Ottawa Supervisors Turn Down
Proposal to Investigate
County Costs

The suggestion made by Peter Damstra, Holland, that a special committee be appointed by the board of supervisors meeting at Grand Haven to investigate the administrative costs of Ottawa county in order to make a substantial report to the board before making new salary schedules or cuts was defeated this morning when the board voted down the motion by 22 to 6.

Charles E. Misner was in sympathy with Mr. Damstra's idea and suggested such a committee be given power of subpoena to bring accurate information from the various county departments on the costs of operation, the salaries and the efficiency of county government.

Some members were in favor of increasing such a committee to five and that several weeks be used to lay before the board at the October session a survey which would guide the downward revisions, which the board has indicated they are determined to make in October.

Mr. Damstra did not favor the chair appointing the committee, saying the burden of criticism would be an added one to the responsibility of guiding the board through the year.

Henry Stauger suggested the idea be postponed and the decision from further consideration.

William Wilds, county clerk, read a resume of the annual report of the auditors for the county. The various accounts of the several officers were all found in good condition and the auditors complimented the county on the unusually fine financial condition which prevails.

Following a suggestion made by Dick Smallegan of East Grove, that the meetings of the board be changed from the quarterly sessions to monthly meetings, a committee was appointed to make a report on the matter at this session. The chair selected the following: Peter Van Ark, Floyd Harrison, and Charles E. Misner.

Mr. Smallegan believes that money would be saved in the end by monthly meetings of the board over the present system of from three days to two weeks sessions, four times a year, and the many committee meetings necessary during the year.

SPRING LAKE FIRE CAUSES \$1,500 DAMAGE

More than \$1,500 damage was done to the residence of James Boonstra on Maple Terrace at Spring Lake by fire. The entire second story and roof of the dwelling was destroyed and considerable water damage was inflicted. Some furniture was removed. The flames are believed to have originated from a chimney spark lighting on the roof. The fire had a good start before the family, who were all home at the time, became aware the house was burning.

HEARING ON DOUGLAS ROAD TODAY

A hearing of necessity will be held at the Douglas village hall this Friday afternoon for the purpose of gaining right-of-way for the proposed widening of US31 from Douglas corners south over the dangerous stretch of crowned water-bound macadam, where so many serious accidents have occurred. The meeting is called by the state right-of-way engineer. There were at least two killings and many injured on that stretch.

FIRE AWAKENS OVERISEL

There was quite a bit of excitement in the village Sunday morning when Central gave the alarm for fire and announced that the Gerald Immink home was afire. Cars from all directions rushed to the scene. The fire fighting apparatus of Overisel and the chemical truck of Hamilton were rushed to the scene, only to discover that it was out when they arrived. The Immink family think the fire had started on the roof by a spark from the chimney. The roof was damaged quite badly, as well as plastered walls and other articles which were spoiled by the water.

Zeeland Druggist Makes Thug Hold Them Up

Dick Van Bree, Zeeland's oldest active merchant, was the victim of a footpad last Friday evening while he was returning home after closing his drug store.

He was taking his usual walk along Cherry St. at about 9:30 o'clock, when, at the corner of Church St. a man whom he could not recognize in the darkness, stepped up behind him and shoved a weapon in his face, ordered him to "stick up his hands." With his hat the highwayman covered Van Bree's mouth to prevent his calling for help. Van Bree did as he was ordered but grabbed his assailant's wrists and held them in an upward position. During the short struggle an automobile turned into the roadway, and frightened by the lights, the man quickly made his "get-away."

The police were notified at once and went out to look for the would-be thug but could find no trace of him. It would appear he was familiar with Van Bree's habits. He, however, was taking a long chance in holding up any one at all at this place, since the services held at the First Christian Reformed Church that evening were about to be dismissed and he would quite easily have been caught by those in the crowd. The police have questioned several suspects during the past week but until now no one has answered to the description of the thug.

The amount of money carried by Van Bree at the time of the hold-up was small.

"NO ACCOUNT DAVID" IS REPLETE WITH INCIDENTS IN REAL LIFE

A young man, full speed ahead on the road to crime, is side tracked by a pretty smile! Having been proved innocent of a holdup he deliberately pleads guilty.

O! yes! young men will do these things if the smile happens to be on the face of the "right person." You will believe it possible if you see Virginia Park Club's new play—"No Account David."

Blaine Timmer plays the crime bent boy, Georgia Heneveld poses as the "right person." You'll forget the posing and remember the smile!

Mrs. Henry Helms dominates as "Ma," while Jud Kronemeyer suffers as "Pop."

Gertrude Schuurman and Wm. Appleton prove that a secret love is not always sweeter.

Peter Van Houw as "Gran," Junior Heneveld as the Sheriff, and Clifford Onthak as the bank president complete a well balanced cast.

The Virginia Park Community group has been playing to a steadily increasing following for the past five years under the direction of S. H. Houtman.

A Little Wet A Little Dry At County Meet

CHAIRMAN HATTON OF THE OTTAWA COUNTY REPUBLICAN COMMITTEE WANTS EIGHTEENTH AMENDMENT SUBMITTED

Chairman Jarrett Clark of Zeeland Lauds Hatton's Speech But Differs With Him on Liquor Question

Possibly the largest Republican convention staged in Ottawa county gathered at the courthouse in Grand Haven yesterday for the purpose of electing delegates to the state convention, where in turn delegates will be elected to go to the national convention to be held in Chicago in June, and undoubtedly these delegates from Michigan will vote for President Hoover as the party standard bearer.

It is up to the county committee to select a temporary chairman subject to the approval of the convention. Thereupon Chairman Hatton read the following request, voted on by the county committee and approved by the convention at large:

"In selecting your chairman today it has been the thought of the executive committee of the Republican county committee to select the chairman from the city of Zeeland in the person of Jarrett Clark. In this capacity Holland has been repeatedly recognized through a most beloved citizen, the late Mr. Diekema. Grand Haven, Spring Lake and the north part of the county have received signal honors in the same capacity. However, it has been a great many years since Zeeland has so been recognized and the members of the Republican county committee felt that deserved recognition was due at this time."

Chairman Hatton then gave a talk in which he did not "mince" any words, but told the delegates of what he thought of the orgy of spending such as has been going on in this country. He lauded President Hoover, Senators Cousins, Vandenberg and Congressman Carl Mapes. He came out flat-footed to have the Eighteenth amendment submitted to the people for that was the only way to find out where the voters stood on the question, he contended.

The following are the highlights in Mr. Hatton's talk:

"Just a trifle over twelve months ago I was in The Netherlands and stopped at the hotel where our late well-beloved friend, George Diekema, and his charming wife made their home for a short time after his arrival in Holland in the capacity of minister. People connected with the hotel spoke of our friends in the very highest way, and a close Dutch business friend of mine said many complimentary things about Mr. Diekema and his work as minister. I admired Mr. Diekema very much. He was a man who practiced in his private life what he preached; his ready sense of humor made him a delightful companion and this county in every activity, political, social and religious, lost a highly valuable citizen."

Mr. Hatton then continued to point out "just what ails us." He stated that we were just beginning to pay for the war. We had mortgaged ourselves heavily then, he stated. We were making money even after the war and spent it lavishly and that went for nation, state, county and city.

Having all these millions to spend, enjoying temporary luxury never dreamed of twenty-five to fifty years ago in the lives of our people, we fooled ourselves into the frame of mind that a standard of living was established that would step up higher and higher as the years went by.

Quoting Mr. Hatton's speech further, he says:

"The day of reckoning has been reached. The battle is on to bring about an economic condition that will enable the farmer to get something for his product and that will enable the honest workman to earn enough to support his family and pay the taxes on his home. We are now facing the music and cut governmental expenses down to 1914. Yes, and below 1914 if possible."

"The people of the state of Michigan have something to be proud of to have a man of the calibre, character and outstanding ability of Senator Vandenberg representing them in the United States senate, and the people of the Fifth district likewise have something to be thankful for and should likewise feel deeply grateful to have a man of the character and industry of Carl Mapes in the lower house. I've been contacted in my trips to Washington with several of the members of the house of representatives and no man who is more highly respected and more admired by his colleagues for his industry and integrity than our representative from the Fifth district. No man since Lincoln's time has had a more difficult job than Mr. Hoover. He has battled manfully and bravely for economy and the reorganization of the government in order to save money, but he has not received the support in congress that he deserves."

Mr. Hatton then devoted several minutes telling of the squandering on roads, on airports that were never used, and on other "wild cat" schemes. He stated also that too much money was being spent in the schools of our country in "educational fads" thus getting away from the real fundamentals of education embracing the three "R's."

Mr. Hatton deplores the fact that young women imbibe in liquor and that they smoke cigarettes also in public. He stated that not so many years ago they would have been ejected from public places but Mr. Hatton said that if this extravagance goes on who knows we probably may have smoking rooms in the schools, the taxpayers might

Older citizens will remember Capt. De Boe, and also his son, Wm. De Boe, who from a boys' "back lot pin show" in Holland became the nation's greatest "slack-wire" performer. The son performed often in Holland in the early days when the fair grounds were still located at the limits of the city. A son, Peter De Boe, is a prosperous businessman at Grand Haven. Wm. Language is Written for The Indians

TRANSLATES 100 SONGS IN INDIAN LANGUAGE

The Eunice Aid society women were hostesses to their husbands at a social given at Christian High school last evening which was a real enjoyable affair.

Mrs. B. Timmer ably presided, introducing the numbers on the program. Dr. Garrett Heys opened with prayer.

One of the features of the evening was an interesting story told by Rev. L. P. Brink, who thirty-two years ago began his mission work among the Navajo Indians. He began one of the first mission stations there when neither the tribes nor the missionary could understand one another. Gradually he mastered the language of the Navajos and ministered to them, preaching in their own language. He also translated 100 religious songs in Navajo, which the Indians are now singing in connection with their religious work.

This tribe never had a written language until Missionary Brink made this possible.

Al Vetter led in community singing with Mrs. John Pieper presiding at the piano.

The miscellaneous program as given is as follows:

Two instrumental numbers by Mr. M. Baas and Mr. A. N. Muijskens; a dialogue was given by six girls of Christian Junior High, and a vocal duet by Mrs. R. Schadelee and Miss Ruth Beek.

RESOLUTIONS PASSED BY REPUBLICAN COUNTY CONVENTION

Gentlemen of the Convention: We, your committee on resolutions, take this opportunity of commending and congratulating the Republican party in this county for the interest and loyalty which they have shown in their party which is evidenced by their splendid attendance.

In these days of uncertainty and economic distress the Republican party is indeed proud of the constructive leadership of Herbert Hoover. Quoting the speech of our permanent chairman:

"No man since Lincoln's time has had a more difficult administrative task. He has battled manfully and persistently the economic and reorganization of the government in order to save money, but he has not received the support in congress to which he is entitled."

The names and doings of contemporary politicians will pass from mind, but Herbert Hoover will continue to live, in history, and we are proud in the certainty that the delegates to the national convention from this district will go pledged for his continued administration.

Again we congratulate the state of Michigan and the Republican party in having William M. Brucker for governor, who is endeavoring to give our state both a good and economic administration.

The Republican party has always been appreciative of the constructive and intelligent acts of its representatives in congress. We herein convention assembled, express our abiding faith in Senator Vandenberg, James Cousins and Congressman Mapes. This year especially calm judgment and steadfast purpose are demanded of all. The Honorable Carl E. Mapes is commended for his breadth of vision and keen interest in its welfare which has always characterized him through his public life.

Whereas, Mr. Jacob Steketee of Grand Rapids, vice chairman of the Republican state central committee for the past four years and member of said committee for the past six years, has for many years rendered valuable, efficient service to the Republican party and has been successfully active in organizing the Republican women of practically every county of this state, and has for many years rendered other valuable, efficient service to the Republican party, and

Whereas, many of the influential Republican women of the state are urging her election at the national convention as national committee woman for Michigan, and

Whereas, we not only know that she is thoroughly qualified but believe the interests of the Republican party will be well served by her elevation to this position,

RESOLVED, that the delegates to the national convention who shall be chosen from this congressional district be requested and instructed to vote for her for Republican national committee woman for Michigan so long as there is any likelihood of her election and that said delegates use every honorable means at their command to secure her election.

SUPERVISORS CUT OWN SALARY 20 PER CENT

The Ottawa county board made a drastic cut in their own salaries. It was unanimously decided to ask only \$4 per day while in session instead of \$5, the present salary. The committee also recommended to cut all Ottawa county officials 20 per cent. This recommendation was held over until the session in June when it will be passed upon.

ROAD COMMISSIONER MATTER HELD OVER UNTIL JUNE

The Board of Supervisors at the last moment before adjourning, decided to hold over the resolution embodying whether Ottawa county road commissioners will be appointed by the board in the future or whether the commissioners will be elected the same as any other county officers.

There were petitions on file asking that the position of commissioner be made elective. It is held by some that often commissioners are elected who have no knowledge of road building.

Anyway the matter will come up again at the June session.

Citizen Dies Suddenly While Reading at Home

WAS A SAILOR AS A BOY; WAS OLDEST SON OF HOLLAND'S FIRST BANKER

Jacob Van Putten, Sr., Was Much Beloved By A Host of Holland Citizens.

Relatives and friends were shocked Tuesday afternoon when they heard of the sudden death of Jacob Van Putten, Sr., who died suddenly of heart failure at 4:30 o'clock while he was sitting in an easy chair at the window reading.

Mr. Van Putten was the last and oldest of three brothers, sons of the late Jacob G. Van Putten, the organizer of the first city bank, located on the present site of Fris Book Store on West Eighth street. Later this bank was part of a reorganization which established the Holland City State bank under the clock.

As a lad Mr. Van Putten sailed "before the mast" in the days when the docks in this harbor were lined with sailing vessels and steam ships were few. For many years Mr. Van Putten and his brother John, together with James De Young conducted the Holland Buttermilk factory and Slava Mill, located where the Donnelly-Kelley Glass Co. is now on Black Lake water-front.

Mr. Van Putten was interested in several Holland enterprises and even took a part with his father in lumbering along Black Lake at Point Superior in the present vicinity of Waukazo, when the forest was still virgin. Some 35 years ago Mr. Van Putten again went into a lumbering venture, this time on the Kalamazoo River at New Richmond, 15 miles south of Holland, where he also had a saw mill.

Rather a coincidence in the earlier days gave him the name of "Black Jake." This was brought about to distinguish between a cousin, who was also named Jacob and a blonde. In order to know who was between the two—when Jacob Van Putten, the manufacturer and one time owner of the Holland Furniture Co., was the person referred to he was "White Jake," the blonde, while Jacob Van Putten, who just passed away—who was of dark complexion with black hair—the distinction was made by saying "Black Jake." Of course that was many years ago.

Anyway both Jakes were much beloved by the citizens of Holland. Their forbears and they were pioneer stock who blazed the trail to this wilderness and helped to lay the foundation of a wonderful community on the shores of Black Lake.

Mr. Van Putten at one time had a very narrow escape from death by fire. This was about seven years ago when the De Free laborator, located on River Avenue. Mr. Van Putten, who was employed there, was cut off from fire-escapes, but managed to crawl along the coping of the building at the top story. For a man of his age it was a most daring thing to do, but his early training as a sailor stood him in good stead and the firemen extricated him from his perilous position where he was hemmed in by flames and smoke.

Mr. Van Putten was born on September 15, 1855. He was married on July 28, 1880, to the only daughter of Rev. C. Voorst, who performed the marriage. The fifty-first wedding anniversary was observed on July 28, 1931, and the golden wedding the year previous.

Mr. Jacob Van Putten is the second member to pass on in the immediate family. The first was Miss Mary Van Putten, a trained nurse and a most lovable and popular girl, who died two years ago at the age of 32.

Mr. Van Putten is survived by a widow, and four sons, Jacob Van Putten, Jr., of Detroit, William Van Putten, of Aurora, Minn., Cornelius Van Putten, of Los Angeles, Calif., and Adrian Van Putten at home; also four daughters, Mrs. Madeline Biemerna of Holland, Mrs. Jeanette Kerkhof of Grand Rapids, Mrs. Elda Hakken, missionary with her husband, Bernard, in Bah

Uncle Sam, Santa Claus

Uncle Sam in the role of Santa Claus seems to make an irresistible appeal. It seems impossible for whole sections of the population to shake off the notion that the Federal Government is away off in Washington and that any cash got from it is in the nature of a bequest in the will of a rich relative. Now, of course, Michigan should know that getting money out of the United States Government is a game of put and take. Michigan citizens pay substantial income taxes and Michigan corporations turn in for the support of Government not inconsequential sums and now that the shadow of a deficit hangs over Washington there is talk of Federal automobile taxes which Michigan would be interested in.

Nevertheless Michigan, along with the rest of the Union, maintains the fiction that Uncle Sam always should be on the giving hand. This is strikingly set forth in a recent speech by Senator Arthur Vandenberg.

"Within the past 90 days," said the Senator, "when all this urge for economy has been upon us, I have had requests from organized groups in the State of Michigan to support a total of 11 billion dollars in new appropriations."

TROUT LICENSE AGENTS SUPPLIED WITH BLANKS; HOLLAND GETS SOME

All license agents of the Conservation Department were expected to be supplied with resident trout fishing licenses and non-resident anglers licenses this week. The licenses are now being mailed out from Lansing office to approximately 400 dealers who represent practically every city and village in Michigan.

Because of necessary economies the use of the license button has been discontinued temporarily at least, and the fishing license button is the last one which will be furnished for some time. Michigan trout fishermen and non-resident anglers will pay for the first time this spring the new license fee set by the 1931 session of the state legislature. The cost of the trout license will be \$1.75 and the non-resident anglers fee \$4.00.

The regular "sport stores" in Holland and Conservation Officer Kuite will be well supplied.

Dominee And The Empty Pew Given In Verse

DR. DAVIDSON DRIVES HOME A "CHURCH ATTENDANCE" CONDITION NOT REASSURING TO RELIGIOUS WELFARE.

Charles Gross

"The Challenge of the Empty Pew" was the subject of the Rev. Dr. Thomas W. Davidson's sermon at Hope church Sunday morning. His text was taken from I Samuel, 20:18: "Then Jonathan said to David, 'Tomorrow is the new moon and thou shalt be missed because thy seat will be empty!'"

"Like people, like priest" is an old saying. Carelessness in church duties make church service an unpleasant duty. To be missed from church should be avoided as much as possible although allowances must be made for the sick and those members that are away from

REV. THOMAS W. DAVIDSON

home because of work. In many of this class their spirit-thoughts are present where there are some who never miss absence from the church at all in their carelessness concerning their duty to the church. One thing that is never missed at church is the dear old pews. If every member had as much fidelity as the good old pews there would be no need for the challenge of the pew to be brought before church members. The fidelity of the pew is a challenge to every Christian as the church stands for the building of character.

The program of the church can be very readily placed under four headings:

First, the church is an assembly of worship.

Second, it is an organized body for the work of the Kingdom of God.

Third, the church is a school for training for the followers of Christ.

Fourth, the church is the home of the family of God.

There are a large number of church members who would not treat their secular clubs as they treat their own church. It should be a pleasure rather than a duty for members to come to their own church. Those who absent themselves from church without good reason are missed by the minister, missed by their fellow members, and above all are missed by the Master Himself.

Dr. Davidson quoted at this point the following lines:

"If all the others came like you,
Would there seldom be a vacant pew?
Or would the opposite be true,
If all the others came like you?"

If all the others came like you,
Then how much giving would your church do?
Would the bills be paid as they fall due,
If all the others came like you?"

If all the others worked like you,
Then how much service would your church do?
Would the Master's plan be carried through,
If all the others worked like you?"

If the adult members of the church are not interested in coming to Divine worship how are the children to be encouraged to come for the worship of God? "Where are the children?" asked Dr. Davidson. "How can the young people of the church be encouraged if there is no incentive by the older members to be interested in the things of the Kingdom?" Too often the members forget the preparation that is made by the minister for his sermon, the choir for the music, the janitor to make comfortable the church. It is because of the lack of knowledge of the preparation made that members do not appreciate the church as they should!

Does God really care if members are not present? Jesus said that the Good Shepherd misses His sheep. Thomas was missed at the Prayer Meeting on the first Easter evening, and Jesus on the Resurrection Morning missed Peter and sent him a special message. Will the church members be missed?

At the close Dr. Davidson read the following poem:

WHAT THEN?
When the plants of our mighty cities
Have turned out their last finished work;
When our merchants have sold their last
yard of silk
And the dimmed the tired clerk;
When our banks have raked in their last
dollar
And laid out the last dividend;
When the judge of the earth says, "Close
for the night,"
And asks for a balance—what then?

When the choir has sung its last anthem,
And the preacher has made his last
prayer;
When the people have heard their last
sermon
And the sound has died out on the air;
When the Bible lies closed on the altar
And the pews are all empty of men
And each one stands facing his record—
And the Great Book is opened—what then?

GET BEST POTATOES WHEN PLANTED EARLY

Larger yields of better potatoes were obtained on 39 plots in Michigan last year when the potatoes were planted during the early part of the proper planting period than when planting was delayed in tests made by the farm crops department at Michigan State College.

Correct dates for planting in Michigan of course vary in different sections of the state and potatoes should be planted 20 days later in the southern part of the state than in the northern part but the importance of putting the seed in the ground relatively early holds good for all areas.

The past two years had unusual weather conditions during the growing season and early planted potatoes had an extended period in which the growth was dormant but the tubers in only one plot showed a greater degree of brown spot than those planted later, and all other factors which improve potato quality were present to a greater degree in the early plantings.

GREAT DAMAGE TO SOUTHERN PEACHES

In some Sections Large Percentages of the Buds Are Dead—In Others Not Much Harm

Lee M. Hutchins is a son of H. H. Hutchins of Ganges. He is employed as a pathologist of the department of agriculture studying peach diseases in southern states. In a recent letter to his father Mr. Hutchins thus reported:

"William Turner and I are out for a few days investigating the behavior of the peach buds following the recent low temperature. We found plenty. The warm weather did not give the peach buds in central Georgia and southward the stimulus that winter is over and it is safe to bloom, so they have remained dormant. Peach trees in north Georgia and Tennessee had sufficient cold so they came into bloom in late February and early March. Then when the freeze came much damage was done. Trouble was negligible at Fort Valley, but began by the time we reached Newnan, not far from Atlanta. They lost probably seventy-five per cent of their buds, but still have a crop left in orchards where the set was heavy. North of Atlanta a still smaller percentage of the buds are alive, and in northwest Georgia, in the mountains, only about three per cent are alive. Here in Tennessee the crop is a total loss. Practically 100 per cent of the buds are killed. Young pears are killed in leaf. Old pears suffered severe killing of terminal twigs. Apples were not in flower nor leaf and are not so much injured."

DAILY PRACTICE IS MAKING PLAY MORE PERFECT

With only three weeks to go before the presentation of the senior class play, "Skidding," the cast has been occupied afternoons, memorizing their witty lines. It has been rumored that the cast worked during spring vacation. Judging from the technique demonstrated by the hero and heroine, this rumor seems to be true... unless the hero and heroine rehearsed not with each other, but with their respective fiancé and fiancée.

Ivan Johnson has been appointed stage manager; Otto Dressel, electrician; George Painter, business manager; Nat Brouwer, assistant business manager; and Edith Drecher, property mistress.

Business manager George Painter states that posters and signs announcing the play are now being printed. They are to be placed in the display window of the leading merchants in town.

April 28th and 29th are the two dates. Carnegie Hall has again been selected as the place where the senior class will present a diverting comedy of modern life, love, and... oh well, come and see for yourselves.

The complete cast is as follows: Judge Hardy... Rudolph Nichols. Their three daughters... Estelle Hardy Campbell, Marion Den Herder, Myra Hardy Wilcoits, Lynn Sabo, Marian Hardy, Vera Van Duren, Andy, their son... Ray Mooi, Wayne Tenton III, lover of Marian.

Cosmos Win Over Fraters By Score of 32-30 Thurs.

The Cosmopolitans claimed the Fraternity Basketball championship for 1931-32 after defeating the Fraters 32-30 in a most exciting play-off game at Carnegie Gym Thursday afternoon. Two overtime periods were necessary to decide the champion.

Coach De Pree's team played some good basketball to gain leads of 7-2 and 17-7 at the quarter and half, respectively. The playing during the first half indicated a win for the Fraters, but the second half a Cosmos rally led by Steffens and Wiegink wiped out the ten-point lead. The third quarter saw the Cosmos leading in one point of the leaders and this was wiped out in the last few seconds when Steffens made good on a foul attempt. The overtime periods proved very uncertain.

When the game seemed to be decided in a few seconds it would again be tied. In the first overtime Noter sank a foul goal, but J. Wiegink immediately retaliated. Van Peursem scored on a nice follow-up shot. But Steffens picked this appropriate time to score another deuce, which again tied the score at 28 all.

Baskets by Wiegink and Steffens in the second overtime gave the Cosmos a four-point lead. This dwindled when Decker scored two points for the Fraters and was nearly extinguished but for the final whistle, when Damson sank a basket a moment after the end of the game.

Steffens and Wiegink led the Cosmos scoring with 15 and 14 points respectively, while Wiegink also looked well on defense. Van Peursem and Van Kolken looked best for the Frater five.

SALARY CUT BY BOARD IS RESCINDED

Judge Danhof Calls Attention of Board That Action Was Illegal

Grand Haven Tribune:—Parliamentary procedure, discussion and debate, defense arguments, and resolutions, got all tangled up at the session of the board of supervisors yesterday when the question of salaries of the officers of the probate court came up, revived by Judge James J. Danhof from Monday's session, when the board took action to reduce the salaries of the two new officers in that office.

The board decided to let the salaries, as fixed by the board last October appropriating \$3,500 to the Court Register, to stand thus, rescinding the action of last Monday which reduced the Register from \$2,000 to \$1,750 and the Deputy from \$1,500 to \$900.

A barrage of discussion followed Judge Danhof's criticism of the committee on public officers, which had interfered, he said, with the prerogatives of the court by suggestions in a letter sent to him and by the recommendations for reductions made to the board.

Judge Danhof explained that Miss Harriet Swart had been in the office as deputy for 10 years. That for months at a time she had taken the place of Miss Cora Vandewater, former register, and that she was fully capable. He stated that she was entitled to the same salary as Miss Vandewater had until the board took action in October relative to any reductions.

He explained that he had hired Miss Dolores Wieringer, for \$75 a month, as a typist with the idea of appointing a deputy register later on. In the meantime he stated he was turning over the balance of the appropriated salary, \$600, to the county.

As the appropriations read \$3,500 is budgeted for help in the probate court, stated Judge Danhof, and according to statute these amounts of \$1,500 and \$2,000 cannot be raised or lowered during the time for which they are fixed.

Members of the probate committee argued that the board was to dictate to the probate judge but they believed that any new officer should start in with a salary below that given to one of experience. Benjamin Brouwer pointed to the fact that there was no deputy register and no money could be paid for a typist. Mr. Rosbach stated that making the judge appoint a deputy at this time would force him to employ a person that might not be capable. Afterwards the judge offered to appoint Miss Wieringer immediately.

C. E. Misner and D. M. Cline pointed to the law which states salaries are to be paid for the two above officers and thus to tamper with the schedules would not be legal.

The matter as now fixed gives Miss Swart \$2,000 per year, ending Jan. 1, 1933, and Miss Wieringer \$1,500 providing the judge makes her the deputy.

PARK TOWNSHIP SUPERVISOR NEW CHAIRMAN

(Continued from Page One)

ing of the interim of sessions. D. M. Cline said he had long considered the methods of present county government an antiquated and cumbersome one and he did not believe the inefficiency of the present methods should be increased, as such a plan would entail.

A report of the condition of the county jail and the amount of business transacted was made by the committee on inspection. William Ver Duin was selected temporary chairman and William Wilds secretary. Seats were drawn by the supervisors as the six new members were seated. These are held through the year.

Committee appointments for the ensuing year for the Ottawa county board of supervisors are announced by the newly appointed chairman, George Heneveld of Park township.

The auditing committee, the only elective committee on the board, was selected Tuesday afternoon at the opening of the session following the appointment of George Heneveld as chairman. They are Fred Graham, chairman, Benjamin Brower and Philip Rosbach. This group is the same as the committee last year.

The committees as appointed by Mr. Heneveld follow:

George C. Borek, chairman of the Soldiers relief committee, reported a deficit of \$1,692. The report showed 102 families had been assisted during the past five and one half months with a total of 441 people during the year. The chairman requested a meeting with the finance committee relative to the situation.

Mr. Borek also made a report of the state Drain commissioners' meeting which he attended several months ago at which several important new drain laws were discussed.

HOLLAND MAN FOUND DEAD ON THE FLOOR OF HIS FLAT

Early Wednesday morning the body of Simon Bos was found on the floor of his flat, 7 West Eighth street, by his nephew, Marinus Steketee.

Mr. Bos had been living alone on the second floor of the building since the death of his wife some eight years ago. He had been in failing health for some years and his nephew was appointed guardian to watch over him and take care of his wants. He was about to perform his duty as usual Wednesday morning, kindling the fire, but he noticed first that the doors were unlocked and there was no light burning, which was unusual. Mr. Bos was not in his room and his bed had not been disturbed. Mr. Steketee quickly made a search and found Mr. Bos fully dressed on the floor in the living room of his apartment. He has hastily gave the alarm and physicians pronounced that Mr. Bos had died some hours before of heart failure. Coroner Gilbert Vande Water considered that an inquest was unnecessary.

Many years ago Mr. Bos was a clerk in the Steketee & Bos Grocery, located in a frame building on River avenue and Ninth street. Later he became identified as an accountant at the C. L. King Basket Factory, located on the Kollen park site. He was not only purser on the pleasure steamer "Macatawa," but on the old "City of Holland," the Holland-Chicago steamer as well.

Mr. Bos was born in The Netherlands October 18, 1858. He came to Holland at the age of five with his parents.

The funeral services will be held this Friday afternoon at 1:30 o'clock from the Nibbelink-Noties funeral home, Rev. James Wayer, pastor of First Reformed church, officiating. He will be buried beside his late wife in the family plot in Pilgrim Home cemetery.

Mr. Bos is survived by eight nephews, Oscar Hoek, John Steketee, Peter Steketee, Marinus Steketee, Jacob Steketee, Henry Steketee and William Steketee of Holland, and Sheriff Cornelis Steketee of Grand Haven; three nieces, Mrs. Nicholas Unema, Mrs. H. Heerspink and Mrs. James Bareman of Holland; two sisters-in-law, Mrs. Albert Kraai and Mrs. T. A. Smith of Holland; and a brother-in-law in Memphis, Tenn.

ARRANGE FUNERAL FOR LIVE PERSON, BUT FIND WRONG CORPSE

Mrs. Susan Overbeek received a message Friday stating that her daughter, Clara, who is being cared for at the State Hospital at Wahjamega, was seriously ill. On Saturday morning another message was received stating that Clara had died and requested what the family wishes were in regard to burial. Arrangements were made with the Langeland Funeral directors to have the body brought to Holland and plans were made to hold the funeral on Tuesday afternoon. When the body arrived it was discovered that a serious mistake had been made, the remains having been sent were of a woman of about forty years of age by the name of Overbeek, instead of Overbeek. A call was sent in to the superintendent of the Wahjamega Hospital and he stated he had no record of the death of Clara Overbeek. How such a mistake could have been made is hard to understand, but according to latest reports, Clara is alive and well.

Mr. and Mrs. Henry Bouwman and little daughter, June, spent Sunday with their grandmother, Mrs. E. J. Nienhuis.

Peter A. DeJong, recent graduate of Western Theology seminary, has accepted the promise of a call to People Park church at Paterson, N. J. DeJong, graduate of Central college, is completing a year of post-graduate work in Princeton Theological seminary.

Wild Flowers Bloom Again This Month

TRAILING ARBUTUS OFTEN IS
FOUND HIDING BENEATH
MOLDY LEAVES OF
AUTUMN

Charm of April is in the return
of our birds and wild flowers. It
is true a few flowers may be found
by nature-lovers in early March
and a number of birds have come
back to us, but the month of show-
ers is the true month of spring in
Michigan.

A flower of unpleasant name is
of the first to be discovered. It is
the skunk cabbage. This is not a
flower for plucking as it has an
unpleasant odor.

To come upon a delightful wild-
flower it is sometimes necessary to
brush aside moldy leaves of last
autumn. The sweet-scented May-
flower, or trailing arbutus, is found
most often hidden in the leaf mold
that has begun to decay.

In damp places and by streams
one may come upon the coltsfoot,
a blossom much sought by bees.
This wildflower was imported from
Europe many years ago.

Another dainty flower that may
be found now is the hepatica. It
does not adorn itself in new dress
to make its spring appearance, but
shows off the fragile beauty of the
new blossoms. In color the blossoms
are blue, white or pink.

The spring beauty is all that its
name implies. In the moist mold
of last year's leaves we find the
white, pink-veined blossoms come
forth to greet the returning sun-
light, that they seem to avoid. This
flower often is called Claytonia.

An April flower that brings vi-
sions of early history of Michigan
is the bloodroot. Long ago, it was
sought by the Indians for deco-
rative purposes. The flowers are
snowy-white, gleaming like stars
from the dark floor of the spring
woods. The blossoms are short-
lived.

AUTO HIT BY TENDER OF HOLLAND PASSENGER

A narrow escape from serious
injury was reported when a light
sedan struck the rear of the ten-
der of Pere Marquette passenger
train leaving Grand Haven for Hol-
land. The collision occurred at
Jackson Street while the train was
coming to stop for the station. The
locomotive had crossed the inter-
section when the car struck the
tender. A fender was torn off the
car and the body dented but the
passengers were not injured. Folks
will try to shove passenger trains
from the rails, but it never seems
to work.

COUNTY MERCHANTS ASK ABOUT NEW TRUCK- ING FEE

Country merchants of Hudson-
ville, Jamestown, Forest Grove and
Zeeland, through Dick E. Smalle-
gan of Jamestown, yesterday peti-
tioned the city commission for a
hearing on the question of whether
they will come under the new or-
dinance providing for a \$100 truck-
ing fee.

"We take our customers' produce
and sell it on our wholesale mar-
ket," Smallegan's communication
reads. "In turn we buy our groceries,
dry goods, hardware, shoes,
etc., from your wholesalers, which
we truck home."

"We know we need the services
of your wholesalers and also ap-
preciate the facilities your wholesale
market affords us."

Days We'll Never Forget

Start Early to Build Lawns, Says Expert

TELLS HOW GRASS SHOULD BE
CARED FOR TO GET THE
BEST RESULTS

Good lawns depend on an early
start in seeding new areas or in
reseeding the places where the
grass has failed in old lawns, ac-
cording to the soils department at
Michigan State College.

The lawn should be raked as soon
as the ground dries sufficiently and
uneven places should be leveled up
by adding new soil. Seeding while
the ground is freezing or while
there is snow on the ground will
not hasten the growth of the lawn.

The grass mixtures recommended
by the college men are bluegrass,
50 per cent; Cheeping's New Zea-
land fescue, 20 per cent; redtop, 20
per cent; and Colonial bent grass,
10 per cent, for all places except
shaded spots where rough stalk
meadow grass, 40 per cent; Chew-
ing's New Zealand fescue, 30 per
cent, redtop, 20 per cent, and Colo-
nial bent grass, 10 per cent, should
be used.

Use 20 to 25 pounds of a high
grade fertilizer to each 1,000 square
feet of lawn. The recommended an-
alyses are 10-8-6, 10-6-4, or one
with similar proportions of plant
food. The fertilizer should be mixed
with dry sand or other soil to per-
mit its even distribution by broad-
casting or with a small, hand drill.
Always apply fertilizers when the
grass is dry and water immediately
after the application. Use ammo-
nium sulphate, 5 pounds to 1,000
square feet, to stimulate grass
growth later in the season. Do not
fertilize during hot, dry weather.
Shaded spots need more light ap-
plications of ammonium sulphate
and lots of water.

Roll the lawn only once. When
watering lawns, thoroughly drench
the soil and do not water again
until the soil is dry. Frequent, light
waterings may injure the grass.

Set the cut of the mower at
two inches for the first two cut-
tings and then lower it to one and
one-half inches. Cut the grass as
often as it gets one-half inch above
the cut of the mower.

When eggs were sixty cents per
dozen and ham fifty cents per
pound we used to kick about the
cost of a ham-and-egg dinner. Now
with eggs at a dime a dozen and
ham at twenty cents a pound we
can't afford the ham-and-egg din-
ner. Reducing the cost of living
doesn't always work.

J. H. Kole Company of Zeeland fol-
lowing an automobile accident in
which Vandenberg received a fractured
leg.

The accident took place on the

Taver car did the same and they

Conservation Officers Are Glad to Tell of the Best Fishing Spots

Local conservation officers—and
in Ottawa county that is Maurice
Kuite of Holland, are always glad
to give fishermen advice as to
good places to fish, but the
Department of Conservation at

prepared maps indicating lakes and
streams and the species of fish for
which they are best known. The
department is constantly receiving
requests for such maps and is un-
able to furnish them. Local infor-
mation may be obtained from
Chambers of Commerce, Tourist
and Resort Associations, and fre-
quently from the members or of-
ficials of sportsmen's and Isak Wal-

reational areas. In Holland the Hol-

ready to help.

the school by seniors since the
graduation of the class of 1914.

This money was used for the pur-

scenery and electrical apparatus,
piano, library desk, honor pins for
members of National Honor so-

REARING PONDS TO BE IMPROVED AND REPAIRED

The board members of the Hol-
land Fish and Game club met Mon-

decided that the rearing ponds east
of the city should be improved and
urgent repairs made. The unem-

will be started next week and as
soon as the repairs have been made
the ponds will be filled again. They
were recently drained to allow the
beds to "sweeten."

The improvements will be fi-
nanced by the welfare provision
adopted at the annual meeting in
January when it was decided that
20c of the 50c received for each
membership would be used in wel-
fare work.

Dr. Brower Again Writes Of Holy Land

TELLS OF TIBERIAS, SEA OF
GALILEE AND CAPER-
NEUM

By Dr. A. J. Brower.

From Tiberias we traveled along
the sea to Magdala, the town of
Mary Magdalen. It was just a
mass of ruins, mostly underground,
and a little further on we came
to the ruins of Bethsaida of Gal-
ilee. From here we look eastward
across the sea on to Capernaum.

We stopped near where the two
brothers, Simon and Andrew, were
casting their nets. Mark 1, verses
16 and 17: "Now as He walked by
the Sea of Galilee He saw Simon
and Andrew, his brother, casting a
net into the sea, for they were
fishers." Christ chose nearly all
his twelve disciples from the shores
of this lake. Most of them were
fishers. Jesus was the only one
that was not a Galilean.

We were to row across in row-
boats from here to Capernaum, but
the sea was so rough that we did
not think it was safe. Most any
minute a gale may lash the water
in great waves.

My initial experience on a bois-
terous sea has always clung to me
and that was in 1893 on Lake Mich-
igan on the way to the Columbian
world's exposition at Chicago. Such
experiences in youth generally stick.

What Are Legal Size Fish? Told By Game Dept.

CAUGHT OR BOUGHT MAKES NO DIFFERENCE IN THE LEGALITY

If you purchase a dressed whitefish that weighs less than a pound and ten ounces; a lake trout that weighs less than a pound and a quarter or a blue pike that is less than 11 inches long, you have purchased an illegal sized fish.

The Fish Division of the State Department of Conservation is reminding fish dealers and fish markets of the legal size of fish that may be sold.

The sale of fish under the legal size specified by state law applies not only to fish that have been caught in Michigan, but also to fish imported from other states as well. Fish measurements are taken from the point of the snout to the end of the tail spread naturally.

Following are the minimum sizes permitted to be sold:

Whitefish — 2 pounds in the round; 1 pound 10 ounces dressed; 1 pound 6 ounces when dressed with the head off and scaled.

Lake trout — 1 and one half pounds in the round; 1 and one quarter pounds dressed.

Cisco trout — 2 pounds in the round.

Perch — not less than 9 inches.

Redhorse, red or sturgeon suckers or white suckers — 1 pound in the round.

Grass pike — 2 pounds in the round.

Catfish — 2 pounds in the round.

Bullheads — not less than eight ounces.

Yellow Pickerel — 1 and one half pounds in the round.

Blue Pike — not less than 11 inches.

PREDICTS MORE WILD TURKEYS

IS GOBLER VANISHING THE GAME BIRD?

"We soon shall see planting of wild turkeys made in nearly every state where the birds once were plentiful," says Willett Randall in the February issue of the "Game Breeder." "Certain it is, that interest in the wild turkey today is greater than it has been at any time since the bird was common in the United States."

Randall states genuine turkeys are extremely hard to get for breeding purposes. He has offered \$50 each for purebred turkeys, and has had but few takers. He says the purest strains are found in South Carolina, but that state will not permit turkeys to leave the commonwealth for breeding purposes, although it still permits a long season for hunters.

Contrasted with the optimism of Randall as to the future of the wild turkey in this country is the statement of John T. Zimmer, assistant curator of birds at the Field Museum, that the wild turkey must be classed with our vanishing game birds. Says Zimmer:

"In those areas where the wild turkey still exists in natural condition, it may not hold its own for all time so long as there are seasons for hunting it, and hunters pursue it."

Michigan sportsmen are inclined to be sympathetic to the view Capt. Charles Askins expresses in his recent book, "Game Bird Shooting," in which he said the wild turkey was eradicated not only by the advance of civilization, but by the relentless persecution. Askins indicates the beach-ack-sawp area of deer may sustain turkeys, but adds that, if the turkey is to survive, no methods of hunting can be allowed except still-hunting—that turkeys will not hold their own if they are hunted by means of calling.

STATE PARKS PROVE POPULAR THIS WINTER

Unprecedented winter attendance at Michigan's State parks is being reported by park superintendents in charge of the parks open during the winter months to the public.

During the month of January and the first two weeks of February 14,857 people visited the Muskegon State park and during the same period 11,900 people visited the Cedar Hills region. Bloomer park No. 2 at Rochester reported 5,540 people for a single week in January.

Attendance reported from other parks for January are: Wilderness State park, 283; Dodge Bros. State park No. 4 at Keweenaw Harbor, 1,080 in one week; Munising park, 47; Interlochen State park, 815; Burt Lake State park, 744; Burt Lake State park, 941 in one week; Onaway park, 105; Dodge Bros. State park No. 10 at Highland, 565 in one week. Ottawa Beach also sees thousands, especially on Sunday and when there is a "sea on."

Primitive hostalries The Romans are credited with having invented "hotels," which were first known in Italy as "osterie." They were slovenly places, without host, cook, waiters or beds. In fact, all they gave the traveler was shelter from the weather. He had to bring his own bedding and food and do his own cooking.

TUITION RATES REMAIN UNCHANGED IN SCHOOLS

A meeting of the Board of Education was held Monday evening. The meeting was opened with a prayer by Trustee Cornelius De Koster.

No changes were made in the tuition rates for non-residents due to the failure to take action on a report submitted by a special committee with Trustee William Arendse as chairman. The recommended increase from \$75 to \$100 for non-resident students in the grades and from \$100 to \$115 for non-resident students in the high schools.

Plans were discussed for the annual graduation exercises this year. It was suggested that the usual commencement address be omitted this time and that music be substituted with the major portion of the exercises being devoted to the presentation of awards and diplomas. The senior class of Holland High school has the largest graduating class in the history of the school and it is proving to be a problem to arrange a program that will not be too prolonged. No definite decision has as yet been made.

The board voted to donate \$400 to the recreation commission of the city to augment its budget of \$1,200 approved by the common council recently.

Whether the payment of the voluntary 10 per cent refund in the teachers' salaries received on their present contract will be made in monthly installments or in a lump sum at the end of the year has not been definitely decided.

OTTAWA COUNTY FARM AGENT CALLS 145 MEETINGS IN ONE YEAR

In a report just issued by Agricultural Agent Milham, covering the last six months' work in Ottawa county, are many interesting facts.

A total of 145 meetings was held with an attendance of 7,763 people. Of this number 47 were held in the evening and 98 in the daytime. The attendance at these meetings is the largest of any six months' period excepting the six months preceding the first tuberculosis testing of cattle in the county.

Because the present time is a trying one for farmers more have written in and called at the agricultural office for assistance in solving problems than in any six months before. A total of 202 farmers sought advice at the office, 650 wrote in for information, calls were made on 181 farmers, 1,309 bulletins were distributed and 13,786 circular letters mailed.

Subjects discussed or demonstrated were club work, dairying, farm accounting, beekeeping, soils, liming, fertilization, alfalfa, emergency hay and pasture crops, poultry and diseases, Bangs' disease, drainage, dynamiting, sand blow control, reforestation, hog cholera, poultry house construction and remodeling, farm crops, seed grain treatment, potato diseases, fruit and field insect control, timber insects, irrigation, muck crop diseases and pests, gardening, taxes and economics.

Robinson Town hall at 3:30 p. m. Robard school, Port Sheldon, at 7:30 p. m.

one mile east of Chester Town hall at 1:30 p. m. on April 20.

SCALE IS MAKING INROADS ON OTTAWA TREES

San Jose scale is making rapid gains in Ottawa apple orchards and will kill many trees in the next few years unless controlled. Oyster shell scale is also prevalent. Oil sprays are superior to lime sulphur as oil sprays properly used will control scale, insects, mites and leaf roller, while lime sulphur controls only scale insects. The 1932 spray calendar, giving complete directions for spraying all fruits, may be obtained free from the ag-

ricultural agent at Grand Haven.

Saw-tooth grain weevil and caddis insects infecting grain were brought to meetings held in Ottawa county last week. Thorough cleaning of the granary and lining of the bins with paper before time for threshing were advised. Proper use of carbon bisulphide gas will kill insects. The agricultural agent advised against trading sacks or placing purchased grain or feed in granaries, but to keep those things in a feed room away from stored grain.
