Old and New Common Council In First Session

MAYOR BROOKS SURRENDERS
THE GAVEL TO MAYOR-
ELECT BOSCH

Alderman Wm. C. Vandenberg
Compliments the Retiring
Mayor

The old and the new mayors and common council met in regular session last evening at the city hall. It was the first meeting of the year when the newly elected officers exchanged places with those who are retiring. Every foot of available standing room in the council chamber and the adjoining committee rooms was filled with spectators; in fact there was not nearly room enough to accommodate all. These meetings, as a rule, are rather impressive since not a few of the old colleagues officially part from those who remain.

Mayor Brooks opened the meeting and in a few words of kindly comment to the old council and a welcome to the newly elected mayor and the new aldermen who will serve, he vacated the mayor's chair and turned the gavel over to Mayor-elect Nicodemus Bosch, who was in charge of the balance of the meeting.

Elsewhere in this issue will be found Mayor Brooks' exaugural message given at a previous council meeting.

Before the meeting opened Dr. Thomas W. Davidson led in the devotions.

Alderman Albert P. Kleis, who by the way was an opponent of Mr. Bosch in both the primaries and on election day, warmly welcomed the new mayor on behalf of the new common council. Mr. Bosch was assured by Mr. Kleis that he would receive the fullest cooperation from the members and himself for a constructive and economical administration and that he would receive the same wholehearted support that was given the retiring mayor.

At this juncture a sweet little lass came tripping through the council room with a large basket of flowers, which she gave to Mayor Brooks in behalf of the council, which the mayor acknowledged. Departing gracefully she soon returned with another large basket of "posies" for Mayor-elect Mr. Bosch, who also acknowledged the gift. The little girl was Miss Marian Geers, daughter of Mr. and Mrs. Henry Geers.

Mr. Vandenberg's address to the retiring mayor and from the common council and himself came right from the heart since these two men have been very closely associated not only in official matters that came up in the council chamber but they worked often together in civic welfare and Chamber of Commerce work. The address of Mr. Vandenberg follows:

It is my honor and my pleasure to thus address you for probably the last time while you and I hold our respective positions—as you as the head of our city government and I as a member of your council. I am speaking for myself and for these councilmen for I am very sure that without exception every member of this council and I believe the same may be said of all your councils, considers it a privilege to have worked with you and to have been a part of your administration.

You have been a hard-working mayor; you have given freely of your time, of your talents and of your means in administering the affairs of our city during the past four years.

You have been a fair mayor; politics, in the ordinary accepted understanding of that word have never been allowed to creep into the affairs of our city during your term of office.

You have been, indeed a representative mayor; you and your city have been signally honored through your selection last year to the presidency of the League of Michigan Municipalities. We believe you are entirely worthy of that recognition and we are very proud of the distinction achieved.

You have been a friendly mayor and it is this feature of your administration that I wish to emphasize.

Probably never in the history of our fair city have there been two more trying years than 1930 and 1931.

Industry began to lag in 1929, conditions became worse in 1930 and reached what we hope was a climax about the close of 1931. Unemployment in Holland, as almost everywhere the world over, became a serious problem, and with industry and idle men you were faced with conditions most trying to say the least.

But as I say you were a friendly mayor and Holland's unemployed have had food and clothing and shelter. While always concerned about the cost in dollars and cents your real anxiety was to make sure that there was no hunger and no suffering among our people. The cost and whatever mistakes we may have made in carrying out a well-defined plan and policy of giving relief and being helpful will

CONGRESSMAN EARNST BROOKS

Many Democratic friends of Earnst Brooks, former Holland mayor, are urging him to "throw his hat in the ring" as a candidate for congress in the Fifth district. Earnst Brooks would not comment when interviewed.

Coinciding with the annual craze for roller skating three sections of streets have recently been closed to traffic from 7 to 9:30 in the evening by the police department. The districts are: W. Fifteenth between Cleveland and Harrison, Maple between Eighth and Ninth, and Columbia between Twenty-second and Twenty-fourth-sts.

EARNST BROOKS Retiring Mayor

MAYOR BROOKS EX- AUGURAL MESSAGE

The message of Mayor Brooks below conveys just what his name implies, "Earnst." He is not patting anyone on the back but in an honest and sincere manner pictures the trials that have confronted the mayor and common council during the past two years.

Mayor Brooks and his colleagues have made an honest effort and we sincerely believe we can say "Well done, thou good and faithful servant."

The message follows:

It has been customary for retiring administrations to comment on the city's activities during their tenure of office.

As I look back upon the expectations which were in my mind four years ago, and which I expressed to you as my council, I cannot help but see how little has been the realization of these expectations. My abilities are far short of those required to accomplish the many things I had in my mind. Yet I cannot confess to a lack of co-operation. Our several committees and our many boards, changed from time to time as they have been, have more than taken care of the strenuous campaign of work outlined for them. They have taken on additional duties as they themselves have seen a need, and of their own accord have instituted improvements which, in my opinion, in every instance worked for the betterment of Holland. It would show a lack of a proper appreciation should I leave, without expressing to each and everyone of you who has been a member of this council with me, my honest conviction that you have worked faithfully and honestly in your endeavors to represent truly the people who have placed us in these high offices. I must extend this word of appreciation to include each and every member of our boards, our officials, and the entire official family of the city of Holland as well as the many fellow citizens who, though not a part of our official life, have given generous encouragement to the administration in its wondrous undertakings.

The finances of the city are far from being in as excellent shape as I would leave them had I further choice in the matter. This condition exists because of two things.

First, the inability of a large number of our people to pay their taxes.

Second, because of the extraordinarily heavy expenditures which the city has made during the past two years of unemployment relief and for welfare work. It was necessary to make a choice between increasing the city's indebtedness or allowing the unemployed to shift for themselves, to attempt to carry their burden alone. If we have erred in the choice we made our hope is that we have erred on the side of humanity. We have always believed that the total wealth of Holland was sufficient to insure against the suffering of any of its people. We have always believed it to be an inherent governmental function to provide for those who, through no fault of their own, are unable to provide for themselves.

It is but natural that every administration takes pride in pointing to its material accomplishments—to some fine public institution erected under its supervision. Such has not been our lot. Instead of dealing in brick and mortar, we have dealt in food, clothing and shelter and although we may not have made the material progress which we planned we have helped to maintain the spirit and morale of our own people. If benefits accrue to the community from such activities, as we believe they do, we have builded well.

If we may presume to give one thought to our successors, it is that some provision be made, by a co-operation between the city and our banks, so that no property owners in Holland will lose their homes this coming May through their inability to pay their taxes for the past three years. Possibly this will be done through legislative enactment. If not the city must not allow this opportunity to be of lasting service to pass.

Though we feel a certain temerity in reviewing the past four years we have confidence that Holland has maintained its enviable reputation of being a clean, wholesome and God-fearing community; that there has been no lessening of the constant vigilance which has always maintained the high moral tone of our city.

I believe no one could have found greater pleasure than have I in such service as I have been able to render my city during the past four years, particularly because each one of you has assisted so materially in co-operating with me in making every what might otherwise have been a burden, and in giving in such a way that whatever measure of success has been ours, has been yours as well.

EARNST C. BROOKS.

Must Give Value Received Says Mayor Bosch

NEWLY ELECTED MAYOR
GIVES SHORT BUT INTERESTING MESSAGE

In this column will be found the inaugural message of the newly elected mayor Nicodemus Bosch. The message is short and to the point.

Mr. Bosch's keynote is the elimination of waste. Holland as well as other cities is facing an economic situation such as we have never experienced before and Mr. Bosch promises that the needy will not go hungry, but that the work given out by the city to needy must be real work.

The message below is not filled with promises but rather stands four square for an economical saving administration.

Here it is:— April 20, 1932

To the Honorable, the
Common Council of the
City of Holland:

Gentlemen:

In assuming the duties of the office of Mayor of the City of Holland and undertaking the tasks that lie before us, I am indeed mindful of the sacred responsibility that rests upon me. We now find the whole world involved in a depression, a period of financial unrest that is to test the stability of our economic structure and the strength of our political institutions. The success or failure of our Government to fight back to normalcy will depend upon the sum total of the achievements of all the individual political subdivisions. The contribution of our municipality will depend upon the efforts of the individuals that compose its citizenship. This condition therefore demands individual responsibility, public leadership, and unflinching co-operation on the part of all.

To have been selected for this high office during these trying times is a compliment of which I will strive to make myself worthy. The confidence placed in me will never be betrayed. You have my pledge to serve this city to the best of my ability in the hope that in the end the accomplishments of this administration may reflect credit upon the good people of the City of Holland.

The effects of this depression are known to all and felt by many. I do not propose to offer a solution which is challenging the attention of our country's ablest leaders, but I am most interested at the present time in our own unemployment problem. I do not propose that any of our citizens go hungry. Neither do I propose that the taxpayer's money be used to pay wages for services that produce no valuable returns. We must make a renewed effort to work out our relief project by giving employment to such labor as will produce results of a constructive nature. Giving employment for employment's sake must stop. There must be no waste. There is plenty of essential work that can be outlined if everyone in the administration will do some constructive thinking. Even the laborer wants to see a worth while accomplishment. He does not want to be looked upon as a pauper or a dependent.

Many are shouting for Leadership and Economy in the high places and forget to begin at home to contribute to their own welfare and general situation. I hope this administration will not only take economy but truly practice it. There is enough for all of us providing we give the necessary attention to the proper distribution of it.

To keep our city a PLACE WHERE FOLKS REALLY LIVE we must become a united people and have team work and harmony in everything we do. To this end, that we may work in closer contact and with the fullest co-operation, I propose to appoint special committees so that every important club and organization in the city may keep in touch with and have representation in the city government.

At some future time I will discuss the financial condition of the city so that everyone may have full information. The people are entitled to know what their money has been used for in the past and what it will be used for in the future.

From the dawn of civilization, history records the prosperity of Christian nations and God-fearing communities. We are a city of churches and Christian education. We need Divine guidance in all our activities. I ask for prayers from the churches and homes, that we may be guided wisely and safely in the administration of public affairs.

Respectfully submitted,
\$80,000 WILL OPEN
SUGAR PLANT

Col. Thomas B. Gallagher of Toledo, president of the Great Lakes Sugar Co., and one of the receivers for the Holland-St. Louis Sugar Co., has advised Holland business men that stock purchases approximating \$80,000 would have to be raised to assure the reopening of the local plant.

Agitation for opening the plant was started some time ago by the Holland Chamber of Commerce and a portion of the necessary acreage of beets had been subscribed by farmers in this section.

Those who attended the meeting at Warm Friend Tavern were Frank Lievens, Dick Boter, Bill Eaton, Charles Gross, John Arendshorst, Jim McLean, Sears McLean, John Vanderveen, Charles French and Ben Mulder.

In line with the Ottawa county board, the Allegan board of supervisors has reduced the daily salary of its members from \$5 to \$4. A reduction of 50c per child per week was made effective for 245 on the mother's pension list.

FIFTY YEARS AGO TODAY

The drug store of T. E. Annis & Co. changed hands this week, the purchase being made by Dr. Henry Kremers and Wm. Z. Bangs. Note. The store was located in a wooden building about where Henry Brinks' book and stationery store is now. Dr. Annis many years ago built what was considered a beautiful home in its day, with observation tower on the roof and everything. The house is the old Stevenson homestead still at the northwest corner of 13th street and River avenue. The home of Dr. Kremers became Holland's first real hospital, now Knickerbocker house.

The Odd Fellows of Holland will celebrate the 63rd anniversary of the founding of the order in the United States on Wednesday, April 26, 1882. All the neighboring cities will have representatives from their order present. Note: Accordingly the lodge existed in this country 113 years ago. Holland still has a large and healthy organization.

The bonds of the liquor dealers at Grand Haven were fixed at \$3,000 by the common council, the lowest sum the law permits.

Rev. D. Van Pelt, pastor of Hope church, will conduct services as usual Sunday morning and evening. Rev. M. D. Terwilliger, pastor of the First Methodist church, will have as his subject "Fervent Services in the Kingdom of God." Evening. "The Physician." Note: Those are the only Dutch churches considered announcements in secular newspapers too worldly.

A large party of 30 immigrants arrived in town from the Netherlands. There was quite a noise when they "klomped" along on the wooden walks.

TWENTY-FIVE YEARS AGO TODAY

Fred Beuwer of Lokker Rutgers Co., is on the sick list. Note: We are happy to relate that he has fully recovered.

Miss Floy Raven has been selected valedictorian of the class to graduate in June. Miss Kate Steketee will deliver the salutatory and the following comprise the other speakers on that program: Miss Christa Barber, Miss Phyllis Allen, Ernest Kremers, Cy Hansen and Benjamin Van Eyck. The class numbers 20.

Will Diekema, a Holland High student and son of the next congressman, was a delegate from Holland at the county convention. The Tribune apparently got the name wrong. It should be Willis.

Holland's architect, James Price, has completed the plans for the addition to be built to the Holland shoe factory and bids for building are now being accepted. Rush of business compelled the local firm to enlarge.

The News announces the marriage of Miss Matilda Danson and Mr. John Boone. Rev. John E. Kuizenga performed the ceremony assisted by Rev. John J. Bannanga, brother-in-law of the bride and missionary in India. Mrs. Geo. Pardee, sister of the groom, played the wedding march. The marriage took place at the home of the mother, Mrs. Wm. Danson.

PICTURES FORMER HOLLAND WOMAN

The Grand Rapids Press prints a large photo of Mrs. Alfred T. Sirrine formerly of Holland and underneath the picture the following appears:

Mrs. Alfred T. Sirrine will serve a second term as president of the Grand Rapids Federation of Women's Clubs. The election was held on Thursday afternoon at the Women's City Club.

She was formerly Miss Masten instructor in Holland High school.

Even the stressful period has made some inroads on our attractions. Holland's Santa Claus, George Getz, who has done so much for this community, for our fair and has helped along other enterprises covering a period of more than twenty years, and who has spent thousands upon thousands of dollars annually to keep up a show place as fine as there is in the middle west, free to the public, will this year demand a small return, which will at least partially pay for the upkeep of the zoo and the floral and horticultural display.

The animals are still all there with Bi-Ri, the lion cub, the first one born on Lakewood farm, added to greet the folks.

Andy Petersen, the farm superintendent, states that Mr. Getz will add some more fine rare birds and animals to the zoo and the whole

We notice among the list of graduates at Hope College this year John A. Roggen. He has been a most popular and hard working pastor at Hamilton for a number of years. Arnold Mulder, the editor and author, is also in the list as is Miss Mae L. Brusse of Holland, and Arthur Rosenraad of Zeeland.

John Vander Veen and J. B. Mulder won the gallery trophy at the state whist contest played at Hotel Pantland Friday and carried home with them an elegant silver cup. This cup will have to be contested for again next year. However, the Knights Whist Club will hold it for the coming year. Besides capturing the cup they were each awarded a beautiful scarf pin. Note: Whist then, like bridge today, was all the rage and Holland in the state. A few weeks ago there was printed in these columns how and who in Holland won the Western Michigan whist contest at Hotel Holland.

Herman Steketee, of Holland, is the possessor of a valuable relic that is the envy of seekers of historic relics. It is a piece of wood taken from the old man-of-war "Constitution" that did such valiant service in the War of 1812. The ship was commonly called "Old Ironsides" and is one of the oldest vessels owned by the United States. The relic was sent him by Ed R. Ballard of Woburn, Mass., who is well known in tanning circles here. Note: The "Constitution" has just been overhauled and rebuilt and will be shown in every port in the United States. Some time in the future "Old Ironsides" may be seen in Holland harbor, like the old prison ship a few years ago.

FIFTEEN YEARS AGO TODAY

The Holland City State Bank has purchased a beautiful silk flag and it is flying today from a pole placed on top of the bank "with the clock."

Gerrit Neerken, proprietor of the Home Laundry here, and Benjamin Neerken, cashier of the Commercial State Bank of Zeeland, will celebrate their birthday anniversary Sunday. Although not twins, they were born on the same day of the same month in different years.

A marriage license has been issued to Wm. Por and Bessie Door both of Holland township.

Cupid will form a triple alliance this afternoon at 2 o'clock at the home of Mr. and Mrs. Wm. Kooyers of Crisp, when their two daughters and a son will be among the principals in a triple marriage ceremony. The contracting couples are Miss Hattie Kooyers and Geo. Nienhuis; Miss Johanna Kooyers and Manley Looman; Miss Martha Mulder and Wm. Kooyers. They will all make their homes on farms in Crisp. Note: We are still wondering what the dominee's fee would be in a case like that.

In a discourse before the Woman's Literary Club, Prof. E. D. Dimmitt told of Holland's bill of fare given in an economic review. In short he said that Holland consumes 2,000,000 eggs each year, 540,000 pounds of butter, 33,000 bushels of wheat, 3,000 hogs, and, per person, 85 pounds of sugar. The News devoted about a column on the discourse and other parts of the program.

The year when the newly-elected mayor and other officials go into office and accompanied with more or less light heartedness, a sadness pervaded the council rooms immediately when the report came that Roy B. Champion, who was dearly loved by every city official, was passing.

The death of Mr. Champion was not unexpected. He had been stricken repeatedly, covering a period of at least two years. However, his indomitable will, his wonderful courage and faith always carried him through to carry on again for Holland.

Undoubtedly Mr. Champion was about the busiest man in this city. He would never allow his work to be done it would seem, always finding something more to do, and for that reason he ranked as the most efficient and able superintendent possibly in the state of Michigan.

Mr. Champion first came to Holland on October 21, 1907, serving as an electrical engineer under Superintendent James De Young, succeeding Mr. De Young in February, 1911. He served Holland faithfully until 1918, when he was given a very flattering position at Chester, Pa., as manager of an unusually large water works plant. However, the heart of Mr. Champion and that of his family was not in Chester. Although he was given large remuneration for his services he preferred to be in the city of his adoption at a salary more modest.

He returned to Holland in December of 1920, and was again superintendent of the board of public works, and not only were the city officials much pleased but Holland generally was glad to see the genial, thoughtful, loyal Roy on the streets of Holland again, looking after the interests of Holland's municipal holdings, the earnings of which—through honest effort and efficiency—speak volumes.

Through his guiding hand Holland's municipal light plant stands out as a model—pointed to by believers in municipal ownership as an example of what can be done for a city in an efficiently conducted plant. It is also pointed to throughout the country by privately owned enterprises as "only one of a few plants throughout the nation that has made good because of an able superintendent and the elimination of politics."

Mr. Champion not only devoted a lion's share of his time to the local plants but still found a little time left which he shared in promoting civic welfare.

He also was an ardent church worker, being very active in Third Reformed church, where he and his family were members. When he first came to Holland he was very enthusiastic in developing the Christian Endeavor society, becoming president of the local organization, later being promoted to the presidency of the district.

Upon his retirement he was made a life member of the district organization.

He was selected as the official delegate from the Iowa institution for the inaugural ceremonies for Wynand Wichers, Hope college president, last October.

Mr. Champion also took an earnest part with other citizens in aiding the Salvation Army to help harbor and guide wayward girls in Ottawa county.

Mr. Champion was born in Loveland, Ia., on October 21, 1881. Later his parents moved to Iowa City, where Mr. Champion graduated

THE \$10,000 EGG EXCHANGE
BUILDING STARTED

The new \$10,000 egg exchange has been started by the Hamilton Farm Bureau. The railroad company has given its consent. The old Pere Marquette depot was sold to John Van Heulen and has been moved to one of the vacant lots owned by Mr. Van Heulen. Excavation will be finished this week and John Brink and Herman Kulle, contractors, have promised to rush the building to its completion in about two months. It is expected that the farmers will have the benefits of the new building during the coming summer season.

LITTLE GIRL SEVERELY BURNED STANDING ON HOT KITCHEN STOVE

While playing about the house at her home in East Holland, the three-year-old daughter of Mr. and Mrs. Anthony Bosch was severely burned about the feet and legs last Friday, when she came in contact with the kitchen stove.

During the absence of her parents, while playing with other children, the little girl slipped something on a shelf above the stove that interested her, when she proceeded to climb onto the stove. Her shoes prevented her from realizing the heat at first, and when this penetrated the soles, she was in agony that caused her to fall from the stove meanwhile burning her legs also.

She was immediately brought to a Zeeland-physician where her injury was reduced and she was made more comfortable. At this time she is recovering nicely from her misfortune.

MICHIGAN HARDWARE MEN MAKING TRIP THRU STATE

The Michigan Retail Hardware Assn. is on a selling rampage. They are now on a two weeks trip about the state in automobiles and will be at Warm Friend Tavern at Holland for a 7:00 o'clock dinner, Thursday, April 28. J. E. This discourse will be followed by a sales school. Hardware dealers, their wives, clerks, and traveling salesmen will attend.

He also was a member of one of the divisions of the Iowa national guard, university battalion, and received a splendid medal for showing the best score in marksmanship.

Mr. Champion was wed to Ona G. Schaeffer of Iowa City on June 18, 1907. The couple moved to Chicago, where Mr. Champion became superintendent of construction of the North Shore Electrical company, where he stayed until October 21 of that year when he came to Holland.

For many years Mr. Champion was teacher in the Sunday school of Third Reformed church, later becoming assistant superintendent. He also acted as president of the Social Progress club for a time and acted as regent in the Sons of the Revolution. He was a member in both the Holland Chamber of Commerce and the Exchange club and was affiliated with Holland Castle Lodge, Knights of Pythias.

MAYOR BOSCH

Some Building Activity in City of Holland

HOLLAND MUSHROOM FARM
ADDS TEN THOUSAND
SQUARE FEET TO
BUILDING.

One of those enterprises little known of to Holland folks but fairly known in the larger cities, is the Holland Mushroom farm in the Diekenia Addition at the west limit of Holland.

The farm was started some two years ago and at first a building of 10,000 square feet with power, house and heating plant were installed. Now an additional unit of 10,000 square feet is being added. The plant is managed by Julius Brusse, son of ex-mayor Henry Brusse, of this city.

The season has just begun and the plant has turned out its first shipment of six tons. This consignment was sent to Grand Rapids.

The growing of mushrooms is an interesting departure. The two buildings mentioned are 30 feet high, 50 feet long, and 20 feet wide, made of concrete and natural light. They contain no windows, for growing mushrooms need moisture, heat and darkness. These buildings contain six beds, one on top of the other. It takes three months to get a good crop started and four months to pick the beds clean from this growth.

Last year the Holland Mushroom Farm produced 75,000 pounds of mushrooms.

The popular brand that has taken hold in Grand Rapids, Chicago and New York is the "Wooden Shoe" brand. This label is embossed on all the packages and it is evident that this table delicacy is growing more popular every year.

Mr. Brusse states that there are three crops a year and that during picking and shipping time eight men are employed. However, with the preparing of the beds in which extra care is used in fertilization twelve more men are employed.

It is naturally pleasing to know that this small diversified industry is turning out very successful. The long list of small plants, most of them working full time or nearly so, have been a real asset to Holland's industrial welfare and collectively these mean much to Holland for all together there is quite a payroll each week.

The Holland Mushroom Farm is proving one of those assets. The citizens of Holland are pleased to know that this enterprise, like so many others in Holland and vicinity, starting from a small beginning, may grow to tremendous proportions.

The internal growth of a Holland enterprise means as much to us as does a new factory and we sometimes wonder if a little of this home development sustaining the growth of our plants we have, wouldn't count for more than the securing of new and sometimes financially questionable enterprises from abroad.

EAGLES TO HAVE PROMI- NENT SPEAKERS HERE

Monday evening, April 25, there will be nomination of officers for the coming year at Holland. A matter of vital importance to the matter will be discussed. State Senator Conlin of Grand Rapids and Representative Kirkwood will be speakers. Refreshments will be served after the meeting.

BUILDING ACTIVITY IN ZEELAND

The Zeeland Ornamental Co. have begun the erection of an addition to their factory building on West Washington street, surely a little spring lining to the otherwise dark cloud.

Holland is also building a mushroom plant and Hamilton a \$10,000 egg exchange. Mayor-elect Bosch of Holland is to build a beautiful home and has some other building operations in view. This at least is a start.

Liquor Raid At Zeeland Successful

FIND MUCH HOME BREW
—TO BE TRIED AT NEXT
TERM OF COURT

Zeeland police made another successful liquor raid at about dusk Tuesday evening when they entered the home of Andrew H. Lamer on Harrison street on a search warrant, finding four cases of twenty-four pints of home brew each, or ninety-six pints in all, bottled, besides two crocks full holding about twelve gallons of home brew in preparation.

The raid was made by Chief of Police Ed Ryenga and Deputies Fred Bosma and William Glerum who were in possession of the evidence, but Lamer offered no resistance and was brought before Justice Jarrett Clark of Zeeland, where he waived examination and was bound over to circuit court for trial at Grand Haven, where he will appear before Judge Fred T. Miles. His bail was placed at \$500 which was furnished by his brother.

Who says business isn't booming? Ask the firms which manufacture uniforms and costumes. They report that orders are piling in for satin knee-breeches, Watteau dresses, brocaded cutaway coats, white wigs and all the component parts of Colonial dress. In the various celebrations of the Washington Bicentennial year it appears to be incumbent upon those taking part to be garbed in approximations of the costume of the period. We all know that, whether they will admit it or not, adults are merest children when there is a chance to "dress up," and the present occasions offer a perfectly legitimate excuse that might almost be construed as a patriotic obligation! All over the Country programs are being planned for Memorial Day, Flag Day and, of course, for Fourth of July. Consequently everyone who intends to get rigged out in the dress of George Washington's time may regard himself or herself with complacency, since not only is the passion for donning fancy dress being gratified, but business is being created in this branch of the garment trades.

NEARLY A THIRD OF MICHIGAN MOTORISTS HAVE NO DRIVERS' LICENSES

With only a little more than one week remaining before May 1, Department of State records show that there are between 300,000 and 400,000 motorists whose old licenses expire on that date and who have not secured new automobile operators' licenses.

Fishing Tips

The month of April is an ideal time to do some fishing on the lawn. Of course, this sport is not the way to catch fish, but it is excellent practice both for fly and bait casting. It gets your eye in trim and your wrist all limbered up before the first of May.

There's another value to lawn-casting, too. It's an excellent outlet for fishing fever. Rig up your tackle, select an open place free from trees, brush and other obstructions, lay out a barrel hoop or paper circle, and go to it.

Of course, it is nice to cast on water, but few of us are fortunate enough to live near a pool suitable for practice. For practical purposes it might be well to cut off the hook from your fly, or to use a regulation practice plug if you are casting. In either case, you should develop accuracy and a general all-around improvement in placing the lure.

STARLINGS REGARDED AS TABLE DELICACY

Starlings, foreign birds in the class of the English sparrow, are said to be a table delicacy. These birds are spreading over the country in greater numbers every year and are not protected in Michigan. While they have a cheerful warble and are destroyers of insects, their rapid increase is being frowned upon by bird lovers because of their propensity for driving native birds from nesting places and their habit of gathering in flocks of thousands and overrunning communities.

CHICAGO REFORMED SYNOD WILL HOLD MEET MAY 4

The Chicago synod represents the classes of Chicago, Grand Rapids, Holland, Illinois, Muskegon, Kalamazoo and Wisconsin.

OUT-STATE TRUCKERS MUST HAVE MICHIGAN LICENSES

Truck owners who reside in other states, but who make daily or regular delivery trips into Michigan must secure Michigan license plates according to an opinion given the Department of State by the attorney general's department. Another opinion of interest to owners is to the effect that trucks operating continuously upon private property do not require license plates and are not required to pay the weight tax. But the plates and tax become necessary if the truck is operated on a public highway even for very short periods of time.

LEATHER BUSINESS

Michigan manufacturers in the manufacture of leather and leather products 687 Michigan industries showed \$9,696,000 net income, while 325 others, doing \$147,000,000 of business, showed nearly \$11,000,000 of deficits, for an average loss of \$34,000 each.

Grand Haven Proposes Coke-Coal Ordinance

SAY IT IS TO CURB "WILDCAT" COAL SELLERS IN CITY; MUST PAY \$25 LICENSE FEE

A hearing on the proposed coal and coke ordinance will be held at the council meeting April 18, it was decided last night when City Attorney Charles E. Miesner presented a draft of the proposed ordinance at a meeting adjourned from Monday night.

The ordinance provides for a \$25 license fee for inspection of coal to determine whether dealers are delivering the quality and weight ordered. Police officers would be given the power to make inspections of coal loads when they chose. The ordinance is also designed to keep out "wild cat" dealers, who, with no coal yard or storage place to pay taxes on, get in cars of coal during the winter and peddle them about the city.

Penalty for violation of the ordinance is fixed at up to \$100 fine or 90 days in the county jail or both. Under the ordinance factories will be prohibited from selling coal to employees unless the ordinance is complied with. Objections to the proposed ordinance may be made at the hearing.

The ordinance proposes that no person, firm or corporation, except as provided in the ordinance, shall deliver any coal or coke which is sold by weight, unless the driver or person actually making the delivery shall be possessed of a certificate in writing, or partly written and partly printed, together with a duplicate which shall show, with the name of the licensed coal merchant and the number of his license, the address or location of storage yard from which the fuel is delivered; the name of the purchaser, the identification of the party who weighs it and the net weight of the fuel; the kind and the quality of the fuel delivered; kind and weight of each, if fuel is mixed, and the weight of the vehicle checked are other items covered by the proposed new law.

Section three proposes that the ordinance shall not apply to those cases in which the license has been issued and is delivered the entire load of fuel to one party without weighing or measuring the same; it shall be unlawful for any person, firm or corporation to substitute or mix fuels except when the fuel has been sold as such; it shall be unlawful for any person, firm or corporation to sell, offer for sale, deliver or advertise any coal or coke by any name which is not the true, usual and customary name of the same, states the ordinance.

Poor coal men are getting it from all sides. The oil burners have made inroads into the coal and coke business and during the depression many coal dealers have given credit to needy and the payment outlook is surely not reassuring.

Vigorous protest is being made here against the proposed coal and coke ordinance to license coal dealers and those who sell coal to employees.

The council, following a hearing last night, laid the matter on the table. Factories and institutions have been in the habit of selling coal at cost to employees. The hearing was largely attended, the consensus being that the poor man would suffer and that coal dealers were being protected at the expense of the majority. Dealers claim their investment and carrying charges make it necessary to ask for restrictions.

ELECTION RECOUNT MADE

NO CHANGE IN RESULTS

Because of the large number of

ballots not counted at the Zealand

election on April 4th, there devel-

oped a strong demand for a re-

count, since the totals reported by

the board of election inspectors

gave Dave Vereeke only five votes

below Edgar H. Hall, his next

higher opponent.

The firemen and their friends had

made a strenuous effort to elect Mr.

Vereeke, so their failure was an

added incentive to make the try at

a recount. From the onlookers' point

of view the ninety ballots not fac-

counted were principally Republican

voters who presumably had split

on Vereeke, but the ultimate

count did not change the result of

the election, but materially added to

the majority of his opponents.

Under Sheriff Marvin Den Herder announces his candidacy for nomination to the office of sheriff on the Republican ticket. Owing to the fact that Sheriff Steketee is again in the race, Mr. Den Herder has been reluctant about entering the race, but as he had planned for the past four years to run at this time, he feels it his duty to now protect his own interests and prospects.

Mr. Den Herder is now in his twelfth successive year as deputy and under sheriff. Starting in 1921 as a deputy sheriff, he was retained and appointed chief deputy by Sheriff Fred Kamferbeek when he took office in 1925. When Sheriff Steketee took office in 1929 he, in turn retained Mr. Den Herder, and appointed him under sheriff.

Mr. Den Herder has never run for any county office, but now feels that the sheriff's office at Grand Haven has fitted him for that office. He believes he is thoroughly able to conduct the office, having executed all the departments, including the civil and clerical work, as well as the criminal work. That from his experience and knowledge of the sheriff's duties he can and will give proper service to the public to which they are justly entitled.

He is entering the race only on merit and his record as an officer, and is not pledged to any officer or deputies, and that if elected he will do his best to fulfill the duties of the office, and to appoint as deputies only such officers as are fitted for this work, and who will best meet the needs of each respective community.

Mr. Den Herder is 34 years of age, being born in the city of Holland and lived there approximately the first twenty years of his life. He is married and has three children, 8, 12 and 14 years. He received his schooling in Holland, but left school to work while a sophomore at Holland High.

Cows Are Cows In Allegan County

The West Allegan Dairy Herd Improvement Association has just finished the best year it has ever had. 184 cows completed the year, with an average of 414.3 pounds of fat and 8211 lbs. of milk. The average cost of grain per cow was \$43.67. Total cost of feed was \$84.09. Value of product above cost of feed \$66.24. It cost 18 1/2 cents to produce one pound of butter fat and \$1.06 to produce 100 lbs. of milk.

Mr. T. Nichols of Fennville, has the high herd, his six cows averaged 530.9 lbs. of fat and 9228 lbs. of milk. The average cost of feed per cow in this herd was \$88.47; value above feed cost was \$66.51. It cost Mr. Nichols only 16 cents to produce one pound of fat and only 98 cents to produce 100 pounds of milk.

The largest herd in the association belonging to Frank Lane of Bloomington, was high in milk production, his 21 cows averaged 10819 lbs. of milk and 360 lbs. of fat. Mr. Lane's average cost of feed was \$75.12 and value above feed cost was \$92.50. Eight members sold more than 10 per cent of their cows for beef. All but four members have milk houses. All members either have drinking cups or tank heaters. 14 members either own pure sires or partly proven sires. One sire, Eminentas Golden Raleigh, owned by the Casco Jersey Cattle Club, had 15 daughters that averaged 7722 lbs. of milk and 404.9 lbs. of fat, an increase of 53.9 lbs. of fat and 1305 lbs. of milk over their dams at the same age; this alone on the 15 daughters, amounts to \$199.20. Does good sires pay?

Paul Cheney, tester of the Central Allegan Dairy Herd Improvement Association reports that 306 cows in 21 herds were on test for the month of March. The Association average, including 33 dry cows, was 751 lbs. milk and 30.75 lbs. of butter fat. During the past month three members have purchased pure bred bulls from high producing dams. Four boarder cows were sold for beef. All herds on test made a profit above feed cost.

Henry Overbeek, Hamilton, has high herd; his six pure bred holsteins averaged 1311 lbs. milk, 48.95 lbs. fat.

Howard Russell, Otsego, has second high herd, 1367 lbs. milk 47.79 lbs. fat, average from 7 pure bred holsteins.

James Overbeek has high cow, a pure bred hol

The Holland City News a few weeks ago pictured the Girls' Glee club of Hope college on their eastern trip to New York and other eastern states. The above picture is that of the Boys' Glee club of this institution who have returned from a two weeks' western trip through Indiana, Illinois and Wisconsin. The Hope Anchor editor gives the itinerary of the boys in the following words:

"Just twenty-four hours after the girls' club left for the East the boys' club went west. Twenty-eight college men of destiny with one Prof. Prof. Vander Borgh, staidly bid goodbye to the small crowd that came to see them off and rode away from Hope's campus with Matilda, the bus, and Al, the driver, at the wheel. Pardon us. We said twenty-eight men. We should have said twenty-seven. One of these college men was not so staid enough, and decided to stay home and play the part of an appendix. The only difficulty we can see is that the said person might have made rather a plump appendix."

"And so we, the Hope college Men's Glee club, proceeded on our way. We stopped at Michigan City to fill the feed baskets. We arrived in South Holland about two hours ahead of schedule. After a wonderful meal from our hostesses we assembled at the church for our first concert. It was enjoyed by all, although the boys were a little nervous."

The next morning we assembled at the church, and after bidding goodbye to Rev. Muilenberg, we were picked up by Bertha, the daughter of Matilda. Bertha took us to Roseland, Chicago. Leaving

our baggage at the church, we dispersed for downtown regions. Some visited the Aquarium and Planetarium, while others went other places. About dusk, as streetcar after streetcar rolled by and stopped in front of the church, the men of destiny one by one climbed down off the street cars. After standing for fifty blocks, we were almost ready to give the conductor some cents to let us get off. In spite of the chasing about the loop, the concert was a success.

The next day each one found his own way about the city. Some continued exploring the loop, while others took a much needed rest. The concert, which was at Rev. Althuis' church was successful except for the music falling off the piano during one of the numbers, causing an awkward pause, but the boys smiled nonchalantly, even without a Murad. There was one person who did not smile, especially several days later.

On Friday morning we were up bright and early. We sang at the Christian High School of Englewood, in which Paul Brouwer, a senior of last year, is teacher. We were encored again and again but we had to take into consideration the fact that the students were missing a recitation. That's quite the human thing to do.

Outside Al and Matilda were waiting for us. Both seemed to know Chicago very well, for they took us through the loop, on to Michigan Boulevard, Sheridan Rd., through Evanston, and on to Dempster Road. Then we settled down for the trip to Milwaukee, where we arrived in a drizzling rain about three o'clock. We were given a "powerful" banquet at the church. Lindsey entertained us with a read-

ing, and we might have still been there if the waiters had not stopped him. The concert followed immediately. We had the smallest audience of the trip, but received the largest collection. Everyone had a splendid time, even Al. Some even went to the Zoo. They have wonderful street cars. Milwaukee seems to be an example for many cities.

Saturday morning we left for Cedar Grove, a quiet little town. Al asked someone where he could get a cup of coffee and he was laughed at. We stayed until Monday at Gibbesville, where we were again given a ripping banquet. John Samson, Harry Friema, and Cornie Vander Naald were the jokers of the evening.

On Sunday morning we sang at the Reformed church in Oostburg. All attended Sunday School breaking the attendance and collection record. What Sunday dinners the people in Oostburg put up! It may be said that fellows always have their mind on their stomachs, but this was one time when we could not take our minds of these stomachs.

With the afternoon as a settling process, we went back to Cedar Grove. In the evening we gave a concert to the largest crowd of the trip. Everything was fine except when our wonderful pianist struck the wrong key and put the soloist in a very embarrassing position. After the concert we were all invited to the home of Mr. and Mrs. Mentink. We met the teachers of the Wisconsin Memorial Academy.

The next day we left for Sheboygan. We received another good impression of the Wisconsin people. During the concert "Long John" Arnie Van Zanten stepped on the

platform without using the steps, and for a minute we had to collect ourselves. After the concert some of the fellows certainly saw all the sights of good old Sheboygan.

Tuesday, and we were off for our last stopping place. But, Matilda proved extra thirsty and so we were rather slow in the day's progress. Still we arrived in Chicago an hour ahead of time. The wait proved interesting as we saw three little pickeninnies fight for a nickel. The last concert was really the most successful of the trip. Our pianist felt so good he wanted to take a school teacher home, but he was forbidden by the host and had to sit in the front seat with the driver, while one of the college men of destiny fulfilled poor Billie's fondest hope.

The next day after several of the boys had put some of the Jews wise on Maxwell street, and had come home with some bargains, we set out for home. On the way home we gave Al a little token of our appreciation of his fine service, and then dedicated the petite song of Allouette to him. At half past five the men of destiny drew up before Voorhees Hall convinced that they had fulfilled their destiny.

The trip was a huge success in many ways. Let us enumerate the benefits and the people who were benefited.

The College itself, the Boys' Glee Club, the Churches of the Reformed Church, the Jews on Maxwell Street, and the United States Postal Department, and we hope dear Billie benefited especially on his birthday. Ah! Men of Destiny, we do not belong to the past, the past belongs so us. Ours is the glorious future.

Nobody ever thinks of Professor Hanson as an interior decorator. Nevertheless, anyone who visited the assembly room after school last week could see perched on the top of a high stepladder, sponge in one hand, paint pail in the other, Professor Hanson in the role of a painter. He was stippling a set of scenery for the senior play. Professor did a fine job and due to his efforts the stage looked like the interior of an attractive residence.—Holland High Herald

SHERIFF STEKETEE

Announces himself as a Candidate for Re-election

I wish at this time to announce to the voters of Ottawa County the fact that I am a candidate for re-nomination on the Republican ticket at the primaries in September.

I allow my record for economy, strict attendance to business and the cleaning up of hundreds of criminal and other cases to be thoroughly scrutinized. It is an open record well enough known to the members of the Board of Supervisors and the other county officers.

It is known by the citizens of Ottawa County that I have officially served as an officer of the law for 24 years, 20 years on the Holland police force and 4 years as sheriff.

If you feel that my record as a public officer has been satisfactory, then I would ask that you give me your endorsement if this is possible at the primaries.

Sheriff of Ottawa County.

TALKING PICTURE AT MONTELO PARK SCHOOL NEXT WEDNESDAY

The G. Cook Company of Holland is showing for the benefit of farmers in this community the new educational talking picture, "Dave Lowell Figures it Out," at the Montello Park school Wednesday evening, April 27, at 8 o'clock.

This picture is unusually interesting as it shows how Dave Lowell solved his problems and overcame some of the obstacles which confront dairymen of every community.

Dave was losing money and he had to do something about it. The events which led to Dave's later success make the most interesting, instructive talking picture ever produced on the subject of dairying.

Here is your chance to see and hear just how the world's largest privately owned research farm is operated—how the cows are fed and managed. The same things that pulled Dave Lowell out of the hole may prove a help to you in the management of your cows.

Every facility of the modern talkie has been used in the production of this remarkable picture.

The G. Cook Company is keenly interested in the rural community surrounding Holland and extends to every farmer an invitation to see this remarkable talking picture. Admission is free but there will be only one showing of the picture and that will be promptly at 8 o'clock.

The boy has no home and no parents. He has a guardian who will be urged to look after the boy and try to get him employed.—Grand Haven Tribune.

Boston Paper Tells Of Ordination Of Jay Wabeke Of Holland

The following is a clipping from one of the Boston Papers which is self explanatory.

It was with much interest that many of the parishioners of Rev. Jay A. Wabeke, pastor of the North Community church of Marshfield Hills, attended his ordination at the First Congregational church, Winchester, on Sunday afternoon, April 3rd.

The ministers officiating were: Dr. Chidley and Dr. Whiteley of Winchester, Dr. Coville and Dr. Park of Boston, the Rev. J. Harold Dale of Billerica, and the Rev. George W. Hylton of Medford.

Dr. Park used as the text of his inspiring sermon, the verse, "Acquaint now thyself with Him and be at Peace."

The fine old church hymns rendered by the mixed choir were much enjoyed. The ceremony of the laying on of hands was particularly impressive, the candidate kneeling at the front of the platform to receive this.

At the close of the service the choir marched away singing. The ministers followed leaving alone in front of the altar the newly ordained young clergyman to pronounce with deep feeling the benediction.

Mr. Wabeke has been serving as pastor's assistant at this Winchester church, and has recently been called to the North Community church at Marshfield Hills. He is taking a course at the Harvard Theological school.

On April 17th he will officiate at the Service of the Lord's Supper with his people. The annual meeting of the Community church will be held on April 15th and will be preceded by the annual men's supper, which is always a very enjoyable event.

Much is anticipated from this talented young pastor in maintaining and upbuilding the church and his people are prepared to carry with him a full share of this work.

Mr. Wabeke is a graduate of Hope college and is the son of Mr. and Mrs. Martin Wabeke 419 Central ave., Holland.

HOLLAND DOCTOR IS SIGNALLY HONORED

In our 50 years ago column of last week the following item appeared: "Ben De Vries of Zeeland will graduate as a dentist from Ann Arbor and rumor has it that he will locate in Holland. Note: Dr. B. J. De Vries did locate here and has been filling teeth ever since. He is located in the Peoples State Bank building today."

It appears now that after a half century of excellent work and fine practice the doctor is receiving deserved signal honors from his fellow associates in the state. Dr. M. J. Cook sends in the following which explains all:

"In recognition of a continuous membership of over 50 years in the Michigan State Dental Society, Dr. B. J. De Vries was made an honorary member of the Holland Dental Society at its regular meeting Monday evening, April 18. Officers re-elected for the coming year are: M. J. Cook, president; G. W. Van Verst, vice-president; C. Van Raalte, secretary-treasurer."

Dr. De Vries was also made an honorary member of the Western Michigan Dental Society at a meeting recently held at Grand Rapids.

Sunday Haul of Milk at Zeeland Still Problem

COMPANY CALLS SUNDAY MILK COLLECTION A CHORE LIKE MILKING COWS

Public church meetings have recently been held by the farmers around Zeeland, who sell their milk to the Mead Johnson Co., demanding that no hauling of Sunday milk from their farms be indulged in in the future. The matter did not really come to a head nor was a definite decision reached.

However, other meetings were to be called unless the communication of the large milk company will have the desired effect intended.

The company states that the stressful period has cost them much money and everything must be done to alleviate the situation. They state that if they are to continue to operate a large milk plant in Zeeland it is necessary for them to strive to meet these new conditions imposed on business, just as every other manufacturer in this country is trying hard to do.

In part they say as follows: "One of the things which we have found it necessary to do is change from six- to seven-day milk delivery."

"Any person familiar with the problems of handling milk will readily say that it is practically impossible for milk producers to properly care for milk from Saturday night until Monday morning. Farmers are not equipped to do this. We believe it is only a matter of time until practically all milk plants will be required by the health authorities to handle milk seven days per week."

"Some people who are not acquainted with our problems and difficulties have the idea that this seven-day delivery of milk to our plant is not necessary now because it has not been done in the past. It is just as logical to say that business should make big profits now because it has done so in the past. "A few people in this community have objected to Sunday delivery of milk because they say it involves unnecessary work on Sunday. Milk producers in this region tell us that to milk cows and care for milk on Sunday is a Sunday chore necessary to the earning of their living."

"Likewise, we maintain that to receive, pasteurize, and cool milk on Sunday at our plant is a Sunday chore which is necessary to the earning of our living. In the same manner hauling milk on Sunday is a chore which is necessary for our haulers to do because they make their living by hauling milk."

"We understand that there are two sides to this question merely because of a difference of opinion about what constitutes necessary labor on Sunday. We bear no ill feeling toward those of our patrons who choose to go elsewhere to sell their milk rather than remain with us under this new policy. We have enjoyed doing business with them in the past, and sincerely hope that we have not worked a hardship on anyone, or lost a friend or made an enemy. We have taken advantage of no one, but on the contrary we have treated all alike and all as fairly as possible."

"Our stock of baby food was built up above normal in anticipation of a loss of some of our milk supply, so this change will work no hardship on us just now, although we are sorry that we do not all have the same views on this question of what constitutes necessary Sunday labor."

"On Sunday, April 17th, we received nearly 75 per cent of our daily milk supply, which, to us, seems to indicate that our producers wish us to have a fair chance to make a profit, and are as much concerned with our welfare as we are with theirs."

"Although our Zeeland factory is only a branch of the parent organization at Evansville, Indiana, and lies outside the Zeeland city limits, most of our employees live and trade within the city. Therefore, we feel very much a part of the Zeeland community, and are wholeheartedly interested in everything for the good of this community."

"On behalf of our Company, and the employees who depend upon us for their wages, and the milk producers of this region who want us as their milk market, we sincerely express our thanks to all the people in this community who, through their sympathy and their help, have made it possible for us to make this vital change to seven-day milk delivery. We believe this is the best move we could have made at this time, both for us and our producers."

Sincerely yours,

COMMON COUNCIL

(Continued from Page One)

soon be forgotten, but the reputation you have gained for being a friendly mayor will live on and ever remain as a splendid monument to your administration.

While you have had ambitions to do better things as the leader of our city the fact that you have been able to keep your mind away from material accomplishments and center your efforts upon human relief over a period of two and a half years, is to your everlasting credit and we honor you for it.

During your administration all departments of our city government have functioned smoothly and efficiently; there have been no surface or undercover indications of lack of harmony on the part of the various city boards and council committees, and all of this leads me to say again—you have been a friendly mayor—and because you were able to evidence a spirit of friendliness during the four strenuous and trying years as the head of our people you have proven yourself to be an able mayor. I feel no higher tribute could be paid to anyone.

In behalf of every member of this council—and I am very sure that our late friends and fellow-councilmen, Mr. Brieve, would want to be included in this sentiment—I want to express hearty thanks and appreciation for a very fine official and personal relationship during this period of effort to be of service. We must now say goodbye to this relationship but our wish for you is good luck and God-speed in whatever direction your future may take you.

When council adjourned there was the best of feeling existing. Many in the audience pressed forward to shake the hands of both the retiring and new mayor.

MAURICE KUIITE

Sheriff Candidate

Maurice Kuite, 44 W. 17th St., Holland, has announced his candidacy for nomination for Sheriff of Ottawa County on the Republican Party ticket. He asks the support of the voters on his standing as a life-long resident of Ottawa county, and his record as a law enforcement officer in the Michigan Conservation department.

Mr. Kuite served 18 years in the Holland Volunteer Fire Department where he earned a reputation of being fearless in the face of personal danger. He was, for a number of years, foreman of the fumigator department of the De Pree Co.; then conducted the Chrysler Automobile agency in Holland for a time. For the last 5 years he has held the position of State Conservation Officer, which position he received on competitive examination, and with the active support of the Holland Fish and Game club.

His record in law enforcement of Conservation matters has not been surpassed by any officer in the state.

The Conservation Department has used his ability in many special cases. During the past three years Mr. Kuite has been sent into various sections of the state on difficult cases. On one occasion he was detailed to a northern county where trout spearing violators were getting out of control. He personally made 21 separate arrests, every one of which resulted in conviction. The ring was thoroughly broken up, and Mr. Kuite was complimented highly by the department heads in Lansing, for the intelligent manner in which he handled the evidence in these cases.

During the period of service in the state's employ Mr. Kuite has worked in close connection with the Sheriff's office and other law enforcement units, thus gaining a first-hand knowledge of the duties and requirements of the position to which he aspires.

Legion committee—Commander of the Legion and Van Lente as alderman.

A special unemployment committee, consisting of Aldermen Prins, Kleis and Benjamin Steffens, was selected.

"SKIDDING" HOPE SENIOR PLAY, HAS A WESTERN SMACK

Next week, Thursday and Friday, the senior class of Hope college will present as its dramatic enterprise of the year, "Skidding," a comedy in three acts, by Auranu Roverol. Daily rehearsals for several weeks under the direction of Mrs. W. H. Durfee has given the cast of ten members a high degree of perfection.

The play which the class of 1932 has chosen to offer has its setting in a certain town in Idaho. Judge Hardy is running for re-election as district judge and finds that family affairs are not fitting in with the political scheme. He makes a decision against a group of enemy politicians and has given up hopes of being named at the convention, but things turn out well for the judge.

The romantic angle of the dramatic production is afforded by Marion Hardy, a political scientist, and her fiancé, Wayne Trenton, Judge Hardy, the young son of the judge, keeps the audience in laughter throughout the entire play.

The judge in the Hope college play is Rudolph Nichols. Mrs. Hardy is Ruby Aiken, while their

daughter Marion is Vera Van Duuren. Howard Schade plays the part of Wayne Trenton. Other members of the cast are Aunt Milly, Kay Schlemmer, Andy, Roy, Moe; Estella Hardy, Carl Walvoord; Estella Hardy Campbell, Marion Den Herder; Myra Hardy Wilcox, Lynn Sabo, and Stubbins, Watson Spoelstra.

Other members of the class who are assisting to make the play a success are George Painter, business manager; Nathaniel Brouwer, assistant; Ivan Johnson, stage manager; Otto Dressel, electrician; Edith Drescher, property mistress; Albert Tarrant is manager of the play.

Carnegie Hall will be the scene of the performances. Tickets are on sale at popular prices and all roads will lead to the Hope college senior class play next week.

Simon Kleyn, for many years supervisor of Holland and a member of the board of public works from 1919 up to the present time, has announced himself as a candidate for Judge of Probate on the Republican ticket in Ottawa county.

He has been a life-long Republican and has never failed to attend a Republican caucus ever since he was eligible to vote.

In Back Taxes

ALLEGAN COUNTY SLOWER
TAX PAY THAN OTTAWA
IT WOULD SEEM

While the return taxes in Ottawa County was a little over \$300,000 Allegan County is much further behind when compared with the taxable property in both counties. Outside of Allegan city that county has no other large cities to tax like Ottawa. The total returns in Allegan County this year is considerable. Of course, this sum is being reduced almost daily for not a few taxpayers, when they can, are paying the county treasurers of both Ottawa and Allegan counties. Anyway, here is a compilation of the tax situation in Allegan county.

Delinquent taxes in Allegan County for 1931 show an increase of \$105,613.23. The total taxes returned for 1931 amount to \$274,132.35 as against a total for 1930 of \$168,519.12. In 1921 total taxes returned amounted to \$27,251.70, just about one-tenth of the taxes returned this year. The return for 1931 over 1930 represents a 64 per cent increase in delinquent taxes returned.

NOW THEY ROB AND
STEAL VIA AIRPLANE

No police force, not even in big cities efficiently equipped without an airplane and an aerial squad in this day.

At least so thought police and sheriff's men of Ottawa county when called upon to halt a blue and yellow plane, which left Holland shortly before noon headed for Grand Rapids when authorities were notified.

Occupants of the ship, according to reports received over the state police radio station at East Lansing, are wanted in Holland for breaking and entering a hangar at Saseky airport and the theft of two yellow wheels, presumably part of a ship's landing gear.

About 3 p. m. a ship answering generally the description was reported to have landed at the Pieron airport on Plainfield road just north of Towline road near Grand Rapids. A police cruiser was dispatched there with no success.

Late in the afternoon police were informed a plane similar to that described in the report was about to land at the Grand Rapids airport. Investigation revealed the rumor false.

The plane, to make the landing on the Holland airport field, was stolen in Muskegon, it is said.

Two suspicious looking men were seen near the airport, where Chief Peter Lievens states no one is on guard.

When residents near the field became suspicious of the action of the pair they notified Ernest L. Burns, airport manager.

Before he could reach the place the men broke into a hangar and stole two wheels, part of a ship's landing gear and several other items of aerial equipment.

The men noticed the arrival of Mr. Burns and took off from the center of the field without making the usual "taxi" from the edge of the grounds. One man was just climbing into the plane when it rose into the air in the direction of Grand Rapids.

THOUSANDS PREFER FISHING
IN WINTER

Devotees of the hook and line who think of fishing in terms of streams rippling under the balmy breezes and surrounded by the green leaves of vacation time may not know that many thousands addicted to the sport in the North prefer to hover over holes cut in the ice, watching to spear fish a la Eskimo or to jerk them out on ice lines.

A Young Mans Fancy

Burning Marsh
Lands Kill
Much Game

STATE ADVISES FARMERS
NOT TO START BURNING
THIS SPRING

An appeal to persons accustomed to burn over marshy pasture and meadow lands each spring is being made by the Department of Conservation. The Department is asking that the burning be done early before the upland game birds begin to nest.

Michigan has an annual toll of bird nests and eggs as a result of fires voluntarily set to burn over meadows and pastures, the Department says. The nests of many ground nesting birds such as prairie chicken, quail, meadow larks and pheasants are destroyed when the burning is done in the spring. Spring grass burning also destroys much good nesting cover, usually kills much of the humus and reduces the fertility of the soil, as well as frequently starting forest fires. A large proportion of forest fires have their origin in grass fires that get out of control with a shifting or increasing wind.

If the spring burning is done not later than the first week in May, in ordinary seasons, a minimum of wild life loss results. Farmers and others burning over grass should patrol the area while the fire is burning to make sure it doesn't get away, the Department advises.

The garden plots will be smaller this year. Only about 20 of the 35 acres are available for this summer.

COMMON COUNCIL HELPS THE WHEELS OF INDUSTRY HERE

The council at a special meeting Saturday afternoon authorized the advancement of funds from the bonus committee to the industrial board, of which Arthur W. Wrieden is chairman, for the temporary operation of the Ottawa furniture factory and the employment of 90 men for a period of three months.

The movement involves a contract for juvenile furniture from an eastern concern for the holiday trade covering an estimated expenditure of \$10,000 for labor.

According to the contracts offered by the eastern company, according to Mayor Brooks, an amount up to 90 per cent can be drawn by the city as soon as a division of the order has been completed.

When a certain block of the contract, likely 100 or 1,000 pieces of furniture, had been completed it would be stored here and 90 per cent of that much of the bill would be paid immediately to finance the continued production.

The bonus fund still has an amount on hand that can be used for this purpose.

Nicodemus Bosch, newly elected mayor, also was invited to the session to give his expressions on the matter since the project would be started under his administration.

In the investigation by the commission, Charles Kirchen, D. B. K. Van Raalte and John Vander Veen, local furniture men, were called in to assist in sounding out the proposition from a furniture manufacturer's viewpoint.

An added advantage in the proposal was pointed out by Mayor Brook. "Not only would the order provide jobs for many needy here during the next three months, he said, but it would bind closer the city and the eastern company and might influence the firm to place a permanent branch factory here."

ZEELAND JUNIOR FARMERS TO RUN NINE-ACRE FARM

The local Future Farmers of America club has planned a busy spring and summer. Garden clubs will be formed and efforts made to enlarge the annual club fair next fall. Judging teams will be sent to the junior farmers' week convention at Michigan State college.

The club has rented a nine-acre farm from Albert A. Johnson, Jr., and will operate it this year. Johnson is financing the project with the exception of the running expenses. Business men are aiding the boys in obtaining fertilizer, spray materials and seed.

Seven acres will be limed and sown to alfalfa. The other two acres comprise an orchard and vineyard, where the boys expect to assimilate knowledge of horticulture. Work on the project is under way.

The club will be host to rural eighth grade graduates in May and will aid them in deciding on a high school course.

The Fennville village council has started a streak of economy by cutting the salary of the marshal twenty-five per cent.—from \$100 to \$80 per month. That's all right if the cutting is continued to all classes of labor. Marshal McCann puts in long hours, is subject to call any time during the twenty-four hours and does the street cleaning which formerly employed a second man. If \$2.60 per day is enough for his long day, \$4 is rather steep for election officials.

MEETINGS HELD IN CENTRAL AVENUE CHRISTIAN REFORMED CHURCH AFTERNOON AND EVENING

The Christian Reformed churches of Holland and vicinity celebrated the seventy-fifth birthday of the denomination Monday, meetings being held in the Central avenue church, both afternoon and evening.

The program in the afternoon was conducted entirely in the Holland language, with the fine old psalms also being sung by the audience in the language formerly used almost entirely by the denomination.

Rev. L. Veltkamp, pastor of the Central-avenue church, presided over both the afternoon and evening gatherings, calling on the several other Holland pastors of the denomination to aid him.

Dr. Clarence Bouma of Calvin seminary, the speaker of the afternoon, was introduced to the audience by Rev. L. Van Laar, pastor of Prospect Park Christian Reformed church, who also led in the opening prayer. Dr. Bouma's subject was "Our Spiritual Heritage."

In his usual capable and interesting manner he brought out what he considered to be the heritage of the Christian Reformed denomination. He then stated that there were many dangers that beset the church in the keeping of that heritage and pointed out how these could best be met so that the church might retain it. "Two things are very important," said Dr. Bouma, "namely, that we know our heritage and love it."

Rev. P. Jonker, pastor of the Sixteenth Street Christian Reformed church, made a few fitting closing remarks and offered prayer.

The evening meeting began at 7:30 o'clock and long before that time had arrived every available seat was taken and even standing room was at a premium.

The chorus of 200 voices, under the direction of Mr. James Ver Muelen of this city, proceeded down the aisles of the church, singing "A Mighty Fortress Is Our God," as they advanced. The scene indeed was unusually impressive. The chorus also very ably rendered several other selections during the evening's program.

Rev. Veltkamp called on Rev. D. Zwier, pastor of the Maple-avenue Christian Reformed church to read a portion of Scripture and lead in the opening prayer. Rev. Zwier read psalm 48.

Rev. N. J. Monsma, pastor of the Ninth-street Christian Reformed church, next introduced Dr. S. Volbeda of Calvin seminary, the speaker of the evening. In introducing the speaker Rev. Monsma stated that he considered it a difficult task to introduce Dr. Volbeda, since he was positive that the audience was already well acquainted with the professor, and it was merely a case of one member of the family introducing another member of the family. He stated that since Dr. Volbeda had been professor of Historical theology for twelve years at Calvin seminary it was most fitting that he should address the gathering on this festive occasion.

Dr. Volbeda chose as his subject, "The Future of the Church."

Said Dr. Volbeda in part: "Since the present is brought forth out of the past, and the future will be again born from the present it is most fitting that we talk on the future of the church. If we as a church would feel confident and hopeful of that future we must see to it that we continue to keep pure the present for the future of the church is dependent on the present. We must see to it that the ministers preach the undiluted word of God, and must insist that our members live lives that are in accordance with their confessions."

"The church must fight against the anti-Christian and neo-pagan spirit of the world. We as individuals must have the fear and reverence of our God in our hearts and send forth those who will make it their life's work to evangelize the apostates of the church."

We should pay special attention to the youth of the church for they are to be the future pillars of the church. We must insist on true piety—the rebuilding in many cases of the family altar on home training for our children in keeping with our confession. We must strive to improve our catechetical instruction and should also maintain and support the Christian schools."
