CITY AND VICINITY.

All the saloon bonds were approved at a meeting of the council held last Friday.

Mr. and Mrs. Albert Diekema have moved into their beautiful new home on Sixteenth street.

R. B. Damer, formerly employed as bill clerk at the Holland Shoe factory, has accepted a position as bookkeeper at Hartford.

The schooner Nellie Johnson has arrived from Manistee with a cargo of shingles for the Scott-Lugers Lumber company.

Teunis Dekker of Zeeland, a graduate of Bradley's Horological school at Peoria, Ill., has accepted a position as watchmaker at Geo. H. Huizinga's jewelry store.

Robert DeBruyn, formerly of this city, is now employed as sales man by the Voight Milling Co. of Grand Rapids. His territory covers the western part of the state as far north as Pentwater.

The W. A. Mission band of the First Reformed church of Graafschap will give an entertainment Thursday evening at 7:30 at Graafschap. A collection for missions will be taken.

Marriage licenses were issued in Grand Rapids this week to Michael Wolf of Byron Center and Julia Schneider of Jamestown. Also one to John J. Brower of Grand Rapids and Susie M. Deur of Holland.

The three-months old son of Mr. and Mrs. F. G. Kleyn died Tuesday morning. The funeral will be held today from the home, Central avenue and Fifteenth street, Rev. J. M. VanderMeulen officiating.

The steamer Frontenac, which has been running on the Holland division of the Graham & Morton line for some time, will be turned over to her owner, H. C. Burrell, of Loraine, Ohio. It is possible that the Frontenac will be taken to Lake Erie and sail there this summer.

The congregational meeting called last evening by the Central avenue Christian Reformed church was postponed one week on account of the inclement weather. The purpose of the meeting is to consider what support the congregation feels able to extend to the newly organized Sixteenth street church.

The steel for the double track the Interurban company is building at the west limits, south of Sixteenth street on Ottawa street, and then west to the middle switch, will not arrive here until the middle of May, and this delay is likely to retard the work, as the grading is well along. The company is anxious to get the double track completed before the resort traffic begins.

Contractor VanAnrooy is working at the new Macatawa dock, strengthening the structure by removing the short piles used in building the dock, and replacing them with more and longer piles. At the outer end of the pier, where the boats tie up, abutment piles will be driven, and this will make it possible to enlarge the platform of the dock. As it is now the landing is too small to accommodate the crowds that will gather on the dock during the resort season when the boats stop at Macatawa.

The Hope college council was in session for two days last week. One of the measures discussed was a successor to Prof. J. M. VanderMeulen. It was decided to appoint Prof. J. E. Kuizenga as professor in pedagogy and Bible study. It was decided that the dedication of the Voorhees Ladies' Dormitory would occur on Tuesday of commencement week. On that occasion the Rev. Oscar M. Voorhees, nephew of the late Mr. Voorhees, will be the principal speaker. Much business of a different kind was disposed of. A vote of thanks was given to Queen Wilhelmina of the Netherlands for bestowing the insignia of knighthood on Dr. Kollen. The treasurer's report showed that the finances of the college were in good condition.

County Treasurer Clark was in Holland Tuesday collecting the county saloon license.

Peter Elhart has awarded the contract for a new house, corner Fifteenth street and First avenue, to H. TenBroeke.

According to the report of the census bureau, just issued, the population of Ottawa county in 1905 was 42,199.

The Young People's society of the Central avenue Christian Reformed church celebrated their seventieth anniversary last Thursday evening. A program of about twenty numbers was rendered and refreshments were served.

G. H. Tien, who conducted a grocery store at Sixteenth street and Central avenue the past two years, has sold his business to John Wabeke. Mr. Tien will soon leave for Prairie View, Kansas, where he will make his future home.

It is still doubtful whether the screens will be removed from the saloons. There has been some discussion on this point but no definite conclusion has been arrived at. It is argued that it would work a hardship for the saloons and pool rooms and that for this reason it would be unwarranted.

The physicians of this city at a meeting last week discussed plans for building a hospital. It was argued that such an institution has become an absolute necessity for Holland, that a convenient building could be erected at a cost of \$10,000, that the churches ought to be willing to give their support. The physicians think that some steps ought to be taken in this direction.

E. S. Gale and deputy game warden Hanson are interesting Senator Lugers and Speaker Whelan in a bill for the purpose of netting the carp out of Black lake. The idea is a good one as the carp are doing more to depopulate our lake of fish than all the illegal fishing. Gale estimates it will take about two seasons to rid the lake of them.

Superintendent DeYoung has a force of men at work removing the tubular wells at the Nineteenth street station. The pipes are taken out for the purpose of cleaning the screens which become corroded and obstruct the flow of water. There are nine wells to be taken up and as soon as this work is completed the attention of the superintendent will be turned to the work of sinking test wells to discover a new water supply.

Architect Price has completed plans for the new school house to be built at Van Raalte avenue and Twentieth street. The school will be like the Maple Grove building with four rooms on the first floor and four on the second. The rooms on the second floor will however not be finished until needed by the attendance. The board of education is receiving bids early in order to have the school ready for occupancy next September.

Local fruit growers are of the opinion that the cold weather we have been having this spring has not done much damage to the fruit trees. It may have affected the peach buds but the damage will be very small. The danger is that there will be a warm spell and then a sudden frost. The buds are not yet far enough developed to be damaged much by the frost. It is believed that the plum crop will be small, but that peaches will be plentiful.

Dr. N. M. Steffens has returned from Dubuque, Iowa, where he spoke at the dedication of the German Presbyterian seminary. The doctor was professor at this school for a period of five years, after which he again came to Holland. A large, new seminary has been erected, the money for which was collected by their financial agent, Rev. C. Steffens, son of Dr. Steffens. The school offers both a preparatory and a theological course.

Reports from New Richmond on the Kalamazoo river, are to the effect that Chicago parties have purchased a strip of land along the river front and will erect one hundred new cottages this season. If this report is true, New Richmond will soon rival Saugatuck as a resort town, with the added advantage of the Pere Marquette railroad. This boom will tend to make the Saugatuck New Richmond boat line more popular than ever.

Albert N. Hompe from Grand Rapids and prominent in yachting circles, fell 10 feet from a scaffolding at Barrett's boat factory at Spring Lake. He was seriously injured and at first it was thought he had broken his back, but an examination showed it had only been severely wrenched. At the time of the accident he was superintending work upon a new 70 foot boat he is having built.

Some valiant work was done for Gerrit J. Diekema in the campaign just closed. The leaders of the Diekema movement in this city have been fighting on the battle line ever since his nomination and great credit is due county chairman E. P. Kirby, Fred A. Hutly, city chairman H. F. Harbeck, Geo. A. Farr, Fred McEachron and many others for their valiant service in behalf of the man from Holland.

Miss Carrie Partridge, a teacher in the Hamilton schools, was arraigned before Justice H. H. Cook at Allegan, charged with whipping one of her six-year-old pupils. The case grew from the little one's parents taking the matter up, for at the time the offence was committed Miss Partridge took each member of her school out in the hall and thrashed them, because someone had stolen her strap and none would confess. She paid the fine and costs amounting to \$15.

Dr. Philander Lamm believes that the great sand wastes of Ottawa county, and in fact, the lake shore lands of all the counties of the state that front on Lake Michigan, could be made valuable and be reclaimed by planting on the said wastes tracts of black locust timber. This wood takes readily to this soil and grows so fast that seven years after planting it is suitable to be cut for fence posts, railroad ties, etc. The doctor has set out on his farm near this city 4,000 such trees this season.

Gomart and Dick VanZantwick, pioneer residents of Grand Haven, are undoubtedly the very oldest Holland residents in this city. Their parents, Mr. and Mrs. Dirk VanZantwick, came to Grand Haven in the spring of 1847 and the two sons have been residents of this city ever since. There are no Hollanders living here today who were in Grand Haven before their arrival. The VanZantwicks sailed into Grand Haven from Chicago on the old schooner Caroline.—Grand Haven Tribune.

Charles F. Schroeder, a well known Grand Haven farmer, on Tuesday attended the funeral of his sister-in-law, Mrs. Pusher of Muskegon. The decedent bore the distinction of having been the great grand daughter of Benjamin Franklin. The trip to Muskegon Mr. Schroeder made via the interurban and it was the first trip that he has ever made on either steam or electric car in all the 24 years that he has resided near this city. Since he came to America from the old country and was carried from New York to Michigan by steam car, Mr. Schroeder has never made a trip outside of his county by train. How is that for a record?

A handsomely mounted specimen of tarpon or jewfish is on exhibition in the window of DePree & Haan's drug store. The fish was caught by Mrs. E. Westveer, a cousin of A. J. Westveer of this city, while on a visit to Mexico City the past winter. Mrs. Westveer, who is a summer visitor at the Macatawa resorts, sent the prize to Mr. Westveer for safe keeping while she and her husband continue their travels in the tropic islands. The fish attracts much attention not only because of its size, but for the reason that the many local anglers when gazing at the beauty realize that to some people fishing dreams come true.

The Rev. Dr. Albert Oltmans, professor in the theological seminary at Tokio, Japan, and family, will spend another furlough in Michigan this year. They are planning to leave Japan the latter part of May and come directly to this city, where their three oldest children are attending Hope college. Dr. and Mrs. Oltmans were on a furlough here three years ago and their homecoming is for the purpose of placing their other children in de public schools of this city. They have been engaged in missionary and educational work in Japan for the past 20 years. They will reach Holland the latter part of June.

More Salary.

Postmaster General Meyer has approved the detailed adjustment of salaries of rural free delivery carriers as submitted by Assistant Postmaster General De Graw and the new schedule which will become effective July 1, next, will make a graded increase in the compensation of carriers of from 9 to 25 per cent based upon the number of miles traversed by carriers as shown by the records of the department.

The readjustment adopted with the increase of upward of \$6,000,000 made in the appropriation by congress, will involve an aggregate expenditure for rural service during the next fiscal year of nearly \$35,000,000. The schedule follows:

Routes of 24 or more miles, \$900 per annum; 22 to 24 miles, \$864; 20 to 22 miles, \$810; 18 to 20 miles, \$720; 16 to 18 miles, \$630; 14 to 16 miles, \$540; 12 to 14 miles, \$520; 10 to 12 miles, \$486; 8 to 10 miles, \$432; 6 to 8 miles, \$396.

Odd Fellows Celebrate.

The eighty-eighth anniversary of the founding of the order was observed by the Odd Fellows and Rebekahs Friday evening in a most triumphant manner.

In addition to a large representation of the local membership there were present about 60 members of the Saugatuck and Douglas lodges and 20 members of the Hamilton lodge. The attendance reached 250.

The local lodge had made extensive plans for the entertainment of its guests and for the fitting observance of the important event the anniversary of the order implied.

At the conclusion of an interesting program of music and speeches a banquet was served and following the banquet a dance was enjoyed.

The program was opened with an address by Dr. B. B. Godfrey, who confined his remarks to a brief history of the order. The numbers on the program included: Piano solo, Lloyd Conkright. Recitation, "The Motto and the Emblems of the order," Miss Ina Ming. Instrumental trio, the Misses Eugenie Anderson, Elsie Thole and Florence Burton. Recitation, Clarence Baker. Duet, the Misses Eugenie Anderson and Florence Burton. Remarks by George L. Davis of Hamilton and Mr. Walker of Saugatuck. Piano solo, Miss Elsie Thole. Remarks, Mrs. George L. Davis, Hamilton. The Imperial orchestra provided music.

Saugatuck.

The local act for fishing the spearing of fish in the Kalamazoo river has at last been repealed. The act read: "It shall not be lawful for any person or persons to spear, or attempt to spear, any fish in the waters of the Kalamazoo river or its tributaries, in the township of Saugatuck, in the county of Allegan."

John Myers and Richard Baker have secured the privilege of operating the ferry for a year starting May 1st, having paid \$105 for the right. They will spend about \$100 for a new scow which they will begin building at once. They will also buy a new ferry boat and chain.

The engine and machinery for the boat which is to run on the river above the dam this summer arrived this week and is being set up by a marine engineer from Saugatuck. The initial trip will be made about the 10th of June, at least it is expected that the boat will be ready by that time. Many people look forward with pleasure to trips up the river which during the whole season is indeed beautiful, and the boat should do a fine business provided it is well handled and the hoodlum, rough and half drunk elements are kept off and far away from it.

Mrs. Robert Whitely.

Mr. Robert Whitely, of Pittsburg, Pa., writes: "My wife was subject to chronic stomach trouble and terrible nervousness; she was thin and had a worn out look. Doctors, after great expense, all failed to help her. At last she tried Vinol, and soon the change in her condition seemed almost miraculous. She continued its use and today she is in perfect health and gained 36 pounds—her friends hardly know her so great is the change. To Vinol we give all the praise, and everywhere I recommend your Vinol, as I have great faith in it.

Vinol is successful in cases like this because it contains in a concentrated form all of the curative properties contained in cod liver oil, the useless oil eliminated and tonic iron added. Try Vinol on our guarantee.

Nervous Worn-Out

If you are in this condition, your nerve force is weak—the power is giving out, the organs of your body have "slowed up," and do their work imperfectly. This failure to do the work required, clogs the system and brings distress and disease. When the nerves are weak the heart is unable to force the life-giving blood through your veins; the stomach fails to digest food; the kidneys lack power to filter impurities from the blood, and the poisonous waste remains in the system to breed disease. Nerve energy must be restored. Dr. Miles' Nervine will do it, because it strengthens the nerves; it is a nerve medicine and tonic, that rebuilds the entire nervous system.

"Several years ago I was all broken down. I was nervous, worn-out, could not sleep, and was in constant pain. I doctored for months, and finally the doctor said he could do nothing for me. I began taking Dr. Miles' Nervine, and used altogether eight bottles, and I became strong and healthy, and now weigh 175 pounds."

Don't Experiment

You Will Make No Mistake If You Follow This Holland Citizen's Advice.

Never neglect your kidneys. If you have pain in the back, urinary disorders, dizziness and nervousness, its time to act and no time to experiment. These are all symptoms of kidney trouble, and you should seek a remedy which is known to cure the kidneys.

Doan's Kidney Pills is the remedy to use. No need to experiment. It has cured many stubborn cases in Holland. Follow the advice of a Holland citizen and be cured yourself.

Mrs. Sadie Swank, of 149 River street, Holland, Mich., says: "Mr. Swank has used Doan's Kidney Pills with very best results. He slipped a short while ago and sprained his back very badly, and as a result has suffered a great deal from kidney trouble. His kidneys were very weak and he suffered from accompanying symptoms of kidney complaint. He went to a physician and took his medicine but received very little relief. A neighbor who knew of his suffering advised him to try Doan's Kidney Pills and upon his advice he procured a box. After using them a short time the trouble gradually began to disappear and he continued taking them carefully and as a result received a positive cure. We are glad to endorse Doan's Kidney Pills as a kidney remedy that acts quickly and which cures permanently."

TO HONOR GEN. MCLELLAN

STATUE WILL BE UNVEILED IN WASHINGTON ON MAY 2.

Feature of Army of the Potomac Reunion—President Roosevelt to Make Principal Address.

Washington, April 29.—The most interesting feature of the thirty-seventh annual reunion of the Society of the Army of the Potomac this week will be the unveiling on May 2 of the heroic bronze equestrian statue of Gen. George B. McClellan, who was the organizer and first commander of the army of the Potomac.

The statue occupies a prominent position in the northwestern section of the city, being at the intersection of Connecticut avenue and Columbia road. President Roosevelt is to make the principal speech and addresses also will be made by Gens. Sickles, Howard and Dodge. A feature of the exercises will be a brief history of the statue, which is the work of Frederick Macmonnies, the American sculptor residing in Paris, by Gen. Horatio C. King, secretary of the society.

About 5,000 troops, regulars and militia, will participate in the ceremonies. They will be commanded by Maj. Gen. Bell, chief of staff, with Gen. Duvall as his chief of staff and Col. Benjamin Alvord as adjutant general. Mayor Geo. B. McClellan, of New York, is expected to attend. The program is interspersed with patriotic selections by the United States Marine band.

The reunion is to begin on May 1 and will continue four days. On May 3 the veterans are to be received by the president at the White House and there will be a banquet that evening.

PACKERS MUST PAY FINES.

Federal Court of Appeals Affirms Conviction for Rebating.

St. Paul, Minn., April 30.—Judge Sanborn Monday filed the opinion of the United States circuit court of appeals, which he had written, affirming the judgment of the United States district court for the western district of Missouri against the packers for accepting concessions of 12 cents a hundred pounds from the portion of the established rate for the transportation of provisions on through bills of lading from Kansas City to Christiana and other points in foreign countries. Judges Hook and Adams concur in the opinion.

The lower court imposed a penalty of \$15,000 on each of the indicted firms, and these fines have been affirmed.

The defendants in the case involved in the decision are Armour & Co., Swift & Co., Morris & Co., and the Cudahy Packing company.

STROMBOLI AGAIN ACTIVE.

Violent Eruption of the Volcano Terrifies the Peasants.

Catania, Sicily, April 29.—The royal observatory on Mount Etna registers an extraordinary eruption of the volcano on the island of Stromboli. The volcano is throwing out large quantities of ashes and cinders, which are damaging vineyards in both Sicily and Calabria.

Messina, April 29.—The Stromboli volcano is again in active eruption. An explosion so strong that the concussion broke a window here was felt Sunday. The peasants were terror-stricken. The extent of the eruption is not known here, as the cable line to the Lipari islands is interrupted. The only news received at Messina has been by means of signals.

TRAIN DITCHED IN INDIANA.

Man Going to See Wreck Killed in Automobile Accident.

Portland, Ind., April 29.—Train No. 7 on the Grand Rapids & Indiana railroad was wrecked at Collett, four miles south of here, Sunday and about a dozen passengers were injured. Only two were seriously hurt. A truck under the tender of the engine collapsed, throwing the train into the ditch.

While going to the scene of the wreck in an automobile Frank Kenworthy and a party of four of Winchester, Ind., ran into a fence and were thrown out. Kenworthy landed against a telegraph pole and his neck was broken. He died a few minutes later. George Edwards, another of the automobile party, was seriously hurt.

SHEEP CAMP DYNAMITED.

Seven Hundred Animals Perish in a Fire in Cheyenne, Wyo.

Cheyenne, Wyo., April 30.—An explosion of dynamite at John Linn's sheep camp in Trapper Creek, Big Horn county, Sunday night, killed 700 sheep and completely destroyed camp wagons and other possessions of the camp. The story of the outrage was told by a herder who said that a band of masked men raided the camp and after bidding him securely arranged for the work of destruction. A similar attack was made upon a sheep camp in the Trapper section two years ago.

Minneapolis Physician Is Dead. Minneapolis, Minn., April 30.—Dr. William Huntington Leonard, who had practiced medicine in Minneapolis for 52 years, died at his home in this city Monday, after an illness lasting almost a year. He was 85 years old and was the oldest practicing physician in Minneapolis. Dr. Leonard was born in Mansfield, Conn.

FEW STRIKES ARE EXPECTED ON MAY 1

IN SAN FRANCISCO ALONE IS TROUBLE WITH LABOR TO BE EXPECTED.

All Is Peace in St. Louis—Conditions Better Than for Many Years in New York, Pittsburg, Boston and Philadelphia.

St. Louis, April 29.—Employers and labor leaders of St. Louis and the southwest report labor conditions better for May 1 this year than for many years past. Practically all wage scales in St. Louis and the surrounding territory for 200 miles are signed. In St. Louis alone this includes 120,000 union men.

The unions allied with the building trades council here are all signed for the year with the exception of a very few men employed in small shops. There are about 40,000 men in these unions. Other branches of trade show a similarly good condition. The brewery workers, who were on a strike a few months ago are now signed, as are also the other important trades.

Employers and labor leaders say there will be nothing this year in local circles to hinder a great building activity and that on May 1 there will be cause for jollification for laborers and employers alike.

Bright Outlook in New York.

New York, April 29.—The opening of the out of door construction season finds New York, both city and state, without apprehension of serious labor troubles. In the building trades especially prosperous and reassuring conditions prevail. There is a large and well met demand for both skilled and unskilled labor, due to the extensive private construction projects now under way and the tunnels, railroad terminals and other undertakings of a public or quasi-public nature. This contentment is generally reflected in the manufacturing and industrial centers, and beyond a few localized and sporadic strikes, the labor situation is regarded as brighter than for many years.

Peaceful in New England.

Boston, April 29.—According to the union officers and business agents of workmen's organizations the industrial situation in New England, May 1, will be marked by fewer contentions between capital and labor than for many years. In the building trades several small strikes are threatened in a number of cities, but in Boston there promises to be little suspension of work in any branch of industry.

Pittsburg Men Satisfied.

Pittsburg, Pa., April 29.—May day in Pittsburg and vicinity is expected to pass off with fewer labor disputes than in previous years. Heretofore considerable difficulty has been experienced between the workmen and building trades, but this year scales have been signed and the men are apparently satisfied.

With the exception of the machinists, about 300 of whom are already on strike, it is believed all the wage scales will be amicably adjusted. The machinists are striking for an increase of wages and shorter hours. At two foundries the men are now out under orders from the union and it is said the trouble will become general unless the union scale is agreed to by May 1.

Philadelphia Is Quiet.

Philadelphia, May 29.—May day, which marks the beginning of the fiscal year in labor circles, promises to be passed in this city with little friction between workmen and employer. With few exceptions the agreements under which the union men are working are acceptable and trouble is not anticipated. At a meeting of the Central Labor union Sunday it was said there would be few labor troubles.

Frisco May Have Big Strike.

San Francisco, April 29.—The approach of May 1 finds San Francisco facing serious labor troubles. Eleven unions, including every branch of the metal trades, have called meetings to be held between now and next Tuesday night to consider the refusal of employers to grant an eight-hour day with nine hours' pay. A vote will be taken to decide whether the men shall accept the offer of a continuance of the nine hour day with a five per cent. increase of wages, or go on strike. About 10,000 men are involved.

The street car men have issued a call for a mass meeting at midnight Tuesday for the purpose of taking a vote on the refusal of the United railroad to grant the motormen and conductors an eight-hour day and a wage rate of three dollars per day. If a strike should be voted the entire street car traffic of the city will be paralyzed.

Armour Car Line Defies Law.

Lincoln, Neb., April 30.—The Armour Car Line company, in a letter to the state railway commission, made public Monday evening, declines to file its schedule of rates. The general counsel of the company writes, in response to a note sent out by the commission, that he has "tried to give the law a broad interpretation," but that as the Armour Line does its business exclusively with the railroads and not with the public generally, he does not consider that it comes under the commission's jurisdiction.

Indiana Veteran Dies.

Arkansas City, Kan., April 30.—Colonel Elias Neff, commander of the Fortieth Indiana volunteers during the civil war, died here Monday aged 69 years.

Are Satisfied.

More than the usual satisfaction and gladness which to republicans accompanies the election of a republican congressman will be created through the victory of G. J. Diekema in the fifth district of this state over his democratic competitor, George P. Hummer. The latter was an alleged believer in the protective policy who demanded immediate tariff revision. He was an admirer of President Roosevelt who would have voted with the president's political opponents. He was a generous sharer in the industrial betterment which republican policies have brought to his city and district who did his best in opposition to such policies and has continued that opposition. The election of Mr. Diekema not only sends to Washington another friend of President Roosevelt and his policies but it sends a man thoroughly in sympathy with all his party's purposes and one well equipped to render good service to his district and to Michigan.

Teachers Salary.

The bill now receiving consideration at Lansing to provide a minimum salary rate for school teachers possesses more value for Michigan than may at once be apparent. Such a provision is on the statute books of Illinois, Ohio, Indiana and many others states. Its direct and indirect purpose is to require efficiency and to secure good work in all our schools. Michigan is unusually fortunate in the large school fund it secures from state sources, and the state should be insistent that the best possible use be made of this fund. Cheap teachers are usually poor teachers, and money spent for poor teaching is almost worse than wasted. Many school officers forget the interest of the state in their provision for teachers, but the state should not be similarly forgetful or indifferent. Other states have not been and Michigan should not continue to be.

Death Was Sudden.

Gilbert Hop, a farmer living one mile north of New Holland, died very suddenly Tuesday afternoon, his wife finding him lying near the barn dead. He had left the house but a short time before, having appeared perfectly well at noon, when he ate a hearty dinner.

Dr. J. W. VandenBerg was called, and he notified Coroner Mabbs, who investigated the case. The cause of death appeared most obscure, the man having never exhibited symptoms of heart trouble, and the body did not indicate anything of that nature to cause death. The only thing to which death could be attributed was a slight depression of the skull where Hop had been injured last fall. At that time he was injured by a blow of a pick he was wielding, but the blow was apparently so slight that he was able to go to the doctor's office, two stitches being necessary to close the scalp wound. Since that time he has never complained of any pain in his head and had exhibited no signs of mental derangement. The coroner found, however, a depression of the skull which was sufficient to cause death, and an inquest was not regarded necessary.

After dinner Hop left the house to build a cement floor in a small outbuilding, and it was while he was mixing the cement that death seized him. He fell to the ground and his wife saw him lying there a short time later. He was dead when she reached his side.

Decedent was 31 years of age and is survived by a wife and child. The funeral service will be held at the home at 12, noon, Friday and at 1 o'clock from the Reformed church, Rev. J. Wesselink officiating.

Self Criticism.

The present house of lords is an anomaly in our midst; it is the laughing stock of the other nations, and sooner or later we shall have to tackle the question of its reformation. —Nottingham (Eng.) Express.

"You often hear people speak of a perfect avalanche," remarked the Observer of Events and Things; "did you ever see anything more imperfect than an avalanche?" —Yonkers Statesman.

MR. AND MRS. G. J. DIEKEMA AND CHILDREN.

"Diekema goes to Congress Just the Same."

This has been decided by the people of the fifth district by a majority of 1382 votes at Saturday election and that the people of Holland and Ottawa county and of the district are pleased is shown by the grist of letters and telegrams received by our townsman and the hearty hand shakes of his citizens who with one accord say "Diek we are glad."

The ovation given him Saturday night is one long to be remembered.

The crowd of citizens filled a city block. Among them were a large number of Hummer's supporters taking their defeat philosophically and their cheers soon mingled with those of the Diekema forces until it was one united mass of people all now standing for the winning candidate. Brass bands and martial music stirred the hearts of the people and their cheers mingled with the music causing a din which could be heard for miles around. Soon Mr. Diekema, the only "Dutchman" ever elected to congress, was escorted to the street and was hoisted by willing hands upon an improvised platform and when he arose the cheers were loud and long. After a wait of at least ten minutes, the time for the crowd to unload their first outburst of enthusiasm, Mr. Wm. H. Beach arose and introduced Mr. Diekema which again brought out prolonged cheering. He then made a brief speech interrupted on several occasions by cheers of approval and shouts of "good! good!" Mr. Diekema spoke as follows:

"There is one song which is deepest in my heart tonight. It is 'My Country 'Tis of Thee.' But that song has found a rival in 'You Can Turn the Dampier Up,' etc. That song sounded in my ears for the first time in the Hotel Pantlind at Grand Rapids, when I came home from Washington. It struck terror to the hearts of the enemy.

"If any man was ever under obligations to Holland and to the fifth district it is the man before you now. After passing the crisis just over there are no sore spots on me. The democrats who have worked so earnestly for my defeat are now all my friends. My purpose in Washington will be to serve all alike, republican, democrat, white or black, justice for all, special privileges for none, shall be my motto.

This is a happy evening for me, in which I meet my friends and receive their congratulation. In the future judge me by my work and I shall prove faithful to the trust, to this city of my birth, of loving friends, to loyal citizens. The heroic republicans of Grand Rapids who fought every bit of falsehood and deception shall never be sorry for their efforts in my behalf.

"It shall be my aim, not only to keep Grand Rapids on the map, but the entire district. My one aim shall be to retain the friendship, confidence and love of my constituents."

He also took this occasion of thanking the democrats who stood by him so staunchly, who, after having once pledged themselves, did not swerve but stuck.

Mr. and Mrs. Diekema kept open house after the demonstration and received scores of their friends and acquaintances and telegrams and telephone messages from all over the district and state, among them being messages of congratulations from Governor Warner, Lieutenant Governor Kelley, Senators

Burrows and Smith, Congressmen Townsend and McLaughlin, General Kidd of Ionia, William Judson of Grand Rapids, Judge Padgham of Grand Haven and others.

Late in the evening two special cars came over from Grand Rapids with friends of the new congressman to present their congratulations in person. On the Honolulu of the Grand Rapids Railway company were Charles A. Floyd, Speaker N. J. Whelan, James Donovan, Frank Codrington, C. A. Daniels, Joseph A. Brewer, J. W. Hunter and Geo. Conkle.

Among those on the other car, which brought about 60 friends,

Mr. G. J. Diekema and His Daughter Marguerite.

were Frank Cook, chairman of the Kent county republican committee, John Verkerke, Charles Holden, Leon Park, John Snitsler, James Schriver, Harmon Liesveld, Henry Ryskamp, Coroner Hilliker, Wm. G. Foster, Milton Velzey, postmaster of Grandville.

Congratulatory telegrams were many, among them being one from Mr. Hummer, which reads as follows:

"Accept my neighborly congratulations."—Geo. P. Hummer.

Mr. Diekema's reply was: "Thanks. A cheerful loser is a winner."

Following are a few of the many messages of congratulations received by Mr. Diekema.

George Birkhof, Chicago, Consul for the Netherlands—Accept hearty congratulations. I felt sure you would win.

Congressman Charles Crumpacker, Evansville, Ind.—I congratulate you and the fifth district of Michigan upon your election.

Charles E. Townsend, Jackson, congressman second—Accept hearty congratulations for yourself and Mrs. Diekema.

S. A. Sheldon, Grand Rapids—Accept hearty congratulations. I am more than pleased to think you are elected.

J. H. Kidd, Ionia—Cordial congratulations on your election.

C. B. Kelzey, Grand Rapids—Heartiest congratulations on your victory under adverse circumstances. Grant M. Morse, Portland, Mich.—Accept sincere congratulations. Your election is a complete endorsement of republican principles, primary included.

Messrs. Cover, Penman, Currier and MacMurray, Washington, D. C.—Congratulations.

United States Attorney Charles F. Jones, Washington, D. C.—Most sincere congratulations on your election.

Attorney Willard Kingsley, Grand Rapids—Congratulations.

Congressman James Davidson, Oskosh, Wis.—Accept sincere congratulations on your glorious victory under adverse circumstances.

A. C. VanderBerg, Grand Rapids—May your star never dim. Congratulations.

Congressman H. McMoran, Port Huron—Many congratulations on your well earned success.

Auditor General James B. Bradley, Eaton Rapids—Please accept hearty congratulations on your hard fought battle.

Judge Wm. A. Moury, Washington, D. C.—Hearty congratulations to you and your wife.

O. J. Farsen, Calumet—Congratulations.

Charles Dameron, Lansing—Congratulations and best wishes.

Dr. and Mrs. J. T. Bergen, Dubuque, Ia.—Congratulations. We wish you a happy life in Washington.

Impelled thereto by the election of G. J. Diekema, Representative "Dick" Burdick of Mancelona, Antrim, county, has broken into verse with his congratulations. They are as follows:

My old friend "Diek,"
You did it sleek,
And I am glad to hear it,
That you'd win out
In the first bout—
I never once did fear it.
For your success
You should possess
A big bouquet of smiles.
For wading in
With such a vim,
And trimming Hummer's lilacs.
Now don't be coy,
But shake old boy—
We knew that you would do it
You've got the clutch
That beats the Dutch,
And that's the secret to it.
We know your true,
So here's to you
Congratulations hearty;
No doubt you will
Fulfill the bill
Expected by our party.

Is it better to poke at a coal stove, have smoke, dirt, ashes and a continual trouble-producer and pay dearly for it, or have a Gas Range, cook with comfort, save time, trouble, work, worry, cash, temper, and have ideal cookery?

The vote in the district was very light, especially so in the rural district. This was because the farmers were too busy to vote, the late season already having delayed their work on the farm.

Holland Fair.

The annual fair of the South Ottawa and West Allegan Agricultural Society will take place September 24, 25, 26 and 27. These dates were selected at a meeting held at the office of the secretary in the Holland City News office last Monday afternoon.

Much interest was manifested by those present and all have entered in a spirited manner into the work of keeping the fair up to the standard of success which has prevailed for the last three or four years.

It was decided to give twelve hundred dollars for the races, thus assuring a good field of horses. The committee consisted of H. Kooiker, Folkert De Vries and J. H. Boone, who were appointed to revise the list of premiums on stock. The premiums will be increased substantially as will also the premiums in other departments.

The new officers of the society are: President—Jacob Lokker. Vice president—A. Kooiker. Secretary—N. J. Whelan. Treasurer—H. J. Luidens.

Directors—John Meeuwse, New Holland; Klaas Koster, Laketown; Folkert De Vries, Beaverdam; Eugene Fellows, J. L. Conkey, Con De Pree, Al Hidding, G. J. Deur, H. Van Kampen, A. B. Bosman, Holland; Henry Siersma, Olive; J. H. Boone, Zeeland; E. P. Simpson, Laketown; H. Kooiker, Overisel; Dr. J. W. Van den Berg, New Holland; G. Van Hess, Zeeland.

Cattle—H. Van Kampen and H. Siersma.

Horses—J. H. Boone and Folkert De Vries.

Sheep and Swine—John Meeuwse and B. J. Albers.

Poultry—J. B. Hadden and R. Westveld.

Agricultural—M. Koster and Simon Harkema.

Pomological—G. J. Deur, G. Van Hess and Chas. E. Bassett.

Farm implements—Henry Groenewoud and Jas. Kole.

Floral department—Mrs. Dr. J. W. Van den Berg and Geo. Farnsworth.

Women's department—Mrs. Jas. Price and Miss Rose Clark.

Children's department—Mrs. J. Boone and Mrs. M. Kerkhof.

Miscellaneous department—A. B. Bosman and Ben Mulder.

Household department—Mrs. B. Van Raalte, sr., and Mrs. G. J. Deur.

C. J. Lokker, Corniel Andre and A. C. Keppel were chosen as marshals. J. H. Boone will act as superintendent of grounds.

The following committees were selected:

Grand stand—H. Kooiker, J. H. Boone and Al Hidding.

Concessions—A. B. Bosman, N. J. Whelan, Jacob Lokker and Chas. A. Floyd.

Speed—Con De Pree, B. Van Raalte, jr., Chas. A. Floyd and John De Pree.

Common Council.

By a unanimous vote of the council last evening two ordinances were past. One was relative to the saloon limits which has been curtailed a little. The blocks between engine house No. 2 to Central avenue has been taken out. The block where the Last Resort is located has also been taken out and the limits will only extend to Seventh street. East side of Central Ave. between 8th and 7th streets has been added. In the future 12 signers will be required instead of 6 as heretofore and the city bonds will be \$3,000 instead of \$2,000, with good real estate security. The license will be \$500 instead of \$300 as in the old ordinance. An ordinance to regulate pool and billiard rooms and bowling alleys, etc., was also passed. No minors under 17 years will be permitted, nor will any student of any college, private or parochial school be admitted. No curtains or screens or anything that would obstruct the view in the rooms will be allowed. All rooms and alleys must be located on a ground floor.

Brought in Court.

A horse deal case was brought in
to Justice Van Duren's court Mon-
day afternoon that had some points
of interest. John Brinkman and
Roetof Plackmeier, both of Holland
township, were the parties in the
suit. Brinkman had bought a horse
of Plackmeier for \$125, which the
latter claimed to be without spot or
blemish. After a few days it de-
veloped that the horse was wind-
broken and had other diseases, too
numerous to mention. Brinkman
offered to keep the horse at a rea-
sonable price. This Plackmeier re-
fused and the case was given to a
jury, consisting of B. D. Keppel, A.
B. Bosman, George H. Huizinga,
and John S. Dykstra. The decision
of these men was in favor of Brink-
man to whom Plackmeier is to pay
\$50 and costs, making a total of
\$64. Attorney Daniel Ten Cate
represented the plaintiff and At-
torney G. W. Kooyers appeared for the
defendant.

feated the Interurbans Saturday by
a score of 5 to 3. This is the third
defeat administered by the All Stars.
The game was played at Waverly;
the batteries being: All Stars, Wol-
dering and Rowen; Interurbans, Os-
signac and Fik.

The eighth grade Blue Sox de-
feated the Zeeland Monarchs at Ze-
land Saturday afternoon by a score
of 2 to 0. The Blue Sox will play
the Monarchs here next Saturday, at
the 19th street diamond. The Blue
Sox lineup is as follows: H. Mich-
mershuizen, catcher; H. McFall,
pitcher; W. Gilmore, first base; M.
Hadden, second base; E. Stephan,
short stop; L. Cronkright, third
base; H. Van den Ploeg left field;
E. Glerum, center field; E. Wilter-
dink, right field.

Frank Van Ry, jr., captain of the
base ball team called the Interur-
bans, states that the report that the
team was defeated by the All Stars
is false. He declares that the team
defeated by the All Stars was not
the Interurbans, as that team has
not yet played, consequently it could
not have been defeated as the All
Stars reported. The Interurbans re-
sented the reflection on their reputa-
tions as players. The Interurban
lineup is: Catcher, Fik; pitcher,
Ossignac; 1b Kelly; 2b Van Ry; ss
Hennesy; Arendsen, pitcher; 3b,
Van Putten; lf, Devries; rf, Fred-
rickson; center and pitcher, Dogger.

Forty-Third Anniversary.

Mr. and Mrs. H. Geerlings, sr.,
living on East Twelfth street, Tues-
day celebrated the forty third anni-
versary of their marriage. They
have lived in this city forty-one
years, and Mr. Geerlings has been
closely identified with church work,
having been an elder and deacon for
thirty years in the Ninth street and
Central avenue churches, and he is
now elder in the latter church. The
aged couple were married in Twello,
the Netherlands, the wedding festi-
vities lasting two days, there being
the church ceremony and the home
celebration. Mr. Geerlings has one
brother, Jacob, living at East Hol-
land, who celebrated a similar an-
niversary six months ago, the broth-
ers marrying sisters. Mr. Geerling
is one of the oldest millers in the
city, having been engaged in milling
for 45 years. He worked in the
Pluggier mill, the first one in this
colony, and was part owner of a
mill which was destroyed in the fire
of 1871. He has been employed as
head miller in nearly every mill
established here. Mr. Geerlings is
77 years of age and his wife 61. He
has retired from active work and
spends most of his time in church
duties.

ried in Denhoek, Netherlands, the
home of their birth, and have been
residents of this city since their ar-
rival from the mother country in
1873.

Mr. and Mrs. Bareman are 76
and 73 years old respectively, and
are both in excellent health. They
have had seven children, three of
whom are still living, Mrs. C. Men-
dels of Grand Rapids, Mrs. D.
Grevengoed and Peter Bareman,
jr., both of this city.

Mr. Bareman has the distinction
of being the oldest person in the
employ of the Cappon & Bertsch
tannery and has worked for that
company since the plant was re-
built in 1874. The tannery force
invaded his home in a body in hon-
or of the anniversary.

his unknown heirs at
law,
Defendants.

At a session of said Court held at the Court
House in the City of Grand Haven, in said
county, on the 22nd day of April, A. D., 1907.
Present, the Honorable Philip Padgham,
Circuit Judge.

In this cause, it appearing to the satisfaction
of the court now here, from the affidavit of Ja-
cob Steketee, complainant's solicitor, that he
has made and caused to be made inquiry as to
the residence and whereabouts of the defend-
ant herein, James B. Porter, among such per-
sons as might be apt to know the same, but
that he has been unable to obtain any infor-
mation regarding him whatsoever, that it cannot
be ascertained that the said defendant was ever
a resident of Michigan, or that he is now living,
nor can it be ascertained in what state or coun-
try he now resides if living; and that after mak-
ing like search and inquiry it cannot be ascer-
tained who the heirs at law of the said James
B. Porter are, nor in what state or country any
of them reside; and that the said James B.
Porter together with his unknown heirs at law
are necessary parties to this suit; on motion of
Jacob Steketee, solicitor for complainant, it is
ordered that the appearance of the said defend-
ant, James B. Porter, and each and every of his
unknown heirs at law be entered in this cause
within six months from the date of this order,
and, in case of their appearance, or the appear-
ance of any of them, they respectively cause
their answer, or the answer of such of them as
shall have appeared to the bill of complaint in
this cause, to be filed and a copy thereof to be
served on complainant's solicitor within fifteen
days after service on them, or on such of them
as shall have appeared, of a copy of said bill and
notice of this order, and in default thereof that
the said bill be taken as confessed by the said
defendants and each and every of them.

And it is further ordered that within twenty
days from the date of this order, the said com-
plainant cause a copy thereof to be published in
the Holland City News, a newspaper printed,
published and circulated in said county, and
that such publication be continued therein once
in each week for at least six successive weeks,
or that he cause a copy of this order to be per-
sonally served on the said defendant and his re-
spective heirs at law at least twenty days be-
fore the time prescribed for said appearance.

WORK HARD TO SAVE IMPRISONED MINERS

RESCUERS IN DESPERATE FIGHT
FOR LIVES OF SEVEN EN-
TOMBED MEN.

SIGNALS SHOW THEY
ARE STILL ALIVE

Ten Pumps Kept Busy Pumping Water from Shaft at Foustwell, Pa.
—Four Men Make Effort to Reach Colleagues.

Johnstown, Pa., May 1.—"Still alive" was the report brought to the surface by the rescuing party that has been trying to reach the seven men who have been imprisoned in the Berwind-White mine at Foustwell, Somerset county, since last Friday, by a rush of water that filled all the headings of the mines.

Without food or water the men have been able to make known that they were not drowned by tappings on compressed air pipes, signals that renewed the vigor of the men working at pumps to empty the mine sufficiently to enable the men to be brought out.

Nine pumps have been at work since last Friday night, and another one of immense size now has been added to the equipment. Chugging away, these ten pumps are emptying the mine at the rate of 2,000 gallons a minute, and it was expected that by early Tuesday afternoon the men would be reached.

Friends Wait Patiently for News.
Physicians are at the mine mouth, while groups of relatives and their families, and friends of the men thought to be among the imprisoned, are gathered about the mouth.

On the advice of the physicians, preparations have been made to treat the men as soon as reached. When the water has receded to a level permitting a man to wade into the mine with even his head above water, one man will be sent in with water, as this, the physicians say, the men will need most.

Liquid food also will be taken in to them. This will be done, according to the physicians in charge, because it is expected the men will be too weak to wade through the water and they would be in danger of falling and drowning.

Rescuers Enter Mine.
At 12:32 p. m. four men started into the mine in an effort to reach their unfortunate colleagues. They were forced to wade, and in a crouching position, as the passage was but four feet high. There was sufficient room between the water and the roof to give a clear space for the men's heads. Slung across the shoulders of the rescuers were water tight cans carrying drinking water and nourishing foods in liquid form.

Wading up to their necks in the black and muddy water these men, crawling and stooping, will have a mile to traverse before reaching the heading where the prisoners are said to be located. Through the dark tunnels their way can be found only by feeling along the rough walls, as lights cannot be used, for fear of gas explosions.

The party was sent in for fear that the unfortunates would attempt to come out in their enfeebled condition, and meet with further accident. At the mouth of the mine is a crowd of men ready to follow the four that have already started. These gangs will be sent in as soon as the water will permit of bringing a body out. The progress of the four rescuers will necessarily be slow.

Emergency Hospital Prepared.
Cots, bandages and bedding have been placed in a tool house near the mouth of the mine and a temporary hospital, prepared to cope with any injuries or illness the men may have suffered, has been made of the building.

Tuesday for the first time since the accident the relatives of the imprisoned men became skeptical and to reassure them as to the nature of the tappings heard a party of foreigners was conducted into the mine to a spot where it could be demonstrated that the sounds came from the men behind the water, and were not made by the rescuers above to deceive.

The mines have closed down, in consequence of which many men are idle. It is feared they may attempt violence against persons responsible for blasting through into the water-filled working in case their former fellow-workmen are found to be dead.

Fears are expressed that the prisoners have lost their reason and that murder has been done in the frenzy that must have possessed them since their imprisonment has become prolonged. The entire community is in a high pitch of anticipation for news from the miners.

Coal Boats Come in Swarms.

Superior, Wis., May 1.—With every coal dock at the head of the lakes working to its capacity, there are over 40 boats waiting in the harbor for a chance to unload. The situation is without precedent, the receipts of the last 24 hours being the heaviest ever known, about 150,000 tons.

Fails to Die; Sues Rope Maker.

Rochester, N. Y., May 1.—William Seeley of Norwood has sued Rufus Wheeler for \$200 damages, alleging that a rope which he bought of Wheeler with which to commit suicide was not strong enough for the purpose and that when he tried to hang himself it broke.

VALUES MINNESOTA ROADS

SENATE COMMITTEE PUTS THE
FIGURE AT \$215,000,000.

Finds Earnings on This Basis Are 18
Per Cent.—Chicago Great
Western Scored.

St. Paul, Minn., April 24.—Railroad property in Minnesota is valued at \$215,000,000 by the Sundberg investigating committee, which returned its report to the Minnesota state senate Monday. This is approximately \$27,000 a mile.

The property is capitalized to the extent of about \$400,000,000, or \$50,000 a mile on an average. The net earnings, according to the committee's findings, averaged over \$5,000 a mile last year, or 18 per cent. on the committee's valuation.

The committee, which consists of Senators Sundberg, Cushman, Canestorp, Nelson and Sageng, recommends that a committee or commission of three be empowered to investigate generally into the capitalization of the railroads of Minnesota and; the relation the stocks and bonds bear to the value thereof, and the enactment of such appropriate legislation as the conditions disclosed demand.

The report says that to arrive at the cost of reproducing and equipping the different lines in their present condition the committee considered:

"First, the original cost of construction; second, the cost of improvements, betterments and equipment added since; third, the cost and character of the lines recently built; fourth, the expense of operating and the earnings under existing rates; fifth, the stocks and bonds and the value and water thereof; sixth, the geography of the line and the judgment displayed in its location."

A large section of the report is devoted to a drastic review of the Chicago Great Western. This road, it says, "was built by A. B. Stickney, who raised the funds by acquiring, organizing, reorganizing and harmonizing divers and sundry corporations of Minnesota, Iowa and Illinois." The capital stock and funded debt of the road is \$143,668 per mile, and the committee figures it valued at about one-fifth that, or \$28,000 a mile.

In its last report the company certifies that line and equipment cost \$98,011 per mile, and in detail of its statement there is an item, "purchase constructed road \$66,994.63 per mile." This would mean \$50,000,000 for the whole line. In 1891 there was reported for "purchase of constructed roads \$6,313,912.5." It was then 815 miles long. "Fifteen years later," says the committee, "this elastic item had been stretched to \$50,594,344.28, but the whole line had shrunk 60 miles in length. It had been watered too much."

Bryan to Talk on Referendum.
New York, April 24.—William J. Bryan will speak at a dinner to be given by the People's lobby in Newark, N. J., Wednesday evening, May 1. The dinner is to be a nonpartisan affair and Mr. Bryan will confine his remarks largely to the subject of initiative and referendum, which is one of the reforms demanded by the lobby.

BOMB HURLED AT CABRERA

PRESIDENT OF GUATEMALA HAS NARROW ESCAPE.

One Report Says Chief of Staff Is Killed, While Another Says He Is Only Wounded.

Guatemala City, Guatemala, May 1.—An attempt was made early Monday on the life of President Estrada Cabrera. While out driving a dynamite bomb was exploded near his carriage, killing the horses and wounding Gen. Orellana, the chief of staff. The calmness of the president, who was not injured, is universally commended and the would-be assassins are condemned on all sides.

New York, May 1.—The Guatemalan consul general at New York, Dr. Bengoechea, received Tuesday the following official dispatch from Foreign Minister Barrios, informing him of the attempt on the life of President Cabrera:

"This morning at eight o'clock a. m. and at the time that the president of the republic was passing, a bomb was exploded in one of the streets of the capital. Fortunately that high functionary was not hurt in this criminal attempt, and orders have already been given that the proper investigation of this crime be undertaken. The only persons who were wounded were the chief of the general staff of the president, Gen. Jose Marie Orellana, and the coachman. Public order is maintained unaltered.

(Signed) **BARRIOS.**

Cabrera was elected president of Guatemala September 9, 1898, succeeding President Barrios, and in March, 1905, he assumed the presidency for a second term. He was said to be very unpopular, was reported to have been shot at and wounded in April, 1905, and the following month it was again rumored that an attempt had been made to assassinate him. Later it was stated that the president had been accidentally shot in the leg. In May, 1906, a revolution broke out against the administration of President Cabrera and Guatemala was invaded by the revolutionists from four points. After a series of encounters in which the regular troops of Salvador took part and were joined later by the armed forces of Honduras, the good offices of the United States were accepted by the belligerents, hostilities ceased and a treaty of peace between Guatemala, Salvador and Honduras was signed, July 20, on board the United States cruiser Marblehead, off San Jose, Guatemala.

COLDEST LAST DAY OF APRIL.

Record for 33 Years Broken at Chicago—Cold Weather Elsewhere.

Chicago, May 1.—Tuesday dawned as the coldest last day of April Chicago has known in 33 years. Thirty-three years ago, April 30, 1874, the thermometer registered freezing, and snow fell. Not since then has Chicago been in the grip of such a belated cold snap as the one that struck it Monday.

Chicago was not alone with its "weather," however. Throughout the northwest and in the Rocky mountain region the reign of Medicine Hat was supreme, heavy snowfalls being recorded there and in the Dakotas. In Milwaukee five inches of snow fell and traffic being at a standstill. Snow fell all night in Racine, lying three inches deep Tuesday.

Marshalltown, Ia., May 1.—Snow Tuesday in the southern part of this county ranged from three to eight inches. The snow is said to have entirely melted, small early fruits.

Des Moines, Ia., May 1.—Snow covers the entire state of Iowa from a depth of from three to eight inches. In Des Moines and central Iowa it is eight inches, according to government report. Interviews with leading horticulturists indicate that all the small fruit is irretrievably killed. The snow will do much good to grain and pastures but the damage to fruits and some of the truck gardening is incalculable.

Detroit, Mich., May 1.—A severe snowstorm prevailed Tuesday over the upper part of the lower peninsula of Michigan with high cold winds. It is not believed that the snow and cold will cause much damage to fruit or vegetation as the weather has been so cold that everything is backward.

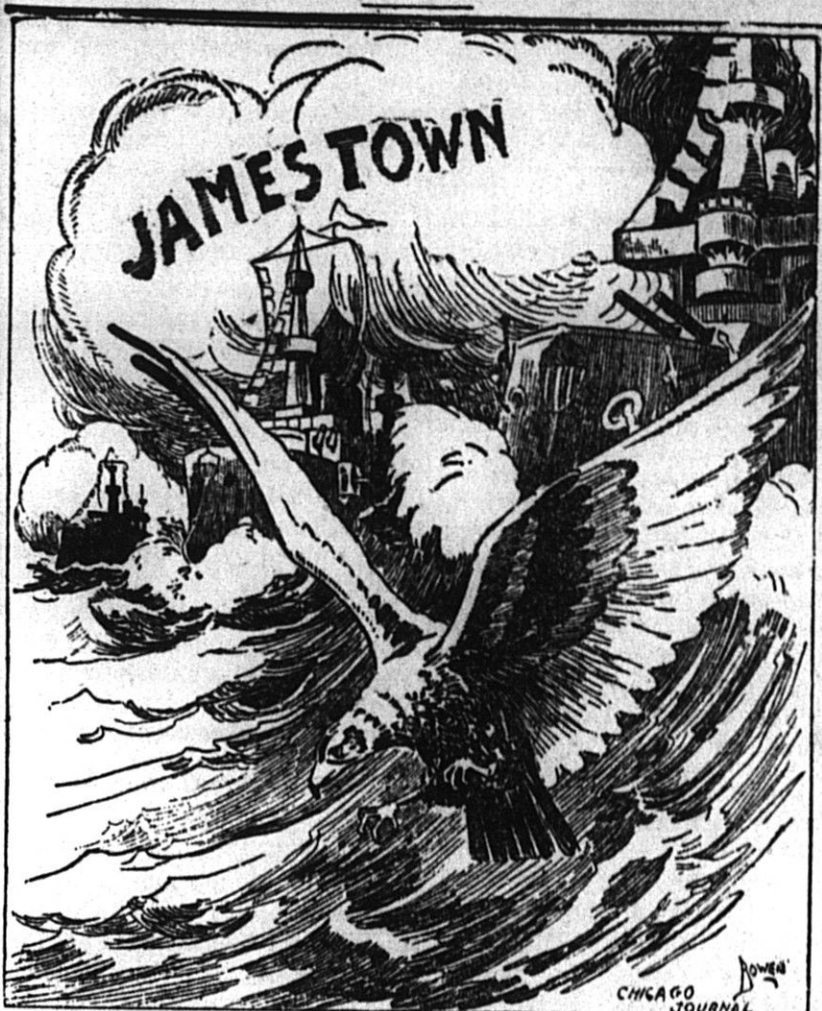

Great Flood Damage in Russia.
Odessa, Russia, May 1.—One hundred thousand people are estimated to have been driven from their homes by the overflowing of the Dnieper, Dniester and Dvina rivers. The inundations are more widespread than usual and have caused distress over an enormous area.

England's Premier Baron Dies.
London, May 1.—Baron de Ros, premier baron of England and colonel of the First Life guards, died on his Irish estate, Old Court, Strangford, County Down. He was the twenty-fourth baron of that name, was born at Brighton in 1827, and succeeded his father in 1874.

Corey Re-elected.
New York, May 1.—William E. Corey was reelected president of the United States Steel Corporation at the annual meeting of the board of directors in this city Tuesday. All the other officers whose terms expired were reelected.

Madison, Wis., May 1.—The state assembly Tuesday adopted a resolution memorializing congress in favor of a constitutional amendment for the election of senators by popular vote.

REJECTED SUITOR KILLS YOUNG WOMAN

FOLLOWS HER FROM PRUSSIA TO AMERICA AND PHILADELPHIA.

Fatally Shoots Himself—Had Tried to Murder Her in Old Country Where She First Refused to Become His Wife.

Philadelphia, April 30.—Martha Korais, a comely Prussian girl, was shot and instantly killed here Monday under unusual circumstances, by Franz Endrukut, an enraged lover, who after murdering the girl, sent a bullet into his own brain, inflicting a wound from which he cannot recover.

Endrukut, who was angry because the girl would not marry him, followed her to this country from the province of Pomerania in Rensin Prussia, where four years ago he attempted to kill her by beating her over the head with a hatchet. After this attempt he cut his throat in an effort to end his life, and after lying for four months in a hospital, according to the information given to the coroner, he was sentenced to one year and eight months' imprisonment.

Followed Her to America.
After the assault in Europe, Miss Korais, who was the daughter of a physician and a school teacher, came to Philadelphia. Endrukut, despite the refusal of the girl to marry him in his native country, followed her to America and to Philadelphia. He went to work at Cramps' ship yards and boarded in the northern section of the city. Miss Korais secured a place as maid in the home of August Ramstein, in the southern section of the city.

Endrukut met the girl by chance in the street on Easter Sunday and immediately endeavored to renew his attentions. He was repulsed. He followed her about and threatened to kill her unless she married him. Finally Miss Korais caused a warrant to be issued for his arrest, but at the last minute she declined to prosecute him.

Took Her at Her Word.
Endrukut Monday met Miss Korais and followed her from the home of her employer to a nearby bakery and again pressed his suit. The girl told him she would sooner die than marry him, whereupon he drew a revolver and sent two bullets into her brain. He then turned the weapon upon himself and sent one of the leaden missiles into his head, falling unconscious across the body of the girl. Endrukut is 33 years of age and his victim was 22.

UNION CITY HAS \$300,000 FIRE.

Chair Company Plant Burned and Several Hotels Threatened.

Corry, Pa., April 30.—Fire Monday night destroyed the Union City Chair company at Union City, nine miles west of here and several small adjacent structures, and damaged the Union City electric light plant, causing a monetary loss estimated at over \$300,000.

For a time it was believed the St. Charles Commercial and Warner hotels would be burned. Aid was sent from this city and the fire was got under control.

An hour after the fire started the water supply failed through a breakdown at the pumping station of the water company. When the water supply failed the lower portion of the city was threatened with destruction and was only saved by the prompt arrival of fire apparatus from this place.

Torpedoes Exploded by Wireless.
Cartagena, April 29.—Successful experiments were made here Sunday in the explosion of torpedoes at long distance by means of the Hertzian waves system. The device was invented by a Spaniard named Balsera.

JAMESTOWN FAIR IS OPENED TO WORLD

PRESIDENT IS CHIEF FIGURE IN THE CEREMONIES AT NORFOLK.

Quells Incipient Panic—Reviews the International War Fleets, Makes a Vigorous Address and Presses the Gold Button.

Norfolk, Va., April 27.—President Roosevelt, the diplomatic, naval and military representative of 37 of the nations of the world, and the governors of a score of states participated Friday in the opening exercises of the Jamestown Tercentennial exposition. From the firing of a sunrise salute of 300 guns by the United States army, through the picturesque review of the international fleet of war vessels anchored in Hampton Roads, through the ceremonies of dedication at which the president spoke, and down to a late hour at night, when the chief executive went aboard the naval yacht Sylph to spend the night in the lower bay, the day was crowded with notable incidents.

President Averts a Panic.

Not the least impressive of the day's events was the action of the president in assuming command of the situation in front of the crowded grandstand from which he spoke, when a panic seized the surging throng of spectators. Pressed against the guard ropes by thousands of eager persons in the rear of the gathering, who were forcing their way forward, the safety of life and limb of those who had the more favored positions was endangered.

President Roosevelt had just been introduced by Harry St. George Tucker, the head of the Jamestown Exposition company, when the disorder and unrest in the crowd reached its height and the civil guards in front of the grandstand seemed about to be swept from their posts. With the agility of a schoolboy, the president jumped upon the table which had been placed in the speakers' balcony and, waving his arms, cried out to the men of Virginia to live up to their traditions of gallantry and cease the crowding which was threatening the lives of the women and children in the assemblage.

Soldiers Quiet the Crowd.

The crowd heeded the president's warning at once, but when he had settled down into his speech, and the words were fairly blown from his mouth by the southeasterly gale which was sweeping the great parade, the immense audience became uneasy again, and those on the outskirts began to press forward once more. The president was interrupted and mounted officers and men of the United States cavalry were called in to take charge. They rode up and down along the front of the crowd and gradually opened it up and relieved the pressure.

The military encamped about the exposition grounds began the day's ceremonies with the firing of the three-century salute. Soon thereafter from across the waters of Hampton Roads came the boom of ship cannon, signaling the beginning of the review by the president of the most formidable fleet of international battleships and cruisers the world has witnessed in many years.

Review of the Great Fleet.

On board the tidy cruiser yacht Mayflower, the president, with a few especially invited guests, was greeted first by a roar of 21 guns from each of the vessels, foreign and American. Then, as he steamed along the lane of the visiting men of war, he was saluted individually and in turn by every battleship and cruiser at anchor in the roads. The marine picture, viewed from shore by thousands and from the decks of excursion and pleasure craft by almost as many more, was at once imposing and impressive.

When his yacht had anchored in the very midst of the naval vessels, the president received on board the flag and commanding officers of the foreign fleet and the flag officers of the house squadrons.

Booming cannon again greeted the president as he stepped upon the temporary structure which is eventually to be a magnificent water gate known as Discovery Landing. President Tucker, of the exposition, personally welcomed Mr. Roosevelt, saying simply:

"Mr. President, Old Virginia salutes you, sir."

The president returned the salutation and, with Mrs. Roosevelt, was driven to the grandstand on the parade between two lines of soldiers from the Twenty-third United States infantry.

Presses the Golden Button.

The ceremonies of dedication were brief, the features being the addresses of President Tucker of the exposition and President Roosevelt. The latter, at the conclusion of his address, pressed the gold button, which formally marked the opening of the commemorative enterprise. Then followed an informal luncheon to the president and 40 other guests in the Auditorium or administration building. The repeat ended, the president repaired again to the grandstand, from which he reviewed the parade of United States soldiers and sailors. A reception by the president in the Auditorium brought the day's events at the fair grounds to a close.

At night the warships were beautifully illuminated.

Gerrit Buerna was arrested Monday by officer Koeman for riding a bicycle on the sidewalk. He pleaded guilty in Justice Van Duren's court and paid a fine of \$5.

Fire in an out-building on the premises of Mrs. John Van Landegend, West Eleventh street, Saturday called out both hose companies. The fire was extinguished with a garden hose before any damage was done. It is suspected that the fire originated from an ash pile.

Abel M. Japinga has disposed of his business interests here and will move to Kalamazoo, where he will start a saloon. He was a partner of Nick Holsteen for the past ten years, and the latter has bought the Japinga interest in their business here.

A. Alger of Pigeon River has had a very good season with his traps. He caught 137 muskrats, 9 mink, 10 skunks, 5 coons and 5 weasles. This was done in six weeks time and he received for the fur \$97.08. The other trappers of that section did not do quite as well as the old veteran.

The Citizens Telephone company has again proved to the holders of their stock that it is a good, valid, eight per-cent investment, by mailing checks for the amount of their two-per-cent quarterly dividends, as they have always done every three months of every year.

Albert Tanner, the Macatawa Park row boat liveryman, who supplies bait and tackle to anglers, has developed a profitable business in the sale of minnows to trout anglers in the northern streams. The Grand Rapids fishermen who spend the first day of May on the trout streams are placing large orders with Mr. Tanner. The minnows are packed in salt.

A barn on the premises of Cook Bros. at Overisel, was struck by lightning Sunday night and totally destroyed. Nineteen horses and six cows were cremated. The barn contained \$150 worth of farm machinery and \$1,000 worth of hay and grain, none of which was saved. The loss is estimated at \$4,500, partly covered by insurance.

The Pere Marquette Railway Co. is making some improvements in its resort property at Ottawa Beach. One of the most important changes to be made by the company will be the rebuilding of the bath house. The company has annually spent large sums of money in repairing the damage done by the seas to the building during the fall storms and it is proposed to put an end to this expense by moving the bath houses back about 100 feet.

Col. Hawkins of East Tennessee, one of the few Southerners who fought with the North during the civil war, will lecture in Winants chapel this evening, under the auspices of the Woman's Relief corps, for the benefit of the Corps and G. A. R. Post. He will tell "Unwritten History of the Civil War," reminiscences, etc. Tickets will be on sale at the door, adults 25 cents, children under 15, 10 cents. Mrs. G. J. Diekema will sing and other music will be provided.

Mrs. J. H. Ten Cate died Sunday morning at the home of her daughter, Mrs. Benjamin Huizinga, 18 West Twelfth street. Deceased was 83 years of age and had lived here twenty-four years, coming from the Netherlands. She is survived by four daughters, Mrs. M. Heenstra of Leota, Minn.; Mrs. J. Bloemendal of Alton, Iowa; Mrs. James Kole and Mrs. Benjamin Huizinga of this city, and two sons, James Ten Cate of Leota, Minn., and Herman Ten Cate of Edgerton, Minn. The funeral will be held this afternoon at 1 o'clock from the Central avenue Christian Reformed church, Rev. R. L. Haan officiating.

The first wireless or Marconigraph message to be received by anybody in Grand Haven, was received by A. J. Emlaw from his son, Harley S. Emlaw, Tuesday afternoon. The message read, "Steamer Trent off Florida. Arrive New York Wednesday." It was sent from the steamer Trent of the Royal Mail Steamship Packet Co. and was received at the wireless station at Atlantic City, and from there relayed to New York city and then sent to its destination, Grand Haven. From off the Florida coast to Atlantic City is a distance of hundreds of miles. The Marconigraph with its jump from the electric station on board the steamer to the receiving station at Atlantic City and from thence by Western Union to Grand Haven cost but \$2.

Micheal Hall was arrested Friday on complaint of Liemmen Slagh who charged Hall with assault and battery. Hall was arraigned in Justice Van Duren's court, pleaded guilty and paid a fine and costs amounting to \$5.

On complaint of Mrs. Henry Baumgartel Officer Koeman arrested Okka Bosma Monday on the charge of using profane, indecent and obscene language in the presence of women. His bail in Justice Miie's court was fixed at \$200 and he will appear for trial on Saturday afternoon.

Harry Landaal, son of Mr. and Mrs. H. Landaal, living on West Ninth street, died yesterday of tuberculosis. He was twenty-two years of age and is survived by his parents, a brother and sister, Lester and Aleta. The funeral will be held Saturday at 1:30 from the home and at 2 o'clock from the Third Reformed church.

George Zonnebelt was arrested Monday afternoon by Marshal Kamferbeek, the charge against him being adultery. The complaining witness is John Van Munster, who claims that Mrs. Van Munster and Zonnebelt have been intimate, the specific date mentioned being March 31. Zonnebelt was arraigned before Justice McBride and demanded an examination. Bail was placed at \$750.

Miss Katherine Kraai of New Holland, daughter of Frank Kraai, died yesterday morning of a severe attack of typhoid pneumonia. The deceased was 15 years of age and is survived by a father and several brothers and sisters. She would have graduated from the New Holland school this spring and over study precipitated her illness, her health having been poor before she was finally forced to leave school. The funeral will occur Saturday from the home at 12:30 and a half hour later at the church, Rev. J. Wesseling officiating.

Peppermint around Fennville report much damage to the roots in old beds by the severe freezing and this damage will have a tendency to materially shorten this year's crop of oil. About 700 acres of mint is being set on Campania farm by the A. M. Todd Co. and several setting machines and fertilizer drills are being used, a small army of men being employed. Commercial fertilizer is drilled into the rows on the land which has been heavily cropped to increase the yield.

It has been suggested that since the old Cutler House at Grand Haven was closed that the business men get together, organize a stock company and open it once more. The proposition has not been attended with any great measure of enthusiasm however and it is not likely that the plan will be carried out. The Cutler House, it is said, has been a money loser from the day it was erected and while its closing is generally deplored by town people no one seems ready to open it again for simply sentimental reasons.

Relatives in Zealand have received a letter from Mr. J. Van Dyl, principal of the high school at Johannesburg, South Africa, Tuesday, stating that the harvest which gave promise of great things, is almost a total failure on account of destruction by locusts several weeks ago. For miles roundabout the heavens were black with them. When they had settled, the crops which one hour before had been masses of waving green were devoured till nothing was left. When the locusts again took their flight the corn fields presented nothing but bare stalks. Mr. Van Dyl writes that in a single hour a small plot of green grass turned from the green of grass to the grey of earth, so closely had the grass been devoured. About five years ago this same plague was experienced. Peaches, apples, and fruits of a like nature escaped, since they had already been picked. Speaking of his own work, Mr. Van Dyl says that teachers find much difficulty in teaching the Boer children English on account of the hatred for everything English since the late war.

BOARD OF EDUCATION.

Sealed proposals will be received at the secretary's office until 4 o'clock p. m., Monday, May 13, 1907 for furnishing all the material and labor necessary in the erection of a new school building, including plumbing, on Van Raalte Ave., between 19th and 20th streets. Plan and specification may be seen in the office of Jas. Price, architect. Proposals must be accompanied by a certified check equal to 5 per cent of the bid. The board resumes the right to reject any and all bids.

An Old Resident Dead.

Cornelius Braam, sr., a resident of this city for 41 years, is dead. He was 85 years of age, and had been ill since February. Ten days ago his condition became critical and death occurred Tuesday evening at the home of his nephew, Peter Schoon, 26 West Sixth street.

Deceased came here from the Netherlands with his wife and three children. He was twice married. His first wife died 27 years ago, and the death of his second wife occurred 12 years ago. He is survived by one son, Cornelius Braam of Grand Rapids, and a daughter, Mrs. G. Passmore of Chicago.

Mr. Braam was a familiar figure on the street. For eleven years he was employed by A. Siekete and by Kanter Bros. for a long period.

This funeral will take place this afternoon at 1:30 from the Schoon residence and at 2 o'clock from the Ninth street church, Rev. A. Keizer and D. Drukker officiating.

Holland will Celebrate.

The Fourth of July will be here before long, but Holland is getting ready for it. At the rate at which the work is pushed now, all the details will have been attended to long before the day is here. Monday night the first meeting of the executive committee was held at the home of secretary John S. Dykstra. At that meeting all the committees were named for the details of the celebration.

It will be the grandest celebration ever held in Holland. Now that this city has furnished the congressman for the fifth district, it is but apt that he should take part in the celebration and the committee will try to engage him as one of the speakers. The parade will be the most spectacular feature of the day. In the parade will be carriages, automobiles, pony carts, all decorated, floats of the different industrial and business institutions, bands, societies and other organizations and the fire department with its equipment. All this will be supplemented by a varied program of sports and fire works.

The following committees were appointed:

Executive—Jacob Lokker, chairman; John S. Dykstra, secretary; John B. Mulder, M. Witvliet, Chas. A. Floyd; honorary members, Mayor Jacob G. Van Putten, E. B. Standart.

Invitation and reception—W. H. Beach, G. Van Schelven, George E. Kollen, B. D. Keppel, Henry De Pree, Luke Lugers.

Finance—J. B. Mulder, G. W. Mokma, custodian; A. B. Bosman, Jacob Lokker, H. Van Tongeren, Otto Kramer.

Parade—E. B. Standart, Con. De Pree, W. H. Wing, John J. Cappon, B. P. Donnelly, Fred Kleyn, Benj. Du Mez, R. N. De Merell.

Advertising—Chas. A. Floyd, Arthur Van Duren, Benj. A. Mulder.

Transportation—B. Van Raalte, jr., E. P. Stephan, C. M. McLean, Chas. A. Floyd, R. Easley.

Sports—N. J. Whelan, Frank Pifer, Wm. Van der Hart, W. W. Hanchett, Fred Kleyn, Chas. D. Hensen, Robert De Pree, John A. Kelley, Jacob Lokker.

Music—John Vandersluis, A. H. Meyer, Henry Luidens, John Rooks, Nicodemus Bosch.

Fireworks—Austin Harrington, M. Witvliet, Cecil Huntley, John S. Dykstra.

Grounds—Albert Hidding, John Zwemer, Henry Nykerk, Arie Zanting, J. H. Purdy, Len Visser.

School committee—W. T. Bishop, B. Stekete, Henry Geerlings, Henry Van der Ploeg, M. Dykema.

Chief marshal of parade—Jacob Lokker.

Assistant marshals—Seth Nibbelink and P. F. Boone.

Souvenir book—H. R. Brink, W. R. Stevenson, Ben Mulder.

Street decorating—Jas. De Young, E. M. Osborne, J. A. Van der Veen, Bert Slagh, Wm. O. Van Eyck, Wm. Van Dyke, Chris Nibbelink, George Lage, Chas. Dykstra.

The first meeting at which every member of the committees is requested to be present, will be held next Monday evening at 7:30 in the G. A. R. hall in the First State bank building.

Hope College News.

Tomorrow, Arbor Day, will be observed by the Senior class. A number of trees and vines will be planted on the campus and efforts will be made to stop the walking on the unauthorized paths that cross the campus.

The closing exercises of the Seminary will occur next Wednesday evening at the First Reformed church of this city.

On this occasion Rev. Henry Hospers, jr., of the classis of Wisconsin will give the address while the seminary will be represented by W. G. Hoekje and J. Van Zomer, both of the graduating class. The former will speak in the American and the latter in the Holland language.
