BLAZE LEVELS HATCHERY — This photo, taken at 8 a.m. today, shows the still smoldering ruins of the hatching plant of De Witt's Zeeland Hatchery which was completely leveled by fire Wednesday afternoon. Aided by strong winds, the fire raced through the one-story frame south wing of the two-wing structure before spreading to the concrete block north wing which had been added to the plant last fall. The hatchery, with a hatching capacity of 1,000,000 eggs, was the largest hatchery in Michigan. Firemen, almost miraculously, kept the flames from spreading to the nearby house shown in the background. Additional picture on page 2. (Sentinel photo)

DeWitt Hatchery Loss Estimated at \$300,000

ZEELAND (Special) — A wind-whipped blaze Wednesday afternoon leveled the hatching plant of De Witt's Zeeland Hatchery, on Franklin St., causing damages estimated in excess of \$300,000.

Approximately 15,000 young turkey poults ready for shipping and about 800,000 chicken and turkey eggs were destroyed in the disastrous fire.

According to Robert Formsma, secretary-treasurer of the firm, there were more than 200,000 turkey eggs in incubators in the north wing of the two-wing building, and 40-50,000 turkey eggs ready to be placed in incubators.

Approximately 550,000 chickens eggs were lost, Formsma said. The hatchery, with a hatching capacity of over 1,000,000 eggs, was the largest hatchery in Michigan.

A total of 58 incubators and hatchers were destroyed in the fire, Formsma said. He estimated the cost of this equipment at about \$150,000. Loss to the building and its contents, including eggs, poultry and equipment, was placed at more than \$300,000 by De Witt officials. Insurance coverage

amounted to \$235,000, officials said.

Over 100 firemen battled the stubborn blaze for more than three hours Wednesday afternoon. Eight fire trucks from Holland Township, Zeeland and Olive and Blenden Townships were at the scene of the fire. Three Holland Township fire trucks remained at the scene long after dark, pouring tons of water on the smoldering ruins.

The fire was discovered at 12:30 p.m. by Herb Baar of West McKinley Ave., Zeeland, who was working in the south wing of the hatchery. Baar said he noticed smoke in the building and went to investigate. In the center of the 150-foot long wing, Baar said he saw flames shooting down from the ceiling.

Baar immediately summoned firemen from Holland Township. A few minutes later Zeeland firemen were called to aid in fighting the blaze.

Whipped by strong winds, the fire quickly spread throughout the south wing of the building and through the shipping room which

connected the south and north wings of the building.

The north wing was a concrete block structure which had been added to the building last fall. The new branch was the turkey hatching division of the plant.

Firemen were hampered in their efforts to get at the blaze because of a false ceiling in the south wing of the building. The fire started between the roof and ceiling, and was fanned by a west wind blowing through a four-foot ventilator opening in the west end of the building. Lack of an adequate water supply also hampered fire fighting operations.

Officials at the hatchery said today that they will begin hatching operations again on Friday. According to Formsma, eggs will be set on Friday and in the three to four weeks it takes the eggs to hatch, production will be rolling full-swing.

Formsma said that hatchery officials are making arrangements to use the facilities of other Zeeland area hatcheries for setting and hatching their chicken and turkey eggs.

Transfer Two From Allegan

ALLEGAN (UPI)—Two of four youths charged with murdering rural Pullman farmer Byron Haset have been transferred to the Kent County jail at Grand Rapids from the Allegan County jail here for security reasons.

Harold Bell, 21, and Patrick Cochran, 18, both of South Haven, were taken to Grand Rapids Wednesday afternoon. Allegan County Sheriff Walter Runkel said his jail has "inadequate security facilities."

Still in the jail here were Nick and Tony Huminsky, former South Haven area residents who moved to Chicago.

"We can handle two, but four is just too much for a small jail such as ours to cope with," said Runkel.

City Council Okays Sewer Issue Vote

Residents Will Ballot On Treatment Plant, Some Extension Lines

City Council at a special session Tuesday afternoon unanimously approved a resolution calling for a special election June 13 to bond the city for \$1,600,000 in general obligation bonds to improve and enlarge Holland's sewerage system.

The proposed program is a part of the previous program drafted by Black and Veatch, consulting engineers, for a \$2,900,000 sewage improvement program for the Board of Public Works. This measure was defeated in the Jan. 19 election.

The proposed program lists a sewage treatment plant, \$845,000; Central Ave. interceptor, \$551,582; and Plasmann Ave. sewer, \$81,760, for a total of \$1,478,341.

Cost of improvements proposed for early construction follow: Central Ave. interceptor; interceptor sewer, Seventh St. and College Ave. to Seventh St. and Columbia Ave., \$28,122; relief sewer on 10th St. between College Ave. and Hope College which also services the new Phelps hall, \$11,820; total, \$175,996.

An additional \$75,000 for land brings the total to \$1,553,341 which covers construction contingencies, administration, legal, engineering and supervision costs.

The new program is designed to meet the most pressing of current needs. It provides a treatment plant large enough to care for the needs of 30,000 persons, which can allow additional bonding programs for other areas. The Central Ave. interceptor also will service the developed portion of Maplewood area and Apple Ave. and the Plasmann sewer will service Montello Park.

It is estimated that the present sewer service charge will finance approximately two-thirds of the bonding program and the remainder amounts to approximately 1/3 mill, based on assessed valuation. The previous \$2,900,000 program had called for 2.8 mills.

The present sewerage treatment plant was originally designed to treat 2,600,000 gallons of sewage per day, but 5,400,000 gallons pass through the treatment plant today.

Only those persons having property assessed for taxes in Holland city and the wives or husbands of such persons may vote in the special sewer election which falls on the same day as the annual school election and the special election for disannexing a portion of Maplewood area from the city.

All 16 precincts in the city will be open from 7 a.m. to 3 p.m. All precincts will have their regular polling places with the exception of the first precinct of the sixth ward which will vote temporarily in Longfellow school, regular site of precinct No. 2.

The sewer vote requires a 60 per cent positive vote to carry. If the election carries, the millage will be spread for the first time in the 1961 summer taxes. The bonding program covers 25 years, according to City Attorney James E. Townsend.

Reports of sewage tests by the Michigan State Health Department which sent a mobile unit to Holland more than a week ago to take samples is expected in about two weeks, Mayor Robert Viesscher said. The meeting lasted 30 minutes. All Councilmen were present.

Council Passes Two Ordinances

Hospital Remodeling, Library Furnishings Also Are Approved

City Council Wednesday night passed two ordinances on sanitation and water supply which involved considerable discussion.

To save time, Assistant City Attorney Gordon Cunningham and Sanitarian Sam Stephenson explained salient points of the ordinances rather than read the legal phraseology which tends to be far less informative.

Or the sanitation ordinance, the men explained that it provides minor changes in an existing ordinance and was drafted mainly to conform to the state plumbing code.

The water supply ordinance is a new ordinance dealing with private water supplies in areas not served by municipal water service. This ordinance was drafted in an attempt to insure a safe potable water supply for the owner. There was a considerable wrangle over some minor points, but Council finally approved it unanimously. Both ordinances will become effective May 25.

Council approved a recommendation from the Hospital board for certain improvements at the hospital involving remodeling and addition of facilities amounting to \$4,526, but on motion of Councilman Henry Steffens decided that costs be paid out of the contingency fund rather than the Hospital fund.

Proposed changes include converting an auxiliary nursery and workroom into two rooms for two patients apiece, and to install call bells in three treatment rooms, plus a contingency fund to cover unforeseen costs which can amount in a remodeling program. The changes will increase bed capacity to 134 beds. The report was prepared by Arthur Read, building consultant.

Council acknowledged with thanks the gift of a \$60 clock from Howard Miller Clock Co. of Zeeland for Herick Public Library and approved purchase of the following library equipment out of the building fund: three clocks from Howard Miller Clock Co., \$69; wiring and electrical work by Parkway Electric Co., \$94.15; refinishing of speaker's stand and three dictionary stands by Worden Co., \$41.50; underlayment for multi-tier stack floor, tiling of one storage room and replacing 12 damaged tile from John Rossi Co., Grand Rapids, \$482.41; additional bracing on railings from Van Dam Iron Works, \$62.

Council approved a recommendation of the Planning Commission for a new contract with Planning Consultant Scott Bagby covering the next 14 months for up to 210 hours of professional services for the sum of \$2,800. This contract is similar to previous agreements with the consultant.

The Planning commission also recommended to Council that no change be made in the zoning classification of property at 208 Columbia Ave. for use as a pizza place. Request for rezoning had come from Mrs. Irvin De Weert.

A supplement to the proposed zoning ordinance as presented by the Planning Commission was tabled for study.

Another report from the commission advising approval of the Takken plat under certain conditions was placed on file. Conditions listed are to leave 37th St. open between Pine Ave and Washington Ave. and the improvement requirements on 35th St. be waived, and that a bond be posted for one-half the full improvements for 37th St.

City Attorney James E. Townsend submitted two new ordinances for first reading, one to amend fees, bonds and insurance fees on water and oil drilling permits, and the other to rezone that area of the Holland Heights west of the country club and north of Eighth St. from agricultural to residential. A public hearing was set June 1 on the latter ordinance.

Townsend also read a letter from Humble Oil Co. commending City Council on its fine new gas and oil drilling ordinance and Attorney Gordon Cunningham for drafting it.

He also presented a proclamation on Chief Justice Day May 17, honoring Chief Justice John R. Dethmers, formerly of Holland. Arrangements call for coffee klatches in Holland and Grand Haven and a luncheon in Justice Dethmers' honor in Holland.

A report from the city auditor informed Council that the Municipal Finance Commission has approved application for issuing \$55,000 West Seventh St. parking lot special assessment bonds. June 15 was set as date of bond sale.

Mayor Robert Viesscher presided at the meeting which lasted two hours and five minutes. All Councilmen were present and Councilman William De Haan gave the invocation.

Robert Loetz will show a film at the Zeeland Lions Club meeting Monday at 6:15 p.m. at Bosch's Restaurant in Zeeland.

Local Street Blacktopping Program Set

City Council approved a street improvement program outlined by City Manager Herb Holt Wednesday night and authorized City Clerk Clarence Greengood to advertise for bids for blacktopping.

The improvements and estimates follow: Seventh St., River to Pine, \$4,578; Graafschap Rd., 32nd St. south to city limits, \$8,525; Pine Ave., 19th to 20th, \$1,617; 10th St., Pine to College, \$14,440; Ottawa Ave., 22nd to 24th, \$13,800; 10th St., College to Lincoln, \$13,520; Washington Ave., 18th to 20th, \$9,400; 24th St., State to Lincoln, \$21,472.

Improvements will be financed through the Motor Vehicle Highway Fund, with estimated cost for major streets given as \$65,432.50 and for local streets, \$21,472.

Councilman Ernest Phillips reported that Carley Amusement Co. had donated a movie screen used in Center Theatre and that it had been installed in Civic Center. The gift was accepted with thanks to the donor.

Phillips also reported progress on boat ramp plans at the West Michigan Furniture site. He said the Civic Center program had netted \$170 and that other contributions had boosted it beyond \$200. He said Elzinga and Volkens, contractors at the new light plant, are trucking their excess dirt and sand to the site for fill.

Phillips also reported 358 tickets sold thus far for the dedication dinner for Herick Public Library Saturday night in Civic Center. He expects the figure to reach 400.

The city manager presented a proposed lease with Val-U-Hall Mills, Inc., whereby the city would sublease the existing parking lot on the southwest corner of Ninth St. and River Ave. for use as a public parking lot. Terms of the lease are substantially those of existing leases for other parking lots. This lot will require 21 meters for which money is available in the parking meter fund. There was considerable discussion of the merits of angle parking, but Council okayed the manager's recommendation which calls for 90-degree parking.

The city manager also presented a report together with a quit claim deed from Consumers Power Co. in favor of the city involving a connection for Black Bass Ave. It was referred to the city attorney for study and report.

A communication from the Michigan State Highway Department together with a resolution of approval of alignment for the section of temporary interstate route 96 from its connection with the existing Holland bypass southwest to the city limits was referred to the city attorney for report.

A petition for a water main in Lugers Rd. from Bluebell Ave. to 32nd St. was referred to the city manager for report.

The following applications were approved for Tulip Time: baton twirling contest, flower show, band review, Hope College Symphony; soccer game, square dance, Tulip Time Varieties. An application from the SPEBSQSA chapter for the parade of Barbershop quartets also was approved.

Council accepted an official invitation for the mayor and Council to participate in Tulip Time activities on opening day and in the Saturday parade.

Council again tabled a report on proposed increases in charges for burial privileges at a Pilgrim Home Cemetery. The report originally was tabled Jan. 20.

Following a public hearing at which no objections were voiced, Council granted a variance in the application of Darti Hoobler for permission to erect a single stall garage at 454 West 18th St which is in a fire zone.

An application from Boeve Oil Co. for a permit to install a 1,000-gallon gas tank and pump at 17-25 West Seventh St., was referred to

City Council Puts Okay On Budget

Tax Rate for City Operations Is \$2.21 Less Than Last Year

With no objections or comments voiced from the audience during a public hearing, City Council Wednesday night approved a budget for the coming year calling for a city tax levy of \$798,299.91, the same figure proposed when City Manager Herb Holt presented the budget a month ago.

The average tax rate for operating the city will be \$17.68 per \$1,000 assessed valuation or \$2.21 less than last year's rate. This does not include school taxes which are listed separately on the summer tax bills.

While action on the budget took approximately two minutes, Council previously had spent several evenings studying all aspects of the budget in all departments. The resolution adopting the budget listed some adjustments in pay schedules for the Board of Public Works but did not change the overall tax rate. Council's vote was unanimous.

Several other adjustments had been made in the detailed 145-page budget, but like the BPW changes did not change the tax rate.

The tax rate in the Allegan county section of the city will be slightly lower than in the Ottawa county portion because of the Allegan county welfare setup, but the county tax rate there will be higher for the fall tax collection.

Total cost of operating Holland city for the coming year is listed at \$1,212,806.21 with \$732,299.91 to be raised by taxes and \$473,006.30 from other revenues. The total includes operating the general fund but does not include \$71,000 in debt service for Civic Center and Holland Hospital.

Holland Hospital and the Board of Public Works operate under separate budgets not reflected in the total. Total hospital budget is \$1,257,027.64. The BPW electrical budget is \$888,500; water budget, \$250,580; sewer operations, \$56,650. The BPW currently is building a \$5½ million addition to the light plant under its capital expenditures budget. The board is slated to turn over \$100,000 to the general fund the coming year, the same figure as the last few years.

Total assessed valuation for Holland city is listed at \$45,149,430 with \$1,854,855 in Ottawa county and \$3,294,575 in Allegan county. Tax rate in Ottawa county section will be \$17.73 and in Allegan county \$16.97.

Included in the budget are funds for converting library space on second floor of City Hall into a municipal court and council chambers, thus eliminating a flight of stairs for persons attending court or council functions held for years on the third floor.

Factors contributing to the new lower tax rate are an \$80,000 allocation last year for furnishing and equipping Herick Public Library and a \$35,000 reimbursement in the 1959 budget for instituting services in newly annexed areas. A sewer service charge was put into operation the past year eliminating from the budget sewer disposal operations. Through such a charge, the service is paid for by persons who use the service in proportion to the use.

Assessed valuation for the city is increased \$4,379,270 from last year, in large part due to the annexation of the Van Raalte and Lakeview areas to the city.

Square Dancing Is Slated as New Tulip Time Attraction

Square dancing will share the spotlight with klompen dancing during the Tulip Time festival.

On Thursday night, May 12, square dancers from all over Michigan will supplant the men and meises in Dutch costume and take over Civic Center for a Tulip Time square dance. Events start at 8 p.m.

Square dancing has become an absorbing hobby in the United States, reviving an old pastime usually associated with the early days of the West.

But western style square dancing has come a long way from what people used to think of as old time barn dancing. Tunes such as "Turkey in the Straw," a favorite of yesteryear, are seldom heard today. Now square dancers like such modern tunes as "I Overlooked an Orchid" and "Blue, Blue Day."

Like most other things, square dancing has been modernized and embellished with new patterns and new calls. In recent years it has taken the entire country by storm

and square dancing clubs have sprung up everywhere.

Thursday's square dance in Civic Center is expected to attract dancing clubs from as far away as Detroit. Most club members have carefully assembled western costumes, and the event is expected to be colorful, especially for spectators in the balcony.

Some local persons have been under the impression that the event will be staged in the parking lot. It will be on the main floor. A part of the program will be turned over to regular dancing.

John McClaskey is assisting Tulip Time officials in arranging the Tulip Time Square Dance, the first time such an event is a festival feature. The caller will be Basil Pickett of Brownsburg, Ind.

There will be a demonstration dance by children of Kalamazoo under caller Muryl Grant entitled "Buttons and Bows."

McClaskey said Civic Center can accommodate up to 800 dancers. The balcony seats close to 1,000.

Holland to Host LMCA Golf Meet Monday at Legion

Holland will host the first annual Lake Michigan Athletic Conference golf meet next Monday, May 9 at the American Legion Memorial Park Course.

Russ Hornbaker, Holland golf coach, will be host for the event which begins at 11 a.m. Teams will be entered from Holland, Benton Harbor, Muskegon, Grand Haven and Traverse City. Muskegon Heights, which doesn't play a dual match schedule, is expected to enter a team in the league meet.

The tournament will be decided on medal score and the combined totals of the four players from each team will be added to determine the team score. A trophy will be awarded the winning team and a medal will be given to the low individual medalist in the tourney.

Each golfer will play 18 holes and foursomes will be made up of four boys from different schools. An adult scorer (a coach from one of the schools) will accompany the foursome.

Benton Harbor looks like the pre-meet favorite. The Tigers set a new school record with a 318 against Holland last week and then broke their own record with a 317 against Niles.

Harold Brenner, who shot a 76 against the Dutch, is the top Benton Harbor golfer. Bob Peapples, Vince Beake and Mike Arford are the other Benton Harbor linksmen and all shoot in the low 80's.

Grand Haven is led by Pete Lilley, who fired a 77 against Holland, while Jim Blevins appears to be Muskegon's best along with Dick Neal. They shoot in the middle 80's.

Sophomore Jim Maat, the transfer from Zeeland, is Holland's low scorer. He has fired an 81 while Jim Wiersma, a senior, has fired an 84. Dave Von Ins, Chuck Kuipers and Bob Brent are the other top Holland golfers.

Holland dropped a two-stroke match to Muskegon this season and also lost to Grand Haven. Traverse City and Holland don't play in dual meets. Hornbaker said that the Trojans are reported to have a good golf team this season.

The awards were presented by Mrs. Andries Steketee.

Mary Beth Collins was the mistress of ceremonies and Mary Ellen Mrok gave the toast to the seniors. Linda Davis responded for the seniors.

Miss Joy Loudin, field director in charge of the Horizon Club programming for the Grand Rapids Council, was the guest speaker. Her address was entitled "Where Are You Going? What Will You Do?"

Girl Burned When Gas Stove Ignites Clothing

Annette Bruinsma, 14, of 180 West 16th St., is reported in good condition today at Holland Hospital with burns suffered when her clothing caught fire late Thursday afternoon.

Hospital officials said the girl suffered first and second degree burns over the upper part of her body. The girl's clothing was ignited by a gas stove at her home about 5 p.m.

Broadcloth was originally a silk shirting, so named because it was woven in greater widths than the usual 36 inches.

Her gown's fitted bodice featured a mandarin collar and the long sleeves were pointed at the wrists. The lace was cut in a panel which fell to the hemline down the front of bouffant skirt. Her fingertip veil was held in place by a lace Juliet cap trimmed with seed pearls.

She carried a white orchid inserted in lace with ribbon streamers. Her maid of honor Miss Lucille Kiekintveld wore a yellow taffeta dress and carried yellow roses with white carnations.

Allegan Supervisors Approve \$750,000 Budget for 1961

ALLEGAN (Special) — County supervisors Friday wound up their April session after approving an amended finance committee report setting up a \$750,000 preliminary budget for 1961.

The tentative budget adopted by a 20-14 vote was in line with Allegan supervisor James Farnsworth' pleas for a "more realistic budget."

Francis Cronen, Otsego, pointed out the pressing need for funds for the road commission—due to the heavy break-up of county roads this spring and offered an amendment increasing the preliminary budget \$20,000. The amendment carried, 18-16. The budget as reported in by the finance committee had restored last year's \$25,000 cut in the road commission's appropriation, giving the department \$75,000. The budget also set up county appropriation, to the department of social welfare at \$270,000 a figure very close to their actual outlay in 1959.

The preliminary budget adopted by the board would require a county tax rate of 4.5 mills, if the state commission approves a \$166 million valuation for the county as it indicated it would last week.

The supervisor's equalization committee report—setting the total equalized value at \$146,732,210—was approved by the board, 21-13. Allegan city supervisors unanimously voted against the report, which increased Allegan's share of the total tax load from last year's 9.98 per cent to 10.26.

Real estate, as assessed, was valued at \$68,431,850 and equalized at \$114,118,462. Personal property, assessed at \$17,395,998 was equalized at \$32,604,754.

Another highlight of the session's closing day was approval of a roads and bridges committee report setting April of 1963 as the starting date for construction of a new Kalamazoo River bridge in Trowbridge Township. Cost of the bridge has been estimated at \$87,000 and will be shared 25 per cent by the township, 25 per cent by the county and 50 per cent by the federal government.

The board approved a civil defense committee report which recommended taking no action at present on the request of Civil Defense Director David Weston's request that he be appointed the county's surplus property agent. The post is currently held by Allegan City Supervisor Gerald L. Belety.

The groom was attended by his son-in-law, Richard Hough of Dearborn. Joseph H. Webster of Grand Rapids and Gary Pyatt of East Lansing served as ushers.

Traditional organ music was played by Miss Lucille Kooyers.

Following a wedding dinner served in the Third Reformed Church parlors to 40 guests, the newlyweds left on a southern honeymoon. At the reception Mrs. Richard Hough, daughter of the groom, served punch and Miss Gayle Van Beukering and Miss Betty Lu Webster presided in the gift room. Mr. and Mrs. Jacob Ponstein of Grand Haven assisted as master and mistress of ceremonies.

For the wedding trip the new Mrs. Burk wore a white coat with black patent leather accessories.

The bride, a graduate of Grand Haven High School, has been a secretary at the Netherlands Information Service in Holland. Her husband is vice president at Michigan National Bank at Battle Creek.

After May 9 the couple will make their home at 87 Springview Dr., Battle Creek.

Mr. and Mrs. Hanson plan to tour Italy and Spain as well as spending time in the Scandinavian countries. France, The Netherlands, Germany and Switzerland. Each couple plans to return to Holland in early July.

As a setting for the luncheon Mrs. Van Tongeren and Mrs. Peirce arranged for brightly-colored travel posters and kerchiefs of foreign countries to dot the walls. Mobles

turned gently in the air and each was hung with symbols and tourist attractions famous throughout Europe. Two favorites were the Arc of Triumph and a squatty stein.

The Petters plan to go to Europe on the SS Rotterdam and return to the U.S. by Jet. To symbolize their journey a basket ship, red tulips, white snapdragons and mums.

Jet travel has been scheduled for the Hansens and an airplane runway carved in stereofilm was a jet plane and foreign car symbolized their journeys.

Flags from foreign countries were flying on each dessert for the 40 guests invited from Holland and Grand Rapids.

Following the luncheon the group played bridge and prizes went to Mrs. Esther Fletcher of Grand Rapids, Mrs. Florence Tahany and Mrs. R. W. Everett for first, second and third places, respectively.

Ottawa County deputies said that Mrs. Hein's car left the road and struck a utility pole after she turned around to speak to her daughter, Cynthia, 13, who was riding in the back seat. The girl was not injured in the mishap.

The 1958 model car driven by Mrs. Hein suffered extensive front-end damage, deputies said.

Blocks were set up on US-31 and M-40 south of the US-31 bypass at 10:15 p.m. Police lifted the roadblocks at 2 a.m. Saturday after a report from State Police that a suspect had been apprehended in Buchanan.

Richard Bittner, 30, a St. Joseph filling station attendant, was forced by a shotgun-toting bandit to hand over more than \$300. The robber reportedly fled when a customer drove up to the station.

SAFETY

Millions of column inches of
valuable space are contributed by
American newspapers every year
in the never-ending battle to halt
the bloody carnage taking place on
our highways. It seems incred-
ible that drivers continue to act as
they do behind the wheel of an
automobile despite the avalanche
of grim facts and warnings.

But it is a matter of record; re-
cord that is slightly over 50 years
old yet already stands as one of the
more sordid indictments against
our society.

A recent report by a large in-
surance company states that since
the advent of the automobile, more
than 62,000,000 men, women and
children have been killed or in-
jured on our highways. More
Americans have died on our high-
ways than in all the wars this
country has fought.

The cause of this slaughter
screams for attention. More than
85 per cent of all fatal accidents
last year was blamed on human
error!

More than 85 per cent of the
37,000 deaths occurred because
somebody behind the wheel had
shrugged off the countless high-
way safety news stories and edi-
torials in this newspaper and hun-
dreds of others like it across the
country printed during the year.
"It can't happen to me," he
thought.

Perhaps he didn't consciously
think that. Maybe the fact that it
could happen to him didn't get past
his subconscious. Perhaps it never
did happen to him. Perhaps he was
the survivor in a horrible crash
that maimed and killed those he
loved most.

Inattention is the overwhelming
factor which figures in 85 per cent
of our death crashes. A lapse of
attention to the road ahead, a
heavy foot on the gas pedal, an
unnecessary gamble to save a few
seconds that cost an eternity—
these are the ways in which the
human behind the wheel failed.
The supreme penalty was the result
for those who erred once too often.

Although 3,000,000 copies of the
report by the company describing
the sordid record on our highways
last year are being distributed in
this country, chances are that you
will not see one. If you do, how-
ever, read it closely. Your error
behind the wheel could be included
in the statistical columns next year.

It is safe to predict that you as
a driver will be exposed to count-
less news stories in this news-
paper during the coming months
describing what happened because
the human behind the wheel made
a mistake. Read them carefully.
They could help you avoid that
same mistake.

With the spring weather upon us
there will be millions of people
on the streets, roads and high-
ways. Please be careful.

The Peacemakers
Matthew 5:9; 5:21-22; 5:38-48
By C. P. Dame

The word "peace" is very popu-
lar today. Most people in our world
want peace to prevail among na-
tions and between peoples. Jesus,
the Prince of Peace calls the
peacemakers blessed and says that
they shall be called the children
of God.

I. The world needs peacemakers.
Man's greatest need is to be
at peace with God. The person
who has made peace with God
has the task of promoting peace.
Why are there wars, racial ten-
sions, riots, disorders among men?
The sole reason is sin which ex-
presses itself in greed, lust, prej-
udices and selfishness. Man's heart
is sinful. This heart of man needs
to be changed. The man whose
heart has been changed will pro-
mote peace in every walk of life
—in the home, church, industry,
politics and in the relationship
between nations. He will not only
promote peace but he will also do
all he can to remove causes which
lead to war and frictions.

What kind of a person is the
peacemaker? Is he the kind of
a person who will do anything and
everything in order to avoid trou-
ble, a weakling, an appeaser? No,
but he is willing to humble him-
self and to forget his rights and
personal advantages in order to
foster peace which will bring glory
to God and blessings to his fellow
men. The peacemakers shall be
called the children of God because
they reveal a relationship to God
by their conduct and conversation.

God sent His Son into the world
to bring peace to estranged man-
kind and He will acknowledge all
who in the spirit of His Son make
peace as His sons and daughters.

II. Jesus forbids anger. The dis-
ciples who listened to the Sermon
on the Mount knew about the law
which said, "Thou shalt not kill."
Six times after quoting the law
of Moses, Jesus said, "But I say
unto you." The purpose of the
Lord was to call to the minds of
His disciples the deeper and wid-
er application of the law of God.
Jesus appealed to His own author-
ity as He spoke. It was the pur-
pose of Jesus to root out of peo-
ple the passions that lead to
crime. In the sight of the Lord
anger is sinful. It is not uncom-
mon for angry people to reveal
their anger in insulting and con-
temptible speech and abusive lan-
guage. Jesus teaches that anger,
contempt, and arrogance are de-
serving of punishment. The Lord
demands that His disciples show
regard to all manner of people.

III. It is not easy to apply the
principles of Jesus. Retaliation is
unchristian. In Old Testament
times courts made the penalty
equal to the crime. Jesus said
that the desire on the part of a
person to get even is sinful. The
hearts of Christians must be free
from all personal hatreds. Jesus
also gives three illustrations of
non-resistance. If a person strikes
on the right cheek, turn to him
the left also. It would be easier
for most of us to strike back
than to turn the other cheek.

Jesus also said that if a person
should sue us at the law for our
coat we should let him have the
coat also rather than to contest
the lawsuit. If a person was com-
pelled to go a mile because of be-
ing drafted by the Roman soldiers,
go another mile. Jesus also told
His disciples to give to a person
who asks for something. We all
know that it is not advisable to
give a drunkard money but it is
good to give him a meal if he
is hungry.

In applying the teachings of
Jesus we should always use wis-
dom and love. Christians are
called upon to love their enemies,
bless those who curse, do good to
those who hate and pray for their
persecutors. People who love only
their own kind are not super-
people—and Christians are called
upon to be perfect as their Heav-
enly Father is perfect. It is hard
to be a real Christian.

Thousands of Books Are Moved Despite Weather

Undeterred by rain, high school and college students showed up Saturday for Operation Book Brigade which involves moving some 40,000 volumes from Holland Public Library on the second floor of City Hall to the new Herick Public Library in the next block.

Mayor Robert Visscher provided a sufficient number of light plastic bags to cover the books as young people reported for duty. By 9:30 a.m. 135 students and a few others had taken their places in line and the number steadily mounted as announcements went over local radio stations that the project was on despite rain.

All newer books have their own plastic covers and fully one-third of the books have this protection. With plastic bags, little or no damage was expected because of the rain.

While students kept the books moving, workmen were moving furniture and library supplies to trucks at the rear door of City Hall for transfer to the new library.

Operations started with moving adult fiction books. There was a tendency to "pile up" in the old library taking books from shelves and also while placing them in shelves in the new library.

There was a good share of singing as students walked in line from one building to another. Andre Docos as disc jockey kept things lively with patter and popular songs.

Annual Formal Banquet Has 'April Love' Theme

"April Love" was the theme for the annual Holland Christian High School Junior-Senior formal banquet Friday night at the Civic Center. Centering the auditorium for the event was a large heart-shaped arch of red and white imitation roses with a boy and girl mannequin dressed in formal attire standing underneath.

A grand march preceded the banquet when junior and senior girls were escorted by the boys into the auditorium through a rose arbor decorated with 1,200 paper flowers. Punch was served to the students and faculty by Dr. and Mrs. Bert P. Bos and Mr. and Mrs. Raymond Holwerda.

A garden scene with a stone lovers' bench, a swing hanging from a large tree and a wishing well decorated the corners of the Civic Center. Popular with the couples was a heart-shaped arch for picture-taking. Tables were decorated in red and white with tapered, bud vases and dolls. Green shrubs were placed around the entire floor and a false ceiling in blue completed the decorations.

Karl Westerhof, junior class president, gave a toast to the seniors and Dale Cooper, senior class president, responded. Opening devotions were led by Bob De Boer.

'Time Capsule' Box Found Beneath Allegan Monument

ALLEGAN (Special) — County

officials pried open a sealed metal box Friday and the ceremony attracted a capacity audience to the Circuit Court room.

Members of a high school civics class, representatives of historical groups and veterans' organizations were among the watchers as Building Committee Chairman Greg Nulty, of Otsego, used tin snips, hammer and chisel to open the tin-lined, copper box which workers had unearthed with a power shovel while excavating for the new county building.

The box was located beneath a stone slab which had been the foundation of the 24-ton granite monument erected in 1903 to those from Allegan county who served in the War between the States. The monument was moved two weeks ago to another site to make room for the new county building and local historians were mystified by the fact that workers had found no box filled with historical mementoes in the corner-stone.

The mystery was solved Wednesday when a bulldozer pushed aside the stone slab and a power shovel unearthed the box with its first bite.

After two days of speculation over what the box contained, the actual unveiling was a little bit of an anti-climax.

Finally opened, the box revealed its contents . . . copies of the Allegan Gazette, the Allegan News and the Allegan Press of May 22 and May 30, 1903; The Kalamazoo Evening Telegraph and the Grand Rapids Herald of October 13, 1902—containing accounts of the monument project—A Jan. 4, 1900 copy of the Ulster County (N.Y.) Gazette which chronicled the death of George Washington; a May 30, 1903, copy of the Detroit Free Press; the October, 1880, issue of the Atlantic Monthly and a huge bound volume of "Michigan in the War."

Also in the box were envelopes of clippings telling how money was raised for the monument, with a list of subscribers, a manuscript, "Reminiscences (sic) of 1861", by George W. Bailey; a roster of the membership of the C. J. Bassett Post, G.A.R., commanded by General Benjamin D. Pritchard, the Allegan Officer who commanded the unit which captured Confederate President Jefferson Davis, and four coins, three Indian Head pennies and a copper 2 cent piece.

John Pahl gave a brief recounting of the efforts of the Women's Relief Corps—which organized the commission to provide a monument—to raise the \$1,500 required. They began in November of 1889, sold ice cream at the county fair, raffled off quilts and other fancy work, gave home talent shows and solicited subscriptions.

It took them until 1903 to raise enough money for the granite base which was dedicated on Memorial Day of that year. But the group didn't feel that the monument was quite complete, so they approached the board of supervisors which agreed to contribute to the cost of the bronze soldier which now stands atop the monument. This was dedicated on the following Memorial Day with a parade, speeches, band concert and a county-wide gathering of the dwindling ranks of the G.A.R.

15 Bands In Review This Year

Harold J. Karsten, who runs the band review and Saturday Varieties for Tulip Time, said today that the band review will start at 12:45 p.m. this year instead of 12:30 p.m. and he is shortening the program just a bit to allow persons who watch the spectacle more time to get downtown for the parade of bands.

He has scheduled 15 bands for the band review, all of them carefully picked and representing some of the top bands in Michigan. The Charlotte band, a consistent visitor and holder of top ratings, will be back this year.

Besides arranging the band review, Karsten also lines up the bands for the Parade of Bands, and for this year has scheduled 40 bands, compared with 38 last year. This information is turned over to Parade Marshal Paul Van Volkenburgh who will round out the divisions with floats, klompen dancers and other attractions.

Karsten said April 9 was the deadline for scheduling bands in the parade of bands. Since that time he has had several inquiries from other band directors but reluctantly has turned them down.

Christian Band Gets A Rating

Holland Christian High School's concert band, under the direction of Henry P. Vander Linde, received a unanimous first division rating at the state band and orchestra festival held at Mt. Pleasant, Saturday. Christian received a "superior" rating from each of the four adjudicators.

A total of 14 class A bands were entered in the Saturday competition. All qualified for the finals, by gaining a first division rating in earlier district judging. Only four other class A bands in the state besides Christian, received the unanimous first rating. It was the third consecutive first received by the locals in state festival participation.

Selections played by the 90 piece band are "Action Front," Blankenburg; "First Suite in E Flat," Holst; "Second American Folk Rhapsody," Grundman.

Adjudicators for the class A sectional were Keith Stein of Michigan State University; Dr. Allen P. Britton of the University of Michigan; Wayne Dunlap, conductor of the Saginaw and Plymouth Symphony Orchestras and Ronald Odmark, director of the Detroit Symphony orchestra. Arthur Hills of Holland was chairman.

Chaperones accompanying the band were Mr. and Mrs. James Timmerman, Miss Lois De Groot, Miss Shelby Beagle and Mrs. Vander Linde.

Throughout the 11 years, Schuitema has worked closely with the 12 volunteers who form the department. He will be succeeded by Captain Wilfred Heyboer who has been with the department more than 10 years.

Schuitema is married, has three children, seven grandchildren and one great grandchild. He said today he was particularly grateful to the township for all the courtesies shown the last 11 years and was glad he was able to serve the department.

Holland Finishes Fifth In First LMAC Track Meet

Heights Wins Meet; Takes Six Firsts

GRAND HAVEN (Special) — Holland High's track team finished fifth in the first annual Lake Michigan Athletic Conference track and field meet here Friday night as Muskegon Heights took over Muskegon for first place at Green Hill Field before 1,500 fans.

The Tigers, led by Mack Hunter, scored 55 points while Muskegon had 51. Holland finished with 16 points. Traverse City was third with 36½ while Grand Haven was fourth with 32½ and Benton Harbor took sixth with four points.

Although the running events started in a drizzle, the rain stopped after the first couple of races and dampened the track just enough to leave it lightning fast.

The result was some splendid times, some of the best recorded in western Michigan this year. All of the marks will stand as LMAC records.

Hunter, who plans to attend college in California, was brilliant with three firsts. He was way ahead of the field in the 100-yard dash and 220.

Covering the century in 9:7.5, Hunter set a new Greater Muskegon record and also topped the previous state record of 9.8. However, state records must be set in the state meet. He ran the 220 in 21.6 and broad jumped 21'3".

Bob Green of Muskegon won both hurdle events in times of 15.1 for the highs and 20.4 for the lows. In one of the most thrilling races in the meet, Wells Gabier, Traverse City senior who will attend Central Michigan, won the 400 in 51.6 while Sam Moore of Muskegon was second in 52.4 and Sam McMurry of Muskegon Heights third in 52.6. Jerome Rogers of Holland placed fourth in the event with a 54.3 clocking.

Dave Van Eerden, Holland's fine miler, led the pack for more than two laps but then was passed on the third lap by three men. He managed a strong kick and took third in a fine 4:42.6 time behind Grand Haven's Dave Merwin who had 4:35.9 and Paul Steusel of Traverse City, who was just nosed out, finished with 4:36.

Carl Woltman ran the 220 in 23.1 for third behind Hunter and Joe Parham, who just nipped Woltman with a 23.0 clocking.

Rog Buurma gave Holland four points in the field events, the only points the Dutch compiled. Buurma heaved the shot 43'8" for fifth place and jumped 5'7" to take third in the high jump.

Holland's medley relay team finished fourth with a 2:39.6 time and was composed of Bill Scott, Bob Marshall, Carl Woltman and Rog Mulder.

The Dutch 880-yard relay team took fourth in 1:36 with Woltman finishing strong to nose out Traverse City. Les Cornelissen, Marshall and Russ Kleinhekel were the other team members.

Chuck Shuck ran second in his heat in 880 with a 2:08.6 clocking but the second heat of the 880, featured a duel between Chuck Wirshem of Muskegon Heights and Donn Van Schelven of Grand Haven, and Shuck's time failed to place. Wirshem beat Van Schelven by a yard and was clocked in 2:02.4 while the Grand Haven sophomore had a 2:02.6 time. Archie Schrottenboer of Traverse City, who nipped Shuck by a placed fifth.

Bill Swingle of Grand Haven tossed the shot 53'4" for another fine mark while Bill King of Traverse City pole vaulted 11'11½" for top spot.

Muskegon Heights, which had lost to Muskegon by four points in a dual meet, won the meet in the relays. Its medley team took first while the Big Reds were fifth. Kudy Thies is Muskegon Heights coach.

Leading 50-48 going into the 880-yard relay, the Tigers won the event in 1:31.5 while Grand Haven nipped the Big Reds for second. The Bucs had 1:34.1 and Muskegon, 1:34.3.

Steve Sluka, Grand Haven athletic director, had a good job of running the league meet with each event rapidly following the preceding race.

High jump — Mitchell (M), Hummel (TC), Juurma (H), Strong (M) and Grant (GH). Height 5'9½".

Special Education PTA Group Meets

R. Mulchahey, director of Public Relations from Coldwater State Home and Training School, addressed the Holland Special Education P.T.A. on Tuesday evening at Thomas Jefferson School. A film "Broken Dreams" was shown and interpreted by Mr. Mulchahey, depicting the experiences of the family of the handicapped child.

It tells of their long struggle to prove the doctors' statements false, and of their final acceptance of the truth. He outlined practical ways to develop the child's fullest potential without demanding more than the child can achieve or without becoming overly protective. "Accept him as he really is and go on from there," he advised.

Much emphasis was put on the difficult problem of an honest appraisal of the child's problems. When this is accomplished and when feelings of guilt or shame are eliminated, then real emotional and mental growth are possible.

Mrs. Daniel Boone was chairman of the meeting and Walter W. Scott briefly discussed plans for these children on the secondary level.

The organization of a parent group, interested especially in social planning for their teenagers, was begun.

Tulips Progressing Satisfactorily Here

Park Supt. Jacob De Graaf said today that the tulips are in fine shape for the festival next week. Barring extreme cold or hot weather, the crop of regular blooms should be in peak condition for the four-day festival May 11 through 14.

He said the bulbs have had sufficient moisture, bringing out good foliage and large buds. A year ago, Holland had 90-degree weather early in May which brought out the tulips prematurely, keeping them small with short stems.

Continued moderate temperatures would like the Park Department what like.

Pierre, a seven-year-old toy poodle owned by Mr. and Mrs. Charles Isaacson of 80 West 13th St., disproves the theory. He won first place in the Holland Obedience Club competition Thursday.

Miss Donna Vanden Broek of 321 Central Ave. is the proud owner of the two-year-old chihuahua Bambi who placed second in the graduation exercises that climaxed the 10-week course in obedience lessons.

During the two winter courses this year 50 dogs of all breeds and breeds have been trained to follow the commands of their masters.

Mrs. James Rogers and Mrs. Jack Bell are the instructors and each can boast of 10 years of professional practice in teaching dogs. The Holland Obedience Club, however, has been in existence for only two years.

In past years, Mrs. Rogers said, the Club has been sponsored by the city's recreation department but this winter the two women were "on their own."

A summer course is contemplated out-of-doors but winter classes for dogs will probably be held, as this year, in the Holland Armory.

Hudsonville Tops Maroons

Hudsonville High's baseball squad pushed across two unearned runs in the eighth inning at River-view Park Monday afternoon to edge Holland Christian 5-3. The loss was Christian's first of the season against four wins.

Christian was sailing along in good fashion with a 3-0 lead until the Eagles came up in the sixth inning. Then a costly error and a couple of timely hits by the Eagles knotted the count. Christian flinger Jerry De Koster fanned the first batter, but the Maroon catcher dropped the third strike and sailed the ball into right field to start the fireworks. A triple by left fielder Haan, a walk, an out and a single by third baseman Van Zoren accounted for the three markers.

Another costly error in the extra inning sent the winning two runners across. Two walks and a misjudged fly in left, along with a single by pitcher Roger Van Noord did all the damage in the finale.

All three of Christian's runs came as the result of home runs. In the third inning with one out third baseman Ben Bouselaar hit one into the seats in left field for the first Maroon marker. Then in the fifth, after right fielder Vern Den Bleyker opened with a single, De Koster smacked another into the left field stands. The Maroons threatened in several other innings with the aid of nine hits, but couldn't bring the runners across. First baseman Clare Van Wieren led the attack with three hits, while Bouselaar and Den Bleyker each had two.

De Koster gave up five hits in going the route and walked four, while fanning 13 batters. Van Noord gave up one walk and fanned four Dutch batters.
