FORMER HOLLAND GIRL RECEIVES HIGH HONORS

DAUGHTER OF F. D. HADDOCK GRADUATES AT WELLESLEY COLLEGE

It no doubt, will be of special interest to Holland folks to hear that Miss Margaret W. Haddock daughter of Mr. F. D. Haddock, former principal of Holland's public schools, is to graduate from Wellesley College, Mass., with high honors.

Miss Haddock, who was born in this city on June 13, 1900, has been elected to "Phi Beta Kappa" at the latest girl school in this country.

She was also named the president of her class as a Freshman and as a Senior was selected a president of the student government association. The young lady will graduate in June and apparently has made a mark for herself.

Mr. Haddock after leaving Holland as an instructor has filled a similar position in several other cities, among them being schools at Olivet, Michigan, Michigan City, Ind., Polo, Illinois, San Juan, Porto Rico, Stanley, Wis., Sioux City, Ia., and Cornell Wis., where he and Mrs. Haddock now reside.

Besides being interested in school work, Mr. Haddock is president of the Yellow Cheese Co. at Cornell.

BOARD OF REVIEW TO MEET ON MAY 3

TO CONTINUE IN SESSION FOR THREE DAYS AT THE COUNCIL ROOM

(Have you any grievance with the tax assessor?)

If you have, that grievance can be aired before the members of the Board of Review on Tuesday, May 3.

The board will remain in session for four successive days and as much longer as may be necessary.

Taxpayers may inspect the amount of their taxes and the board will be ready to answer all questions and straighten out all difficulties, should they be equitable.

The Board will sit, beginning at 9 o'clock in the morning and serve six hours each day.

The members of the Board of Review are: Mayor E. P. Stephan, City Clerk Richard Overweg, City Attorney Charles McBride, Assessor Chris Nibbelink and Supervisors John De Koeper, Henry Vander Warf, John Rutgers and Ed Vanden Berg.

HOLLAND GIRL WEDS JACKSON, MICH., MAN

The following story about the marriage of a Holland girl is taken from the Jackson Patriot: Miss Betty Mulder, daughter of Mr. and Mrs. John Mulder of Holland, became the bride of Lloyd W. Gray, of Jackson, Rev. S. A. Griffith performed the ceremony. The young couple were attended by Miss Janice Seward and Mr. Sherley Mordell, intimate friends of the bride and groom. Following the ceremony, Mrs. Inez Gray gave a three course luncheon for the bridal party. Both young people are highly esteemed in this city. The office force of the Michigan State Prison, where Miss Mulder was employed, sprung a surprise on her by presenting her with a beautiful chest of Community silver.

Mr. Gray is Boys Secretary at the Y. M. C. A. and has a host of friends in this city. Mr. and Mrs. Gray left immediately after the ceremony for a trip to different points, stopping at Akron, O., where Mr. Gray's parents reside. They will be at home after May first at 115 Oak Hill avenue, Jackson.

The seats in Centennial park and in other parks in the city have been painted green, and Park Commissioner Van Draught is placing them today. By Sunday if the weather is ideal there will be seats enough for all.

The distance between the carefree romantic days of old Spain, and the drudging, dragging hours of the basement shop girl, lies between the characters of Mayme Ladd and Rosa Alvarado, both of which are portrayed by Mabel Normand in "What Happened to Rosa," the popular comedienne's latest Goldwyn picture, directed by Victor Schertzinger which comes to the Strand Tuesday of Next week.

FOR SALE—Lots at Central Park; also good building lots in city. See J. Arendshorst, 6 E. 8th St. 2w

FOR SALE—Victor Phonograph in good condition; also 45 records. Price complete \$30. Union Bar, 158 River avenue. 2w

MONEY FOR THE BOULEVARD LIGHTS COMING IN RAPIDLY

SEVERAL COMMITTEES ARE WORKING VERY HARD ON THE PROPOSITION

The committees in the several blocks in this city covering the area of the boulevard light district are working very hard to get together the money that will purchase the lights and poles for Holland's new illumination system on its main streets.

The committee has figured out that it should make its assessment on the business places on a basis of \$3 a front foot, on ground floor, and \$1.50 per second and third floors.

Thus far the committee has been very successful altho they have not yet reached their desired goal.

On the other hand, not near all of them have been seen.

The heads of the committees who were seen this morning say that there is nothing to it; there will be a boulevard lighting system in Holland, if the balance of the subscriptions come as spontaneously and easily as those received the first two days.

The business men of the committee especially are very much gratified and are loud in their praises for the co-operation received from the Board of Public Works and the kind consideration given them by the Mayor and Common Council.

They all feel that this really is a city institution, beneficial to the public who own and use the streets.

For that reason the poles and the lights subscribed by the business men along the street would immediately become the property of the city after these are installed.

The committee is also negotiating with the Buss Machine Co. of this city to ascertain whether this local firm will be able to cast the poles, more than a hundred in number.

This would give considerable added labor to several men, who are now working part time.

The Buss Machine Co. is going in to the matter very thoroughly, and expects to give figures and specifications within a few days.

Mr. Dick stated that they did not expect to make any money on this job, but that the company felt that the project was so meritorious that they should help all they possibly could to foster such a system.

This paper will shortly print the entire list of all the donors with the amounts placed behind their respective names.

The committees appointed to solicit funds in their respective blocks are as follows:

On River avenue, from 8th to 12th street: W. H. Orr, chairman; Wm. Winstrom, Fred Beeuwkes, Henry Kraker, Joe White, Mat Witvliet, M. Steketee, M. Dekker, N. Dykema, Charles McBride, Bert Vander Pool, John Kramer, M. Vander Bie.

On Eighth street from River to Central—John Rutgers, chairman; Henry VanArk, Harris Meyer, Joe Koolker, Jacob Fris, John Pieper, A. Sierrama, John Vaupell, J. W. Hmebaugh, Wm. Olive.

On Eighth street from Central to College—Jacob Lokker, Chairman; Henry Meengs, John Van Tatenhove, John Du Mez, Jack Knoll A. Steketee, A. Peters, C. A. Bigge, John Arendshorst, Henry Brink, Hub Boone, John Dykstra, William Vischers and Henry Vanden Linde.

On 8th street from College to Lincoln—Joe Rowan, Chairman; Alex Barnum, Goldman, Henry Kleis, F. Zalsman, John Van Vliet, John Dykema, James Klomprens, Arend Smith, Leonard Steketee, Jack Blue.

OTTAWA COUNTY FARM AGENT GETS MARRIED

Mr. Clinton P. Milham, the Ottawa County Agricultural agent, surprised his friends in Holland and Ottawa county by announcing his marriage which took place a week ago to Miss Eleanor Carr of Tawas City, Mich.

The marriage took place a week ago Wednesday, April 20, at the home of the bride's uncle, O. E. Carr at Fowlerville. The service was performed by Rev. Wallace of that place. The bride has just graduated from the State Normal college at Upsalanti.

Mr. and Mrs. Milham came to Grand Haven immediately following the wedding and are making their home at the residence recently purchased by Mr. Milham at 506 Lake avenue at the county seat. While the coming event was not a complete surprise to Mr. Milham's friends, the young couple have succeeded in keeping the event a secret for a week.

ONE ALDERMAN GIVES TO BOULEVARD LIGHTING SYSTEM

ONE GENEROUS MAN PAYS ONE-FIFTEENTH OF COST OF INSTALLATION

Although Alderman Brieve lives nearly a quarter of a mile from the proposed boulevard lighted streets he has sent the committee \$10 to be applied upon this much needed system.

The Holland "Cookie King" has always been found in the booster column when the needs of his town are concerned.

Walter Walsh, who owns considerable property along 8th street did not argue the point with the committee relative to assessment rates, but stated that he would give \$600 towards the project. This is independent from any tenants who may occupy his buildings. He stated, "Holland is way behind in its street illumination and I am enthusiastically for the improvement."

Mr. Walsh's subscription constitutes nearly 15 per cent of the entire amount to be subscribed.

TRINITY CHURCH IS TEN YEARS OLD

WILL HOLD COMMEMORATION NEXT WEEK TUESDAY

Time does fly. This can again be seen as we chronicle the fact that Trinity church is already ten years old.

For that reason the pastor Clarence P. Dame will preach a fitting commemoration sermon on Sunday morning, when the 10th anniversary of the organization of this congregation will be brought out.

On Tuesday night, May 3 a congregational gathering is to be held, when the event will be informally celebrated.

The former pastor, Rev. John Van Persem of Kalamazoo will be present, and he together with Mr. Dame and several of the charter members of the church will be found on the speaking program. The event will not be a big public affair, but rather a congregational gathering when a review of the past ten years' work in this organization will be made.

Sunday evening Rev. Clarence P. Dame pastor of Trinity church, will preach the continuation of his series of sermons, on the subject "The Second Coming of Christ." The topic Sunday evening will be "Is Pre-Millennialism Biblical?"

TWELFTH AND CENTRAL TO BE A SAFER PLACE

The corner at the Holland hospital seems to have been an exceptionally dangerous place, in fact eight autos have clashed there within the last two months, and while the hospital is conveniently by to give first aid, Chief of Police Van Ry is not going to allow it to come to such a pass if he can help it.

He has now placed such safeguards at this street intersection that motorists will have to go slow. He has placed four turtles an equal distance apart, so placed that it gives ample room to go around the turtles, but one must drive carefully to avoid them.

The chief says, "when passing that point always go to the right of the turtle, and drive safely, and there will be no collision or accident of any kind."

WINSTROM ELECTRIC COMPANY ERECTS DISPLAY BOOTHS

A most unique way in which to display electric lamps has been installed by the Winstrom Electric Co. The company has erected on one side of the building a row of booths which has the appearance of a window in a home.

The entrances to these booths are curtained off to conform with the fancy lamps inside, and when lamps are lighted the arrangement has the appearance of an electric lamp burning in a room, witnessed through a window.

A color scheme is following thru out, the color of the lamp and its surroundings harmonizing.

Mr. Winstrom intends to utilize both sides of the store in this way, thus giving a pleasing effect, not alone, but its installment leaves a great deal of space in the interior to show other lines of goods.

Electrical men have stated that this is a new one on them and it is said that a written on this new departure will appear in the Electrical Review, a trade paper.

MAY HAVE A \$100,000 BRIDGE AT NEW RICHMOND

OLD BRIDGE HAS BEEN CONDEMNED BY THE STATE

The prettiest little piece of landscape in the vicinity of Holland is at New Richmond, a little over eight miles from here. It is such a spot as the poets rave about.

As one approaches New Richmond from the brow of the hill he looks down into a peaceful valley covered with a dense woods, cut in twain by the placid Kalamazoo River. In the heart of this valley lies the little valley of New Richmond and about the only thing that would indicate that the place is inhabited, is a church spire, piercing its way thru the tops of the trees.

Altho nature is beautiful at that point, the wooden bridge crossing the Kalamazoo is a rotten, rickety affair, in fact about two years ago, the writer nearly went thru it with an automobile, several boards being loosened from the cross beams in the bridge.

Anyway the state has at last condemned this structure and now it is contemplated to erect a bridge between four and five hundred feet long, and costing approximately \$100,000.

The township of Manlius is also doing fine work on highway improvements in that township. It has just bonded itself for \$11,000 to make improvements on the highway in the form of approaches leading up to the newly contemplated bridge.

Any Holland motorist that has not taken a trip to New Richmond has missed seeing one of Michigan's prettiest nature spots.

Another beautiful sight that can be seen from the same hill near this little village is a gradually sloping valley lying westward, taking in the Saugatuck fruit belt.

One can see for at least 8 miles down this vista of fruit trees, and when this vast orchard is in blossom the sight can be more easily imagined than described.

The Kalamazoo river too can be easily seen winding its way thru this orchard valley, like a silver ribbon glistening in the sunshine.

LOCALS

Gerrit Van Dyke 68 W. 16th street left last night for Denver Colo. in the hopes that his health may be improved. He was accompanied as far Chicago by Albert Linnemann. Mr. Van Dyke leaves his family in this city until he returns.

"Be kind to animal week," "Flower week," "Wall paper week," "Bird week," good language week," are a few of the many that are being inaugurated. We should have about 49 of these, and should have them all "holidays" throw in the 10 holidays, "work and clean up week," followed by "courtesy week," if that is possible, then the millennium would surely be here.

A miscellaneous shower was held in honor of Miss Sena Vos at the home of Miss Alice Vos, West West Seventeenth street. Miss Vos who is to be a May bride was the recipient of an unusually large collection of substantial and useful gifts. The evening was spent in playing games, with a musical program as a fitting windup. In the games the prize winners were the Misses Elizabeth Rotman and Bertha Vos. Those present at the shower were the Misses Sena Vos, Jennie Bouman, Jennie Slenk, Jennie Kalmink, Clara Bouman, Gertrude Vanden Berg, Mrs. John Hulst, Alice Vos, Elizabeth Rotman, Helen Vos, Bertha Vos and Mary Landman.

The members of the "coffee Klets" at the Boston Restaurant were in great glee yesterday morning when the sugar bowl appear before them upon the table for the first time since the war began in 1914. Sugar is now again within the reach of the people, and the "Coffee Klets" too, and the large number of members jokingly made Mayor Stephan the chairman who in turn thanked Caterer Hoffman for so much sweetness.

The Woman's Christian Temperance Union will meet Friday afternoon at three o'clock at the home of Mrs. William Winstrom, 26 E. 16th street.

The Hope College base ball team will journey to Albion Friday for a game with the team of that college. On Saturday afternoon the local nine will play St. Mary's high school at Detroit.

Miss Nellie Churchford, head of the City mission, is back in the city after spending several weeks doing evangelist work in Lansing, Sand Lake, and Jackson. She will be here over Sunday, after which she will return to Lansing.

SUGGESTS NEW SYSTEM OF HOUSE NUMBERING HERE

James G. Cypher, who was in charge of compiling the new city directory for Holland, has made a suggestion in regard to the house numbering system of Holland that would in his opinion, add a great deal to ease with which homes can be located by citizens and strangers both. His suggestion is that houses should be numbered in units of one hundred to a block. He would have Central avenue remain the dividing line as it is at present. Then houses in the first block east of Central would all be numbered within the first hundred units, the houses between College and Columbia would all be in the 200 class, in the block between Columbia and Lincoln in the 300 class; and the same method should be used on the north and south streets.

In this way anybody could tell instantly from the number of a house in which block it was to be found. It would do away with a great deal of confusion, Mr. Cypher thinks, and would in a variety of ways help to simplify things.

There are some cities in which such a system would be impracticable, especially cities that have streets running in all directions without plan, like cow paths. But Holland is ideally planned; Mr. Cypher thinks, for such a system of numbering. It is laid out on a rectangular plan, and there are few cities in which this system could be more easily adopted than it can here. A change in Holland numbering system was the only suggestion Mr. Cypher had to make on leaving Holland after completing the job of compiling the new city directory.

Farmers in certain sections of Ottawa county are beginning to see a ray of hope for at least part of the fruit crop. Not all of it seems to be entirely destroyed by the freeze of a week ago Saturday and Sunday.

County Farm Agent C. P. Milham recently made a trip through some sections of the county and he was rather encouraged to find at least a faint ray of light glimmering in the extremely blue fruit outlook.

LARGE AIRPLANE VISITS HOLLAND SUNDAY MORNING

Holland's upper strata was visited Sunday by a large airplane. The artificial bird circled over the town at 9:30 o'clock. The object of the plane coming here was to throw down from on high advertising matter pertaining to Grand Rapids.

The pilot however was very unsuccessful. He first let go several thousand bills, a thousand or more feet up from the center of town, as near as could be judged. These soon floated over the bay way beyond the North Side, and Holland failed to be snowed under. Only a few of the bills reached the city.

Apparently the plane men noticed this and they circled about and unloaded several thousand more directly south of the city. Even this consign ment failed to land as the upper current of air soon sent the swirling silvery looking hand bills over and beyond the city.

The only successful way it seems is to attach sinkers to the bills, and possibly then some might reach the desired destination.

After failing in Holland, the plane and crew flew to Zeeland where an attempt was also made to flood the town with advertising matter at one swoop. But Zeeland's area being much smaller than that of Holland the fluttering papers lost themselves in the landscape amongst the cow and chickens.

Anyway Holland had an exceptional view of a flying airplane, and most of the citizens watched its maneuvring on Sunday morning.

G. & M. COMPANY TO TRY OUT SUMMER EXCURSIONS AGAIN

That some of the before-the-war conditions are coming back is shown by the fact that the Graham & Morton company is to go back into the lake steamer excursion business. The announcement was made by J. S. Morton that the old time excursion business will be given another try-out this summer.

The price of hogs at Chicago today is the lowest in five years say the market reports.

CONTEST CLOSED AT HIGH SCHOOL ON MONDAY

The Bolhuis Lumber & Mfg. Co., recently offered a cash prize of \$25 to any pupil in the high school who could write the best 800 word essay on the subject, "How Shall We Remedy the Home-Shortage?"

Monday, April 25, was the last day for essays to be in.

Principal J. J. Riemersma states that quite a number availed themselves of the opportunity, and he is now arranging them properly and will place them in the hands of the judges.

The pupil having the best essay will receive a cash prize \$10. The pupil having the second best essay will receive \$5 in cash; the third and fourth best will receive \$3 each while the next two will each receive \$2.

After the essays have been judged and the winners chosen, all the prize winning essays will be published covering a period of a few weeks. The continued interest in the publication of these will no doubt bring the importance of home building more vividly to our many readers, and much good will be derived because of their publicity.

The judges selected are as follows: Attorneys Arthur Van Duren, Thos. N. Robinson, Fred T. Miles and Daniel Ten Cate.

FIRST WARD ALDERMAN BECOMES BUSINESS MAN

Alderman Jack Blue, already well known in the first ward as a politician and representative of that ward in the council, has now turned his hand to business and he hopes to become equally well known as a business man. He has opened a confectionery store at 126 East 8th street, to be known as the "East End Confectionery Store." The stand is a familiar one to east end people, having been occupied by a drug store conducted by the late Dr. F. Schouten and later by Jack Schouten for many years.

Mr. Blue will handle confectionery articles, and in addition to that such things as stamps, postcards and a variety of other articles.

FINE PROGRAM GIVEN BY SCHOOL OF MUSIC

The first spring recital of the Hope College School of Music drew a large audience in Winants Chapel Monday night. Each participant displayed wonderful technique which was a result of the careful training that is received at the School.

Miss Elizabeth Zwemer was unable to appear on account of illness.

Dr. Nykerk who had charge of the musicale was out of the city. The second concert will be held on Wednesday night, May 25.

The following took part in the program: Hazel Albers, Nita Caldwell, Leo TePaske, Gerrit DeWeerd, Helene Van Kersen, Hazel Kuhl, Herbert Schumacker, Myrtle Beach, and Mildred De Pree. Mrs. M. C. Robbins was accompanist.

BASE BALL SEASON TO OPEN MAY 14

Saturday, May 14, will be the opening base ball game of the season if present plans materialize. Practice will begin next week. About thirty loads of clay are to be placed on the infield and all of this week the ball team and loyal fans will work to complete the playing field. This will be a wonderful improvement to the infield. By the time the opening game rolls around the field will be in perfect condition. This improvement and with the outfield steadily becoming harder, will undoubtedly make one of the best ball fields in this part of the state. Any fans who want to work on the field can come any time after Tuesday.

May 27 and 28 the Hartford Colored Giants of Chicago are coming for two games, one being a twilight affair on the 27th. Decoration Day afternoon the locals will clash with a fast team from Grand Rapids. The new uniforms are expected here for the opening game.

IS WARMING UP ON BASE BALL

Grand Haven is getting the baseball fever, and the members are putting in diligent work hardening up for the coming season.

The first game is to be Sunday, May 15, when the Grand Rapids Elks will journey to the county seat. The formal opening of the season will be Sunday, May 29, when the colored Giants of Chicago will play for two days, Sunday and Memorial day, which will be celebrated on Monday.

Throughout the remainder of the season, series of games will be played with Holland, Ionia, Allegan, Otsego, and Muskegon Continentals. Only high class ball will be played this year and the management is sparing no expense to get the diamond in shape for some real games.

WAS PINNED UNDER HIS FORD CAR

John De Maagd of 2 East 10th street was nearly killed Monday when his Ford car turned turtle near Jamestown during the severe rainstorm. He was driving to Holland when the storm came up; in order to escape a wetting he forgot to be cautious.

The Ford swerved to the side of the road and De Maagd lost control. The machine toppled into the ditch pinning De Maagd underneath. He was rescued by several farmers, and though the machine is almost a total wreck De Maagd is unharmed. The machine was brought to Zeeland.

PIONEER WHO CAME HERE BY OX TEAM DIES

Mrs. Matilda Blakeney, a resident of Ottawa county for 85 years, the mother of B. A. Blakeney of Grand Haven, passed away Sunday at her home in Lamont. Mr. Blakeney was called to Lamont Saturday by the seriousness of his mother's condition. Mrs. Blakeney was the mother of the late William Blakeney and was 89 years of age.

She came to Michigan with her family, pioneering the way from New York to Ohio, when Mrs. Blakeney was an infant. They came on to Michigan, traveling by ox team over the newly broken roads through the virgin forests. Their first stop was at Grand Rapids, then merely a trading post on the frontier of civilization. Later they moved on down the River to Lamont, where Mrs. Blakeney has resided almost all the years of her life. Sunday she passed away at the family home in Lamont.

Deceased is survived by her son B. A. Blakeney of Grand Haven and her two daughters Mrs. George Easton and Mrs. Lillie B. Howe of Lamont. Funeral services were held at the home in Lamont at 2 o'clock Tuesday afternoon, Central Standard time; the burial was in Lamont.

GRAND HAVEN PAPER SAYS THEIR TOWN IS BECOMING STAGE CENTER

Grand Haven is fast becoming a motor stage center, says the Grand Haven Tribune. At the present time motor stages start out from Grand Haven for Muskegon, Holland, Zeeland, Saugatuck, Spring Lake, Lamont and intervening points. The traveler who wishes to ride to Grand Rapids by motor car may also do so. At frequent intervals motor cars bearing labels, "For Grand Rapids," are to be found in Grand Haven waiting for passengers for the longer trip.

The motor stage industry out of Grand Haven is just in its infancy, practically in the experimental stage, but the next few months promises to see the idea thoroughly tested out. At the present the stages are very well patronized. Unless too many stages get into the business, those already in bid fair to make a go of it.

Castle Lodge No. 153 K. of P. is to have a final blowout in the form of a May party to be given at the big pavilion at Saugatuck to members and their friends. The date for the party has not been definitely fixed, but in order that the committee will be able to send out invitations, a request by postal card to members has been sent asking them to suggest the names of friends, whom they desire to have attend this big event. Charges of \$2 per couple are made and those attending can be assured from the standpoint of music and dancing, there will be nothing to equal it in this vicinity this season.

STANDING ROOM AT A PREMIUM AT BAND CONCERT

"As full as an egg" is sometimes the expression used when there is no more space to spare. Well that was the condition in the high school auditorium Thursday night when the audience filled the assembly room to listen to the concert given by the Willard G. Leenhouts Post No. 6, American Legion Band.

Every available seat was filled by 7:30 when the ushers began to double them up in the one man recitation seats. Still they kept coming and the band boys immediately got busy and availed themselves of every possible chair that could be taken from the different class rooms, and these were placed wherever there was room for one, in fact all

available space was occupied right up to the stage. Chairs were placed between the isles and in the rear a hundred or more were placed in the gallery, but these too were soon filled. At 8 o'clock only standing room was available, and a large number remained throughout the program, even tho a seat could not be furnished.

Not alone was the auditorium filled, but there was a large gathering on the outside, many availing themselves of the hundreds of automobiles parked around the school, thus securing an unusually easy reserved seat. Simultaneously with the applause that greeted the numbers on the inside could be heard the echo from those listening on the outside, in which the tooting of automobile horns also came into play.

Anyway Holland has a real "up-to-snuff" band, in fact the work of these musicians was a big surprise to everyone present. There is no gain-saying generally that bands in a city the size of Holland, are of the amateurish variety. One goes to a band concert to be public-spirited, help the boys, and a town must have a band anyway for Decoration day and 4th of July, therefore one must help such things along. No doubt Holland citizens and citizens from other towns have gone to band concerts with a protest in their hearts if not on their lips, knowing that an evening of agony and musical discord was in store for them, but we wish to say right here, that if such a feeling prevailed, it was dispelled after the first bar of music was rendered.

The Holland band, if Thursday night's performance is any indication, can keep pace with the best of them and the music rendered was as harmonious, beautiful, and well selected as is furnished by big traveling musical organizations who are well paid for their work.

The men were seated about the stage in a semi-circle, and every member was dressed in a new Olive drab uniform.

As a background a drop was made of a large American flag, while other smaller flags and the beautiful banner of the Post donated by the Victory club some time ago, constituted the decorations.

If there is any adverse remarks to make at all, it was because of the length of the program. Every number was encored, and altho the concert started promptly at 8 o'clock, the last number on the program, namely the "Star Spangled Banner" was not given until 11:15.

The special numbers were all well received, the marimbophone trio, especially coming in for a large share of the honors. These artists consist of Miss Josephine Cady, harpist and pianist, a brother, Thos. Cady, who is a violinist and Frank Knight who is a wonderful marimbophone player.

"The song without words" is repeatedly referred to, but the "clarinet solo without music, has it beat. William Vander Hart in his impersonation of his wonderful ability as a clarinet player had words "galore," but the music all remained in that dummy instrument of his.

Gerrit Ter Beek, as a vocal soloist is a comer. He surely had the audience with him, when he pleasingly rendered two tenor solos.

You have heard of the great Brown Brothers' saxophone quartette. Well, Holland has such an organization. They are Henry Wilson Brown, Clarence Lokker Brown, Roy Gilbert Brown, John Van Vyven Brown.

They say saxophones make your feet go. No wonder 800 people shuffled when number eight on the program was rendered.

This in substance was the treat given a Holland audience Thursday evening, and to say that Holland is proud of its band is putting it mildly.

The Grand Finale was the playing of the "Star Spangled Banner" with the audience standing.

For six months the band has been working diligently under the leadership of Director John Van Vyven, and he should be given a full mead of credit for the way he has molded raw recruits from the American Legion into an organization of splendid musicians.

CAN USE LIGHT IN SPEARING SUCKERS

There does not seem to be perfect teamwork between the State Game and Fish Department and some of the local deputies of that department. A few days ago a deputy fish and game warden made an announcement thru the local press to the effect that spearing fish with the use of an artificial light would not be tolerated and that arrests would follow if this practice was continued.

Commenting on that story, Representative G. W. Kooyers of this district of Ottawa county writes: "State Game and Fish Commissioner Baird tells me that the department has no objections to the spearing of suckers with artificial light until May 1, 1921."

The deputy has of course the law on his side, since the spearing of fish with the use of an artificial light is clearly forbidden. But it seems that the state department does not care to enforce that law strictly with regard to suckers.

FORMER GOVERNOR TO BE MEMORIAL DAY SPEAKER

Announcement was made Friday by the A. C. Van Raalte Post G. A. R. that they have been successful in securing Ex-Governor Chase S. Osborn of Sault Ste. Marie to make the Memorial Day address in Holland this year. It has been the policy of the G. A. R. Post to secure Memorial Day speakers who are men of outstanding personality as well as forceful orators. The former Michigan governor is both. He has plenty of enemies in Michigan but even his enemies admit that he is not lacking in vigor of character and he has been heard often enough in Holland as an orator so that the people here know that he will fully fill the bill on this score.

HOLLAND MAN STARTS A LAUNDRY IN GRAND HAVEN

Robert Conant of Grand Haven for the H. B. Proctor Farm and Home Company, has closed the deal for the purchase by Frank M. Palmer of Holland of the property at the corner of Pulton and Seventh streets, Grand Haven, owned by A. Kiel. As soon as possible the new owner will take possession and in a short time establish a new steam laundry.

Mr. Palmer is a laundryman of many years experience and is a member of the National Laundryman's association. He plans to put in a thoroughly modern plant, with equipment costing in the neighborhood of \$6,000. The building, which is comparatively new, is one of the best business locations in that city. The lower floor is now occupied by Burt Fant's barber shop and news agency. It is understood that there have been a number of negotiations for this property of late but Mr. Palmer's deal secures it. The new owners plans to establish one of the most complete steam laundries in the state.

HOLLAND TEACHERS' CLUB IS ENTERTAINED AT WASHINGTON SCHOOL

On Thursday evening the teachers of the Washington school entertained the Holland Teachers club. The Kindergarten was converted into a reception room and decorated with a vegetable garden by the little folks in which the guests could find their favorites for souvenirs of the occasion.

Dainty refreshments were served and a program provided. Mr. Perry Parton Weid gave a talk upon musical compositions explaining the various movements composed upon a single theme taken from one of the old folk songs or folk dances. He played four movements from the Nocturne in E Flat by Chopin upon his violin unaccompanied by the piano.

Peggy Bergen sang three little songs and held the attention of her audience as well as the big folks.

Mrs. Martha D. Kollen, who has been made an honorary member of the club, gave two readings: "Today," by Douglas Mallock and "Marryin' for a Livin'," by Dorothy Dix. She responded with an encore "The Ouija Board," by Edgar Guest. Mrs. VanRaalte sang "Love Is the Wind," accompanied by Mrs. Robbins and responded to an encore.

Mr. Arthur McArthur of Traverse City representing Harper Pub. Co., gave personal reminiscences of Jas. Whitcomb Riley and a number of his poems. Mr. Fell presented a report upon the educational legislation now pending at Lansing, touching upon the Part-time School Law, the Pension Bill and the Rural School Problem. A lively social hour followed and thanks to hostesses and entertainers, the evening was most delightfully and profitably spent by all present.

TO FINISH THE ALPENA ROAD IN THIRTY DAYS

In about thirty days the road that is now being built on the way to the Lakewood Farm is expected to be completed. The job of grading the stretch of road from the place where the concrete leaves off has been completed and in fact the whole job is finished with the exception of putting down the macadam. Work was halted a short time ago because of lack of stone. A boat load of stone is expected to arrive almost hourly now, so that at any moment the job can be started.

There will not be any delay as soon as the stone comes. The rollers and all the other necessary equipment have been taken to the spot and placed in readiness for the job. Trucks will be ready to haul the stone as soon as it arrives at the local dock. When the work of putting down the macadam begins it is estimated that it will take thirty days before traffic can go over the road.

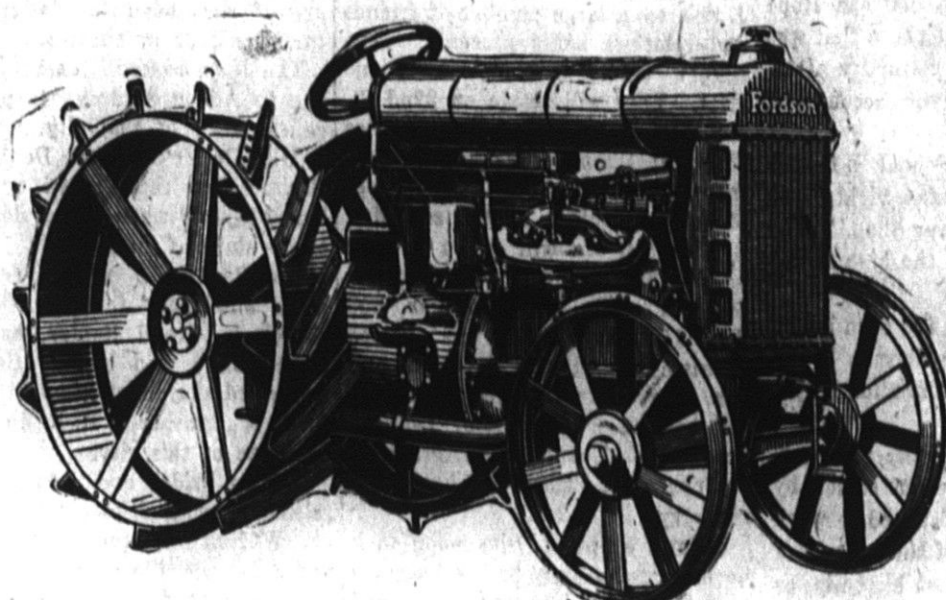

The new macadamized road will extend for a mile from the end of the concrete. It is generally supposed by the public that this new stretch of road will be concrete as is the rest of the Alpena road, but this is a mistaken notion. The new road will not quite reach to the lake but it will cover the greater distance of the way not yet improved.

When this job is completed there will be plenty of varieties of highway on the Alpena Road. First there is a mile or two of narrow concrete. This is followed by a mile of wide concrete which will be followed by a mile of macadam. What the rest of the short distance to the lake will be is not known, as this will not be improved this year. But the main thing is that there will be a good road most of the way to the resorts along Lake Michigan that are inhabited in the summer by many Holland people.

Mayor E. P. Stephan went to Chicago on business after the boulevard light meeting Friday night.

Mr. and Mrs. Frank Kleinheksel of Muskegon spent the week end in Holland.

When You Think of Paint Think of Patek

**Best to buy because best to use
Costs less because it lasts longer**

When you paint your house be sure to use:

PATEK'S HIGHEST QUALITY WEARPROOF HOUSE PAINT for the exterior, and PATEK'S MATTCOTE, The Original Standard Washable Flat Oil Wall and Ceiling Paint, for the interior.

Both are sold here—for the very simple and sufficient reason that both are the best to buy.

WEARPROOF House Paint is furnished in the prettiest standard house colors—preserves and protects as well as beautifies—will not chip, check, crack, peel, fade or blister—covers a greater area than ordinary house paint, consequently costs less for the whole job—lasts longer and saves repainting so soon again. Those are but some of the main reasons why you ought to use none but Patek's Highest Quality Wearproof House Paint—come here and we will tell you all the other reasons why, show you the 28 color samples and give you many valuable, money saving house-painting pointers.

MATTCOTE is the most sanitary, economical and beautiful in color and finish for the walls and ceilings of all rooms. It has a fine, velvety, tint and tone, is non-absorbing and non-porous—and is washable repeatedly—without damage to its finish—with sponge, soap and water. It is easily applied and covers a greater area than any other flat finish, thus costing less for the whole job. And its lasting strength and enduring tint and tone save frequent refinishing of the home interior, at the same time does not crack, peel, chalk or rub off. Come in and let us explain further why it is best to use Mattcote—let us show you the 24 choice Mattcote colors and combinations—and let us advise you how best to finish your home.

Things That Can't Happen If—

Hold-ups by bandits are all too frequent these days. The highway-man need give you no concern provided your funds are placed in the care of our bank.

The polished burglar may find access to your private drawers and make off with your Liberty Bonds, private papers and money. Fire may come and destroy them. Safe-guard these by renting a safety deposit box at our bank at a very reasonable rental charge.

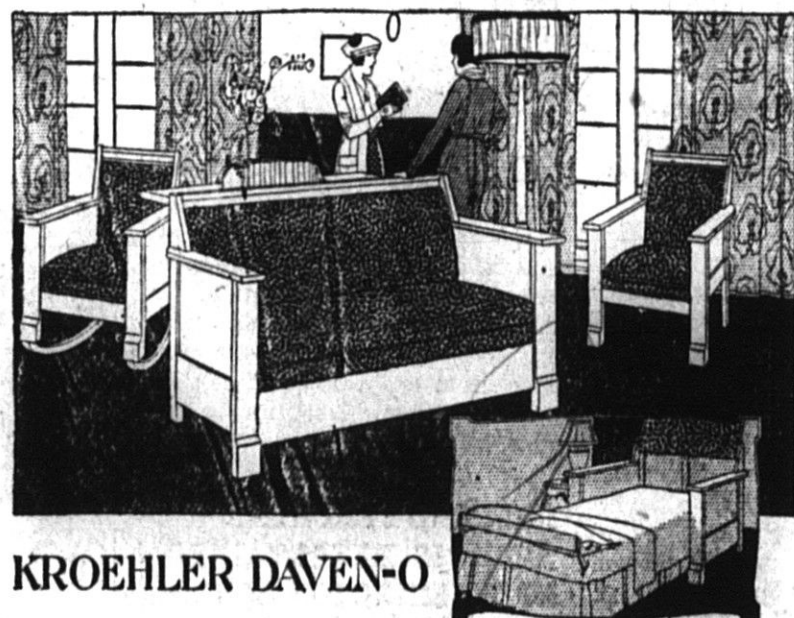

A most insidious, smooth and persistent thief and one who is not caught in the regular way is a gentleman who sails under the alias of "waster," "good fellow" and "spendthrift." This light fingered individual sticks closer then a brother. He is constantly asking for a hand-out, and his continued drain upon your surplus funds will prove more serious then the other two causes mentioned. THE BUSY MEN'S CLUB HAS BUSIEST TIME EVER

Despite the rain and wind the busy men's tournament was a big success, not less than 150 members from the different parts of the county being listed to enter in the sports.

Altho Coopersville was the longest distance from Holland, that club came to the city, with 35 members, in fact the largest number present from any of the outlying clubs.

Grand Haven came next with 22, while Zeeland and Spring Lake also brought a large delegation.

Holland had a representation of over 50, active busy men, and the score shows that they cleaned up on every club in the county by heavy scores.

After the tournament the guests were given all the sandwiches, doughnuts, and coffee they could eat and drink and informal speeches were in order.

William Vanden Berg, of the Sinclair Oil company, was toastmaster of the evening and called upon the different representatives from Holland and other parts of the county, to give a three minute talk each.

The speakers were allowed no longer than this, and were stopped short when the time limit was reached.

The only speaker who ran wild was "Cubby" Drew whom no one could stop when he talks on the benefits of sports. They had to let "Cubby" go until he was run down, and then the next man got a chance.

Other speakers were Rev. H. A. Vruwink of Grand Haven, H. Ter Avest, banker of Coopersville; E. J. Pruim of Zeeland, Rev. Teeuwissen of Spring Lake, Henry W. Smith, who has charge of the County F. M. C. A. and Walter Gospel of Ann Arbor, of the State Association, who, by the way is not a dominie as his name might suggest.

Mr. Smith who has taken such an active part in making this and other tournaments great successes, stated that the impetus that brought into being these winter sport meets were the outings held in different localities last summer by busy men.

At the 23 outings there was an attendance of 1100, and the enthusiasm was so great among those who participated, that a large number wanted some recreation during the winter time also. Mr. Smith finally thanked the members present for their hearty co-operation, and expressed his appreciation to the Holland "Y" for so ably taking care of the guests in a social way.

William Vanden Berg of the local "Y" selected ten men of that organization who made complete arrangements to receive the guests not alone, but also provided liberally for the eats necessary on this occasion.

All those present were loud in their praises of the treatment received from the Holland club, and expressed their desire to return soon.

The speaking subjects given to the speakers of their respective localities were as follows: "We're glad you're here", Holland; "We're Glad We're here", Grand Haven; "So Say we all of us", Coopersville; "We like it", Spring Lake; "What More Can Be Said", Zeeland; "Grapes", Ann Arbor; "What's ahead? Let's get it a foot", Ottawa County.

The results of the 'volley ball game is as follows: there were 12 games played by each team. Holland won ten; lost two; percentage, .833. Coopersville won eight; lost four; percentage, .667.

Grand Haven won six; lost six; percentage .500.

Zeeland won five; lost seven; percentage, .417.

Spring Lake won one; lost 11; percentage, .083.

There was only time for a three inning indoor baseball game. Here Holland again was victorious as against Coopersville the score being 12 to 3. The scorekeepers for the entire tournament were Jake Fria, Cornell Dorabos with Mr. Smith, being the general umpire.

CASE AGAINST GERRIT OUDERMOLEN DISMISSED

Gerrit Oudermolen, West Ninth street, who was charged with furnishing liquor to Henry Vanden Bosch was discharged Tuesday by Justice Jay Den Herder and his bail was released. Oudermolen was arrested at the same time with Nick Dykstra a short time ago on this charge. Dykstra was bound over to circuit court but Oudermolen was discharged for lack of evidence. He was represented by Att. D. Ten Cate of Diekema, Kollen & Ten Cate.

The Woman's Christian Temperance Union will meet Friday afternoon at 3 o'clock at the home of Mrs. W. Winstrom, 109 West 19th street. The devotions will be in charge of Mrs. E. Fairbanks. Mrs. Winstrom will be in charge of the music.

STRUCK DOWN BY LIGHTNING UNDER TREE FRIDAY NIGHT

John Jonker, who lives on East Fourth street was struck by lightning Thursday evening about six o'clock, just as the heavy rainstorm was coming to an end. The accident came near being fatal. The lightning stroke passed along the outside of his body instead of passing through and burning his vital organs. It was due to this fact that Jonker owes his life.

Jonker took shelter under a tree on 27th street during the heavy rain storm. As the rain stopped he was just leaving the shelter when the lightning struck him on the left shoulder. It passed diagonally down across his body to his right foot, and burned a ragged hole in his shoe over the toes. The path of the electricity along his body could be traced with a fair degree of accuracy, marks of burned skin having been made here and there. His left shoulder, was considerably burned and so was his right foot. The burns in between these two points were however slight, hardly more than mere markings.

The force of the electricity, as it passed away from Jonker's body could be seen from appearance of the ragged hole in the shoe. The leather had been turned outward and was tattered about the edges.

Jonker was knocked to the ground by the shock but he did not lose consciousness, although he felt paralyzed for a moment, below the hips. He was immediately rushed in an automobile to his home on East Fourth St. and Dr. L. N. Tuttle was called to dress the burns. The man's injuries were not serious although considerable patch of skin on the left shoulder was burned.

VALUABLE GIFTS ARE MADE TO THE CITY LIBRARY

The Holland City Library has been unusually fortunate in its friends the past few months. This city institution which is at the disposal of all the people and which is attracting more patrons each year, has received a number of valuable gifts recently. The reading room has been enriched by five new publications that are gift subscriptions from friends of the library. These new magazines are "The Open Road," the official magazine of the Daughters of the American Revolution, "The Japan Review," "The Rotarian," and "The Poster."

Mr. J. J. Cappon some months ago presented the library with two valuable volumes, "Leather Industries," and "The Principles of Leather Manufacture." These volumes are among the list that has just been put into circulation. Other gift books donated by him are: Mercantile's "Soldiers and Sailors of France in the American War for Independence," and Norcross' "A History of the New York Swamp."

The most valuable gift of all is a complete law library presented by Att. C. H. McBride. This is a library of some 50 volumes, bound in leather, and it will give the city a law library for the first time in its history. This splendid gift has not yet been placed on the shelves by reason of the fact that room has not yet been found, but room for the set will be found in some way. The library quarters are getting extremely crowded and it is hard to find space for the books that are constantly added to keep up with the times in things literary.

OFFER SUM TO START GENERAL FUND

Though not resident on Eighth-st. or River Avenue, Van Dyke & Oosting, East 17th street, believe that they and all other citizens in Holland will be greatly benefited by the proposed lighting system along Holland's business streets. This concern suggested that everybody in Holland should help to put this plan across, and to show that they meant business they offered \$25 as their share toward this fund.

While the business men along River and Eighth will be benefited most by the boulevard lights, Mr. Van Dyke declared that the benefit would also be for all Holland and hence he would like to see a movement started whereby all can take a part in making it a success.

the soldiers of all wars are remembered on that occasion.

The American Legionnaires of the United States are also seeing to it that the graves of their less fortunate comrades will be properly decorated and not forgotten.

During the last month subscriptions were taken up in every post in Michigan, some 400 in number, and the adjutant of the Holland Legion, Ernest Brooks, has just received a communication stating that the Willard Leenhouts Post No. 6, of Holland heads the list, having given more to this cause than did any of the other posts in the state.

Holland generally goes over the top quickly, and it is very gratifying to know that the Legionnaires have not forgotten the lessons learned in France when they never failed to go over quickly and effectively.

When Sleep Comes Back

Health Talk No. 16

By JOHN DE JONGE, D. C.

When sleep deserts you, then strength departs. It is a great day when sleep comes back.

Loss of sleep is due to pressure on spinal nerves affecting the brain. Seemingly the victim of this ailment cannot stop the train of thought. Lack of ability to rest brings on extreme nervousness, often times the victim fears that he is going to pieces and may even fear for sanity.

When the chiropractor by his skillful adjustments restores the joints of the spine to alignment and removes the pressure on spinal nerves which is causing this trouble, the patient experiences a relaxation that is all the more profound because of the need of the exhausted body. Strength is rapidly regained once the ability to sleep is regained.

UNABLE TO RELAX OR SLEEP BUT CAN NOW.

"I had not slept more than three hours out of every twenty-four. After my husband died I could not discuss my business affairs with my attorneys without 'going to pieces.' When I tried chiropractic I was desperate. After the first adjustment I slept fourteen hours. In forty more, I was a new woman, able to sleep all night, and eating what I wanted. Chiropractic should be welcomed as the greatest panacea of human ills."—Mary Miles Baker, Chiropractic Research Bureau Statement No. 1256L.

BIG WOODS AT WEST OLIVE NOT TO BE OUT DOWN

About a year ago, Henry Zwemer the local coal and wood man, purchased an 80 acre tract of timber near West Olive, or to be exact, it is located about one mile north of Port Sheldon. The tract has a long Lake Michigan frontage and contains a great deal of virgin timber.

When the land was purchased, the fact was published that Mr. Zwemer was to put up a saw mill with the intention of turning the forest into lumber.

He has been receiving so many requests, however, asking him to spare the woods that he has decided to cut out only such timber as will make good salable lumber and pick only such trees as can easily be cut down without raising havoc with those that surround them.

The surplus underbrush is to be cut away, some of the trees will be given spreading room and the wood will remain nearly as dense as before; in fact Mr. Zwemer states that after he gets through with it the large grove will be a better picnic ground and a more beautiful nature spot than it now is. Where trees are too thickly set, part of them will be cut away, and this naturally results in a better grove than if the trees had no growing room.

Today the grove is practically as nature made it, and it surely is a beautiful wild spot.

Mr. Zwemer states that anyone wishing to camp there, or any church, Sunday School, society or lodge wishing to picnic there, can have all the privileges of this beautiful garden spot for the asking.

There is room enough for a thousand tents. He however cautions those given the privilege to be careful with fire, and to keep things clean and sanitary around the camp.

It is said that the finest bathing beach on Lake Michigan stretches for more than a quarter of a mile, skirting this patch of woods.

Michigan timber is fast being cut down for gain. It is therefore a wholesome fact that here are some men who are aware of this and use precautionary measures to help save the little woods that still remain.

Twelve persons awaiting sentence in circuit court were summoned to appear before Judge O. S. Cross Thursday morning to hear their fate. All had either been convicted or pleaded guilty to charges against them at this or previous terms of the court. In most cases Judge Cross had a personal talk with those to be sentenced and in each case he took into account a number of circumstances surrounding their troubles.

Gordon Peet, a youth who had been mixed up in a larceny case with two other boys was summoned for sentence Thursday. He had been in jail since Christmas time and the court had obtained considerable information concerning him. Peet's former employer at Muskegon had promised to give him a job and help him make good. Judge Cross put him on probation for two years.

William Van Essel alleged to have sold hard cider was sentenced to pay a fine of \$50 and costs of \$7.75 with 60 days in jail as a default penalty. He paid. Pearl Rosenberg was sentenced to pay a fine and costs of \$106.85 or go to jail for 90 days. H. Collins was assessed a fine of \$50 and \$7.75 costs to be paid in a \$10 allotment out of his wages. Ten days in jail is the penalty. Harry Ward was assessed fine and costs of \$107.75 with ten days in jail and 90 days more if the fine is not paid.

Peter Koopman was given a two years probation upon his agreement to abstain from liquor. He appeared on a disorderly appeal. Mat Meason charged with liquor law violation was sentenced a fine of \$100 with \$17.50 costs with 20 days in jail. In default of payment he will have to serve 100 days more.

Louis Grabiec charged with running booze drew a prison sentence. His sentence was a fine of \$100 and \$24.27 costs and a term of six months to one year at Ionia. Willie Wolters charged with larceny was assessed \$25 and \$6.10 costs. He was given a two year probation with Chief of Police Van Ry of Holland as probation officer. Harry Maxted and Art Pickering charged with unlawfully taking and using an automobile were put on probation for two years upon payment of a fine of \$25 and \$5 costs. Maxted paid.

Raymond Ver Hey held on a bastardy charge was required to file a bond of \$100 and to pay \$2.50 to support a child up to the age of 16 years. He also was taxed the costs of \$4.75. A sentence of six months in jail was reserved in case he failed to file the bond.

PIONEER PASSES THURSDAY AT AGE OF EIGHTY-ONE

Mrs. Suzanna M. Van den Beldt, nee Marsilje, widow of Gerrit Van den Beldt, died early Thursday morning, at the home of her son, Fred Van den Beldt, on East 24th-st. She was born in the village of Greede, Province of Zeeland, Netherlands, Jan. 28, 1840.

When she was ten years old, her parents emigrated to America, landing at the port of New York May 1, 1850. The family remained in Rochester and in Buffalo, four years, after which they moved to Kalamazoo, arriving there May 1, 1854. In the year 1857, she married Gerrit Van den Beldt at Kalamazoo. Her husband died 26 years ago.

She was the mother of twelve children eight of whom survive her: Mrs. J. Balgooyen, Grand Haven; Mrs. Frank Nash, Fred Van den Beldt, Mrs. Jas. Schuurman and Gradus Van den Beldt of this city; Isaac Van den Beldt of Grand Haven; Mrs. Wm. Rineck and Herbert Van den Belt of Grand Rapids. She is also survived by her brother, Isaac Marsilje of this city and 32 grandchildren and 24 great grandchildren.

Sixty-four years ago, the family, husband, wife and two children, moved to Holland and bought the forty acres of land adjoining the fairgrounds on the south side and have lived there continuously. This parcel of land was then a part of the unbroken wilderness. Thus they began their real pioneer life, with all the hardships connected therewith in the new settlement. In those times it meant hardships indeed. The children who preceded her in death were Nicholas Van den Beldt, Jane Van den Beldt, Mrs. G. J. Deur, and Mrs. John Van Dort.

The deceased joined the old Van Raalte church in this city upon arriving here and she has been a member there to the time of her death. Her deceased husband arrived here soon after Dr. A. C. Van Raalte in 1848; and his family were identified with and took an active part in the early history of the Holland colony.

The funeral took place on last Saturday afternoon at 2:30 o'clock at the home of Fred Vanden Beldt on East 24th street.

HOPE PROFESSOR IS HONORED

LIBRARY HAS CIRCULATION OF NEARLY 50,000

That Holland's public library is growing not only in size but that each year more people are taking advantage of this privilege for education and culture was brought out by the report of the library board to the common council Wednesday night. The increase in circulation of books the past year over the preceding year was 1,472, making a total of circulation of 49,675 books circulated for home use. The largest daily delivery was 553, on March 6, 1920. New borrowers' cards issued numbered 233, bringing the total number of borrowers' cards up to 3,351.

The total number of volumes in the library at present is 12,163, the catalogue value of which is \$16,974.15. The number of books added during the year was 211, and the number replaced was 118.

Total evening attendance in the reading room during the year was 4,646, with an average evening attendance of fifteen and a maximum evening attendance of 38.

The number of monthly magazines in the reading room is 41, weekly magazines 19, weekly newspapers 12, daily newspapers 9. The total of all periodicals is 31.

An interesting item in the financial statement of the library for the past year is that the sum of \$333.62 was obtained during the year is that the sum of \$333.62 was obtained during the year in fines. When a book borrower keeps a book longer than the two weeks for which it is taken, a fee of two cents a day is levied. Besides that a fee is charged non-residents who borrow books, catalogues are sold, damaged books have to be paid for, and old papers and books sold all these items are grouped together under the head of "Fines". The amount thus obtained is considerable, nearly half of the total sum used for the purchase of new books during the year.

FORD LICENSE NO GOOD FOR AUTO BUS

It cost Andy Vos \$25 in fines and \$3.70 costs because he transferred an auto license number from his Ford car to his big auto bus that runs between Holland and Saugatuck. Vos pleaded guilty to this charge before Justice Van Schelven Wednesday, the technical charge being operating a motor vehicle with a license number other than the one assigned by the secretary of state.

The local police department was informed by the secretary of state that this kind of thing was going on in some places and the officers were asked to keep on the lookout for such violations. The arrest of Vos was the first result of this. The officers are keeping their eyes peeled for similar cases in Holland.

WIFE DIES DAY AFTER HER HUSBAND

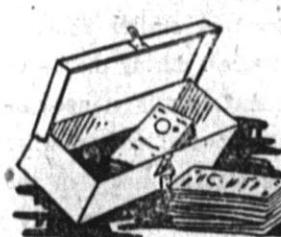

Following her husband in death within a few hours, Mrs. John Spykerman, aged 74 years passed away at her home a few miles north of Holland Saturday morning. Her husband aged 70, died Friday. Both had been ailing for some time. The funeral for both was held on the same day and they were laid to rest side by side at the same time in the Holland township cemetery. The funeral was held Tuesday afternoon at 1:30 from the home, Rev. Einink officiating. The deceased are survived by two sons and two daughters.

RECTOR PRESENTED WITH BEAUTIFUL FLAG

Friday night the Masons of Holland had a great time, when thirty members of the Past Masters' association of Grand Rapids paid a fraternal visit to Unity Lodge. They were entertained at the W. L. C. rooms where the Ladies Guild of Grace church served an excellent dinner. After dinner the Masons

went to their hall, which was soon filled to overflowing. The Past Masters of Grand Rapids put on one of the Masonic degrees to the great pleasure of all Masons present.

During the meeting the Rev. M. L. Tate was called to the East, and in a very short but neat address Mr. Percy Ray thanked Mr. Tate for the sermon he had delivered to De Molai Commandry of Knights Templar in the Methodist church on Easter day, and presented him with a beautiful flag for Grace church on behalf of the Commandry. In reply Mr. Tate, deeply moved and greatly surprised, thanked the brothers for the beautiful gift and accepted it in the name of George Washington who was a brother Mason and a member of the Episcopal church and in the name of two-thirds of the signers of the Declaration of Independence, and other churchmen of Revolutionary fame. He also accepted the gift in the name of Jack Pershing, Bishop Brent, head of all the chaplains, and the commanding officer of the navy in the World War. Mr. Tate said he believed in Fraternalism and he expressed his sincere gratitude to all the members of the Fraternity present for their spontaneous and constant kindness and courtesy.

What His Widow Found

The family was accustomed to every comfort. Then suddenly the father was called. When the widow opened the strong box, instead of the securities she expected would maintain their comfort, she found nothing but dusty bundles of worthless stocks.

The father, fully intending to provide for his family's future tomorrow, had listened to the siren call of Speculation, and down through the years had vanished his income in get-rich-quick schemes.

Should any family head speculate until he has amply provided for the continued comfort of his loved ones in case he is summoned? Our free booklet, "Safeguarding Your Family's Future" will help you answer this query.

COMMON COUNCIL

Holland, Mich., April 20, 1921. The Common Council met in regular session and was called to order by the Mayor. Present—Mayor Stephan, Alds. Prins, Blue, Brieve, Vanden Brink, Dykstra, Vander List and Wiersma and the clerk.

The minutes of the last meeting were read and approved.

Petitions and Accounts
John W. Post petitioned for license to engage in the business of conducting a pool and billiard parlor at 74 East 8th street and presented bond as required with Austin Harrington and E. J. Harrington as sureties.

Referred to the Committee on Licenses.
E. C. Marie petitioned for permission to erect a 12x14 foot building used as a barber shop from 212 Central avenue to the East side of Central avenue between 7th and 8th streets.

Referred to the committee on streets and crosswalks with power to act.
The Holland Gas Works submitted report covering operation of their plant for the month of February 1921.

The Teerman & Van Dyke Coal Co. reported that they were in position to furnish coal for the city hall and hospital at a reasonable price.

The matter of sewer connections on the property of the Bingham Estate was referred to the Committee on Sewers, Drains and Water Courses.

Chris Sas and others petitioned for the construction of a sidewalk on the north side of 21st street from College avenue east to and including lot 34, Block 2, East side of Central avenue and on the South side of 21st street from College Avenue East to and including lot 16, Block 5, Prospect Park Addition.

Referred to the Committee on Sidewalks.
Gerrit Lokker and others petitioned to have 19th street paved between Central Av. and College Avenue.

Referred to the Committee on Streets and Crosswalks.

Reports of Standing Committees
The committee on Ways and Means, directed by the rules of the Council to audit and settle the accounts of the Treasurer, examined said accounts and found the same correct as near as they can determine, leaving a balance of \$34,095.27, for which amount the Treasurer has submitted certificates of the several local banks.

The committee further reported that the books are about to be audited and that when the same has been completed will submit the Accountant's report to the Council.

Adopted.

Ald. Damstra here appeared and took his seat.
The committee on Ways and Means to whom was referred the matter of receiving bids for the audit of the city's books reported having received bids for same and that the bid of the Park Public Service Co., Flint, Michigan, to audit the books for the past fiscal year for the sum of \$200 and the cost of binding the report was the best bid and the most advantageous to the city of Holland, and recommended that the contract be awarded to the said Parks Public Service company.

Adopted.
The Committee on Streets and Crosswalks requested authority to receive bids on cement, pipe, drainage grates, and manhole covers.

Granted.
On motion of Ald. Kammeraad.
