Rain-Proof, Wind-Tight

There's genuine satisfaction in living under a roof of Reynolds Asphalt Shingles. In the first place it costs but moderately to buy and lay them. Secondly, they make a very fine-looking roof. And thirdly, once laid, they're on "for keeps."

Reynolds Flexible Asphalt Slate Shingles

are rain-proof and wind-tight. The storms and frosts of a score of years will have little appreciable effect on them, because they are granite-surfaced and sufficiently elastic to resist thawing and freezing. These are the shingles for economical builders to buy. Have had a ten-year test—no painting or repairs are ever necessary. Reynolds Asphalt Shingles are fire resisting and do not color rain water. 8x12 1/2 inches and lay 4 inches to the weather. Beware of imitations. We also make high grade granite surfaced roofing in rolls.

DRAW LOTS FOR SALOON LICENSES.

Because their names were the last to be drawn from a hat, two Grand Haven saloon men were refused licenses by the common council at the special meeting last night. Edward Wilbert and Fred Worden were the two unlucky ones and they will be compelled to close their places of business when their licenses expire May 1. With these two saloons eliminated Grand Haven now has the number of saloons permitted by the state law. Wm. Wilbert has operated a saloon at the corner of Fulton and Seventh streets for many years. Ed Wilbert his brother took the license last year and Mr. Worden has been operating the old Luhn place near the Pere Marquette station for about a year. As it happens these two men were running the most orderly places in Grand Haven and were living up to the letter of the law.

However the lottery scene has caused considerable stir in Grand Haven. Individuals who object to the action of the council and who think that justice was not done in the matter, intimate and even flatly assert that the council should have gone through the list of saloons and eliminated those saloons which have not lived up to the letter of the law in the past. They say that there are those that have been arrested for violations only recently and that it is these men who should have been removed from a business they could not or would not conduct properly, and not those men who have conducted "respectable" places. They go even further and say that there are saloons in Grand Haven where men have been panhandled while in a drunken condition and where semi-nude women have danced on tables and that these places should have felt the axe rather than the saloons which did.

Fred Worden, one of the saloonists who was refused a license by the city council, has gone to Bailey, Muskegon county where he will embark in business.

CONG'L AND M. E. CHURCH JOIN AT SAUGATUCK.

There is a movement started to unite the Saugatuck Methodist and the Cong'l churches and employ Rev. Millar as pastor of both congregations. The idea is to abandon the M. E. church building as the meeting place. This idea has its supporters and opponents among the members of both congregations. The late Mr. Bruckmann gave the Cong'l church site with the provision that it was to be always used for Cong'l church purposes, it is hardly likely that the society will consent to give up the property in order to make a union church.

Thomas N. Robinson attorney at law has moved his offices from the Holland City News to the McBride block in the rooms formerly occupied by the Weersing Real Estate firm. Mr. Robinson has remodelled the rooms and has now commodious apartments. The change was brought about because his business has increased to such an extent that larger quarters were necessary.

ALL DRUGGISTS SIGN AGREEMENT NOT TO SELL LIQUOR ON FIRST DAY OF WEEK.

From now on not a drop of liquor will be sold in Holland on Sunday in the drug stores. The charge has been freely made that in a few of the drug stores liquor was being freely disposed of on Sundays and this has during the past year more than once caused a squabble in the council. Chief of Police Kamferbeek recently got busy and drew up the following agreement which has been signed by every druggist in the city.

"Holland, Mich., April 22, 1912
"We, the undersigned druggists doing business in the city of Holland, do hereby agree that from and after this day and date we will not sell, furnish, give or dispose of any spirituous, vinous or intoxicating liquors in our respective places of business on the first day of the week commonly known as Sunday provided that this agreement shall not be operative or binding upon us unless signed by all druggists in the city of Holland who sell such liquors."

Postmasters all over the country have been instructed to give careful attention to all inquiries concerning money orders that may have been lost when the Titanic went to the bottom last Monday morning. They are then requested to report the facts to Washington. It is the belief of the authorities that thousands of dollars in international money orders were carried on the Titanic, and that the greater part of this sum can be properly traced through receipts and turned over to the parties named.

Blom License Turned Down.

At the adjourned session of the Common Council held in the city hall last evening the wholesale liquor house question was the first to be considered.

Upon motion of Alderman Lokker supported by Alderman Harrington, the motion to limit the number of wholesale houses to three carried, the vote being six in favor and three against. This question caused a deal of discussion among the aldermen. Hansen maintained that this would be using the license system as a monopoly and that it would be no more than just to give a person of the right sort a chance to go into business and make money as well as those now engaged in it.

Alderman Lokker took the stand that if we allowed four this year we, in all probability, would have five or six next year. Alderman Mersen said that the liquor business is a peculiar business as there is no other in which there is such a tendency to violate the law. The expense to the city to watch them and have them properly policed is very great and the more houses there are the greater the expense will be, and the fewer we have the better it will be for the city. The more men there are who are engaged in this business the more grasping they become in looking for the illegal dollar and as he understood the situation the general sentiment throughout the city was to maintain the present system and have the same number as at present.

Application to conduct wholesale liquor houses were presented with bonds by David Blom, Martin Van der Bie, Wm. Blom and Walter Sutton. Before these applications were acted upon and licenses granted Alderman Lokker said that he felt that something should be done in regard to the drug stores "the drug stores are not restricted in any way," said the senior alderman from the first. "They can do business all night and all day Sundays. Before accepting their bonds let's have their promise that they will not sell liquor on the Sabbath at least." It was explained to him that the druggists had signed an agreement to this effect with the chief of police.

The applications for liquor licenses were considered separately, that of William Blom being the first. A motion by Drinkwater that it be granted was not supported. Then Alderman Lokker moved that it be not granted; Harrington supported this motion. Before the question was put before the council, Drinkwater wanted to know the reasons that the other aldermen had for not granting Blom a license. Mersen said that no one was required to give a reason for voting one way or another but that for himself he felt that as long as the council had decided to have only three wholesale houses licenses he was in favor of granting these licenses to those now in business; they had conducted the business satisfactorily, there being no disorder and he felt that they were entitled to continue. Alderman Lokker's motion carried.

Martin Vander Bie, 180 River street, David Blom, 5 West Eighth and Walter Sutton, 122 East Eighth were granted licenses.

On Monday evening there will be a meeting of the property owners in the block in which the Wesleyan Methodists wish to move their church and this question will be settled then.

The matter of making a boulevard of Twelfth street to the lake caused some discussion. It was finally decided to hold an informal meeting before the regular meeting next Wednesday evening; this meeting will be held between 7 and 7.30 o'clock.

The committee on streets and crosswalks was given power to buy two carloads of crushed stone for the purpose of repairing the streets. The election inspectors in the different wards for the coming election for charter commissioners are: 1—A. Van Duren; 2—Frank Brieve; 3—Ed Stekete; 4—H. Pelgrim Jr.; 5—John Kooiker. The meeting was then adjourned until next Wednesday evening.

Bridges and Culverts—Mersen, Lokker and King.

Ordinances—Dyke, Mersen, King.

Good Roads may use Waverly Stone

The Ottawa County Good Roads commission met at the office of County Clerk Glerum with all of the commissioner yesterday present. Deputy State Highway Commissioner Rogers was expected from Lansing to meet with the commissioners but up to the time for the calling of the session Mr. Rogers had not reached Grand Haven. Mr. Rogers was to meet the commissioners at Zeeland. The object of the meeting at Zeeland was to give the commissioners a chance to examine the old quarries of the Waverly stone company which is now out of business. However there is a great amount of stone on hand which the commissioners believed might be used in the foundation work in the new roads. It was the desire of the commissioners to get the opinion of the state commissioner on the proposition.

The Ottawa county commission, which is at present composed of Charles E. Bosworth of Georgetown, chairman; Rokus Cook of Holland, Richard Dykema, Grand Haven and Willis Buck of Wright, is ready to go ahead with the work of building the new roads as soon as possible and all of the preliminary steps possible are taken to avoid any delay in the actual construction.

Captain Refused Assistance

When last seen, Captain E. G. Crosby of Grand Haven, who lost his life in the Titanic disaster, was struggling in the water, and refused to accept aid from a life boat which was already loaded with women and children. This is the story which was brought to Mrs. Crosby by people who were in the boat which had offered assistance to the captain. General Passengers Agent Frank Walsh of the Crosby Transportation company, who went to New York to meet Mrs. Crosby, states that the Carpathia, and those who knew the captain had the highest praise for him. While the Titanic was sinking he mingled with the passengers, calm and smiling, and reassured the nervous ones.

Mrs. Crosby last saw her husband as he hurried her and her daughter to the decks.

Plans for a new steamer for the Crosby line was completed by the designers before Capt. Crosby left for Europe. Mr. Crosby intended putting the new steamer on the line between Grand Haven and Milwaukee.

Sheriff's Trial in Allegan

Sheriff Cornelius Andre and Deputies Salisbury and Klaver were placed on trial in Allegan circuit court on the blanket conspiracy indictment returned by the Ottawa county grand jury.

The entire first day was consumed in drawing the jury, by Special prosecutor Hoffman and Prosecutor Louis H. Osterhaus of Ottawa for the People and Attorneys Pagelson and Lillie of Grand Haven and Clink of Muskegon for the defense. The prosecution asked that Lillie be denied the right to try the case on the grounds that he was a witness before the grand jury. The motion was over ruled by Judge Cross.

A large part of yesterday was taken in reading bills presented by the officers to the county board of supervisors. These were countersigned by Judge Padgham.

County Clerk Jacob Glerum identified the signatures as being those of the jurists. Justice D. C. Wachs identified several warrants made out by the officers.

According to the bills rendered it is claimed that Sheriff Andre was working on a case in Ottawa county and was taking a prisoner to Detroit on the same day.

The Democratic county convention will be held in Grand Haven Saturday May 4 for the purpose of electing delegates to the State convention to be held in Bay City. Holland is entitled to 24 delegates, Holland township, and Zeeland City 6.

Al Hidding Becoming Popular

Grand Haven Tribune
Al Hidding, the Holland candidate for sheriff appears to be growing in favor. The parties behind the Holland man's campaign are putting him in the pole position in the race right now and he is likely to be heard of a great deal between now and August 27.

Coon Arrested for Forgery

United States Marshal Nick Whelan and Deputy Sheriff Al Hidding went to Leavenworth, Kansas and also to St. Louis, Mo. to deliver two prisoners to the authorities there. One prisoner was a colored man, and is a bad actor wanted for forgery.

When Deputy United States Marshal Ed O'Donnel arrested the negro he located him in a room in a tenement house. Ed deftly picked the lock, but on entering the room he found a revolver staring up at him in the hands of a man under the bed. Stepping back as if to retire from the room, the coon was taken unawares. O'Donnel kicked the pop from his hands, pulled Mr. Man from under the bed but not until a desperate struggle had taken place. This is one of the prisoners who Whelan and Hidding are taking west. It can readily be seen that a man of Al's size and strength may come in handy.

Notice of Special School Meeting

Notice is hereby given that a special meeting of the qualified voters of the City of Holland, will be held on the 14th day of May, 1912, in the Third ward polling place in the City Hall in said City of Holland, from 2 o'clock p. m. until 8 o'clock p. m. of said day, at which meeting the following proposition will be submitted to the voters of the city of Holland:

By order of the Board of Education. Henry Geerlings, secretary.

Bibles have been placed in every room in Hotel Holland and Hotel Bristol by the executive committee of the federation of Men's Bible classes. Allegan will build a \$10,000 Catholic church.

An arrest was made yesterday on the charge of not properly hitching a horse on the street. Justice Robinson allowed the offender to go free by paying the costs in the case.

A committee of Kalamazoo men came to Holland to inspect the paving on Central avenue, which was laid a short time ago as an experiment. In the party were City Engineer Linderling, R. R. Cremer, C. Verberg C. C. Cutting and Albert Tenbuscher.

Three men Aaron Moore, Jack Sprank and Jack Stewart were arrested upon complaint made by Frank De Ridder charging them with assault and battery. They were arraigned before Justice Miles and all pleaded not guilty. They were released upon their own recognizance. Their trial will be held the afternoon of May 1.

At Monday afternoon's session of the board of supervisors a resolution was passed for the immediate issue of \$100,000 good roads bonds, and the county clerk was requested to advertise for bids.

Chaplain James Osseward of the United States army and Mrs. Osseward have arrived in Zeeland. Mrs. Osseward left several days ago for New York, her husband having sent her a wireless telegram from the steamship. Mr. and Mrs. Osseward expect to remain at the home of their parents, Mr. and Mrs. J. Den Herder on Central avenue for about a month. After which they will leave for the Vancouver barracks in Washington state where Mr. Osseward's regiment has been ordered from the Philippines.

The examination of John Kats charged with selling diseased meat was held at the city hall at Holland Friday afternoon before Justice Robinson. Prosecuting Attorney Osterhouse conducted the examination for the people and Attorney G. E. Kollen appeared for Kats. The principal witness was a Mrs. Mulder to whom diseased meat is alleged to have been sold by Kats. According to the story of the woman the meat was sold to her some time in February. She said Friday that Kats had given his name as Brandt and when she found that the meat was diseased she had written to two persons of that name but when they came she found they were not the ones who had sold her the meat. Afterwards she said when Kats returned to her place she identified him immediately. Health officer Gregory of Holland was another witness who testified Friday. Kats was bound over to circuit court and bail was placed at \$500.

Rev. H. Vander Werp of Zutphen visited in the city Friday.

MR. AND MRS. JACOB DEN HERDER OF ZEELAND CELEBRATE EVENT.

Veteran Zeeland Banker Has Occupied Many Positions of Trust Since Coming to America

A family reunion took place at the home of Mr. and Mrs. Jacob Den Herder in Zeeland in commemoration of their 56th wedding anniversary in the presence of their children and grand children. Mr. Den Herder came to this country from the Netherlands in the spring of 1847 as a lad of 13 years, and he has vivid recollections of all the struggles and difficulties incident to pioneer life. Mrs. Den Herder came from the Netherlands to America in 1855. They were married in 1856, settling in the township of Zeeland where they have always lived.

Mr. Den Herder at once devoted himself to the study of English and, while still a young man received a certificate to teach school. In which he engaged until he went into business, first in Vriesland, and afterwards in Zeeland. Careful, conservative, though enterprising he has had a successful business career. He is best known as president of the Zeeland State bank which he founded and carried on for several years as a private bank, but which was incorporated as a State bank in 1900.

He is still active in business, going to his office every day. Mr. Den Herder has occupied many positions of trust in public life. From the age of 23 when he was township clerk, until he declined to be considered for any public office, he has served the public in various capacities, with ability and faithfulness. In 1876 he was one of the presidential electors, representing the 5th district. In 1880 he was elected state senator.

A couple of years ago he declined as elder of the First Reformed church which position he held for 30 years successively and also that of superintendent of the Sabbath school which he held also for 30 years. He is at present teacher in the Sabbath school and president of the Zeeland Cemetery corporation. He was often appointed as lay delegate to church councils and six years ago he attended as delegate the centenary synod in New York City. From the eight children born to them two sons and three daughters are still living who are: Mrs. M. Kolyn of Holland; Mrs. James Osseward, Mrs. A. La Huis, of Zeeland, C. J. Den Herder, cashier of the Zeeland State bank and George Den Herder of Zeeland. They have 13 grandchildren. Mr. and Mrs. Den Herder are both 78 years of age and are in good health.

Juvenile Compositions.
I am by no means disposed to go so far as the historian of New England, John Gorham Palfrey, who, as I have been told, was wont to express the desire that an act of congress should be passed forbidding on pain of death any one under twenty-one years of age to write a sentence.—Professor Lounsbury in Harper's Magazine.

Kenyon Men's Suits

When you seek economy, ask your merchant to show you this \$15 Suit. Compare it with one that costs \$25, and see wherein lies the difference. It does not lie in the wearing qualities, surely not in the style and fit. The great difference is one of price, caused by more than one reason—made in the largest factories of their kind in the world.

The Committee appointed by the Twelfth street property owners for the purpose of investigating and recommending in regard to the plan, kind and quality of pavement to be put down on said Twelfth street herewith recommended as follows:

1. General plan and kind of pavement to be same as now on Central Avenue under the following conditions:

(a) A six inch concrete base.

(b) The wearing surface to be two inches of asphaltic concrete containing a mineral aggregate of hard crushed stone graded from 1/4 inch to dust with as large a proportion of the 1/4 inch as conditions warrant.

2. (a) That the width of the pavement from Lincoln Avenue to First Avenue be 30 feet from back of curb to back of curb, this allows for 12 feet of parking from walk to curb.

(b) That Twelfth Street be boulevard from First Avenue to the lake as follows: two strips of pavement 16 feet wide so placed as to allow 8 feet for parking from walk to curb and a strip of parking in the center 20 feet wide.

3. If practicable the constructing of the wearing surface in charge of the City Engineer, possibly also the concrete and gutter work.

After full discussion and consultation with the City Engineer, and the examination of a ten year old pavement in Muskegon by a committee of three, the above recommendations were unanimously agreed to by the committee.

Municipal Efficiency

So efficient has been the management of the local light and water plants during the past year by the Board of Public Works of the City of Holland that the dividend to be declared in favor of the city is at least 15 per cent. This news is extremely gratifying at this time when we are learning right along of other cities that find that their municipal plants are annually losing money for them and that they are now planning to turn their plants over to private corporations. The news is pleasing because of the further fact that the people of Holland are furnished light, water and power, at as cheap, if not a cheaper, rate than any other city in the state.

And it is still more pleasing when we note that a new turbine engine is to be installed this year at a cost of \$28,600 for which the city will not have to bond but which will be paid for out of the earnings of the plant.

But aside from giving us a right to rejoice, this dividend of 15 per cent teaches us that municipal plants can be made to pay and the profit that otherwise goes to the pockets of private stockholders can just as easily be turned into the coffers of the city. But this is not the only lesson that we, as citizens interested in our city, can gather from this dividend.

We are on the threshold of a charter revision in which it is hoped by many that the city boards can be placed on an elective basis. The greatest lesson of the dividend of 15 per cent is that it is best to leave well enough alone. The management of the business of a city as far as public utilities are concerned, should not be entrusted to party majorities. Every one is not fitted to manage a big business whatever his qualifications as a vote-getter may be. The only standard for selection should be ability. Then, too, changes are bad; the private concern is not changing its managers, its superintendents, and its foremen every year. These men are retained year after year if they show capability for the work and their positions are not jeopardized because they are not as popular with a majority of the workmen as some other men with less real ability. Politics is a poor thing to mix with a purely business enterprise whether it be a city or a private concern that conducts the business.

The people of Holland should not look for opportunity to take the Board of Public Works away from the system which produces 15 per cent dividends. Agitation is all right when it awakens us to the existence of real evil but there is no real evil in having positions on our city boards appointive instead of elective. It would be well for all of us to carefully consider these matters from the 15 per cent standpoint before we put ourselves on record.

And, while this is not the purpose of this editorial, the News deems it proper right here to extend our thanks to Arend Vischer, the chairman of the Board of Public Works; and to all the members of the board A. B. Bosman, R. N. De Merrill, G. J. Van Duren and Walter Lane as well as to Superintendent R. B. Champion, for the efficient and capable way in which they have handled this branch of the city's business.

His Last Message

"Sinking by the head. Have cleared boats and filled them with women and children."

This was the last wireless message that Captain E. J. Smith of the ill-fated Titanic, sent to the world.

The hero of the wreck stood on the bridge, with a megaphone in his hand, and with marvelous courage and coolness, gave the orders to lower the life boats, and fill them

with women and children.

With wonderful discipline the officers and crew obeyed their captain.

All knew they were face to face with death—death in the fathomless depths of the mighty ocean which, so long their servant, was now their master.

Like a general with his soldiers, marching to certain destruction, the captain of the Titanic, with his gallant officers and crew, did their duty, and met heroic deaths.

"Sinking by the head. Have cleared boats and filled them with women and children."

It was a brief yet tragic message. It was a farewell without a tremor, without a tear.

Through the darkness across the deep, to a sister ship speeding to the rescue, thence to the whole civilized world, flashed this laconic and stoical message, breathing the breath of the highest type of human courage and self-sacrifice.

The world will never know—can only guess—the harrowing and dreadful agony of captain and crew. Perhaps they, too, in that last hour saw a mental vision of wife and babies.

The world simply knows that they died that others might live.

"Greater love hath no man than that he lay down his life for another."

The captain's last message told the whole story of human sacrifice.

Is may a coward? YOU IS!

The unsinkable ship now takes its place with the fireproof building.

Woodrow Wilson's lost suitcase has been found but his lost opportunity is gone forever.

Ships 1000 feet long will be able to pass through the Panama Canal. With prudent management no serious objection can be urged against such vessels.

MEMBERS OF LITERARY CLUB LISTEN TO GOOD PROGRAM

The meeting of the Womans' Literary club was called to order at the usual time yesterday, and was opened with a word lesson. The object of these lessons are to call attention to words commonly mispronounced and misused.

"Copenhagen," the subject of the first paper, means Merchant's Haven. The chief object of interest to travelers in this principal city of Denmark is the Thorwaldsen Museum, unique because it contains only the works of the great sculptor, Thorwaldsen.

A sketch of the life of Christian IX revealed the noble traits of character of this democratic and just ruler of Denmark, known to the world as the grandfather of Kings.

After a short discussion on "Science in Denmark" a reading "Djorn Silvertson's wedding trip" was given.

The musical numbers on the program were vocal solos "Christmas Song" by Gade and "Loves Trinity" and a violin duet.

The members of the banquet committee are asked to meet in the club rooms next week at half past two.

FIRE CHIEF BLOM WARNS PEOPLE AGAINST INDISCRIMINATE FIRES.

Quotes Ordinance Covering This And Asks Citizens to Observe It.

Now that the spring cleanup is on in earnest the danger from fire is increasing throughout the city. The householder after raking the leaves from his lawn into a heap is often in the habit of starting a little bonfire in the back yard to get rid of the winter's accumulation of rubbish.

A sudden gust of wind is apt to carry the sparks to the house or barn causing a fire. Fire Chief Blom has been busy warning people against this practice and he said today it seemed strange to him that the fire department had not yet been called out for fires caused from this source.

Following is the section of the fire ordinance that covers fire of this kind Sec. 5—No person shall burn any shavings leaves rubbish on other combustible material in any street, road lane, or private grounds or kindle any fire in any street, road, lane or on any wharf or on any private grounds within the city of Holland without the permission of the Chief

George Barr McCutcheon's novels are known to almost every one and their successful dramatization serves to present his beautiful heroines and dashing heroes in vivid living action, surrounded by all the accessories of picturesque scenes and handsome dressing. Add to these equivalents good looking women and men and energetic action, with plenty of comedy and the average theatergoer has about all he wants to afford a perfectly satisfactory evening's entertainment.

All of these conditions exist in "Beverly" which is to be presented for the first time in this city at the Knickerbocker, Sat. April, 27. The plot is well known. It tells of a principality not known in Geography and of the men and women who are its history makers with an occasional America or two thrown in for good measure. Beverly Calhoun is an America girl who goes on a visit to the Princess Yelive of Graustark, mixes herself up inexcusably in affairs of state and ought to be punished with banishment but is rewarded by winning the man she loves, the poor lowly mountaineer, Baldos, who, it later transpires is the exiled Prince Dantan of Dawnsbergen in disguise.

The production which will be seen in this city if the one from the Studebaker, Chicago, where it had a long spring engagement and met with an enthusiastic reception.

or the fire department or the mayor of said city.

"People will stand watching a fire for several hours," said Fire Chief Blom "while at the expense of ten or fifteen cents they could have had the rubbish carted away. And if they would only watch it, it would not be so bad. But often their attention is called to other things while the rubbish is burning and there is always danger from this source."

THOROUGH TEST

One That Will Convince the Most Skeptical Holland Reader.

Cures that last are cures that count. Doan's Kidney Pills make thorough cures.

The following case is typical. Holland residents should be convinced.

The testimony is confirmed—the cure lasted.

Proof like this cannot be ignored. J. W. Fliehmman, 83 River street Holland, Mich., says: "Physicians told me I had lumbago. There were dull pains in the small of my back and limbs and my joints were stiff. I could hardly stoop or lift and after sitting down it required a great effort for me to arise. Physicians' medicine did not help me and I finally got a box of Doan's Kidney Pills at Doan's

burg's Drug store. They removed my aches and pains in a short time." (Statement given December 14, 1906.)

A Later Endorsement. When Mr. Fliehmman was interviewed on October 9, 1911, he said: "My former words of praise for Doan's Kidney Pills still hold good, for the

cure they made has been lasting. I have unlimited confidence in this remedy."

For sale by all dealers. Price 50c. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

The Eastern Star ball given in the Harrington hall Monday eve was the biggest event of its kind in Holland this season. The hall had been beautifully decorated with palms and palms also screened the orchestra. The decorations of the rooms were in blue yellow, white, green and red. Tuller's orchestra of Grand Rapids furnished the music of the evening and it made a big hit several times. Every number was encored and they took down the house with Champ Clark's famous "Houn' Dawg Song."

There were sixty couples on the floor, and a large number of people watched the dance who themselves did not dance. Every one present last evening reports a highly enjoyable time and the success of the ball of last evening has inspired the lodge to repeat the ball some time later. The Eastern Star ball will be made an annual affair and still more elaborate preparations will be made for the next one. Hazel Allen and Beatrice Steketee presided at the punch bowl.

IMPRESSIVE CEREMONIES.

Rev. John Van Puersem was installed as pastor of Trinity Reformed church Sunday with impressive ceremonies. The program was in charge of Rev. John W. Beardslee, vice president of the Classis of Michigan, who also read the form. Prof. John E. Kulzenga preached the sermon, President Vennema of Hope College gave the charge to the pastor and Rev. A. Van Arendonk, representing the classis of Holland, addressed the congregation. Rev. Dr. John H. Karsten offered prayer and the new pastor pronounced the benediction.

A reception was given Monday eve by the congregation of the Trinity Reformed church to the Rev. and Mrs. John Van Puersem, in the Woman's Literary club rooms. The hall was crowded to its capacity and more than three hundred people attended the reception.

A program was carried out. It opened with the singing of a hymn after which prayer was offered by David Damstra. Remarks were made by J. W. Oonk president of the consistory Gerrit Van Lente, president of the Men's Bible Class, Dick Steketee, superintendent of the Sunday school, Mrs. S. Barkel, president of the Ladies Bible Class, Mrs. Albert Vanden Berg, president of the Ladies Aid society, Peter Huyser, teacher of the Ladies' Class.

Prof. A. Raap made an address of welcome to the pastor in behalf of the congregation and the Rev. Mr. Van Puersem responded to it. The closing prayer was pronounced by the minister.

In the course of the evening music was furnished by the Male Quartet composed of John K. Van Lente, Herman Cook, Peter Huyser and Ben Dalman; by the Ladies Quartet composed of Mrs. George Albers, Mrs. Henry Wickerink, Mrs. Trimpe and Mrs. B. Dalman; vocal solo by Herman Cook; flute solo by Gerard Raap; violin solo by Dr. Poppen and music by the orchestra.

After the program a social hour was spent and a grand good time enjoyed by all. Refreshments were served. The new pastor and the congregation were mutually highly pleased with one another after this first meeting.

Democrats Hold Convention.

The largest democratic caucus held in Holland during the past fifteen years was that held Monday eve at democratic headquarters at 206 River street. There was an enthusiasm about the meeting and a vim that augurs well for the party in this city. The caucus was held for the purpose of electing delegates to the county convention to be held in Grand Haven on May 4. The meeting was most harmonious and practically every one in the hall last evening was a Woodrow Wilson enthusiast. The delegates were not instructed for the former Princeton president but the sentiment for him was unanimous. The delegates were uninstructed and as such will go to the county convention. They were however instructed to vote as a unit for Al Toppen as district delegate to the National Democratic convention to be held in Baltimore, June 23.

Mr. Toppen stands a good chance of landing the job. There are two other candidates in the field, William Loutijt of Grand Haven and D. R. Waters of Spring Lake. Forty-two votes are necessary to elect the district delegates since the number of votes at the county convention will be 52 and it is claimed that the Holland man will make a very strong run for the position. Mr. Toppen is a Woodrow Wilson enthusiast and he had personal conferences with the New Jersey governor when the latter visited Grand Rapids last winter.

The meeting last night was called to order by Acting Chairman L. Vanden Berg and Herman Van Tongeren was chosen as permanent chairman. In opening the meeting Mr. Van Tongeren made an eloquent speech in which he called attention to the great chance for democratic success next fall and in which he filled everyone present with enthusiasm for the coming fight. The speech was one of

the best of Mr. Van Tongeren's career and he was applauded with resounding cheers.

The following was the result of the ward caucuses:

First Ward—Wm. O. Van Eyck, chairman; Henry Vander Ploeg, secretary; delegates—Wm. O. Van Eyck, Herman Van Tongeren, William Baumgartel Peter Vanden Tak; alternates—Henry Vander Ploeg, Henry Van Eyck.

Second Ward—Fred G. Bennett, chairman; L. Vanden Berg secretary; Delegates—F. G. Bennett, L. Vanden Berg; Jacob H. De Feyter; alternate—F. B. De Groot.

Third Ward—Henry Bruss, chairman; Al Toppen, secretary. Delegates—Henry Bruss, Henry Hyma, Al Toppen, Chas. Knoohuisen; alternates—Percy Ray, Frank Pifer.

Fourth Ward—B. P. Donnelly, chairman; John C. Dyke, secretary. Delegates—Jacob Van Putten, Jr.; B. P. Donnelly, J. C. Dyke, John A. Kelley, P. M. Gillespie, Wm. Damson. Alternates—R. H. Habermann, Fred Front.

Fifth Ward—D. A. Van Oort, chairman; John Damstra, secretary. Delegates—D. A. Van Oort, John Damstra, Ed Evenhuis, Albertus Michmershuizen, O. Moll. Alternates—Peter Damstra, Al Kraai, Jim Oxner.

Death of George H. Souter

George H. Souter of this city, who underwent an operation in Rochester, Minn. died last Thursday night at 10.00 o'clock. A telegram was received in the afternoon saying that his condition was worse and telling the children to come to his bedside. Four of the children left at midnight but were unable to reach him before he died. Mr. Souter spent the past winter in Los Angeles Cal. and was on his way home when he had the operation performed. Six children, Mrs. Joseph Kardux, Mrs. L. Kardux, Del Souter, G. H. Souter Jr., Mrs. E. Dick of this city and Mrs. Peter Houw of Los Angeles, four brothers and a sister, William of Canada, Alfred of Shelby, Thomas in England, Fred of Kalio and Mrs. Sarah Elmer of Buffalo, N. Y. survive him. The body was brought here for burial. The funeral was held yesterday afternoon from the home, Beechwood, at 1:30 and at 2 o'clock from Hope church. The Rev. E. J. Blekkink officiated. All his children were present.

The following poem was written by Mr. Souter in memorium to his wife who died two years ago:

I sit and dream in the twilight
Of days that are gone for aye
And as I dream the twilight fades
And night shuts out the day.
The darkness has been long and lonely
And clouds have hung dark and low
Since I laid away my darling wife
And times moves drear and slow.

And I seek my couch in the darkness
And lay me down with a prayer
To the Lord to lighten the burden
And help me this cross still to bear.
For I know that my darling is happy
In the land where no sorrow can come
And sometime I am going to meet her
In that bright and most beautiful home

For the dawn of a blessed to-morrow
Shall rise to my vanishing sight
Where pain nor sickness and sorrow
Shall mar my most perfect delights.
And then I shall meet with my loved ones
And there from my labors shall rest
And will sit at the feet of my Saviour
At home in the land of the blest.

George Souter, Senior

State Senator two terms from Grand Rapids. Never traveled on a railroad pass or accepted favors of any kind from any one. Now asks your consideration of this record.

Danhof For Probate Judge

(Political Adv.)

James J. Danhof, ex city attorney of Grand Haven is being enthusiastically boomed by Ottawa County Republicans for Judge of Probate. He is well known as a leading citizen and prominent attorney in this community. His legal attainments are well known and while city attorney of Grand Haven for four years received the commendation of people and press of Grand Haven.

His boom is vigorously pushed by leading Republicans from all sections of the county, and is being everywhere cordially supported by the voters. Having been urged to enter the race, he has decided under these favorable circumstances to enter the contest against Judge Kirby, who has held the office for about eleven years.

James J. Danhof

Later he entered Hope college Holland where he spent four years and is seeking a fourth term.

Mr. Danhof has resided nearly all his life in Grand Haven where he was

born, and in his early years worked for three years at the tailor's trade, attending school in the winter time, put in many Saturdays working at the trade at the tailoring establishment of Mr. Bosman, who kindly assisted him with work.

From Hope College he received the degree of Master of Arts. He served four years as deputy collector of customs under the Hon. H. C. Akely, Collector of Customs for the District of Michigan. When Mr. Akely resigned Mr. Danhof became the trusted private secretary and confidential man to Mr. Akely for a number of years. Later he entered the law department of the University of Michigan, graduating therefrom in 1893, and has been in the active practice of law ever since. He is a close student and thorough in what he does. Is courteous, kind, obliging and stands for what is right.

Mr. Danhof has had large business experience and is familiar with commercial affairs, a man of good judgment, all of which qualifies him for the Probate Office. He is of Dutch ancestry and his parents who came here in 1854 were among the earliest Holland settlers of Grand Haven. He is an active member of the Second Reformed church of Grand Haven and was a member of the consistory for ten years and resigned believing that others should assume those duties.

While Mr. Danhof has been active in Republican circles for years, he has never run for any county office. Should he be nominated and elected the public can be assured of prompt and impartial treatment in all probate matters. He cordially asks for your support. Primaries August 27.

G. & M. LINE PRESIDENT DECLARES PRESENT AGITATION IS ABSURD.

Navigation Head Thinks the Public Should Settle Down and Do Some Calm Thinking

President J. S. Morton of the Graham & Morton Transportation company was not inclined to discuss the question of necessity of additional laws providing for the carrying of more life saving apparatus by the lake passenger steamers.

"I have no opinion to offer," said the executive of one of the largest excursion boat lines on the lake. "This is not the time to take up the consideration of this question. In this period of high excitement and injudicious agitation following the terrible disaster to the ocean liner Titanic calm thinking is at a premium and I decline to enter into the discussion while this state of mind exists. Later it may be possible to get down to the facts and necessities of the situation."

"As head of the Graham & Morton Transportation company, I want to protect fully the lives of all passengers that travel on our steamers but there is a common sense way of doing it. It is ridiculous to take the case of the Titanic and then apply it to lake traffic. We operate under entirely different conditions and federal authorities realize this as well as every man who sails the lake."

"This line has been in operation since 1874, and aside from the loss of the Chicora, we have never sacrificed a life through an accident to our steamers. We intend too, to maintain this record, if it is within human power."

"The sinking of the Titanic resulted in an awful sacrifice of lives and no one can measure the effects of the accident but let the public sit down calmly and figure out a comparison of the loss of life on railroads and on water and I believe it will be

discovered to the credit of steamship lines that their death total is far below that of the land transportation companies."

Federal authorities in supervision of traffic on Lake Michigan are agreed that the following provisions should be included in new legislation for the better protection of passengers on excursion steamers:

That the carrying capacity of excursion vessels of the great lakes be cut materially to fit life saving facilities.

That every passenger steamer be forced to carry life boats and rafts in numbers sufficient to care for every one of its legal quota of passengers and its crew.

Danger is Pointed Out

It is pointed out that not a large excursion steamer of all the fleets that left Chicago daily last summer for trips upon Lake Michigan carried upon its decks enough life boats and rafts to care for its human freightage in case of a disaster.

To these demands for more stringent regulations, officials of the steamship companies declare that the dangers of passenger traffic on the Great Lakes are grossly exaggerated. Federal authorities give some weight to this contention by pointing out that the lake steamers travel short distances, mostly inshore and that most of the vessels are of steel construction. It is claimed that lifesaving facilities are sufficient to meet every ordinary contingency.

Gives Steamers Records.

Following are the figures showing life protection facilities on the steamers of the Graham & Morton Transportation Co., fleet:

Puritan—Steel; 1,000 excursion capacity, including crew of about 50; four cross bulkheads, eight metallic life boats, one wooden boat, one work boat, with total life-saving capacity of 1,944 cubic feet, sufficient for 200 persons; regular passenger list: 480; life preservers 2,172; four corking buoys; eight life boats lowered in 1 minute and 35 seconds; thirteen streams of water for fire in same time. Last May this vessel carried 2,186 people; June, 7,050; July, 7,316; August, 6,071; September, 2,022; showing that in case of trouble life-saving equipment probably would have been sufficient.

City of Chicago—Steel; 1,200 excursion capacity including crew of about 50; regular passenger list of about 500; four bulkheads, five metallic life boats, three rafts, one excursion boat, with total life saving capacity of 2,086 cubic feet, or sufficient for about 210 people; four cork buoys, 2,559 life preservers, six boats lowered in 40 seconds at last fire drill; 14 streams of water thrown in 35 seconds, same drill.

City of Benton Harbor—Steel; regular passenger capacity, 613; four water-tight bulkheads, eight metallic life boats, two rafts, with total life-saving capacity of 1,513 cubic feet, or sufficient space in boats and on rafts for 152 persons, 3,753 life preservers; six cork buoys; all boats lowered in one and one-half minutes at last inspection; fifteen streams of water thrown in 25 seconds, same drill.

Holland—One thousand three hundred ninety-seven excursion capacity including crew of fifty; three cross bulkheads; six metallic life boats, 4 rafts, 5 cork buoys, with total life-saving capacity of 1,556 cubic feet, or about 160 people; regular passenger list, 503; 1,456 life preservers; five boats lowered in 30 seconds; 11 streams of water raised in 40 seconds last fire drill.

Boats Hold About Twenty

The ordinary lifeboat, according to Great Lakes standard, has a capacity of about twenty persons; a life raft of about thirty. According to Great Lake specifications ten cubic feet is allowed for each person; according to ocean rules eight cubic feet.

The Illinois department of federal steamboat inspection is in charge of Roy L. Peck and Capt. Ira B. Mansfield, the latter being the hull inspector. Four official inspections are held each season and the boat owners themselves have fire drills weekly and in many cases daily.

IN SPITE OF TROUBLE WAGNERS HAVE GAINED IN STRENGTH SINCE LAST CONCERT.

Entertainment to Be Given May 3 to Be Most Ambitious Effort So Far.

The Wagner Male Chorus is planning upon giving the best concert of its history next week Friday evening, May 3. For some time it looked as though the question as to whether the concert should be given at the theater or not were going to disrupt the organization but the storm passed away and while the chorus has lost some eight or ten voices the gaps have all been filled and the chorus is today stronger than ever before.

The director, Mr. Francis Campbell has selected a choice well-balanced program and one that the chorus can sing most acceptably. Mr. Campbell's success as a director needs but passing mention as his work is so well known that further comment is unnecessary.

Determined not to run any chances on their assisting artists they secured at considerable expense the artist, who, of all those appearing at the several previous concerts, made the biggest hit with the audience. William Morse Rummel, the young violinist whose playing, both in Europe and in this country has aroused interest which amounts to a mild sensation.

Rummel's appearance in Chicago last October under the management of F. Wight Neumann was one of the events of the season and called forth the unanimous praise of the critics. Following this recital, Glenn Dillard Gunn, of the Chicago Tribune, wrote: "He is endowed with that pulse quickening rhythmic sense that most surely kindles the enthusiasm of the listeners, and he possesses qualities which stamp him as an artist of the nobler type." On the same occasion Karleton Hackett, of the Chicago Evening Post, wrote: "He is full of temperament with intensity in his way of looking at things, dash in his playing yet always with a fine sense of the meaning of the music, the sort of feeling that gives character."

A pupil of Ysaye, the greatest of all living violinists, the young artist has been started on a brilliant career. His work has received the praise of such famous artists as Nikisch, the great conductor, now touring the United States, Kreisler Zimballist Kramer, Fanny Bloomfield Zeisler Gabrilowitsch and Steermann.

For reader the Wagner Male chorus will again present the big hit of the last concert Miss Josephine E. Matthys. The majority of women leaders are more or less affected either in voice or gesture but Miss Matthys came modestly before her audience made them her friends from the start and entered into the characters she depicted in a way that immediately impressed all her auditors with the fact that they were listening to a real artist.

Miss Matthys is in charge of the Dramatic department of the Drake School of Music, Chicago.

MORE THAN SIXTY TO RECEIVE DIPLOMAS AT HOPE COLLEGE

Though Spring Term Has But Just Begun Students Are Preparing For Commencement

When commencement day comes about the middle of June more than 60 young people will receive diplomas from the preparatory and college departments of Hope College. Both the "A" and Senior classes are exceptionally large this year. The spring term has only fairly started but plans for commencement day have been under way for some time past. The boys and girls are getting ready for the big event. Following is a list of the graduates from the two classes:

Since manual training was installed in the local public schools four years ago the attendance has been doubled. Four years ago the attendance reached 200 students whereas now the number of students is 400, one hundred of whom are high school boys.

The high school boys are very much interested in this branch of school work for which credit is given the same as in any of the other studies. Manual training is required up to the ninth grade when it becomes elective and the proof of its popularity is that so many of the boys elect it. The tendency for students to

leave the public schools and attend Hope College after graduating from the eighth grade has lessened materially since the introduction of the manual training and domestic science departments.

The students are engaged in making useful household furniture such as tables, chairs, beds, couches and racks of all kinds the material used being oak. The boy himself decides what he wishes to make but before he is permitted to begin actual work he must make his own designs and working drawings, thus gaining self-reliance and developing his reasoning powers as none of the other studies do. Last year the students gave an exhibit of the work done in this department and it is very likely that another will be given in June.

Although cramped for room, this department compares favorably with that of any school in the state. It is well equipped, the tools being of the best and kept in excellent condition by the boys. There are lockers in which the tools are kept and each tool is put in its proper place. Tab is kept on all material used. The students pay for the lumber but the rest of the material such as nails, wax, varnish, glue, etc., is furnished by the school.

This is one of the most practical subjects taught in the schools and if taken out, doubtless would hurt the school more than the loss of any other one subject. The School for Christian Instruction has petitioned the board of education that their pupils be permitted to receive manual training instruction in the public schools.

The basement of the Central school has been fitted for this department but there is another in the Maple Grove school for the fifth, sixth and seventh graders.

"My little son had a very severe cold. I was recommended to try Chamberlain's Cough Remedy, and before a small bottle was finished he was as well as ever," writes Mrs. H. Silks, 29 Dowling street, Sydney Australia. This remedy is for sale at all dealers.

Two Turkey-Raising States.
Texas raises more turkeys than any other state—perhaps because turkeys require plenty of room for range, and Texas surely can give them that. Little Rhode Island, however, is said to produce the largest number of big turkeys—some of them weighing 40 pounds, and worth 40 cents for every pound.

SKIN SORES
Easily and Quickly Healed

Those who suffer from eczema, pimples, eruptions know its misery. There is no need of suffering. You can easily get rid of it by a simple and inexpensive preparation known as the Five-Drop Salve. It is a carefully compounded ointment that for fifteen years has proven its value as a soothing, healing remedy for eczema, pimples, running sores, wounds, burns, salt rheum, ring-worm, piles and acne. A single application will usually give immediate relief. The burning, irritating inflammation quickly subsides and the sore dries and disappears.

The Five-Drop Salve is now put up in 25 and 50 cent packages and sold by nearly all druggists. If it is not obtainable in your locality you can order direct from Swanson E. C. Co., 108 Lake St., Chicago, Ill., and it will be sent post-paid upon receipt of price. It is an excellent remedy for cracked skin and scalp humors.

MR. AND MRS. D. DYKSTRA AR- RIVE IN HOLLAND

Young Missionaries Have Been En-
gaged in Educational Work in
Bahrein, Arabia.

Mr. and Mrs. Dirk Dykstra arrived
Louis safely Saturday afternoon. They
left Bahrein, Arabia, Feb. 18 and made
quite an overland journey stopping at
a number of important places. The
coal strike in England compelled
them to change their plans somewhat.
Instead of leaving from that country
they crossed the Atlantic on one of
the Holland lines. A few weeks were
pleasantly spent in the Netherlands.

Mr. and Mrs. Dykstra did not leave
for Arabia at the same time. Mr.
Dykstra went there after graduating
from Hope College. In the fall of
1906, Mrs. Dykstra, then Miss Minnie
Wilderink, left a year later.

The desire had long been in her
heart to be a missionary; at last the
way was opened. The First Reformed
church of which she had been an
earnest life-long member, craved the
privilege of supporting her. A recep-
tion was tendered her Aug. 28, when
farewell addresses were made by two
missionaries from Arabia, Dr. S. M.
Zwemer and the Rev. James Moordyk,
and by two missionaries then under
appointment, the Rev. Mr. Hoekje
and the Rev. Mr. De Pree. Miss Wil-
derink left on the following morning.

As a language student Miss Dyk-
stra made a name for herself. After
having been in the field for over a
year the story reached Holland that
there would be a wedding in Arabia.
This came as a great surprise to the
friends of both Mr. and Mrs. Dykstra.
They were married during the early
summer of 1909.

They have been engaged in educa-
tional work at Bahrein and may be
called the pioneers in that important
line of work in Arabia. Both of
them are reflecting credit upon Hope
College.

It is not known at present just how
long they will remain in this country.
In about a week they will leave for
North Dakota, visiting Mr. Dykstra's
parents, who are about to celebrate
their golden wedding.

A reception will be tendered the
returning missionaries on next Mon-
day evening at the First Reformed
church. A short program consisting
of music and addresses has been pre-
pared, after which refreshments will
be served.

Mr. and Mrs. D. Dykstra, the mis-
sionaries, who have just returned
from Arabia and for whom a reception
was held in the First Reformed church
Monday evening came so near being pas-
sengers on the Titanic that they went
down by crashing into an ice berg
that they are hardly yet over the ex-
citement of their escape.

Mr. and Mrs. Dykstra had fully
made up their minds to take passage
on the Titanic. This boat had been
extensively advertised and they were
among those who wished to cross the
ocean on the greatest steam ship in
the world. Because of the coal strike
on in England however they thought
that the vessel would not leave on
schedule time and so they changed
their plans.

Soon after this decision they found
out however, that the boats would
leave as usual and they hurried to
England to take passage on the Ti-
tanic. Arriving there they learned
that the vessel had sailed and that
they had missed it only by a com-
paratively narrow margin.

They were compelled to take pas-
sage on the Mauretania. On this boat
they left Liverpool and all went well
until the news of the Titanic disaster
was flashed by wireless to the Mau-
retania. When this news reached the
vessel in mid-ocean the passengers
immediately took up a collection for
the sufferers and about a thousand
dollars was collected. Memorial ser-
vices were also held on board for the
victims of the disaster. The officials
of the boat posted a bulletin that the
course of the Mauretania had been
shifted fifty miles to the south in or-
der to avoid any possible danger from
ice bergs and this helped to reassure
the nervous passengers.

The reception at the First Reform-
ed church Monday eve in honor of
Mr. and Mrs. Dirk Dykstra, returned
missionaries from Arabia consisted of
a twofold program. The first was
held in the auditorium of the church
and was in charge of Mr. Gerrit Ter
Vree. The church was well filled by
members of the congregation and the
friends of the missionaries.

The program was opened with pray-
er by the Rev. K. Schadelee, followed
by scripture reading by Prof. A. Raap,
an address of welcome by the pastor
of the church, the Rev. H. J. Veldman
in behalf of the congregation; Mrs.
H. Van Lente representing the Wom-
en's societies of the church addressed
the missionaries and Louis Schoon Sr.
gave an address of welcome in be-
half of the Sunday school. Respons-
es were made by Mrs. Dykstra, mis-
sionary for the church and by Mr.
Dykstra.

Hereupon a receiving line was
formed and all those present were
given an opportunity to welcome Mr.

and Mrs. Dykstra back to this coun-
try, after which the large gathering
adjourned to the basement of the
church where refreshments were
served.

The Rev. Mr. Veldman as toastmas-
ter introduced the following speakers:
Dr. A. Vennema, president of Hope
College; the Rev. M. Stegeman of
Springfield S. D.; the Rev. J. B.
Steketee of Raritan, Ill.; Dr. J. H.
Karsten; the Rev. E. J. Blekkink of
the Third Reformed church and Dr.
M. Kohn, D. D. as representatives of
the board of foreign missions the Rev.
W. J. Van Kersen, mission field sec-
retary in the west and Mr. Dykstra.
All spent an enjoyable evening and
departed at a late hour.

Mr. and Mrs. Dykstra will leave
Monday for Monroe, S. D., and Alto,
Wis. returning to this city the latter
part of May.

Club Winds Up Year's Work With Informal Banquet at Home of the Mayor

The last meeting of the Social Pro-
gress club Mon. night was in the na-
ture of an informal banquet at the
home of Mayor and Mrs. Nicodemus
Bosch. All the members of the club
were present as well as two guests
and when the elaborate refreshments
had been served, the paper read and
the speeches made it was considera-
bly past midnight. The year of high-
ly successful work was brought to a
fitting close with an evening's discus-
sion that bids fair to be of direct
benefit to this community.

Supt. E. E. Fell read a paper he
had prepared on "Greater Efficiency
in Education; or, The Wider Use of
the School Plant." A large number
of questions were opened up for dis-
cussion in this able paper and the
members of the club later took ad-
vantage of this to make the meeting
highly profitable. Mr. Fell's paper
will be published in the Sentinel.

Holland is about to build a new
high school and that gave special in-
terest to the discussion by the mem-
bers of the club. A number of valu-
able suggestions were made that may
be worked out in a practical way in
the new high school building and that
will thus help to put Holland more in
the advance line of progress in educa-
tional affairs.

The school plant should be more
utilized than it is according to the
paper of Mr. Fell and the discussion
of the members of the club. The
school buildings are used only a few
hours a day and only five days a
week. The rest of the time they
stand idle and bring no returns on
the money and the energy that is in-
vested in them. In any manufactur-
ing plant the largest possible returns
are looked for on an investment and
every effort is made to let by prod-
ucts help in swelling the returns. In

JOHN RIEMERSMA CONTRACTED THE DISEASE IN GRAND RAPIDS.

John Riemersma a student of Hope College is ill with typhoid fever. Riemersma has been ill for the last few days and today his physician announced to the health officer that it had developed into a case of typhoid. Riemersma spent the spring vacation in Grand Rapids and contracted the disease there. Since returning to Holland he has not been feeling well and has been under a doctor's care for considerable of the time. The case is being most carefully watched by the health officer and since the disease was brought in from out of the city there is no danger of its spreading. This is the first case of typhoid fever in Holland for nearly a year.

Dr. G. J. Kollen, president-emeritus of Hope College was greeted with rousing cheers by the students when he entered chapel this morning. At the opening of the service the doctor addressed the student body in his characteristically fatherly manner. He spoke of the dreadful Titanic disaster and suggested several lessons to be drawn from it. Dr. Kollen has been away on business for the college several months and all are glad to see him once more.

Doctors Use This for Eczema

Dr. Evans, Ex-Commissioner of Health, says: "There is almost no relation between skin diseases and the blood." The skin must be cured through the skin. The germs must be washed out, and so salves have long ago been found worthless. The most advanced physicians of this country are now agreed on this, and are prescribing a wash of wintergreen, thymol and other ingredients for eczema and all other skin diseases. This compound is known as D.D.D. Prescription for Eczema.

Dr. Holmes, the well known skin specialist writes: "I am convinced that the D.D.D. Prescription is as much a specific for eczema as quinine for malaria. We have been prescribing the D.D.D. remedy for years."

We ourselves reach for the D.D.D.
