HOLLAND AND ZEELAND FORM BIG CONTRAST

HOLLAND NEARLY \$100,000 SHORT OF QUOTA; ZEELAND \$20,000 TO SPARE

Zeeland Township Has More Than Its Quota; East of South Ottawa In Doubt

Holland city finished its Volunteer period last night with nearly a hundred thousand dollars short of its quota.

Zeeland city finished its Volunteer campaign last night in a blaze of glory with \$20,000 to the good.

These two sentences placed them in juxtaposition give an indication of the difference in the spirit of the two sister cities in the present campaign. Holland has proudly held up its head in every campaign before this, but now, in the last one of them all, this city has fallen down.

Holland's quota was \$380,000. The Victory Liberty Loan headquarters last night closed its accounts for the Volunteer Period with only \$285,000 subscribed, leaving \$95,000 to be collected by other methods than the volunteer plan.

The Zeeland war board was enthusiastic this morning when the figures showed that that city had raised much more than was necessary. Zeeland's quota was \$60,000, and the rough talking up of the figures this morning showed that approximately \$80,000.00 had been subscribed. A considerable number of subscriptions came in during the day, but they were refused by the committee.

At the same time Zeeland Twp. also went considerably past its quota of \$60,000.00. The exact figures for the township could not be learned, but the city and township went many thousands beyond the \$120,000.00 quota.

No information is as yet available about the other townships in southern Ottawa. Little has been heard from any of them, so that it is difficult for those in charge of the campaign in southern Ottawa to form an estimate.

The full energy of the workers from now on until the full amount has been raised will be thrown into the task of getting each territorial unit of the district to raise its just share of the loan.

SHERIFF AND DEPUTY TIES GET TWO MORE LIQUOR VIOLATORS

HAVE SEVEN QUARTS OF WHISKY WHEN STEPPING OFF THE CHICAGO BOAT

Sheriff Dornbos and his two deputies Boomgaard and De Witt have arrested seventeen men for violation of the liquor law thus far in the month of April.

Says Mr. Dornbos, "this shows that we are trying to enforce the dry law that the people of Michigan voted for." "We got John Pietern and John Adreyska for having seven gallons of whiskey in their possession this morning when they got off the Chicago boat," states a letter from the Ottawa County Sheriff to this paper.

Miss Beatrice Stekete and Miss Ruth Walsh are spending the week with Mr. and Mrs. W. C. Walsh at Hotel Pantland.

SHIP MASTER OF ILL-FATED CRAFT FOUND

CAPT. FRANK PARDEE, LOST ON STEAMER MANOLA IN LAKE ONTARIO, RECOVERED FROM LAKE

To Be Buried at Grand Haven; Funeral Services For Lost Mariner To Be Held Friday

William Thielman of Grand Haven has received a message from the Ship Masters' association at Erie, Pa., informing him that the body of his son-in-law, Capt. Frank Pardee, had been recovered from Lake Ontario. Mr. Thielman at once wired instructions to have the remains sent to Grand Haven for burial, and the present plans are to hold funeral services in that city Friday morning. Burial will be in Lake Forest cemetery, beside his wife, formerly Miss Emma Thielman, who passed away some months before her husband met his death on the lakes.

Further information as to the funeral arrangements will be made later. It is likely that the remains will be accompanied from Erie by a representative of the Ship Masters' association which immediately took charge of the body and had it removed to Erie. No details as to the recovery of Capt. Pardee's remains are available as yet.

Capt. Pardee lost his life on Lake Ontario on the night of December 2, when the forward section of the steamer Manola which was being taken to the seaboard in sections was lost from her consort and foundered in the great storm which was raging. Nineteen men, including the captain, went down with the ship. The loss of the Manola will always remain one of the mysteries of the lakes. Whether the bulkhead which was put in across the mid-section, opened up in the storm or some other accident caused the loss of the ship, will never be known.

There were no survivors, and the crew of the tug knew nothing of the accident until the Manola disappeared. Few of the bodies were recovered, but the fate of the crew was realized with in a few days, when no survivors were reported from any point along the shore. A portion of the crew of another ship which foundered on Lake Ontario about the same time in much the same manner, was successful in reaching shore on a raft after several days' terrible experience, but the Manola's men were not so fortunate.

Capt. Pardee up to the time of his death was working for the government preparing steamers for passing through the Welland canal to the Atlantic for use by the shipping board. The Manola was prepared in the same manner as other ships for passing thru the canal locks and sent down the lakes. The open ends of the sections were sealed by strong bulkheads, and the sections were towed to joints below the locks, where they were joined together again.

Capt. Pardee personally commanded the Manola and the ship was through the canal and on the last lap of the voyage when storm overtook her in mid-lake.

Previous to entering the government service, Capt. Pardee was in the Anchor Line Fleet and had commanded several ships of that fleet. He was a brother of the late Capt. George Pardee of Holland, formerly U. S. Inspector of Hulls at the Grand Haven port and came of a well known marine family.

George Francis Pardee of Holland is a nephew of Mr. Pardee. The captain had many friends in this city and generally spent his winters here.

RETURNED SOLDIERS GIVEN GLAD WELCOME

A large audience gathered in the 1st Reformed church last evening when a congregational social was given in honor of the boys from that congregation who have returned from overseas and from camp. This church had 98 boys in the service, and about fifty of them have returned. They were given a glad hand of welcome and a fine spread was enjoyed. This church was the first congregation in the city to give a social of this kind.

The following program was given: Devotionals, L. Schoon, sr.; address of welcome, Rev. H. J. Bowerman; address, Jeannette Westveer, representing the Band of Benevolent Workers; talk, Pvt. Henry Viening; selection by the choir; address, Supt. Geo. Schuiling; talk by John Tiesenga; talk by Dick Boter, representing the Y. M. C. class; talk by Peter Prins, "In Camp in This Country."

After this the audience went to the basement where refreshments were served. Here talks were given by Martin Kamerad and Nick VanDyke. Miss Elizabeth Zwemer sang, "The Red Cross Nurse."

Grand Rapids, Zeeland, Grand Haven and Allegan and Michigan went over—we didn't.

GOD HATES A QUITTER BUT THE DEVIL LIKES HIM

SAYS A. H. LANDWEHR, CHAIRMAN OF VICTORY LOAN COMMITTEE

Names of Bond Holders Will Be Published in This Paper

Holland did not go over the top with its volunteer victory loan. That fact can be laid at the doors of the Holland quitters, who were able to buy, but their patriotism was blinded because their eyes were covered with dollar spectacles. They lost sight of Holland soldiers who for two years have fought bravely, some coming home broken in health, others wounded, many gassed, and not a few paying with their lives the supreme sacrifice, with only a gold star to show that at one time they were one of us.

Who were these Holland boys fighting and dying for?

For the Holland quitters who say, "The War is Over, We have won, what is the use of spending or lending our money when the bonds might not remain at par, and besides we are able to get more interest for our money by placing it elsewhere."

That's the quitter's talk.

If Willard Leenhout, Joe Brieve, Henry Walters, Marshall Irving, Arthur Smith, Harold Golds, Harry Mulder, "Red" Vandenberg, Maurice Moody, Elmer Poppe, Willis Dickema, Niel Burkema, Joe Gussf and several hundred more of Holland's boys would have used these dastardly arguments, and would have remained at home, instead of volunteering, what would have become of these quitters?

These quitters would have no money to buy bonds with. These quitters would have no money to put out at interest. They would have no homes, and possibly no family left, and would themselves be in bondage.

It is unthinkable how any red-blooded American can speak in terms of dollars and cents in the putting over of the crowning loan, supposedly an offering of thanksgiving, and which is a direct obligation, a debt that they, those quitters owe their nation, owe our boys.

There are some in Holland who are "dead beating" their country, who are dishonoring her soldiers, who are deserting its patriots, because they are refusing to help pay the debt that they have contracted.

They would see our soldiers sail away, would wish them God speed with their mouths, but not with their hearts, and now that they, the quitters, are out of danger, they would have our boys who fought so bravely, become stranded in frozen Russia and in desolated France.

The quitters would have them shift for themselves, yes, would possibly have them beg their way home, which would be the ultimate result if all the American citizens were like the quitters, but thank God, they are in the vast minority class.

Some there are who find it absolutely impossible to carry any more burdens, because of circumstances over which they have no control. These are not the quitters. It is the class who through small sacrifice can and don't buy victory bonds. But the largest majority of the quitters are those that can, but selfishly won't buy Victory bonds.

A. H. Landwehr chairman of the Victory Loan committee is a very pleasant and a most tolerant man, in fact he can't be beat. He always has a pleasant word and kindly smile for everyone. There are few men who have done more at home, during this nation's crisis than he. When he handed in the article printed below he was not smiling his usual smile, nor did he have his usual kind word.

"There's a reason," this paper wishes to back him up in anything and every word he has to say.

Volunteer Subscriptions Only for Holland

While there is a woeful lack of interest in the Victory Loan, both on the part of large and small buyers who bought before, and we are not getting the number of subscribers we should have for the credit of Holland nor the quota we need to go over the top as fast as we would like, we expect to go over with volunteer subscriptions.

It is evident there are many people in Holland who prayed while there was danger and who bought bonds while the war threatened but who are ready to forget their duty to God and to humanity now that the storm is over. To such citizens we say that real credit is only due to the man or woman who helps "Finish the Job" by buying Victory Bonds.

There is less excuse for not buying now than ever before and any man or woman who can put up \$5 on or before May 15th can borrow the balance as long as needed at 6%, which will cost \$2.70 a year on the \$45 borrowed, while the interest return on the bond brings 4% on \$50 which returns \$2.37 and

THREE ILLEGAL FISHERMEN CAUGHT RED-HANDED

ZEELAND MEN NET IN BLACK RIVER WITH POND NETS

Deputies Homkes and Bouwman Chase Them In Barn, Where They are Caught

Three Zeeland men named Harry Amsink, William Van Loo and Leon Nykamp are in the toils of the law.

These three men were caught red-handed fishing with a pound net in Black river, south of Zeeland at 9:30 Friday night.

Deputies Dick Homkes, and Lew Bouwman, who had heard that illegal fishing was going on had been laying in wait for a solid week, looking for their quarry.

Friday night they were rewarded when the three above named men set their nets. One of the deputies in wading through the stream made a noise which tipped off to the illegal fishermen that they were being watched. They dropped their nets and were then chased by the deputies into a barn, where they were cornered and arrested.

The three men pleaded guilty yesterday in Justice Robinson's court, and also implicated John Ensing who lives south of Zeeland whom they alleged told them how and where to set the nets.

Ensing however denies having anything to do with the fishermen and demanded an examination which will be held later.

Justice Robinson for that reason deferred the passing of sentence until the Ensing examination is disposed of.

means a cost of 33 cents for each \$50 bond to the buyer who has to borrow 90% all year to carry his Victory Honor Loan.

At a cost so small and with security so good can any one hope to hold up his head with self respect who does not buy a full share of our last Victory Loan Bonds?

Our subscription lists at Liberty Loan Headquarters will soon be history but they will contain the name of every 100% American who did his part to Finish the Job and bought Victory Bonds to the extent of at least three-fourths the amount subscribed for Fourth Liberty Bonds.

If you think you have done something, consider the record of France—at the end of four and three quarters years of war that took one-twelfth of its total population and over fifty per cent of its National Wealth, the 35,000,000 remaining population recently subscribed Thirty billion franc, or six billion dollars in our money in one day. France proved itself truly great and thankful.

The U. S. A. has four times the wealth, three times the population and our total subscription to bonds to date is 10%, a little over \$5,000,000 for the Ottawa County with an assessed valuation of \$50,000,000. If we had to buy five times the bonds we bought of the first four issues, we would still have to lose 4,000 of the best men in Ottawa county before we could appreciate what the good people of France have done for the world and for us.

Every American citizen who does not help "Finish the Job" to the extent that God and country has prospered him is a Quitter and you know the old saying "God hates a Quitter," and the devil likes him.

When a Detroit Savings bank buys twenty million dollars worth of Victory Bonds as an investment, selfish interest should prompt people to buy—but don't forget your patriotic duty and make your subscription at Liberty Loan headquarters or at any bank this week and get a volunteer button, even though it is a little late, for it is better to buy now and be happy in the thought that you have done your part, than to be sorry ever after that the Final honor roll, which will be published, will not carry your name unless you have bought three-fourths as many bonds as you did last fall on the 4th issue.

Let's go back a year in our thoughts and consider what we would have given, when things looked darkest for the Allies, to know what we do now. Four months of war took quite enough of our best boys, but thank God it ended a year or two sooner than any of us even hoped it would and our boys are coming back instead of dying on the battlefield. We surely should have just as many volunteer subscribers with thankful hearts as we had when our hearts were heavy and when we were ready to give our loved ones as well as pay our money.

Can you afford—not to buy—and prove yourself a quitter?

Be a Volunteer.

Yours for the credit of Holland and Ottawa County.

A. H. Landwehr, V. C. Victory Liberty Loan.

Anthony Dogger returned to his home in Holland today from overseas.

William H. Easter passed away last Friday morning at 10 a. m. surrounded by his family and friends. He was conscious but speechless to the last day. He was born in Ohio, Nov. 28, 1835. Was graduated from Eldersridge College, Pa., at the age of 20 and few years later he was married to Esther Platt who died in 1888 leaving four children, Howard, Laura, Elizabeth and Kent. Three years later he married Miss Eunice Burt of Nefarska. Those who survive him are Cora Stanley, Lily and wife and children above named.

He took part in many Indian battles in the west during Custer's last battles. Forty years ago he was badly injured when his favorite pony fell on him while he was going down a steep embankment which crushed his leg and nearly caused his death, causing him considerable trouble and pain in later years. He has traveled all over the United States. At one time he owned an orange grove in Florida. Three years he has lived in Michigan first in Allegan and then in Ottawa county. He was quiet and peaceable in his home life and faced many misfortunes. The funeral services were held at Dykstra's Undertaking parlors where the friends and relatives gathered to pay their last respects. Rev. Bowerman officiating. Miss Hurley and Miss Nan Der Vel then sang "Jesus Lover of my Soul" (his favorite song) and Rev. Hughes also gave a few remarks which were appreciated. Burial took place at Saugatuck cemetery.

The casket was covered with beautiful flowers from neighbors and his many friends. The pall bearers were Frank Harkema, William Burt, M. Tinkholt, A. Van Regenmortel. Prof. Taylor arranged the flowers.

Can it be that father's dead?
That we shall meet him never?
No, No, remember God hath said:
The good shall live forever.
Let memories of the dear departed,
Draw us like cords of gold,
Meek, pure and gentle-hearted,
To mansions that ne'er grow old.

PACK ON BACK SAVES A HOLLAND SOLDIER

Jacob Arends is home and received an honorable discharge. He left for overseas on February 18, 1918, landed at Brest, March 4, 1918, did his fighting over there, and returned to Holland April 7, 1919.

Arens has seen considerable rough fighting during his fourteen months in France. He was in the battle of the Argonne woods which lasted 21 days. He was also one of Holland's men that went through the historic battle of Chateau-Thierry.

Arens was in several other battles and scrimmages mentioned meagerly in the daily reports that were just as dangerous, but not so prominently mentioned as the first two chronicled here. It was in one of these small scrimmages that Arens nearly lost his life.

They were making for the Boche trenches, and shrapnel was flying all about, when one dropped too close for comfort. Arens quickly dropped on his stomach, the explosion came, he felt a dull thud on his back, and thinking he was wounded he quickly loosened his pack and found large pieces of shrapnel that had sunk into it. He shook himself thoroughly and found that he was still all there, and quickly strapping on his belongings, he went on with the rest of his fellows and proceeded to capture 35 Boche who gave them the usual "Kamerad."

Arens was severely gassed in one battle, and he still feels the effects of the dose of mustard that the Huns sent over.

Arens was in the infantry and he said the Boche did very little fighting with the rifle toward the last. The American artillery would start a barrage with their heavy guns and shells would drop like a waterfall.

"We would follow in behind the barrage, but as soon as the Boche would see us coming they gave us a few parting shots and ran for it."

"Towards the last the Boche fought with machine guns only, but these were dangerous nests to tackle, and cost a great many American lives."

"When a machine gun nest was cleaned out however, there were not many Germans left alive after it was over."

"At one time during the war my companions and myself were compelled to go two months without a change of clothes and talk about cooties, well let's not talk about them. They were worse than the Germans, and more of them."

"When the armistice was signed our boys were all crazy, but not near as crazy as the Boche. They came swarming over into our trenches to shake our hands, and they were simply tickled to death."

"Our officers, however would not allow us to go to the enemy's trenches."

"It would take a book to tell you about the devastation and the suffering that this war has wrought in France and Belgium, and especially in the latter country. Part of the time my fighting was done on Belgian soil and my study of German in school, and my knowledge of the Holland language helped considerably with the Germans and the Belgians. I'm not boasting very much of my French, however."

This in part is an interview we received from Jacob Arens, one of Holland's brave soldiers.

SURPRISE GIFTS GIVEN AT GRAND HAVEN TO PASTOR

Rev. H. A. Vruwink, pastor of the Second Reformed church at Grand Haven was awakened Easter day morning by a delegation from his congregation. The pastor was presented with a purse of \$143.50 as a gift from his congregation in appreciation of his efforts in the church.

ZEELAND WILL WELCOME BOYS ON JULY FOUR

A short time ago the Zeeland Common council appointed a committee to plan for a public welcome to returning soldiers. This committee has made a good start on the plans, and arrangements are rapidly taking shape.

The date of the event will probably be the Fourth of July, provided that the 126th Infantry now in France has reached home at that time. It is also hoped to have information as to when the boys now in Russia will return, in which case the celebration will be postponed until they also arrive.

The main feature of the day will probably include a great parade in which all the boys who have been in the service will appear in uniform together with a number of floats depicting the activities of the war.

In the afternoon a program of speeches by prominent speakers and the possible presentation of a suitable token to each soldier will take place.

In the evening the celebration is a pageant entitled "And They Thought We Couldn't Fight." It will picture the growth of kultur and militarism in Germany; the horrors of the war forced on France and Belgium, and the sudden and unexpected strength of the Americans.

The public remembers the parade and pageant of 1917, and the committee hopes to eclipse those efforts, and make the Soldiers' Homecoming an event that will be remembered for years to come.

FALLS DEAD ON STREET SATURDAY

Just after he had bought a horse of Seth Nibbelink, Johannes Markus, a truck farmer living at 169 West 28th street, dropped dead on the street and was hurried back to the Nibbelink establishment, this time to the undertaking parlors instead of to the livery barn. Mr. Markus had closed the deal shortly after 1 o'clock Saturday afternoon. He was walking from the livery barn on Ninth street to the First State Bank to get the money with which to pay Mr. Nibbelink for the animal when he suddenly collapsed when in front of the building formerly occupied by Cummings pool room. He died instantly.

The body was later removed to the home where Notier will have charge of the burial. The funeral will be held Tuesday afternoon at 2 o'clock from the home.

FIND HANDFUL OF TACKS ON EIGHTH STREET

Here is a chance for somebody to earn fifty dollars. The Holland police department Monday decided to offer fifty dollars reward to anyone who shall at any time furnish information that will lead to the arrest and conviction of anyone placing tacks or anything else of that nature which will puncture automobile tires anywhere on the streets of Holland. This is a standing offer which will be good at any time now or later. As soon as conviction has been reached on such information, the fifty dollars will be available and will be cheerfully paid.

This action was taken because one of the patrolmen Sunday picked up a handful of new tacks on Eighth street. The tacks were discovered in time so that no punctures resulted from them, so far as known. They were carefully gathered up and the street for a considerable space was carefully cleared so that all the tacks might be gathered in. The result of the search was quite a handful of tacks. They were brand new and it looked as if some one had maliciously sprinkled them there.

A crime of this nature is exceedingly hard to trace to the perpetrator and hence the police department has decided to ask the public to assist them in placing this particular brand of moral pervert where he belongs. If such a person is ever apprehended it is a safe guess that he will not be let off with a fine but will be placed behind the bars as long as the law will allow him to be kept there.

Steps are being taken to have the Ottawa County Road Commission also offer a similar reward of fifty dollars for the protection of the roads of the county. The county board some time ago offered such a reward for information leading to the arrest of the person who scattered tacks on the road at Agnew, and every effort will be made to weed out this kind of criminal and place him where he can do no more harm.

RETURNED SOLDIER SAW HARD FIGHTING

Corp. Harry Mulder of Holland town ship has returned from overseas, having come over as a casual on the ship Rhode Island. Corp. Mulder enlisted in Co. F, Grand Haven of the Michigan Guards when but 19 years old and when the regiment was federalized belonged to Co. L, 126th Infantry. He went to France with his regiment in February, 1918, was first stationed on the Alsace front, was gassed early in the Chateau-Thierry struggle, then he fought thru the entire Soisson campaign without injury, and later in the terrible battle of the Argonne, as he was leading his squad of automatic riflemen, and after the entire squad had been killed or wounded except two, Corp. Mulder's right leg was broken by shrapnel and subsequently while lying wounded on the field, he was gassed. He lay for six hours on the field and then was carried to the rear on a board. Six months in the hospital at Tours has entirely healed the soldier. He will continue his school work along electrical lines.

ZEELAND PASTOR IS PRESENTED WITH A PURSE

One hundred people, members of the Young Peoples Society and the catechism classes, met in the chapel of the First Chr. Reformed church in Zeeland and spent a social evening with their pastor, Rev. M. Van Vessem. The occasion was the dominie's 53rd birthday anniversary. A short program of readings, recitations and musical selections was rendered.

Rev. Van Vessem was presented with five ten-dollar gold pieces. Jacob Butler made the presentation speech to which the dominie responded.

OTTAWA SHERIFF ROUNDS UP HIS FIFTEENTH MAN

Adam Daley was arrested Sunday and charged with violation of the prohibition law on a complaint of the sheriff alleging that Daley had liquor in his possession. Daley, who is on the Carolina is claimed to have had liquor in a suit case, which it was alleged, he was about to send away in a machine. Daley was booked for arraignment before the justice. This is the fifteenth violator arrested by Sheriff Dornbos.

PUBLIC AUCTIONS

A public auction will be held on Saturday, April 26, at 1 o'clock in the afternoon at No. 7 West 9th street.

SOLDIER GIVEN A VERY HEAVY FINE

A. Scholten of Graafschap, a young soldier, recently returned from the Spruce woods, was heavily fined by Justice Robinson on a charge of indecent exposure.

Several complaints had been coming in to the chief of police, relating incidents in regard to a young man of Scholten's description.

Speed Cop Bontekoe waited for his man, and secured enough evidence to convict him.

He was taken before Justice Robinson where he pleaded guilty and was given a fine of \$50 with \$3.70 costs.

When fined the young man burst in to tears, in fact was crying when brought up by the officer.

The Justice promised him a fine of a hundred dollars and a jail sentence if he did not dry his tears. The tear ducts closed instantly, the man paid his fine and went back to the farm in Graafschap a sadder, but wiser man.

At the election of officers of the 4th District C. E. TO RESUME WORK ON LAKETOWN ROAD

Work on the Laketown link of the West Michigan pike is to be resumed very soon and the job pushed to completion with all possible speed, according to word received from the state highway department. Difficulty in obtaining stone is said to have caused the delay. This now has been overcome, and unless some unforeseen emergency arises this three mile connecting link, which in its present state has aroused such strenuous protests, will be read for travel in the near future.

PART OF CHURCH IS DEDICATED BY CONGREGATION

The building of the Sixth Reformed church on Lincoln Avenue was dedicated Thursday evening with public exercises. The ceremonies were in the nature of a tentative dedication, because of the fact that the whole building has not yet been completed. Because the church was growing rapidly and needed the building the basement was first completed and a roof placed over it. This will serve the church for the present until the whole building can be completed, and this part was dedicated. When the whole building is finished formal dedication services will be held.

Addresses were made by Rev. G. J. De Jonge of Zeeland, Rev. H. J. Veld-

man, pastor of the First Reformed church, Mr. Fred De Jonge of the Seminary who has been serving this church as temporary pastor, Mr. Gradus Vander Linden, and Rev. C. P. Dame, pastor of the Trinity Reformed church.

The "Wide Awake" class of the Sunday School presented the church with a davenport, the "Banner Class" paid for the pulpit that has been placed in the building, and the "Class in the Corner" has presented the congregation with a clock.

Refreshments were served and a congregational social was enjoyed by the members and friends of the church. The members and visitors were invited to inspect the building.

The Sixth Reformed church has been growing rapidly since its organization a year or two ago. It has been worshipping in a portable church that was brought to this city piecemeal from another city. But that building for some time has been too small to accommodate the audiences and it will not be shipped to another place, having served its purpose here.

In Justice Wach's court in Grand Haven Charles Van Norman was bound over to circuit court under \$200 bond, which he furnished. Officers state he had contraband on his property which they discovered in a search. The defendant claimed that he had secured the liquor from friends.

B. A. Mulder was in Grand Rapids Monday.

CALL, DONALD M. (10275) 2nd Lieutenant, (then Corporal) Co. B, Bn. Tank Corps.

FOR conspicuous gallantry and intrepidity above and beyond the call of duty in action with the enemy near Varennes, France, 26 September, 1918.

During an operation against enemy machine-gun nests west of Varennes, Lieutenant Call, then corporal, was in a tank with an officer when half of the turret was knocked off by a direct artillery hit. Choked by gas from the high explosive shell, he left the tank and took cover in a shell hole thirty yards away. Seeing that the officer did not follow, and thinking that he might be alive, Corporal Call returned to the tank under intense machine-gun and shell fire and carried the officer over a mile under machine-gun and sniper fire to safety.

J. Jans Helder Will Sing For Harmony Glee Club

The Harmony Glee Club is busy rounding into form by practicing twice each week these last two weeks before the concert which is to be given on the evening of May 2. A varied program has been arranged that will no doubt please the music lovers of the city.

Mr. and Mrs. J. Jans Helder, who are well known here, will be the special feature of the evening's entertainment. Mr. Helder has won for himself an enviable reputation in Grand Rapids as a vocal teacher. It was only through the fact that several members of the Glee Club are private pupils of Mr. Helder that he was prevailed upon to sing in Holland at this time.

Not only is Mr. Helder an excellent teacher but he also possesses a wonderful tenor voice of wide range and excellent quality. He has given several recitals at Powers' Theater before large and appreciative audiences.

The local public will remember Mr. Helder best as the organizer and director of the Wagner Chorus. This organization some twelve years ago was considered one of the best Male Choruses in the state. At that time Mr. Helder visited Holland one day a week giving private instruction during the day and directing the Chorus in the evening. Efforts have been made to persuade Mr. Helder to again visit Holland each week but as he is turning pupils away in Grand Rapids these efforts will probably be fruitless.

Dr. Carl Bolender, who also will assist in this concert, is a well known cellist of Grand Rapids. For several seasons he was cellist for the U. of M. Glee club; his music will be very much appreciated, it seems certain.

LOCAL WOMAN WAS LAID TO REST TUESDAY

The funeral of Mrs. Charles S. Dutton, who died in Chicago last Thursday morning, was held Tuesday afternoon at 2 o'clock from the home of Mrs. J. C. Post, 70 West Thirteenth St. Rev. P. P. Cheff, pastor of Hope Church, and Dr. A. F. Bruske, of Ypsilanti, former pastor of Hope church and friends of the family, officiating.

Mary Post Dutton was born Feb. 7, 1857, the only daughter of Mr. and Mrs. H. D. Post, pioneer settlers of Holland. She attended the public schools of this city and was graduated from the then new High school, in 1876, one of a class of five. She taught music in Holland for several years having a large class and numbering among her pupils many who are now well known residents of this city. At this time she became organist of Hope church which position she held until the time of her marriage to Rev. Charles S. Dutton in 1884.

After a few years' absence from Holland with her husband while he was pastor of the church at Macon, Michigan and later at Baritan, Ill., Mr. and Mrs. Dutton returned to make their home in this city, Mrs. Dutton resuming her membership in Hope church of which she continued an interested and active member all her life.

Mrs. Dutton was a charter member of the Century Club and whenever the cares of her family would permit took an active part in the social life of the city. She also had been a member of the Elizabeth Schuyler Hamilton Chapter of The Daughters of the American Revolution and also of the Woman's Literary Club.

Mrs. Dutton had been a member of the W. C. T. U. for many years. After the death of her mother, Mrs. Anna C. Post, she took up the flower mission work which her mother had laid down. Her clear mind and ready sympathies soon saw other branches of W. C. T. U. work that opened to her. She was elected president of the Holland Woman's Christian Temperance Union in 1918 and continued in that office for virtually five years, until 1917. She originated and organized the Mothers' Council which has met during July and August in different parts of the city, and she educated women to become more helpful mothers. She was a most loved member of the Union and largely by her efforts it grew from 30 members in 1912, when she became president to its present membership of 110 and with largely increased power and influence. This coming week it had been planned to confer upon her, Mary Post Dutton, the honor of Life Membership in the State W. C. T. U. Her passing will be felt and mourned

by every W. C. T. U. member in the city.

Altho Mrs. Dutton gave much of her time to public work, her real life was given to her family for she was a devoted wife and mother.

Mrs. Dutton is survived by her husband, Mr. Charles S. Dutton and by three children, Henry Post Dutton, of Chicago, Anna Dutton and Robert Dutton, of this city.

PLUMED KNIGHTS HAVE COME AND GONE

A most impressive sight was witnessed by a large number of Holland citizens who lined Eighth street and River Avenue Sunday when the De Molai Commandry of Grand Rapids joined by the Holland Templars swung down the avenue two hundred strong.

The parade was started at Lincoln avenue and the Grand Rapids and Holland Templars in full regalia with swords glistening in the sunlight and the beautiful white plumage swaying in the breezes, marched westward with steady step and evolutionizing themselves through fancy drilling into the Cross, emblematic of the Templars.

At Masonic Hall, Holland's Unity Lodge 191 F. and A. M. fell in behind the guests and jointly proceeded to M. E. church where Rev. J. F. Bowerman delivered an impressive Easter service also giving a historical resume of the order of Knights Templars. The church edifice, Sunday afternoon, was crowded to the doors and hundreds were turned away, not being able to gain admittance. The interior of the church was beautifully decorated with Easter lilies and palms and the emblem of the Knights Templars were conspicuously in evidence.

Rev. C. O. Grieshaber of DeMolai offered prayer and gave a short and impressive talk. He said, "Why should the Masons not be interested in this great day? There are four great days that enter into the ritualistic work of the Knights Templar. The day of the birth of Christ. The day of the burial of Christ. The day of the resurrection of Christ, and the day of the Ascension of our Redeemer. The whole ritual of the Knights Templar is based around these four events, that form the most beautiful and impressive story to be found in the scriptures."

Sir Knight Steinway then sang a beautiful solo, entitled "Easter Morn" and was followed by Rev. J. F. Bowerman, pastor of the M. E. church who delivered the sermon for the occasion, and who took for his text, "Why Seek Ye the Living Among the Dead? He is Not Here, But is Risen."

In opening, Mr. Bowerman extended a hearty welcome to the visiting knights, first in his own behalf, and then in behalf of Unity Lodge, 191, F. & A. M.

Said Mr. Bowerman: "I welcome you especially at this time in view of the misapprehension that rests in the minds of many of the citizens of Holland regarding your order. Many suppose you to be an anti-Christian organization. I am glad to have the citizens of Holland know that you revere the Saviour, who came forth from the open tomb on the first Easter morn."

"Easter has special significance for the Knights Templar, and I find in tracing their history back that it leads to the tomb of the Saviour, and the resurrection of Jesus Christ which is the corner stone of Christianity."

"Men have been loath to believe in the resurrection. It was so at variance with all observed phenomena. But the simple story stood, and the risen Christ could not be denied. Men were hard pressed inventing theories, for men knew that their belief in the resurrection of the Redeemer carried with it a personal responsibility to the risen Lord."

"A short citation of the growth and history of the Knights' Templar would not be amiss here."

"Hugo D. Paganis was the first Grand Master in 1119. This small coterie of founders took upon themselves the solemn obligation to fight for the King of Heaven, and the Bride of Christ, in chastity, obedience and self-denial."

"This band was quartered in Jerusalem at what was formerly the site of King Solomon's temple, and from this incident this order came to be known as the Templars, and historically this location and occasion was the time of founding of the order of Knights Templars. The name of the order which our guests represent is derived from a most illustrious man De Molai of France, after whom the Grand Rapids order is named, was the last Grand Master who suffered martyrdom on the 18th day of March, 1313, when he was burned at the stake because of his refusal to yield the wealth of the order to the political powers of the then dominating church."

In closing Mr. Bowerman said: "You are the heirs of a glorious past. The mantle of chivalry has fallen upon your shoulders. To you has been committed the task of perpetuating the principles and spirit of the Templars of old, who for the sake of Christ fought, bled, and died on the battle fields of Syria."

Irwin J. Lubbers, '17, at present attending Western Theological Seminary is expecting to leave for India some time next summer to take part in the educational work there for three years. He will fill the position left vacant by John D. Mynskens in Hope High school at Madanapalle.

M. E. Dick has returned from a business trip through Michigan.

A THOROUGH AUTOMOBILE SMASH-UP

An auto smashup that was done about as thoroughly as it could be done, occurred at 5:30 Tuesday evening at the Third church corner.

Ed Sanford, taxi driver for the Overland garage was driving a new car, south on Pine avenue, Julius Bruske, an automobile salesman was going west on 12th street with his Buick.

Sanford claims to have had the right of way and with his new Overland was in the center of the intersection of Pine avenue and 12th street, when his car was struck square in the middle by the Buick car driven by Bruske. The impact was so heavy that the Overland was thrown from the center of the street onto the curbing and lawn surrounding the Third Reformed church, and did not rest until some trees and posts stopped its further progress. A strip of pavement was also torn up over the course that the damaged car had taken.

Neither of the occupants of the two cars was hurt, which in itself is a miracle, but the smashup on the Overland car is as about as complete as can be.

All four wheels were taken off, both axles were bent, and the body of the car, running boards and fenders are a battered mess. One side of the car is all bent, where it came in contact with the Buick, and the other side is thoroughly damaged where it was shoved in its course against trees and posts on the curb.

The car driven by Mr. Bruske fared much better, and with the exception of a bent fender, and the front wheels damaged, can be easily repaired.

RAISE \$900 FOR BE- NEVOLENCE PURPOSES

The spirit of giving has been making itself manifest in quite a remarkable way of late in the First Reformed church, Rev. H. J. Veldman, pastor. About a month ago fully \$400 was contributed by the Sunday school for the Armenians. Last Sunday a special offering was received for the one day's income fund amounting to about \$500. To raise fully \$900 for benevolent purposes is so short a time would have been considered impossible a few years ago.

Holland will have an opportunity to get free advertising in connection with the Parent-Teachers convention to be held here May 1 and 2 such as does not often come to the city. At that time, when between 200 and 300 educators and social workers from all over the state will be here, the city can put its best foot foremost and give these visitors a glimpse of what there is here.

Plans are being made now by the Parent-Teachers organizations of this city to entertain the visitors royally not only, but to give them a chance to see the whole city and its beautiful surrounding country. For that automobiles are needed. At the close of the convention on Friday afternoon it is planned to line up all the autos that can be secured, give all the delegates and visitors a place in them and take them about the city, to the resorts, along the lake drives to Alpena Beach, Waukegan and other beauty spots, to show them the environs of the city. The plan is further to drive through most of Holland to give the visitors a look at Holland's public buildings, its factories, schools and beautiful homes.

George Woldring and Wm. Winstrom have been appointed as an automobile committee whose duty it will be to secure a large enough number of machines to accommodate the visitors. Anyone who is willing to furnish his machine can register it by getting in touch with either one of these two members of the committee.

PATRIOTIC PROGRAM GIVEN BY CLUB

At the meeting of the Woman's Literary Club Tuesday afternoon the program was opened by a piano solo by Miss Nella Meyer followed by an encore.

Mr. Henry Geerlings gave a talk on Americanism, emphasizing the necessity of service for true patriotism, which he placed next to religion in importance, in any one's life.

Miss Anna Boot gave two vocal solos accompanied by Mrs. T. N. Robinson at the piano. Mrs. George Albers whose subject was "Women in Industry" arranged for a playlet, with several allegorical characters. She was assisted by Mrs. Henry Van Ark, a former member of the club, who composed the play which was called "Columbia's Daughters". Those who took part were, Miss Tena Holkeboer as Miss Columbia, Miss McClellan, Factory girl, Hilda Wieringa, clerk, Alma Koertze, visiting nurse, Mary Vimecher Farmerette, Anna Ives, office girl and Elizabeth Zwemer, mother.

Be a Bondholder of your Country's Wealth; keep money free for Business.

EVERY American has two businesses, his own and his government's. Money invested in the first will help the second—for it will enable the country to pay its debts and keep money free for the use of private business. It will make for prosperity, good times and general satisfaction.

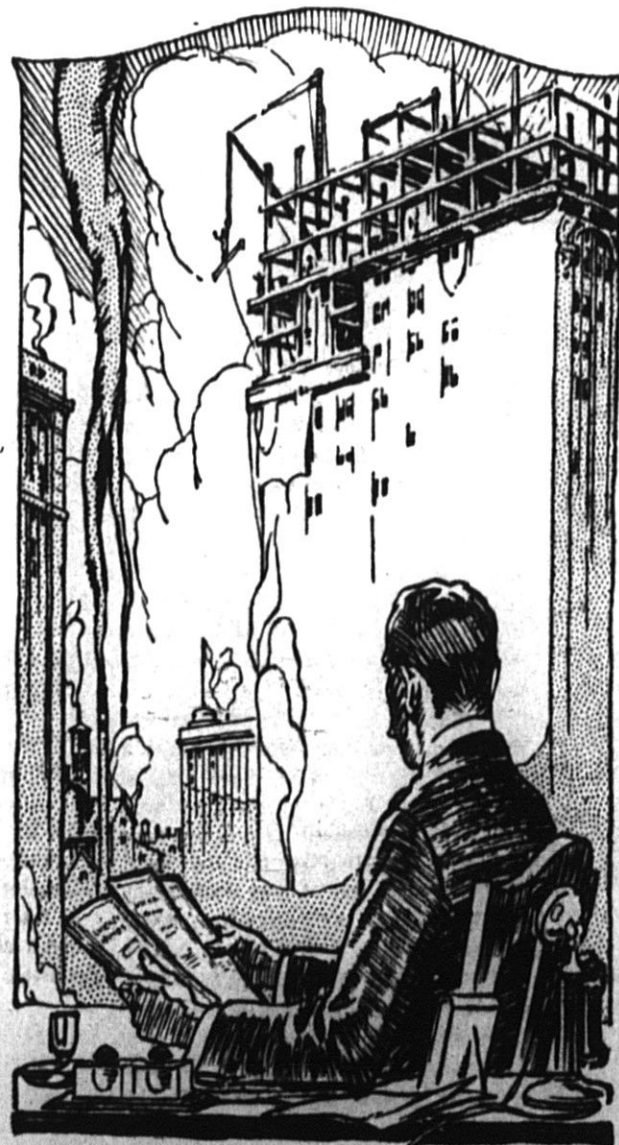

A debt-ridden business is a bad business. The only way to get it back on a firm footing is to meet all obligations—wipe the slate clean—and then open the throttle wide!

Money invested in Victory Liberty Bonds is not only a manifestation of patriotism and good judgment—but good business!

It is now expected that some 300 delegates from all parts of the state will be here to attend his convention. Holland has the honor of being the first city to entertain this organization since it was founded a year ago at Battle Creek and this honor came to Holland because of this city's prominence in school work.

Among the speakers will be the following: Dr. Crampton of New York City, a national authority on child welfare work whose theme will be, "Community Recreation;" S. C. Stillman, secretary of the Federation of Social Agencies of Grand Rapids, who will talk of the work being done in that city; Supt. W. G. HOPE WINS ON BOTH SIDES OF R. R. QUESTION

Hope College again won state honors Friday evening by scoring a double victory in the Hope, Olivet and Alma debating triangle on the question, "Resolved, 'The government should continue to operate all state and interstate railways until Jan. 1, 1924, under the plan as outlined by Wm. McAdoo.'" The victories of Friday evening were the culmination of the debating season, and as in athletics and oratory, Hope College proved that it leads in debating also.

The contest at Hope was held in Wilmants chapel before a well-filled house. Hope handled the affirmative of the issue and was represented by Messrs. John H. Meengs, George De Witt and Bernie Mulder, all of this city. Olivet College upheld the negative, and substituted a counter plan for that of ex-Director-General McAdoo and was represented by Messrs. Philip Vivian, Walter Parker and Horace Dunlap. Their coach, Prof. Ray, Dean of Olivet College, accompanied them. The debate was a very close one, speakers clashing consistently and the contest proved very interesting and instructive to the audience. Hope won on a two to one decision.

The judges for the evening were Supt. Furrer of the Zeeland Public schools, Prof. J. G. Vanden Bosch of the Dept. of English of Calvin College and Att. Louis H. Oosterhous of Grand Haven.

Hope's negative team, composed of Messrs. Richard Bloeker of East Lansing, Ill., Theodore Yntema of Holland, and Peter J. Siegers of Minneapolis, Minn., handled the negative of the same question at Alma last evening and according to telegraphic reports, also won by a two to one decision. Alma also lost to Olivet by the same count. This again places Hope in the lead with four decisions, Olivet second with three, and Alma with two, Hope winning both debates, Olivet splitting and Alma losing both. In the thirteen debates with Michigan colleges held in the last five years Hope college has lost only two. During the same time she has won first place in every state oratorical contest, placing her in the lead throughout the state in forensics.

SPRING PLANTED HAY CROPS

An unprecedented shortage of good clover seed this spring makes the future hay crop prospects the most dreary in many years.

The increased acreage devoted to wheat, rye, oats, corn and beans has seriously cut down the acreage left to hay crops. This combined with a fallure of new seedlings in many parts of the county practically insures great hay scarcity this fall and winter unless emergency methods are applied.

Cropseeders among the spring planted crops which make valuable hay stand peas and oats, corn, millet, soy beans and Sudan Grass, any or all of which can be planted this season to mature good hay for summer cutting.

So pressing is the need of these crops that the agricultural agent has prepared a leaflet describing these crops, giving the time and amount of seedling and other interesting information as applies to Ottawa County.

This booklet will be distributed through the county. A copy may be secured on request from the agricultural agent at Grand Haven.

BIBLE CLASS IS BACK OF "Y" MOVE

The Woman's Adult Bible Class of the Third Reformed church of Holland were deeply interested in an article which appeared in the Sentinel of Feb. 25th, "Is Holland to Have a Y. M. C. A. building?" and especially interested in the report of Mr. Field of Grand Rapids in which he said, that every church organization could be a great help in this cause.

The W. A. B. C. has an enrollment of 120 and each member feels that altho the home should be the central meeting place for a young man and his friends, there still should be a public place such as a Y. M. C. A. building, where men and boys could meet for good wholesome recreation and entertainment.

Therefore, The Woman's Adult Bible class of the Third Ref. church at their April quarterly meeting, decided unanimously to stand back of those interested in this worthy cause, and to aid with their influence, means, and prayers.

He was a member of the 32nd Division in France and took part in making the glorious history that that division has written in the course of the war. At one time Lieut. At the signing of the armistice he became a member of the army of occupation and in that capacity he served for three months in Germany.

Mr. William De Jongh was appointed salutatorian because he had the next highest standing namely 95.60.

Two other members of the class, Ruth Gardei and Dorothy Bauhahn were given honorable mention, the former having maintained a standing of 95.46 and the latter 95.42. The other speakers on the commencement program will be chosen later.

IT COST ONLY \$3243.84 TO CARE FOR CITY POOR

Holland a prosperous city of 12,000 cannot lay claim very strongly to the biblical passage where it reads "For the poor ye have always with thee." Either Holland has but few poor and needy people otherwise there are those who suffer in silence and are too proud to ask for aid.

The detailed figures are given below by Director of the Poor John Vanden Berg.

Flower firms announce that the government will place an embargo on the importation of gladioli bulbs only, and not on other bulbs. The Netherlands variety of gladioli bulbs is subject to a disease which the government will try to keep out. But tulip, hyacinth and daffodil bulbs will be imported from the Netherlands by local dealers as usual.

Rev. and Mrs. John Van Wyk are on their way home to stay in America for an indefinite period of time. Their change of plans is due to a failure in Mr. Van Wyk's health. Mrs. VanWyk was formerly Miss Amelia Menning and graduated from Hope in 1917.

Frank Albers, a young Holland soldier who has seen some terrible fighting in France and because of this fact became shell-shocked, was taken to Ann Arbor for treatment. Albers has been working on Bellevue farm since his return but his condition grew gradually worse until it was thought treatment at the U. of M. would be the best course to take.

It isn't the real fighting so much as it is the after effects. That's what Pvt. Fred Scheerhoorn says and he shows a crippled arm to prove it. He was wounded Oct. 12, 1918, in the Argonne forest. Since his return to this country he has been on the jump most of the time he says, going from one hospital to another for treatment. He has been home for a few days and has returned to Ft. Sheridan to receive further treatment. Pvt. Scheerhoorn also took part in the battles at Verdun and Meuse. He has been in the United States since Feb. 11, 1919.

Get off the hose

GET OFF THE HOSE

The members of the Fire Department in the above illustration are going to do their best to extinguish the fire, but their efforts will be of no avail unless the wagon gets off the hose and allows the water to flow freely. So it is with so-called disease. As long as there is a subluxation of one or more of the small bones of the spine causing a pressure upon the nerves, thus preventing the vital force from flowing freely so long will you be in poor health. Call your Chiropractor. He will at once give you a Chiropractor Spinal Adjustment which will put the subluxated vertebrae back in their normal positions, the pressure upon the nerves will be removed, the life force will flow freely and you will again enjoy Health. See your Chiropractor at once and ask him to give you a Spinal Analysis. If there is a subluxation he will at once adjust it.

Which is Sweeping Harder on? the Broom—or You?

It is sufficiently hard on both. Wears out enough \$1.50 brooms, everyone knows, not to mention what those stiff hard corn straws do to the soft nap on the carpets. Treats 'em rough, to say the least.

But it's your muscle that supplies the power, so the greatest wear is on your strength. And it is your lungs that breathe in much of the unhealthy dust which escapes the dust-pan.

Don't sweep away your strength and endurance. Do as other women do—use a Hoover. Electricity supplies the muscle—and saves yours. Even the most vexatious clinging lint, hairs, etc., are collected the first time over. No dust is scattered.

The carpets are benefited—for a soft bristle brush replaces stiff corn. And you move the deep lodged, nap-cutting grit. Because when you—

JUST RUN YOUR Hoover

IT BEATS... AS IT SWEEPS AS IT CLEANS

The Hoover is the cheapest "broom" you can buy—if your time and strength and health are worth anything. Visit our store and see The Hoover clean. Compare (1) the ease of electrically beating, sweeping, straightening nap, restoring colors and suction cleaning in one operation with (2) the hard work of sweeping your present way.
