E. C. Westervelt of the Macatawa Park company, has arrived at Macatawa to get his cottage in readiness for the summer season. His health is better than it has been for years and he is looking very well. Mr. Westervelt was in San Francisco a week before the earthquake.

The Zeeland public schools will give an exhibition of the pupils' work in all the rooms of the building on Friday afternoon, April 27th. All those who are interested in the school are urged to inspect the work.

Nick Kameraad has let the contract for the erection of a store building on the corner of 16th street and Central avenue, and Contractor B. Riksen has begun the work of excavation for the new building. Mr. Kameraad will dispose of the store building he at present occupies on Central avenue and when the new store is finished he will move into it with his stock of shoes.

A petition has been circulated and presented to the Township Board to build a road at the foot of the hill on the west side of Goshorn Lake and now awaits the action of the board. A party has offered to take the job of grading and graveling the new road for \$1,000 but the right-of-way would probably cost something.

Sealed proposals will be received by the common council at the office of the city clerk till 7:30 o'clock p. m. of Monday, May 7, for the purchase of street improvement bonds, series "D" in the sum of \$38,000.00, the bonds to be dated June 1, 1906, and to become due as follows: Either five bonds of \$7,600.00 each, maturing February 1, 1907, 1908, 1909, 1910, 1911, respectively; or forty bonds of \$950.00 each, eight bonds of which mature on the 1st day of February of each of the years 1907, 1908, 1909, 1910 and 1911 respectively all with interest not to exceed 5 percent per annum, payable annually. Each proposal must be accompanied with a certified check of \$500.00, payable to order of the clerk of the city. Bidder must state kind of blank bonds which he desires or wishes to furnish.

Born to Mr. and Mrs. Wilsey Cramer of Kalispel, Mont., twin daughters. Mr. and Mrs. Cramer formerly lived here. He is a brother of Mrs. A. Mattison of Central Park and Mrs. Cramer was formerly Miss Anna Anderson of this city.

The remains of the 1-year-old daughter of Rev. G. Watermuller was brought here Saturday from Kalamazoo for burial. Mrs. Watermuller was formerly Miss Fannie Ten Broek of this city. The child died last week Wednesday.

Mrs. A. Badgrow, formerly of Central Park, now living at Valentine, Mich., has been granted a widow's pension of \$8 per month, and her twin children each \$2 per month. Her late husband, Francis Badgrow, was a member of A. C. Van Raalte Post, G. A. R.

Bert Van Hess of this city has left for Manistee to manage a gas plant purchased by Bascom Parker, formerly proprietor of the Holland Gas Co. The plant will be overhauled and the mains will be extended. The fact that Mr. Parker has selected Mr. Van Hess to superintend this venture speaks well of him as a gas man.

State Chairman G. J. Diekema has issued a call for a meeting of the Republican state central committee, to be held in the Downey Hotel in Lansing at 1 o'clock next Tuesday afternoon. At this meeting the time and place of holding the state convention will be decided upon, as well as other matters.

The following Grand Havenites are now connected with life saving crews in other sections of the Grand Haven district: Louis G. Dustin at North Manitou, Jacob VanWelden, keeper at South Manitou, Wm. Walker, keeper at Sleeping Bear, Chas. Robinson, surfman in that station; John Castle is with the Frankfort crew, Will DeYoung at Ludington, George Gatfield is also at Ludington, Capt. M. Ewald, an old time Grand Havenite is keeper at Pentwater where he has been over fifteen years; Andrew Fisher is with the crew at St. Joseph and John F. Janssens is at Milwaukee.

No man is busier than Deputy State Game Warden, Charles K. Hoyt these days. Saturday night assisted by Sheriff Woodbury, Under Sheriff Salisbury and Birney J. Hoyt he rounded up a party of eight who were spearing fish in Pottowatomie Bayou and they were fined in Justice Hunton's court. Last Friday afternoon Mr. Hoyt and the sheriff caught Andy Peterson and Martin Peterson in the act of lifting a net stretched across Crockery Creek and they too paid fines and costs. Let the good work go on Charlie.

Express between Holland, Saugatuck and Macatawa will be handled by the Interurban Railway company, which has entered into a contract with the U. S. Express company. The new arrangement will benefit the people in the vicinity of those lines of the Interurban in a number of ways. The fruit from that locality will be advertised in the market bulletin issued all over the country by the company and fruit can be shipped for the same express rates that Holland shippers get. The business will be done by the Interurban agents at Saugatuck and Macatawa.

Last Friday the township boards of Holland and Zeeland townships with the highway commissioners met in joint session, and failed to agree on a plan for erecting a new bridge on the town line just north of the village limits. The matter was tabled for an indefinite period and it is not likely that the matter will be settled during the coming summer as it was claimed that the replacing was not absolutely necessary this year.

In Justice Post's court last Friday the suit brought by Fred Hieftje against Arie Grevengood to recover damages for the killing of Hieftje's dog was tried and resulted in a decision, awarding the plaintiff damages to the amount of \$25 and requiring the defendant to pay the costs of suit. Witnesses for the prosecution were Mr. and Mrs. Hieftje, William Peeks, Mrs. Dornhart and Mrs. Mary Piekell, while Mr. and Mrs. Grevengood, Peter Verwey, Gisbert Van Appeldoorn, Mrs. Bert Vander Ploeg and Mrs. Henry Vrieling supported Grevengood's story. Hieftje is a string butcher and Grevengood is employed by James Kole as salesman. The former was represented by Attorney Sooy & Heck and the latter by Attorney Daniel Ten Cate.

The management of the Grand Haven Gas Works has decided to reduce the price of gas in this city and the cut will take effect in June or July. The management have not fully decided what the rate will be but the cut will be a substantial one. The company announced that this cut was not made because the output was considered large enough to warrant it but because there was an impression in this city that the gas rates were too high here. It is an expression of a desire to satisfy the people of this city that the cut is to be made. The management states that the local output is not as large as in other cities in the state of the same class where the rate is lower. The gas here is better than the average gas where the output is greater and the rate is lower than in Grand Haven. The gas here is known to be good. In fact there is no better gas furnished in any city than that which is being manufactured at the present time by the Grand Haven Gas Works. The plant has been greatly improved under this company's management and the output of gas furnished under the system in use is giving good satisfaction to the consumers.—G. H. Tribune.

Rev. Paul F. Schulte will preach in the German Lutheran church next Sunday forenoon at the usual hour.

Mrs. H. Frieling, wife of Rev. H. Frieling of the Third Reformed church of Kalamazoo, died last Thursday at her home in that city. The funeral took place Monday. Besides her husband one son survives. Rev. Frieling is a graduate of the Western Theological Seminary of this city.

At Monday night's meeting of the board of education, the board engaged Miss Louise Kilbourne, of Kalkaska, as principle of Ottawa County Normal which will be established in that city. Miss Kilbourne is a graduate of Ypsilanti and has credit for two years work in the University of Michigan. She has been engaged in normal work at Kalkaska for two years.

Both fire departments were called out Tuesday afternoon by a fire which started in the rooms in Engine House No. 1, occupied by the city light and water officials. City electrician Boosen, who was working there at the time, tried to quench the flames with chemicals but could not and turned in the alarm. For a time it looked as if the fire would be hard to put out but it did not take long to get it under control.

For several years past it has been the custom for the Pere Marquette road to put on a special fruit train about the first of June, to handle the small fruit shipments from this fruit belt to Chicago. The Herald now has it on good authority that the railroad will continue its recent economical tactics, by not putting on this fruit train until after the first of August. The local freight is due to leave here for Chicago at 7:33 in the morning of each week day and that will be of no use in handling fruit. Unless the fruit growers wish to ship by express, they had better bring some strong pressure to bear upon the road, to secure the old fruit train. The railroad has renewed its connection with the Graham & Morton boats at St. Joseph and Holland, but that will do us no good unless we can have an evening train to get our berries to these boats.—Fennville Herald.

CORRESPONDENCE

Saugatuck.

H. H. Harrison of Saugatuck township has sold the farm which he purchased of James Wark, to Wm. Haigh of Evanston, Ills. for \$4,000. Possession will be given soon and Mr. Harrison expects to move back to Wisconsin where Mrs. Harrison's mother resides.

Harry Tasker and Will Anderson of Holland have arrived to work for E. E. Weed & Co.

I. Wright's hens have broken the record for the last month or so. In the month of February he had forty and they laid 56 dozen eggs. In March he increased the number of hens to sixty and they laid 86 dozen eggs. Monday he gathered 47 eggs and as there are 12 of the 60 setting there was only one that did not work that day.

The Crouse was not chartered by the Crosby Trans. Co. for the season as we stated last week but only till June 1st during which time she will run between Grand Haven and Muskegon but will carry fruit from here starting June 1st. Her crew consists of L. S. Brittain, Captain, Joe Soay, mate, Sam Johns, engineer and Ray Slater and Rollo Greenough.

Women's Woes.

Holland Women Are Finding Relief at Last.

It does seem that women have more than a fair share of the aches and pains that afflict humanity; they must "keep up," must attend to duties in spite of constantly aching backs or headaches, dizzy spells, bearing down pains; they must stoop over, when to stoop means torture. They must walk and bend and work with racking pains and many aches from kidney ills. Kidneys cause more suffering than any other organ of the body. Keep the kidneys well and health is easily maintained. Read of a remedy for kidneys only that helps and cures the kidneys and is endorsed by people you know.

Mrs. Jan DeKok, formerly of Holland, now living at Grand Rapids, says: "I was bothered for years more or less with heavy, aching pains in my back. I could not rest comfortably and it was painful for me to stoop or straighten up. Seeing Doan's Kidney Pills so highly recommended I got a box at J. O. Doesburg's drug store and tried them. They relieved me right away and in a short time my complaint disappeared entirely. Doan's Kidney Pills are a fine remedy."

For sale by all dealers. Price 50 cents. Foster-Milburn Co. Buffalo, New York, sole agents for the United States. Remember the name Doan's and take no other.

Human Blood Marks.

A tale of horror was told by marks of human blood in the home of J. W. Williams, a well known merchant of Bac, Ky. He writes: "Twenty years ago I had severe hemorrhages of the lungs, and was near death when I began taking Dr. King's New Discovery. It completely cured me and I have remained well ever since." It cures Hemorrhages, Chronic Coughs, Settled Colds and Bronchitis, and is the only known cure for Weak Lungs. Every bottle guaranteed by the Walsh Drug Co. 50c and \$1.00. Trial bottle free.

"Had dyspepsia or indigestion for years. No appetite, and what I did eat distressed me terribly. Burdock Blood Bitters cured me."—J. H. Walker, Sunbury, Ohio.

OLD AGE.

Depends Not Upon Years, But Upon Vital Force.

In Holland lately there has been a good deal of discussion in regard to old people. Some at fifty years call themselves old, and really appear so, while others at seventy seem active, vigorous and young.

It is not years, but it is loss of vital force that makes a person old. Weakened digestion, thin blood and poor circulation soon start functional powers and vitality on the wane, and then the symptoms of old age quickly appear.

Our well known druggist, Mr. Con De Pree says "that old feeling may be warded off, and we wish every person in Holland who feels old whether they are so in years or not, would try the great discovery, Vinol. We know that it has vital principles which will in a natural manner strengthen digestion, send rich, red blood coursing through the veins, and give new life and strength to every organ of the body, and this is what makes the old feel young again."

Mrs. H. W. Avery says: "At the age of eighty-nine I felt the need of a tonic, something to strengthen and build me up. For some time I have been taking Vinol, and I have found that it brings vigor and renewed vitality to the aged as nothing else will."

Vinol repairs worn tissues, checks the natural decline and replaces weakness with strength. It is an ideal body builder for old folks.

We promise you that Vinol is first of all, agreeable, because it contains no fishy oil. Second, that it is a genuine cod liver medicine, containing all the medicinal curatives and strength making elements taken direct from fresh cod livers; and third, we will return your money if it does not do exactly what we claim for it." Con De Pree, Druggist.

Is The Moon Inhabited.

Science has proven that the moon has an atmosphere, which makes life in some form possible on that satellite; but not for human beings, who have a hard enough time on this earth of ours; especially those who don't know that Electric Bitters cure Headache, Biliousness, Malaria, Chills and Fever, Jaundice, Dyspepsia, Dizziness, Torpid Liver, Kidney complaints, General Debility and Female weaknesses. Unequaled as a general Tonic and Appetizer for weak persons and especially for the aged. It induces sound sleep. Fully guaranteed by the Walsh Drug Co. Price only 50c.

Heart Weakness

The action of the heart depends upon the heart nerves and muscles. When from any cause they become weak or exhausted, and fail to furnish sufficient power, the heart flutters, palpitates, skips beats; and in its effort to keep up its work, causes pain and distress, such as smothering spells, short breath, fainting, pain around heart, arm and shoulders. The circulation is impeded, and the entire system suffers from lack of nourishment.

Dr. Miles' Heart Cure makes a heart strong and vigorous by strengthening these nerves and muscles.

"I had palpitation and pain around my heart, and the doctors said it was incurable. I don't believe it now, for after taking six bottles of Dr. Miles' Heart Cure, three boxes of the Nerve and Liver Pills I am entirely cured, and feel better than I have for five years, and it is all due to these remedies. I want you to know that your medicines cured me. It relieved me from the first dose, and I kept right on till the pain in my chest was gone, and I kept on feeling better even after I quit taking it."

START MOVEMENT TO REBUILD CITY

CITIZENS PLAN MAGNIFICENT METROPOLIS ON SITE OF ONE DESTROYED BY FLAMES.

Work Is Begun Before Ashes of Great Conflagration Have Had Chance to Cool--Park Dwellers Drenched by Rain.

San Francisco, April 24.--The new San Francisco which will rise from the ashes of the old, was in its first stages of rebuilding Monday. After five days of conflagration and almost superhuman effort on the part of citizens of California's metropolis, the great task of sheltering, feeding and otherwise caring for the homeless thousands, complete order has been reestablished and attention turned to the future.

Removing the Debris.

Throughout the great business district, where the devastation of the flames was the most complete, walls were being raised, buildings that had not disintegrated before the intense heat were being inspected with the view of reoccupancy and even ground was being cleared for the immediate construction of some sort of building in which to resume business at the earliest possible time.

In short, confidence has been restored. The assurance of the insurance companies, the measures taken by the financial institutions, the prompt and reassuring word that had reached the business men of San Francisco from eastern financial centers--all these things went to clear away any feeling of uncertainty that might have existed in the minds of the timid that San Francisco would be what it was--the greater center of population and business on the Pacific coast.

Quick to Relieve Suffering.

The general situation temporarily suffered a set-back early Monday because of the chilling rain which fell in the late hours of Sunday night and during the early forenoon Monday, on the thousands protected only by canvas coverings and even less impervious sheltering. While the rain caused considerable suffering for the time being, the conditions were quickly ameliorated by the prompt action of every relief committee doing duty, as well as the voluntary acts of householders wherever it was possible to accommodate them.

The people were fed Monday in a thoroughly businesslike and systematic manner. From the water front where the boatloads of provisions docked there was an endless procession of carts and drays carrying food to the scores of sub-stations established throughout the city and the parks. At these stations food and drink, comprising bread, prepared meats and canned goods, milk and a limited amount of hot coffee was served to all those who applied. About 1,500 tons of provisions are being moved daily from the water front.

Many Cross the Bay.

The situation in the congested districts, such as Golden Gate park and the various public squares throughout the city has been considerably relieved by the departure of many people for the points on the other side of the bay. While the number of people leaving the city is nothing like the vast crowds that packed the ferryboats during the previous two days, the number was sufficiently large to satisfy the relief committee that their task would become less difficult from day to day.

Disease Is Under Control.

The general health conditions are most satisfactory. While the number of cases at the various hospitals has shown considerable increase, this is not an unexpected development of the past few days of hardships encountered by the homeless thousands. The most encouraging feature is the absence of anything like an epidemic of disease of any nature whatever. The somewhat unsatisfactory sanitary arrangements in the various camps, the lack of a variety in diet and the exposed situation of so many people necessarily develops ailments of every sort and in some places there has been a few cases of infectious diseases, such as measles, chickenpox, etc., but the primary causes of disease are being remedied and removed as fast as possible.

Only Smoking Embers Remain.

San Francisco, April 23.--The announcement is made that the fire is out, only smoking embers remaining. The condition of the homeless and shelterless people encamped in various parts of the city is now remarkably good, and offers of substantial financial assistance are being rapidly received from cities in all sections of the United States. The grand total of all the moneys subscribed to date is \$4,154,000.

Had it not been for the sight of the rude altars set up in the open air wherever San Francisco's homeless thousands were camped, one would have had some difficulty in finding any of the peaceful associations of the Sabbath in this city Sunday.

Activity on Every Hand.

Everywhere throughout the burned, as well as the remaining section of the city, there was the greatest activity. Streets were being cleared of debris, laborers were repairing broken water pipes, sewers and gas mains; electricians everywhere were seeking to untangle the almost hopeless confusion of wires. In fact, San Francisco was in the first stages of its regeneration.

Food Is Pouring In.

There are no hungry people. The

gaunt specter of starvation has been banished by the magnificent response of the people of California in particular, and by the entire nation in general, to the appeals that went out for assistance. Food by the carload and boatload poured into Oakland Saturday night and Sunday in sufficient quantities to overwhelm the committee which has in charge its distribution. So great was the volume of foodstuffs brought into the general depot at Oakland Mole that the general committee made an appeal for skilled labor in the handling of these supplies.

The administration of the city's affairs is progressing most harmoniously. Mayor Schmitz and Gen. Funston are working hand in hand.

Death List Not Large.

Washington, April 23.--The loss of life at San Francisco is estimated at less than 300 in a telegram addressed to the secretary of the treasury by Superintendent of the Mint Leach. The telegram is dated at Oakland Saturday and is as follows:

"Stories of loss of life greatly exaggerated. Have been in it every day from the first. Have men reporting to me continually from all parts of the city and I do not believe the list will reach 400. My estimate from statements to me will not reach 300. The fire did not travel fast and the authorities took trouble to keep ahead of the flames notifying people of the danger and caring for the helpless."

Stops at Vanness Avenue.

San Francisco, April 21.--The fire is under control, with the probability that one-quarter of the city lying west of Franklin street and known as the western addition, northward to the Presidio will be saved. The stand made at Vanness avenue was generally successful, the flames crossing that avenue to the west in but few places.

Take Out 75 Dead.

The three-story lodging house at Fifth and Minna streets collapsed and over 75 dead bodies have been taken out. There are at least 50 other bodies exposed. This building was one of the first to take fire on Fifth Street. At least 100 people were lost in the Comopolitan on Fourth Street.

Oakland Haven of Refuge.

Oakland, Cal., April 21.--Oakland is a vast city of refuge and intelligence office for the innumerable thousands of survivors who have managed to escape from San Francisco. A great section of the world-famous cosmopolitan population of the metropolis has taken every available space that offers itself in the city and shelter and food are being provided for all, though the relief committee is taxed to the limit of its powers.

San Francisco, April 20.--San Francisco is the city desolate. It seemed that the scene of its misery was reached at dusk, when flames burst from all sides of the beautiful hotel Fairmont, the palace that shrouded every other structure was apparently most strongly entrenched against the attack of the all-consuming fire. And surrounding that lofty pinnacle of flame, as far as the eyes could see to the south, to the east and far out to the west lay in cruel fantastic huge charred and smoking all that remained of a progressive city. The metropolis of the western slope was in ashes.

Acres after acres had been ground into dust and ashes, despite the heroic perseverance of the firemen to limit the conflagration.

Everything south of Market street to Twenty-third is gone except the mint, and the fire is still burning.

The post office was damaged by the early quake, also slightly by fire.

Everything north of Mission street is entirely gone, up to Van Ness avenue, and past Van Ness avenue west of Golden Gate avenue up to Octavia street.

Nothing is left in the business district.

San Francisco, April 19.--Earthquake and fire Wednesday put nearly half of San Francisco in ruins.

Thousands of people are homeless and destitute.

It was 5:15 o'clock in the morning when a terrific earthquake shook the whole city and surrounding country. One shock apparently lasted two minutes and there was almost immediate collapse of flimsy structures all over the city.

The water supply was cut off and when fires broke out in various sections there was nothing to do but to let the buildings burn.

Telegraph and telephone communication was shut off for a time. The Western Union was put completely out of business and the Postal company was the only one that managed to get a wire out of the city. About ten o'clock even the Postal was forced to suspend in San Francisco. Electric power was stopped and street cars did not run. Railroads and ferryboats also ceased operations.

At Mercy of Fire.

The various fires raged all day and the fire department has been powerless to do anything except to dynamite the buildings threatened. All day long explosions shook the city and added to the terror of the inhabitants.

Following the first shock there was another within five minutes, but not nearly so severe. Three hours later, there was another slight quake.

Rush to Death.

People became panic stricken and rushed into the streets, most of them in their night attire. They were met by showers of falling buildings, bricks, cornices and walls. Many were instantly crushed to death, while others were dreadfully mangled. Those who remained indoors generally escaped with their lives, though scores were hit by detached plaster, pictures and articles thrown to the floor by the shock. It is believed that more or less loss was sustained by nearly every family in the city.

Fish Law Violators.

Deputy Game Warden Hansen is meeting with much commendation in his campaign against the violators of the fish law and it would be a good thing for Holland and vicinity if his work would result in the abolishing of the evil.

Those who indulge in the questionable sport of fishing in contravention to the law should stop and consider the seriousness of the offense. Much of Holland's prosperity is due to the summer resorts on Macatawa Bay and these resorts depend to a great extent for their prosperity upon the good fishing that attracts so many of the resorters. Nothing tends more to make good fishing poor than does the reckless use of seines, gill nets, trapnets, etc. in violation of the law. If the violators were allowed free rein it would not take long to make Black Lake one of the most barren fishing places on Lake Michigan, while by fishing in compliance with the law, as a good sportsman should, the fishing will grow better indefinitely.

The fish law violator hurts the whole community and helps no one, not even himself. It may be sport but it would be much more sport to go after the fish in a gamey manner as all true sportsmen do.

Now For Good Roads Round-Up

The efforts of the R. F. D. carriers on the routes emanating from Holland to arouse interest in the question of good roads have met with great success. They have awakened renewed interest among the farmers, have obtained promises that volunteer work would be done with the King log-drag, and have received assurances that in some of the townships steps will be taken to build permanent good roads under the new law which provides that the state will extend cash aid to such townships.

To accomplish these things meant much hard work on the part of the carriers. Night after night they took long drives in the country and held meetings, and day after day they talked of road improvements and good roads. They have done their share and more than their share and it is now the turn of the citizens of Holland to take hold, for this question of roads is of as much concern to the business man of the city as it is to the man on the farm. It is needless to dwell upon how good roads benefits the city man, suffice to say that so apparent are these benefits to all that an enumeration of them is a waste of time.

Conceding then that it is now the duty of the city people to take a turn at the wheel, the thought is suggested that a fine opportunity is presented to them to show their good will.

This opportunity arises because the carriers have arranged to have a good roads roundup in Holland in June at which time Horatio S. Earle, state highway commissioner, will appear on the program; and the citizens should at this roundup show their hospitality to their farmer neighbors and aid in making the occasion a success.

It might not be amiss to suggest that a meeting of citizens be held to take action in the matter. If the roundup is held at Lincoln park it might be well to have it take the form of a picnic. The farmers could bring their baskets and the citizens could see to the serving of hot coffee. For the program it would be very praiseworthy if the citizens would furnish a band, and would obtain the services of some of Holland's singers. The music and singing in connection with Mr. Earle's address would prove excellent attractions and would tend to make the gathering an enjoyable one. But enjoyment is not the main feature, as the benefits to be derived is the great consideration. These benefits can be obtained by an exchange of ideas among friends and neighbors in good roads matters and in great measure can be obtained from Mr. Earle's address. Mr. Earle has devoted the greater part of his life to this matter and is authority upon the

subject. He can give more sound information on the question in an hour than most men can give in a week and his practical treatment of the subject will prove of great value. Mr. Earle is also one of the most pleasing and interesting speakers in the state and it will be a treat to hear him.

The farmers will have a little breathing spell in June, and the citizens should take action to entertain the farmers at a roundup some day in the early part of that month.

Henry Wydgraf Dies From Injuries Received In Tannery.

Henry Wydgraf, 111 West Fifteenth street, received injuries while working in the tannery Monday that caused his death Tuesday night. He was caught in the paddle wheel used in the vats while he was emptying the contents of a tub in one of the vats and the whirling he received caused internal injuries that resulted in death. No blame attaches to the company as Wydgraf was caught while he was trying to save the tub, which had been first caught in the wheel.

Mr. Wydgraf was born in the Netherlands 68 years ago and came to this country in 1873. He is survived by five children, C. Wydgraf, Mrs. Gerrit Laarman, Mrs. C. Molegraaf, Mrs. C. Terpetra and Mrs. Harry Wilterdink.

The funeral will be held Friday afternoon from the house at 1:15 o'clock and at 2 o'clock from the Ninth Street Christian Reformed church, Rev. A. Keizer officiating.

Fined For Violating Fish Law.

In Justice VanDuren's court Tuesday afternoon George Van Etta, Wybe Dykema, Dave Blom, and Frank Crispell pleaded guilty to violating the fish law and were fined \$10 each and costs of suit amounting to \$4.80 each which they paid.

Deputy Game Warden Hansen surprised them as they were hauling a gill net seine on the shore of the big bayou on the north side Wednesday night of last week. They escaped capture but left behind them a new gill net, a row boat, a horse blanket, lap robe, overcoat, a pair of shoes, a boot and a basket of fish.

Later VanEtta was arrested and he confessed implicating the others.

State Deputy Game Warden Hoyt was over Tuesday to aid in the prosecution. He is earnest and fearless in his efforts to protect the streams and lakes and will stand by Deputy Hansen.

Three Grand Rapids men were in the party, but they have not yet settled with the court.

Holland People Who Were Within Earthquake Zone

A number of people of this city had relatives living in San Francisco and a number of people from here were also visiting in that city during the earthquake and fire, and for a time fears were entertained for the safety of those who were known to be there, but all reports received since have been of a reassuring nature excepting in the case of Mrs. J. J. Cappon, who has not received favorable news from her brother, who was in San Francisco during the catastrophe. Alarmed for his safety Mrs. Cappon telegraphed to his wife, who lives 200 miles from San Francisco, and Friday she received a telegram in reply saying that the wife had received no news from her husband. Mrs. Cappon now fears that her brother has been either killed or badly injured.

W. H. Wing received a message from G. W. Browning who are at Pasadena, saying that he and family were safe.

J. De Graaf of Grand Rapids received a telegram from his daughter saying that she was safe, and that Mr. and Mrs. F. K. Colby were safe and on the way to Holland. Mr. and Mrs. Colby arrived here yesterday. Jacob Bolhuis received a letter from his brother Stuart, who was in the thick of the trouble but who got safely to Oakland where he is at present.

John Toren received news of the safety of his son Ray, who is in Oakland.

Capt. John Stewart has a daughter and two sons in San Francisco and has received news that all are safe.

Mrs. E. P. Howe, daughter of Geo. H. Souter, writes that she is safe at Los Angeles.

Charles Dutton has heard that his brother L. Dutton and family are safe.

LATER:—Mrs. Cappon received a letter from her brother yesterday written on a piece of brown paper. He was in the sixth story of the Winchester hotel when the shock came and was thrown from his bed. He escaped however after the most harrowing experiences. His right hand was injured.

Common Council

At last night's meeting of the common council the clerk reported the following applications for saloon-keepers' licenses and also liquor dealers' and saloon keepers' bonds.—Martin Vander Bie with T. Slagh and A. Sief, Jr., as sureties. F. E. Dulyea with A. Sief, Sr. and F. J. Metz as sureties. Peter Brown with J. H. Purdy and H. Boone as sureties. A. M. Japenga with C. Blom, Sr., and C. Vander Bie as sureties. C. Blom, Sr., with N. Hofsteenge and C. Blom, Jr., as sureties. J. Japenga with N. Hofsteenge and C. Blom, Sr., on state bond, and N. Hofsteenge and A. M. Japenga on city bond. Jacob Dreher and Wm. Blom with H. Boone and P. Brown as sureties. David Blom with C. Blom, Jr., and John Hdmmel. Arend Smith and James Kelley with E. F. Sutton and T. Slagh as sureties. Michael Seery with A. Sief, Sr., and E. F. Sutton as sureties. Alard Driy with William Harkema and David Blom as sureties. Referred to the committee on licenses.

The committee on licenses reported recommending the approval of bonds of Martin Vander Bie, Peter Brown, Francis C. Dulyea, C. Blom, Sr., and Dreher and Blom, also the granting of saloon keepers' license to said parties. The committee also recommended the approval of liquor bond of Jacob M. Japenga, and asked for an extension of time till Friday, April 27, 1906, at 7:30 o'clock p. m., to consider the sufficiency of saloon keepers' bond of Jacob M. Japenga. Also the bonds of the following—A. M. Japenga, David Blom, Smith and Kelley, and M. Seery. The committee also recommended the rejection of bond of Alard Driy as being insufficient.

The report of the committee was adopted and recommendations ordered carried out.

The clerk reported the following druggist's bonds: Jacob Haan with Henry Kremers and John Bosman as sureties, John W. Kramer with Rose Kramer and John Kramer as sureties, Con De Pree with B. D. Keppel and John B. Mulder as sureties, Walsh Drug Co. with Geo. H. Huizenga and E. B. Standart as sureties, Harry R. Doesburg with A. B. Bosman and C. J. Lokker as sureties, Charles D. Smith with G. H. Huizenga and Herman Van Tongeren as sureties. Bonds and sureties were approved.

The committee on streets and crosswalks reported recommending the granting of petition of Citizens Telephone Co. for permission to lay two ducts along city hall lot, corner of 11th and River streets, according to diagram submitted. Adopted.

By Ald. Van Tongeren, Whereas the present drain running from Eighth street north to the swamp is insufficient to take care of the water from Eighth street, College avenue, Ninth and Tenth streets.

Resolved, that this eight inch drain be at once replaced by a twelve inch drain and proper connections be made with it to carry off the water from said streets and intersections. Said resolution prevailed.

PANAMA AFFAIRS GETTING IN SHAPE

CHAIRMAN SHONTS SAYS CONDITIONS ON ISTHMUS ARE PROGRESSING NICELY.

Preliminary Work Has Been Carried Forward with Great Vigor, Presaging Great Activity Along the Line in the Immediate Future.

New York, April 23.—Theodore P. Shonts, chairman of the Panama canal commission, who arrived from the isthmus Saturday night on the steamer Colon, went to Washington Sunday afternoon. In an interview Mr. Shonts spoke enthusiastically of the condition of affairs in the canal zone and highly praised the work of Chief Engineer Stevens. The effective working force on the canal April 1 numbered 17,681 persons. Health conditions, Mr. Shonts said, are most satisfactory, the sick rate being 20 to 1,000. There were 450 vacant beds in the hospital during March.

"Chief Engineer Stevens," said the canal chairman, "has carried forward the preliminary work on the canal and the railroad with vigor. Many docks and railroad facilities have been completed and the building department has houses ready for 3,000 more employes than are on the isthmus. The work on Culebra cut has been carried forward steadily. During March 240,000 cubic yards of material were moved with an average of ten and seven-tenths steam shovels working. By July or August it is believed 40 shovels will be in position to move 1,000,000 cubic yards a month. The actual cost, figuring in contractors' expenses for the work done in March was 53½ cents a cubic yard.

"Law and order continue to be maintained in a high degree."

Mr. Shonts was accompanied to the isthmus on this last trip by two United States civil service commissioners, who after examining conditions, decided to create a local examining board on the isthmus to test the fitness of employes for promotion and to establish lists of eligibles for the local service.

Mr. Shonts met on the isthmus by appointment R. P. Schwerin, vice president and general manager of the Pacific Mail Steamship company, for conference relative to the interchange of traffic between the Panama railroad and steamship line and the Pacific Mail company.

Mr. Schwerin was accompanied by other officials of his line, and a demonstration of the facilities of the Panama railroad for handling traffic resulted in the settlement of all differences and an agreement to work in harmony in the interest of the entire route. Mr. Shonts said there has been no congestion of freight on the isthmus since December.

Mr. Shonts said that owing to the prolonged dry season, the streams supplying Colon with water were low, but the reservoirs supplying Panama, Empire, Gorgona and Bas Obispo had sufficient supplies for many months to come. When the supply at Colon was reduced to 2,000,000 gallons, it was decided to haul water into Colon for daily consumption, so as to reserve as much as possible of the reservoir supply for an emergency. Accordingly a water train has been equipped, three water stations established, and 250,000 gallons a day brought into Colon. This will continue until the beginning of the rainy season fills the reservoirs. As in the case of the Panama water supply, water is furnished free to the population of Colon.

"The only man who has been charged for water in Colon," said Mr. Shonts, "is a hotelkeeper. He desired a particular water to be found on the line of the Panama railroad. He was charged a reasonable rate for transportation of his car. I mention this because I am told some exaggerated stories have been circulated in the United States to this incident."

Sentenced to Jail for Conspiracy.

New York, April 24.—William O. Miles, a well-known Brooklyn lawyer and formerly assistant district attorney of Kings county, was Monday sentenced to one year in the penitentiary and to pay a fine of \$500, for conspiracy to defraud the city by bogus claims for loss by the flooding of sewers. His clerk, Charles M. Wells, received a similar sentence. Claims for damages amounting to \$3,000,000 were in Miles' possession when he was arrested.

CURIOUS NAMING CUSTOM.

One That Has Obtained in a Rhode Island Family for More Than a Century.

A most peculiar custom of giving each child a name that spells the same either forward or backward has prevailed for more than a century in the family of Harrah B. Reynolds, a member of the American team in the international checker match held in Boston last spring. Mr. Reynolds himself, says the Providence Journal, has a peculiar name, which may be read with the same facility from either end, and has perpetuated the name, which was borne by his grandfather and father, by giving it to his son, who is thus in the fourth generation of the name.

The custom originated with Asa Reynolds, who was born in 1759, and married Hannah Wells. Noticing that the Christian names of each of them spelled the same forward and backward, they decided to give their children names with the same peculiarity. They had 12 children, six boys and six girls, all of whom lived to be married. The names inflicted on them were the following, in the order of their birth: Hannah, Asa, Emma, Iri, Aziza, Zerez, Ava, Atta, Allia, Nunun and Harrah. The custom they thus began has since been continued in the family.

It is easy to imagine that this family of singular names might be experts in forming words and sentences with the same characteristic. Mr. Reynolds gave as the result of his own effort the sentence: "Red root put up to order," which is, perhaps, the longest known sentence in the language spelling and reading the same from either end.

Hope College

J. Sizoo, Pres. of the Y. M. C. A., returned Monday from Hillsdale, where he attended the meeting of the Y. M. C. A. presidents of the state.

H. Stuit of Chicago visited with Clarence Dame of the "D" class, Monday.

Frank Wynia was honored with a visit by his brother from Platte, So. Dak., the past week.

The regular annual spring session of the council of Hope College was held yesterday and today.

The first base ball game with an outside team is scheduled to take place next Saturday afternoon. The visiting team comes from McLaughlin Business University of Grand Rapids and has met Hope's team a number of times in past years. A good game is expected, as much practicing has been done by both teams.

The floral tribute with which the student body honored the remains of Prof. C. Doesburg, in a measure revealed the respect and love they bore him throughout the number of years during which their deceased friend was connected with our institution. The floral tribute consisted of lilies, carnations, violets and roses. In the middle also with flowers, was elaborately worked out the letters H. C.

The Western Theological seminary will next Sunday be represented as follows: A. J. Van Lummel, Grd. Rapids, 3rd; A. Karreman, East Overisel; P. Grooters, North Grand Rapids; W. G. Hoekje, North Blendon; J. J. Hullebrandt, Gelderland; J. Van Zomeren, Kalamazoo.

Dr. Gowen of New Jersey led chapel exercises this morning. He also addressed the student body briefly and predicted that a great future was awaiting them. Dr. Gowen was very much and favorably impressed by the prosperity, which the college, obtained thru the efforts of her President, enjoys.

Prof. E. Dimment was called to Chicago last night on account of serious illness at home. He will not be able to meet his classes for several days.

College exercises for the Seniors, will be suspended tomorrow. The day being Arbor Day.

Notes of Sport.

Douglas organized their Ball Club Saturday night. W. A. Smith was chosen Manager, W. Wicks Captain and Carl Brownie Treasurer. Douglas has material enough for a fast team this year and will be able to play the best amateur clubs in this part of the state. The following players have been signed so far: Fuller, W. Wicks, H. Wicks, Naracong, Ash, Lighthart, Arendsen and Smith. Waldren, the pitcher from Holland will likely sign later as he is not able to play now having had his arm injured last week. The ground will be gotten in shape as soon as possible and be inclosed with canvas and a grand stand erected. A game will be played Saturday April 28.

The basket ball game played at the Y. M. D. A. gymnasium last Thursday evening, proved to be a very interesting game and quite largely attended. The local team played a fast game and when the game ended the score stood 15 to 8. It was a game between the Y. W. D. A. team and the Holland High School girls' team, composed of the following:

Holland H. S. Y. W. D. A.
Miss Boot forward Nelvia Moerdyk
Miss Van Putten forw. Lulu DeKruif

The score stood 10 to 0 in favor of the Holland Juniors who played their first game of the season with the South-end Juniors, Batteries, Becker, and Fik; Vanden Berg and Ederle.

The base ball season will open Saturday, April 28, when the team from McLachlan Business University will meet Hope College at 3 P. M. The game will be played on the College Campus and will be very exciting. Hope has been putting in some good practice but "Shorty" will again be with the visitors and those who saw the game last year, know what that means. Tickets sell for 15 cents.

Miss Johanna Keizer and Dr. R. Jansen of the Seminary at Grand Rapids, were married at 6 o'clock last night at the home of the bride on East Tenth street. Rev. A. Keizer, father of the bride, performed the ceremony. Dr. and Mrs. Jansen will leave today on a two years visit to Germany, Scotland and the Netherlands.

Look out for the Holland Juniors. They have been training in a way that makes it look as if they will come down the pike this season at a 2 minute gait. Those who have already signed with the Juniors are William Ossignac, the Indian pitcher, formerly of the Haskell Indian school; Frank Waughan,

STRICTURE AND KIDNEY DISEASE CURED.

G. E. WRIGHT.

"I had stricture for eleven years. It finally brought on Bright's Disease of the Kidneys. I had an uncomfortable shooting pain in the groin and feeling as though something was in the urethra. My back was weak and I could scarcely stoop over. Urine was full of sediment. Had a desire to urinate frequently. Family doctors, so-called specialists, patent medicines, electric belts, all failed. I was discouraged. I had spent hundreds of dollars in vain. Finally I consulted Dr. Kennedy & Kergan the last resort. I had heard a great deal about them and concluded from the fact that they had been established over 25 years that they understood their business. I am delighted with the results. In one week I felt better and in a few weeks was entirely cured. Have gained sixteen pounds in weight." G. E. WRIGHT, Lansing.

CITY HALL OF SAN FRANCISCO.

This Structure, Built at a Cost of \$7,000,000 Was Wrecked by the Earthquake and Flames Completed the Destruction.

TOWNS DESTROYED ALONG THE COAST

SANTA ROSA GOES THROUGH SIMILAR SCENES TO THOSE AT THE METROPOLIS.

What Is Left After Earthquake Has Finished Its Dread Work Is Quickly Reduced to Smoldering Embers by Fire.

Oakland, Cal., April 20.—Reports from the interior are most alarming. Santa Rosa, one of the prettiest cities of the state, in the prosperous county of Sonoma, is a total wreck. There are 10,000 homeless men, women and children huddled together. The loss of life is not to be estimated. It will probably reach the thousands.

As the last great seismic tremor spent its force in the earth the whole business portion tumbled into ruins. The main street is piled many feet deep with the fallen buildings. No one business building is left intact.

This destruction includes all of the county buildings. The four-story courthouse, with its dome rising high into the heavens, is merely a pile of broken masonry. Nothing is left. Identification of the building is impossible.

Fire Completes Destruction. What was not destroyed by the earthquake has been swept by fire. Until the flames began there was hope of saving the residence district. It was soon apparent that any such idea that might have been entertained was to be abandoned.

This was appreciated by the citizens and they prepared to desert their homes. Not even their household goods were taken. They made for the fields and hills, to watch the destruction of one of the most beautiful cities in the west.

Other Towns Wiped Out. Messengers bring the saddest tidings of the destruction of Healdsburg, Geyserville, Cloverdale, Hopland and Ukiah. This report takes in the country as far north as Mendocino and Lake counties and as far west as the Pacific ocean. These are frontier counties, and have not as large towns as farther south. In every case the loss of life and property is as shocking as at San Francisco.

Reports of the fearful destructive nature of the earthquake in cities outside of San Francisco are only just beginning to come in. These reports indicate that the property loss outside of the city will be enormous, running into the scores of millions of dollars.

San Jose is reported to have been destroyed, likewise San Rosa and Palo Alto. Eight dead Italians were taken out of the Palian hotel at San Jose. At that place the Presbyterian church, St. Patrick's cathedral and the high school were destroyed.

The new hall of justice at San Jose, just completed at a cost of \$300,000, was demolished.

Robbed of Half a Million. Montgomery, Ala., April 21.—J. D. Hans, a prominent sawmill owner, of Bay Minnet, Ala., was robbed in Montgomery of securities approximately estimated at \$500,000. The stocks and bonds were in a satchel and were taken from the hall of the residence of W. A. Collier, an attorney.

Not Guilty of Bribery. Milwaukee, April 23.—Assemblyman Fred H. Hartung was adjudged not guilty of accepting a bribe. Hartung was indicted by the last grand jury charged with bribery in 1901 in connection with a county contract when he was a member of the board of supervisors.

NOTABLE DIVORCE RULING

VALIDITY DEPENDS ON BOTH PARTIES BEING RESIDENTS.

Legitimacy of 20,000 Children Is Affected by Decision of United States Supreme Court.

Washington, April 18.—It is doubtful if a more momentous decision in the interest of American society has been delivered by the supreme court in recent years than when Monday, by a bench divided five to four, it held that divorces obtained in states which do not have jurisdiction over both parties to a marriage are not enforceable outside the state granting them. The decision is based on the clause of the constitution providing that each state shall give full faith and credit to the decrees of another state.

The effect of the decision therefore is that divorces like those obtained in South Dakota by the acquisition of a temporary residence for that purpose are valid in the state in which the couple resided only so long as their legality is not attacked.

It follows, therefore, that a divorce in order to be beyond attack, must be obtained in the state of which both parties are residents.

The effect of the decision will be to end the promiscuous granting of decrees and undoubtedly is a long step towards minimizing an evil which it had been believed could only be corrected by a uniform divorce law enacted by the federal congress.

The general belief is that divorces will become less frequent as, when the purport of the decision becomes known generally, the movement in favor of national divorce laws will gain such force as to compel the passage of the constitutional amendment needed to effect such legislation.

It is estimated that at least 20,000 children are affected by the opinion. These are the offspring of marriages based on divorces granted where but one of the parties resided in the state issuing the decree of separation.

Four Dead in Fire.

New York, April 23.—Four lives were lost early Sunday in a fire which swept away a stable and a row of three-story frame flat houses in West Second street, near Park place, Coney Island, and nearly 30 families were rendered homeless. The dead are: Dennis McGrath, aged 75 years; Peter McGrath, his son, 35; John Brown, 34; James Garvin, 28.

Boy Is Disemboweled.

Franklin, Pa., April 24.—Harold Carmichael, 17 years old, was killed and his companion, Frank McClaren, was injured by the explosion of dynamite caps Carmichael was carrying in his pocket. The boy was disemboweled.

Seventy Men Probably Drowned.

Copenhagen, April 24.—News reached here Monday that two Danish trawlers with 40 men on board, foundered recently in a gale off the coast of Iceland. A third boat with a crew of 30 is also believed to have been lost.

Minnesota Pioneer Dead.

Duluth, Minn., April 24.—E. E. Upham, a pioneer resident of Duluth, is dead, after an illness of two years, aged 50 years. He was prominently connected with the dredging industry at the head of the lakes.

Porto Rico Judge Resigns.

San Juan, Porto Rico, April 23.—Charles F. McKenna, of Pittsburgh, Pa., judge of the federal court of Porto Rico, has cabled his resignation to President Roosevelt.

Swedish Princess Bears Son.

Stockholm, April 23.—A son was born Sunday to Princess Gustava-Adolphus (formerly Princess Margaret of Connaught).

SECOND SHOCK IS FELT IN 'FRISCO

SLIGHT TREMBLING OF EARTH CREATES PANIC, BUT CAUSES NO DAMAGE.

TO DISARM ALL CITY PATROLS AND GUARDS

Order Is Result of Unfortunate Tilden Tragedy—Conditions of Refugees Greatly Improved—Car Lines to Resume.

San Francisco, April 24.—At 10:40 Monday night an earthquake shock was felt throughout the city and momentarily created alarm among the people, still unnerved and overwrought from their recent experience. No damage was caused, but in a few instances persons living in houses ran out badly frightened and called upon the sentries and guards to help carry out clothing and other effects. The soldiers reassured them that there was no danger and that any other time the shock would have caused little comment.

Shortly after the slight tremor an unconscious man was found on the sidewalk in front of a house at Golden Gate avenue and Buchanan street. He evidently had fallen or jumped from a window in his efforts to get out of the house when it was shaken. He was taken to St. Paul's Emergency hospital in the Lutheran church at Gough and Eddy streets, where it is said his injuries are not serious. At O'Farrell and Leavenworth streets an unknown man, apparently demented, was found in the street in a dying condition by the police. He died before he could be removed to a hospital.

To Disarm City Patrols.

Following the unfortunate killing of Maj. H. C. Tilden, of the general relief committee, on Sunday night by some self-constituted vigilantes, it is said the city patrols and all guards will be disbanded and the troops, both regular and militia, will be instructed not to shoot except in cases of extreme necessity. If the reckless action of some of the guards in the triple system of policing the city by three separate organizations under important commanders, which has caused conflict of authority and much confusion, has given rise to much complaint, the regulars, soldiers and marines have earned for themselves high commendation for their efficient work and the exercise of good judgment and discretion in dealing with the people under the present trying circumstances.

Comparative Comfort of Refugees.

Following the rain which fell Sunday night and Monday morning, which greatly intensified the misery and suffering of the homeless people of this stricken city, Monday night was one of comparative comfort and of greatly improved conditions. The night was clear, warm and balmy and there was less suffering among the thousands of refugees camping under the sky than at any time since the day of the terrible disaster. The condition of the people is constantly growing better. The relief work is being organized with every day and the distribution of provisions and the providing of shelter are daily becoming more systematic and methodical.

Wagonloads of quilts, comforts and blankets have been distributed among those who have suffered intensely from the cold and exposure while sleeping in the open. Other wagons loaded with tents wended their way through the crowded parks and replaced many improvised shelters, which afforded little or no protection against the rain and chill winds, with waterproof canvas tents. As a result there were few complaints of suffering Tuesday morning. While the heavy rain for the time being added much to the misery of the homeless, it did much toward improving the sanitary conditions throughout the city.

General Conditions Improving.

General conditions in the city are improving rapidly. The weather Tuesday was never better and the indications for its continuation are good. Hundreds of men have been placed at work clearing the streets, and the dynamiting of the tottering walls which were left standing by the fire and endanger life was continued Tuesday. The Spring Valley Water company has about 1,000 men at work repairing and replacing broken water mains, and many portions of the residence section are now abundantly supplied with water.

No trace of Count de la Rocca, the French consul in this city, has yet been found. It is feared that he has lost his life in the fire.

To Clear Ruins of Buildings.

Many merchants are making arrangements for clearing the ruins of their buildings as rapidly as men can be secured, preparatory to commence building operations. The situation is constantly growing more cheerful and hopeful. Eighty men of the Benicia signal corps have arrived and are at work restoring the government telephone and telegraph communications. The city telephone and telegraph companies also will commence restoring their lines as soon as material is on hand. The Home Telephone company, which has been given a franchise, will begin work in the near future on their plant and telephone system. The company expects to spend something like \$4,000,000 in the city within the next three years.

Opening New Car Lines.

Within 24 hours probably four street car lines will be in operation in the

city and the streets of two extensive districts will be lighted by electricity. The United Railroads declare that lines are safe for operation. The lights will be turned on as soon as the wires leading into the houses which might prove a source of danger have been cut. This work is progressing rapidly. The United Railroads have tendered the use of their entire system to Mayor Schmitz for the benefit of the people during the present crisis. Free transportation will be furnished the people over the lines of the company for themselves and their baggage.

The condemned ferry building will be removed and rebuilt immediately. The tower is damaged by the earthquake mainly in three lower stories and it will have to be strengthened by rods and timbers before the actual work of removal can be safely done. The new tower will be of reinforced concrete.

Estimates Dead at 1,000.

San Francisco, April 24.—Coroner William Walsh estimated that the total number of dead will not be less than 1,000. His reports are complete and his estimate is made up from all the data he has been able to collect. Coroner Walsh said:

"Bodies that the deputy coroners have found and buried number 300. No thorough search has been made of the district south of Market or the Chinese quarter. Many lives must have been lost in these sections. South of Market street are the cheap lodging houses, and many of these collapsed from the earthquake. There is little chance that half of the inmates of the collapsed buildings had opportunity to escape. This is also true of Chinatown. Shortly after the earthquake soldiers and police, so I have been told, buried bodies found along the water front. I have received no official report of these. The total number of dead will undoubtedly reach, if it does not exceed, 1,000."

Relief Fund Growing Fast.

San Francisco, April 24.—Money for the San Francisco sufferers is pouring in from all over the nation. The total amount of the relief fund received to date is \$8,470,370.

Old Chinatown Gone Forever.

The big fire has obliterated Chinatown from San Francisco forever. Mayor Schmitz has informed Chief of Police Dignan that all of the Chinese now in the city would be collected and placed in and near Fontana's warehouses near Fort Mason and that the new Chinatown would be located at Hunter's Point, on the southern extremity of the county, on the bay shore. It is several miles distant from the old Chinatown. All Chinese who have left the city and who return later will be concentrated at the new points.

Alcatraz Island Untouched.

There is one place within pistol shot of ruined San Francisco that the earthquake did not touch, that did not lose a chimney or feel a tremor—Alcatraz Island. Despite the fact that the island is covered with brick buildings, brick forts and brick chimneys, not a brick was loosened, not a crack made nor a quiver felt. When the scientist comes to write he will have his hands full explaining why Alcatraz did not have any physical knowledge of the event. The scene from the island was awe-inspiring. The crash of a falling city filled the ears of the aroused island, but no one understood what it was all about. There was no earthquake that he knew about, yet the city, a few hundred yards across the bay, was crashing to ruin. No man on the island knew what was the matter until the boat landed at the shattered wharves.

To Continue Holidays.

Oakland, Cal., April 24.—Gov. Pardee has announced that he will continue to proclaim legal holidays from day to day as long as the financial condition of the state is unsettled. "Although the leading financial men of the state have been holding meetings daily since the fire," said Gov. Pardee, "they have arrived at no definite conclusion as to when they will be able to reopen the banks. I am informed that the vaults of many of the destroyed banks are still so hot that it will be unsafe to open the strong boxes for a week or more."

Plot to Blow Up Hotel.

Mansfield, O., April 24.—A plot to blow up the Von Hof hotel was discovered Tuesday. By means of rubber tubing the radiators of the hotel were filled with artificial gas, and when L. A. Ott, a jeweler, whose room is in the block, lighted a match flames shot up to the ceiling. All the radiators were discovered to be filled, and a panic among the guests was narrowly averted. The police are following a clue which will probably lead to arrests.

Wellman Off for Europe.

New York, April 24.—Walter Wellman, the newspaper correspondent who will next June make an attempt to reach the north pole by dirigible balloon, sailed Tuesday for Europe on the steamer Kaiser Wilhelm II.

Another Kearsarge Victim.

Washington, April 24.—William King, an ordinary seaman who was among the injured on the Kearsarge, died Monday, bringing the list of dead up to ten, embracing eight enlisted men and two officers.

Oklahoma Banker Dead.

Hobart, Okla., April 24.—Andrew J. Dunlap, who owned two Hobart banks and was a stockholder in 25 other banks in Oklahoma and the Indian territory, died here Tuesday, aged 49 years.

Smoot Case Postponed.

Washington, April 24.—The senate committee on privileges and elections has postponed its meeting for final disposition of the protests against Senator Reed Smoot until Friday next.

All of paving contractor Hatch's force excepting twelve experienced men which he will bring with him, will be hired in this city.

Contractor H. Bosch has laid a cement walk for Jacob Paul on West Sixteenth street and is now laying walks for H. Tien and H. Sterenberg on Central avenue.

The Rev. Albert Van den Berg of Overisel, who accepted a call as pastor of the Third Reformed church of Grand Rapids, is now in that city getting things in readiness for his family.

Invitations are out to the wedding of Miss Jennie Ter Haar and Henry J. Van Dam, who will be married, Thursday afternoon, May 3, at 2 o'clock at the home of the bride's parents, Mr. and Mrs. B. Ter Haar, of Drenthe.

Officers for the Ladies Guild of Grace Episcopal church have been elected as follows. President, Mrs. Jas. Price; first vice president, Mrs. J. G. Sutphen; second vice president, Mrs. Percy Ray; treasurer, Mrs. L. C. Bradford; secretary, Mrs. J. E. Murray.

Marvin W. Turner has tendered his resignation as acting cashier of the National Bank of Grand Haven, to the directors of the bank and expects to leave Grand Haven for Colorado about June 15. Mr. Turner leaves the bank after a connection with the institution of seven years.

A. Van Vulpen has sold his 20-acre farm to C. D. Wise of this city for \$2500. Mr. Van Vulpen has bought a house and lot on 16th street of A. Derks and will move into it early in May. He will hold a public sale at his farm Thursday, May 3. The sales were made through John Weersing's agency.

A Grand Rapids paper had the following yesterday about Newton Root, who was a member of Holland's fastest base ball team and who was here on a visit last week: "Newton Root, claiming to hail from Kalamazoo, was arrested this afternoon for attempting to pass a check for \$25 drawn on the Home Savings bank of Kalamazoo. The man left the bank on being accused of crookedness, but was captured by Patrolman Hale, whose station is at Camp square."

Delia Bronkhorst was last evening surprised by a number of her schoolmates at her home, 29 East 7th st. The evening was spent in games and music and refreshments were served. Those present were Cunna Oosting, Claribell Wright, Bessie Moes, Annada and Mae Roozeboom, Gertrude and Caroline Steggenga, Alice Beekman, Jennie Kamper, Iree Fransler, Hilda DeWaard, Mary VanHummel, Marguerite Van Oort, Hannah Riedsma.

Dr. C. Van Zwaluwenberg, of Riverside, Cal., son of R. Van Zwaluwenberg of this city, writes as follows: "You may be interested to know that I was in San Francisco and experienced the earthquake and saw the city burn. I had a room in the Grand Hotel, an annex of the Palace, and did not realize that it was serious. All I knew was the shake and the falling glass but kept my bed and dressed slowly, not thinking much of it until I went out and saw buildings leveled and people taken from the ruins. The fire was the horrible after-effect which I watched all day and got out on the first train which left the city at 6:30 p. m. You will read many exaggerated reports, but it was certainly a horrible thing. Probably 100 or 200 dead and 500 to 1,000 injured. No one that I knew so far reported." Dr. Van Zwaluwenberg formerly lived here.

John Schroder died this morning at his home near the Richard Smith school house at Port Sheldon at the age of 64 years. He had been ill nearly all winter. His wife and seven children survive.

The funeral services will be held at the home 10 o'clock Saturday forenoon and at 2 o'clock at the Wesleyan M. E. church of this city.

The feature of the meeting of the Young Peoples Literary Society of the First Reformed church at the home of Andrew Steketee, Jr., last night was a spirited debate upon the Parochial school question in which A. Raak and John B. Steketee took the leading parts. J. Luidens gave a humorous reading, Dick Oosting read the budget, and everybody gave musical selections. N. J. Whelan was invited to explain the new primary election law and the members showed their interest in the subject by a rapid fire of questions. At the next meeting Henry Van der Ploeg will conduct an open parliament at which the Sunday closing question will be discussed. The meeting will be held at the home of George H. Huizenga.

Holland Fair Sept. 25, 26, 27, 28.

September 25, 26, 27 and 28 were the dates set for the Holland fair at a meeting of the board of directors held last Saturday afternoon. This is a week earlier than last year's fair and as fairs will be held in many of the large cities of Michigan the week following, the speed committee will have a good chance to get a fine string of horses for the races. Last year the Holland fair was among the last and some of the horsemen put their racers in winter quarters before the fair was held making it difficult for the speed committee to fill the different events.

The main question up for consideration was the proposition of changing the location of the fair grounds. Chas. A. Floyd, chairman of the committee appointed to ascertain cost of obtaining new grounds and getting them in condition, reported saying that he had had the proposed new grounds surveyed and that a track similar to the track on the old grounds could be laid for \$1,500, that a grandstand capable of seating 1000 people could be erected for \$1,200. He submitted figures showing what material on the old grounds could be used for building stables etc. on the new, and figuring in the cost of the new grounds at \$5625, announced that the cost of obtaining new grounds and getting them into condition after allowing for what material could be obtained from the old grounds would be about \$13,500.

The committee appointed to find out what could be obtained for the old grounds were not ready to submit a definite report as they have offers from several parties.

It was the sense of the directors that no change in location should be considered unless the old grounds could be disposed of at a good figure and it was decided that another meeting of the board would be held Friday afternoon at 2 o'clock at De Grondwet Hall to take definite action. If the committee in the meantime obtains a reasonable price for the old grounds the change will be made.

Superintendents of the different departments were appointed as follows:

Cattle—H. Van Kampen, Henry Siersma.

Horses—J. H. Boone, Folkert De Vries.

Sheep and Swine—John Meeuwssen, B. J. Albers.

Poultry—L. S. Spietsma, J. B. Hadden.

Agricultural—K. Koster, J. J. Van Dyke.

Pomological—G. J. Deur, G. Van Hees.

Farm Implements—Henry Groenewold, James Kole.

Floral Department—Dr. J. W. Vanden Berg, F. Farnsworth.

Womens Department—Mrs. Jas. Price, Miss Abigail Poole.

Children's Department—Mrs. Robert Slawinski.

Miscellaneous Department—Jas. L. Conkey, E. P. Simpson.

Household Department—Mrs. B. Van Raalte, sr., Mrs. G. J. Deur.

Cornelius Andre, of Jenison, Albert Keppel and C. J. Lokker of Holland, were appointed Marshals.

Eugene Fellows was appointed superintendent of grounds.

Death of Bernard Van Putten.

Bernard Van Putten, known to his many friends as "Ben," died last Friday night at his home Twenty-sixth street and College avenue at the age of 43 years after a ten-days illness of typhoid pneumonia.

Mr. Van Putten was well known in this city and a large circle of friends and relatives mourn his untimely death.

He was employed for a number of years in the Van Putten store on River street and for several years worked for the Holland Furniture company.

He is survived by a wife and three step-children, Miss Julia and Budd Robinson and Daniel Doyle; one brother, Mayor J. G. Van Putten; and four sisters, Mrs. A. Knooihuizen, and the Misses Anna, Maggie and Mattie Van Putten.

The funeral services were held Monday afternoon at the Third Reformed church, Revs. E. J. Blekink and J. T. Bergen officiating. The pall bearers were George Elferdink, Capt. Edward Risto, John Dyke, Ray Knooihuizen, Java Ver Schure and Benj. Goozen.

Prof. Cornelius Doesburg Dead.

Professor Cornelius Doesburg, one of Holland's most highly esteemed citizens, died last Sunday shortly after the noon hour at his home on East Tenth street. His health had been failing for some time and his relatives and numerous friends were not unprepared for the news that he had passed away.

Professor Doesburg was born at Oudewater, the Netherlands, June 13, 1829. His early youth was spent in the old country where he received the foundation of his education, an education that equipped him at a later date to become one of the important factors in educational matters in this city and vicinity and at Hope College. In 1855 he came to this country. His age was then 26 years, and he entered with all the enthusiasm of young and vigorous manhood into his life work. For eleven years he taught in the public schools, first at Groningen and later in the public schools of this city. His success and his unquestioned ability attracted attention and in 1866 he was appointed professor of the Dutch language and Dutch literature at Hope College. He filled this position until advancing years and failing vigor caused him to relinquish the active duties of the lecture room in 1899.

But the relinquishing of his chair in the lecture room did not mean his retirement. He was later treasurer and registrar of the college, and also served two years as librarian. It was not his nature to lay down his burdens just because failing health made them heavier to bear, and not until it was utterly impossible for him to do so did he cease to bend his energies for the good of Hope College. In youth as well as age he was a faithful servant of the institution. In it's struggling infancy he collected money for it, and also for the erection of De Hope printing office. He also worked in De Hope office for awhile as editor with Dr. G. J. Kollen. The college will miss this faithful servant; but it is not alone in it's loss. Many of the young and middle-aged men and women will miss his kindly encouragement and the helpful influence of his life. Yesterday a young man said with feeling, "I never will forget Prof. Doesburg. It was he who at one time encouraged me to keep on studying Dutch, and the knowledge of this language that is of such great benefit to me now and that is also such a great source of pleasure I owe to him." Others could say similar good things, for the life of more than one young man of this city received the right moulding through the works and acts of Prof. Doesburg. The older citizens will recall the days when he gave instructions in music, for to him many of them owe their first training.

In example, in practice, and in precept, Prof. Doesburg was a Christian. He was identified with Hope church during nearly all of his life in America and at the time of his death he was an elder of the church. His wife, three sons and one daughter survive. The children are Henry Ferry of Detroit, Marian of Milwaukee, John of Chicago and Kittie, who lives at home.

The funeral services were held Tuesday afternoon at Hope church, Rev. J. T. Bergen officiating. The active pall bearers were W. H. Wing, Charles Dutton, C. M. McLean, John J. Cappon, G. Van Schelven, G. J. Diekema. The honorary pall bearers were the members of Hope College faculty, and C. H. Howell, A. Visscher, Dr. J. H. Karsten, K. Schaddelee, J. W. Bosman, I. Marsilje, Mrs. N. M. Steffens, J. W. Beardslee, G. H. Dubbink, and E. Winter, D. B. K. Van Raalte and George Van Landegend.

A Piano For Your Home

Is among the most substantial additions. One can hardly conceive another of such possibilities for lasting, refining pleasure. But a fine piano--understand. And no consideration of fine pianos can be other than superficial without including the Ivers & Pond. Used in over 300 leading American Educational Institutions and in the homes of over 36,000 discriminating purchasers, this remarkable instrument represents today the furthest point in the advancement of the artistic piano.

Dennison Storekeeper Murdered.

The northern part of Ottawa county is very much excited over the murder of Martin Golden, general storekeeper in the village of Dennison, near Coopersville, who was shot Monday night by a highway-man, who robbed the body of \$100 in money and a watch, and escaped while friends were running to the assistance of the victim.

The shooting took place about 8:45. Golden had locked up his store and started towards his home. He had had a number of callers in the store in the evening but there were no strangers among the customers. Ed. McCarthy known as "Sport" McCarthy with a companion were in the store during the evening but they left and were sitting on a horse block a short distance from the store when Golden came out.

Just before Golden locked up, the McCarthy boys left the building. They heard the shots fired a few minutes later and heard Golden crying for help. The men who had just left the store assert that a few seconds after the shot a tall man ran between them, and they believe that he was the murderer. The McCarthy's hurriedly ran to where Golden was lying and carried him to his home. He was unconscious and blood was spurting from his forehead. Mrs. Golden heard the shots fired but did not realize what had happened until her husband was carried into the house.

Sheriff Woodbury has all his officers on the lookout. It is believed there that the murder was committed by a Grand Rapids crook, who escaped into that city. A man named Wilton drove up to the Golden store at about 7:30 Monday evening and saw a dark stranger standing in front.

Fennville Man Fatally Stabs Brother-in-law.

Fred Sessions, of Fennville, was arrested in this city at 10 o'clock Wednesday morning by Night Police Leonard and Dornbos in response to a message from Fennville saying that Sessions was wanted for stabbing Manly Bushee, a well-to-do farmer living a mile east of Fennville Tuesday night. Sessions was taken to the Fennville lockup.

Sessions is Bushee's brother-in-law and the best of feeling had not existed between the two men. They frequently quarreled. Bushee had been to Allegan on business Tuesday and when he returned he was confronted by Sessions, who said he was going to leave.

Sessions began packing up his things and Bushee said he could not take his property from the house until he had paid some money that he owed Bushee. A violent quarrel arose and Sessions produced a long-bladed knife and lunged fiercely at Bushee, who was unarmed and tried to make his escape from the room. Sessions finally stabbed Bushee below the heart. As her husband fell Mrs. Bushee, with the children following her, rushed into the room and grappled with her brother, Fred. She tried to get the knife away from him and her hands were cut. She then ran from the house screaming for help and set the neighbors on the search for her brother.

Sessions went to the Pere Marquette depot and took a train for Holland.

Immediately after the stabbing affray Mrs. Bushee summoned her other brother, Dr. Sessions, who dressed Mr. Bushee's wound, but gave no hope that his life would be spared.

Bushee died last night, and Sessions was taken to the Allegan jail charged with murder.
