## DUNCAN GATE CONSTRUCTION WELL ALONG

GRAND HAVEN WOMEN'S CLUB  
ERECTING STONE MEMORIAL

**ENTRANCES**

The Grand Haven Duncan Park entrance is being beautified by the erection of four beautiful natural field stone pillars by the Women's club in that city in memory of the park donor, Martha Duncan and her husband, Robert W. Duncan.

The club has long had this project in mind but due to the paving of Sheldon road and other considerations it has been deferred for several years.

The foundations for the pillars were put in by the city and the plans were drawn by an architect from Grand Rapids. They are large, dignified and stable in design and construction.

and Spencer of Spring Lake. The top of each pillar is surmounted by an electric light and on the right hand pillar at each entrance, a bronze tablet with the names of Martha and Robert Duncan appear telling when the gift was made and by whom the pillars are being erected.

## BARRYMORE ONCE WAS NEWSPAPER MAN

John Barrymore, who is amazing and delightful motion picture fans in his appearance as Francois Villon in "The Beloved Rogue", now showing at the Holland theatre, has achieved a position of eminence in his profession that seems to have been indicated from birth.

For Barrymore, whose portrayal of the impulsive, whimsical Villon, poet, beggar and thief of fifteenth century Paris, is the best thing he has ever done for the screen, descends from an old American stage family.

His father was Maurice Barrymore, well known actor, and his mother was a sister of the great John Drew. His brother, Lionel, is one of the present, most prominent actors on the American stage and the fame of his sister, Ethel, is international.

## COMMUNITY FAIR RACE PROGRAM IS THE BIGGEST YET

Every department of the Holland fair has improved within recent years—Poultry, cattle, art hall, horticulture and so on. The special attractions have been growing better year by year, until from that standpoint there are few fairs in Michigan that can surpass Holland. On the race course, the Holland fair was always a little weak, but in that department this year there will be a big improvement.

The community fair directors, at a recent meeting, joined the Wolverine fair racing circuit, and all the horses entered in this circuit also come to Holland. The cities in this circuit are from Holland, Greenville, Michigan State fair of Detroit, Saginaw County fair, West Michigan State fair of Grand Rapids, and Northern Michigan fair of Traverse City.

The circuit will start at the free fair at Fonia, August 15 to 30 and will make Holland the old pace also, August 23-26. Already 70 entries have been made for Holland, speed secretary James Nibbelink states, and by the time entries close just before the fair it is expected that there will be 125 horses in all.

There will be four races each day, and the best of horse flesh is to be here. In the list of 70 are such horses as Dolly Varden, Eugene Brooks, Zip, Twilight, Helen Wood, Ottawa Todd, John Q. Ivanhoe, Irish Rose, Alu Direct and others, all horses whose names are often seen on the sport page of the daily newspapers.

The directors have also decided to spend again as much money for races as in former years. The 2:18 pace carries a \$600.00 stake; the 2:20 trotting stake is also for \$600.00; the 3 year old trot has a stake for \$500.00. It can be readily seen that these sums are worth racing for.

There are also \$2,200.00 in cups to be given away. However, the speed committee asks that the donors of these cups be not named at this time, since others may be added to the list.

The community fair of 1927 will see the greatest race meet ever held in Holland, lasting three days. For that reason preparations are also underway to put the track in shape to meet the demands of this large throng of horses. The entire course is being surfaced with clay and more than \$1,000.00 is being spent to do this work.

Secretary Arendshorst states that not alone will there be more races but there will be many more starters in the different classes. The five or less horses to start as heretofore, there will be from 10 to 12 in each class.

The speed committee, composed of Jim Nibbelink and Andrew Klompars, is elated because of the showing made and fair patrons will likewise be pleased that such an excellent race card is being arranged for.

## VOTE OF OTTAWA'S REPRESENTATIVES IS REPORTED

Several important measures brought divisions in the House and Senate last week and perusal of the legislative journal of interest to note how Ottawa County's solons voted.

Senator V. M. Martin of Fruitport voted with the administration which on a 20 to 7 roll call refused Senator Lennon's attempt to get the Quinlan deficiency appropriation bill back from the House.

Senator Martin voted for capital punishment which finally got by in the Senate, 18 to 13. He was one of eight senators who voted against a bill to prohibit fortune telling for money.

Rep. Fred McEachron of Hudsonville voted for the Leland 3c gas tax which passed 65 to 26. He also voted for immediate effect but the two-thirds needed could not be rallied.

The bill modifying the probate court regulation of children found McEachron among 35 negative votes which killed the measure on a roll call. While Rep. McEachron voted with the affirmative majority rather regularly last week he was a solitary opponent of the election bill which passed the house with 91 affirmative votes.

## TWO DIE IN THE SAME HOUSE IN 2 DAY PERIOD

Trouble certainly came in a large lot to the families of Albert Witteveen and John G. Witteveen at their home on the lake shore. Within three days there were two deaths in the same home, one child is ill with scarlet fever, the home is quarantined so that the funeral will have to be held in a tent.

Mrs. John G. Witteveen died suddenly Sunday night of heart failure. Tuesday evening Mrs. Albert Witteveen, a daughter-in-law, died of toxic goiter. She was 32 years old and lived in the same house in which the elder Mrs. Witteveen passed away and in which her son Harold is ill with scarlet fever.

She was formerly Miss Gertrude Klompars of this city, and is survived by her husband, four children, John, Harold, Doris, and Carrie; also by her parents, Mr. and Mrs. Henry Klompars, 32nd street and First avenue and six brothers and sisters, Jacob of Grand Rapids, and Leonard, James, Frank, Lina and Mabel of Holland.

The funeral will be held Friday afternoon at two o'clock in a tent near the house, if the weather permits. In case the weather is bad the services will be held in the Hardewijk Christian Reformed church, Rev. A. Keizer and Rev. B. Essenberg, of Drenthe, an uncle of the deceased, officiating. Interment will be in the Holland cemetery.

## LOCAL SCHOOL AGAIN ON ACCREDITED LIST

Word has been received by the officials of the Holland Christian high school that the school has again been placed on the accredited list by the Michigan Central association. The school has been on the list continuously since 1925. At one time the credit held good for two years but now it has to be renewed every year.

Landsburg, chairman of the western Allegan county apple blossom day, has announced the following program will be given at the Loomis school, three miles west of Fennville, on Sunday afternoon. Picnic dinner at 1:30; introduction, Rev. A. S. Williams; remarks, Keith Landsburg; invocation, Rev. E. J. Cross; addresses by George Friday and Rev. George A. Brown and special music.

## MOTHERS FETED BY S. S. CLASS

The Semper Fidelis class of the 1st Reformed church very sociably entertained with a mothers' party on Tuesday evening at the home of Miss Wilma Vandebunte. A short program was rendered and games were played after which a dainty two course lunch was served. The following were present: Mesdames Van de Bunte, L. Potter, S. Kurz, J. De Boer, P. Vinkemulder, J. Hoffman, S. P. C. Stam, H. E. Was, J. Westbroek, B. Shoemaker, J. Davidson, C. Knoll, A. Teerman. The Misses Hilda Kampen, Harriet Pas, Jeanette Hoffman, Berdiena C. Vinkemulder, Evelyn Westbroek, Wilma Van de Bunte, Cornelia Kurz, Marian Kurz, Dora Feikema and Henrietta Brinkman. Prizes were won by Mrs. S. Kurz, Mrs. J. De Boer, Mrs. J. Hoffman, Mrs. Van de Bunte, Harriet Pas, Henrietta Brinkman, Alice Teerman and Marian Kurz.

The rooms held the fragrance of beautiful roses and as the party adjourned the roses were presented to the mothers. All reported an enjoyable evening. Miss Berdiena Vinkemulder is the teacher of the class.

## COMET TO MAKE ITS FIRST VISIT IN SIX YEARS

Washington, D. C., May 11.—The notorious Pons-Winnecke comet will make a very close approach to the earth towards the end of next month. When it was last seen six years ago, there was much absurd talk about the possibility of it colliding with the earth. As a matter of fact, its nearest approach was about 13,000,000 miles.

On June 26th it will come within 4,000,000 or 5,000,000 miles of the earth. Rather than being the "terror" it was popularly supposed to be in 1921, it is about as harmless an object as could be found anywhere in the universe.

It has been known for over a hundred years, and never seems to have been more "terrifying" in appearance than as a roundish patch of luminosity with a stubby sort of tail. More often than not, indeed, it has not even glared in a tail.

One might just as well talk of the impact of a tennis ball shattering the Washington Monument as to suggest this filmy comet demagoguing the earth. If it did happen to bump into us with its fuzzy-looking head—and it is 10,000,000,000 chances to one against it—what precisely would happen?

Why, nothing but what the inhabitants of the earth would really enjoy—a very pretty shower of shooting stars, because the comet's head (or centre) is made of gritty, dusty particles which, when any stray ones come our way from other comets, "shoots" across the sky in a vivid streak of fire.

Indeed, this notorious "terror" is already beginning to shed some of its dusty speck along its path, for at the time of its visit the earth is crossing its path a number of these specks are to be seen darting through the atmosphere as shooting-stars.

But what about the tail—if it should have one? A flat disappointment, with not even the picturesque effect of a head-on collision. A swish from the "terror's" tail would have no more effect on the earth than would a swish from a feather.

All the talk in 1921 about poison-gases and other horrors in the tail of this comet, was simply stupid scaremongering. What is really of interest is whether the comet will make the nearest authenticated approach to the earth on record.

If some past records are to be relied upon, it certainly will not, for one comet in the sixteenth century is said to have been only 720,000 miles from the centre of the earth. At any rate, however close the sixteenth century visitor from space was to our globe, nothing happened—just as nothing is likely to happen on this occasion, except, perhaps, a pretty little sprinkling of shooting stars which the comet has shed in its tracks.

Astronomers in many parts of the world are preparing to take observations of the comet on its nearest approach to the earth, in a view to determining its exact location so that its future movements may be accurately charted. Efforts also will be made to measure the comet's brightness and to determine its composition. The tail of the comet, which has a tail—will be most clearly visible as the comet approaches nearest to the sun. On its nearest approach to the earth, which is scheduled for June 26, the comet is expected to be clearly visible to the unaided eye.

## Wright Players In Fine Comedy

The Sterlings and the Pembroke are having their little jokes this week at Powers, Grand Rapids. "Lex" Luce has stepped into a new stage character in L. X. L., radio announcer extraordinary. As such he tunes in at a critical time in the career of James Sterling, greases the wheels of progress for his young man and accepts nothing in return for his good advice.

Walter Vaughn is playing the role of Sterling, a young married man not quite satisfied with his earning power. His sweet wife calls him "Lollypop" which pet name sticks to him throughout the play. The wife brings much comfort to the play. "If I Was Rich" through her pranks and extravagance, while Baker Moore, one of the Pembroke's referred to, shows that even the "wise ones" sometimes can be taken in.

Betty Hanna plays the role of the wife and Baker Moore, the husband. Alex Luce has a capital role which gives him opportunity to do some clever acting.

Miss Grania O'Malley, the new member of the company who replaces Margaret Fitch makes her initial appearance with the company in this play in a comedy role. Bertha Creighton, Dean Jagger, Walter Vaughn and other members of the company are cast in congenial parts.

The Wright Players have only three more weeks to run after this week and the three final plays for the season are likely to be among the best these popular players have presented. "Old Heidelberg," next week's offering, is likely to show to record attendance, while "Othello 686" and "The Ghost Train" will send patrons home satisfied they have laughed to the very end.

## JAMESTOWN MAN IS CLEARED OF A SERIOUS CHARGE

There was a tense moment in Prosecutor Clarence Lokker's office in Holland at 6 o'clock Tuesday evening when a young girl from Jamestown entered and made a voluntary confession stating that she had falsely accused Harold Scholten, a young man also of Jamestown, charging him with a serious crime.

In February Miss Henrietta Kuipers charged young Scholten with rape. The complaint was made before Justice Charles K. Van Duren and when Scholten was arraigned he emphatically denied the charges made. He demanded an examination, which was granted him. Scholten, however, was bound over to circuit court for trial and his case took up two days in court in March. On March 29 he was convicted on the testimony of the girl, but immediately the case was carried up to the supreme court by Scholten. The higher court has not yet rendered a verdict on this appeal.

In the meantime a child was born. The baby died Sunday, and in sorrow and remorse following the death of the infant Miss Kuipers came to Holland and in the presence of Mr. Lokker and Mr. Den Herder broke down and confessed that Scholten was innocent. She wished to take this occasion to clear him of all charges made against him by her. A written confession was signed and is now in possession of Mr. Lokker.

Attorney Clare E. Hoffman of Allegan represented Scholten in his appeal to circuit court, and he has already demanded a new trial on other evidence that would clear Scholten of the charge. However, the affidavit of the girl will make a new trial absolute, and without doubt will be granted by Judge Cross immediately.

Prosecutor Lokker stated that as soon as the time was set for the new trial, he will ask Judge Cross to nollepros the case, giving young Scholten a clear bill.

Had the girl not confessed and had the supreme court decision gone against Scholten, the punishment would have been severe. The extreme penalty on a charge of this kind is a life sentence, circumstances in the case largely governing.

## GRAND HAVEN MUSICIAN IN EAST LANSING BAND

Walter J. Dreager has been a regular member of the renowned Michigan State College military band this year at East Lansing.

The Grand Haven boy who plays the clarinet is enrolled as a freshman at the college. The Michigan State military band plays at all important college functions and for parades and conventions held in Lansing. It attended Blossom Week at St. Joseph last week.

Those who have heard the State College band are unanimous in declaring it one of the finest college musical organizations in the country.

The May term of circuit court will be convened by Judge Orien S. Cross next Monday, when those charged with criminal offenses will be arraigned and the dates for hearing cases will be set. The jurors will not report for duty until May 29.

There are nine criminal cases listed, the two most important being those of James Eckert and Earl Childs, held in connection with the recent Macatawa Park fire.

It is not merely a matter of chance that Andrew Hyma, Charles Vos and Charles Ash are serving as the three officials of the Holland sea scouts. Hyma is the skipper, Vos first mate and Ash second mate. They are filling these three positions as officers because serving together has become a tradition with them through the years and they would not feel natural if they were not associated together in some service. Hence when last year the Rotary club assumed responsibility for the organization of the Holland sea scouts the three men joined forces and pledged themselves to develop the troop.

It was as far back as 1908 when Hyma, Vos and Ash, then hardly more than youngsters, decided to join the United States navy. They left Holland together and entered the naval training station at Norfolk, Va., together. After their period of training they all three were assigned to the armed cruiser "North Carolina," then the finest and best armed cruiser in the navy. This vessel was fortunate enough to be assigned to special service, which meant that the three Holland boys, who soon developed a bond of friendship in service not unlike that which united the heroes in the famous "Three Musketeers," had an opportunity to see many celebrities and go to many interesting places. For instance, they carried Mr. Taft to the Philippines on his mission to the islands, and they carried many another noted political figure.

When the battleship "Maine" was raised from Havana harbor, carried out to sea and given burial there, the ceremony was conducted by the "North Carolina" and the three Holland boys had a part in it. The vessel brought back 65 boxes containing the skeletons of the heroes who died when the "Maine" was sunk in Havana Harbor in 1893.

With their ship they traveled all over the world, as far south as Venezuela and the Argentine and as far east as Palestine; also all over Europe and over many other parts of the globe.

The three Holland boys served together for four years, the period of their enlistment, and then received their honorable discharge together. In the years that followed they continued the friendship formed during their navy service and at the opening of the World war they were among the first to offer their services to the government. Two of them served abroad and one in domestic service during the period of the war.

And now all three are officers of the Holland sea scout troop and making a big success of it. They have 37 boys in their crew and have four boats. The sea scout troop will make its first public demonstration on Memorial day, when the people will have an opportunity to see what such a troop looks like.

Dr. Charles F. Marvin, head of the weather bureau in Washington, said Nungesser had not requested special advice from the weather bureau. The French meteorological institute, he added, receives weather reports broadcast by navy wireless.

The friends and relatives present were: Jeanette and Irene Diekema, of Jenison, Helen Van Dyke and Fanny Balders of Holland, Johanna Terpstra, Gertrude Smith and Ida Smith of Borculo, Ida Kuypers, Alice Kuypers, Edith Van Lier, Lena Brinks, Nellie Hirdes and Anna Krol, all of Zeeland city. Fire again visited Borculo on last Monday forenoon when Bert Gebben's home, about one and a half miles east of that village burned to the ground. The loss was total, amounting to some three thousand dollars, carrying about one-third of its value insured. The furniture was all rescued by the help of neighbors who flocked to the scene. The fire was discovered by Mrs. Gebben when she heard the crackling of the flames on the roof of her home. She had built a fire for the purpose of doing some baking and when she first heard the fire she thought the noise was caused by the children at play. It is probable that fire brands from chimney fell on the roof and set it afire. The house had been built about twenty years ago and the wooden shingles had become sufficiently old to be in a very inflammable condition. The hand chemical fire fighting apparatus from both Borculo and Hudsonville were called and both responded. They at first seemed successful because they got the flames well subdued, but the fire had too great a start, since it had eaten its way into the partitions where the firemen could not get at it and soon spread all over the building.

**DECORATION DAY  
PLANS ARE MADE  
AT PUBLIC MEET**

Despite the terrific storm, thirty citizens got together in the G. A. R. rooms in the city hall Monday night to plan for suitable Memorial day exercises. Mayor Nick Kammeraad presided over these deliberations and B. A. Mulder acted as secretary. It was practically the same group of men who have gathered from year to year covering a long period who again were present Monday evening.

G. Van Schellen, late commander of A. C. Van Raalte Post, had not missed a preparation meeting for at least 40 years, and his absence was immediately felt by those who had taken part in these meetings each year with him.

Memorial Sunday always comes just before Decoration day and this year it so happens that the two days follow each other. Memorial services are to be held Sunday morning, May 29, at the Sixth Reformed church. Rev. J. H. Bruggers officiating. Mr. Bruggers was also named chaplain of the exercises on Monday, May 30.

It was decided to hold the exercises in Centennial park, as usual, beginning at 9 o'clock sharp, after which the procession will be formed marching over the principal streets of Holland followed by exercises at Pilgrim Home cemetery in the usual way.

As has been the custom, the oratorical contest winners at Hope college and Holland high school were chosen as the readers of the day. Miss Hazel Albers of Hope will read Lincoln's Gettysburg address at Pilgrim Home cemetery and Miss Tillie Maselink will give Gov. Fred Green's proclamation at Centennial Park.

As has been the custom, Mayor Nick Kammeraad will act as president of the day and he will introduce the orator, John C. Ketcham, congressman of the fourth district of Michigan, who is an able speaker.

The marshal of the day will be Dr. Wm. Westra and he will be assisted by Mr. John Boone, J. A. Riemersma and Oscar Johnson. The bugler will be George Mooney who has served in this capacity for many years.

The committees appointed follows: Executive—Charles H. McBride, E. P. Stephan, Mrs. G. J. Diekmann, Jacob Lokker and John J. Riemersma. Finance—Henry Winter, Otto P. Kramer, and Wynand Wickers.

Program—Dr. A. Leenhouwer, Mrs. John S. Dykstra, B. A. Mulder, M. Vande Water, Francis Geiger and Marinus De Fouw.

Parade—John Homfeld, Mrs. George Pelgrim, Ernest Brooks, J. A. Riemersma, Frank Lieveens, Henry Geerts, and Ben Lieveens.

Flowers and Decorations—Harry R. Doesburg, Fred T. Miles, John Van Bragt, Benj. Hamm, E. E. Fell, Gerrit W. Kooyers, Al Van Lente and Jack Knoll.

Grounds—Herman Wolman, Jack Knoll, M. Van Bragt, Henry Woudstra, Eugene Goudeau, Martin Jappinga.

Music—John Van Vyven, A. B. Dickson, Peter Stegema, Peter Prins and Ray Knoolhuizen.

Conveyance—John Boone, Andrew Klomparsen, Martin Vander Bie, Ed Leeuw, Peter Lieveens, A. De Weerd, Sears McLean, Henry Venhuizen and Archie Vande Wal.

These committees are now at work and will be asked to report at a meeting to be called next Monday in G. A. R. hall at 7:30 o'clock.

It is about 100 feet long and is nearly finished. It is being built alone at the time, but patriotic citizens generally are asked to take part in the meetings.

**PRICE OF GASOLINE  
IS CUT TWO CENTS**

Grand Rapids Herald—Instead of the usual \$1.04 for five gallons of gasoline, Grand Rapids residents will be taxed only 94 cents today. The Standard Oil company announced Monday night that the beginning at midnight Monday night, a cut of two cents per gallon would become effective. This brings the price down to 19.7 cents.

Grimes & Madigan have announced that the same reduction will go into effect at their filling stations. It is probable that other companies will make the same reduction.

**CLEANUP WEEK NEXT WEEK**

Governor Fred Green has set aside next week as cleanup week throughout the state. In accordance with this policy, Mayor Kammeraad and Fire Chief Blom wish to call this to the attention of the citizens of Holland, asking them to co-operate and clean up the city of Holland of all dirt and rubbish that has accumulated in alleys and back-yards during the winter.

Strangers consider this a beautiful town, and never fail to call it a clean town. It goes without saying that Holland will not fail to clean house next week.

SENT TO SOUTH**

At ten o'clock Tuesday morning one half of an express car full of clothing left the depot at Holland bound for Red Cross headquarters at Memphis, Tenn., where the goods will be distributed to the flood victims. All these goods were collected Saturday by boy scouts, with a few bundles coming in on Monday. The packing was done on Monday evening and Tuesday morning by members of the national guard under the direction of Captain Henry Geerts. Mr. Stringer of the American Railway Express company, came to headquarters at the army Monday night with tags and gave instructions, thus materially helping the work along. Everybody all along the line helped to make the canvass a success, and all of it was one of the most satisfactory pieces of relief work ever done here.

The number of persons contributing was approximately 135. The boy scouts troop nine of Hope church and the supervision of Scout Leader Edward F. Hilder, collected more than a hundred bundles on Saturday morning and a few on Saturday afternoon. Two trucks were used, donated for the purpose by the Peoples Garage. About five scouts were sent along with each truck to collect the bundles. About thirty persons delivered the goods at the army themselves.

The condition of the clothing was for the most part excellent. The people donating goods showed a great deal of common sense as to the kind of things they sent. There was almost nothing that could not be used by the flood victims.

The national guard devoted half of their drill period to the work of packing Monday night, and Tuesday morning six volunteers were on the job at eight o'clock to finish the work. The job could not be finished Monday night because of lack of packing boxes, more goods having come in than had been expected.

The clothes canvass was a success due to the good work of the boy scouts under the direction of Scout Executive F. J. Geiger, the work of the national guard under the direction of Captain Geerts, the Rooks Transfer and Peoples Garage.

The canvass originated in a personal letter written by Mrs. Maurice Vischer, of Memphis, Tenn., to her parents, Dr. and Mrs. Albertus Pieters. Mrs. Vischer suggested such a clothing drive in Holland, showing how the goods could be used to great advantage in the flood area. Dr. Pieters communicated the idea to Scout Executive Geiger who organized the movement.

The present offer of the government to veterans of the World War to renege their lapsed war time insurance by the payment of one month's back premium will expire on July 2, 1927, and there still remains lapsed in Michigan a considerable portion of the amount issued during the World War. The government offers a choice of seven standard life insurance policies at a rate from 15 percent to 25 percent cheaper than the same policy can be secured elsewhere and it is only necessary that the veteran pass a physical examination and pay one month's back premium.

# WAR ON DOGS IS DECLARED TODAY BY PARK HEAD

Park Superintendent John Van Bragt today declared war on dogs in the city of Holland and made the announcement that the city will be brought into play against those dogs that persist in ruining the flowers in the city's parks. Mr. Van Bragt has been greatly handicapped this spring by the depredations of dogs. Monday something like a climax came when a dog selected a beautiful tulip bed in Lincoln park to roll around in. When the animal departed he left broken of 90 beautiful tulips and spoiled the whole bed so far as semimetrics' beauty is concerned.

The small boulevard parks on the west end have also suffered greatly from dogs this spring. Hardly a park in the city that has not been harmed. The city spends a great deal of money for the culture of flowers for the enjoyment of all. The park employees work months over the flowers and give them anxious care, protecting them in every possible way. Then in a moment an unguarded dog comes along and ruins all this work.

Mr. Van Bragt today said with emphasis that a strong effort will be made to put a stop to it. He pointed out that there is an ordinance on the books of the city prohibiting dogs from entering the city's parks unattended. The penalty provided for in the ordinance is killing the dog. The owner of a dog is required by the law to keep the dog tied up or on his own premises. If he fails to do this, he takes the chance of having the animal shot Mr. Van Bragt points out that the license tag is the protection. It merely means that the tax has been paid. It does not absolve the owner from the duty of seeing to it that his animal does not cause damage to the property of others.

Mr. Van Bragt said today that the last warning has been given. From now on there will be action. Everything will be done strictly in accordance with the law but he is determined to protect the parks.

Mr. and Mrs. Hunter Robbins and family, who spend the winter in California will come to their Spring Lake home about the first of June. —Grand Haven Tribune.

Mr. De Loof has had this experience and will take his final examination in June. In the meantime he is connected with the Model Drug company where he has taken a permanent position.

Mr. De Loof is a young Holland man a graduate from the local high school.

## ALLEGAN COUNTY TO LAY PLANS FOR JERSEY SHOW

Helm, county agricultural agent, announces a meeting of all Allegan county Jersey breeders will be held at the J. Barry auditorium in Allegan at 8 o'clock Thursday evening.

The object of the meeting is to make arrangements for the West Michigan Jersey Parish show to be held this fall.

# GRAND HAVEN IS CENTER OF BOARD OF FEDERAL MEN

Grand Haven is named as the center of the co-ordinating zone of the sixth area including the counties of Ottawa, Muskegon, Oceana, Mason, and Manistee counties and Postmaster George L. Olsen has been notified by A. O. Cook, area co-ordinator, that he has been selected to organize all the federal officials in that city at an early date to organize the Federal Business Association of Grand Haven.

The move is a consequence of the enactment of the Budget and Accounting Act of 1921 when it became apparent that necessity for the establishment of some federal co-ordinating agency which would enable the President of the United States to co-ordinate the activities of the different departments and establishments, as to insure the most economical expenditures of the funds appropriated by Congress. To meet this need President Harding created certain co-ordinating agencies under the direction of the co-ordinating service, including the organization of all federal field officials into Federal Business Associations.

A meeting has been called for Friday at 1:30 p. m. on the second floor of the federal building for the organization and election of officers. It will include the following: W. L. Phillips, deputy collection of customs; Commander William M. Wolfe, Coast Guard; Dr. C. E. Long, Public Health Service; Captain William M. Preston, Coast Guard; H. E. Heyer, Weather Bureau; Mrs. Ruth Morely, home demonstration agent; P. C. Millham, county agricultural agent; C. C. Kikiloff, steamboat inspector; B. J. Gellick, steamboat inspector; L. Vanden Berg, construction superintendent; Serg. J. Plimes, Army, and Capt. William Rosie, U. S. Dredge, General Meade.

The bulletin suggests that even though local conditions may be such that the membership is relatively small, the personal contact between officials incident to the meeting of the association and the fact that all such associations are potential agents of the chief co-ordinator ready for use should the necessity arise, makes the organization of sufficient benefit to the government to justify the time and effort spent in the organization and meetings.

## EVERETT HEARING IN ALLEGAN NEXT FRIDAY

Examination of George Everett, aged Grand Rapids man charged with having been involved in an arson plot which resulted in the burning of his cottage and 34 summer homes in the \$350,000 Macatawa park fire last month, will be held in justice court at Allegan next Friday instead of May 17.

Fred Armstrong, chief of the state secret service, returned to Grand Rapids Thursday night after he had conferred with Justice Fides E. Fish of Allegan. Armstrong was in charge of the fire investigation which resulted in Earl Childs, 29, of Grandville, pleading guilty to setting fire to the Everett cottage, and in James Eckert Grand Rapids restaurant man, who Childs said employed him, being held to circuit court in Allegan for trial. Everett denies any illegal relations existed between him and Eckert.

## U. S. MAY ACT IN P. M. ROW

Government mediation is practically inevitable in the disagreement between members of seven employee brotherhoods and the management of the Pere Marquette railroad that threatens to send more than 2,500 men out on strike and cripple transportation over 2,000 miles of track, it was felt among employees.

The management and representatives of the brotherhoods appear to be at a deadlock concerning the appointment of an adjustment board that would settle the differences amicably before it is necessary for the government to enter the dispute in a last attempt to avert a walkout.

J. A. Anderson, superintendent of the Chicago-Potomac division of the road, explained that the road has no regular adjustment board. The company desires to appoint officials of the road to represent the management, such officials to be chosen from departments that have no direct interest in the situation.

The employees wish their representatives to be chosen from employees of other railroads, he asserted, but he declared that the management would not agree to this at it does not feel that such a committee would be sufficiently acquainted with the facts.

## REGULATIONS FOR SENDING FIREARMS BY MAIL ISSUED

Postmaster General New at Washington has just promulgated to enforce the recent act of congress making unmailable all firearms capable of being concealed on the person, except to authorized persons who are defined in the regulations. The law becomes effective May 10.

Authorized persons are defined as officers of the army, navy, marine corps or officers' reserve corps, officers of the national guard, officers of the United States or of the states and territories whose official duty is to serve process of warrants of arrest or mittimus of commitment, employees of the postal service, watchmen engaged in guarding public property and firearms manufacturers or bona fide dealers.

Parcels containing firearms must be plainly marked with the word "firearms" and the particular class of persons to which the addressee belongs must be indicated. In addition, the sender must file an affidavit with the postmaster that the addressee is entitled to receive the weapon. In the case of shipments to firearms manufacturers and dealers, statements must be furnished to that effect.

In all instances the addressee must call at the postoffice and establish his identity before receiving delivery. The law provides a fine of \$1,000 or two years' imprisonment, or both, for any attempting to mail firearms held by the statute to be unmailable.

## EAST SAUGATUCK MAN IS STILL MISSING ON MONDAY

William Lumen of East Saugatuck, who dropped from sight two weeks ago, has not returned and his family and friends are unable to account for his disappearance.

Lumen, it is reported, lost heavily in stock investments and this is the only tentative reason advanced for his disappearance.

Lumen came to Holland two weeks and placed his automobile in the garage of the Holland Co. Operative association, where it remained for several days before the ownership of the machine was discovered. The family was notified and the machine was turned over to his son.

# THREE CENT GAS TAX IS READY FOR GOVERNOR'S PEN

Lansing, May 6—Gov. Fred W. Green Thursday won his biggest victory since he assumed office. The Leland bill, increasing the gas tax to three cents, was passed by the house with amendments, sent to the senate and the amendments there concurred in.

The bill now goes to the governor for his signature.

The victory was a particularly outstanding one because the Leland bill had once been badly defeated in the house and because it was opposed by both the anti-tax and the anti-wayne, Genesee and elsewhere and by the farm bureau which had flooded the legislature with propaganda opposing the passage of the bill.

The farm bureau only Thursday morning placed upon the desks of the house members a letter and a resolution adopted Wednesday opposing any increase in the gas tax unless the weight tax was correspondingly reduced. In spite of those two objections the bill, it was passed with 65 votes or 14 more than was necessary.

It failed by five votes to win immediate effect and by one vote, because of very bad handling, to become effective July 1 in order to catch the tourist trade.

As it now stands the bill will not become effective until September so the state will not benefit any from the tax until the fall.

Since the defeat of the bill it has lain upon the table in the house. A few nights ago the governor just happened to meet with many of the house members and as the talk swung around to the tax question the Leland bill, a compromise was suggested which the governor accepted. Then began the work of overcoming the opposition from Wayne and from the farm-bureau. Nothing much could be done with Wayne, but the farm bureau showed no strength at all Thursday when the tax came.

The Dykstra amendment which gives to cities \$2,000 a mile on trunk lines within their corporate limits to be used for maintenance under the direction of the state highway commission, did not appeal to Wayne at all although Wayne county will get about \$300,000 a year for use in its cities.

The country members don't like that provision at all and many of them held their noses while they voted for the bill with that provision in it. But as soon as the bill was taken from the table Thursday the Hans amendment, providing that a portion of it shall be taken from the gas tax money and distributed among the counties, seven-eighths of it in proportion to the licenses issued and one-eighth or about \$1,000,000 equally among all the counties so as to help the poorer counties was offered.

This provision will mean that every county will receive about \$12,048 from this fund. Wayne fought against the amendment but it was carried. Then came the fight on the bill.

Following are the provisions of the bill:

One cent increase, to 3 cents, in gas tax.

State shall pay cities \$2,000 a mile for trunkline routes within their limits. This is to be used for maintenance.

Portion of gas tax money will be distributed among counties, seven-eighths of it in proportion to licenses issued and one-eighth or about \$1,000,000, equally among all counties.

With Gov. Green's signature the bill becomes effective next September.

## LOCAL WOMAN GETS WORD FROM THE FLOOD AREA

Mrs. G. J. Van Duren has received a letter from Miss M. E. Thoburn, in charge of the chapter service department of the mid-western branch of the Red Cross at St. Louis, in which the information is given that Miss Bussell, who is the field agent for Michigan and who frequently visits Holland in this capacity, is now stationed in Dardanelle, Arkansas, in charge of over 300 flood refugees. Miss Bussell was in Holland only a few weeks ago. Miss Thoburn writes that the whole Red Cross organization is concentrating on flood relief work, letting nearly all other work go for the time being.

In regard to the district where Miss Bussell is stationed, Miss Thoburn writes:

"New breaks in the levees in the vicinity of Millikens Bend, Louisiana, have added from five to seven thousand to the total number of refugees previously reported. The Illinois Central has been operating three rescue trains since last night between Delhi, Tallulah and other points. This service will continue until the water makes railroad traffic impossible.

"Twenty-five large boats and hundreds of skiffs and auxiliary craft are operating between Natchez and New Orleans on the west side of the river to meet emergencies. Refugees along the levee north of St. Joseph, La., will be taken to Vicksburg, Miss., and south of that point to Natchez, Miss. Those coming from farther inland will be concentrated at Delhi, La., and other points considered safe. Major John Lee, United States Army Engineer Corps, assures us today that Delhi will continue above flood waters and can be maintained as a refuge center. Red Cross representative states there is sufficient food there to last for several weeks.

"Twenty-eight seaplanes are now operating in the flood area under direction of the Red Cross Headquarters at Memphis. Twenty of these planes are now assembled at Baton Rouge, La., in anticipation of the development of a serious situation in that section. A midnight message last night from Baton Rouge states that the Standard Oil Steamer Corona is on its way there from the Old River section with 200 refugees on board. The camp already prepared at Baton Rouge will accommodate 8000 refugees."

## PEGGY AND HER NEW HUSBAND BACK; HE'LL FINISH COLLEGE NOW

Peggy Green Tyrell and her husband were welcomed by Gov. Green in his office, Lansing, Thursday. They returned last night after a whirlwind elopement.

"Everything is all right," the governor said, and he has invited the parents of the groom for a visit.

The newly wedded pair walked into the governor's office escorted by Mrs. Green. The governor shook hands, inquired about the health of his "new family." Peggy admitted it was very thrilling to elope.

The governor's daughter and her husband plan to remain in Lansing, at least until the groom finishes college. He will graduate from Michigan State college this spring.

## SUSPENDED PASTOR CONTINUES DUTIES AT GRAND HAVEN

In connection with the story of the suspension of Rev. Walter S. Bloom of Grand Haven, the Tribune says: "Rev. Walter S. Bloom, pastor of the 2nd Ref'd church, said today he would continue his duties here as pastor of the church until a further disposition of his case before the Muskegon classis to which the matter of his suspension from the church has been referred.

Rev. Mr. Bloom had nothing to say in regard to the action taken except that he had laid the whole matter before the meeting in Holland last week and the consistory of this church was with him and supported him in every way. The sympathy of the entire congregation is with him and they feel there is no reason for any move on the part of Mr. Bloom until the question has been definitely settled. He has been in communication with two members of the general synod, should the matter be referred to that board. Mr. Bloom looks for some special action of the classis before the general body meets, however."

## HOLLAND HIGH PLACES IN THE KAZOO MEET

Nine local high school track men were entered at the annual Western State Teachers' college track meet held at Kalamazoo last Saturday. Coach Hartman entered men in the low and high hurdles, 100, 220, and 440 dashes, the javelin, discus, high jump and running broad jump of the field events. Holland totaled 15 points. Kalamazoo Central won the trophy, Grand Rapids South placed second, Benton Harbor third, and Holland fourth. Those following in total of points were Lansing, Muskegon, etc.

Clarence Tyse again starred for his school when he ran an exceptional race in the 440 yard dash. Having the handicap of a poor start due to the crowded track, Tyse passed the whole field and won by a spectacular finish, missing the record time for this event by less than a second.

Those from Holland who placed in their events were: Clarence Tyse, Gerald Breen, Donald Martin, and Gordon Van J. K.

Coach Hartman intends to enter his relay team at the state meet at Ann Arbor this week and possibly men will be entered in other events. Holland's relay team took third place in the 880 yds relay at Saturday's meet, where medals and cups were awarded by the state track association.

In the morning at the exercises in the high school Joseph Rhea was the speaker. He gave an address on conservation in Michigan. In the actual tree planting program, the students set out several hundred seedling pines that had been ordered from the state forestry department, setting them out at their homes and at the lakeside cottages. The boys of the biology department replaced the shrubs at the front entrances of the high school building.

## MR. JOHN PESSINK HONORED CITIZEN, HAS PASSED AWAY

This community has lost one of its highly respected citizens in the death of Mr. John Pessink, which occurred Wednesday night. He had been in health for months. His suffering at times was intense but he bore it patiently. He was taken to Blodgett hospital Sunday afternoon. An operation was performed on his face but he did not rally and he passed away Wednesday evening.

Mr. Pessink came to this country from the Netherlands at the age of 16 years with his parents. His father was a baker by trade and opened a bakery soon after his arrival in this city. Associated with him were his three sons who carried on the business and established a splendid reputation. They were enterprising young men and for a number of years did a good business.

Mr. Pessink was keenly interested in the growth of the city. He was always active and did all in his power to advance its interests. He could always be counted upon to do his part. He served the city as treasurer for two terms. Although not an office seeker, he believed in good citizenship and gave considerable of his time to the welfare of Holland. He watched its progress and growth with keen interest.

He was always a deeply religious man, rigidly orthodox in his faith and scrupulous in all christian principles and practices. He continued his interest in church matters until advancing age forbade. He was a loyal supporter of every enterprise that made for a better community. He was one of the founders of the Third Reformed church in this city and from the very beginning toiled and gave until it has become one of the strong churches in the Reformed denomination. He served as deacon and later as elder. For thirty years he labored and found great satisfaction in the fact that the membership increased from time to time. The several pastors who ministered to this church found in him a staunch supporter. Mr. Pessink was never nor in health but in every way assumed his responsibility. He was a man to count on, dependable as the stars in their courses, yet ever a considerate, adaptable, companionable worker in the ranks.

Mr. Pessink was 77 years old. He is survived by his wife and two children, Bert of Grand Rapids and Gertrude of Chicago.

## IS FOUND DEAD IN HIS YARD

Rempt Warner, a lifelong citizen of East Holland, having been born on a farm near the Niekirk church and having lived there all his life, was found lying dead in his yard Friday by one of the members of the family. Death was due to a stroke of apoplexy.

The deceased was 63 years old. He is survived by three children—Tom of Zeeland, John of East Holland, and Maggie at home, also by two brothers and two sisters—Dirk of Holland, Isaac of Grand Rapids, Mrs. L. Morkma and Mrs. J. Jaansen of Holland. The funeral was held Tuesday at one o'clock at the home and at 1:30 p.m. at the Niekirk Christian Reformed church. Rev. N. Gelderloo officiating. Interment was in the East Holland cemetery.

## STUDENTS SWELL THE FLOOD FUND

On Thursday morning a collection was taken at the chapel exercises of the high school to swell the fund which this city is making up for the aid of the flood victims in the south. The students have already contributed \$600.00 and the fund is growing rapidly. This campaign is sponsored by the student council and a speech, made by Alderman Chester Kramer, initiated the fund. Various sums have been raised through the year and the present one again evidences the sympathetic spirit of the school pupils. Yesterday the school mottoes, painted on canvas in attractive colors, were hung at opposite ends of the second floor corridor. The motto, "The strength of the wolf is the pack, and the strength of the pack is the wolf." To be found. A dainty three-course luncheon was served at which a color scheme of yellow and white was effectively carried out. The guests present were: the Misses Lucile Meent, Ella Lansing, Betty Keegstra, Bertha Nienhuys, Kay Vos, Frances Vander Mey, Martha Bos, Joe Piers, Minnie De Haan, Louise Unema, Gertrude Beckman, Dorothy De Goeder, Zera Vrieling and Mesdames H. Vrieling, R. Wolters and E. Vrieling. Miss Vrieling was the recipient of many beautiful gifts.

## SOUTH HAVEN POST MEMBERS GUESTS HERE

The members of the Legion Post of South Haven were guests of the Holland Post at their meeting Wednesday evening. It was a most enjoyable affair, and the visitors declared themselves highly pleased with the short-cake, ice cream and coffee which was served after the meeting.

But by far the most interesting part of the meeting was the address by L. F. Allen, educational sales manager of the Holland Furnace Co. He spoke on the subject, "Forging Ahead in Business," interpreting the term "business" as applying to every gainful occupation of life. The address was inspirational and thoroughly helpful, emphasizing the fundamentals of successful living in a practical way. The business of the evening involved the preparation for Memorial day, and the big celebration of Fourth of July. Plans for this celebration are developing satisfactorily and the post is enthusiastic about the project.

Another event was announced which is going to mean one of the greatest Holland treats ever offered in Holland, namely the engagement of the United States government navy band which the Legion Post has contracted for to come to Holland next October. The Post unanimously endorsed the Red Cross appeal for the flood sufferers and offered to help in making the campaign a success in our city. Attention of the public is also directed to the fact that the Legion offers for sale the flags and flagstaffs, such as are used on our streets on holidays and on special occasions. These flags are also very useful for the homes, can be set out on the lawn or curb, are convenient, economical from the Commander, Jack van der Pluijm, plumbing shop, or at Lieveense Battery shop.

## CHURCH SOON TO CELEBRATE ANNIVERSARY

Third Reformed church of this city this year will celebrate the sixtieth anniversary of its organization. The date of its formal organization was Sept. 9, 1867. The church came into existence under the leadership of Dr. A. C. Van Raalte, who served First church as pastor for 20 years. There were 267 in the original congregation.

The first building was dedicated Feb. 14, 1868, and Rev. Jacob Vander Meulen was installed two days later as the first pastor. The church was destroyed by fire Oct. 9, 1871, and 17 days later steps were taken to rebuild. The framework was up by the end of the year, but was leveled by a severe storm Jan. 2, 1872. In less than six weeks a temporary building was completed. The foundations for the present building were laid in 1873 and the church was dedicated in November, 1874. The edifice since has been remodeled and enlarged.

Third church is one of the largest in the Reformed church in America. Recent statistics show a communicant membership of 978 and a Sunday school enrollment of 1,118. Rev. James M. Martin, who assumed the pastorate nearly six years ago, has the church in a most flourishing condition. Three former pastors became professors in Western Theological seminary.

The church supports two missionaries in Japan and one in Mexico. Miss Lucie Cappel was the first member of the church to enter the foreign field. She took up her work in 1891.

The present membership roll includes Rev. Jacob A. Vander Meulen, professor in Western Theological seminary, son of the first pastor, whose ordination was nearly 60 years ago.

## NEW TRIAL DENIED REV. HARNES IN HEART BALM SUIT

Mr. Klesgen obtained a verdict of \$3,150 in the circuit court after a jury had decided that the minister stole the life of his parishioner.

A motion for a new trial was filed and many reasons set forth why one should not be granted. The court dismissed the various questions raised and held that the verdict was not contrary to the great weight of evidence.

## ZEELAND PLANS HOUSE AS A HOSPITAL

Zeeland Record—The idea of a hospital for Zeeland, a matter that has agitated the mind of several of our citizens for some time, and which was publicly proposed through the Record in the last issue, came to crystallization on last Monday evening when the Exchange club, by unanimous vote decided to back the purpose one-hundred per cent.

There was a nearly one-hundred per cent attendance of members, besides several invited guests present, because of the proposed plans. Several men spoke on the subject, and all of them were of one mind, favoring the plan that had been worked out by Exchange club officials in readiness for this purpose.

When the officers of the club were once assured of popular favor they worked hard and fast. Their plan was a very concrete one and we believe it is going to carry over with a bang that will be hard in surrounding communities, even our neighboring cities where hospitals are already established.

In the short space of time the men had they secured an option and prospect of co-operation that cannot help but carry the matter through. First of all they have secured the co-operation of every physician in this section, as well as of Mrs. Hendricks who has rendered great service during much of her time. Then they have secured an option to buy the Van Stryzema home on East Central avenue at a very reasonable figure. This home can be secured immediately the plan is put into force, so there will be no waiting for building operations, and the repairs or rearrangements of rooms are negative matters.

The Van Stryzema home is very favorably located. It is a beautiful building with driveways both in front and rear, and it has a large number of rooms that will accommodate twenty private beds besides the main ward. To raise the finances, but the property will require only a few days. Some folks already having indicated a liberal willingness to contribute toward a fund of this kind. There are also several organizations that have indicated a willingness to give financial aid. Also several business men and institutions have indicated a willingness to maintain beds.

The matter is now in the hands of the Exchange club officers, to get means for securing funds, to which means have arbitrarily been placed at \$15,000. How this sum will be raised has not yet been decided, but it is probable that several teams of men will be chosen and a contest put on to see which team secures its quota first.

The method of governing the proposed institution has not been considered this far, but it is assumed that every contributor will have a voice in its organization. A committee has already made investigations to learn the best methods of government and the results secured at Allegan, Holland, Fremont, Grand Haven, Muskegon and Grand Rapids will guide them in their planning. The plan is to have several bad features that have cropped out in other places.

## HUNTING LODGE IS PROSPEROUS

A snipper and trap shoot were held Thursday night at Wakantanka lodge, on Pigeon river, about 14 miles north of Holland. ## GRAND TRUNK HAS WRECK NEAR COOPERSVILLE

Nine cars were derailed, two plunging over an embankment, and more than 500 feet of track was torn up one mile east of Coopersville on the Grand Trunk line last evening, when one of the cars apparently jumped the track due to a heavy sideways.

The train, composed of 28 cars, in charge of Conductor Floyd Fleming of Durand, and piloted by Engineer A. Andrews of the same city, was traveling at a high rate of speed when the wreck occurred. The train is a regular freight, plying between Durand and Grand Haven.

Two of the cars derailed, plunged over the 20-foot embankment, crashed through a fence, and came to rest within a few feet of US-16, which parallels the tracks at that point. The remainder of the cars stayed on top of the hill, although they were tilted at precarious angles and severely damaged the soft earth to a depth of four or five feet.

Six of the cars were loaded with coal and large quantities of the fuel were strewn about the tracks.

A wrecker was immediately started to the scene from Durand, and another, obtained from the Pennsylvania railroad, was sent to assist in the removal of the cars.

A special program will be arranged in commemoration of the denomination's centenary, to be observed by the general and particular synods. The statistics submitted at Thursday's session showed increases in all departments of church activity, with the exception of contributions to the general fund of the domain of the denomination.

It is expected to be the biggest May party that the local Knights of Pythias have put on. May parties have been an annual affair for the last seven years. The big pavilion at Saugatuck is the place as usual and a good movie will be running. The movies will start at 8 o'clock and there will be dancing from 9 to 12:30 o'clock. The committee has secured 30 good prizes, which will be given away during the evening. Music for the dancing will be furnished by Duin's local orchestra of Grand Rapids. This is said to be the best dance orchestra in Grand Rapids and is sure to help make this party a banner one.

The neighbors of Mr. and Mrs. H. Holleboom, East 24th street, staged a delightful surprise for them Thursday evening when they gathered at their home about thirty strong. Mrs. Holleboom used to live in that neighborhood; later she left it and now the neighbors welcomed her back on her return. The surprise was in the nature of a house warming. The guests brought plenty of lunch and a delightful evening was spent.

The city of Holland and surrounding community Thursday night once more had the opportunity to "resuscitate" an old phrase that was worked to death during the war. When the banks closed Thursday night there was a total sum on hand for the flood sufferers of \$1,258.20, or a little more than the full amount of the two quotas that were assigned by the Red Cross to southern Ohio.

The Star of Bethlehem, No. 40, donated \$25 to this cause, which is included in the figure given above. Following is the list of donations: First State bank, \$500.50; Peoples State bank, \$293.10; Holland City State bank, \$279.00; Hope Church Men's Bible class, \$58.60; Star of Bethlehem Chapter #25; Red Cross office \$12, total, \$1,258.20.

The original quota of \$600 was slightly oversubscribed by Monday morning at exactly the time when the call came for the second quota, another \$600. The collection for the new amount began immediately and the donations kept coming in hourly at the three banks. By Thursday evening the second amount was on hand and Holland could once more point to the fact that it always comes across with the full amount expected of it when there is a call for help anywhere in the world.

The funds are not closed even if the full amount has been obtained. There is the same opportunity today to contribute to the fund as before. Wm. Baxter, Jr. in charge of the collection in the mid-western district of the Red Cross, suggested in a telegram to Mr. Diekema, chairman of the Ottawa Red Cross chapter, that any over-subscription could be used to good advantage. The need for funds is so great that almost any amount of money can be used. Moreover, there may be sections where the quotas will not be reached and over-subscriptions will help to make up the full amount needed.

## RADER MEETINGS CLOSE IN ARMORY ON FRIDAY NIGHT

The Rader evangelistic campaign that has been conducted in the armory during the past three weeks came to a close on Friday evening with another packed meeting. Many found it impossible to get into the armory. The address was given by Paul Rader, after Rev. and Mrs. Slims of Allegan had given in duet and Mr. Jones had played a trombone solo, "The Holy City." Mr. Rader said:

"Every man is in debt to the world if he has experienced the saving power of the Gospel of Jesus Christ. The whole race as a whole is in debt to the other great races of the world, to bring to them the gospel of Christ. If Paul, the apostle, when on his second missionary journey he stood in Troas and saw the vision of the Macedonian calling him to come over, had not obeyed, it is possible that the other races would be coming to the white race today to bring to them the gospel, and its following blessings of civilization. And America today has especially been blessed and enabled by God to send forth this gospel to the darkest corners of the earth. This privilege of missionary work is the privilege of each individual Christian, and the greatest blessing in all the world is to work for Jesus and send forth others to bring the news to the world. How often do individual Christians doubt God and the power of the gospel, and keep the message of themselves. It is because of lack of faith in God that we personally do not tell others about this Christ that died to save."

After the singing of several choruses Mr. Rader made his second address, and stated:

"Jesus Christ has a three-fold office of prophet, priest and king. He is prophet and priest for His people today but as king He is coming back again. The call of the church today to preach the gospel, because for this purpose He is in the presence of the father today as the advocate of the church. But the hope of the coming again of Jesus Christ, not as the prophet and priest, but then as the king of kings. This is the only solution for every social problem every individual burden; national and international question; for all will be settled when He appears in the clouds and reigns in righteousness. Now it is a period of sin and national and international hatred and wars, a period of disease, sickness and death, but in the reign of this king it will be a dispensation of international peace and the blotting out of disease, sickness and death. To this glory Christ is the heir, the heir of God, but with Him every person, born again, is a joint heir, inheriting it with Him."

But to become joint heir with Christ, regeneration is necessary, which is through the power of the spirit of God, performed in the individual, through faith in the crucified and resurrected son of God, and only this is sufficient to satisfy our just God, and nothing else can, for this is God's way of dealing with sin."

## SIMILARITY OF NAMES CAUSES MANY MIXUPS

Manty Emmons, musical director of the Colonial theatre, wishes to correct a wrong impression that prevails in Holland. The Colonial orchestra at the movie house is not the Colonial orchestra that plays for banquets and other public functions, although the names are similar. The two organizations have no connection and are separate and distinct. The similarity of names has often brought confusion and for that reason Mr. Emmons wishes to make this explanation.

## OTTAWA COUNTY MAN MAKES FLORIDA TRIP IN 43 HOURS

J. T. Hiler of Spring Lake has arrived for the summer from Daytona, Fla. He made the trip in 43 running hours time via Chattanooga, Nashville, and Louisville on the new short cut. This makes the distance 1,392 miles against the old record of 1,500 miles and as the roads are all in good shape, it is a fine trip. He came through with no trouble and is enthusiastic over the new route.

For the first time in many months it was possible to take care of all who came to the chest clinic conducted by the civic health committee of the Women's Literary club. The clinic was held on Thursday and 28 attended. Eleven of these were return cases—six children and five adults; 27 were new cases, of whom 17 were children.

In the new course of the clinic two positive cases of tuberculosis were discovered by Dr. Wm Vis. Other diagnoses were: four suspicious, all children; nine tonsil cases, children; one asthma case, a child; three heart cases, adults; two heart cases, children.

While there were not many new cases, the advice given was very timely for all. Most of the return cases were found to be responding well to the routine treatment suggested at the clinic.

## HOLLAND GAS CO. HAS BEEN GIVEN A NEW MANAGER

The Holland Gas company has a new manager, taking the place of Emery P. Davis, who has been the local manager for the past 16 years. The new man is W. G. Groth, a young man with considerable engineering experience and for some time connected with the Middle West Utilities company, with headquarters in Chicago. Mr. Groth worked out of Chicago and was sent to different cities where the Insull interests have gas plants. If extensions were to be made and surveys were to be taken, Mr. Groth was one of the men chosen to be sent.

More than a year ago, shortly after the Holland Gas company was purchased from the American Public Utilities company by the Chicago corporation, Mr. Groth was sent to Holland and he stayed here for four months. Both Mr. and Mrs. Groth lived in Holland during that time and were so favorably impressed with the beauty and cleanliness of this city that they expressed a desire that at some future time they might make this city their home.

Since that time Mr. Groth has been sent to other cities in northern and southern Michigan, following out the same line of work. He took him to Holland. But of all the cities where his vocation took him they considered Holland the best.

When Mr. Davis sent in his resignation, which came as a great surprise to the Middle West Utilities company, it was only natural that a man of Mr. Groth's calibre, who had often expressed a desire to live in Holland, should be selected for the place.

Mr. Groth, in an interview, stated, "I am not altogether a stranger in Holland. Mrs. Groth and myself were here nearly two years ago and we spent four months here, my work being in connection with the Holland Gas company."

"Mr. and Mrs. Davis graciously took us in and in a very short time we were introduced to many wonderful people in this city. We enjoyed every minute of our stay here, and very reluctantly we left after my work had been completed. Naturally Mrs. Groth and I were more than pleased when the position as local manager for the Holland plant was offered after the resignation of Mr. Davis."

"No doubt I have a hard man to follow, for Mr. Davis certainly was a wonderful manager with a host of friends in this city. I therefore have a high mark to shoot at and I am going to do my best. I do not intend to revolutionize things, for Mr. Davis' policy does not need revolutionizing. I will aim to serve the public to the best of my ability, for the public's wants, as this relates to our line of business, must be well taken care of."

"The Holland Gas company asks the co-operation of the citizens of Holland and our reciprocity can be banked on always."

"The Holland Gas company is a Holland institution and the local company will do its share to help carry on the civic burdens as these may present themselves from time to time."

"I will shortly move my family here. We want to be part of the community and want to help work with others for this beautiful city where I hope to make my home for some time."

## GRACE CHURCH PUPILS WIN LENTEN HONOR

The Grace church Sunday school covered itself with glory Sunday afternoon when the pupils went to Grand Rapids to take part in the ceremony of presenting the Lenten offerings. Some 40 Sunday schools in the diocese took part and in the finals the local school won fifth place. The pupils of Grace church, however, collected more money than any other, in size taken into consideration. The total amount was \$103.43, all of it collected during Lent in little boxes in which the pupils deposited their pennies, denying themselves ice cream and other luxuries. Last year the amount raised in this way by the pupils was \$75.

## ALLEGAN FARMERS ARE GIVEN EXTRA MONEY

The proposed rerouting of M-13 in Leighton township, Allegan county, was approved and the damages awarded property owners on new route increased by Lyman A. Lilly, Allegan; J. Roy Tanner, Monterey; and Sherman Moore, Salem, recently appointed commissioners by Judge Orien S. Cross in the condemnation suit brought by the state highway commissioner. Ellis was awarded \$4,000 or \$1,500 in excess of the state offer, and Nagel \$3,000, or \$1,000 more than state offered. Objection to the state's awards were made by Ellis and Nagel and request for a commission made through their attorney, Clare E. Hoffman. Homer Todd of Wayland was also awarded \$100 for a small strip of his property which will be used by the state in the straightening of M-13.

## TWO CHOIRS TO COMBINE

The choirs of Grace church of Holland and the Church of the Good Shepherd of Allegan will unite to furnish the music at a union service in All Saints church of Saugatuck next Sunday evening at seven o'clock, standard time. Parishioners of the local church who wish to attend are requested to leave the church here about seven o'clock, fast time. The guild of All Saints church will serve a light luncheon after the service. Father D. D. Douglas will conduct the services, assisted by Father Hughes of All Saints church.

Mrs. John Kolenbrander, Sr., aged 75, died Sunday at East Saugatuck. She is survived by three sons and three daughters—Herman, Henry and John, and Mrs. George Lenters, Mrs. D. D. Douglas, and Mrs. John Kolenbrander. The funeral was held Wednesday afternoon at one o'clock at the home of George Lenters and at 1:30 at the East Saugatuck church, standard time.

## SOLDIER EVANGELIST, 77 YEARS OLD, HERE ON PREACHING TOUR

George W. Wilson, 77-year-old soldier evangelist, of Iowa, arrived in Holland yesterday on his tour of Michigan to preach "the straight gospel of Christ" to all who would listen. For more than seven years Mr. Wilson has traveled about the country carrying only a well-thumbed Bible and a few articles of clothing. He has only twice taken a street car ride, he said, and the rest of his travels of some 5,000 miles have been made either on foot or automobile rides.

During his seven years of preaching he has been in 42 states and has addressed more than 100,000 persons. His title of "soldier evangelist" was given him when a soldier under General Nelson Miles in the Yellowstone against the Indians in 1876. Weather-beaten and grizzled though he is, his eyes twinkled merrily as he talked about himself, and his hardships were regarded as a mere incident. He preached on a street corner Friday and Saturday he traveled with South Haven as his next destination.

## MAIL CONTRACT IS AWARDED

The contract for carrying the mail on the star route between Holland and Douglas, via Macatawa, Castle Park and Saugatuck, has been let to Ben Wiegert of Douglas. The contract runs for four years. This star route was established by the government when the Holland interurban went out of business. A temporary contract was first granted and now the permanent one has been awarded. A similar contract was let for by the post office department for a star route between Holland and Zeeland, also because of the cessation of interurban service. But all bids in this case were rejected and new bids are being asked for. They are to be submitted to the fourth postmaster general at Washington, D. C., up to May 31st. Information can be secured at either the Holland or the Zeeland post office.

## NORTH OTTAWA DOING SHARE FOR SUFFERERS

North Ottawa has over subscribed her quota of \$1200 on the Red Cross in its possession \$1,310.65. Coopersville alone subscribed nearly \$300 towards a quota of \$600, taking in the territory outside of Grand Haven.

Spring Lake went over with \$199 and Grand Haven has long since subscribed her full share.

Saturday the baseball receipts went to the Red Cross for North Ottawa but this has not been counted in the sum total.

Two Grand Haven manufacturing plants alone bought 450 tickets at fifty cents each. Reports had not been turned in as to what other manufacturing establishments had done or the patronage given the baseball game by the general public.

But judging from Mr. Hoover's statement every penny will be needed and there may be still more calls for added aid.

## HORSESHOE DUNE TO GET HIGHWAY

Detroit Free Press—Great Horseshoe dune is the only place of Lake Michigan frontage between Black Lake and Port Sheldon that is still undeveloped. Five years ago there was not a summer home between the famous Lakeside farm of George Getz, and Port Sheldon. Today the owners of Great Horseshoe dune are contemplating a plan of development that will complete the row of cottages along Lake Michigan's shore covering the several miles between Black Lake and Pigeon lake. Not only is the dune in shape, but a trail leading across its top affords an excellent view of Lake Michigan and surrounding country. When developed the trail will be made into a highway.

## LAKE SHORE PIONEER DIES

Mrs. John G. Witteveen, one of the original settlers in the lake shore district, died Sunday at the age of 75 at her home there. Mrs. Witteveen had lived in that district all her life and was one of the best known pioneers of the district. Her husband, who was one of the founders of the Lake Shore church, died about nine years ago. She is survived by four children, Mrs. Dick Vandenberg, Bert and Albert Witteveen of Hardewijk, Bert of Nunica, and Henry John of St. Paul, Minn.

The funeral was held Wednesday at one o'clock at the home (private) and at 1:30 at the Hardewijk Christian Reformed Church, Rev. A. Keizer officiating.

## CELESTY MEN ORGANIZE IN GRAND HAVEN

The Grand Haven Celery Growers Association was organized at Grand Haven by more than a score of Grand Haven truck farmers. There are still a few more producers who are expected to join.

The celery industry has grown rapidly in Ottawa county and many new fields have been planted this year, which means a considerable increase in acreage. While it is too early to make any prediction for this season's crop everything looks favorable for the plants this summer.

Last year some 120 carloads of celery were shipped from Grand Haven. The shipping season runs from the middle of June to the first of November. A good many people are employed in the celery industry there. Officers of the new body are: Jacob Welling, Sr., president; Edward Poel, vice president; Martin Kieft, Jr., secretary; Jacob De Ryke, treasurer. The association has H. L. March of Chicago as sales manager. He acted in a similar capacity for the Grand Haven group of growers last season and being one of the most experienced marketing men in the west, particularly familiar with the celery trade, his services are considered most valuable for Grand Haven growers.
