Pension Agent John Nies has received notice that a pension has been granted to Mrs. Marie Toren, widow of the late Hendrick Toren. The amount is \$12 a month.

The Lokker-Rutgers company will start one of their special sales about April 20. They have purchased the large stock of the Fitwell clothing company at Grand Rapids and will put the goods on sale at greatly reduced cost. This purchase was made possible by the burning of the factory of Cohen, Frank and Company who were forced to close their retail stores throughout the country.

There is a large quantity of second hand household goods for sale at 22 E. Ninth. Everything is to be sold cheap. Included in the articles for sale: beds, couches, carpets, tables, stands, lamps and many other things of use in any household. An especial bargain is offered in the sale of an organ and a sewing machine.

The Amuse theatre has a special attraction tonight that is a winner. The title of the picture is "Saved by Wireless" being a thrilling sketch of the wreck of the steamship Republic, showing the collision, the consternation following it, and the work of Jack Binns, the wireless operator who finally brings the steamer Baltic to the rescue. This entire picture is put on for the regular price of admission, 10 cents.

Sheriff Andre was in West Olive Saturday investigating the rotten eggging which was given to several local option speakers at that place recently. The officer could find no one who was willing to tell anything concerning the affair and had to return home empty handed.

Rev. J. H. Walkerten of Muskegon Sunday declined the call to the pastorate of the Sixteenth Street Holland Christian Reformed church. The congregation was organized three years ago and is still seeking its first pastor, 15 calls having been declined to date. The church is supported by 50 families and erected a church costing \$8,000.

The Beethoven Male Quartet of Grand Rapids were entertained at the home of Mrs. George L. Medes Tuesday afternoon. The quartet is composed of J. Jans Helder, first tenor; Herbert H. Stalker, second tenor; George H. Clark, first bass; J. Veneklasen, second bass, with Miss Agness Douglas director, and Miss Dorothy Raiguel, accompanist. The guests were received by Mrs. Medes, Mrs. J. A. Van Veen, Miss Agnes Douglas and Miss Louise Kutsche of Grand Rapids.

It appears that the jubilation of the Holland city wets is to be short lived, as Mayor Brusse and all the alderman have stated most emphatically that Holland is dry and will remain so until the citizens repeal the ordinance enacted a year ago by referendum vote. Although Holland went against local option by a majority of 394 at Monday's election it is conceded that were the question put to a special election the issue would be buried by a heavy vote, as the anti-saloon sentiment is too strong to make any other result at all probable—Allegan News.

No changes were made in the list of officers of the Holland Sugar company by the directors at their first meeting Monday, and the completion of the organization was about the only business taken up. The officers who are re-elected to head the big manufacturing industry are Arend Visscher, president; Henry Kremers, vice-pres.; G. W. Mokma, treasurer; C. M. McLean, secretary and manager. This is the first meeting held by the board since the stockholders' meeting some time ago, at which all the directors were re-elected.

Frank E. Doesburg of this city has been appointed confidential secretary to Postmaster General Frank H. Hitchcock. Mr. Doesburg is now with Senator William Alden Smith in a similar capacity. While no official statement has been made concerning the exact duties of Mr. Doesburg it is understood they will be largely of a political character, as Mr. Hitchcock, although the official chairmanship of the Republican national committee has been delegated to ex-Governor John F. Hill of Maine, is known to be keeping a strong hand on the organization. The appointment will take effect June 1. Mr. Doesburg was indorsed for the position by practically all the Republican political leaders of the state, including Senators Burrows and Smith, National Committeeman John W. Blodgett and Congressman Diekema.

The Burns-Johnson fight pictures at the Idea Theater last night were excellent. Large crowds turned out to every performance and all those who attended were well satisfied with the exhibition. Mr. Slagh is to be congratulated on securing such a treat for his patrons.

The curious stand taken by Holland city in the recent local option election was a cause of considerable wonderment here. A well known Grand Haven man who has also lived in Holland and knows the natives there, sized the situation up thus tersely. "They are a bunch of rogues in Grand Haven and don't care who knows it. Down in Holland they are even worse and try to hide it."—Grand Haven Tribune.

George Tilma, a former Holland boy, who for several years has held the position of Superior Court Clerk in Grand Rapids and was recently elected comptroller has come into collision with Mayor Ellis. He takes exception to remarks made by the mayor in regard to his ability and in a recent issue of the Press handed the "deacon" a few straight from the shoulder. Mr. Tilma has made good in every office that he has held and confidently says that he expects to make good as comptroller. He is a brother of Tom Tilma of the News.

William Marvin, a rag and junk collector living at Waverly, was arrested and arraigned before Justice Van Duren last Thursday on a charge of using scales that were incorrect. Examination showed that Marvin's scales registered but two thirds of the real weight. He claimed that he was accustomed to add five pounds to the indicated number to make up the difference. Because Marvin has a wife and seven children dependent on him and because there was some doubt as to whether he had any intention to defraud he was allowed to go on suspended sentence.

Ministers present at the sessions of the Classis of Michigan of the Reformed church which was held in Grand Rapids this week are: Rev. James Weyer, Rev. P. C. De Jong, Rev. L. Dykstra, Rev. J. Alex Brown and Rev. Ralph Bloemendahl, Grand Rapids; Rev. John Vander Meulen, Grand Haven; Rev. J. Van Zomeren, Muskegon; Rev. J. E. Kuizenga, Holland; Rev. Peter Moerdyke, South Bend, Ind.; Rev. J. M. Van der Meulen, Holland; Dr. G. J. Kollen, Hope College, Holland; Rev. G. Hondelink, Kalamazoo.

What do you think of apples at sixty cents per peck—inferior, imported apples at that—and fine oranges at forty-five cents for the same quantity? This is the condition of things in the market today. The inferior apples are from New York. Fine large, well-colored apples from the west sell at five cents apiece. They are of no better appearance in any way than Michigan Spies, Baldwins, Starks, and other kinds, and are not of better flavor than any of these, but far inferior to Spies. The Michigan apple crop almost totally failed last year which accounts largely for the presence here of these foreigners; but there will be years when there will not be failure and applegrowers here should learn from this situation to produce such apple (in perfectness of condition and freedom from blemishes) as these from Colorado and Idaho. They can do it without much trouble, and years will come when they will receive for them very high prices. Sometimes Michigan apples of some sorts are not so brilliant in color as these westerners, but they are always of much finer quality.

Word was received in Holland last week of the death of Fr. Eikelmann in West Branch last Thursday, death resulting from pneumonia from which he had been suffering for a long time. The funeral was held yesterday in Grand Rapids. Father Eikelmann was the first pastor of St. Francis Catholic church and it was during his pastorate here that the church was built. Fr. Eikelmann was born in Germany and came to America as a boy. He said his first mass in St. Mary's church, in Grand Rapids. For a year following he was assistant pastor at Cadillac, after which he became pastor at Byron Center and Holland. He was transferred from this city to St. Anthony's parish in Grand Rapids over which he presided until last fall, when he was given charge of the church at West Branch. He was popular alike with the clergy and with the people of the different parishes of which he has had charge and was loved and respected by Protestants and Catholics alike.

"Ben Hur" at the Methodist church this evening will be well worth seeing.

Through a misunderstanding it was stated in the last issue of the News, that G. J. Schuurman who recently moved to Freemont, was connected with the dry goods firm of DuMez Brothers. This statement was incorrect as Mr. Schuurman neither is nor has been connected in any way with this firm.

Last Thursday occurred the marriage of Albert Bouwman to Frances Dronkers at their new home at 40 E. 20th St. The ceremony was performed in the presence of a few relatives and friends by Rev. Drukker.

At the Muskegon Knickerbocker club banquet which will be held in Muskegon on May 7, Prof. John M. VanderMeulen and Prof. J. E. Kuizenga of Hope college and Jacob Steketee, vice consul of the Netherlands with residence in Grand Rapids, will be the principal speakers.

Sunday evening when alighting from an interurban car at the corner of West Thirtieth and Maple street, Auke Kampen living at 194 W. 17th street, was thrown to the ground and seriously injured. His head struck on one of the beams on the vestibule causing concussion of the brain. He has been unconscious since the accident happened, and being 61 years old the attending physicians entertain grave fears for his recovery on account of his advanced age.

Geo. Lage, the local perch fisherman was caught napping Sunday when a Grand Rapids angler came down to the Park and took home the first string of the season. Mr. Lage has not yet figured out how it happened and says that he didn't want the first string this year anyway as he has reason to believe that the fish that come in early are too young for any use.

Roy Calkins, the popular River street candy retailer, has sold that portion of his business to an Italian firm of wholesalers headed by H. Spagnola, who has been running a fruit and candy store at Zeeland. Growing trade in his wholesale ice cream business has forced him to part with the candy shop. During the several years that Roy Calkins has operated this store he has made many friends and it is with regret that they receive the announcement of his retirement from the confectionary business. However with the reputation that Calkins' ice cream has gained there is no doubt but what by devoting his entire time to that product a still further increase in the business will follow.

At the Woman's Literary club Tuesday afternoon an interesting program on Milton was rendered. Responses to the roll call were quotations from "Paradise Lost." Miss Avis Yates read a paper on Milton prepared by Mrs. E. D. Kremers. Miss Lena Kollen read "Raphael's Account of the Creation" and "Evening" and after the intermission Mrs. A. Van Duren sang "Douglas" by Lady Jane Scott and Mrs. D. B. Yntema read a humorous story. The program closed with a talk by Mrs. R. N. DeMerell on Women's clubs in the south and phases of the negro question as they appeared to her. Next Monday evening Prof. J. B. Nykerk gives a stereopticon lecture on "Oxford" in Winants chapel to which each club member is allowed to invite two guests and to which the teachers in the public schools are also invited.

It is reported that several liquor men from outside counties have been in Grand Haven during the past few days looking over the city for saloon locations. Now as a matter of fact the liquor men of Grand Haven should take care of this situation themselves. Now that they do business for another two years at least they should join together for better regulation which will work to their mutual benefit. As far as new saloons are concerned Grand Haven does not need any more. Several already in operation could be dispensed with very nicely, and the liquor men themselves should use all of their influence toward preventing the licensing of any more places. A well known saloon proprietor stated this morning that he was in favor of a saloon men's organization in this city which would stand for the strict observance of the law, which if the law was being repeatedly violated would first bring pressure to bear upon the offender, and if this fails, cause his arrest and punishment.—Grand Haven Tribune.

A bargain is offered at 22 E. Ninth street in the sale of a second hand organ and a sewing machine, both in good condition.

## Vriesland

The home of Mr. and Mrs. John VerHage, sr., was the scene of a happy event Monday when they celebrated their fiftieth wedding anniversary. Fifty years ago Rev. A. Zwemer performed the ceremony in the Reformed church here.

The premises were gaily decorated with flags of the Netherlands and the stars and stripes. Flags were tacked in every conceivable shape and manner from the house, barn and sheds and to passengers on passing interurban cars presented a beautiful sight.

Mr. and Mrs. VerHage are the oldest pioneers in this vicinity and both were born in the Netherlands. Mr. VerHage came to Vriesland in 1848 and Mrs. VerHage, whose maiden name was Johanna Hollema, came in 1854. Both are in good health. Never in the memory of the oldest inhabitant has there been such an upheaval among the "lares and penates" of its householders as has occurred in this village during the past month. Over twenty families have changed their abiding places and the surrounding country has seen as many more removals. There is not a vacant tenement in this village. A number of buildings will probably be built in the near future.

Serious difficulties have arisen at Grandville over the question of building a new school house. The old one built about the time of the close of the Civil war has become entirely inadequate to serve its purpose. A serious difference of opinion prevails between the old residents of the village and the new suburbs east of the village which claim that they are being discriminated against in the matter. Several journeys to Lansing have been made on the part of the "Colonists" as the suburbanites have been called and the "Tailenders" as the older residents have been dubbed by the suburbanites. It is expected that the suburbs will secede from the district and establish another district.

## Laketown

The election of last week Monday was of unusual interest on account of local option and the voting of taxes for good roads. As there was but one ticket in the field the candidates were all elected as nominated at the caucus last week. For a number of years there has been a hard fight annually to repair or replace the "floating" bridge across Goshorn lake. A few years ago it was condemned and is now only used for a foot bridge. Last spring the town board and the highway commissioner located a cross road around the lake for the benefit of the people in that neighborhood. For a short distance there is a marsh and when they came to grade it they found a "sink hole" and for a time it swallowed up everything put into it. The result was some \$600 was sunk there before it was barely passable. Many think it would have been better to keep up the bridge and shorten the distance to Saugatuck. It was voted to raise this year for the repairing and improving the roads and bridges of the township the sum of \$4,100. Out of this an overdraft of \$900 is to be paid on last year's account. The new law for the tax to be paid in money and the work let to the lowest bidder under the direction of the highway commissioner is giving good satisfaction.

Rev. Young thought his horse was stolen when he failed to find it where he had left it tied in Laketown the other day. After considerable search the animal was found a short distance from where his owner had left him.

Every family here ought to keep some Diapepsin in the house, as any one of you may have an attack of Indigestion or Stomach trouble at any time, day or night. This harmless preparation will digest anything you eat and overcome a sour stomach five minutes afterwards.

If your meals don't tempt you, or what little you do eat seems to fill you, or lays like a lump of lead in your stomach, or if you have heartburn that is a sign of Indigestion.

Ask your Pharmacist for a fifty cent case of Pape's Diapepsin and take one triangle after supper tonight. There will be no sour risings, no belching of undigested food mixed with acid, no stomach gas or heartburn, fullness or heavy feeling in the stomach, Nausea, Debilitating Headaches, Dizziness or Intestinal cramping. This will all go, and, besides, there will be no sour food left over in the stomach to poison your breath with nauseous odors.

Pape's Diapepsin is a certain cure for all stomach misery, because it will take hold of your food and digest it just the same as if your stomach wasn't there.

Actual, prompt relief for all your stomach misery is at your Pharmacist, waiting for you.

#### WHAT YOU SAW IN THIS PAPER

##### 35 Years ago To-day

The Allegan Journal says. "The Hollanders complain that Alleganians and Grand Rapidsians visit their moral city of Holland, get tight and thus bring reproach upon the Dutch people."—The above is a mistake. We haven't seen or heard of a drunken Alleganian, since they reformed en masse, and do not believe they could be prevailed upon even to smell the cork. The reputation of our neighbors should be precious to us.

##### WHAT YOU SAW 30 YEARS AGO

Mr. I. Fairbanks has purchased the large blacksmithshop, formerly occupied by Mr. C. Dijkema and subsequently by Mr. D. Van Bruggen on River street and is fitting it up for an office, and a large room in the rear for a supply depot for threshing machine repairs. He will also commence to deal in seed grains of improved qualities, as soon as he can fit up for it. This is another enterprise, and a very good one. One that ought to be appreciated by every farmer around here.

##### WHAT YOU SAW 25 YEARS AGO

Three years ago about this time in the year those of our citizens who were residents of the city at that time, were aroused by an alarm of fire that had broken out in the building now occupied by B. Van Raalte as an agricultural implement depot. The building at that time was occupied wholly by Wm. Wakker, as a furniture store. The fire was extinguished before it had gained much headway although considerable damage was done by water. This may be of no interest to our people at this late day, but when coupled with the fact that on last Thursday afternoon after De Grondwet had moved from the second story of the building into its new quarters on the corner of River and Seventh streets, the present owner of the building, B. Van Raalte, in removing some of the floor discovered a lot of fine shavings and other combustibles saturated with naphtha that had evidently been placed there some years ago for incendiary purposes. It will be remembered that at the time of the fire grave rumors were afloat as to the origin of the fire, but everything was hushed up as there was no proof of incendiarism. This discovery of Mr. Van Raalte may lead to the punishment of a serious crime and it is to be hoped that enough evidence may be sifted from the above facts to lead to the conviction of the guilty party.

##### WHAT YOU SAW 10 YEARS AGO

The proposition of bonding the city of Grand Rapids for \$150,000 in aid of Grand River improvements is meeting with more opposition than was anticipated. Several leading citizens have expressed a determined hostility towards the project.

In the course of a few days the Commercial Hotel building will be moved off its present site on Eight street to a vacant lot on Van der Veen's addition, Sixteenth street. It will be replaced this season by a first class brick block.

#### Shore Rights of Public

At the present time much attention is being drawn to what may be called riparian property rights, that is the rights of the owners of property abutting streams, lakes and other bodies of water. Particular stress is being laid upon the rights of the public in such cases. Here is what one of the "big city" has to say. It is pertinent as affecting many local people.

Nothing is clearer, when attention is once called to the subject, than that the public should have shore rights along the seas and larger lakes and so far as practicable along rivers. There should be along such shores the reservation for public use of a strip of land and on this, wherever practicable, should be a public highway. By such reservation the right of the general public to access to seas, lakes and streams would be secured; whereas, under the general trend both of custom, legislation and court decisions, even the seas and the great lakes seem coming to be more and more the private property of those owning the lands bordering thereon.

In these days, when to a far greater extent than ever before, public at-

tention has been called to the urgent need for the conservation of natural resource, it is not a little strange that the importance of the retention by and the securing to the general public of shore rights on navigable waters has been overlooked, except as relates to arid regions dependent on irrigation. The logic of the law is that the man who holds the legal title to land adjoining sea or lake is entitled to its exclusive use, and that whoso intrudes thereon is a trespasser. Courts generally have held to this view. It is difficult to see, in fact, how they could, in the absence of statutory regulations, do otherwise. A recent decision, however, of the New York court of appeals in a Staten Island case upholds the right of public access to the beach but it seems to have been based on prescription—the public having been permitted to freely exercise this right for a score or more years.

Wherever the state or federal government still owns lands adjoining seas and navigable lakes and rivers, in disposing of such land there should be reserved for public use a "shore strip." Where such shores have already become private property the problem of their public reclamation is more difficult. There should be prompt action, however, by both state and national authorities, looking to the reservation of the right of public access to all navigable waters in all sales hereafter made of federal or state lands. With its great extent of lake coast, Michigan has a deep interest in the preservation of the right of public access, thereto.

The importance of the problem, as well as the difficulties in dealing with it, will increase as state shore lands pass into private hands with the growth in population.

The question of shore rights appears to us as one having two sides. It seems that the forgoing article totally overlooks the right of the man who would build boat houses, docks and otherwise improve the shore. Perhaps the reason it goes so far is because hitherto the rights of the public have been totally overlooked and now the pendulum is swinging to the other extreme. But the article is correct in this much, that the public has rights at present not considered by statutes or courts. It were well to remedy this matter in some such way as suggested.

A paper in a good sized town in Michigan recently published this item:

"The business man of this town who is in the habit of hugging his typewriter had better quit or we will publish his name."

The next day thirty seven business men called at the office, paid up their subscriptions and left behind them thirty seven columns of advertising, and told the editor to pay no attention to foolish stories.

#### What a Woman Thinks

A boy can sit still on a sled six inches square, tied to a sleigh moving eight miles an hour; but couldn't sit still on a sofa five minutes for a dollar. A man will sit on an inch edge of a board and talk politics for three hours; put him in a church pew for forty minutes, he gets nervous, twists and turns and goes to sleep. A man will pouch his cheeks with filthy tobacco, juice runs down his chin, feels good; but a hair in the butter kills him. He stays out till midnight, wife don't know where he is, comes home when he pleases, but if a meal is not ready just on time, pouts, frowns and says unpretty things. Evidently man is a strange animal. Gets full, beastly drunk, imagines he's rich, a great man, bets on the losing horse, goes broke, quarrels, fights, lands in jail, eyes dressed for Easter, face frescoed and morals depraved, yet he is "Lord of all creation and monarch of all he surveys." Strange animal, this man.

## "The Fried Egg, Sunny Side Up"

In a class room discussion on church government yesterday morning Dr. Steffens of the Seminary aptly illustrated a point with the remark that present day head gear which the girls wear is not anything new, but that it is copied after the style of the days of Napoleon. This is a serious blow at the women who thought they had really developed something new, and in these days of protests against high tariff on stockings et cetera, the learned professor may look for a women's delegation visiting him to enter a protest against his taking away their pet idea of their own originality.

But doubtless the professor is correct, for it would seem rather queer that of all the generations of women that have walked the earth since the days when Eve fashioned a hat out of half a coconut shell, trimmed with wintergreen berries and rattlesnake tails, none should have had enough sense of the beautiful to build the heavenly creation (?) that are the prevailing style of today. It is doubtless true as in the old days that there is nothing new under the sun, and the pretty mademoiselles who graced the court of Napoleon doubtless were subjected to all harsh criticisms of the French gentlemen who like the American gentlemen of today had not enough of a sense of the beautiful to see beauty in a woman's hat and good in everything, even in the milliner's bill that comes after the hat.

That Dr. Steffen's theory is correct can be illustrated in other ways. One of the cartoonists the other day showed that the director's gown is an exact reproduction of the style of the ancient Babylonians. Styles in dress seem to go in a sort of rotation as crops seem to go in scientific farming, and so the women do not allow beauty to perish.

All those intricate creations can in the last analysis be traced back to nature. Somebody has remarked on the wonderful resemblance between the girl's hat of today and a fried egg, "sunny side up," and doubtless the fruit of the hen is responsible for the idea. The outcry against the big hat is proof of the fact that woman is a much abused creature. A man can curl his mustache, or wear about fifteen dozen pearl buttons strung over his coat and vest and the cuffs of his trousers, or comb his hair pompadour and nobody thinks of questioning his judgment but he is allowed to go ahead in his supreme self confidence. But we hope that after a few centuries man will be developed enough to see the beauty in the "fried-egg" hat.

—Just about now the mail order houses of our large cities, with an eye for the spring trade of the smaller cities or towns and of the farmer, are sending out bulky and illusive catalogues by the thousand. Experience proves that taking all things into account, to buy of such houses costs more and brings less satisfaction than to buy of the home merchants. Money sent out of town to these houses for what can be bought equally as well at home is just so much check to the growth and prosperity of the home town, and of the farmers and others who find in the town a ready market for their eggs, butter and other produce.

## Ready for the Race

With the first big cross country race in the history of the school but two days away, Hope college students are enthusiastic over the prospects. Great confidence is expressed in the local team and the students will turn out to cheer for their runners at the finish line. Hopes for victory are high.

Their opponents in the big race will be Grand Rapids and Muskegon High schools, Grand Rapids Y. M. C. A. and a team from the Grand Rapids Boat and Canoe Club. Although all of these teams are considered good the team that is most feared by the adherents of Hope is that from Muskegon. The Muskegon team with their coach came here Saturday and ran over the course. They have gone into the training and preparation with such a business like spirit that it is at once apparent that they will be worthy opponents for the other teams.

The local business men have responded generously to the request made by the Athletic Association and a handsome silver shield will be competed for every year for ten years and the team winning it the greater number of times will be given permanent possession. The trophy is one which any athletic team may well be proud to possess and it is a credit to the business men of Holland who furnished it.

Hope college will be represented by the following men: Stegeman, Den Herder, Karsten, Burkholder and Captain Brooks. Last Saturday these men ran over the course of nearly five miles in less than a half hour and under the inspiration to be drawn from a real race they will no doubt be able to make faster time.

## To Holland and Grand Haven

Both Holland and Grand Haven had a share in the victors laurels in the contests which were held in the High school assembly hall last Friday evening. Miss Frances Bosch won in the declamation contest with Robert Ingersoll's, "A Vision of War." Edward Courmyer of Grand Haven won the oratorical contest, his subject being: "An Indication of Unwholesome Citizenship." There were three contestants in each contest. Midland, Zeeland and Holland had representatives in the declamation contest and Zeeland, Grand Haven and Holland were represented in the oratorical contest.

Miss Frances Bosch was an easy winner in the declamation contest. She had a pleasing stage appearance and her voice was clear and well modulated. Her entire bearing on the stage showed the results of careful and intelligent training. Mac Rice of Midland was second in this contest, delivering "The New South" by Henry W. Grady. Mr. Rice was strong in his delivery but displayed a tendency toward unnatural gesturing that rather spoiled his effectiveness. Miss Minnie Bolier of Zeeland took third place with Wendell Phillips' "Toussaint L' Overture." She had an easy and natural appearance on the stage and held the close attention of the audience.

In the oratorical contest Edward Courmyer of Grand Haven delivered a strong oration. He took for his theme the recent disclosures made in San Francisco municipal affairs, attributing the cause of these disgraceful conditions to public apathy toward the affairs of the city. He urged that greater interest be taken by each and every citizen in watching over the municipal government. His oration was strong in thought as well as in delivery and in him the district will no doubt have as good a representative in the State contest as could possibly be secured. Edward Wichers of Zeeland who was given second place by the judges delivered the regulation plea for the Jewish people. Bert Bouwman of the local High school took third place with his subject, "Liberty and Progress." Although Mr. Bouwman's production was not remarkably strong in thought, he had a pleasing delivery. There is no doubt but what another year of training will bring out latent oratorical powers and the local school has much to expect from his work in future contests.

The judges on delivery were the Messrs William Malloy, Fred Clark, and Dr. Ben Lee of Grand Rapids while the judges on thought and composition were Prof. James Mitchell of Alma, Supt. Frank Buck of Pontiac and Rev. J. W. Dunning of Tecumseh.

## Century Club's New President

Prof. J. B. Nykerk was elected president of the Century Club Monday evening. It was the last meeting of the year and was held at the home of Mr. and Mrs. George Kollen. The other officers elected for the coming year are: John J. Cappon, vice president; Mrs. L. M. Thurber, secretary and treasurer; Mr. E. D. Dimment, members of the executive committee; and C. M. McLean, Dr. A. Knooihuizen and Mrs. A. Visscher, members of the membership committee. The club will not hold meetings during the summer, and the new officers will not be called upon to take charge until October 4, the evening of the first meeting of the new season.

At the meeting last night a drama was enacted called "Saved" by W. D. Howell. It was a story of high finance, and there was a love affair involved that included a spin in a big touring car. The programs for the evening were decorated with green tints illustrating this high finance and the automobile scene. The cast of characters was as follows, the burglar, Dr. M. J. Cook; the little girl Mrs. R. H. Post; Reginald, the papa, Mr. C. J. Dregman; Patricia, the mama, Mrs. C. J. Dregman; the Grandfather, Mr. C. M. McLean; Geraldine, the sister, Miss Abbie Poole; Arthur Fortescue, the lover, Mr. Chas H. McBride; Fred the small boy, Mr. Hoyt Post.

The following musical numbers were given: "Comin Thro the Rye," "The Owl and the Pussy Cat," "Sweet Marguerite," and "Herpicide" by the Junior Quartet of Hope College. Prof. J. B. Nykerk sang "O du Mein holder Abendstern" from Wagners "Tannhauser" and "Valentine's Prayer" from Gounod's Faust, accompanied by Miss Anna Schuelke.

## Grand Haven Claims Ball.

Neal Ball the only native Grand Havenite, who has stuck in the major league, was given a fine reception at Washington Monday by the Michigan delegation in congress. Senator William Alden Smith was host at a baseball party which saw the Washington team trim up the New Yorkers of which Ball is playing second base. In the Michigan party were Representatives Hamilton, Townsend, Dodge and Diekema and Messrs Wells Harvey and Frank A. Doesburg. All during the game Ball was given the glad hand by the Michiganders and when the contest was over Congressman Diekema sent for Ball to meet the party in President Noyes' private office. Everybody gave Neal the glad hand and he was mighty glad to see the folks from home.—Grand Haven Tribune.

## Harbor of Refuge at Port Sheldon

William Oltman, William Brummeler and William Laban of the Port Sheldon Beach association living in Grand Rapids are at Port Sheldon getting things in order for the summer. They will enlarge and rent the association cottage to accommodate summer boarders, or anyone interested in resort property as they have a number of choice lots for sale.

The government has just ordered an appropriation for a survey of the channel and improvements will be made there, making it an ideal harbor of refuge for boats and launches between Holland and Grand Haven.

## Hope College News

Sybrant Wesseluis of Grand Rapids has just presented Graves Library at Hope college with the complete works of Abraham Lincoln in twelve volumes. Attorney Geo. E. Kollen of this city has added a collection of biological specimens to the museum. Both of these men are former students of the college.

The business men of Holland have subscribed a silver shield costing \$75 for the winner of the relay races between Hope college Muskegon high school and the Grand Rapids Boat and Canoe club. A race will be run every year at Holland for the next ten years and the institution winning the most times during that period will gain permanent possession of the trophy.

The team which will represent Hope college is composed of the following: Brooks, Kanter, Stegeman, Dahharden and Durthorder. Coach Conger is quite confident of Hope's prospects for this year's race, which takes place next Saturday at Holland.

Muskegon made a trial run over the five-mile course yesterday afternoon, covering the distance in 24 minutes. Hope recently covered it in 26 minutes.

The Junior class entertained the Seniors Friday evening at the home of Miss Anna Schuelke on East Thirteenth street. A program was carried out, James Dykema acting as toastmaster. Milton Hoffman gave some fatherly advice to the Juniors, Anthony Ver Hult took for his subject, "Vale, Vale, Vale," George Roost delivered the Seniors' request to the Juniors, John Wichers read a budget, Peter H. Pleune gave some amusing experiences encountered by the Senior class while traveling with "Under the Spell," John Warnshuis of the Juniors addressed the Seniors and Miss Jennie E. Pikaart sang two pleasing solos.

## Great Interest in Coming Debate

Tomorrow evening the long looked for debate will occur in Winant's Chapel between Olivet and Hope college. Meanwhile teams representing Hope, Olivet, and Alma will be debating at Alma and Olivet thereby giving each team an opportunity to meet the other two. This is the first year that Hope college has been entered in a debate with other state colleges and therefore is of especial interest as friends of the local college are anxious to see what their school can do in this branch which has become so great a part of the work of other schools. Hope has two strong teams and hopes are high for at least one victory.

The question this year was proposed to the league by Hope. It is: resolved that the United States Navy should be increased. This is a live up to date and much discussed topic with ample room for differences of opinion backed by strong argument. It is bound to bring out an interesting discussion tomorrow evening. Hope will meet Olivet here upholding the affirmative side of the proposition. The negative team will go to Alma to debate with Alma college.

The team that will meet Olivet here will be captained by Anthony Ver Hult, Verne Oggel and John Warnshuis will take up the balance of the affirmative argument. All three of these men have had considerable experience in public speaking.

The team that will go to Alma is headed by Henry Rottschaefer, whose excellent work in the closed shop debate won for the Cosmopolitan society from the debating club some time ago. Grant Hinkamp and George Roost, the college hot air artist, will be his colleagues. Much is expected of this team as it is made up of "the keenest debaters in college."

The Olivet team which will debate here is headed by Roy K. Thomas, who represented his school in the State oratorical contest at Kalamazoo. Alma's team will be led by John Dunham, who represented Alma in the same contest. The debate will be judged by Circuit Judge John S. McDonald and Attorneys George Clapperton and Myron H. Walker all of Grand Rapids. The debate will begin promptly at 7:45 o'clock and will be presided over by Prof. J. E. Kuizenga.

## Notes of Sport

With the announcement that the Piano factory is to have a strong base ball team in the field this season and the assurance of a uniformed team at the Shoe factory friends of the proposed factory league are confident that their plans will carry. Both of these teams intend to play outside games but this will not interfere with the league plans as games will be arranged on dates that will preclude any possibilities of conflict in the schedule. Other factories are quietly making preparations to put out strong teams.

The High school started its base ball practice with an interclass game Saturday afternoon. The Seniors and Freshmen played against the Juniors and Sophomores and the former team won. The High school has some good material this year. Whelan looks good for the pitching job. There are more trying out for positions on the team this year than there have been formerly and a good team will no doubt be picked.

The local All Stars won a game of base ball Saturday afternoon from the crew of the Gen. Gillespie by a score of 15 to 7 at Jenison park. Griffin and Van Ry were in the points for the All Stars while the dredgemen used four pitchers during the game. The same teams will play Saturday afternoon.

### Golden Wedding.

At their handsome home in Holland Mr. and Mrs. G. T. Huizinga Saturday celebrated their golden wedding anniversary. It was very simple and more in the nature of a family reunion than anything else.

Sixty years ago Mr. and Mrs. Huizinga came, as children, to what was then known as the colony of Holland and early were initiated into the hardships of the pioneer. Theirs has been an unusually active life. Successful in business, Mr. Huizinga laid up a competence which enables them to spend the later days of their life in the pleasant service of ministering to the wants and necessities of others rather than of themselves.

For nearly forty years Mr. Huizinga has been an officer in the Reformed church and at various times has served upon the different boards of Hope college.

Their children are Dr. T. G. Huizinga of Zeeland, Dr. A. G. Huizinga of Miami, Fla.; Dr. J. G. Huizinga of this city, and Geo. H. Huizinga and Mrs. H. Naberhuis of Holland.

## OLD PEOPLE!

**Need Vinol because it contains the very elements needed to rebuild wasting tissues and replace weakness with strength. It fortifies the system against colds, and thus prevents pneumonia.**

**This is because Vinol contains Iron and all of the medicinal body-building elements of Cod Liver Oil, taken from fresh cods' livers—but no oil. Vinol is not a patent medicine. Everything it contains is named on bottle.**

### POOR BLOOD

Elderly people feel the cold keenly, because their blood is thin, sluggish and watery. Vinol is the ideal blood tonic and strength maker. It creates a hearty appetite, promotes digestion, purifies and enriches the blood and invigorates the entire body.

### 76 YEARS OLD

The grand-niece of Alexander Hamilton says:—"I am 76 years old, have a hearty appetite, sleep soundly, and feel active and well. Thanks to Vinol, which is the finest tonic and strength creator I ever used. Vinol is a God send to old people."

### COUGHS AND COLDS

Elderly people are very susceptible to coughs and colds, which so often develop pneumonia. Don't lose time experimenting with other remedies when we guarantee Vinol to cure. Vinol has carried many an old person through a hard winter without a cold or cough.

### 80 YEARS OLD

"I was so feeble I had to be wheeled about in an invalid's chair, and took cold at the slightest cause. Vinol built up my strength so I could walk a quarter of a mile. I am delighted." — MRS. M. BLOOM, Lewistown, Pa.

## HARDSHIPS ENDURED BY TRUTH.

Why She Took Up Her Abode at the Bottom of a Well.

"I am naked," said Truth, and shivered. "Come here," said the Gaffer, "and I will dress you as you should be dressed." And so Truth was rigged out in the garments he provided for her. She presented a sorry figure, and many people took her for an emphy. Looking at herself in the glass, she discovered that something was wrong. And so she flung aside the garments and started forth once more.

"I am still naked," she moaned. "As if," cried the Scientist, "I hadn't been waiting all these years to show you just how you should be garbed." And so he caught her, and fitted her out with a complete wardrobe. It certainly looked alluring. Truth was fetching in the extreme. She looked so convincing that she was almost ready to believe she had now become, through the force of outward appearances, the real thing. But alas! Her colors did not wear. As fast as her clothes were made for her by this new tailor they faded. And so once more Truth stole away and denuded herself.

"Still naked," she murmured. A theologian came along. "And so," he said, "perhaps you will be ready now to believe that I can improve your appearance." And he promptly togged her out in surplice and stole and put a solemn mask on her face.

Truth stood it as long as she could. "I am suffocating," she exclaimed at last, and tore off the mask and the other robes and started to run away. "Come here," said Good Society, "and I will give you precedence over the mighty."

But Truth shook her head. "Sorry," she replied, "but I have a permanent engagement at the bottom of a well. No one will trouble me there, as there are too many germs." And so Truth found herself at last.

## PUT ON TO A NEW WRINKLE.

City Salesman Learned Something About Regulation of Watches.

"After carrying a watch for 30 years I have just learned something new in watch lore," said the city salesman. "I don't know whether it is true or not, but an old watchmaker told me. I bought a watch of him the other day. It was a cheap watch. He said: 'What pocket are you going to carry your watch in—the right or left?'"

"I told him the left."

"Then," said he, "I will regulate it for the left."

"I asked what difference it made, and he declared that a watch runs faster on the left side than on the right, so to keep it from gaining time he regulates it accordingly. In fine watches the difference is hardly worth considering, but in watches of cheap make like mine it is very noticeable. I asked for a scientific reason for this variation. He could give none; said he only knew it was true, and then, whether he was faking or not, he pretended to regulate my watch for the left pocket."

## A Legal Triumph.

A seasoned old lawyer was cross examining a recalcitrant witness. The question at issue was the identification of an individual charged with assault and battery. For some time the lawyer endeavored to break down the attempt on the part of the witness to describe the guilty party, and at last, becoming irritated, he put the following question:

"You say the assailant had black hair?"

"I did," calmly replied the witness.

"What is the color of my hair?" continued the attorney.

"It is brown," was the answer.

Thereupon the lawyer rose to his feet, and snatching off his wig, which disclosed a pate as bald as an egg, belovied out as he glanced in triumph toward the jury box, "What is the color of it now?"—Harper's Weekly.

## Jim Crow.

The crow is the chough and daw of Shakespeare, the raven of Poe, and the jackdaw, magpie and rook of English story writers. His inky highness is a remarkably cunning bird, and an arant rogue, but superstitious withal, for great corn thief that he is, a common white string running on poles around a field will keep him out better than would a tight fence a mile high. If you have a gun you can't get near him; otherwise you can. I have seen him steal a hen's egg out of a nest and fly off with it, and he did it by running his beak through the shell at one end, and holding the delicious morsel close to his breast by bending his neck, and so flying away.—New York Press.

## The Lost Leisure.

Leisure is gone—gone where the spinning-wheels are gone, and the pack horses and the slow wagons, and the peddlers who brought bargains to the door on sunny afternoons. Ingenious philosophers tell you, perhaps, that the great work of the steam engine is to create leisure for mankind. Do not believe them; it only creates a vacuum for eager thought to rush in. Even idleness is eager now—eager for amusement; prone to excursion trains, art museums, periodical literature and exciting novels.—George Eliot.

## A Willy One.

"While hunting in the woods I got on the track of a black bear, which I shot five times before he dropped!"

"A hard one to kill, eh?"

"Yes. Even after he dropped lifeless he was dead game!"—Bohemian Magazine.

## Only One

The Record in Holland Is a Unique One

If the reader has a "bad back" or any kidney ailment and is looking for relief and cure, better depend on the only remedy endorsed by people you know. Doan's Kidney Pills relieve quickly—permanently. Holland citizens testify to this. Here is a case of it.

J. W. Flichman, wagon maker and painter, 83 River St., Holland, Mich., says: "I suffered for a long time from dull pain in the small of my back often changing to sharp, shooting twinges. I could hardly stoop or lift and if I sat down in a chair it was only with great difficulty that I was able to arise, as my muscles and joints were so stiff. I consulted physicians and they told me that I had lumbago, but their medicine did not help me. I finally decided to give Doan's Kidney Pills a trial and procured a box at H. R. Doesburg's drug store. After using them a short time all my troubles disappeared and though this occurred over four years ago, I have not suffered from kidney complaint since. I have recommended Doan's Kidney Pills to a great many people and will continue to do so."

For sale by all dealers. Price 50 cents. Foster Milburn Co. Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

## SOMETHING TO FALL BACK ON.

Thoughtful Wife Had Provided Husband with a Sample.

He stood irresolutely in front of the woman's stocking counter for a few minutes, then with a determined expression on his face he elbowed his way between two women shoppers and accosted the saleslady.

"Have you any light blue stockings?" he said; "you see I—"

"Gents' furnishings, third counter to the left," drawled the girl, as she reached for a box on the upper shelf. "No, I don't want them for myself," said the man, getting red. "You see, my wife is in the country and she wants me to get two pair of light blue silk stockings for her."

"Oh, what size?" asked the girl, with a foolish smile.

"Well, that's what I have been trying to figure out," confessed the man, growing nervous. "Don't they all come about the same size? You see, she told me the size, but I can't recall it."

"Oh, no; they run in half sizes, from 6 to 14," giggled the girl.

"Hub," said the man; "well, I suppose I will have to do it," and he reached in his inside pocket and slowly drew out a dainty light blue stocking.

"She gave me this in case I forgot," he said, in confusion.

## RESTFUL TO EYES AND NERVES.

Green Is One of Nature's Cures for Worry and Fatigue.

"If the whole of London were painted green it would have a wonderful effect upon the health and spirits of us Londoners," said one of the leading specialists to a Mirror writer. "Eyesight and health are most closely connected, and among town dwellers eyesight is steadily deteriorating. Green is one of nature's cures for worry and fatigue. Watch a man who is worrying or tired out and see how often he will wander to a window from which he can gaze on a tree in leaf. Instinctively his eyes seek the restful green of the foliage. A great deal of the good obtained from a visit to the country is from the incessant environment of the green fields and green leaves."

"A green room, too, is a splendid thing. I know of a case of a popular actress who could never understand why it was that in a certain room in her house she could always rest so much better than in any other one. She mentioned the fact to me one day, and I pointed out to her that the paper and furniture were entirely green."

## "Ben Hur" is Coming

The Ladies Aid society of the M. E. church has been most fortunate in securing the "Ben Hur" entertainment for their church on Friday evening, April 16. This entertainment is one of the finest and most complete of its kind ever offered and cannot fail to give the people of this city sincere pleasure. It will be a triple bill illustrated with over 200 stereopticon slides, the main feature being a lecture on "Ben Hur" by a well known lecturer from Chicago.

The first part of the program will be scenes in colors from the life of the Prodigal Son, as told in Scripture. The second part will be the "Ben Hur" lecture and colored illustrations, covering the entire story and, especially many exciting scenes of the chariot race. The intermission between these two parts is occupied by a lecture and colored slides on 75 of the most famous "Ram's Horn" cartoons. There will also be illustrated songs, stories, anecdotes and other pleasing features for both old and young, all for only 25 cents.

Everybody is invited to participate in the evening's enjoyment and witness one of the most fascinating entertainments ever presented in the city for so small an admission price. Everyone is welcome. Bring your family and friends. Tickets may be purchased at the following stores Roy Calkins, Meyer's Music and J. E. Lewis grocery.

## DEATHS

Mrs. Reka Kuite aged 38 years died Sunday evening at the home of her parents, Mr. and Mrs. John Van Den Bosch 168 W. Sixteenth street, death resulting from pneumonia. Deceased is survived by a son and a daughter. The funeral was held yesterday afternoon at two o'clock from the home, Rev. J. M. Lumkes officiating. Interment was made in Pilgrim Home cemetery.

The infant daughter of Rev. and Mrs. W. H. Bruins of Marion, New York was brought here yesterday for burial in Pilgrim Home cemetery. The child died on Easter morning. About a year ago Rev. and Mrs. Bruins came to Holland with the body of a little son. Rev. J. H. Karsten officiated at the funeral yesterday.

Word was received here Saturday of the sudden death of Edward Kraus, formerly of this city, in Galipolis, Ohio. Deceased passed away after a few hours' illness, death resulting from some disease of the throat. His brother Gus Kraus of this city went immediately to Ohio to take charge of the body and bring it to Holland for burial.

Edward Kraus was extremely popular in this city and had many friends. For several years he was employed as bookkeeper in the office of the Holland furniture factory, going to Ohio about two years ago to accept a position in Galipolis.

The funeral was held Tuesday afternoon from Grace Episcopal church Rev. W. W. Taylor officiating. As the deceased was a member of the Masonic order, the services were in charge of the local lodge who attended in a body.

Deceased is survived by his parents, Mr. and Mrs. Chas. K. Krause of Holland township, a brother Gus, and six sisters, four of whom reside here.

#### CALLS FOR LARGE SACRIFICES.

Ministerial Work Means Giving Up Idea of Worldly Advancement.

Had we ministers trained and worked for a business life as we train and work for the ministry, and lived as economically as we have in the ministry, many of us could have accumulated fortunes ere this. I should like to know if there is any class of men on earth who get more out of the use of their money than the ministers. Show me any other class of men on earth with an average salary of \$12 a week who dress so well, live so well, educate their families so well, give so much and save so much for a rainy day, and I will yield my point. Business men rarely realize the sacrifice ministers make. I once tried to persuade a man of large possessions, who is making \$25,000 a year, to give up his business and accept a position in our denominational work, which would bring him in \$2,500. He almost had a fit at the very suggestion. We do not envy our business classmates who have won fame or accumulated wealth, for in so doing they have had to forego the heavenly privileges which we have enjoyed. We do not want to be pitted, we are not objects of charity, and we are contented with our lot.—Rev. Dr. Curtis Lee Laws, in Leslie's Weekly.

#### REAL LIVELY SPORTING EVENT.

All Sorts of Things Happened at Tobacco-Chewing Marathon.

"No sport around here?" drawled the old storekeeper at Bacon Ridge, reflectively. "Why, young man, you are away off. You just should have been around here last Saturday night and seen our tobacco-chewing Marathon."

"Tobacco-chewing Marathon?" gasped the corn-starch drummer in surprise.

"Yes, sirree! It was the liveliest sporting event in the state. You see, old Squire Weatherby claimed that he could chew more tobacco in an hour than any man in the village. Seth Wheatley took him up. Wall, as the crowd was standing around and betting on their favorites and Seth had chewed up six plugs, a little piece slipped down his throat and made him sneeze. Wall, sir, there was a case of fine pepper at that end of the counter and as Seth sneezed the pepper went up in a cloud, and then everybody sneezed. Some of it got in old man Hardapple's eyes and he pulled off his coat and wanted to fight. Then somebody upset the stove and scared the cat. When it was all over Josh Weatherby found his watch had been stolen by a horse trader who had crept in to get warm. Sport? Wall, give me a tobacco-chewing Marathon every time."

#### Closing the Question.

The Sunday school teacher, being aware that the rector intended visiting the church during this Sabbath's school session, drilled her little class on such important questions as "Who made them," etc., until he felt sure that should the clergyman deign to quiz her charges they would do themselves and her credit.

Hardly had she so concluded, when the church door opened and in strode the rector, who passed along the rows of buzzing pews until he reached this very cluster of pupils, which he at once proceeded to take in hand.

"Now, my boy," asked he, picking out a youngster in the end of the pew, "who made you?"

"God made me," blurted the youth, glancing appealingly at his more familiar teacher. Then suddenly encouraged by her eyes, he boldly faced the minister and added, unexpectedly, "an' he made the whole bunch!"—Circle Magazine.

#### Too Many for Him.

An American traveling in Germany was much bewildered at the large number of distinct and apparently independent countries through which he went.

Just as he became accustomed to Savaria, with its blue and white national colors, he would find himself, without warning in Wurtemberg, where they have an entirely different kind, and entirely different military uniforms, and a strikingly different dialect. Then a few hours' ride on a train whisked him into Saxony, and then it was Saxe-Coburg-Gotha, and then Saxe-Weimar, and then Baden, and then Hesse Darmstadt. At last he threw up his hands in despair.

"Where are we now?" he inquired. "Frankfurt-on-the-Main."

"Who is the local duke?" he asked, wearily.

#### World's Coldest City.

Yakutsk, in eastern Siberia, is said to be the coldest city in the world. It is the great commercial emporium of eastern Siberia and the capital of the province of Yakutsk, which in most of its area of 1,517,063 square miles is a bare desert, the soil of which is frozen to a great depth. Yakutsk consists of about four hundred houses of European structure, standing apart. The intervening spaces are occupied by winter yurts, or huts of the northern nomads, with earthen roofs. The doors are covered with hairy hides and the windows are of ice.

#### Betrayed.

He was very, very young, but extremely desirous of appearing the pink of sophistication. So he strolled into the gay cafe and stood nonchalantly before the bar, like a genuine man of the world.

"Do you—er—keep cocktails?" he inquired, airily.  
He did not join in the ensuing laugh.

#### INDIGESTION ENDS

You can eat anything your stomach craves without fear of a case of Indigestion or Dyspepsia, or that your food will ferment or sour on your stomach if you will occasionally take a little Diapiesin after eating.

Your meals will taste good, and anything you eat will be digested; nothing can ferment or turn into acid or poison or stomach gas, which cause B-aching, Dizziness, a feeling of fullness after eating Nausea, Indigestion (like a lump of lead in stomach) Biliousness, Heartburn, Water brash, Pain in stomach and Intestines and other symptoms.

Headaches from the stomach are absolutely unknown where this effective remedy is used. Diapiesin really does all the work of a healthy stomach. It digests your meals when your stomach can't. Each triangle will digest all the food you can eat and leave nothing to ferment or sour.

Get a large 50-cent case of Pape's Diapiesin from your druggist and start taking today and by tomorrow you will actually brag about your healthy, strong stomach, for you then can eat anything and everything you want without the slightest discomfort or misery and every particle of impurity and Gas that is in your stomach and intestines is going to be carried away without the use of laxatives or any other assistance.
