small, but oh my! When he espied the charging team of maddened, fiery horses burning up the pavement on Central Avenue leaving a milky way behind, Lee forgot his physical stature. All he remembered was that the milk must be saved at any cost.

As they neared the corner of Central and 8th street, a few brief attempts on the part of some spectators to stop the plunging team failed miserably, and on they came. A few buggies on the side of Central avenue were in great danger of being demolished, not to speak of the dangerous course the outfit would pursue on the main street.

Lee ran out onto the street and along with the horses till an opportunity presented itself, and then grabbed the halters and hung on for his life. One horse dropped on its knee and was dragged for a rod before its companion was induced to rest.

The wagon and team, belonging to John Boersma of south College Avenue, suffered no other damage than the injured knee of the fallen horse and some lost milk on the wayside. The run started on 17th and Central avenue, a dash of nine blocks.

C. L. KING FACTORY TO BE TORN DOWN

LAND WILL BE SUB-DIVIDED INTO
TO FACTORY AND RESIDENCE
SITES.

Land Comprises 13 Acres; Will Retain
Small Strip for Swimming Pool
Should City Desire It.

Attorney George E. Kollen and several other interested citizens who recently purchased the C. L. King property, when it was sold under the hammer are advertising to the lowest bidder, that all buildings, such as the old factory, warehouses, sawmills, barns, etc. will be sold with the understanding that these be torn down or moved off from the property. All bids are supposed to be in by the 20th day of April.

This marks the passing of what was at one time one of Holland's most prosperous business institutions. But it like the lumber mills were finally discarded. When logs were no longer procurable in the neighborhood and when freight rates were so exorbitant that logs could not be shipped in from a distance then was the time when C. L. King's basket factory's business began to decline until finally the institution shut down all together.

Soon the old land-marks will be razed to the ground and in their places dwelling houses and modern factory institutions will be erected.

The intention of the purchasers of the ground is to sub-divide it and cut it up into factory sites. The land is bounded on the south by 12th street, on the east by Hope College addition and on the north and west by Black lake.

It is said that a large manufacturing plant has practically closed a deal to take a strip directly north of 12th street upon which a \$25,000 factory building will be built in the very near future. The Holland Sugar Co., it is understood needs more room for switching and an additional building for slicing beets and they are anxious to get a strip directly north of the Sugar factory. The point extending out into Black lake, known to the older residents as "Steep Point," because the water is very deep, directly off the point, would be a fine place for a large dock where practically no dredging would have to be done. The promoters have not given up the hope that a car ferry will some day ply between Holland and Milwaukee, thus connecting with the western railroads and if this were the case there would be no more suitable spot to land than old "Steep Point," comprising part of the C. L. King Co. property.

There is then still one strip left and this is what the boys formerly called "Shallow Point". This strip is at the foot of 10th street and has a long sandy beach with a gradual decline extending out more than a hundred feet. "Shallow Point" could easily be called a swimming school, as there is no doubt that in the past 50 years more Holland beginners have learned to swim at "Shallow Point" than at any other point in the vicinity of Holland. Even the old-timers in Holland can recollect their first dip at this place. In fact they started their training at shallow and graduated at "Steep Point" a few hundred feet further north.

Those interested in the property say that they are willing to sell this strip to the city of Holland at a very reasonable figure, enabling the city to acquire a swimming pool which has been a long felt want, and also a strip of land which could be converted into a park. Access could be had by extending 10th and 11th streets, both of which would be leading directly to the property so utilized.

A communication to this effect has been sent to the Common Council and what disposition will be made of it will no doubt be determined at the next regular meeting. Holland needs a swimming place for the young boys and if this strip of land with a natural bathing beach can be secured at a reasonable figure the investment no doubt would be a good one. It certainly is deplorable with a beautiful body of water right at our door, that a place for bathing has not long ago been provided for.

BICYCLE AND MOTOR- CYCLE IN SMASH-UP

DYKSTRA AND SCHUTENGA COL-
LIDE IN SIX O'CLOCK RUSH;
BICYCLE SMASHED.

During the 6 o'clock homeward rush of workmen last evening, traffic suddenly became so dense at River and Eighth street that the drivers of several autos and many bicycles were confused. One auto stopped with a choked engine, and Cornelius Schutenga, 379 Maple avenue, an employee of the Ottawa Furniture Co., put the brake on his bicycle to avoid hitting the dead machine. Simon Dykstra, driving his motorcycle at a right angle to the course of Schutenga quickly slammed on his brakes, but not in time to avoid a collision.

When Schutenga picked himself up from the pavement, he found the front wheel of his bicycle hopelessly wrecked and the handle-bars bent out of shape. The accident was declared by spectators to have been purely accidental. Dykstra volunteered to pay half the damage, and rode away, but Schutenga was forced to walk home.

DEMOCRATIC CO. CONVENTION

The Ottawa County Democratic convention will be held in the court house in the city of Grand Haven on Friday, May 5, 1916, at 2:30 o'clock in the afternoon for the purpose of electing seventeen delegates to the state convention to be held in Lansing Wednesday, May 17, 1916.

A LOCAL TALENT THAT WILL MAKE A HIT

MISS DOREMIFASOLASINI'S AMER-
CAN OPERA WILL BE PRE-
SENTED AT THE WOMAN'S
LITERARY CLUB BY THE
MARCH DIVISION

The Play is an Unusual Offering and
Runs From the Sublime to the
Ridiculous

What is predicted to make one of the hits of the season, considering the different excellent programs given by the Woman's Literary club, the past six months, is a presentation of Miss Doremifasolasi's American Opera, a musical play by Frederick W. Root. The opera is a very unusual offering and is already creating considerable interest among the music lovers of Holland and vicinity. And although the tickets have been on sale but a few days the advance sales have been unusually heavy. The opera will be given by some of Holland's best musical talent and no doubt the musical production on Monday evening, April 24 will be accorded a crowded house. The play is under the direction of Mrs. C. H. McBride and Mrs. Milton Hoffman who have spared no time or energy in getting the opera in shape so that it can be presented in professional style. Mrs. Hoffman is a director of rare ability and the cast have been faithful and arduous in perfecting their different lines. To give our readers some conception of who and what, Miss Doremifasolasi is we herewith give a short resume of the opera as it will be presented:

Miss Doremifasolasi is the professional name of an American who returns to her native land with some very exalted notions of her own mission as an apostle of American art. Her plan for the regeneration and eleva-

INCUBATOR EXPLODES CAUSES FIRE ON FOURTEENTH STREET

THE BIG CHEMICAL USED TO PUT
OUT THE BLAZE

Both fire departments responded to a call from 200 West Fourteenth street, the home of S. Hill. It seems that the family living there had an incubator going, filled with eggs for hatching in the house and in some unaccountable way the incubator exploded starting a blaze. Both departments were on the spot quickly and the large chemical on the new truck was tried instead of water with the result that within a few minutes the fire was out. The chick in embryo were thoroughly fried.

Mr. and Mrs. Nick Sprietsma who came home late from a party noticed the smoke issuing from the house and quickly woke up the Hill family who were asleep. The house belong to H. J. Fisher, the local druggist.

Very little damage was done owing to the prompt arrival of the fire department and the fact that water was not used

OLD MAN SUBSISTS ON WHAT HE BEGS

Slumming in Holland is not so uninteresting at times. A case was brought to the attention of the police today, for which it would be hard to find a parallel in the slumming district of Rome, famous for its beautiful buildings and ugly beggars. Tony Wagenaar, a wizened old man of 72 years of age, aptly described as a wood-chuck, has made his home all winter in the attic of a little barn on East Seventh street near Columbia avenue. It is needless to say he has not a housekeeper and he is not a housekeeper himself. Why should he so particular with his home, if such a place can be called home, in Holland, when for years he lived in a dug-out at Port Sheldon, with two pigs as his bosom companions?

Entrance is gained to the habit through a small door to the attic reached by a ladder from the outside. Junk litters the place. One is first struck by the dirt and filth on every side and then by an extensive wardrobe of the dweller. One wall is completely covered by old clothes of every description, all ragged and very, very dirty. He has a cot in the room but he took the small straw tick from the cot and sleeps on the floor in one corner. Instead of taking his clothes off at night he puts more on, draws some very, very dirty blankets around him and he says he sleeps fine.

He found a little old fashioned oil stove in the swamp and sometimes he cooks things to eat but most of the time he lives on cookies and things he can beg at homes in the neighborhood. A lantern furnishes light for him and he reads the bible and the De Grondwet for entertainment. Life is only made possible by plenty of air thru the many cracks in the walls.

Olive township authorities have been notified to come and take care of him and now Wagenaar is afraid he will have to go to the poor house. He laments this because there he can not go to church. He attended a Dutch church every Sunday in Holland.

The Central avenue church orchestra will give a concert Monday evening at the Central avenue church. A 24-piece orchestra under the leadership of John Van Vyven will give an excellent program. The members of the orchestra will appear in their new uniforms recently purchased from the firm of P. S. Boter & Co. The program will consist of orchestra numbers, solos and duets, and the Male quartet will also be on the program for several numbers. The concert starts at 7:30 o'clock sharp.

OLD TOM SHEEHAN BE- COMES A U. S. CITIZEN

TRIED TO RENOUNCE ALLEGI-
ANCE TO QUEEN WILHELMINA
BY MISTAKE

County Clerk Glerum Noticed His Mis-
take in Time. The Laugh Was
On Thomas.

Among the number who acquired full citizenship Tuesday was Thomas Sheehan, the well-known Olive township man. Mr. Sheehan was a native of Canada but came to the United States years ago, and supposed that he had taken the necessary steps to acquire citizenship. He has never at any time considered himself a subject of George V or any other sovereign of England. When he learned of his status, he immediately took steps to correct his citizenship. But that is not the story. Tuesday when it came to step forward and renounce allegiance to foreign princes and potentates, County Clerk Glerum called first for the men of the Netherlands to come forward and renounce their former queen ruler. Mr. Sheehan did not quite hear the instructions and he stepped forward and raised his hand. When Mr. Glerum saw what was happening he could not restrain a smile behind his hand. The situation of Tom Sheehan standing up there renouncing his allegiance to Queen Wilhelmina of the Netherlands was almost too much for the officer.

Tom's mistake was discovered in time to save him. Any one with Tom's name and,—well, it would have been impossible for him to disclaim the right of the Dutch queen to reign over him as a subject. 'T would have been a fine pickle he'd been in, if he'd renounced the queen of the Netherlands and remained under the rule of George, the Fifth. But Tom Sheehan's always been a real American citizen, and a mere technicality could have made no difference with his heart.

ONE ASKS FOR DIVORCE; ONE GETS DIVORCE

GERRIT HARMSEN IS DIVORCED
FROM EDNA HARMSEN.

Through the firm of Diekema, Kollen & Ten Cate, Edna M. Harmsen secures a divorce in Circuit court from Gerrit Harmsen. Judge Cross gives Mrs. Harmsen the custody of the children and she also gets the household furniture. The family is living on East 8th street.

A bill for divorce has also been filed by Clara Vereeke against George J. Vereeke on the grounds of extreme cruelty. Mrs. Vereeke also asks the custody of the two children.

About a year ago Vereeke was arrested by Deputy Sheriff Dornbos in Grand Rapids for non-support and desertion. Today he is working in the Reo factory at Lansing, Michigan.

The same law firm is handling the Vereeke matter.

SCOTT-LUGERS LUM- BER CO. INSTALLS NEW MACHINERY

MADE EXTENSIVE IMPROVEMENT
TO TAKE CARE OF IN-
CREASED BUSINESS

The Scott-Lugers Lumber Co. has rearranged its factory and has installed several new machines for manufacturing Interior Finish. Since the old planing mill on the corner of Tenth and River avenue was removed this firm has had part of its interior finish manufactured at the Home Interior Finish Co., in which mill they had a one-half interest. Since February 14 the stockholders of Scott-Lugers Lumber Co., G. John Kookier, William Brusse, David Holkeboer, Mrs. D. B. K. Van Baalte and D. B. K. Van Baalte, jr., have sold their interest in the Home Interior Finish Co., and have increased the facilities of the Scott-Lugers Lumber Co. and now have an up-to-date plant for interior finish and all mill work in connection with their lumber yard on River avenue.

This firm is the oldest in the lumber business in the city. In fact it was established over 50 years ago on River avenue and was incorporated under the present name about twenty years ago.

The business is under the management of G. John Kookier, who succeeded the late B. L. Scott, while David Holkeboer is in charge of the lumber yard. The Scott-Lugers Lumber Co. has established a reputation for reliability and always stands for good quality at reasonable prices. Mr. John Harmsen, for many years superintendent of the Scott-Lugers Lumber Co. and recently employed as estimator and superintendent by the Stiles Brothers' Lumber Co. in Grand Rapids, has returned to Holland and resumed his former position with the Scott-Lugers Lumber Co. and will look after the detail work and estimate plans.

Mr. Arend Bosman in charge of the Machine room has been with the firm for over twenty years continually. Several of the other employees have been with the local firm for a long time and therefore are all familiar with the lumber and mill business.

The company invites its friends and all those interested to look over the mill and stock of lumber. The new truck recently purchased, has just arrived, therefore the Scott-Lugers Co. will be in a position to give the very best service.

Lewis Curavo of Holland and Miss Mae Pike of Grand Rapids were married Saturday evening at the Methodist parsonage by the Rev. I. W. Minor, pastor of the church.—G. H. Tribune.

REV. P. P. CHEFF HEADS CLASSIS OF HOLLAND

REFORMED CHURCH BODY ADDS 250 NEW MEMBERS DURING YEAR.

The Holland classis closed a two days' session in the First Reformed church last Thursday. Rev. P. P. Cheff of Zeeland was elected president and Rev. Martin Filipse of Holland, clerk. According to the statistical report one new church and 250 new members were added during the year. Contributions for congregational purposes showed an increase of \$5,000 and for denominational purposes \$3,000. There are 24 churches in the classis, five of which have no pastor.

Elections resulted as follows: Delegates to the Particular synod at Orange City, Ia., Rev. H. J. Veldman, Rev. M. E. Broekstra, Rev. M. Filipse all of Holland and Elders S. Hiemstra of West Olive, B. Neerken of Zeeland and C. Den Herder of Vriesland. Delegates to the general synod at Holland in June, Rev. H. B. Mollema, of Vriesland, Rev. F. M. Wiersema of South Blendon, Rev. W. C. Walvoord of Hamilton and Elders John A. Wilterdink of Holland, D. Portage of Three Oaks, and A. Van Devere, of Cleveland.

Agenda—Foreign missions, Rev. H. B. Mollema; domestic missions, Rev. G. Tyssse of New Holland; education, Rev. J. Poppen of Bentheim; publication and Bible study, Rev. Albert H. Strabbing of Ebenezer; widows and disabled ministers, Rev. Nicholas Boer of Forest Grove; temperance, Rev. W. C. Walvoord of Hamilton.

The classis approved of the change in location of the Reformed church in Graafschap to a site near Central park. The building will likely be dismantled and rebuilt as it is doubtful whether it can be moved.

INTERCLASS BAS-KET BALL AT ZEELAND HIGH

A meeting of all the boys interested in baseball was held Friday noon in High school. A. H. Washburn called the meeting to order. It was decided to have class teams as last year. Due to lack of material in the Freshmen and Sophomore classes it was decided that these two classes would unite and form one team. This team together with the Junior and Senior teams will play their games on the ball diamond of the Zeeland Independents. Each team will play six games making a total of nine games. Two games a week will be played, one on Monday night and one on Thursday night. Arrangements have been made by which classes in the afternoon on these two days will begin at 1 o'clock instead of 1:15 and then the school will be let out earlier. In this way it is hoped a large attendance will be present.

No special officers were elected to take charge of the sport but the officers of the basketball association will be transferred to the baseball association. Mr. Prescott, teacher of science in the High school and who has had considerable experience in baseball work, was chosen as coach. Each team will elect a captain and manager during the course of next week. The three managers, together with Mr. Prescott will purchase all the supplies. Superintendent A. H. Washburn and Mr. Prescott are working over a schedule which will soon be completed. Four dollars and a half must be turned into the treasury from each of the three teams, making a total of \$13.50, which will easily cover the expenses for the year. The team to represent the High school will be picked from the best players in the three teams. Arrangements have been made by which two weeks preliminary practice will be held before the league opens. Mr. Prescott will coach the Freshmen-Sophomore team on Monday nights; the Juniors on Wednesday and the Seniors on Thursday nights. Considerable interest is being taken in the baseball work this year, and although there is no trophy for the winning team nevertheless each team will do their best to land on the top.

IMPROVEMENTS IN ROADS NEAR HOLLAND

THREE ROAD JOBS WILL BE LET TOMORROW

Austin Harrington Is Looking Out for Holland's Interest in the Matter of Added Road Improvements Leading to This City.

Tomorrow will be good roads' day in this vicinity and it would be well for good roads builders to be on the ground, when the bids for three strips of good roads are let.

The first strip will be let tomorrow at 1:30. This is a strip of one and one fourth miles on Sixteenth street just east of the cemetery. This will complete a bad spot that has always been an eye-sore to farmers coming from Overisel and Drenthe. When this mile and a fourth is completed it will mean good roads all the way into Holland from these two rich farming communities.

At 2 o'clock, a mile and a half of good road will be let on the Waverly highway, going north and south. This will complete that stretch of road into Holland, also tapping a rich farming country.

At 2:30 three-quarters of a mile of concrete road will be let to the lowest bidder. This road is just east of the Scholten bridge, near the old Boone Homestead and will improve the last three-quarters of a mile of poor roads between Holland and Grand Rapids in Ottawa county. Certainly that much cannot be said of Kent county, as the roads into Grand Rapids where the autoists strikes Kent county is very poor, indeed.

These different road jobs will be let at the different places where the work is to be done at the time stated above. And those interested are welcome to attend these gatherings, with the county road commissioners at that time.

Holland is certainly getting a good boost along the good roads line, and the time is not far distant when the most skeptical good roadster will be a booster for projects of that kind. The signs of the times point to good roads everywhere. It brings the communities closer together. One thing we must not lose sight of and that is that the communities which have no good roads leading to it, within ten years will be an isolated community. The way Holland and vicinity has been taking hold of this all-important project shows that this city will not be in that class.

WOMEN HELPED CARRY GOOD ROADS BONDS

HATS OFF TO THE LADIES OF LAKETOWN

The women of Laketown saved the day for Good Roads when they voted on the question of bonding for \$36,000 to continue the West Michigan Pike thru their township at the election last Monday.

There were 254 votes cast in the town ship, 136 for bonding and 118 against it which shows that the proposition carried by 18, a three-fifths vote. There were 21 women who voted and they all voted for the proposition if the straw vote taken afterwards is correct and we are very sure it was for women are not afraid to tell their views if they have a mind to.

If the women of all communities would show the spirit the Laketown women did on this occasion they would soon be given the unlimited use of the ballot and if they showed the same judgment that the Laketown women did the county would be better for having given them the ballot. The action of Mrs. Brooks, an elderly lady who undertook a walk of over two miles to vote shows in itself how strong the sentiment was and how determined those in favor of the road were to win.

Are the ladies more progressive than some of the men in Laketown?

BELL RINGERS MAKE BIG HIT

Delight Governor of Iowa With Varied Concert; Schedule Drake University. Peter H. Brouwer, editor, musician, and bold rover, formerly of Zeeland, sends the following news from Des Moines, Ia.:

The Royal Holland Bell Ringers' family are making a big hit in Des Moines, Ia. Recently they appeared in the State Capitol before Governor Clark and his staff. The governor was so delighted with the concert that they gave them the highest recommendation with the great real seal of the state of Iowa on it with blue ribbon around it.

The Bellringers are scheduled to play April 19 at Drake University, the greatest university of the state. There are 2,500 students. The family were asked to join the chautauqua, but they have not decided yet.

FARMERS FORM GRAIN BREEDERS' ASSOCIATION

OLIVE CENTER BUSINESS-FARMERS EXPECT GOOD RESULTS FROM ORGANIZATION

At a farmers' meeting held at Olive Center on Friday, April 7, a Grain Breeders' Association was formed with 18 members. While this is not a large number, the members are all wide-awake business farmers and good results are expected from this small beginning. Levi J. Fellows is President and Maurice Luidens secretary and treasurer. A meeting was called for Thursday evening, April 20, at which time steps will be taken to further perfect a permanent organization.

The following were elected as chairman of the various committees: Hiel A. Fletcher, program; D. H. Hagerman, constitution; and Abel P. Nienhuis, refreshment.

SON OF REPRESENTATIVE HAS CLOSE ESCAPE

HORSE AND WAGON STRUCK BY HOLLAND INTERURBAN.

Henry A. Bosch, son of State Representative Albert H. Bosch of Zutphen, met with an accident while in Zeeland which came within a very narrow margin of costing his life. He was driving north on Maple street with a team of horses and empty wagon, and upon approaching the interurban tracks, failed to notice the 3 o'clock car coming in from Grand Rapids. The car struck the wagon squarely just back of the team, throwing the sole occupant some distance and knocking the horses off their feet, the wagon being completely demolished. The mortorman had the car well under control and stopped it within a few feet. Mr. Bosch was apparently uninjured and so were also the horses but the harness had to be cut to pieces in order to release the horses and it required about 15 minutes before the tracks were cleared. The Maple Street crossing is an exceptionally dangerous one, the view being much obstructed in either direction, and the approaching cars are almost upon a vehicle before they can be seen.

USES X-RAY MACHINE JOHN DE JONG, D. C.

Dr. John De Jonge D. C., returned from Davenport, Ia., Saturday morning where he has been taking a post graduate course in the P. S. C., the largest Chiropractic college in the world, 1,000 patients being adjusted per day. Mr. De Jonge has been absent four months and the course includes X-ray work, which he expects to use in his practice in the future and will prove to be a great advantage. Our Chiropractor has been favored with liberal patronage during his practice here, which warrants his investing the time and expense in the course he has just completed. The doctor is a very practical man and holds that the best is none too good for his patients. This he is now prepared to furnish in his treatments including the X-ray system, as soon as he has installed the very expensive instruments. Mr. De Jonge maintains offices in Holland and Zeeland which have been in charge of his father, Jacob De Jonge, during his absence, the latter also being a Doctor of Chiropractic. Mr. De Jonge has now resumed the work personally and can be found from 9 to 11 a. m. at his Zeeland offices and at his Holland offices from 1:30 to 4:45. Evenings in Zeeland on Mondays and Fridays from 7 to 8 and in Holland on Tuesday, Thursday and Saturdays from 6:30 to 7:50.

TAXED DOG OWNERS MUST PAY MONEY TO KILL UNTAXED DOGS

NEW LAW ON DOGS MAKES NO BONES ABOUT IT

The new dog tax law doesn't have any loop hole for the man who owns a dog. He must pay the tax within ten days after the assessor puts him on the list or the sheriff is paid one dollar to kill the dog. The law doesn't say he "may" do this, but it says "shall".

The man who pays his dog tax has the satisfaction of knowing that part of his money is being used to kill the dog on which no tax has been paid.

SMASHES FINGER

Ed Tilma, Working at North Side Tannery, Meets With Accident

While assisting in the laying of some sheet-tiling at the North Side Tannery, Ed Tilma suffered an accident that resulted in the amputation of half of his left thumb. A heavy hammer in the hands of a companion slipped and came down with such force on Tilma's hand that the thumb was smashed.

Tilma will resume his work in a few days. He is a brother of mayor-elect of Grand Rapids.

KOLE WINS IN SUPREME COURT

LAMPEN NOTE FOUND TO HAVE FALSE SIGNATURE BUT KOLE WINS \$162.00

The Supreme Court of the state has confirmed the decision of the lower courts in the Kole vs. Lampen case. The plaintiff sued Fred Lampen, sr., first in the justice court of Zeeland for the payment of a \$155 note given him by Fred Lampen, Jr., in payment for a horse. Kole was led to believe the note was genuine, it is charged, till the horse died and Lampen had sold all his good and had disappeared from the vicinity. Kole had warned Lampen, sr., that the note would be due in a few weeks, but when the payment was due, no attention was paid to it.

Kole began suit for payment and Lampen then for the first time claimed that the note was a forgery. The justice court of Zeeland decided in favor of Kole and the case was appealed by Lampen. The Circuit Court found the signature to be false, but again gave a judgment of Kole. Again the case was appealed and now the State Supreme court has given Kole a judgment of the face value of the note with interest, amounting to about \$162. Fred Lampen, jr., was the only witness in the case. He claims that Lampen, sr., sent him to Denver, Colo., to escape being held on a forgery charge.

CHARGED NON-SUPPORT

Raymond Arrested in Muskegon by Beekman; Examination Next Tuesday.

James Raymond, 60 West 7th Street, was arrested in Muskegon Tuesday by Deputy Sheriff Egbert Beekman and was taken to the local jail. This morning he appeared before Justice Robinson on the charge of non-support.

Raymond demanded an examination which was set for next Tuesday. A bail of \$300 was fixed and was produced.

HOPE AGAIN PUT ON MAP THRU ONE OF HER SONS

GEORGE STEININGER WILL PARTICIPATE IN NATIONAL ORATORICAL CONTEST

Michigan will be one of the three states represented May 15 at the national oratorical contest to be held at Fairfield, Ia. This was decided Friday night at Athens, Ohio, when George Steininger of Hope College won first honors competing against five other states, Wisconsin, Ohio, Illinois, Missouri and Indiana. Ohio, represented by Hodge M. Eagleson of the Ohio university, captured second place and Wisconsin, represented by Garfield Cox of Beloit college took third honors. Mr. Steininger will compete with these two at Fairfield for national honors.

ALL WRONG

The Mistake is Made By Many Holland Citizens.

Look for the cause of backache. To be cured you must know the cause.

If it's weak kidneys you must set the A. Holland resident tells you how. J. W. Flichmann, 83 River St., Holland, says: "Physicians told me I had lumbago. I suffered from dull pains in the small of my back and limbs and my joints were stiff. I could hardly stoop or lift and after sitting, it required a great effort to get up. Physicians' medicine did not help me, but a box of Doan's Kidney Pills, procured at Doeburg's Drug Store, removed the aches and pains in a short time."

Results That Remain

OVER TWO YEARS LATER, Mr. Flichmann said: "The cure Doan's Kidney Pills made for me is still lasting."

LOCAL LUMBER CO. CHANGES HANDS

INCREASES CAPITAL STOCK FROM \$40,000 TO \$75,000 AND ACQUIRES MORE PROPERTY.

Bos-Bolhuis Lumber Company is Now Bolhuis Lumber and Manufacturing Company

The Bos-Bolhuis Lumber Company of this city recently purchased the property of the Home Interior Finish Co. and changed the name of the firm to Bolhuis Lumber and Manufacturing Co.

The acquiring of this additional property and some other recent changes, such as the increasing of the capital from \$40,000 to \$75,000, the installation of a new power plant and the purchase of new machinery makes this one of the strongest and best equipped plants of its kind in western Michigan. The stockholders in this new company are Frank Bolhuis, Herman Fredericks, Wm. Van Alsburg and Martin Oudemoot of this city, Stewart Bolhuis of Grand Rapids, Jacob Bolhuis of Jackson, and Henry Winter, Holland.

The Bolhuis Lumber and Manufacturing Co. will continue to sell a complete line of all kinds of building material and to manufacture fine interior finishings, store fronts and similar products. Among the large contracts recently secured is the furnishing of the mill-work for the new Calvin College building to be erected in Grand Rapids by the Dyke-Jonkman Construction Co. of this city.

In addition to their regular line of manufacturing this company has started the manufacturing of Read-Cut Buildings, specializing in truss-frame barns, small cottages and garages. Although this is a new venture in this part of the country, they have sold several buildings recently, and the owners have without exception declared themselves satisfied with the material and splendid service.

The company has received orders for several more Read-Cut buildings, and the prospects are good for a fine business in this class of work. In the adoption of this method of building, the labor cost is greatly reduced and the company is able to greatly increase its territory and bring new business to Holland.

BLACK LIST SATURDAY; DRUNK ON SUNDAY

SUCH IS THE STORY OF NICHOLAS PLAAGENHOEF: SIGNED PLEDGE NOW.

The efficiency of the Black List was demonstrated clearly in the past two days. Nicholas Plaagenhoef had proven himself an abuser of the art of drinking, consequently he was placed on the Black list Saturday. This was thought to be the solution of the problem.

Sunday an officer was called to the Plaagenhoef home to care for a thoroughly intoxicated man. It was found to be the last name on the Black List. He was arraigned before Justice Robinson Monday morning and a sentence of thirty days was suspended on the payment of \$3.45 costs and the signing of the pledge for six months. The company of Plaagenhoef will probably be held for furnishing liquor to a Black-lister.

GRAVEL WON'T STAND UP ON THE ZEELAND HOLLAND ROAD

Cement Will Now Be Tried In Places To Get Away From Constant Repair Bills

County Road Commissioner Cook informs us that a number of spots in the gravel roads throughout the county have failed to stand the wear of heavy traffic and the wagon wheels have cut through the road-bed, leaving the highway in a very poor condition at such points. A considerable amount of gravel road has gone wrong the past winter and the county road commission is much disappointed in gravel as a material for building permanent good roads. On Tuesday a representative from the state highway department was here and Commissioner Cook took him out to look over the bad places in this vicinity.

For reason of gravel failing to resist a great amount of travel, the commissioners have decided to construct a mile of concrete roadway between this city and Holland, continuing on the west of the gravel road built by C. Andre last summer, at a point near the New Groningen store, and connecting it with the good road from the other end of the line near Boone's bridge. The concrete road will be sixteen feet wide and will connect Zeeland and Holland with improved roads.

WILL INSTAL BUSI- NESS COURSE IN H. S.

BOARD OF EDUCATION TAKES DEFINITE ACTION AT MEETING.

Course Will Be Regular Part of School Instruction; Will Be Elective.

The Board of Education has voted to install a commercial course in the high school with the opening of the new school year in September. This has been a recognized need of the high school in late years and a test vote among the students and parents showing almost unanimous sympathy with the movement led the Board to take definite action. The Board has recognized the good of such a course for some time but the co-operation of the citizens and students was necessary to make the plan a success.

This course will be installed as a regular part of the high school instruction. It will not be a required course but it is thought that a large majority of the students will take advantage of the opportunity of gaining a business education. The entire course will take four years.

It is not the intention of the school board to attempt to compete with the business colleges of the city. However a high school student taking the course for the four years in high school will be able to do office work. Diplomas will not be given as in a business college but if the student wishes such a diploma it can be secured by a few weeks attendance at a business college.

Commercial courses are now given in most of the up-to-date high schools and they have all been very successful.

HOLLAND LAD IS PUT ON PROBATION

JUDGE CROSS GIVES RICHARD TRAAS OF HOLLAND A CHANCE TO REFORM.

Richard Traas, the lad who was arrested for the theft of a watch from his uncle in this city, as he was boarding the Chicago train for a getaway, appeared before Judge Cross Tuesday morning in circuit court for sentence. The court stated he believed Traas would make good if he were given another chance and he was disposed to try the experiment.

William Hartman, who lives on a farm outside of Chicago, was named as the probation officer and Traas was directed to go to Hartman's farm and work. The appointment as probation officer was made by Hartman, who has faith in the lad.

FIRST CHURCH IS OUT OF CUP RACE

FOURTEENTH STREET AND TRINITY CHURCHES TO FIGHT MONDAY NIGHT FOR THE CUP

The grasp of the First Church team on the Van Tongeren cup was entirely lost Thursday night when they were eliminated from the race by the 14th St. Church team on the High school floor 11-3. Near the close of the league it was felt by the majority that the 1st church five would be the winning squad, but the deciding game was lost, necessitating the playing of Fourteenth Street and Trinity churches.

On Monday night the Trinity and 14th Street fives will meet to fight for the silver cup offered by H. Van Tongeren in the "Y" league. The clash Monday night will be free to the public, and because of the outcome of the contest a large crowd of rooters is expected.

INDIA SCHOLARSHIPS PLEGGED BY TEACHERS

THREE SCHOLARSHIPS IN THE SCHOOLS IN INDIA OFFERED BY HOLLAND TEACHERS

The Women's Foreign Missionary society of the M. E. church rejoices in the fact that, as a result of Miss Voiglander's talks in this city recently, three scholarships in India have been pledged by teachers in the public schools of this city.

The April meeting of the society was held at the home of Mrs. Emma Bender Thursday afternoon. The devotionals were in charge of Mrs. Rader. Mrs. Eugene Fairbanks gave such a comprehensive review of the chapter on Korea that all felt a new interest in that small but important country. The mystery box proved instructive.

Delicious refreshments of pineapple cream and cakes were served by the hostesses, Mesdames George and Will Bender.

SEMINARY READY TO GRADUATE STUDENTS

MAY 10 WILL BE DAY OF GRADUATION AT THE WESTERN THEOLOGICAL SEMINARY

Preparations are being made for the commencement exercises of the Western Theological seminary. The exercises will be held on May 10 in one of the local churches. The class orators are J. Bovenkerk, in the Dutch language and A. Van Bronkhorst in the English language.

The memorial given by the senior class is a beautiful Victor piano, which has been placed in the reception room of the dormitory.

Three members of the class have accepted the promises of calls. A. Waalkes to the Reformed (German) church of Lenox, S. D.; J. M. De Vries to the Reformed (German) church of Cromwell Center, Iowa, and C. Dame to the Calvary Reformed church of Grand Rapids, Michigan.

Two members of the class have accepted appointments as missionaries. A. Van Bronkhorst to Japan and L. Hekhuis to India. They intend to sail from San Francisco the latter part of August.

TWO FORDS AND AN OVERLAND MEET

OF COURSE THE FLIVVERS GOT OUT OF IT EASILY; THE DRAY SUFFERED.

Tuesday afternoon at 4 o'clock three autos came together. Not that they had planned it or wished to, but because the traffic signals were forgotten. Henry Mulder's Overland dray was northbound on Central and Eighth St. while Dr. Fischer in a Ford Touring car and Ter Haar driving for the Wolverine Tea Co., also a Ford, were westward going on Eight street.

Just as Mulder reached the north boundary of the street the two approaching Ford cars neared him. Dr. Fischer attempted to turn out, and being on the inside he ran into the delivery car driving in the same direction. Instead of continuing on his slanted course, Dr. Fischer agreed to accompany Ter Haar, and the two made a straight line for the broadside of Mulder's dray.

After the crash, an inventory revealed a broken light on the Ford delivery, a dented fender on Dr. Fischer's Ford touring car, but the dray, not belonging to the Ford family, suffered a broken fender.

(Continued from First Page)

tion of the lyric drama in America is like that of many another, to bring European art bodily to these shores and insist upon the entire abnegation of anything cis-Atlantic.

She has, as she supposes, composed an opera during her residence abroad and she now brings it with her, intending to offer it to the public as a beacon light of hope for the artistic salvation of her benighted countrymen.

With this in view she has called to gether a company of ambitious music students to try over her "great work."

She is rather vague in her explanations of the work and the singers cannot discover any valuable inspiration in the theme of her opening number which she plays (in her own way) upon the piano, so they take matters into their own hands and sing something which they know. This Miss D. complacently accepts as her own, and, complimenting the ladies upon the readiness with which they catch her idea, she is about going on when it occurs to someone that an opera company should have some tenors and basses in it. Whereupon Miss D. says that there are some men out in the ante-room talking politics, that she will call them in and make them sing.

As they do not come at her summons, several of the other ladies try various forms of blandishment, but it is only when one of the number shows in her manner of calling them, a profound knowledge of human nature, that success crowns their efforts.

But the men are so deeply engrossed in politics that it is with great difficulty that Miss D. gets their attention to her opera and even then they make some radical changes in it in conformity with their political bent.

However the unsuspecting Miss D. accepts as her own every thing that is sung and is in high feather, over the way things are going.

Before every number that is sung, she plays (after a fashion) what she intends as the theme of the number.

At last one of the ladies thinks she discovers a strong resemblance between all these themes; and, moreover, that there is a resemblance between them and something in her own memory.

After meditating at the piano awhile she finds that Miss Doremifasolasi's American Opera is more American than it was intended to be and that the old tune "The Old Oaken Bucket" in one distortion or another is the only idea in it.

She calls the attention of the company to her discovery and they sing a strain of the tune. Miss D. at once claims it as her own composition saying that she intends it as the finale of the last act and that it is to be a drinking song.

She recites to the company the very remarkable words which she has composed for this number and the ladies, no longer able to preserve a respectful gravity of demeanor, greet the recital with derisive laughter.

They relieve their pent up feelings by making unmerciful fun of Miss D.'s inspirations, and that eminent lady at length departs in great indignation saying that some other place shall have the honor of bringing out her opera.

A happy thought occurs to Paul E. Titian and the performance closes with a drinking song indeed, but very different in its sentiment from that intended by Miss Doremifasolasi.

Cast of Characters

Sopranos—Misses Lucile Mulder, Evelyn Keppel, Ethel Dykstra and Beatrice Steketee.

Altos—Misses Eva Leenhouts, Bernice Jones, Anna Kolyn. Miss Florence Vennema, accompanist. Miss Doremifasolasi, Mrs. Milton Hoffman; Tenors—Tunis Prins, Gordon Oltman. Basses—Paul McLean, George Steinelinger.

The March division wishing to give its patrons nothing but the best and a bers, and therefore have also added some extras to the program. The Knickerbocker Quartette of Hope College that always makes a hit wherever it goes, have been secured for the evening. Miss Nella Meyer, pianist, who has done excellent work on other occasions, has consented to give a piano solo during the evening.

Miss Mae La Huis of Zeeland who makes her first appearance in Holland on April 24 will render a vocal selection while Miss Jeanette Hoffman, a reader of exceptional ability will be down on the program for a reading.

This entertainment given by the women of the Literary club will no doubt be looked forward to with interest, and there is no doubt that the patrons who come to hear and see Miss Doremifasolasi perform at 25 cents per will be well repaid.

Owing to the length of the program, it has been decided that instead of starting the play at 8:15 as is usually the case, the opera will begin at eight o'clock sharp.

FOURTEEN NEW CITIZENS ARE RECEIVED

FOUR HOLLAND MEN RECEIVED NATURALIZATION PAPERS TUESDAY AT G. HAVEN

G. J. Diekema Gave Stirring Address To Assembled Club and Newly Sworn Men.

In the Ottawa county court room under the profuse decorations of flags, Tuesday morning 14 men renounced allegiance to their former sovereigns and were admitted to citizenship of the United States. Out of the original class of eighteen, one failed to appear and three were asked to study further and appear for examination at the August term of court.

Tuesday morning's session was more striking than words can express. Of course, there were humorous side to the routine of the day, as there always are. One applicant declared that he had never heard of Wm. Alden Smith. Another when asked what would happen should the president of the U. S. die, replied, "We get another! Maybe, W. J. Bryan be president!" He was assured by the examiner that Bryan's chances of being next president were exceedingly slight, right now.

Applicants were examined by C. R. Thomson, U. S. Naturalization examiner of Chicago. Mr. Thomson conducted the examination carefully. He was particular about details but there never was a time when he indicated a disposition to confuse the applicants by his questioning.

The following are the new citizens: Frank Geme, Hungary, Grand Haven township.

Mike Marci, Italy, Holland.

Tunnis Velhoen, Netherlands, Holland.

Louis Mulder, Netherlands, Holland.

William Renkema, Netherlands, of Jamestown.

Nicholas Stielstra, Netherlands, Holland.

Phil Sheehan, Great Britain, Olive.

Thomas Sheehan, Great Britain, Olive.

John Vande Coevering, Netherlands, Grand Haven.

Arie Vande Coevering, Netherlands, Grand Haven.

Albertus Snoejink, Germany, Hudsonville.

Julius Otte, Germany, Grand Haven township.

George Gildner, Germany, Grand Haven.

The naturalization ceremonies were different from any ever before held in Ottawa county, due chiefly to the activities of the Grand Haven Woman's club, whose members believed that new citizens should be more thoroughly impressed with the ideals of newly acquired citizenship in the republic than is usually the case. The idea was beautifully carried out. The court room was profuse in its flag adornment. Small flags were draped in the chandeliers and larger flags were festooned about the walls. Over the judge's bench and extending out over the court room where the applicants took their oaths of allegiance to the U. S., was suspended a great flag. This work was done by Geo. Blackford, custodian of the court house.

When all had been examined the natives of the nations represented were called forward in turn. When the oaths were finished all successful candidates stood in line while Mrs. De Forest Mc Nett briefly welcomed them to the sisterhood of states. In commemoration of the occasion she presented each new citizen with a handsome little silk American flag, the gift of Weatherwax Post, G. A. R. While the flags were being presented, the representatives of the Woman's club present arose and sang "America." The moment was an impressive one, which sent a thrill of patriotic sentiment through every one in the court room.

Judge Cross stated that the court was fortunate in the presence of Hon. G. J. Diekema in the court room and summoned him to address the new citizens. Mr. Diekema's short address will never be forgotten by those who heard him. His inspiration was clear and patriotic sentiment trembled through every word he uttered. He impressed upon the minds of the applicants that they were no longer subjects of a sovereign, but citizens of a great republic in which each man in himself was the sovereign.

Mr. Diekema declared that citizenship rested not only upon willingness to fight for the flag in war, but in the ability to remain a good citizen in heart. He urged them never to disgrace the old flag by the wrong sort of citizenship. He impressed upon them the fact that no American citizen owed allegiance to any sovereign of any land. "Your queens are here," he said. "The queens of America are the mothers and wives and sisters in the home. They are the queens who rule the American home."

Mr. Diekema's eloquence and his clear cut thought are well known in Grand Haven, but never did he make a finer address than this morning, when without warning Judge Cross called upon him and he arose and spoke the words which were in his heart.

At the conclusion of the ceremonies Judge Cross thanked the women of Grand Haven for their part in the ceremony and invited them to attend the naturalization sessions in the future.—G. H. Tribune.

ANNOUNCEMENT

Since announcing his candidacy for nomination to the office of Sheriff of this County at the August Primary, it has been rumored that Mr. Delbert Fortney would withdraw from the race in favor of one of his opponents. This rumor was entirely without foundation. The encouragement which "Deil," as he is favorably known thru the county, has received from all parts is such that it would be very unwise for him to withdraw in favor of any one and in order to set these rumors at rest, he makes the statement that he is in the race to the finish.

Since Hans Dykhuis took the office of Sheriff of this County, he has been Deputy with offices at the jail and has been on duty since the first of January, 1913.

He was born in the village of Duck Lake, Ca'houn county, this state, and moved to Olive township, Ottawa county, when two years of age and has been an inhabitant of this county ever since. Third of a family of five children he lived with his parents in Olive township until nine years ago, when the family moved to this city. From childhood Mr. Fortney has made his own way and has had a varied experience, having

Delbert Fortney

worked in lumbercamps, iron foundries, farms and all kinds of manual labor, and for a time was fireman at the Grand Haven electric lighting plant. Twelve years ago his father, Andrew Fortney, died, and he has been the main support of his widow mother since that time.

During his term in office he has made an enviable record and friends who have known Del for many years and who endorsed him at the time he received the appointment under Dykhuis, have never had any occasion to regret assisting him in securing the appointment and today are his strongest boosters.

Mr. Fortney's duties have been mainly those of being at the jail to answer hurry-up calls. He has always been ready to serve whether late at night or

early in the morning. No matter when the call came in, unless confined to his bed through illness, Dell was on the job serving his constituents with the cheerfulness and energy that makes one feel free to call again whenever the occasion affords. Broad minded, a staunch Republican, who has always voted the Republican ticket, plenty of nerve, with splendid physique, coupled with three years close and intimate association with the Sheriff's affairs of this county, make him especially qualified to fill the office of Sheriff.—Adv.

NEW DISCOVERY CUTS
COST OF MOTORING

VAUDIE VANDEN BERG OF HOL-
LAND IS PIONEER AGENT IN
AUTOMOBILE CENTERS OF
THE NORTH

Vandie Vanden Berg, a well known Holland man, as general sales agent of a Dallas, Texas company, manufacturing a compound known as speedoline, in the State of Michigan, has introduced into the north a means of greatly cheapening the operation of all gasoline engines. Experiments have been made in running automobiles and it was found that the mileage is increased from 25 to 40 per cent with the use of speedoline.

Speedoline has been on the market only two months. Mr. Vanden Berg accepted his position with the company while he was working in Texas and he is now engaged in putting this product on the market in the great automobile centers of the north.

In this city Mr. Vanden Berg made an interesting test with speedoline. Sonny Kuite's car was driven around Centennial Park at a fixed speed until a half gallon of gasoline was used up. Another half gallon of gasoline was put into the tank and to this was added half an ounce of speedoline. At the same speed as before the automobile then circled the park 13 times more than it did on half a gallon of gasoline without the speedoline. This means that the automobile was driven over four miles further on a half gallon of gasoline with the use of speedoline. Similar tests were made in Grand Rapids and the Grand Rapids press today recognize speedoline with a good story in its "motoring news."

Speedoline will be placed on the market in practically every city in Michigan in a very short time if present plans materialize.

CITIZEN PRESENTS
FLAG POLE TO SEM.

LARGE FLAG FORMERLY IN CHAPEL NOW WAVES FROM STAFF ON SEMELINK HALL.

During the past week a splendid flag pole was placed on Semelink hall, the oldest of the three buildings of the Seminary. Last fall a lady from the East presented a large flag to the Seminary, but as there was no flag pole on which to hang it, it was draped in the chapel. One of the merchants of this city who is very much interested in the excellent educational institutions of Holland, saw a flag pole was needed on the campus of the Seminary, so he offered to put one on one of the buildings which offer the president of the Seminary gladly and thankfully accepted. It is most encouraging that now and then the Seminary receives gifts of this nature from men who are interested in its welfare and prosperity. It is earnestly hoped by the Seminary that soon some one will appear with an offer to beautify the grounds, so that when the general synod meets in this city next June the campus may appear a bright and attractive spot—a credit to Holland.

STUDENTS WILL HOLD
ARBOR DAY CONTESTS

PRIZES FOR BOTH BOYS AND GIRLS IN HIGH SCHOOL; SE-CURE TREES FOR THIS DAY

Two Arbor Day contests are being arranged for the Freshmen and Sophomore students. In the girls' contest, three prizes will be given for the best essays on the subject, "Our Homes Beautiful, or How to Help Nature Decorate our Homes." The winning essay will be published in the annual issue of the Boomerang. The boys will compete to see who can construct and put up the best bird house. Three prizes will be given for the three best houses. The prizes have not yet been chosen, but they will be worth winning.

An opportunity will be given to the students and any citizens who are interested in beautifying their homes, to secure trees and shrubs for Arbor Day. Black Walnut, Concord grapevine, and Freestone peach trees can be obtained at a very low cost from the Normal School at Mt. Pleasant. White ash and Rock maple may be secured free from Lansing, and evergreens will be sent by the state Forestry Association. Anyone who wishes to benefit by this offer should see Miss Rogers, instructor of natural science in the High school.

REFORMED CHURCHES
RAISE HUGE SUM

HOPE CHURCH OF HOLLAND IS NEXT TO HIGHEST CONTRIBUTOR.

Seventeen churches in the Michigan classis of the Reformed church raised \$75,253.34 for congregational, denomination and other purposes during the last year according to the annual statistical report of its stated clerk. Second Reformed church, Grand Rapids, Rev. H. Hospers, pastor, heads the list with total contributions of \$10,715.55, and Hope Reformed church, Rev. August F. Bruske, pastor, is second with \$8,790.22. The Michigan classis has an enrollment of 1,837 families, 3,713 communicants, 502 adherents, 4,709 Sunday school scholars, 2,453 baptized noncommunicants and 1,515 catechumens. Hope church is credited with 245 families and is the largest church in the classis. Trinity Reformed church, Holland, has the largest Sunday school with an enrollment of 556.

TWO TEN CENT STORES
SUFFER FIRE LOSSES

DAMAGE TO GRAND HAVEN STORE, OWNED BY A. PETERS; LOSS IS \$10,000.

Woolworth Store in Grand Rapids Damaged to Extent of \$50,000; Cause of Both Fires Is Unknown.

The five and ten cent store in Grand Haven owned by A. Peters of this city who also conducts a large store here was damaged by fire to the extent of \$4,000 last night. The fire was one of the worst Grand Haven has experienced for years and it threatened for a time to consume the entire building and damage the Grand Haven Baking company and the Cheap Cash department store adjoining.

The origin of the fire has not been ascertained although it is thought defective wiring was the cause. It started in the basement of the Peters store and spread through every floor in the building. The fire did not reach the outside to any great extent. Considerable damage was done by smoke and water to the goods in the store.

The building is owned by Postmaster Peter Van Lopik of Grand Haven. The damage to the building is estimated at \$2,000.

Mr. Peters went to Grand Haven Monday to look after his affairs and took a readjustment of conditions soon. He estimated his personal loss at between \$3,000 and \$4,000. However this is partly covered by insurance. Mr. Peters expects to resume business as quickly as possible in Grand Haven. The Eagles club rooms, above the Peters store was damaged quite badly.

During the fire an unknown man won the applause of the crowd of onlookers by climbing up the front of the building and rescuing the American flag and Eagle.

Fire caused \$50,000 damage to the F. W. Woolworth Five and Ten Cent store at Grand Rapids about one o'clock Monday a. m. Fire started in the basement from an unknown cause. A new stock of Easter goods had just been received. The blaze was checked soon and most of the damage is contributed to smoke and water.

The Dick Brink Clothing store located next door also suffered heavily from smoke and water. Damage here is estimated at \$25,000 by Manager Howard Brink.

The Woolworth store in this city belongs to the same string of stores as the Grand Rapids store that burned.

PART ELECTRICITY PLAYS IN SOCIAL PROGRESS WAS DIS-CUSSED

R. B. Champion Has Excellent Paper On This Subject; Club Will End Year's Work April 24

"Electrical Progress an Important function in Social Progress" was the theme of a paper read Monday evening before the Social Progress club by R. B. Champion, when the club met at the home of Mr. and Mrs. Champion. After briefly telling of the history of electricity since the very earliest days when all that was known about this force was what the ancients had discovered accidentally by handling pieces of amber, Mr. Champion gave a very interesting review of the advance that has been made in the application of electricity to modern industry and household use during the past twenty-five or thirty years. As short a time ago as 1886 it was a big news item considered so important that it was sent all over the world that Buckingham Palace had been wired for electricity. The contrast between that and today when the houses of even the comparatively poor are lighted by electricity is very great. Also not a generation ago statistics show that it cost as much as \$10 per lamp to have a place lighted by electricity, a rather big contrast between the electric light bills of the present time.

Very great advance in the application of electricity to domestic and commercial uses has been made during 1915. The advance in electricity is so rapid that the general reader can hardly keep up with it. Mr. Champion read a list of the uses to which electricity can be put today through modern inventions and the list included almost every household function that the modern housewife is acquainted with.

One high school in Idaho about as large as Holland's High school building is completely heated by electricity. There are also several private homes in the United States that have been built without chimneys and that depend entirely on electricity for heat and for cooking. One such home is known to exist in Michigan.

The year 1915 has brought many new ways of applying electricity to the treatment of disease. It is being extensively used in removing scorpion from soldiers in the European war and is being applied more and more in the hospitals all over the world. Many a wound is today being probed by an electric ray instead of by a knife and the scorpion is being removed by a powerful electrical magnet instead of by surgical instruments.

The Social Progress club will end its year's work on April 24, when the closing meeting of the year will be held at the home of Mr. and Mrs. Wm. Vander Hart.

These two boys are the sons of Mr. and Mrs. Henry Kremers. Mr. Kremers, who is the brother of the late Dr. Kremers of Holland, is a graduate of Hope College. Mrs. Kremers was formerly Miss Minnie Cappon of this city.

DEEP, DARK, DESPERATE
TRAGEDY OF DEATH

WHALE OF A CAT-FISH TRIES TO SWALLOW GAME LITTLE WHITE BASS AND CHOKES

Many stories have been told of tragedies of the woods in which birds hang themselves and other sad things happen, and now comes the tragedy of the lake. A gluttonous catfish takes a bite that he cannot swallow. Result—strangulation.

When the carp fishermen, now sweeping Black Lake clear of obnoxious fish, lifted their net Monday they found in it a catfish making feeble struggles. Protruding from the mouth of the catfish was the tail of a large white bass. The cat-fish was four and a half feet long and weighed 25 pounds. The white bass weighed about two and a half pounds. Yet the white bass murdered the cat-fish by sticking in the cat-fish's throat when the poor hungry cat-fish attempted to get a square meal.

But, both the cat-fish and the white bass are game fish and no matter who was to blame for the tragedy Deputy Dornbos was duty bound to give both the protection of the law. The white fish was taken from the throat of the cat-fish, where was lodged like a pork-pine quill, the fins objecting strongly to being removed, although both fish seemed willing. The fish were then given air, and, of course, water, and kind words were spoken to them, but all efforts were of no avail. They both died.

The fish were given to Miss Nellie Churchford of the local Rescue Mission and now some poor family is going to eat them. This all happened just because the cat-fish was unreasonable, stupid and selfish and because the white bass was a "game" fish.

BOY TRAVELS ALONE

George Ayers of This City is Trusted to Go to Industrial School Alone.

George Ayers, a young lad of this city, was Friday given papers by Judge Kirby of Grand Haven committing him to the Industrial School at Lansing till he is 18 years old, a period of three years. George asked the judge if he could make the trip alone, and the fare was accordingly given him this morning and he boarded the train for Lansing. Word has not been sent as yet of his arrival, but the local authorities are confident that he can be trusted.

Ayrs has been causing the authorities some trouble recently and as he recognizes his weakness himself, he was not averse to attending the school at Lansing.

CHRISTIAN REFORMED
CHURCHES HOLD MEN'S
CONTEST; 175 PRESENT

The Young Men's Societies representing the Christian Reformed churches of this city, held a contest in the Ninth Street church chapel Friday evening. One delegate of each society was appointed to represent their respective society. The outcome of the contest was that William A. M. Sikkil of the Ninth Street church won first place; S. Houtling of the Sixteenth Street church, second; and H. Efting of Prospect Park church, third.

The judges for the occasion were P. H. Bennink, principal of the Christian schools of this city; the Rev. Leonard Trap of Zeeland; and also the Rev. M. Van Vessem of Zeeland. There was also a short musical program given. John Jellema favored those present with a violin solo. Henry Holkeboer played a piano solo, and a male quartette from the Ninth Street church favored those present with a few songs. A very pleasant and instructive meeting was held, there being about 175 persons present.

PLAN CELEBRATION

Mr. and Mrs. H. Boone Will Observe Golden Wedding

Mr. and Mrs. Hermanus Boone are planning to celebrate their golden wedding Friday with a family reunion at their home in this city. They have seven children and thirteen grandchildren and only one death has occurred in the family since their marriage, a son, Edward, having died in Montana about three years ago. Mr. and Mrs. Boone came to Holland in 1847 and 1848. Mr. Boone was the first proprietor of the City hotel, now Hotel Holland, which was built in 1872 and he since has been owner of the hostelry and is its present landlord.

OLDEST ENGINEER ON
P. M. ROAD DIES

WAS MARRIED TO A HOLLAND GIRL ELEVEN YEARS AGO.

William Wells, the oldest engineer on the P. M. road serving the company for 45 years, died at his home in Muskegon Thursday.

Mr. Wells is well known in this city especially among the railroad men. In his palmy days he was allowed to pick the runs as engineer and for a time he had the Grand Rapids-Chicago run.

Of late years he made the run between Muskegon and Pentwater, enabling him to be home every evening.

Mr. Wells was 69 years of age and eleven years ago, the day before his death he married Miss Mary Anderson of Holland.

Mrs. Wells is a sister to Mrs. E. P. Stephan of Holland, Gunder Anderson of Kalispell, Montana.

The funeral will be held Saturday afternoon at 4 o'clock at Muskegon and will be in charge of the Masonic order of that city, Mr. Wells being a 32nd degree Mason.

Mr. and Mrs. E. P. Stephan, Edward and William Stephan, and Gunder Anderson left Saturday noon to attend the funeral.

CHARGE FURNISHING LIQUOR

Dick De Boer to Be Tried at Next Term of Circuit Court; Furnishes \$250 Bond

Dick De Boer of this city was arraigned Tuesday morning before Justice Robinson on the charge of furnishing liquor to a black-lister. Last Saturday Plagenhoef was placed on the list and Sunday was arrested for being intoxicated. De Boer was Plagenhoef's companion during the day and the charge resulted.

The defendant Tuesday a. m. waived examination and was bound over to Circuit Court for next term. A bond of \$250 was furnished by Dave Blom.

COMMON COUNCIL

Holland, Mich., April 5, 1916
The Common Council met in regular session and was called to order by the Mayor. Present: Mayor Bosch, Alds. Slagh, Prins, Brieve, Drinkwater, Kammeraad, Congleton, Congleton, Vander Ven, Lawrence, Slekete, Vander Ven Lawrence Slekete, Clerk.

The minutes of the last three meetings were read and approved.

On motion of Ald. Kammeraad, The matter of opening 27th Street, east of Central Avenue was referred to the Committee on Streets and Crosswalks.

Petitions and Accounts

The Clerk presented the following petition, containing approximately 400 signatures:

We, the undersigned, registered voters, residing within the corporate limits of the city of Holland hereby respectfully petition your Honorable Body to have the rates which are now being charged for Electric Current reduced to a point where the revenues of our Municipal plant shall not be greater than the expense connected therewith plus a reasonable sum for emergencies.
Accepted and referred to the Board of Public Works.
The clerk presented the following report from the Board of Censors:
To the Honorable Mayor and Council of the City of Holland:—
report that on the afternoon of Thursday, March 16th (1916) one of the members

of your Board, duly appointed for that purpose, visited the Apollo Theater to Gentlemen.—We, your Board of Censors of the City of Holland, do hereby view and pass upon the character of the pictures there displayed. That the program on that occasion consisted of a Parisian Romance entitled "Tribly," being a dramatization of a novel by a well-known French writer. While the acting censor adjudged that there were no less than seven scenes in which there was something presented not wholly in harmony with the standard of Morals and Decency implied in your Ordinance (Number 309), in consideration of the fact that the cutting of some of these would have so affected the presentation as to render the plot difficult to understand, said Censor selected two scenes for omission because they were unnecessarily introduced for the apparent purpose of emphasizing the very elements which the ordinance above noted aims to exclude.

The Order of the Censor read as follows: "Omit in part Four the two dance scenes in which women lift skirts immediately. These are Fade-ins and their omission do not interrupt plot." Furthermore, that the management of the Apollo Theater disregarded the order of the censor and continued to exhibit the picture in its original form contrary to the provisions of Ordinance No. 309, relative to the showing of Indecent, Immoral, Obscene, or Suggestive Pictures. Of this fact we stand ready to produce testimony.

Therefore, the undersigned members of the Board of Censors have placed this information in your hands and do ask for appropriate action. As your appointees and servants we have endeavored to perform our duty without fear or favor, and respectfully submit that only vigorous support by your Honorable Body can maintain the dignity of the office which you have created; and which is vastly more important—protect the community from attacks against its moral welfare,—which attacks, even if not delivered with ill intent, are not less dangerous thereto.

Respectfully submitted,
Mrs. George E. Kollen, Mrs. G. T. Haan, P. Holhuis, Mrs. M. A. Sooy, E. E. Fell, Haan, Emily McBride, Mrs. Maude A. Van Verst, C. E. Drew, Mrs. Louise M. Thurbor, G. B. McCreary, J. Vandersluis, Harold Hold.

Referred to the Committee on Licenses for investigation, and to report on same to the Council at the next regular meeting.

George Piers petitioned for permission to place a gasoline pump with light in the street adjacent to his premises at 29 West 16th Street.

Referred to the Committee on Streets and Crosswalks.

Reports from Standing Committees.

The Committee on Ways and Means presented several proposals for the auditing of the City's Books.

On motion of Ald. Congleton, The proposals were tabled until the next meeting of the Council and the Clerk instructed to ask for further bids.

The City Attorney reported relative to the advisability of appointing members of the Park Board, or persons connected with said Board, as a commission to look after diseased trees and shrubs. Whereupon the Mayor discharged the commission heretofore appointed for that purpose, and appointed J. A. Kooyers as first member of said commission.

On motion Ald. Congleton, The Committee on Streets and Crosswalks were authorized to purchase a road drag at a cost of not to exceed \$30.00.

The Committee on Claims and Accounts having examined the following claims and recommended the payment for same:

The New Federal Building Wm. O. Van Eyck Now Occupies

There was no impressive ceremony, that is, there is none planned. Still when Gerrit Van Schelven closed the Holland P. O. Monday night and gave the keys to his successor W. O. Van Eyck there was no one around to say that the scene was not impressive. For sixteen years and eleven months, Van Schelven has been postmaster of the city of Holland. Giving constant, whole-hearted attention to his work, he has come to consider the business his own. But Monday night he handed over the keys to a new man and Tuesday he did not come to work as usual. Mr. Van Eyck was on hand to receive the keys and Tuesday morning when the postoffice opened he was in his place to assume the complicated duties of postmastership.

When Mr. Van Schelven was interviewed Monday he admitted that it did seem very strange not to be at work in the postoffice any longer. A habit of seventeen years leaves an impression. Still he is not ready to retire from active service and considerable of his time in the future will be given to the city of Holland as it has been in the past. He will occupy the office room in the city hall set aside by the council for the park and cemetery board. As Mr. Van Schelven is a hustling member of the Park Board and a very efficient superintendent of the Cemetery board, his locating in the city hall within easy reach of his friends and business acquaintances will be welcomed by all.

Mr. Van Schelven, who is also familiarly known as Holland's historian and who is the best posted man on the history of the Dutch settlements in Western Michigan, will resume work on his historical papers which he has been writing for several years.

During his incumbency the local postoffice has been listed as first class, the receipts have been nearly quadrupled, the force more than doubled and the new federal building erected.

Although Gerrit Van Schelven ended his duties as postmaster of the city of Holland Monday night after 17 years of continual service he is not yet completely done with his work. For the past few days he has been busy getting things in their new order.

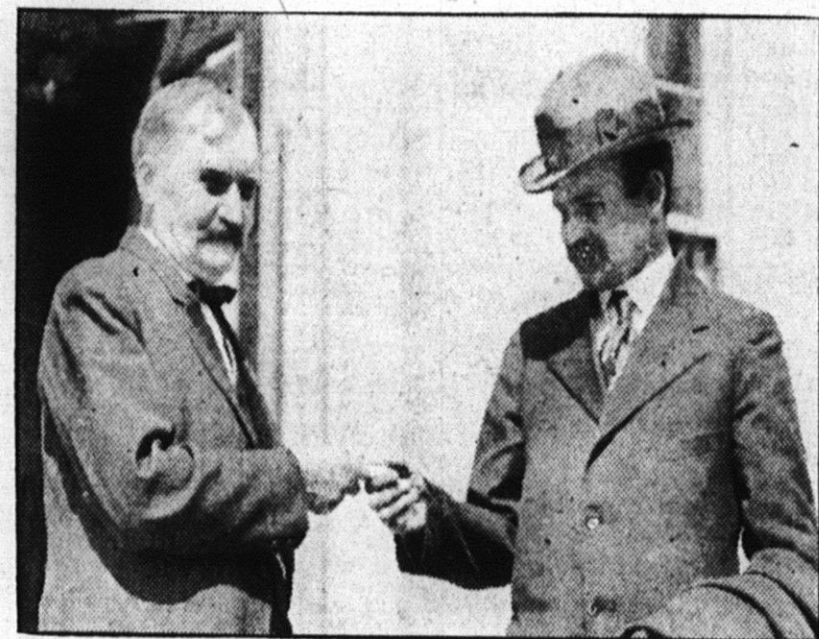

The terminating of Mr. Van Schelven's term of office brings to mind the fight Holland had for a new federal building. Ex-Congressman Diekema (and we hope future governor) deserves undivided credit for bringing the post office building to Holland and it was practically through his efforts alone that the appropriation was secured. Then again we must thank Congressman Mapes for hurrying the work along.

Mr. Van Schelven played an important part in the deal however that is overlooked by most people. Mr. Van Schelven naturally had a clearer insight into the actual conditions confronting the Holland office than the men at Washington and even his hard-working congressman. So when an appropriation of \$80,000 was first secured by Mr. Diekema, Mr. Van Schelven set about to gain more. The office plans then were all that could be hoped for. But Mr. Van Schelven knew

working conditions in a postoffice and his aim was for efficiency in the workroom and pleasant surroundings and conditions for the workmen. The upshot of it was that, after a very considerable correspondence, an additional appropriation of \$20,000 was granted for the large spacious, well-lighted workroom on the north end of the building. The workmen will forever be grateful to Mr. Van Schelven for this.

The growth of the postoffice during Mr. Van Schelven's reign was one of the strongest talking points in obtaining the new building. During his incumbency the postoffice was listed as first class; the receipts have been quadrupled; rural delivery, and postal savings and parcel post service were added and the force more than quadrupled. The working force now daily exceeds thirty.

When seen Monday afternoon, Mr. Van Eyck said that he would enter his new work Tuesday morning and will give his undivided attention to it. At the last meeting of the council of the city of Holland, this body declined to accept Mr. Van Eyck's resignation as secretary of the Board of Bonus trustees because of Mr. Van Eyck's very efficient work while acting in this capacity. However Mr. Van Eyck expressed his opinion that he would not be allowed by law to hold that position while postmaster but he is in hopes that he can still continue as member of the board after giving up the secretary position, without interference with his duties as postmaster. Mr. Van Eyck has held several public positions, which, when taken as examples, prophesy a successful career as postmaster.

"Van" Giving "Van" the Key To His Position

After a regime of 17 years as postmaster of Holland, Gerrit G. Van Schelven has turned over the keys of the office to William O. Van Eyck, his successor. A strange coincidence lies in the fact that just 19 years ago, Mr. Van Schelven turned over the keys of the city clerk's office to Mr. Van Eyck,

"Farewell to the old, welcome the new," was the note that was dominant Tuesday evening at a reception and banquet given by the postoffice employees, complimentary to the retiring postmaster, Gerrit Van Schelven, and the incoming postmaster, William O. Van Eyck.

The banquet was served in the examination room on the second floor of the new federal building and covers were laid for thirty-three. The table decorations were donated by George Getz, proprietor of Lakewood farm. The walls were draped with Old Glory. The menu was prepared by Mrs. Kuite.

Assistant Postmaster, Adrian J. Westveer, the oldest member of the force, who has rounded out twenty-six years of service, officiated as toastmaster. Speeches were made by Jacob Geerlings for the carriers, John H. Kramer for the clerks and Albert P. Kleis for the rural carriers. William E. Vander Hart contributed two readings and Anthony Rosbach contributed the bulget. The postoffice quartet, comprising Dick Van Kolken, John K. Van Lente, Albert J. Vegter and Horace Dekker, rendered a few selections, all of which were well received.

William O. Van Eyck, the new postmaster, and Gerrit Van Schelven, the retiring postmaster, made brief responses, after which the toastmaster in the name of the employees presented Mr. Van Schelven with a gold-headed cane. The banquet came to a close with the singing of America and thus closes a long regime of faithful service by a conscientious, painstaking servant of the people.

THEIR MANY USES

The ELECTRIC Brand Dresses are "Dresses of Many Uses." They are ideally adapted to Kitchen, Parlor, Porch or Street wear. Stylish, practical, dressy and convenient.

THE PATENT ADJUSTABLE HEM

The latest and greatest feature that permits you to lengthen the skirt by merely pulling a chain stitching. No sewing to finish skirt bottom necessary.

The Patent Adjustable Dress

A wonderful Dress for women of stout or oddly proportioned figures. Two buttons to button insures perfect fit to every figure. No elastic or metal parts to wear out or rust in washing.

The New Adjustable Collar Dress

It meets the requirements of women who want high neck dresses and those who favor low neck models, and also appeals to those who delight in novelties.

The Handy Mender

Every dress has 2 pieces of dress material attached to repair accidental rips or tears. A small feature that is a big factor and appreciated by all women.
