ceiling of the magnificent ball room to fall. The furniture and paintings were quickly removed, but not before several of the latter, notably one of President Roosevelt, were damaged.

After working two hours the firemen succeeded in checking the blaze. The loss is estimated at \$10,000 and is covered by insurance.

PEASANTS REPAIR DAMAGES.

Some Roumanian Provinces Quiet, Others in Revolt.

Bucharest, April 1.—It is semi-officially stated that in many districts the peasants are repairing the damage done to property and restoring stolen goods to their owners. Disturbances are reported from Putna, in Moldavia, and many cases of plundering, incendiarism and armed conflict in Wallachia.

A number of peasants have been killed or wounded by troops at Lange and Patulele. At Galicea, in the center of the disturbed area, all the ring-leaders have been captured.

The communes of Hurezani and Pegeni are in full revolt and troops have been dispatched there. All is quiet at Vlascha, Covuril and Roman.

Snow in Maryland. Cumberland, Md., April 2.—More than an inch of snow fell at Frostburg Monday. The temperature in the Alleghenies dropped to below freezing. It is believed that early vegetation is ruined.

SATISFIED WHERE HE WAS.

Why Buyer's Desire for Good Measure Suddenly Evaporated.

The following anecdote is told of a most careful and sedate druggist in Keene, N. H.—a gentleman of the old school, who for 50 years occupied the same corner, and who, in all his dealings medicinal, is a very scrupulous man.

Not long since a person of not particularly liberal practices, and withal a close man, came to the good samaritan with a recipe that he wished put up, and the man of drugs proceeded at once to attend to it.

While engaged in weighing out the compound, the customer, with a smile intended to be "childlike and bland," said to him:

"Now, Doc, be sure and give me good measure."

The druggist paused, holding the scales at rest while he looked over his spectacles at the man before him.

"Sir," he replied solemnly, "if I were to give you the merest grain more than this recipe calls for, you would be in hell in five minutes."

The buyer didn't persist.

BOUND TO GO THROUGH GATE.

Colored Man Had One Very Well Defined Idea in His Mind.

Some twenty-five years ago one of the village characters of Stockbridge, Mass., was an old darky named Horace Bird.

Coming home one evening, considerably fuddled, to his tumble-down "shack" which stood on the outskirts of the village, and was surrounded by a board fence, he found the latch of the gate broken, making it a matter of considerable difficulty to open the gate from the outside.

His wife, a buxom person upon whom he largely depended for support, related his subsequent proceedings to me when she brought our washing next day. Said she:

"Dat fool nigger he fumble de latch fo' mo'n ten minutes. Den he heave a big sigh an' start a-climbin' de fence, an' I gits de rollin' pin handy. He gits ober de fence at las' and bang de gate wide open from de inside. Den wha's dat crazy nigger do but climb back ober de fence an' walk in troo de gate jes' like a major gin'ral."

Civilization Doubled.

A Rock Island engineer at Herington was talking about the duplicity of farmers who bring claims against railroad companies for the killing of blooded stock when, as a matter of fact, the animals were walking scarecrows. "About four years ago," said the engineer, "before the Rock Island bought the Choctaw, I was on an engine on the Choctaw Northern run above Geary. Gray daylight was just coming on, so as one could see pretty well ahead, and I noticed two horses on the track. They didn't appear to mind the whistle or the bell and I slowly drew up to them and stopped. The horses, two poor, old, worn-out plugs, were still standing across the road, and on climbing down off the engine to drive them away I found that the hoofs of their forefeet were spiked down to the planks at the road crossing the track. How's that for a civilized country?"—Kansas City Times.

Source of Discontent.

There is a law that runs through all things, which finds its cruellest force in money. The more a man has the less he thinks he has. All that God promises is all that we need, not all that we desire. Our desires are infinite—they are made for God, and what is great enough for Him is too great for anything less. We are always trying to make ourselves little enough for the world to fill us, and we cannot. This is the source of our divine discontent. We perish with hunger so long as we seek to fill ourselves with the husks the swine do eat. It is only in the Father's house that there is bread enough and to spare, and the heart will never be merry with the abiding merriment until we arise and go to the Father.—Mark Guy Pearse.

Had No Bargains on Hand.

Mr. Simons did not rise from his chair behind the air-tight stove in the sitting room when his wife hurried in and told him that Abel Sanders was in the kitchen and wanted to see him, says the Youth's Companion.

"What d'you let him in for?" he asked reproachfully.

"He wants to buy a hoss, that's why," replied Mrs. Simons. "You'd have made a great to-do if I hadn't."

"No, I wouldn't," Mr. Simons said, as he reluctantly rose. "I know Sanders' size. I can't do business with him. He wants a cheap hoss. And I ain't got anything I can sell for less than \$14."

ALL BUILDING IS STOPPED

CARPENTERS OF MINNEAPOLIS QUIT THEIR WORK.

They Demanded Higher Pay, and Master Builders Offered Compromise, Which Was Rejected.

Minneapolis, Minn., April 2.—Following the example of the teamsters, painters and upholsterers, the carpenters have walked out and building operations all over the city are shut down temporarily as a result, although there is no strike. The walk-out Monday followed a decision reached at the meeting of the master builders held Saturday night.

Labor leaders say that for some time the carpenters have been asking for higher wages and the contractors have been equally positive in their statements that no higher wages would be granted.

After some discussion a compromise was offered, and in place of the 45 cents an hour that the carpenters asked for, the contractors offered them 42½ cents an hour and agreed, if business warranted it by July 1, to raise their wages to 45 cents.

The carpenters decided that in case their demands were not complied with they would walk out, but many men had begun work before they learned that the master builders had decided not to meet their demands but wished to make a compromise, and as soon as they heard of this, the men laid down their tools and walked out.

About 1,500 men went out, it is roughly estimated, although the contractors assert only half that number are not working, and that in many cases union men are still at work.

San Francisco, April 2.—Twelve hundred laundry workers here and 600 in Alameda county Monday voted to go on strike when their employers refused to grant them an eight-hour day and an increase of wages. Nine laundries here closed down. Only three laundries agreed to the terms proposed by the union.

Vancouver, B. C., April 2.—All carpenters and painters in Vancouver went on strike Monday and building operations are at a standstill. Seven hundred and fifty carpenters attended a mass meeting where it was decided to strike until contractors agree to increase wages by one dollar per day.

"Let them have patience; they will be satisfied later. The number of red hats is limited, while the candidates are many."

In addition the pontiff said he appreciated the situation in the United States and the progress that Catholicism has made there and that he soon would give these circumstances due consideration.

PRESIDENT NOT TO SPEAK IN ILLINOIS

DECLARES HE HAS NOTHING NEW TO SAY AT PRESENT ON RAILROAD SITUATION.

Statement Made That No Action Inimical to Interests of Wall Street or Railways is on Chief Executive's Expected Programme.

Washington, April 2.—President Roosevelt has decided not to accept the invitation of the Illinois Manufacturers' association to deliver a speech at Springfield, Ill., on the railroad situation. He has addressed a letter to C. H. Smith, president of the association, stating that it would be impossible for him to accept their invitation, extended last week, because he did not feel that he had anything to say at this time in a special address on this special subject.

Has Nothing to Say at Present.

The president has received a great number of requests for a statement by him, or a speech to be made by him in connection with the railway situation. He has given these requests the utmost weight and most careful consideration. After fully looking into the matter the president informed his advisers that he had come to the conclusion that there was nothing new which he had to say at this moment on the railway situation; that he did not deem it either wise or proper to say anything with a view to any immediate situation in Wall Street, and that he should only give expression to the definite and settled policy to be carried out wholly without regard to the exigencies of the moment, and as his views on the policy in question were already a matter of record, it did not seem necessary at this time to repeat them.

To the different men friendly and unfriendly, who have visited him or written to him, he has answered verbally or in writing that his words and acts spoke for themselves, and needed no explanation whatever, and that he should not in his future course deviate one hand's breadth from the course he has pursued in the past and was now pursuing.

No Adverse Action Planned.

The statement was made from an authoritative source that "even a most cursory examination of what the president has repeatedly said in speech and message will show the utter nonsense of supposing the government has the slightest intention to take any action which would invalidate the safety and stability of the railway securities now issued, the whole legislative programme of the president having been proclaimed again and again as one to insure the future against the mistakes and delinquencies of the past. The president holds that every executive action taken under his administration, whether by the department of justice or by the interstate commerce commission, has furnished its own ample justification."

It was pointed out in administration circles that the president had made no references in his speeches or messages on the question of the physical valuation of the railroads. His position on this question, it was said, is that the roads themselves will work out this problem as an item of bookkeeping, and reference was made to the fact that two roads, the Northern Pacific and the Great Northern, already have submitted figures as to their physical valuation.

It can be stated authoritatively that the president again will ask congress at its next session, for power to deal with the question of over-capitalization of railroads. A similar request was made at the last session but favorable action was not taken upon it.

Incloses Copies of Speeches.

In his letter to Mr. Smith the president inclosed copies of a "speech" he made at Raleigh, N. C., October 19, 1905, and the one he delivered before a delegation of railway employees in this city on November 14, 1905, together with his last message to congress at the beginning of the first and second sessions of the last congress. The president concludes his letter to Mr. Smith as follows:

"You will see in the two speeches and the message that I have said about all that I would say if I speak now. As I said to your body the other day, I have already expressed again and again my carefully thought out beliefs. I am more firmly than ever convinced that these beliefs are wise, and that the policy I recommended in my messages at the opening of each of the last regular sessions of congress must be carried out. Just at the moment I do not see that I have much to add to what I have already said and I think that what has occurred since I wrote the two messages in question merely illustrates in striking fashion the desirability of the course I therein outlined."

Count Lamdorff Buried.

Gibson, the military attaché.

A change has been made in the boat service between Holland and Chicago. This season all the boats will stop at Macatawa Park, both those coming in and those leaving. This will give a chance for passengers to land there or to leave baggage there. It will be a great convenience for the boat passengers.

This year Easter was not so favorable to the feminine part of Holland as it might have been. Snow and breeze seemed to alternate in getting the mastery with occasional patches of sunshine. Easter services were held in all the churches, and some of the best Easter music was heard in the different churches. Pulpit decorations of flowers and ferns made the services in the churches beautiful and impressive.

At the quarterly meeting of the Sunday school teachers of the First Reformed church at the home of Rev. H. J. Veldman last Friday evening, a debate was held on the subject, "Resolved, that the descendants of Cain did more for the advancement of civilization than the descendants of Seth." The News wishes their friend continued success.

Mrs. J. Wise died Friday morning, after an illness of several weeks. She had been in a critical condition for a long time, and her death was not a surprise. Dropsy and heart trouble was the cause of her death. She is survived by five children, Misses Ida, Gertrude, Leah, and Theresa, and a son named Samuel. Mrs. Wise was 48 years old and was well known here. Mr. Wise had an extensive dry goods business here until the time of his death two years ago. Another electric railway promoter has put in an appearance, proposing to build a road from Allegan to South Haven with a spur to Osego. His name is William N. Hull and he claims to represent men who have plenty of money with which to build the road and that they are very anxious to do so. Mr. Hull came to Allegan Wednesday and met several of our business men upon whom he made a very favorable impression, and who believe that he means business and has the money with which to do it. With Mr. Littlejohn, Mr. Thew, and Mr. Chichester he appeared before the council at a special meeting Wednesday night and explained his proposition, asking for a franchise of sixty days, merely as a guarantee from the people of Allegan that they are anxious for the road. The council could not grant any franchise at a special meeting but gave Mr. Hull assurance that such a proposition would receive the heartiest support of all and that a franchise would surely be granted if the plan materializes and proves to be as represented.—Allegan Gazette.

The Senior class of the High school made a trip to Grand Rapids last Friday to have a class picture taken. The class numbers seven.

A number of new pupils entered the kindergarten Monday morning. Superintendent of schools W. T. Bishop had made the announcement that an opportunity would be given on April 1st for children who had just attained the dignity of five to start in on school work. In other years such children were compelled to wait until the new school year opened in September.

The home of Dr. Henry Krenners was visited last Thursday night by some amateur burglars. All they got for their pains was a \$5 bill, an order for \$14 and a jewel casket. The thieves had entered by a window, using an iron bar, identified by J. W. Flieman as his own, and evidently taken from his blacksmith shop. They were burglars of a rather timid kind, since they left many valuables in the room untouched. They seem to have fled precipitately leaving their bar behind.

The Hope College Quartet has been making an enviable reputation during the last few weeks. They made a dramatic and musical tour through the neighboring places, visiting Grand Haven, Coopersville, Zeeland and Saugatuck. Everywhere they were received with the greatest favor. At Saugatuck they have already arranged to have the quartet reappear. Mr. Jas. T. Veneklassen who is in charge of the financial part of the quartet reports a good trip. The other members of the quartet are Messrs. Bernie De Vries, Jas. Dykema and Henry De Kruif. Miss Anna Scheulke is the accompanist.

Sheriff Woodbury and Deputy Sheriff Ed. Brown had an exciting experience with an unusually violent insane man Saturday. The report came down from Nunica that Louis Heinke, who lives near that village, was in a condition of violent insanity and that the combined efforts of three men was necessary to hold him. Heinke is a blind man who lives with his mother and brother Theodore on a forty acre farm on a road north of Nunica. The family have lived there for twenty-five years or more, and Louis has been totally blind for eighteen years. For two years now he has been subject to fits of epilepsy and gradually his mind has been giving way. This week he became violent and Saturday his condition was such that his brother had to summon help. The insane man was strapped hand and foot and even with these precautions he was able to struggle fiercely and he threatened to kill all who came near him. Not being able to use his hands and feet he attempted to bite and even spit at those who came near him. Heinke was placed upon an interurban car and brought to Grand Haven. So much trouble was had that the interurban officials very kindly ran the car through to the Haven without the usual change at the junction and Heinke was placed in the insane cell at the county jail. Louis Heinke is a brother of Theodore Heinke who was arrested this week for cruelty to animals, and the brothers have always lived together. Despite his blindness the insane man has for years done much of the chore work about the Heinke farm. His sister reached here from Chicago Sunday morning and visited her brother in the jail. It is believed that the insane man is hopelessly so and he will probably be taken to the asylum tomorrow.

Roberts has sold his racer, the Illinois, to E. M. Mills, and she will be transferred from the Columbia to the Chicago Yacht club. G. H. Atkins has purchased the schooner yacht Nomad, a regular visitor here.

Grand Haven Tribune: The claim is made today this town was late last week flooded with Russell money and that it was the opening of this barrel that gave the Grand Rapids senator such a big showing here. Be this as it may it is known that a select few here were pretty well sweetened and that a good deal of it went into one or two local factories. Bar'l headquarters were at a local inn.

In the U. S. court in Grand Rapids this week Knappen ordered a judgement on the verdict rendered some time ago in the case of the Coopersville Creamery Co. against S. M. Lemon for \$51.56 with the costs. The case was brought to recover taxes paid under protest by the creamery concern of which Colon C. Lillie is the leading stockholder. A penalty of \$25 per month was levied in addition to the tax for not paying the latter in advance and the amount recovered is for the penalty with accrued interest, the tax being maintained.

Huntley Russell, the defeated candidate for the nomination of U. S. senator, made a trip to Holland yesterday. He was in such a hurry to leave Holland again that only a couple of people noticed the singer of the "Sword of Bunker Hill." He arrived on the 10:10 car and left on the 10:35 for Lansing. He did not state his purpose in coming to Holland, and nothing very formidable occurred while he did condescend to stop here. It is supposed that Mr. Russell was looking for some of his campaign friends but they did not happen to be at the station when he arrived and so he missed them.

Within about two weeks Mr. Baker will be ready to deliver fresh or smoked fish as desired.
