Corp. Norman Buurama

Sgt. George Buurama

The meeting of twin brothers of Holland after being separated four months in the Southwest Pacific area was related in a letter sent by Corp. Norman H. Buurama to his parents, Mr. and Mrs. George Buurama, 187 East 11th St., received here Wednesday.

The two boys, Corp. Norman and Sgt. George, entered army service in October, 1940, when all National Guardsmen were called. They sailed about a year ago for Australia in company with other local men of Co. D.

When the letter was written, March 31, Norman said he expected to be released from the hospital in a short time and would rejoin his company.

He also highly commended the work of the Red Cross in Australia mentioning that both he and George had been served a chicken dinner there, presumably at a canteen. School Board to Invest \$15,000 in 1.5 Per Cent Bonds

Increase in State Aid
For Next Year Totals
\$23,000 for Holland

At a regular monthly meeting of the board of education of Holland public schools Monday night, decision was made to invest \$15,000 in war bonds at 1 1/2 per cent interest to fall due in 1946. The investment was made because the board contemplates no building during the next few years and because the government has made a special plea for funds in the new Victory loan drive.

Supt. E. E. Fell also announced that Holland's share in the increased state aid fund for 1943-44 amounted to approximately \$23,000 or \$6.50 per student enrolled in the system. The allotment for next year will amount to \$181,174.86 compared with the \$157,560.96 received this year.

Mr. Fell pointed out that Holland will not be able to lower the school tax rate this year since the state has made it clear that the increased allotments will not be forthcoming if cities lower the school tax rate.

The approximate \$23,000 increase will be used largely for increased cost of living. The increased cost of school supplies and the like also is taken into consideration.

Announcement was made that the Rev. H. William Pyle, pastor of Overisel Reformed church, has accepted the invitation to deliver the address at the high school baccalaureate services which are scheduled for June 13.

Trustee John Olt presented the school calendar for the 1943-44 terms. The calendar which was approved is as follows: Sept. 8—Fall term opens; Nov. 25 and 26—Thanksgiving recess; Dec. 23 (noon)—Fall term closes; Jan. 4, 1944 (Tuesday)—winter term opens; Jan. 28—first semester closes; Jan. 31—second semester begins; March 24—winter term closes; April 4 (Tuesday)—spring term opens; June 11—sermon to graduates; June 15—high school commencement; June 16—school closes.

Bills allowed for the month amounted to \$33,632.47. A communication was read from Louis H. Wood, former Sentinel reporter who left Holland last week for Battle Creek where he is engaged in newspaper work. In his letter, Wood thanked the school board for the cooperation shown during the six years he served as reporter and expressed the hope that the board will continue to serve the city with the same efficiency and consideration as in the past.

Motion was made and carried to send a letter of sympathy to Mr. and Mrs. Rex E. Chapman in the death of their son, Capt. Herbert E. Chapman who was fatally injured in a plane crash Sunday. Rex Chapman is assistant principal of Holland high school and head chemistry teacher.

Trustees present were C. J. De Koster, Mrs. George E. Kollen, A. E. Van Lente, E. V. Hartman, Fred Beeuwkes, Prof. A. E. Lampen, Mayor Henry Geerlings, John Van Zoeren and John Olt. President Beeuwkes presided and Trustee Lampen led in prayer.

16-Year-Olds May Get Chauffeur's Licenses

The Holland police department today announced a new regulation as issued by the Michigan State police which permits 16-year-olds to apply for chauffeur's licenses. Heretofore chauffeur licenses were issued only to those 21 or over.

A stipulation in the order states that while 16-year-olds may apply for the license, they will not be permitted to drive trucks with a manufacturer's rated capacity of over one and a half tons until they are 18. In applying for the license, the applicant must be accompanied by a parent, guardian or employer who must sign the application.

The new amendment does not change original orders requiring drivers of taxis, school buses or public passenger motor vehicles to be 21 or older.

U.S. Counting on Working Man in April Bond Drive

Lievens Asks Buying By All; Two Boards of Holland Aid Campaign

Frank M. Lievens local bond sale chairman, has pointed out that the government is counting on contributions from the working man in order to raise the 13 billion dollar quota in April rather than the investments of industries and banks.

"If we are to win the peace that follows the war, we must all sacrifice and do our bit for our country, rather than let the big industries put up the money," Mr. Lievens said, pointing to the blows which widespread bond purchases strike at inflation. The sale of "E" bonds which bear the highest rate of interest is offered only to the individual who may purchase bonds up to \$5,000 in this series.

In an effort to help Holland meet its share of the \$1,630,000 county quota this month, the local board of public works on authorization of common council will invest \$325,000 in 2 1/2 per cent bonds. The amount will be quite evenly divided among the two banks here and the Holland Building and Loan association. The local board of education is buying \$15,000 in bonds.

Before Judge Smith and was ordered to appear in Municipal court April 20 at 11 a.m. Kole was specifically charged with a disorderly offense since it is only under this charge that the case can be tried in the local court. Kole has a wife and eight minor children.

Fennville, April 15 (Special)—Funeral services for William J. Boyd, about 72, who was found dead on the floor of his home here Sunday afternoon, were held Tuesday at 2 p.m., with burial in Fennville cemetery.

Mr. Boyd died of a heart attack, according to Dr. J. G. Burdick. His body was found by P. A. Smith, restaurant proprietor who while passing the home noticed that a chair was overturned and investigated.

A native of New York state, Mr. Boyd came here about nine years ago from Holland where he was employed for many years in tannery work. He worked on numerous fruit farms here, including the Luplow, George Mechem and E. H. Hawley farms.

Ottawa Farmers To Exceed Goals

Grand Haven, April 15—Ottawa county farmers will be busy this year producing crops to win the war on the home front, according to Glenn E. Taylor, chairman of the AAA, who has compiled a summary from information collected by the community committee.

The goals set for Ottawa county on potatoes is 2,100 acres and figures from farm plans show that there will be 2,263 acres planted. Commercial vegetables acreage will be increased from 2,582 acres in 1942 to 2,603 acres in 1943. The only goal that falls short is dry beans, being 500 acres below the goal set for Ottawa county.

In livestock every goal set will be exceeded by a large percentage even though doubt that the goals would be reached was expressed when they were set. Goals set for cows and heifers (kept for milk) were 23,141 and check-up by committee-men indicates there will be 24,170 heads.

Sows to farrow show the greatest increase of all exceeding the spring goal by 1,200 litters. In the fall of 1943 the goal was set for 1,497 litters. This will make a large increase in pork products for 1944.

Goals on chickens was set at 908,000 and indications are that 998,380 hens will be kept for laying on farms this fall. The production of turkeys will be greatly increased, the goal being 57,279. The canvass shows 27,736 turkeys were raised in 1942.

There are about 6,000 farmers in the county. The total number of persons contacted by the community committee-men regarding the farm program was 5,163.

Incentive payments for the production of fresh vegetables and Irish potatoes will be made, according to Mr. Taylor, on a percentage basis from 90 to 110 per cent of the goal.

Support prices for several crops have been changed as follows: Dry beans will be supported at \$6.50 for white and cranberry; \$7.50 for kidney; soybeans for \$1.70 to 1.80; smooth dry peas from \$5.50 to \$5.65 for No. 1 quality.

A second group of essential farmers, men who have been deferred from the draft for agricultural purposes was announced by Lowell L. Wilson, chief clerk for the board. This makes a total so far of about 200 men so deferred.

The long-threatened drafting of married men and fathers became a reality last week when the first group of married men were given preliminary physical examinations. In all probability, married men will be called and taken into the service in latter May and fathers will be called beginning about July 1.

Speeding up of the drafting of married men and fathers has resulted from deferments for large numbers of those on farms and of younger-age groups in essential industry.

Mr. Muller said today he is accepting the presidency with the understanding that due to his health he is to assume no responsibility for six months or until his physical condition warrants. In the meantime Mr. De Pree will assume responsibilities.

A total of 4,000,000 Testaments are on order and 3,600,000 already are in the hands of service men.

The convention climax was the Saturday night banquet which was attended by 450 businessmen and their wives.

Sunday morning, Gideons visited more than 50 churches in the Saginaw Valley area. Former Gov. Luren D. Dickinson addressed the closing meeting Sunday.

Captured Jap Flag Sent Here by Colonel Geerds

This captured Japanese flag—on display in a window of the Holland State bank—was sent by Lieut. Col. Henry A. Geerds to his wife. Bearing the large red sun and numerous symbols, the 2½ by 4-foot flag was captured in New Guinea and presented to Col. Geerds by two of his runners. The symbols, according to Dr. Albertus Pieters, former missionary to Japan, represent personal names, presumably those who belonged to the company. A question has arisen as to the classification of the flag. Col. Geerds in a letter referred to it as a battle flag. Dr. Pieters said it is a civil flag as the Japanese military banner has rays from the center ball. Mrs. Geerds said her husband was released March 14 from an Australian hospital after being confined there about six weeks for malaria. He also was hospitalized for a few months the latter part of 1942.

Add Fireplace To Kollen Park

To provide added accommodations for picnickers who must stay home this summer because of the gas rationing, the Holland park department has erected a double fireplace in Kollen park.

The fireplace, which was built in answer to requests from numerous residents, is located near the pumping station in the northeast corner of the park. Each grate in the fireplace is 12 inches wide and 14 inches long. Constructed of limestone, the fireplace with chimney is six feet in height.

Park Supt. John Van Bragt said that if the one fireplace does not fill the demands others will be constructed as the cost is small.

In preparing the park for the summer, he urged the owners of five or six iceboats to remove them from the dock area. The park department will move them if the owners don't, he said.

Because of wartime limitations, Mr. Van Bragt predicted that record numbers of picnickers would visit the park this summer.

Local WCTU Hears Talk By President of District

The April meeting of the local unit of the Women's Christian Temperance union, held in the parlors of First Methodist church Friday afternoon was opened by the presiding officer, Mrs. Carl Dressel. Mrs. S. Habing led in devotions, reading the 15th chapter of John, picturing the union between Christ and his church.

Mrs. Nina Daugherty, medal contest promoter, reported on the work of the ten contestants in East Junior high school who will compete in the silver medal contest to be held in May.

With the words, "Blessed are they that do his commandments that they may have right to the tree of life and may enter through the gates into that city," Mrs. Margaret Markham paid tribute to the memory of Mrs. P. Ihman.

Mrs. Paul E. Hankamp, program chairman for the day, introduced the guest speaker, Mrs. Leda Snyder of Grand Rapids, president of the fifth district, W. C. T. U. Topic for the afternoon was "Do You Know?" and in introducing her subject Mrs. Snyder called attention to the slogan "Defense" printed on the program for the district convention to be held in Grand Rapids, April 29-30.

"We are in defense of our defenders," Mrs. Snyder said, "and that is in your hand. When Moses was called to lead his people out of Egypt, he remonstrated to the Lord, feeling the lack of the qualities of leadership. Then with the simple staff he carried, he was able to perform miracles. Being a member of the W. C. T. U. is like having a rod in hand, an instrument of power, with the help of God, to perform this task of defense," she said. "Organization is another rod of power, the W. C. T. U. being only second to the Red Cross, as the best organized institution in this country."

Mrs. Snyder mentioned the wide fields of labor of the W. C. T. Many Girls Take Rank At Grand Council Fire

Approximately 300 Camp Fire girls participated in the largest grand council fire ever to be staged here which was held in the Woman's Literary club Friday night, and was witnessed by 200 parents and friends.

Mrs. John Dethmers, president of the Woman's club, in greetings to the girls, expressed the pleasure of the club in being the proud sponsors of such a large group of girls who are actively interested in giving service to their community. She challenged them to be soldiers on the home front this summer by helping in every way possible.

Mrs. Ruth de Windt, Grand Rapids executive, welcomed the new girls into the circle of Camp Fire. She said that in many cities Camp Fire membership is on the decline, due to lack of leadership, but in Holland the organization is growing stronger each year in the number of girls and leaders. She invited the girls to week-end camp at Keewano the week-end of May 21-23. The girls are beginning a cookie project today to raise money for camp.

The ceremonies closed with the singing of "Mammy Moon," "Sheltering Flame" and the playing of Taps by Richard Ruch.

NO MOB LAW IN
OTTAWA COUNTY

An extra cheer is in order for
the sheriff's force of Ottawa
county and the municipal judge
in Holland for their prompt and
efficient treatment of the latest
"yellow paint" outbreak. Three
young men, but not so young
that their age can excuse them,
set themselves up as judges of
the loyalty and patriotism of a
fourth. They painted his car yellow,
thus stigmatizing him as a
draft dodger because he left a
war plant job to return to the
farm. In addition to heavy fines
they were ordered by the court
to restore the automobile to its
former color.

The special cheer is suggested
for the law enforcement officials
because it proves that there is
no mob law in this community.
Examples are not wanting in
some other communities of the
officials of the law winking at
such evidences of mob action.
When officers are sympathetic
with law breakers mob rule can
have its own way.

Any mob law anywhere under
any conditions is dangerous. In
a case like this one it may look
like the unconsidered prank of
teen-age boys of immature men-
tality. Doubtless those youngsters
are not really vicious; they were
merely lacking in good judgment,
and they did not have mental
capacity enough to understand
where the decision to take the
law into their own hands would
lead. Let one such case be ex-
cused on the score of youth, or
on any other score, and the forces
of disorder would instantly break
loose. There is always plenty of
fanaticism boiling just below the
surface.

In the present case the reason
for the "yellow paint" outbreak
was more than ordinarily flimsy,
at least so far as surface indica-
tions go. The youth whose car
was painted had changed over
from a defense plant job to farm
work. But the United States
government itself is crying for
farm workers and is pointing out
that the production of food is the
most patriotic job a man can en-
gage in.

Even if there are circumstances
that have not come out into the
open, they are the business of the
draft board. It is that body's re-
sponsibility to see to it that no
one escapes military service by il-
legitimate means, whether as a
defense worker or as a farmer,
or for that matter as anything
else. If the draft board has not
done its duty, it is the privilege
of any citizen to protest, but
there is no room in American life
for "yellow paint" parties of any
kind. We saw too much of where
that led in the first World war
to countenance it in this one.

THE CHURCH INVITES YOU

Coolidge's Estimate of Religion
Coolidge said: "I do not see
any method of improving our so-
cial and economic relations ex-
cept through the teachings of re-
ligion. In fact it is my belief
that we have gone as far as we
can in progress and reform until
we have a more general accept-
ance of the truths of religion."

"If these are permitted to slip
away from us, the progress and
reform which we have already
accomplished will vanish with
them."

Why not accept the invitation
and go to church next Sunday?

Radio Operators May
Take Exams in Allegan

Harry Kramer, acting postmas-
ter, today announced that exam-
inations for all classes of radio
operator's licenses which are in
the interest of the war effort
will be given at the Allegan mon-
itoring station by the federal
communications commission.

Because of limited space avail-
able for this purpose, examina-
tions will be given in small groups
by appointment only. Further in-
formation may be procured by
writing "Inspector in Charge, Al-
legan Monitoring Station, Post
Office Box 96, Allegan, Mich."

God does not prohibit war be-
cause he does not prohibit the
conquest of sin—Coolidge.

Peter and John With Jesus
in Gethsemane
Matthew 26:35-46

By Henry Geerlings

On the way to the cross Jesus
was evidently aware of what was
confronting Him. He reached one
of the greatest events in His life
when He met His Father in pray-
er in Gethsemane. He had just
instituted the Lord's Supper in
the upper room and had revealed
to His disciples many things that
were on His mind. He gave them
to understand that His departure
from them was part of the great-
er plan and that because of His
going an added blessing would
come to them.

Judas had left the disciples and
Jesus. He did not tarry long
after Jesus pointed him out as
the traitor. He could not stand it
to face Jesus when he learned
that Jesus knew what a wicked
plot he had entered into to sell
Jesus to his enemies. But the
other disciples had gone with
Jesus. There were eleven of them
and they went out toward the
Mount of Olives. On the way
they came to a garden, called
Gethsemane. Evidently Jesus had
visited this spot before. Perhaps
He knew the owner and frequented
this spot as a place for prayer.
It would seem so as Judas seemed
to expect to find Jesus there,
even at the midnight hour. When
Jesus and the eleven disciples
reached the gate of the garden,
He asked eight of them to sit by
the gate while He went into the
garden to pray. Three were
chosen to be His companions in
the garden, to be nearer to Him
while He offered His great prayer
to His Father. These were Peter,
James and John, sometimes
spoken of as the inner circle. At
least these three were given
special privileges which none of
the others enjoyed. The three
with Jesus went into the garden.
They were unafraid though it
was night. Jesus was not alarm-
ed though He knew that Judas
was out with the foes of Jesus
planning for His arrest. Jesus
longed for companionship that
he could depend on.

For the prayer Jesus went by
himself. He had to meet the
issue alone. While it would be
helpful to know His disciples
were not far away, yet the real
burden of the moment He had to
assume in His own strength. When
He had gone farther into the
garden, as if to get away from any
disturbance. He poured out His
heart in prayer to His Father.
There was a burden to be carried,
a bitter cup to be drained, and
Jesus faced the assignment of
carrying through the plan. He
knew the terrible nature of the or-
deal that He faced. He did not
try to escape doing what was His
duty. He expected to carry out
the plan, unless there were some
other way, whereby a plan for
saving a sinful world might be
arrived at. This was the thing
He asked for, that the hour might
speedily pass, and if by any other
way God's purpose might be car-
ried out, then He asked to be
spared from drinking the bitter
cup.

But immediately He added the
words which lift this prayer of
Jesus into a high place as being
one of the hardest prayer to say
with sincerity. Those words
were, "not what I will but what
thou wilt." That meant that Jesus
was ready to do what His Father
ask Him to do no matter what it
might cost. Ending the prayer
He returned to His disciples and
found them sleeping. That was
a keen disappointment to Him.
Again and even a third time He
went by Himself and offered the
same prayer to God. It was a long
and a hard struggle for Jesus.
He was getting under the burden of
the sin of the world and it was
very heavy. It almost crushed
Him. But he was the only one
who could carry it. It was the
eternal plan that He should carry
it. He prayed over the matter and
won a victory for Himself and
for the world.

Jesus had faced the crisis with
prayer. He had gained strength in
answer to His prayer. He was
determined to meet the issue re-
gardless of its dangers and the
ultimate cost. If Judas was com-
ing to the garden with armed
soldiers to arrest Him he was
ready to go forth to meet them
and be like a criminal in their
hands. It was the obvious start
to the cross, but he was ready.
His purpose was to do the will of
His Father. The cup He would
drink to its most bitter dregs.
The shame of an unjust death.
He would face without resent-
ment. His mind was made up and
His intention was clear. He would
allow Himself to be betrayed by
Judas and then arrested.

Even if there are circumstances
that have not come out into the
open, they are the business of the
draft board. It is that body's re-
sponsibility to see to it that no
one escapes military service by il-
legitimate means, whether as a
defense worker or as a farmer,
or for that matter as anything
else. If the draft board has not

New Book Reviewed

For Yadnom Club

Mrs. Edward Donovan reviewed
the interesting new book, "War
Discovers Alaska," by Joseph
Driscoll, newspaper correspon-
dent, before members of the Yad-
nom club meeting Monday in the
home of Miss Rena Bylsma, 593
Washington Ave.

In her review Mrs. Donovan
discussed the various types which
form the population of this area
which bears the Indian name, "a
great land," the industries, and
potentialities of the district. She
described the military production
and the increased accessibility to
Alaska made possible by the new
Al-Can highway and railway
facilities.

The author suggests that after
the war Alaska may become a
boom state and its population in-
creased by colonies of refugees
from Europe and returned sol-
diers, Mrs. Donovan said.

These modern service departments are in charge of Fred Rutgers, Jr., Ter Haar service manager.

Scouts Are Formally Commissioned by OWI

Joe Arnold, executive secretary of the Ottawa-Allegan Boy Scout council, has announced that the Boy Scouts of America have been formally commissioned as government dispatch bearers for the Office of War Information. This dispatch service will continue for the duration of the war with a variety of service projects assigned to the scouts.

Each scout after serving will be awarded an identification certificate bearing the seals of the OWI and the Boy Scouts of America. Already scouts have distributed 1,607,500 defense bond posters and 25,000,000 pamphlets for the OWI besides numerous services for local organizations.

Their number one job for 1943 will be the distribution, twice a month, of a series of posters to the retail merchants in cooperation with the chamber of commerce and Retail Merchant's association of all communities of 2,500 and over.

Scouts of Holland and Grand Haven are organized and waiting word from their local merchants associations to begin this service which will last for the duration. The first distribution will be made April 17 and about every two weeks following this date.

Merchants will display these posters in their windows thus informing the general public what service they can contribute on the home front to help the boys on the war front.

150 Athletes Will Be Attracted to May Track Meet

Plaques to Be Given Victors in Conference And Area Event Here

Local athletes and track enthusiasts are looking forward to the Southwest conference meet and state area meet which will be held in Holland May 22, according to Coach Malcolm Mackay of Holland high school. The all-day meet, probably the largest of its kind to be held here, is expected to attract about 150 athletes to compete in track events.

Plaques will be presented to winning teams and boys who place will receive certificates. Further details of the event remain to be worked out. Manager and assistant to Coach Mackay is Leon Moody.

Coach Mackay is holding night workouts on the 22nd St. field for the 35 local high school students who have reported for track. With only two of last year's lettermen and one reserve letter winner back in competition, Holland high is beginning the season with a "green" team and field events are still somewhat uncertain.

Elwood Baker and Verne Rowan, both sprinters, are the lettermen reporting and Earl Borr, reserve letter winner last year, is also working out with the neophytes. Four of last year's men who were expected to return, have been lost to the armed services or have moved from Holland.

Opening the schedule will be an interclass track meet April 18. April 20 the local boys will meet Zeeland there and April 22, Muskegon Heights there. Zeeland will appear on the local field May 4. A triangular meet between Holland, Muskegon and Muskegon Heights at Muskegon is tentatively scheduled for May 13.

There is also a possibility that Holland's team will meet Kalamazoo sometime during the season at Allegan, each team traveling half the distance for the meet. Climaxing the season will be the Southwest conference meet and state area meet May 22.

Twelve events are included in the track program, 120-yard high hurdles, 100-yard dash, mile run, 40-yard dash, 200 yard low hurdles, 880 yard run, 220 yard dash, running high jump, running broad jump, pole vault, 12 pound shot and 880 yard relay.

If the church wants the state department to listen to it when it comes to the peace, it is necessary for the church to have something to say."

He continued that "no matter what happens to the world, it is necessary that the church remain standing. First of all, the church must disarm the minds of the people, for war starts in the minds of people. If we had had guards along our Canadian border, we would have had war several times."

Supplies for Arabian Hospital Dedicated

Representatives from women's missionary societies in the Reformed churches of the classes of Holland met at the First Reformed church of this city on Tuesday afternoon to dedicate to their service the supplies which had been made and contributed for the Knox Memorial hospital located on the Matrah side of the harbor of Muscat, Arabia.

Tables extending the entire length of the basement room were piled high with the articles of the sewing guild project, which had kept the women interested for the winter months. No estimate could be made at this time of the number of pieces in the exhibit, for it far surpassed the fondest expectation of the committee which had arranged the project.

Opening with a worship service in which Miss Henrietta Warnshuis stressed the importance of the consecration of self, service and substance, the meeting proceeded on the keynote of what the gifts meant for the missionaries who, without these donations, would have to close their hospital. In the opening worship, the leader was aided by Mrs. Harry Young, soloist, Mrs. Ellen Ruisard, pianist, Mrs. P. E. Hinkamp, Mrs. T. Boot and Mrs. B. Krulthof.

Mrs. Louis Van Hartesveldt, who has personal ties with Dr. Wells Thoms, doctor in charge of the hospital, gave her hearers intimate glimpses into the lives of the young people who are carrying on in Muscat. She quoted from the report of 1941, saying that in nine months, 35,124 outpatients and 483 in-patients had received treatment from Dr. Thoms.

Mrs. Bernard Rottschaefer of Katpadi, India, spoke from the missionary viewpoint, and was glad that the articles were to be of such great service in a hospital, a permanent institution. She mentioned the satisfaction of a nurse in feeling that there was an adequate amount of supplies on the shelves of the hospital storerooms. She asked the women to breathe a prayer for the safe arrival of the supplies at their destination.

A prayer by Mrs. J. A. Otte, whose husband had been one of the first medical missionaries to go into a foreign field, closed the dedication service. Miss Laura Boyd, president of the Women's Missionary union, introduced the numbers on the program and presented to the audience the new members of the classical committee of the Women's Board of Foreign Missions, Mrs. William Hietje of Zeeland and Mrs. Theodore Boot of Holland.

The offering taken at the meeting amounted to \$23.50, which will be used to pay freight charges from Holland to New York. The articles were packed for shipment Tuesday night under the supervision of A. Steketee and Theodore Boot. Miss Boyd thanked the women for their generosity and urged them to start all over again, since this is to be an annual project for the group.

THE 2nd WAR LOAN DRIVE IS ON!

Are you a Part-time American?

IT ISN'T HARD to figure your percentage as an American. Just check what you are doing against what you could do if you gave every minute of your day, every ounce of your energy . . . and, yes, every drop of your blood . . . toward winning this war.

Many men and many women have made that supreme contribution. Many more will make it—working, fighting, and dying—for American victory and American freedom. For the fight ahead is a hard one. *We are just at its beginning, not at its middle, or near its end.*

Of course, not all of us are—not all of us can be—in this fight with our lives. But every one of us, every man and woman, can be in it *with our dollars!*

Why a Lot More Money Is Needed NOW! With every foot of ground taken . . . with every naval task carried out . . . with every bombing mission against the enemy . . . *the costs of war increase.* More men are needed in the fight. More ships are needed for our supply lines. More planes and tanks and guns are needed on the expanding battle fronts.

This takes money. More money and still more money.

That's why the Government of the United States is asking us to lend it 13 billion dollars in the next few weeks. Asking us to invest, this month, an extra 13 billion dollars over and above our regular War Bond buying. And make no mistake about this: Uncle Sam's got to get that extra money to keep on fighting this war!

How to Invest Your Share!

Some time soon, you may be called on by a War Loan Drive volunteer. He'll tell you all about the greatest investments in the world today—the wartime securities of the United States. How they're tailored to fit your situation and your ability to buy.

But don't wait for him. Decide now to dig down—dig down deep. Then take every penny you can and go to your nearest bank or post-office and turn the money into War Bonds.

Sure, it may hurt. But a lot of clean-cut young

fellows in uniform are going to be hurt a lot worse than you are before this war is won. And don't ever forget this!

You're not giving your dollars—you're lending them. Your money's going to come back to you—and bring *more* money with it. Money that can mean not only no depression after this war, but plenty of peace-time jobs and peace-time goods for you and yours in a busier, more prosperous country than we've ever known.

So don't wait. For your Country's sake—for your own sake—invest *all you can!*
