FEDERAL BAKERY OF HOLLAND CHANGES OWNERSHIP

MERRICK W. HANCHETT AND JACOB DE BONI TAKE OVER THE BUSINESS

Merrick Hanchett who has been a resident of this city during the past 16 years together with Jacob De Boni have bought out the present management of the Federal Bakery, of this city, located at 18 E. 8th St. They have purchased the interest of J. E. Zanstrom, the present proprietor and will take possession of the plant next week Monday.

They also desire to assure the people of Holland that the Federal Bakery will continue in the future as in the past to make every effort to produce the highest quality of baked goods possible, and to serve its patrons in a manner that will merit the continuance of patronage. The production of baked goods will be continued under the personal supervision of Jacob De Boni who has held the position of foreman baker for the past two years, while the business management will be under the supervision of Merrick Hanchett. The same connection with the parent Co. (known as the Federal System of Bakeries of America Inc.) will be continued as in the past thereby giving the firm the benefit of their wonderful service departments which is a last word in scientific and sanitary baking methods.

Mr. Zanstrom, the retiring manager and former owner desires to convey to the citizens of Holland his appreciation for their splendid support and patronage which in a measure has made possible the success of the business.

JOKE OVER HOLLAND'S DEPOT MAY BRING SOME RESULTS

STATION AGENT RICH FEELS THAT ONE MIGHT BE SECURED IN PROPER WAY

In a joking way members of the Exchange Club at their luncheon brought up the question of a new depot to be built by the Pere Marquette.

President Sears McLean stated he had appointed a committee on this proposition two years ago and that the committee was still reporting progress. He stated however that he noticed in the Pere Marquette budget \$85,000 for depot building and Alfred of the road as to what part of it would build a Holland depot and he had written President.

But the gentleman had not replied up to this time.

Mr. Rich, the station master here, or in other words the boss of the P. M. in Holland was asked to give his views in the matter and he stated that Holland surely needed a depot and deserved a depot according to the patronage given the road and if citizens went after it in the right way, no doubt one could be secured.

Mr. Rich should also have told the Exchange Club members what the right way would be and Holland surely would be quick to follow any suggestions made along these lines.

STORM DOES SOME DAMAGE IN CITY

SEVERAL WINDOW LIGHTS ARE BROKEN; SOME TREES WERE UPROOTED

Shortly after 4 o'clock yesterday, a heavy west wind filled with sleet and rain, swooped down upon the city and as the evening progressed, began to play havoc with things.

A large tree was uprooted on Columbia avenue, the fine show case in front of the Corner Hardware was completely wrecked and pots and kettles soon rolled over the street with a clatter.

A window in Moose hall over the Keefer restaurant was blown in and the police have roped off the Knickerbocker theater for the reason that the big sign was so weakened by the wind that it is nearly ready to drop and consequently it has been ordered taken down.

Some of the Bell Telephone lines are down, the Citizens Co. experienced some heavy damage with poles and lines down toward Macatawa Park.

The Holland Interurban was out of commission altogether for about five hours for the reason that the trolley wire was blown down near Lugers crossing and linemen worked most of the night repairing the break.

A heavy frost followed the heavy wind and just what damage has been done will be hard to tell. Judging from the crocuses in the park it must have been a severe frost for the poor things looked quite dead.

There will be practice of the old officers of Star of Bethlehem tonight in the chapter rooms at 7:30. It is desired that all members of the initiatory team be present.

MAYOR SAYS FAREWELL TO THE OLD AND WELCOME TO THE NEW

GIVES INFORMAL MESSAGE TO ALDERMEN WHO WERE DEFEATED IN ELECTION

In a few informal words, Mayor Stephan Wednesday night bade farewell to the retiring aldermen who went out of office, and in a formal message he told of his achievements the past two years and what he hoped to do the coming term. In bidding farewell to the retiring council members Mr. Stephan said:

(Official)

Gentlemen of the Common Council: It is not amiss at the close of one term, as Mayor of this city, to pause for a few moments before beginning another to review the work that has been accomplished and to call your attention to the program and problems that confront us in the future.

For the third time I am taking the oath of office as the Mayor of the city of Holland. Five years I have served the city as alderman and six years as a member of the Board of Public Works. During the strenuous majority campaign through which we have just passed, the fact that my opponents were unable to attack my public record because of any serious act of omission or commission, was indeed ratifying to myself as well as my loyal supporters.

It is to be deplored that there are those in this city who persist in trying to arouse and promote a class feeling for political purposes. It is the one thing which I have tried so hard to eradicate during the past two years. When I assumed the office of Mayor two years ago, in my inaugural address, referring to this kind of propaganda which is continually fostered by the demagogue and the cheap politicians I made the following statement: "No matter what our work or position in life may be, if we do that work or fill that position earnestly and sincerely we are an important factor in this world. There is no professional class, manufacturers' class or laborers' class in this city. There is no room for any kind of group or class here. We are all one, all working for a living. It may be in an office or a store or a factory or out-of-doors. We are all working, whether it be by hand or head and remember that the one is just as important as the other. We must not allow ourselves to be classified for political effect or for any other purpose. Class distinction is wrong, un-American and leads to dissatisfaction and unrest." I repeat, these are still my sentiments.

Since I was four years old I have lived in the city of Holland, and there is no man here who can tell me anything about poverty or hardship that I have not personally experienced and whatever measure of success or prosperity I may have attained in life, has only been accomplished by hard work and a spirit of "stick-to-it" that could not and would not be downed. Today I am proud of my so-called "white collared" friends. Many of them are noble men and good citizens. But I am equally proud of the hundreds of blue-shirted and blue-overalled men whom I am glad to call my friends, and who have shown their friendship by voting for me at this last election. To me a full dress suit and a white shirt mean nothing; neither does a blue overall stand for anything in my estimation unless there is a man of character inside of it. The idle rich are to be despised equally with the lazy, shiftless poor; but I am always ready to clasp the hand of either, no matter what his condition, provided he is honest and upright and is working and striving in a fair and honest way to improve his condition. This is the privilege of each and every American citizen. It is not only a privilege but a duty that should be encouraged and not discouraged. Frequently men who drive Fords cast reflections on those who ride in better cars, but I have observed that these same men, when they are able and sometimes before they are able, are themselves riding in sedans and limousines. Away with this kind of propaganda and down with any man who tries to stir it up for the purpose of political advancement.

It is in order to review shortly some of the things which have been accomplished in the past two years of my administration. First of all, the long debated "gas question" has been settled and the Fifth and Sixth wards are getting gas on the same basis as the rest of the city. His football of politics which has been kicked around for the past dozen years has been effectively removed, and for the first time in many years, we heard nothing about the gas question in our last campaign.

Secondly, we have installed a boulevard lighting system on Eighth street and River Avenue of which this city can feel justly proud of.

Thirdly, we have inaugurated a paving program, and our Ninth street pavement is the pride not only of the property owners, but of the

WEATHER INTERFERES WITH THE COUNCIL CEREMONIES

Reviews Work of Past Two Years and Outlines the Coming Tasks

The usual large audience that is in the habit of coming out to the council meeting at the change of administration was not in evidence on "To the retiring aldermen I want to express my sincere appreciation of your work done and in behalf of the citizens of Holland wish to thank you. In my two years of service with you I have learned to know you better, and this more intimate knowledge has resulted in respect and admiration. Your active political life has been temporarily eclipsed, but the work you have accomplished remains as a monument of your fidelity and patriotism. You served your office with a clear conscience of having done your duty to the best of your knowledge and ability.

"You have gone to defeat, but I trust that this will not sour your disposition or cause you to lose interest in public affairs. I have experienced the joys of victory and the sting of defeat, but I have never allowed the one to inflate me with pride or the other to discourage or dishearten me. Any man who enters public life must be prepared to meet reverses, as the public is a hard taskmaster and very unappreciative and fickle. It is "Hosanna" today and "Crucify Him" tomorrow, and he who stands up under all occasions and conditions is a better and stronger man for the experiences.

"I wish you well and now as the ties of our official connections are severed, I bid you God-speed."

Then the mayor turned to his formal message which reads as follows:

NEAR SCRAP IN OLD COUNCIL IS AVERTED

Something like an incipient fight developed at the meeting of the common council Wednesday night and for a moment it looked as if the old council would go out of office with a good old contest as their swan song. It arose over the decorating of the city hall rooms, but it petered out and there was no fight after all.

The committee reported that the job had been let to J. C. Hoek & Co. for the sum of \$1,624. A request was made for the amount of the other bids. One of them was below the successful bid, and others were above it. Mr. Bert Slagh was in the audience and he asked for the right to speak, which was readily granted. Mr. Slagh declared that his bid at first had been thrown out because of a little technical error, in face of the fact that he was lower than the successful bidder. He said he had then corrected the error but that even then the committee had rejected his bid even though it was the lowest.

One of the aldermen immediately called for the question. Another asked for an explanation but the first alderman insisted on the call for the question, which prevailed. One or two of the aldermen voted "no" for the reason that an explanation of the bids was denied, and at the end of the roll call the vote stood five to five. Mayor Stephan thereupon voted "yes" and the contest was over. But there was no explanation.

F. T. MILES ANNOUNCES THAT HE IS A CANDIDATE

HAS SERVED THE COUNTY FOR HIS THIRD TERM

Today prosecutor Fred T. Miles announces that he is a candidate for re-nomination for prosecuting attorney to be voted on at the Republican primaries to be held in August.

Mr. Miles who is a Holland man, has served faithfully and conscientiously for three terms or six years in Ottawa county and if nominated and elected he will have to his credit a fourth term as the prosecutor of this county and it is stated that this would be the longest period yet served by any one candidate who held that office before.

In a recent issue of this paper a detailed account was given relative to the work of Mr. Miles during the past year.

Up to this time we have heard of no other names of attorneys who have announced themselves as candidates for the office of prosecuting attorney.

ATTENTION WILL BE CALLED TO 75TH BIRTHDAY OF HOLLAND

The first definite step was taken Wednesday night for the proper observance of the seventy-fifth anniversary of the founding of Holland. Mayor Stephan recommended in his message that something should be done to commemorate this event, and the aldermen acted on the suggestion by passing a motion authorizing the mayor to appoint a committee of seven, three council members and four citizens to evolve some plan of calling attention to the anniversary.

NEW HOSPITAL FIRST PROBLEM OF NEW ADMINISTRATION

COMMITTEE OF COUNCIL TO CONFER WITH HOSPITAL BOARD

Will Holland get a new hospital during the coming two years of Mayor Stephan's new administration? This will probably be the first question that will confront the people of Holland in a practical way, and the initial step was taken at the council meeting Wednesday evening to bring the matter to the attention of the people in tangible form.

In his inaugural address Mayor Stephan called attention to the fact that the hospital project last year had failed to receive the necessary vote although more than a majority of the voters expressed themselves as in favor of the new hospital. He said that it was plainly evident that something should be done. He did not venture to say what this should be, but he called attention to the fact that it was a problem that should be solved at the earliest possible opportunity.

And the aldermen took him at his word. Ald. Kammeraad arose soon after the reading of the message and made a motion that the mayor be authorized to appoint a committee of three aldermen whose duty it shall be to confer with the hospital board for the purpose of evolving some plan for following the suggestion in the form of a new hospital or what plan would be followed. This will be left to the joint committee made up of the council committee and the hospital board. The motion was passed and the committee will go to work almost immediately to carry out the plan.

BIG SPORTING EVENT TO TAKE PLACE HERE NEXT WEEK

GIVEN UNDER AUSPICES OF AMERICAN LEGION AND NATIONAL GUARDS

A second big sporting event will take place on the night of Wednesday, April 26, over the Wolverine garage when boxing and wrestling matches will be staged under the auspices of the American Legion and National Guard of this city.

The bouts will take place over the Wolverine garage and the following events will be found on the card.

Boxing bouts between Siegers and Gole, Ven Hey and Wskedy, Tubbergen and Windel, Nels and Sullivan, also two live fellows from the H. H. S.

There will also be a wrestling match between Grappler Cy of Zealand, claimant of the 145 lb. championship of Ottawa county vs. George VerHoef of Holland.

It is not known if the wrestling match will be a finish affair or a time limit match.

Chris Karose, former middleweight champion wrestler of the middle west will referee.

MAYOR STEPHAN APPOINTS NEW COUNCIL COMMITTEES

Mayor Stephan Wednesday night made the following committee appointments in the new council after the newly elected aldermen had been sworn in:

Ways and Means—Laapple, Lawrence and Kammeraad; streets and crosswalks, Kammeraad, Brieve and Wicherink; claims and accounts, Lawrence, Brieve and Laapple; poor Brieve, Brinkman, and Vander Hill; public buildings and property, Dykstra, Drinkwater and Wicherink; public lighting, Brinkman, Prins and Drinkwater; sewers, drains and watercourses, Vander Hill, Dykstra and Brinkman; sidewalks, Drinkwater, Sprang and Blue; licenses, Wickerink, Vander Hill and Dykstra; bridges and culverts, Sprang, Blue and Prins; ordinances, Laapple, Lawrence and Kammeraad.

The News is in receipt of the following item from the Evening Transcript, Boston, concerning a young lady whom many will remember, as being born in this city, where her parents and grandparents were well known prior to 1903.

"Mr. and Mrs. Frank Dickinson Haddock of Cornell, Wis., announce the engagement of their daughter, Miss Margaret Williams Haddock Wellesley, 1921, to Forrest Bond Wing, of Brookline. Miss Haddock was president of the Wellesley College Government Association during her senior year when she was also elected to the society of Phi Beta Kappa. Mr. Wing was graduated from Harvard in the class of 1917 and is now director of the boys' department of the Park School, in Brookline. The wedding is to take place in June."

It will be remembered the father of the young lady, some years ago was principal in our public schools.

Al Van Lente of the Peoples State Bank, was in Grand Rapids on business Monday.

COUNTY SURVEYOR EMMETT H. PECK DIES VERY SUDDENLY

Emmett H. Peck who served his 34th year as Ottawa County surveyor died suddenly at his home in Coopersville Sunday. Funeral services will be held in the M. E. church on Wednesday at 2 p. m.

Mr. Peck has been on the county ballot on the Republican ticket as long as one can remember. Democrats usually left the position for surveyor blank upon the ballot, and his election as a rule was unanimous. Emmett H. Peck did most of the surveying in Holland, in fact there is scarcely a foot of ground in Ottawa County that the veteran surveyor has not gone over in these many years. Setting building lines, surveying roads, taking care of drain work, in fact in every possible position where a surveyor was required, Peck was on the job.

Mr. Peck personally possessed more data and maps relating to Ottawa County from a surveyor's standpoint, than any other man in it, and it is stated that he had a wonderful mind for detail and didn't even require a notebook but kept all technical knowledge relating to any surveyor's job in his brain until he got to his office and worked out the results.

Mr. Peck has been failing in health for some time, and because of this fact the Ottawa County Road Commission have hired a surveyor of their own for the reason that Mr. Peck was unable to take care of the arduous road duties any longer.

Carl Bowen, Holland's former city engineer, has been hired by the Road Commission to do all the new road surveying as the successor to Mr. Peck.

Mr. Bowen is an engineer and surveyor of considerable experience and no doubt could fill this position with credit.

According to the state law vacancies shall be filled by the judge of probate, the county clerk and the prosecuting attorney. In that case it will be up to James J. Danhof, Orie Sluiter and Fred T. Miles.

BLOM RETAINS BILLIARD TITLE BY BEATING COLTON

Will Blom Friday night again showed his superiority as a pocket billiard player by defeating Bert Colton of this city. The score being 150 to 136.

The game was very interesting from the very beginning, each player playing a close game and exerting extreme efforts to win.

Colton made a number of clever shots, which made the spectators very enthusiastic, and it seemed as if Colton was a sure winner. But as usual, Blom came in strong at the finish and won the game.

Next Friday evening Blom will play Clifford Avery at Blom's billiard room. This no doubt will be good match, as Avery is a very clever player.

TWILIGHT BALL IN ALL THE TOWNS OF CENTRAL LEAGUE

Twilight ball will be played in every town of the Central League this year except Grand Rapids. They played it late afternoon in Ludington, Muskegon, Ionia and Kalamazoo last year, but could not play it in Lansing because the daylight savings plan had not been adopted there. The capital city has fallen in line with the rest this year and is bound to turn out some exceptional crowds with the games called at such a time as to enable factory workers to finish their day's work and still attend the games.

KAZOO GAME ENDS IN 10 TO 4 SCORE SATURDAY

Schouten's new combination of baseball material for this season had its first tryout against the Kalamazoo Normal Nine on the Normal field Saturday. Although the team is lacking practice it has shown good team work in the initial tilt, holding the strong Normal nine to a 10-4 score. Van Putten took the pitcher's box, with Riemersma on the home plate. Both of these men did excellent work. Errors on the part of the locals at the critical moment, put the opponents on an advantage, who scored 5 points in the second inning. Coach Schouten will no doubt iron out a number of pointers for the team during the course of this week and has promises of a working combination that will make a good season's showing.

Japinga, a veteran catcher played short stop, and was conspicuous on the battery line, scoring two of Hope's runs.

Next Saturday the team is scheduled to play the Holland High school, and is expected to show considerable improvement. Hope's lineup: Van Putten, p; Riemersma, c; Schuurman's 1b; C. Lubbers, 2; Doekens 3b; Japinga ss; Joldersma rf; Eggink rf; Van Tol cf; Boone cf; R. Lubbers cf; Veldman lf; Runs C. Lubbers 1; Japinga 2; Doekens 1.

MICHIGAN MAN FINDS SOURCE OF "ROBINSON CRUSOE"

Gradually Dutch literature is coming into its own as a source of some of the most famous English classics. It has long been known that Milton owed much to Joost Van Vondel in writing "Paradise Lost," and some Shakespeare scholars declare that Shakespeare found some of the material for his plays in writings of the Hollanders of that day. And now a University of Michigan man, Lucius L. Hubbard, comes forward with a book which is designed to prove that Daniel De Foe copied much of his famous "Robinson Crusoe" from an obscure Dutch book published a few years before "Robinson Crusoe" appeared. Persons in Holland interested in contemporary literature have received notices of the new book with the idea that they would be likely to be interested in such a startling revelation.

In its motif and in most of its incidents Robinson Crusoe has been supposed to be original with Daniel Defoe, who was influenced in some degree, perhaps, by the experience of Alexander Selkirk but not recognizably to the same extent by any other known writer of this sort of fiction.

In 1780, eleven years before the appearance of "Robinson," Hendrik Smeeke published a little book in Holland called a "Description of the Mighty Kingdom of Krinke Kemes," etc., which contained an episode describing isolated life remarkably like that which we are familiar in "Robinson Crusoe." This book had only an ephemeral existence both in Holland, where the last of four editions appeared in 1776, and in Germany. It seems to have escaped altogether, until quite recently, the notice of readers in other countries.

The episode has now, for the first time been translated into English by Lucius L. Hubbard who supports with a good deal of force the claim of several Dutch writers, not only that Defoe knew Smeeke's book, but that he borrowed from it extensively. The publication in book form, of Dr. Hubbard's translation and of parallel passages from "Robinson Crusoe," together with the episode in the original Dutch, and a bibliographical introduction can not fail to be of interest to scholars as well as to all lovers of "Robinson Crusoe."

The story of Sjouke Gabbes, the name given by Dr. Hubbard, on historical grounds, to the island exile, is shorter than that of "Robinson Crusoe," but fully equal to it in the simplicity of its narration and in its atmosphere of reality, and even excels the later story in the winning personality of its hero.

CHURCH TOO SMALL TO HOLD THE AUDIENCE

In spite of the increased capacity of the Third Reformed church edifice because of the addition made last year, the church was far too small Sunday to contain the audience, and many were turned away at both the morning and evening sessions. The audience at each of these services numbered fully a thousand.

In the morning a class of 95 new members were received, 71 of them on confession and 24 by letter. Eleven of the new members were baptised. The services were very impressive. In the evening a chorus of 50 voices, under the direction of John Vandersluis rendered a cantata "The Life and the Resurrection." The incidental numbers were by Mrs. John Kooiker, Miss Cornelia Nettinga, Men's chorus, Mrs. Peter Van Arck and Dr. Gilmore. The record for Sunday school attendance was also broken Sunday, the attendance being 776.

GRAVEL CONVEYOR ARRIVES FOR USE IN UNLOADING BOATS

The big gravel conveyor which has been secured by the city for unloading scows of gravel has arrived at Grand Haven and will be put into service at once. By use of it gravel scows can be unloaded at any dock in that city without the necessity of building tramways for teams. The gravel can be handled more cheaply and rapidly by means of the conveyor and as that city is going to use a great deal of gravel during the coming summer, the saving will be considerable.

KILLED BY AUTO WHILE ON HER WAY TO CHURCH

While on her way to Easter services in Grand Haven, Mrs. Max G. Gaiser was struck by an automobile and died a few hours later in the hospital. The car was driven by Dr. Marie Kellin of Hackley hospital, who lost control of the machine while it was rounding a corner. With Dr. Kellin was Miss Katherine Mann a member of a prominent Muskegon family and well known in social circles of that city. It was said that Dr. Kellin had driven a car only a short time.

A corner's inquest into the death was held Monday. Dr. Kellin made a statement to Sheriff Fortney and was not detained.

CLEVERNESS WINS PRIZE FOR FORMER HOLLAND BOY

M. F. Den Herder, formerly of Holland now of Grand Haven, who won second prize of \$100 in the second Rebus contest, was given a half column in the Herald, and his cut was also printed, as well as a cut of the little contrivance that helped to win him the prize. Following is what the Herald says about him and his contrivance:

"The 'originality' (one of the contests requirements, you will remember) of the chap who won second prize took a most unusual form. His answer was a little thing—but, oh my! A finer, more delicate, more unusual piece of workmanship could not be imagined. It is a paper-weight. Inside the outer metal shell another metal roll revolves, displaying in rotation, the correct Rebus answers through two slots in the outer shell. In every respect the mechanics are perfect. Let its maker, M. F. Den Herder of Grand Haven, describe it for himself.

"When the contest was about a week old," says Den Herder, who is employed by the Keller Co. of Grand Haven, "I started thinking of some novel way of submitting my answers. One day I was in a meat market, making a purchase and I noticed the way the modern computing scale revolves. Then my idea dawned on me. I designed and made prints of the parts and started machining them during noon hours and in a friend's garage which is equipped with several steel working machines. The hand-work I did at home evenings." The base and cap are of carbon machine steel. The thumb screw (which turns the cylinder) is corrugated with a tool. Then it is heat treated in cyanide which hardens the shell or outside layer of steel to a depth of approximately one fifteen-thousandths of an inch, also giving it the bluish color. The revolving cylinder is of tool steel and hardened and polished after the names and numbers had been stamped on it. Each letter and number was stamped with an individual stamp. The outside was formed on a shaper. It was then bored out and threads cut on a lathe with a cap to fit. The cylinder and thumb-screw were made on a lathe and milling machine.

All this sounds rather technical. The finished product may look like a simple little contraption to the mechanically initiated. But to the Rebus judges, it looked like a little steel gem and there was never a minute in the judging when Den Herder wasn't sure of one of the four top prizes.

HAS SEVERAL JOBS FOR SERVICE MEN

Marshall Irving of the American Legion has a number of jobs for service men. Mr. Irving is acting as a sort of go-between for the men out of work and the people who have work to be done and from time to time he places men in jobs in this way.

Just now he has a job for a paint mixer, one for a plasterer, two for positions on a farm, and five general jobs outside. Service men out of work who are interested in any of these jobs may call at the Peoples State bank and learn where to apply for them.

NEW CITY TREASURER ALREADY ON THE JOB

Mark Bowmaster, newly elected city treasurer, has already taken up the work of that office, and it was he who met the people who paid their light bills for last month during the first half of the present month. There is no fixed time for making the change in this office provided by the city charter, the charter stating that the change can take place at any time after the election.

Since Mr. Geerds was anxious to begin his business career with Winstrom Electric Co., as soon as possible, the arrangements for Mr. Bowmaster's bonds were made soon after election and he qualified for the office to which the people had elected him by a large majority.

DELEGATES APPOINTED TO DISTRICT CONVENTION

An interesting and varied program was given at the meeting of the W. C. T. U. at the home of Mrs. A. Smeeke, cor College avenue and 9th street on Friday afternoon. The devotions by Mrs. A. H. Meyer were appropriate to Good Friday. A ladies' quartet, Mrs. R. Champion, Mrs. C. Gross, Mrs. H. W. Smith and Mrs. Wm. Van Dyke sang "I love to tell the story," accompanied by Mrs. Jas. Wayer. Current events were given by several members, and delegates to the Fifth District convention at Coopersville on April 25 and 26, were appointed as follows: Mrs. Biekink, Mrs. Smith, Mrs. VanDyke, Mrs. S. M. Zwemer, Mrs. E. Markham and alternates Mrs. Geo. Schuiling, Mrs. R. Slowinski, Mrs. A. Smeeke, Mrs. R. Champion, Mrs. P. T. Miles. Several others will attend.

Mrs. H. W. Smith read a paper on the subject of the afternoon "The W. C. T. U.—a school for Leadership and Service." Miss Elizabeth Zwemer sang and responded to an encore accompanied by Miss Amy Zwemer. Mrs. Carl Shaw gave a monologue in Costume. "Mrs. Hyde-boun's Views on Economy" Tea was served by Mrs. W. A. Cobb, Mrs. N. C. Huiling, Mrs. Mary Ingraham and Mrs. R. N. De Merrell.

Mrs. Peter Zalsman who has been seriously ill is much improved.

TO GIVE EXHIBIT OF PHYSICAL EDUCATION

An exhibition of the class work in physical education at the Holland Public schools will be given this evening in the high school gymnasium, the demonstration beginning at 7:30 o'clock. The meeting will be under the direction of William Slater, director of physical education for boys, and Miss Edith Connors, director of physical education for girls. The public is cordially invited to come out and see what is being done in this line of work at the local schools.

The following program will be given: Marching—High school girls—4th hour class; Boxing and blind boxing, DeVries and Houtman, High school; wand drill, High school girls—2nd hour class; club drill, High school girls, 1st and 7th hour classes; wall fence, jumping and stunts—High school boys, 6th and 7th hour classes; organized gymnastics—Christian High school girls; Games—Junior High school girls; Advanced Swedish Gymnastics—High school boys, 4th hour class; Games—High School Boys, 1st, 2nd and 3rd hour classes; Advanced Swedish Gymnastics, High School Girls.

TO ORGANIZE A FELLOWCRAFT CLUB IN HOLLAND

Some of the members of Unity Lodge are planning the organization of a Fellowcraft Club, for the purpose of better organizing the work in the Masonic Lodge, and exemplifying the same in a more impressive manner. The club is being organized under the direction of Roy Heath, who is a past master of the Lodge. The first meeting will be held in the lodge rooms on Friday evening at 7:30 P. M. and all members of the lodge who are interested in the formation of the club are urged to be present at this meeting.

INVENTOR WILL VISIT LOCAL MERCHANT

Prof. Forest Cheney, scientist, philosopher, and inventor of the Cheney phonograph, manufactured right here in the state of Michigan, will visit Holland on Monday, April 17th as the guest of the Meyer Music House, the local dealer of this well known make of phonographs.

The professor is making a transcontinental tour in his new specially built Packard Twin Six which he has christened "The Blue Gull." He will be accompanied by both partners of the Van Korn-Shower Co., who are the state distributors of the Cheney.

HANCHETT COW MENTIONED IN OFFICIAL RECORDS

B. S. Hanchett of Jenison, Mich. is mentioned in the official bulletin of the Holstein-Friesian Association of America, published bi-weekly by Malcolm H. Gardner of Delavan, Wis., which reports the milk and butter production of cows under official supervision.

The pure bred registered Holsteincow, Blissveldt Segis Cornucopia Wayne, is reported as having made at the age of three years and eight months, a record of 535.1 lbs. of Milk and 17,321 lbs. of butter fat in seven days, equivalent to 21.6 lbs. of butter.

CALIFORNIA MUST BE GETTING MICHIGAN WEATHER AND VICE VERSA

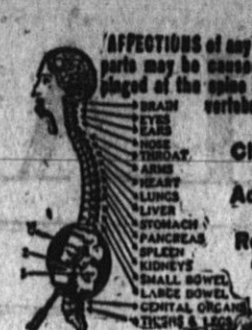

Grand Haven Tribune—Ed Cook returned to Grand Haven this morning from Fresno, Calif., where he has been for the past six months with his son, Al Cook, who is a rancher near Fresno. Mr. Cook says that the winter in California has been an unusually severe one and much damage has been done. Snow was experienced in Fresno several times and in the Sierras there is 20 feet of snow. Some of the mountain passes will be impassable until early summer. Mr. Cook's family will remain in Fresno another month. It is possible that the family will return to California to make their future home.

HOLLAND WILL HELP CERTAIN INMATES OF POOR FARM

G. Van Schelven secretary of the Ottawa County Poor Commission is sending out circulars to different localities in the county announcing the schedule of Devotional Exercises at the county infirmary during the season of 1922. It covers 24 Sundays, commencing April 30th and closing October 8th. The dates assigned are as follows: Allendale May 14; Conklin May 7 and September 17; Coopersville, April 30 and Oct. 8; Grand Haven, June 25, July 9, Aug. 20, Sept. 24; Holland May 21, June 4-18, July 2-16-30; Aug. 13-17 and Sept. 10; Spring Lake May 28, October 1; Zeeland June 11, July 23 and Sept. 3. These services open at 3 o'clock p. m. They are voluntarily rendered and are conducted under the auspices of the several auxiliary church organizations in the cities and villages named. The further assignment among the several organizations in each locality named is left with each locality.

A RADIO TROUBLE BUSINESS IS STARTED

With the installation of a powerful broadcasting nearly completed at Grand Rapids, radio enthusiasts with in the radius of fifty miles of this city will undoubtedly multiply several fold. Along with this interest comes the demand for insulators and trouble shooters of and for radio instruments. Mr. Clyde Geerlings and A. T. Shirine of this city are starting a business to help radio enthusiasts with their installing and radio troubles.

Neuritis Victim
HARDLY KNOWS DANGER

Healt's Talk No. 52
By JOHN DE JONGE, D. C.

The neuritis victim hardly knows the danger of this disease. Usually the pain is so persistent day and night that any measure of relief is welcome and no thought of future danger is possible.

Neuritis, like neuralgia, may be caused by a local displacement of spinal vertebra, and thus affect only a part of the body. If nerves are affected in a number of places at the same time, it is what is called multiple neuritis and is caused by pressure on the spinal cord at the base of the brain.

The danger of neuritis if not quickly checked is that the heat in the nerve finally atrophies or destroys the nerve. This degeneration of the nerve tissue, if the neuritis for instance affects the arm, amounts to a loss of power in that arm. Neuritis should be checked at once. It's very nature points clearly to the need of chiropractic spinal adjustments.

Neuritis is Gone.

"For months I suffered with neuritis of the neck, shoulder and arms. After three months of osteopathy during which I got ninety-seven treatments, I decided to try chiropractic. In two weeks the pain had gone, and I have had other chiropractic adjustments since but no return of the neuritis." — Lillian Harne, Chiropractic Research Bureau, Sworn Statement No. 1233L.

**TWO HOLLAND MEN AR- MAYOR STEPHAN
RESTED ON A DINES WITH W. J.
DRUNK CHARGE BRYAN ON TRAIN**

Verne Osborne and Harry Hoffus of Holland were arrested by Officers Steketee and Bontekoe at 7:30 Sunday night on the charge of drunkenness; in fact Osborne was taken to a more serious charge, namely driving a car while intoxicated.

Osborne owns a Ford and went driving Sunday with Hoffus and his wife and children.

While going through West 15th street the driver smashed into the car of John Pelgrim parked at the curb doing considerable damage to it. Pelgrim saw the man's condition and drove him to his home but it seems that afterward the two men went on another joyride to Macatawa Park and collided with a car driven by a Muskegon man, also damaging this machine.

The Lizzie of Osborne was then driven over an embankment resulting in the damaging of the radiator and the breaking of one of the wheels.

Chief of Police Van Ry was informed of the second collision and hastily sent Officers Steketee and Bontekoe to the place of the accident where they found the men in question and also found a bottle of moonshine in the car. The officers contend that both men were in an intoxicated condition when they reached the place of the accident and the arrests were immediately made.

Monday morning Hoffus appeared before Justice Den Herder, pleaded guilty to a drunk charge, paid a fine of \$25 and \$3.35 costs.

On the other hand Osborne who was arraigned before Justice Van Schelven pleaded not guilty and demanded a trial.

**INTERURBAN BRIDGE IS
WASHED OUT**

The heavy rain storms during the night played havoc with the interurban service between Holland and Grand Rapids. Early Monday forenoon direct traffic between Holland and Grand Rapids was interrupted by a washout of a bridge near Forest Grove. The heavy rain had so increased the volume of water in the creek spanned by the bridge that its foundations gave way making passage of heavy interurban cars over it impossible.

A force of men was put on the job immediately to repair the damage.

Service on the interurban was maintained by running up to the bridge from each side and then backing up all the way for the return trip.

Traffic on the automobile road between Holland and Grand Rapids was also interrupted. There were serious washout on the road on this side of Hudsonville which made it impossible for autos to get through.

**CRAFTSMAN'S CLUB OF
UNITY LODGE FORMED**

An interesting meeting was held Friday night in the Masonic lodge rooms at which the organization of the Craftsman's club of Unity lodge 191, F. and A. M., was formed. A constitution and bylaws were adopted and the following members were elected: president, V. R. Hufferford; vice-president, Percy Osborn; secretary A. B. Ayres; director of work, Roy Eath.

**HOLLAND UNION TO
TO TAKE A PART IN
DISTRICT CONVENTION**

Holland will be represented by a goodly number at the forty-eighth annual convention of the Fifth District W. C. T. U. when that gathering is held at Coopersville, April 25-26. A considerable number of members of the Holland Union expect to attend that meeting, and Holland will also be represented on the program. One of the Holland members, Mrs. Iantha De Merrell, is corresponding secretary of the district organization.

The programs at Tuesday's sessions will include the following numbers: Greetings from the state president, Mrs. E. L. Calkins; reports from the various superintendents; "What We Are Doing," Mrs. W. I. Herron, Kent county; "My Work in Ottawa County," Miss Eva K. Schurr; "The Kindergarten," Miss Clara Wheeler, Grand Rapids; Loyalty Temperance Union Demonstration, conducted by Mrs. Leona Sevey, of Coopersville; "Now What Can We Do?" Mrs. Lenora Holcomb; addresses of welcome, Rev. H. Hoffus, W. A. Conrade, J. H. TerAvest, Mrs. Olla Marshall all of Coopersville; response, Mrs. Emma Robbins, Grand Rapids; address, Mrs. E. L. Calkins, state president.

The Wednesday programs will include the following speakers: "Moral Education and Race Betterment," Mr. Iris Felch, Grand Rapids; "Loyal Temperance Legion," Mrs. Leona Sevey, Coopersville; "Sunday School," Mrs. Olla Marshall Coopersville; district officers' reports; Memorial service, in charge of Mrs. Wm. Van Dyke, Beechwood; demonstration by Holland Union, Mrs. Henry VanArke, president; address, "Conference at Washington," Rev. G. B. Fleming, Holland; "Our Own," Mrs. E. L. Calkins.

The closing evening session will be devoted to a Gold Medal contest.

**BANKS CHANGE HOURS
FOR FARMERS' BENEFIT**

The three Holland banks announced Monday that they have changed their business hours during the summer months for the accommodation of the farmers in the environs of Holland. Beginning Monday and continuing until the city goes back to Standard time next fall, the banks will open at 9 o'clock in the morning and remain open until 4 o'clock in the afternoon.

One of the chief complaints against daylight saving has come from the farmers who said that they could not get to town in time in the afternoon before the banks closed. The banks have now voluntarily taken away this source of complaint and the farmers will have as much time to get to the bank in the afternoon as they would have ordinarily.

**OVERWORK CAUSES
MISS PIETERS TO GO
TO HOSPITAL**

Miss Dorothy Henrietta Pieters, 27, prize student in journalism at Columbia university, New York, and the daughter of Missionary Pieters, of Japan, was taken to Bellevue Monday for observation. Earning her tuition and expenses by working at the switchboard and in the cafeteria, Miss Pieters is believed to have broken down from overwork and excessive work.

Miss Pieters is a graduate of Hope college, Holland, and returned from Japan two years ago after serving as instructor in one of the government schools. She was later church editor on a Grand Rapids' paper.

**SHIP BUILDING IS
REVIVED AT GRAND
HAVEN SAYS TRIBUNE**

Grand Haven Tribune—The fragrance of new cut timber floats in the air once more, and soon the measured music of the caulking mallets will carry the song of an industry all but forgotten. On the shore of the old South Channel, almost on the exact site of the famous shipyard, where Duncan Robertson built staunch wooden ships for the lakes, there is happening something which will recall departed days to those who were fortunate enough to have lived, when wooden ships were built. Down on the site of the old yard there is activity, which brings back the soothing memory of good, strong honorable men, who worked hard and faithfully to create, men who were ready to give an honest day's labor for a day's pay.

They are building craft: there again, not as pretentious, perhaps as some of the great ships which slipped down the ways to the deep water but crafts for deep water, none-the-less, and the ring of the steel upon the hard oak comes like music out of the past. Many there are, whose heads have grayed in the passing years, who recall the hours spent, hours stolen from the old brick school, perhaps, down beside the channel banks, where the oak chips flew, where the steel flashed in the sunlight and where the great gaunt, beautiful ribs of new ships towered up in compelling curves. There was a charm about the old shipyards which drew one like a magnet. Somehow the sun shone brighter there; somehow the workers seemed jollier, more human and more satisfied with the part they played in life.

At the north end of Second street where the old yard stood, they are building a tub. The craft's oak frames are rearing up, and a crew of men are making chips fly. The craft is to be 55 feet long with some thing like a 14 foot beam. The keel is down and the frames are being cut on the grounds with a little steam saw, hewn down and trimmed by broad axe and adz. The tug and two scows are being built for McDonald & Johnson of Grand Haven, and are designed for gravel trade on the river.

One of the scows is well along towards completion. It was built largely under the direction of Capt. John Snay veteran sailor and ship builder and its construction is of Washington fir. Planking 80 feet long, without a joint is being used. This was shipped in by rail from Washington, Pacific coast.

The tug is being built under the direction of James Hanna, of Ferrysburg, who laid out the craft. Perhaps there is not another man in Grand Haven at the present time, who would have been able to lay out a craft, like they were laid out years ago in the old yards. In fact Mr. Hanna is one of the few of the old school of ship carpenters remaining. Many have long since been gathered to their reward, and others have long since laid aside their tools for lighter occupations as advancing age has warned them off. With him Mr.

THE HARVEST IN THE FALL will depend largely upon what the husbandman starts to do in the Spring. If he makes the right beginning, with the aid of dame nature, the crop is bound to be abundant.

It is the same when making a start in life a good beginning generally foretells a prosperous ending. To learn the lesson of thrift will forstall worry at a future date. *Start a savings account as the first lesson in thrift.*

FIRST STATE BANK

Hanna has Herman Ott, who years ago worked in the ship yards, and a number of others who served their apprenticeship there. In the crew are younger men, who helped build the handsome wooden ships on the very same site.

Mr. Hanna worked in Duncan Robertson's yard from the time he passed his 18th year until the last fine ship slid into the water from the greased ways. As nearly as could be recalled the last big craft to take the water at Duncan Robertson's was the Pentlind launched in 1898.

It is interesting to note that the frames for the new tug are being cut from oak grown right in Ottawa county. The great planks and timbers of the hard wood were sliced from trees felled last winter on a piece of land along the line of the Grand Trunk near Coopersville. For many years the oak had been left standing and much of it had developed into huge trees. Now these survivors of the forest are going in to the trim wooden craft, built on the same site where some of the finest craft on the lake had their ginning.

**INTERESTING SPORT
ITEM RELATING TO
JOHNNY MAULBETSCH**

The Detroit Free Press of Sunday gave an interesting item relating to Johnny Maulbetsch former star of the U. of M. football team. Johnny not only aided in putting some of our high school boys through the sport sprouts, but went and married a Holland girl, namely Miss Ida Cappon, a sister of "Cappy". Anyway, the Detroit paper has the following:

When Johnny Maulbetsch, Michigan's all-American football star, was going to college, he landed a job on one of the G. & M. steamers, the City of Benton Harbor, one summer to earn enough coin for the following semester. This boat plied between Benton Harbor Mich., and Chicago, and Johnny was a busy lad.

On the same boat was a coal passer, a giant Pole, who had been bragging some weeks about his prowess. As nobody contradicted him, he finally insisted he was the strongest man in the world, not excepting his fellow countryman, Stanislaus Zbyszko.

Boys Decide on Johnny
The other workers on the ship decided to put up a job on him, and induced Maulbetsch, who had a little experience as a mat man, to challenge the Pole to a wrestling bout. This Johnny did.

The Pole looked down at the short stocky Maulbetsch in amazement when Johnny issued the defy. Then he laughed loudly. He had never heard of the youth, and thought he was being kidded. But he promptly accepted, believing it was too soft to pass up.

They met on the bare boards of the deck, with a crowd of ship officers and the crew gathered around, while the ship was in harbor. The Pole made a vicious lunge at Johnny and the latter side-stepped. This scene was enacted a number of times the Pole getting madder and madder. His breath was thus getting shorter and shorter.

Planting of brook trout fry in streams of northern Michigan is being hampered by swollen streams, bad roads and washout railway tracks according to Albert E. Stoll, deputy state commissioner of conservation. This is the season of the year, Mr. Stoll says when the embryonic fish must be put in natural streams. Meteorological conditions have combined to make difficult the transportation of fish cars and tanks to northern streams. More than 30,000,000 brook trout will be planted this year, the output of 11 hatcheries in the lower peninsula.

Allegan does not possess two more enthusiastic young men than Emiel Schmitz, son of Emiel Schmitz and Paul Miller, son of Guy Miller, members of the graduating class of the high school, who plan to start on a western tour as soon as school closes. In the manual training department of the school they are building the body of their small car which will be equipped with a complete bachelor outfit. One of the unique features of the adventure is that the boys will finance their progress en route, making the necessary stops for employment.

Following a conference with Prosecutor Fred T. Miles of Holland, H. J. Boer, county coroner at Grand Haven, decided to conduct an inquest into the death of Mrs. Max Gaiser, who met death from injuries sustained Sunday when she was struck by an automobile at the corner of 7th and Washington streets. The hearing was set for next Monday at 9 o'clock at the court house in Grand Haven and a list of coroner's jurors was placed in the hands of Sheriff Fortney. Witnesses will be called and the matter will be thoroughly investigated.

J. S. Morton G. & M. Pres. and manager of Benton Harbor, Capt. E. E. Taylor general superintendent of Chicago, Harry Meyer, general passenger and freight agent, Chicago, W. C. Hovey, commercial agent of Benton Harbor, spent Tuesday in Saugatuck and Holland on business.

Hon. G. J. Diekema of this city will be one of the principal speakers at the Grand Rapids Grocers and Butchers' association to be held at the Pantlind hotel Thursday evening. 350 tickets have been sold and only 350 covers can be laid so naturally there will be a full house. A musical program besides speaking will also be given.

Mrs. P. P. Mulder, aged 43 died Tuesday at her home at 670 Michigan Ave. The funeral will be held at 2 o'clock at the home Friday and at 2:30 at the Prospect Park church. It is held at this church because of the building operation at the 14th St. church. Rev. Vander Kieft and Rev. D. R. Drukker will officiate. The deceased is survived by her husband, two children, Preston and Mrs. H. Boersma; three sisters, Mrs. J. Harnsen, Mrs. G. Vos, Mrs. J. Slenk; and one brother, Martin Heckman.

Funeral services for Edw. J. Kellogg, 87, will be held at 1 p. m. Friday at his late farm residence near Jamestown, and at 2 p. m. in the Hanley Methodist church. Mr. Kellogg was an old pioneer of his vicinity.

At the home of Mr. and Mrs. E. Ollinger, Miss Upton and Miss Bauman entertained Richard De Loof and Morris Moody who are home on spring vacation from the U. of M. After a pot luck supper was served, the evening was spent in playing games. Those present were Misses Dorothy Witteveen, Nina, Abby and Lucy Moody, Marie Markham and Mary McDonald; Messrs. Leonhard Lordahl, Harvey Hansen, Harold McDonald, Jack Vander Wall and Norman Smith.

At the Holland Rod and Gun club meeting the other night Peter Smith who has caught fish here since he was old enough to creep, stated that he was the first man in Holland to catch a white bass. He and the late Judge Lemma were fishing for black bass and all of a sudden Peter pulled up a silvery fish the kind he had never seen before. The next evening the Judge tried the same fishing hold alone and lugged home 80 large ones. The town soon became crazy to fish for the new kind of fish that had entered our waters.

At a session of the county board of supervisors William R. Takken of Saugatuck, Fred C. M. F. Den Den Hierder formerly of Holland now of Grand Haven, a son of County Treasurer Den Hierder, was the winner of the second prize in the rebus prize conducted by the Grand Rapids Herald. He will receive \$160 for his efforts in the contest.

If members of the Muskegon High school of trade have never been acquainted with hard physical labor they underwent a new experience recently when they were called upon to clean up the site of the new tourist park, which is to be constructed there this season. Holland should be looking about for a site before very long.

Born to Mr. and Mrs. Chris Bekker Grand Rapids—a daughter. Dredging operations at Holland harbor have been completed and the U. S. dredge General Meade has left for Waukegan, Ill. Approximately 100,000 yards of sand were taken out of the harbor and the channel now has a depth of 19 to 22 feet, making the harbor perfectly safe for entrance in stormy weather. According to a statement from the government engineer no attempt will be made to repair the break in the north pier. Another large section of the pier is in danger of collapse and another northwestern gale will drop it into the channel. It is said the obstruction will not interfere with navigation.

Paul H. Van Waarden and Edith Nuismier were united in marriage at the home of the groom's parents on Wednesday night. The ceremony was performed by Rev. Jas. Wayer of the First Reformed church. The couple will make their home in Holland.

Neal Verhoeks of Grand Haven was taken into custody Thursday night charged with bastardy on complaint of Gertrude Hormeister. He waived examination before Justice Dickinson and was held to circuit court under \$500 bail. He has not yet secured bail.—G. H. Tribune.

The 12-1 English class of the high school expects to present William C. De Mille's football comedy, "Strongheart," on May 16 and 17. It will be coached by Miss Wiches and preparations are under way. It has a cast of 29 and the scenes are laid at the University of Michigan. It is a very clever production in which the humor, pathos, love and the football material add spice to the production.

The Grand Rapids city authorities it is said will soon start the interurbans from their city streets. This will mean the Muskegon interurbans as the Holland cars come into Grand Rapids on a private right of way.

In the concluding meet of the Busy Men's Volley Ball Tournament Monday evening the first team of the Five O'clock class, captained by Mr. Westveer, won out over Captain Jonker's Evening class men three out of the four games played. Ketel and H. Van Lente led the respective day and evening second teams also in a four game contest which was won by the evening men, three out of four. The results of this tournament leave the honors somewhat divided for the three tournaments played this winter. The 5 o'clock first teams have won two series out of three. The evening class second teams have won all three series.

An informal contest but which proved to be full of interest was staged at the same time as the main series, by two teams captained by Breen and Oosting which the former won three out of five.

Fully 45 men were upon the floor. Plans for the county tournament at Grand Haven Tuesday evening of next week were entered into enthusiastically. About 40 of those present expressed their intention of going. Four captains were chosen: Messrs. Oscar Peterson, Ben Nysson, Wm. Visser and Fred Bos, and the men going will be divided up among these. Holland will have to have two teams upon the floor in each series of three games and each captain will be responsible for sending in a team for each alternating series. Alex Barnum volunteered to organize a bunch of rooters.

The Woman's Literary club held its annual Michigan Day Program on Tuesday afternoon.

Mrs. R. B. Charnion gave the Current Event Topic, in which she discussed the Genoa conference—the reasons for its being and its main object, the peace of Europe. The report that Art Week, April 22-29, was the time to clean up your yards was made. In the state of Michigan, nine and five-tenths cannot speak English.

The club sang in concert "Michigan My Michigan." The program was arranged by Mrs. J. C. Post, but in her absence, Mrs. W. J. Garrod took charge. She told of the splendid state public school system under the state superintendent, P. T. Johnson, and the new school legislation, the consolidation of rural schools, the monetary aid given by the state, the building of homes for the teachers and the placing of private and parochial schools under the supervision of the state superintendent.

Mrs. G. J. Diekema told of a visit to the State Home for Feeble Minded at Lapeer. It consists of a community of institutional buildings, farm buildings and cottages for the patients. The state allows 51 cents per day for each person and there are 1900 inmates, roughly speaking that is nearly \$300,000 a year. These inmates are state dependents, sent there thru the probate courts and are practically in for life. Physically they are men and women, but their mentality is never more than that of a fourteen-year-old. The psychologists classify the people and they are put in cottages with those of equal mentality. The two lowest classes consist of those who are bed patients in the hospital and those who can walk but have no mentality. The other types are taught useful occupations and these people carry on under the supervision, the work of the farm and institution, such as baking, laundry work, cobbling, carpet and rug weaving, canning, basket making, dairying, etc. But the life does not consist of all work for there are play grounds, moving pictures, calisthenics and an orchestra and all kinds of pets.

Mrs. Richard Martin spoke of other state institutions, and gave a brief synopsis of the work of the University Hospital and the Michigan Hospital School for Crippled children at Farmington. She told of the Educational and combat work of the Michigan Tuberculosis Association. Then as part of the public school system are the school for the deaf, the school for the blind and the Michigan Farm for Epileptics.

Last Thursday a very impressive prayer meeting was held at which the new officers and cabinet members were formally installed. Freda led the devotions and after she had presented the charge, Joan accepted it and closed with a word of prayer.

After the meeting the members of the old cabinet entertained the new cabinet at a most delicious supper. Both cabinets then met together for a short time and discussed plans for the coming year.

The new officers and cabinet members are as follows:

President—Joan Vander Spek.
Vice-Pres.—Swantina De Young.
Sec'y.—Frances Mills.
Treasurer—Helen De Jonge.
Undergraduate Field Rep.—Helen Moser.

Publicity—Claribel Wright.
Social—Marion Mersen.
Religious Meetings—Magdalene De Young.

Music—Ruth Pellegrom.
Social Service—Anna De Goede.
World Fellowship—Ruth Broekema.
Employment—Janet Bouma.
Preparatory—Helen De Bruin.

Four boys at Grand Rapids, playing Indian, fired upon a little girl with air rifles. Then the appearance of the parents the usual order of procedure was reversed, in that the war dance followed the war and it wasn't a war dance.

The committee appointed at the mass meeting for the purpose of organizing a rod and gun club for Holland was in Lansing to confer with Mr. Baird of the state game and fish department in order to bring about better co-operation with its department in the future and to find out points of law relating to game and fish laws in this state that now seem to be vague.

The committee consisted of Andrew Klomparsens, Peter Lievens and Thos. N. Robinson. These men motored to Lansing Wednesday and no doubt are filled with information they will disgorge at the meeting of Thursday night.

The Holland Rod and Gun club has not yet been organized, but will be Thursday evening. Temporary secretary, Arend Siersma asks this paper to give wide publicity to the fact that everyone interested in fishing and hunting around Holland and vicinity is cordially invited to attend this meeting.

More than 500 memberships of the Holland Rod and Gun Club have been signed up. Since the last meeting the membership committee has been very busy getting an added list of new members. The result of their work will no doubt be brought up Thursday night.

The committee that went to Lansing also invited Mr. Baird chief of the state game and fish department, to talk to the members of the club. No doubt going over matters face to face in a dispassionate discussion will clear up a great many vexing questions that up to this time have been agitating the minds of the sporting public, and other citizens as well.

At the meeting Thursday night at the city hall, the club will in reality be born. Election of officers will take place, a constitution and by-laws will be adopted and such other matters as may properly come up before the new club will be brought in for discussion. There is no doubt that a body of a thousand men co-operating with similar organizations in Grand Haven, Muskegon and Grand Rapids will have a tremendous influence in bringing about some legislation in behalf of fishing and hunting as this relates to our lake-port towns.

John Ten Hagen, well known lake shore resident for many years, died Wednesday morning at the home of his brother Abraham Ten Hagen, 8 River Avenue. Mr. Ten Hagen was one of the best known residents along the lake shore in the Ventura district and he owned much property there as well as in the city of Holland. He was a bachelor and he spent 64 years of his life in his lake shore home, and about a year ago he retired from active business and came to Holland to live with his brother's family. He was eighty years old.

Mr. Ten Hagen is survived by his brother and one sister, Mrs. Sena Bosch of Muskegon. The funeral will be held Saturday afternoon at 2 o'clock at 8 River avenue, Rev. G. B. Fleming officiating.

The Hope College Orchestra directed by Dr. Bruno Meinecke, will render its annual spring concert at the Carnegie Gym, April 25. Dr. Meinecke's talented musicians, together with two Chicago artists, have in store a program which will prove the musical event of the season.

The orchestra will be assisted by Mrs. Grace Holverscheid, soprano and Miss Helen Wing, composer-pianologist, a capable pair of accomplished artists who have traveled extensively through the states. Seldom do two musicians harmonize so perfectly, each seeming to be the complement of the other, and no entertainment could have been selected that will be greeted with more cordial approbation. Mrs. Holverscheid is soprano soloists at the First Presbyterian church at Oak Park, Chicago. She has done extensive concert and oratorio work in many parts of the country. She and Mrs. Wing are the composers of "Root for Rotary" and have filled many special Rotary Club engagements, appearing before numerous district conventions. They were invited to the Rotary International convention in Scotland last June. Mrs. Wing has composed many different types of songs, ballads, love songs, little dance scherzos—but specializes in children's songs. As an accompanist she displays unusual ability.

The college orchestra is the largest that Hope has ever had including several more instruments than the orchestra which Dr. Meinecke developed here two years ago. The program follows:

Overture—"Dichter und Bauer" (Poet and Peasant) Suppe (1820-1895). The cello solo is played by Mr. Anthony Weststrate; Orchestra Pace, Pace Mio Dio (La Forza del Destino) Verdi; Mrs. Holverscheid Pilgrim Chorus from "Tannhauser", Wagner (1813-1880); Orchestra Nursery Nonsense of Now-a-Days, Helen Wing; Mrs. Wing. Symphony in B Minor, Allegro Moderato (Andante Con Moto) Schubert (1797-1828); Orchestra.

Sacrament (Mac Dermid) "I've been Raining", Old English; "Snowdrops" Gretchanoff; "Corals" Trehame; "Tally-ho" Leoni; Mrs. Holverscheid.

Child Poems (Helen Wing); Mrs. Wing. "Anvil Chorus" (from Il Trovatore, Verdi (1813-1901); "Spring Song" Mendelssohn, German Comp. (1809-1847); orchestra.

Mrs. J. E. Balcom of Detroit is visiting Mrs. R. Meyer, West 11th St.

The Ottawa County Advisory Board of the Salvation Army met necessary to hold the cantata in the support of the work during the coming year. The personnel of the board is as follows: Henry Geertings, president; Ben Mulder, vice-president; R. B. Champin, secretary; Alex Van Zanten, treasurer; Mrs. Gertrude Boer, Mrs. George Albers, Jacob Lekker, Arthur Visscher, John Koolker, Sears McLean, Milo De Vries, Benjamin Du Mez, Judge Danhof, Grand Haven, Mrs. J. P. Armsted, Grand Haven, Mrs. Jas. Oaks, Grand Haven; Frank Scholtan, Spring Lake, Porter Reed, Coopersville.

The annual appeal for funds will be staged in the central and southern part of the state from May 7th to 12th, and the Ottawa Board is rapidly getting all of the preliminary work done.

Ottawa county led its neighbor counties in this worthy cause last year, and the board feels confident that this county will be under the wire by May 12th with its full quota of \$2500.

The work of the annual campaign was divided last night as follows: Publicity: Alex Van Zanten, Milo De Vries. City organization—Mrs. Gertrude Boer, Mrs. George Albers.

Lower Half of County Organization, Henry Geertings, chairman. Committee to Interview Manufacturers, Sears McLean, John Koolker.

Committee to Interview Merchants—Henry R. Brink, John Van Tatenhove, Albert Joldersma, Joe Koolker.

Grand Haven has a strong executive committee taking charge of its half of the county, and indications point to a snappy, successful campaign. When you help the Salvation Army you help others.

TWO WOMEN OVER-SUBSCRIBE THEIR QUOTA FIFTEEN TIMES

During the Liberty Loan drives people got used to oversubscribing a "quota" but never even in those days did anyone oversubscribe to such an extent that they gave fifteen times as much as was expected of them. But that is the record achieved by two women in Holland Tuesday when they raised funds for furnishing the proposed country club.

Each woman in the country club is expected to raise ten dollars for the purpose of furnishing the country club. Mrs. Edwin Moore and Mrs. F. T. Whelan decided to raise their "quota" by holding a dance and card party, and this netted a total gross sum of \$340. After all expenses have been deducted, the net amount that can be turned over to the country club is still well in excess of \$300, or more than fifteen times as much as the \$20 that the two promoters of the party were supposed to raise.

The party was a brilliant affair. A large number of tickets had been sold and the attendance was very large. Dancing was in progress most of the evening in the main auditorium of the Woman's Literary club house, while sets of Five Hundred and Bridge were arranged in the basement of the building. John Van Vyven was in charge of the music and he produced an orchestra that was a credit to the event. A number of the stores of Holland had donated prizes for the card games and there were several other interesting features that helped to make the party a distinct success.

PETE VER WY'S REPUTATION AS DOG CATCHER STICKS TO HIM

In the same way in which there are said to be men in the backwoods of Kentucky who have not yet learned that the Civil War is over, so there are a lot of people in Holland according to Peter Ver Wy, who have not yet learned that Pete is no longer Holland's official dog catcher. Ver Wy has not been in the business of catching dogs for two or three years, but there are still plenty of people here who think it is up to him to keep the dogs of Holland within bounds and who blame him because some parts of the city are overrun with undesirable canines.

Ver Wy made a vigorous protest. "You tell 'em," he declared vehemently, "that it is the sheriff's business and if the sheriff don't take care of it let 'em blame him, and not Pete Ver Wy. Pete Ver Wy ain't been dog catcher for several years and he can't help it if there are all kinds of dogs running loose without tags. You tell 'em Pete Ver Wy don't want the blame for it."

The Beechwood Parent-Teachers' club met Monday night. The meeting was in charge of the ladies. Following is the program:

Songs—"April Showers" and "My Little Yellow Duck" school children; reading—"The Highwayman," Miss Dorothy Dick; solos, "The Night Wind" and "I Know a Little Girl," Miss Mable Van Dyke; pageant of the Months, Twelve children; solos, "Go to Sleep My Baby" and "Counting Daisy Petals," Miss Madge Raab; vocal solos with guitar, accompaniments Mrs. Charles Hansen.

The business of the meeting was then transacted and it was announced that a masquerade and grab bag was to be held on May 5. The playlet "The Census Taker" was then given by four girls after which delightful refreshments were served.

ELECTION BET PAID AMID CROWD'S CHEERS

Eighth street Tuesday night looked as if the circus had come to town or as if a fourth of July celebration was in progress. The reason for all the excitement of course was the payment of an election bet in which Ald. Jack Blue trundled George Woldring in a wheelbarrow from Mr. Blue's store to the Tower Block and back. As early as 7 o'clock the crowd began to gather although the event was scheduled for 7:30, and long before the opening gun the street was lined with people on both sides.

It took Ald. Blue about 35 minutes to wheel Woldring along the "line of march." It had been hoped to have a band out, but this feature of the event did not materialize. At first Woldring was seated on a box on the wheelbarrow and had a pillow to make his seat soft. He sat up so high so that all the people would have a chance to get a squint at him. But the inevitable crowd of small boys soon made this plan impracticable. The box was lost in the shuffle, and later on even the pillow disappeared. Still later on one of the legs of the wheelbarrow was knocked off. But in spite of all obstacles, Ald. Blue paid his bet to the bitter end, and Woldring received his ride for the full length of the way.

At least seventeen "Polar Bears" from here will go to Detroit the latter part of April to attend the national reunion of Polar Bears in that city. This was established at a local meeting of Polar Bears in K. of P. hall Monday evening. There were 17 men present at that meeting, all Polar Bears from the city being on hand. And they all practically decided to make the trip to Detroit and attend the reunion.

It is believed that a number of Polar Bears from the rural districts of Ottawa and Allegan counties will also attend the reunion in Detroit when they learn the conditions. The trip to Detroit and the three days' stay there will cost only the amount of the railroad fare. From the moment the boys arrive in Detroit until the moment they board the train for home they will be taken care of and the best that the city can furnish will be theirs. The city of Detroit is going to spend about \$10,000 on the Polar Bears, and everything will be free to them. Their lodging, their meals, entertainment—everything they may wish for during their stay will be furnished by the committees in charge. The convention will be held from April 27 to April 30.

Mr. A. E. Ballard executive secretary of the National Polar Bear organization, was in Holland Monday night and addressed the local Polar Bears, showing them about sixty stereopticon views of Russian scenes.

TO HOLD BENEFIT FOR FROEBEL P.T. CLUB

On Monday evening, April 24, a benefit meeting for the Froebel School Parents-Teachers' club will be held in that school. On that evening the Froebel School P.T. club invites all to visit with them Japan, Holland, America and the Indians.

These visits will be interesting, and a snappy program is promised by those in charge. Good eats will be served. Four good programs have been prepared.

OTTAWA PUPILS WILL BOOST BETTER LIVESTOCK

A general livestock club was organized among the children of the Cummings school district, near Fruitport at a meeting held at which D. C. Long, Muskegon county agricultural agent, was present. The purpose of the club is to stimulate interest in the raising of high class cattle, poultry, swine and rabbits, and the employment of business methods in buying, feeding and marketing the stock.

The name of the club is Cummins Successful Workers. The club will include boys and girls from 10 to 18

SCHOLARSHIPS ARE RECEIVED BY HOPE COLLEGE STUDENTS

Morris Steggerda of this city, a senior at Hope College, is the fourth one to receive a scholarship in the department of science this year. Mr. Steggerda has accepted an offer from the University of Illinois, granting an assistant fellowship in Genetics in the Department of Experimental Zoology, which carries with it a stipend of \$700, besides tuition and all other laboratory fees.

This also included an assistantship during the coming summer, beginning with the first of July. The fellowship calls for half-time assistant work. The other half is devoted to any advance course which the student may wish to pursue. Mr. Steggerda who has received his scholarship through the local department of zoology, has been following the branch of zoology here, and expects to take up an advanced course in Genetics and Animal Husbandry at the University. He will be an assistant to Dr. Feleny. Sometime ago Mr. Wierda received a scholarship to Johns Hopkins University at Baltimore, carrying a stipend of \$500. He will assume his new work in September, and will follow an advanced course in Biology, specializing in physiology and psychology.

The two other scholarships to be awarded so far have been received through the department of chemistry and were granted to Kleinheksel of Holland and Beuker of Grand Rapids, both from the University of Illinois.

Word has also been received here that R. Hospers, a graduate of Hope who was granted a fellowship to the Johns Hopkins University in the department of zoology for the year 1921-22 has been reappointed for the next year, in addition to an assistantship in zoology during the summer, carrying a stipend of \$700. Paul Vischer, also a graduate from the department of science at Hope, was reappointed for the third year at the Johns Hopkins University. Mr. Vischer was also an assistant pro-

\$50,000

You are responsible for the injuries your car may inflict upon another person, or the damage it may do to his property.

The law says so.

But the law does not specify the amount of the award. It leaves that to the jury.

And some juries have said \$50,000 for personal injuries.

Better ask us about that Travelers Automobile policy to-day—it may be too late tomorrow.

About Wills:--

ALL property (your's is included) passes through the Probate Court on an average of once in twenty five years.

Do you admit having any intentions regarding the preservation of your property as an estate for the benefit of your loved ones? Have you signed a legal Will giving the necessary directions?

Or will you simply drift, and allow the machinery of the law to grind up your belongings?

Perhaps you have progressed to the point of "intending" to make a Will, or "intending" to re-draw it. If so, we have hopes of you.

It will be perfectly proper for you to name the Trust Company as executor and trustee of your Will. We may say it is the only proper and approved way of doing. It will take a book to tell you the many good reasons why.

COUNT ROAD
SCANDAL BREAKS IN
ALLEGAN COUNTY

The county board of road commissioners of Allegan county is under fire by the board of supervisors and a sensational meeting was held on Wednesday in Allegan. As a result one of the members of the commission, Elmer E. Gable has resigned. The other members are Lewis Mc Loud and Wm. McCarn.

The charges against the commission are numerous. Among other things it is alleged that the commission rejected contracts and let them to Hartley Gable, son of the commissioner who has resigned, to William Morgan, son-in-law of McCarn, and to Wm. McLoud brother of Commissioner McLoud.

In some instances it is alleged in the charges members of the road commission hired their respective relatives or friends as foremen to fill responsible positions regardless of whether they were qualified or not.

Supervisor Claude Hoffmaster of Hopkins township stated to the board that his township had built two district roads at a cost of 75c per cubic yard while the commission has paid 95c and \$1.10 per cubic yard for road material. Mr. Hoffmaster claims his township saved \$4500 by the transaction. It was alleged on the floor that someone therefore made thousands of dollars by this big difference in price.

McCarn who was elected by the supervisors probably will be ousted from office. McLoud who was elected by the people will require a different procedure. The board can recommend to the governor that he be removed for malfeasance in office and this probably will be done.

SAYS OTTAWA SAND
BLOWS GETTING WORSE

"In traveling over the county it is easily seen that the sand blows are growing in size and number," says County Agent Milham. "These blows constitute a menace to the country in many ways. They lower the value of surrounding lands; they cause the visitors to think the entire county is worthless; they continue to grow and do damage by covering valuable lands. It is certain that some day when they become extremely serious action will be taken to check them but now is the time, delay is dangerous. Just as a stitch in time saves nine, a little work now will save much more later. These rainy days owners of blow sand should get busy cutting brush of any kind and placing in windrows 4 rods apart. The rows should be placed in a north and south direction. This will prevent sweeping sand. In the fall the plantings of acorn, walnuts, butternuts, chestnuts hickory and beech nuts should be made. Nut trees are a source of beauty and profit and will hold down a sand blow."

SUPREME COURT
TO HEAR OTTAWA
MOTOR BUS CASE

Whether bus lines operating parallel to interurban lines constitute an infringement on the right of the latter is to be decided by the state supreme court in a case opened on Tuesday by the Grand Rapids, Grand Haven & Muskegon R'y company, which appealed from a decision of Judge Cross of the Ottawa county circuit court. Judge Cross denied a petition for injunction against the operation of bus lines by Ernest M. Stevens and others.

In dismissing the action, Judge Cross held that in the absence of positive legislation, regarding the operation of motor buses for hire, persons had the right to use the public highways for this purpose as long as they comply with the general laws regulating the operation of motor vehicles and the regulations covering the operation of bus lines.

In making the appeal to the supreme court the company maintains that the grant or privilege extended to its by its franchise is a property right which is being infringed on by the bus operators.

SPUD STOCK MARCH 1
90 MILLION BUSHELS

Stocks of potatoes in the hands of farmers and local dealers on March 1 in the 15 leading potato states are estimated at 90,946,000 bushels by the department of agriculture. Of this quantity, 73,486,000 bushels were held by farmers and 17,460,000 bushels by local dealers. Of the holdings in the hands of the producers 30,935,000 bushels are expected to move off the farm and 42,550,000 to be retained. As this is the first year that stocks of potatoes of March 1 have been estimated by the department, there is no basis for comparison with stocks in preceding years.

Minor three year old class is credited to Crest Farm Johan Pauline, whose seven day record is 512.9 lbs. of milk and 27,886 lbs. of butter fat equivalent to 34.8 lbs. of butter. This record was made at the W. T. Hill farm, Davison, Mich.

MANY VISITORS AT
THE AMERICAN LEGION MEETING

The American Legion held an open meeting Wednesday evening, the general public having been invited to attend the gathering to see what kind of work the Legion is doing. Many of the fathers of the boys were there and that they were pleased with the work of the Legion appeared when several of them were called upon to give talks. They expressed themselves as highly interested. There were in all about 400 present.

The members of the committee that put on the circus and the men who worked in the concessions were presented with gold watch charms with the American Legion emblem on them.

After the program a good feed was provided in which both members and visitors indulged heartily.

EASTERN STAR TO HOLD
CONVENTION AT MARNE

The regular annual meeting of the Ottawa County Association of the Eastern Star will be held at Marne (Berlin) on Wednesday, April 19, beginning at 2 P. M. The afternoon will be taken up with reports election of officers, and such other business as may come before the meeting. In the evening the several degrees will be exemplified. Supper will be served by the Berlin chapter for which a charge of 50c per plate will be made. On account of this meeting Unity Lodge will not hold a meeting next Wednesday evening but there will be work in the third degree on Wednesday, April 26, beginning at 6:30 P. M.

REVIEW OF HOPE
BASKET BALL SEASON
SHOWS FINE RECORD

The Orange and Blue basketballers of Hope college have completed what is conceded to be the most remarkable season that the Hollanders have ever enjoyed. The "Flying Dutchmen," who not members of the Michigan Intercollegiate Athletic Association, have been outclassed by no other team in the state, collegiate or independent.

Hope's first team made a strong bid for the state championship. Of the 24 games that had been arranged for the past season, Schouten's proteges made a strong bid for state championship. Of the 24 games that had been arranged for the past season, Schouten's proteges lost only 8 games, and those by narrow margins, two being lost by 1 point; this record included also those that were lost to outside independent teams. Out of the 14 college games scheduled, three were lost counting toward the state title. The locals were outscored by Kalamazoo college and M. A. C. both by one point. Kalamazoo College which has the championship for the season, stood equal in points to the Hope tossers, but the latter's defeat by one point in the Aggie game put the Celery City men in the lead for the state title. Five of the games on the local schedule were lost to the best independent and professional teams in the country. Hope has played 15 games abroad, and has covered approximately 3500 miles on the trips through the states, including Indiana, Wisconsin, Illinois and Michigan. The team netted an average of 32 points to every game, polling a total of 777 points against 455 of the opponents, hence outclassing the visitors by an average of 13 points to every game.

The second team established a record, which presages the brightest prospects for Hope's 1923 season, winning 13 out of the 14 games played. The reserve team is by far the best that has been developed here for years, and has provided all the substitute material for the first squad. They have outplayed every team in the state, independent or high school, that ranks in their class, and have traveled over 2000 miles. The locals lost their first and only game to the Grand Rapids Bethany in the initial tilt of the season, but made a reprisal when they defeated the visitors by a liberal margin in the return game, holding their opponents to only two field goals. Other large margin games were played with the Lowell American Legion who scored two baskets, and Muskegon who cased but one fielder. The Hope Reserves scored 405 points against their opponents' 228, running up an average of 28 points to every game. During the past season the team has had several occasions to match with the collegiate teams, outscoring both Junior college and Tri-State college of Indiana. The latter and the De Paul University team were the only two outside college teams to be represented on the local floor this season.

This season ends also the careers Hope's veteran basketball players. Japinga, the captain of the team, has been a star for the Orange and Blue throughout his entire college course, and has been the mainstay in the scoring end for the varsity five. Dyke Van Putten, another all-state forward, and Garret De Jong, Hope's sturdy guard also leave places on the team that will be hard to replace. On account of sickness Schuurmans, the center for Hope for several years, has been an odd number on the team during the last season of his career.

The Hope mentor has coached to victory one of the strongest teams that has been developed in the middle west during the past year. Although this fact cannot be appreciated enough by local basketball fans, the reputation that the local tossers have attained in the states in basketball shows that the Hope aggregation has been a big advertisement to the local institution.

POLICE SWOOP DOWN ON PARTY IN CLEAN UP

Chief Pippel and Officer Lawrence De Witt of Grand Haven participated in a cleanup raid on a Washington street flat Tuesday, resulting in the arrest of five Muskegon men, one woman and four girls on a disorderly charge. Officer De Witt located the place during the evening and reported it to the chief. Both officers then suddenly swooped down on the rooms and found conditions which are unfit to print.

Wednesday all ten were arraigned before Justice Wachs. The men were fined \$10 and costs each. The woman was fined \$25 and costs in addition to a sentence of ten days in jail. Two girls paid \$10 and costs another was assessed \$5 and costs and one girl a mere child was released after a lecture.

It is said that some of the girls caught in the raid are little more than kids and no doubt try to be flappers.

ALLEGAN ODD FELLOWS INITIATE CLASS HERE

The Allegan Lodge of the I. O. O. F. came to Holland Thursday evening and put on the work for the initiation of a class of local Odd Fellows. It was one of the biggest meetings of Odd Fellows ever held in Holland, and the ceremonies were very impressive. The Allegan lodge came over in a body and besides there were visitors from Grand Rapids, Grand Haven, Burnips and other surrounding towns. A number of talks were given and a banquet was served.

The Allegan Lodge has invited the Holland lodge to make a return visit and put on the work for initiating a class there in the near future.

BOYS ARE BOUND OVER

TO CIRCUIT COURT

Fred Koops, Sammy Kole, and Paul Tate who figured in the automobile joy ride in Herman Cook's car, had their hearing before Justice Van Schelven Saturday forenoon and were bound over to circuit court. Fred Dryden, another one of those involved in the matter, had his hearing a few days ago when he was bound over to circuit court. Joe Sloothack, the fifth member of the party, is to have a hearing later.

COMMUNICATION

San Antonio, April 10.

Editor—I believe just before Mrs. Mulfinger and I left Holland I promised you a few lines from Texas, so here it goes and if you don't like my scribbling throw it into the wastebasket or feed it to the printer's devil.

Just received the Sentinel of April 4 giving returns of the city election and note with pleasure that his Honor, the present mayor was re-elected. This relieves us two kids from having neglected to cast our vote by mail as according to the Sentinel, it seemed at one time to be a tight race and our two votes might have come in handy. They surely would have been for the present incumbent.

I notice that every once in awhile we read in the Sentinel some communication from either California or Florida by some good friends of those states and, while both these states have some good climate neither one of them can come up to Texas in soil or even climate. You have it just as cold in the Panhandle country of Texas in winter as in Michigan and at the same time have oranges and grape fruit and all kinds of vegetables growing in the extreme southern part of the Lone Star state. Mrs. M. and I have been eating radishes and lettuce of our own raising for a month, and our place and garden had never been cultivated before. We have now, ready for the kitchen onions, spinach, English peas radishes, lettuce (large heads) and will have in about a week, string beans, all grown in our own garden. We have about thirty different kinds of roses and nearly all of them are, or nearly ready to bloom even the beautiful Maréchal Niel rose and right through the window from where I am sitting, I can see an American Beauty rose measuring almost five inches in diameter. Besides these, we have now in bloom carnations, verbenas, phlox, pansies, bridal wreaths, periwinkle, violets, Sweet Williams, Iris, etc. Narcissus and Hyacinths are out of date. We also have the Latifolia now blooming and the Sultan's Snapdragons and petunias ready to bloom. We went to Boerne, about 30 miles from here, yesterday and found the prairie and hills covered with wild flowers, prominent among them the far-famed Yucca and Blue Bonnet. The result is that our bungalow is full of blossoms. We have a heavy reddish-brown and black loam soil, which is so sticky in wet weather that you are bound to stick to this part of Texas if you are here for a few months. There is one certainty about it, that is while even now in the valleys of California and in the sands of Florida you need high grade fertilizers you need them in southern Texas only in spots and rare occasions.

There, Mr. Editor, I've got this off my liver and feel better; at any rate you can't accuse me of not having stuck to my promise. Better late than never.

We greet all of our friends and hope to be with you all next month. Till then we bid you "au revoir," "auf Wiedersehen," "adios," "good bye"—take your choice, they all mean about the same.

Yours etc.,

Fred G. Mulfinger.

REDUCTIONS ON LAKE STEAMERS ARE ANNOUNCED

W. E. Dolan of Chicago, traveling passenger and freight agent for the Michigan Transit Company, announces big cuts in water freight rates out of Chicago and other Lake Michigan ports for the 1922 season.

Reductions range from 7% on class shipments to 40% on commodity shipment.

"Our boats will soon be placed in commission," he said.

Passenger service will be maintained as it was in 1921 with the steamers Manitou, Puritan and Missouri.

On the Chicago-Petoskey run, a new reduced rate is announced for passenger travel. The tickets are limited to 15 days with reduction of about one-third from regular rates.

AT LEAST 500 JOIN HOLLAND ROD AND GUN CLUB

At least two hundred sportsmen of Holland and vicinity attended the meeting called for the purpose of organizing a Holland Rod and Gun club, which by the way is the name that has been adopted by the organization.

Any person who is not a fisherman or a hunter would have received more information on fishing and hunting than he ever did before after hearing the short little talks given by those men who love the gun and the rod. These talks were unusually interesting and also in many cases the speeches were not pearls of oratory, many of the men in their humble way told things about fish and fishing that the uninitiated never knew before.

The meeting was opened by the appointment of Mr. Robinson as the chairman, and Arend Siersma as secretary. Mr. Robinson told the Isaac Waltons present that it was only through the efforts of a large body such as the Holland Rod and Gun club was assuming that effective legislation relative to the game laws could be secured. He stated that legislators as a rule want to do the people's will, but sometimes the minority through consistent boosting makes a noise like a majority, and a legislator is often misled because of this lobbying and concerted effort of the minority.

However a club of a thousand in this vicinity cannot help but leave an impression if they wish to make their wishes known not alone with the legislative body at Lansing, but also with the game department where Holland seems to be in bad odor.

There was considerable discussion as to carp fishing and the large number present seemed to be unanimously opposed to any further fishing of this kind in Black Lake.

It was also decided to send a committee to Lansing to call upon Mr. Baird, chief of the game department in order to confer with him relative to some of the technical points of the law.

The committee consisting of Chairman Robinson, Peter Lievense and Andrew Klomparsens who will leave for Lansing shortly will also extend an invitation to Mr. Baird to meet the members of the club as soon as the organization is perfected.

Thus far more than 500 members have been secured and the soliciting committee consisting of Lewis Bouwman, Egbert Beekman, Jacob Zoerman, Peter Smith, C. Dornbos, and Neil De Waard will boost this membership more than a thousand.

Clubs from Muskegon and Grand Rapids are ready to confer and cooperate with the Holland club as soon as it is organized, and back up any feasible legislation that this club may advocate.

Peter Smith, C. Dornbos, Oscar Johnson, J. B. Mulder, Neal De Waard and a score of others were on the forefront telling others what they knew about fishing and the meeting all in all was considerably different from any writer has attended. There were speeches made from ten words to 500 words, however, all seemed to be enthusiastic and had their subjects or their grievances well in hand.

The final outcome of the gathering would indicate that the club will try to bring about a better understanding between the state game department and the city of Holland.

It is understood that at the next meeting the club will organize and a constitution and by laws drafted. The committee having charge of this work are Thos. N. Robinson, Arend Siersma, Peter Lievense, Andrew Klomparsens, Oscar Johnson, John Arendshorst and Bob Slowinski.

HUNTER S. ROBBINS TURNS IN LOW SCORE IN GOLF TOURNAMENT

In the golf tournament on the La Cumbra course at Santa Barbara, California, Hunter S. Robbins of Grand Haven turned in a score of 85 in the qualifying round and Nathaniel Robbins sr., turned in a count of 102. George Von Elm trans-Mississippi and Pacific Northwestern golf champion turned in a count of 75 on the course for low score and won the trophy offered. It will be seen that Mr. Robbins' score was but ten points higher than that of the champion. H. S. Robbins was able to get into the championship fight being paired with F. Sawyer in the flight.

—G. H. Tribune.

Hunter Robbins is a brother of Nathaniel Robbins jr., of the DeFree Co. of Holland.

Presently now "The furnace needs fixing" will give way to "The Grass is getting pretty long."

OTTAWA SUPERVISORS CLOSED THEIR SESSION THURSDAY AFTERNOON

The Ottawa County Board of Supervisors completed their spring session Friday afternoon. The board was called to order Tuesday afternoon, and immediately proceeded to the election of a chairman and the organization for the coming year. Gerrit Yntema of Jamestown was re-elected chairman of the board for the third consecutive term. David M. Cline of Spring Lake, James Chittick of Chester and C. W. Nibbelink of Holland were re-elected members of the auditing committee for the coming year.

Considerable routine business was disposed of by the board at the first session and the supervisors completed considerable more in order to clear decks for adjournment. Nothing of startling character came up in the course of the board's attack on the routine matters awaiting them. At Thursday's session C. N. Dickinson, representing the county superintendents of the poor invited the board to visit and inspect the county poor farm and infirmary in June, if a session was held at that time.

A three day session is provided by law at this time of the year, and the members of the board expect to get under the wire at this session. A great number of accounts which have accumulated since the last session were passed by the auditing committee in time for presentation to the board for final passage at the closing session Friday.

At this session Chairman Yntema announced his appointments of the standing committees as follows: Finance, Hambleton, Osterhouse, Lugers, Vinkemulder and Verhage; Equalization: Nibbelink, Richards, Van Anrooy, Roek and Lowing; Taxes and Apportionment: Tripp, Johnson, Peterson, Vanden Berg and Verhoeke. Printing and Stationery: DeKoeper, Bronkema and Ossewaarde. Forestry, Maierhauser, Van der Werf and Elliott. Schools and Education, Verhage, Rutgers and Richards; Infirmary and Poor, Roek, Bronkema and Ossewaarde. Building and Grounds, Verhoeke, Cline and VanderWerf. Insurance, Lugers and Van Anrooy. Roads, Drains and Ferries, Huizenga, Peterson, Van Anrooy, De Koeper and Johnson. Good Roads Chittick, Rutgers, Lubbers, Elliott and Lowing. Agriculture, Lubbers, Peterson and Van Anrooy. Public Health, Vanden Berg, Huizenga and Maierhauser. County officers, Elliott Chittick and Nibbelink.

LARGE AUDIENCE LISTENS TO CONCERT

The concert given Thursday evening by the Central Avenue Choral society in the Central Avenue church was successful both in the matter of size of audience and in the quality of the music. The large auditorium of the church, the largest in the city, was filled with listeners and the program was given without a single hitch. The society which is four years old has been practicing since last October and their program was a delightful one. It was given under the able leadership of Mr. William Brouwer.

The reader of the evening was Mr. N. De Vries, who gave a selection, "Home," author unknown, very acceptably. Gerrit TerBeec pleased the audience by singing "Fear Ye Not O Israel." The chorus numbers were given faultlessly and pleasingly.

BATCH OF CASES ARE DISPOSED OF BY JUDGE CROSS

Judge Cross disposed of several cases in the Ottawa county circuit court within the last few days. In the case of the People vs. William Fletcher, charged with liquor law violation, the court denied the motion of the defendant's attorney, G. J. Diekema to dismiss the information. Judge Cross ordered the release from custody of Edward Hill who was a witness in the liquor case against Henry Tubergen. Hill was released upon his own recognizance. Both men are from Holland. In the case of Tubergen the jury disagreed recently eight standing for conviction and four for acquittal.

In the case of Charles Nelson vs. Warren Schofield the defendant was awarded possession of land in dispute by the court. The case was tried by jury sometime ago resulting in victory for the plaintiff. The court granted the motion for a new trial and the matter was tried again with the above result.

M. Van Houten, who appeared in court cited for contempt of court in failing to pay alimony awarded in a divorce case was sentenced to five days in jail.

WANT TO KEEP EXPRESS OFFICE IN PRESENT LOCATION

Maintaining that it will be a distinct detriment to the business interests of Holland to have the American Railway Express office moved from the main street to the Pere Marquette site, the Holland Merchants' Association through Austin Harrington, its president, and the other officers, are making strenuous effort to cause the officers of the company to change their plans. The officers of the Merchants' Association have written to E. J. Flannigan, superintendent of this district, pointing out how the removal of the office from 7 East Eighth street to the depot will hurt the business interests that habitually use the express service.

The decision to remove the office from its present location to the depot was made by the district headquarters at Grand Rapids. It was decided to move the office the latter part of this month, and to be ready for business at the new place the first of May. The express company maintains a warehouse at the depot and it was decided to conduct the express office in that for the present with the idea of building an office there later on.

In many towns the express office is to be found at the railroad station or near it, but it is pointed out that in many places the station is nearer to the business district than it is in Holland. In such cases it is logical to have the office near the depot, but in Holland this is not the case, it is pointed out.

The Merchants' association officers will make a determined effort to have the plan changed and to have the downtown office maintained.

WANT TO KEEP EXPRESS OFFICE IN PRESENT LOCATION

Maintaining that it will be a distinct detriment to the business interests of Holland to have the American Railway Express office moved from the main street to the Pere Marquette site, the Holland Merchants' Association through Austin Harrington, its president, and the other officers, are making strenuous effort to cause the officers of the company to change their plans. The officers of the Merchants' Association have written to E. J. Flannigan, superintendent of this district, pointing out how the removal of the office from 7 East Eighth street to the depot will hurt the business interests that habitually use the express service.

Mr. and Mrs. W. H. Wing of this city are the guests of their daughter Mrs. Hazel Wing Guild of Topeka, Kas.

The contract for auditing the city books was let Wednesday night by the common council to Parks & Eye-stone at the rate of \$20 per day, the total sum not to exceed \$200.

The contract for the city's share in paving River avenue and 17th St. was let Wednesday night by the council to the Willitt Construction Co.

Ald. Brieve, chairman of the committee on poor, reported to the council Wednesday night that the sum of \$84 had been expended the past two weeks for temporary relief.

Mrs. Frank Rhoda left for Ellsworth, Michigan this morning to visit relatives and friends for a few days.

A double marriage ceremony that united two Grand Haven couples was performed by the Rev. Anthony M. Karreman, pastor of the Second Reformed church in Muskegon Saturday. Miss Martha Tietz and Mr. C. Brockway, Miss Gertrude Hall and Mr. Ellis Lamb were the principals in the ceremony. Both couples are planning to reside in Grand Haven it is said.—G. H. Tribune.

John Vandersluis, George Schilling, Andrew Steketee, Tony Niemi, Dick Bofor, Miss Henrietta Warnshuis and Mrs. George Huizenga motored to Coopersville through the storm last evening to attend a meeting of the Ottawa county Sunday school association. They were entertained at the home of Mr. and Mrs. Lubben.

An Easter cantata called "Our Living Lord" will be given Thursday evening at the Maple Avenue Christian Reformed church by the Choral Society of the Fourteenth Street Christian Reformed church. The building operations in progress in the Fourteenth Street church make it necessary to hold the cantata in the Maple Avenue building.

The Choral society contains sixty voices and Mr. John Vander Ark is the leader. The cantata will be given under his direction and will begin at 7:45. Miss Dora Wentzel will be the accompanist. The public is cordially invited.

Strand Theatre

Today James Oliver Curwood presents "The Golden Snare."—Another thrilling Curwood story of the great northwoods country. Wonderful mystery permeates it; the stirring adventures of a royal northwest mounted police sergeant will grip you; and then too there is one of the strangest love stories you've ever seen set in a world of snow and peril and wolves and fighting huskies. Special comedy—"Chicken Hearted" also Fox News reel of International Events.

Friday, April 21—Marie Prescott in "A Prussian Scandal"—a six cylinder French concoction of a dazzling American girl who made all boys sit up and take notice.

Star comedy "Western Ho"; also Winner of the West 12th episode of that thrilling red-blooded story of American history.

Saturday, April 22—George Cheesbro in "Diamond Carlie"—because he knew how to handle cards Diamond Carlie was given a job to fleece the people of the woodcamp in the northwest Canada Region where the Mounted police hold sway. It's a startling story that grips one in its spell. Rollin comedy—Try-Try Again; also International News Reel of Current Events.

Monday and Tuesday, April 24-25 James Kirkwood and Barbara Castleton in "The Branding Iron"—a story of the great old doors in the days of the old west. Can love be the motive for a deed of brute ferocity? Was it love that made Pierre Landis brand his wife with the mark of his ranch? A dynamic picture of American life played by an exceptionally strong cast. Two reel Centenary comedy, "The Shopphanger" also Harold Lloyd comedy "On the Fire."

Wednesday and Thursday, April 26-27—Zane Grey's famous story "The Lost Trail"—the story of a lone bandit's fate and a romance that was not his. Coming next week a Connecticut Yankee in "King Arthur's Court."

HOLLAND HAS SEVERAL NEW U. S. CITIZENS

TWENTY OTTAWA COUNTY ALIENS APPLIED; TWO WERE TURNED DOWN

Yesterday morning in the county court house eighteen liens took the solemn pledge to be loyal sons of Uncle Sam and to renounce all allegiance to the land of their birth. There were 20 applicants for American citizenship but two could not be taken in at present as their papers were not in shape.

Of the 18 admitted, 10 were natives of the Netherlands, 3 were from England and three were former subjects of the former Kaiser, Austria-Hungary had one representative who came under the protection of the Stars and Stripes.

The following men were adjudged as being fit to receive their citizenship papers: George Wasing of Holland, native of Germany; Daniel Van Ree, Coopersville, Netherlands; William France of Nunica, England; Carl Burger of Spring Lake, Germany; Abel Bishop, Ferrysburg, Netherlands; James Knour, Grand Haven, Austria-Hungary; Cornel Van Zanden, Holland, Netherlands. Jacob, Albert and Lambert Shut, Hudsonville, Netherlands; Charles Elton, Holland, England; George Kirby, Nunica, England; Jozias De Kraker, Hudsonville, Netherlands; Karl Handwerger, Henry Beelen, Jan Kramer, Holland, Netherlands; Albert Linneman, Holland, Germany and William Rice of Coopersville, England.

The two petitions deferred were those of Claus Volkema of Holland who had some difficulty as to papers and testimony and Herman Minuth of Grand Haven who is to be admitted as soon as some additional testimony can be obtained.

Wednesday night when Mayor Stephan ended one term and began another, and when the newly elected aldermen took their seats. The weather took care to keep most of those who would otherwise have been there away. About 25 people braved the blizzard and witnessed the ceremonies.

Flowers were very much in evidence at the meeting Wednesday night. On the mayor's desk were two potted plants, the gift of E. H. Gold, of Marigold Lodge, and a large basket of American Beauty roses, the gift of the heads of the departments of the Holland Furniture Co. Ald. Wicherink was also remembered with a beautiful bouquet that adorned his desk. It was the gift of Mr. Jacob Lokker. Mayor Stephan publicly thanked those who had remembered him with flowers.

Marshall Irving, adjutant of the American Legion, was in Grand Rapids on business Wednesday.

Both fire departments were called out Sunday to a small roof fire at 20 East 15th street. A few burned shingles constituted all the damage.

MAYOR SAYS FAREWELL

TO THE OLD AND WEL-

COMES THE NEW

(Continued from Page 1)

city at large.

Fourthly, there has been a spirit of co-operation, enthusiasm and good will promoted between the various boards and departments during the past two years, which has been helpful and beneficial to the city as a whole. Every board and every department of our municipal government has worked earnestly and enthusiastically at their respective duties, and if this spirit can be maintained in the future we are sure to attain a full measure of efficiency in our local government.

Fifthly, we have changed the West Michigan Pike from West Eighth street and First Avenue, to River Avenue and West 17th street, which surely has met with the approval of 95% of our citizens.

Sixthly, in spite of many improvements made in the care of our city property, we have reduced the cost of operating this city during the past two years by \$29,000.00, as compared with the two preceding years. So much for what has been accomplished.

Now let us briefly discuss a few things which should be done. First of all, we must continue paving our streets. This year we are going to pave 19th street, 17th street, College avenue and 7th street, and as soon as we get these streets on the way we must immediately likewise

improve other streets, and keep up the good work until every street and avenue in this city is paved. This is positively a saving of money, because the constant maintenance of gravel streets is not only expensive but unsatisfactory.

Secondly, we should undertake the sewage disposal proposition. Something must be done to relieve conditions in the second Ward during the summer months. I fully sense that this is a large problem but I also realize and am convinced that the conditions warrant relief. The removal of this menace will increase the value of property in the Second Ward at least 50%, and as a city, we owe it to the residents of this ward to see that this work is done without any further delay. I have called attention to this matter before in a previous message, and I sincerely hope that it will not be necessary to do so again, but that you will put forth your best efforts to an early solution of this perplexing question.

Thirdly, we must make some adequate provision for surface drainage. For several years, the Council of this city have had under consideration the construction of a surface drain extending from Tannery Creek near 14th street, northward to the lake.

The Board of Public Works and our city engineers have from time to time laid before the councils the necessity of this improvement. The time has come for the city to relieve the Tannery Creek from a surplus of drainage which is taxing its capacity.

Last year we submitted the proposition of building a new hospital to our electors. While the proposition, as submitted, did not meet with the approval of the necessary three-fifths majority of the voters; nevertheless the result clearly proved that a majority of the people of this city are in favor of better hospital conditions. This is another matter which I impress upon you as something of great importance, and which should receive your earnest consideration. I sincerely trust that you will do something in the near future to relieve the present deplorable conditions of our hospital. We, who are well, surely ought to be willing and able to take care of our sick and unfortunate ones and do everything within our power to make it a little easier for these people to bear their burdens. I suggest that a Council Committee be appointed to again take up this matter with the hospital board and work out some plan or proposition for an early submission to our citizens.

I have always been a firm believer in adequate fire protection. This city has been fortunate in having a good volunteer fire department. It is second to none in this state. Most of these men are veterans in their work and have been the means of saving from destruction by fire, property amounting to thousands and tens of thousands of dollars. Bravely they work when called upon at any hour of the day or night. They have endured hardships when fighting fires in bitter cold, and risk their lives. This city is maintaining a fire fighting force at a minimum of cost. These men do not serve for the salary connected with their work, but they love their work and take patriotic pride in it. Our fire department is now asking, and this city needs additional motor driven fire apparatus, and I would recommend this to you for immediate action.

At this time I also wish to remind you of the fact that this is the sev-

enty-fifth anniversary of the founding of this city. It has been decided that we shall not have a public celebration of this event, but this does not necessarily mean that we should let it pass by without any notice. I would like to see something done which would have a permanent commemorative historical value in honor of the men who settled this colony, and who sacrificed and suffered hardships and starvation in order that the present generation might enjoy the fruits and benefits of their pioneer work. The names of these grand old men and women who were the pioneers of this section of the country should, in some way, be emblazoned so that the generations to come may always know, and remember them. I would like a council resolution authorizing the mayor to appoint a committee of council members and citizens whose duty it would be to give this matter immediate consideration and develop some plan of commemorating this seventy-fifth anniversary.

Gentlemen of the Common Council, the success or failure of the next two years of my administration will, to a great extent, be in your hands. At the beginning of my administration two years ago, I told you that this was not going to be a one-man affair, but that I expected each man to discharge the duties of the office to which he was elected, and assume the responsibilities of the same. The Common Council is the legislative body of this city. The Mayor is the executive officer. Each must have respect for the position and authority of the other, and not usurp any responsibility which is not fully his. I have insisted during the past two years, and will insist during the coming two years that these two branches of our government shall be kept separate and distinct; but at the same time I fully realize the absolute necessity of good will and close co-operation, and again, gentlemen, I beseech of you to continue your work with good will and co-operation.

You have been elected by your constituents to represent them in this body, and to you is entrusted the future of this city. I wish to impress upon you the responsibility resting upon your shoulders, namely, that to a great extent, the future success of Holland as a city, is dependent upon your action. I want to be a personal friend of each and everyone of you, and to assure you of my good will and friendship toward you all. I want you to feel free to come to me at any time with any of your problems, and I will be glad to counsel with you and try and help you solve them. I also want to feel free to come to you and talk things over with you individually or collectively, with the assurance that we have one motive, one desire and one ambition, and that is, the welfare and the happiness of this city, which we all love.

Gentlemen, I wish that I could make a lasting impression upon you of the sincerity and the earnestness of this desire on my part for a kindly co-operation between all the various departments of our city government. May the good and all-wise God help us and direct us in the work that is before us and may He guide and direct each one of us in our duties and deliberations in this council during the coming year. Having faith in Him and confidence in each other we can go forward with the work that is before us with an assurance that our city will be benefited and prospered in our official doings.

Joan Carver lived a life of terror in a lonely cabin in the mountains, beaten and bullied by a father who insanely hated her sex.

The story of Joan's flight with Pierre Landis, of her tragic marriage and its marvellously inspiring sequel is told in a picture that holds you tense in its spell.

STRAND and Tuesday April 24-25

Wednesday and Thursday: Zane Greys famous story: "The Lost Trail."

"Boosting Home Industries" is the title of an advertisement which was published at the expense of the Railroad Employees of Holly, recently.

The Committee which prepared the Appeal to patronize the Railroads as against the Motor Truck or Bus says significantly: "Everyone of these men feels that as one of the oldest industries in continuous operation—without a shut down—the Railroads serving Holly should have the support of the Board of Commerce, the Business Men, the Newspapers and the Community at large."

"Railroad employees spend their money at home. They contribute their bit to the support of home enterprises, home schools, home churches, and boost for all home improvements."

Is this not worth serious thought?
