The Bay View furniture factory started up Monday.

Reserved seats for The Ladies Minstrels on sale at Breyman & Hardie's Wednesday, April 20, 9 A. M.

Ten years ago the Ottawa Indians in Emmet county numbered 2000. Now they can scarcely muster 200.

At Kalamazoo one Sam Dunkley has wired Senator Burrows offering to raise a regiment of Dutch celery raisers.

War talk is seriously affecting the furniture business. In Grand Rapids several factories have reduced their working force.

A noteworthy feature in our local exchanges this week is the mention of liberal appropriations that were voted at several of the town meetings for the improvement of highways. So much for the "good roads" agitation.

Capt. C. Gardener, upon his return from Washington, held a long conference with Adj. Gen. Irish, at Lansing, with a view of placing the state militia on an effective war footing, should occasion demand. On Thursday Capt. Gardener was relieved from duty with the Michigan National Guards and ordered to rejoin his command.

Last Friday it was the 65th birthday of Geo. H. Nash, janitor of the Maple street school. Although sickness prevented him from being on duty that day, the teachers and pupils of the school did not allow the occasion to go by unnoticed. A very nice chair and a bouquet was sent to his home with the best wishes of the donors, for which the recipient requests the News to convey his heartfelt thanks. Mr. Nash is a veteran of the war, having served in the 9th Mich. Infy.

Elsewhere will be found the new dog ordinance, passed by the council last week. It will take effect June 1. Under its provisions every dog in the city must hereafter be licensed. The license fee is one dollar for male and two dollars for female dogs. The penalty is fifty dollars fine, or sixty days imprisonment. This license fee is in addition to the annual tax imposed by the supervisor and paid in the winter. It will be well for dog owners to acquaint themselves with the provisions of the ordinance.

It is thirty-three years ago to-day that Abraham Lincoln died.

The climax at the Lady Minstrels Thursday evening, will be the grand cake walk.

Reserved seats for The Ladies Minstrels on sale at Breyman & Hardie's, Wednesday, April 20, 9 A. M.

Bicycle riders should keep to the right of the streets, especially in the evening. The law requires this.

Friday evening the barn of B. Gort, North Holland, was burned. Two cows and one heifer perished in the flames. No insurance.

J. Wise, of the Bee Hive, says it is his duty to inform the public of the bargains to be had at his place. Look for his advertisement in another column.

J. E. Cochran Jr., manager of the electric railroad, was in Holland this week and divided his time between here and Saugatuck, trying to locate definitely the line of the road between the two points.

Chief Simon Pokagon is lying in a dangerous condition at Benton Harbor, from blood poisoning. Several days ago the chief ran a rusty nail in his hand and all symptoms indicate that he will never get up.

Margaret Leising, aged 6 years, ran under the front of an electric car at Grand Rapids Tuesday last, while playing in the street, and was instantly killed. The motorman did not see her until too late, and when he got his car stopped the little face and body were frightfully mangled.

At last week's session of the classis of Holland the following appointments of delegates were made: To the Part. Synod, to be held at Kalamazoo, May 4, Revs. J. Van Houtte, W. G. Baas, E. S. Schilstra, W. Wolvius. To the General Synod, to be held at Asbury Park, N. J., Revs. G. De Jonge, J. Poppen, A. Van den Berg.

The schr. Maj. Noah H. Ferry was in here this week with a cargo of lumber for the Holland Furniture Co. There is a good deal of reminiscence evolving around that name. The ship was named after one of the sons of the late Rev. Wm. M. Ferry, the founder of Grand Haven. Noah H. entered the service as captain in the Fifth Michigan Cavalry and was soon promoted to major. He was killed on the third day's battle of Gettysburg.

With reference to the work on the electric road we can state that the grading between the city and Macatawa Park has been practically completed, and that the tieing of the roadbed will commence in a week or so. The iron is on the way to Holland, and a force of men are engaged in putting up the poles, west of the city. The engines and dynamo are in position and the boilers are expected to arrive this week.

Gov. Pingree has designated and set apart Friday, April 29, as "Arbor Day," and recommends that this day be devoted by the trustees of public institutions, by the faculties and students of colleges and normal schools, by the teachers, pupils and school boards of our public schools, and the people of the state generally, to planting trees, shrubs and vines about state and school buildings, by the highways and around the homes. The occasion should be made one of study of the subject of planting, trees and of the great good that may come therefrom.

The annual meeting of the congregation of Grace church was held on the evening of Easter Monday. The report of the treasurer was presented, showing the parish to be free from debt, with a small balance left in the treasury. Mitchell. The vestry subsequently organized by electing H. Walsh senior warden, Jas. Price junior warden, A. R. Lewis sec'y and W. R. Stevenson treasurer.

Poest, at 3 p. m.; hauling brickbat on town line, north of Zeeland, near K. Bareman, at 4 p. m.

G. H. Tribune: G. J. Van Duren, Alex Noble, and Wm. N. Angel, county superintendents of the poor, met in Mr. Angel's office Wednesday morning. A resolution was adopted that hereafter no bills shall be paid unless passed upon by the entire board. The next meeting will be held the first of June, and thereafter regularly every month.

The Michigan legislature of '97 passed an act for the incorporation of churches, repealing all special acts. A test case from Muskegon was carried to the supreme court to test the validity and constitutionality of the new act, and last week the court decided that the law was valid. This is of great importance to all denominations which heretofore were incorporated under special acts.

The statement of the public debt issued April 1, shows that the national debt on March 31, less cash in the treasury was \$1,008,716,351, a decrease for the month of \$1,387,865. In the course of a week or so E. M. Roberts of the Heinz Pickling Co., at present detained in Hicksville, L. I., is expected to be here, when final decision will be reached as to the extent the present pickling plant in Holland will be enlarged. That a vinegar branch will be added is quite certain, and in view of the fair prospects of a good apple crop, they may decide to do so at once.

To-day and to-morrow will be a holiday season at the Boston Store. Their spring opening is to be especially observed in the way of an anniversary sale, it being one year ago to-day that the firm was established in this city. They started out with the idea of making it a People's store, and after a twelve months' experiment they call upon the people to testify whether or not they have come up to the standard of their promise. A constant rush is expected, and those that reside in the city are advised to come early.

The "Iroquois," a political club of Chicago controlled by the Sound Money Democracy, was to give a banquet to ex-President Cleveland on Saturday, April 23, but in view of the present crisis they have postponed the date, deeming it contrary to the dictates of disinterested patriotism to hold such demonstrations at this time.

The News welcomes Judge Humphrey to his new home.

## Holland City News.

FRIDAY, April 15.

### OUR NEIGHBORS.

#### Lake Shore.

Miss Benn'tt has returned from  
Jamesville, Wis., where she has been  
for the last six months.

Arthur Ogden took the Soo City for  
Chicago Monday night. He has ac-  
cepted a position in a hotel, in southern  
Indiana, where his brother Edward is.

The Lake Shore is well supplied  
with constables, for a year at least.  
Wm. West and Ed. Whaley are the  
happy men. Besides we have a justice,  
in the person of Geo. Campbell. These  
three ought to, and probably will, keep  
the ungaily within bounds.

Ogden & Beam are cutting lumber  
for A. De Feyter and also doing cus-  
tom sawing. The job will last about  
ten days.

C. C. Ogden has been ailing for some  
years and has become helpless.

Wm. Chapman is getting out timber  
and material for a barn, which he is  
very much in need of.

#### Graafschap.

The bicycle craze has struck Graaf-  
schap in good shape. Several of our  
village boys have invested their own  
savings, and those of their fathers, in a  
wheel, and can be found practising  
on the highways, on a moonlight even-  
ing. Most of them were bought from  
Lokker & Rutgers, Holland.

Dick Klomperends of Grand Rapids  
has bought a two-acre tract of land,  
near Jenison Park, of John Tenholt,  
and is building a new house on it,  
which he intends to occupy this sum-  
mer.

Ben Rogers had a barn raising on  
Tuesday. The contractors are Ster-  
reberg Bros. When completed it will  
be one of the most convenient barns in  
this locality.

Harm Bonzelaar in coming from  
Holland Wednesday had a runaway. He  
escaped without serious injury, but his  
wagon was wrecked.

Bert Van Loo of Zeeland was in the  
village Saturday.

John Kool, a stepson of Mr. Wolma,  
had his hand caught in a cutting ma-  
chine the other day, whereby he lost  
his thumb. The injured limb was  
dressed by Dr. P. M. Van den Berg.

Wm. Lubbers is the first farmer in  
this locality who has finished sowing  
oats.

Mrs. A. Ringewold of Zutphen spent  
a few days with Mrs. and Mrs. G.  
Jipping.

#### Zeeland.

Mr. and Mrs. Jacob De Feyter cele-  
brated the 50th anniversary of their  
marriage the other day.

Ed Beltmans moved his family to  
Holland and is seeking employment in  
that city.

Rev. J. Groen has declined the call  
to Pella, Ia.

While engaged in house cleaning at  
Albert Van der Hulst's, the other day,  
two green paper window shades were  
blown into the barn yard. Two cows  
got hold of them, ate them, and both  
died of the effects.

A number of students from the rural  
school are preparing to enter the Ze-  
land High School next fall.

A special village election will be  
held on Tuesday, April 26, whether or  
not to bond the village \$1,000, for the  
extension of the system of water  
works.

Several of our teachers attended the  
meeting of the S. O. T. A. at Holland  
Saturday.

In reply to a formal request from  
the businessmen of Zeeland for a new  
passenger depot, manager Chas. M.  
Heald has sent in the following re-  
ply: "I fully appreciate the necessity  
for this building and it would have  
been built long ago, had it not  
been for our poor financial condition.  
The Chicago & West Michigan Rail-  
way Company has not been able to  
earn its interest in full since 1893 and  
the funds available for expenditures  
of this character have been small. I  
have, however, in the last week given  
instructions to have plans prepared  
for a suitable station at Zeeland and I  
hope within a very short time to com-  
mence the construction."

The sad news reached here Saturday  
of the death of John Haan, professor  
in mathematics in the university at  
Seattle, Wash. He was a graduate of  
Hope College and continued his studies  
at the University of Chicago with a  
view of obtaining the degree of  
Ph.D. The deceased was a cousin of  
Rev. J. Groen of this village.

#### Fennville.

Herald: Two years ago Clyde town-  
ship gave a Republican majority of 100;  
but John A. Pieters' popularity helped  
him to cut it down to only 16. For

superior he received 110 votes to Jos.  
Hall 136.

This village is just now afflicted with  
an epidemic of measles and it is  
thought that many more cases will de-  
velop, as a large number were exposed  
during a recent public entertainment.  
The disease seems to be in a mild  
form. On account of this epidemic  
the school board have decided that it  
will be best to close the school for the  
present.

A Ganges correspondent of the Her-  
ald sends in the following as the re-  
sult of his observations: When the  
question is "popped" to a Saugatuck  
girl she blushes and trembles a little  
and says, "I'll give the matter careful  
consideration." The Douglas girl looks  
surprised and sits with her lips parted  
in astonishment five or six minutes,  
then says, "It came sooner than I ex-  
pected, but it's all right." The South  
Haven girls drops her eyes resigned,  
pats the carpet with a neat little shoe  
and responds, "The Lord's will be  
done." The Glenn girl grins very  
sweetly and says, "Wouldn't that kill  
ye!" and lays her head on his shoulder  
to think about it. The Fennville girl  
looks him square in the eye and says,  
"Why, cert! Do you reckon I've been  
letting you bug me round here for two  
months just for recreation?" The  
Ganges girl says, "Gee whizz, yes.  
When?"

#### Grand Haven.

The late train in the evening from  
the east and the early steamboat ex-  
press, on the D. & M., resumed on  
Monday.

Mayor-elect Baar will make his se-  
lection of a city marshal from the fol-  
lowing list of applicants, with perhaps  
more to follow: A. M. Barden, A.  
Hoef, Daniel Miller, Tony Boet, Isaac  
Van Welden, I. H. Sanford, A. M.  
Ferguson.

Rev. Marcuse of the First Christ.  
Ref. church preached his farewell ser-  
mon Sunday evening and left during  
the week for his new charge at Rich-  
land, Mich.

The postal receipts for the quarter  
ending March 31 were \$2,033.27, an in-  
crease over the same quarter last year  
of \$168.74.

Messrs Emlaw and Miller of the  
Grand Haven electric light plant,  
were in Montague last week and were  
shown around town by a committee  
of the council consisting of Ruggles,  
Haverkate and McConnell, for the  
purpose of getting an idea of the  
amount of wire and transmitters re-  
quired by the village for their plant.

Wm. N. Angel, upon retiring from  
the city clerk's office, will open an  
office in the court house basement in  
the room adjoining Chas. E. Soule's  
office.

Tribune: Our wheelmen would like  
to see a bicycle path constructed to  
Holland. As it is now the wheelmen  
are required to either go by beach or on  
by paths, as best they can.

The U. S. steamer Gen. Gilmore has  
gone to St. Joseph. She left her win-  
ter moorings here Monday, coaled up  
and steamed away.

Francis E. Murray of this city has  
been a deputy sheriff of Ottawa coun-  
ty for 29 years continuously, a record  
that is equalled by only two other  
deputies in the state. Mr. Murray  
was first appointed by Sheriff Weath-  
erwax and he qualified 29 years ago  
last Tuesday. He was afterward re-  
appointed in turn by Sheriffs Arie  
Woltman, Ver Planke, John Vaupell,  
Arie Woltman again, Ed. Vaupell, B.  
D. Keppel and Frank Van Ry.

#### Saugatuck.

The steamer Bon Voyage will leave  
here in about two weeks.

Prof. P. A. Latta has accepted the  
position as principal of the Saugatuck  
school for another year.

A number of set lines are being em-  
ployed in the waters of Kalamazoo  
river and lake, but as the catch con-  
sists mainly of carp and suckers, there  
is not much objection made to the  
practice.

Owing to poor train connections at  
Holland, it is impossible to go from  
this place to Allegan, or return from  
there, by rail, in one day.

The usual destructive practice  
marks the gathering of the fragrant  
trailing arbutus this year. Tearing  
the plants up by the roots is slowly  
causing this sweetest and rarest of  
wild flowers to disappear from this  
section, where it once grew in abun-  
dant.

S. Simonson, who was so badly in-  
jured last week by the kick of a horse,  
has not made much improvement.  
One eye is entirely destroyed and it is  
feared he may lose the other.

Record: The election of the Silver  
ticket was a surprise to everybody.  
Nearly one-half the ballots cast were  
"splits." The principal opposition to  
Mr. Henry came from the farmers,  
who have an antipathy against anyone  
who is a boat owner.

Never before was such a large sum  
of money voted at the annual town-  
meeting for the improvement of high-  
ways as this spring. A most liberal  
spirit was shown by the people and  
they appropriated even more than was  
recommended by the commissioner.

Several parties from Batavia, Ill.,  
are looking over this section of the  
county, with a view of purchasing  
small farms and locating here.

With an opportunity for obtaining a  
splendid water power a short distance  
from Allegan, it would seem that the  
project of an electric railroad from the  
county seat to Saugatuck would not be  
far in the future. With a capable man  
to head the enterprise, enough stock  
ought to be taken at Allegan, Fenn-  
ville and the lake shore to put the un-  
dertaking on its feet.

#### Ottawa County.

A farmer named Thompson, who  
lives in Allendale, abandoned a sick  
horse near Jenison in Kent county.  
The humane agent came down, shot  
the horse and put it out of misery.  
The Kent county courts will attend to  
the balance.

Rev. Samuel Zwemer, the Arabian  
missionary, who has been spending  
the past few months in New York, re-  
turned to Spring Lake last week to  
spend a short time with his father and  
friends before returning to the mis-  
sion field.

Polkton voted \$500 last week for  
purchasing a gravel bed.

Mrs. B. De Witt of Ferrysburg is  
visiting with friends in Vriesland.  
Mrs. De Witt is 80 years of age and  
although having lived in this country  
for nearly half a century this is the  
first time she has ventured on a  
journey.

Observer: E. D. Colvin, of Chicago,  
was in Coopersville Tuesday, and made  
arrangements with Jacob Burman to  
have his fat boy, Martin, placed on ex-  
hibition for five months at the Trans-  
Atlantic Exposition to be held in  
Omaha, Neb.; this summer, beginning  
June 1, next. Mr. Colvin fitted him  
out with a good supply of underclothes  
while here, and took him to Grand  
Rapids to fit him for a new suit of  
clothes. He will receive \$30 a month  
and his board, clothes and all travel-  
ing expenses paid, besides a free trip  
for his father to Omaha and return  
and his expenses, to take him there  
about the middle of May. Martin  
now tips the scales at 331 pounds, and  
is only thirteen years old. He will  
prove a great attraction to the visitors  
of the exposition.

Grand Haven township voted at the  
town meeting to give three premiums,  
the largest not to exceed ten dollars,  
to the three best groves or rows of  
trees planted out on barren spots or  
on the highway within two years  
from now. The township board to be  
the judges.

At the Allendale town meeting it  
was voted to exclude all shows and  
entertainments from the town hall  
except those by residents of the town-  
ship.

Last week three families left Heck-  
ley, Ind., to make Robinson their fu-  
ture home. This makes eight families  
that have moved to Robinson since  
last spring and still more to follow.

Rev. Jas. F. Zwemer of Orange City,  
Iowa, spent a few days at the home of  
his father, Rev. A. Zwemer, Spring  
Lake, last week.

A Lansing dispatch to the G. R.  
Herald has the following: "Quite a  
surprise was created here by Senator  
Savage's statement to friends that he  
is not a candidate for a second term,  
and in the light of this the candidacy  
of S. A. Sheldon of Wright township,  
Ottawa county, for the republican  
nomination is of interest. Mr. Shel-  
don has stated to friends that he  
would not be a candidate if Mr. Sav-  
idge remained in the field."

Robinson will soon be connected  
with the outside world by telephone.

Writes D. C. Oakes, of Coopersville,  
to Gov. Pingree: "Yes, I want just  
taxation—for instance on a basis of  
about 60 per cent of market value.  
The farms are assessed at from three-  
fourths to one and one-fourth of one  
per cent tax. On a telephone line that  
a few of us built last summer, at a  
cost of less than \$1,500, the state re-  
quired a tax of \$43.20, a tax of over  
four times as much on the telephone  
line as on the farms."

The steam dredge and crew of men  
who were working on Grand river last  
fall, have commenced again and are  
laboring as earnestly as at any time  
during last season. A thirty foot  
channel six foot deep has been opened  
from deep water to Sand creek, three  
miles above Bridge street ferry. It is  
at this point that the men and dredge  
have commenced work and will move  
down stream. So far but about \$22,000  
of the \$50,000 appropriated has been  
expended, and Capt. Townsend hopes  
to be able to complete the work with  
the \$38,000 remaining.

The Chamberlain farm near Hudson-  
ville sold for sixty dollars an acre at  
auction last week.

The W. C. T. U. of Otsego has been  
trying to get the meat-markets of  
that village to close on Sundays, and a  
committee to interview the proprie-  
tors of them and make such a request  
was appointed. One of them declared  
that he would not yield his individual  
liberty for either civil or moral law.

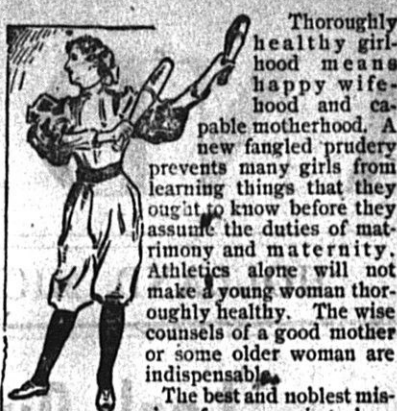

Carl Kowalk of Allegan, who was so  
nearly killed by contact with a broken  
live electric wire, two weeks ago, has  
begun suit against Thaddeus R. Har-  
rison of the Harrison Electric Co., for  
\$5,000 damages. He is still confined to  
the house and his hands are useless  
from the severe burns inflicted.

house, died last week. He was ninety-  
eight years old and had been at the

Thoroughly healthy girl-  
hood means  
happy wife-  
hood and ca-  
pable motherhood. A  
new fangled prudery  
prevents many girls from  
learning things that they  
ought to know before they  
assume the duties of ma-  
trimony and maternity.  
Athletics alone will not  
make a young woman thor-  
oughly healthy. The wise  
counsel of a good mother  
or some older woman are  
indispensable.

The best and noblest mis-  
sion of a woman is to bear  
and rear healthy, intelligent children. In  
order to do this, she must be healthy and  
strong in a womanly way. Both the intel-  
lectual and physical future of her children  
depend largely upon the mother. Dr.  
Pierce's Favorite Prescription is the best  
of all medicines for maids, wives and moth-  
ers. It is intended to do but one thing and  
does that one thing thoroughly. It acts  
directly on the delicate and important or-  
gans concerned in wifehood and mother-  
hood and makes them strong, healthy,  
vital, vigorous and elastic. Taken dur-  
ing the time of preparation, it banishes the  
trials and dangers of maternity. It insures  
the well being of the mother and the robust  
health of the child. It is the greatest of  
nerve tonics and nerve builders. Thou-  
sands of women have told the story of its  
marvelous accomplishments. Good medi-  
cine dealers sell it and will not advise a  
substitute in place of it.

In a letter to Dr. Pierce, Mr. C. A. McDonald,  
of No. 123 N. Chestnut Street, Los Angeles, Cal.,  
says: "At Junction City I became acquainted  
with W. C. Lee, M. D., an old practitioner. He  
said he was a college chum of yours, but that you  
went to Europe to the best hospitals, while he  
commenced practice; that for thirty years you  
were considered one of the leading physicians  
in New York State, and he considered your re-  
medies better than all others, and prescribed them  
daily in his practice. On the strength of this  
commendation I tried your 'Favorite Prescrip-  
tion' and the 'Pellets.' The 'Favorite Prescrip-  
tion' has acted like magic in cases of irregular  
and painful monthly periods, a few doses only  
being necessary to restore the natural function.  
The 'Pellets' have proven an infallible cure for  
sick and bilious headache."

## FAD MADE HIM RICH.

Wealth of the Man Who Originated the Trading Stamp Scheme Estimated at \$1,000,000.

Detroit, April 11.—The wealth of Shelby B. Hutchinson, who originated the "trading stamp" scheme, is estimated at nearly \$1,000,000—the accumulations practically of two years from a successful fad. Hutchinson was born in Ypsilanti, Mich., became a dancing master at five dollars per term, and five years ago opened a shoe store at Battle Creek, Mich. He introduced a local stamp scheme, which became so popular that he organized the Trading Stamp company and opened prize stores at Jackson, Ann Arbor and Ypsilanti. T. A. Speary, of New York, recognized the possibilities of the scheme, and entered into partnership with Hutchinson, and the trading stamp fad soon fastened upon almost every American city.

## DEATH OF MARGARET MATHER

The Noted Actress Dies at Charleston, W. Va.—Her Youth Was Spent in Detroit.

Detroit, April 8.—Miss Margaret Mather died Thursday afternoon at five o'clock in Charleston, W. Va. She played at the local theater the evening before in "Cymbeline," and near the close of the fourth act she fainted and was carried to her dressing room. Later she was taken to her hotel, but she never recovered consciousness. She died from convulsions caused by acute Bright's disease.

Detroit, April 11.—The remains of Margaret Mather were laid at rest Sunday in Elmwood cemetery beside those of the dead actress' mother. The funeral services were of brief and simple character. They were conducted by Rev. Mr. C. A. Fulton, of the First Baptist church. A quartette of male voices from "The Geisha" company sang hymns, and members of the Otis Skinner company acted as pallbearers. Four thousand persons were present in the cemetery, and during the earlier portion of the day crowds of people viewed the body as it lay in her father's humble dwelling.

Miss Mather came originally from Detroit, where her parents still reside. Her real name was Margaret Finlayson, and she was born in 1862. Her father, John Finlayson, is still living in Detroit. Margaret passed her childhood among equal surroundings not in any way tending to direct her attention toward the stage. After she left home, a half-grown girl, she engaged as a dishwasher in the Russell house. Having a chance some time later to join a barnstorming troupe, she availed herself of it with the result that in 1880 while in New York she attracted the attention of Manager James Hill, who persuaded her to take a course in a training school. After two years of study on the part of Juliet she made her debut in that character at McVicker's theater, Chicago, in 1882.

## PARTED BY DEATH.

Mrs. Hiller, Aged 107 Years, Dies at Elkton—Her Husband, 109 Years Old, Dying.

Niles, April 10.—Death Saturday night separated the oldest married couple in the world. Mrs. Hiller, wife of Jacob Hiller, passed away at Elkton, Mich., after a short illness, and the doctors said her death was due to old age, she having seen 107 years of life. Her husband, who is 109 years old, is very low and his death is expected at any moment. Mr. and Mrs. Hiller were undoubtedly married longer than any other couple yet known, having been joined in wedlock at Eamestown, Can., on April 23, 1809. They came to the United States shortly after the war of 1812, settling at Marine City and from there went to Elkton. Many a time they have told and retold the story of the war of 1812, which was fought three years after their marriage. Not long ago Mr. Hiller cut two teeth and said he had given up looking for death. He had been very vigorous until recently, but his wife had been an invalid for years. His devotion and thoughtfulness for her were touching.

## BROKE THE RECORD.

John Babcock, of Gallien, After a Fast Lasting for Six Months, Passes Away.

Niles, April 7.—John Babcock, an old resident of Gallien, is dead, after a fast which probably breaks all records. He had not tasted food since October last. Mr. Babcock was in a runaway accident a year ago and received injuries which affected his head. In October he became worse, and for some reason which the doctors cannot explain he could not eat a mouthful of food. Every effort was made to give him nourishment, but in vain, and finally the medical men gave up his case as hopeless and left him to die. He continued to live, however, week after week, without food, until death came after he had gone 180 days without a morsel of food having passed his lips. About two months ago Mr. Babcock's skin began to harden and to all appearances it was turning to bone. At his death his body was hard and did not seem ever to have had a drop of blood in it.

## Effect of War Talk.

Grand Rapids, April 9.—The furniture manufacturers are complaining of the dullness that prevails in trade circles as a result of the war talk. The January opening of the season was one of the most promising on record, but since March 1 there has been nothing doing, and business is especially dull in the east. Most of the factories have reduced their working forces and some have suspended in some departments.

## Struck It Rich.

Niles, April 12.—It has just been learned here from letters received that Scott Heywood, who went to Dawson City, Alaska, last summer, has struck it rich, and that he has taken out about \$75,000 worth of gold. Mr. Heywood reached Dawson City last December and acquired a lay on Berry's claim. It is supposed that he took advantage of one of the strikes on the American side and acquired a rich claim.

## Killed Himself.

Chicago, Ill., April 7.—While temporarily deranged and suffering from acute alcoholism, Thomas L. Baxter, a wealthy and prominent business man of Manitowish, Mich., shot himself at the Tremont house. The tragedy was the culmination of a week of heavy drinking. Death was instantaneous.

## Will of the Late John W. Moon.

Muskegon, April 12.—The will of the late John W. Moon, filed for probate Monday, shows the ex-congressman left an estate of over \$125,000, to be divided among the widow and four children. Mrs. T. J. Dixon, of Chicago, is one of the latter. To Albion college he bequeathed the sum of \$10,000.

## Railway Earnings.

Lansing, April 13.—The earnings in Michigan of railroad companies during January aggregated \$2,214,791, as compared with \$1,926,393 for January, 1897. The per cent. of increase is 13.02.

# A SUCCESSFUL EVANGELIST

Rev. W. A. Dunnett, a Man Whose Good Work is Widely Known—He Relates Events in His Career of General Interest.

From the Smith's Falls Record.

Throughout Canada, from the western boundary of Ontario to the Atlantic Ocean, there is no name more widely known in temperance and evangelistic work than that of the Rev. W. A. Dunnett. Mr. Dunnett has been the Grand Vice-Councillor of Ontario and Quebec in the Royal Templars, and so popular is he among the members of the order that in Montreal there is a Royal Templars council named "Dunnett Council" in his honor. For more than ten years Mr. Dunnett has been going from place to place pursuing his good work, sometimes assisting resident ministers, sometimes conducting a series of gospel temperance meetings independently, but always laboring for the good of his fellows. While in Smith's Falls a few months ago in connection with his work he dropped into the Record office for a little visit with the editor. During the conversation the Record ventured to remark that his duties entailed an enormous amount of hard work. To this Mr. Dunnett assented, but added that in his present physical condition he was equal to any amount of hard work. But it was not always so, he said, and then he gave the writer the following little personal history, with permission to make it public. He said that for the past thirteen years he had been greatly troubled with a pain in the region of his heart, from which he was unable to get any relief. At times it was a dull, heavy pain, at others sharp and severe. Oftentimes it rendered him unfit for his engagements, and at all times it made it difficult to move. His trouble was always visible to the public and frequently when conducting service he would give out and doctors had to be called in to attend him. This occurred to him in the Yonge Street Church, Toronto; the Baptist Church, Woodstock, N. B.; the Methodist Church, Carleton Place, Ont. On another occasion while preaching to an audience of 2,500

people in the Franklin Street Congregational Church, at Manchester, N. H. Five doctors had arrived and were in attendance before he regained consciousness. In all these cities and towns the newspapers freely mentioned his affliction at the time. Mr. Dunnett said he had consulted many physicians, though he said, to be entirely fair, he had never been any great length of time under treatment by any one doctor because of his itinerant mode of life. In the early part of the summer of 1890, while in Brockville assisting the pastor of the Wall Street Methodist Church in evangelistic services, he was speaking of his trouble to a friend who urged him to try Dr. Williams' Pink Pills, and next day presented him with a dozen boxes. "I took the pills," said Mr. Dunnett, "and I declare to you I am a well man to-day. I used to worry a great deal over the pain about my heart, but that is all gone now, and I feel like a new man." All this the reverend gentleman told in a simple conversational way, and when it was suggested that he let it be known, he rather demurred, because, as he put it, "I am almost afraid to say I am cured, and yet there is no man enjoying better health to-day than I do."

At that time, at Mr. Dunnett's request, his statement was only published locally, but now writing under the date of Jan. 21st, from Fitchburg, Mass., where he has been conducting a very successful series of evangelistic meetings, he says: "I had held back from writing in regard to my health, not because I had forgotten, but because it seemed too good to be true that the old time pains had gone. I cannot say whether it will ever return, but I can certainly say it has not troubled me for months, and I am in better health than I have been for years. I have gained in flesh, hence in weight. I would prefer not to say anything about my appetite; like the poor, it is ever with me. Yes, I attribute my good health to Dr. Williams' Pink Pills, and you have my consent to use the fact."

### Uniformity of Textbooks.

The last legislature passed a law in the interest of uniformity of the textbooks that are being used in the Public Schools of this state. It created a commission which is to pass upon the merits of the books now in use, or hereafter to be published, and designate such as they may deem most suitable for use in all the schools.

This system will become operative throughout the state on the 1st of January, 1899, unless the electors object.

The law makes it the duty of the school boards to submit to the electors of their districts the question whether or not they will adopt this system. In compliance herewith the board of education, at its meeting on Monday evening, adopted the following:

Whereas the provisions of Act No. 198 of the Session Laws of 1897 provide that it may be determined by submitting to the qualified electors of any school district in this state (if submitted at any annual, special, or general election of said district in the year 1897 or 1898) whether such district shall or shall not come under the provisions of said statute, and this to be determined by a majority of the electors voting on the subject;

Therefore Resolved, that it be determined whether or not "The Public Schools of the City of Holland" shall come under the provisions of Act No. 198 of the Session Laws of 1897, by submitting the proposition to the electors of said school district voting on the subject at the next annual election of The Public Schools of the City of Holland, to be held May 3, 1898;

And Further Resolved, that the Board of Education of the Public Schools of the City of Holland provide two tickets, on one of which shall be written or printed, or partly written and partly printed, the words: "In favor of the provisions of Act No. 198, of the Session Laws of 1897," and the other: "Against the provisions of Act No. 198, of the Session Laws of 1897." All electors favoring the provisions of said statute shall vote the ballot having the words thereon "In favor," etc., and all electors not in favor of the provisions of said statute shall vote the ballot having the words thereon "Against," etc.

One of the objects to be reached by this idea of uniformity, as we understand it, is to have school books that are cheap, and which by reason of the large number sold, can be placed in the hands of the consumers at a less figure than under the present system. The law fixes the maximum price at which the books are to be sold. Changes in text books can be made only once in five years, same as now. Such are the meritorious points in behalf of the system of uniformity in text books.

The project however does not meet with general favor. As far as the law has been submitted to the people eighty per cent of the districts that have voted thereon have expressed themselves adverse to the change. This idea of a "cheap" book is largely a grange idea. The people do not like to be tied up in the way the law proposes. It creates another possibility for jobbery. Every school district is more or less jealous of its democratic rights in the premises. They hold that the men they place in charge of their schools are also competent to judge of the character and calibre of the books that are to be used, and that they will be in harmony with their own views.

The above proposition should not be confounded with that of free text books. Whether or not the board of education is to buy all the books for the school at the expense of the district, instead of the parents paying for them, is an entirely different proposition, and is not involved at this time. The question on which the elector is to vote at the coming school election, is whether the Public Schools of the City of Holland shall come under the paraphernalia of the proposed system, or not.

### Electric Railroad No. 2.

The town board of Holland township had two sessions on Saturday for final consideration of the application for a franchise for an electric railroad between Grand Rapids and Lake Michigan. The applicants, Robert Haaneman, Wm. T. Hees and Alex. E. Riopelle were present in person. The latter is a practical railroad builder and at present engaged in constructing an electric line between Toledo and Detroit, where he resides. In our issue of two weeks ago we gave an outline of the projected road. At Grand Rapids the company, when formed, will have to arrange with other companies to run its cars over existing lines. It will then touch Grandville, Hanley, Jamestown, Zutphen, Vriesland, Zeeland and Groningen. The board granted the application so far as Holland township is concerned. The franchise includes a single track, to be laid sixteen feet on either side of the center of the highway, commencing at the west boundary line of the village of Zeeland and thence along the regularly traveled highway to the eastern limits of the city of Holland; also from the western limits of the city to Lake Michigan. Should there be difficulty in passing through the city, the company

intends to switch off south to the county line, at some point east of the city. Acceptance of the franchise is to be completed within two years. The road is to be laid with a T rail, and to be first-class in every respect. Along the line granted the privilege obtained by the franchise is an exclusive one. The fare is 5c from Zeeland to Holland, 5c from Holland to Macatawa Park, and 30c from Holland to Grand Rapids. The franchise covers a period of thirty years. Jamestown has given a like concession as Holland. Zeeland has not yet acted, and as we are informed there is considerable hesitancy there in doing so.

#### Marine Notes.

The water in Lake Michigan is about five inches higher than it was last year at this time.

At Detroit on Saturday the docks were lined with people to witness the passing of the U. S. revenue cutter Walter Q. Gresham as she steamed down the river. Hats and handkerchiefs were waived and whistles were blown on every boat on the river. The Yantic saluted with flags, and the locomotives on the Canadian side echoed the salutes of the American

boats. The whistle of the Gresham blew continuously while she was in sight during her passage down the river.

The O'Connor Transportation Co., which will run a line of steamers between St. Joseph and Chicago the coming season, has closed a contract for the charter of the side-wheeler State of Ohio and propeller Lawrence. The State of Ohio is licensed to carry 1,500 people and is considered one of the finest steamers of the great lakes. A special from St. Joseph states that the Lawrence will go into commission at once, and the State of Ohio about May 12.

The first serious marine disaster of the season was near Mackinaw, where the schooner Northwest, grain laden, was sunk by the ice.

Naval officers, under instructions from Washington, have completed an examination of the whaleback Christopher Columbus, with a view, it is said, of employing her as a transport. She is licensed to carry 4,000 people, but has carried nearly double that number. She is one of the best built boats on the lakes, her hull being composed of iron and made up of watertight compartments. It is understood that the object of the survey was to ascertain her adaptability as a troop ship. She could carry four full regiments every trip from Key West, or, if necessary, five or six.

The navy department has issued the following circular to marine engineers: "A candidate for enlistment as a machinist must be a machinist by trade, must know the names and uses of the various parts of marine engines and boilers, and must be able to perform work with various tools in a machine shop, including bench work. He must be able to write legibly, understand arithmetic, physically sound, and at the date of first enlistment not less than twenty-one nor more than thirty-five years of age. Machinists who have had no experience at sea with marine engines will be enlisted as 'Machinist, second class,' at \$40.00 per month. Machinist who have had experience at sea with marine engines for one year may be enlisted as 'Machinist, first class,' at \$55.00 per month."

#### Washington's Birthday in Amsterdam.

The American Consul and wife, Mr. and Mrs. Corey, of Chicago, introduced something of an innovation in this conservative city, by giving an American reception on Washington's birthday to their Dutch and English and American friends here. The fact was previously mentioned in the papers, and some special invitations were sent out. The affair came off at the Amstel Hotel, where these representative Americans make their home. All day the flags of America and Holland were fluttering to the breezes from the top of this hotel. About two o'clock the friends began to assemble, and every one was delighted, as the parlor was entered, in seeing the taste displayed in the arrangements for the occasion. There were banks of palm and ferns and elegant baskets of flowers in different parts of the spacious room. At one end of the room the flags of America and Holland were beautifully draped together, while at the opposite end was a portrait of Washington, festooned with the stars and stripes. Below were the portraits of our President and Vice-President with a beautifully engraved and framed copy of the Declaration of Independence. On the piano was the young Queen Wilhelmina's portrait, in the midst of growing vines and plants. The guests were entertained with music and recitations, while at intervals they were served with tea, lemonade and cake. Just before leaving, the ears of the party were greeted by the well known "America," to which was added that of "Wilhelmus." While all enjoyed the affair most heartily, it was, perhaps, especially delightful to us Amer-

## The War Crisis.

In his message to congress President McKinley asked for authority to act, saying:

"I ask the congress to authorize and empower the president to take measures to secure a full and final termination of hostilities between the government of Spain and the people of Cuba, and to secure in the island the establishment of a stable government capable of maintaining order and observing its international obligations, insuring peace and tranquillity and the security of its citizens as well as our own, and to use the military and naval forces of the United States as may be necessary for these purposes."

In response to the above the House on Wednesday with only nineteen dissenting votes, resolved

"That the president is hereby authorized and directed to intervene at once to stop the war in Cuba, to the end and with the purpose of securing permanent peace and order there and establishing, by the free action of the people thereof a stable and independent government of their own in the island of Cuba; and the president is hereby authorized and empowered to use the land and naval forces of the United States to execute the purpose of this resolution."

It is well to notice that notwithstanding the first report that the president's message "fell flat," his recommendations have been carried out. A second and third reading of the document convinced Congress and the country, that the message was a state paper and not written for the galleries.

The House directs the President to act at once. If there is any difference of views on the subject between the President and the House, it is along the line of delay. The President evidently holds it to be his duty to exhaust every agency of diplomacy before plunging the country into war. Herein he is right. Beyond this there is only one sentiment throughout the land.

To-day the Senate is discussing a resolution of its own, which goes farther than the House resolution, in that it formally recognizes the independence of Cuba. To this the President may object.

The court holds that the advertising was not legal, and that a decree for the sale of the lands will not issue. Pros. Atty Visscher, under directions of the auditor general, at once took out a writ of mandamus and carried the matter to the supreme court, where it will be heard early next week.

The township of Bridgeton, in Newaygo county, has a damage suit of \$12,000 to defend, against John McKee, who claims he was badly injured by falling through a defective bridge in the township.

In the Superior court of Grand Rapids Judge Burlingame denied the motion for a new trial in the case of James E. McBride, convicted of embezzlement from a client. The judge has carefully examined all the affidavits filed, together with the proofs taken, and saw no reason to set aside the conviction. The case will now be taken to the Supreme court upon a writ of error. Mr. McBride is out on bail.

Mrs. Jacob Hiller, 107 years old, died at her home at Elkton, Mich., last week. Her husband, 109 years old, is also ill and not expected to live. They have lived together nearly 89 years. Their eldest son is 81 years of age.

St. Joseph county will not have a new \$20,000 court house for the present, the proposition to build one having been defeated by a considerable majority.

Genaro Menendez, a pure-blood Spaniard, renounced his allegiance to the king of Spain last Monday in the office of the clerk of Kalamazoo county, and declared his intention of becoming a citizen of the United States. This is the first time in the history of the city in which a Spanish subject has applied for naturalization papers. Mr. Menendez came to that city in 1891, having gone to Havana eleven years before. Fruit growers of Benton Harbor are anticipating a large crop of all kinds of fruits, with good prices the coming season. The recent cold snap did no damage in that locality. The overstocking of the Chicago market last year, when fruit poured in from all over the south and west, knocked the bottom out of prices for Michigan fruit that appeared upon the market a trifle late, but now that cold weather has ruined the southern crops the Michigan fruit growers see a chance to make up their loss this season. The peach crop there promises to be enormous, and the same may be said of apples and other fruits. The directions on High Price cans are the same as on Calumet cans, viz.: 2 teaspoonfuls to a quart of flour, but they say that one can of High Price will go three times as far as any other. #### CONGRESSIONAL

##### Proceedings of First Regular Session.

After the announcement in the senate on the 6th that the president's message on Cuban affairs would not be sent in until the 11th the time was occupied in considering the sundry civil bill. In the house delay in the president's message was concurred in. Bills recognizing the independence of Cuba and authorizing the use of the army and navy to accomplish that end were introduced, as was also a joint resolution directing the president to immediately order all vessels of war of the United States in the vicinity of Cuba to proceed to Havana without delay to protect all American citizens there and to bring away in safety all who desire to come.

Restored to Health by Dr. Miles' Nervine.

DR. EDWARD HARDY, the jolly manager of Sheppard Co.'s great store at Brackville, Ill., writes: "I had never been sick a day in my life until 1890. I got so bad with nervous prostration that I had to give up and commence to doctor. I tried our local physicians and one in Joliet, but none gave me any relief and I thought I was going to die. I became despondent and suffered untold agony. I could not eat, sleep nor rest, and it seemed as if I could not exist. At the end of six months I was reduced to but a shadow of myself, and at last my heart became affected and I was truly miserable. I took six or eight bottles of Dr. Miles' Nervine. It gave me relief from the start, and at last a cure, the greatest blessing of my life."

For Another Holland Citizen—Many People Talking About It.

A typical Hollander is Mr. Jacob Molengraaf, who resides on E. Fourteenth Street. Our representative found him still unable to speak English, but his son interpreted for him, and the following is an account of his experience, which he gives for publication. No better proof for the citizens of Holland can be found than the utterances and endorsement of our neighbors. He says:

"I was a great sufferer during all last winter with my kidneys. The pain was on each side of my back over the hips, it was right where you put your hands when you stand with them placed on your hips. It was worse in the morning, and I was sometimes in such pain I could not get out of bed in the ordinary manner, but would have to sort of roll out, keeping my body as straight as possible, and I would be compelled to walk stooped over until I got gradually straightened out, when I would feel a little easier. This continued in this way until I commenced taking Doan's Kidney Pills. I had seen them advertised, so I procured a box at the drug store of J. O. Doesburg, and on taking them they gave me almost instant relief. I continued using them and I have not been a sufferer since. I have every confidence in Doan's Kidney Pills. They have proved to be just as represented. If ever I should have any return of the trouble I shall know what to use. It pleases me to be able to speak a good word for them."

Doan's Kidney Pills are not a cure-all, but a Kidney Cure, and that they do cure all forms of kidney disorder it is not hard to prove to the people of Holland, for we can give them the endorsement of their neighbors, and this must satisfy the most skeptical.

Doan's Kidney Pills are for sale by all dealers—price 50 cents. Mailed by Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name, Doan's, and take no other.

Bill to appropriate \$500,000 for a War Fund Is Passed—Measure Enacted Increasing the Tax on Earnings of Express Companies—Other Capital Gossip.

Lansing, April 13.—The extra session of the state legislature called by Gov. Pingree to consider his measures for the direct taxation of railroad property came to an end Tuesday night. The bill to which the governor had pinned all his hopes was killed in the senate late week, and to his friends the other measures were of minor consequence. Interest in the closing hours of the extra session centered upon the senate. The house had passed several bills Saturday, and one Tuesday upon which the senate had not acted, and when the body, which had not been in session since Saturday, convened Tuesday night there remained to be acted upon the war emergency appropriation bill, the bill increasing the membership of the military companies of the state to 150, the joint resolution providing for the submission to the people of the question of revising the constitution, the bill increasing the tax on express companies from one to five per cent. of their earnings, the Bemis bill, doubling the specific taxes of railroads, the bill repealing the charter of the Michigan Central Railroad company, the bills correcting certain defects in the tax and homestead laws and several other measures of lesser consequence.

The anti-Pingree element endeavored to shirk action upon the railroad taxation bills by the adoption of the concurrent resolution of the house providing for an adjournment at 12 o'clock Tuesday night, and cutting short all business with the passage of the war measures. The consent of the senate to the adjournment resolution was secured after a long parliamentary battle, the Pingree forces endeavoring to force a vote upon the railroad taxation bill and the measure to repeal the Michigan Central railroad charter, and the anti-Pingree forces trying to dodge the vote.

The vote was very close on all the propositions which grew out of this strife between the two factions. A long argument resulted upon the bill increasing the tax upon express companies' earnings from one to five per cent., which amounts to an increase from \$2,500 to \$12,000 per year. This bill is passed as it came from the house. It lacked half an hour of the time fixed for adjournment when the consideration of the war measure was reached. The bills making a war appropriation of \$500,000 and the bill relating to the reorganization of the national guard and naval reserves were passed at 12 o'clock.

Gov. Pingree Saturday morning presented his war message to the house, the senate having adjourned until Tuesday night, and the bills which accompanied it were unanimously passed. "Deeply as the fact must be deplored by all citizens who have the welfare of the country at heart," said the message, "the United States may be on the verge of a foreign war. If war is to come beyond doubt the state of Michigan will lay aside for a moment all differences of opinion upon political and domestic questions and will acquit itself in a manner worthy of its old-time loyalty and patriotism." The governor then proceeded to recommend the passage of an act authorizing a war loan of \$500,000 with which to equip the naval and military forces of the state, a law authorizing the recruiting of the national guard and volunteer militia companies to a strength of 150 men to each company, and an appropriation for furnishing all old soldiers with certificates of service and army records.

The house at once passed the bills authorizing the war loan, which will be secured by an issue of four per cent. bonds, and increasing the per capita tax for the support of the naval militia from one-eighth to one-half a cent per year. The message of the governor touching upon a patriotic subject was received with applause from the floor and galleries.

### PRESIDENTS' REPORT.

ANNUAL REPORT OF THE PRESIDENT  
OF THE BOARD OF EDUCATION.

To the Honorable, the Board of Education  
of the City of Holland.

GENTLEMEN:—In accordance with the by-laws and rules of the board it becomes my duty to submit an annual report reviewing the work of the board during the past year, together with such suggestions as may be deemed advisable and proper in reference to the general interest of our schools.

The report of our building committee shows five school buildings under our charge, containing twenty-nine rooms, at a total valuation of \$65,000.

During the past year the High school building has been enlarged and improved at a cost, including new heating apparatus, of \$6,284, and there has been expended for new desks and furniture \$682.55, making the total cost about \$7,000. To meet this expenditure bonds were issued for \$7,000, bearing interest at 5 per cent per annum, payable twenty years from date of issue. These bonds were sold at a premium of \$588.70, showing the high credit of the district. This building as now completed is very satisfactory, affording ample room, good ventilation and light. No new building will be needed during the coming year.

The grounds around the High school building have been nicely graded and sodded, cement sidewalks being laid, and I would recommend that the grounds around the Central school building be likewise improved during the coming year.

The total enrollment in our Schools for the present school year is 1,836, the largest in the history of our schools. The enrollment in the High school for the present school year is 154; number belonging 130.

The work of the High school during the past year has been very satisfactory and the school is being more looked upon as one in which our citizens may feel a just pride.

The purchase of the Crowell Physical Cabinet for the use of the High school by the board during the past year, is to be recommended, and it is believed to be entirely adequate to the present needs of the school.

Additions have been made to the reference library during the past year, and I would suggest that a small appropriation be made each year for this purpose.

The High school has now reached a point where it is believed to be entitled to be placed upon the approved list of the University of Michigan, and I would suggest that this be done, thereby enabling those graduates of our school who may wish to do so, to enter the University without further examination.

At the last regular session of the Legislature an act was passed entitled: "An act to create a board of commissioners for the purpose of securing for use in certain of the common schools of the state of Michigan, a uniform series of text book," etc. The act is to take effect in 1898, with this proviso however, that its provisions "shall not be mandatory on districts that are furnishing free text books for use in the school or schools of the district, or that may at the annual school meeting or at any special or general election in the years 1897 or 1898 by a majority vote of the qualified electors of said district determine to furnish free text books for use in the school or schools of the district;" and provided further, "that the provisions of this act shall not be mandatory on any district which shall at any annual, special or general election during the years 1897 and 1898 determine, by a majority vote of the qualified electors of said district voting on the subject, not to come thereunder." I think this board that the interest of our schools would not be subserved by allowing this district to come under the provisions of this law, necessitating as it would a complete change in the following text books: Spelling, Reading, Arithmetic, Geography, English Grammar, Physiology, History of the United States, Civil Government of the United States and Civil Government of Michigan, Algebra, Physics, and Graded System of Writing Books, and also a change of text books thereafter every five years. I would recommend that this question be submitted to the qualified electors at the annual school election in May. I should feel that this report would be incomplete, were I to neglect to speak of the satisfactory work done by

our efficient corps of teachers during the past year, under the supervision of Superintendent McLean. It certainly has never been excelled in the history of the schools.

In conclusion allow me to thank you one and all for the uniform kindness and courtesy extended to me as your presiding officer during the past year. I trust that your deliberations in the future as in the past may be characterized by harmony and the sole purpose to wisely and faithfully administer the trust committed to your care.

Yours truly,

W. H. BEACH, Pres.

Holland, Mich., April 11, 1898.

No. 189.

An Ordinance

Relative to Dogs.

THE CITY OF HOLLAND ORDAINS:

SECTION 1. It shall be unlawful for any person to own or keep in his possession within the limits of the city of Holland, any dog over the age of three months, unless such owner or keeper thereof shall have first obtained a license therefor from the city clerk, and shall have complied with the provisions in this ordinance set forth.

Sec. 2. It shall be the duty of every person owning or keeping in his possession any such dog, over the age of three months, to apply to the city clerk for a license to own or keep the same, and to pay to the city clerk for such license, the sum of one dollar for each male dog, and the sum of two dollars for each female dog. Every license so issued shall expire on the first Monday in June next, ensuing after the issuing thereof; provided, that when such license is issued after the first Monday in December, the sum to be paid for the balance of such license shall be fifty cents for each male dog, and one dollar for each female dog.

Sec. 3. It shall be the duty of the city clerk to issue to every such applicant a license for each dog so applied for, as provided in section two, and keep a record thereof. The city clerk shall also furnish with each license so issued a metallic tag, containing the number of the license, the license year when issued and the letters "H. C." duly stamped or engraved thereon. The shape and style of such tag shall be changed on the first Monday of June in each year.

Sec. 4. It shall be the duty of every owner or person receiving any such license, to place or cause to be placed upon the neck of every dog, for which such license has been issued, a collar, and on, or to such collar to attach or cause to be attached the metallic tag so furnished by the city clerk; and if any person shall place or cause to be placed upon the collar around the neck of any such dog any counterfeit of the metallic tag so furnished by the city clerk, or place any such metallic tag upon the collar around the neck of any such dog, without a license having first been obtained therefor, he shall be liable to the penalties hereinafter provided. A duplicate tag, in case of loss, shall be issued by the clerk upon the application of the owner or keeper of any such dog, upon the payment of twenty-five cents.

Sec. 5. Whenever it shall be made to appear to the mayor, or acting mayor, that there is good reason for believing that any dog or dogs within the city are mad, it shall be the duty of the mayor, or acting mayor, to issue a proclamation, requiring that all dogs shall, for a period to be defined in the proclamation, wear good and substantial wire, gauze, or leather muzzles, securely put and fastened on, so as to prevent them from biting; and it shall be the duty of the marshal or any constable of said city to kill and bury any dog going at large without such muzzle during the period defined by the mayor.

Sec. 6. No person shall harbor or keep any dog which by loud and frequent yelping, or habitual barking or howling, shall cause serious annoyance to people residing or being in the neighborhood, or passing to and fro upon the streets. No person owning, keeping or harboring any fierce or vicious dog, or female dog in heat, shall suffer the same to be at large at any time within the city limits. Any person allowing any dog habitually to remain, and to be lodged or fed at or within his or her house, store, shop, or place of business, or premises owned or occupied by him or her, shall be considered as harboring or keeping the same within the meaning of this ordinance.

Sec. 7. It shall be the duty of the poundmaster of the city of Holland to take up and impound, in the public pound, any dog over the age of three months that may be found running at large in any of the streets or public places within the city not having on a collar and the metallic tag fastened thereto as hereinbefore specified. When any such dog shall have been impounded the poundmaster shall forthwith give three days' public notice of such impounding, by posting notices in three conspicuous places within the city, which notice shall contain a description of the dog impounded, and if said dog shall not be redeemed, as hereinafter provided within three days after such dog shall have been impounded, it shall be the duty of the poundmaster to slay or cause the same to be slain.

Sec. 8. Any dog so impounded may be redeemed, or taken from the public pound, upon exhibiting to the poundmaster a receipt of the city clerk, showing that the license fee imposed by this ordinance has been paid for such dog, and the payment to the poundmaster of a pound fee of one dollar, and also twenty cents per day for each and every day such dog shall have been impounded. In case any such dog shall not be redeemed, and the same shall be slain, or caused to be slain by the said poundmaster, he shall bury such dog and receive therefor from the city the sum of seventy-five cents for each and every dog impounded, slain and buried.

Sec. 9. Any person who shall violate any of the provisions of this ordinance, upon conviction thereof, shall be punished by a fine of not exceeding fifty dollars and costs of prosecution, or by imprisonment in the city jail, or county jail of the county of Ottawa, for a period not exceeding sixty days; and in case a fine and costs only shall be imposed, the offender may be sentenced to imprisonment in the city jail, or county jail of Ottawa county, until the payment of such fine and costs, for a term not exceeding sixty days.

Sec. 10. An ordinance entitled "An ordinance relative to dogs," passed December 14, 1896 and approved December 15, 1896, is hereby repealed.

Sec. 11. This ordinance shall take effect on the first Monday of June, one thousand eight hundred and ninety-eight.

Passed April 7, A. D. 1898.

Approved April 8, A. D. 1898.

# The Boston Store.

Friday, April 15th and Saturday, April 16th.

—FIRST—

## Anniversary SALE

And Spring Opening.

April 15th. one year ago, the Boston Store was opened for the first time, with the firm aim and object to establish a *People's* store in Holland. A store to be conducted on that broad and liberal policy of "Live, and let Live," whereby the welfare and interests of the firm and patrons would be made identical. A store that would not cater for one particular class of customers alone, but all classes alike; finally, a store which in a very short time would become very popular among the masses.

That our hopes have been realized is evidenced by our large and rapidly increasing business, which we believe is due to the kind appreciation by our patrons of our efforts to make our store the most Reliable and Popular one in the city. In order to show our friends and patrons our appreciation for their generous support in the past, and give others, who perhaps never entered our store, an opportunity to see our stocks of Spring Goods. We extend to one and all a cordial invitation to our First Anniversary and Spring Opening.

Friday and Saturday, April 15th and 16th,
