New Consolidated Budget Submitted To City Council

Action Deferred Until
Adjourned Meeting
Scheduled April 9

A proposed budget for the fiscal year of 1952-53 carrying a net tax levy of \$285,000 was submitted to Common Council Wednesday night for consideration. It was accompanied by a message from City Manager H. C. McClintock explaining many aspects of the 33-page document.

Council will not discuss the budget Wednesday night, but placed it on file for individual study by each alderman for further consideration at an adjourned meeting Wednesday, April 9, at 7 p.m. The budgetary discussion will be in connection with a meeting provided by charter to canvass the vote of the spring election April 7.

The proposed budget is a consolidated budget incorporating separate budgets from general city departments, Holland City Hospital, Holland Public Library, Board of Public Works electric department and water department, parking meter fund, and gas and weight tax.

The budget for general city departments lists expenses of \$567,195.17 and income of \$259,090, leaving \$308,105.17 to be raised from taxes. Hospital expenses are listed at \$434,328.28 and income of \$417,328.28, leaving \$17,000 to be raised through taxes. Library expenses are listed at \$17,235 and income at \$9,700, leaving \$7,535 to be raised through taxes.

The BPW electric department expenses are listed at \$847,322 and income at \$1,019,300 and water department expenses at \$105,708 and income at \$149,450. The parking meter entry is listed at \$27,000 and gas and weight tax return at \$120,000.

Total expenses on the consolidated budget are listed at \$2,119,288.45 and total income at \$1,992,368.28, leaving \$322,640.17 to be raised through taxes, less \$47,140.17 general city cash available June 30.

On the basis of the final tax levy of \$285,500 and an assessed valuation of \$23,171,720, the result is a tax rate of \$12.30 per \$1,000 of assessed valuation.

The city manager's accompanying message called attention to the consideration given salary and wage scales, pointing to careful and extensive studies on wages in other cities of like size together with consideration on inflation and the corresponding increase in the cost of living. The study revealed that Holland pay schedules at present are just about at the average of 10,000 to 25,000 population in the Lower Peninsula, but because council is looking 15 months into the future and there is reason to believe the cost of living index will continue to increase, the city manager provided for a 5 per cent increase in wages effective July 1.

The budget involved many weeks of study and work on the part of the city manager, city clerk and others. A complete copy is on file in the city clerk's office.

Local Tulips Add Color to House For Queen's Talk

Ticket Arrangements
For Visit to City
Set by Committee

Tulips from Holland, Mich., splashed color in the House of Representatives today as Her Majesty Queen Juliana of the Netherlands addressed a joint session of Congress.

The 50 dozen tulips which Holland sent to Washington, D.C., Wednesday through courtesy of Capitol Airlines, arrived this morning and were arranged in bouquets by Esther Van Wagoner Tufty, the Sentinel's correspondent in Washington, and U.S. Rep. Gerald R. Ford of Grand Rapids. Bouquets of tulips from the Holland shipment also appeared in the House and Senate restaurants.

House Speaker Sam Rayburn presented the Queen with a bouquet of tulips sent from Holland, Mich., just before the Queen delivered her message.

Tiny wooden shoes were attached to cards placed near the bouquets of tulips. The bouquets of tulips will be around the restaurants for a couple of days, but the little wooden shoes will probably be missing before then. "That's all right, we want people to have them for souvenirs," Tulip Manager Lawrence A. Wade said.

Meanwhile, Holland continued making plans for welcoming the Queen on her visit here April 16, and announced that tickets to the informal reception in Hope Memorial chapel are now available. Written applications for tickets should be addressed to the West Michigan Ticket Committee, care of City Clerk, City Hall, Holland.

Admissions will be limited to adults, and not more than two tickets to a family. Children and school students will have an opportunity to see and hear the Queen at ceremonies at City Hall on a specially constructed outdoor platform.

Those desiring a ticket should state in their letter or post card request whether they have any particular ties with the Netherlands, or any past connections that would be sentimental, or any other reason for wanting to attend the brief chapel program.

It is the committee's wish that, so far as possible, tickets go to residents in the Holland area who have an attachment for the Netherlands, and who would therefore have a significant reason for considering it a pleasurable occasion to be in the presence of the Queen and her royal party.

Applications should be in the hands of the committee not later than Wednesday, April 3. They will be honored on the basis mentioned to the limit of the number of tickets available, which is approximately 800. Delegations from other West Michigan communities will occupy the balance of the seating capacity.

In writing, the full return address should be given, and receipt of tickets will be the only acknowledgments made.

Reckless Driving Warrants Issued For Two Truckers

Allegan (Special) — Warrants charging reckless driving have been issued against truck drivers involved in two freak mishaps which happened within minutes of each other on a steep hill two miles north of Burns last Friday night.

One of the drivers was injured and both trucks a total loss. Fire departments from Wayland, Salem and Jamestown were called to protect a rural school threatened by flames when one of the trucks caught fire.

And, to top it off, it took Deputy Roy Priest and Keith Hyde nearly four hours to locate the victims. The double-accident occurred at 7:30, but it was 11:45 before Priest and Hyde finally located John Baker, 49, of 1700 Knapp St., Grand Rapids, in St. Mary's hospital.

Baker was treated for a bad scalp wound and released. Sheriff's officers sought a warrant charging Don Vriesenga, of Jenison, with leaving the scene of an accident. Vriesenga, driver of the other truck involved, and Baker could not be charged with leaving the scene, it was pointed out by Prosecutor Dwight Cheever, because no collision was involved and damage was to their own property only. Deputies said the accident occurred on a steep hill. Baker's truck, he told officers, swerved and rolled over twice when he applied the brakes after seeing a stop sign at the bottom of the hill.

Deputies believe Vriesenga was following closely behind Baker's truck and that he put on his brakes when he saw Baker's truck roll over. His truck also swerved and rolled over three times.

The two deputies arrived at the scene less than a half hour after the accident, but neither of the drivers were there and no one knew where they had been taken. A check of hospitals and doctors in the area drew a blank and it was not until four hours later that they located Baker in the Grand Rapids hospital.

Season's Snowfall Hits 105.2 Inches In 5-Month Period

Holland passed the 100-inch snowfall mark during March, the monthly weather report compiled by Charles A. Steketee of Hope college revealed today.

The nine-inch snowfall during March boosted the season's record to 105.2 inches. This included 21.6 inches in November, 40.7 inches in December, 26.7 inches in January and 7.2 inches in February.

Last year's snowfall for the season totaled exactly 90 inches. Incomplete records at The Sentinel revealed that previous records called for 102 inches during 1942-43, 95 inches in 1925-26 and 91.5 inches in 1935-36.

Fortunately, much of the snow that fell during the winter disappeared quickly or within the matter of a few weeks. Heaviest deposit on the ground at any time was during December when 18 inches was recorded.

Grand Rapids fared even worse than Holland, the season's snowfall being 132.4 inches. It was the first year a record was broken. In 1929-30, a total of 95.5 inches fell.

In other respects, March weather was near normal. The average temperature of 34 degrees was 1.4 degrees under normal and the precipitation of 2.71 inches was .42 inches above normal. The nine-inch snowfall compared with 3.7 in 1951, 12.9 in 1950, 7.4 in 1949 and 13.3 in 1948.

Maximum temperature was 68, compared with 61 in 1951, 61 in 1950, 68 in 1949 and 69 in 1948. Minimum temperature was 13 compared with 16 in 1951, 8 in 1950, 16 in 1949 and -3 in 1948.

Precipitation of 2.71 inches was considerably under the heavy record of 1948 when 6.06 inches fell, 3.87 inches above normal.

Precipitation fell on 15 days, compared with 12 days in 1951, 16 in 1950, 14 in 1949 and 14 in 1948.

Greatest depth of snow on the ground was 3 inches compared with a trace in 1951, seven inches in 1950, two inches in 1949 and seven inches in 1948.

Noted Missionary Dies in New York; To Be Buried Here

Dr. Samuel M. Zwemer, 84, well known missionary, traveler, author and editor, died Wednesday in New York City where he had been living for several years.

Dr. Zwemer, who would have been 85 years old Saturday, was particularly well known as one of the co-founders of the Arabian Mission for the Reformed church in America. He was born in Vriesland and was graduated from Hope college in 1887 and from New Brunswick seminary in 1890.

In the summer of that year he and his colleague, Dr. James Cantine, sailed for Arabia and after 18 months of travel and investigation established a station at Basrah, Iraq, the first of several stations subsequently established by the denomination.

The missionary served in Arabia until 1915 when he went to Cairo, Egypt, under an arrangement with the United Presbyterian Mission of Egypt and the Nile Mission Press. For the next 15 years he made his headquarters at Cairo and traveled to all parts of the Moslem world.

In 1930 he accepted a call to occupy the chair of missions at Princeton Theological seminary. He retired from active service as a professor in 1937 but remained active in lecturing and writing. He became editor of the Moslem World published in New York.

Council and Wives To Participate in Queen's Welcome

Group Will Be Seated
In Section at City Hall
For Festival Preview

Members of Common Council and their wives will have a special place to sit at City Hall when Her Majesty Queen Juliana and Prince Bernhard witness a brief preview of Tulip Time during their visit here April 16. Mayor Pro Tem Robert Notier told Council at its regular meeting Wednesday night.

He also said aldermen, city officers and their wives will have transportation to Hope Memorial chapel for the informal reception for the royal couple immediately afterward. Otherwise, persons attending the chapel exercises must be there well in advance of Her Majesty's arrival there and will not be able to take in both the ceremonies at City Hall and in the chapel.

After the chapel reception, Notier said there may be an opportunity for Council to join the welcoming committee in greeting the royal couple in Durfee hall, but such plans are still in process and may depend on the time schedule.

Because he wants all aldermen and their wives in place at City Hall before the Queen's motorcade arrives, Notier suggested that councilmen convene at 3:30 p.m. and not later than 3:40 p.m. The Queen's motorcade is scheduled to arrive at the east city limits at 3:40 p.m. and travel slowly down Eighth St. and River Ave. to City Hall.

Mayor and Mrs. Harry Harrington who are presently in Florida, will be back in Holland before the Queen's visit, it was understood.

Other business during the session which lasted two hours and seven minutes covered a wide range of subjects.

Council passed an ordinance providing procedures of the city manager in making purchases and contracts. It provides that the city manager, subject to budgetary appropriations, may purchase material or equipment and procure labor in an amount not to exceed \$500 in items in the budget in which estimated cost is between \$500 and \$5,000, the city manager must solicit competitive bids, and in items in excess of \$5,000, council must authorize procurement of bids. No bids will be required for professional services.

Since the budget provides that the Board of Public Works, Hospital board and Library board administer their own budgets, such purchases do not come under this ordinance unless changes provide so in the future. The new ordinance is effective April 15.

Council granted permission to Holland Tulip Time Festival, Inc., to use Riverview Park for Tulip Time activities at no charge. In keeping with the same arrangements as in previous years.

A special committee headed by Ald. Raymond Holwerda in regard to disposition of the J. J. Cappon will now being probated recommended that council request a 30-day postponement of a hearing scheduled April 8 to allow further study on the part of the city of Holland. The Cappon will be made provision for a \$25,000 bequest to the city for a suitable memorial honoring its founder, Dr. A. C. Van Raalte, along with several other bequests. Residue of the estate amounts to around \$6,000.

A suggestion from Ald. A. A. Nienhuis who had conferred with former Ald. Tony Peerbolt about traffic tie-ups on Sixth St. while switch engines are in operation was referred to the city manager with instructions to confer with C and O officials.

Now Wife Faces Neglect Charge

Allegan (Special) — A 26-year-old Allegan woman, mother of two small children, who first had her husband jailed on non-support charges, has been arrested herself, charged with neglecting her children.

Mrs. Betty Pelletier, 26, was given a suspended 15-day jail sentence when she appeared in Municipal court before Judge Ervin Andrews on charges of neglecting two small children.

Meanwhile, a probate court order has been obtained taking the children from her custody, pending a full hearing on the matter. The affair came to the attention of sheriff's officers when Mrs. Pelletier obtained a warrant charging her husband, James, 30, with non-support. He was arrested March 27 and pleaded not guilty. Before the date set for trial, she withdrew the charges, paid the court costs and indicated that a reconciliation had been effected.

A deputy sheriff who lived in the vicinity of the Pelletier home learned that the children had been left alone by their parents. A court order was obtained so that the children could be cared for and a warrant issued for Mrs. Pelletier's arrest.

Holland to Stress Informality During Juliana's Visit

Informality will be the keynote when Queen Juliana and Prince Bernhard of the Netherlands pay a brief visit to Holland in the late afternoon of April 16, it was decided at a meeting of committee members Tuesday.

School children carrying Dutch and American flags will line the downtown curbs as the royal party travels slowly down Eighth St. and River Ave. to City Hall where the Queen will be given a brief preview of Tulip Time.

"It will be more like Holland welcoming an old friend," Dr. J. J. Lubbers, general chairman, said. He was referring to the couple's visit to Holland in 1941.

The American Legion band, Holland high band and Christian high band will play the national anthems of both countries and school children from the third through the sixth grades of both public and Christian schools will sing a Dutch song. Klompen dancing will also be featured. Municipal Judge Cornelius van der Meulen will serve as master of ceremonies.

Plans are being considered for a bicycle escort whereby two or three dozen decorated bicycles ridden by youngsters of junior high age wearing Dutch costumes would join the Eighth St. procession. Principal Bernice Bishop was appointed to take charge.

Plans also were discussed for the brief informal welcome in Hope Memorial chapel in which delegations from neighboring cities and towns will join Holland in welcoming the Queen to Western Michigan. Dr. Lubbers will preside. The local committee is in the process of selecting spokesmen from each of the following communities for a brief word of welcome: Kalamazoo, Allegan, Grand Haven area, Muskegon, and Zeeland. Mrs. George E. Kollen of Holland, sister of the late G. J. Diekema who died while he was U. S. minister to the Netherlands, will represent Holland.

Admittance to the chapel will be by ticket issued on request. Forms for such applications will be available later. Dr. Lubbers said, and preference will be given persons who have a direct interest or tie with the Netherlands or Holland's early history.

Several Appear In Circuit Court

Grand Haven (Special) — Six persons appeared in Circuit Court here Tuesday either for arraignment or disposition of previous arrangements.

William G. Stephen, 65, Holland, charged with larceny by conversion, pleaded guilty and will return April 14 for disposition. The alleged offense occurred in Holland Sept. 22, 1950, involving 2,000 feet of wire valued at \$104 belonging to the Electric Motor Service Co.

Harold Winters, 39, of 22 North River Ave., Holland, who pleaded guilty March 3 to a charge of desertion and non-support of his wife and six children, was placed on probation two years, must pay \$2 a month oversight fees, leave liquor alone and may not leave the state. Winters had been living at St. Charles near Saginaw.

Stupka Resigns As Football Coach At Holland High

Decision Effective At End of Present School Semester

Robert W. Stupka, head football coach and physical education instructor at Holland high school for the past five years, has announced his resignation effective at the end of the present school year.

Stupka came to Holland at the start of the 1947 school year and built up an impressive football coaching record at Holland high school. Under the tutelage of the blonde Wisconsin graduate, Dutch grid teams won 20 games, lost 22 and tied three.

Holland finished second in the Southwestern conference twice during the past five years, wound up third once and finished in last place twice. One of those times was during the 1951 season, one of the most disastrous in Holland high history, when the football team won only one game, tied one and lost seven.

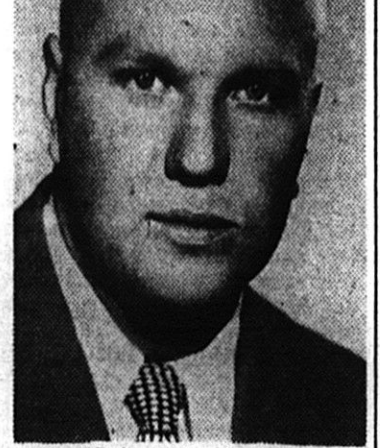

Stupka produced the only Holland team ever to beat perennially powerful Muskegon in the recent rivalry between the two schools. Holland won in 1947 by a score of 13-7. In the 22 years the Southwestern conference has been in operation, Holland never has won a championship and has the poorest won and lost record of any of the six schools. Stupka-coached teams have defeated every conference team but Kalamazoo.

Stupka's plans for the future include continuation in the coaching field. He said he had made his decision to leave Holland about two months ago but decided to hold up his announcement until this spring.

Stupka, who is 30 years old, is married and father of two children, a daughter, Nancy, 3, and a son, Robert, born March 20. Since coming to Holland, the Stupkas have lived at 156 West 15th St.

After graduating from the University of Wisconsin where he was a varsity end on Coach Harry Stuhldreher's football teams for three years, Stupka was a team coach at his alma mater before coming to Holland. In high school athletics at Watertown, Wis., the departing coach was all-state performer in two sports, as an end in football and guard in basketball.

Besides his football coaching duties in Holland, Stupka coached baseball for four years. His team won 28 games and lost 16. This spring he is in charge of the golf team. He also coached the eighth grade basketball teams to an un-

Robert W. Stupka defeated season two years ago, and has been in charge of the Recreation department's men's basketball league for two years.

Stupka is a member of the Episcopal church, Rotary club, and a veteran of 42 months in the service, including 19 months of overseas duty in the Pacific theater.

No successor has been named, although Holland school officials have been screening applicants.

Decorative Tree Chopped Down Near Kollen Home

City police are investigating an act of vandalism in which a pretty horse chestnut tree was chopped down at the rear of the home of Mrs. George E. Kollen at 80 West 13th St.

The tree, now eight to 10 inches in diameter, was planted by Mrs. Kollen and her husband 30 years ago in the little private park at the rear of the Kollen home. Some days ago Mrs. Kollen had granted permission to have branches of some other trees removed for telephone wires and on Wednesday when she inspected the work found the horse chestnut tree down. Both telephone men and police believe it is the work of youngsters.

A neighbor reported hearing chopping Monday at 10 p.m. but was unable to see figures.

The chestnut tree had been blossoming each spring, showing delicate white plumes.

Altena-Kragt Rites Performed

The home of Mr. and Mrs. John Altena, 117 West 18th St., was the scene of a wedding ceremony on Friday, March 14, when Miss Barbara Joyce Kragt became the bride of their son, Edwin Jay Altena. The bride is the daughter of Mr. and Mrs. Nelson Kragt, 167 Highland Ave.

The Rev. Bastian Kruihof performed the double ring ceremony at 7 p.m. Palms, ferns and bouquets of snapdragons and stock were used as a background. Mrs. Merle Cook, sister of the groom, sang "O Promise Me" and "Spirit of God."

Attending the couple were Miss Phyllis Nienhuis and Roger Kragt, brother of the bride.

The bride's gown of candlelight satin was fashioned with a besque bodice featuring a wing collar, fitted midriff and cap sleeves, and a full skirt, which fell from a pleated bustle into a slight train. She wore matching short gauntlets and a fingertip veil, held in

place by a halo of pleated Chantilly lace trimmed with pearls and orange blossoms. Her bouquet was made up of red roses with a white carnation center.

Miss Nienhuis wore a light blue gown with matching hat and short gauntlets. She also carried red roses centered with white carnations.

A wedding dinner and reception for 35 guests was held at Bosch's restaurant in Zeeland. A short program was given.

During the evening, the newlyweds received a telegram from the bride's brother and sister-in-law, Mr. and Mrs. Marvin Kragt of Aspers, Pa., who were unable to attend.

For their trip to Chicago, the bride wore a navy and white checked suit with white shorty coat, navy accessories and a corsage of white carnations. They now are at home at route 2.

The bride is employed at Hamilton Supply Co. and the groom, at Chris-Craft Corp.

Spring Election Coming Monday

Exactly one week from today on Monday, April 7, Holland voters will go to the polls to use voting machines for the first time.

Under ordinary circumstances, it would be a light election since none of the candidates for re-election to city officers have opposition. The only other choice is whether voters favor a proposal whereby Common Council shall spend up to \$5,000 for preliminary plans and specifications for a recreational building not to cost more than \$500,000.

City Clerk Clarence Greven-good suggested Monday's spring election would serve as an excellent opportunity for local voters to get acquainted with the voting machines. These machines will receive a heavy workout during the September primaries and the November presidential election.

Candidates whose names will appear on the voting machines in Monday's election are Harry Harrington, mayor; Jay H. Den Herder, associate municipal judge; and three councilmen, Laverne Rudolph, second ward; John Beltman, fourth ward; and Robert Visscher, sixth ward.

All voters will vote for all councilmen in the spring election. It is only in the primaries that the voter is limited to choices for nominations in his own ward.

Greven-good said rules call for at least three election inspectors in each ward. He expects results will be available to the public a half hour after the polls close.

Voting hours are from 7 a.m. to 8 p.m.

Wichers to Travel With Royal Party

Willard C. Wichers, director of the Midwest division of the Netherlands Information Bureau, left Holland Mich., Sunday, for New York where he joined the official party of Her Majesty Queen Juliana and Prince Bernhard on their three weeks' tour of the United States.

Wichers will be among the 20-odd persons assigned to the royal party, although this number will be considerably increased from time to time, particularly by press groups.

Among places on the queen's itinerary are New York, Washington, Philadelphia, Kingston, N. Y., Grand Rapids, Holland, Detroit, San Francisco, Los Angeles, and TVA at Knoxville, Tenn.

The group danced and played cards. Prizes were awarded to Mrs. Alice Rowan, Mrs. Nelva Crowle, Henry P. Kleis and William Norlin, Sr. Mrs. Linnie Sly was in charge of the entertainment.

Cancer Campaign Launched Locally Through the Mail

First mailings of an eventual 22,500 pieces of literature which will be distributed to householders throughout Ottawa county are in the mail in Holland last week opening the 1952 Educational and Fund Raising campaign for the American Cancer Society.

Forty volunteer workers of the Woman's Literary club met Wednesday to assemble and prepare for mailing a good share of the distribution. A similar meeting under the direction of the Grand Haven Junior Chamber of Commerce is being held for the mail campaign in the tri-cities area.

The Ottawa county unit of the American Cancer society is a participating agency of the Community Chests in Holland, Grand Haven and Zeeland cities and in these areas the literature being mailed is primarily of an educational nature.

Campaign Chairman, John H. Van Dyke, stated Friday that contributions amounting to \$1,000 are needed from areas not served by a local Community Chest to meet the county quota of \$7,150 and urged all who have not contributed through their local Community Chests to mail their gifts now to Cancer Box 602, Holland, Mich.

Preparation of the literature for mailing was under the direction of Mrs. J. D. Jencks, commander of the Ottawa County Unit. Mrs. E. P. Schneider and Mrs. Robert Runkels, co-chairmen of the Civic Health committee of the Women's Literary club, arranged the meeting. They were assisted by the various division chairmen of the club.

Ottawa county is represented on the state board of directors of the society by Dr. Ralph Ten Have of Grand Haven and Dr. O. van der Velde of Holland. Dr. Titus Van Haltsma represents the dental profession of the county. Robert Gordon is treasurer of the Ottawa county unit.

Area chairmen for the various districts throughout the county are Mrs. George Howard, Conklin; Mrs. Hy Lang, Coopersville; Walter Chojnowski, Grand Haven; Mrs. Albert Bremer, Lamont; Mrs. Arthur Swank, Marne; and Mrs. H. C. Dickman, Zeeland.

Chairman Van Dyke stated that it is just as important for everyone to have a thorough knowledge of the danger signals of cancer and what to do when they appear as it is to give our dollars to help finance the fight against cancer through research and treatment. Many cancer cases can be cured when discovered and properly treated early.

Grand Haven (Special)—Six persons were taken to Municipal hospital as the result of two accidents during the week-end. Both were three-car accidents.

Rikkers and Mr. and Mrs. Oosting were thrown out of the car by the impact. Oosting, 52, injured his right arm, and Mrs. Oosting received a possible fracture plus lacerations plus a possible concussion. The Johannes car was standing in the lane of traffic.

At 4:10 p.m. Saturday cars driven by Howard Cahill, 41, Muskegon, Ruth Yocobonus, 33, Muskegon, and Mrs. Betty Gleason, 23, Spring Lake, were involved in an accident at the north end of the swing bridge. Mrs. Gleason and her two small children, Danny, 1 1/2, and Donna Jean, 3 1/2, were taken to the hospital and released after treatment. The accident was a rear end crash, the Gleason car, hitting the Yocobonus car, forcing it into the Cahill car.

At 4:05 p.m. Saturday, cars driven by George E. Stille, 43, of 135 Spruce Ave., Holland, and Alexander Presnknovs, 36, route 2, Spring Lake, were involved in a crash on North Seventh St. City police said Stille was in the right lane of traffic. The other driver in the left lane said he did not see the Stille car as he approached the traffic light. The Stille car was hit in the left rear.

Police today were looking for vandals who drove a car over private lawns on West 17th St. for nearly a block, tearing up lawns, a hedge and ruining two pine trees. The car left the road on Washington Ave. and traveled on lawns between the sidewalk and houses almost up to Van Ruite Ave.

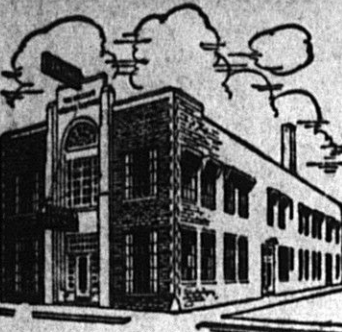

A large crowd of students and friends gathered on the Hope campus Thursday morning to send off members of the Hope Women's Glee club on their eastern concert tour. THE FIRST TV ELECTION

What effect will TV have upon
the election in November?

Politicians are beginning to worry
over that one. The smart ones, or
those who consider themselves
smart, are busy laying their plans
to take advantage of the new
element in the big national game.
Endless theories are being spun
about this subject, but the ones
are that so untried a situation
cannot be evaluated with any de-
gree of accuracy. Eight years
from now the politicians will be in
a better position to take TV in
their stride, on the basis of the
experience gained this year.

Beginning with this year's elec-
tion, the gift of gab will not be the
only weapon in the arsenal of the
candidates. The visual will be ad-
ded to the auditory, and since far
more people are eye-minded than
ear-minded, it seems likely that
what a candidate says and the way
he says it will become less and
less important with the spread
of TV and the way he looks will
take on increasing importance.

The time may even come when
enterprising business geniuses will
establish chains of beauty parlors
for candidates who are running
for public office, to doll them up
against the time when they do
their stuff before the cameras.

If looks decide elections, there
isn't much hope for most of the
candidates who are now promi-
nently being groomed for the top
spot in the big contest. President
Truman will never be hanged for
facial beauty; Robert A. Taft is
mainly a bald head with a ques-
tionable face beneath it; Estes
Kefauver will never set any hearts
afutter on the score of pulchritude;
Senator Russell has a nose
that would give even his most de-
voted advocates pause. But why
go on? If a national election is
turned into a male beauty contest
most men are out of luck by the
time they reach the age when they
have acquired political experience
and prestige enough to make the
race seriously for a presidential
nomination.

That fact may conceivably be
hard on the nation. Imagine what
would have happened if Lincoln
had attempted to make the race
on the basis of his beauty. With
a face that caused a little girl in
1860 to advise him to grow a beard
to hide it, with a lean and lank
physique that was at the time
often described as grotesque, he
would have been at a distinct dis-
advantage under the cruel eye of
the TV camera. Perhaps, instead
of being "born a hundred years
too soon," Lincoln was lucky that
he lived when he did. At least he
had a chance to be elected for
what he had behind his face rather
than on it. Time will tell. 1952 will
be a year of great decisions. We
hope the people make the right
ones.

A Fellowship of Many Followers
John 15:5-9; Philippians 2:14-16;
Romans 16:1-7
By Henry Geerlings

How did the circle of Christ's
followers grow? Men and women
are won to Christ by the testi-
mony of other men and women.
In our lesson today we have two
Scripture passages in which the
obligation of Christian witness is
stressed. In the first our Lord
speaks of fruitfulness in the be-
liever, and in the second Paul
calls on his converts to hold
forth the Word of life.

Then, we have a demonstration
of the result of such testimony
in a fascinating list of men and
women who were among the ac-
quaintances of Paul and followers
of Christ. Hitherto, our studies
have been concerned with major
characters of the New Testament.
This Scripture introduces us to
some of the lesser known church
members, reminding us that the
cause of the Master is advanced
by the faithfulness of obscure
folk as well as by the more pub-
lic labors of outstanding workers.
We all have a place in the divine
program.

Christ's parable of the vine bor-
rows its imagery from the Old
Testament, where Israel was com-
pared to a vine. Because that na-
tion failed to fulfill the divine
purpose of fruitbearing Christ
came as the true vine to bear
fruit to the glory of God through
His followers whom He spoke of
as the branches. God had been dis-
appointed in Israel, which as a
vine had borne wild grapes. But
His expectation was renewed in
Christ, whose disciples would
glorify the Father as they bore
fruit. The possibility of such
fruitbearing was to be their abid-
ingness. Linked to Christ by faith
and fellowship they would produce
in their lives that fruit which
would please the Father.

The passage from Philippians
links us with recent lessons in
which we saw the establishment
of a group of believers in Philip-
pi—Lydia, the prison jailer, and
others who believed with them.
We are reminded that Paul did
not abandon his converts but con-
tinued their instruction, some-
times through personal visits,
sometimes through letters. We
have one of the letters he wrote
to the Philippians Christians, and
we find that its message included
an exhortation to witness. This
witness was twofold. It was a
witness of consistent conduct, for
they were to be blameless and
harmless, the sons of God, with-
out rebuke, in the midst of a
crooked and perverse generation.
It was also a witness of direct
testimony. These two were neces-
sary to any effective testimony
for Christ. Our practice must
agree with our preaching, other-
wise it will not convince.

Romans 16 contains a series of
personal greetings from the ap-
ostle to Christians at Rome. Most
of the persons named have no other
recognition in the New Testa-
ment. All we know about them
is what Paul states here. But the
little information we can glean
furnishes an interesting study of
the personnel of the early church.
First to be mentioned is
Phebe, believed by many to have
been the messenger entrusted with
the epistle to the Romans. She
is described as a succor of many,
she could have been either a
hostess or a nurse. Whatever
her contribution, it was sufficient
for Paul to mention why she
should be well received by the
Roman believers.

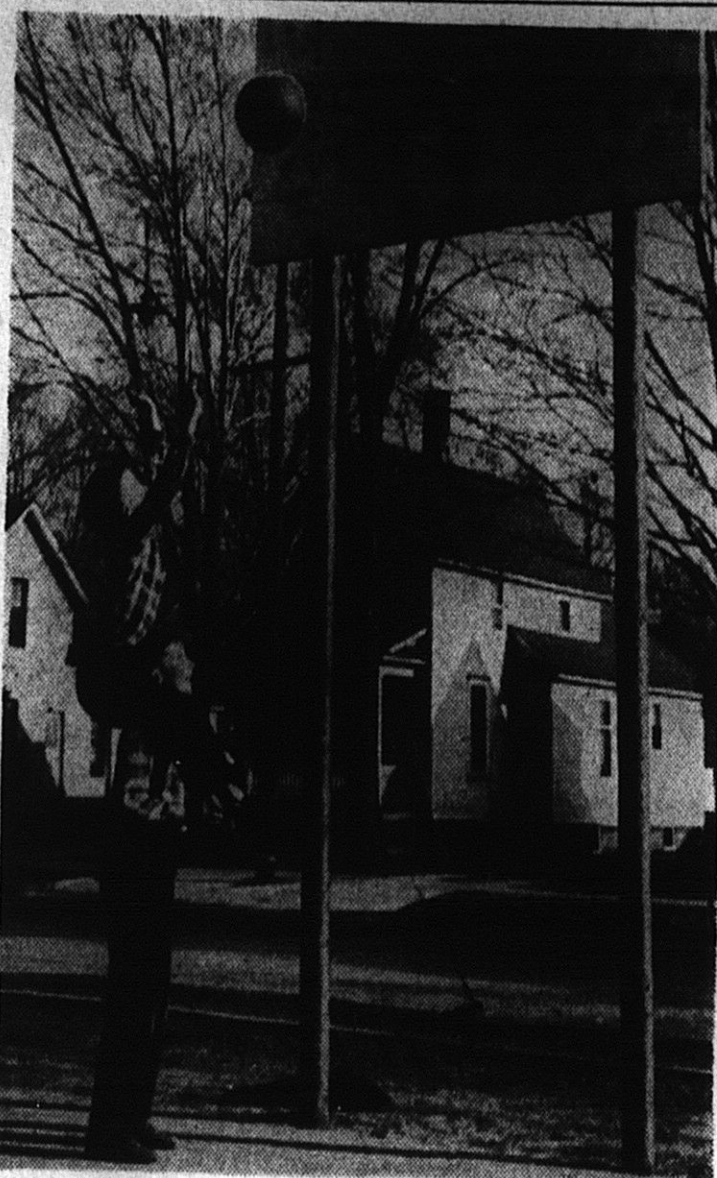

The next two names—Prisilla
and Aquila—were born by peo-
ple of whom we know more. Paul
stayed with them while visiting
Corinth because they were ten-
makers, which was his own trade.
Apparently they were Jews who
had resided in Rome, perhaps for
business reasons. Persecution had
made it necessary for them to
leave that city and take up tem-
porary residence in Corinth. When
circumstances permitted, however,
they returned to Rome, and from
Paul's reference were obviously
in the Christian community there.
We do not know in what they had
risked their lives for the apostle,
but we may conclude that their
friendship for Paul had led them
to some sort of heroic self sacri-
fice.

Epaenetus was apparently
Paul's first convert in Asia. No
more is known of him. Who was
Mary? Though she bore a very
common name she had distin-
guished herself as one who had
bestowed much labor. Last to be
mentioned are Andronicus and
Junia, termed kinsmen of Paul.
Whether they were actual rela-
tions of the apostle, or fellow
Jews, is not made clear; but we
note gracious acknowledgement of
their seniority in the faith, and
his reference to their imprison-
ment with him.

What provision has our Master
made for the propagation of the
gospel among men? He could have
commissioned angels with the
task, but instead He chose re-
deemed lives to be His messen-
gers. His disciples were trained to
become His ambassadors and in
talking with them He made it
abundantly clear that only as they
fulfilled His expectations of them
would they truly be His disciples.
Fruitbearing was to be their busi-
ness. Drawing their resources
from Him they were to abound
in productivity.

warmth to start getting in shape for next season.

March Exits Like Lamb
As Spring Takes Over

March, 1952, went out like a
lamb Monday to herald the com-
ing of spring for winter-weary
Holland area folks.

Mild and sunny weather,
with a high of 68 recorded Sun-
day, brought spring and all its
dressing to the forefront here-
abouts. Although showers Sunday
afternoon and Monday put a
partial damper on the springlike
atmosphere, the warm showers
were not unwelcome.

Roads and highways in and
around Holland were jammed dur-
ing the warm balmy week-end.
Holland State park at Ottawa
Beach recorded an estimated 9-
327 visitors on Sunday alone. About
500 more visited the park on Sat-
urday.

Park personnel noticed the visi-
tors driving through, stopping to
watch the lake, getting out to walk
around the sandy beaches and in
general just sopping up the good
old springtime weather.

The popcorn concession was
open at the park both days. At-
tendance at the park so far this
season is about 75,000 persons.

Six Clubs Ready
To Enter League
For First Season

A post-season playoff between
champions of the two halves of
the split season will be included
in plans for the first season of the
Southwestern Michigan Baseball
league.

Representatives of seven West-
ern Michigan baseball clubs de-
cided on the split season and the
three-game playoff series at a
league meeting in Holland Mon-
day night.

If the same team should win
both halves thereby making a
championship playoff unnecessary,
the league likely will sponsor some
other form of post-season attrac-
tion. An all-star series with the
champions was one possibility dis-
cussed.

League members also decided
tentatively on a 24-game schedule,
covering 12 weeks and beginning
about the last week in May.

Six of the seven teams present
indicated that they are all set to
enter play in the independent di-
amond circuit. Members are Hol-
land Flying Dutchmen, Zeeland
Chix, South Haven Merchants,
Grand Rapids Black Sox, Muske-
gon CWC and Grand Rapids Car-
vers.

The seventh team, Grand Haven
Athletics, will enter the league if
arrangements can be made for a
lighted field in Grand Haven.
Team representative Ray Herz re-
ported that prospects are fairly
good for such a development.

Although deadline for entering
the league previously was set for
April 1, the league decided to leave
an opening for Grand Haven for
two more weeks pending further
developments on the Athletics' field
situation. The league will play
strictly night baseball.

Grand Rapids Carvers will use
Coopersville as their home field.
Muskegon CWC will play at Marsh
field, and the Black Sox will be a
traveling team.

League President Russ Vander
Poel of Holland, who presided at
the meeting, was instructed to
draw up the proposed schedule for
submission at the next meeting
April 28. At that same meeting
entry fees of \$200 will be due from
each of the member teams.

Hamilton Group
Airs Liability

The Hamilton community group
met Friday evening at the Boy
Scout building.

The meeting was called to order
by Chairman Ben Lohman. Group
singing was enjoyed. Ted and
Caroline Barton and Norman
Stanton were guests.

Minute Man Albers told the
group that the statement made on
the air and in news columns by
Secretary of Agriculture Brannan
that the president of the Ameri-
can Farm Bureau federation,
Allen B. Kline, had agreed to de-
liver the farm vote to Taft in re-
turn for his appointment as Sec-
retary of Agriculture is not only
worthy of denial, but simply a
falsehood.

F. Billet, discussion leader,
presented the subject "What Public
Liability Risk Does the Farmer
Take?" He explained briefly how
dangerous accidents happen
through carelessness, faulty risk
and negligence.

The group came to four conclu-
sions: "That public liability risks
taken by farmers are serious
enough for insurance protection;
rules regarding operation of ma-
chinery on highways are to be
careful, stay on shoulder if pos-
sible, drive carefully and have
tractor lights adjusted for high-
way travel; when people trespass
on our property we should warn
them of certain dangers, and we
should try to keep things in good
order at all times to avoid acci-
dents; to decrease liability for in-
jury to persons on our farms we
should do everything in our power
to cover up 'booby traps' and
make it as safe as we know how."

The rites were read at 8 p.m.
Tuesday, March 25, in Trinity Re-

and white snapdragons. White
bells and greens marked the pews.
Mrs. William Zonnebelt was or-

The bride was escorted to the

pattern outlined the sheer yoke
and the bodice with long

ruffle. Her triple string of pearls
was a gift of her 81-year-old grand-
father, John W. Oonk.

Miss Ver Hage wore a gown of
nile green imported nylon net and
Chantilly lace over a matching
tulle slip with strapless bodice
and net bouffant skirt. Over the

the bridal ensemble. She wore a
Dutch cap with veil and carried
a basket of rose petals. The ring-

bier, Mary Bollman, Lorraine Ba-
chinski, Gloria Chicky, Pat Hic-

The couple left on a short wed-
ding trip. For going away the
bride wore a navy blue dress with
white accessories.

The bride, a graduate of Holland
high school, is continuing her
nurses training at St. Mary's hos-
pital, Grand Rapids. Corp. Goodyke,
graduate of Holland Christian
high school, is stationed at
Camp Gordon, Ga.

and Herman Goodyke; Mrs. Cor-
nie Koetsier; Miss Ruth Schu-
etky, assisted by her mother, Mrs.
Hans Schuetky; class mates of the
bride while on affiliation at Kalamazoo
State hospital, and Mrs.

Schouten Believes
Defense Is Sound,
But Power Lacking

Venerable Jack Schouten, start-
ing his 46th season as head base-
ball coach this spring, envisions
great possibilities for his 1952
Hope college baseball squad.

The Dutch diamond men finished
one game out of first place last
season, with the deciding game
going to Alma in a rainstorm. The
Scots went on to cop the MIAA
bunting last season.

"Defensively we should be
sound," comments Coach Schouten,
who started coaching baseball
in 1907. "But we'll have to find
some hitting strength some
where."

Leading the field of 22 candi-
dates for varsity positions are
three returning veterans who were
named to the all-conference nine
last season.

Capt. Don Piersma is almost a
clinch at shortstop, while south-
paw hurler Bob Dennison will be
the number one Dutch mound ar-
tist this spring. At the other end
of the battery will be rugged Jim
Harvey behind the plate. All
three were all-MIAA choices last
spring.

The infield will be a question
mark, with the right side of last
year's inner defense now in uni-
form. First basemen Gene Schrot-
enboer is in the Army and second
baseman Jim Willyard is headed
for Navy duty. Both had college
eligibility remaining.

Coach Schouten has been ex-
perimenting with his returning
lettermen to come up with a
strong infield combination. He has
switched third baseman Ken Bauman
to first, and is working re-
serve catcher Jerry Jacobson at
second base. Jim Van Hoven and
Don Howard, who were utility in-
fielders last season, also are in
the thick of the running, while
freshman Maurice Witteveen from
Holland is a third base possibility.

Dave Kemper is the only out-
field regular back this season. Con
Boeve and Tom Van Wingen were
lost by graduation. The only other
experienced gardener in camp is
Bob Smith, who has reserve duty
last spring.

The pitching corps behind Den-
nison also presents a problem.
One other front line hurler, Don
Hoffman, was in line for consider-
able action, but he suffered partial
dislocation of his pitching
shoulder and will be lost to the
squad for an indefinite period.

Impressive in early workouts
so far is freshman Willie Rink
from Grand Rapids. The right
handed hurler has looked good in
preliminary inside drills during
the past two weeks.

The Dutchmen have a rugged
14-game schedule, including three
doubleheaders with other MIAA
teams. Two schools, Kalamazoo
and Adrian, dropped baseball from
the spring sports card because of
expense, so only defending cham-
pions Alma, Albion, Hillsdale and
Hope remain.

"They're all going to be tough,"
Schouten sighs. "Most of them
have a lot of boys back from last
year."

The key to Hope's chances this
season, of course, might very well
be the showing of freshmen and
transfer students who will have to
be fitted in along with the 10 re-
turning letter winners.

Besides the three double head-
ers, another feature of the Hope
schedule is a home and home se-
ries with the Michigan State col-
lege junior varsity squad, and a
contest with Western Michigan's
Jayvees at Holland. Both schools
produce top-notch baseball teams.
Here is the Hope 1952 baseball
schedule:

Padnos Wants To Install Baler

The Louis Padnos Iron and Metal Co., 120 River Ave., has made application to the Board of Appeals to rezone its property so that the firm can install a metal baler to make the Holland operation more complete.

The proposed baler would be installed at the rear of the property, near Pine Ave., and would crush scrap automobiles into 400 to 500-pound bundles. Under the proposed set-up, the firm would turn out a carload of metal a day. Padnos Iron and Metal Co., dealers and brokers in scrap iron and steel, are in the midst of a seven-point expansion program. The firm has a railroad side track already installed in its yard on River Ave. and has two mobile cranes and 15 trucks to load the railroad cars.

The firm employs 50 persons in its Holland operations and has an annual payroll of \$200,000. Padnos Iron and Metal Co. supplies 3,000 tons of scrap iron a month to Lakey Foundry in Muskegon and turns out 1,000 tons of scrap iron a month in its local operation.

Salvage can no longer be considered the step-child of industry and relegated to the back alleys and dumps. It's an industry grown to manhood and must be so considered in our present day civic planning and thinking and uses for defense equipment, according to company officials.

VOLLEYS FROM AMBUSH

Harry Houtman, 201 Howard Ave., was quick to pick up the notation in a picture that appeared in Wednesday's issue of The Sentinel. The picture was of the St. George hotel fire in Los Angeles in which six persons were killed. Appropriately enough just the letters "HOT" of the hotel sign were showing.

We agree with a note from Houtman that the picture was "self captioned" and that "any building with fire billowing from its windows is bound to be — HOT."

We quote the following from Jerry Ford's weekly "Washington Review."

"Pandemonium of the week: I lifted the telephone receiver to call the Treasury department for some information about defense bonds. The operator snapped the familiar 'Capitol' and I went through the customary procedure of code numbers, extensions, etc. The next few hectic moments, I reflected later, were also not an uncommon occurrence. I was transferred to no less than four different sections of the same department, spoke to eight various squeaky-voiced, gruff, drawing, patronizing secretaries, each of whom knew exactly where I could get my information, promptly switched me to someone else who in turn passed me on to another. 'After about 10 minutes of this process, my patience gave up the ghost when an understanding soul (number eight) offered to relieve me of my burden and call me when she had found the information.'

"Weary, shaken and bewildered I set this experience up against the President's proposed personal expansion in almost every government agency. From where I sit it looks like just a wee bit too much specialization already."

Easter coming on April 13 this year may seem a bit later than usual to many.

The rule to determine the date has been in effect since 325 A.D. The Council of Nicea decided 1,627 years ago that Easter was to be celebrated on the Sunday following the first full moon after the beginning of spring.

"The reason for choosing the full moon probably was to afford pilgrims safe passage on the roads they traveled to the Holy City for the Easter festival," Hazel M. Losh, assistant professor of astronomy at the University of Michigan says.

20 Custodians Finish Course

Holland school custodians have completed an eight-week course in heat distribution, offered by the Michigan State college extension service as one of a series of courses in school custodial problems.

Ed Prins of Holland served as instructor to the 20 custodians taking the course from Holland, Hope college, Grand Haven and outlying district schools.

The heat distribution course was the eighth one taken by the custodians. The series, which has stretched over the past five years, is aimed toward certification of all school custodians.

The next such course, which will begin in September, will take up problems of general repair.

Tourney Finals Still Unplayed

Finalists have been determined for the end-of-the-season tournament in the Recreation department's men's basketball league, but Commissioner Bob Stupka is running into trouble in finding a time and place to hold the championship game.

Stupka doesn't know exactly when Leftovers and Baker Furniture will fight it out for the tournament title. The high school gym where all the games are held, is tied up almost every night this week.

Leftovers, an underdog all the way, advanced to the tournament finals last week by whipping the Hotshots, while Baker Furniture came from behind in the closing minutes of the game to nip Tulip City.

But when a champion will be crowned still is anybody's guess.

Edith Knoll, Paul Drooger Wed

Mr. and Mrs. Paul N. Drooger

The marriage of Miss Edith Mae Knoll and Paul N. Drooger was performed Friday evening, March 21, in Central Park Reformed church. The bride is the daughter of Mr. and Mrs. Theodore Knoll of Virginia Park and the groom is the son of Mr. and Mrs. Bert Drooger, Sr., 90 East 29th St.

Palms, ferns, candelabra and bouquets of spring flowers formed an attractive setting for the double ring rites, read by the Rev. Lavern Sandy of Fort Wayne, Ind. Mrs. Leon Sandy, organist, played the wedding music and accompanied the soloist, Roger Northuis, who sang "Because" and "The Lord's Prayer."

Mrs. Patricia Essenburg attended the bride as matron of honor and Gilbert Egbers assisted the groom as best man.

The bride wore a gown of ice blue satin styled with a sheer yoke, long tapering sleeves and a

full skirt with a flounce. A bonnet held in place her veil of illusion. She carried a white Bible with white carnations and streamers.

Mrs. Essenburg wore a light green gown with matching headpiece and mitts. Her flowers were pink and white carnations. A reception for 100 guests was held in the church parlors. Mr. and Mrs. Conrad Knoll were master and mistress of ceremonies. Mr. and Mrs. Robert E. Brown served at the punch bowl and Miss Norma Taylor and Douglas DuMond arranged the gifts. Misses Barbara Ann Van Huis, Marilyn Driscoll and Margie Knoll and Mrs. Howard Knoll served the guests. The Rev. Herman Rosenberg gave brief remarks.

For their wedding trip to Niagara Falls, the bride wore a cocoa brown suit dress. They are now at home at 375 Central Ave.

Several pre-nuptial showers were given for the bride.

Large Audience Hears Bishop at Leper Meeting

land was well filled Friday afternoon for the 33rd annual praise service of the Federation of Women's Societies of Holland Classes. Mrs. Edith Walvoord opened the meeting by telling of the lepers in Tellie Leper colony in Inhambane, Portuguese East Africa, who "are kneeling together in prayer because they know that the federation is meeting this day and hour in their behalf."

An organ prelude was played by Mrs. George Baron and devotions were led by Mrs. H. J. Kamphouse on the theme, "The Gospel the Power of God." Mrs. John O. Hagans sang a classic solo on the resurrection and letters from Dr. C. J. Stauffacher were read by Mrs. Al Knipe. Mrs. John den Ouden gave the consecration prayer.

An offering amounted to \$2,262.25.

Following reports of the secretary and treasurer, Mrs. Walvoord introduced the speaker, Bishop H. Clifford, Northcott, of Madison, Wis., who was sent on a tour of mission stations in Africa by the Methodist Council of Bishops in 1950.

Bishop Northcott reported that natives of Africa have developed faster in the last 100 years than other peoples in 1,000 years, resulting in many economic dislocations. He told how new and modern structures contrast with immense slum areas where thousands of natives who come out of the bush to work in the mines live in degradation.

The brightest, cleanest and happiest spots on the continent, he said, are the mission areas where the light of the gospel has come. Lepers have repeatedly shown that they prefer the Christian leper colonies to the more lavishly endowed government colonies, he said. New sulfa drugs are being used with excellent results and many lepers now are discharged as cured, he said.

Bishop Northcott preached through an interpreter to a group of 156 patients at Tellie. The camp has a particularly fine spirit, he said, and he was much impressed by the "joyousness of their singing." The bishop displayed many samples of African handicraft in wood and presented Mrs. Walvoord a handbag made of grass.

Mrs. Walvoord announced a board meeting for April 7 at South Olive Christian Reformed church after which Mrs. Peter Slenk closed with prayer.

Fifty-five churches from nine different denominations are members of the federation.

Friday evening, Bishop Northcott presented an exceptional program of colored slides to an audience in First Methodist church, with the Rev. John Hagans in charge. The evening offering also was given to leper work.

Martin Speaks To Young GOP's

"The basic premise of American foreign policy must be that the goal of Communist Russia is the total destruction of the United States," John B. Martin, Michigan Auditor general, told members of the Ottawa county Young Republicans club Friday night at the Mary Jane restaurant.

The talk by Martin, a candidate for Republican nomination to the U. S. Senate, was part of the club's "Know Your Candidates" program. It was announced that the series will be continued with talks by two gubernatorial candidates, April 21 by William C. Vandenberg and May 5 by F. M. Alger, Jr.

James Wierenga of Grand Haven presided in the absence of Eleanor Duffy of Holland, county chairman. James F. White of Holland read the call to the Young Republicans state convention in Detroit May 16 and 17. The local club selected the following delegates to that convention: White, Eleanor Duffy, Dody Fredrickson, Frank Duffy, Jr., Morris Wierda, Ken Schripsema, Robert Kouw and Leona Postma, all of Holland; Vivian Nuismer of Spring Lake, and Yvonne De Jonge and Jack Miller of Zeeland.

Alternates chosen are J. C. Pette, Charles D. Bertsch, Phyllis White, Mary Ann Duffy, Alvin and Edna Dyk and Stuart Padnos, all of Holland; James and Ruth Wierenga of Grand Haven, and Richard Smith and Don Vos of Zeeland.

The fans around Holland who like to go out on a summer's evening and watch two teams of nine men each play a game with a little ball and a bat are the beneficiaries of two moves recently adopted by those who guide baseball and softball in Holland.

The embryonic Southwestern Michigan Baseball league, with its six or seven team inter-city league, promises to provide a shot in the arm for local baseball enthusiasts, both in the caliber of baseball played by Holland and in the caliber of teams providing the opposition.

The move was sponsored simultaneously in the different cities involved in order to increase fan interest that has been dying during the past few years. And regular league competition, it was decided, is just what the doctor ordered.

The second move was taken by the Holland Softball league in deciding to sponsor an all-star team for regular performances against top-flight outside teams.

The fan once more is benefited here, because as old line advocates can testify, those softball games can become mighty interesting. Besides, the universal appeal of an all-star team should help here, too.

The feat has been expressed that those two programs will work at opposite ends—fans who watch softball won't watch baseball, and vice versa. However, this corner feels that the two programs instead will serve to supplement one another, and combined should drag spectators into the open air more often.

Old Fearless Fraley, that undaunted United Press crystal ball gazer, has come up with his selections for the 1952 pennant winners—the Yankees and the Dodgers.

But more surprising than his winners is the fact that he chooses the St. Louis Browns to finish last in the American league. Bill Vecek and Rogers Hornsby won't like that, Oscar.

At any rate, here's how Old Fearless sees the baseball race: American league—New York Yankees, Cleveland Indians, Chicago White Sox, Detroit Tigers, Philadelphia Athletics, Boston Red Sox, Washington Senators and St. Louis Browns.

Farm-to-Prosper Enrollments Pass Last Year's Mark

Groups Should Contact County Agricultural Office to Register

At end of March 91 rural community organizations were enrolled in the 1952 West Michigan Farm-to-Prosper Contest. The figure compares with 59 at end of March, 1951. A total of 100 were enrolled last year.

Several new organizations have enrolled this year, with a number of additional ones still expected to enroll. Enrollments are through the offices of the county agricultural agents of the five counties in which the contest is carried on—Mason, Muskegon, Newaygo, Oceana, and Ottawa.

No deadline is set for enrollments, although the county agents like to have as many enrolled as possible by May 1.

Reports on the year's activities are made to the county agricultural agents' offices Dec. 1. It is on these that judging is done and prizes awarded at the county level. Report of the top winning organization in each county is sent to the office of the Michigan Extension service, East Lansing, where the sweepstakes winner is decided.

Anything an organization does in the way of community activities and service, the interest it takes in youth affairs, in county, state, national, and world affairs counts in the contest, which is designed to advance Western Michigan as a desirable place in which to live.

Any rural community organization is eligible for the contest. Enrollments to date by counties are:

Mason: Riverton, Sauble River, Lincoln River, Amber, Summit-Pere Marquette Farm Bureaus, Amber, Custer, South Hamlin, Scottville, Riverton No. 2, F.R. Parent-Teachers Associations; Fountain, Mason, Pere Marquette, Amber Granges. Total 14.

Muskegon: Ravenna, Lake Harbor, Cloverville, Fruitland, Silica, Muskegon Granges; White River-Montague, Holton, Ravenna, Casnovia Farm Bureaus; Montague, Ravenna, Twin Lake, Wolf Lake, Dangle, Carr, Orchard View, Lincoln, Maple Grove, Little Black Lake, Evans, Bates, Beach, Gordon, McMillan, Reeths-Puffer, Henry Street-Glenside, Gustafson, Holton, Jibson, Whitehall Sullivan PTA's; Lakewood Civic Builders, White Lake Community club. Total 34.

Newaygo: Big Prairie, Ashland, Ensey, Fremont Granges; Beaver-Denver, Dayton, Garfield, Brookside Farm Bureaus. Total 8.

Motorist Fined After Wild Chase

Raymond A. Brower, 25, route 4, who gave city police a wild chase before stopping at a wild Sunday, pleaded guilty Monday before Municipal Judge Cornelius Vander Meulen to a reckless driving charge and was assessed fine and costs of \$54.70 or 30 days.

In addition, police served two overtime parking tickets on Brower dated Dec. 5 and Jan. 18 for which he was assessed \$2 fine apiece plus \$4.70 costs.

After his appearance in Municipal Court, Brower was turned over to Deputy Clayton Forry for another reckless driving charge.

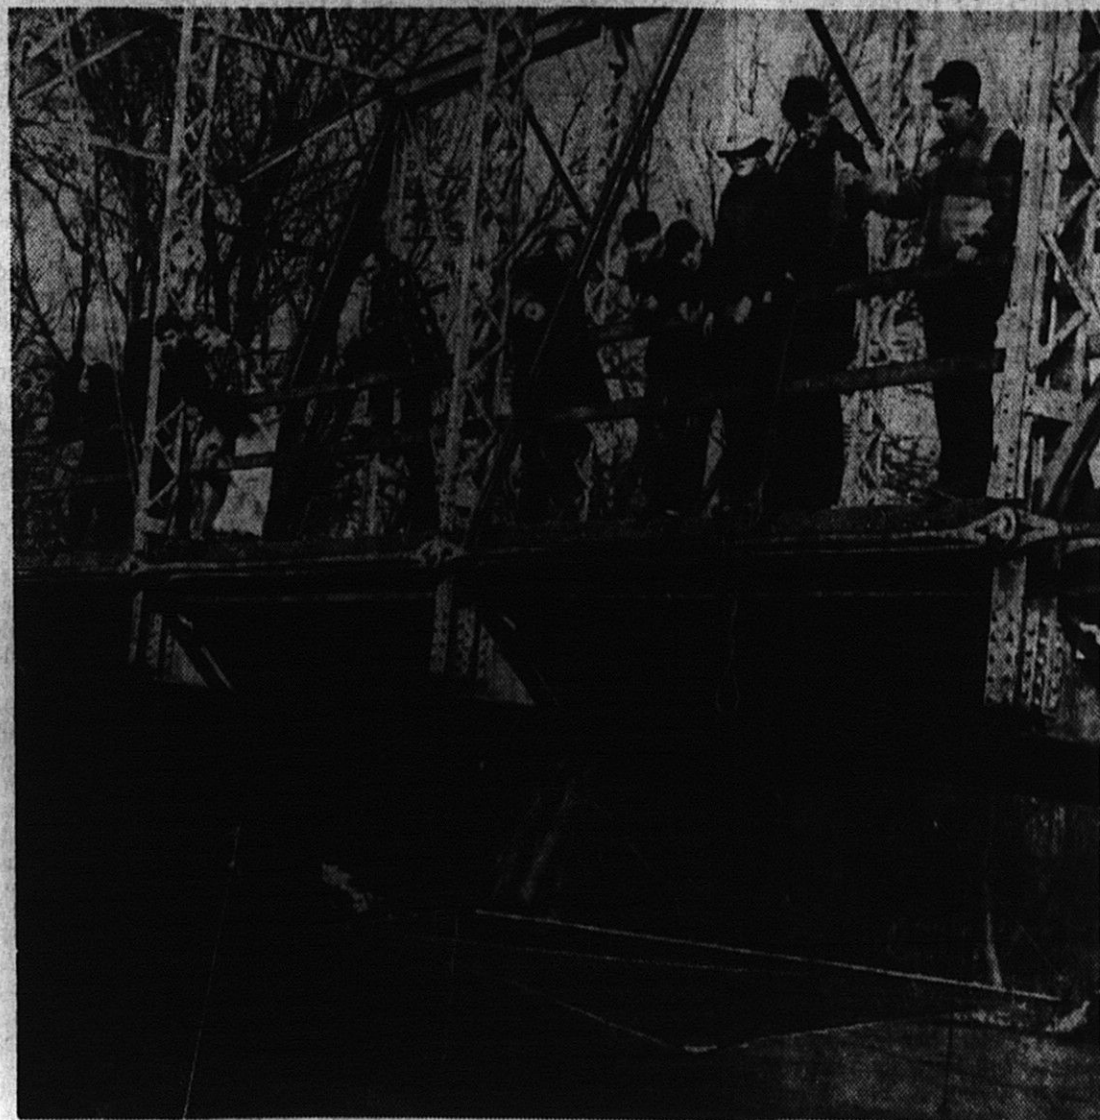

The chain of events started at 4 a.m. Sunday when Brower led city police in a chase on Eighth St. from River to Fairbanks and then onto M-21 to Zeeland. Police said Brower refused to take the ticket, so spent the week-end in jail.

Others appearing in Municipal Court were Cory Dykwell, of 115 West Cherry, Zeeland, stop street, \$5; Kenneth Mannes, 18, of 220 West 14th St., imprudent speed, \$22; Morris Peuler, of 109 East 15th St., parking, \$1; Henry Knoll, Holland, parking, \$1; Tom Halker, of 501 Washington, parking, 1.

Billy Graham Film Scheduled Saturday

The new Billy Graham film, "Mr. Texas," will be shown in Hope Memorial chapel Saturday evening. There will be two showings of the sound-color movie, at 7 p.m. and 9 p.m. The showing is sponsored by Holland Youth for Christ, who are celebrating their seventh anniversary.

Featured in the film along with Billy Graham, who gives a short message, are Cliff Barrows directing a 1,000-voice choir, solos by George Beverly Shea and Rodd Harper and Cindy Walker as they unfold the story of "Mr. Texas." The public is invited to these showings.

Fishermen turned out in force for the opening of the dip net and spearing season Tuesday, lining the bridge on the old Zeeland road over Black river. 15-Year-Old Fisherman Adds Up Beginner's Luck

Here's a fishing story to make long-time fishermen sigh with envy.

Fifteen-year-old Richard Radkoff, route 3, decided this year to join the legions of fishermen dip netting for suckers. Borrowing his brother-in-law's net Richard went down to the Old Zeeland bridge on Black river Tuesday afternoon to try his luck.

Within a few minutes Richard had pulled up his first fish. Three hours later he had pulled up eighteen good size suckers.

Older fishermen along the

bridge shook their heads every time Richard pulled up his net. Invariably there was a nice size sucker in the net.

For the less hardy dip netting might be considered hard work. The fisherman must haul the net out of the water every few minutes. If luck is with him he'll have a fish. Richard estimates he pulled up the net more than 300 times to catch his 18 fish.

The dipping season lasts until May 31. Rod and reel fishermen will get their chance starting June 25 on inland lakes.

In the mood for a little statistical review today? While doodling around with past copies of The Sentinel during the current off-season in sports reporting, we came up with the idea for this column.

The basketball season, as anyone hereabouts can tell you, is a time of avid interest for folks in the Holland area. And The Sentinel sports department tries to keep pace with what the folks want.

During the 1951-52 season, which began back in November and is still going on in some quarters, we covered quite a bit of basketball. According to our rough figuring, here are some statistics on just how much basketball was carried on The Sentinel sports page, figuring only local teams and stories covered by our own reporters or correspondents.

The Sentinel covered 398 basketball games in the Holland area, including schools, church games, independent games, grade schools, reserve teams, city league and recreation league.

Of these, 119 were school games other than Holland high, Holland Christian or Hope college, and 154 were independent league games.

In addition, we carried 228 stories on basketball other than actual game coverage, such as advance stories, league round-ups and color stories. We printed 65 pictures of local team, action shots and individual players and coaches.

The old grandstander personally took in about 75 basketball games upon which he reported, while our number one cage associate, Clare Pott, is listed for 42 games which he reported.

How much space did The Sentinel devote to local basketball? As near as we can figure, we ran slightly less than 5,000 column inches of local basketball copy.

Figured at the rate of 45 words per column inch, which is a rough average of type space, that means a total of 225,000 words that went through our typewriters about Holland area basketball.

All of these figures, mind you, are exclusive of United Press stories on other games—Big Ten college games, and high school games out of our area.

Emergency Funds Sought for Bridge

Grand Haven (Special)—When the Ottawa County Board of Supervisors convenes April 15, it will be confronted with a request from the Ottawa County Road commission for emergency funds up to \$50,000 to replace a bridge at Lloyd's bayou and repair the "sink hole" roadway badly damaged by high water.

No funds were appropriated for this work since it was originally scheduled for the 1953 program of the county.

Several residents of the Lloyd's bayou area met with the road commission and good roads committee of the board Tuesday afternoon and inspected the area where the bridge is closed this week because of high water levels.

Unless the water recedes considerably to allow the dumping of temporary fill in the roadway, the bridge may remain closed until supervisors approve the emergency project, according to County Engineer Carl T. Bowen.

The bridge is believed to be 50 years old and for the last 20 years the road commission has been repairing and filling the road. The south end of the bridge has settled two feet. The "sink hole" is 400 feet long, and Bowen estimates it will require 25,000 to 30,000 yards of fill to build a new roadway.

A new chairman also will be selected at the April session. Mayor Nicholas Frankena of Zeeland has served as chairman two years with Clarence Reenders of Grand Haven township as vice chairman.

April 1 Means He Doesn't Have to Get Up at 3 a.m.

To meet everybody, April 1 suggests a day of practical jokes. But to Louis B. Dalman, assistant city engineer, it's a red letter day which means that he doesn't have to set his alarm clock for 3 o'clock every morning to see whether it's snowing.

That's one of his assignments from about Oct. 20 to April 1—getting up in the middle of the night to check whether he should call out the road crews to scrape away that snow.

But Tuesday also had another significance for the assistant engineer. It is just 27 years ago today that he became an employee of the street department. He started as assistant engineer and still is assistant engineer—no promotions, he says.

The past season with its approximately 100 inches of snow has been as rough a winter as any, although there were times in the past when snow deposits were considerably higher, between streets and sidewalks.

During the 27 years, Dalman has seen Holland's snow removal program progress, to the point where it is virtually second to none in service of the type. City Manager Harold C. McClintock was amazed at services taken for granted in Holland. He had never lived in a place before that plowed sidewalks. Such plowing has been done as a matter of course for as long as most people can remember.

It was in 1935 that the city modernized and mechanized the snow removal program which involves 32 miles of streets and 58 miles of sidewalks. Sidewalk tractors and the snowplow, still a favorite pastime for sidewalk engineers, were among the more startling improvements.

The 3 a.m. time was summarily set by Dalman so that he can

call his workers and have streets cleared before the early morning traffic. It's also one of the reasons that Holland has an ordinance prohibiting parking between 2 and 5 a.m. That allows snow plows to plow right up to the curbs in winter, street sweepers to operate efficiently in other seasons and makes night patrolling of local streets easier for the police department the whole year.

There's one thing Louie is proud of. In all his years of calling employees in the dead of night, he has yet to call the wrong number. Sometimes it involves calling 30 men, and the awareness of an expected phone call that time of night makes the answer usually quite prompt. Louie usually finishes his calling in a half hour.

Sometimes on occasion when the snowfall is particularly heavy, removal operations may involve 67 men and 25 to 30 trucks. Other city departments co-operate with the street department in the work. The street department bears the brunt of a wide variety of kicks during the winter—many of them funny. Main gripe is the driveway approach, and even the street department sympathizes here.

There's nothing so exasperating as completing the backbreaking job of shoveling out the driveway approach, and then have the city plow come along and plunk down a new big ridge.

And the stock answer to any accident in the winter is slippery roads and the department's failure to sand that particular intersection. And then the sanding is done with proper regard for calcium chloride content, the motorist kicks because the chrome on the car, may become rusty.

It's a rough and interesting life, but Louie can take it. "If anybody wants my job, send 'em around," he said.

Lt. William J. Ver Hey

Same Old Story; Overseas Again, But to Germany

First Lt. William J. Ver Hey is going overseas again—this time in the other direction.

However, going overseas isn't anything new to Ver Hey, who is spending a 30-day furlough at the home of his parents, 36 East 26th St. At the end of his furlough, he will leave for overseas assignment in Germany.

Ver Hey was with the Holland National Guard Co. D back in October, 1940, when that unit was called into federal service.

He served overseas for 43 months during World War II and participated in engagements in New Guinea, Netherlands East Indies, Leyte and Luzon. He contracted malaria while in New Guinea and was hospitalized.

During an engagement in Luzon, he was awarded a Silver Star. The citation reads that "Ver Hey, with utter disregard for his own personal safety, did twice crawl through enemy machine gun fire to rescue two wounded men and carry them to safety."

In addition he holds the Bronze Star, Presidential Unit Citation, Philippine Presidential citation, Philippine Liberation medal, Asiatic campaign ribbon with four battle stars, plus other ribbons.

He returned to the states in January, 1946, attended and was graduated from Hope college and taught for a time before being recalled to active duty in April, 1951. While attending college, he married Louise Rove, a Hope student. He also starred as a pitcher in baseball.

Since last April he has been with the 11th Airborne division at Fort Campbell, Ky.

Bidding farewell to a member of the family is old stuff for the Ver Hey's. Bill's brother, SFC Kenneth Ver Hey, 21, returned recently from Korea and has reported to Fort Custer for reassignment. He served 12 months in Korea and was twice decorated for bravery with the Bronze Star and Silver Star, duplicating medals his older brother earned in World War II.

A sister, Major Hazel Ver Hey, has been in Japan for the last two years.

Rep. Ford Gets Army Engineers To Study Erosion

Coming Report Will Recommend Methods Of Curbing Damage

by Esther Van Wagoner Tuffy
Washington (Special) — High water level damage from the Great Lakes, which cost Michigan about \$1 billion last year, may be prevented in the future.

Rep. Gerald Ford of Grand Rapids has persuaded the Public Works committee of the House to let the Army Engineers tackle the problem.

The committee's resolution directs the Chief of Engineers, General Lewis A. Pick, to review a report made back in 1920 and other "pertinent reports relating to water levels on the Great Lakes." The purpose is to find a way of preventing future property damage from changes in the water level and to find exactly how much damage has already been caused.

The Great Lakes water level variations seem to follow a cycle. From a low water level, they slowly build up over a period of time to a high mark which is expected this year. Any levees built without considering this change would be of little protection to the property they are supposed to protect.

Rep. Ford, who has been assured by Army Engineers that his report will be completed by May, anticipates the water level will rise one or two feet over last year's mark by this summer—an all time high.

Holland High Net Squad Is Loaded With Lettermen

Spring athletics jumped to the foreground at Holland high school this week, and not the least in emphasis on the spring program will be tennis.

Relegated to the role of a minor sport at some schools, tennis assumes major proportions on the Dutch athletic program.

Coach Joe Moran has eight veterans back from last year's net squad that finished second to Kalamazoo in the Southwestern conference tennis scramble.

The players have been working out-of-doors as much as weather permits during the past week.

Dave Moran, one of the top high school netmen in the state, will lead Holland in its quest for tennis glory. Other veterans with proved abilities are Bob Pierson, Dave Bos, Norm Scheerhorn, Carl Visscher, Dave Bosch, Duane Carlson and Tom Maentz.

Two other veterans with eligibility remaining will be missing from the tennis scene this spring. Dick Crawford has moved to Kalamazoo and Mark de Velder now lives in Albany, N. Y.
