## More Bids On The New Power Plant On The Island

NEW FLOOR FOR ENGINE  
HOUSE NO. 1 MAY BE DE-  
RIVED FROM FIRE TRUCK  
MONEY

Two sets of bids were opened at the regular meeting of the common council held Wednesday night. The more important by far of the two sets were the bids for the "steam generating units and component auxiliaries" of the new municipal power plant. At the beginning of the meeting, Ald. Ketel moved that the bids be opened immediately, and this action was taken. The bids were opened by Charles Hamilton, consulting engineer on the project, in the presence of the PWA resident engineers and Secretary Gerrit Van Appledorn of the board of public works.

The base bids as submitted are as follows: Riley Stoker Corporation of Worcester, Mass., \$254,282; Wicks Boiler Co. of Saginaw, Mich., \$239,592; Edgemore Iron Works of Edgemore, Dela., \$216,780; Lasher Boiler Co. of Chicago, Ill., \$219,431; Dravo Corporation of Pittsburgh, Pa., \$281,460; Foster-Wheeler Corporation of New York, N. Y., \$275,270.

Following the reading of the bids, it was moved by Ald. Prins and supported by Ald. Smith that the bids be referred to the board of public works. The motion was passed unanimously.

The second set of bids received by the council were those dealing with the repairing of the floor in engine house No. 1, which has been in serious need of repair since last year, when it was given support temporarily. The three bids submitted for the work were: G. Schutten, \$480; Egbert Israels, \$371; Casey Kalkman, \$635.75. Following the reading of the bids, it was moved by Ald. Kleis and supported by Ald. Drinkwater that the bids be referred to the city engineer for further tabulation.

At this point Ald. Oudemooler interposed that the city budget would not allow the expenditure of the money necessary to repair the floor, and that the matter should be deferred. Ald. Smith then requested that the city engineer, Zuidema give his opinion on the urgency of the matter. City Engineer Zuidema reported that although there was no danger of the collapse of the floor, that it was certainly in serious condition, and would demand attention in a very short time. The support given the floor temporarily would support it, he said, because no trucks or automobiles are placed on it. It was then suggested that the money necessary for the repairs could be taken from the \$1,000 appropriated with the money for the fire truck that was not used in the purchase. The mayor then called for a vote on the motion of Ald. Kleis, and bids were referred to the city engineer.

**PRINS IS NAMED PRESIDENT  
PRO-TEM OF COUNCIL; FEW  
CHANGES MADE**

The common council met for the annual charter meeting on Monday evening, at which time appointments of the various board members, and city inspector were made, and numerous other matters were taken care of. The first matter of business was that of electing a new president pro-tem of council in the place of Prof. Huyser, who retired and Prof. Bruce M. Raymond of Hope college was elected. He was unanimously elected to that office. Other appointive officers renominated or named are: City Engineer, Jacob Zuidema; who has served since 1933 with Mrs. W. M. Tappan and Mrs. Orien S. Cross named as associate members. Health board, Dr. R. H. Nichols, who has served since 1929, and Ben Wiersma as City Inspector and contact man. Walter Morris and Rufus Cramer had filed applications for the inspector's post, but Wiersma won the appointment with 7 votes, Cramer receiving 3 votes and Morris none.

Ben Brower who has served on the park and cemetery board for two score years, was also unanimously re-elected as a member of that board. Board of Health, Isaac Kouw; appeal board, Jacob Bultman and John Arendshorst; playground commission, George Damsen, Harry Koop, Andrew Klompans, Andrew Hyma; Jacob Zuidema and L. B. Dalman, while Alderman Raymond and William Vandewater were elected to the playground commission in place of Edward Brouwer and Henry Vander Schel.

No new member was appointed to the harbor board to fill the vacancy caused by the recent resignation of Ben Mulder, since the council felt the board was large enough for the present, other members of the harbor board also capable men. Members appointed to serve on the board are Harry Harrington, Andrew Klompans, Andrew Hyma, Ernest C. Brooks, Henry Vander Schel, Henry Prins and Jacob Lieveche.

The salary ordinance as adopted in March was also approved. Ald. Drinkwater as chairman of the public buildings committee, was given power to act in opening the former hospital building on 12th St. and Central avenue for public rest rooms during the Tulip Festival. A custodian for the building for the week will be furnished without cost to the city by the Emergency Relief Association.

Born to Mr. and Mrs. Philip Enstrom, 211 East 10th St., to Mr. and Mrs. Ed Stelstra of rural route No. 1, at Holland hospital, a daughter.

Gerrit De Kline of Beaverdam, who underwent a serious operation on his leg a week ago, is improving.

## Vivacious Little Dutch Miss

Slated as the Good Will Ambassador from Holland's Tulip Festival to Benton Harbor's Blossom Time, three-year-old Sandra Kay Dekker, daughter of Mr. and Mrs. Jack Dekker of Beechwood, is scheduled to appear in the blossom parade Saturday afternoon, May 6th. Sandra was chosen by the Tulip Time Committee as one of its Little Dutch Delegates. Plans are being made to have her appear in

the parade in a dog-drawn milk cart. This will be the first time in several years that Holland has taken part in this neighboring festival.

Benton Harbor authorities now regret having advanced their Blossom Festival dates a week. This change of dates was determined upon several months ago but very few blossoms have developed on the new schedule.

## COUNCIL NOTES

An ordinance stipulating the salaries of city officials passed at Monday night's meeting and the appointed officers will be found on the last page of this issue.

When City Clerk Oscar Peterson reported, "A quorum present Mr. Mayor," at the regular meeting of the common council Wednesday night. Mayor Geerlings led in prayer and the salute to the flag.

On the motion of Ald. Raymond, building permits of \$6,875 were approved. Action on two building permits submitted by Don C. Carrick, for two houses on 32nd St., was deferred.

A communication from Louis Van Hartesveldt called the council's attention to the fact that the city's alleys are in a deplorable condition, and that they are in need of repair. "They look like the back yard of a sloppy housewife," he said. The matter was referred to the committee on streets and crosswalks on the motion of Ald. Drinkwater.

Claims of \$4,903.54 were approved on the motion of Ald. Ketel.

Ald. Drinkwater reported that engine house No. 2, is in bad need of painting, and that the city should advertise for bids for the painting of the front, the tower and the west side of the building. He also mentioned that the Dornbos home needed painting. Both matters were referred to the committee on public buildings on the motion of Ald. Drinkwater.

Dr. Raymond announced that two new ordinances, one a new building code and the other a milk ordinance, are being prepared for presentation to the council.

It was requested by Ald. Mooi that a light be placed on Michigan Ave. between 29th and 32nd Sts. The matter was referred to the committee on public lighting.

The mayor called the council's attention to the fact that the park board would like to take care of the land east of the tennis courts on 22nd street, and make a park of it. After some discussion, the matter was referred jointly to the committee on civic improvement and the playground commission.

Claims of the various boards were approved as follows: hospital, \$3,992.35; library, \$208.67; police and fire, \$3,338.24; park and cemetery, \$1,666.95.

The monthly report of City Inspector Ben Wiersma was approved.

The application of Gerrit Kragt for the position of city scavenger was accepted on the motion of Ald. Prins.

On the recommendation of the city assessor, the Spanish war veterans were again exempted of tax payment.

The annual report of Fire Chief Blom was read by the clerk and filed.

Ald. Drinkwater reported that the drinking fountains were being set in place about the city and that they would be in condition for use within several days.

## News Items Taken From the Files of Holland City News Sixty, Fifty, Forty, Thirty, Twenty and Ten Years Ago Today

### SIXTY YEARS AGO TODAY

A brother of H. Meyer of Holland was terribly hurt in a horse runaway at Scholten's bridge. Dr. Baert of Zeeland, who was immediately summoned, dressed the wounds. Another horse runaway occurred in Holland on 8th st. when a team of K. Rouwhorst of North Holland got frightened on 8th st., came running down the street smashing things as they went along, until somebody took a club and knocked one horse on the head at the city flouring mill, which stopped their wild career. The damage was considerable but no one was killed. Note: During the horse-and-buggy days runaways were frequent in Holland, and they were events for the merchants on the main street. The whole town was out within a few minutes and there was gossip for the rest of the day. There was even an ordinance on the books compelling horse owners to tie their horses to hitching posts. Today there is not a hitching post left. In the early days vehicles were jittery to go from parking places and even ran away. Today the vehicles rest calmly and serenely until they get a ticket from the police.

The steamer Tricolor, which has been repaired at Schol's shipyard during the past winter, was launched on Thursday afternoon. She took a load of barrel staves from E. Vander Veen & Co. Note: The captain was Mr. Claus. The shipyard was on the north side of the bay just opposite Kollen Park.

We thought it was a fire alarm that struck our ears on Monday last as we passed the City Hotel at noon, but upon investigation we found that the landlord had purchased a beautiful new dinner bell and with which the bellboy was exercising his muscles. Note: The City Hotel was located on the site of Warm Friend Tavern and in the old hotel days the hours for meals were announced by the ringing of a large hand bell.

The large store of Jacob Den Herder of Zeeland is completed and J. Moerdijk of Kalamazoo is putting in a large stock of merchandise.

Mr. De Kruijff has just finished a neat little drug store and is running it in Grand Rapids style.

### FIFTY YEARS AGO TODAY

The schooner R. Kanter, which has been anchored at the head of the bay since last fall, left port for the first time Thursday for Ford River, upper peninsula, Captain Baas Van Rij in charge.

Henry Elferdink, age 35, died at his residence on 10th st., consumption being the cause. Rev. Henry E. Dosker delivered the funeral service.

The schooner Molly sailed from this port with a cargo of hardwood lumber from the mill of J. Van Dyke & Sons on the north side. Note: This mill was located where the old Vac-a-tap building is, now owned by the H. J. Heinz Co.

Tobias Koffers, a bachelor of this city, and Mrs. Albert Van Dyke, a fair widow of Noordeloos, were married by Rev. Henry E. Dosker. We know of a large number of bachelors who should follow Mr. Koffers' example. Note: Mr. Koffers for many years was a clothing dealer in Holland. For a time he conducted a clothing store in De Grondwet building on 7th st. and River ave.

### FORTY YEARS AGO TODAY

Dr. Fred J. Betts of Holland was married Wednesday at Jackson to Miss Isador Wing. Note: Mr. Betts was one of the doctor partners of Baker & Betts. When they weren't doctoring they were holding evangelic meetings.

John C. Duntun of Grand Rapids has arranged for the cultivation of five acres of beets on his land holdings on the north side of the river. Note: This was at the time when the Holland Sugar factory was first started and many business men volunteered to take acreage here and there to exercise their muscles and to help the factory get the required number of acres necessary.

The saloon question has finally been settled for the year in Zeeland. At their last session the village board fixed the bond at \$3,000 and the amount of village license at \$200. Only one license was issued, to Mr. Shumway of Grand Rapids. A new building will be erected, 22x30 ft. with a bottling works in the rear. Note: Zeeland didn't have many saloons after that year.

John B. Mulder, Jacob Lokker and John J. Rutgers have gone into the best raising business in dead earnest. They have leased a place east of the city and have planted it to beets for the new factory.

The leg of a human body was found in Lake Michigan on a cake of ice off Macatawa. The inference is that it is from one of the victims of the ill-fated steamer Doty and that the ice jams severed the leg from a drowned body.

Mrs. George P. Hummer and children expect to sail from Bremen on Tuesday of this week, on their way back to America, after a trip through Europe.

### THIRTY YEARS AGO TODAY

The Slayter & Dykema Co. have moved their stock of clothing from their branch store at Zeeland to their store at Holland, and have discontinued business there.

Frank E. Doesburg of this city, brother to Harry Doesburg, the drugist, has been appointed confidential secretary to Postmaster General Frank H. Hitchcock. Mr.

Doesburg is now with Senator William Alden Smith in a similar capacity. Note: Mr. Doesburg is today one of the G-men stationed in California and he was in the first group of mail carriers in Holland.

John Slotman has opened a blacksmith shop in Overisel in the Teusink building.

John H. Zwiers has bought out the meat market of John Den Herder, 238 River Ave. Note: The business was located where Rusty's restaurant is, and Mr. Den Herder is the former county treasurer.

The manager of the Ideal theatre has entered a vaudeville circuit, which will be added to the pictures.

Chief Kamferbeek, by order of the common council, will rigidly enforce the hitching of horses attached to vehicles standing on streets or in alleys. Those found not hitching horses will be subject to a fine of \$25.

Old Baldhead, which has stood up boldly at the head of Macatawa Bay, yet of which little practical use has been made, is to be improved this year for the benefit of cottage dwellers at neighboring resorts and visitors to the many points of interest about the bay. A pavilion will be built at the summit of the hill and it will be rushed so as to be completed by June 20. The pavilion will be of frame and one story in height with dimensions 30 by 60 feet. The design will be attractive, the feature being the inclined roof with large windows which may be thrown open, giving an open pavilion effect when desired. This building will be used for dances, as a lookout over Lake Michigan, Macatawa Bay, and the neighboring resorts, the height giving a sweeping view for many miles. An inclined railway will be equipped with two cars, one descending as the other ascends, and these will run directly between the waiting station and the pavilion. Note: For many years the inclined railroad was known as "Angel's Flight." The pavilion, such as it is, is still at the hilltop. From that place of vantage one can get the best view of both Lake Michigan and Lake Macatawa.

Incident to the razing of the old Keefe's restaurant, which is to be the site for Pieper's new jewelry store, the second floor brought to light some old newspapers, receipts and books. One receipt was dated Dec. 14, 1876, made out to Duijsenda & Co. for one year's subscription to De Grondwet. Also a poem by Prof. J. F. Van Hoorn printed in the Holland City News in 1873, the year after the paper was established. The poem was entitled "Wrecked on the Hidden Rock" or "Chips Picked Up from the Front Yard of Life." The poem had to do with a temperance campaign of those times. Note: The Pieper's jewelry store was built, as we all know, and the old building thereon was used for a time as a gentleman's barber shop. It was Holland's first barber shop, established by Charles Dutton. Keefe's restaurant was also there and if I am not mistaken, it was occupied by the post office for a while.

### TWENTY YEARS AGO TODAY

Holland is to have a \$12,000 foundry called the Brownwall Engine Co.

P. S. Boter & Co. 14 West 8th st., is to remodel their store into a double store at a cost of \$15,000. The Holland Canning Co. will spend \$10,000 on their building on 4th st. The De Pree Chemical Co. will build an addition to their 6th st. plant costing \$50,000. The total building projects in Holland at this time amount to a quarter of a million dollars.

### TEN YEARS AGO TODAY

Slightly more than one-half of the \$1,000 goal of the Salvation Army has been reached. The committee under the direction of R. B. Champion are making an effort to complete the quota this week.

The chamber of commerce with a membership of 208 will occupy the old Peoples States Bank Building. Note: That building has been used for a great many things. At one time Visscher-Brooks had their insurance offices in that place, it was headquarters for license bureau, and now it is a bake shop. Recently John Arendshorst, local realtor, rebuilt the building, and it doesn't look anything like the drab old stone structure of yesterday; in fact, it has become a very colorful structure, housing the Dutch Kitchen on the first floor and Arendshorst Bros. on the second floor.

Wild ducks around Holland are flying northward, and seem to enjoy the flooded fields more than the lakes and rivers. Some of them are so tame they waddle close to the concrete highway giving a good view of them.

75 Boy Scouts from Holland started the planting of 10,000 seedlings on the Ottawa County plot located north of Hardevyk church on Lakewood Boulevard. The work was supervised by Walter Groth, chairman of the committee, William Meenga, district scout, and farm agent C. Millham.

Mr. and Mrs. Henry Ebelink attended the annual convention of the Society of American Florists and Ornamental Horticulturists at Buffalo, New York. They also visited the tenth national flower and garden show of the society.

## Pageant Written Directed By Local Talent

COLORFUL PAGEANT TO BE A  
FEATURE OF TULIP WEEK;  
ALMOST FOUR HUNDRED  
TO TAKE PART IN PRE-  
SENTATION AT RIVER-  
VIEW PARK

It goes without saying that the several committees in charge of the coming Tulip Festival, to be held in Holland May 13 to 20 inclusive, are busy folk these days. Only a little more than a week elapses before the thousands of visitors from abroad will come to our fair city to view the millions of tulips along Holland's streets, in our parks and in the yards of our home-loving citizens, as well as at the local tulip farms. That sight alone is worth coming miles to see, the profusion of color in these beautiful cuplike blooms being a "feast for any man's eyes."

However, that isn't all that Holland has to offer to the thousands who visit Holland at Tulip Time. Each year new features are added to the many worthwhile displays, and this year is no exception. Of course the Netherlands Museum, with its authentic Dutch exhibits, constantly growing in size, new pieces being added to the collection continually.

Then there is the Little Netherlands, with authentic reproductions of scenes found in the Old Country. A detailed description of this village has already been published. The flower shows, too, are of the best.

But the outstanding new feature of this year's festival will be the color pageant to be presented on three nights at Riverview Park. It isn't often that a city the size of Holland puts on a large production as this one proves to be. And what is more, the pageant is locally produced from start to finish. The script for the dramatic "tales" portrays historical events in which the tulip figures, with their charming prologue were written anonymously by a local citizen and submitted in the contest sponsored by the festival committee in 1935. The script was adapted to its present use by Mrs. George Pelgrim, general chairman of the pageant. Mrs. Lucille Donovan, head of the speech department at Holland high school, is serving as dramatic director. Mrs. Donovan has had a great deal of experience in this type of work, having successfully directed nine Holland high senior class plays, as well as many other productions. The success of the pageant is assured in advance with so capable a person as Mrs. Donovan a general director. Aiding Mrs. Donovan in this great task are Miss Beatrice Visser, Mrs. Bob Greenwood, Mrs. Ernest Penna, Mrs. Francis Drake, Miss Joan Vander Werf, Miss Mabel Apel and Miss Marion Shackson.

The main characters of the play are Father Knowledge played by Jack Leenhouts, and "The Child" played by Kathryn Steketee. The prologue will present the fantasy of a little girl's adventure into the Forest of Facts. Here she encounters goblins who try to prevent true learnings, but the friendship of the capering Elves of Truth and of Father Knowledge help her to know the truth about the planting growth of the tulip; its introduction to surprised Belgian peasants; the stealing of the beautiful bloom from the scientific grower at Leyden; his sale at Amsterdam; the honor given it in France and England; and finally, its revival in the 20th century. All during the presentation of the pageant, music arranged especially for the pageant by Mrs. W. Curtis Snow, will be heard by the audience as it is played by her on an electric organ which is being sent here to the pageant from the Everett Piano company.

One should, of course, see every feature of Tulip Week, but we feel assured that no one should pass up this wonderful production, the first all-city production in the history of the festival.

### JUNIOR-SENIOR BANQUET OF ZEELAND HIGH IS NEAR

Juniors and seniors of Zeeland high school are looking to their annual banquet which this year will be held at the Holland Country club, tonight, Friday. It will, it is anticipated, be one of the highlights of the year. The juniors, who are giving the treat, are working hard. The speakers will be introduced by Ward Derks, the toastmaster. Those appearing on the program include Rose Winstrom, president of junior class; Willard Rood, president of the senior class; Kenneth Vander Meulen and Jane Wyngarden will be toasters; T. A. Dewey will speak, and music will be offered by a group of seven girls.

Junior and senior high school student of Zeeland high school heard an interesting program in the gymnasium last week when Joseph Elliot told them about personal experiences in Africa among cannibal tribes. He illustrated his talk with slides. He gave information especially of the Republic of Liberia in Africa.

### YOUNG WOMEN'S LEAGUE MEETS MONDAY

The Holland and Zeeland League of Young Women's Societies met at Hudsonville Ch. Ref. church auditorium, last Monday evening with a membership attendance of four hundred and eight.

The Hudsonville and Jamestown groups were the entertaining societies, which also furnished the musical numbers of the program. Papers were read by members of the Central Avenue and the Fourteenth Street societies of Holland and the society of Graafschap. The theme of the program was "The Sabbath." Miss Margaret De Vries of the Central Avenue church gave a travelogue on her trip to the Netherlands.

## COLLEGE MAY QUEEN TO BE CROWNED FRIDAY

Today, Friday, will be a gala day at Hope college since students of the college are having their big spring party today. Coronation of the 1939 May Queen will be a feature of the day's festivities, Miss Gertrude Young, senior queen, crowning the new queen whose identity is unknown until the crowning is to take place. Numerous athletic contests with the banquet as the finale will be on the program. Miss Mildred Mulder of Blissfield is general chairman of the day, with Ed Heneveld of Holland, and Miss Margaret Allen of Findlay, O., as banquet chairmen. Athletic events are in charge of Miss Ruth Van Popering of West Sayville, N. C., for the girls, and Robert Wismeier and Bob Powers, for the boys.

## Holland Gets \$20,000 In Gas And Weight Tax

ZEELAND RECEIVES \$5,000;  
OTTAWA COUNTY NEARLY  
\$45,000

Ottawa county this week received its share of the state gasoline and weight tax return from the state, which amounted to \$129,960.98. Of this sum there was used the sum of \$43,640.89 to pay off Covert road bonds and interest that fell due, and the remainder was distributed to the several political units participating in the Ottawa benefit payment.

Formerly the county appropriated the full amount of this benefit for county road purposes, but about three or four years ago the several cities in this county went to court claiming a certain percentage of the benefits due them, in which they were successful. Since that time benefits have been distributed on the basis of a rule established at the time the matter was decided in favor of the municipal units. This rule is probably on the basis of population of the several political units.

The sharing of this benefit, the basis of division, the percentage of the whole and the several sums allocated are: Ottawa county road commission, 1938 miles, 48,123.01; \$41,539.82; Holland, 60 miles, 26,151.01; \$22,573.56; Grand Haven, 26,151.01; \$22,573.56; Zeeland, 10 miles, 5,195.01; \$4,484.33; Spring Lake, 9 miles, 2,317.01; \$2,000.04; Coopersville, 2,75 miles, 1,837.01; \$1,579.96; Hudsonville, 2.5 miles, \$1,011.67; for the total of \$86,820.00. The sum allocated to the county road commission is earmarked for the several townships of the county.

During the period that municipalities have been sharing in the distribution of these funds, Zeeland has drawn \$11,125.00 of its street fund.

The rate of benefit is about \$1.57 per capita of population, according to the last federal census, which indicates that about 48% of Ottawa county's population is rural.

This income is annually growing for the municipalities as the Covert county road bonds and interest are retired, which it was agreed, should be retired first from these state benefit payments. Had all the Covert road bonds been liquidated before this, the present allotment for Zeeland would have been \$6,751.42.

### RUSSELL VAN RY, FORMERLY OF HOLLAND, PASSES

Russell Van Ry, son of former Police Chief Frank Van Ry of this city, who for the past 20 years has made his home in Washington, D. C., passed away at his home in Washington following a long illness. Mr. Van Ry was born in Holland, and lived here until going to Washington.

Surviving are the widow, one daughter, the father and two brothers, Edward and Frank B. Van Ry, Jr.

The body arrived in Holland at noon Thursday accompanied by the father, who had been called to Washington because of the critical condition of his son. The widow and other members of the family arrived by auto Wednesday evening.

Funeral services will be held Friday afternoon at 2 p. m. from the Dykstra funeral home with Rev. Van't Hoff, pastor of Third Reformed church, officiating. Interment will be in Pilgrim Home cemetery.

The body lay in state at the home of the father, Frank Van Ry on Thursday.

Pallbearers will be Edward Van Ry, Frank Van Ry, Anthony Van Ry, Franklin Van Ry, Fred Brummer and Fred Warner.

### SALVATION ARMY TO MAKE DRIVE IN ZEELAND NEXT WEEK

The Salvation Army announces that they will make their annual drive for funds in Zeeland next week beginning Tuesday and working each day through Friday. Major C. Edwards and Ensign Shaffer of Holland will be in charge of the drive with a committee of three Zeeland men aiding materially in the work of solicitation. The Zeeland committee is composed of Messrs. Isaac Van Dyke, R. Nies, and James De Pree.

## Well-known Holland Man Passes Away

FUNERAL SERVICES ARE TO  
BE HELD SATURDAY AFTER-  
NOON

A fine old gentleman, Hubert Pelgrim, living at 68 West 12th St., passed away at his home late Wednesday evening at the age of 78 years. He was a well known figure on the streets of Holland, and had many friends.

Mr. Pelgrim lived in this vicinity for a long time on a farm in Olive Township, coming here in 1853. He had been a township officer a long time, as supervisor and clerk, and also was treasurer of Ottawa County for four years. It is said that Mr. Pelgrim could make the finest supervisor's roll of any supervisor in his day. He took personal pride in this work. He also made a fine record as treasurer of Ottawa county, and always stood for accuracy and neatness. He was a student at Hope college, where he received a business education. He was bookkeeper in several places, and for a time served in that capacity at the Bay View Furniture Co., and the factory conducted by his brother, Henry Pelgrim, Sr.

He was a devout member of the Third Reformed church, and in his younger days was active in church work, not alone here, but in the rural church where he attended.

He came to live in Holland in 1915, shortly after his term as treasurer had expired. He was also an able school teacher as a young man, and one of the positions he held at one time was at Falmouth, Michigan. It is rather a coincidence that a brother to Mr. Pelgrim passed away on the same day he did, 18 years before.

The funeral services will be held Saturday afternoon at 2 p. m. from the home with the Rev. William Van't Hoff, pastor of Third Reformed church, and Rev. T. W. Mullenberg of Holland, a friend, officiating. Interment will take place in the family plot in Pilgrim Home cemetery. Friends will be able to pay their respects today, Friday, from 3 until 5, and 7 until 9 o'clock at the Pelgrim home, 68 West 12th St.

The passing of Mr. Pelgrim was indeed a shock to his intimate friends. It seems that he had contracted the influenza some six weeks ago, and at his age other complications set in.

Survivors are: four sons, Henry of Alto, Mich., Adrian of North Holland, John at home, and Bert of Hopkins; two daughters, Miss Kate Pelgrim at home, and Mrs. Deane Van Lare of Holland; one brother, Henry Pelgrim, Sr., of Dyke; one sister, Mrs. Dine Van Dyke of Logan, Kansas; eight grandchildren and five great-grandchildren.

Nibbelink-Notier, local morticians, are in charge of the remains.

### WIFE OF RETIRED PASTOR PASSES THURSDAY

Mrs. Anna Sietema, wife of Rev. John Sietema, retired minister, who have been making their home in this city at 164 W. 10th street, passed away at Holland hospital 5:45 Thursday morning. She had been at the hospital for three months.

Mrs. Sietema was born in Cedar Grove, Wis., to the late Mr. and Mrs. G. W. Hyink on November 20, 1875 and was 63 years of age. Her husband, prior to coming to Holland, was pastor of the Reformed church at Little Falls, N. J. Upon his retirement they moved to this city where they have since made their home. Mrs. Sietema was a member of the Third Reformed church and of the Ladies Adult Bible class.

Surviving beside the husband are two sons by a former marriage, Dorn J. Heunink of Campbellport, Wis., and Gerald J. Heunink of Garfield, N. J.; two stepsons, Jacob Sietema of Chicago, and Albert Sietema of Little Falls, N. J.; eleven grandchildren and one sister, Mrs. Anthony Labbers of Cedar Grove, Wis.

Funeral services will be held from the home at 10 o'clock Saturday morning with the Rev. Van't Hoff officiating. The remains will be taken to Cedar Grove, Wis., on the noon train where services will be conducted Monday at the First Reformed church of Cedar Grove, with the Rev. C. Kuiper, pastor of the church, and Rev. R. J. Lubbers of Cheboygan Falls, Wis., a nephew, officiating. Interment will be in the Cedar Grove, Wis., cemetery.

### RURAL SCHOOLS MUSIC FES- TIVAL PLANNED

A rural school music project sponsored by the South Ottawa County Teachers' Club, will present a Music Festival at Carnegie Gymnasium, Holland, May 11, at 7:45 o'clock.

About 700 children from 12 rural schools are expected to take part in this event. These schools include the one-room one-teacher schools, two-room schools, and the two 10th-grade junior high schools. The teacher of music is furnished by the Michigan Works Progress Administration, with the cooperation of the boards of the local schools.

John Dykshouse of North Holland school, chairman of the Rural School Music Committee, is in charge of arrangements.

**Wildlife Nests  
Need Protection**

Much of Michigan's reputation as good hunting grounds for next fall will be determined by weather and farm operations to wildlife in the next few weeks, suggests R. G. Hill, specialist in game management at Michigan State College.

Late burning of dry grass and stubble fields, late plowing and uncontrolled cats and dogs likely will take heavy toll of the spring hatching of pheasants, quail and partridge and affect the new crop of cottontail rabbits.

"Cats and dogs are valuable in any farming community," Hill admits, "but if they are not properly controlled these animals can be classified among the worst enemies to wildlife, especially during nesting and brooding seasons."

Part of the natural ingenuity of game birds in hiding their nesting places also adds to spring damage. The "Hunkie" or Hungarian partridge, Hill points out, not only is difficult to see on a nest, but during the laying period when she goes out foraging she covers the eggs with grass. This makes it almost impossible for sympathetic sportsmen to avoid the nests.

Burning in late spring along fence rows, roadsides and in stubble fields and edges of woodlots and swales can ruin nests and clutches of eggs or remove protection the birds require during nesting and brooding.

There can be some salvaging by interested farmers and sportsmen who find egg clutches disturbed and abandoned. Broody hens can be put to use by farmers, says Hill. Or the eggs, if not set immediately, should be kept in a cool place, well ventilated and the eggs turned at least once each day until they can be incubated.

**Fishing Worms, Minnows,  
Spinners, Etc.**

Worms, minnows, spinners, and wet flies were expected to meet with a "better than average" reception from Michigan's trout as hopeful anglers trudged streams in both upper and lower peninsulas Sunday, which marked the opening of the 1939 trout season.

Generally, favorable conditions prevailed throughout the lower peninsula. In few areas was water unduly rolled. A gradual runoff after a slow spring meant that virtually no streams suffered heavy and customary spring floods and freshets below the Straits of Mackinac.

Among elements contributing to probable good catches on the larger streams Sunday was the fact that no concentration of Mergansers or fish duck acted to reduce the trout population during the winter, as has sometimes been the case in recent years. Moderate ice conditions meant that stream bottoms and banks were little altered. This insured ample food and cover for the streams' inhabitants.

Upper peninsula conditions were considerably less favorable. Snow in many areas still bordered the streams, water levels were high, and the water of many streams was discolored and roily as the result of current thaws and runoff.

Unusually good catches of brook trout have been reported in many small southern Michigan streams which have been heavily planted.

Miss Beatrice Hagen, together with five of her journalism students of Holland high, namely Grace Hanchett, Helen Victor, Mary Jane Raffensaud, Gerard Cook, and Harvey Lugten returned from Evanston, Ill., where they attended the seventh annual Middle Press conference at Northwestern university.

**BIBLE READING CONTEST  
ATTRACTS 75 ENTRANTS**

In the Bible reading contest, held recently at Holland high, in the New Testament classes taught by Miss Hanna G. Hoekje, there were 75 entries. The winner in the first-hour class was Doris Jean Eby, with second place awarded to Grace Schreiner. The second-hour winners went to Lawrence Van Meter for first place, and Alma Van Slooten, second place. Votes for first place in the third-hour class went to Eleanor Litvoet, and for second place to Myrtle Padgett.

Passages selected were from the farewell discourses of Jesus. The prizes were copies of Raphael's "Sistine Madonna" and his "Madonna of the Chair." The class members acted as judges.

**ROTARIANS HEAR ABOUT  
CONDITIONS ABROAD**

The Holland Rotary club had as their guest speaker recently Mr. Junius B. Wood of Waukegan, former foreign correspondent, who has been in Europe for some time.

He said the United States would be foolish to become entangled in European affairs and finally get into another war. When asked by someone what would happen if Germany cleaned up Europe, as it has said, and then threatened the United States, Mr. Wood said it would be best to wait until that happened, for Germany could continue Hitler's work indefinitely, but their financial position is not strong enough to war. He, however, believed that although no nation could whip the world, Germany was prepared, whereas other countries were not.

He stated that everything in Germany was orderly, and the German people are sentimental and emotional, but determined and obstinate. They may not, and do not, discuss affairs of the state, but follow their leader, according to the theory of a dictatorship. They think, say, and do as the government tells them. The people of Germany have a very one-sided conception of the world and they will not understand why someone will go back to America from Germany. They think the citizens of the U. S. do not support the president, and because it is a democracy it will fail.

Mr. Wood went on by describing a session of the reichstag the last part of January. Hitler usually speaks extemporaneously, but this time he spoke from manuscript. His speech must be checked before censored copies are sent to German newspapers. United States newspapers often contain more accurate accounts of Hitler's addresses than the papers of his own country.

Germans are as much opposed to war as Americans, but they are told that Germany is being encircled.

**MOORLAND REF. CHURCH  
CALLS LOCAL STUDENT**

Dr. Leonard Greenway and Rev. S. C. DeJong, pastors of the Second Reformed and Spring Lake Reformed churches, respectively, were in Moorland, Mich., a small community 14 miles east of Muskegon, last week, where the congregation of a small church there extended a call to August Tellinghuizen, who will graduate from the Western Seminary at Holland in June.

A survey was recently made by a committee of Muskegon classic as to the possibility of reviving a church there and with the help of classic and the Second Reformed church here and the church in Spring Lake, it will become active with a pastor in charge. Survey of the territory, said Dr. Greenway, showed there was fine opportunity for a church and both he and Rev. DeJong were called last night to assist the congregation to extend the call. There were 27 members present.

**Property Is  
Purchased For  
Road Commission**

Purchase of part of two lots on Adams street, Grand Haven, about opposite the sewage disposal plant, was authorized by the Ottawa county road commission at a meeting held at the office of the road commission yesterday. The property includes about 100 feet on Adams street.

Consideration is being given by the commission to the erection of a building to house road equipment which may be built either on the newly-acquired property or on land owned on Grand river just east of US-16 in the west limits of Spring Lake which was once the G. H. G. H. & M. right-of-way. This was purchased after the interurban was abandoned and included the old swing bridge, which was turned over to the state last fall and was razed within the last two weeks.

Quantities of snow fence, snow plows and other equipment is stored in the open on this point which the commission believes should be housed under some type of shelter. Should the commission decide to erect a new building, application will probably be made to WPA officials, said Capt. William Verduin.

The meeting last week was short as Carl T. Bowen and Capt. Verduin left early to attend a road association meeting in Lansing.

Mrs. William Hamelink and Miss Grace Brown were hostesses at a grocery shower in honor of Miss Clara Lucas, who will become the bride of Mr. and Mrs. Hamelink's son, Julius Brown. Games were played and prizes awarded. About 15 guests were present.

**Noblest of Game Birds**

A number of Pittman-Robertson projects include the restoration of America's noblest game bird, the wild turkey. Ben Franklin insisted that the turkey, not the eagle, should have been selected as the national emblem. As early as 1673 turkeys were seriously on the decline in New England. In 1711 they were sold for 30 cents each and the last was killed in Vermont in 1842. Missouri is one of the states in which wild turkey management is being carried on extensively as a result of National Wildlife Federation's legislative activity. Francis Lee Jacques, noted for his paintings in the American Museum of Natural History, did the wild turkey portrait for the 1939 Wildlife Week poster stamps.

**ANTI-GAMBLING  
DRIVE PLANNED IN  
ALLEGAN COUNTY**

Miles Starts Drive

Elimination of all gambling devices, including the lowly punch-board, is scheduled in Allegan county, according to Sheriff Fred W. Miller and Prosecuting Attorney Ervin Andrews, who made the announcement Thursday morning.

A warning was issued several weeks ago by authorities that gambling devices will not be permitted in this county. Gradually, these machines were taken out. Since then, however, it has been reported that an occasional machine and punch boards have again made their appearance.

According to officials, it is planned to visit every business house of "apot" where punch boards and machines may be operated. At the time of the visit the date and name of the establishment will be taken and a personal warning issued. Later, a second visit will be made to those warned and any violations of the law found on the second occasion will result in arrest and prosecution.

The plan of action was mapped out by Circuit Judge Fred T. Miles, who has issued a letter to authorities in Allegan and Ottawa counties, asking cooperation in the move.

**MOTOR VEHICLE LICENSE  
PLATES FOR 1940**

Secretary of State, Harry F. Kelly, called a conference for April 20, at two, to discuss size of auto license plates for 1940, type of lettering, scheme of numbering, safety features, etc. Participating in the conference were Gen. Heinrich A. Pickert, Commissioner of Police of Detroit; Jerome Borden, Secretary of the State Sheriffs' Association; Richard Harfst, General Manager of the Automobile Club of Michigan; Oscar G. Olander, State Police Commissioner, and J. F. Murphy, head of Michigan State Industries.

At an earlier date, the official color scheme for 1940 plates was decided upon in order to notify neighboring states of the choice so as to protect its use for Michigan. The 1940 plates will have black lettering on an aluminum silver background. This color will harmonize with any color of car, be free from road glare, and a saving to the state of between \$8,000 and \$10,000 per year will be effected in cost of enamel.

presented to council for adoption at a later date. A special meeting of the board will be held to complete the work. Dr. William M. Tappan, city health officer, reported 21 contagious cases for April, six being scarlet fever, 14 chickenpox, and one mumps.

Wilson Hill, age 21, from the north side, paid \$10 fine and \$6.85 costs on arraignment before Justice Raymond L. Smith on a charge of illegal possession of bluegills during closed season. Because of the possibility of the intake pipe at Windmill Park being clogged from the filling in at the east end of Lake Macatawa and the dredging of the new channel for Black River, common council referred the matter to its civic improvement committee and the board of public works. The latter was included because they are negotiating with the Lyons Construction Co. for additional dredging to increase the fill-in on the power plant site and on property to be used as a coal dock by Henry Neitring. City Atty. Lokker said the cleaning of the intake pipes might be included. Ald. Frank Smith said that the entire lagoon should be filled in because it would be nothing but a stretch hole now. Council approved the park and cemetery board's purchasing a \$457 sprinkling equipment for the east side of the driveway at Kollen park. Ald. Smith said the park department would install the equipment free of charge.

## Traveling Around America

FOR the past few years Chile has been represented in the annual National Horse Show in the Madison Square Garden by a Military Equestrian Team. This year, however, besides the Army team, Chile sent a team composed of four officers of the Carabineros—the republic's famous mounted police. They are shown above as they arrived in New York aboard the Grace liner Santa Rita, standing beside the specially built stalls in which their mounts made the trip. The Carabineros, South America's counterpart to the Canadian Mounties, are a mobile army whose chief function is policing the country. They were first organized back in 1903 to suppress banditry in the rural sections. At that time there were seventeen officers and 239 men. At the present time the Carabineros have about eighteen thousand members. They are carefully selected, rigorously trained. Many of the men come from the ranks of the Chilean "hussos" which although not as well known here as the gauchos of Argentina, or our own cowboys, are second to none in the dexterity of their horsemanship. Proof of this was given in the National Horse Show where both the Carabineros and the Military Team made a brilliant showing, capturing first honors in their respective events.

## Saugatuck Man Tells Last Tale of Pan-America

People Very Cordial; Aeroplane Trip An Experience; Pilots Good-Looking; Little English Spoken

Below will be found another fine letter by Russel Force, printed in the Saugatuck Commercial Record, telling of his trip through Mexico and other Pan-American countries. The News gives it in part in this issue.

Arriving again at Tapachula from Quetzaltenango for it is necessary to cover some of the same road, crossing the border was less exciting as they had become more acquainted not only with me but with the idea of anyone wanting to enter that way. Again it was a matter of figuring the least expensive way back to Mexico City and it turned out as I hoped it would—by plane. Although I had not figured on excess baggage (a gift of green coffee made to me in the coffee country) was quite expensive when landing at the Capitol flying port.

Flying over Mexico in a Mexican plane, one had better plug his ears with cotton to enjoy the ride. Mexican pilots are good-looking. Mine has been offered a Hollywood contract according to the agent who also said sometimes girls are at the hotel entrance as early as six o'clock to see him leave for the airport, but he doesn't care for Hollywood or the senoritas. He just likes to fly.

Bulls are not the only things on time in Mexico as planes take off on the minute and perhaps if all is ready, a few minutes before, with handshakes all around, for they are a friendly lot. The plane leaves the port almost like a bird, for the field is small and not a foot of it is wasted for the take-off. Immediately the view is of coffee plantations, little clusters of whitewashed buildings here and there, surrounded by the greenest of green coffee and the trees for shade, waterfalls (not large but beautiful) all on their way to the Pacific. Again the native thatch huts appear like miniature dish gardens, and they are high enough so we do not get the smell. Following north to the left of the mountains that have trapped the clouds, yet far enough inland so the Pacific is not easily seen, though once or twice I thought I saw it, or perhaps some inlets were sighted as the haze shut off the distant views.

Speeding close or seemingly close to a tree-covered mountain, like a drop curtain of parsley, changing quickly to grazing lands, all mountainous, then barren-like country, though much cultivated. Crops are not growing except in the valleys near the streams. Clouds are clogged between the ranges like endless snow-covered lakes. We fly over and around them and occasionally our wings slit a tuft of one or our propeller whips one into the breeze.

The altitude would be only a guess as the pilot knows no English and my Spanish is not fitted for details, but it is cold in the cabin with a leather jacket on, 15,000 feet more or less.

At Tuxtla Gutierrez, our first stop, the pilot shared his lunch with me though I was not hungry enough to try all of it. I did relish the tortillas, eggs cooked in a hot sauce and the chocolate made with corn and cinnamon. The rest consisted of meat, papaya, and a boiled cider. Friends were waiting at the port to see me and with gifts of cheese (a particularly smelly kind made in las Casas) which also proved costly as excess baggage. If I knew how to write an interesting or very entertaining book could be written on the high cost of things one gets for nothing, but the things you see and the friends one makes more than cover it all.

Oaxaca is the next landing to be made on the run. It is a city in a great valley which is farmed to the last inch. Also the mountains nearby, though not green with vegetation, are greatly cultivated during the growing season.

Rock and soils blend into patterns of rose and silver, browns and deep Venetian reds.

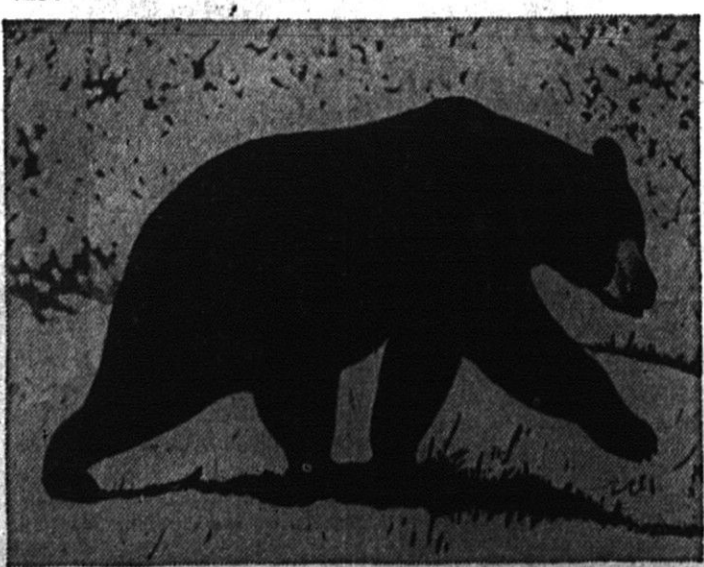

There are no passengers at Oaxaca but there is a little mail and as the mail contract pays for the service it must not be overlooked.

Orizaba or the Peak of Orizaba is the first snow-capped volcano to be sighted, so far in the distance it is like passing the moon to get by it. Then straight ahead are Popo and the Sleeping Lady, though hardly recognizable from the air and head on or feet on as the ladies feet are to the south. The southerly slopes carry less snow and it takes a lot of imagination.

The A&P stores throughout this district have inaugurated two sales days that are unique, one is for managers, which was recently held; however, this week the sales force is managing and putting on the sale. In other words, the clerks are the whole thing for a week in A&P food stores.

## Burly, But Not So Brave

The black bear and the brown or cinnamon bear are the same species, just as black and gray squirrels are the same. Young bears are born in mid-winter while the mother is asleep in her den, and are smaller than kittens. Twins are common, sometimes triplets and very seldom four cubs in a family. Although a full-grown black bear weighs as much as 500 pounds, in the wild state the black bear is very timid. When they become tame, begging for food in National Parks, they are sometimes a problem. A bear's diet ranges from fish to berries, from ants to honey. No animal, except man, has such diversified taste for food. The black bear was painted for the 1939 Wildlife Week poster stamps by Lynn Bogue Hunt.

## SPRING LAKE DUCKS FOUND AT LOWELL

Thirty-five mallard ducks from the sanctuary of Frank T. King at Lowell were released at Bruce Bayou off Grand river in Spring Lake township this week while 30 more were released to marshlands southeast of Lansing.

Removal of the 65 ducks hardly affected the sanctuary, which still has more than 300 wild mallards. The flock of wild ducks was started five years ago when the late Frank T. King obtained some mallard eggs in Grand Rapids and had them placed in a hatchery at Lowell.

From this hatchery fewer than a dozen ducks were obtained. Two years ago the state department of conservation set aside the section of Flat river at Lowell as a sanctuary to protect the birds from hunters that frequently invaded the feeding grounds and killed some of the birds. A flock of wild ducks joined the sanctuary last fall and remained throughout the winter.

tion to picture anything in the form of a sleeping lady. Popo is quite the conventional cone, both, as you know, have better names of Indian origin and Spanish spelling and I am happy to be able to say them both in the Mexican manner. It is surprisingly easy. After that it's a matter of landing after nearly five hours in the air. Think of it, or perhaps you have—Guatemala to Michigan in less than a day with various landings included. I am not doing it but it can be done.

The airport at a Mexico City is modernistic and a very beautiful one at that. It is strange that at such a place so few speak English. In fact, I met no one at the particular time who could.

The pilot was more interested in me than I ever suspected for he brought his girl friend over to introduce her (she was there to meet him) and again in the waiting room as I was leaving he came forward to take my hand and say goodbye, mostly all in Spanish with some clipped English thrown in.

Now in Mexico City I have just read the following news item in "The Daily Bulletin" (a little paper printed in English for tourists and travelers):

"To tour Canada, the United States and Mexico by waving a thumb along the highways is a feat that few have ever accomplished, but that is the way A. Judson, an Oxford University student, and his sister, Betty, both of London, recently reached this city. The two English visitors have just come over the highway from Acapulco, where they were forced to stop about a month due to a tropical fever which both contracted. They left London about two months ago, touring Canada first, then the United States and finally Mexico. Both have many interesting experiences to tell of their adventures along the highways and railways of three countries. At present they are looking for a ride to New York City, or part of the way there, with tourists who may be returning within the next few days. At New York they will board a boat for London and home."

They were interesting passengers, the kind I like to meet, the kind that makes travel more interesting.

Unless the drive back is something more than the drive down, this will be the last of one glorious trip. I hope the movies turn out all right to back up my written impressions, and now for the only Spanish word, I believe, I have used in all these letters—a word used the end of all their movies, is "Just Fin."

## MOCKING BIRD IS TAKEN FOR A RIDE

The mocking bird Mrs. Comstock of Saugatuck has been feeding since last December, was caught April 10, banded and taken to the Allegan game preserve and freed, as the birds are migrating north at this particular time and many stop off at the Comstock feeding station but not while Mr. Mocker was around, for he drove every bird out of the yard and also out of the neighborhood, and is listed as public enemy No. 1 in the bird kingdom. He had become a regular dictator and has bluffed everything from chickadees to blue jays and out on the game preserve he can take on all the territory he cares to.

## Traveler Tells Of Danzig Now In World News

DANZIG HAS BELONGED TO GERMANY AND POLAND BOTH

By Dr. A. J. Brower

I asked some friends to join my guide and myself and one of them was a linguist which came very handy at times. We strolled through beautiful lanes and parks in Danzig on to Gdnia, the Polish port opposite Zoppot across the bay. This port is the newest and most up-to-date port on the European continent, not much older than 15 years. The largest trans-Atlantic liners can enter this port and it is a safety harbor in the most stormy weather on account of the far-sweeping peninsula of Hel, forming a natural shelter from the waves of the open sea.

This port, though a suggestive name, does freeze over at times. Air communication here with all large European cities, and over 80 regular shipping lines with the whole world.

The famous philosopher, Schopenhauer, is a son of Danzig and so is Fahrenheit, the inventor of the thermometric scale that bears his name.

The experience of every visitor to this Free State is absolutely unique. The past, the present and the future are perhaps welded into one glorious unity but it seems to me that it is now and always will be a German city inhabited largely by Germans.

Danzig, still nominally, is a free city under League of Nations tutelage, although politically controlled by the Nazi party. How long will Herr Hitler be content without moving in is a matter of conjecture. Many posters we saw "Juden Nicht Erwuncht" at entrances of ball parks, tennis courts, amusement places, etc.

Danzig is typically German. Just recently our newspapers were telling us about the anti-German demonstrations by Polish university students in the streets of Warsaw as a protest against alleged discrimination against Polish polytechnic students in the Free City of Danzig.

From 1893 to 1917 Danzig belonged to Germany, but since that time the map was changed, and it became a part of Poland. It is this little corner that fills the newspapers these days and is the "bone of contention" between Poland and Germany today, and undoubtedly other nations are interested. At this time it is causing a tense situation, and what the outcome will be and the repercussions over Danzig eventually only time will tell.

I am indeed pleased that I had the privilege of visiting this historic place that figures so prominently in world affairs at this time. (Netherlands next week.)

## Woman Phone Manager Spent 41 Years As "Hello Girl"

Allagan patrons of the Tri-County Telephone company have missed the familiar face of Mrs. Helen G. Hare, who retired after 41 years of work as a telephone operator and exchange manager.

Mrs. Hare had served as chief operator and manager of the Allagan office since Nov. 1, 1927, when the property was purchased by the Tri-County company from the Michigan Bell Telephone company. It was with the Michigan Bell organization that Mrs. Hare began her career in 1898, working in their Kalamazoo office until the entrance of the United States into the World war.

With the construction of Camp Custer, Mrs. Hare assisted in the establishment of the telephone exchange there, and was in complete charge of the Camp Custer office from October, 1917, until the close of the camp in February, 1919.

Fifty girls were under her direction during that time, and for excitement and high pressure work she considers that period the most outstanding in her career.

Following closing of the camp, Mrs. Hare returned to Kalamazoo, where she was successively in charge of different parts of the exchange work there, at one time directing the work of 150 operators. She remained there until coming to Allagan.

Mrs. Hare is a native of Michigan, her girlhood home being in Nicholsville, a small village between Decatur and Marcellus. The most of the summer she plans to spend in Kalamazoo with her daughter, Mrs. W. W. Peck, and her three grandchildren.

Pupils of classes sponsored by the local Junior Welfare league, with Mrs. Helen St. Andre of Grand Rapids as instructor, presented an interesting dance recital Tuesday evening at the Woman's Literary club. Unusual skill was shown by those performing, which together with the attractive costumes, presented a pleasing program. A solo dance by Mrs. St. Andre was a feature of the program.

Announcement is made here of the marriage of Frederick M. Keller of Holland, son of Mr. and Mrs. Paul Keller of Muskegon, and Miss Bernadine Johnson of Detroit, formerly of Muskegon Heights. The marriage took place Saturday evening at the Boulevard Temple, M. E. church, Detroit.

Durwood Wendal of East 16th St. has returned from Cleveland, O. where he visited friends for a few days.

Mrs. Clarence Klansen of 579 Lawrence street entertained with a dessert buffet in honor of Mrs. Neal Mills of Los Angeles, Calif., who is visiting with her parents, Mr. and Mrs. Cecil Huntley of this city. The prize was awarded to Mrs. William C. Vandenberg, Jr. A beautiful guest prize was given Mrs. Mills. About 14 guests were present.

Mrs. Andrew Donze, formerly Miss Gladys Stygstra, was honored at two showers, both given by her mother, Mrs. John Stygstra. ## Mothers' Day

## MOTHER OF NINETY YEARS AND 11 CHILDREN AND FAMILIES CELEBRATE

An event that will be long remembered by those who participated in it, took place on Monday evening at the home of Mr. and Mrs. Joe E. Kardux on Northshore Drive. The occasion was the 90th birthday of Mrs. John Bolhuis Vanden Brink, mother of Mrs. Kardux and ten other children, all of whom are living. The affair was a most pleasant one, being in the form of a family dinner, guests being the children of Mrs. Vanden Brink and their husbands and wives, 28 in all. A nephew, Donald Bolhuis, of Liverpool, England, a marine aboard the S. S. Antinous of the Waterman Steam Corp. of Mobile, Ala., was also present. The table was set with which the guests were seated were attractively decorated with mixed bouquets and tall, lighted tapers, a cozy setting for an intimate gathering of this kind. Following the supper, the aged mother was presented with a purse, a son Jacob Bolhuis, making the presentation with a few well chosen words.

Despite her advanced age, Mrs. Vanden Brink is in good health, attending services at the Central Avenue Christian Reformed church, of which she is a member, each Sabbath day. It is also remarkable that of the eleven children born to Mrs. Bolhuis Vanden Brink, all are living and well, the oldest son, Allen, of Charlevoix, being 70 years of age. Mrs. Joe Kardux is the youngest of the children.

Mrs. Bolhuis Vanden Brink was born in Oegens plaats, Island Lake, Zuid Holland, The Netherlands, on May 1, 1849, her maiden name being Antje Kammeraad. Coming to this country when 18 years old, she states that the trip across the ocean took 18 days. She was wed to Mr. John Bolhuis on August 24, 1867, Rev. Peter Ogge of Hope college performing the ceremony. Mr. Bolhuis came to this country from Hithuizen Province, The Netherlands, together with his parents in 1847, he being but 8 years old at the time.

The land in the vicinity of Holland was heavily wooded in those days and the newly married couple built a small log cabin on a wooded tract of 100 acres near the north shore of the lake. Mrs. Bolhuis has many an interesting story to relate of those early pioneer days, when roads were only paths, Indians were frequent visitors at the homes, deer and wild life abounded, and bridgeless streams were crossed by means of logs. It can also be readily understood why today we have the Bolhuis Lumber company as one of Holland's going concerns, for even in those early days the Bolhuis family was active in selling lumber for board walks, barrel staves, etc. After making their home on the lake shore for several years, Mr. and Mrs. Bolhuis, together with the seven children, moved to Coopersville, their farm being located two and a half miles from the village. Being members of the Reformed church located there, Mr. Bolhuis served as elder for some years.

Some years later the family moved to Holland, making their home at 97 E. 18th St., where Mr. Bolhuis died at the age of 78 years during the year 1917. Mrs. Bolhuis married Gerrit Vanden Brink a few years later. Mr. Vanden Brink passed away in 1923.

For the past six years, Mrs. Vanden Brink has been making her home with one of her daughters, Mrs. Bert Siebelink of 425 College Ave.

The eleven children born to Mr. and Mrs. Bolhuis are Allen of Charlevoix, Frank of Holland, Peter of Coopersville, Jacob of Jackson, John of Elkhardt, Ind., Mrs. Siebelink, Mrs. Kardux, Mrs. J. D. Van Alsburg and Mrs. Stephan Karsten, all of Holland, Leonard of Topeka, Kan., and Stuart of Grand Rapids.

The Rev. Raymond Schaap of De Motte, Ind., was a delegate to the Particular Synod of Chicago which met at Spring Lake Wednesday and Thursday. He was the guest of his parents, Mr. and Mrs. C. Schaap, 82 East 18th St.

The Past Noble Grand club of the Erutha Rebekah lodge will meet at the home of Mrs. Dora Haight, 118 East 24th St. today, Friday, at 2 o'clock. Assisting the hostess will be Mrs. Imogene Wolford and Mrs. Ada Johnson.

## Ottawa-Allegan Scouts Rank High Data Bears Out

Council Among Leaders in Nation, Reports Show

(Muskegon Chronicle)

Ottawa-Allegan Boy Scout council ranks 27th in the United States and fifth in its region composed for four states in ratio of sea scouts to total scout membership, according to figures of Dec. 31, 1938. Executive M. P. Russell of Holland has been informed by national headquarters. The council in this and other respects is one of the leaders in scouting in the nation. Mr. Russell reports organization of a new sea scout ship sponsored by the Allegan Rotary club at Allegan and one at Grand Haven will raise the total number of sea scouts from 70 to 100.

The Grand Haven organization, to be known as Ship 13, composed mainly of members of Troop 13, is to have Harry P. Kirk, oldest scout leader in Ottawa county, as its skipper, and Ivan Fosheim, mate. The ship committee includes: Bar. W. Elliott, chairman, Govett Van Zantwick and Carl T. Bowen. There are eight charter members of the ship: Jack Fosheim, John Grabman, Charles J. Jarvis, Harold Roostien, Albert Scott, Richard Swiftney, George Willis and Patrick Harrison, all former scouts.

Included in a delegation of sea scout and explorer group leaders who plan to attend a leader's training conference in Lansing May 6, are Claire Michaels of Grand Haven, Lloyd Brown and Robert Lull, both of Coopersville, and Leonard Knapp of Marne, all of the north district.

## LOCAL SCOUT ONE OF THREE IN COUNTRY TO RECEIVE GOLD HONOR MEDAL

The National Scout Commissioner Daniel Carter Beard, made public the fact that Frederick Bocks, of rural route four, Holland, member of sea scout troop No. 22, Beechwood school, is one of three Boy Scouts in the United States to receive a gold honor medal for saving the life of another person. It will be recalled that Mr. Bocks, who is now 19 years of age, rescued Mrs. Anne De Trapanne of Grand Rapids from drowning at Ottawa Beach last summer, after Mrs. De Trapanne, who was bathing in Lake Michigan at Ottawa Beach, was caught by a severe undertow. Hearing her cries for help and sensing the situation, young Bocks, who was on the pier, went to the rescue, and although the task was difficult, both Mrs. De Trapanne and young Bocks being dragged under water several times, Bocks finally succeeded to swim to the pier with Mrs. De Trapanne, where they were helped out of the water.

In all, eight scouts throughout the country will receive certificates for heroism. The award will be made to Bocks at a program to be held in the near future by the National court of honor of the Boy Scouts of America.

Russell Haight is general chairman, and Gladys Burrows of the Rebekah lodge is co-chairman for the Odd Fellows rally and banquet on May 20. Between 200 and 300 are expected at the rally and banquet.

The Golden Chain Union of the Christian Endeavor was entertained at the Hudsonville high school auditorium last week Thursday evening, with Sherwin Hunsinger presiding at the business meeting.

The program was in charge of Douglas O'Brien, recreational director at the Y.M.C.A. of Grand Rapids, and Russell Vollink, union recreational superintendent. Shuffle board, baseball, darts, chess, checkers, "don't worry," ring a pin, card toss, potato bag, bean carry, balloon dart golf ball throw, penguin bounce, spoon flip, funnel catch, ring throw, and pin drop were included in the evening's activities. Prizes were awarded to Cornelia Zryhuizen and Doris DeVries of South Blendon, Alvin Naber of Zeeland, and Herbert Dornbos of Forest Grove. Those assisting the leaders were Ruth Slojman, Adeline Klomp, and Bud Timmer of Hudsonville, Nathan J. Roelofs, Don Kooiman, George Baroz, and Elzinga of South Blendon, John Cotts of North Blendon, and J. Wiltedink of Grandville. A social hour constituted the rest of the evening's entertainment. The banner was awarded to the South Blendon society. Approximately 200 were present.

## PRINCIPAL LESTER C. DOERR FATHERS-SONS BANQUET AT CENTRAL PARK

"Horizons" was the subject of an address by Lester C. Doerr, principal of South high school, Grand Rapids, at the annual father and son banquet held Friday night in the Central Park clubhouse. He was introduced by the pastor, Rev. F. J. Van Dyk, and the talk was one of the most inspiring ever heard on such an occasion. There were about 100 present and the dinner was served by the Willing Workers Aid Society with Mrs. Simon Harkema in charge. Mrs. Fred S. Bertsch, Mrs. James M. Cook and Mrs. Russell Teusink were in charge of the decorations and table arrangements.

Mess call was sounded by Roland Van Dyck and the teacher of the Young Men's Class, George St. John, gave the invocation. John Swierenga played two selections on the accordion and then the president of the class, Joe Wiernsma, introduced the toastmaster, Herbert Lugers. A number of appropriate songs were sung by the group with Mrs. Dick Vander Meer at the piano and Ralph Van Lente leading the singing.

The toast to the sons was given by Dick Vander Meer after which Roland Van Dyck played a trumpet solo, "The Last Rose of Summer." ## SEARCH BEING MADE FOR HOLLAND'S MEANEST PERSON

An extensive search is being made for Holland's meanest man or woman. The person in question is one who is as ruthless and heartless as human could be, seemingly being willing even to endanger the lives of numberless little children—anything so that his own desires may be fulfilled.

For the past month some person or persons have been putting out poisoned food in the neighborhood of 18th to 22nd streets between College and Columbia avenues, with the result that 20 dogs, some of them very valuable, have been found dead as the result of poisoning. The fact that 20 dogs have been killed because possibly one dog annoyed this person, is bad enough. But when one considers that the lives of little children are also endangered by this promiscuous throwing out of poisoned foods, is one to be not lightly thought of.

Chief Antles is very much incensed about the affair and states that he will put forth every effort to find the guilty culprit, and when apprehended, will be dealt with most severely. The chief is anxious to hear from anyone whose dog has been poisoned, and urges local folk to be on the lookout for any suspicious persons. All information will be confidential.

Funeral services for Marinus Van Zoeren, aged 77, were held Wednesday at 1:30 from the home and at 2 p. m. from the Vriesland Reformed church, the Rev. E. E. Heeren officiating. Mr. Van Zoeren lived all his life on the farm that his grandparents purchased from the government soon after arriving in this country from The Netherlands in 1848. The grandparents, Mr. and Mrs. Jacob Van Zoeren sold it to their children, and in turn sold it to their son Marinus. Mr. Van Zoeren married the former Miss Jennie Rankins of Coopersville in 1885. He was a director of the Farmers Cooperative elevator, and formerly was a member of the Holland fair association. He was a member of the Vriesland Reformed church, where he was a Sunday School teacher for many years. He is survived by the widow; a brother, Jacob Van Zoeren of Vriesland, and a sister, Mrs. M. C. Ver Hage of Zeeland. Interment took place in Vriesland cemetery.

## Police And Fire Board Hold Annual Meet

NAME HYMA NEW CHAIRMAN, APPROVE NEW ORDINANCE, CHIEF BLOM GIVES REPORT

The board of police and fire commissioners held their annual meeting at the office of City Clerk Peterson, Monday afternoon, at which the annual reports were heard, new committees were appointed and approval was given to a new sign ordinance, and numerous other matters were taken care of.

Andrew Hyma, senior commissioner, was named chairman of the board in the place of John Donnelly, retiring, on motion of Fred Kamferbeek, with Herman Prins supporting the motion.

Fire Chief Cornelius Blom, Jr. gave an interesting report on the work of the department during the year, stating that fire losses in Holland for the fiscal year, ending April 1st, amounted to \$12,476, while the losses for the fiscal year, ending April 1st, 1938, were only \$4,700. The loss is small, however, when one compares the figure with the fact that the property endangered is valued at \$64,000. Losses in 1937 were \$3,050, and in 1935 were \$32,085.

Chief Blom reported 82 alarms with 11 outside calls, 11 still alarms and 9 false alarms. He also recommended that the board consider replacing a 22-year-old fire truck after he had expressed appreciation to the board, mayor and council for purchasing the new ladder truck for the department, and stated that he, together with the other fire ladies, would be better able to render more efficient service with this new equipment. Mr. Blom also stated that he felt something should be done about the parking of large oil trucks along the streets of Holland's business district. He stated that on numerous occasions he had noticed that one, two or three oil or gasoline trucks parked on Holland's main thoroughfares and that this was a very dangerous practice. The board referred the matter to the common council, along with the majority of the report which also included the placing of extra hydrants in the business district and near the public buildings with pumper connections.

A new sign ordinance is also being drawn up by the board, Henry Looman, state electrical inspector for Ottawa and Allegan counties making several recommendations relative to the ordinance. The present ordinance on signs dates back a number of years, and is badly in need of revision, the board felt.

The Western Machine Tool Works presented a communication to the board in which they urged the installation of a traffic signal at Ninth and Lake streets, because of the fact that men employed in that vicinity find it difficult to leave their place of employment at noon. Chief Antles recommended that a double center line be painted at that location as had been done at 7th and Pine streets and which seems to be taking care of the situation at that place. Chief Antles in his monthly report stated that 85 cases had been disposed of during the month.

Chester F. Lokker gave his oath of office as new policeman, which was accepted and filed by the board.

Collection of officers' fees during the month amounted to \$8.40 by Justice Gallen and \$4.00 by Justice Kooyers.

New committees appointed by Chairman Hyma are: Patrols and Electric Signs — Fred Kamferbeek, chairman, James Borr and Herman Prins. Motor Vehicles — Prins, chairman, Cornelius Steketee, and Kamferbeek.

Personnel — Kamferbeek, chairman, Prins, and Hyma. Traffic and Marking — Borr, chairman, Steketee and Kamferbeek.

Equipment and Buildings — Steketee, chairman, Borr and Kamferbeek.

## SUNDAY SCHOOL LESSON

May 7, 1939.

Paul Works a Hard Field—Acts 18:1, 4-11; I Corinthians 2:1-5.

Henry Geerlings

Paul seems to seek out the cities in which to minister. Evidently he felt, as go the cities so goes the Roman Empire. Possibly that was not far wrong. The cities of civilization ever have had a moulding and mastering influence. The cities set the pace. The cities lead the way. The cities hold the bulk of the money. The cities make things and distribute things. The cities, of course, hold multitudes of people, and people make the world and not the world people. So it may be that the great apostle thought within himself, that if he could plant the church within the cities, he would thus establish so many radiant centers from which the warmth and the power of the gospel would go forth into all parts of the empire. If he could mould sentiment here he might mould sentiment across larger areas of the empire. If he could win the men of the cities, he might make them, or in time they would become men who would give a mighty impulse to the Christian movement.

If leading men of our great modern cities speak today, we give ear, even though we may not always do what they say. If a great religious revival were to start in Boston and New York and Detroit and St. Louis and New Orleans and San Francisco, it would not be long until the whole country would feel the effects. Our great cities dictate our styles and they hold our purse strings. We little know what influence they could have if they were to turn greatly religious.

At any rate, Paul went into the cities of the ancient empire. He had varying degrees of success. We cannot help feeling that he must have been somewhat discouraged with respect to his approach to the famous city of Athens. Here was a great city of culture of ancient times. Indeed we might not be speaking wildly were we to say that, in some respects, it was the greatest city of culture of all times. Possibly no city of time ever did Athens. Into this city Paul went, and he did not suffer by way of comparison as to intelligence. But the Athenians seemed not to be interested vastly in Paul's message. For the most part they were satisfied with what they had. So this great preacher soon left this center of culture and he came to an entirely different city—the city of Corinth.

Corinth was the capital of the Roman province of Achaia. It had grown up rapidly and it had a variety of peoples in it. They were not chiefly interested in culture. They were ambitious about getting on in the world. It was a great commercial city and like all great commercial cities it developed all the vices and created all the avenues to worldly pleasure that money makes possible. It had an unenviable reputation for profligacy and the excitement of the senses. Here the days were crowded with business and the nights were wild and ugly with revelry and drunkenness. Men and women hardly knew they had souls. They only remembered that they had bodies and the hungers of them must be satisfied in all the ways that human genius could devise. Art and religion seemed to have small place in the life of this pleasure-driven and money-mad city. If they worshipped, it was at the altar of the gods of this world, and their prayers and aspirations rose no higher than the level of their unalloyed heads.

Among such a people, Paul, the preacher of a regenerating gospel, labored for a long season. He won converts in spite of most tremendous opposition and spiritual indifference. But it is written that many of the Corinthians listened, believed and were baptized. It was a great achievement to get these people to listen.

There are thousands of people today, who, if one could get them to listen attentively and honestly to the preaching of the gospel, would also believe. But they will not give the gospel an honest hearing. They have made up their minds as to its value without knowing what its value and power are. It is the indifference of people today to religion, to Christianity, that holds back in some measure the progress of the church.

We cannot believe that the gospel does not have power. We cannot believe that the modern preacher does not have power of persuasion and conviction. But if people will not hear the preachers of today, what good will preaching do, so far as the pleasure-loving, money-mad multitudes are concerned. Our problem today, it seems, is not how to preach, but how to get people to hear. We may not have many Pauls today, but we do have many good and earnest and honest preachers. The people ought to give them a chance. Does the gospel have a harder task in getting a foothold in the modern city than it did in the cities Paul visited? Are the distractions more numerous and more appealing today than in the days of the apostle?

## CAULIFLOWER WITH CREOLE SAUCE

Separate into flowerets—  
1 large head cauliflower.  
Wash, then cook in well salted, rapidly boiling water. Drain.

Brown lightly—  
2 tablespoons chopped onion.  
1/2 cup chopped green pepper in—

3 tablespoons butter.  
Add, blending well—  
1/2 teaspoon salt  
1/2 teaspoon sugar  
2 tablespoons flour.

Add—  
1 medium (12 oz.) can tomato juice.

Cook, stirring constantly, until thickened. Pour over cauliflower.

## LENTEN BUILDER-UPPER

If you're like most folks who observe Lent, along toward the end of the season you begin to think your meals lack heart—that they need more solid substance to them. After all, it is pretty hard to make a vegetable plate dinner substitute for a juicy beefsteak, or a mild-mannered fish equal a succulent pork chop. There's a rib-sticking quality to a piece of meat that the average meat substitute dish seems to lack. But have you ever tried beans on your family for a hearty filler-upper? Oven-baked beans, the vegetarian style, prepared without meat in a spicy tomato sauce. These beans really are a nutritionally adequate substitute for meat. Their high protein content makes them a valuable addition to the diet. And besides all this, there's plenty of good solid eating to them, too. Why don't you try bringing on a brimming crockpot for supper tonight and watch your family take to them with zest and zeal? Just spoon the beans from a tin into a casserole and bake until the sauce fairly bubbles. Then top with a pool of nippy cheese rarebit poured in the center of the pot, and serve so:

## CHEESE AND BEAN RAREBIT

Heat in saucepan—  
1 medium (18 oz.) can oven-baked beans, vegetable style.  
Combine in top of double boiler—

2 tablespoons butter  
1 lb. Old English cheese  
1 teaspoon Worcestershire sauce  
1/2 teaspoon pepper sauce  
Salt  
Pepper.

Heat 10 minutes over hot water, stirring until cheese is melted and well blended. Place beans in shallow serving dish or casserole. Make depression in center of beans, then pour in cheese sauce. Serve very hot. (Serves 4.)

## TASTY TOPPING

Next time you want a fine new way to dress up a head of cauliflower, take this tip and serve Cauliflower with Creole Sauce. Here is a dish with a genuine down South flavor. A dish seasoned with all the subtle spicery that made New Orleans cooking famous. That amazing mixture of black mummy magic, Indian yams, and French and Spanish culinary lore. To turn out this triumph, just cook delicate flowerets of cauliflower in rapidly boiling salted water until they're tender, then drain and mask in this Louisiana sauce:

## TO BE HELD AT MISSION

Sunday, 3 p. m., marks the beginning of a two-weeks' Evangelistic Campaign with Amy Lee Stockton and Rita Gould, nationally known young women evangelists at the City Mission, 74 E. 8th St. Miss Gould and Miss Stockton have just closed one of the best of their campaigns at the Belden Ave. Baptist Church, Chicago, and came directly here for these special meetings. For a number of years they held evangelistic services in Wealthy Street Baptist Temple, Grand Rapids, and the last two years in the City Mission, Grand Rapids, where Mel Trotter, brother of George Trotter, is superintendent, and is very enthusiastic over their coming to Holland. Miss Stockton is a very dynamic speaker and preacher of righteousness. Miss Gould is one of the greatest of song leaders, soloists and musicians. Her singing and her playing of the vibra harp is one of the big features of their meetings. While there are many kinds of  
headache, the two most com-  
mon are headaches from eye-  
strain and headaches from bil-

In each case the cause is in

eye-strain, glasses may be ne-

should not be

The pin was presented to Mrs. Roos by the installing officer with a few well chosen remarks rendered the organization by Mrs. Roos.

The auxiliary is to hold a rummage sale in the G.A.R. rooms of the city hall on Saturday of this week, beginning at 9 o'clock in the morning. Anna Wojahn is general chairman for the sale.

The auxiliary presented a beautiful flag to the cub scout troop of Washington school at the meeting of the cub scouts this week. Eight members of the auxiliary were present at the scout meeting, the scouts giving a program that told the visitors that the scout's duty consists of. The flag was presented to the troop by Margaret Van Kolken, who fittingly though briefly told the boys to love the flag, to honor it, to cherish always the flag and that for which it stands.

## SUNDAY DINNER Suggestions

By CORA ANTHONY  
Director of A&P Kitchen

A NUMBER of vegetables including A cabbage, onions and green beans are much more reasonable than in recent weeks. May and July are the chief months for green peas, not June as is commonly thought.  
Pineapples and strawberries are plentiful and inexpensive. Outdoor rhubarb is now in market. Bananas, grapefruit and oranges continue to be the outstanding fruit values.  
Fish, poultry, eggs, butter and cheese are all very reasonable in price and plentiful. Meat prices are little changed. And here are three Sunday dinner menus from which to choose.

## Low Cost Dinner

Roast Shoulder of Pork  
Browned Potatoes  
Bread and Butter  
Fruit Gelatin with Custard Sauce  
Tea or Coffee  
Milk

## Moderate Cost Dinner

Brasted Rump of Veal  
Tomato Gravy  
Mashed Potatoes  
Cut Asparagus  
Bread and Butter  
Strawberry Chiffon Pie with Whipped Cream  
Tea or Coffee  
Milk

## Very Special Dinner

Mock Turtle Soup  
Fried Chicken  
Mushroom Gravy  
Parsley Potatoes  
Green Peas  
Green Salad  
Rolls and Butter  
Pineapple Sherbet  
Cookies

## MAGAZINE DEPICTS SPRINGTIME

Woman's Day magazine for May pictures a gleeful little girl in her swing in colorful dress and pig-tails.  
"Just Between Neighbors" is a regular feature as usual; and the prominent author Booth Tarkington, gives an interesting review, "I Live in Indiana and Like It." "Who Was to Blame," is a boy's story picturing a "dead-end" street in a big city. "Why I Am a Bachelor" is told by Frank Sullivan.

"Home Decorations and Bedroom Fixtures" are fully told in a pictorial review, "What Will I Do for a Living?" by Dale Carnegie is a live question today. "Beauty Conferences" and all the operations that go with it are fully pictured.  
"How and When not to be a Wet-Blanket," by Susan Bennett Holmes, in "The School Bus," is indeed interesting.

An interesting discourse on "Only by Chance are Pioneers Made" is very interesting. The radio review, "Hollywood Review," with pictures, are fully given. "Fashion Plates," embracing the bride's wardrobe, comes in for two pages. "Designs for Linens in Colors" is also given considerable space.

"Family Meals for Young and Old," "Menus," "Six Spring Lamb Dishes," fully pictured, which look like succulent morsels, are given with recipes. "Children's Day," "Early Summer Fruit Desserts and Cooling Beverages," comes in for three pages. "Do You Know These Tricks in Preparing Meals?" are shown with illustrations.  
The fifty-page magazine closes with "From the Notebook of Elsa Connors."

The regular issue of the Woman's Day, a monthly publication sponsored by the Atlantic & Pacific Tea Co., is now available and copies can be secured at 2c each at any Holland, Ottawa, or Allegan county A&P food stores. Ask for your copy.
