**Bank
your Money
for your
Loved Ones**

**It is your
Duty**

Every man wants to provide for his wife and children, not only to-day but also for the FUTURE. Some, however, are careless and allow the pleasure of to-day to prevent them from giving proper attention to the future. This brings sadness and misery later on.

Start an Account in our Bank to-day with the steadfast resolution to ACCUMULATE MONEY for your own and your family's future. It will bring happiness to you and them.

We will welcome you.

HOLLAND CITY STATE BANK

BAND CONCERT

.....BY THE.....

AMERICAN LEGION BAND,

Friday Ev. April 7 at

HIGH SCHOOL AUDITORIUM

This annual CONCERT will not only include selections by the Band but will have a very interesting play and also a good reader and soloists.

Remember the date: APRIL 7th; TIME 8 O'CLOCK; Place: HIGH SCHOOL AUDITORIUM. Reason, to boost the Band. Get your Tickets NOW at the People's State Bank, First State Bank, Boter's Shoe Store. And any Band member.

NOW IS THE TIME TO PLANT YOUR GARDEN

We have a complete line of
Quality Field & Garden Seeds

**FOR YOUR LAWN, KENTUCKY BLUE GRASS
AND WHITE CLOVER.**

**Use Ground Bone Fertilizer
Make Your Yard Beautiful!**

Phone 1236. 109 River Ave. Holland, Mich.

LOCALS

The Hoosier Motor Co. of Indianapolis writes that the Holland Merchants association among them the condition of the roads to South Haven; also between Holland and Grand Haven. They are also asking for the best hotels to stop at, the best restaurants and the different points of interest in this vicinity. All this information was sent immediately by Secretary Fred Beeuwkes, and no doubt we may find a bunch of tourists coming from Indiana shortly.

Mrs. G. J. Van Wieren of this city died at the age of 68 years last evening. The funeral will take place Saturday afternoon at 1:30 from the home and at 2 o'clock from the Central avenue church. Rev. Roberts and Rev. Einink of Holland and the Rev. VerTuin, Borculo will officiate. Friends are requested to omit flowers. Those who survive are four sons, Leonard, Henry, Fred and John Van Wieren and three daughters, Mrs. Johanna Bremer, Mrs. Dana Ten Brink and Mrs. Hattie Geerds.

Remember the three day spring sale ends Friday evening. Hurry to this city for reasonable bargains.

PROGRAM FOR BAND CONCERT IS ALL ARRANGED

MANY SPECIAL FEATURES ARE
SHOWN ON THE PROGRAM

The American Legion Band concert to be held at the High school auditorium Friday evening is to meet with crowded house. A great many tickets have been sold, although room has been provided for several more who wish to go. The program follows below:

- PART 1**
- (a) Poet, Peasant and Light Cavalry Man March..... H. Fillmore
 - (b) Star Spangled Banner..... G. T. Barnard
American Legion Band
 - 2 Harp Solo..... Selected
Miss Josephine Cady
 - 3 The Fortune Teller..... Overture
(V. Herbert)
American Legion Band
 - 4 Reading..... Roy Heath
 - 5 Bohemian Girl..... Overture
(A. Hayes)
American Legion Band
- PART 2**
- 6 Playlet—"Hamlet Traversing on Shakespeare"
Miss LaCoff and Senior Camp-Fire Girls
 - 7 Xylophone Solo..... Selected
Frank Knight
 - 8 Southern Breezes..... F. P. Atherton
(A Tone Picture)
American Legion Band
 - 9 Instrumental Trio.....
Xylophone, Harp and Violin
Cady, Knight and Cady
 - 10 (a) The Stars and Stripes
Forever..... March..... Sousa
(b) Star Spangled Banner.....
American Legion Band

PATHFINDER OF AMERICA IS IN HOLLAND

SPEAKS ON SCIENTIFIC CHARACTER BUILDING

Spoke Before High School Teachers, Rotary Club and Exchange Clubs

I. F. Wright, called the human engineer, or in other words Scientific Character builder of Chicago has been a very busy man in the city of Holland.

Yesterday noon he spoke at the luncheon of the Exchange club, this noon he met with the Rotary club, and this morning the teachers of the high school held his attention.

Mr. Wright states that character building is a scientific subject, and that even the hardheaded criminal can find his way to honest citizenship. He states that in Michigan it is a well known fact that taxes have increased 400% in ten years, and this is largely due to the expense of our prisons.

He stated that the expense of one prison alone cost the state in three years as much as it cost 40 years before.

On the other hand he pointed out that the Detroit House of Correction is self-sustaining besides giving \$5,000.00 monthly to the support of the families of the inmates. Mr. Wright claims that through the right kind of character building starting with youth, our jails will soon be empty, and not alone will we have better men and women, but considerable less taxes to pay, which after all is only secondary.

Where national character is to be upheld, a nation may be regarded as next to lost. And when the time arrives in any country when wealth has so corrupted, or pleasure so depraved, that honor, order, obedience and virtue have seemingly become things of the past; then, amidst the darkness, when honest men—if, happy, there be such left—are groping about and feeling for each other's hands, their only remaining hope will be in the restoration and elevation of individual character; for by that alone can a nation be saved; and if character be irretrievably lost, then indeed there will be nothing left worth saving.

HOLLAND MAN IS JUDGED INSANE

WAS LIVING IN A HOVEL NEAR
THE RIVER

Adrian L. Houtman was examined by Drs. Thomas and Weststrate and was judged insane and taken to Grand Haven.

About a year ago Houtman lost his wife and it seems that ever since his mind has become deranged. His children were not being taken care of and were taken away from him and are being cared for at a children's home, while one of the boys was sent to Adrian, and the man has been living in a room at the foot of Columbia avenue near Black river.

The officers state that the condition of his living quarters are indescribable and are unfit for a human to live in. Chief Van Ry states that the man has been acting queerly for some time, has been doing some window peeping and was acting far from sane.

Houtman was taken to Grand Haven where Judge of Probate Jas. Danhof will finally dispose of the case.

MOTOR BUSES NOW ARE REGULATED BY ORDINANCE

COUNCIL PROVIDES RULES FOR
THEIR OPERATION IN
THE CITY

Anyone after this engaging in the motor bus business in the city of Holland will have to pay a license fee of \$50, with an additional fee of one dollar per passenger for additional carrying capacity; they must furnish a bond in the sum of \$1000 with two sureties who shall be responsible citizens of Holland; and they shall be required to observe the strict regulations in the matter of rates.

An ordinance regulating motor buses was passed by the common council Wednesday evening by a unanimous vote. The ordinance was the result of conferences between the ordinance committee and the motor bus operators. These two bodies came to agreement on various items. The ordinance was passed for the protection of the public. When a license is issued by the council the holder of the license is given a metal badge. No driver's permit will be issued to anyone under 21 years old.

The matter of rates of fare to be charged is covered in the following section: "For the purpose of fixing and determining the maximum rates of fare to be charged, the city of Holland shall be divided into two zones by street lines as follows: Commencing at the east limits of the city of Holland, and following 20th street to Maple avenue; Maple avenue north to 18th street; 18 street west to Harrison avenue; Harrison avenue north to Black Lake. The rate of fare for each passenger carried shall be twenty-five (25) cents, between any two points in the same zone; for a passenger carried between two points in different zones the rate of fare shall not exceed fifty (50) cents; for each individual passenger carried from and to the same points at the same time, the rate of fare shall be twenty-five (25) cents additional for each passenger; provided that between the hours of 12 o'clock midnight and 5 o'clock in the forenoon the maximum fare to be charged shall not be more than double the rates herein fixed and provided for."

FORMER HOLLAND MAN TAKES LIFE IN GRAND RAPIDS

Carl Johnson, aged 40 years, a furniture worker, who formerly lived in Holland and still has relatives living here, committed suicide by swallowing an ounce of carolic acid early Monday night in the rooms of Mrs. Mary Rynyan, proprietress of the Rex Hotel, 184 Monroe Ave., N. W., Grand Rapids, after declaring he preferred death to separation from his wife.

Johnson was removed to the office of Dr. George Westveer in the same building, but the physician was absent. Johnson was then removed in the ambulance to Butterworth hospital, where he died 30 minutes later.

Mrs. Johnson said moonshine and women caused her husband's downfall. She said they had become separated eight times in the two years they were married. Each had been married before. Mrs. Johnson said her husband followed her about the downtown stores in the afternoon and threatened to throw acid in her face if she persisted in refusing to take him back again. She became frightened and went to Mrs. Runyan's hotel for shelter. She saw her husband drink the acid when Mrs. Runyan opened a door to order Johnson from the building. The Johnsons had been making their home at 1585 Plainfield Ave. N. E., before they separated.

Besides his widow, Johnson leaves his parents in Sweden, an uncle residing in Holland, Mich., and an aunt and several cousins some living in this city.

HOLLAND WILL ENTERTAIN DETROIT AUTO CLUB

The first part of July at least a hundred members of the Detroit Auto Club are going to start out from Detroit and are going to travel as far north as Calumet in the copper country.

They are to take with them besides their cars a regular commissary department containing all the necessities for eats on the trip, besides trucks containing sleeping apartments, etc. All along the line they will be entertained by other auto clubs.

On their return down the West Michigan Pike, Holland will be their last stopping place which according to schedule is supposed to be July 19.

The Merchants association are going to co-operate with the Holland Rotary and Exchange Clubs in order to give our visitors a "bang up" luncheon, possibly in Centennial Park if the weather permits.

There are still a great many details to be worked out and Capt. Harrington, chairman of the Merchants Association and also chairman of the Ottawa County Road Commission is behind the project strong.

The merchants endorsed the proposition and will co-operate with the other clubs to see that these Detroit guests are properly entertained.

SPECIAL COMMITTEE MAKES REPORT ON CITY RESERVOIR

AFTERMATH OF CAMPAIGN
GOSSIP HEARD IN COUNCIL
WEDNESDAY NIGHT

The special committee appointed by Mayor Stephan to investigate the reservoir that has been under discussion during the campaign gave its O. K. to that reservoir Wednesday night at the meeting of the council. The committee that made the investigation was composed of Aldermen Kammeraad, Brive and VanderHill. When it came to adopting their report, all the aldermen, except Mr. Prins voted "yes." The report follows:

(Official)
Holland, Mich., April 5, 1922
To the Honorable, The Mayor and Common Council of the City of Holland, Michigan.

Gentlemen:—
The committee, to which was referred the matter of investigating the claims, made on the street, that the Board of Public Works had erred in its judgment as to the need of a concrete reservoir and that the structure as built is not a complete failure from a structural standpoint, beg leave to report our findings herewith:

Need of Storage—
The purpose of the reservoir is the holding in reserve of a quantity of pure and wholesome water for fire protection; not that pure and wholesome water is necessary for the extinguishing of fire but because there is one system of distribution mains through which water is pumped for all purposes. Water being pumped during the progress of a fire may be used for drinking purposes also.

Prior to the construction of the reservoir the standpipe was the only source of drinkable water for the fire pump supply, except a small amount of water in an old suction well, since abandoned. At times of low water pressure during the summer months the amount of water so available was many times more than one hundred thousand gallons and even less. 100,000 gallons would supply the fire pump, working at full capacity, less than one hour.

In the normal course of operation of the water works the pressure in the mains is allowed to vary from approximately 60 lbs. when the standpipe is full to 40 lbs. This is for the purpose of allowing a shut-down at the pumping station of two periods of approximately three hours each daily. When the pressure is at 40 lbs. there remains in the standpipe 159,000 gallons available for fire protection.

Should that supply fail during the progress of a fire the only other course would be to let the fire burn or pump the grossly polluted water of Black River into the distribution mains. Such a course would be dangerous to the public health of the city and if permitted to be done the officials of the city would be put in a most difficult position to defend themselves from charges of criminal carelessness.

The committee finds that the Board of Public Works has consistently endeavored to find the correct solution to all our water problems and to that end has sought the advice of outside engineers of the very highest order. We find that storage of water was recommended by the following named Engineers all of whom are leaders in their profession.

Alvord & Burdick in their report of 1910;
Geo. W. Fuller in his report of 1914;
Gardner S. Williams in his report of 1916.

The demand for water for fire protection is in addition to the requirements for general domestic, municipal and industrial use. At some future time it is entirely possible that Holland will have to go to Lake Michigan for its water supply. In such an event we find the 1,000,000 gallon storage will be an important factor in limiting the size of the pipe lines necessary for the transmission of the water supply from Lake Michigan.

The reservoir, when full holds in storage sufficient water to supply 9 fire hose streams for 8 hours. 6 fire hose streams for 12 hours. 3 fire hose streams for 24 hours.

When half full, the supply would be adequate for—
9 fire hose streams for 4 hours. 6 fire hose streams for 6 hours. 3 fire hose streams for 12 hours.

The above tabulation will give a rather definite idea of the worth of the structure as it will be readily granted that a fire requiring nine streams continuously for four hours would represent a very great loss.

On February 20, 1917, the Board of Public Works unanimously passed the following resolution:

"Resolved that it is the consensus of opinion of this Board that the available supply of water for the steam fire pump at the Fifth street station is entirely insufficient and inadequate for furnishing reasonable and necessary fire protection to the city of Holland; that the recommendation to build a one million gallon concrete reservoir, made by Gardner S. Williams, Consulting Engineer in his report to the board at the regular meeting held September 18,

B. P. DONNELLY IS AWARDED \$3,970 INSURANCE

CASE CULMINATES OUT OF AC-
CIDENT AT HIS SUMMER
HOME

For the past two days a civil case has been tried in circuit court in which B. P. Donnelly of Holland demanded payment from the Aetna Insurance Co., the amount of \$3,970.00, alleged to be due upon an insurance policy covering him against accident.

Two years ago an accident occurred at the Donnelly cottage, severely injuring Mr. Donnelly. It will be remembered that while repairing an acetylene gas tank used for lighting up the summer home an explosion occurred with the above named results.

It is because of these injuries that Mr. Donnelly claimed damages under the policy said to be in vogue.

Mr. Donnelly's equity in the policy however was denied by the insurance company and consequently the suit was brought by Mr. Donnelly.

There were several witnesses from Holland who testified and besides there were many interesting legal points brought out relative to insurance laws.

After the jury had been out one half hour they rendered a verdict in Mr. Donnelly's favor for the full amount.

Attorneys Johnson of Grand Rapids and Osterhaus of Grand Haven represented the Aetna Insurance Co., while Mr. Donnelly was represented by Attorney G. J. Diekema of Holland.

LOSS FROM FIRE SMALL PAST YEAR

CHIEF MAKES REPORT TO THE
COMMON COUNCIL WED-
NESDAY NIGHT

Although nearly \$400,000 worth of property was put in danger the past year by reason of fire, the actual loss was only a little over seven thousand dollars, according to a detailed report of the work of the fire department made by Fire Chief Blom to the common Council Wednesday night. Mr. Blom in his report gave the details of all the fires to which the departments were called.

There were 65 fires in all. The amount of property endangered was \$379,800. The amount of insurance carried on this property was \$268,900. The total loss by fire during the year was \$7,929.

Card of Thanks
We wish to thank our neighbors and friends for their kind assistance given us during the illness and death of our beloved husband and son, also for the floral offerings, the singers and donors of automobiles for the funeral.

Mrs. Rhine Nienhuis,
Mr. and Mrs. Abel J. Nienhuis.

Strand Theatre

Today, Charles Ray in "Nineteen and Phyllis." When you are 19—and terribly in love—you're stone broke—and out of luck—and then a \$1000 bandit appears—ain't it a gr-r-and glorious feeling?

Mutt and Jeff Comedy "The Hole Cheese"; special comedy, "It's your move," also Fox News Reel of International Events.

Friday, April 7—Herbert Rawlinson in "The Millionaire"—first you laugh, then gasp, then shiver, then thrill, then sigh, and then applaud. When you see this stirring romance of a man who fell heir to a million dollars and a scrap—and liked 'em both. Also Winners of the west' the tenth episode of that thrilling red-blooded story of American History. Star Comedy—Fur Coats and Pants.

Saturday, April 8,—Buck Jones in "Straight from the Shoulder"—a fast moving and sensational story of the old west, in which Buck does many daring and clever stunts. It's the type of picture that makes you sit up and take notice.

Snub Pollard Comedy "Shake 'em up." Also—International News reel of Current Events.

Monday and Tuesday, April 10-11—Sardous Immortal Romance "Theodora"—the sensation of two continents. Took two years to produce and cost \$3,000,000; 25,000 people in the cast. If you miss Theodora you might as well stop going to see moving pictures.

Three shows daily, 2:30, 7:00 and 9 P. M.

Wednesday and Thursday, April 12-13, Lewis J. Selznick presents "A Man's Home"—a picture of wonderful magnitude with a cast of six stars, Henry L. Morey, Kathryn Williams, Faire Binney, Matt Moore, Grace Valentine and Roland Bottomley—known among the newspaper critics as the perfect picture.

Coming next week—"Dancous Curve Ahead."

MINISTER OF 9TH ST. CHURCH GIVEN A TYPEWRITER

A very interesting social event took place Friday night when more than 100 young people of the 9th Street Christian Reformed church gathered at the church parlors to honor their pastor, the Rev. Jas. W. Ghysels.

As a token of esteem they presented him with an up-to-date typewriter which no doubt will facilitate his work in his study. Mrs. Ghysels was not present because of illness.

Besides the presentation of the typewriter by Arnold Branderhorst in behalf of the young people, the members had arranged for a program which also included many unique stunts.

The party was divided into groups and these respective groups tried to outdo one another in putting on clever stunts.

One group for instance staged a holdup in which the bandits were immediately caught, tried before a judge and jury and found not guilty. The bandits held up two young ladies but apparently the evidence wasn't strong enough to warrant a conviction.

The program as rendered follows below:

Ten minute song service; prayer, Rev. Ghysels; opening remarks, Arnold Branderhorst; quartet, "Jesus Refuge of my Soul," the Misses Anna Holkeboer, Angie Dogger, Florence Branderhorst, Kathryn Meeuwesen, reading, Nellie Breen; Male quartet, "That Beautiful Land," Messrs. Henry Topp, William Topp, Henry Vanden Berg, Arnold Branderhorst; violin solo Oscar Holkeboer talk, John Knoll; male quartet, "Wandering Child! O Come Home," Budget, Jack Vanden Berg; Stunts.

ANOTHER WANTS STATUE ERECTED TO VAN RAALTE

Dear Editor—

Every once in a while I have seen an article in your paper in connection with the fact that it will be 75 years ago that the first Holland pioneers came from the Netherlands and this colony was established.

Twenty-five years ago Holland celebrated the event that the colony was 50 years old, for three days, but it seems that people are lukewarm now, 25 years later. There may be some reason for that. The times are not so favorable, and we realize the fact that the burden of the expenses must be carried for a great part by the business men. Still we believe that something ought to be done, and I am prompted to write this after I read the article of Mr. Rosbach in your paper. I believe that if we ever will do something in memoriam to the great man, Dominie Van Raalte, the founder of this colony, now is the time.

If you visit Salt Lake City you can see on one of the most prominent squares of the city the statue of Brigham Young, the founder of that city and president of the Mormon church. Don't you think that the citizens of Holland and of this colony have more reason to do something in remembrance of Dominie Van Raalte?

The Hollanders that came to this country in 1847 were prompted by the same spirit as the Pilgrim fathers who landed on Plymouth Rock; they came here to escape religious intolerance and to find freedom, and dominie Van Raalte was their leader.

We reap the fruits of what he has done for Christian education, and the influence of his work is felt the world over today. In the history of the Hollanders in America who came here during the 19th century, he is the greatest man.

If we want to do something in remembrance of him now is the time. The generation of 25 years from now will be too far removed for us to expect them to do anything particular in remembrance of this great man.

I should not advise that this be done in the form of a "blowout" but if we could place the bust of Dominie Van Raalte with proper inscription in our beautiful park that would be a move we should never regret. And let everybody who is in sympathy with this—rich and poor—contribute.

This is only a suggestion. It is possible that someone has a better plan. I am only a newcomer in your city. I wish that we might hear in respect to this from influential men, who are oldtimers in Holland and let us hear from the sons and daughters of the men who came here with Dominie Van Raalte, the men who manifested the same spirit as our forefathers at the time when the Netherlands was at its best, the time of the reformation.

It just occurred to me: Why not do it now while some that were near and dear to Dominie Van Raalte are still alive.

P. Van Donselaar.

The telephone lines were down between Grand Haven and Holland Friday and communication was cut off.

COLLEGE ORCHESTRA WILL GIVE CONCERT

The Hope College orchestra considered one of the finest orchestras in the state of Michigan will give a public concert on the evening of April 25. The orchestra, which has been doing splendid work under the direction of Prof. Bruno Meinecke during the past year, will furnish one half of the evening's program playing among other number, "Poet and Peasant" and Schubert's "Unfinished Symphony." The orchestra has made wonderful progress the past year, and the concert will give the people of Holland a fine opportunity to hear a good program.

Mrs. Grace Holverscheid of Chicago, considered one of the finest sopranos in that city, will appear on the program, and another artist engaged for that evening is Mrs. Hel-Wing, pianist and composer.

ONE OF FIRST GRADUATES OF HOPE DIES BECAUSE OF FALL

Rev. John Broek, 80, one of Hope college's first graduates and who only a few weeks ago celebrated the 50th anniversary of his ordination, died late Friday afternoon, after fracturing his skull in a fall down a flight of stairs in his home at Muskegon.

Rev. Broek was one of the best known ministers in the Reformed church in Michigan and had been a pastor of the 3rd Reformed church there since 1905. He obtained his diploma at Hope in 1868.

His first pastorate was in Beaverdam, where from 1873 to 1884, as he often remarked, he at times chased wolves and bears from the church yard on Sunday mornings before he could hold services.

Besides his widow, three sons, one a prominent attorney of Muskegon, a daughter and a brother survive.

TO ENFORCE LAW AGAINST SLAUGHTER OF TREES

Many people are not aware that they cannot cut trees within the public highways without making themselves liable to a fine or imprisonment. In the extra session of the legislature of 1921, a law was passed making it a misdemeanor to cut trees or shrubs within the limits of the public highways in the State of Michigan without a permit from the authorities having jurisdiction over such roads. The State Highway Commissioner has jurisdiction in the case of State Trunk Line and Federal Aided Roads, and Commissioner Rogers is determined that the law shall be strictly enforced as far as such road are concerned in which he has the co-operation of the State Department of Public Safety and the county highway authorities.

Some violations of this act have been noticed, due to land owners cutting trees along their frontage in ignorance of this law. It should be understood however, that the law makes no exceptions and any land owner who cuts trees in the highway long his land is liable to arrest, fine or imprisonment.

Somewhat similar laws have been passed in other states consistent to a progressive conservation policy. The people not only of Michigan but of the whole country are beginning to realize that the conservation of our tree growth is a vital necessity and there is a strong sentiment for the planting and preservation of the trees along the highways.

COLLEGE ANNUAL ASSURED OF BIG CIRCULATION

The 1922 Milestone that is being edited by the Junior Class of Hope College will be the biggest and best that has ever been put out. The new edition will be larger than any previous edition and will contain a number of new cuts, besides many other features of interest.

The annual Milestone was started not many years ago and is steadily growing in demand. A larger subscription list was received at the launching of the present edition than ever before.

Subscriptions are still being added so that this year's circulation may exceed all expectations, although the number is limited by contract.

The class is offering the Milestone to the students and alumni at a reduced price, but with the assurance of a larger circulation is hopeful to cover the necessary expenses by a narrow margin from the sales. The additional material that is being put into the book, it is estimated, will cost approximately \$200. At the same time a growing demand for the college annual warrants the publication of a better and bigger Milestone. The present edition has been dedicated to Prof. F. N. Patterson, Head of the Department of Biology, who assumed that chair in 1909. The book is being published by Kalamazoo publishers, and will be off the press by June 1st. Ernest Vanden Bosch is the business manager and Jay Elber the editor.

Henry Holkeboer, instructor of Mathematics in the Grand Rapids Christian high, spent the week in Holland with his mother Mrs. D. Holkeboer.

Raymond N. Noon and G. R. James both of St. Louis are at Grand Haven closing negotiations for the site of Camp Onaway to be used exclusively as a girls camp. Holland might at least start a camp site for

MRS. ARENDSMA BOUND OVER TO CIRCUIT COURT

Mrs. Maggie Arendsma living on West 13th street who was arrested on the charge of furnishing liquor to customers and also making moonshine, demanded an examination which was held before Justice Wm. Brusse in the City Hall Friday.

Attorney J. Den Herder appeared for Mrs. Arendsma while Prosecutor Miles represented the people.

Some months ago Mrs. Arendsma was arrested on the charge of having liquor in her possession, bottles of home brew, the police stated, being found all over the place.

The woman at that time was acquitted by the jury.

A week ago the local police had the dragnet out for liquor law violators and a half-dozen were rounded up, Maggie being one of them.

After the hearing Justice Brusse considered the evidence sufficient to bind the woman over to circuit court and she will be tried at the August term.

She gave a bond of \$200 for her appearance.

GIVE PARTY TO CELEBRATE 71ST BIRTHDAY

The ladies of the Home and Foreign Missionary society of Central Park, together with their families, gathered at the home of Mr. and Mrs. John Zager to help the latter celebrate her 71st birthday. A very pleasing program of readings, interspersed with vocal and instrumental music was given, followed by games. A dainty two course luncheon was served by Mrs. Glupker and Mrs. Broekstra.

After presenting Mrs. Zager with a purse of money as a token of kind wishes and esteem the 50 guests departed.

SAYS HOLLAND PEOPLE VISITED CALIFORNIA AT UNLUCKY TIME

Dr. P. Moerdyke, who spends his summers in a cottage near Black Lake and his winters in Pasadena, California, comes to the defense of California weather in the following interesting letter:

Editor, Dear Sir—

In the issue of March 10, there appeared a grievous complaint of the weather, sickness and climate of Southern California. Surely the Holland Colony in Los Angeles have our sincere sympathy. It is a fact not only visitors and tourists but also residents suffered considerable discomfort from the extraordinary cold and wet weather of February. No such unhappy experiences befell this region since the severe frost of 1913. Naturally those who came for a brief stay of refuge from the rigors of Michigan winter, and for pleasure, are seriously disappointed, and to be pitted for striking this phenomenal spell, that mars their outing.

There is no perfect climate, and no climate serves uniform temperature. The average is the true criterion. Unfortunately extravagant expectations are raised by pictures, press, letter and reports from here, which exaggerate or conceal the real characteristic of southern California. Boosters become boosters. The Californian apology for unfavorable features or conditions, "This is unusual," has become a jest.

The winters are generally so mild and sunny, that a large percentage of houses depend on an oil or small gas stove for the warming of the home, and in February the demand for gas was in excess of the supply, so that many suffered for days. But this only proves, that no such freak weather is to be expected, it is wholly abnormal.

In the 80's a wealthy neighbor of mine in Grand Rapids went to spend July at Macatawa Park to escape the heat, and in three days he was back with the loud complaint, that it was too wet and cold there to be endured. Was that your Michigan July? When rarely frost in June, July or August cuts the crops in Michigan, is that the average, normal, summer temperature?

Some years ago I read a Dutch letter about Los Angeles, in which the writer reports several fine things, but says he, "the fleas, the fleas! Los Angeles is infested with fleas." Well many tourists are bitten in L. A., but not by that pest. They have imported them from a Pacific beach.

I am no booster for this beautiful region, in which we spend our sixth winter; yet the complaint of friends several of whom have called on us, is likely to convey an unfair and incorrect impression. As to sickness, is no the flu epidemic just now in our whole country? In some states, the schools, churches, theaters, etc., are closed during the plague. No; sickness must not be charged to our climate or weather. And yet here is the truth, that we all have to protect ourselves against the rapid and marked change of temperature after sunset. Ignorant and careless people expose themselves, without prudent precaution, and suffer the consequences.

The lesson of 1922 demands, and has secured, the Gas Co's promise of an adequate supply for next winter.

Even this discounted season, in spite of February, has merited our praise and been very enjoyable, and far better for us than a winter we might spend in Michigan or the Middle West.

Yours truly,

Rev. P. Moerdyke, Pasadena, California, March 17, 1922.

C. M. McLean of the Holland-St. Louis Sugar Co. is in Bay City on important business.

SENTENCE TWO HOLLAND MEN AT SESSION OF CIRCUIT COURT

Martin Doolittle and John De Witt both of Holland were arraigned in circuit court Thursday morning on a charge of burglary. Justice Orien S. Cross sentenced Doolittle to the Ionia reformatory for a period of from 30 months to 15 years with a recommendation for the minimum period. DeWitt was given a sentence of from 18 months to 15 years in the same institution. The minimum time was recommended in his case also.

Both offenders were minors and each entered a plea of guilty. DeWitt and Doolittle have been before the court on previous occasions and this fact made their sentence more severe.

John Raster pleaded guilty to violation of the liquor law and was sentenced to pay \$4.25 costs and serve 60 days in the county jail.

The case of Peter Van Weelden also charged with violating the liquor law was brought before the court and action was suspended for the present.

Peter Ryck charged with violation of the liquor law stood mute and a plea of not guilty was ordered by the court.

Edward A. Hill pleaded not guilty to a violation of the liquor law and a later date was set for the trial.

In the case of Theo Antman vs. the Grand Rapids, Grand aven and Muskegon Ry the court declared there was no cause for action. Antman charged contributory negligence upon the company. H. Lillie and L. H. Osterhaus conducted the case for Mr. Antman and J. Kerwan of Grand Rapids represented the traction company.

WEDDED THURSDAY NIGHT AT PARENTS' HOME

A beautiful wedding was solemnized Thursday evening at the home of Mr. and Mrs. I. Vos, 151 W. 13th street, when their daughter Mary Howard Hovinga. The ceremony was united in marriage to Mr. Wm. was performed by Rev. J. M. Vander Kieft. The rooms were beautifully decorated the color scheme being pink and white. The bride wore a gown of white satin and georgette and carried a shower bouquet of roses and narcissus. She wore a veil of tulle and was attended by her sister, Miss Myna, who wore pink crepe de chine and carried a corsage of sweet peas. The groom was attended by his brother, Herman Hovinga. Mrs. C. Vos presided at the piano and played Lohengrin's Wedding March. The happy couple will be at home to their many friends at 166 West 19th street.

THANKS B. P. W. FOR AID EXTENDED TO LOCAL FACTORY

A day or two ago the engine at the West Michigan Furniture factory that broke down several months ago was finished, and the Board of Directors of the firm passed resolutions expressing their appreciation to the board of public works for the help extended. When the engine broke down the board of public works jumped to the rescue and it was only through their efforts that the factory was kept running. That service and the further efforts of the board of public works are given their meed of appreciation in the following letter:

R. B. Champion, Supt., Board of Public Works, Holland, Michigan.

Dear Mr. Champion:

At a recent meeting of our Board of Directors, it was my pleasure to tell the directors of the excellent service rendered by the Board of Public Works during the past few months while our engine was being rebuilt. A resolution was passed instructing me to express in suitable form the Company's appreciation of same.

Much could be said in praise of the service but to be brief I will touch but little on it. The good work done by yourself Mr. Nauta and his crew in assembling the transformers and wiring and connecting up our entire plant within 24 hours after our request, speaks volumes for the efficiency of this part of your organization.

The steady uninterrupted power and service we received likewise—silently and steadily—told its story of the men at the boilers, engines and so on throughout your entire plant.

It is impossible to compute the value of this service. It meant to us continued operation of our factories, a matter of considerable financial importance to us, but in addition to this it also meant giving steady employment to hundreds of men through the winter months and I am sure that every employee of the West Michigan Furniture Co. joins most heartily in the above expression of appreciation.

Very truly yours,

Charles Kirchen, General Manager, West Michigan Furniture Co.

Befriend Your Wife—

VERBAL instructions are all right and encouraging so long as you are at her elbow, but they become vague and difficult to recall when you are no longer there to guide.

Without a written WILL your wife may have to go through the distressing experiences other wives have had.

She may have the utmost difficulty in mastering the intricacies of your affairs,—defending herself from imposition, or even locating enough of your assets to render your Estate solvent.

We have almost daily inquiries from widows making such vain searches.

We urge that you utilize this Company in time.

QUIET ELECTION BUT HARD WORK DONE BY THE FACTIONS

The election held Monday was on the whole a quiet one, although a great deal of work was being done to get the vote out. There was intense rivalry between the three factions for the mayoralty and the voting was brisk at the various polling places during most of the day. Even the best informed persons on the political situation did not care to express themselves too confidently regarding the result, and each one of the three candidates was conceded to have a fighting chance to win the prize.

The same uncertainty prevailed in regard to the daylight saving issue, which also attracted the attention of the voters. There were many violently against changing the clocks and others who were just as violently in favor of it. The voters were given a chance to express themselves at the polls Monday.

The third issue was the fight for the trusteeship with two candidates struggling for the prize, Mr. Garvelink and Mr. Bowmaster.

The campaign just closed has been a warm one in many ways but on the whole it has been a fairly clean one.

HOPE AND ALMA DEBATE BATTERS TO MEET

The next and perhaps the last contest arranged by the Hope College Debating League, for the forensic year will be held during the second week of May with Alma.

Preliminary inter-society debates are to be held immediately after the spring vacation in which the local contestants are to be selected, who will represent Hope in the dual debate. The locals will uphold the negative side of the question here.

The question will be about the Open-Closed Shop, which has been adopted by the National Pi Kappa Delta association. A number of the citizens of Holland were present to enjoy the debate held with the Kalamazoo College and this test is also to be free to the public. The problem of the closed shop is the bone of contention in the industrial life of our country today and is being thrashed out in the forensic contests of our educational institutions.

HOLLAND'S SCHOOL TAX RATE IS STILL LOWER

The following item appeared in the Grand Rapids Press of March 23:

"Ionia, March 23—After considerable inquiry and tabulation of the results by the local board of education, a comparison of the school tax rates for 21 of Michigan's smaller cities reveals that Ionia has the lowest rate in the list. The school tax in Ionia for the year 1921-1922 was \$11.59 per \$1000 of valuation. Sturgis is next lowest with a rate of \$24.50. Ionia recently voted \$180,000 for two new ward school buildings but her school tax is comparatively low."

Evidently Holland is not included among the 21 cities referred to. The rate of \$11.59 is one of the lowest in Michigan but Holland's school tax rate is still lower, it being \$10.31 for the school year 1921-1922.

EMERSONIAN SOCIETY ELECTS NEW OFFICERS

The Emersonian society of Hope College at its business meeting on Thursday night elected the following officers for the spring term: President—Henry Haarsvoort. Vice-President—Edward Tani. Secretary—Harold Vander Ploeg. Treasurer—Russell Van Dyke.

ONE HUNDRED GUESTS AT TEND SILVER WEDDING

At least 100 guests attended the silver wedding of Mr. and Mrs. Nicholas Hofstee, that was celebrated at Jamestown.

The couple of 25 summers lived in Holland for many years, later moving to their present home. They were married by Rev. Groen at New Gronigen 25 years ago and before her marriage Mrs. Hofstee was Miss Henrietta Scrotenboer.

The happy couple were the recipients of many gifts appropriate for a celebration of this kind.

Those who attended from this city are Mr. and Mrs. Frank Rhoda, Mr. and Mrs. John Beltman and son Henry Leonard, Andrew Beltman and Edward Hofstee.

HOPE COLLEGE SOCIETIES ELECT NEW OFFICERS

Knickerbocker Society—Maurice Visscher, president; Gerrit Wassenaar, vice-president; Henry Decker, secretary; Arthur Mulder, treasurer; C. Van Tol, chorister; J. De Haan, K. of A.

Cosmopolitan Society—Peter De Vries, president; A. Rynbrandt, vice-president; A. Timmer, secretary; J. Prins, treasurer; H. Damstra, K. of A.

Fraternal Society—Richard Blocker, president; J. Vander Ploeg, vice-president; J. Ruissard, secretary; W. Bloemendaal, treasurer; W. Zoenner, K. of A.

ICE PENETRATES LADY'S PARASOL

While Holland's tree population was beautifully decked with the coating of ice for the past few days it is questionable whether this is healthy for the already well developed buds, that the warm weather of the past week or more has thoroughly developed.

The crystallized trees all through the city Friday morning were shedding bottle-shaped icicles that were large enough to do damage to the craniums that might find themselves in the way of these falling missiles.

Friday afternoon on River avenue a parasol no doubt saved a lady from serious injury. A large icicle that had fastened itself to one of the overhead wires took a timely tumble as the lady was passing and the sharp projectile penetrated the silk umbrella ripping a large hole in it.

The lady was very much chagrined because of her damaged property but no doubt it saved her from injury notwithstanding.

The Holland Interurban has been having some trouble with ice sticking to the feed wire and passing cars give quite an electrical display because of the sleet covered trolley.

SUPPLY PASTOR IS PRESENTED WITH A PURSE

The annual social meeting of the Willing Workers Aid society of the Central Park Reformed church was held Thursday evening at the church and a large audience was present. An interesting program of readings and music was given, after which a banquet was served in the new basement of the church recently completed. The banquet was in celebration of the completion of the basement.

The Willing Workers provided new carpet for the church and also installed a furnace to heat the basement. The congregation presented Rev. Paul E. Hinkamp, the supply pastor, with a purse of \$25 in appreciation of the services of himself and Mrs. Hinkamp. Last Sunday two young men joined the church on confession, Roy Bremer and Clarence Bremer. On April 12th Rev. Hinkamp will give a stereopticon lecture on Passion Week at the church, and this same lecture will be given by him at the Beechwood Sunday School next week Friday evening.

ANOTHER CINCINNATI MAN PROTESTS AGAINST CARP FISHING

Another Cincinnati man has now come forward in opposition to carp fishing in Black Lake. Dr. Rufus B. Hall of Cincinnati and Waukazoo, wrote the following letter to the Michigan Game Warden and furnished in the News a copy so as to bring it to the attention of the local people:

Michigan State Game Warden, Lansing, Michigan.

Dear Sir—

I have read with interest articles appearing in the Holland City News with reference to the seining of carp from Black Lake during the past winters.

I have a summer home at Waukazoo, which I built there some 12 years ago. At that time the waters of the lake were almost entirely free from weeds in the summer time. A sad change has occurred, however, since then. In front of my place the weeds and grass are so high that it is almost impossible to force a row boat through them. The water front has practically been destroyed. I think it is high time that the state of Michigan does something to protect its beautiful lakes.

I fail to see why the request of a few men in Holland to allow them to make a few dollars from seining carp should weigh more than the interest of the entire people of Michigan, with reference to their lakes. The people of Holland are certainly very short-sighted if they join in such a request. I do not believe that those who signed such a petition to your office were informed as to the facts, as to my own knowledge, the citizens of Holland spend many dollars on the shores of Black Lake.

I need not remind your Department that, if the conditions complained of above continue, Michigan will cease to be a summer resort. People will not go from other States to Michigan, erect and maintain summer homes there, expend the money necessary for their living throughout the summer months, besides the expense of transportation, unless they get an adequate return.

Apparently this feature has been lost sight of by the merchants of Holland, who in the past have persistently profited from the resorters. The Michigan Tourists' Association extensively advertises the beauties of Michigan and in the past has attracted many people there, but if you fail to deliver the goods after the tourists reach there, you will have a sad awakening.

I trust that your Department will use every endeavor to maintain the lakes of Michigan in a condition as nearly approximating their original condition as possible.

Very truly yours,
Rufus B. Hall, M. D.

STORM CUTS PHONE CONNECTION BETWEEN HOLLAND AND G. R.

There was not a telephone line open between Holland and Grand Rapids this forenoon, the sleet and ice having put all the lines out of business for both companies. All the lines were down between Jamestown and Hudsonville, and as a result Holland was completely cut off from telephonic communication with Grand Rapids. A gang of men was immediately put on the job repairing the lines and it was stated by Manager Orr of the Citizens' Co. Friday morning that he expected a line would be through, some time Friday afternoon. How soon communication could be re-established, he said, depended on the difficulties encountered by the gang on the job.

Full and normal communication between Holland and Grand Rapids may not be re-established for three or four days, but in the meanwhile there will be at least one line open that can take care of absolutely necessary calls.

South of the city many telephone lines are also down, and communication has been cut off with towns to the south of us. This fact however is not so serious as the fact of the cutting-off from Grand Rapids as it is in that direction that most calls go.

Many rural telephone lines are down in all directions from the city. Within the city itself not much damage has been done and there was little or no interruption in the telephone service today. All possible efforts were made to prevent trouble in city communication and there has been comparatively little trouble.

Judge Cross adjourned the circuit court Thursday afternoon and went to Allegan for a few days. He will return next Tuesday, when the jury will report for duty.

The American Legion Band

Will give their popular Concert at

HOLLAND HIGH SCHOOL

FRIDAY EVENING, APRIL 7

The Concert is the best yet given with many special numbers by popular artists.

We have these new Victor Records

Come in now and let us play them for you. Some are particularly appropriate to the season. New versions of old favorites—the latest hits by the world's leading artists. Take some home with you today.

Entered as Second-class Mail Matter at the Postoffice, Holland, Michigan

LOCALS

Roy Dohman entertained a number of men friends Friday evening at a stag party at his home on Lafayette street. The evening was devoted to playing cards after which refreshments were served. The guests numbered Mayor Elliott, L. H. vanden Berg, Dr. A. Vyn, J. S. Lowe, Dr. C. E. Long, Wm. Bosman, and father A. B. Bosman of Holland who is his guest and Claude C. Hanish. Mr. Bosman is a juror at this term of court from Holland.—G. H. Tribune.

Sunday there was a mixup in Allegan county in Dorrtownship. A Rasmus was charged with threatening the life of a neighbor. When Sheriff Hare and his officers appeared at the home of the alleged offender the whole family of children and the wife armed with clubs and stones proceeded to pelt the minions of the law. Some of the officers were injured as well as were of the Rasmus family. Several of them are now in the county jail awaiting trial.

The Fennville Herald of this week in a half column article tells of the recent death of Cora Genevieve Van Valkenburg, 33, in Washington D. C. cut short a promising and active career. She was a graduate of Hope College a teacher in the high schools for five years and at the time of her death held a position as auditor of the internal revenue department. She attended the Washington College of Law from which she was to have been graduated this spring. She was educating two missionary students and aided a mission school in Kentucky. She was a daughter of Chas. Van Valkenburg of Douglas.

The Delphi society of Hope College has elected the following officers for the spring term: president, Lilian Van Dyke; vice president, Agnes Vander Wall; secretary, Anne De Goede; treasurer, Grace Spies; K. of A., Ruth Hoekstra; janitors, Margaret McCombs and Esther Prakken.

Judge Cross Saturday sentenced Raymond Wagner, Arthur Reed, Paul Walker and Claire Town to 90 days in the county jail assessing the cost of \$6.90 and putting them on probation. The young men were accused of breaking in a store at Otsego. In passing sentence the judge gave the young men a severe lecture and told them that he would give but one more chance.

Word has been received at Boreale of the death of Lt. Thomas Kraai of the U. S. Navy, who was attached to the Pacific fleet. As far as is known Kraai was washed overboard in a storm at sea, his body being recovered. He had just completed three years in the navy service and was bound home on a furlough. His relatives reside at Boreale, near here. The body was being sent to them.

Miss Jennie Droel, aged 63 years, died Saturday morning at her home at 20 E. 7th street. She is survived by one sister, Fannie. The funeral was held Tuesday at two o'clock from the home, Rev. James Chysels officiating.

The funeral of Mrs. Andrew Johnson, aged 60, who was born in Fennville, took place Sunday. She is survived by her husband and five children, all living in Fennville. Mrs. Johnson died at Blodgett hospital in Grand Rapids.

A \$4,000 fire took place in Allegan county when the beautiful home of Ezra Knowlton burned Saturday night. A defective chimney was the cause. The building was only partly insured. The home is located some 14 miles south of Holland.

W. R. Buss and M. Everett Dick left on Monday for Pittsburgh, Pa., to attend the Association of Manufacturers of Wood Working Machinery. Mr. Dick will spend about two weeks in New York and Boston in the interests of the Buss Machine Works.

Born to Mr. and Mrs. Edward Roberts, W. 28th St.—a boy.

Judge Cross sentenced Sam Hayten of Allegan county to 18 months in Ionia, Hayten having pleaded guilty to the charge of breaking into a dwelling house.

The Grand Rapids Herald of Sunday prints a cut of Hope's successful basketball team together with the pictures of a score of other teams that have done well the past season.

The home of Mrs. Mae Bell at Ganges was burned to the ground little furniture was saved. The family was away from home at the time and the origin of the fire is unknown.

Graham & Morton boats will stop at the Ottawa Beach landing during the Grand Rapids furniture season, June 15 to July 15, according to Frances Campau of the Furniture Manufacturers' association.

The fruit crop in Ottawa and Allegan counties appears very promising. The storm of last week did very little damage to the trees. Peaches, pears and apples look fine and there will be a big crop of small fruits.

Mr. and Mrs. James DeVries, 25 W. 15th street entertained Thursday and Friday evening for their 25th wedding anniversary. Many beautiful gifts were received by the couple. Refreshments were served.

Seth Nibbelink and daughters Misses "Betty" and Wilma Nibbelink have returned from a three months visit to Miami, Fla. From that city they visited every point of interest about the state.

Peter A. Lievens of the Peoples Garage Tuesday drove in one of the new Nash-4 Carioles.

The United States dredge, Gen. Meade reached Holland harbor Monday and dredging operations will be pushed for several days. Capt. J. Van Weelden states that the most shallow spot in the harbor is about 14 to 15 feet and a uniform depth of 17 to 18 feet will be required to insure the safe entrance of the G. & M. steamers in stormy weather. No efforts have been made to repair the broken stretch in the north pier, but it is believed that the obstruction will not interfere with navigation.

With the spacious Ottawa Beach hotel available for visiting furniture buyers through a special arrangement of the Furniture Manufacturers' association, the Furniture Market association, the Michigan railway and hotel management, the threatened lack of hotel facilities during the summer furniture season will be met and many buyers will come directly to Ottawa Beach on G. & M. steamers which will be on special schedule during the furniture season.

Special cars will run between Grand Rapids and Macatawa with reduced rates to buyers.

J. B. Mulder, agent for the Holland-American steamship line, Tuesday sold a return ticket to the Netherlands to P. M. Von Lonkhuijzen, and a one-way ticket to J. J. Doornbosch. Mr. Doornbosch visited his uncle, William Kobes in this country and is returning home. Both men will sail on April 29th on the "New Amsterdam."

Hayden-Kardux Auto Co. have delivered another International truck to the Eagle Transfer Co. This will make three trucks of the International manufacture that this firm has sold to the Eagle Transfer Co., which certainly speaks volumes for the line Hayden-Kardux handle. They have also delivered 25 Chevrolet touring and roadster models during the past thirty days and have orders for many more, showing the gaining popularity of the Chevrolet in and about Holland.

Fred McOmber defeated one of the most popular men in Allegan county, namely ex-mayor Burrell Tripp by a majority of 408. The nominated candidate for mayor, Mr. Fairfield, suddenly died after he was nominated and his partner McOmber stepped into his shoes to fill the vacancy. This no doubt had a deal to do with the defeat of Mr. Tripp as the incident was rather unusual.

The men who had the publicity of the three days Spring Sale in charge were the same ones who had charge of the big Harvest Sale that proved to be such a great success last fall. The men are Al Joldersma, A. Peters and Benj. Du Mez, three wide awake advertisers.

W. Donkelaar, aged 57, died Monday morning at his home at 120 W. 13th street after a long illness. The deceased is survived by his wife, two daughters, Elizabeth and Mrs. Minnie Nyland, and four sons, Gerrit, Henry, John and Jack. The funeral was held Wednesday afternoon at 2 o'clock at the home Rev. B. H. Einink officiating.

J. Y. Huizenga was re-elected supervisor of Holland township without opposition Monday. He has held an office in the township for 25 years. Other officers elected are—Clerk, Chas. Ellender; treasurer, H. Van Doornink; highway commissioner, H. Plaggenman; justice, Gerrit J. Deur; Board of review, A. J. Bloemers.

Advertised letters at the Holland postoffice are: Mrs. J. Bennett, C. M. Day, Booth Hatchery, Mrs. Douis Trada, Mrs. J. Moyer Watson.

Mrs. Ralph Hayden and Mrs. G. Shaw have returned from a few days' visit with relatives in Owosso.

Dr. G. W. Van Verst is attending the dental convention in Detroit. He will be away until Friday.

Dr. M. J. Cook, secretary-treasurer of the Fifth District Dental society left Tuesday for Detroit to attend the meeting of the state dental society. He will be back on Saturday.

The Sorosis Society of Hope College has elected the following officers for the spring term: president, Henrietta Van Putten; vice president, Anne De Cook; secretary, Nell Den Herder; treasurer, Florence McKelvie; K. of A., Colombe Bosch.

Saugatuck township voted to approve the expenditure of \$3,500 as the citizens' share necessary to dredge Saugatuck harbor. At least \$18,000.00 will be required to deepen the harbor to accommodate the new G. & M. boat, City of Saugatuck.

One hundred attended the father and son banquet held at Jamestown and Prof. Ebert Winter gave the principal address.

Harry Nies and David Blom have netted nearly 50 tons of carp so far this season. The nets are now being cast near the Holland Ankers of the North shore.

Mrs. Bernard Bosman of Holland is visiting her parents, Mr. and Mrs. Cor. Boone on South Church St. Zeeland. Mrs. Bosman was Miss Gertrude Boone before her marriage.

Born to Mr. and Mrs. Milo DeVries 427 Central avenue—a son.

R. B. Champion, Attorney Arthur Van Duren and Contractor Frank Dyke were in Grand Rapids on business Friday.

Because of the vacancy created by Capt. G. L. Olsen's promotion to rank of major it is believed the officers of Co. F. of Grand Haven will be moved up a grade immediately. Secret Clyde Koopman is slated for a commission.

John Van Voort has returned to Holland after a trip to the Netherlands.

Mr. and Mrs. J. H. Winkelman have returned from a three months' visit to Florida and Cuba.

The Calvin College Glee Club of Grand Rapids will give a concert at Holland High school on Thursday evening, April 6. It is said that this is a wonderful musical organization and is given under the auspices of the Christian School Alumni.

Miss Ethelyn Metz gave a program of dramatic readings Friday at 4 o'clock at Park Congregational parish house, Grand Rapids, under auspices of the Tuesday church school. Miss Metz has toured the state for two seasons with the Girls' Glee club of the University school of Music and is acquiring a reputation as an elocutionist of talent. Her program included "The Lost Word" by Van Dyke; "Father" and several interpretations of John life.

Examination of John Rasmus, 157 E. 4th street and his wife, charged with making and selling moonshine, was held before Justice Van Schelven Friday. The house was raided a short time ago by the local police and it is alleged that a large copper still was taken together with 2½ barrels of mash. The Justice bound them over to Circuit court. Attorneys Robinson & Den Herder appearing for the couple and Attorney Miles appearing for the people.

Thursday evening President B. D. Dimment entertained the cabinets of the Y. M. C. A. and Y. W. C. A. of Hope College at an elaborate dinner given at the president's home on the Hope College Campus.

Miss Maxine McBride was one of the winners in the essay contest on China, put on by the Grand Rapids Press. Her name was printed among the winners in the Press of Friday evening.

Robert W. Hay, state deputy game warden descended on the middle branch of Black river in Fillmore township and captured five men violating the state game and fish laws by fishing with a net.

Arthur Visscher of the Ottawa Furniture Co. has gone to California to call for his mother, Mrs. A. Visscher, and his sister Miss Anne Visscher who have been spending the winter at Los Angeles.

Plans have been completed at Zeeland for a father and son banquet on the evening of April 6. G. Vander Meulen of Holland has been booked as the principal speaker. W. H. Smith of Holland will speak in the interests of the County Y. M. C. A. and the Zeeland orchestra will furnish the music. The women of the First Reformed church will have charge of the banquet and covers will be laid for about 200.

While Frank Van Bree of Zeeland was driving to Holland Thursday evening the Ford truck which he was driving collided with one of Scholten Bros' large trucks at the corner of Main and State streets. Mr. Scholten was returning home and was in the act of turning the corner when the cars met. Van Bree's truck lost a wheel and damaged a fender, while the Scholten truck was not damaged.

Negotiations by which the Goodrich Transit company of Grand Haven will take over boats valued at approximately \$500,000 from the Chicago, Racine & Milwaukee Transit Co. will be completed shortly, according to H. W. Thorpe, general manager of the Goodrich company. Consumation of the deal will make possible a daily steamship service between Chicago, Milwaukee and Racine Thorpe said.

According to statistics Ottawa County's Sunday School population is 11,689, according to the figures compiled by Anthony Nienhuis and George Schulling who are secretary and president respectively of the association. Of this number Holland has 25 schools; 472 teachers; and 6,119 scholars. The average attendance is 75 per cent.

Rhine J. Nienhuis, aged 24 years, died early Friday morning at his home in North Holland. The deceased is survived by his wife and one child, his parents, two brothers and one sister. The funeral was held Tuesday afternoon at 1 o'clock at the home, North Holland, and at 1:30 o'clock in the North Holland Reformed church, Rev. J. Klaaren officiating.

Frank Lehman, a Grand Haven man, was fined \$80 when arrested on the charge of assault and battery. It is stated that Lehman attempted to cremate an old man who acted as a prohibition detective. According to the charge the man whose name was kept secret, went to Liberty hall in the west end of Grand Haven and purchased a drink of moonshine, but when his purpose was discovered he was seized and hurried toward the furnace. Rescuers then snatched him away before serious damage was done. The police are searching for two more men in connection with the alleged attempt on the old man's life.

Mrs. J. D. Kanter returned Tuesday from Fort Colborne, Ont. where she has been visiting for two months with relatives.

Tuesday night was an unusual evening at the Elks Lodge when fifty "Hello Bills" from Muskegon came to install the newly elected Holland officers for the ensuing year.

The Muskegon men put on the work, in great shape and after the ceremonies had been performed a wonderful layout was provided by the Holland Elks.

The men installed are the following: Joe Borgman, Exalted Ruler; Tom McCarthy, Leading Knight; G. J. Van Zoeren, Loyal Knight; Marshall Irving, Secretary; August Breyman, treasurer; and C. M. Pappeler, tyler.

The American Legion Band came up later in the evening, gave an excellent band concert and participated in the banquet.

The telephone lines were down between Grand Haven and Holland Friday and communication was cut off.

AS Spring approaches it is said that a young man's fancies turn to thoughts of love.

But there are others who think of spring bonnets, seed catalogues and the "fliver." Spring gives that contented feeling and those optimistic thoughts.

It's in the spring of life when man is in full vigor, when he must realize that there is also a summer and a fall of life. It is in the spring and summer of life that he must provide for the fall or withering winter of life's race course.

Culter-Tractor

All Ready For Operation

Demonstrations given from

9:00 to 12:00 a. m.

and from

2:00 to 4:00 p. m.

daily at

HOLLAND SALVAGE CO.

The Culter-Tractor folks wish to interest Holland people in their new tractor and they think their proposition so good that they wish to solicit stock in order to organize a company and manufacture this sure winner. The Tractor can be made cheaper than any now manufactured and machine can cultivate from one to 8 rows of corn, beets or any other growing crops that needs cultivating, at one time. The Tractor will also take on two twelve-inch plows.

Come and see the Demonstration at the Holland Salvage Co.

TRY TO FLOAT STOCK PROPOSITION IN THIS CITY

At the merchants meeting Tuesday evening, Mr. Martin DeLin, Mr. Hoover and Mr. Grey were present and brought up a matter relating to a new kind of tractor which these men call the Cutie tractor.

One of the men present explained that one of the machines can now be found at the Holland Salvage Co. yards at the corner of 7th street and Central avenue, where demonstrations are being held daily.

There is only one of these tractors in existence and that is the one now being used for demonstration purposes and has been in use all last summer and it is stated has shown some marvelous results.

It is said that the tractor can cultivate beets or three rows of corn at one time and can do likewise with other products on the farm, that need cultivating.

Representatives claimed at the meeting that the new tractor can also attach two twelve-inch plows and the most efficient plowing can thus be done. It is also claimed that this tractor can be manufactured much cheaper than any other besides leaving a substantial profit.

The men present stated that they wished to interest Holland capital in the manufacture of the new tractor, and thus give Holland another industry.

The merchants referred the matter to the industrial committee composed of Dick Boter, Otto Kramer and Henry Winter.

An aftermath of the election of Monday will come in the near future when Alderman Jack Blue will hire a wheelbarrow and give Geo. Woldring a ride down Eighth street to the accompaniment of the music of a band. The affair is to be staged elaborately and it is safe to say that the town will be out in full force to see the fun.

It came about in the usual way Ald. Blue put up a bet with Mr. Woldring on the election, not for money, but to be paid in this way. Mr. Woldring won, and as a result he is to take his seat in the wheelbarrow at the P. M. depot. Blue will be at the handle end of the "rickshaw" and Woldring will take it easy. The procession will go down Eighth street to the Tower clock, and from there back to Mr. Blue's store. The band will play catchy airs and there will be plenty of fun to go 'round. Announcement as to the date of the paying of the bet will be made in the newspaper so that no one need miss the event.

Piano, voice and readings were offered for the Browning salon Sunday evening in a combination.

which was especially effective. Mrs. Brown J. Staples sang several contralto songs, including "Oh Men from the Fields," by Trehanze, and "Crying Water," by Campbell-Tipton, which were exquisitely modulated. Miss Ethelyn Metz, a reader of rare ability, gave two bits of comedy by Majorie Benton Cooke, and "The Lost Word," by Henry Van Dyke. She responded to a core after each group. John Lloyd Kollen, a lad of talent played Chopin's Polonaise in C Sharp Minor, Schumann's "A Spring Song," and "The Horseman." Miss Metz and Mr. Kollen, who both reside in Holland, Michigan, came to the city especially for this program.—G. R. Herald.

Miss Nellie Churchford returned to Holland Tuesday evening from Rochester, Minn., where she went some time ago to report at the Mayo Bros. Hospital. Miss Churchford was at the hospital some time ago and later she came home, with the instruction to return to the hospital later for observation. She has been gone for some time now and her friends were glad to welcome her back.

Miss Churchford will rest until Sunday and on that day she hopes to be at the mission again to conduct the services.

The Social Progress club that met at the home of Mr. and Mrs. T. N. Robinson Tuesday evening took a trip to Cuba via a paper read on that subject by Henry Winter. Mr. Winter recently took a trip to the island republic and his paper showed conclusively that he had kept his eyes and ears open while there. He gave an intimate picture of life in Havana and decried the habits of the people there, their daily life, their festivals.

Mr. Winter did not remain in Havana however but went out into the villages of Cuba and observed life there also. He told in an interesting manner of the sights he had seen and he mixed in with his personal observations many bits of history that gave the personal story a background.

The present week is "Religious Book Week" and is being observed throughout the nation. All over America attention is being called to the reading of religious books, and such classics as "Pilgrim's Progress," "The Imitation of Christ," "The Saint's Rest," and others are being called anew to the attention of the general public.

Along with these classics, other religious books of more recent authorship are being displayed in the windows of the book stores. The book stores of Holland, along with those in other cities, are observing "Religious Book Week" and are making quite a display of this class of books this week.

The merchants of Holland at their regular monthly meeting brought up the question of daylight saving.

Many of the merchants considered the time voted on was altogether too long, and consequently they have made a request to the common council that when this matter was finally passed that the dates be from June 1st until September 1, instead of April 16th until October 1.

The merchants only make this as a matter of suggestion in order to

GREAT DUTCH LECTURER COMING TO HOLLAND

MR. BROUWER FROM UNIVERSITY OF DELFT TO SPEAK AT HIGH SCHOOL

Mr. Brouwer is in Great Demand at the Larger Universities of the Country

The biological society of the local high school is to put on an unusual lecture on the evening of Wednesday, April 12 at the high school auditorium. The man to lecture is Professor H. A. Brouwer, of the University of Delft who is at present at Ann Arbor for one semester in the geological department of Michigan University.

Mr. Brouwer was in such great demand that it was difficult to get him to lecture here, but one of the reasons that finally persuaded him was that Holland through Dr. Van Raalte can be considered the cradle of Dutch development in the United States.

Mr. Brouwer has two lecture dates in Chicago, must lecture at the Academy of Science at Philadelphia, and similar academies at New York and Washington.

Mr. Brouwer will speak on "Volcanic Eruptions and Their Causes." The Michigan Alumnus, one of the official magazines of U.-of M. says in part:

"A volcanic eruption, it is the finest thing in the world." This is no chance remark, but the firm conviction of Professor H. A. Brouwer, of the University of Delft, Holland, who is now teaching at Michigan in place of Professor W. H. Hobbs, while the latter takes Professor Brouwer's place in Delft. Then he showed picture after picture of active pyrotechnic mountains; for he is personally acquainted with a string of volcanoes longer than the distance from San Francisco to New York.

Professor Brouwer has had wide experience as a geologist. One gets the impression, from his young face,

avoid difficulties in school.

June 1 school days will be nearly over, and September 1 after Labor Day, surely there is no more call for outdoor planting, swimming and base ball as all the seasons are practically closed and the mothers can send their children to school at the regular hour, instead of getting them up in the dark as would be the case in the middle and latter part of September.

The suggestion was made to start the schools one half hour later, but Secretary Beeuwkes who is also a member of the board of education, said that this was impossible and each class period was of 40 minutes' duration, and this being the case one of the class periods would be cut in two by the noon hour when pupils went to dinner and the class period would have to be resumed for another 20 minutes after lunch.

It is doubtful also whether the pupils would be very enthusiastic about adding a half hour to the end of their days' study.

Anyway the whole matter was only brought up in a way of a suggestion at the business meeting, and Mayor Stephan stated that just such helpful suggestions would aid the city officials to bring the change of voters showed they have in me.

that he must have begun that experience in his teens. At any rate in 1910 he studied the geology of Cape Colony, and particularly of the Transvaal, in South Africa. In 1911 he went in charge of the Netherlands Timor Geological Expedition, which made a geological survey of Timor, an island lying north of Australia. After this survey was completed in 1912, Professor Brouwer remained in the Dutch East Indies until 1917, making expeditions into

New Guinea, the Moluccas, Sumatra, Java and many smaller islands, all virgin territory to the geologist. In some places he was the first white man the natives had seen. It was in this period that he became acquainted with all the volcanoes mentioned above and took their photographs. Sometimes they objected to this unusual procedure, and he had to dodge missiles while he snapped them.

As was stated before Holland will have to co-operate somewhat with Zeeland, Grand Rapids, Grand Haven and Muskegon; in fact Grand Haven has already stated through its local paper that the reason why the common council did not put the matter up to a vote was that it would have to follow the steps taken by Holland, Zeeland and Grand Rapids anyway, or become hopelessly mixed up in time.

It was stated that the cities were so closely allied that one could not stand alone and it seems only proper that Holland should co-operate with the other cities in the neighborhood in order to have the time uniform and covering practically the same period.

Bowmaster Thanks Voters
I wish to express my keen appreciation for the support that was given me in the contest for city treasurer on Monday. It is gratifying to know that every ward in the city stood by me for the office. I appreciate the fact that the fine majority given me makes it doubly necessary to give the office my very best efforts, and I hope to prove myself worthy of the confidence that the voters showed they have in me.

FIVE YEARS AGO

The Police Board and Common Council jointly buy two of the best fire trucks made. The American La France pumper was purchased for \$6,000 and the White service truck for \$5,500.

The barn of Harm Jacobs near Graafschap was struck by lightning and two horses, four cows and some pigs burned.

Issue \$14,000 bonds to erect a reservoir to hold a million gallons of water. Ald. Prins voted against this reservoir proposal.

A Welcome to Our New Boat

Oh don't you hear the shouting and don't you hear that din
I will tell you what's the matter, the boat is coming in
The people they are down there and holding up their chin
Looking down the lake to see the G. & M. come in.
Everybody's happy when the Holland boats begin
For they take away our freight and brings us back the tin
Give them a hearty welcome and a smile that's not a grin
For every body's sure to be there when the Holland swings in.
—E. S. G.

Mrs. Martin Dykema has gone to Chicago for a two weeks' visit with Mrs. Cubberley, formerly Miss Lulu Boggs of Holland.

Attention:

Holland Furnace Owners.

If you were not at home when our Service Man called, we want to be sure to give you the Special Free Service anyway.

In case no placard has been put on your house by to-night (April 5th) don't fail to call us up to-morrow (telephone 1247.)

By to-morrow night, cards will be on all houses where Holland Furnaces are to be cleaned and inspected free of charge.

WE DON'T WANT TO MISS ONE OF OUR CUSTOMERS

LARGEST INSTALLERS OF FURNACES IN THE WORLD.

To Telephone Users--

A Giant Cut The Wires

Our entire long distance wire system in southern Michigan and many of our smaller exchanges was crushed and wrecked in the sleep storm a week ago.

Every city suffered, even those not touched by the storm, because of severed lines to other points.

The material loss is very great. The cost to business cannot be estimated.

But our men, augmented by hundreds, pushed out into the storm zone by train, by truck and on foot, working night and day to restore service.

We realize the importance of the wires to the conduct of business and to the people of our cities and our country districts. Therefore we are doing our utmost to re-establish the lines of business and social communication.

But, the wire system that took years to build and perfect and that was destroyed in a night, cannot be rebuilt in a day.

We, therefore, appeal to all users of the telephone to be patient in this emergency.

Our promise is, that the emergency service already established will be strengthened rapidly and that permanent reconstruction will be pushed with all speed.

Michigan State Telephone Co.

FRANZ C. KUHN, President.

WHAT YOU SAW IN THE HOLLAND CITY NEWS 50 YEARS AGO

A lodge of Independent Order of Odd Fellows is soon to be organized.

Holland had a military company at that time. The Light Guard Co. had been accepted by Gov. Baldwin and as soon as members are uniformed arrangement will be made to muster them in the service.

FORTY-FIVE YEARS AGO

Part of our brass band attempted to go serenading on Wednesday evening last. Judging from the sound in the distance we should say with poor success.

FORTY YEARS AGO

Dr. R. B. Best has purchased a new and very fine buggy and with a spanking fine horse drawing it, the Doc presents a rather gay appearance.

F. O. Nye has erected poles and now has telephonic connections between his residence on Ninth street and his office at the Chicago and West Michigan Depot. Note—Mr. Nye was the father of the Rev. George Nye of St. Francis church. He was chief of the fire department in this city for a number of years. He could smoke more cigars than any man in Holland and he was a cracking good telegrapher. His telephone stant must have been before Holland granted franchises and there were no telephone companies in the city.

THIRTY-FIVE YEARS AGO

C. J. De Roo of the Standard Roller Mills is making arrangements to build a fine residence on Ninth street.

Forest fires are raging all around and there are especially bad near East Laughtuck. Columns of smoke are surging heavenward.

THIRTY YEARS 'AGO

Born to Mr. and Mrs. John B. Mulder, a son. Note—This son is Leon Mulder now living in Grand Rapids.

The new Holland City State Bank Block is nearing completion and is an imposing structure.

TWENTY-FIVE YEARS AGO

George P. Hummer has purchased a \$1000 interest in the Grand Rapids Democrat. Note—The Democrat is now the Grand Rapids News.

During the first week of May, the Jaspers Minstrelsy will appear at Lyceum Opera House. Will Doyl will be the musical director and Dr. P. M. Gillespie business director. Prof. Wilbour Force head violinist of Powers opera house will aid the orchestra. Note—Lyceum opera house was located directly across from Bert Slaght's Wall Paper store, and burned later.

TWENTY YEARS AGO

Perry Wise, 16 year old son of Mr. and Mrs. C. D. Wise, was accidentally shot while hunting on Kruisenga's island in the marsh near the water works. He placed his gun in the boat and was about to push out into the stream when the gun exploded and he died from the results later in the night. He had a revolver that he shot off to signal for aid but not until two hours later did Mr. Hietje, another hunter find him.

Ground was broken on Hope College campus, the beginning of the erection of Van Raalte Hall. The contract was awarded to Clarke & Blakeslee for \$26,962. It will be a four story building with basement 130x72 feet. Note—Such a building today would cost near \$150,000 to erect.

FIFTEEN YEARS AGO

Jacob G. Van Putten was elected mayor by a majority of 1020. The republicans left the head of the ticket blank. Richard Overweg was named city treasurer by a majority of 1224. "Rich" did always run like a scared dog. Abe Stephan beat John Oxner in the third ward for Alderman.

Miss Kathryn Pessink a graduate from Hope Music department has been offered an excellent position as soprano soloist in one of the largest churches in Cincinnati. She is a member of Hope Church choir.

J. W. Vischer and his son shot five wild geese.

George P. Hummer opposes G. J. Diekema for congress. He was nominated by the Democrats.

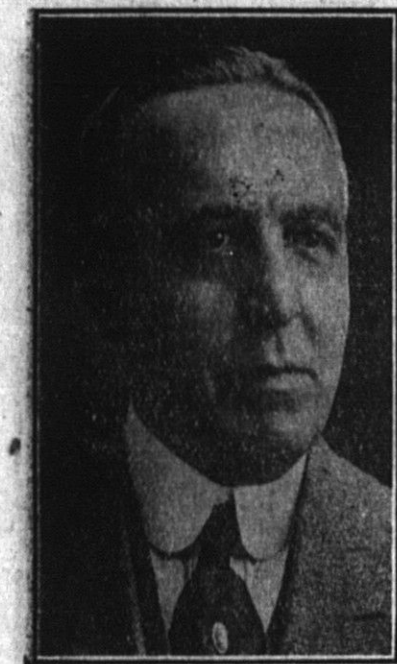

TEN YEARS AGO

Nicodemus Bosch was nominated by the republicans in caucus at Lyceum rink. Slips for Bosch and Otto Kramer were passed, but Mr. Kramer stated that his slips were printed without his consent and he would not run. Thomas N. Robinson was named Justice of the Peace. G. W. Kooyers and Chris Nibbelink, supervisors. Besides the following aldermen: 1st ward, Ed Van Dree; 2nd, Art Drinkwater; 3rd, Tounis Prins; 4th, Frank Bolhuis; 5th, Henry Sterrenburg. Note—Holland did not have a Sixth ward. Were not running a non-partisan primary.

A. W. Horne of Grand Rapids buys the Dutch Zulu wind buildings four in number for \$20,000 or \$5,000 each. Note—These stores are directly west of the Knickerbocker theatre.

TWO WARDS-PILE UP VICTORY FOR E. P. STEPHAN

Herman Van Tongeren carried four wards in the city election Monday but his majorities in those wards were not enough to carry the election for him, E. P. Stephan carrying the city by a majority of 62

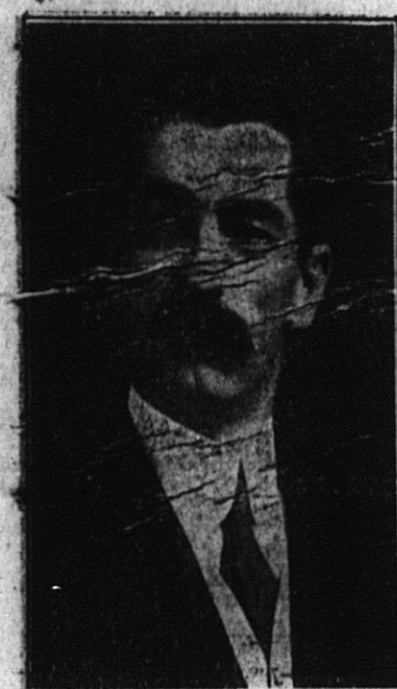

E. P. Stephan votes. Mr. Stephan's strength lay in the third and fourth wards, which he carried by substantial majorities. Mr. Bosch, the other candidate, ran a poor third and he did not carry a single ward in the city.

The wards that went for Van Tongeren were the first, second,

Herman Van Tongeren fifth and sixth. It was predicted right along before the election that

Nicodemus Bosch

the contest would be a very close one, but few people had expected that it would be decided by less than one hundred votes. There was no hitch in counting the vote, and the result in five of the wards was known about twenty minutes after the polls closed. The first ward was the last to report, but here also the count was finished about 35 minutes after the polls closed. The result announced in the Sentinel Monday night gave a plurality of 63 for Mr. Stephan. A revision of the figures Tuesday morning showed that there had been an error of one, the final figure being a plurality of 62 for Stephan.

The wards voted as follows on mayor:

	Stephan	H. V. T.	Bosch
First	233	300	173
Second	55	105	31
Third	355	181	78
Fourth	362	231	117
Fifth	231	321	105
Sixth	148	204	73

Total 1384 1322 577
Plurality for Stephan 62.

BOWMASTER NAMED CITY TREASURER BY BIG VOTE

Murk B. Bowmaster was elected treasurer of the city of Holland on Monday by the largest majority received by any candidate who went up for election in any office. Mr. Bowmaster defeated his opponent, Herman G. Garvelink, by a majority of 603 votes. He carried every single

ward in the city by a substantial majority.

The candidates for this office were numerous in the primaries, but all were eliminated except Garvelink and Bowmaster. The contest for the office between these two was a pretty one and the decision was clearcut. The vote by wards was as follows:

The vote by wards was as follows:		
	Bowmaster	Garvelink
First	433	249
Second	134	52
Third	303	271
Fourth	387	298
Fifth	353	287
Sixth	283	133
Total	1893	1290
Bowmaster's majority 603.		

In the contest for member of the board of police and fire commissioners, John S. Dykstra defeated Henry Kraker by a majority of 277 votes. The vote by wards was as follows:

	Dykstra	Kraker
First	392	223
Second	76	97
Third	311	225
Fourth	313	331
Fifth	318	236
Sixth	216	162
Total	1622	1349

Dykstra's majority, 277.

The congenial mayor-elect and amiable hostess, Mr. and Mrs. E. P. Stephan entertained more than a thousand who came to their home at 24 E. 9th street to congratulate the man who was re-elected for the

third time for the most important office that can be given at the hands of the citizens of Holland.

Naturally the spacious home could not even begin to accommodate the Holland folks, and the pressing crowds had to be turned into the form of a reception with the mayor receiving congratulations and the crowd passing on to make room for more who kept coming.

Friends began to gather shortly after the polls closed and the result was in, and the crowd was still coming at 11 o'clock at night.

The National Guard, Company D, marched to the mayor's home in a body and gave an exhibition drill and then passed through the reception line, shook hands and were told by Abe to smoke 'em up.

The Sentinel had the result of the election on the street thirty minutes after the polls were closed, and was the first to reach the mayor's house with copies of the paper showing the official returns.

It surely was a real live smoker in and around the mayor's house and no doubt the lady of the house Tuesday morning had considerable tidying up to do after the raid of Monday night.

If our Abraham has any money left from his first year's salary after buying all those smokes he surely knows where the bargain counter for real good cigars are to be found.

Anyway his hosts of friends and not a few of his political opponents including Jack Blue and Peter Prins from the First Ward were present to offer congratulations.

DAYLIGHT SAVING WINS BY THE MAJORITY OF 259

The daylight saving proposition that was placed on a separate ballot won by a comfortable majority of 259.

The proposal won in every ward but in some instances by a narrow squeeze.

The proposal as found on the ballot carried with it the dates from April 16 to October 1. However this being a straw vote no doubt the common council can alter that date to conform through co-operation with the date set in other cities.

Zeeland won for daylight saving with the narrow margin of 13 votes, 219 for and 206 against.

Grand Rapids also cast its vote for daylight saving 12,591 being for the earlier hour, while 9,695 voters voted against the change of time.

Allegan gave Daylight saving a black eye by a large majority.

A tabulated statement as far as Holland is concerned follows below:

	Yes	No.
First	365	321
Second	103	86
Third	293	285
Fourth	400	292
Fifth	362	289
Sixth	263	158
Total	1786	1431

MAYOR STEPHAN THANKS VOTERS FOR SUPPORT

I wish to thank my many friends who worked so hard for my re-election Monday.

I wish to thank all those who voted for me.

I want to assure all those who voted against me that I have no ill will towards them.

I ask of one and all their earnest and sincere support to help me accomplish the work that has to be done to make this city a place worth while to live in.

Let us all work for a Better Holland.

E. P. Stephan.

M. C. VER HAGE RE-ELECTED MAYOR OF ZEELAND

M. C. Ver Hage, democrat, defeated Jno. Fris, republican, for the office of mayor of Zeeland Monday by a vote of 286 to 124. A. Post, republican, John Holleman, republican, and Jno. Bouma, Citizens, were elected aldermen for the full term; Wm. Glerum, republican, was named alderman to fill vacancy.

Att. J. N. Clark, Republican, defeated G. J. Van Hoven, for city clerk, by a vote of 245 to 128. Ben Goosen was named city treasurer over Wm. P. Lamer by a vote of 270 to 128. Henry Roek was named supervisor, with no opposition. For justice of the peace Henry Huxtable was named, defeating Gerrit Van Lopik by a vote of 230 to 174.

PROF. WICHERS IS NAMED PRESIDENT OF CENTURY CLUB

At the annual business meeting and banquet of the Century Club on Monday evening in the parlors of Hope church, Prof. Wynand Wichers of Hope College was elected president of the club for the ensuing year. Other officers elected were: vice-president, S. R. McLean; secretary-treasurer, Mrs. Charles H. Mc Bride; members of the executive committee, Mrs. G. W. Van Verst, and Supt. E. E. Fell.

A very delightful banquet was served, about 100 members and guests being present at the four long tables that were laden with good things to eat. Dr. G. W. Van Verst, president of the Century Club the past year, presided over the gathering as toastmaster and an interesting program of music and toasts was carried out.

The program opened with a song by a quartet composed of Willis Diekema, Earl Kardux, C. Bergen, and R. A. Pace. They responded to an encore and their number was followed by a duet by Mrs. D. B. K. Van Daele and Mr. Willis Diekema. Miss Hakeen acting as accompanist.

The first one to respond to a toast was Mrs. C. J. Diekema whose subject was "The Joy of Life." Other toasts responded to were as follows: "Our Women" by R. V. Veenstra; "Mere Men" Prof. Wynand Wichers; "Life's Accolade" by C. Vander Meulen.

The Century Club has planned a very interesting year of work. After the summer vacation, the meetings will be resumed.

CHORAL SOCIETY TO RENDER CANTATA

The Prospect Park Choral society rendered a program Wednesday evening at 7:45 in the church auditorium. The first part of the program consisting of miscellaneous numbers and the second part will be the cantata, "The First Easter" by Wilson. The chorus is conducted under the able leadership of Mr. J. Vander Ark and accompanied by Mrs. Bernard Robertt. The soloists are Theda Dobben and Helene Michielsen, sopranos; Johanna Boersma, contralto; Henry Haveman, tenor; Gustave Rinck bass.

Cora Lenters, a noted reader of Grand Rapids also appeared on the program. Miss Lenters has been in this city on former occasions and has never failed to more than please her audience.

The following program was

Wrecked by Fire!

Stray sparks and leaky feed pipes start fires that wreck thousands of autos, that will bring but a few cents per pound.

SOLD FOR JUNK

Fire from one of many causes is likely to send your car to the junk pile at any time. It will not bring much as junk, but if you insure it against fire you will be paid the amount of your loss.

Don't drive another mile without insurance protection against fire.

You need automobile insurance against fire, theft, liability, property damage and collision. This agency sells "Two Hartfords" policies.

MARGARET DRONKERS WINS POPULAR LADY CONTEST

Margaret Dronkers was declared by the voters at the American Legion Indoor circus Saturday night to be the most popular girl in Holland. Miss Dronkers received a total vote of 39,089, and as a result of winning the contest she was presented with a diamond ring. Miss Anna Vanderlist won second prize, with a total vote of 15,375, and she was presented with a wrist watch. Third honors went to Miss Evelyn Burgh, whose vote was 13,356. She won the mesh bag offered by the Legion.

The votes of the others in the contest were: Florence Branderhorst, 11,755; Selma Landwehr, 10,630; Rose Slooter 5,394; and Nellie Zeerip, 2,254.

The Popular Lady Contest provided the main interest at the circus Saturday night. Beginning at seven o'clock a vote was taken every hour, and whenever the hand of the clock pointed to the hour, there was a grand rush to the ballot boxes. During the last half hour of the contest there was what almost amounted to a friendly riot on the part of friends of the contestants to get their votes in.

The circus that closed Saturday evening was the biggest thing that the local post of the American Legion has ever pulled off. In all the attendance was over five thousand. The attendance on Saturday night alone was more than two thousand. All the stuff in the concessions was sold out, and financially and in every other way the circus was a big success.

Miss Dronkers wishes publicly to thank the people who so generously supported her in this contest.

HOLLAND FIRM GETS CONTRACT TO BUILD ALPENA ROAD

Activity in construction work on the county road system in Ottawa is beginning. The first contract of the spring was let Saturday by the Ottawa commissioners for the construction of a piece of highway on the Alpena road near Holland. This is a small stretch but rather an important one to complete the highway.

This job was let to Oosting & Hofstee, who have built a number of roads for the county commission in the southern part of Ottawa. The contract calls for the preparing and grading of 1285 cubic yards of earth and the supplying and laying of 1244 feet of concrete surfacing. The concrete will be seven inches thick and 16 feet in width. The contract price is \$3,584.63 and the job is to be completed by June 1.

Another big contract will be made on the same day for the construction of the concrete road on 17th street at Holland. This is also a connecting link in the county road system and there will be a number of bids to consider.

The project for the highway and bridge over the Crocker flats has been separated from the work now being advertised, and bids will be received later for the construction of the project.

The road commission is looking for an active summer of building and a number of projects are expected to be finished in connection with the program adopted for the system.

CHILDREN ON PAVEMENTS ARE DANGEROUS SAYS CHIEF OF POLICE

Chief of Police Van Ky Monday issued a warning to parents calling their attention to the growing practice of children using the street pavements, especially the smooth new streets recently paved for roller skating. On some of the streets like 18th, 9th, Central Avenue and others there are daily flocks of children skating, and during the past few days there have been a number of near accidents. As every motorist knows children are incalculable when in the path of an automobile. A child will run into positions of danger that a mature person would carefully avoid. The youngsters will stand peacefully on the side of the street sometimes and then, without warning will dash in front of an oncoming car, sometimes in a spirit of bravado, sometimes out of pure thoughtlessness.

Their presence in large numbers on the pavements constitutes a real menace, the chief of police points out. All motorists are naturally on the lookout for children because anyone driving a car wants to avoid accident, but the close escapes of the past few days show that even the best precautions are sometimes unavailing.

The police department has been busy sending the children off the streets back to the walks, but the police department is comparatively powerless because there is no ordinance against the practice. All the officers can do is advise children for their own good to remain on the walks. Hence they are appealing to the parents to help them to safeguard their children.

GIVES ADDRESS ON "WOMEN IN POLITICS"

In spite of the inclement weather Friday afternoon, a considerable number of W. C. T. U. workers met with Mrs. F. J. Congleton. The subject for the afternoon, "Women and Politics" appropriate on this, the very eve of election, was ably discussed by Rev. P. P. Cheff in a fitting address.

Mr. Cheff was strongly for equal rights for women, but he said that her sphere is to exercise influence rather than to wield power, for three reasons. 1. Women's physical idiosyncrasy makes her unfit to cope with the strenuous duties of high officials.

2. Woman is the fountain-head of church, society and the nation. All nations depend upon their homes, good, solid and old-fashioned. A home is only a house without the homemaker. Remove her from the home and she loses much of her tremendous influence.

3. Women in their organizations do great work in civic improvement and in the slums, work that men could never do. Put women in legislature and other high offices, and communities would thus suffer. There are, however, political positions which women ought to fill, viz., on school and library boards, as police matrons and on various important committees. Mr. Cheff in summary said that women should vote, should exercise their influence, should study the problems before the nation and thus inject their keen moral sense and love of purity into politics.

Mrs. S. M. Zwemer, in "Current Events," gave some figures, startling to the wine and beer followers. The breaking of the prohibition laws accounts for only one tenth of crime, while unchastity, dishonesty and breaches of the peace account for nine tenths throughout our country.

The National Fraternal Congress of America recently met in Chicago, the wettest spot of our nation, and of the 118 delegates 88 voted "No" to the beer and wine proposal and only 30 "yes". French wine producers naturally are making big efforts to win world-wide sympathy for their trade.

The ladies were daintily refreshed by the tea committee. Mesdames Bigge, Bottume, C. Markham and H. R. Van Eyck.

The match game of pocket billiard played Friday night at Will Blom's billiard room was witnessed by a large crowd. Blom defeated Bert Franks by a score of 150 to 123.

The public schools and Christian schools opened again Tuesday to resume study. On the other hand Hope College closed Friday for a vacation period of ten days.

Sheriff Delbert Fortney has been ill with the gripe since Sunday at his home at the county jail. Deputy Sheriff Nick De Witt has also been taken ill with the gripe and is unable to be on the job at the jail office.

April surely came in like a lamb. March may have come in like a lamb, but apparently it went out like a skate, meaning a fish.

Dr. G. A. Stegeman is attending a convention of the State Dental Society in Detroit next week. He will be away from his office until next Friday.

BOOK WRITTEN HERE LAST SUMMER NOW IN CIRCULATION

A book written at Waukazoo last summer has just come from the press of the Century Co. of New York and is now ready for distribution. Copies have been received in Holland by friends of the author. The book is entitled "The Outlook for the Philippines" and it is from the pen—or rather the typewriter—of Charles Edward Russell, well known author and traveler. It is a beautifully printed volume of some four hundred pages, profusely illustrated with photographs taken by the author himself during his trip to the Philippine Islands last year.

When he came to Waukazoo last summer to spend the hot season here at the cottage where he usually lives in the summer time, Mr. Russell had his notes on that trip to the Orient with him, and almost any day he could be seen sitting on a little upstairs porch pecking away at his trusty typewriter. He was working on the Philippine book, and much of the volume, now issued by the Century Co., was written there.

Mr. Russell who spent many months in the Islands went there as an independent investigator with no strings tied to him. He went to learn what was what in the Islands and with his mind open. In his book he expresses a great admiration for the Philippine people and he predicts a great future for them. He makes a plea for independence for the people declaring that the United States by congressional act has promised this to the Islands and that the only just thing to do is to fulfill this promise.

HOLLAND MAN PRESENT AT GRAND HAVEN MEETING

Brigadier General Earl R. Stewart, commanding the Michigan National guard was entertained at Grand Haven by Major George L. Olsen. The general is making an informal inspection tour of a number of the cities which have units in the Michigan National Guard and meeting the officers who will come under his command.

The general held a conference at the county seat with the officers of Co. F., M. N. G. Battalion Headquarters Co. Co. D. of Holland and Co. G. of Muskegon. Those present were Capt. Le Bouef and Lieut. Kowalski of Muskegon, Lieut. Oscar Johnson of Holland, First Lieut. Stang, Second Lieut. John Vyn and Sgt. Clyde Koopman who is to be commissioned a second lieutenant. Capt. Henry Geerds of Holland was unable to be present and Lieut. Oscar Johnson represented him.

PLAN TO ORGANIZE ROD AND GUN CLUB

Steps are being taken for the formation of a Rod and Gun club in Holland. An announcement is being circulated for the purpose of securing names of prospective members. If a sufficient number of members can be secured in this way, a meeting will be held on April 15 to organize the club and elect officers. The name of the club that has been suggested is the Holland Rod and Gun club.

Its purpose will be to promote the sports of fishing and hunting, to secure for its members rulings on existing game laws, and to influence salutary legislation for the protection of game.

Listen what Alice says Herself:

"I am nine years old, and have had Ezema on my scalp for six years, and have tried most everything, but got no relief until I tried Van Zanten's Hair Tonic, and I can say after using it for six weeks I am entirely cured. I can fully recommend same to every one afflicted like I was. Any one wishing to know who my parent's are, can write to Van Zanten's Remedy Co., 34 East 8th St., Holland, Mich., and they will give them my name and address and tell them what it has done for me."

LOCALS

Emory P. Davis is making quite a hit as a reader. At the Merchants' association meeting Tuesday night, Chairman Harrington had Mr. Davis give a few readings and judging from the applause he received, his offerings were unusually good. His production of why a small town paper is thoroughly read, from the author Ring Lardner made a big hit especially the way Mr. Davis rendered it.

The request of the Holland Merchants' association to shorten the time during which "daylight saving" will be incorporated was filed by the common council Wednesday night.

Ald. Brieve, chairman of the committee on poor, reported Wednesday night that the sum of \$117 had been expended for temporary aid the past three weeks.

Mrs. Cornelia De Bey, well known Chicago settlement worker, attended the burial of Rev. Broek in Holland Tuesday. Fifteen other Chicago people were at the burial.

The regular meeting of the Woman's Literary Club was held Tuesday afternoon at which the president presided. The club instructed its delegates, Mrs. C. J. Dregman and Mrs. C. J. Dekema, to invite the Central District to hold its next meeting in Holland. The club voted to join the General Federation of Women's Clubs. Next Tuesday the members will be entertained with the reports from the Central District convention.

Mrs. W. J. Olive touched on many things in her topic on current events. She spoke of the inauguration of David M. Friday as president of the Michigan State Agricultural College. She spoke of the coal strike, the vote of confidence given Lloyd George by the British Parliament, the report given to the government by Lillian Russell who has been in Europe as a special immigration inspector, the wonderful work done by the American Relief Commission in Russia, the founding of the Alaskan College at Fairbanks, Alaska, the book by Louis Hemon, "Marie Chapdelaine: A Tale of the Lake St. John Country," the publication of a book on religion by Roger W. Babson.

"My Garden in Summer" was the subject of a paper by Mrs. Henry Winter. She inspired her hearers to make gardens, modernized old-fashioned ones. She spoke of the enclosed garden as the outdoor room of the house. The speaker described the perennials as the backbone of the garden with the annuals as fillers. Mrs. Winter had pictures of gardens in the library.

A paper on Domestic Finance was read by Mrs. John Boone. Ninety per cent of the money earned is spent by women, therefore the speaker urged the necessity of the house-maker knowing the value of money.

SPECIAL COMMITTEE
MAKES REPORT ON
CITY RESERVOIR

(Continue from Page 1)

1916 is the proper and logical solution to the problem; that the Board approve the revised plans, specifications and estimate of cost and that they be referred to the Common Council for approval; that the Common Council be requested to make the necessary arrangements to finance the improvement by means of a \$14,000 bond issue to be paid off as follows: 1919, \$2000; 1920, \$2000; 1921, \$3000; 1922, \$3000; 1923, \$2000; 1924, \$2000.

The resolution was referred to the Common Council on February 21, 1917, which referred it to the Ways and Means Committee. This committee reported favorably on the Board's recommendation, the entire matter receiving the approval of the Common Council at its meeting of March 12, 1917.

In conclusion as to the need, we believe the decision to build the reservoir was in the right direction and for the best interest of the people of Holland.

Construction Costs—
The Engineer's estimate of cost was \$14,000 and bonds were issued for that amount.

The cost, to-date, as disclosed by the records of the Board of Public Works was found to be as follows:
Engineering and miscellaneous items \$ 512.01
Excavation and back fill 2,415.50
Forms 2,700.00
Concrete 6,887.83

Equipment	283.64
Reinforcement	1,063.78
Suction line and pump	1,175.69
Retaining wall and abutment subsequently built	1,492.02
Total actual cost	\$16,531.07
We find the Engineer's estimate did not cover the following items:	
Waterproofing the concrete	\$ 671.68
Reinforcing steel in floor and roof	334.00
Suction line from reservoir to pump	1,175.69
Total of extras	\$2,181.37

To compare the estimate of cost with the actual construction cost we deducted the above itemized extras, finding that the estimate was exceeded by \$349.70.

Condition—
We visited the plant on March 31st and talked at length with the engineer in charge, A. E. McClellan. He advised us that the reservoir has been in constant use since the completion of the retaining wall in the early part of 1919, being held at from two-thirds to full all the time.

On Friday, March 17, a slight leak developed which caused Mr. McClellan to lower the water level to about half depth. Some days ago the

structure was completely unwatered to make the necessary repairs. The committee availed itself of the opportunity to examine the interior. We were both surprised and pleased with the character of the work. It was with difficulty that the eye could discover the place where it is that the leak developed. The cost of the repair so far as we could see, will be trivial. Its completion has been delayed somewhat pending the receipt of certain waterproofing material ordered for the work but will not be long.

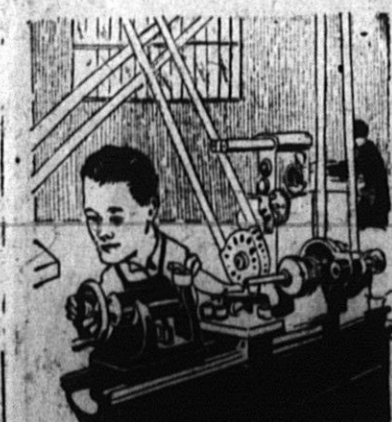

Conclusion—
The committee concludes that the investment was wisely made; that the cost was in line with the estimate; that the structure is well built and has been in continual use until a week ago, and, finally, that the repair to be made is of small consequences permitting the early replacement of the reservoir in service.

Respectfully submitted,
Committee.
N. Kammeraad,
Frank Brieve,
Arie Vander Hill.

CARD OF THANKS
I wish to thank neighbors and friends who so kindly and thoughtfully aided me during the sickness and death of my sister, Miss Jennie

Droll. Your kindness will ever be appreciated. I also wish to thank the kind friends who donated automobiles for the convenience of those who participated in the funeral.

Miss Fannie Droll,

THE GREATEST SPECTACLE
THE WORLD HAS EVER SEEN

"Theodora" so far surpasses any previous effort of screen production that comparison is impossible.

It required two years to produce, and cost \$3,000,000.

There are 25,000 people in the cast headed by Rita Jolivet and the greatest screen and stage stars of all Europe.

Set in stone and marble for the vast scenes occupied a tract of 100,000 square meters and were all designed by Armando Brasini, architect of the Vatican.

Against this setting is the world's greatest love story—of a woman who gave power, riches, everything—even loosening a horde of lions on her helpless subjects to save the man she loved.

Its Palaces and Hippodrome would alone be a feast for the eye; its numbers make all past motion picture efforts seem weak; its cost staggers; its dramatic power grips the heart while its splendors amaze the eye.

IF YOU MISS THEODORA YOU
MIGHT AS WELL STOP GOING
TO SEE MOTION PICTURES.

THURSDAY, APRIL 6

Annual Settlement

of the City of Holland

1921-1922

To the Honorable the Mayor and Common Council of the City of Holland:

Gentlemen:—Your Committee on Ways and Means, directed by the rules of the Common Council to audit and settle the accounts of the Treasurer and other Officers of the city, respectfully submit that they have examined and audited said accounts; that they have compared in detail the books and vouchers of the City Treasurer with accounts as kept by the City Clerk and other officers of the city; that they have found such accounts and report correct, leaving a balance of Eighty-six Thousand, One Hundred Thirty-two Dollars and Seven Cents (\$86,132.07), for which amount the City Treasurer has submitted certificates of the several local banks, herewith presented.

Respectfully submitted,

WILLIAM LAWRENCE

BEN WIERSEMA

GERHARDT M. LAEPPLÉ,

Committee.

Dated Holland, Michigan, March 20, 1922.

RECEIPTS

March 21, 1921, to March 20, 1922.

CERTIFICATE

Be it known, that the above Annual Statement, with the disbursements of the several funds, represents and sets forth a true and correct statement of the receipts and expenditures of the municipal corporation during the fiscal year ending on the third Monday in March, A. D. 1922, showing the amount of all taxes raised during the year for all purposes; the amounts raised for each fund; the amount levied by each special assessment; the amounts received from all sources during the year and the object thereof, the amount and items of all indebtedness outstanding against the city to whom payable and the rate of interest; and the amount of salary paid to each officer of the city for the fiscal year in accordance with the provisions of Section 26, Title XXVIII of the City Charter.

Dated, Holland, Michigan, March 28, 1922.

RICHARD OVERWIEG, City Clerk.

EVERT P. STEPHAN, Mayor.

DOES IT PAY?

To take a chance with your savings?

Your answer emphatically "NO." You put your savings in a bank, where they are safe. Again—DOES IT PAY?—to take a chance with your HOME and all that it holds, and all that it means to you in saving and sacrifice?

What is YOUR answer?

Remember. Insurance is not speculation, it is protection.

You want the best. Only the best will do.

For more than fifty years the The McBride Insurance Agency has furnished this community with just that kind of insurance, that the very best there is to be had.

Besides this, it has always given you dependable service. Its one aim has been to furnish security and service.

It is your oldest, largest, and strongest insurance Agency.

McBRIDE INSURANCE AGENCY
Telephone 1147 River Ave. Cor. 8th St.

WHY?

Q.: Why do students from Japan, New Zealand, Australia, Canada, Great Britain and other foreign countries come to this country to study the Science of Chiropractic?

A.: Because the citizens of these countries have been convinced that in this Drugless Health Science a satisfactory solution of the Health Problem has been found.

Q.: Why does Chiropractic succeed where all other methods fail?

A.: Because Chiropractic does not bother with the effect of so-called Disease, but deals solely with the cause.

Q.: In what manner does Chiropractic deal with the cause?

A.: The Chiropractor recognizes the proven fact that the majority of diseases are caused by a subluxation (displacement) of the vertebrae (small bones of the spine) which produces nerve pressure, preventing the vital force flowing freely from the brain through the nerves to the various organs. By palpation he locates the subluxation and adjusts same. The nerve pressure is relieved and Nature does the rest.

Q.: Is it not a fact that Chiropractic and Osteopathy are one and the same thing?

A.: Emphatically NO! The Chiropractor uses nothing but his bare hands. He knows just what vertebra is subluxated and adjusts it. His adjustment is specific; the Osteopath is not specific. He manipulates and uses massage. Call at our office and see letters from the leading Osteopathy schools in the country, which state Osteopathy has nothing in common with Chiropractic.

If you are sick, consult your Chiropractor; he will give you a spinal analysis, and if necessary Chiropractic Vertebral Adjustments.

It matters not what ails you. The probability is that the cause of your trouble is nerve pressure, and Chiropractic will give you the desired result—HEALTH.

HOPE COLLEGE LEADS
STATE IN SENDING
OUT MISSIONARIES

The Hope Church parlor were the scene of a beautiful and interesting exhibit during the Student Volunteer Convention, which exhibit helped to make the conference a big success. The church parlor were decorated in festive colors and had been divided into various sections, in which the exhibitors of the various missionary fields were displayed. Pretty little booths had been put up by a number of the colleges that were represented by the largest delegations, and had been furnished with reading materials and posters giving some information concerning the work of that school in foreign mission work.

Approximately 19 educational institutions were represented at the conference. Among the statistics of these schools, Hope College ranks highest in the number of preachers that she has offered to the missionary cause. She has sent out 32 preachers, 11 teachers, 2 doctors, 1 Y. M. C. A. worker and one for general work. U. of M. is credited with the next highest number, having 11 preachers, 38 teachers, 46 doctors, 2 nurses, 1 agriculturalist, 3 Y. M. C. A. workers, 1 Y. W. C. A. worker, 1 engineer and 5 in general work.

The exhibit gave a general survey of all missionary work to the present day, and showed progress that has been made, is being made today, and casts a bright hope for the future.

Missionaries from Michigan are in practically every country on the globe. The state institutions, thru the efforts of the Student Volunteer movement, are also doing splendidly in financing the work. Hope College started in 1917-18 with a contribution of \$140 and ascended to a grand total of \$8,314 in 1921-22. Other schools are also setting a gallant pace in missionary enterprise. The exhibit showed the great need of men in education, medicine, agriculture, engineering and innumerable other lines of work.

The rapid progress shown in other lands is very gratifying. The mission work which was started in the Philippines in 1900 has developed into 12 missionary societies, 200 missionaries, and 75,000 Protestants Christians in 1919. In the United War Work campaign, China contributed 14 times her quota, having paid \$1,400,000.

In connection with the pictures and placards, which tell the story of the status of the world in a few words, there were also numerous curios that had been contributed. These small articles were of great interest and helped in bringing the delegates face to face with the different lands. Mr. George O. Smiley was the exhibit chairman.

OTTAWA FARMERS
HAVE HERDS OF NICE
HEALTHY CATTLE

In the process of cleaning out bovine tuberculosis, two more Ottawa County herds of Holstein-Friesian cattle have been granted certificates signed by the heads of the state and federal bureaus of animal industry which indicate that these herds are free from the disease and entitled to be known as fully accredited herds. The certificates are good for one year, at the end of which time the cattle will be retested and the certificate renewed if the test is again passed successfully.

The two breeders thus honored are John H. Van Huizen of Bass River, and M. L. Fritz of Nunica. Mr. Fritz's herd consists of 24 pure-bred Holsteins. This is not the first time Mr. Van Huizen has received such a certificate, as his is a renewal and he realized the value and satisfaction of knowing that his cattle are clean.

Many Like Him.
All newspapers often have advertise-
ments which could be rewritten advan-
tageously. But it took a church paper
to offer the most original one yet:
"Wanted—A minister who has been
married 22 years is very desirous of
securing a change."

Sharpen the Appetite.
Jokeleigh (visiting Subbubs)—"And
you have a grindstone, too. Will it
put an edge on a dull appetite?" Sub-
bubs—"Certainly! If you turn the
handle long enough."
