Is Your Watch Working Full Time?

How long since it has had a thorough overhauling? Can you expect it to keep time after the balance wheel has made millions of vibrations the past year without a drop of oil. It may run, but unless the old oil is removed at least once a year it runs to the certain ruination of your time piece.

If it has not received the proper attention the past year, now is the time to give our repair department a call.

CITY AND VICINITY.

Supervisors Van Duren and Van Anrooy are making out their assessment rolls.

Bennett & Schnorbach's men are here and work on the pier improvements and extentions at Macatawa will progress rapidly from now on.

DePree's drugstore has a very suggestive adv in the this issue. A glance at the row of rabbits will appeal to the younger readers, and you cannot blame them if they ask to go to De Pree's to buy Easter egg dyes or Easter post cards.

Here is a tale from Whitehall. This kind of a story usually makes its appearance each spring and fall: "The fog bell Robert Turns found near the mouth of Duck Creek Friday weighed twenty-five pounds C. N. Merrimac at Michillinda Pines also found a roll of barb fence wire, just on the beach at their place which had come ashore Friday. Captain Bedford of the United States Life Saving station sent a man four miles north from White Lake channel, and one as far south as Duck Creek, while Eben Sprigg went nearly two miles further south, and William Eaton of Claybanks township, patrolled the beach for a distance of over three miles, and nothing was found in any instance that looked like wreckage." The wreckage referred to probably rolled down the bank from some farmer's back yard.—Ludington Record Appeal.

The open season for trout this year started April 15. which is 15 days earlier than heretofore and continues until August 15.

Judge E. P. Kirby has appointed Dr W. P. Scott and Faank Van Ry as commissioners in the estate of Richard Vauden Berg, deceased.

The life boat from the Grand Haven life saving station is at present hauled up on the beach at the government pond awaiting shipment to New Jersey where a gasoline engine will be installed. The boat has been ready for shipment for some time but has not as yet been started on its journey. It is expected that the boat will be taken away and fitted with machinery in time to be returned before the summer season is over.

Gardner Bros. of Millgrove have named their new steamer City of Allegan. They put the craft on trucks last week and started it toward the river, but will put on the cabin before launching It will be put into the stream within a few weeks, and be ready for the opening of the summer's business. They mean to make good time between Allegan and Saugatuck, carrying both passengers and freight. The boat is forty six feet long and fourteen feet wide, and will draw not to exceed eighteen inches of water when loaded.

John Rutgers, ex register of deeds of Ottawa county, is at his old place with the Lokker-Rutgers Co. Mr. Rutgers moved to Chicago soon after the completion of his term of office, with a view to giving his family opportunities for an education and for business advancement. He has succeeded in both of these desires, and having succeeded, his thoughts naturally return to his home city and to his place with the company in which he is interested. John is popular here and his many friends are glad to see him back. On the other hand John will be glad to see all his old friends as of yore.

Five members of the Ludington Life Saving crew have formed a partnership for the purpose of buying and cooking their own meals. They have built and furnished a very neat little house about 150 feet east of the station. The rules of the Life Saving service prohibit any member of the crew from going more than 750 eet from the station after their meals. These five men all live outside the limit Consequently they are obliged to "batch it." The names of the five men are Peter Peterson, Harvey Nadeau, Arthur Highlander, Otto Eckoff and Wm. Pratten. Each man takes his turn at cooking a week at a time.

The Year Book of Hope College has just been published It is embellished with beautifilly tinted photographic illustrations of all the college buildings on the campus. A brief survey of its contents will convince the reader that Hope College has grown into proportions which exceed the expectations of her early supporters and silence the criticisms of the timid. There are, generally speaking, two classes of men viewing great educational enterprises. We may briefly designate them by saying that one class keeps its hands in his pockets, fearing bankruptcy in the near future, while the other class pulls its hands out of his pockets and gives and works. Thank God, the last class has gained the day with regard to Hope College. The institution furnishes now an all around complete course of instruction, equal to, if not superior to, any college of its class. A faculty of 17 professors and instructors gives now instruction to 290 students, of whom 99 are in the college and 191 in the preparatory school. In addition the college promotes vigorously the study of music, both vocal and instrumental. Besides Professor J. B. Nykerk, of the college faculty, four outside professors of acknowledged ability give instruction on the piano, violin and in voice culture. Students of the college and many from outside take advantage of this opportunity. There are in all 46 enrolled. This work may develop into an organized conservatory of music. The Reformed Church in America has many reasons for thankfuness that Hope College has always had leaders who were awake to the important mission of this institution, an absolute reguirement for the growth of the church in this broad land. And God has wonderfully blessed the efforts of the present administration both financially and otherwise.—Christian Intelligencer.

The farm residence of Bert Welton in Olive township was burglarized last Monday night and money and property to the amount of $50 was taken. Undersheriff Salisbury went to Coopersville and got two of A. E. Bonner' bloodhounds which he took to Olive and set on the track of the robberf. Harry West was arrested by Undersheriff Salisbury and pleaded guilty.

Under the terms of the surety bonding act, it was thought that county boards and village trustees may refuse to approve the bonds of the liquor dealers under a protest being signed by one-half the voters of the township or village. The attorney general's department holds that this provision of the law does not apply in cases where personal bonds are offered by liquor dealers and is only applicable where surety company bonds are offered.

Haan Bros , of the Central Drug store have installed in their place of business the most beautiful and most up to-date soda fountain in the city. In fact in beauty and neatness it compares favorably with the more pretentious fountains in larger cities. The long counter top is of solid marble and the fountain proper is attached to the counter instead of the back bar. Monday night was opening night and free cream was served.

One of the hardest fought election battles for the office of mayor in the city of Springfield, Mo., Tuesday, resulted in the election of Louis P. Ernst, formerly of this place, by 500 majority over his democratic opponent. When it is remembered that Springfield is strongly democratic, that the republican candidate two years ago was defeated by 700 majority, and that Mr. Ernst is a comparative stranger, having moved there only a little over two years ago his election is remarkable and may well be termed a glorious victory.—Coopersville Observer.

Henry A. Dibble is free from further prosecution, the case growing out of the grange store trouble, in which he was charged with perjury, having been nolle prossed, Judge Kelley S. Searle of Ithaca, who heard the arguments of attorneys for such action, granting their motion. Dibble went on the stand in the grange store conspiracy case under promise of immunity if he would tell all he knew about the alleged conspiracy. He was given a letter of immunity by Former Prosecuting Attorney Cross in the earlier cases and a promise of immunity by Attorney Chas. E. Ward, who acted as prosecutor in the conspiracy case. The attorneys in the case believe that Dibble fulfilled his promise and Prosecuting Attorney C. E. Hoffman made the motiou Tuesday to nolle prosse the case.

Rumors are to the effect that John H Leach, still confined in the county jail because of refusal to pay damages awarded George H. Smith for personal injuries done the latter, is manisfesting signs of insanity, but whether this is true or is one more scheme to effect release from jail may be a matter of opinion. The needlessness of Leach's voluntary incarceration is the more apparent when it is considered that he could be free any day (and this condition has existed from the beginning) by either paying the judgment, which he is perfectly able to do; by showing that he has no property and is therefore unable to pay—if this can be shown; or by giving a bond not to go beyond the county limits. To the disinterested the matter looks very much like a determination on the part of Leach and his relatives to defy and circumvent the court's decree, Leach stays in jail through somebody's sheer obstinacy, and is not deserving any sympathy.—Allegan Gazette.

Notier was near the Christian school when the fire alarm rang for the blaze in the factory of the Central Manufacturing Co., and thinking it would be a good idea to test the children with the fire drill he went to the school and gave the alarm. In one minute all of the pupils were out of the building.

The Maccabee county convention held here Tuesday elected John Brice of Grand Haven, C. R. Westover of Nunica and Edward Vanden Berg of Holland as deputies from this county to the Maccabee review. They are all anti Boynton men. Van der Berg was made connty commander and Westover county recorder.

Yesterday a public auction was held on the farm of Lawrenee Mulder a few miles east of this city. Mr. Mulder has wound up all his business in this community and expects to leave Michigan on the 20th of April with his family. His destination is the Yakima Valley in the state of Washington, where he will buy a farm and go into fruit farming.

Grand Haven is having a little flurry with some of the teachers of its public schools on the question of salaries. The contracts recently submitted to the teachers are reported to be hardly satisfactory to many of the teachers. It is stated that at a recent session the board of education decided to give the preference to teachers who have had a Normal school training and this will be considered when the salaries are raised. It is believed that such a ruling will cause some stir up among the friends of the teachers who have not had the advantage of Normal school training The teachers themselves it is claimed do not like this innvoation to be made and there are a number of contracts which have not been signed as yet. While the matter has not come to any definite settlement, it is claimed by their friends that some of the older and time tried teachers are being discriminated against.

AN ORDINANCE.

To prohibit and prevent the selling of any spirituous, fermented or intoxicating liquors, and to Prohibit and suppress ale, beer and porter houses, and all places of resort for tippling and intemperance, in the city of Holland.

THE CITY OF HOLLAND ORDAINS

Sec. 1. It shall not be lawful for any person, directly or indirectly, himself, or by his clerk, agent or employe at any time to sell any spirituous, fermented or intoxicating liquors, or to keep any ale, beer and porter house, or place of resort for tippling and intemperance, in the city of Holland; provided however that the provisions of this ordinance shall not apply to druggists, or registered pharmacists, in selling any such liquors for chemical, scientific, medicinal, mechanical or sacramental purposes only nor to wholesale dealers in selling any such liquors in quantities of more than three gallons, or more than one dozen quart bottles, at any one time, to any person or persons, under and in strict compliance with the restrictions and requirements imposed upon such druggists, registered pharmacists and wholesale dealers by the general laws of this state.

Sec. 2. The provisions of section one of this ordinance shall not invalidate the licenses for keeping of saloons where intoxicating liquors are furnished, sold or kept for sale, granted by the Common Council for the term ending the first Monday in June, A. D. 1908.

Sec. 3 Any person who shall violate any of the provisions of section one of this ordinance, upon conviction thereof, shall be punished by a fine of not exceeding one hundred dollars and cost of prosecution, or by imprisonment in the city jail, or county jail of the county of Ottawa, for a period not exceeding ninety days; and in case a fine and costs only shall be imposed, the offender may be sentenced to imprisonment in the city jail or county jail, of the county of Ottawa, until the payment of such fine and costs for a term not exceeding ninety days.

Sec. 4. An ordinance entitled "An ordinance relative to saloons and saloon keepers," passed May 1, 1907 and approved May 1, 1907, and all other ordinances and parts of ordinances in conflict with any of the provisions of this ordinance are hereby repealed.

Sec. 5. This ordinance shall take effect twenty days after its passage.
Passed April 7, 1908
Approved, April 8, 1908.

J. G. Van Putten, Mayor
Attest:-Wm. O. Van Eyck, City Clerk.

A Hard Struggle.

Many A Holland Citizen Finds the Struggle Hard.

With a back constantly aching.
With distressing urinary disorders,
Daily existence is but a struggle.
No need to keep it up.
Doan's Kidney Pills will cure you.
Holland people testify to the claim:

Michael Schwarz, retired dairyman, 689 Central avenue., Holland Mich., says: "Doan's Kidney Pills have been used in my family with the most satisfactory results. Last fall I caught a severe cold which settled in my kidneys. I thought little of it at first but it soon grew worse and I became annoyed with dull, heavy pains across my back and loins. I could not bend or lift anything without suffering misery and my condition gradually grew worse. I was telling a neighbor of my trouble and he advised me to try Doan's Kidney Pills. I procured a box at Doesburg's drug store and after using them only a short time felt greatly relieved. I continued taking them and when I had used the contents of half a box my backache and the accompanying symptoms of kidney trouble had disappeared. Doan's Kidney Pills cured me and I give them my hearty endorsement.

Recipe As Repeated By Reader's Request.

Some remarkable stories are being told about town and among the country people coming in of this simple home-made mixture curing Rheumatism and Kidney trouble. Here is the recipe and directions for taking: Mix by shaking well in a bottle one-half ounce Fluid Extract Dandelion, one ounce Compound Kargon, three ounces Compound Syrup Sarsaparilla. Take as a dose one teaspoonful after meals and at bedtime.

No change need be made in your usual diet, but drink plenty of gook water.

This mixture, writes one authority in a leading Philadelphia newspaper, has a peculiar tonic effect upon the kidneys; clearing the clogged-up pores of the eliminative tissues, forcing the kidneys to sift and strain from the blood the uric acid and other poisonous waste matter; overcoming Rheumatism, Bladder and Urinary troubles in a short while. A New York druggist who has had hundreds of calls for these ingredients since the first announcement in newspapers last October stated that the people who once try it "swear by it," especially those who have Urinary and Kidney trouble and suffer with Rheumatism

The druggists in this neighborhood say they can supply the ingredients which are easily mixed at home. There is said to be no better blood-cleansing agent or system tonic known, certainly none more harmless or simple to use.

Farm Boys.

Why will young men leave the farm and go to the city thinking they will be able to do better there? Ottawa connty young men don't have to go far away to get proof that farming is profitable, and in more ways than one.

You dont have to go out west to be a prosperous farmer. Why there are several young men living not twenty miles away from Zeeland either, who have during the past year.—year, mind you, not two years,—cleared as high as $1,000 beyond all expenses. Can't do that in the city, can you? Can you go to the city and work in office or shop and clear $500 every year for five years? If you are in the city now, have been there since 1903, or even 1900, can you show your friends a bank roll of $2,000 or $3,000? And yet there are young men right near home, on the old farm, that can do that.

Farming is just as profitable as it used to be and more so, but it does not seem to be quite as popular with some of the younger men.

The prosperity of the country rests on the farm; whether it be a dairy farm, a celery farm, a sugar beet farm or a pickle farm makes no difference. South Ottawa is blessed with soil for any kind of a farm and if the young men of the county will turn their serious attention to a successful farming career there will be less hankering for the city and no necessity for it.

The Holland P. O.

It has been said that the post office is a true thermometer of the rise and fall in the growth of a city; that the receipts of Uncle Sam fluctuate according to the business and financial activities of the community. Judging from such a standard, Holland has never known a backward step since March 31, 1888, 20 years.

The post office has ever been a source of no little wonderment to many people, who, while never knowing much more of the internal workings of this most essential federal institution than the mere fact that for two cents one can lick a stamp and shortly a missive is speeding over the rails to some friend or loved one far away. They have ever seemed to sort of take it for granted that it was a pretty soft snap for Uncle Sam to run a sheet of paper through a printing press and have it come out stamps —money— at the other end, and that all he had to do was sell them.

But there are the thousands of postmasters, assistants, clerks, carriers, rail road clerks, boat companies and many others to draw on the fund, and there is less clear profit for the government than one would think. It may look like small talk, but it is true that financial flurries, hard times and eras of depression do have a tremendous effect on the sale of the two-cent stamps. There is invariably a falling off in the sale of the little sticky squares but it is in the larger cities that this applies to more directly, yet the smaller towns are often hit as well.

Holland has weathered the recent so-called money stringency without a ruffle to its post office feathers, which speaks more for the substantialness of this city than anything else.

March 31, is the close of the post office fiscal year and in preparing a statement of the total receipts for the past year, Postmaster Van Schelven has kindly prepared a tabulated report of the income of the Holland office since 1888.

Receipts

The receipts of the office for the year just closed are made up from the following sources:

Stamps	$1 6,946.80
Stamped envelopes	5,264.22
Postal cards	944.31
Box rents	88.20
Second class matter	1,259.18
Incidentals	4.28
	$24,506.99

The item of second class matter represents the newspapers and periodicals published and mailed in Holland, the total weight of which was 148,531 pounds. Of this 22,613 pounds was county circulation, which goes free.

The close of the quarter ending March 31,1908 shows that the total receipts of the office for the year ending on that date have reached the gratifying figure of $24,506.99.

The Growth.

The increase during this year was larger than in any year previous, for a period of 20 years, as shown by the following table: for the year ending: March 31.

1888	$ 4,630.56
1889	4,810.21
1890	5,102.93
1891	5,877.27
1892	6,525.57
1893	8,196.13
1894	8,386.61
1895	9,201.07
1896	10,182.25
1897	10,217.20
1898	10,524.84
1903	16,100.92
1904	17,460.83
1905	17,991.60
1906	20,459.17
1907	21,840.75
1908	24,506.99
1902	14,295.41
1900	12,103.43
1899	10,739.55
1901	13,053.11

The apparent falling off in 1897 was occasioned by the introduction of city free delivery, which reduced the amount received from box rents.

Want Diekema Retained

Washington, April 11.—The entire Michigan congressional delegation is united in the desire to see Representative G. J. Diekema retained as chairman of the Republican state central committee. Representative Hamilton has canvassed the delegation regarding the matter, and found they were unanimous in approving the past campaign management of Chairman Diekema, and in view of his large experience in the management of Republican campaigns it is thought very desirable that he should be re-elected.

When asked about the matter today Mr. Diekema said he was greatly appreciated the compliment of his colleagues in desiring his continuance as chairman of the committee. "Of course," he said, "if it is the wish of our party that this should be done, I am willing to serve, although I would not seek the place or do anything toward securing a re-election. My congressional duties are very agreeable, and I trust my course during the present session has been satisfactory to the people of my district.

A Busy Session.

"I desire re-nomination as congressman and this is the only request I feel that I can with propriety make. The session has been a busy one for me, and while I have given attention to all matters which have come to my notice concerning the 5th district, I am conscious to the fact that the first term of a representative in congress is the most trying one for him. The people of Kent, Ionia, and Ottawa counties have been very considerate, and if I shall be returned, I will endeavor to further demostrate my appreciation.

"I have received many inquiries from many parties of the state to know whether I would take the chairmanship of the state central committee again, and I have said in each instance that it was a matter for the republicans of Michigan to decide, as I have no further ambition to serve longer in this capacity, although I do not wish to shirk any responsibility nor fail to do my duty whenever called upon by my party associates."

Buried 50 Yeags

Grand Haven, April 11.—Henry Saul of Grand Haven township buried a barrel of wine on his wedding day vowing that it should not be taken up and opened until the golden anniversary rolled around. These 50 years have passed and in June Mr. and Mrs. Saul will celebrate their golden wedding. For 50 years Mr. and Mrs. Saul lived on the same place in the same township and when the day comes around there will be many friends, made during their long and honorable residence here, present to help them celebrate it. The barrel of wine like the couple, has grown mellow and sweeter in the 50 years which have passed. Henry Saul is truly a pioneer. He settled in the wilderness of Grand Haven township 54 years ago. It was far from encouraging then in the wilderness, but with the bravery and fortitude the courage and optimist of a true conquerer of the forest, he labored until he built for himself a home and took a wife. That was 50 years ago and next June when the health of the bride and groom of 50 years is drunk in the rare old wine, all the trouble and adversity of those fleeting years will be forgotten and only the bright memories will remain.

We Still Have Holland

Election is over, but it seems as if some people are not good forgetters. They have allowed the murk of defeat to linger around them, enveloping them in an atmosphere of sourness and of dissatisfaction with all humanity.

Such people should remember that we still have Holland. the best city in Western Michigan, the city with a future as bright as that of any municipality in the country. Our future success depends upon our people, upon our attitude to each other, and in order to accomplish anything we must forget the animosities of the present, and be animated by the spirit which in the past has brought to us the full measure of success.

It is indeed a poor public servant who cannot take a defeat without whining, and by the same token it is not a mark of distinction when a political party or a body of voters, formed to accomplish certain ends, whimper unceasingly when a rebuff is met.

We had what was known as a wet and dry fight here. The battle is over. The peopie have spoken in no uncertain terms. They have decided that the saloons shall be abolished from Holland. The decision of the people is law. Every man is entilted to his opinion, and to an expression of such opinion. The expressions have been made. Being made, the will of the majority is the ruling power. Something else remains to be done, and that is—forget. Forget the stings and heart burnings, which are a part of all encounters, political, personal or otherwise, and remember that we still have Holland. Look cleareyed into the future and, animated by a stout heart, boost Holland. We had a good town before election. It is just as good now. We have men here of business sagacity, men of the dominant nature that wins against odds, men who know how to make things go. But if we are to move onward on the road to success we must all quit knocking; quit knocking and go to boosting. Pull together for a greater Holland. We have the best, the prettiest, the cleanest city of its size in the United States, and it is a shame to let it be injured in the way it has been since election. No use enumerating these injuries. The state press has been exploiting them to our disadvantage, and the quicker we quit making our city a target for the state press the better. To be plain, quit this talk of severing of business relations, of family feuds, of boycotting the merchants. True, some of the merchants are to blame. They have boycotted their fellow merchants, business men have boycotted other businessmen. If the merchants and business men keep this up, they will set an example to their patrons and customers which their patrons and customers cannot help but follow and they in turn may be boycotted in favor of Grand Rapids merchants. This is a deplorable condition to keep up. The quicker it is stopped the better. If it is not stopped soon the virus will get to working so hard that it will be difficult to attain a remedy and we will become a city of boycotters. Boycotting is un-Holland, un-English, un Irish, un-German, un-French, un-American, un-manly, unjust, un-everything, and the quicker we get the deadly poison out of the system of our civic life the better we will be off.

All of you who were whipped Monday, April 6, whether wet or dry, democrat, republican or socialist, quit knocking, start boosting and Holland will soon come into it's own, business prosperity, material prosperity, civic prosperity.

"Be a booster every minute,
Never knock your fellowman;
And you'll surely be rewarded,
Just keep doing all you can."

Good practice for the big dam on the line of the Panama Canal is the construction of the Shoshone River, Wyoming, of the highest dam in the world. It will be 315 feet above bedrock, forming a reservoir sufficient to irrigate 150,000 acres, of which 90 percent is public land. Uncle Sam is getting some fine experiences preliminary to river channel improvement.

The remarbably quick time made by the fire department yesterday afternoon and the efficient work done when the scene of the fire was reached is proof of the claim that we have always advanced that Holland has the best volunteer fire department in the state, and that the best regulars will have to go some to excel our boys. The run to the fire yesterday afternoon, considering the distance which both companies had to go was the quickest in the history of the city. Streams were playing on the fire 2½ minutes after the alarm.

A Havana paper states that railroad ferries will be established between Key West, Havana and Yucatan running to Guatnmala and eventually to Mexico and the Panama Canal. When the improvements get that far, St. Louis expects to send through trains over the Pan American Railroad to Buenos Ayres.

The Agricultural Department is trying to fix the amount it takes to keep a hen a year. In order to arrive at the exact figure the man next door with flower beds and a tomato patch should be summoned as a witness.

In taking a census the Japanese count the houses and multiply by five. Having no tenements, skyscrapers, big hotels and Fifth Avenues, the Japanese find the average reasonably correct.

Dedication.—The Methodist Episcopal church was dedicated last Thursday. Quite a large number of clergymen were present, and an amount of money sufficiently large to clear the church from its indebtedness was subscribed. To the Methodist church belongs the credit of being the first to rebuild since the great fire and Rev. W. A. Bronson is deserving of great credit for the indefatigable industry and perserverance manifested, while securing such a building for his church and society, during the period of recuperation which we have all been struggling through since the city was burned in 1871.

As will be seen by reading over our new advertisements, the banking firm of Kenyon & VanPutten has dissolved by mutual agseement Mr. Kenyon retiring. This has been anticipated by the knowing ones for some time. Happily, this city contains at least one man who has the moral courage to keep up a banking business for the convenience of the merchants and citizens at large. The new firm will be known as J. Van Putten & Son. Mr. Jacob Van Putten, the senior of the new firm, is a thorough Americanized Hollander, has an excellent business character, and is widely known throughout this part of the state, and it would not be at all surprising that some of the surplus funds of our rich farming community will henceforth be deposited in this bank—instead of in a stocking L. VanPutten, the junior partner received his last schooling under the master hand of Prof. Swensberg, of Grand Rapids and is said to be possessed of the nucleus elements of a first class accountant. We hope they may prosper and win the confidence of the whole Colony.

Severe fighting is again reported in South Africa, and the pleasant announcement that the war was "practically at an end" has had to be revised and corrected. The latest news is said to be most serious, a powerful Caffre chief having taken the field in Transvaal, the recently annexed boer republic. That Caffre chief will get a thrashing in time, no doubt, but it is exceedingly unpleasant for John Bull to be annoyed with these small disturbances just now, when he needs all his forces and all his courage for a demonstration against the Cossacks.

WHAT YOU SAW 25 YEARS AGO

Last Saturday night at about 10 o'clock, an alarm of fire was sounded and our citizens and the fire department responded with usual alacrity. It was some time before the exact location of the fire was known, which caused a good deal of confusion among the firemen. The mill property on River street recently occupied by J. Van Putten & Co., butter tub manufacturers, was found to be on fire under the "slide" and near the building. The fire was promptly extinguished before any great damage was done. Upon examining the premises an empty kerosene can was found together with some rubbish which had evidently been gathered together for the purpose of setting fire to the mill. The perpetrator or perpetrators of a crime of this kind ought to be sought for until found and prosecuted, and in case of conviction, ought to be punished to the full extent of the law. The owner of this property is E. J. Harrington, who will give a liberal reward to anyone giving him information that will lead to the detection of the incendiary.

A cheese factory is to be built in Zeeland this summer. The material is on the ground and work will be commenced immediately. Messrs. F. J. Lamb, S Brouwers and J. N. Louckes are the men interested in the enterprise. We wish them success.

WHAT YOU SAW 20 YEARS AGO.

Last Monday at about half past six o'clock an alarm of fire was sounded by the yard engine of the Chicago & West Michigan Ry. The fire was in the round house and was caused by a spark falling among a lot of oily waste, or rags, piled in the building. At the time of the alarm there were two engines in the house with no steam up and if the building had ever burned they would undoubtedly have been destroyed. The extension of the water work and the running of a four inch main to within a few feet of the building and the placing of a hydrant there, which work was but recently completed, are the means by which the loss was averted. A hose was immediately attached to the hydrant and in less than no time the fire was extinguised. The fire department, although promptly on hand, were not needed. The loss is but a small one.

The sportsmen of this vicinity are making efforts to introduce the Mongolian Pheasant in this locality. As the quail are nearly exterminated they must do something or there will be no shooting in the future. This pheasant is a very hardy bird and will stand considerable cold and snow. They are very prolific and will often rear two or three broods in a season, are of large size, weighing four pounds at maturity. Eight years ago a few pairs were liberated in Oregon and now they are scattered all over that state, Washington, Utah and adjoining states. They are also doing well in Illinois. The Muskegon Game and Fish Protective Association will put out some in Muskegon county this year, and the legislature has passed a bill protecting them in this state for five years. All sportsmen are respectively requested to contribute to a fund for the purpose. For further information and to subscribe to the fund, call on Arthur Baumgartel, South River street.

TO CELEBRATE FORTIETH ANNIVERSARY

Saturday afternoon Mr. and Mrs. Bouke Mulder will celebrate the fortieth anniversary of their marriage at their home south of Zeeland. All the children and grand children, brothers and sisters and neighbors have been invited to be present at the spread, and the glad occasion will be appropriately celebrated in every respect.

Mr. and Mrs. Mulder have lived on the same farm forty years and have risen with the community from wilderness surroundings of the early days. At the time of their marriage in 1868 they built their modest house in the wilderness and set about making the pleasant home surroundings as they now exist. Of a quiet and reserved nature, Mr. Mulder has given his undivided attention to his large farm and has always been loved and respected in his community. Mrs. Mulder has for forty years shared all the weal and woe of the farmer's life in her home and community and has fitted herself into her surroundings "like perfect music unto noble words."

Mr. Mulder was born in the Netherlands and came over to this country when eight years of age. When still a young boy his parents settled on a farm a few miles east of this city and he has been identified with that community ever since. Mrs. Mulder was born in Grand Haven and has the distinction of being the first white child born in that city. Her maiden name was Jennie Snitzelar and she spent her girlhood days in Vriesland, Mich., where her parents owned a large farm.

The sons and daughters who will help their parents celebrate the event are Benjamin, John, Lawrence, James and Lester of Zeeland, Henry of Grand Rapids, Arnold of Holland, Mrs. Herdis, Ida and Minnie of Zeeland, Mrs. A. Romeyn of this city and Mrs. John Boyink of Grand Haven.

The brothers and sisters of Mr. Mulder are Mrs. L. Mulder of this city, John Mulder and Mrs. J. VandenBosch of Zeeland. The brothers and sisters of Mrs. Mulder are John, Henry and Art Snitzelr of Grand Rapids, Albert Snitzelar of Central Lake Mich., Mrs. J. J. Hoffman of Cleveland, Ohio, and Mrs A. Brower of Hudsonville.

The News is one of the many that extend congratulations to Mr. and Mrs. Mulder and wishes them many happy years of continued married life.

IN SOCIETY

A very interesting meeting of Elizabeth Schuyler Hamilton chapter, D A. R., wos held last Thursday afternoon at the home of Miss Myrtle Beach.

George Deur of Holland and Cornelia Loer of Zeeland were united in marriage at Holland Wednesday of last week. Many relatives and friends were present. The young couple will make their home here. Rev. J. P. De Jong of Zeeland performed the ceremony.

The Young People's society of the First Reformed church last Thursday evening enjoyed a social in the church parlors. The function was well attended and a good time was enjoyed. The following program was carried out, after which refreshments were served;

Song Service.

Opening remarks by president, Albert Raak.

Violin solo—Harriet Steketee.

Recitations by Marie Blom, Gerrit DeMotts and Anthony Luidens.

Ladies quartette.

Phrophecy, Edward Wilterdink.

Remarks by Rev. H. J. Veldman and Henry VanderPloeg.

Miss Cathaline Mersen entertained Saturday afternoon in honor of her third birthday anniversary. A pleasant afternoon was spent and an elaborate luncheon was served, the table being prettily decorated with flowers and favors. Little Miss Cathaline received many pretty gifts. The guests were Mary and Anna Visscher, Helen and Elizabeth Brush, Isca Fairbanks, Maxine and Frieda Boone, Irene Bouwman and John Lloyd Kollen. The children were accompanied by their mothers.

The Seminary Adelphic Y. M. C. A. met Tuesday night at the home of Rev. Blekkink, who is an honorary member of the society. The prayermeeting was led by B. VanderSchoor and the paper for the evening was read by Dr. Steffens. The subject was "The Doctrine of Predestination and Covenant of Grace" After refreshments were served a vote of thanks was extended to the host and hostess of the evening.

Miss Gertrude Holtgeerts entertained several of her friends Tuesday evening at her home, 252 Maple street, the occasion being her birthday anniversary. A very pleasant evening was spent with games and music and refreshments were served. Those present were: Bernice Mathen, Alice Faasen, Clara Knoll, Mae Bowman, John, Gerrit and Fred Oudermoulen, George and Charles Mathen, Marguerite Bell, Malo Dick, Charlotte Pessink, Grace Halley, Marion Hansen, Cornelia Van Anrooy, Jeanette Farma.

Rev. C. C. A. L. John was married last Friday in New York to Miss Johanna Marie Antoinette Schout Velthuys of Flushing Netherlands, Rev. Martin Flipse of Passaic, N. J., officiating. The domine left for the east ostensibly on a pleasure trip, but when the steamer Noordam of the Holland-American line entered New York harbor he was awaiting the arrival of the bride to-be from over the sea. Rev. John came to this city about 20 years ago and united with the Reformed church, his first charge being the congregation in Graafschap. He has since held two pastorates at East Holland and Kalamazoo and is at present in charge of the combined churches at South Haven and Twin Lakes. Coming Events at Powers Theater

Powers' theater promises one of the most brilliant periods of the season beginning immediately after Easter. Several weeks ago the outlook promised only a few scattered attractions, but since then Manager Sommers has made additions to his bookings that will give Grand Rapids a strong line of standard attractions during the last few days of April and all through May.

On Easter Monday and during the first pare of the week Hortense Nielson will present Ibsen's "A Doll House." Following this will come "Checkers," Ethel Barrymore in her Clyde Fitch play "Her Sister." "Paid in Full," the latest hit in New York; "A Knight for a Day," Al Field's Minstrels; Lillian Russel in "Wildfire;" Willie Collier in Caught in the Rain;" Thomas W. Rose in "The Traveling Salesman;" "The Lion and the Mouse;" and Maude Adams in "The Jesters." All these offerings with the exception of "A Doll's House," "The Lion and the Mouse" and Al Field's Minstrels are new to Grand Rapids. Nearly all of them are included among the most disscussed plays of the season both in the metropolitan theatrical reviews and in the magazines.

Ethel Barrymore's date at Powers' is Tuesday, April 28. She will appear in her new play by Clyde Fitch "Her Sister" in which she assumes the role of a young woman who makes her living by telling fortune.

Child Mystery Solved

The mystery of the six-year-old child that was stranded in Zeeland has been solved. When the news reached Cadillac that little George Newman was put off the train at Zeeland last Thursday, Cadillac got busy and ascertained that Mrs. Bessie Buchanan disappeared from Cadillac with Clyde Drake, aged 13, and the Newman child, aged 6. Tuesday Mrs. Buchanan and Clyde Drake were located at the home of Oris Buchanan on the north shore of Macatawa Bay.

Chief of Police Kamferbeek communicated with the Cadillac authorities, but was informed that no warrant had been issued for her arrest.

The woman arrived at the Buchanan home with the Drake boy and infant child last Thursday. Mr. Buchanan had adopted the girl in infancy. She stated that the boy is a brother of a Cadillac friend and wished to accompany her. The lad appears content with his newly found friend.

Regarding the little Newman boy who was put off the train at Zeeland, the woman says that while at Zeeland the boy began to cry and wanted to go home. She said that she thought he lived in Hamilton and would be able to find his way home alone.

Relatives assert that the woman is a peculiar character. She seldom remains in one locality long at a time, they assert, but moves from town to town where she secures employment as a domestic.

A year ago she was married, but soon afterwards left her husband and went to Missouri.

The woman's motive in enticing the boys from their homes puzzles the officers, as it is said she has hardly enough funds to support herself. She says she is going to Grand Rapids in a few days.

Mrs. Della Palmer, the mother of Georgie Newman, telephoned Marshall Van Vorst of Zeeland that she would send transportation for the lad to return to Cadillac. The boy is making his home with Marshal Van Voorst. He appears to be a bright lad and the family have grown fond of him.

Have You Weak Lungs?

Do You Fear Consumption.

When we take into consideration the fact that one out of every seven in this climate die of consumption, is it any wonder that it is feared by the people of Holland who have weak lungs and chronic colds and coughs?

A famous London physician has for years urged his patients, when the slightest tendency to consumption appeared, to take all the cod liver oil possible into their system, and physicians everywhere have recognized its value for coughs, colds, bronchitis, consumption and all wasting diseases, but unfortunately, few could take it and derive the full benefit from its use, on account of the indigestible grease which it contained.

We want every person in Holland to know the value of our new cod liver preparation, Vinol. It actually contains in a concentrated form all of the medicinal body-building elements of cod liver oil actually taken from fresh cods' livers without a drop of oil or grease to upset the stomach and retard its work.

Therefore, wherever old fashioned cod liver oil or emulsions will do good, Vinol will do far more good. We guarantee Vinol will improve the appetite, strengthen digestion, make rich, red blood, create strength cure chronic coughs and colds and strengthen weak lungs.

If Vinol fails to give satisfaction to our customers, we return money without question. R. M. De Pree & Co., Druggists Holland Mich.

No Mail Order Jags.

Detroit, April 11.—"The express companies already have their instructions regarding the shipment of liquor into prohibition counties, and no new orders will have to be issued as a result of the recent local option elections," said Chas. F. Reed, general agent for the American Express company.

"All Van Buren county and a number of towns in Michigan already come under our instructions regarding liquor shipments, and the counties which went dry on Monday will just be added to the list we already have.

"Our instructions provide that no consignment of liquor can be received at any office C. O. D. for any point where local option is in force.

"If a package is brought in and shipped prepaid, we have no bill and cannot know what it contains. Of course, our clerks always ask what an unmarked package contains, but a man who wants to send whiskey to a prohibition town wouldn't tell the clerk that the package contained liquor. If he did, the clerk would refuse the package."

The regulations of the express companies also provide that no agent may accept, transit or execute an order for the purchase of spirituous or malt liquors, nor may he advance the purchase price of liquors ordered. All companies are governed by the same rules, which are filed with the interstate commerce commission.

WIRELESS Telephone

An American Inventor's System Proves Highly Successful In France.

During the past week in Paris Dr. Lee de Forest couducted several wonderful exhibition of his Radio or Wireless Telephone, talking from the Eiffel Tower to all wireless stations throughout France. This was all done under the auspices of the French government, and prominent army and naval officials were present all declaring the tests most siats, factory.

This system is the one installed on the United States Navy, and next week Dr. deForester will commence installing the system on the ships of the Italian Navy.

The Great Lakes Radio Telephone Company will establish over two Hundred stations around the Great Lakes. Then it will be possible for any citizen of Michigan to sit in his home and talk to people on the vessel as they ply the waters.

The wireless telephone is the development of the wireless telegraph, just as the wire phone is a development of the wire telegraph.

The main difference is the wireless telephone has no sparker, and Dr. Lee de Forester has invented the audion receiver; this receiver is an exhausted bulb containing a filiment of tantalum wire and a grid and wing of platinum, and looks like an ordinary incandescent electric light only much smaller in size.

The classis of Holland of the Reformed church has organized for the ensuing year with the election of Rev. John Wesselink of New Holland as president, and Rev. H. Dykhuizen of Jamestown as secretary. Rev. E. J. Blekkink of this city was elected as a member of the board of superintendents of the Western Theological seminary and Rev. G. De Jonge of Vriesland and Rev. Albert H. Strabbing of Hamilton as members of the council of Hope college.

Leaving Chicago tonight the steamer Holland begins alternating trips on the Holland-Chicago run of Graham & Morton line with the Puritan. From now on until the double daily service is opened, a regular daily service will be maintained between the two ports. The early season patronage is most gratifying to the lake transportation managers, who are optimistic of a very successful season. Capt. John Steward of the Graham & Morton line, who spent the winter in Grand Rapids with his family, resumed command of the steamer Holland and has made his initial run of the season to Chicago.

Fire Damages Central Manufacturing Plant

Yesterday afternoon about 3 o'clock fire broke out in the Central Manufacturing Co.'s plant, established on River street but a short time ago by a company with C. E. Thompson at the head for the manufacture of closet tanks, and if it were not for the quick work of the fire department the building, a frame structure, would have been burned to the ground. As it was the damage done to the building and stock by fire and water is great. being estimated at $8,000, partially covered by insurance. The building still stands, the damage being confined to the interior. The fire was caused by a gasoline explosion in the tinning room.

The company started manufacturing tanks but a short time ago, and had just become fairly started, hence the setback is quite discouraging, but Mr. Thompson says the work of repairing the damage will be started at once and that the factory will be put in running order as soon as possible, as there is great demand for its output.

DEATHS

The death of Mrs Lane Kammerling occurred last Thursday afternoon at her home on East Seventh street. The funeral services were held Monday afternoon at the First Reformed church, Rev. H. J. Veldman officiating,

The death of John Scherhorn last week was especially sad in that but a few day previous an infant child died in the same family and the double death leaves the widow alone. Mr. Scherhorn was 25 years of age The funeral services were held Saturday afternoon from the First Reformed church, Rev. H. J. Veldman officiating.

The death of Mrs. M. Poppen occurred Tuesday morning at her home, 418 College avenue. She is survived by her husband and four children. The funeral services will be held this afternoon at 2 o'clock from the house and at 2:30 from the Ninth street Christian Reformed church, Rev. A. Keizer officiating.

John Kelley.

John Kelley died last Tuesday morning at his home 26 West Sixth street after a long illness of cancer of the stomach. He is survived by a widow, two sons, Charley and James Kelley and three daughters, Mrs. Charles Bluffton Ind., Mrs. Mae Schultz of Ionia, and Miss Sarah Kelley of this city. The funeral was held Wednesday afternoon from the house, Rev. Merril officiating.

Mrs. Lovina Hungerford Woodman

Mrs Lovina Hungerford Woodman died Tuesday at the home of her daughter, Mrs. F. C. Hall, 17 West 8th street, at the age of 84 years. She was the widow of Hon Elias S Woodman of Northville, Mich, and had lived in this city fourteen years. Mrs Woodman was a member of the W. C T. U. and of Hope church. Her death is attributed to a fall which she received three weeks ago. The funeral was held from the house this forenoon. Rev. J. M. Van der Meulen officiating.

Mrs. Harry P. Boot.

Another of the sacrificing, heroic band of toilers, who devote their lives to the uplifting of the human race in places where darkness and error abound, has given up her life to the missionary cause.

A few short years ago Mrs. Harry P. Boot accompanied her husband to the mission field in China. Tuesday she died in the Turk Institute in Chicago whither she had gone for treatment for a strange oriental disease contracted while she labored by her husband's side for the cause they both loved.

Mrs. Boot, whose maiden name was Miss Nettie Kleinheksel, was born in Overisel. In 1903 she was married to Rev. H. P. Boot, an alumnus of Hope college and of the Western Theological seminary. Preparatory to her work in the mission field with her husband. she took a course in the Moody Institute in Chicago. Besides her husband, she is survived by one child. To her husband in the hour of his great affliction a host of friend extend sympathy.

The body of Mrs. Boot has arrived here from Chicago, and funeral services will be held from the home 147 East Ninth street, Friday morning at 10 30 aclock, Rev. E. J. Blekkink and Rev. H. J Veldman officiating. Services will be held in the Reformed church at Overisel Friday afternoon at 2 o'clock, Rev. Hekhuis and Rev. Vanden Berg officiating. Burial will take place in the Overisel cemetary.

Friends may view the remains this afternoon from 4 to 5 o'clock.

Notes of Sport.

The Pulchers defeated the Holland Interurbans Thursday night for the second time this season. Pyman and Veit formed the battery for the Pulchers, with Peterson and Schouten for the Interurbans.

William Blom holds the claim of being the champion pool player in Holland and during the past six weeks all aspirants for that distinction were vanquished. Ten contestants entered the race, but Blom held the high water mark of 125 balls in continuous pool without a falldown. Paul Meyers came nearest with 119 safeties, and Goodboy was third with a score of 93.

The Holland Interurban indoor base ball team has closed a most successful season. The team has lost but four games in its winter schedule of 18 games and these were to the Pulchers, Manhattans, Star Clothing company and Battalions. With the exception of two games in Allegan, all the contests pulled off were with Grand Rapids teams. This was the third season of indoor base ball and plans for a winter team next season are already being formulated.

The Hope college baseball team will open its schedule next Saturday afternoon in a game with the Union high school of Grand Rapids on the college diamond The team is practicing daily.

South Ottawa Teachers Association.

The South Ottawa Teacher's Association was held in the Zeeland High school rooms, Saturday. These associations are becoming more popular every year and the meeting Saturday was well attended by the teachers of the southern districts of the county.

The discussions were all of pedagogical nature and of such kind as the teacher could best profit by in their daily work in the school room.

Wm. Zounebelt of the Borculo public schools read a paper on the United States history. He advocated the German method of teaching history in our schools. The German method is called the method of circles. The first circle is the circle of biography, the second of the connected events and the final one is the circle of philosophy of history. The discussion on this subject was led by Miss Dora Strovenjans.

Lena Arendson spoke on "Primary Number work." She teaches the first and second grades in the primary department and her information was all first hand. The discussion on this subject was led by Miss Jennie Van Dam. The last number on the forenoon program was on "Percentage" by Wm. Vis, discussion led by John Etterbeek.

In the afternoon Prof. A. J. Rooks, of Grand Rapids was to have given an address on "Glimpses of School Life in Germany" but he could not be present. Prof. Rooks studied in Germany for a year and talks interestingly on life in this great empire. His place was filled by Huntley Russel who gave a series of stereopticon views of the state institutions.

Miss Carrie Krell of Hope college read a literary criticism on Holmes' "Chambered Nautilus.'" It was on interesting study of the mechanics of the poem as well as of its place in the literature of our country.

Mrs. F. J. Wheeler spoke on "The Social Position of the Teacher," after which a general discussion was indulged in in regard to the plans for the coming year.

Meet in Holland.

The meeting of the Ottawa county Medical scoiety held in Winants chapel, Monday night was well attended and the audience showed deep interest in the evening's program. The general subject was "tuberculosis" and sanitation".

Dr. Leenhouts' paper on sanitation especially pertained to the city of Holland for as health officer of this city he is thoroughly acquainted with existing conditions. Dr. Leenhouts laid special stress on the procuring of an absolutely milk supply, and the sanitary adoption of a rigid tuberculine testing of all dairy cattle. Dr. McLaren spoke on the natural protective powers of the body against tuberculosis. His topic was ably handled and proved intensly interesting. None who heard it could help but profit by it.

Dr. F. W. Shumway, of the state board of health, gave a carefully prepared paper on preventive medicine touching on the financial side of the case.

He pointed out by statistics to what extent the state treasury would profit by waging a war of extermination, instead of paying out enormous sums of money annually and tolerating the existence of contagious and deadly diseases. He declared that pneumonia and typhoid fever alone cost the state $9,000,000 a year, in figuring in the expense of nursing, medical attendance and loss of lives. He also spoke of the criminals and defectives for which the state pays $2,000,000 yearly, and said that many of these cases could be prevented. Dr. Shumway also urged the medical inspection of schools as being a preventive influence of the greatest importance.

Dr. De Lano, the well-known health officer of Grand Rapids was present and gave a practical outline of the work being done in that city. Altogether it was declared to be about the best meeting in the history of the society..

COOK WITH GAS

The above headline is so full of meaning that we've adopted it to impress upon you the advantages of Gas for Fuel. **COOK WITH GAS** will be our watchword, and today we take it for our text. An analysis of the text will show:

COOK—"To prepare or make ready food to make fit for eating by due application of heat (Gas for Fuel), as by boiling, baking, roasting, broiling, frying," etc.—*Webster.*

If Webster had written his dictionary today, he would have said, we think, due application of heat means use Gas for Fuel.

BOIL—"To subject to the action of heat (Gas for Fuel) in a boiling liquid, so as to produce some specific effect, as cooking, etc.

BAKE—"To produce as food for cooking in a dry heat (Gas for Fuel), in an oven (GAS RANGE)," etc.

ROAST—"To cook by exposure to radiant heat (Gas for Fuel) before a fire (GAS) or in an oven open toward the fire (GAS) and having reflecting surface within; also to cook in close oven." (GAS RANGE)

BROIL—"To cook by direct exposure to heat (Gas for Fuel) over a fire (GAS) especially upon a girdiron over fire gas. To subject to great (commonly direct) heat (GAS)

FRY—"To cook in a pan or on a girdle (especially with the use of fat, butter, or olive oil) by heating (Gas for Fuel), over a fire." GAS.)

Remember, a good Gas Range will not only boil, bake, roast, broil and fry, and "making food fit for eating," but it will do it better than any other cooking appliances. Why not COOK WITH GAS now?

COOK WITH GAS

WITH—"Denotes or express some situation or relation of nearness, association, connection or the like. It is used especially: To denote having as a possession, as

"A maid WITH clean hands."—*Shakespeare.* "Cook WITH Gas."—*Butterworth.*

GAS—(Popular usuage) "A complex mixture of gases, of which the most important constituents are marsh gas, hydro carbons and hydrogen, artificially produced by the destructive distillation of gas coal." We appreciate we cannot tell you all about the manufacture of gas in a newspaper advertisement, but take our word for it, and its our business to know, Gas is the best Fuel for cooking. One of our friends who knows, says

WHAT IS GAS? It's ordinary Coal with the dirt, ashes and smoke taken out by the Gas Company.

WHAT IS GAS? It's hard, heavy coal, the kind you pack upstairs in buckets, with the weight and dirt taken out.

WHAT IS GAS? It's coal—not delivered in your back yard—but through a small pipe right into your Gas Range in the kitchen.

WHAT IS GAS? It's coal—which makes cooking a drudgery—with the Drudgery taken out.

WHAT IS GAS? It's refined coal—with everything taken out but the Heat—the one thing that you want.

And more than that! Gas is coal—with part of the price taken out and you do not pay in advance either! Such is Gas—The greatest cooking convenience of the 20th. century. Are you wide awake to all it's advantages? *E. B. Cowdry.*

We have taken so much space this week to tell you about our text, **COOK WITH GAS**, that we will omit the usual list of names of persons who have recently bought Gas Rranges. Next week we will publish a good list. In the meantime we are busy selling and connecting Gas Ranges.
