Final Hospital Plans Will Be Reviewed May 2

**Contracts for Addition
To Be Given June 30;
Construction in July**

Final plans and specifications for the \$1,200,000 addition to Holland City Hospital come up for review here on May 2, it was announced today.

Fred Burd, hospital director, said representatives of H. E. Beyster and Associates, Inc., Detroit architects, will meet with hospital committee members and department heads on that date to iron out last-minute details.

The plans then need approval of the Office of Hospital Survey in Lansing for a federal grant of \$462,000.

Bids on the project will be solicited the last week in May, Burd said. All bids must be received by June 21. Contracts will be awarded by June 30. This schedule was announced at a meeting of City Council Wednesday night.

The June 30 deadline on awarding contracts is mandatory, inasmuch as federal funds available for the grant must be allocated before the fiscal year closes.

Burd said actual construction will get under way early in July. The cost of enlarging the hospital from 72 beds to 125 was originally estimated at \$1,100,000. At this figure the maternity ward and delivery room on the third floor of the existing structure were to be utilized. When further investigation proved this plan unfeasible, it was decided to locate the delivery rooms and maternity facilities on the second floor of the new building.

These improvements, plus other facilities added to the original plans, account for the additional \$100,000.

The capacity of the new maternity ward will be 33 beds and 36 bassinets, compared with the present capacity of 13 beds plus nine others that can be used when necessary.

Holland voters are appropriating \$500,000 of the total construction costs through a bond issue voted last year. A fund-raising drive in nearby townships thus far has netted approximately \$150,000, or \$25,000 short of the goal set last fall.

Contributions are still needed, according to Burd. They may be made to the building fund at the hospital, through either of the local banks, or the city treasurer.

Burglary Suspect Held by Deputies

A Holland youth was arrested and charged with burglary today minutes after the clock chimed midnight—the start of his 20th birthday.

Ottawa County deputy Len Ver Schure said Earl Cranmer, 20, of 140 Coolidge Ave., was arrested a few hours after he is alleged to have burglarized Timmer and Karsten Cement Block Co., 32 Coolidge Ave.

The youth was frightened away by a nightwatchman before he could obtain anything, Ver Schure said. Cranmer told deputies he fled the scene when he heard the watchman.

In a signed statement Cranmer admitted to entering the building on several other occasions when he obtained small amounts of cash from a desk drawer.

Cranmer is presently on three years probation from Circuit Court for a previous burglary conviction of the same company in 1953.

Local Attorney Sues for \$1,700

ALLEGAN (Special)—Fred T. Miles, Holland attorney and former Ottawa-Allegan circuit court judge, has filed suit for \$1,700 against Dr. William A. Koppasch, as the balance of a fee which Koppasch is alleged to have agreed to pay Miles for helping him recover his license to practice medicine.

In his declaration, Miles said Dr. Koppasch agreed to pay him \$2,000 for aid in getting his medical license reinstated by the Michigan Board of Registry. The complaint said that Koppasch paid \$300 in monthly installments of \$25, but that the last payment was made in 1952.

Miles stated that the Board of Registration as first denied the petition for reinstatement, but restored the license shortly after the case was appealed to circuit court.

Koppasch is currently involved in another legal action in which he is suing the Allegan Health Center, the state and county Medical Societies and the Michigan Hospital Association for alleged loss of income resulting from the hospital's refusal to allow him to use its facilities. He is also seeking an injunction which would allow him to use the hospital.

Coast Guard Will Open New Station

A new home for the Holland Coast Guard Station will be a reality on May 2, according to Chief Raphael Wouters. The new mooring, as it will be called, is on the Ottawa Beach side of Lake Macatawa.

On May 2 all Coast Guard boats should be in service, including a new 30-foot, diesel-powered boat, Chief Wouters said. "The Coast Guard plans to board all boats on Lake Macatawa and vicinity, including Saugatuck."

All boat owners are requested to give their boats and equipment a thorough check to make certain they meet all requirements established by Federal Motorboat Laws. This boarding program is maintained for the safety of the public. With the cooperation of boat owners, Chief Wouters says, a successful boarding program can be maintained without due inconvenience.

Boat owners are encouraged to bring their boats to the Coast Guard dock for boarding. It must be understood the Chief says, when a boat is boarded while underway, no warning may be given for any violation found.

If any violations are found they must be reported by the boarding officer to the Commander, Ninth Coast Guard District, Cleveland, Ohio.

In addition to the boarding program, Chief Wouters explained that some new regulations and orders will be announced as soon as the new mooring is established. George Montgomery, ENL, plans to go to Milwaukee on Monday with other Coast Guard personnel to pick up the new 30-foot diesel boat.

Proposed Budget Of Council Lists Swimming Pool

City Council Wednesday night submitted a proposed budget for the year 1955-56 calling for a total property tax levy for city purposes of \$420,812.14. This total is some \$5,000 less than the budget City Manager Herbert Holt submitted two weeks previously, calling for a tax outlay of \$425,885.88.

The city budget includes under miscellaneous accounts a \$35,000 item for an outdoor swimming pool at Civic Center, and this item is expected to bring protests at the public hearing on the budget May 4.

Within the next week a summary of Council's budget will be published in the Holland Sentinel. Councilman Lavern Rudolph said he wanted to go on record as opposing the swimming pool, and would move on May 4 that the \$35,000 item be deleted from the budget. John Vander Broek, new third ward Councilman, said he agreed with Rudolph. Such a motion with support would force a vote by council on the specific item.

Two weeks ago, petitions bearing 5,000 names objecting to plans for building an outdoor swimming pool were submitted to Council. Earlier, Council rescinded previous action in transferring \$25,000 in unexpended funds into the swimming pool fund, and appropriating \$30,000 in the new budget. This action was taken with the understanding that the full \$55,000 would be entered in the new budget.

Since last Council meeting Council met four evenings to work on the 1955-56 budget.

Wednesday's meeting was the first at which new mayor, Robert Visscher, presided. The new mayor handled his duties well, and although he welcomed comment on all issues, the meeting lasted only 52 minutes. Councilman Raymond Holwerda gave the invocation.

Mayor Visscher and Councilman John Van Erden were appointed as members to the Board of Appeals.

Council passed a resolution favoring Senate Bill 1330 sponsored by the Michigan Municipal League providing an entirely new procedure for annexation to cities and villages based upon the Virginia plan whereby the question of annexation is submitted to the courts for determination based upon certain standards. Copies will be sent to State Sen. Clyde Geerlings of Holland and to Senator Andrews, chairman of the committee on municipalities.

A letter also was read from Sen. Geerlings criticizing Council for not acknowledging his letter of April 5 in which he requested that Council review the working hours of the Holland fire department. The letter concerned a hearing on firemen's hours before the Municipalities committee of the Senate, and Geerlings' position in opposing the proposed bill on a 63-hour week because he feels that the home rule system should prevail for cities.

An answer to the senator's letter set forth that Council had not been in the habit of acknowledging such communications, but perhaps there should be a change in this practice. The answer also quoted statistics on work weeks for firemen in several cities in Michigan and pointed out that Holland's policy of a 7½-hour week is consistent with the pattern in this area.

Council approved a recommendation of the Board of Public Works that high bid of \$127 entered by Ernest Vander Hulst for a 24 by 24-foot partially completed house on the new filtration site near Tunnel Park be accepted.

Permission was granted to Sam McCoy to move a house from 639 Michigan Ave. to the southwest corner of Pine and 29th, following the route south on Michigan, east on 28th and south on Pine to location.

Council also granted permission to use Riverview Park for two events Saturday, May 14, to Tulip Time, Inc., for the band review and the Saturday Night Varieties. City Clerk Clarence Greengroed was instructed to rent parade outfits for Councilmen from Gingiss Bros., Inc.

Crystal Refining Co. of Carson City entered low bid of 10.9 cents per gallon on approximately 21,000 gallons of road oil for Holland streets and Council approved the bid. The contract is for furnishing and applying same.

Holland Company Rings Vital Areas With Armed Men

**Nation-Wide Operation
Involves Thousands;
Hailed as a Success**

Holland's National Guard Co. D mobilized nearly 94 per cent of its total manpower Wednesday evening shortly after the signal for "Operation Minuteman" was sounded.

A total of 114 officers and men out of the 128-man company hurried to the Army when they were notified of the alert at 6:30 p.m. The armed men were immediately assigned to the following predetermined points:

One weapons carrier with 50 caliber machine gun to Old US-31 and Black River; one weapons carrier with 50 caliber machine gun to M-21 and US-31, and one weapons carrier with 30 caliber machine gun to US-31 and M-40.

Other assignments were: One weapons carrier with 30 caliber machine gun to Michigan Ave. and new US-31; one jeep mounting a 75 mm recoilless rifle remained in mobile support at the Armory while two other jeeps equipped with 30 caliber machine guns were used for liaison.

Additional armed troops were posted at the light plant at Pine Ave. and Fourth St., at the Michigan Bell Telephone Co., at the water works plants at 19th St. and College Ave. and at Sixth St. and College Ave.

Troops were also posted at the gas plant at 13th St. and Lincoln Ave. While the remainder of the men stayed at the Armory to act as a mobile reserve.

During the three-hour training session which lasted until after 10 p.m., radio contact was maintained between company headquarters at the Armory and all other points by mobile equipment.

Capt. Russell Kempker termed the local operation a success and said the officers and men responded quickly and efficiently to the call. The local unit has long had a mobilization plan which could alert the entire unit within a short time, Kempker said.

Newly elected councilman Robert Kouw was forced to leave his first council meeting Wednesday night when the alert sounded. Kouw is a major in the guards.

In Lansing, Michigan Guard officials said first elements of Michigan's 12,099 were ready to go within an hour after the alert was sounded.

Maj. Gen. George Moran, State adjutant general, said incomplete reports on Wednesday night's mobilization exercise showed it was an "efficient operation."

The entire operation which involved an estimated 400,000 men in all 48 states and Alaska, was apparently a complete success, according to guard officials in Washington, D. C.

A spot check showed that about 66.7 per cent of the nation's National Guard force mobilized on the double and rushed to battle points as if they had been rehearsing for weeks.

Allegan Jaycees Discuss Road-Ed

ALLEGAN (Special)—Plans have been set for the second annual Allegan Junior Chamber of Commerce sponsored "road-ed", a teen-age driving contest open to contestants from all county high schools.

Ottawa County Children Receive Anti-Polio Shots

Armory Is a Bedlam As Efficient Crews Administer Vaccine

Tear-stained faces, feigned bravery, stifled cries and just plain ouches prevailed at Holland Armory Monday as crowds of school children filed mass-production-line fashion for the first of three Salk polio vaccine shots.

And it was truly the epitome of mass-production efficiency as three physicians, four registered nurses and a corps of 25 volunteer mothers completed the job of inoculating more than 1,200 children in 2 1/2 hours.

The first group arrived on schedule at 9 a.m. Schools were scheduled at 15-minute intervals, and the entire job was completed by 11:30.

Mixed emotions were obvious as the youngsters faced the needle. But even the toughest break occasionally, and a few tears didn't necessarily show up a sissy. The volunteer mothers played their roles well in consoling the hurt and the scared, preparing the youngsters for the crucial moment and recording the necessary information.

Dr. Joseph B. Kearney, Dr. Vernon Boersma and Dr. Walter Kuiper were physicians in charge of the operation.

Mrs. Irvin De Weerd, secretary of the Ottawa County Polio Chapter, was assisted in Holland by Mrs. Clare Walker and Mrs. Ward Wheaton, as captains who helped set up the program.

Children arrived at the Armory by school bus and car. Those inoculated included all the first and second graders whose parents had requested the vaccine and third and fourth grade children who had been given the placebo inoculation in the mass test last year.

The precious Salk vaccine arrived in Ottawa county Sunday afternoon and was immediately distributed to the eight county centers for the inoculation program today. Other centers were at Grand Haven, Allendale, Marne, Coopersville, Hudsonville, Zeeland, Holland and Spring Lake. All completed the job by noon.

Children who received the vaccine Monday will receive the second shot May 16, according to tentative plans made by the county polio chapter. Then, according to Dr. Jonas Salk's recommendations, a booster shot will be given seven months after the second.

Leaders Group Has Dinner Meet

Taking part in a military tap were Jacqueline Kolean, Cheryl Oosterbaan, Janet Walker, Lois Dirkse, Melodie Greenwood and Lois Vanden Berg. A tap routine was performed by Linda Rolfs, Pat Hamilton, Judy Johnson, Callie Zuverker, Mary Allis Van Kampen and Melva Rowan. Norma Owen did an acrobatic number.

During a business session, officers' reports were presented. Mrs. Adrian Van Putten, Mrs. Carroll Norlin, Mrs. William Plum, Mrs. Fabiano and Mrs. Peter Kromann, board of award members, met with individual groups according to rank, for discussion periods. Mrs. Andries Stekete, executive director, led the Blue Bird group in singing and discussion.

Committees for the evening included Mrs. Clare Walker, general chairman; calling, Mrs. Walker, Mrs. Joe Jonker, Mrs. John Plewes and Mrs. John Van Putten; decorating, Mrs. Joe Lang, Mrs. William Fischer and Mrs. August Van Houdt; serving, Mrs. Eugene King, Mrs. Jack Van Dussen, Mrs. Carlton Avery and Mrs. Joe Brower; cleanup, Mrs. Charles Harrington, Mrs. Charles Atwood and Mrs. Austin Buchanan.

Two Persons Arrested On Tippy Driving Counts

Two men were arraigned in Municipal Court Monday on separate charges of driving while drunk.

Robert L. Turner, 34, of 401 Howard Ave., was put on probation for a year and ordered to pay fine and costs of \$104.70 at the rate of \$10 a month. He was arrested by city police Saturday on North River Ave.

Rules No Cause

GRAND HAVEN (Special) — After deliberating 20 minutes, a Circuit Court jury Monday gave a verdict of no cause for action in a case brought by the Michigan Bakeries, Inc., and the Michigan Mutual Insurance Co., assignee, both of Grand Rapids, against Albert Veenstra of Jenison. Plaintiff sought \$120,000 damages as the result of an accident on US-16 by-pass at Johnson Park, involving a bakery truck owned by plaintiff and driven by Joseph Parish, and Veenstra's pickup truck.

VACCINE "REACTIONS"—School children lining up for Salk vaccine inoculations at the Holland Armory Monday displayed varying reactions to the needle. Dr. Walter Kuipers' patient (above) seemed to take the shot in her stride, but the young man being inoculated by Dr. Vernon Boersma (below) didn't take too well to the needle. Some 1,200 Holland area children signed up and received the shots this morning, and doctors were inoculating them at the rate of 150 to 200 an hour per doctor. Assisting were members of the Ottawa County Health Department and local mothers. (Sentinel photo)

Senators Solicit Opinion on Right To Work Measure

(The following opinion was written by Sens. Charles R. Feenstra of Grand Rapids and Clyde H. Geurlings of Holland—Editor)

The Declaration of Independence reads: "We hold these truths to be self-evident, that all men are created equal, that they are endowed by their Creator with certain unalienable Rights, that among these are Life, Liberty and the pursuit of Happiness." Facing the gallows if captured, the fifty-six signers of the Declaration had not only the courage to sign, but pledged their lives, their property and their sacred honor to fight for this Freedom. This Freedom embraces the Right to Work which is in serious danger today. We believe that no one can enjoy Freedom from Want if he cannot also have the Right to Work.

The Right to Work is as basic as the Constitution itself. It is as basic as the right of Freedom of Speech. The Right to Work is as basic as the Freedom of the Press or our Right to join the church of our choice.

We have introduced a bill in the State Senate, Senate Bill No. 1217, which declares it to be against the public policy of the State of Michigan to compel anyone to join a union or to pay dues to any labor organization against his will.

We believe that it is within our rights to join a labor union or not to join one. We believe that it is within our rights to quit our job as an individual if we please, or to strike as a unit if we please, but we do not believe that we as individuals should have to submit to the will of any labor organization to whom we do not wish to pay monthly dues, and then have no voice in the disbursement thereof.

It is not news that management in many cases is disposed to be tolerant and sympathetic toward the closed shop, because it means that it can deal simply with a single organization. If this attitude on the part of management becomes widespread, it means that the independent worker will be alone in his struggle to remain independent.

If you believe as we do in the Right to Work without paying tribute, will you please write us? Eighteen states have already adopted this legislation. We believe that it should be adopted in Michigan. What do you think? May we hear from you? Address us at the Michigan State Senate, Lansing.

WAS THERE A BEAR THERE? — Dusty paw prints left on the trunk lid of their car by some sort of animal considerably larger than a dog or cat, caused Mr. and Mrs. Glen Overton, whose summer home is located on Miner Lake, route 2, Allegan, to drive to the sheriff's office for an expert opinion. Sheriff Walter Runkel, left, agreed that they certainly were not the prints of a dog and many others who looked at them felt they could have been made by a bear.

Tracings of the prints were made and, pending a fuller explanation, Mrs. Overton left for their winter home in Dowagiac. Runkel said that the paw prints, left on the car during the night, seemed to have been made by an animal standing on its hind legs to look into the car. He said it was only one of many reports of bear in Allegan county in recent years—and the most concrete to date.

James Hietbrink

Christian School Educator Dies Here at Age of 72

James Hietbrink, 72, of 77 East 25th St., who taught school for 47 years, died Sunday afternoon in Holland Hospital after a lingering illness. He was first stricken with a coronary thrombosis in 1953 and had several recurring attacks.

Of his 47 years in the teaching profession, he spent 42 years with the Christian schools, 29 of them with Holland Schools. When he came here in 1925, he spent the first two years as superintendent of the newly consolidated unit covering both elementary and high schools. Grade schools had been in operation since 1902 and until 1925 they operated under separate boards.

After his two years as superintendent, he entered teaching in the high school, spending many years as a teacher of Latin. In later years, he also took charge of the school library and graduate study provided full qualifications as a librarian. It had been his hope to take over the new library in the high school addition, but ill health forced his retirement in 1954 just as the library was about to open.

Only this year, his picture together with a bronze plate were put up in the roomy library. The inscription reads: "He served his Lord faithfully in our schools from 1925 to 1954 and did much to promote and develop our library."

He was born Aug. 23, 1882, in Dispatch, Kans. On Aug. 7, 1911, he married the former Dena Osterhof. He received schooling in Salina Normal College in Salina, Kans., and Calvin College in Grand Rapids and received an A. B. degree from the University of Denver.

He started his teaching career in Kansas in 1900 and remained there four years. Later he attended Calvin Preparatory school and other institutions. Besides teaching in Kansas, he taught five years in Denver, two in Iowa and two years each in Grand Rapids and Kalamazoo. He often told the story of how he had to appeal to the governor of Iowa for aid when hoodlums burned his school down in 1918.

When he came to Holland in 1925 he first was affiliated with Maple Avenue Christian Reformed Church and later with Prospect Park Christian Reformed Church, serving the latter church many years as an elder in the consistory.

Zeeland Linksmen Defeat Christian

A veteran Zeeland High School golf squad defeated the Holland Christian golfers Thursday afternoon, 6-0 on the Saugatuck golf course. It was the first league match for both schools in the newly organized West State Golf league.

Although the locals were shut out by the Chix under the league scoring rules, the match was much closer than the final count would indicate. Under the loop scoring system, four players on both squads are paired up after they have completed their rounds, with the low man on one squad pitting his score against the low man on the other squad and so on through the fourth player. A point is awarded in each of these four individual matches. A fifth point is awarded for low team total, and a bonus sixth point is given to the winning team.

Following the round, Floyd Raterink of Zeeland pitted his low total of 86 against Christian's Marvin Vander Ploeg who had a 97. The remaining scores were close with Zeeland's Jim Ver Plank edging the Dutch's Audred Petroelje, 97-99. In the third match Chix's Don Bosch with a 98 defeated Holland's Laverne Johnson who had carded a 100. In the final match John Van Dam of Zeeland eked out a one stroke margin over Christian's Ken Michnerhuizen, 101-102. Zeeland also took the low total point with a 382 against Christian's 398.

No Gold
QUESNEL, B. C. (UP) — Gold fever was revived in this town recently when a bulldozer opened a trench for a water pipe and prospectors started panning the gravel. But the holes were filled before any "strikes" were made, and it's probably just as well, for the law forbids mining inside the city limits.

America's first theme song was the "Washington Post March," by John Philip Sousa. It has since become one of the most popular marches in musical history.

Dog Notes

by Peter Boggs

Protection Against Poisoning

In certain sections of the country, dog poisoners have become rather active. I haven't the space to write a bitter tirade against people so mean and cruel as to go about poisoning other people's pets. They are undoubtedly one of the worst types of criminal.

A dog taught not to eat food other than that given him by his owner is protected against falling the victim of a dog poisoner. How frightened so that in the future can you teach your dog not to touch stray food? Here is a method that is quite successful if you have grounds around your house. Secure a few ordinary mouse traps, bait them with raw meat, and place them about your yard.

This may seem cruel but after a dog has been snapped a few times, he will become sufficiently he will not be tempted by stray bits of food, and his life may in consequence be saved.

Big Dog; Little Dog

If Rocky Marelano had been brought up in a sanitary nursery with never a chance to train his mighty muscles, he would have developed into a sissy, not into the heavyweight champion of the world. The same is true of any dog and of every dog. We take certain small dogs—especially the gallant little Pekingese—and bring them up in idle luxury and with as much exotic care as if they were orchids. Then we wonder that they develop into spineless and snappy lapdogs.

Give the Peke the same treatment, from babyhood, that you give to your farm dog, and you will be amazed by his hardihood and courage and wit. It is the same with the Scottie or with half a dozen other kinds of miniature dogs. If they are soft and abnormal it is your fault.

In the Midwest there is a kennel full of Pekes that are treated like collies or police dogs. They are splendidly hardy. They are pigmies with the hearts of lions. Grand pets. They can stand snow and bitter cold. They can swim swift streams and hold their own in a fight that is forced on them. In short, they are brought up as Nature planned that all dogs be brought up.

Train a pup this way and you will have a grand comrade.

The Question Box

QUESTION I want a dog that can be used to hunt birds, rabbits and retrieve ducks. Do you know of any breed of dog that can do all this? —R.L.N.

ANSWER: A breed that might do all this for you is the German Shorthaired Pointer.

QUESTION: If a dog has dew claws does that mean he is a mongrel?

ANSWER: No. Even the purest of dog strains often have dew claws.

A bee's beeline is anything but straight. Nor is "as the crow flies" a straight line. Both the bee and crow are very erratic fliers. sell abroad.

WHIRLYBIRD — Explorer scouts of troop 2066, Holland, see the workings of a U.S. Army helicopter at Fort Sheridan during a recent two-day visit to military installations in the Chicago area.

Scouts of Explorer Post 2066 Tour Military Bases in Chicago Vicinity

Explorer Scouts of post 2066, Holland visited three major military installations in the Chicago area April 8 and 9.

During the time, they spent more than half a day at the Great Lakes Naval Training Station. A guide directed them through the vast training center, the largest naval base in the Midwest. Fire-fighting practice is one of the most interesting exhibitions that the scouts observed while at the base.

The remainder of the day was spent at the Army Base, Fort Sheridan. The Army's hospitality allowed them to inspect the large anti-aircraft guns, whereas a strict supervision of all picture-taking and a close watch as to their whereabouts restricted their knowledge of Navy tactics other than the preparation of food. The scouts also had the opportunity to partake of the sailors' lot during mealtime, which they did.

Since most of the boys plan to join either of the two branches of service, the lectures, information and arguments that were presented by both sides were helpful in making the right decisions. The visits afforded a chance to compare the Army and Navy.

A short tour of Glenview Naval Airbase took place early Saturday morning.

The Scouts were led by Elmore Van Lente, Elmer Northuis, and Ben Mulder. They were: Roger Potter, Ron Kootstra, Tom Blackburn, Morris Vander Haar, Burt Adams, Eugene Van Heukelom, Bob Bouman, Keith White, Duane Devries, Ken Vander Meulen, Bill Boeve, and Roger Hopkins.

Traditional Foe Runs First Game With 5-2 Victory

Grand Rapids Christian's baseball team spoiled Holland Christian's season opener Monday afternoon on the Riverview Park diamond by stopping the Maroons, 5-2 in a well played contest. While it was Holland's initial game, the win was the visitors' first in three starts this season.

Considering that it is still early in the season, both clubs fared well in the field, each committing three fielding misplays. The pitchers, Wayne Alofs of the locals and Veltman of the winners turned in good games, both going all the way. Alofs fanned eight Grand Rapids batsmen while walking five, and Veltman struck out 10 Maroons while giving up five bases on balls.

Both clubs broke into the scoring column in the first inning. In their turn at the plate, the visiting Eagles showed one marker across on two singles and a stolen base. The Hollanders came right back in their half of the first to score their only two runs of the tilt.

The Dutch really had a rally going when they loaded the bases with no outs. Bill Vryhof was safe on an error and moved to second on Gord Plaggenmarr's single to center. Gary Vander Ark walked to load the bases. Then after two men were retired, Dav Klaver was safe on the shortstop's error, permitting two runs to cross.

The Hollanders held their two margin until the fourth when a costly wild pitch gave the invaders the lead. After a walk and a hit had put two Grand Rapids runners on, Alofs, with two out, uncorked a wild pitch to allow both runners to score, giving the Eagles a 3-2 margin.

Grand Rapids added insurance markers in both the fifth and sixth innings, while the Dutch bats were silent with the exception of a triple to deep center by Klaver in the fourth.

However with the pressure really on in the final inning, Coach Hero Bratt's Dutch staged a mild uprising and caused the Eagles a few anxious moments. After the Dutch had put two runners in scoring position, a short outfield fly was turned into a double play, and thus nipped the Dutch flurry.

Plaggenmarr led the Dutch attack with two hits in four tries, while John Vanden Berg, classy Eagle third sacker, led the winners with three hits in three trips.

WIN NATIONAL RECOGNITION—Rog Plagenhoef, right, strikes a serving pose while Les Overway, looks on, during a recent workout of the Holland High tennis team. The pair was ranked No. 13 nationally as a doubles team by the National Tennis Association in the boys under 15 division. Both high school sophomores are playing their first year on the Holland High net team. (Sentinel photo)

National Tennis Ranking Received by Holland Duo

National tennis ranking has been attained for the first time here by two local players.

Lester Overway and Roger Plagenhoef have been listed No. 13 in the boys under 15 doubles division in the 1954 National Tennis Association rankings. Both lads are presently members of the Holland High tennis team.

"This is the first time any local players have received national recognition," Joe Moran, Holland High tennis coach and City Recreation director said. Overway and Plagenhoef are both sophomores and playing their first year on the Holland High net team. However, both have been Moran's pupils for several years under the City summer program.

Rankings were based on all 1954 sanctioned tennis tournaments. They won the Southwest Michigan doubles tournament in their age bracket and lost out in the finals of the state summer tournament. Their play against the Hamtramck "Boy Phenoms" Dubie and Senkowski, in the state finals had much to do with their receiving the national ranking, Moran reported.

"Other localities with climates suitable for year-around play and the larger cities with extensive indoor facilities have conditions more conducive to high skill in tennis, so we are justifiably proud of these boys' play," Moran said.

The Western Tennis Association, composed of netters from a five-state area—Wisconsin, Indiana, Ohio, Illinois and Michigan—ranked Overway and Plagenhoef No. 3. Overway, who defeated his teammate in the Southwest Michigan tournament, was ranked 6 in singles and Plagenhoef No. 18.

Holland, a recent hot-bed for tennis prowess, ranked three other lads in the Western ratings. Jack Damson was listed No. 11 in boys under 13 singles and Paul Dykema and Jim Teerman ranked No. 11 in boys doubles under 18 years.

A complete summer tennis program for all ages is again planned here this year. All types of instruction through the City Recreation program will be given. The annual Holland tennis tournament will be held again this year.

'Hitless' Dutch Score Six Runs To Defeat Godwin

GODWIN HEIGHTS (Special)—Holland High's baseball team, although weak with the stick, managed to score six runs in the last three innings here Monday to stop Godwin Heights, 6-1. The seven-inning contest was the season's opener for the Dutch and the third game for Godwin.

The winners made only two hits, both doubles. One double socked by Norm Witteveen, third baseman, in the fourth inning drove in two runs. The other Holland runs were tallied on Godwin errors.

Ron Van Dyke, Dutch catcher, led off the second inning with a double to left center field for the only other hit. He was left stranded. Van Dyke dented the plate for the first marker in the fourth inning after drawing a walk. He moved to second on a sacrifice by John Stryker and came home on an error of Tom Ragains' drive to the third baseman.

Ragains, second baseman, and Gerry Boeve, left fielder, also a base runner because of an error by the Godwin third baseman, Brown, scored on Witteveen's blast.

Tom Klomprens, Holland third baseman, was hit by a pitched ball to lead off the fifth inning. He was sacrificed to second by Van Dyke and came across when the first baseman, Kertz, made an error on another Ragains hit grounder.

Boeve was safe on an error to lead off the Holland sixth and scored a moment later when another error put Witteveen on base. Witteveen came home on a fielder's choice by first baseman Bob Van Wieren.

Leroy Fogarty pitched the entire game for Holland and gave up three hits. Godwin scored their lone run in the last of the sixth. After striking the first two batters out, Fogarty walked Miller, center fielder. An error by Witteveen at shortstop moved Miller to second and he scored on Chapin's single.

Fogarty walked three and struck out eight. Elzenbaas, who worked the first five innings, struck out two Dutchmen and walked four. His replacement Zigler walked three and struck out two. Both teams made five errors.

The Dutch southpaw had men on base every inning but managed to stay out of trouble. Tiring, Fogarty gave up successive singles in the final three innings.

Ned Stuitt, Holland coach, used Dick Den Uyl to pitch hit for Norm Hoeve in the seventh as the only Dutch substitute in the contest. The same lineup, with the exception of Fogarty, is expected to start at Kalamazoo Central Wednesday. Stuitt is undecided on his pitcher.

Line score:

County Board To Buy 16 More Voting Machines

Slaughter Would Sell Machines to Cities And the Townships

GRAND HAVEN (Special) — The purchase of 16 additional voting machines at a cost of \$22,000 plus transportation costs was unanimously approved by the Board of Supervisors Monday afternoon.

Henry Slaughter of Tallmadge township who previously advocated selling the voting machines to township or city units for \$1 (or some such figure) said he would wait until the June session to make such a recommendation. Meanwhile, he suggested that the clerk send applications to units requesting that the machines be sold to them.

William L. Kennedy of Allendale township questioned whether the \$22,000 could be used toward an independent appraisal of the county which would cost approximately \$89,000. It was pointed out that payment for the voting machines will not be required until the first of 1956.

Several supervisors have aired opinions that they are not in favor of such an independent appraisal and do not feel that the county should spend such a large sum for the purpose. They also feel that there should be a surplus in the treasury.

George Swart, a member of the special committee studying the independent appraisal, said it would take the committee some time before all legal aspects could be cleared. For that reason, no action will be taken until the June session.

Swart, who also is chairman of the equalization committee, submitted the equalization report for 1955, calling for a total county assessed valuation of \$109,367,872, a total valuation as equalized of \$147,534,782, and a state valuation as equalized of \$156,900,000.

Swart said the committee formerly equalized up to 100 per cent of the county equalized value and then took 80 per cent as the established equalized value for each unit in the county for the year. Since the Supreme Court moved into the picture, Swart stated, all county taxes must be levied on the state equalized value.

The 1954 equalization report listed a total county valuation as assessed of \$99,172,155, and a total valuation as equalized of \$114,087,559. Swart said the state equalized figure under the 1955 report is the same figure the state listed in 1954, because the 1955 figure has not been established by the state. The report was laid on the table until today. Maynard Mohr of Zeeland township called attention to personal property values in townships and said they are getting out of line.

The board allowed \$150 for a refresher course which Prosecutor James W. Bussard will take at Northwestern University Aug. 1 to 6.

Simon Borr Quits Post as Chairman Of Zoning Board

Simon Borr, chairman of Holland Township Board, and chairman of the Township Appeal Board, has tendered his resignation to the Holland Township Board in both capacities. The Holland Township Board has accepted the resignation at a meeting Saturday afternoon.

Borr in a letter addressed to the board stated that because of the press of private business activities he was tendering his resignation. He stated: "In submitting my resignation let me express my appreciation for the privilege of serving on these Boards for the past 10 years and my regret that the press of business makes it impossible for me to continue such service."

Borr was originally appointed a member of the Holland Township Permanent Zoning Board under an order of the Probate Court of Ottawa County, upon the petition of the Holland Township officers for the purpose of developing a zoning ordinance and plan for the Township, in May of 1945.

He along with Bernard Wassink, Louis Van Appeldorn and Gerrit Groenewoud were appointed at the same time. Van Appeldorn served until his death about two years ago. Groenewoud was formerly school commissioner of Ottawa County. He served in the organization of the Board until his death. Peter Van Eyck was appointed his successor.

The plan of zoning and the ordinance was made with the combined cooperation of both the Permanent Zoning Board and the Township Board of Holland Township and became effective Sept. 29, 1951.

Borr has served as the chairman of the Appeal Board since the date that the ordinance went into effect.

In commenting upon his resignation, Borr said that he has enjoyed his work with both boards, that he feels that the cooperation contributed jointly to the successful operation of the plan. He stated that the problems involved have been increased over the years he has served because of the rapid development of the Township and the extension of new U.S. 31 through the Township. He looks for continued industrial development in the township, and continued residential expansion.

A successor on the Permanent Zoning Board will be nominated by the Holland Township Board and be subject to approval by Ottawa County Probate Court.

Site Within City For Hospital Gains Favor in Allegan

Supervisors Listen To Three Alternates For County Hospital

ALLEGAN (Special) — On the basis of construction and operating costs alone, it appeared Monday that the Allegan board of supervisors would have little choice but to select a site for a proposed 125-bed county hospital where such municipal services as water and sewers are available.

That was the conclusion reached by many members of the board after hearing a report on a comparison of costs between three alternate solutions to the problem of providing a safe and adequate county hospital presented by J. and G. Davenport, Grand Rapids engineers.

Of the three alternatives, both construction and operating costs were shown by the report to be lowest for a site located within a municipality. The other two choices were construction of a new 125-bed hospital at the present location six miles northwest of Allegan or building an 85-bed unit on this site and use the present hospital's ground floor only as an annex.

With the 85-bed hospital considered the basic unit, the report showed that construction costs for an all-new hospital on the old site would be \$96,700 more than for one built within a city while construction of an 85-bed unit adjacent to the present building would cost \$28,900 more.

The cost of providing water for fire protection and sewage disposal facilities were the big factor in making the rural site more expensive according to the report. The municipal site was also shown to be most economical to operate primarily because of lower amortization and interest charges. These charges would amount to \$5,700 per year for an all-new hospital on the present site. For the third alternate plan—construction of the 85-bed unit for use in conjunction with part of the old hospital—operating costs would be \$31,163 more per year, due to the need for an estimated ten more employees to staff it.

Estimates of the total cost of construction of a 125-bed hospital ranged upward from \$4,500 per bed. The report had an undercurrent of urgency behind it in view of the state fire marshal's withdrawal last Thursday of approval of the second floor at the present hospital. This resulted in an order from the state social welfare commission indicating that late and federal aid for the hospital was being cut off as a result. The state commission gave the county a 30-day delay in executing the order to give the local unit time to find space in nearby general and county hospitals for the 29 bedridden patients moved from the second floor. In the meantime the patients are being housed on porches, sun rooms, examining rooms and in the women's sitting room at the county infirmary adjacent to the hospital.

Communications regarding the withdrawal of approval for the hospital and the report on cost comparisons were referred for joint study to the social welfare, finance and county buildings committee.

Included in the data referred to the committee was advance notice from the social welfare board that transferring the surplus patients would result in additional expense to the department. Also at Monday's session of the board the report of the county equalization committee was submitted by Chairman Harold D. Fox, Wayland, showing the county tax roll equalized at \$80,000,000 in real and personal property.

Real estate assessments totaled \$58,385,112, with \$9,167,230 in added dollars to be divided among the cities and townships, for an equalized total of \$67,552,342. Personal property as equalized totaled \$12,447,658. Allegan's city tax roll represented 9.98 percent of the total, followed by Otsego, with 9.76 percent and Plainwell with 6.75 percent.

County School Superintendent G. Ray Sturgis reported that the Allegan city school board, which had previously announced its intentions to withdraw its support of the county Normal School, has indicated that it would reconsider its action if the county would increase its contribution to supporting the school.

Committees were at work Monday afternoon while the tax allocation board held its organizational meeting and elected Walter Wightman, Fennville, as chairman. The board will meet again May 10 to prepare a preliminary report.

Allegan Council Hears Proposal To Boost Budget

Tax Rate Increase Would Be 2.5 Mills If Measure Is Passed

ALLEGAN (Special) — An increase of \$34,214 over the city's current budget, with total expenditures of \$190,284, was proposed in a tentative budget presented to council members Monday night for study prior to the public hearing set for Monday, May 2.

City Manager P. H. Beauvais said that the tentative budget, if approved in its entirety, would raise the city tax rate from 11 to 13 1/2 mills.

It was the council's annual re-organizational meeting with one new member, Weldon Rumery seated. Stewart Miller was re-elected mayor and Kenneth Andrews mayor pro-tem.

Largest budget increase was found in the proposed creation of a new fund for the construction of sanitary sewers for which \$6,475 was budgeted. A new boiler for Griswold Memorial building, at \$3,000, was another major item. Of the \$190,284 budget, approximately \$100,000 would be raised through taxes.

Resurfacing of Main St. from Grand to the city limits, and all of Trowbridge, Locust, Hubbard and Brady Sts. are included in the budget. With the exception of Main St. all of the proposed resurfacing projects are in the business district. Estimated cost of all resurfacing projects was \$31,000.

Also on Monday night's agenda: Approval of the first deed drawn up for purchase of land for the city's off-street parking area.

Passage of first resolution required for Weeks St. sanitary sewer project at an estimated cost of \$2,400, all of which will be paid by property owners.

Third quarter report on the city-state trunk line maintenance contract which showed the city has already exceeded its full year's budget by \$2,000 due to high cost of ice control last winter.

Setting of May 2 as the date for opening bids on oil applied on the city's gravel streets. The action was taken earlier this year in response to a petition from residents of the Riverview addition.

Approval of a request for a \$300 contribution to the Community Council for its summer recreational program.

Local Ministers Protest Proposed World Calendar

Resolution Says Plan Violates Seven-Day Cycle Given in Genesis

The Holland - Zeeland Ministerial Association protested the proposed World Calendar at the annual ministers' retreat at the association Monday in Hope Memorial Chapel. Thirty-one ministers and wives attended, including members of the Allegan County Ministerial Association.

The resolution which association secretary has sent to the Secretary of State and Michigan Congressmen reads: "The Holland - Zeeland Ministerial Association representing the Protestant churches in and around Holland and Zeeland, Mich., protest the favorable consideration of the proposed World Calendar.

"This is the first time in our Judeo-Christian civilization that a calendar revision has been attempted in violation of the seven-day week cycle as set forth in Genesis.

Respect for the Sabbath is being ignored in the proposed reform in favor of economic and social convenience. Any action in favor of this calendar on the part of the State Department would aid the forces of atheism which are seeking to destroy faith in God and are undermining the free government born under God."

The committee has prepared a form letter which pastors will make available to their congregations encouraging them to write to their Congressmen. Copies may be obtained from the secretary, the Rev. R. Denekas, 154 Grandview Ave.

Speaking at the morning session was the Rev. George B. Hilson, pastor of Wesleyan Methodist Church, who gave a stirring address on conditions in Haiti which he visited some months ago. He gave an interesting insight into the social and spiritual conditions of the little island.

The group toured the new Western Seminary building and returned to Durfee hall for lunch. At the 2 p.m. session in Hope Memorial Chapel, Dr. J. Plekker, physician and psychiatrist at Pinecrest sanitarium, talked on the basic causes of mental illness and suggested ways in which ministers may help solve problems of those afflicted.

Dr. Martenson of Park Congregational Church of Grand Rapids called attention to the stupendous growth in church membership in the nation, but questioned whether the growth is a real spiritual growth as well as a numerical growth. His chief emphasis was the need for the recognition of the greatness of God, and he said men today are making God very human, referring to modern song versions such as "Have you talked with the man upstairs?" He also referred the psychological approach emphasized in the philosophy of positive thinking advocated by some prominent ministers of the day. But he said this approach hardly meets the deep spiritual needs of mankind today.

After the afternoon program, the local association held a brief business meeting. The Christian Film Time committee said a trial of the proposed plan would begin in the near future. The association also heartily endorsed this recreational activity being planned in the city. The Rev. M. J. Vander Werp announced the World Home Bible League rally to be held April 26 at which time a canvass planned for Holland - Zeeland area will be represented.

Rev. Vander Werp, vice president of the association, presided and the Rev. H. A. Maycroft of Saugatuck and Raymond Denekas of Holland took charge of registrations.

Estonian-Born Student Likes Local Hospitality

Miss Ilona Planken of Detroit Michigan State College senior who spent the past weekend here, thinks Holland is a good place to be, not only because of its beautiful location, but because of the kindness and hospitality of its people. In fact, Estonian-born Miss Planken likes America, especially because of the people who live here, she says.

This attractive young woman, who spent five years in the Geislingen Displaced Persons camp in the American zone of Germany with her parents before finally winning entrance into this country six years ago, has recently become an American citizen and is proud of her new status.

Ilona told about her experiences and impressions at a tea given by members of BW Chapter, PEO, Saturday afternoon in the home of Mrs. J. J. Lubbers on East 10th St., at which she was the guest of honor. A number of young women students and others were also guests.

In her informal talk, Ilona told about seeking help in continuing her interrupted education, and how she secured a scholarship to PEO-owned Cottey Junior College in Nevada, Mo. She was the first of a large group of foreign-born students now welcomed annually to Cottey's distinguished president, Dr. Blanche Dow. She related many interesting experiences, telling how she struggled with her then limited English in taking notes in history class, whose professor liked to insert an anecdote from time to time. "My notes were sometimes a scramble," she told her audience. Her English is now impeccable.

The young women guests were interested in the social life of the girl's school and the modern home-like dormitories where each girl is given individual consideration. Scholarships are available for those who really want to go to school, she said.

After two years at Cottey, Ilona went to Michigan State where she will soon receive her degree. She is majoring in music education. Upon request she played a piano arrangement of Estonian folk music. She was introduced by Mrs. W. C. Snow at whose home she was a weekend guest.

Mrs. A. E. Hildebrand, local PEO president, welcomed the guests. Flowers for the occasion were arranged by Mrs. Leonard Swartz and tea arrangements were made by Miss Maxine Boone, Mrs. George A. Pelgrim and Mrs. John O. Hagans. Mrs. Hildebrand poured.

Ladies Night Ends Season For Social Progress Club

Members of the Social Progress Club staged Ladies Night Wednesday evening to conclude their 1954-55 season. The meeting was their 700th since the club's organization.

Club President Lawrence W. Lamb presided at the affair, which featured dinner at Voorhees Hall, Hope College.

After dinner, Dr. and Mrs. Irvin J. Lubbers opened their home on the college campus, where the evening program was presented and business was conducted.

Highlight of the evening was an especially impressive review of Dr. Edward Elson's book, "America's Spiritual Recovery," presented by Mrs. George A. Pelgrim. Mrs. Pelgrim said the author has given convincing proof that there is a spiritual awakening in America today, which can lead to the recovery of America's spiritual foundations.

She said Dr. Elson convinces his readers that as citizens of a Christian nation, we have an obligation to saturate Americans with the reality of the presence of God and by showing the world what America really believes and why it has prospered, we can become a citadel of spiritual strength to all mankind.

Music for the program was provided by Mrs. Marion de Velder, who sang three numbers accompanied by Miss Lois Van DeLinder, Hope College student.

County Board Adopts Report On Equalization

Mayor VerDuin Resigns From Board Because Of Press of Business

GRAND HAVEN (Special)—At the final meeting of the April session, the Ottawa County Board of Supervisors Tuesday afternoon adopted the equalization report which lists a total county valuation as assessed of \$109,367,872, a total valuation as equalized of \$147,534,782, and a state valuation as equalized of \$156,900,000. The report had been presented earlier in the April session.

Mayor Claude Ver Duin of Grand Haven, announced his resignation because of the press of business in his new position as secretary of the Chamber of Commerce. He said he has asked John Stap, assistant city assessor of Grand Haven, to serve in his place.

The ways and means committee submitted its proposed budget for 1956 totaling \$714,992 including the following items: general fund, \$355,967; county parks, \$10,000; county social welfare fund, \$62,000; county drains at large, \$3,150; health committee, \$97,000; county board of education, \$43,275; probate court boarding school fund, \$15,000; voting machines, \$22,000; addressograph, \$6,000; miscellaneous for roads and other requests, \$100,000.

Henry Slaughter of Tallmadge, who has served as chairman of the committee for many years, said he will be happy if the county does not go into the red this year. He feels sure there will be no surplus. Six or seven years ago, he said, the county had a surplus of a quarter million dollars but it is now gone because the board has granted so many of the requests which were submitted. He said formerly the county gave the Road Commission \$25,000, then raised it to \$75,000, then to \$100,000, and last year to \$125,000 from county funds.

The County Board of Education requested that professional members on its staff be removed from the job classification in view of the fact the board is unable to attract professional people at salaries listed. The communication pointed out, however, that there is no objection to having secretaries remain under the classification. The request was referred to the county officers committee and the education committee with power to act.

The airport committee consisting of Gerrit Bottema, John Hassold, and Erwin Heckel reported that the members have attended several meetings with Muskegon groups during the past year to be known as a Joint Muskegon County airport zoning board. Aim of the group is to zone surrounding property of the Muskegon airport within a radius of 10 miles to restrict the height of buildings, trees, etc., in accordance with standards of the Michigan State Board of Aeronautics. The report was filed.

Visitors at Tuesday's session were John Hamilton and Richard Johnston of Hope College and Dale Vermeer, son of the Jamestown supervisor.
