TO RESUME POSITION FOR BUILDING AND LOAN ASSOCIATION

MRS. L. M. THURBER WILL BE SECRETARY OF THAT ORGANIZATION

Will Also Continue Her Work For the Ottawa County Red Cross

After having been absent from the office of the Ottawa County Building & Loan Association for about a year, Mrs. L. M. Thurber will resume her work for that association in the near future. Mrs. Thurber resigned her position as secretary of the Building & Loan Association last year when she assumed the position of executive secretary of the Home Service Department of the south section of Ottawa county. At that time the interests of the loan association were taken over by Thomas Marsilje while Mrs. Thurber devoted her attention to the interests of the returned soldiers and their families.

Because of the fact that Mr. Marsilje found it impossible to continue his services for the Building & Loan association along with his other interests, Mrs. Thurber has been secured to come back and take up the burden once more. She will have offices in the room on the second floor of the First State Bank Building now occupied by Att. Arthur Van Duren. As soon as he moves back to his permanent offices in the Holland City State Bank building, the headquarters will again be in their former place. Meanwhile patrons of the Loan Association can be served by calling as usual at the office of Mr. Marsilje.

Mrs. Thurber will continue her work as executive secretary of the Ottawa County Red Cross Home Service department, the office of which will after a time also be in the First State Bank building, where former soldiers and their families can be served as they now are in the city hall.

TEACHERS' CLUB ENJOYS BANQUET WEDNESDAY NIGHT

PRESIDENT OF STATE TEACHERS' ASSOCIATION GIVES ADDRESS ON "SELF-IMPROVEMENT"

He Shows By Means of Chart How Teachers May Make Themselves Plus or Minus Quantities

The Holland Teachers' club held its spring term banquet Wednesday evening in the parlors of Trinity church. The banquet was served by the ladies of that church, and in addition to the members of the club there were present a number of invited guests who were given the privilege of enjoying the feast of good things to eat and the address and musical numbers. The meeting was presided over by Miss Hanna G. Hoekje, president of the club.

The main speaker of the evening was Prof. T. J. Knapp, superintendent of schools of Highland Park, Mich., and President of the Michigan State Teachers' association. Supt. Knapp delivered an address on "Self-Improvement." For the purpose of this address he had drawn a chart of characteristics that should mark the good teacher and also those that characterize the poor teacher. These were graded on a basis of plus and minus, and each one of the audience could grade himself or herself in accordance with the explanations given. Mr. Knapp urged on the teachers the necessity of being always on the alert to make themselves better teachers. And in the fight for higher salaries, he declared, the teachers must try to get increases because of the better chance it will give them to increase their efficiency.

In the course of the evening talks were given by Rev. C. P. Dame, pastor of Trinity church, Miss Rogers, Miss Ross, Miss Coleman, Miss Kolyn, Miss La Fraugh, Mrs. G. E. Kollen, Miss Geiger. Rev. Dame discussed the schools from the minister's point of view. Misses Rogers, Ross, Coleman, La Fraugh and Kolyn gave one minute talks on their impressions of the convention of the Schoolmasters' club in Ann Arbor. Mrs. Kollen spoke on behalf of the board of education, emphasizing service as the teacher's watchword. Miss Geiger spoke on "Our Ideals."

Dr. J. E. Kuizenga pronounced the invocation. Several solos were given by Mr. U. S. Wilson, formerly of Highland Park, now connected with a book concern. The Teachers' Club Trio, Misses Keppel, Miss De Vries and Miss Mulder, sang several numbers. Supt. E. E. Fell closed the very enjoyable event with an informal talk to the teachers.

FINDINGS ARE

FILED IN CASE

OF TRAPPING

JUDGE CROSS DECIDES SUIT OF CHARLES JOHNSON vs. JAMES BERGHORN

Judge Cross has filed his findings in the case of Charles Johnson vs. James Berghorn, which was heard in court at the last term, in which the plaintiff asked for an injunction restraining the defendant from hunting, fishing or trapping on all of the plaintiff's lands. The court granted the permanent injunction covering the plaintiff's property except over and upon the navigable water of the Grand river, between ordinary high water marks, along the westerly, the southerly and easterly sides of said land. The plaintiff will cover the costs.

The findings set forth that is admitted the defendant has no right to hunt or trap on the up-lands of the plaintiff, but the defendant claims the right to hunt, trap or fish upon the navigable water of Grand river even though the plaintiff owns the land to the thread of the stream as an incident to his ownership of the land along the banks of said river.

The court is of the opinion that the defendant and all other persons have a right to use the navigable waters of this state between the ordinary high water marks for boating, fishing trapping and hunting purposes, if access is gained to said waters without committing a trespass.

As a result of the sudden rise in the price of potatoes all over the state Tuesday, the price in Holland paid by the public shot up from a dollar a peck to a dollar and twenty cents a peck Wednesday morning. And even at that price the lowly tubers were somewhat hard to get. The man who buys a bushel of potatoes at a time is eyed as a curiosity, and those seeing him get that many potatoes wonder how many millions he is worth.

DIVER MAHAN FORMERLY OF HOLLAND FINDS NEW FISH FOOD

NOW ANGLERS WILL BE BEGGING SOAP FROM THE MISSUS AS THEIR BAIT

Here's a brand new fish story that takes the cake for 1920. Diver Tom Mahan, now of Manistee, formerly of Holland is authority for it.

While inspecting the interior of the hull of the steamer P. M. 3, which sank off Ludington, he discovered a school of fish with stomachs distended and large bubbles emanating from their mouths. On further investigating he found them nibbling at something that seemed to satisfy them very agreeably. Through his diver's glasses he peered at the object of their desire, and before him loomed the wrappers of a well known soap.

He chuckled to himself, for it was the first time he had seen a fish eat soap. They continued while he was proceeding to inspect the rest of the hull.

ZEELAND BUSINESS MEN DISCUSS DAYLIGHT SAVING

THIS QUESTION TO BE DECIDED AT MEETING MONDAY NIGHT

A committee of business men of Zeeland held a meeting Wednesday evening for the purpose of discussing the daylight saving plan. The question was thoroughly gone into but no definite action was as yet taken. There are a number of petitions in circulation in Zeeland asking for the change of time in conformity with the schedule adopted in Grand Rapids, Holland, Grand Haven and other western Michigan cities. The business men Wednesday evening appointed a committee to confer with the common council next Monday evening to come to some understanding on the matter.

Judging from the discussion of Wednesday evening, it is possible that some other method may be adopted in Zeeland. More than one plan is being considered, and some other way may be found than the setting ahead of the clocks.

Oosting & Hofstee of Holland are the lowest bidders for the job of constructing the new road in Olive and Holland townships. The road will run over four miles north from Holland city, joining the West Michigan Pike. The new road will be of concrete 18 feet wide.

The Woman's Christian Temperance Union will enjoy a banquet on Friday afternoon in the parlors of the Third Church. At that time the losing side in the attendance contest or the "Reds" will entertain the winning side, or the "Blues." The banquet will be from three to five o'clock. This notice is to serve as an invitation to all members. No formal invitation will be issued.

The dining room at Voorhees saw a happy transformation Wednesday. They changed tables, and now Sophomore girls serve as hostesses. However, it may prove to be unhappy for the Freshmen for it is predicted that they will be given half rations.

HOLLAND SET THE CLOCKS AHEAD LAST EVENING

The schools started an hour earlier this morning as did factories, stores and practically all public and semi-public institutions in the city. The day light saving plan went in effect in Holland at midnight last night and the people of Holland who wish to be in line with the rest of the city are advised to set their clocks at home an hour ahead as soon as possible.

The Tower clock was set ahead last evening and so were the clocks in the public buildings, so that Holland would be on the new schedule at midnight so far as the city can do so officially.

The argument made several times against the new system that it would make more work for the housewife since she would have to get meals at different times for children at school and for the men working in the factories does not hold water, as the whole city, schools, stores, factories, will go on the new time. The only difficulty will come in the railroad schedule. The P. M. will continue Standard Time.

Even the interurban line is likely to go on the new time schedule. Officials of the Michigan Railway company are conferring with the Detroit United Railway before deciding as to whether to remain on the old schedule or adopt the daylight saving plan. This line makes connections with the D. U. R. at Jackson. Changes to conform with the new time schedules at Battle Creek, Kalamazoo and Marshall, however, already have been arranged by the Michigan railway to take care of the locals.

TWO CITIES TO CHANGE MAYORS THE COMING WEEK

ZEELAND AND HOLLAND BOTH TO BEGIN NEW ADMINISTRATIONS AT THAT TIME

Zeeland To Change On Monday Night And Holland on Wednesday Following

There is to be a change of administration in both Holland and Zeeland next week. Old administrations are drawing to a close in both towns now and the new men are grooming themselves to put on the robes of office and to take in hand the wands of office.

Zeeland will be the first to make the change. In that city the old will be replaced by the new next Monday night. At that time Isaac Van Dyke will end at three years period as chief executive, and his place will be taken by M. C. Ver Hage. Both the outgoing mayor and the incoming executive are prominent Zeeland business men. The former is a dealer in farm implements and the latter is a hardware merchant.

Mr. Van Dyke has served the city of Zeeland for three years as mayor. This spring he refused re-election, before being mayor he served five and a half years as alderman, which period of service came a few years before he became head of the city government. Mr. Ver Hage also served Zeeland as alderman about six years ago.

There will be two new members on the Zeeland city council. Herbert Van Eenennaam and Wm. Glerum. The other members are O. Schaap, J. Hartgerink, John Staal, and Jacob Elenbaas. At J. N. Clark is the city's new clerk. The other officers, re-elected are: C. Roosenraad, justice; Benj. Goozen, treasurer; and Mr. Roek, supervisor.

In Holland the change in city government will take place next Wednesday evening. At that time Mayor N. Boesch will leave the office that he has filled for a longer period than any other man in the history of the city, and E. P. Stephan will take his place.

The board of aldermen that assumes office next week will have only three new men, Jerry Leapple in the third ward, A. H. Brinkman in the fourth, and Peter Damstra in the fifth. All the others have been either re-elected or are holdovers. There will be very few other changes in the city's government so far as personnel is concerned when the administration changes.

ONE HOLLAND MAN SAW PRES. LINCOLN SHOT

YESTERDAY IT WAS FIFTY-FOUR YEARS AGO THAT THE SAD TRAGEDY TOOK PLACE

Yesterday it was fifty-four years ago that the late President Abraham Lincoln was shot while attending a play at the Ford Theater at Washington. There is one man living in Holland who saw the martyred president killed and he is Peter Gunst, a veteran of the civil war. He saw John Wilkes Booth, enter the box, saw the noted actor jump from the president's box to the stage below when the stirrup in his riding boot became entangled in an American flag, causing him to fall and break his leg. In his disabled condition Booth jumped to the stage door onto a horse in waiting but was afterwards caught in a barn where he had barricaded himself. The barn was set on fire and while attempting to escape from the burning building Booth was shot to death by a company of soldiers led by a Michigan man by the name of Palmer, who was ordered to capture Booth dead or alive.

HOLLAND AGAIN HAS ASSOCIATION OF RETAILERS

After having been without for several years, Holland city now once more has a retail merchants' association. The organization was effected Tuesday evening at an enthusiastic meeting at which a large number of the merchants were present. The name of the new organization will be the Holland Retail Merchants' Association, and every retail merchant in the city is cordially invited to become a member and help the new association to be of the greatest possible service to the city at large.

The officers chosen Tuesday evening are: President, Jacob Lokker; Vice President, Edw. Westing; secretary, Fred Beunwkes; Treasurer, H. R. Brink; executive committee, the above named officers, and the following: J. J. Rutgers, Milo DeVries, Gerard Cook, Joe Kooker, and John Vandersluis.

VICTORY CLUB TO REMAIN A FACTOR IN HOLLAND

The Victory club is by no means a dead organization judging from the enthusiasm which prevailed at Monday noon's dinner.

In some way a rumor had gotten around that the Rotary club, and the new business men's club were to take the place of the old Victory club.

This story was put around, but has no foundation in the least, for members of the business men's club and all the Rotarians are to remain members of the Victory club.

Notwithstanding a few politicians who call this organization the "silk stocking" club, be it known that this club is stronger today than ever before, and that 75 members at dinner Monday stood up and pledged their financial and moral support. The bearers of these ridiculous tales must bear in mind that the Victory club is composed of the men who bore the brunt of the work at home, while the boys were in the trenches. They are the men who helped furnish the sinews of war that aided in the ultimate victory, and because of this fact these same men christened the organization, "The Victory Club", because of the success that finally crowned their efforts together with those of all other true American citizens.

The Victory club is the most democratic organization that Holland has. On its membership list can be found manufacturers and their employees; bankers and bank clerks, merchants and salesmen; the white-collared plumber, and the overall-plumber; the printer with the boiled shirt, and the compositor with the apron; ministers of all denominations and professors of our schools and colleges, all assemble there for a Monday noon dinner, each week, nothing elaborate, pork roast, potatoes, pie and coffee, (nothing silk-stockingish about that) and after this frugal repast a half hour is devoted one week to the needs of Holland, and another week to subjects in general. Men like Dr. S. M. Zwemer have spoken to the club members of the mission field. An instructor like John C. Hoekje has given the members an exhortation how best to educate our children. A speaker like John I. Gibson has told the members how best to get more food into the world, and establish a movement back to the farm.

Prominent speakers have brought about a county Y. M. C. A. movement. Good roads to Holland have received a great impetus through the efforts of the Victory club, while Holland's resorts, as much a part of Holland as anything that is in it, have been published far and wide by money received out of the pockets of Victory Club members.

Our city mission is not forgotten. Our city poor have been remembered not once, but often. Plans for a Community club have by no means been abandoned. New bridges across Black river will soon be a realization, and these projects are being fostered by the local club. There is not a factory that wants to come to this city that does not receive full consideration, and the club's best efforts are given to landing enterprises.

The men who are responsible for the internal growth of our city thru the enlargement of their manufacturing establishments are men from the Victory club.

These were the sentiments expressed at Monday's dinner by the different members who had heard of the rumor that Victory club was on its last legs and would be absorbed into other contemplated clubs. As one member put it, "I have lived in Holland now for fifteen years, and of all the organizations and clubs that I have joined, this is the liveliest thing yet. I have never been a member of a business organization where the members have stuck so loyally as in the Victory club."

"I meet men here whom I would not meet in any other way, and I want to voice my protest against any effort made to abolish it either by its members or through outside agencies."

Just before the meeting adjourned 75 attending members voted to continue the Victory club by rising and toasting the organization.

Mr. A. H. Landwehr, the chairman, then appointed a committee, consisting of Professor John E. Kuizenga, Dr. A. Leenhouts, John A. Kelley, and W. H. Wing to work out some plans to put the club upon better financial and more stable basis. Rev. P. P. Cheff had charge of the meeting on Monday and it was decided that Jake Fris take charge of next Monday's meeting.

SLAGH & SON PURCHASE BUSINESS BLOCK

Bert Slagh & Son have bought the building on East Eighth street that they have occupied for a number of years. The building is the former Pieters Block, and the deal has been completed. The building was bought by Slagh & Son of Isaac Marsilje.

Slagh & Son have occupied the building for four and a half years. Mr. Slagh began business in Holland 22 years ago in a little building on Central avenue. Later he formed a partnership with Henry R. Brink, conducting a store at 2 East Eighth street. This partnership was dissolved eight years ago. Two years ago Mr. Slagh took his son into partnership.

Zeeland factory men are circulating a petition to the city council asking it to adopt the daylight saving plan. The petition, it is expected, will be signed by all the factory workers and business men. Inasmuch as both Holland and Grand Rapids have adopted this plan and Zeeland is situated between the two, it would be a great inconvenience if the change was not made. Four of the present council are against it.

JENISON PARK HAS A \$15,000.00 BLAZE MONDAY

At 3 o'clock Monday afternoon a phone call came in stating that Jenison Park was ablaze and aid was asked from the Holland fire department. Chief Blom turned in a general alarm from Box 21, Hotel corner, and ordered the pumper and crew to make a flying trip to aid our neighbors at Jenison Park.

When the department arrived they found "The Pines," a resort hotel a mass of flames, with a northwest directly from across the lake blowing the embers upon all cottages south and southeast. It took the Holland fire department just 25 minutes to make the run from Holland to Jenison Park, connect up with the lake and have two powerful streams playing upon the fire.

"The Pines" it was seen at a glance was beyond saving. One of the streams aided in keeping the fire down as much as possible, while the other was directed upon Crawford's Cafe, which adjoins it within four feet. The fire from the hotel burned so fiercely and the heat was so intense that the coats of the firemen caught fire often and at last some old doors were used as barriers from behind which the firemen shot the streams into the blaze.

"The Pines" was soon down, and it was thought that Crawford's Cafe had been saved, but it seems that fire had gained a headway in the attic of the restaurant building which was difficult to get at, as there was no access to that part of the structure.

By chopping an exit on both ends of the building however the fire was kept confined mostly to the upper floor.

How the fire started is a mystery. The proprietor, Mr. John R. Wiggers of Holton, had been there the past week, fixing up the place, preparatory to taking charge this summer. The hotel was not running last season and the furniture for this season had not yet arrived. There had been no fire in the building, in fact it is said that nobody had been near the place for the last few days that anybody knows of.

Jenison Parks folks are proud in their praises because of the fine work done by Holland's fire department.

Had it not been for the timely arrival of the Holland boys, and the big pumper, a dozen or more cottages would have been in ashes today. Cottage owners were on their roofs, aided by neighbors in keeping bucket brigades going. Jim Irving had his gasoline pump going full speed, and by means of a garden hose on the roof succeeded in keeping his home well drenched, thus putting out the flying embers.

The beautiful pine trees surrounding the hotel, and from which it derived its name are pretty well destroyed.

Telephone wires were down for a short time but Manager Orr and his force soon had communication re-established.

Falling live wires were quickly taken care of by efficient linemen and no one was hurt or endangered because of them.

Shortly after the alarm had sounded hundreds of automobilists exceeded the speed limit to Jenison Park and Holland was well represented at the blaze.

The work done at Jenison Park by the fire laddies is the best word in fire fighting, and Holland's good old pumper kept pumping at 140 pound pressure for two hours.

It is estimated that the loss to "The Pines" will be between ten and twelve thousand dollars, and Crawford's cafe five thousand dollars.

FATHER WYCKOFF IS SURPRISED BY CLUB MEMBERS

The members of the Community Club surprised Father Wm. Wyckoff Saturday evening and presented him with a gold pencil as a token of appreciation of the work he has done for the Community Club. Father W. Wyckoff and family left Monday for Garden Grove, Ia., where they will make their home, and the members of the Community Club were unwilling to let him go without showing him what they thought of him. Father Wyckoff heartily thanked the members when the gift was presented.

It was Father Wyckoff who established the Community Club in Holland several months ago. His plan was to develop it into an organization that would be representative of the entire city, but those plans have not yet been realized. The club however has flourished under his direction.

CHEMISTRY DEPARTMENT WINS MORE SCHOLARSHIPS

The Hope College Chemistry department has once more won honors from the universities of the country in shape of scholarships for students in this department. Dr. A. T. Godfrey, head of the department, received word Monday that two of his students had been awarded scholarships and a third has been promoted after a year's trial.

Gerard G. Osterhof, of Thayer, Ind., has been appointed to a scholarship in chemistry in Ohio State University, with a salary of \$500 and breakage. The same university has awarded a similar scholarship with similar compensation to George Vander Borgh of West Sayville, L. I.

Andrew Karsten who received a scholarship of \$300 last year has been promoted to an assistantship in chemistry, with a salary of \$1000. Osterhof and Vander Borgh were the only students available for scholarships this year. Each had his choice of more than one place, so that if more men had been available Hope college men had been available.

DROPS MATCH IN A PACKAGE OF POWDER

The ten year old son of Mr. and Mrs. Joe Howard of Waverly suffered terrible burns about the face and upper part of his body when he accidentally dropped a lighted match into a one pound package of smokeless powder near his father's home. He was bending over the powder when the accident occurred and received the full charge of the exploding powder in his face.

He had presence of mind enough to hurry into the house, altho the explosion had almost blinded him. Feeling his way in he told his mother of the accident and a physician was immediately called. The boy is in a serious condition, although the full results of the accident cannot yet be determined. There is a possibility of total blindness or of death as a result of the explosion. The boy's father is an engineer on the Pere Marquette. He kept the powder for hunting purposes and the boy had broken open the box in which it was kept.

LAW PARTNERSHIP OF LOCAL FIRM IS DISSOLVED

The law firm of Visscher & Robinson has been dissolved, and the two members of the firm have gone into business separately for themselves. Att. Raymond Visscher, senior member of the firm will remain in the offices in the Visscher building and conduct a law business there. Attorney T. N. Robinson has formed a partnership with Att. Jay DenHerder under the firm name of Robinson & Den Herder. They have moved temporarily into offices over the Lokker-Rutgers store, formerly the Liberty Loan headquarters. They expect to be located there a month or two, after which they will move into permanent quarters for which arrangements have already been made. The telephone number of the new firm will be 1675.

Visscher & Robinson formed a law partnership in June 1912, and they have been very successful. The dissolution of partnership is purely a business arrangement, the two partners separating by mutual friendly agreement.

Mr. Visscher, who forms a new law firm by himself, is a graduate of Hope College and the University of Michigan. Mr. Robinson, senior member of the new firm of Robinson & Den Herder, is also a graduate of the University of Michigan, as is Mr. Den Herder, junior member of the new firm. Mr. Den Herder is the son of C. J. Den Herder of Zeeland, and besides Michigan, he attended Hope College. This spring he was elected justice of the peace.

The actual separation of the old firm of Visscher & Robinson took place Tuesday, Robinson & DenHerder moving into their temporary quarters Tuesday morning, where they are now doing business while Mr. Visscher continues to do business in the old quarters.

EXCHANGE CLUB STARTS CAREER WITH BANQUET

A banquet was given Monday evening, April 12th in the Ladies' Literary Club rooms for the purpose of forming an Exchange Club, which is to be affiliated with the National association, which has many similar clubs in different states.

Arthur A. Visscher, the temporary chairman, in introducing the toastmaster stated that it was not the intention of the organization to interfere in any way with any other clubs now in existence or still to be organized but instead it is the purpose of the club to get behind any good movement that needs assistance to help boost Holland, and to follow out the slogan of this club, which is "Unity for Service."

The Rev. P. P. Cheff, who presided as toastmaster was at his best in introducing the various speakers in his typical jovial way.

About 35 members from the G. R. Club were present. They added much enthusiasm and pep to the gathering through their songs and speeches.

Remarks were made by Dr. I. Nash secretary of the Michigan Association; and Mr. C. D. Sparrow. Horacius S. Earle, commonly known as "Good Roads Earle," made a stirring address touching on the principles for which the Exchange Club stood. Unfortunately, Mr. Arthur Vanden Berg, an Exchangeite who was expected, was unable to be present.

The following local speakers, Cor. Vander Meulen, Chas. H. Mc Bride, Dr. Patterson and Dr. J. E. Kuizenga made appropriate remarks stating that an organization of this kind would supply a demand for the business and local life of Holland.

An enthusiastic group of Zeeland business men were present, who expressed their desire to become members of the organization. A committee was appointed to complete details of the organization, which will meet at an early date. About sixty members have already joined. Many others signified their intention of becoming members but were unable to be present at the banquet. Music was furnished by Lacey's orchestra. Banquet was served by Mr. Sam Miller.

Gerrit Voshel of Grand Haven claims a record in egg production for his White Leghorn hens, which goes ahead of other records published in the state papers. Mr. Voshel has 16 hens which produced 302 eggs during the month of March.

HIGH SCHOOL NOW HAS A NEW RADIO TELEPHONE

Perhaps few citizens of Holland realize how far the local high school reaches out into this large world, in other ways than the scattering of its graduates.

The physics department has the latest type De Forest receiving set which enables wireless telegraph messages to be received from high powered stations in Spain, England, Russia, Mexico, East Indian Isles and many stations in the U. S.

Recently one of Holland's most progressive citizens visited the station and became so interested that he ordered a Radio-Phone transmitter for the Physics department. It has arrived and is being experimented with by Mr. Sirrine, who has sent music on several occasions to the amateurs of the city, they receiving the same very clearly. In the near future a regular schedule for sending via telephone will be arranged and anyone interested is cordially invited to visit the station.

The range of the set under ordinary conditions is 15 to 20 miles. The set will be used as an experiment in the Physics course also, so that the students may know something about it.

The Physics department and students surely appreciate the interest taken by the donor, Mr. A. M. Landwehr.

FORMER HOLLAND WOMAN DIES IN CALEDONIA

Mrs. Don Johnston, aged 31 years, died Wednesday evening at her home in Caledonia. Mrs. Johnston was formerly Miss Ara Decker, daughter of Mr. and Mrs. U. E. Decker of the North Side. She lived in Holland until three years ago and is well known here. She is survived by her husband and an infant daughter.

The funeral will be held Saturday afternoon at 1:30 from the home of Mr. and Mrs. U. E. Decker on the North side, and at 2 o'clock from the Methodist church, Rev. G. B. Fleming officiating.

MISSIONARIES TO ARABIA ARE EXPECTED HOME

Rev. and Mrs. D. Dykstra, missionaries to Arabia, are expected to return to Holland for a furlough this spring. The relatives of Mrs. Dykstra living near Holland are daily expecting a telegram announcing the beginning of the homeward trip. The date of their probable arrival in America has not yet been announced.

Rev. Dykstra is a graduate of Hope College and of the Western Theological Seminary. Mrs. Dykstra was also a former Hope College student. They have been serving in Arabia for several years and will return for a year's furlough in this country.

Local officials of the Graham & Morton Line announce that the passenger fares between Holland and Chicago will be slightly increased the coming summer. It will cost the person traveling by boat to Chicago 25c more than it did last year, the fare being raised from \$2.75 to \$3.00.

John Broekema of Marshall-Feld & Company is spending the week end at his summer home on the Park road.

Each Church Member

— and for **34 Years Work**

THAT is the kind of increase in salary the minister has received. His living expenses have risen just as fast and as far as yours.

But he is paid on the average just 52 cents more per church member than he was paid 34 years ago.

The Minister Never Fails You

Every officer of the Government with a war message to deliver appealed to the ministers first of all.

But 80% of the ministers receive less income than government economists figure as a minimum for the support of an average family.

When hospitals need money they enlist the support of the ministers—and receive it.

But when sickness visits the minister or the members of his family they must be treated in a charity ward. His pay is less than a day laborer's.

8 out of every 10 ministers receive less than \$20 a week—about half the pay of a mechanic.

We Pay Him Half the Wages of a Mechanic

And of these pitifully inadequate salaries, how much do you contribute? Nothing if you are outside the church; an average of less than 3c a day if you are a church member.

All of us share in the benefits of Christian ministers to the community. They marry us; bury us; baptize our children; visit us when we are sick. In their hands is the spiritual training of the youth.

We Are All Profiteers at Their Expense

Part of the Interchurch World program is this—a living wage for every minister of Jesus Christ; an efficient plant, and a chance to do a big man's job.

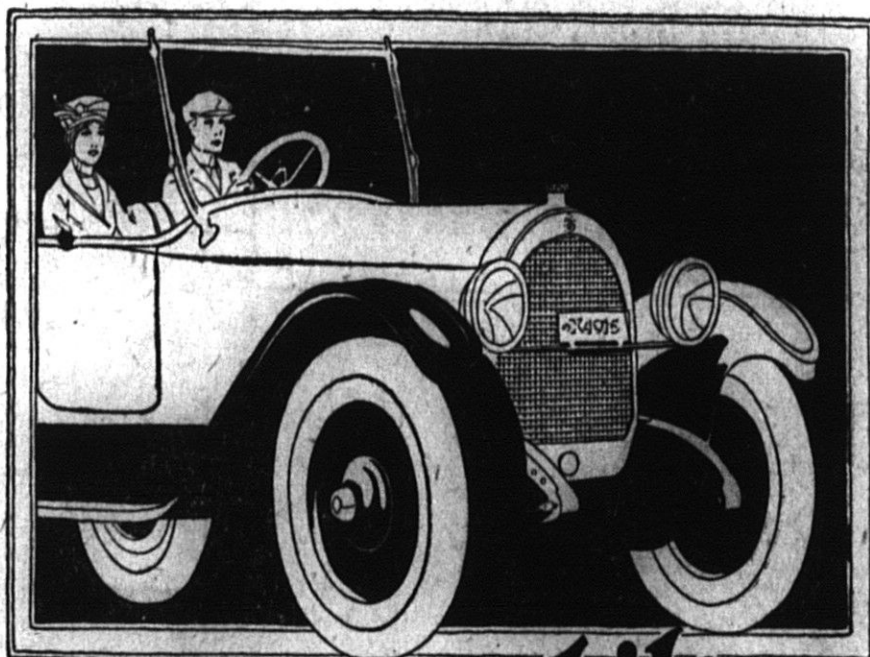

If you want better preachers, help to pay the preachers better. It's the best investment for your community—and for your children—that you can ever make.

Oldsmobile
Sixes and Eights

WITH an athlete's physique but in boulevard dress, the Oldsmobile represents automobile adaptability of the highest order. Let the owner's desire run to pride of appearance or pride of performance, he finds it most completely expressed in Oldsmobile.

A mechanical masterpiece set back of a graceful radiator; brute power masked by a smart hood; sheer ruggedness under a roomy body, whose lines and appointments bespeak style and comfort.

The Oldsmobile "Six" is furnished as a 5-passenger touring car, convertible roadster, coupe and sedan. On the "Eight" chassis three types are provided: the 4-passenger "Facemaker," the 7-passenger "Thorobred," and the Sedan.

PLANS COMPLETED FOR NEW LEGION BAND IN HOLLAND

Holland is now sure of a first class band. While this musical organization will be the representative of the Willard G. Leenhouts Post, American Legion, it will also be Holland's official band. The final steps in the organization of the band were taken Wednesday evening at the regular meeting of the American Legion when the Legion took the responsibility for the purchase of such instruments as may be needed to complete the equipment. This will mean an outlay of about \$500.

The band is composed of 25 pieces at present, and it is possible that it may be increased to thirty pieces. It is to be known as the "Legion Band", but that does not mean that it will be exclusively a Legion affair. Some of the members will be non-Legion men, and the band will be available for non-Legion functions. It will be ready to play on public occasions and fill the purposes of any city band. On public holidays the band will be ready for service, and the plan is to give public concerts in Centennial Park once a week during the summer months.

In view of this fact the new band is looking to the general public for part of the expense. In addition to buying the necessary instruments, there will be many other expenses connected with as large a band as that. The uniforms for instance will mean quite an outlay of money, and so will the maintenance expense. It is hoped by the Legion that the people of Holland will come to the help of the organization and will help the Legion to give this city such a band as it has never had before.

John Van Vyven has been secured as the leader of the new band and he will start almost immediately whipping the organization into shape.

OTTAWA HEALTH WORKERS INVITED TO CONFERENCE

Ottawa county tuberculosis workers have been invited to attend the annual conference of the Michigan Anti-Tuberculosis association to be held in Lansing, Tuesday and Wednesday, April 27 and 28. The gathering which was to have been held in the Senate chamber, will be held in the Universalist church instead, according to notice received from state headquarters. The change was made necessary by the fact that Governor Sleeper called a special session of the legislature. Later however the governor reversed himself on this decision and held up the call. The State Anti-tuberculosis association however decided to take no chances but secured the new meeting place.

Several persons from Ottawa county are expected to attend the Conference which is the first one held in the three years because of war conditions.

KAPPA DELTA GIRLS ENJOY ANNUAL PARTY

The Woman's Literary Club Hall was a scene of beauty and grace Friday evening when the Kappa Delta girls of the high school held their annual party there. About a hundred spectators looked on from the gallery and they declared it was as good as a fashion show. Each of the young ladies wore her Easter gown and the scene was a beautiful one indeed.

There were about two hundred members and guests, each member having the privilege of taking invited guests. Lacey's orchestra furnished the music. Punch was served. A most enjoyable evening was spent by the members and their guests as well as by those who looked on from the gallery.

A HOLLAND GARAGE CHANGES HANDS

Harry Knipe who for some years has occupied the garage on the corner of Central avenue and 7th street has sold out the business to D. B. Thompson, sales manager of the Oldsmobile in Ottawa county.

Mr. Thompson who has done a prosperous business with the Oldsmobile in this city, considered that his patrons should receive the best of service. For that reason he has associated with him Chas. Forbes, who for several years had charge of the mechanical end of the Western Michigan distributing station in Grand Rapids of the Oldsmobile, Franklin, Marmon, Pierce-Arrow, and other high grade cars.

The garage is to be remodeled and a show room, wash rack and polishing departments are to be added.

Mr. Thompson is exclusive agent for the Oldsmobile and also the truck by that name. Harry Knipe has taken the position of engineer at Holland Aniline company.

REPUBLICANS HAD A WALK AWAY AT SAUGATUCK

The election at Saugatuck Monday resulted in a walkaway for the Republican township ticket. The vote for supervisor, which was approximately that on all candidates, was Prentice, 200; Beiler, 71. That the Kalamazoo river makes a very fair and accurate precinct boundary line is shown by the fact that in precinct 1, south of the river, 139 votes were cast, while 132 were deposited in precinct No. 2, comprising the territory lying north of the river.

Mr. and Mrs. Frank Dyke were in Grand Rapids Friday.

INTERSTATE CONTEST DRAWS BIG AUDIENCE IN CARNEGIE HALL

Illinois, Ohio and Indiana won the interstate oratorical contest held in Carnegie hall Friday evening. The representatives of these three states will be the speakers in the national contest, together with three others from the Western division, when the winner will be picked for the whole country. This contest is to be held in Hastings, Neb., in May.

The winners and their subjects were: Illinois—"The Crisis," by Dan H. McNeal, of Knox College; Ohio—"The American Ideal," by Gerald K. Melone, of Muskingum College; Indiana—"The Path to Peace," Norman Littell of Wabash College.

Michigan's representative, Harry J. Hager, of Hope College, made a splendid impression with his oration "One Nation, One Language, One Flag," but the final markings of the judges failed to give him a place in the national contest. This is the second time in six years that Hope's man has not won a place among the three winners, giving him the right to speak in the national contest. In spite of the fact that Mr. Hager was not numbered among the winners, one of the judges gave him first place and one second place. Unfortunately for Hope and for Michigan two other judges gave him sixth, and one fourth.

Although naturally all the students of Hope had picked the local speaker as one of the winners and although most of the people of Holland who were present at the contest agreed with them, the student and citizens were real sports about it. They accepted the decision of the judges in a spirit of reasonableness and loudly applauded the success of the winners. The judges and visiting students and teachers, commented on the spirit of sportsmanship shown by the local audience.

Those who had attended many interstate contests declared that the audience was the largest they had ever seen at such a gathering and they were favorably impressed with the close attention shown and the fine treatment accorded the speakers.

SAUGATUCK MAN IN- VENTS TALKING PICTURES

Dr. L. R. Anglemire this week applied for a patent on a talking moving picture machine. It is called the cinemagraphone, and the doctor says he has solved the problem of synchronizing the action and the speaking, heretofore one of the insurmountable barriers to inventors working on this proposition. He also has overcome the other great difficulty of producing and properly directing a sufficient volume of sound to make the voice audible in a theater. No talking machine applied to movies has heretofore been adaptable for more than parlor use as a toy, but Dr. Anglemire, after two years' work, says he has solved the problem of making talking moving pictures practicable for commercial use in theaters. As this is something long and earnestly sought by producers it ought to put the doctor on Easy street permanently.—Saugatuck Commercial-Record.

DEATH RECALLS SERVICES OF STATE HEALTH OFFICIAL

Perhaps few people in Holland knew that for fourteen years a physician lived on a fruit farm a few miles outside of Holland who at one time was one of the most important health authorities in the state of Michigan. The death this week of Dr. Henry B. Baker, at Ypsilanti recalled the fact that the man who perhaps has had more to do with putting the Michigan State Board of Health on its feet than any one else, has been living in this community for the past fourteen years.

Dr. Baker was Michigan's pioneer health official. For many years he presided over the state board of health at Lansing and later when he retired from that position he bought a fruit farm at Gibson where he has lived ever since.

Dr. Baker was born in Brattleboro, Vermont, in 1837—the year that Michigan was admitted to statehood. He came west as a boy, and resided in Lansing most of the time until about fourteen years ago, when he moved to a farm in Gibson.

During the civil war Dr. Baker was medical officer in the Twentieth Michigan Infantry. Returning to Michigan after the war was over, he was instrumental in the formation of the state board of health, and for 30 years he served as its secretary, making the public health and sanitation his life study, and dedicating himself body and mind to the work of saving lives wholesale by cutting down the spread of the great infectious diseases. His zeal for the public good and his altruistic devotion never left him and led him on as long as consciousness remained.

In 1867 Dr. Baker married Fannie H. Howard of Lansing, and their 50th anniversary was celebrated happily at Gibson.

He is survived by his widow, two sons and a daughter.

John Stryker who has been ill at his home at 272 East 13th street the past two weeks is out again.

States To Get War Record of Marines

Washington, April 9—The full war record of every Marine who rendered service during the World War is being furnished the adjutant general of each state which was represented in that corps.

These record cards are being sent by Marine Corps Hdqts. to the state where the Marine enlisted, unless the records show that the man actually belonged in another state.

Fred Rowe of the Valley City Milling Co., owner of the Pasadena cottage at Macatawa, has sold the cottage to Dr. Burrilson of Hospital fame, for \$8000. Macatawa property has also taken a spurt up Angel's Flight.

Editor—
Please allow me to express my views on moving the clock ahead one hour. Well mother is a slave as it is, but shove the clock ahead one hour then she is a double slave. In the first place, she must drum out the children or get an extra breakfast. Well at 11 o'clock dinner for the husband and perhaps boarder; then at 12 o'clock dinner for the children. Well now comes the business man: quits an hour earlier, goes home, the shop is locked, the mail is thrown in the box, lies there till the next morning. At 8 o'clock the bookkeeper comes in, looks over his mail. May be the first thing he says, "Oh, shoot, this letter should have been answered last night." If a man has a try heart for his wife, then let him show it now instead of putting an extra burden on her and he sits in the corner and smokes his pipe. S. Lievenze P. S.—I am not for moving the clock ahead.

Never mind how many cows but— how much milk?

Don't count the number of cows but count the gallons of milk; then ask yourself if you are feeding your cows the best producing ration.

A properly balanced feed for dairy cows must not only contain sufficient quantities of protein, fat and carbohydrates to keep the cows strong and healthy; but it must also contain the proper combination of proteins to produce the greatest efficiency and the maximum milk yield.

No matter what you use, you yourself cannot mix feeds as scientifically correct nor as economical as feeds which we sell ready for use.

Insure the general good health of your cows by giving them dependable feeds like Krause Dairy Feed. It will mean healthier cows, more milk and more profit.

We will be glad to tell you all about these feeds if you will call.

While crossing the road near Zeeland the small son of David Vander Kooi escaped serious injury when a truck struck him.

Never in the vicinity of Hudsonville have so many auction sales been held in the same length of time as during the last six months. The land transfers have distanced any previous record. The highest price paid is \$1300 an acre but one man is said to have refused \$6000 for four acres of muck land. The last 75 acres of the old Whipple farm recently sold for \$21,000. Another good sign is that the young men who have been employed in the city during the past winter have adopted the slogan "back to the land."

A large delegation from Grand Rapids will attend the Michigan Bankers' 34th annual convention to be held at Ottawa Beach, Holland, June 28 and 29, the Ottawa Beach hotel opening a week before the convention. G. J. Diekema is the president of the Bankers' Association of this state.

Heeding the appeal from the relatives of members of the crew of the tug C. J. Bos, the big Grand Trunk ferry, Milwaukee, on her way to port late Saturday afternoon, plowed her way through the heavy ice fields toward the fishing craft. Within a short time, the big ferry had a channel opened and with the pressure removed the tug got under way and was able to reach port. The return of the ice bound tug to harbor relieved the anxiety felt for the crew which was trapped on board of tug, especially among the relatives. While the tug in her position in the ice, was not in immediate peril, there is always a big element of danger present in such a situation. The pressure of the ice had pushed the tug up out of the water considerably, but this was considered a fortunate thing by some of the ice fighters as it prevented to some extent the danger of crushing.

E. B. Westerhof died at the home of Mr. and Mrs. G. Wierenga at Zeeland Monday noon, at the age of 81 years six months. Funeral services will be held at the First Chr. The 1919-20 year book of Calvin College and the Theological school shows a growth in every department except the theological. 94 students are enrolled in the college, an increase of 14 over last year. The preparatory department enrollment totals 325 as against 283 for 1919.

E. P. Stephan of the Holland Furniture Co. is in Chicago on business.

The Holland Community Store will close its career in this city the present week. This announcement was made Tuesday by City Store Keeper Peter Brusse. Mr. Brusse decided to close up business after he had exhausted all methods of securing more supplies to sell to the local public at reduced prices. The Detroit government warehouse having closed its doors, he tried in other places, but it seems that no more government supplies are to be had.

During those three weeks of Community Store keeping, in the neighborhood of ten thousand dollars worth of goods have been sold. It is the belief of those in charge of the store that at least twenty thousand dollars worth could have been sold if the goods could have been secured. The public was anxious to buy and the demand could not be filled.

The annual basketball game between the high school and the alumni will take place in the H. S. Gymnasium, Friday, April 6. This game promises a very unusual and exciting attraction as the game will bring back to the school such old stars, as Cappon, Jappinga, Dyke Van Putten, De Loof, Klompereus, Rutgers, Van Dommelin and several others of the good old days.

The April meeting of the Home Missionary Society of the Methodist church was held Monday evening at the home of Mrs. Charles Ingham.

Mrs. H. W. Smith was in charge of the devotions, and the program was in charge of Mrs. G. B. Fleming. A mandolin and piano duet was given by Sarah Ayers and Mariam Ingham; "The Origin and Significance of the Lenten Fast," by Georgia Atwood; "The Season of Lent," by Bernice Smith; vocal solo, Mariam Ingham; "Americanization," by Clara McClellan; "Appeal for a Polish Boy," Mrs. G. B. Fleming; "Appeal to Justice," Mrs. O. D. Bottume; "Home Missions in the Kitchen," Mrs. G. C. Moody; "An Atmosphere of Understanding," Mrs. McClellan; enigmata in charge of Mrs. J. Wise. Plans were made for a delegation to the district meeting in Grand Rapids on April 29 and 30. The Home Guard assisted the hostess in serving.

FLOCK OF SWANS SEEN ON THE LAKE

Maybe the unseasonable weather had something to do with it, or maybe it just happened, but the fact is that many Holland bird lovers saw something Sunday on Black lake that they have not seen for years, namely a flock of beautiful swans. Chief of Police Van Ry was one of those who saw the birds swimming on Black lake near the G. & M. docks and he declares positively that there is no doubt about the birds being swans.

They were far too large for geese and their necks were too long to have them mistaken for the necks of geese. The birds were beautiful specimens and pure white. There were about 35 in the flock. It is exceedingly seldom that swans are seen in these parts.

HOLLAND HAS MANY NEW NATURALIZATIONS

Tuesday was citizenship day in circuit court. Judge Orrien S. Cross opened the session for the purpose of hearing the examination of a class of applicants for final papers. U. S. Commissioner Gallagher of Chicago is making the examination of the applicants for the bureau of naturalization.

Applicants are being examined very carefully by the U. S. commissioner, who asks the customary questions as to knowledge of the American government, while public officers, etc., which touch upon the general fitness of the person asking citizenship. As a rule the applicants are well posted altho some who were examined appear due for rejection at this session of court. Thirteen applicants appeared in court, the majority of whom are natives of the Netherlands. The list is as follows:

John Busman, Albert Busman, Ger many, Holland City; Joe Matusek, Austria, Grand Haven; Conrad Wiers Netherlands, Holland City; Zygban Pugulski, Austria, Grand Haven; J. Roelofs, Germany, Holland; Cornelius Decker, Netherlands, Holland; J. Corey, Asia-Minor, Grand Haven; A. Mergener, Germany, Spring Lake; Henry Nieboer, Netherlands, Holland; Henry Kievit, Netherlands, Holland; Peter Vander Ploeg, Netherlands, Holland; Albert Bremer, Netherlands, Ferrysburg.

Editor—Feeling very grateful for the splendid care that my wife received at the Holland Hospital would like thru your paper to thank those in charge and to congratulate Holland for its wonderful possibilities.

Some day I hope to return to Holland and see a great fine building on that wonderful corner, for with such splendid nurses and physicians of which Holland may well boast, many more might be brought back to Holland.

OLD PIONEER PASSES AWAY AFTER LONG ILLNESS

A much-beloved woman passed away when Mrs. John R. Kelyn died at her home 211 West Thirtieth street Wednesday morning after an illness of several years. Mrs. Kelyn has been a resident of Holland for over sixty years, coming to this county from the Netherlands in 1854.

Ocean travel was slow in those days and it took the sailing vessel upon which Mrs. Kelyn took passage sixty days to make the trip. Mrs. Kelyn was born in the Province of Zealand, Netherlands, on March 15, 1841, and she was married to the late J. R. Kelyn an architect and lumberman of this city, in 1861.

A family of nine children was reared, eight of whom survive to mourn their loss. There are also fourteen grandchildren and one great grandchild who survive.

Mrs. Kelyn was a devout member of the Reformed church and was constantly active in church work until prevented by illness.

The surviving children are: Leonard, Simon and Mrs. A. J. Westveer, Holland, Mrs. Minnie Wright, Chicago; Henry Tacoma, Washington; Mrs. J. D. Vivian, Crystal Falls, Michigan; Fred Kelyn, Duluth, Minn.; Miss Maude C. Kelyn, of Ann Arbor.

NEW TANNERY TO BE READY MAY FIRST

In spite of having lost eleven days by reason of the unusual zero weather conditions, the Biome-Sinke Co., Chicago, the contracting firm in charge of the new Armour building of the North side Tannery, is completing the structure on the time scheduled. The building is nearing completion and will be ready for occupancy on May first. The building will have been erected in a period of 49 actual working days. But the work has progressed on schedule in spite of railway freight congestion, strikes and tiempus of material.

The city of Holland has benefited to the extent that ninety-nine per cent of the work has been done by local help. This is in line with the policy of the Armour company when erecting buildings. The new building is 160x83 feet, three stories.

"SLEEPING CAR" CATCHES INTEREST OF AUDIENCE AT HIGH SCHOOL

Those present at the high school Tuesday evening saw two novel plays "The Sleeping Car" and "The Kettle Sings", presented by the high school dramatic club under the direction of Miss Gertrude Wickes.

"The Sleeping Car" catches the interest of the audience at the moment the curtain rises, because of its unusual setting, depicting quite realistically the interior of a Pullman sleeper. The play shows the trials of the sleepy passengers due to one well-meaning, but over-talkative young woman. The general muddle that ensues comes to its final settlement only upon the arrival of the train at its terminal station, Boston.

The second play "The Kettle Sings" depicts a very different scene and succession of events. Here we see a very modern apartment—in fact one altogether ultra-modern—where the well-known slogan "Do it electrically" has been followed to a degree quite unheard of up to the present time. The motor-maid, and the kettle endowed with better sense than some human beings possess, are interesting features of this novel home. The play furnishes an interesting solution of the servant problem, and incidentally teaches a wholesome little lesson in domestic happiness.

Very good music is furnished thruout the evening by the High school orchestra, and the whole presents an unusually well-balanced entertainment. The performance is to be repeated on Thursday evening and tickets are going fast. If you did not see the plays Tuesday night you will surely be there Thursday evening. And in addition to enjoying yourself you will help the Junior class in its worthy ambition to help buy additional equipment for the high school.

FIRST BOAT OUT OF HOLLAND NEXT MONDAY EVENING

So far as Holland is concerned, navigation will open next Monday evening. At 8 o'clock on that evening the steamer "City of Grand Rapids" will leave the dock at Holland on its trip to Benton Harbor and Chicago. It will be the first trip out of here, and it is quite certain that the big vessel will be loaded to capacity with freight, as local shippers are very anxious for the opening of navigation. Local Passenger and Freight Agent Kress said Tuesday that he was not certain when freight would be received at the dock, but the local shippers will be notified.

The "City of Grand Rapids" will leave winter quarters at the dock at Benton Harbor on Saturday evening, according to present plans. The vessel will make the trip to Chicago, and will leave that port on Sunday evening, arriving in Holland on Monday morning. Because of unsettled conditions this schedule may be interfered with, but it is hoped to send the vessel out of here for the first time Monday night.

For the time being, while the vessel makes the run to Chicago via Benton Harbor, a G. & M. boat will leave Holland every Monday, Wednesday and Friday night at 8 o'clock.

Passenger rates between Holland and Chicago will be raised this year from \$2.75 to \$3, and there will also be a slight advance in freight rates, it was announced.

It is likely, if the present strike continues, that the G. & M. line will not be able to accept freight for points beyond Chicago for the time being. Announcement to that effect will also be made before the season opens. That matter depends wholly on conditions next week.

The body of R. A. Steketee who died in Los Angeles, Cal. a week ago Saturday arrived in Holland last Saturday.

BOARD OF SUPERVISORS CHAIRMAN IS ELECTED BY 13 VOTES

At the session Tuesday afternoon the first business transacted was the election of a chairman. George Van Landegend was honored last year, he being the first chairman ever elected by the county board of supervisors from Holland. It seemed however that forces were quite well divided between north and south Ottawa as to who would have the chairmanship this time. South Ottawa finally agreed to concentrate upon Gerrit Yntema of Forest Grove. All the Holland city, Holland township and Park township men throwing their support to the Jamestown man who won out by a vote of 13, one vote to spare.

The board also elected an auditing committee consisting of David Cline of Spring Lake, George Veldman of Blendon, James Chittick of Crookery.

OFFICERS CHOSEN OF NEW LEGION BAND

The American Legion band has now been fully organized and the band is ready to go into actual work of training for concerts. This work is expected to go far enough the next few weeks so that the band can give public concerts the coming summer in Centennial Park. The band was formally organized at a meeting held Tuesday night at which the following officers were chosen: President, John Rozeboom; vice president, Harold Karsten; secretary, Bernard Kammeraad; treasurer, Henry Topp; librarian, Bert Brandt; publicity manager, Prof. Robert Evans.

The Legion band has purchased five new horns, and besides these it has a considerable number of instruments so that work can go ahead vigorously. They are to start with 25 members in the band and this number will be increased to thirty. John Van Vyven is the leader.

A New Way of Advertising

This sale was developed by the United Drug Co. as advertising plan. Rather than spend large sums of money in other ways to convince you of the merit of these goods, they are spending it on this sale in permitting us to sell you a full-size package of high standard merchandise for 1c. It costs money to get new customers, and the loss taken on this sale will be well spent if the goods please you. Below only a few prices are quoted. There are hundreds of others just as attractive.

A Losing Proposition

The materials that go into the telephone instruments and switchboards, including steel, platinum, tin and other metals, have increased more than 100 per cent; copper wire 55 per cent; outside wire 45 to 55 per cent, and so on.

Telephone poles that cost us \$5.43 in 1915 are now \$13.05 each, while lead cable has risen from \$1.10 to \$1.55 a foot, brick from \$7.00 to \$22.00 per 1,000, cement from 45c to \$1.00 per sack, crossarms from 54c to \$1.37 each, clay conduit from 2.9 cents to 7.5 cents per foot and teaming from \$4.00 to \$12.00 per day.

**WE MUST HAVE
YOUR SUPPORT
IF YOU ARE
TO HAVE THE
TELEPHONE**

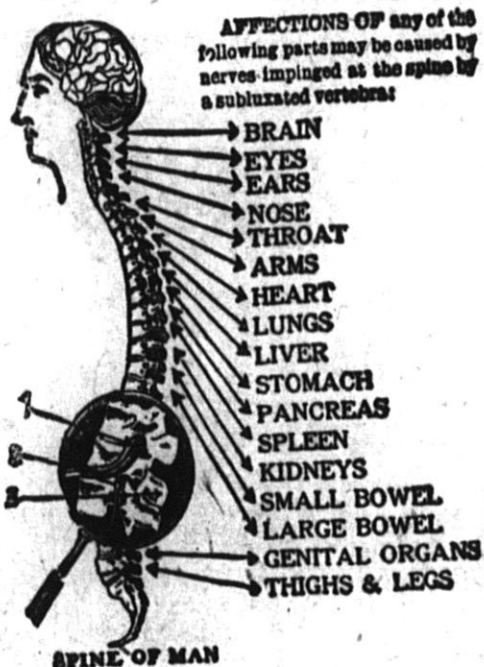

Staples used and dealt in every day have risen enormously, of course. Corn in 1915 was 76c a bushel and now is \$1.60; wheat was \$1.25 a bushel and is now selling for \$2.52, while beef sold five years ago at \$11.42 per 100 lbs. compared with \$17.77 today. The retailer of these products has advanced his selling prices to meet increased costs.

The Telephone Company, on the other hand, has been unable to follow this plan. Costs have risen rapidly but rates are regulated by law and have not kept pace, so we have come to a point where we cannot meet the bill. Our income is not sufficient.

SCHOOL BOARD ORDERS MANDAMUS AGAINST COUNCIL

By a vote of five to three the board of education Monday evening decided to start mandamus proceedings against the common council to compel the council to restore to the annual budget the amount that the board of education asked for. The board asked for \$146,000 and the council cut this down to \$119,000.00. By its action Monday night the board will try to compel the council by legal processes, to restore the original amount. The vote stood as follows: Yes—Lennhouts, Winter, Miles, Mrs. Kollen and Mrs. Mc Bride; no—Brouwer, Beeuwkes, and Geerlings.

School Trustee Winter put the matter before the board by offering a resolution to have the mandamus proceedings started. Mr. Winter in his document recited the history of the controversy between the board of education and the council. He declared that by far the greater portion of the school budget is for teachers' salaries and that for years Holland has been below the average in this matter. Already, he said, 26 teachers have signed their intention of leaving, while there are only nine new applications. Holland's minimum salary is \$1000 and he recited the cases of Petoskey, Traverse City, Chelsea, Mt. Clemens, Grand Haven, and 23 other cities in Holland's class, in all of which the salaries are higher than in Holland. To maintain the standard of the schools, Holland must pay at least the minimum of \$1,000, he declared.

He further told the history of Holland's school debt and declared that the time has come to reduce this and give the school board a chance to live within its means. He went over the various items which the Ways and Means committee asked to have eliminated from the school system, all of which have been published more than once and are fairly familiar to the general public, and called attention to the opinion of the attorney general in which the board's right to raise the full amount asked for is set forth.

The resolution thereupon ends with the following: "Be it resolved that the Board of Education employ legal counsel and instruct such counsel to commence mandamus proceedings or such other proceedings as they may deem proper compelling the common Council to appropriate the amount of \$146,000, as provided in the Budget of the Board of Education and incorporate the same in its annual Appropriation Bill."

Trustee Miles supported the resolution offered by Trustee Winter and supported it with a written argument. He recited the fact that the charter makes it the duty of the board of education to prescribe the course of study, fix salaries and borrow money, if needed; that the sum so borrowed from year to year now amounts to \$55,000; that on much of this the board is paying six per cent; that the council has decided it is unnecessary for the board to pay off the proposed sum of \$15,000 now and has decided it is unnecessary to continue certain course of study; that the council has assumed that it has a right to decide how much money the board is to raise by taxation for school purposes.

If the council is right, Mr. Miles continued, then the board of education has no power to raise any money without the approval of the council and cannot hire a single teacher, buy a single ton of coal, employ a single janitor, etc.

"It ought to be settled once for all," he continued, "whether the board of education has the power to raise money to carry on our schools; whether the board of education has the duty of prescribing the courses of study for our schools; whether the board of education shall fix the salaries of our teachers and our superintendent; or whether all of these duties are to be performed by our common council.

"These matters must be settled now, before we can raise another dollar. If we attempt to borrow money, as the matter now stands, the lender is going to say that we have no power to borrow money because the council may refuse to allow us to pay it; we cannot buy any more coal, employ any more teachers or janitors, or pay any more of our debts till this matter is settled."

The board all along has acted in good faith and has worked for the best interests of the schools, he declared, and it should be determined once for all who is right in the present controversy. The council should be as anxious as the board to have this important question settled definitely.

SURVIVES HUSBAND BY ONLY THREE MONTHS

Mrs. Carrie Koe, wife of James Koe, died Sunday night, at the age of nearly 51 years. She is survived by four boys, Marinus, John, Cornelius, and Harry, three sisters, Mrs. B. HOLLAND ROTARY CLUB RECEIVES ITS CHARTER

The Michigan Rotary clubs will receive its charter and it is now affiliated with the National Association of Rotary clubs as a full fledged member. The local Rotary Club is progressing as rapidly as the rules of the National Association will permit, and new members are being added as rapidly as this can be done under the rules.

There are still from 60 to 80 classifications open to membership and these will be filled by invitation from the club as time goes on and in accordance with the usual regulations governing such growth. Some of the classifications still open to membership have already been placed under consideration and the prospective members who have been chosen by the club will be given invitations in due time whenever new members can be added. When all the classifications have been filled it is expected that the local Rotary Club will be representative of all classes of people in the city.

The Michigan Rotary clubs will hold their district convention in Battle Creek April 14 and 15, and Holland will be represented by its official delegates, G. J. Diekema and J. Kelly, as well as by six or seven other men who will attend the meeting officially.

CONTEST ON IN SAUGATUCK ABOUT OLDEST RESIDENT

The Saugatuck Commercial-Record has the following about the oldest resident of that village:

"After all the pioneers have entered their claims as to being the oldest resident of Saugatuck, we think Mrs. Julia Francis, a daughter of the late Stephen A. Morrison, can prove her case absolutely. She was the second white child born in what is now the township of Saugatuck, and has resided here continuously for 74 years. As the first white child born in Newark is dead, Mrs. Francis would seem to have an irrefutable claim to the title of oldest inhabitant."

On Friday evening the Junior and Sophomore Sorosites entertained a happy bunch at the Y. W. cottage in honor of Kay Vanderveen and Fern White, who were home for the vacation week. The girls, lacking all sense of weather prophecy, chose the coldest, stormiest day in the week; but with the aid of the merry hostesses and a roaring fire, all thoughts of the cold out-doors vanished—Anchor.

Pere Marquette trains 46 and 47, announced annulled with eight others, were erroneously included in list in the Grand Rapids papers. They both run between Holland and Allegan at 6:30 a. m. and the second leaving Allegan for Holland at 10:10 a. m.

Henry, 3-year-old son of Mr. and Mrs. Paul Scholten of Zeeland, was drowned Wednesday afternoon in a cesspool. The tot was playing when the earth around the pool caved in. He was found 20 minutes later.

Because of the railroad strike potato prices have climbed high, but eggs have come down from about 60 cents to 33 cents. The cause for the latter is that eggs are perishable and the farmers are not able to ship their eggs because of the strike. Consequently more eggs are on the market than can be used.

The regular quarterly dividend checks to the stockholders of the Holland-St. Louis Sugar Co. were mailed yesterday. The annual meeting of the stockholders for the election of directors and for the transaction of other business, will be held in the office of the company at 345 W. 14th street, Tuesday, May 25, at 1 o'clock p. m.

Zeeland's industries are adopting the profit-sharing plan for their employees. The Michigan Star Furniture Co. is declaring a monthly bonus consisting of a percentage of the workers' wages added to his weekly earnings. The W. De Pree company is also giving its clerks a part of the earnings after the worker has filled his position three months.

Third floor in Voorhees has been transformed into a studio—a music studio, perhaps the most unusual ever heard of, the instruments, neither piano, violin, nor harp—but Victrola; the studies neither classic compositions nor etudes, but jazz.

David Blom was arrested on the charge of adultery. Complaint was made by his wife who is now living in Grand Rapids. Complainant names a Miss Johnson. MAKE 500,000 FORDS IN HALF A YEAR

Company Expects to Make More Than One Million Yearly

When the first six months of the Ford Motor Company fiscal year ended January 31st, more than half a million of the sturdy little Fords had left the factory to join their three and a half million brothers and sisters on the world's highways. And Ford officials express confidence in their ability to turn loose the other half of the million by July 31st, when their year ends.

However they say that a million is far from the ultimate in motor car manufacturing; and that with the completion of the Blast furnace and body plants which Henry Ford is now building in Detroit, the yearly output capacity is bound to assume larger dimensions. The present capacity is 1,200,000.

The blast furnace project on which Mr. Ford has been working for the past three years will enable the Ford company to make Ford parts direct from the iron ore instead of buying the iron ingots and then melting them before making into parts. At the present time there are approximately 15,000 men engaged at the Blast furnaces and in the new body plant. But it is quite probable that that number will be more than doubled once the steel mills, which will be the largest in America, begin to operate. Ford men do not attempt to place any estimate on what the production of cars will be in the future, but point to the fact that they have not been able to supply the demand for the past ten years and that at the present time there are some 230,000 unfilled orders on file.

Henry Venhuizen and Charles Ellis drove through a Dodge Bros. coupe and Sedan from Detroit Friday.

22ND ANNIVERSARY SALE

Thursday, Friday and Saturday, April 15--16--17

Twenty-two years ago April 14 we opened our doors for the first time at 41 East 8th St. and began business in a small and insignificant way. Our efforts were crowned with success from the very beginning, so that within two years we were obliged to enlarge the building we then occupied. But we soon outgrew our quarters, consequently in 1902 we built and occupied our present building at 31-33 East 8th St., where we have had the privilege and pleasure of serving the public since.

On this occasion we desire to heartily thank our customers and friends for the splendid business they have given us and for the many favors shown us during the past, and it is our firm purpose and endeavor to continue to merit the confidence and good will of our customers.

Our slogan during all these year has been "what we say we do, we do do", and we shall do our utmost to live up to this motto in the future as we have tried to do during the past.

Our Anniversary Sale includes, Coats, Suits, Skirts, Waists, Silks, Dress Goods, Hosiery, Underwear, Children's Coats, Silk and Muslin Underwear, Silk Dresses, Middies, Sweater Coats
