The warm rain on Sunday brought out the dandelion.

Born to Mr. and Mrs. John Hoek on Wednesday—a son.

The trees in Centennial Park and along the shaded trees are beginning to show their foliage.

During the week the areal walls in front of Sutton's new block were put in, and the inside is being plastered.

Mr. Gonzalez, the Cuban commercial traveler for a New York tobacco house, called upon his customers in Holland this week.

Mrs. Rev. H. Uterwick of East Canaan, Conn., while on a visit to her mother, Mrs. L. D'Ooge, at Grand Rapids, last week, spent a day with friends in Holland.

The Michigan Telephone Co. have about completed the work of re-arranging their poles throughout the city, and the new line along Seventh street presents a fine and formidable array.

Decoration Day this year falls on Monday. In accordance with custom the Sunday preceding will be observed by a memorial service. The sermon will be preached by Rev. Dr. W. H. Van Antwerp, in the afternoon, in the Third Reformed church.

The Bay View Reading Circle will meet with Mrs. H. D. Post on Tuesday, May 10. Mrs. C. H. Dutton will lead the meeting. The responses to roll-call will be short items about any of Germany's neighbors. The lesson for the afternoon will be as outlined in the magazine for the first week in May.

At the Holland Cycle Club meeting Monday evening the following officers were elected for the ensuing year: Pres., Homer Van Landegent; vice pres., Austin Harrington; secy., Arthur Baumgartel; treas., Ben Van Raalte, Jr. The board of directors includes the above named and Frank Pifer, Geo. Hyma and Dick Homkes. The club expects to work on cycle paths this year, but where, has not been definitely decided. A goodly number have renewed their membership and all are of the opinion that the good work started by the organization last season must be continued.

Good bass fishing.

The dredge at the harbor commenced operations on Tuesday.

The sporting season opens with an occasional catch of a muskallonge.

Rev. C. Van Goor will preach in the Pine Creek school house Sunday evening.

Marshal Dykhuis will make the store of G. J. Van Duren his headquarters.

The steamer A. B. Taylor has entered upon the Michigan City and Chicago route.

G. Baker made his first trip from the resorts with a pleasure party Thursday morning.

The steamer rates on the Holland-American line have been reduced two dollars between New York and Rotterdam.

Herm Woltman plead guilty to the charge of simple larceny before Justice Kollen on Monday, and was sent to the county jail for thirty days.

Our friend Geo. Birkhoff, Jr., of Chicago has been honored by the Grand Duke of Luxemburg with the Knighthood of the Oaken Crown, in recognition of his disinterested services in behalf of citizens of that principality.

The board of trustees of Pilgrim Home cemetery organized for the year by electing R. Kanters president, I. Cappon vice pres., and J. Dykema secy and treas. The present sexton, J. Marsilje, was re-appointed.

Congressman William Alden Smith has a keepsake of the "Cuban War." It is a gold pen and ebony holder, which Speaker Reed, Vice President Hobart and President McKinley used to sign the joint resolution declaring that war has begun between Spain and the United States.

The rehearsals for "Cuba" are progressing finely and Mr. Youngs, the director is highly elated over the excellence of the cast that has been selected to produce his play. The Sons of Veterans are sparing neither time nor money to make this entertainment a notable one and the production will be complete to the minutest detail. In fact one of the most thorough productions ever given may be looked for.

Daily service on the Holland-Chicago line will open on or about the first of next month, when the steamer City of Holland will also be placed in commission. The C. & W. M. is making additions to its facilities for carrying freight from this station. Every season when navigation opens extra cars are put on local freight trains and a good increase in business is shown. The new rolling stock that has been secured comes in right handily at present.

Ann Arbor: Drs. J. G. Lynde and C. K. Lahuis today performed the caesarian section, on a patient from Detroit. This is one of the difficult operations known to surgery and consists in cutting into the abdominal cavity and delivering a living child from a mother who is so deformed as to be incapable of bearing it. This is the sixteenth operation of the kind performed in America and the first at the university. It required 10 minutes. Both mother and child will live.

The Sons of Veterans will on next Wednesday, May 11, present the Cuban war play "Cuba" which they have had in preparation for some time past. The play is a literal portrayal of life in the Island whose name it bears and tells of the experience of an American boy with the treacherous Spaniards, with whom our country is now at war. The cast is composed entirely of local talent, forty people being on the stage. A Cuban uprising; the attempted execution of an American by the Spaniards; his escape by the aid of the stars and stripes, and a Spanish prison, are some of the principle scenes and events.

Gov. Pingree has called for two companies of Sons of Veterans, to be assigned to some one of the regiments now organizing at Island Lake. In the apportionment Holland is to furnish five men, with five alternates. As we go to press three have signed: Guy Wise, Harry Nies, and George Mooney. These boys are liable to be called out any hour.

The Cuban charge d'affaires at Washington has presented Congressman William Alden Smith with a new book on free Cuba, her past oppression and struggle for liberty, with the following inscription: "To the Honorable William Alden Smith, a fearless defender of human liberty and a true friend of the unfortunate. From his appreciative friend, Gonzalez de Quesada."

Attorney Gelmer Kuyper of Grand Rapids left for Mobile, Ala., Monday, where by order of secretary of war Alger a private in Company B, Nineteenth Infantry, will report to him to give a deposition that is needed as evidence. Frank Huntley is the private's name and he formerly was in Captain Gardener's command. He is going to Cuba, and the matter is so important that the interested parties will not run the risk of his departure.

There is a vacancy in the chair of Greek Literature at the Theol. Seminary, New Brunswick, N. J., which is to be filled by the election of a new professor at the meeting of the General Synod next month. Several nominations by different ecclesiastical bodies have already been made, and among them we notice those of Prof. J. H. Gillespie of Hope College, Rev. J. H. Karsten of Oostburg, Wis., Prof. N. M. Steffens of Dubuque, Iowa, and Rev. J. A. De Spelder of South Macon, Mich. Several other names of gentlemen east have also been presented.

The school election on Tuesday was one of the most quiet we've had in years. A very light vote was polled, the whole number of votes cast being 416, against 1,001 last year. The canvass showed the following result: Wm. H. Beach 315, C. Verschure 250, J. C. Post 225, J. A. Brouwer 181, I. Marsilje 179, L. Schoon 93. The board of education as now constituted includes Dr. H. Kremers, B. Steketee, G. J. Van Duren, G. W. Mokma, P. H. McBride, H. Geerlings, W. H. Beach, C. Verschure, J. C. Post. They meet for organization next Monday evening. The text book proposition was rejected by the decisive vote of 63 yeas and 302 nays.

Died in this city, on Friday last, at the age of 82 years, William F. G. Beuwkes. The deceased was one of the early residents of Holland. He emigrated to this country from Appeldoorn, Netherlands, in 1855, and settled at Alto, Wis. In '63 he moved to this place, where he has lived since. He was a tinner and coppersmith by trade. His wife preceded him in death several years ago, and he is survived by two sons and four daughters, all of whom reside here: Lambert and Johannes Beeuwkes, and Mrs. H. Ilohan, Mrs. L. De Groot, Mrs. H. Tuurling and Mrs. W. Huizinga. For a period of thirty-years he served as deacon and elder in the Ninth street Christ. Ref. church. The funeral took place on Tuesday, his pastor, Rev. C. Van Goor, officiating.

Rev. W. Walbon Clark, field secretary of the board of domestic missions, will address a union meeting of the First, Hope and Third Reformed churches on Sunday evening, at the Third Reformed church. Mr. Clark comes here from the east to attend the Missionary Alliance of the Reformed Church, to be held in Grand Rapids next Wednesday and Thursday.

The manufacturing of school seating and furniture, as heretofore carried on by the West Michigan Co., is continued right along by B. L. Scott. The wood work is made at the Phoenix planing mill, and the finishing, crating and shipping is done in the new buildings erected on the dock of the Scott-Lugers Lumber Co., at the head of the lake. The castings for the present are procured from Muskegon. The goods manufactured by the West Michigan Seating Co. have always found a ready market and are still in good demand. It is Mr. Scott's idea to continue the business on the present plan until the time and opportunity present themselves for enlargement and extension. As it is, several hands are given steady employment.

The Allegan Gazette has entered upon its seventeenth year, and the event is thus referred to by its editor: "The first number was issued in the first week of May, 1882. In that time there have been marked changes in the town, and still wider change in the appearance and business of the Gazette and the affairs of its publisher. There are few if any who will maintain that the paper has not kept at least even pace with the progress of the town, whatever they may otherwise think of it. The Gazette never had more business, more readers, more popularity, and better prospects for further usefulness and growth than it has at this moment when it becomes 'sweet sixteen.' To Bro. Reid the News extends hearty congratulations upon a successful past and the bright prospects for a useful future."

### What It Cost.

The civil war cost 303,000 lives. Of this number 98,098 were slain in battle. The vast army which succumbed to disease was no less than 184,331, while the remaining 20,000 or so died of wounds received.

At the battle of Waterloo 51,000 men were killed or disabled. There were 145,000 soldiers in that great struggle.

In the Crimean war 95,615 lives were sacrificed, and at Borodino, where the French and Russians fought, 78,000 men were left dead on the battlefield. There were 250,000 troops in combat in that engagement.

Since the birth of Christ 4,000,000,000 men have been slain in battle. Before the beginning of the Christian era the losses cannot be estimated, owing to the very indistinct and inaccurate accounts that have been handed down.

It is generally conceded, however, that the numbers said to have participated in the battles of the Greeks and other warring nations of the ancient world have been greatly exaggerated.

At Canaan, however, where the Romans suffered the worst defeat in their history, it is said that 32,000 of their soldiers were slain. The Roman army in this battle consisted of 145,000 men—the picked brawn and sinew of the empire.

In the Franco-Prussian war 77,000 Frenchmen were killed.

In none of these battles mentioned was dynamite used. In the wars of the future this terrible agent of destruction must be reckoned on. Men who have studied the mortality statistics of the past shudder at the thought of what may be in store in the wars that are to come. Only recently has the use of dynamite in land warfare been considered safe for the army using it. The modern dynamite gun, however, has seemingly solved the problem, and the men who go to war hereafter will face an agent of destruction beside which the charges of Napoleon's old guard were child's play.

In our present fight with Spain, says the Scientific American, there will be new factors, due to the change from sail to steam power entering into naval warfare, which will render the command of the sea of even greater importance than it was in the days of Nelson. Chief among these is the coaling question—undoubtedly the most vital consideration that confronts the admiral of a modern fleet. In the last century it was possible for a fleet to lay in stores, and provisions, extra spars, sails and running gear, sufficient to last for a cruise of many months,—to-day we doubt if it would be possible for any navy to gather together a fleet which could keep the sea for twenty-one consecutive days without touching at a coaling station to replenish its bunkers.

The question of coal supply is a serious one at any time, and it can readily be seen that two nations which are separated by three thousand miles of water, like this country and Spain, the question easily becomes first in importance. The navy that elects to place the wide Atlantic between itself and its coaling base will carry on its campaign under an enormous disadvantage. Not only must it maintain a line of coaling ships, but these ships must be conveyed across the water, to which duty a not inconsiderable number of its fighting ships must be assigned. Moreover, to make certain of the transfer of the coal to the fleets, some sort of a coaling port must be established, for coaling at sea is both slow and hazardous and only capable of being carried out in fairly smooth water.

### OUR NEIGHBORS.

**Grand Haven.**  
The barn and out-buildings at the county jail have been removed, preparatory to commencing work on the new building.  
The school board has re-engaged

superintendent Crawford for another year.

Dan F. Pazelson will graduate from the law department of the University of Michigan next June.

Mrs. J. M. Killian of Allegan has been appointed one of the teachers at the institute which will be held in this city next summer.

**Tribute:** The slingshot nuisance has again broken out. It should be squelched, not only because the boys break windows, but also because many of them kill the innocent song birds. The nuisance ought to be prevented by parents of the boys without interference on the part of the city officials.

The small boys of the city have the military fever to an alarming degree. Last Saturday a big crowd of them had a military encampment in the northern part of town. Air guns were the most dangerous weapon.

Prof. H. E. Dosker preached an intensely patriotic sermon in the Holland language at the First Ref. church Sunday morning.

### Ottawa County.

There are ten creameries in Ottawa county.

Forty-two marriage licenses were issued in this county during April. This is the largest number that has been issued in any one month since 1893.

**Coopersville:** The D. G. H. & M. Ry. Co. are making preparations to move the depot from its present location to a site which is more convenient for the public.

The address of Capt. George W. McBride on the Battle of Shiloh at Spring Lake Wednesday evening was the best of that nature ever delivered there. It was an off-hand, lucid and vivid description of one of the noted battles of the Rebellion, by one who was in it and had evidently familiarized himself with every feature of that bloody combat.

The bed of Grand river where Capt. Townsend finished his dredging operations last fall, was filled up with sand and dirt during the winter, but no considerable damage was done.

The Spring Lake Iron Works at Fruitport are now employing 450 men directly and indirectly. In Muskegon county 100 to 125 men are employed, in Wexford county 100 men and in Benzie county 50 to 75 men in getting out wood and charcoal. During April the company handled 450 carloads of material and shipped between 5,000 and 6,000 tons of iron to Kentucky, Missouri, Indiana, Illinois, Wisconsin and other states.

### Lake Shore.

The first sheep-shearing of the season was done by Ed. Whaley, for R. Smith on Monday. As the weather turned out since the poor victims acted as though they were begging for a blanket.

Harry Chapman lost a valuable horse last week.

A fine lot of fruit trees are being delivered and set out here this spring.

Constable Whaley foreclosed a mortgage on a horse the other day for M. Boone.

John Aussicker has gone north in connection with his saw mill business.

### Zeeland.

Several of our young men are ready to enlist when the word is given and opportunity offered.

Rev. and Mrs. J. Ossewaarde of Pellis, Ia., are here visiting.

At the special election for the extension of the water works system and to bond the village for the purpose 161 votes were cast: Yes 110, no 50, blank 1.

### Allegan County.

At Plainwell 6,000 bu. of wheat were marketed on one day last week, when the price had reached one dollar.

Dorr would like to have a pickle factory established there.

**New Richmond:** The depot was broken into Saturday night; the glass in the window was cut out around the stop, so they could get in. The money drawer was broken into, but no cash was left for such fellows, and they opened several packages of express, taking some cough medicine for their colds and some coffee for refreshment on their journey. They examined freight closely, but were too lazy to carry it off.

At a wedding in Monterey five generations were represented, the oldest of whom was Grandfather Mallory of Trowbridge, now nine-two years of age. Mr. Mallory recently returned from serving five years as engineer in the U. S. navy.

The employees of the Bardeen Paper Co. at Otsego have formed a mutual insurance company. An assessment according to wages received is made each month, and in case of sickness or accident on amount nearly equivalent to the sum of the wages of the disabled member is paid weekly.

The jurors for the May term of circuit court are as follows: Allegan, J. J. Bailey; Casco, Charles Peace; Cheshire, C. F. Schermerhorn; Clyde, Frank C. Sloan; Dorris, Gust Genther; Fillmore, Gerrit H. Brick; Ganges, George F. Barber; Gounplain, Frank P. Heath; Heath, John Gillis; Hopkins, B. A. Calkins; Laketown, Irvine Bell; Lee, Loren Dalrymple; Leighton, Chas. H. Johnson; Manlius, H. J. Slenk; Martin, Warner E. Roberts; Monterey, Eli Weaver; Otsego, W. J. Hurley; Overisel, Gerrit Immink; Salem, Jacob Castor; Saugatuck, F. A. Knickerbocker; Trowbridge, Henry Stockwell; Valley, T. W. Steets; Watson, Frederick Edgerton; Wayland, Frank Chamberlain.

The four peach townships of western Allegan county are Ganges, Casco, Saugatuck, and Laketown, in the order named, and they contain the largest acreage of peach orchard of any portion of the state of equal area. Acres in Ganges, 3,100; Casco, 1,322; Saugatuck, 877; Laketown, 467, Ganges being by far the largest peach-growing township in the whole state. Allegan county as a whole has the largest acreage of peach orchard of any county in the state, and ranks second in apple orchard acreage, being exceeded by but one county, that of Oakland.

A military company is being organized in Allegan, with the following officers: Captain, L. F. Lattin; first lieutenant, Ira C. Montague; second

lieutenant, Fred Padgham; first sergeant, Ernest N. Hailley.

### Saugatuck.

The steamer Klon like makes regular trips now to New Richmond, Saugatuck and Douglas.

Members of the local W. C. T. U. are preparing clothing to send to the suffering Cubans.

Dr. H. H. Schaberg of Kalamazoo made a two weeks' visit with relatives in this village.

Messrs. Bloeker and Honnor of Grand Haven were in town last week for the purpose of inspecting the river steamer Klon like.

C. M. Winslow, of the Douglas Record, was taken ill and narrowly escaped an attack of brain fever.

Morris, the cobbler, being physically incapacitated from doing military service against the Spaniard, is nevertheless patriotic, and offers to keep in repair, free of charge, the shoes of the families of all who go in the service from this place.

Many Chicago people are now making arrangements for boarding places here during the summer months.

Two sites for a dock have been offered the electric railway company: one is the lots on which is located the Brittain shipyard, and the other the abutments on the river of Water and Lucy streets, forming the corner near the basket factory. If the question is submitted to the people they will be asked to vote bonds to the extent of \$2,500. This will be for the purpose of purchasing and improving the dock which will be all the aid needed from the village.

Thousands of young peach and other fruit trees have been delivered to the farmers of this section this spring, and the acreage of orchards in this and adjoining townships will be greatly increased. Notwithstanding the serious inroads made by the yellows and other peach tree diseases, the orchard acreage of this section is increasing. The most serious phase of the outlook for those who have followed the peach business here for years is the rapid development of the peach growing industry in nearly all sections of this and other states. Some sections which only a few years ago were buying peaches grown in this county are now competitors in the market.—Commercial.

The Commercial raises the question, how deep fish ducks and other fowl can swim, and says that one day last week Dick Heuer got sixty-four ducks in his nets set in fourteen fathoms (84 feet), and on Saturday last, Fred Menier, on lifting a gang of sturgeon hooks set in about the same depth, found he had caught six ducks and two loons on the hooks. The ducks were dead, but the loons had raised the line to the surface and were alive. It is not uncommon to catch ducks in nets set 200 feet deep in Lake Michigan. Once Shriver Bros. took two barrels of ducks from their nets set in 80 fathoms.

### General Items.

Benton Harbor fruit growers talk of co-operating in providing a home market for fruit raised in that vicinity.

Four members of the Ann Arbor military company were married just before leaving for Island Lake.

It is estimated that Michigan still has 10,000,000,000 feet of standing pine; Wisconsin, twice as much; Minnesota, 35,000,000,000 feet. The average annual cut is 40,000,000 feet.

Mrs. Louis Dahl, near New Buffalo, was actually roasted alive Friday morning by the explosion of a gasoline stove. The flames communicated to her clothing and being alone all but her face and feet were cremated to a crisp.

Mrs. Ella M. Lang of Benton Harbor was awarded \$2,500 in a \$10,000 damage suit against the H. W. Williams Transportation company for the loss of her husband, Joseph M. Lang, who perished in the steamer City of Kalamazoo at South Haven, November, 1896. The case was tried in the Van Buren circuit court.

The largest mushroom "plantation" in Michigan is located in Grand Rapids, not as in France in catacombs, or as in New York in constructed cellars, but in the old plaster quarry on the north side of the river. The quarry is like a mine, and in one of the galleries so far removed from the entrance that the darkness is impenetrable, and the temperature does not vary three degrees the year round, are the mushroom beds composed, as they are of a few loads of rich black mulch and an abundance of barn yard refuse thoroughly mixed, made up about eight or ten inches, thick and planted with the dry mushroom spores, which are imported, pressed into bricks. The mushrooms as they develop are pulled out and without any preparation, marketed, and if the prolific beds are entirely stripped one morning they will be as full the next, and this continues until the bed is exhausted. The product of the beds equals forty pounds a day, at 25 cents a pound.

The Kalkaska board of supervisors the other day paid out \$65 as county on lynx and wild cats which had been killed in the county.

Traveling men report that they find military enthusiasm more apparent in the small towns of this state than in the larger cities.

At Muskegon the employers whose hands have volunteered for the war are unanimous in saying that upon their return home they can all go back to their old places.

Says a market report: Butter is strong at twelve cents and able to hold its own. Yeast cakes are rising steadily. Cheese is lively and stirring. Syrup is sticking to the former price. Green apples are growing less. Chickens are picking up.

It has just been learned that the sword which the late Justice L. Q. Lamar of Mississippi surrendered when captured at Gettysburg is in the possession of the Union League Club of Philadelphia. At the outbreak of the war it was presented to Mr. Lamar by the town of Aberdeen, Miss. An effort will be made to have it returned to his family.

There are in the United States twenty-two marine hospitals and eleven quarantine stations. Not all of these hospitals are in coast towns, but they will be available to some extent for the care of sick and disabled soldiers and sailors during the war.

When we read of an elephant hunter who has been trampled to death in the wilds of India, we wonder at the foolhardiness of a man who will travel round the world and endure all manner of hardships, in order to court death in a far away jungle. A man does not have to make a journey to India in order to court death in a manner equally foolhardy.

Thousands of hard working men are daily courting death in a much more certain form, without ever leaving their native villages or cities. They are the men who neglect their health. They are the men who court death from consumption, or some other deadly disease due to improper or insufficient nourishment. The man who suffers from bilious or nervous disorders, who has a weak stomach and an impaired digestion, who has lost the power to eat, rest or sleep, and who fails to take prompt steps to remedy these conditions, is courting death in the guise of some fatal malady.

Dr. Pierce's Golden Medical Discovery cures 98 per cent. of all cases of bronchitis, throat and laryngeal affections that lead up to consumption. It soothes the cough, facilitates expectoration and restores the lost appetite. It corrects all disorders of the digestion, makes the assimilation of the life giving elements of the food perfect. It invigorates the liver and purifies and enriches the blood. It is the great blood-maker, flesh-builder, nerve tonic and restorative. It is the best of all known medicines for nervous disorders. Dealers sell it and have nothing else "just as good."

"I had a bad cough and got so low with it that I could not sit up," writes Mrs. Marie Gray of New London, Union Co. Ark. "Our family physician told my husband that I had consumption. I had pains through my chest and spit up blood. I took your 'Golden Medical Discovery' and it cured me. It saved my life."

Four of them are in lake and river cities—Chicago, Detroit, Cleveland and Evansville.

Capt. Geo. E. Judd has been formally installed as commandant of the Soldiers' Home and he assumed possession Saturday. E. B. Taylor of Port Huron, the new adjutant, takes the place of Maj. J. W. Long, and Mrs. Welch, the new matron, was installed Monday.

### A Clever Trick.

It certainly looks like it, but there is really no trick about it. Anybody can try it who has Lame Back and Weak Kidney, Malaria or nervous troubles. We mean he can cure himself right away by taking Electric Bitters. This medicine tones up the whole system, acts as a stimulant to Liver and Kidneys, is a blood purifier and tonic. It cures Consumption, Headache, Fainting Spells, Sleeplessness, and Melancholy. It is purely vegetable, a mild laxative, and restores the system to its natural vigor. Try Electric Bitters and be convinced that they are a miracle worker. Every bottle guaranteed. Only one a bottle at Heber Walsh's Drug Store and Van Bree & Son of Zeeland.

### Seems as if consumption always picks out the brightest and best. Fully one-sixth of all the deaths that occur in the world are caused by consumption. Many things were once considered impossible. It would be strange if medical science did not make some progress. The telegraph and telephone, the phonograph, the electric light all were once impossible to cure consumption. That was before the time of Dr. Pierce's Golden Medical Discovery. Taken according to directions, this standard remedy will cure 98 per cent. of all cases of consumption. Consumption is caused and fostered by impurity and richness in the blood—surely, certainly cured by the "Medical Discovery." It builds up solid healthy flesh and vigorous strength.

## EXTRA SESSION LAWS

Eight Bills Passed by the Michigan Legislature.

### PREPARATIONS MADE FOR WAR.

Four of the Bills Passed Were Presented by the Military Department in View of a Prospect of a Conflict with Spain—Bill Increasing the Taxes of Express Companies—Concurrent Resolution Expressing Sympathy for Cuban Patriots.

During the extra session of the legislature eight bills were passed. Four of these were presented by the military department in view of the prospect of war. They were the bill making a \$500,000 war appropriation, the bill increasing the membership of companies of the National guard from eighty to 150, the bill making an appropriation for the naval reserve and increasing its membership, and a bill exempting the military from prosecution for debt during service.

Following are the concurrent resolutions and bills as they were passed:

### CONCURRENT RESOLUTION

Expressing Sympathy for the Cuban Patriots in Their Struggle for Independence. Whereas, The Michigan legislature in regular session assembled, on January 21, 1898, expressed its sympathy for the Cuban patriots in their struggle for independence, and

Whereas, War still continues on the island of Cuba, presenting the most horrible, pitiable and revolting conditions, and calling forth expressions of sympathy from all mankind;

Resolved, (the senate concurring), That our sympathy for these afflicted people is hereby again renewed and our hope reaffirmed that war, desolation and death will speedily end on that unfortunate island and the boon of independence be again an established fact;

Resolved, further, That we express our highest appreciation of the policy pursued by President McKinley; assert our confidence in his calm, prudent, patriotic leadership; congratulate congress of the United States on the unanimity of their courageous action taken on the emergency war measure, and hereby assure the national administration that should war come, Michigan will quickly respond as in "Sixty-one" and furnish her quota of brave and loyal sons to keep step to the music of the Union.

Resolved, That a copy of these resolutions be forwarded by the secretary of state to President McKinley and the president of the national senate and the speaker of the house for communication to those respective bodies.

Approved April 13, 1898.

### CONCURRENT RESOLUTION

Relative to the Printing and Binding of the Official Journals of the Legislative Session of 1898.

Resolved by the house (the senate concurring), That there shall be printed and bound in the usual form and style 3,000 copies of the official journal of this extraordinary session of the legislature; and

Resolved, That such number of copies of said journals shall remain after the distribution provided by law shall have been made, shall be disposed of as the board of state auditors may determine.

Approved April 13, 1898.

### CONCURRENT RESOLUTION

Directing the Board of State Auditors to Settle and Adjust the Claim of the Military Department for Clerical Services, Stationery and Postage, for Investigating Bounty Claims, Issuing Certificates of Service and Furnishing Data and Records of Service to the Soldiers of the Last War for the Years 1897 and 1898.

Whereas, It appears that a large part of the work of the adjutant general's office consists in investigating bounty claims, furnishing certificates of service and statements of war records to the soldiers of the last war, and none of the military funds at the disposal of the military department are available for such work; and

Whereas, The said work has been conducted for the current year and the year 1897 at the expense of the national guard fund;

Resolved, by the house (the senate concurring), That the board of state auditors be and is hereby authorized and directed to investigate and examine into the expense of such work, and determine as to what amount of the same should rightfully be paid from the general fund for the years 1897 and 1898. And if upon examination of the facts, it is found that the national guard or other military funds of the state ought to be credited with an allowance for such work, the board of state auditors is authorized, empowered and directed to draw their warrant for such sum upon the general fund, the amount of the same to be paid to the credit of the proper military fund.

Approved April 15, 1898.

### AN ACT

Providing for Submitting to the Qualified Electors of This State, the Question of a General Revision of the Constitution of the State of Michigan.

The people of the state of Michigan enact:

Section 1. That whereas, it is provided by section 2 of article 20 of the constitution of this state that at the general election to be held in the year 1896, and in each sixteenth year thereafter, the question of the general revision of the constitution shall be submitted to the electors qualified to vote for members of the legislature; and Whereas, the current year is the year that this question must be submitted to said electors;

Therefore, in obedience to this mandate of the constitution, the secretary of state is hereby required to give notice of the same to the sheriffs of the several counties of this state, the time prior to said election required by law, and the said sheriffs are hereby required to give the several notices required by law. Each person, voting on said question, shall have written or printed on his ballot as provided by law the words:

"For a general revision of the Constitution—YES."

And every person voting against said question shall have on his ballot in like manner, the words:

"For a general revision of the Constitution—NO."

The ballots shall in all respects be canvassed, and returns made in the same manner as they are made for the state officers named on said ballot.

Approved April 15, 1898.

### AN ACT

To Amend Section 2 of Act 140 of the Session Laws of 1867, the Same Being Chapter 103 of Howell's Annotated Statutes Relative to the Licensing and Taxing of Express Companies Incorporated in Other States.

The people of the state of Michigan enact:

Section 1. That section 2 of act No. 140 of the session laws of 1867, the same being chapter 103 of Howell's annotated statutes, relating to the licensing and taxing of express companies incorporated in other states, be and the same is amended to read as follows:

Section 2. It shall be a condition precedent to the issuing or the renewal of the annual certificate or license by the state treasurer, that the company, association or individual making the statement shall pay into the state treasury a specific state tax of 5 per cent, on the gross amount received by said company, association or individual, within this state, for the year included in the report provided for in section 1 of this act, which said specific tax may be recovered in any court at the suit of the state treasurer to give his receipt for all moneys paid into the state treasury under the provisions of this act, and to issue as many copies of the annual certificate or license as may be desired by said company, but not more than one for each agent or place of business of said express company, association or individual in this state.

Approved April 15, 1898.

### AN ACT

To Suspend the Refunding, by the Auditor General, of Moneys to Purchasers of Certain Tax Titles Held Invalid, and to Prohibit Proceedings for the Recovery of the Same.

The people of the state of Michigan enact:

Section 1. That hereafter, and until the lapse of ninety days from and after the close of the session of the legislature of 1899, no action shall be brought to compel the auditor general to refund any money to the purchaser of any lands for the taxes delinquent thereon, where such sale of such lands has been declared invalid by reason of said lands having prior thereto been bid in to the state, and continuing this held while included in the auditor general's petition for the subsequent year, the sale for which was declared invalid.

Section 2. That, during the time above limited, no money shall be refunded to the purchaser of any lands for the taxes delinquent thereon, where such sale of such lands has been declared invalid for the reason expressed in section 1 of this act.

Section 3. The operation of all acts and parts of acts in any way inconsistent with the provisions of this act is hereby suspended.

This act is ordered to take immediate effect.

Approved April 15, 1898.

### AN ACT

For the Protection of Homesteaders.

The people of the state of Michigan enact:

Section 1. That hereafter, and until the lapse of ninety days from and after the close of the session of the legislature of 1899, no action shall be brought to oust or dispossess any person in possession of, and actually settled upon, lands subject to entry, or by the commissioner of the state land office supposed to have been subject to entry, under the provisions of section 121 of act No. 26 of the public acts of 1893, and amendments thereto, which were, under the provisions of said section, taken up and entered as homestead lands and certificates issued by the commissioner of the state land office therefor.

Section 2. All such actions now pending, and the operation of all acts or parts of acts inconsistent with the provisions of this act is hereby suspended, until the termination of the time above limited. Provided, however, That this act shall not be so construed as to prevent the recovery by any person, holding under such homestead proceedings, for improvements made either before or after the passage of this act.

This act is ordered to take immediate effect.

Approved April 15, 1898.

### AN ACT

To Protect Members of the State Militia, and All Citizens of the State of Michigan, in the Service of the United States, and Their Property from Execution, Seizure and Levy, and to Provide for the Continuance of Pending Suits in Law and Chancery, in the Event of War.

The people of the state of Michigan enact:

Section 1. That all citizens of this state, while engaged in actual military duty in the service of the state, or of the United States, in the event of war with Spain, as members of the naval brigade, national guard, or in the United States army, navy, or marine corps, or any other branch of service, shall not be subject to proceedings in this state for the collection of any debt incurred prior to, or during such period of service.

Section 2. The property of such citizens, serving as above mentioned, shall be exempt from execution, levy, seizure, or attachment for debts contracted prior to, or during such service, and shall continue exempt for a period of six months after such service shall cease; except in cases where the statutes of limitations might operate to make such debts or obligations void.

Section 3. This act shall not be construed as repealing any law of this state now in force upon the same subject.

This act is ordered to take immediate effect.

Approved April 15, 1898.

### AN ACT

To Amend Section No. 36 of Act No. 184 of the Public Acts of 1893, Entitled "An Act to Provide for the Enrollment, Organization, Equipment, Maintenance and Discipline of the Naval Militia of the State," Approved May 31, 1893, as Amended by Act No. 211 of the Public Acts of 1895.

The people of the state of Michigan enact:

Section 1. That section No. 36 of act No. 184 of the public acts of 1893, entitled "An act to provide for the enrollment

# New Era in Medicine.

This tells of a discovery that alleviates suffering and prolongs life. It is inexpensive, effective. Medical science is revolutionized over this, one of the greatest achievements of modern times.

The fact that several dollars spent for the right medicine has effected a cure where a skilled and expensive physician aided by the latest and most ingenious instrument of science, had failed, is a matter of much importance.

Important, because it opens to downcast sufferers a new, inexpensive and sure avenue to the restoration of health and the full enjoyment of the pleasures of life.

Such was the experience of Mrs. Ada M. Herr, of 439 North Charlotte Street, Lancaster, Pa.

From a weak, nervous, desponding person, she was made a strong, active woman and a cheerful, helpful wife.

Her story is interesting.

Mrs. Herr suffered terribly from female disorders. Her nerves became unstrung, cramps gripped her and caused the most intense pain.

So weak and physically demoralized was she, that the slightest labor wearied her and household duties were a burden.

The most alarming symptoms of her malady were the frequent fainting spells that afflicted her.

In the midst of her work, or in a conversation, dizziness would come upon her and she would fall prostrate in a swoon.

She consulted a reputable physician. He diagnosed her case and prescribed the usual remedies.

Instead of improving, she continued to grow worse; the ailment that was robbing her life of the joys of young womanhood became more pronounced.

It seemed impossible to correct or even to check the disorders.

"I had become greatly weakened," said Mrs. Herr, in telling her story to a reporter, "and the awful cramps and the frequency and nature of the fainting spells alarmed me beyond belief and shattered my system."

"I tried electric treatment; it failed, and I did not know where to turn for help."

"A friend told me how her mother had been greatly benefited by taking Dr. Williams' Pink Pills for Pale People."

"I had but little hope for success; but decided to give these pills a trial."

"I took two boxes and was much benefited. After taking six more boxes I was cured. Dr. Williams' Pink Pills for Pale People had done what all the previous treatment had failed to do."

"I am fully restored to health now, and do things that I had hardly dared attempt before."

No discovery of modern times has proved such a boon to women as Dr. Williams' Pink Pills for Pale People. Acting directly on the blood and nerves, invigorating the body, regulating the functions, they restore the strength and health to the exhausted woman when every effort of the physician proves unavailing.

These pills are recognized everywhere as a specific for diseases of the blood and nerves. For paralysis, locomotor ataxia, and other diseases long supposed incurable, they have proved their efficacy in thousands of cases. Truly they are one of the greatest blessings ever bestowed upon mankind.

## Piles! Piles!

## Chancery Sale.

STATE OF MICHIGAN.

Twentieth Judicial Circuit, in Chancery.

Suit pending in Circuit Court for the county of Ottawa, in chancery at Grand Haven, on the 1st day of April, A. D. 1898.

Joachim Wax, complainant,

vs.

George W. Newton, Malissa Slight, Eleanor W. Kinton, Eugene Howell, T. F. Howell and Althea Goodie, defendants.

In this case it appearing that the defendant Eleanor W. Kinton is not a resident of this state, but resides in the State of Washington, on motion of Walter I. Lillie, solicitor for complainant, it is ordered, that defendant Eleanor W. Kinton enter his appearance in said cause on or before four months from the date of this order, and that within twenty days the complainant cause this order to be published in the HOLLAND CITY NEWS, said publication to be continued once in each week for six weeks in accordance with the provisions of the act in that behalf.

PHILIP PADGHAM, Circuit Judge.

## Mortgage Sale.

DEFAULT HAVING BEEN MADE IN THE conditions of a certain mortgage made by Rosannah Dally and Henry A. Dally of Washtenaw county, Michigan, to William Manning of Wyoming township, Ottawa county, Michigan, dated the Second day of January, A. D. 1897, and recorded in the office of the Register of Deeds for the County of Ottawa and State of Michigan, on the Twenty-fifth day of January, A. D. 1898, in Liber 36 of Mortgages, on page 54, which mortgage was duly assigned to the undersigned, Fred G. Tyler, in writing dated November 8th, 1897, and duly recorded in the office of the Register of Deeds of Ottawa county, on February 16th, 1898, in Liber 51 of Mortgages on page 39, on which mortgage there is claimed to be due at the date of this notice the sum of One Hundred Eleven Dollars and Eighty-seven cents, and an Attorney's fee of Fifteen Dollars, provided by law, and no suit or proceedings at law having been instituted to recover the moneys secured by said mortgage or any part thereof;

Now, Therefore, by virtue of the power of sale contained in said mortgage, and the statute in such case made and provided, notice is hereby given that on Saturday, the Eighteenth day of June, A. D. 1898, at ten o'clock in the forenoon, I shall sell at Public Auction to the highest bidder, at the Court House, in the City of Grand Haven that being the place where the Circuit Court for said county of Ottawa is held, the premises described in said mortgage, or so much thereof as may be necessary to pay the amount due on said mortgage, with seven per cent interest, and all legal costs, together with an attorney's fee of fifteen dollars, as provided by law and as covenanted for therein; the premises being described in said mortgage as follows, to-wit: The north three quarters (3/4) of the north east quarter (n.e. 1/4) of the north east quarter (n.e. 1/4) of section thirty-six (36) town six (6) north range thirteen (13) west, Ottawa county, Michigan.

Dated March 9th, 1898.

FRED G. TYLER, Assignee of Mortgage.

WALTER I. LILLIE, ATT'Y for Assignee.

### War Notes.

The interest in the war was greatly intensified by the receipt on Sunday of the first tidings of Admiral Dewey's splendid naval victory, the official report whereof is still awaited by the country with the deepest of interest. Secretary Long has promised to give it out, immediately upon its arrival.

At Island Lake, where the state troops are being re-organized into volunteer regiments, there is continued activity. As the several companies arrived it was found that several of them had more men than the prescribed maximum, and the thinning-out process began with the married men first.

Capt. C. Gardener, having obtained from the war department a leave of absence from his command to accept at the hands of Gov. Pingree a commission as Colonel of one of the new Michigan infantry regiments, has arrived in camp, and will no doubt be soon assigned to his new position. During his service in the volunteer forces the Captain retains his rank in the regular army, and his right to promotion as vacancies may occur. His new position, as Colonel, is in the volunteer service only, and at the close of the war he resumes his position in the regular army, in whatever grade he may then hold.

The re-organization of the state militia—or National Guards, as they are now called—into volunteer regiments, is accompanied with many knotty problems. There are more regimental or battalion organizations than needed and one of these will have to be disbanded in order to bring the others up to the numerical standard recently prescribed by Congress. This will involve the dismissal of some officers. Besides, the men, when they started out, understood that they were to go out with the same officers they served under before. It is also evident that the appointment of Capt. Gardener as Colonel of one of the regiments will be at the expense of some one of the present incumbents. Still, this matter is entirely in the hands of Gov. Pingree. Under existing regulations as enacted by Congress, the right to appoint officers for the volunteer army, from second lieutenant up to colonel, rests absolutely with the governors of the several states. This same rule prevailed in the volunteer regiments during the late Civil War.

How time will bring about changes was again illustrated the other day at one of the war meetings in Grand Rapids. Among the speakers was Chas. M. Heald, of the C. & W. M., who called attention to the peculiar position in which he stood at that moment. At the outbreak of the Civil War he was a boy 12 years old. When the Sixth Massachusetts regiment passed through his home in Baltimore, in 1861, he was a Southerner, and stood on the curb with a stone and a stick in his hand while the soldiers marched by.

As a result of the week's developments, and especially so by the naval battle and victory at Manila, it is thought that the invasion of Cuba by our troops may not be pushed at once, as was anticipated last week. Of course, there will be no final action taken, until after Admiral Dewey has been heard from. The exigencies of his situation and the suggestions he may have to offer will undoubtedly govern largely in this matter.

The steamship City of Peking, at San Francisco, has been chartered to bring home Commodore Dewey's wounded, and will probably be ready to sail in one week. Hurry orders are being telegraphed to the New York laboratory to rush to Frisco all sorts of surgical and medical supplies. The ship will sail as soon as these supplies reach Frisco. Surgeons will accompany the vessel, and in the meantime our wounded will be cared for in the British naval hospital at Hong-Kong.

The City of Peking will also transport troops, munitions of war and military stores from San Francisco to Manila for occupation of that port until the close of the war, and is to be ready to start by May 15. Unless present plans are changed, she will carry 1,000 troops and a large cargo of ammunition and ordnance stores, as well as the medical supplies.

Among the army promotions sent in by President McKinley and confirmed by the Senate are the following: Fitzhugh Lee of Virginia, Senator Wm. J. Sewell of New Jersey, Joseph Wheeler of Alabama. These are to be Major-Generals, and although appointed from civil life, they can boast of an actual army experience during the '60's.

Havana is on the verge of famine. Food is bringing fabulous prices and the people are consequently starving. The soldiers are seizing whatever pro-

visions are accessible and citizens are burying their food in yards and cellars. At Hampton Roads it is the general expectation that the flying squadron will go to sea within twenty-four hours.

Secretary Long announced that as soon as the department receive any official report from Commodore Dewey confirming the press accounts of his victory in the battle of Manila, a cablegram would be sent to that officer congratulating him upon the splendid performance of the American fleet under his direction. Moreover, it will be made an admiral in recognition of his valor.

In Spain anarchy is about to reign. The different groups that have always contended in that unhappy country for supremacy, are ready to take advantage of the distracted situation and martial law is being declared to keep the people from revolting. A ministerial crisis is at hand, and it is said that the queen-regent is about to resign, thus trying to save the dynasty to her son. Provincial outbreaks are assuming alarming proportions, and the government has lost its faith in the loyalty of the army.

### The Philippine Islands.

Considerable is known of Cuba, and but little about the Philippine islands, which in the public mind are chiefly associated with Manila rope and hemp and Manila cigars. They are inhabited by a naturally peaceful and gentle race, who have toiled that others might grow rich. Strange to relate, there are so many islands in the Philippines that the exact number is unknown. There are nine very large ones, with more than 1,200 smaller ones, the latter being little more than bare rocks raised to the surface by volcanic action. They have an entire area of over 100,000 square miles and a population of about 6,000,000. And here again is found the old story—Spanish officials have ruled with a rod of iron, and at last the worm has turned.

Manilla, the capital of the Philippine islands, contains a population of 250,000, who are principally Spanish Creoles, Chinese half-breeds and the original natives. The bay of Manilla, the largest and finest in the world, could offer anchorage to the united fleets of Europe. Twenty five years ago Manilla, surrounded by walls and ramparts, with its low tiled roofs and scattered towers, presented the appearance of an ancient European fortress. In 1863, however, a devastating earthquake occurred and in a minute the city was converted into a pile of ruins. In consequence of this calamity most of the modern dwellings are of a light and unassuming character, being built of planks, bamboo and palm leaves. The city formerly had a population of 300,000, but between 1880 and 1882 it lost nearly one-half by plague and pestilence. It is now estimated at 250,000.

The country increases in beauty towards the interior, and at the base of the mountains the scenery becomes strikingly grand. Much of the surface is still fresh and undisturbed, and full of undeveloped riches. Some of the smaller islands are exquisite and covered with verdure down to the edge of the bluest of seas.

The natives are a branch of the Malay race, small and principally dark brown in color. They have some of the characteristics of the American Indian, among which are the high cheek bones and coarse hair. These, however, are not as a rule prominent in the women, many of whom are possessed of great comeliness and intelligence. Some of them are quite fair and of a European type, doubtless owing to the large admixture of Spanish blood.

The features of the men are generally coarse and in the main ugly, with the exception of the eyes, which are dark, soft, and at times expressive. They have abundant black hair. Their hands and feet are small and beautifully formed, as are the figures of the women, and they can use their toes almost like fingers. As a race they are as faithful and devoted as dogs when well treated, but morose and revengeful when ill used. They are tractable and docile in service and can imitate anything, but are entirely devoid of originality.

The native belles have bright, expressive faces, soft black eyes, full of animation, and mouths that would be beautiful but for a suggestion of sensuality. The men are passionately addicted to cockfighting. A native dandy is an object of interest, with his conspicuously striped trousers, patent leather shoes on naked feet, starched plaited shirt, chimney pot silk hat, cane in hand—and coatless.

Scotch enterprise holds nearly all the export commerce, but the Chinese and Chinese half-castes have a practical monopoly of the retail trade.

Fish and fruits abound; there is a profusion of rice and sugar fields, and the cocoanut is given away, though some absolute necessities of life are very expensive. Genuine cow's milk is very scarce and sells for half a dollar a quart.

### A Farewell Meeting.

The leading incident of the week in "colony circles" was the farewell given by the people of Zeeland to their missionary, the Rev. Samuel M. Zwemer. While the formalities of the event were under the auspices of "the Arabian Missionary Association," the spirit and interest manifested were general and extended far beyond the usual confines of like associations.

Zeeland of late years has gradually developed and is still developing a deep interest in the cause of missions, to such an extent that she stands recognized as a banner community in this respect. Neither is this sentiment restricted to within the limits of the leading local church, for already its infectious tendencies are gradually producing a cosmopolitan atmosphere which makes men feel that they are all members of a common brotherhood. This is one of the first beneficial results a mission spirit diffuses right at home.

This farewell meeting was held on Tuesday evening, in the Reformed church. Large as that auditorium is, it was filled. The program was in charge of the Rev. Adrian Zwemer, father of the missionary. Addresses were made by Rev. J. P. De Jong, local pastor, and Prof. H. E. Dosker of Holland, to which modest but fitting response was made by the departing brother. Others who took part in the exercises were Rev. Jas. De Pree of Sioux Center, Ia., and President G. J. Kollen of Hope College. Among the audience were numerous delegations from the surrounding localities. The special music was furnished by a local choir, accompanied by the inspiring strains of a magnificent pipe organ.

We used the term "their" missionary, and perhaps this may need some further comment.

Upon his return home on vacation from Arabia last year Mr. Zwemer visited among others also friends and the church at Zeeland. Now it might as well be admitted that "Sam" is a taking personality. His appearance is in his favor—and more so even is his name. Wherever known "Sam Zwemer" stands for faithful devotion, energy, activity, and thoroughness in whatever he undertakes. This is what struck the people of Zeeland, and in due course of time there evolved in that locality an "Arabian Missionary Association," with the distinct object of assuming the entire financial responsibility of Mr. Zwemer's support as missionary in Arabia—\$700 annually. The society has a membership of eighty, and its officers are: President, Dr. T. G. Huizinga; vice pres., B. J. Veneklasen; secretary, R. Veneklasen; treas., M. Elzinga. It was formally organized in October last.

The Arabian mission was started by Mr. Zwemer seven years ago. In that field he is accompanied by his brother, Rev. Peter J. Zwemer, while his sister Miss Nellie Zwemer is stationed in China.

At the close of the meeting in the church a reception was tendered to Mr. Zwemer by the society, at the residence of President Huizinga, to which all the visiting friends were also invited. Amid the earnest wishes for the success of his labors our young friend spent the last hour of his stay west in the circle of his friends. The next morning he left for Kalamazoo, where he remained one day and then started for the east, where he expects to meet his wife. He will leave for Arabia about August 1. During his visit in this country he visited about three hundred churches, addressing them in the interest of his cause.

### Resort Notes.

Cora E. Colby has been appointed postmistress at Ottawa Beach, vice E. S. Herrick, resigned.

The C. & W. M. is at work with a special gravel train and a force of men and teams filling the basin in front of the Hotel Ottawa north of the sheet-piling, which will be sodded and added to the present beautiful lawn. This improvement will add largely to the appearance of the grounds when viewed from the bay and also be appreciated by the resorters.

The leading summer cottages along the bay are those of Messrs. Conkey, Pool and Zeese and Judge Everett.

Improvements on an extended scale are being carried on by the first two named. Their premises have been laid out by an expert landscape gardener from Chicago, the same that had charge of the improvements at South Park in that city.

J. C. Post has set out a large number of trees on his tract of land, opposite Point Superior, which will be known as Bellevue Park.

The C. & W. M. is building a store at Ottawa Beach, which it will lease during the season for the conduct of a grocery and supply store. It is being built on the resort plan, somewhat like a pavilion, and is just where the old store stood. Mr. F. K. Colby will occupy the building with his bazar and store.

G. B. Democrat: An early exodus to the summer settlements on Black lake is expected this season. Freeman Godfrey and family will go down to their cottage at Macatawa park in a week or two, and George N. Davis

will move his family down in May. The coming boating season promises to be a good one. Many persons are buying or chartering boats and yachts for the season. The success of the regatta last year has stimulated the sport all along the line.

"The outlook for the Michigan resort season," said a prominent local railway official, "is very problematical. It is possible that the season of 1898 will be the dulllest ever experienced in the Michigan resorts, and at the same time it is equally possible that it will be the most brisk. You see, this war agitation must be considered in discussing the question, and the effect of war upon the resort business could hardly be foretold."

E. J. Harrington is putting up a three-story building near his landing. It will be used for a hotel, probably named the Hotel Harrington.

Several Chicago families are already occupying their cottages at Macatawa Park.

Two new cottages have been erected at Central Park. G. J. Zaalmink, the proprietor of this resort, has been setting out trees and otherwise adding to the beauty of the place.

The new resort book for 1898 is now being printed by W. B. Conkey & Co., of Chicago, and will be out next week. The book contains 80 pages of beautiful pictures. Ottawa Beach, Macatawa Park, the cottages along the bay and Holland views will be given. Among the Holland pictures will be views of the Graves library, Holland City Bank, City Hotel, Kanter's block, residences of Dr. H. Kremers, G. W. Browning, J. C. Post, the West Michigan factories, Ottawa factory, C. L. King & Co., Walsh DeRoos Mills and prominent buildings. The Holland and Chicago steamers, and the excursion boats will be shown. The electric railway will also be represented with pictures of the power house, cars, etc. The book will be on sale at Martin & Huizinga's.

# AYER'S Sarsaparilla

is the

## BEST SARSAPARILLA.

"Best" is an easy boast. But there's no best without a test. You expect something extra of best; something extra in bread from best flour; something extra in wear from best cloth; something extra in cures from best medicines. It's that something extra in Ayer's Sarsaparilla that makes Ayer's the best. That something extra is quality. Remember it's quality that cures, not quantity. Geo. Smith of the People's Drug Store, Seymour, Conn., says: "I have sold your goods for twenty-five years and when a customer asks me for

## The Best Preparation for the Blood

I say: 'If you will take my opinion, use Ayer's Sarsaparilla; I will guarantee that you will receive more benefit by using one or two bottles of Ayer's than you would by using half a dozen bottles of some other kind.' When they take it, I never hear any complaint."

Ayer's Sarsaparilla cures all diseases that have their origin in impure blood: sores, ulcers, boils, eruptions, pimples, eczema, tetter, scrofula, etc. It cures cheaply, it cures quickly, and it cures to stay. That's why it's best.

"After twenty years' experience as a druggist, I consider Ayer's Sarsaparilla superior to any similar preparation on the market, and I give it the preference over all others."  
A. C. WOODWARD, Worcester, Mass.

"In our estimation, as regards Sarsaparilla, Ayer's is the standard. We have never heard it spoken of in other than the very highest terms."  
W. E. TERRILL & CO., Pharmacists, 9 State Street, Montpelier, Vt.

"I consider Ayer's Sarsaparilla the best blood purifier on the market."  
Dr. GRISE & CO., West Gardner, Mass.

"During fifteen years of experience with Ayer's Sarsaparilla, I have yet to learn of a single case wherein it failed to cure if used according to directions."  
F. O. COLLINS, Druggist, Paris, Mo.

"I believe Ayer's Sarsaparilla contains more medicinal value than any other similar compound."  
JAMES DOANE, Dispensing Chemist, Kingsville, Ont.

## ADDITIONAL LOCALS.

The salaries of the city officials, as fixed by ordinance this week, are the same as last year.

Supt De Young reports having put in 21 water taps since March 21, the beginning of the fiscal year.

John Pessink has been renovating his confectionery, and opened the season with "phiz" on Saturday.

Prof. J. T. Bergen will lead the Y. M. C. A. gospel meeting Sunday afternoon. A special service is expected.

Geo. Rogers, of Grand Rapids, first-class piano tuner, will be in the city next week. Word can be left at 19 W. Sixth street.

Lieut. Col. John J. Vos and Col. John E. Tyrrell both failed to pass a satisfactory physical examination, and cannot go out with their commands.

Miss Kate Ten Houten will lead the Y. W. C. A. gospel meeting Saturday evening. Subject: Consecration. 2 Cor. 5:14,15. All ladies are cordially invited.

On Wednesday, before Justice Kollen, Jakob Strik was tried and convicted of an assault upon Aart Brede- weg. Both parties are from James- town, and the trouble grew out of a disputed line fence.

The specialty this week at A. I. Kramer's is lace curtains and sash cur- taining, and this being the season of the year when such articles are upper- most in the minds of housekeepers, a steady rush is looked for.

The students of Hope College, to the number of eighty, have organized informally into a military company, and receive an hour's drill each day from Mr. Langworthy, principal of the Fourth ward school. To day they expect to take up the manual of arms.

A large number of friends went from this city to Zeeland Tues- day evening to attend the farewell mission meeting and reception to Rev. Sam. M. Zwemer, the missionary to Arabia. As they reached the village they soon noticed that the war spirit was as keen there as everywhere else. In front of the postoffice—the evening papers from Grand Rapids having just come—an impromptu gathering lustily cheered the latest reports from missionary Dewey and the salutary ef- fect his tracts were producing among his hearers. There evidently is more than one agency for converting the world.

Caused by a defective chimney the residence of Frank Andree, 243 West Twelfth street, caught fire Monday morning, and was considerably dam- aged; and so was a part of the furni- ture. The loss is covered by insur- ance in one of the companies repre- sented by J. O. Doesburg, and was satisfactorily settled during the week. The fire department was prompt, as usual, in responding to the alarm. Three years ago a grown daughter of the family lost her life by being burned to death, and in further accumulation of misfortunes their 17 year-old son Frank this morning lost part of his left thumb, while at work in the Hol- land furniture factory.

Mr. and Mrs. Jas. Huntley arrived home on Wednesday from their visit to England. Their return trip was especially interesting by reason of their being passengers on the steamer City of Paris. The fact that Spanish cruisers were known to be in waiting for her decreased the number of those that took passage to 34 first and second cabin and 270 steerage passengers. The steamer's departure from the dock at Southampton was a sight never to be forgotten. A large crowd had collect- ed, all waving a sympathetic farewell, while the band struck up the national airs of America. Mr. and Mrs. Hunt- ley have greatly enjoyed their visit and the health of the former has been much improved. In their travels through England they found public sentiment to be universally with the United States.

At Grand Haven the address on Dec- oration Day will be delivered by Dr. C. P. Brown of Spring Lake.

Fred J. Addison, state factory in- spector for the third district, spent three days in town this week, making the rounds of the various establish- ments in Holland where labor is employed.

The Woman's Literary Club of Hol- land, having completed the "Bay View" course, and in view of contin- uing literary work, hereby invites the ladies of the city to present the names of all who wish to join the club to any member of the following committee, before the first day of June 1898: Mes- dames Geo. Kollen, Henry Kremers, Chas. Dutton, Wm. H. Beach, C. A. Stevenson, R. N. DeMerell and Miss Herold. The Club will consist of "act- ive" and "associate" members. The names of associate members will not appear on the literary programs. Fur- ther information will be given by the committee or by any member of the Club.

The banquet of the Fraternal Soci- ty last week, was a new departure in the existence of the society, and taken in all its phases no innovation could have proven more satisfactory or ren- dered more pleasing results. As a fes- tive occasion it was equal to anything ever before undertaken in Holland, and in several respects eclipsed all previous efforts of like character. The menu and all the arrangements re- flected great credit upon the New City Hotel management and emphasized the fact that along this line the want of suitable conveniences is no longer an obstacle or hindrance to a congenial or festive occasion. A hundred guests, who were there that evening in re- sponse to the very attractive invita- tions sent out, are ready to testify to this fact. The array of toasts was not only well selected, and wittily pre- sented, but their responses would have graced the reputation of many well- known after-dinner speakers. The order of exercises, after the table had been cleared, was as follows:

Opening of the meeting by the President. Invocation.—Rev. Jas. De Pree. America.

## Mortgage Sale.

DEFAULT HAVING BEEN MADE IN THE conditions of payment of a certain mortgage made and executed by Ybele Ringenerus and Lemmie Ringenerus his wife, of the township of Holland, county of Ottawa, and state of Mich- igan, parties of the first part, to the Ottawa County Building and Loan Association of Hol- land, Michigan, a corporation organized and do- ing business under and by virtue of the laws of the state of Michigan, party of the second part, dated the Fifth day of May, A. D. 1894, and re- corded in the office of the Register of Deeds of Ottawa county, Michigan, on the seventh day of May, A. D. 1894, in liber 47 of mortgages on page 216; on which mortgage there is claimed to be due at the time of this notice the sum of Three Hundred Fifty and 20-100 Dollars, besides an at- torney fee of Fifteen Dollars, provided for by law; and no suit or proceedings having been in- stituted at law or in equity to recover the debt secured by said mortgage, or any part of it, and the whole of the principal sum of said mortgage together with all arrearages of interest thereon having become due and payable by reason of default in the payment of interest, and install- ments of principal and fines being imposed according to the by-laws of said association on said mort- gage on the days when the same became due and payable, and the non-payment of said interest, installments and fines being in default for more than the space of six months after the same be- came due and payable, wherefore under the con- ditions of said mortgage the whole amount of the principal sum of said mortgage with all ar- rearages of interest thereon, at the option of said party of the second part became due and pay- able immediately thereafter; and the said Ottawa County Building & Loan Association of Holland, Michigan, hereby declares its election and option to consider the whole amount of said principal sum of said mortgage due and payable. Notice is therefore hereby given that by virtue of the power of sale in said mortgage contained and the statute in such cases made and provided, said mortgage will be foreclosed by sale at public vendue of the mortgaged premises, or so much thereof as may be necessary to pay the amount due on said mortgage with interest and costs of foreclosure and sale, including said attorney fee of Fifteen Dollars. Said sale to take place at the north outer door of the Ottawa County Court House, at the city of Grand Haven, Ottawa county, Michigan, (that being the place where the Circuit Court for the County of Ottawa is holden), on Monday, the First day of August, A. D. 1898, at ten o'clock in the forenoon of said day. The said mortgaged premises to be sold being described in said mortgage as follows: All that certain piece or parcel of land situated and being in the township of Holland, in the county of Ottawa, and state of Michigan, and described as follows, to-wit: Lot numbered three (3) River- side Addition to the city of Holland, according to the recorded plat thereof, recorded in the office of the Register of Deeds for said County of Ottawa and State of Michigan.

## Calumet Baking Powder

has turned the tables on high price baking powders. The directions on High Price cans are the same as on Calumet cans, viz.: 2 teaspoonfuls to a quart of flour, but they say that one can of High Price will go three times as far as any other. Can any claim be more ridiculous? The frantic cry of adulteration, danger and poison made by the high price baking powder people is a blind to intimidate the public and induce them to pay fancy prices for their goods—also to divert attention from this defect in their own goods.

Calumet Baking Powder is safe. Food baked with Calumet is absolutely free from Rochelle Salts, Alum, Lime, Ammonia or any injurious substance.

Monopoly must yield to moderation— Impurity must improve or go under. Calumet is the standard.

ment, organization, equipment, maintenance and discipline of the naval militia of the state," approved May 31, 1893, as amended by act No. 211 of the public acts of 1895, be and the same is hereby further amended so as to read as follows:

Section 36. For the purpose of providing the funds necessary for organizing, maintaining and equipping the forces of the state naval brigade, by law authorized and established, it shall be the duty of the auditor general at the time of apportioning the state taxes, to apportion among the several counties of the state each year, in proportion to the whole amount of real and personal property therein, as equalized by the state board of equalization, a sum equal to one-half of 1 cent for each person whom it shall appear, by the last preceding census, was a resident of this state, which sum so apportioned shall be collected in the same manner with other state taxes and shall constitute and be designated as the state naval militia fund. All provisions of law relative to the collection and disbursement of the state military fund, as by law established and created, shall apply to and govern the collection and disbursement of the said state naval militia fund. From said state naval militia fund it shall be and may be lawful for the state military board, with the approval of the commander-in-chief, to pay and refund all sums paid and disbursed by any division or divisions of the naval militia for expenses of the adjutant general's office or for freight or transportation of arms or other articles of equipment, loaned or furnished by the United States government. No moneys except those expressly apportioned by law for use, support and maintenance of the naval forces of the state troops shall be employed for any such purpose, and all moneys raised and appropriated for military purposes shall, unless otherwise expressly provided by law, be deemed to be raised and appropriated for the sole and exclusive use, support and maintenance of the land forces of the state militia.

This is ordered to take immediate effect.

Approved April 15, 1893.

#### AN ACT

Authorizing a War Loan and Providing for the Disbursements of the Proceeds Therefrom and for a War Loan Sinking Fund for the Purpose of Liquidating the Loan.

Whereas, The United States has reached a crisis making it likely that the president may call on the state of Michigan for troops and for a naval contingent; and

Whereas, It has become necessary for the several states to be prepared for all calls of a military nature made by the general government; therefore:

The people of the state of Michigan enact:

Section 1. That the governor and state treasurer be and they are hereby authorized and directed, in the name and on behalf of the people, and upon the faith and credit of this state, for the purpose of organizing a national guard, naval militia and the volunteer militia for the purpose of repelling invasion or defending the state and nation in time of war against all enemies and opposers whatever, to purchase and contract for a loan or loans for such sum or sums of money as may be necessary for the purposes herein specified, not exceeding \$500,000 in all, on the most favorable terms that, in their judgment, can be obtained, redeemable at the pleasure of the state at any time not less than five, nor more than ten years from the first day of May, 1898, at a rate of interest not to exceed 4 per cent. (4) per annum, payable semi-annually on the first days of May and November in each year. Such loans shall be known as the Michigan war loan of 1893. The proceeds of such bonds shall be credited to the war fund and shall be paid out in no other manner and for no other purpose than in this act specified. The principal, as well as the interest accruing upon the bonds issued under this act shall be payable from the war loan sinking fund hereinafter provided for.

Section 2. For the purpose of effecting the loan or loans by this act authorized, the governor and state treasurer are hereby empowered and directed to cause to be issued bonds of the state of Michigan from time to time as they may deem necessary in sums not less than one hundred dollars (\$100) each to be signed by the governor and countersigned by the secretary of state and state treasurer, with the seal of state affixed thereto, and the coupons for interest thereto attached. Both principal and interest of all bonds under five hundred dollars (\$500) shall be payable in the city of Detroit, and for principal and interest of amounts over five hundred dollars (\$500) in the city of New York. The bonds shall be drawn in favor of the auditor general, and when indorsed by him, become negotiable in such manner as the governor and state treasurer may deem expedient.

Section 3. The moneys arising from the sale of the bonds, by this act authorized to be issued, shall be paid into the treasury of the state to the credit of the war fund, and shall be drawn therefrom upon the warrants of the auditor general, which warrants, payable to the quartermaster general, shall be issued upon proper requisitions of the quartermaster general of the state, after the governor shall have certified that the amount stated in the requisition is needed for the purposes specified in this act. The moneys provided by this act may be used for the purpose of recruiting, enlisting, organizing, arming and equipping the military forces herein mentioned, and for the purchase and distribution of all necessary military and naval stores, whether of subsistence, clothing, pay, medicines, field, camp and vessel equipment, arms, munitions, and equipments for such organizations of the national guard, naval militia and volunteer militia of this state as may be mustered into the service of this state, or of the United States, under the provisions of any law of this state, or under any call from the president of the United States: Provided, That no moneys authorized by this act shall in any way be construed as applicable for the ordinary expenses of the naval militia or national guard, as contemplated by the laws of the state making direct appropriations for the general expenses of these organizations. Warrants payable to the quartermaster general may be issued by the auditor general upon

proper requisitions of the quartermaster general, certified by the governor as hereinbefore provided, for such amounts as they shall deem necessary from time to time, and the expenditures of the money thus drawn by the quartermaster general, shall be accounted for under the provisions of the general accounting laws applicable to such cases. Provided further, Warrants may be issued by the auditor general upon proper vouchers certified by the governor for advances made by the quartermaster general of the state for expenditures already incurred for the purposes herein specified.

Section 4. All claims and accounts accruing against this state for expenses and disbursements authorized by this act, shall be audited and allowed by the state military board, in the same manner that other military accounts are now audited and allowed, but they shall be kept in the accounts of the quartermaster general, as a distinct fund, separate and apart from the other accounts kept by him.

Section 5. The bonds issued under this act shall be numbered consecutively and registered in a book provided for this purpose, which shall be kept in the auditor general's office. This register shall contain the date of the bond, the number, to whom issued, and the amount of each bond; also the date of redemption, number of bond, of whom received and amount of each bond. There shall also be kept in the auditor general's office a register showing the date of the bond, the number, amount, date each coupon is due and the cancellation of such coupons as are paid, with reference to the number of the voucher paying the same. Whenever any such bond shall be paid, the same shall be immediately cancelled by the treasurer and the auditor general shall also keep a full record of all the bonds taken up and paid as provided above. And immediately after the record shall have been made as aforesaid, the bonds so paid shall also be cancelled by writing across the face of each bond, which cancellation shall be signed by the auditor general and state treasurer, and such bonds thus cancelled shall be filed with the voucher as the basis of the auditor general's warrant for their payment.

Section 6. For the purpose of providing for the payment of the bonds issued under this act, and the interest thereon, there shall be assessed on the taxable property of the state as fixed by the state board of equalization in the year 1896, and in each year thereafter until the several amounts levied under this act shall become sufficient to extinguish the debt created herein, the sum of 1/4 of a mill on each dollar of said taxable property to be assessed and paid into the treasury of the state in like manner as other state taxes are by law levied, assessed and paid, which amount thus levied shall be credited each year to the war loan sinking fund as herein directed: Provided, That should the last levy necessary under this act produce a credit to the said war loan sinking fund in excess of the amount required to pay all bonds and interest thereon, such excessive credit if any shall when all bonds issued under this act and all interest accrued thereon have been paid, be transferred to the general fund upon the books of the state.

Section 7. The faith of the state is hereby pledged for the payment of principal and interest of the bonds which may be assessed under the provisions of this act.

Section 8. It shall be the duty of the governor, by and with the advice and recommendations of the state military board, to expend such part of the above fund as may be necessary to recruit, enlist, discipline, organize, instruct and thoroughly arm and equip the military bodies in this act mentioned for such active service as may be required of them.

Section 9. Not less than three months before the maturity of the coupon of the state to redeem any or all of the bonds issued hereunder, the treasurer shall give notice by advertisement for one week in two daily papers and for four weeks in the weekly edition of the same paper published in the city of Detroit designating the time when, and the number of said bonds which will be redeemed and the interest on such bonds as are described in such advertisement shall cease from the date specified for the redemption of such bonds: Provided, That should the condition of the war loan sinking fund at the date aforesaid be such as to permit the redemption of only a portion of the loan, the bonds to be redeemed shall be determined by the state treasurer in the following manner, viz: The treasurer shall cause numbers corresponding with the numbers of all bonds issued under this act to be placed in a box to be provided for that purpose and shall, in the presence of the governor and auditor general, proceed to draw therefrom numbers of bonds equal in amount as nearly as may be to the money in the state treasury applicable to the redemption of said bonds. The numbers thus determined shall be the ones used in the advertisement herein provided: Provided further, That in case the treasurer shall at any time before the state is authorized to redeem any of the bonds issued hereunder, have an opportunity to purchase any of said bonds at par with accrued interest thereon, he is hereby authorized to use any funds in the treasury available for this purpose.

This act is ordered to take immediate effect.

Approved April 15, 1893.

#### AN ACT

To Promote the Efficiency of the Michigan National Guard and Naval Militia of the State, and to Provide for the Organization of the Volunteer Militia, in Case of Emergency.

The people of the state of Michigan enact:

Section 1. That in case of threatened war or invasion of this state, or of the United States, the governor of this state is authorized by the issuance of the proper orders to cause any or all the companies of the Michigan national guard to be increased to a strength of not exceeding 150 enlisted men for each company.

Section 2. Whenever a company is increased in accordance with the preceding section to a strength of 100 men or more, such company shall be officered by a captain, one first lieutenant, and one senior and one junior second lieutenant. The non-commissioned officers of a company shall consist of five

sergeants of the line, and one commissary sergeant and eight corporals. When a company shall consist of over 100 men, there shall be eight sergeants of the line, and twelve corporals. In such case there shall be three musicians.

Section 3. In case troops of the state of Michigan are called into the field, for the purpose of recruiting them originally and of keeping the organizations up to maximum strength, the governor may appoint and commission recruiting officers and paymasters, and assign them to duty at such points in the state as he may designate. Such officers may be of any rank not higher than major, and shall be paid the proper pay of officers of like grade in the United States army or navy.

Section 4. It shall be the duty of such officers to enlist and muster recruits for the organizations from this state that may be in the military and naval service under any order of the president of the United States, and for those which are being prepared for such service. Such officers shall organize, instruct, drill and discipline the troops and naval forces enlisted in such manner as they shall from time to time be ordered to do by the governor in accordance with military and naval laws, regulations and customs of service.

Section 5. In case the recruits so enlisted for the infantry arm of the service shall not be needed to fill the regiments in active service, or in case it shall be advisable to organize volunteer regiments, the governor by and with the advice and recommendation of the state military board may organize regiments of eight companies each, each company to consist of not less than 100 nor more than 150 enlisted men, with the same number of non-commissioned officers and musicians, and the same number of company officers of the same rank as are provided for in section 2 of this act.

Each regiment shall consist of two battalions of four companies each. The field officers of a regiment shall consist of one colonel, one lieutenant colonel and two majors. The staff shall consist of one surgeon with the rank of major, one assistant surgeon with the rank of captain, one chaplain with the rank of captain, one adjutant and one regimental quartermaster, each with the rank of first lieutenant. Skeleton regiments may be formed and recruited.

The non-commissioned staff shall be the same as that of an infantry regiment of the United States army.

The commissioned officers of regiments so organized shall be appointed and commissioned by the governor.

Regimental bands may be enlisted and mustered and shall consist of the like number of musicians as the band of an infantry regiment in the United States army at the present time.

Officers and enlisted men shall be paid from the time they are placed on duty with the pay of like grades in the United States army.

Artillery and cavalry and naval organizations may be enlisted and, in case they shall be, these arms of the service shall be organized in the same manner as the regular establishment of the United States army and navy are organized in time of war, and the foregoing provisions as to recruiting and recruiting officers shall apply to their organization. Camps of instruction may be ordered.

Section 6. Wherever the organization of troops or naval forces, under this act, is not herein specially provided for, such organization shall, as nearly as may be, conform to the laws, regulations and customs of service of the United States army or navy.

Section 7. Whenever, in the discretion of the governor, the necessity for an increased strength of the companies of the Michigan national guard then within the state of Michigan shall no longer exist he shall reduce such companies to the maximum strength provided for under the laws in force prior to the passage of this act. Such reduction shall be accomplished by mustering out all men unfit for service, and in the discretion of the governor all who shall apply for discharges. If these cases fail to reduce any company to its maximum strength under laws in force before the passage of this act, then such enlisted men as shall be recommended by their company commanders for muster out, shall be discharged.

If four company officers still remain to the companies, the junior second lieutenant shall be mustered out.

All such musters out and discharges shall be honorable, unless reasons exist under military laws for musters out and discharges of a different nature in individual cases.

Section 8. In case of a tie vote on an election of officers in any organization of the Michigan national guard, the proceedings at the election shall be at once returned to the adjutant general, and the commander-in-chief shall appoint and commission officers to fill the positions for which such election was held: such appointments shall be for the same term as if such officers had been elected, and the appointees shall take rank from the date of appointment.

Section 9. In case the congress of the United States shall pass laws applying to the military or naval forces of all the states, or the president shall call for different organization of troops from that herein provided, this law shall be in force only so far as it is not in conflict with the laws of the United States, or with the call of the president. In either case above mentioned, troops shall be organized in accordance with the laws of the United States or the president's call as the case may be.

Section 10. Officers of the line, staff and general staff not on duty outside the state may be assigned, to active duty in connection with the organization of troops under the provisions of this act in accordance with their rank, and when so assigned shall receive the same pay as officers of like grade in the United States army.

Section 11. All acts and parts of acts heretofore passed by the legislature of the state of Michigan in conflict with this act are hereby repealed.

This act is ordered to take immediate effect.

Approved April 15, 1893.

## Miraculous Benefit

RECEIVED FROM

Dr. Miles' New Heart Cure.

ELI P. BABCOCK, of Avoca, N. Y., a veteran of the 3rd N. Y. Artillery and for thirty years of the Babcock & Munsel Carriage Co., of Auburn, says: "I write to express my gratitude for the miraculous benefit received from Dr. Miles' Heart Cure. I suffered for years, as result of army life, from sciatica which affected my heart in the worst form, my limbs swelled from the ankles up. I bloated until I was unable to button my clothing; had sharp pains about the heart, smothering spells and shortness of breath. For three months I was unable to lie down, and all the sleep I got was in an arm chair. I was treated by the best doctors but gradually grew worse. About a year ago I commenced taking Dr. Miles' New Heart Cure and it saved my life as if by a miracle."
