Allegan, May 5 (Special)—A total of 2,295 Allegan county farmers will soon be receiving their share of \$46,292 from the Agriculture Conservation association for their soil conservation practices in 1948. A hearing for local harbor improvements will be held in Holland Friday, May 20 at 2 p.m. Common Council was informed Wednesday night.

The hearing is called by the Michigan State Waterways commission to consider modified improvements to Holland harbor which were improved in principle here several weeks ago. The commission is calling the hearing to discuss the improvements before approving the plans, a step necessary in the developments leading to proper presentation in Washington, D. C.

The communication was referred to the harbor committee.

Ald. Peter Kromann submitted for second reading two amendments to existing ordinances, one concerning annual care or care by owners at Pilgrim Home cemetery, and the other a zoning change to regulate and restrict location of trades and industry. The latter refers specifically to zoning changes on River Ave.

On suggestion of Ald. Bertal Slagh, council approved free parking for disabled amputee veterans of World wars. This refers only to those veterans who have been provided with cars. A special insignia will appear on the car, allowing such privileges.

He said that if the danger is not overcome, further consideration will be given.

The city clerk was instructed to write a letter of protest to local representatives in Lansing objecting to House Bill 495 which would make it mandatory on a 40-hour basis objection of the Michigan Municipal league was not against a 40-hour week but against the state legislature setting up rules for municipalities.

The clerk also presented information on Senate Bill No. 47 which would reduce the municipal share of the "on premise" liquor license fees from 85 per cent to 50 per cent. He said this reduction would mean a loss in revenue to Holland of approximately \$1,200. Greengood reported he had obtained exemption certificate blanks to exempt the municipality from excise taxes on transportation tickets. He suggested all departments make use of these certificates. A further suggestion was to have material shipped to contractors doing work for the city shipped to the city of Holland, c/o the contractor, so that the 3 per cent federal transportation tax may not be imposed.

School Questionnaire Yields Varied Comments

Allegan, May 5 (Special)—A year after high school graduation, many young people are apt to say, "I wish I had worked harder," or, "I wish I had taken different subjects in school."

That is the conclusion of Allegan high school principal Joe Mulready in looking over returns of a questionnaire sent to all of last year's graduates. The purpose was to get ex-students reaction to their high school training.

They were asked if they received the kind of classes they wanted, what subject they liked best, the qualities they admired or deplored in their teachers, and how the curriculum could be improved.

The fact that many discovered they had followed the wrong course in school ties in with Mulready's findings that students become more undecided about their future as they approach graduation. Most all freshmen have definite ideas on what they want to do, the principal says. By the time they become seniors, a large percentage have changed their mind or have no specific aim.

County Collects Almost \$26,700 In 1949 Campaign

\$400 Deficit Wiped Out In Last Two Weeks; Leaders Are Grateful

The Red Cross drive went over the top this week in Ottawa county.

Red Cross leaders today announced contributions totaling \$28,695.88, about \$30 more than the assigned 1949 quota of \$28,666 for the county.

The south half of the county with a quota of \$17,199 has collected \$17,217. The north half with a quota of \$11,466 has collected \$11,478.88. Late contributions came primarily from persons who had been out of the city.

The county campaign this year was directed by W. A. Butler, Sentinel publisher, assisted by hundreds of volunteers throughout the county. The Rev. Donald Hallock was assistant chairman for the north half.

Early this month, the county was \$2,000 short of the quota. By the time the Board of Trustees held its quarterly meeting April 18, the total was only \$400 short of the quota.

At that time, honor banners were presented to Mr. Harold G. De Vries of Park township, Mrs. N. J. Danhof of Zeeland city and Mrs. S. Justema of Grand Haven township for being the first to exceed their quotas.

The national quota of \$60,000, 000 had gone over the top, but local chapters were urged to continue their campaigns so that service on the lower level would not be curtailed.

Campaign Director Butler and the Rev. William C. Warner, chairman of the county chapter, today expressed appreciation to all workers for their part in raising the quota and to the persons and firms who made contributions.

Batema Studies Team Candidates

A group of 20 baseball players are working out evenings at Riverview park under the watchful eye of Manager Benny Batema of the Flying Dutchmen baseball club.

Batema hasn't decided on any starters but confides that several younger players will appear in the lineup this season. Sessions have been confined to scrimmage games, batting and fielding practice.

Al Bronkhorst has been toying with the idea of getting into a Dutchman uniform this season. Bronkhorst has been sidelined the last few years with a sore arm.

He hurried big time baseball for 10 years, playing with such top-notch teams as Shreveport in the Texas league and others. He was called up with the Chicago Cubs in 1945 but had to retire because of an ailing hurling arm.

Bronkhorst might add that needed "zip" to the Flying Dutchman mound staff if he decides to play.

Candidates for the local independent powerhouse this season are: Ron Fortney, Mike Van Oort, Ken Bauman, Bob Borgman, Zeke Piersma, Clyde Kheewker, Lou Vand Bunte, Jack Van Dorpe.

Others are Don Van Lente, Warren Victor, Lefty and Mouse Van Wieren, Loren Wenzel, Harry DeNeff, Bob Greenhoe, Al Van Meesteren, Lou and Alex Humbert and Lou Borgman.

However, the grid managers withheld their final decision until a meeting May 29.

Manager Fred Bocks of the Holland Hurricanes attended the session along with representatives of the Highland Park Bears, Jackson Lions, Ann Arbor Bulldogs, Grand Rapids All-Stars and Muskegon.

Local Museum Receives Gull

A black-headed gull from a Netherlands museum has been added to the Volendam exhibit at the local Netherlands museum.

The gift, from the Rijksmuseum Van Natuurlijke Historie in Leiden, The Netherlands, was the result of Dr. L. B. Holthuis' visit to Holland last summer. Dr. Holthuis, curator of the museum, noted the local museum was using an American gull in the fishing village display and promised the authentic gift.

Black-headed gulls are common in Volendam.

The new specimen is in full winter plumage and has a small dark spot behind its eyes. The gull's head is deep chocolate brown in the summer.

The black-head is closely related to the laughing gull, Franklin's gull and Bonaparte's gull species that are found in the United States.

Willard C. Wichers, director of the local museum, hailed the gift as another step toward making the displays at the local show place truly related to the Netherlands.

A species of the gulls seen on Lake Michigan was being used for the fishing village exhibit.

Body Is Found On Rail Tracks

The body of a man, tentatively identified as Dunne Wind, 77, no address, is being held at the Ten Brink funeral home in Hamilton pending complete identification.

The body was found Sunday afternoon at 12:30 on the C & O railroad tracks three miles north of East Saugatuck. A brakeman on the rear of train No. 45 saw the body on the track after the train had passed the spot and notified the Holland station that in turn notified the Allegan sheriff's office.

Sheriff Louis Johnson of Allegan, said today that the man had apparently walked into the side of the train. Johnson said his right ribs, shoulder, leg and side were injured. He also had head cuts. However, he was not struck by the engine, officers said.

Johnson said the same man had spent the night of April 21 at the Allegan jail and two cellmates identified Wind this morning. Fingerprints were forwarded to Lansing for further information.

According to Johnson, Wind told the Allegan jailer that he was born in the Netherlands. He was shabbily dressed and carried a large bundle of old clothes and had less than \$10 on his person, Johnson said.

He was seen in Holland on Saturday and an Allegan woman reported she gave the man something to eat a few days ago.

He was round-shouldered, weighed 165 pounds, was six-feet tall and had gray hair on the back and sides of his head, Johnson said.

Further information should be directed to the Ten Brink funeral home.

Holland Post Office Breaks Record Again

Receipts at the Holland post office during April shattered the record-breaking March total by more than \$1,500, according to Postmaster Harry Kramer.

Total for last month was \$32,502.69, or a 37 percent gain over the same month during 1948 when \$23,595.98 was collected.

This year's total for April again smashes the record for any month, outside of December, in the history of the local post office, Kramer said.

Receipts for the first four months of 1949 are about \$116,000 or 26 percent over the four-month total of \$92,000 for 1948.

Merchants Again Providing Aides For Tulip Time

"Dutch Hospitality" will be extended to Tulip Time visitors again this year by the downtown merchants, according to a vote taken at the monthly meeting Monday of the retail merchants division of the Chamber of Commerce.

Under the system inaugurated last year, each place of business has one clerk attired in Dutch costume available for information and Tulip Time data for visitors.

A school to brief such hospital representatives will be held Tuesday at 2 p.m. in the Warm Friend Tavern. Such representatives will wear a wooden shoe badge with a big "Ask Me."

Merchants also approved a "sea" of approval advocated by Tulip Time, Inc., for merchants, restaurateurs and other operators catering to festival trade. Establishments with such seals on their windows indicate their prices are in line and have the approval of the festival committee.

Merchants also decided to close their stores during the Wednesday afternoon street scrubbing, and open immediately following the parade. They also discussed possibility of making the alley bordering stores on the south side of Eighth St. a public alley, the same as the north alley. This matter was referred to a committee headed by Robert Viascher for study.

No action was taken on Saturday night closing, and this subject will be discussed further at future meetings.

Tony Last, president of the merchants' division, presided.

Holland High Wins; Christian Defeated

Dutch Hitting Spree Nets 20-0 Victory Over Grand Haven

Coach Bob Stupka's Holland high school juggernaut crushed Grand Haven Friday afternoon 20-0 in the local Southwest conference debut at Grand Haven.

The power-loaded Dutchmen stacked up 20 runs on 17 hits to push their four game total to 55 runs and 57 hits. Holland's season record now stands at three wins and one setback.

Forrest Shuck worked for the Dutch again Friday and chalked up his third win of the season. He handcuffed the Buccaneers with five scattered safeties.

Shuck struck out eight Buc batters and didn't allow a walk.

After the first two fruitless innings, the Dutch let loose their powerful hitting attack and sent 10 men to bat. That third inning splurge disjointed the Buc defenses and Holland tallied six runs, on five hits, including a booming triple by First Sacker Whitey Witteveen.

The Dutch pecked away at the slants of Ken Clark for the next three innings until the count was 11-0 going into the top half of the seventh inning.

Holland hitters shelled three Grand Haven pitchers for nine runs on six hits in the local's half of the final frame. Stupka finally inserted his second stringers into the lineup. The splurge petered out after 14 Holland batters had stepped into the box.

Feature of the last-inning barrage was Tom Hildebrand's base-clearing triple with the sacks loaded. Dave Kempler hit a double.

Frank Wlodarczyk and Shuck split batting honors for the Dutch. They each ended with four hits in five times at bat. Kempler, Hildebrand and Witteveen each had two hits.

Grand Haven's erratic defenses were charged with nine errors. Holland was charged with one misplay.

Clark started for the Bucs and was relieved by Dick Berg in the seventh. Bob Van Schelven moved from his third base post to the mound later in the seventh and was able to put out the fire against Holland's second stringers.

Van Vliet fanned five Christian batters while Holstege struck out four Grand Rapids batters. Holstege and Petroelje led the Maroon offense with two hits apiece. Shortstop Pyp of the winners led his club with three singles.

SPEAKING OF WOMEN'S CLOTHES

A dame named Darlene Donzal,
head of a Southern modeling
school, has been taking time off
from her regular job to speak
about women's clothes. She said
American women "have a lot of
natural beauty," but they "need
a lot of style co-ordination." By
which she seemed to mean that
many American women don't select
clothes that suit their personal-
ities; they follow the crowd like
sheep, whether the current styles
suit their personalities or not.

This Donzal dame is of course
right in her remarks about Amer-
ican women. But she would also
have been right if she had said
the same thing about European
women; and about African wo-
men; and about Hottentot women.
She should be dead sure that in the
crinoline days no woman, no mat-
ter how much personality she
might have, would have ventured
to revolt against wearing the ugly
hoopskirt. Or you can go back
further in history. Presumably
there were no other women when
Eve set the fig-leaf fashion, but
if there had been you can be sure
that there would have been a run
on fig leaves.

Nor it is necessary for Madam
Donzal to confine herself to wo-
men. When narrow trousers were
the thing, there was no man so
brave that he dared to wear wide
ones, even though they might suit
his personality, or be more com-
fortable. And in a wide-trouser
era no man ventures on the nar-
row type. Same with the shape of
the lapel, the number of buttons
on the sleeve of the coat, and so
on and so on.

We are all more completely
frail-cats in the matter of clothes
than in almost anything else. It is
not too hard to face a gun or a
bomb in battle, but facing down
the style dictators is quite an-
other matter, and that goes for
men as well as for women.

Over a century ago Thomas
Carlyle wrote a book that he called
"Senator Resartus," which lit-
erally means "The Tailor Re-Tail-
ored." The world does not judge
by inner worth, he held, but by
outward appearance. The world
usually isn't even conscious of the
fact that there is something under
the clothes. All human institu-
tions — the government, the
church, the family — are only the
clothes of an inner reality. Man-
kind worships the clothes, not the
reality.

Is it any wonder that both men
and women attach so much im-
portance to the right clothes?
They can hope to get esteem only
for their outer covering.

Christian School Bands Present Spring Concert

Three bands of the Holland
Christian schools presented their
spring concert Friday night to an
audience that filled Holland high
school auditorium. The grade
school, junior and senior bands
each played a group of numbers
under the direction of Robert
Weener.

During the senior band's per-
formance, Preston (Butts) Kool,
president, presented a gift of ap-
preciation to Mr. Weener on be-
half of the band.

Possibly the favorites of the
audience were the marches; a
junior band novelty number, "The
Old Hunter" by Bennett, with
Roger Nykamp serving as nar-
rator; a cornet trio, Norman Unema,
Hills Timmer and Floyd Heers-
pink, with band accompaniment,
playing "Cracker Jacks" by De
Lamater, and senior band num-
bers, "On the Mall" by Goldman,
and "Tea for Two" by Yeomans.

Jesus Answers His Critics
Mark 11:27-33; 12:28-34

By Henry Geerlings

The critics of our Lord were
divided into three classes, the
Pharisees, the Sadducees and the
Herodians. They had their private
feuds, but they united in a com-
mon cause against Christ. The
Pharisees were a religious party
whose name was derived from a
Hebrew word which meant sepa-
rated. They were strict observers
of eternal rites and ceremonies
beyond the requirements of the
Law. They placed the traditions
of the elders on an equality with
the Word of God. They were ex-
clusive, formal, self-righteous.
They were proud of their unblem-
ished descent from Abraham. Jeru-
salem was their capital; the
Hebrew scriptures were their lit-
erature; the temple their one
center of devotion. They held to
the literal interpretation of the
law and the prophets. They be-
lieved in spiritual manifestations,
in the pre-existence and contin-
uity of the soul and in the resur-
rection of the dead. They consid-
ered themselves a kind of spiri-
tual aristocracy. They were jealous
of their supposed rights.

The Sadducees were a party
supposed to be named from Za-
dok, a disciple of a president of
the Sanhedrin. They were the
very opposite of the Pharisees.
They denied the authority of all
revelation and tradition subse-
quent to Moses. They denied the
existence of supernatural beings,
the continuity of the soul and the
resurrection of the body.

The Herodians were a political
party among the Jews. They fa-
vored the Roman government. They
united with the Pharisees in seek-
ing to destroy Christ.

In our Scripture for today our
Lord's critics came to Him while
He was walking in the temple and
asked Him by what authority He
did these things. The things re-
ferred to were the things He had
been doing since His triumphal
entry into the city. Under these
circumstances there came to Him
the chief priests and the scribes
and the elders. In this company
all the classes of the Sanhedrin
were represented. They came to
Him as the representatives of the
highest and most august court
among the Jews. These leaders in
Israel were hostile to Jesus. They
came for the purpose of destroy-
ing Him. Their hearts were filled
with malice and hatred. They
were so dreadfully set against
Him that they were determined
to kill Him.

These men were entitled from
their office and rank to institute
careful investigation into the au-
thority of all religious teachers.
They were, however, prejudiced
against Jesus and therefore they
could not make an honest and
fair investigation into His author-
ity. And what is more their in-
vestigation was at far too late a
period. Jesus had been for a few
years before the public and He
had performed many wonderful
and indisputable miracles and had
been accepted as a teacher by the
multitudes in all parts of the land.
The motive for their investigation
was not sincere nor honest. Their
question was a reasonable one had
they made it with single-mind-
edness and with an honest desire
to know the truth in the matter.

As always Jesus was ready
with an answer. He knew the
hearts of His critics. Had they
been honest men He would have
met their question in another
way, we may be sure. As it was,
He met their question with the
question of His own. He will make
them pass judgment upon them-
selves or else silence them in the
presence of the people.

The second question that the
critics asked our Lord was about
the future life. It was asked by
the Sadducees. They were insin-
cere. They did not believe in the
life to come or in the resurrection.
It was a hypothetical question
about a woman who had been
married to seven brethren. In the
resurrection, they asked, whose
wife should she be. This is just
such a question as an unbeliev-
ing trifler could ask. They got an
answer that surprised and sil-
enced them.

It is worth noting that Christ
quoted the Scriptures to them
and He quoted from that part of
the Scriptures which they profes-
sed to believe, from the Penta-
teuch. At the same time He
charged them with ignorance of
these same Scriptures and the
power of God. He further enlight-
ened them about future condi-
tions. There is no marrying in
heaven. That belongs to our
earthly state. And this answer of
our Lord to the Sadducees is ade-
quate to meet most of the cavils
that are made against the Bible
or of the institutions that God has
established upon the earth. The
deeper and more comprehensive
knowledge we have of the Holy
Scriptures and the more we are
impressed with the power of God,
the more enlightened we will be
and less likely to ask foolish
questions.

There is no advantage in criti-
cizing our Lord. The right thing
to do is to believe on Him. He is
still interested reverence so far
as the worship of God is concern-
ed. He is still showing people that
unless they love God and their
fellow men with all their hearts
and minds and strength, they are
not what they ought to be. What
is more, He has been able to in-
fluence a mighty multitude who
worship God in the right spirit,
and who abound in beautiful liv-
ing under all manner of trying
circumstances and conditions.

to five pounds of water for every

Holland Netters Squeeze Out Win

Holland high school's tennis
team shuddered through a narrow
4-3 victory over Kalamazoo Cen-
tral Friday afternoon at the 22nd
St. Courts.

The Dutch were riding along
easy street with three straight
singles victories safely tucked
away and were ahead in two dou-
bles matches at the end of the
first sets.

However, the matches took a
turn against Holland. Kalamazoo
rallied in the three double events
to win and tie the match score.

Meanwhile, Ken Schippers
and Kazoo's Dave Cookson were
droning through the third set of
their match. Cookson was lead-
ing, four love. Then Schippers be-
gan the uphill climb and finally
won out 10-8 just before darkness
shaded the courts, to give Holland
the victory.

Results of the singles matches
were: Ken Van Wieren (H) de-
feated Don Stowe (K), 6-2, 6-0;

Brewitz (K), 6-3, 6-3; Dale Van

club to succeed the Rev. William
C. Warner, at the club's Thursday
noon luncheon meeting in the
Warm Friend Tavern.

Dr. Irwin J. Lubbers was elected
vice president, and Leon
Moody was re-elected secretary-
treasurer. New members of the
board of directors are Dr. Lub-

Much of the meeting was de-
voted to raising "Walking Bill
Lowry," Rotarian, and executive of
the Sligh Lowry company. Bill
Diekema composed a short song
to the tune of "Tramp, Tramp,
Tamp" which the club sang
twice, in honor of Lowry's stunt.

Not to be outdone, Lowry rose
to the occasion and proclaimed
modestly that his was not much
of a feat. "As a matter of fact,"
he said, "I walk quite a lot, hav-
ing begun sometime before I was
three. My wife walks, and I nat-
urally insisted that my children
walk too."

President Warner read a letter
received from Lowry in which a
check for \$250 was presented to
Grace Episcopal church for the
new organ fund, a like amount
having been sent to Grand Rapids
for their hospital drive.

Gordon Lawhead of Grand Ha-
ven, newly elected Rotary Govern-

Rotarians to participate in the
several conventions to be held
next month.

lege golf team gained "sweetly-
sought" revenge Thursday after-
noon over Grand Rapids Junior
college by defeating the Raiders
10-7 in a match played at Amer-

one objective—to avenge that
Raider administered defeat at

Davenport-McLaughlin handed
Hope its lone defeat.

Davenport's Al Zaskowski was
low medalist with a sizzling 72-
stroke total for the 18 holes.

Christian-Hope Register Wins

Mast Wins Own Game
In Thrilling Finish;
Locals First Victory

Holland Christian's unpredict-
able baseball club scored a 5-4
upset victory over a favored Fen-
ville nine at Riverview Park
Thursday afternoon. It was Chris-
tian's first win of the year against
three losses. This afternoon Coach
John Ham's crew takes on its
third foe of the week when it
tangles with Grand Rapids Chris-
tian in the Furniture City.

For the first time this season,
the Maroons showed offensive
power, by smashing out 11 solid
blows. Preston (Butts) Kool led
the Hollanders with four hits in
four trips to the plate. Among
his safeties were a triple and
three timely singles. Meanwhile
Ken Mast was hurling creditable
ball for the Dutch. He permit-
ted just five hits while striking
out 13 Fenvenile batters.

In addition to pitching a good
game, the local hurler clinched his
own victory in the last inning with
a solid single driving in the tying
and winning runs.

Holland scored first, combining
three hits and two stolen bases
for two tallies in the initial frame.
The invaders came back with an
unearned run in the second on
two walks and an error, making
the count 2-1.

Fenvenile managed to get their
first hit off Mast in the fourth
inning when Second Baseman Ma-
ciak singled. Another hit by
Pitcher Bowie, a walk, and two
Christian misplays, netted two
tallies, giving the losers a 3-2
lead. Another walk, a sacrifice
and a single produced another
Fenvenile marker, making the
count 4-2 in the fifth inning.

With one out in the fifth, Butts
Kool lined a long triple and came
in to score on Catcher Chet War-
ner's single. Another hit by Mast
was wasted as the next two bat-
ters went out in order. Fenvenile
now led 4-3.

Christian finally "iced" the vic-
tory in their final inning with a
rally after the first man was re-
tired. Butts Kool then reached
first with his fourth hit of the
game. Chet Warner was safe on
an error by Bowie. Both runners
advanced on a passed ball. Then
Mast came through with his time-
ly single to center driving in the
two tallies to end the fray.

Each team committed three er-
rors.

Holland Avenges Fennville Loss For Fourth Win

Roger Eggers Checks Visitors With Three Hits in Six Innings

Revenge tasted sweet to Holland high school's baseball team Tuesday afternoon as the Dutch downed Fennville 13-4. Earlier this season, Fennville handed Holland its lone defeat.

Tuesday's win moved Holland's record up to four wins against that one loss. The 13-run total pushed the Stupkamen's record up to 68 runs on 70 hits in five games played this season.

Holland's vaunted run-producing machine didn't get started until the last half of the sixth inning. In that half of the inning, the Dutch scored eight runs on five hits and two Fennville errors. Tom Hildebrand led the game clinching attack with a home run over the right-field fence with two men on base.

Up until that sixth inning rally, the score was 5-4 in Holland's favor.

Roger Eggers deserves a big share of the credit for Holland's win. The sophomore pitcher came into the game in the second inning after starting Pitcher Glenn Kamper had issued two walks. Eggers promptly put out the fire by striking out the next three Fennville batters.

He pitched the remainder of the game and allowed just three runs on as many hits. Eggers struck out eight Fennville batters and walked two.

Kamper allowed two hits and one run in the one complete inning that he worked on the mound for the Dutch.

Holland collected 13 hits off the slants of Art Bowle of Fennville. That total includes home runs by Whitely Witteveen and Hildebrand.

After Fennville took the lead in top half of the first inning, Holland came back with three hits and three runs. Feature of the inning was Witteveen's long home run that landed in deep center field and rolled back to the fence. It was the longest possible hit inside the ball park.

Fennville tallied its second run in the third. Carlson was safe on an error and went to second on the overthrow. Maciak banged a single to right field scoring Carlson. Dickinson hit into a double play and Bowie was out. Wlodarczyk to Witteveen.

Holland scored two runs in its fifth. Merrill Homan smashed a triple and came home on Wlodarczyk's double. Appledorn brought Wlodarczyk home with a long single.

Fennville scored two runs in the top half of the sixth on two hits, a walk and an error.

Human led Holland's hitting attack with four hits in four times at bat. He hit a triple, a double and two singles. Witteveen and Wlodarczyk each had two out of three.

Hillsdale Blanks Hope College Nine

Hillsdale's Bearcats blanked Hope college 8-0 Tuesday afternoon in a baseball game played at Hillsdale for the winner's seventh straight victory of the season against no defeats.

Hope aided the Hillsdale cause by committing nine errors. Bill Ver Hey worked for the five completed innings on the hill for Hope and was relieved by Paul Buckhout in the sixth.

The Bearcats collected six hits off the local pitcher including a home run by Bill Young in the last half of the sixth inning with two men aboard. Young collected three out of the six hits and drove in five of the eight Hillsdale runs.

Mouse Van Wieren hit a long triple for Hope but was out trying to stretch the hit into a home run. Con Boye was credited with Hope's other hit when he beat out an infield grounder.

The loss gives Hope a season record of four wins and the same number of defeats.

Mild Misty Answers The Call of the Wild

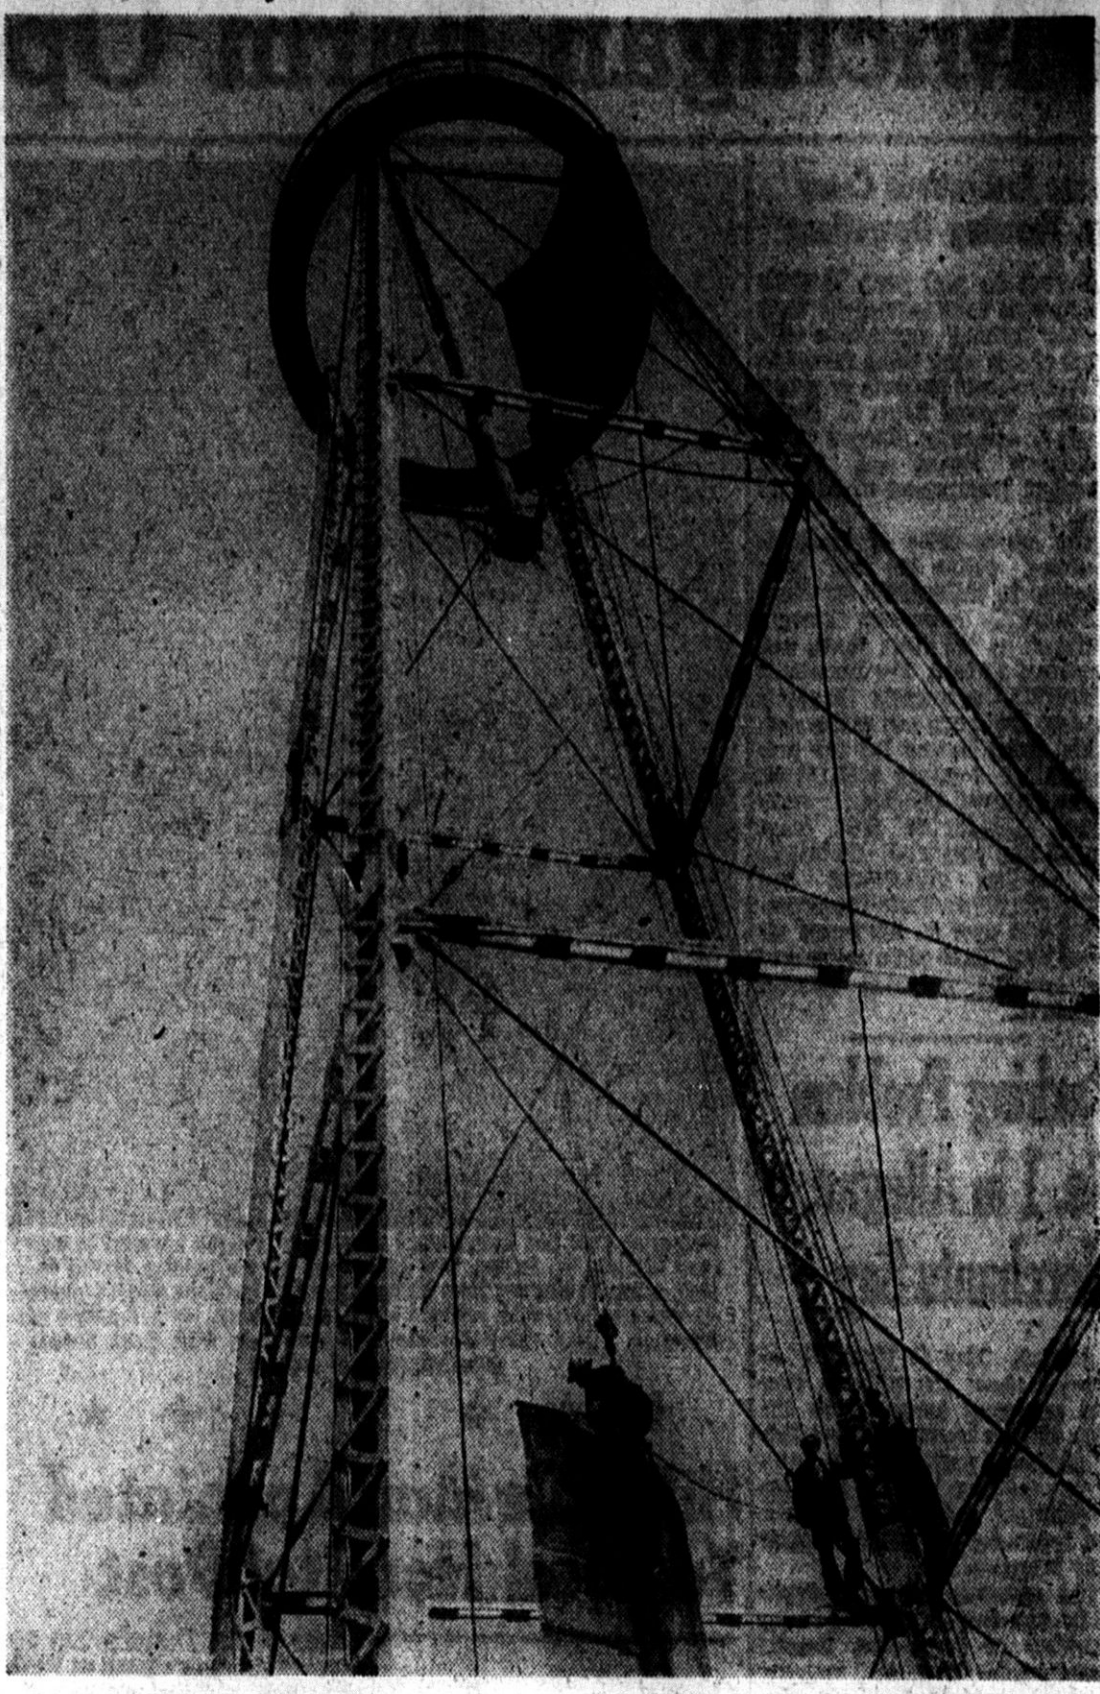

Mary McLean, Hope college senior who lives in Holland, passed out chocolate cigars a few days ago after a hare-raising experience.

Mary decided that the family pet, a bunny named Misty, must go. She and her mother took Misty to Dunn woods at the city limits and turned the bunny loose. But the co-ed and her mother, Mrs. Harold McLean, became concerned about Misty. Mary went to the woods twice to feed the bunny and each time she called Misty by name, the bunny came a-hopping for a free meal.

The third time she went to the woods, Mary decided to take Misty back home.

Meanwhile, spring had come to the lonely woods and Misty found companionship among the oryctolagus cuniculus.

Misty now is a mother.

News of Interest to Western Michigan Farm Operators

Arnold Pleased at Interest in Tree Planting Project

County Agent Urges Use of Various Types Instead of One Species

L. R. Arnold, county agricultural agent, is pleased over the continued interest in the tree planting project in Ottawa county. Over one million seedling trees will be planted this spring, thanks to the West Ottawa Soil Conservation District program. Had trees been available, the number of trees planted would have been over two million.

Arnold points out one future weakness in the tree planting program. It lies in the insistent demand for Scotch Pine. This tree has become popular as a Christmas tree. Last year growers established large farm seed-beds, all to Scotch. They are doing likewise in 1949.

Directors of the district, and the district forester, Paul Slaubaugh, warn against too widespread planting of Scotch. Growers in Wisconsin are discouraged over this species. Disease is wiping out all plantings. If this disease becomes prevalent in Michigan, growers may suffer same results in Michigan.

The district program calls for mixed plantings. This will help solve the disease danger. If one species is attacked, others may escape. Such plantings will insure permanent forests later on. Mixtures could well contain Red, Jack, and Scotch. The Scotch could be regarded as fillers to be removed as Christmas tree stock in five to seven years, pulpwood in 25 years. Jack Pine makes fine pulpwood at 25 to 35 years, also cabin logs and fence posts. The Red makes good lumber in 40 to 50 years.

Arnold says as yet growers in this county have had healthy plantations. However, an increase in insect and disease troubles was noted in 1948. This may increase. A solid stand of one species may be lost entirely if a serious pest or disease strikes. Because of this the district nursery will continue to grow various species.

County Receives Sales Tax Money

Grand Haven, May 5 (Special)—County Treasurer Fred Den Herder has received a check for \$86,507, representing sales tax diversion for the first quarter of 1949. The amount, which is divided among townships, cities and villages, is based on Ottawa's population of 59,660, or \$1.45 per capita.

The following units will share in this allotment:

Holland city, population 14,616, \$21,193.20; Grand Haven, population 8,799, \$12,758.55; Zeeland, population 3,007, \$4,360.15; Coopersville village, population 1,083, \$1,570.35; Hudsonville, population 837, \$1,213.65; Spring Lake, population 1,329, \$1,927.05.

Townships sharing in the fund are Georgetown, population 2,592, \$3,758.40; Holland, population 4,913, \$7,123.85; Jamestown, population 1,928, \$2,755.60; Olive, population 1,304, \$1,890.80; Park, population 1,974, \$2,862.30; Port Sheldon, population 416, \$603.20; Robinson, population 1,041, \$1,508.45; Zeeland, population 1,879, \$2,724.55.

Michigan State Plans Poultry Disease Study

Construction of a building to house experimental poultry at Michigan State college has been made possible by a grant of \$8,250 from the United States Public Health Service.

The fowl to be housed in the building will be used in investigations of lymphomatosis (fig-paralysis) a poultry disease. The research project, now underway, is being done co-operatively by the bacteriology section of the Michigan Agricultural Experiment station and the East Lansing U. S. Department of Agriculture Regional Poultry laboratory.

The scientists are trying to find whether lymphomatosis can be transmitted from one flock to another by Newcastle disease vaccine made from eggs produced by birds having lymphomatosis.

The National Cancer Institute has expressed interest in the research project because of possible findings related to cancer research.

Freeze Garden Produce

Preserving some of your garden produce by freezing is a good way to save money. Michigan State college extension specialists have a bit of advice concerning some points to watch. They say you should plant varieties adapted to freezing, harvest them at the right time, and freeze according to directions.

PREVENT MASTITIS

Good herd management, including the use of correct milking practices, will help to prevent mastitis.

Runts Turn Into Profitable Porkers

There's new hope for runt pigs, Michigan State College researchers have learned through recent trials. Runt pigs (1), sick with necrotic enteritis, were brought from Michigan farms to the Michigan Agricultural Experiment Station at East Lansing. These averaged 19 pounds in weight, less than half of normal for pigs 70 days old. B-vitamins—the same ones used to enrich your flour or bread—were injected into the abdomen of the pigs. A balanced ration with minute quantities of synthetic B-vitamins was fed. In 34 days the pigs (2) gained 41 pounds—a rate of 1.2 pounds a day—and were on the way to making profitable porkers. The material cost of the synthetic B-vitamins needed for each pig should not exceed a dollar when manufacturers make the product readily available, MSC researchers believe.

Volleys From Ambush

TRIVIA IN Holland the last few days centered about Bill Lowry's walkathon—the famous walk to Grand Rapids which he completed in 10 hours, two hours less than his wager called for.

Although many persons couldn't explain the widespread interest in the 28-mile walk, they all talked of nothing else.

Many said the interest was psychological. This pore old world has witnessed a wave of crime and violence ever since Easter, and people whether they realized it or not were itching for some relief.

And Bill unknowingly provided it.

Bill was surprised, himself, at the furor his stroll created, and couldn't understand why newspaper photographers were tracking him down, reporters interviewing him and even short-wave hams arranging interviews en route with press services.

As for that \$500 wager, it went for good causes. Bill donated half to the hospital drive in Grand Rapids and the other half to an organ fund for Grace Episcopal church, we understand.

Bill Wichers, Tulip Time manager, said the commission missed a good bet. He said Lowry should have worn a Dutch costume and distributed Tulip Time programs to the crowds that gathered. Others said Lowry should have started in Grand Rapids and ended in Holland.

And at Rotary meeting Thursday, Bill Diekema (we seem to be running to "Bills" today) composed a song for the event entitled "Tramp, Tramp, Tramp." Lowry responded.

Lowry's feat reminded many others of walks they had taken. Jim Cook, janitor at the city hall and museum, recalled he and Albert Timmer (now a prof at Hope college) walked to Grand Rapids in 7½ hours on one Memorial day 30 years ago. That was a longer walk too... the old route. Postmen pooh-poohed Lowry's accomplishment. They walk on an average of 16 miles a day, and any one of them would be glad to take on a hike to Grand Rapids (with or without mail pouch) for \$500.

Bill Wichers recalled in Holland's early history that Dr. Van Raalte walked one day to Ionia. There also are recorded notes that the hardy pioneers often walked to Grand Haven or Allegan for a sack of flour and returned carrying it all the way.

Police Chief Jack Van Hoff will clamp down on overtime parkers after today. All week, his men have been putting nickels in the meters with red flags and put notes on windshield saying "You owe the police department 5 cents." More than 100 notices were issued. One overtimer, Siebert Kramer, reciprocated by writing a check for five cents.

Panel Discusses Mental Illness

Frederick T. Miles, Ottawa county judge of probate, was on the annual panel discussion at the State hospital at Kalamazoo, Thursday afternoon. Dr. Hightower, professor at Kalamazoo college, acted as moderator.

Dr. R. A. Morter, superintendent of the hospital, Dr. Schrier, staff physician, Mrs. Arthur Loring, and Judge Miles, discussed the subject of "Responsibility of Local Community for Mental Health Program." The meeting was open to the public and an audience of 350 was present.

At present, Kalamazoo state hospital has 3,360 patients, with a normal capacity of 2,800. The oldest building, completed in 1899, still houses 600 patients. New buildings are needed badly, but the most urgent need is additional personnel. The present legislature is proposing to cut the number of personnel this year because of insufficient funds.

Among other things, the panel reported that restraint of all kinds was abolished at the hospital in 1905; no padded cells, straight jackets, or muffs are used. Abuse of patients is not tolerated.

One of the responsibilities of the local community regarding mental health is to study the causes and effects of this type of illness the panel said. If the patient is helped before the illness has progressed too far, it may be checked and the patient returned to his normal surroundings.

The mens' luncheon service clubs, women's organizations, church groups, lodges, etc., should study and encourage speakers who know about mental health, to better inform them on mental hygiene, they concluded.

Better Food Habits For Pre-School Children Studied

Better food habits for hundreds of Michigan's pre-school children are the result of lessons taught to Michigan State college home extension groups.

Extension specialists, home demonstration agents, and local leaders have joined in this campaign to improve the youngsters' nutrition.

Because these mothers realize that nutrition is a very important part of their child's health and happiness they chose to study more about it in their home demonstration groups this year. Roberta Hershey, nutrition extension specialist at Michigan State college has taught the lessons through local leaders in many Michigan counties this year.

During the week of May 1 to 7 the nation will pay tribute to these homemakers along with more than a million others who have participated in home demonstration work during the past year. The members, the local leaders, the home demonstration agents and the extension specialists will participate in special events and report activities such as the one on child health.

Other nutrition lessons also were directed toward the improvement of family health. Mothers' easy meals are apt to result in poorly chosen snacks. With the help of a leaflet prepared by Miss Hershey, thousands of women have learned many recipes which will give them easy but nutritious dinners. These extension members may never again prepare an "easy" meal without considering the nutrition it provides.

With the help of a score card extension members checked their intake of vitamin A. Because it was very low for many of them, they learned how to prepare meals to include enough of the vitamin from both the vegetable group and the milk, meat and egg foods which contain it.

State Institutions Carry On Farming Operations

During the past year, 15 state institutions have carried on their regular farming operations with much of the labor being furnished by institutional patients or prison inmates, reports Alton B. Clark, farms co-ordinator, Bureau of Institutional Farms and Herds, Michigan Department of Agriculture.

The gross value of products produced during the past year amounts to \$2,314,139.91 of which \$1,924,662.10 represents amount produced by the state farms and consumed as food. The remaining \$389,477.81 represents products used on the farms and cattle sold. Parking Problem No. 1 in Allegan, Merchants Say

Allegan, May 5 (Special)—Queried about the projects they feel are most necessary to the city, Allegan merchants have listed additional parking space, beautifying the river bank at the rear of Hubbard and Brady streets, and industrial promotion as their first interests.

The questionnaire was compiled by Ann Ferris, secretary of the Chamber of Commerce. Results brought some interesting answers.

Under parking facilities, one merchant suggested looking around for property which could be purchased and the buildings razed to provide off-street facilities. A suggested plan of improving the river banks and at the same time providing parking brought some doubts. The space was not too accessible, it was pointed out.

On the subject of industrial expansion, one writer remarked, "Keep in mind our present industry as we look for more. It can be lost to us by over taxation and constantly upping all services performed by the city."

Most of them approved action in industrial survey however. Other suggestions considered on the questionnaire were development of the tourist and resort business, a city planning commission, winter and summer sport program, and parking meters.

GOOD SOIL NEEDED

Sugar beets are a crop that require good conditions. It is unwise to try to grow them profitably if the soil is not fertile or is in poor physical structure.

DON'T OVERCROWD

Overcrowding of Turkey poults usually results in poor feathering, uneven growth, feather picking, and possible disease, warn Michigan State college poultry specialists.

Frozen Apple Pie Delicious if You Follow Few Rules

Warm apple pie for dessert can be on the menu on club day or any day in the week if you take advantage of your home freezer and put several in it at one time.

Frozen apple pie is successful whether you bake it before you freeze it or afterward. It is more like fresh pie if baked afterwards. Wrap the prepared pies in moisture-vapor-proof cellophane.

One caution comes from Mary Katherine Knight, frozen foods researcher at Michigan State college. To prevent apples from darkening while in the freezer you will need to treat them. This can be done in two ways—you can sprinkle the fruit for each pie with two tablespoons of lemon juice or steam the sliced apples for three minutes and cool quickly. The apples are then ready to be placed in the pie.

Use your favorite apple pie recipe. Prepare firm ripe apples and slice them thin. Paper pie plates with metal rims are convenient for freezing pies. If you freeze the pie before baking, do not cut the pie vents until it is ready to bake. This helps protect the fruit and keep in the flavor.

Time is saved and the lower crust is less likely to be soggy when the pie is baked without thawing. You may need to put the pie nearer the bottom of the oven. If the pie is to be frozen after baking, cut air vents in the top crust and bake as usual. Cool, package and freeze. When you take the cooked pie from the freezer, place it in a moderate oven, 30 degrees, for 30 minutes.

Good Methods Assure Best Sugar Beet Return

Maximum profits come from sugar beets when farmers choose good land for the crop and then plant sufficient amounts of seed, according to Richard Bell, Michigan State college farm crops extension specialist.

He recommends that four to five pounds of processed seed be used per acre to get a good stand. Sugar beets are very responsive to applications of commercial fertilizer.

For the 1949 crop season, Bell reports that the price outlook and labor supply are good for sugar beets. Government-prescribed labor age rates are essentially the same as in 1948 and the use of more mechanical harvesters will ease the problem of harvest.

Although the acreage contracted to date is greater than in 1948, the specialist advises there is still plenty of land and facilities for 20,000 or 30,000 more acres of beets in Michigan.
