## Six Year Old Child Fatally Injured in Allegan Accident

Girl Struck by Car in  
Salem Township Near  
Grandparents' Home

Funeral services will be held on Thursday for Viola Van Der Kolk, six-year-old daughter of Mr. and Mrs. Bert A. Vander Kolk residing two miles east of Oakland, who was fatally injured shortly after noon Saturday when she was struck by a car in front of her grandparents' home on the Burnips-Overisel road about a mile and a quarter west of Burnips.

According to investigating officers, the father had stopped the car to let his parents out and the child also got out and ran to the rear of the car and into the path of a car driven by Clayton Jones, 22, of Burnips. The child was thrown by the impact and suffered a broken neck and skull fracture but was living when she was picked up. She was rushed to Zeeland hospital in her father's car but was thought to have died as the car approached Zeeland. She was dead upon arrival at the hospital.

Coroner Gilbert Vande Water ruled a verdict of unavoidable accident and said no inquest would be held. He and Allegan County Sheriff Louis Johnson and Deputy Groets investigated.

Nick Brower, a neighbor, said he heard Jones apply his brakes in an effort to avoid hitting the child. The Jones car was traveling west. There is a knoll in the road at that point, officers said.

Surviving besides the parents are two sisters, Eileen and Clarissa, and the grandparents, Mr. and Mrs. Albert Van Der Kolk in front of whose home the accident occurred. The body was taken to the Yntema Funeral home in Zeeland and will be taken to the Van Der Kolk home this afternoon.

## G.R. Youth Held In Theft of Car

Waives Examination;  
Will Appear Saturday  
In Circuit Court in G.H.

Evert Richard Holcomb, 17, son of Cecil Holcomb, 738 Fairview Ave., Grand Rapids, waived examination when arraigned before Municipal Judge Raymond L. Smith Monday on a charge of larceny of an auto. Bond was placed at \$1,000 which was not furnished and Holcomb was taken to the Grand Haven jail until his appearance in circuit court Saturday at 10 a.m.

Holcomb, who allegedly stole the car of Martin Ten Brink, route 4, from its parking stall on Eighth St. on March 2, was picked up by state police of the Clinton post Saturday afternoon about 12 miles north of Adrian. The Clinton post of which Sgt. Raymond Sweet is in charge notified local officers and Sgt. Gerald Vanderbeek and Detective Harris Nieuwsma went there and returned to Holland early Sunday morning with Holcomb and the Ten Brink car.

Found in the car, according to officers, were an outboard motor, several billfolds, a woman's purse, a government check for \$80, cash totaling \$9 and gasoline ration stamps which were not Holcomb's property.

The youth is said to have robbed Ralph Myers, a neighbor of his stepfather, Earl Hendricks, in Barry county. Holcomb's parents are divorced and he had been living with his stepfather and mother in Hastings. Police said he also stole a license plate from the Northshore skating rink which he put on the Ten Brink car and is believed to have eluded officers by displaying the stolen plate.

Mrs. Ten Brink was absent only about five minutes making a purchase in a drug store when the car was stolen last month.

## Driver Escapes as Train Hits Car

Jack B. Nieboer, 48, route 2, Holland, residing in Olive Center territory, narrowly escaped death or serious injuries about 10:20 p.m. Wednesday when his car, a '37 model, blew out a tire, stalled on the Port Marquette track on the Port Sheldon road near US-31, and was hit broadside by a northbound freight train just after Nieboer got out of the car after attempts to start it were unsuccessful.

The left front tire of the Nieboer car blew out just as he was turning right on US-31 onto the Port Sheldon road and the car came to a stop and stalled on the track which is about 50 feet from US-31, the car being on the north side of the road slantwise on the tracks with the front wheels between the tracks.

The train hit the car in the middle and carried it for 350 feet, the rear wheels of the car digging up dirt all the way. At one point the rear end jumped a drainage ditch.

Nieboer told sheriff's officers who investigated that he attempted to flag the train which he estimated was a half mile away when the car stalled on the track. This track is little used, perhaps three or four trains running a day, it was said.

Nieboer, a decorator, had been painting the kitchen in the home of his stepbrother, Dick Dirks, who resides on US-31 and quit work about 10 p.m.

Officers said the car looks like a bad mess, although from closer observation the motor might be salvaged, both rear tires are all right and the rear end of the car is not damaged. The left front door was pushed against the steering gear and the body is badly damaged. Headlights are intact.

## May Appeal in Saugatuck Case

Saugatuck, April 6 (Special)—The state supreme court's denial of a writ to two contesting plaintiffs seeking a quit claim deed to state-held land here may be appealed to the U.S. supreme court, Harold J. Mulder, one of the persons involved, said today.

The property, originally owned by Glenn M. Porter and wife, passed into control of the state land office board upon tax default and was sold subsequently at a tax sale in Allegan to Mulder and wife for \$225.

Upon petition of the village of Saugatuck, asking that the property be turned over to the village for public park purposes, the land office board rescinded the sale. The court upheld the land board's action, directing that the \$255 be returned to the Mulders and that title be given to the village.

The property is west of the Kalamazoo river and some of it extends to Lake Michigan. Part of the land, which is known in Saugatuck as the Harbert property, also adjoins Mount Baldhead park.

## Schools to Reopen Friday; Janitors and Board Agree

## Emersonian House Damaged by Fire

Fire, apparently caused by faulty wiring, and discovered at 5:45 a.m. Sunday, caused considerable damage to the interior of the Emersonian fraternity house, 12th St. and Columbia Ave. Damage was hard to estimate, but repairs including replastering and redecorating may exceed \$5,000, according to Fire Chief Andrew Klomparsen.

The fire was discovered by Pvt. Robert S. Rusnock, Hope college ASTP student, who with two others were sleeping in the place which had been leased to Hope college by the fraternity to be used as an ASTP barracks. Pvt. Rusnock was awakened when the fire caused a short circuit that turned on the lights. The other two army men were Pvt. Seymour Gottlieb and Pvt. Robert B. Abbell.

The exterior of the frame structure of simulated stone was not damaged except for some broken windows. Firemen poured thousands of gallons of water into the place, using three lines for an hour and a half, until the flames subsided. Smoke was particularly dense. This was the first time this year that any hose was used by the department.

Damage is confined mainly to the center front of the house which has about 25 rooms and is generally considered a showplace of the city. Firemen and police saved much of the equipment such as mattresses, shoes and personal effects of the ten soldiers who were quartered there. Capt. Homer Morgan, commandant of the unit, said damage to army equipment had not been determined although some clothing, mattresses, blankets and the like had been damaged.

Seven of 10 remaining trainees were away on week-end leave. Seven men, not necessarily the same seven, left on Monday for

## Ottawa County Is Over Top in R.C.

Receipts Tuesday put the south half of Ottawa county over the top in the Red Cross drive. The quota was \$36,300 and receipts thus far are \$36,705.35. The quota for the south half of the county was more this year than the quota for the whole county last year. Campaign Chairman Paul E. Hinkamp pointed out.

More receipts from employees came in Tuesday, including \$57 from the employees of the Buss Machine works, \$146 from the men who work at the Dunn Manufacturing Co. and \$202 from the workers at the Crampton Manufacturing Co.

Park township so far has raised 92 per cent of its quota.

Grand Haven, April 6 (Special)—Mrs. William Seife, chairman of the Red Cross for the north half of Ottawa county, reported today that the war fund quota for this district of \$23,800 has been exceeded, with subscriptions totaling \$23,867.

Churches, some organizations and Allendale township have not reported and it is expected the drive will go over the top by several thousand dollars.

Last year's quota was \$13,900, and the subscriptions at that time totaled \$17,874. Grand Haven's quota this year was \$9,196, and subscriptions, although not totaled, have gone over the top by several thousand dollars.

Southern Ottawa has already exceeded its goal, this putting the entire county "over the top."

## Harmony Prevails as Misunderstandings Are Solved at Parley

All Holland's public schools will be open Friday!

Settlement of a controversy, which had kept six of the eight schools closed for three days was announced shortly after noon today by Lester Overway, president of local 515, Municipal Employees union (AFL), representing the 11 janitors involved, and Supr. of Schools E. E. Fell, representing the board of education.

The new agreement which was drawn up by City Attorney Vernon D. Ten Cate, who served as intermediary at a meeting of representatives of the board and janitors Wednesday afternoon, cleared differences on representation, seniority and overtime.

Janitors returned to their duties at 1 p.m. today, Mr. Overway said. They will fire the boilers and have the buildings properly heated for school Friday.

The janitors' recess gave 2,500 pupils of the school system an extra three-day vacation following the annual spring vacation. Froebel and East Junior high schools remained open as custodians there were not members of the union.

The school board ratified the new agreement Wednesday night and the janitors approved the agreement at noon today.

The new agreement is as follows:

1. Representation and grievances: That any custodian may, either personally or by representation, meet with the superintendent, the building and grounds committee of the board of education, or the board of education, to discuss matters relating to employment; it being understood that only matters of general policy of employment shall be taken to the board; that matters of detail shall be determined by the superintendent and the building and grounds committee.

2. Work week: The custodians' work week shall average 34 hours while school is in session and 46 hours otherwise. That in the event that a larger number of hours is required during any one week, then that adjustment be made by the foreman to bring the average to such 34-hour week or 44-hour week, as the case may be.

3. Wages: Wages are to be paid on a weekly basis of 32 weeks a year, holidays included. That wage payments shall be made by check, showing deductions made or withheld therefrom. That the rate of wages to be paid custodians, except those with whom special arrangements have been made, shall be \$37.50 per week, and the wages to foreman \$42.50 per week.

4. Sick leave: That the practice of giving sick leave up to two weeks in any one year be continued, and that in special cases consideration be given for the possibility of additional sick leave where the individual has not used sick leave for a year or more.

5. Vacations with pay: That we continue to grant two weeks' vacation with pay for all employees after one year's service. That an employee be granted permission for absence to attend funerals of a near relative or close friend or neighbor, providing suitable arrangements be made with the foreman of the group.

6. Promotion and discharge: That in the event of promotion or discharge, seniority and ability will be considered of the present employees.

7. Probation: Probation period shall be not more than six months. An employee working more than six months shall receive the regular wages paid for the job, with the exception of those custodians with whom special arrangements have been made with the board.

8. Service men: All custodians to be given their jobs back upon their return, provided they are physically fit and make application for said position.

The new schedule is retroactive to March 1.

Neither side was asked to interpret the agreement, but City Attorney Ten Cate, an impartial mediator, explained that the settlement was a matter of ironing out misunderstandings in the proposals of the janitors and the board, rather than any substantial changes in the proposals themselves.

Discussions revealed that the two factions were not very far apart, he said.

It is definitely understood by both parties that the board cannot deal with the union as an exclusive bargaining agent, but the right of a janitor or janitors to be heard either alone, or with representative assistance, is set forth in the agreement as covered in point 1. Mr. Ten Cate said.

## Chamber of Commerce Receives Hundreds of Letters, Some Amusing

The Tulip Time committee of the Chamber of Commerce has received hundreds of letters this spring asking when Tulip Time will be held, and what the features of this year's annual festival will be. The letters have come from almost every state, and particularly noticeable are those from people who have heard of Tulip Time, but have never been able to attend before.

These persons are told that there will not be a Tulip Time festival in peace years, but in all probability they will want to visit Holland during postwar festivals when many of the traditional activities will be resumed.

Some of the letters are rather amusing in that they reflect a rather exaggerated idea of the size of both Holland and its festival. One lady wanted to know if the trolley cars ran directly to the tulip farms. Another letter asked a number of detailed questions about Tulip Time, and ended with the rather plaintive question, "Is Holland very far from my city, and is it expensive to get there?" The city from which the letter was written was a good many hundred miles away.

All of the inquiries that have been received reflect the widespread interest in the famous show of blooms, and indicate that Holland has become known throughout the country as the center of tulip activity, and for its festival. Every inquiry is receiving a courteous individual reply so that good will may be maintained, even though a visit during the war is discouraged.

## Purple Heart Is Sent to Parents

Saugatuck, April 6 — Mr. and Mrs. Joseph Woodall of Saugatuck have received the Purple Heart which was awarded posthumously to their son, Marine Pfc. Donald Richard, 19, veteran of the Guadalcanal and Munda battles who was killed by a Japanese sniper on Tarawa Nov. 29, 1943. The family received word of his death on New Year's day.

Full details of Pfc. Woodall's death were received from Theron Hugh Jones of Saugatuck, also a marine, who had talked with Donald's buddy, Pfc. Woodall had made the invasion at Tarawa successfully but was killed four days later by a sniper while helping to mop up the island the marines had taken.

The parents also received a letter from a chaplain containing a picture of their son's grave.

## Tableau Is Given At Club Banquet

### Patriotic Note Marks Annual Affair Which Draws Four Hundred

A patriotic motif featured the 22nd annual banquet of the Holland Fish and Game club Thursday night in Christian high school gymnasium which was filled to capacity by approximately 400 enthusiastic sportsmen. The dinner which was served by the Monica and Eunice societies featured non-rational foods.

Underlying note of the patriotic program was a letter written to "Dear Dad" from his son in a fox-hole, which was read by Al Gorchoff, supply sergeant of the former ASTP unit at Hope college, while Rev. Marion de Velder narrated excerpts of "What We Are Fighting For," and colored motion pictures were shown. This feature concluded with a tableau in which a soldier, a sailor and a marine participated.

The letter which emphasized the soldier's desire to return to a world which will offer such simple pleasures as appreciation of nature and fishing and hunting, concluded as follows:

"The assurance that these pleasures are being preserved for us will cheer us mightily in our troubled moments. As we fight here, please Dad, you fight there that no mercenary interests shall cut down our forests, no thoughtless industry pollute our streams and no pressure groups selfishly legislate against the democratic rights of all men to all outdoors. Such is my sincere prayer for tonight."

Not listed on the program was the surprise introduction of Marine Corp. Howard E. Bennink of Coopersville who recently was given national-wide prominence for riding the turrets of General Sherman tanks in seeking Jap pillboxes in New Britain. Corp. Bennink, now home on furlough, was a guest of his uncle, George Cabell of Zeeland, a director of the club.

Club President Neal De Waard welcomed the members. Other entertainment included dinner music by the American Legion band under its nationally recognized director, E. F. Heeter, newswreels and colored motion pictures shown by Hilbert Frans, and a half hour of entertainment by Sgt. Gorchoff who specialized in impersonations. Gorchoff eliminated his final number at the request of Supt. of Christian Schools Walter DeKock. ## Purchase of War Stamps Ahead of Bond Drive Urged

### Merchants in Holland Ready With Supply for Pre-Campaign Spurt

The merchant's division of the Holland war bond committee today urged local persons to buy war stamps every time they shop or on every pay day so that they will have books to turn in when the fifth war loan drive is carried on in June and July.

The new drive which has a national goal of 16 billion dollars sets a quota for individual sales of six billion dollars. The individual quota was five billion in the fourth war loan drive for 14 billion dollars which closed in March. Henry Wilson, chairman of the merchant's division, said most merchants have books for all denominations of stamps as well as stamps, and urged persons to take their change in stamps and thereby acquire the "extra bond" in the new drive.

"Holland has done its share in all four loan drives which have been very successful in Michigan, so let's start today to buy stamps be ready for the next drive," Wilson said.

J. Shaum Weds Miss Mary Bell

Miss Mary Bell, daughter of Ross J. Bell of Cheboygan, and teacher for several years in the orthopedic department in Washington school, became the bride of Joseph Shaum of South Bend, Ind., March 25 at 4 p.m. in the Congregational church in Cheboygan.

Vows were spoken before the altar, which was banked with cut flowers, and Rev. Gold performed the ceremony in the presence of friends and relatives.

For her wedding the bride chose a suit of beige wool with brown accessories, with which she wore an orchid corsage. Mrs. Richard Stratton, as matron of honor, wore a powder blue suit with navy accessories.

Donald Bell, brother of the bride, assisted the groom as best man.

Following the ceremony a reception and dinner were held in the home of the bride on South Huron St., after which the couple left on a short wedding trip.

Mrs. Shaum will finish her school year here and later the couple will make their home in South Bend, where the groom is employed.

## PUTTING MCKAY OVER AGAIN

Political history in Michigan is  
so plainly in the process of re-  
peating itself that not much but  
the shouting remains. In all hu-  
man probability Frank D. McKay  
will be put over again in the bat-  
tle for membership in the Republi-  
can National committee. It is sim-  
ply another case of playing the  
political game with skill. Organi-  
zation almost invariably wins  
when there is a clash between it  
and unorganized voters. While it  
is not yet certain that the McKay  
organization will finally be victori-  
ous, it would be one of the seven  
wonders if such should not be the  
case.

It seems likely that the Republi-  
cans of Michigan, as individual  
Republicans and voters, are hos-  
tile to McKay. If a straightout  
election could be held on the issue  
of endorsing or repudiating Mc-  
Kay, it seems more than likely  
that McKay would not get any-  
where. But many skillful political  
manipulators are as anxious to put  
McKay over again as they have  
always been. As things stand at  
the moment, they are likely to  
have their way. They will elect  
McKay once more, and he will  
once more "represent" the Republi-  
cans of Michigan on the National  
committee.

True, there have been some skill-  
ful politicians on the other side.  
Senator Ferguson, for instance,  
knows his political odds quite well.  
And there have been others. But  
there has not been time to reach  
down into the places where some-  
thing could really be done—the  
local organizations. The anti-Mc-  
Kay forces have done a great deal  
of shouting, so much so that the  
general voter got the impression  
that the election was already in  
the bag for the anti's.

Nothing could be farther from  
the truth; nothing has ever been  
farther from the truth. While Mc-  
Kay's foes were shouting, McKay's  
lieutenants in the wards and the  
precincts and townships were hard  
at work pledging their delegates.  
They made little noise but they  
put in their time saving political  
wood. The first fruits of that ap-  
peared in the recent county con-  
ventions. No one knows definite  
figures but anyone can smell the  
odor of what is going to be cook-  
ed up at the state convention.

It is probably too late to do  
much of anything now. That's why  
this is a good time to begin the  
next battle. If the Republicans of  
Michigan intend to get rid of Mc-  
Kay and McKayism and all those  
words stand for they must look  
far into the future; they cannot  
wait until an election is just  
around the corner. The McKay  
forces did not wait until the eleventh  
hour, and they will not wait  
with plans for next time. For  
them it is a full-time job. Unless  
the anti's are willing to work at  
on the same basis they might as  
well give it up.

## THE CHURCH INVITES YOU

A judge who was about to an-  
nounce a verdict of guilt on a Sun-  
day school boy who had gone  
wrong called in the boy's mother  
to whom he said, "You say you  
have sent him to Sunday school,  
but have you taken him? Have  
you furnished him any religious  
training in the home? Has he ever  
heard the voice of prayer raised  
at a family altar? Has he ever  
read a religious book placed in his  
hands by a mother in whose relig-  
ion he has confidence. Has his  
father ever taken him aside to  
instruct him in the things of God?  
You did well to send him to Sun-  
day school."

Christ's Victory Over Death  
1 Corinthians 15:1-58  
By Henry Georlings

The resurrection of Christ from  
the dead is the most thrilling and  
inspiring and joyous fact of our  
religion. It is to us who really be-  
lieve. To some it means nothing or  
if it means anything, it means a  
something about which to argue.  
They say it never happened or  
that it is most unreasonable that  
that it should have happened. But  
it is foolish to say in these days  
that things could not have hap-  
pened. The most impossible things  
are happening and the most un-  
likely things are going to happen.  
We are living in a marvelous  
world—a world full of the most  
amazing and unmeasured possi-  
bilities.

Though many people visit the  
tomb in which Jesus is supposed  
to have been buried, they never  
expect to find His body there.  
He is risen and of that fact they  
are conscious when they start out.  
That is what makes His tomb of  
such universal interest. It is the  
place of victory and not of defeat.  
It is not probable that either His  
name or the place of burial would  
be remembered had He not broken  
the bands of death. The testi-  
mony of His death was so strong  
that there were very few who  
were bold enough to deny it.

Jesus not only proclaimed vic-  
tory over death. He was the vic-  
tor over death. Our basic hope of  
the life beyond the grave is in  
him. We may assemble other evi-  
dences in favor of the continuance  
of life, but they are not sufficient  
to satisfy the demands of the hu-  
man heart. It is not to be wonder-  
ed at that the apostles and others  
sent up a great shout of tri-  
umph when they discovered that  
Jesus had risen to life out of  
death. It was far more than any  
of them expected. It was almost  
too much for their simple faith to  
believe.

When we stop to think of it we  
are brought to see how much we  
are dependent on trustworthy eye-  
witnesses. It was almost as im-  
portant that He appear to men  
and women as it was that He  
arise. There is a probability we  
would not have a single book of  
the New Testament if Jesus had  
not shown Himself alive after His  
passion. It means something to  
have His associates say that they  
heard Him, that they had seen  
Him and that they had handled  
Him. He did not escape them even  
after He came out of the tomb.

Eternal life is neither deserved  
or earned by us. We have no pow-  
er within ourselves to lay hold  
upon it. It does not come to us at  
our bidding. It is the free and un-  
merited gift of God. He has given  
to us eternal life and this life is  
in Christ. It becomes our precious  
possession when we believe on  
Him. It is not to be found any-  
where apart from Him, so that it  
can be said that he that hath the  
son hath life, and that he that  
hath not the Son hath not life.  
This relationship to Him makes  
everything new.

Back of the empty tomb stood  
the cross and back of the risen  
Christ was the crucified, dead and  
buried Christ. And it should be  
added that back of the crucified  
Christ was the Christ who was  
willing to make the supreme sacri-  
fice in order that He might re-  
deem us from sin and death. He  
kept nothing back. Though He  
had legions of angels He could  
have summoned to His side, He  
did not ask them to deliver Him  
from the death He chose to die.  
He drank the bitter cup. He bared  
his breast to his enemies. He did  
not spare himself.

When our Lord desired to state  
the purpose of His coming into  
the world He put in these unfor-  
gettable words, "I am come that  
they might have life, and that  
they might have it more abund-  
antly." That included His self-im-  
posed poverty. His years of humili-  
ation, the indignities that were  
heaped upon Him by His foes, His  
desertion by His friends, His being  
misunderstood by the great mass  
of the people. It also included the  
forgiveness of sins, deliverance  
from death and the power of the  
devil, and the bestowal of the  
abundant life.

We who believe on Christ are  
risen with Him. We are no longer  
inhabitants of the tomb of death.  
We no longer live to ourselves or  
to the world. We are Christ's. He  
died for us. He arose for us. We  
had a part in that transaction.  
The benefits of what He did nine-  
teen hundred years ago accrue to  
us by virtue of our union with  
Him. He died for sin. We died  
with Him. He arose from the dead.  
We arose with Him. And now  
there rests upon us the serious  
obligation of setting our affection  
on higher things.

A record of 25 years spent at  
the case in the same printing  
office is certainly something out  
of the ordinary. On Tuesday it  
was 25 years ago that Benjamin  
H. Kamferbeek began as printers'  
devil at the age of 10 at the  
printing office of "De Hope."  
Since that time he had been en-  
gaged at that office without in-

age of 22 he was made foreman  
and still retains that position.

## This is no time to lose your memory!

**I**N NEARLY ALL Americans there's a streak of natural optimism.

We know the war won't be over tomorrow. We know there may be a long, hard fight ahead.

But we can't help looking forward to the beautiful and wonderful-seeming days of Peace.

This is all right unless...

Unless it makes you relax your efforts to win the war...

Unless it makes you lose your memory of what happened after the last war was won.

Don't lose that memory now. Don't forget the depression...the poverty that hit the farmers...the bread lines in the cities...the soldiers looking, looking, looking for jobs, and not finding them.

Remember that Peace brought difficult economic problems, economic stresses. And this time, we must be ready to meet them.

This time we must make sure of having a real financial cushion...to ease the transfer to normal peacetime business, peacetime employment, peacetime living.

That's one big reason why you should buy War Bonds

...and hold on to them...and there are others.

Every War Bond you buy, every one you hold to maturity, will keep bringing you \$4 for every \$3 you invest today.

And that steady flow of buying power will make jobs. It will create markets for peacetime goods. It will do a lot to insure an America that's prosperous and sound...the kind of America we all want when this war is won.

So let's not forget the lesson of World War I. Keep buying Bonds. Keep hanging on to them. They're your security...your Country's security...for the days of Peace!

## Fennville

(From Friday's Sentinel)  
Hear Book Review

Wednesday afternoon was book review day at the Woman's club. Mrs. Orrin Ensfield, Sr., selected "A Tree Grows in Brooklyn" and, on request of the program committee for the year, arranged it in cooperative form. Assisting her were Mrs. A. N. Larsen, who gave a sketch of the author, Betty Smith. Miss Smith is the author of many books, but this is her first novel. Mrs. William Walker had as her part the discussion of the title. Mrs. Ensfield stated that she chose Mrs. Walker for this work on account of her well-known knowledge of trees and nature.

Mrs. Walker told that she at once took issue with the author, who she characterized as one who "does not know her trees," judging from her erroneous description of the "tree" used in the title. The "tree" is the Allanthus, commonly known as the Tree of Heaven. She also differed with Miss Smith who says that the only place the tree will thrive in is in temperate localities where living conditions are hard.

The background of the story was given by Mrs. H. B. Crane, throwing light on the character of the heroine of the tale. Mrs. John Dubreuil told of food conditions in the tenement family, and its relation to the character of the child of ten. Mrs. Orrin Ensfield, Jr., took up the holidays as they were observed then in that locality. Mrs. Ensfield, Sr., carried on the story, reading various dramatic situations.

Many declared it one of the most enjoyable book reviews ever given here.

Cakes and tea were served by the hostesses, Mesdames Orrin Ensfield, Jr., Roy Kee, A. H. Hogue, Hughes Hutchinson and Otto Meyer.

At the business meeting preceding the program, Mrs. C. E. Paine and Mrs. John Dubreuil were elected delegate and alternate to the state federation meeting April 17-18-19 in Grand Rapids. The president appointed Mrs. M. C. Hutchinson, Mrs. William Walker and Mrs. A. J. Koning as nominating committee, to report at the next meeting April 12.

Mrs. Lola Jackson was taken very ill Monday of a heart spell similar to one she had about ten years ago. Her son, Kenneth, was called home, and Miss Mildred Broadwell of Bager came Tuesday evening to care for her. She was a little better Tuesday evening, but will be kept in bed and very quiet for a time.

A. J. Koning who, with his wife, has been living at the Jackson home the past winter, has been quite ill again the past three weeks. Earlier in the winter he was ill there for several weeks. He is better now, but is unable to get out. They had planned to return to their farm home as soon as good weather prevailed.

Mr. and Mrs. William MacLaine have recently moved from the Woman's club apartment to Grand Rapids where he has employment. They have been caretakers at the clubhouse since last fall. No one has been secured to take their place.

## Bishop L. Whittemore Addresses Rotarians

The Right Reverend Lewis Blais Whittemore, D. D., third Bishop of the Episcopal Diocese of Western Michigan, addressed the Holland Rotary club Thursday noon on the subject, "Does Personal Identity Continue." Bishop Whittemore, a resident of Grand Rapids, is president of the Michigan Society of Mutual Hygiene and also the Brough Community Association of Grand Rapids.

In answer to the question, "Does Personal Identity Continue," he stated that since the beginning of life has been common to all the religions of all nations, throughout the world. There are, however, certain obstacles conceived by men which contradict the belief in the immortality of man.

The first obstacle discussed was that of "materialism," the belief that reality lies only in tangible things and that when a body dies, everything dies. Bishop Whittemore stated that it is just as possible to think of the mind as a by-product of matter as to think that a violin plays the violinist.

Another obstacle is that of "naturalism," which belief holds that man, together with all other things, is of one common clay and is such an insignificant creature that he cannot be an exception and have immortality. Bishop Whittemore opposed this statement in saying that man proves himself greater than all other things because he alone can reason, comprehend, and solve the problems pertaining to such things.

A third objection is the pessimistic view that immortality is not to be desired and death is a welcome, final end. Bishop Whittemore said, however, that people feel that it is good to be alive and that living is better than annihilation. A fourth obstacle is the "Pantheism," prevalent in the far East, which says that a soul must get rid of its identity in order to be purged and absorbed into a universal existence.

There is also "positivism," the belief that the dead live only in the minds of the people who are influenced by them—in the manner that Washington or Lincoln live in the minds of the present generation. Bishop Whittemore stated that no identity of the person himself exists in such a case and also that few are famous enough to remain "living" in this manner.

The belief that man remains alive and becomes immortal through the inheritance of part of himself by his descendants, would be "hard on those who have no children." Bishop Whittemore also stated that "moral, judicial, instinctive, and pragmatic reasons are also strong evidence of the immortality of man."

Guests at this meeting included Rev. H. Vermeer of Holland; J. Cooper of New York City; W. K. Von Weiler of Royal Oak; W. Wichers of Holland; L. J. Tjern of Great Bend, Kans.; L. Kleis of Zeeland; and L. L. Leberman of Sheboygan, Wisconsin.

## Air Force Captain in City Few Hours

Capt. Clarence E. Smith, senior pilot of the army air forces who has been flying virtually every type of plane manufactured for the armed forces, spent a few hours in Holland Monday before returning to his station in Montana where he has been for about the past three months. He drove a new car from Detroit and picked up his wife here. They will proceed by car to Montana.

Capt. Smith who served as private pilot for the Holland Furnace Co. for five years before he volunteered for the ferry command Jan. 1, 1942, was not at liberty to reveal where he had been outside of saying he was stationed in New York for three months flying personnel before being transferred to Montana. Although he would not say he had been overseas, the indications were that he had been a lot of places.

He arrived in Holland about 4:30 p.m. and left again at 8 p.m. He has engaged in many special missions and was rated a senior pilot in May, 1943. This rating gives him a silver star above his pilot's wings indicating that he is a seasoned flier.

Capt. Smith flew bombers from the factory to their destination throughout the United States when he first entered the army air forces. Since that time he has flown every type of plane manufactured here but his main love is the B-17 (Flying Fortress) which he described as "a honey."

The P-47 (Thunderbolt) also is a "honey" job, he said.

The Smiths sold their home at 893 Columbia Ave. a few days ago. They came here from Allegan seven years ago. The captain started flying in 1928.

## De Kraker Sends Chinese Pipe Home

Cornelius De Kraker of 13 West Ninth St. has received a belated Christmas present in the form of an intricate Chinese water pipe sent by his son, Sgt. Adrian De Kraker stationed with the U. S. army air forces in China.

A tiny brush with curved handle also fits into the frame, work which is decorated with a purple cord and a chain. In the standard are carved delicate pictures of Chinese women with a parasol, a dog, blossoms and fancy birds.

Also sent in a letter to his father was a decorated program of the Christmas eve party at which the Yanks were entertained by Chinese hosts. Chinese characters and autographs of Sgt. De Kraker's buddies decorate the program which lists the menu, and entertainment in both Chinese and English. With the program came a pair of chop sticks.

A gold-handled tooth brush from China has also been received by Sgt. De Kraker's father. "Ade" has been overseas about a year, serving first in India before being transferred to a Chinese base.

**Salvation Army Game Room Has New Ceiling**  
A new insulated ceiling has been placed in the basement of the Salvation Army citadel where the Red Shield club program for boys and girls is carried on under sponsorship of the Kiwanis club. The work was done by members of the local carpenters' union, working in groups each night under the direction of "Mark" Plockmeyer, president of the carpenters.

Mrs. Ted Cheff provided the funds to start the improvement which makes the game room more attractive and saves fuel.

Local lumber firms, members of the builders' association, sold the material at cost.

Peter Dryer and Ben Wanrooy loaned planks and four-foot wooden horses.

Mrs. Herbert Jensen, wife of the citadel's captain, served refreshments to the carpenters each night.

Capt. Jensen today expressed appreciation for the help given by the various persons.

We must cut out not only what isn't good, but also what isn't good enough.

## Spring Condition All Automobiles

Bern Deters and Martin Diekema, whose garage is located at 36 West 16th St., feel it is the patriotic duty of every truck and car owner to make sure their vehicles are properly conditioned for spring, and they are fully equipped to offer this service to their customers.

With production of cars and trucks at almost "zero" and with more and more workers depending on cars to get them to their vitally important jobs it is especially necessary for motor vehicles to be kept on the road. To make sure of continued efficient and economical operation during the spring and summer seasons, Deters and Diekema recommend regular maintenance check-ups on a monthly basis.

Both Mr. Deters and Mr. Diekema are well-known in Holland. They have been with the Venhuizen Auto Co., which specializes in Studebaker, Packard, De Soto and Plymouth cars for more than 17 years. They carry a complete line of repair parts at their 16th St. station and offer to care for your car and keep it rolling for the duration.
